**TO THE PEOPLE OF FLOYD COUNTY WHO ARE INTERESTED IN BETTER SCHOOLS FOR THEIR CHILDREN**

For the past two weeks, there has appeared in "The Floyd County Times" a statement from the Floyd County Superintendent of Schools concerning his candidates for the November 4th, 1952 election of Board of Education members.

I should like to quote, verbatim, excerpts from that article in case you have forgotten that dynamic effort by Mr. Turner to cover up the real purpose of his school program.

"They (the board members seeking reelection) are committed to the present school program of this county which is JUST NOW BEGINNING, and are promising the voters of Floyd county that the school system of this county will be carried on in an EFFICIENT WAY and without POLITICAL CONSIDERATION." "It is my intention as a superintendent to operate the school system so as to make it entirely free from politics."

Now Mr. Turner, let's look at your record since that fatal meeting of the July, 1952 board of education meeting when you took office. Wonder if you could be in the SCHOOLS FOR POLITICS IN YOUR ADMINISTRATION? JUST BEGINNING AND THE END MAY BE SOONER THAN YOU THINK.

Your memory may be short-lived, but the majority of people in Floyd county who are interested in better schools for their children, better salaries for better teachers, AND NOT HIGH SALARIES TO SOME DAUGHTERS AND IN-LAWS OF EDUCATION WILL NOT BE NEAR-SIGHTED IN THIS COMING ELECTION.

At that July, 1952 board meeting, you recommended to the Board of Education that Mrs. Grace Conley, a teacher in the Bonanza district for 18 years, be transferred to Martin high school, 26 miles from her home. A widow, with two sons no other visible means of support other than to serve the children of Floyd county, whom she had in her mind to teach when she trained to become a teacher.

Yet, you, Mr. Turner, as Superintendent recommended to the Board that she be transferred away from her home, because in exercising her right to vote in these free United States she opposed your board member in the last election. Her sons fight for freedom now while you attempt to suppress her heritage while you pay a 17-year-old youth \$3,000.00 per year, who quit school in the grades and Mrs. Conley make some \$1,000.00 less per year.

Yes, Mr. Turner, I'm sure the people of Floyd County are far more intelligent than you give them credit for being.

A man that would create such a hardship on this kind, understand-

resigned to become Judge of the Knott-Martin judicial district by appointment on the death of Circuit Judge Prather. Judge Cornett was elected for the full six-year term.

Judge Cornett in a letter to the League, which also was released to the newspapers for publication, expressed surprise at the appearance recently at his office in Hindman of two League members, Stacy Salisbury and Folk Saunders, and their request that he pay back to Floyd County \$2,400 which was paid him by Floyd county while he was Commonwealth's Attorney.

He pointed out that his predecessor in the office was paid \$1,500 a year by the county and that the present Commonwealth's Attorney receives \$1,200 a year from the county. He added that he did not receive any pay from Knott county although that county had paid his predecessor \$300 a year.

The official pointed out in the letter that Section 28.010, which was in effect during the first four and a half years of his term of office, provides, in part: "In no case shall he receive more than \$5,000 a year out of the state treasury for any one year, but the fiscal court of any county may allow the Commonwealth's Attorney for that county additional compensation as it deems proper, to be paid as other claims against the county are paid. Changing travel and other expenses connected with the office, Judge Cornett pointed to two Appellate Court decisions supporting his contention that the amount paid him by Floyd county was not an emolument within the meaning of the \$5,000 limitation formerly provided by the Constitution.

Judge Cornett's statement in full will appear in "The Times" next week.

**These unbiased tests prove which car is best!**

Hudson's all-time record on world's toughest proving grounds helps you choose your family car

A STOCK-CAR race is equal to 50,000 miles of ordinary driving. It requires power and lightning-like acceleration. But it also demands absolute safety.

To date this year, Hudsons, just like those you can buy from us, have won 38 out of 45 stock-car races—a record never approached by any other make. How does this help you choose your next car? That's easy...

Hudson's victories prove that its exclusive "Key-Down" design (with America's lowest center of gravity) gives you road-hugging safety no other car can touch.

These grueling grinds prove Hudson's Monobilt body-and-frame\* is the safest, most durable construction used in any car. Again, safety for you and your family.

Finally, this record shows Hudson's high-compression engine has more power than you'll ever need—to get you out of tight spots, to send you smoothly up any hill you'll ever take. So, stop in and see us. Learn how it feels to drive America's stock-car champion!

**Look Ahead, Neighbor  
WHAT'S TO BECOME OF FLOYD COUNTY?**

Thousands of our people have had to go north to get a job. Half of our miners are only getting two and three days a week. Are we going to let Floyd county become a ghost town?

Are the merchants going to have to go out of business because they have no customers? Are the people who have bought their homes on borrowed money going to lose their homes because there are no jobs in the county to support them? Must our miners learn a new occupation and go to other states in order to support their families?

Our only hope of changing this sad picture is to bring factories to our county to give jobs to our people at home. How can we do this? Let's send a Floyd county man to Congress who will work and fight to get factories for Floyd county; who will work to get the Big Sandy river canalized so that our mines will be able to run five days a week; who will work to improve Dewey Lake as a tourist attraction by building a decent highway around the lake and swimming beach so that tourists will visit Floyd county.

Look to your future, neighbor, and that of your children by sending a Floyd county man to Congress who is interested in Floyd county.

That man is CURTIS CLARK, whose slogan is "If You will work for me I will work for you after I am elected."

FLOYD COUNTY REPUBLICAN COMMITTEE

**Play of Hill Features Cat Victory Over Pikeville High, Friday Night**

After last Friday night's football game in which Prestonsburg hit the victory again with a rousing win over the hitherto undefeated Pikeville Panthers, Democrats hereabouts were at first disturbed by what they heard.

They heard a chorus of chants: "I like Zike."

But they soon learned this wasn't political sentiment. It was recognition of a great performance by Black Cat end, Johnny "Zike" Hill, who turned in the greatest game of his high school career in the defeat of Pikeville.

It is true, quarterback Delmar Hughes himself ran the ball across for two of Prestonsburg's three touchdowns and threw the pass which ended in the third. It also is true that the Black Cat forward wall rose up in its might on one occasion and stalled a Pikeville goalkick drive on their three, and that Stanley Prater and John Gordon Goble were powers in that line.

But that Prestonsburg line would never have had the opportunity to make its gallant goal-line stand, had not Hill simply outfoxed the fast Robert Staggis who had broken into the clear on a run which did not stop until he had traveled 85 yards and had reached the Prestonsburg eight-yard stripe. And Hill spotted Staggis 15 yards in the race, as flat-footed a foot-race as you'll likely see.

And that third touchdown also might never have been scored, had not Hill grabbed Hughes' fire pass while standing between two Pikeville players and then fished about him so desperately on his goalkick run that their efforts to down him were unavailing.

It was a game in which the unassuming lineman stood out so clearly that he got all the credit he and others in the forward wall so often deserve but so seldom get.

The game was sweet revenge for Pikeville's upset of last year's fine Black Cat team, 20 to 19, and the contest was witnessed by one of the season's biggest crowds in perfect weather.

The contest, marred by 26 penalties, was much closer than the score indicated.

Prestonsburg scored the first time it got the ball on a sustained 60-yard drive on the ground. Hughes attempted to pass from the Pikeville eight but, after finding his receivers covered, he darted around end for the game's first six-pointer.

Both teams exhibited their kicking ability until the closing minutes of the second quarter. Quarterback John L. Butcher's heaves on the Pikeville 30 midway the third period. Hughes passed three times to Hill and Dixon in moving the ball to the five, then passed again for the t.d. but a clipping penalty nullified the score. Hughes scored three plays later from the seven for his second touchdown.

The big play of the contest came in the opening seconds of the final period when Staggis broke through the entire Prestonsburg team and scampered to the Blackcat eight before being caught by Hill.

The Blackcat forward wall, bolstered by Stanley Prater and John Goble, held Pikeville on the three after four downs to quell the threat. Later in the period Hughes passed 35 yards to Hill in a play covering 85 yards for the last scoring.

Pikeville was penalized 120 yards to Prestonsburg's 95. In first downs, Prestonsburg led 11-6. Butcher completed 9 of 17 aerials for 70 yards and Hughes was successful on 10 of 15 for 137 yards.

The Prestonsburg team lost the services of Hughes, late in the game, but his injury was not as serious as first feared. The quarterback is expected to be ready for the Louisia Buildings when they come here Saturday night.

Louisia's season record is not the best in the valley, but this is the team which opened with a win over Paintsville and which presents a threat to any high school eleven it meets.

Saturday night's game will end the string of home games. The Cats will play Betty away from home, the next week-end—and that is the game Prestonsburg will be out to win. The Pike countians have one of the only undefeated teams in the Big Sandy Conference.

**TO MY FRIENDS, THE VOTERS OF THE 5th EDUCATIONAL DIVISION:**

In seeking your support in my race for County Board Membership I want to present you my complete views on the whole situation as I see it.

It is my sincere belief that a Board member should be above all political ties. And one who would not have to depend on the support of anyone who would expect favors for that support. The present method for Superintendents-to-be is that of getting the members HE NEEDS in the board membership and keeping them there. Everyone knows that this practice has been going on in our county for years.

I do not have a Superintendent-to-be backing my attempts to place my services at the disposal of the people whose children I want to help. Neither are there any people who would seek personal gain supporting me, because I would not accept such aid.

Shortly after I came out with my platform the County Board met and reportedly acted upon one of the objectives that I had proposed; that of paying the teachers by check. But they missed the real point. (Teachers like everyone else are entitled to their pay upon completion of their work period.) The Board meets on the following month to agree to pay teachers for the work they have done during the past month. For example, Our schools started on September 2, and the month ended on the 26th. Our present County Board met on the first Tuesday in October which fell on the 6th and agreed to pay the salaries that the Superintendent had prepared. How many of us have to wait 37 days between paydays? And this says nothing about the amount paid which is too little to mention here.

I would like to ask the people of Boaco, and the parents who send their children there, one question: What made the County Board wait until this year to build the school there that you have needed for years? It seems to go back to the old political game: When a certain voting area is doubtful in the minds of the politicians, they have always managed to put in a road or bridge in that area in order to sway the vote. You have needed a school building for a long, long time and only now are you getting it. Will the assumption now be that (you are satisfied and will cast your vote for those who have ignored you until now?) I don't think that you, as intelligent people, will be swayed by this underhanded gesture that is so obvious.

My platform is Clear and Unmistakable and will function year after year and not just upon special occasions. This I will do as long as you are willing for me to serve you and your children.

I shall offer as my platform the following proposals:

1. County Board meetings open to the public.
2. School buildings in A-1 condition.
3. Teachers' pay according to that prescribed by leading educational leaders.
4. Teachers paid upon completion of their school month and by check to the teachers themselves.
5. Immediate erection of fire escapes wherever they are needed.
6. School bus schedules that will get the children to and from school quickly and safely.
7. Cooperative planning for the creation of a centralized vocational center to which we can send our youth that usually drop out of school before they have received their diplomas. Many of our young people are unable to go on to college and need to learn some trade that will enable them to make a living after they leave school and are ready to begin their life's work.
8. Promote better health safeguards in our schools.

Furthermore, I shall seek information from you, the voters, on what you think our schools need and together we can gain all the objectives that can only be gotten through sincerity and determined effort.

YOU CAN BE SURE THAT a vote for me is a vote for the future of all the children in our county.

**Rites for Robert Hall Conducted at Dry Creek; Victim Native of Floyd**

Funeral rites were conducted Wednesday, Oct. 8, for Robert Hall, 72, of Wayland, who died at his son's home there the preceding Monday. Death was attributed to a cerebral hemorrhage. Services were conducted at the Dry Creek Regular Baptist Church, the Rev. E. H. Hopkins and Sherman Stone officiating. Burial was in the Dry Creek cemetery.

Mr. Hall was a son of the late John and Melissa Newsome Hall, and was a native of Floyd county but had spent most of his life in Knott county. He was a farmer.

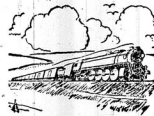

The deceased is survived by five daughters, Mrs. H. Caudill, Wayland; Mrs. Bill Hall and Mrs. Willie Yates, both of Wheelwright; John Robertson and Mrs. Earl Thornberry, both of Willard, Ohio; five sons, Ellis, Lee and Vinus Hall, of Topmost; Sonny Hall, Wayland, and Tavis Hall, Willard, Ohio; a sister, Mrs. Byrd Meade, Dry Creek; two brothers, Newberry Hall, Dry Creek, and Jim Hall, Jack's Creek.

**PARENTS OF TWINS**  
 Mr. and Mrs. Eliza Bowling are announcing the birth of twin daughters, Oct. 5, at the Beaver Valley hospital, Martin. They have been named Annalee and Vernalee. The children are the second set of twins born to Mr. and Mrs. Bowling in the last five years. Mother and daughters are doing well. They have the congratulations of their many friends.

# UNFAIR TAX BURDEN

*The Railroads Pay Proportionately More Than Any Other Form of Public Transportation*

RAILROADS PAY OVER 12% TAX PER DOLLAR OF REVENUE

HIGHWAY TRUCKS PAY ABOUT 6% TAX PER DOLLAR OF REVENUE

BARGE LINES PAY ABOUT 5% TAX PER DOLLAR OF REVENUE

AIR CARRIERS PAY ABOUT 4% TAX PER DOLLAR OF REVENUE

By reason of the fact that railroads have built and paid for their own roadways, they pay a type of property taxes which is escaped by their competitors.

In 1950, state and local taxes paid by the railroads totaled more than \$300 million, and took 3 1/2 cents out of each dollar of their revenue.

**Easy For Competitors**  
 Since approximately two-thirds of railroad investment is in roadway and structures, it may be assumed that virtually two-thirds of this taxation is ascribable to the fact that railroads provide their own roadways, and consequently represents a tax from which their competitors are virtually free.

The so-called taxes paid by other forms of transportation are, for the most part, partial payments for use of publicly provided and maintained highways or airports, and represent virtually no contribution to the general expenses of government or the services of public welfare.

**Tax Figures Compared**  
 Including these so-called taxes and also Federal income and excise taxes,

carriers in 1949 by certified air carriers amounted to only about 1 cent per dollar of revenue. Those of Class A and B inland water carriers to only about 5 cents, and those of certificated Class I common and contract highway motor carriers to only about 6 cents per dollar.

The corresponding figure for railroads was more than 12 cents per dollar of revenue.

**Low Rate of Earnings**  
 Thus the railroads pay in taxes more cents per dollar of revenue than their competitors and in addition bear the full cost of providing and maintaining their own roadways.

The fact that railroads pay heavier taxes, and that what is left from the railroad revenue dollar after paying operating expenses and taxes must support a much larger investment in necessary facilities than in the case of subsidized motor, water and air carriers, makes all the more significant the low rate of return earned by railroads in the five post-war years, when their return on net investment averaged only 3 1/2 per cent.

## Grand Jury To Hear Charges Against Two Taken with Beer Cargo

Gordon Sturgill and Johnny Wallace were released under bond here Wednesday morning by County Judge Pro-Tem Jarvis Allen to answer to the November grand jury to a charge of transporting beer in dry territory.

The two men, who were arrested by Deputy Sheriff Scott Compton and Deputy Constable Ed and Brodie Anthony, said the 14 cases of beer taken from their car had been purchased in Hazard for members of the American Legion Post 225 at Garret who have private lockers in the Post Club.

County court skirted the idea of trial of the two, since the beer was taken from them without a search warrant.

## I WANT MY KIDS TO GROW UP CLEAN —

but *will* they—if they keep on seeing shady operators prosper and nobody doing anything about it?  
I don't think there's anything funny about mink coats or deep freezes or "fixers" or tax collectors accepting favors from gangsters.  
How can I explain such things to wide-eyed kids who think our country is the finest in all the world? Kids whom I've taught to honor truth and decency?  
How can I expect them to *believe* me when the newspapers and radio and TV tell of investigations balked at every turn—of slippery, public officials who actually get better jobs—instead of going to jail?  
I don't know the ins and outs of politics. Being a good wife and mother takes all my time. But I do know right from wrong.  
I know corruption in office is wrong. And it

spreads—like rotteness in a basket of apples. And as it spreads, it can corrupt my children—and yours.  
In fact, from what I hear about the bribing of school basketball players—and selling narcotics on school playgrounds—and wholesale cribbings—and teen-age muggers—and all the other horrible forms of juvenile delinquency—the corruption is spreading already!  
So I'm going to do something about it before it's too late. I'm going to the polls on election day and prove to my kids that crime doesn't pay—anywhere, any more.  
I—and my neighbors—and decent people everywhere—know a crook caught red-handed will *always* promise to reform. *This* time, we are going to forget party politics AND HELP IKE CLEAN HOUSE!

**TO LAY KPA BUILDING CORNERSTONE AT LEXINGTON, SATURDAY; BUILDING TO BE SCHOOL FOR HANDICAPPED TOTS**

The cornerstone will be laid Saturday, Oct. 11, for the nursery school which the Kentucky Press Association is building in Lexington for severely handicapped children. Held in connection with the 26th annual meeting of the Kentucky Society for Crippled Children, the cornerstone-laying ceremony will be conducted by Enos Smith, Knoxville editor and K.P.A. vice-president.

The press association, composed of daily and weekly newspapers all over the state, provided \$100,000 for building materials for the all-city school.

Members' newspapers raised the money by sponsoring news events, readings, contests and other local activities.

The Kentucky Society for Crippled Children furnished the fund. Materials and a service contributed by numerous individuals bring the total amount to more than \$200,000.

The school, being built on the Versailles Road on grounds of the Cardinal Hill Convalescent Hospital, will be an experiment in preparing handicapped children for school. Starting age will be 4.

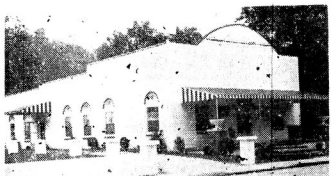

The Kentucky Society for Crippled Children and its Fayette county chapter will maintain the school and provide teachers. The Kentucky Crippled Children Commission will furnish medical services.

Gov. W. Commonwealth, former Olympics track star, will be the guest speaker at the Society's meeting. Seriously burned at the age of 8, Commonwealth was told he could never walk again. He not only walked, but ran, to set new world records.

Miss Ruth B. Smith, Society president, will preside at the meeting, which will start at 10 a. m.

**M/SGT. HOBSON ON LEAVE**  
With the 7th Inf. Div. in Korea, M. Sgt. Ruford B. Hobson, whose wife, Genevieve, lives at Pikeville, is enjoying a 30-day vacation from Korea on a rest and recuperation leave in Japan. The leave is part of the army's policy to give the fighting soldier a rest from the rigors of combat.

Master Sgt. Hobson entered the army in 1950 and arrived in Korea last February. He has been assigned as a rifleman with the 17th Infantry Regiment.

His parents, Mr. and Mrs. Edgar Hobson, live at Harold.

**CHARLES KING IN TEXAS**

U.S. Auxiliary Air Station, Kingsville, Texas—Recently reporting for duty here, was Charles B. King, detachmentman, USN, son of Mrs. Dora Meek, of Wheelwright King, who is serving with the Dental Department, reported from the Navy's Dental School, Naval Training Center, Great Lakes, Ill.

Before enlisting in the navy in December, 1951, he was graduated from Wheelwright high school.

**BRYANT AT LACKLAND**

**SALISBURY BROTHERS SERVE**

A-3c James Orris Salisbury, of Hunter, entered the armed service in December, 1951, was stationed in Texas until June. After that he had a 30-day furlough at home, reported to Camp Kliment, New Orleans, on July 4. He is now stationed with the 329th Air Base Sq. in England.

Sgt. Ervin R. Salisbury, brother of James Orris, enlisted the second time in the armed service in October, 1950. He spent 15 months in Korea, returned to the states in April of this year. While in the states this year, he was stationed at Ft. Knox and Ft. Campbell. On Aug. 25 he went overseas to Korea. Recently he was given furlough and is now at Seattle awaiting orders. James Orris and Ervin R. Salisbury, sons of B. B. Salisbury, deceased, and Mrs. Virgie Salisbury Likens, of Hunter.

**SGT. JOHNSON HAS HELPERS**

With the 7th Inf. Div. in Korea—Sgt. Forrest M. Johnson, son of Henry Johnson, Buckingham, recently stopped worrying about his tank at night in Korea.

A couple of faithful dogs have made a friend with the guards around the tank pool and remain on duty from dusk till dawn.

Sgt. Johnson reported that the canines have learned to recognize American soldiers and will not bother them, but will bark whenever anyone approaches the tank.

The only trouble is, the dogs will chase Korean soldiers as well as civilians, and have to be called off.

The four-footed guards have been named "Kim" and "Short Round" by Johnson and other tank commanders in the 52nd Infantry Regiment's tank company.

FLOYD QUARTERLY COURT  
Winford Yates ..... Plaintiff  
vs.—ORDER OF SALE  
Billie Moore ..... Defendant

By virtue of a judgment and order of sale directed to me which is filed from the office of the Floyd County Court in favor of Winford Yates vs. Billie Moore, I or one of my deputies will on Saturday, Oct. 11, 1952, at the hour of 1 o'clock p. m., at the storehouse door of Winford Yates at Honaker, Floyd county, Ky., expose to public sale to the highest and best bidder the following described property to satisfy plaintiff's debt, interest and cost: ONE 1946 DODGE TWO-TON TRUCK.

Levied upon as the property of Billie Moore.

**TERMS OF SALE:** Property is to be sold on a credit of three months, the purchaser or purchasers shall be required to execute bond for the deferred purchase price with approved surety, said bond to have the force and effect of a judgment as security. The sheriff shall retain a lien against the property herein sold.

The purchaser may pay the amount of his bid in cash or if bonds are executed may anticipate the payment of such payment at any time by paying the principal amount thereof together with interest at the rate of 6% per annum from the date of payment. If the plaintiff is the purchaser of said sale for the amount of his bid, interest and cost, no bond shall be required other than for the cost of this action.

Witness my hand this 20th day of Sept., 1952.

**AUXIER, STATE CONSTITUTION DELEGATE, PREDICTED AIR-TRAVEL BEFORE WRIGHTS MADE HISTORIC FLIGHT AT KITTY HAWK**

"I predict," said the Hon. A. J. Auxier of Pikeville, "that before another Constitutional Convention shall meet in this hall more than 12 years before the Wrights perfected the airplane."

The occasion was the meeting of the delegates to the Constitutional Convention of 1891 at Frankfort. Then, 65 now, men believed that constitutional changes should not be prohibited by restrictive constitutional provisions. The voice of Auxier was heard time and again that changes in the fundamental law of the state should be less difficult than it formerly had been under the 1840 Constitution. As the information booklet published by the Legislative Council's Commission (1952) says: "The incl. motion was an amendment procedure a little less difficult than in many states, and less restrictive than the original proposal considered by the delegates."

"There is nothing," Auxier said, "so sacred about any Constitution but what the people can alter, modify or change, and adapt it to the wants of the people when the emergency arises. We are simply the representatives of the people. They sent us here to form a Constitution; not for the government of all the generations yet unborn, but to prepare a Constitution suitable for the government of the people at the present time."

"Many changes have occurred since the Convention of 1849... the people have become more enlightened. Great strides of progress have been made, and the Constitution that they framed then was not, in all things, adaptable to the present wants of the people of this state."

"Are we going to arrogate ourselves to the assumption that we today are more enlightened than they will be fifty years from today? I predict: that before another Constitutional Convention shall be assembled in this Hall men will be navigating the air, instead of traveling in railroad coaches; that instead of going thirty or forty miles an hour, they will go two hundred miles an hour, and hundreds and thousands of unborn-of-things that will be brought into existence; that new fields of operation and new agencies of government, or modifications, at least will be required in those days yet to come.

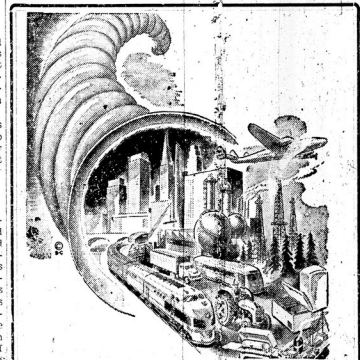

"We want to make some changes in our Constitution to adjust it to the present wants of a people. Why not give future generations the right to do the same?"

WHEREAS we live in an age in which civilization has been transformed through the discovery of petroleum in commercial quantities;

WHEREAS we dwell in a land which is the very symbol of the progress, comfort and security which petroleum makes possible, and

WHEREAS the week of October 12th to 18th has been designated Oil Progress Week, when the oilmen of this country will cooperate to inform the public of the contributions of their industry both to our high standards of living and to the preservation of our traditional freedoms;

WHEREAS the citizens of Floyd county who are engaged in producing, transporting, refining and marketing petroleum products desire to participate in the observance of Oil Progress Week by arranging exhibits and joining in various activities for the purpose of showing how, through initiative, skill and daring, America's competing oil companies serve and will continue to serve the people of this nation and of this state or community.

NOW, THEREFORE, I, Henry Stumbo, County Judge of Floyd county, do hereby proclaim the week of October 12th to 18th inclusive to be Floyd County Oil Progress Week and do call the attention of all men and women to the many contributions and services rendered to us by the Petroleum Industry, and most particularly to those rendered by the members of that industry who live and work among us, and who, we of Floyd county, know as friends, neighbors, and good citizens.

IN WITNESS WHEREOF I have hereunto set my hand.

Henry Stumbo, County Judge.

**County Jailers Due City Prisoner Fees, Says Recent Ruling**

Harlan county attorney has been advised a city must pay the county jailer's fees for the city's minor-offense prisoners confined in the county jail.

Assistant Attorney General M. B. Hollifield explained in an opinion rendered in a case involving the late county Attorney General Hiram M. Brock, Jr.:

Cities and towns get the fines assessed in misdemeanor offenses, under a legislative act.

When these defendants cannot pay their fines and are sent to the county jail to serve out fines as so much a day, the city must pay the jailer's fees. These include charges for committing and discharging prisoners and for keeping and feeding them.

Fiscal court cannot be required to pay the bill. And the county cannot require the city to pay it for the jail. But the city must pay the jailer's fees in its own cases.

The county jailer, not fiscal court, must pay for dishwashing necessary in feeding prisoners and for costs to cook the food. The county is liable to the jailer for only \$1.25 for each day he keeps and feeds a prisoner.

**Supt. Wendell P. Butler Reports on Rehabilitation**

Frankfort, Ky., Oct. 6 (Sp.)—State Superintendent of Public Instruction Wendell P. Butler reported today that 722 persons last year were transferred from the role of dependent to wage earner under auspices of the State Division of Vocational Rehabilitation.

It cost the public \$132,876 to rehabilitate these persons, observed Butler, and their annual earnings are now shown to be \$1,230,400—in other words their earnings are 10 times the cost of rehabilitation. Their income tax alone will soon repay the cost, he added.

The real value of this program is in making these unfortunate people earners rather than users of others' earnings, Butler continued.

"It means that 722 men and women of working age in Kentucky have made the transition from dependency to self-sufficiency. It also means these disabled people are no longer trains upon state and local welfare agencies, family and resources and private charities. They are helping to increase the productivity in Kentucky's industries, agriculture and commerce."

## P'burg Woman's Club Plans District Meet

The Prestonsburg Woman's Club is meeting October 2 at the home of Mrs. B. F. Combs. Planned arrangements for the November district convention at the University of Woman's Clubs, which will be held at the grade school building here, Nov. 1.

Mrs. W. W. Cooley, president of the Prestonsburg club, was named first delegate to the meeting; Mrs. C. H. Haggard, second delegate; with Mrs. Wall Hamilton and Mrs. Cecil Kendrick, alternates. The club voted to present the name of Mrs. Russell Shaw for the post of Recording Secretary for 1952-1954.

The luncheon during the convention will be served by the Prestonsburg Band Mothers. Members were asked to make their luncheon reservations as soon as possible with Mrs. H. L. Ley.

The following committees were named for the convention.  
Decorations, by the Junior Woman's Club; Mrs. G. R. Hays, chairman; Mrs. Fred Cottrell, Mrs. Hubbard Francis, Miss Mary Catherine Hutschler, Hopkins, Mrs. C. M. Haggard, Mrs. J. H. Keenan, Mrs. A. C. Harlowe, Mrs. Winnie F. Johns, Luncheon, Mrs. H. L. Ley, Mrs. Cecil Kendrick, Mrs. Donald Shaw, Mrs. B. W. May, Mrs. Groves Love, Tickets, Mrs. Merle Wilson, Mrs. Raymond Sirkle, Miss Alice Harvis, Flowers, Mrs. John G. Archer.

Mrs. J. D. Mayo, Floyd county trustee, reported at last Thursday's meeting that the Christmas Seal Drive to raise funds to continue the fight on tuberculosis has been given promise of fine cooperation from volunteers in this section. Mrs. Groves Love, chairman of the layette project, again reported that several gowns have not been turned in, and members who have gowns for this project were asked to contact Mrs. Love at once.

The Year Book committee reported the books completed and their distribution begun.

Following the business session, the program leader, Mrs. Len Hill, spoke on the topic "Americanism through Voting." Mrs. Hill also led a discussion period during which time some of the questions presented were: "What is Causes Lack of Interest in Voting?"

The hostess, Mrs. Combs, and co-hostesses, Mrs. A. C. Harlowe and Mrs. M. Robert Regan, served refreshments to the following members: Mesdames W. W. Euretch, R. V. May, W. W. Cooley, J. D. Mayo, C. M. Haggard, J. H. Keenan, Cecil Kendrick, Russell Shaw, Groves Love, Bill Pettrey, Raymond Sirkle, E. S. Collins, Winston Ford, Merle Wilson and guests Mesdames W. V. Hartung, Tom G. Dingus and Troy B. Sturgill.

## Millionaire Sam Bates Faces Federal Charge In Income Tax Case

Blasphemy of federal income taxes totaling \$266,884 has been charged against Sam Bates, millionaire coal operator of Whitesburg, Ky., and his wife.

A three-count sealed indictment was returned by the federal grand jury in Louisville last week. The first count charges that Bates, 50, and his wife, Elizabeth, 40, falsified the 1948 return for the Star Bethlehem Coal Company. He is president and she is secretary-treasurer of the corporation.

The second count covers their joint personal return for 1948 and the third, Bates' own 1947 return.

The indictment said the three returns showed total net income of only \$43,595, when the actual income was \$430,336, a difference of \$386,739.

The government said the returns listed only \$10,781 due, when the amount should have been \$217,783.

Bates and his wife were released under bonds of \$10,000 each for appearance in Louisville Monday. Attorney John Young Brown surrendered them at Lexington last Thursday.

With the 2nd Inf. Div. in Korea, Capt. Marshall Conn, son of Mr. and Mrs. Charles Conn, of Dana, has been awarded the Combat Medical Badge while serving with the 2nd Infantry Division in Korea. Capt. Conn, a medical man, joined the 2nd division in May of this year. He entered the army in March, 1951.

## Construction of 10 Hospitals Get Welfare Group Approval

Special to The Times  
Washington, D. C. — General approval of the medical care program of the United Mine Workers' Welfare and Retirement Fund, including plan for constructing 10 hospitals was expressed recently by the Medical Advisory committee of the Fund, following a meeting here.

"One of the 10 hospitals to be located at McDowell, Ky., is planned."

The Advisory committee is made up of seven nationally outstanding specialists and practitioners showing experience in the type of public health and rehabilitation measures found necessary in mining areas.

They are: Drs. Robin C. Buerki, executive director of the Henry Ford Hospital, Detroit, chairman; Howard A. Jones, director of the Institute of Physical Medicine and Rehabilitation, New York City; Carl M. Peterson, secretary of Council of International Health, American Medical Association, Chicago; Walter E. Vest, Huntington, W. Va.; William W. Haskard, D. M. Haskard & Haskard, dean of the Medical Sciences, University of Minnesota School of Medicine; and Dean A. Clark, general director of the Kentucky General Hospital, 2500 W.

A total of approximately \$30,000,000 has paid out for medical and hospital services in behalf of the soft coal miners and their families in the fiscal year ending June 30, 1952, the annual audit of the Fund showed. It was after a meeting of the Advisory committee at Harlan, Ky., a year ago that the recommendations were made to the Fund trustees that at least 10 hospitals be built in areas of country West Virginia and Virginia to meet the pressing and immediate needs of the miners and their families there.

Three Memorial Hospital Associations have been established in these states and the Fund has approved construction of the 10 institutions within the next three years.

The type of problems encountered throughout the coal mining areas was outlined for the group by Dr. Warren F. Draper, executive medical officer of the fund.

The fund pays the fee submitted by physicians and hospitals when their services are used by beneficiaries in conformity with Fund regulations. Constant vigil is maintained to determine that the best possible advice and treatment are obtained at fair cost.

Dr. Draper disclosed that members of the committee expressed general approval of the development of medical facilities of the Fund up to the present point.

Members also showed special interest in the rehabilitation services of the Fund and recommended that rehabilitation facilities be included

in the new hospitals, so far as space would permit.  
The committee also emphasized the importance of developing outpatient services in connection with the hospitals, and to the fullest extent possible. The members felt that such services should provide a dynamic approach to medical service and are an important factor in limiting the necessity of hospitalization in many instances.

# Oscar Bush, Candidate

For Member of the Board of Education,  
Floyd County District No. 3

I want to take this opportunity to explain to the public my candidacy for member of the Floyd County Board of Education, District No. 3. I am not running in opposition to Mr. Turner, present county school superintendent, or his administration. It is my purpose to cooperate with Mr. Turner and other members of the board in improving the educational opportunities of this school district.

My opposition stems from the fact that my opponent is committed to support and continue the present administration of the Betsy Layne high school which is at the center of our school district.

The Betsy Layne administration has politically dominated not only the high school but the ENTIRE DISTRICT which the high school serves.

The Betsy Layne administration has taken the schools away from the people and delivered them into the hands of politicians which has resulted in schools that are not a part of the community but APART FROM the community.

This offering of our children and our teachers on the altar of corrupt politics has caused the loss of many capable and progressive minded teachers who would not bow to such practices.

Furthermore my candidacy is the result of the urging of interested citizens WITHIN the district, thus giving the people a voice in choosing their candidate. The candidacy of my opponent is the result of the influence of a few politicians OUTSIDE the district in league with the Betsy Layne administration, contrary to the wishes of the people of the district.

I shall earnestly strive to remedy the above mentioned conditions and relieve the Betsy Layne high school of an administration that has been consistently falling below standard for several years, fostering strife, disunity, suspicion in the life of the community. Because of this state of affairs the Parent-Teacher Association has been unable to function as a community enterprise and all other community-wide activities have met with opposition from the same administration.

All efforts in the past, and they have been many, have failed to bring relief and I believe this school district deserves and must have such relief.

I promise as your Board member to administer the duties of my office free from political considerations and to work for the selection of teachers on the basis of character, training and merit qualifications. I promise to rescue this school district, its teachers and children from politicians and return it to its rightful owners, THE PEOPLE.

Finally, as a citizen of experience and MATURITY and a former teacher in the public schools of this section of Kentucky, I solicit your support at the polls on November 17th.

OSCAR BUSH, Harold, Ky.

Candidate for School Board Member  
School District No. 3.

"Blue" Childers, former Prestonsburg pitcher, is making a name for himself in baseball elsewhere, news that he has won 16 and lost two for the Johnson Air Force Base of the Far East League in Japan indicates.

A curve-ball specialist, with good control, "Blue" pitched a one-hitter in the World-Wide Baseball Tournament at Edin, Fla., allowing not a hit until two were in the ninth.

"Blue" has been signed by the Cleveland Indians but for three years will wear the uniform of the U.S. Air Force. He is stationed at Yokota, Japan.

He is the son of Mr. and Mrs. Porter Childers, of Emma. His opposition in the Far-East League includes former major leaguers.

**New Coal Planer May Point  
To Increased Fuel Supply**

Tests with a new-type German coal planer, conducted in a West Virginia mine by the U.S. Bureau of Mines in cooperation with a large coal producer, may point the way to a sharp increase in the percentage of fuel that can be recovered from thin beds in this country and a corresponding increase in the nation's mineable reserves of high-grade coking coal, the Department of the Interior agency reported.

Under favorable conditions, the German machine cut a slice of coal 3 inches thick about 3 feet high, and 225 feet long in four minutes, producing more than eight tons of coal, the Bureau said.

An 11-acre block of coal in the Stotesbury No. 11 mine of the Eastern Gas & Fuel Associates, Coal Division, at Helen, W. Va., was mined by the planer between Nov. 1951, and April 1952, with 83.3 percent of the coal being recovered. This compares with 78.1 percent recovery in a panel mined by conventional methods in the same mine. In most American coal mines, the average recovery is about 80 per cent. The recovery of coal at the Stotesbury mine by conventional methods is considered unusually high.

The new machine was brought to this country by Mining Progress, Inc., of the Bureau of Mines arranged its importation. The block of coal was developed by Eastern Gas & Fuel Associates, which has a coal operation at Westbury in this county. Tests were so successful that several coal companies already have ordered coal planers or are seriously considering doing so.

A report just released by the Bureau describes operation and performance of the machine in detail. Planer mining of the 11-acre block was completed in 93 shifts, with an average production of 553 tons of clean coal a shift. This average, the report observes, includes the time—about two weeks—required to train crew in operating the unfamiliar machine in the longwall method of mining. At that time the coal planer was operated intermittently, sometimes as little as two hours a shift. During the 15 consecutive days of peak production, the average was 694 tons of clean coal a shift, and more than once the planer crew turned out more than 800 tons of clean coal.

In the 15 days of peak output, the crew averaged 33.3 men on the first shift—when the coal planer was operated—and 4.5 on the second shift—when it was lubricated and serviced. Average production during the peak period was 184 tons of clean coal per man shift, and the average production during the entire test period was 123 tons per man-shift. This exceeded the average production at this mine, with conventional methods, which was 10.4 tons per man shift.

Stating their conclusions conservatively, the Bureau engineers who prepared the report, observe that while the coal planer has shown to be adapted to mining thin beds of coal, it will be necessary to test it in other beds harder than the Pocahontas No. 11 mine in which the Stotesbury No. 11 mine is operated to determine how hard a coal can be mined with it.

The coal planer is a continuing mining machine that can be used in beds as thin as 24 inches. It mines coal as it is dragged back and forth across the solid face by an endless chain at the rate of 75 feet per minute. Several removable steel teeth are mounted on each cutting face, which plow-like action, the planer pushes the coal on a conveyor.

The planer and conveyor are operated by twin drive units, one at each end of the machine, and each powered by a 50-horsepower electric motor. Pneumatic shifters keep the machine snugly against the coal face being mined.

Bureau of Mine coal technologists sent to Germany after VE-Day had watched a coal planer in operation, and more recently Bureau representatives saw an improved model in that country. As mechanization of mines in this coal beds has progressed relatively little in the United States, despite remarkable strides in mechanical mining of thick beds.

The Bureau decided it would be worthwhile to determine whether the latest type of German planer could be adapted to American conditions.

Another factor influencing this decision was that the coal planer is designed for longwall mining. This system, which is seldom used in this country, results in a higher percentage of recovery than the more popular room-and-pillar method.

Except for a small amount of blasting early in the test to cause the roof to cave in the mined-out area behind the face, no explosives were used during planer mining.

A free copy of "Report of Investigations 4922—Modified Longwall Mining with a German Planer in Pocahontas No. 4 Coal Bed, Helen, W. Va.," can be obtained from the Bureau of Mines' Public-Relations Section, 4800 Forbes St., Pittsburgh 13, Pennsylvania.

### Steven A. Lott Is Named Successor to Dr. Ashley As Hospital Executive

A new administrator has been named for Methodist hospital, Pikeville. It is Steven A. Lott, a native of Mississippi.

Mr. Lott succeeds Dr. Thomas B. Ashley, who has retired as administrator to work as field secretary for the expanding hospital, which serves a wide area in eastern Kentucky and southwestern Virginia.

Mr. Lott has been administrator of Blount Memorial hospital, Marysville, Tenn., for the last three years. He has a bachelor-of-science degree in business administration and education from Mississippi State College. He has a master's degree in hospital administration from North-Western University. His administrative residency was served in part at Bronson Memorial hospital, Kalamazoo, Mich.

### ALPHORETTA

A box containing belongings of Cpl. Richard Crisp, 32nd Infantry, Medical Corps and a son of Mr. and Mrs. Ganer Crisp, of Alphoretta, has been received. Richard is supposed to be on his way home. Not long ago, Cpl. Crisp captured a Korean woman and her son. Crisp took a liking to the boy, and now he hates to leave the boy, but he knows some other GI will be good to him.

A new postmaster is taking over at Alphoretta—Mrs. Leon Egan of Eastern.

Crawford Sturgill has been critically ill in the Beaver Valley hospital for the past week.

Mrs. Annie Chitwood, of Ohio, is visiting here.

A quilting party was held at the home of Mrs. Walter England. Those attending were Mrs. Myrtle Conley and daughters, Patricia and Wanda of Manton; Mrs. Lucy Crisp, Mrs. Sadie Sturgill, Mrs. Arnold Manuel, Mrs. Dona Cick. Three quilts were quilted during the week.

Sharon Kay and Clara June Sturgill visited their aunt, Mrs. W. England, Friday. They also visited their grandfather, Crawford Sturgill, at the Beaver Valley hospital.

Mr. and Mrs. Joe Bailey, of Catlettsburg, are visiting here Saturday night.

Nickie and Gary Patton, sons of Mr. and Mrs. Virgil Patton, of Martin, visited their grandmother and Mrs. C. K. Moore during the weekend.

Mrs. Bonnie Allen last Monday visited her sister who is very ill at Wilson Creek.

Mr. and Mrs. Ganer Crisp attended church at Garrett, Sunday.

Mrs. Annie Chitwood and Mrs. Lucy Crisp were visiting Crawford Sturgill Saturday night.

Mr. and Mrs. Hatter Spurlock and children, of Salisbury, were visiting Mr. and Mrs. M. D. Isaac, Sunday.

### JUDGE NAMED

Governor Lawrence W. Wetherby named Parker W. Duncan, 43-year-old Monticello attorney, as judge of the Court of Appeals to succeed the late Clyde B. Latimer, Glasgow. Duncan has served on several occasions as special circuit judge and commissioner of the State Bar Association for the Third Appellate District. The appointment runs until November, 1952 when a successor will be chosen for the one-year remaining of the Latimer term. Appointment of Duncan gives the Democrats the entire seven judges of the court.

FLOYD CIRCUIT COURT

First National Bank of Prestonsburg, Ky. .... Plaintiff  
vs.—NOTICE OF SALE  
Joe I. May and Linda May, his wife ..... Defendants

By virtue of a judgment and order of sale of the Floyd Circuit Court, rendered and entered at the September term, 1952, in the above-styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Ky., to the highest and best bidder, at public auction, on the 27th day of October, 1952, at 10 o'clock, a.m., same being the first day of the regular term of the Floyd County Court, upon a credit of six months, the following described property, to-wit:

That certain tract or parcel of land lying and being on the waters of Big Sandy river, Floyd county, Ky., beginning at a stone in the center line of a certain private road 25 feet wide on the corner of a certain tract containing 438 acres conveyed by said grantor (Pike-Floyd Coal Company) to John M. Moore, by deed dated July 23, 1938; thence running up the hill and over the dividing ridge between Lake Branch and Spring Branch with the line of said Moore tract, N 72 30 W 834.25 feet to a stake on the side of the hill, thence with the side of the hill, N 19 48 E, 218.57 feet to a stake in the center of the ridge, thence leaving the ridge and running down the hill, S 70 12 E 483.87 feet to a

stake from which a large beech grows N 5 20 E 6 feet; thence down the hill, S 72 28 E 43 feet to a stake; thence along the side of the hill and the southwest corner of a certain tract containing 0.70 of an acre, conveyed by said grantor to Willie E. Clark by deed dated April 20, 1938; thence with the line of said Clark tract running down the hill, S 72 30 E 302.50 feet to a stone in the center line of the said private road; thence in the center line of said private road, S 19 38 W 104.10 feet to the beginning, containing 4.48 acres. Being the same land conveyed to the defendant, Joe I. May, by Pike-Floyd Coal Company by deed dated January 28, 1939, and recorded in Deed Book 111, page 15, Floyd County Court Clerk's office.

Said property will be sold to the highest bidder. The above-styled action amounting to \$3,161.31 and the costs of said action.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply promptly with these terms.

Given under my hand, this 7th day of October, 1952

### \$44,397 Damages Asked in Chain-Reaction Fire After Gas Truck Wreck

Whitesburg, Ky., Oct. 5—A \$44,097 damage suit, stemming from a chain-reaction fire in which gasoline spread from a wrecked fuel truck, came to court and into the mining village of Haymond, Ky., has been filed here.

Three frame buildings, a church, coal tipples, 11 automobiles, and three tractors were destroyed in the freak fire last July 11.

The suit—one of several which may be filed—was brought by Mrs. Dixie Collins against the Liquid Transportation Corporation of Louisville. Mrs. Collins owns a general store, a restaurant, and several apartments which were destroyed.

The wreckage for the first was set when a truck owned by the Louisville firm jacked up and overturned on an arête over Potters Fork. Some 4,200 gallons of gasoline were dumped into the creek.

A trash fire, burning on the creek bank 500 yards downstream, ignited the gasoline and the current carried the fire into Haymond.

Several other persons have indicated they may file suit. E. F. Bentley, who had a store, a truck, and a load of feed, said he planned to file suit. So did Collage Kincer, whose store was destroyed.

E. C. Schaefer of the Letcher Mining Company, which was using the tipple, said his firm is considering a suit. The tipple was owned by the Elk Iron Coal Corporation, but the mine it served recently worked out.

Mrs. Collins' suit was filed in Letcher circuit court.
