Some Names Omitted In Vote Tabulation

In the vote tabulation printed on another page of this edition the names of a few voter candidates and all candidates for Magistrate and Constable were omitted. For the reason that time and space make it almost impossible for all to be listed this week.

The Magistrate vote, we hope, will be ready for publication next week.

BURCHETT
THANKS VOTERS

I wish to express my sincere appreciation to the 9,002 people in Floyd county who voted for me. I shall never forget the help and support I received from people all over Floyd county and I shall be forever grateful to them. To those who opposed me, I hold no ill-feeling and have nothing but praise for my opponents and their supporters.

I know now how Adlai Stevenson felt when he said that he was like the little boy that stubbed his toe and fell down—that he was too big to cry, and that it hurt too bad to laugh.

The Democratic party has nominated a good ticket of the men that deserve your support in November. Although I was only defeated by 42 votes, I shall not ask any recount or file any contest.

I shall continue to practice law in Prestonsburg and to be of service to the people of Floyd county. I am greatly indebted to many people for the many acts of kindness they have shown me in the past 12 years. Whenever I can be of service to you, come in and see me.

Your friend,
WOODROW BURCHETT

Closed Mines Mean A Loss For All

EIGHT rail mines and an unestimated number of small truck mines have been forced to close in Floyd county within the last three years. The rail mines which closed represent, in themselves, an annual loss in wages of about 24½ million dollars a year.

TO THE PEOPLE OF FLOYD COUNTY:

Please accept my sincere thanks for the splendid vote you gave me in my race for Sheriff in the August 1 primary.

There is no bitterness on my part toward any person and I wish to thank those who voted for and supported my opponents. You did what you thought was right, which I admire.

My opponents are all fine, upstanding citizens who I feel are interested in the good of Floyd County.

Again I express my gratitude and appreciation to the people, and I solicit the support of all citizens, irrespective of party affiliation; and if elected, I promise you the most-honest and efficient service of which I am capable.

Sincerely yours,
BILL HALL

No Light of Ease for Her; Visitor Here, 73, Plans To Teach in S. America

Either Allen Gaw, who is the guest here this week of her niece, Mrs. Lon C. Hill, and family, says she will live the 75 years old, and those seeing the young lady at 73 and learning of her work and her intense interest in life believe she will have many more years to live.

On returning in 1944 from the post of dean of women at Ohio State University, a position she held for 18 years, she announced that she had a great many things to do yet. So, instead of taking things easy, she went to South America to teach. She had a great many things to do, and she is still doing them.

When he visits with the Hills ends here he will go to Philadelphia, Pa., to teach in a school for the blind. He is a member of the Friends of the Blind, and he is also a member of the American Society for the Blind.

Mrs. Gaw is a sister of Judge Florence Allen, of the Sixth U. S. Circuit Court of Appeals.

Revival to Begin

Rev. Roy R. Benton will begin a revival at the First Church of God, East Street, Saturday night, August 15. The public is cordially invited.

FOUR SPORTS ARE IN PLANS

The complete athletic program of Prestonsburg high school will be in the hands this year of the Prestonsburg Athletic Association which was organized last Friday. It was announced this week.

Included in the Association's plans are four sports for the school, football, basketball, baseball and track, summer sports and Little League baseball for youngest boys.

The Association's plan call for Little League organization in time for fall participation next year in the nationwide youth baseball program.

Leslie L. Potter was elected president of the Association. Football practice will begin next Monday at 8 a.m. and all boys interested in the sport have been asked by Coach "Doc" Parrell to report at the grade school.

The team lost via graduation all-star Delmar Hughes and John Gordon Goble, and two all-conference linemen, Stanley Pater and Johnny Hill, and in all, 10 of 11 starters, leaving gaping holes in both the line and backfield. Coach Parrell said the team will be composed mostly of green material and that all reporting for practice will have an equal chance for a share in whatever laurels the Black Cat team may win during the coming season.

The date grid schedule follows:

Sept. 4, Whitesburg, away; Sept. 11, open, home game; Sept. 18, West Liberty, home; Sept. 25, Whitesburg, away; Oct. 2, Paducah, away; Oct. 9, Pikeville, away; Oct. 16, Louisville, away; Oct. 23, Bellfleur, home; Oct. 30, Weyland, home; Nov. 6, Paintsville, away.

Obituary
Engineer-Architect Opens Office in Theatre Building

George L. Shannon, civil engineer and building designer, opened offices in the Strand Theatre building here this week. Mr. Shannon came to Prestonsburg from Hazard where he had been an engineer-architect for the last 18 months. Before that he was with the Tennessee Valley Authority. Mr. Shannon is a graduate of Indiana Tech.

Mrs. Shannon is the former Vivian Caudill of Prestonsburg.

He joined the Methodist Church of Maytown, at the age of twelve years. Last year he was baptized into the Missionary Baptist Church and has lived a Christian life throughout all these years. He was faithful to his duties before entering and to continually pray for his father to be saved.

Arnold leaves his parents and one brother, Earl. He also leaves a Christian wife, Inez, two children, a son and one baby son, William Edward, to mourn his loss.

**THANKS
TO THE PEOPLE OF
FLOYD COUNTY**

I wish to take this means of expressing my heartfelt gratitude to the people of Floyd county who worked so hard and loyally in behalf of my candidacy for the office of County Attorney. Under the circumstances, the vote which I received was remarkably large and it was through your efforts and faith in the things for which I stood that I was able to receive these votes.

While we have failed to win the nomination, we have received the fullest measure of honor for a losing side, and your efforts have not been in vain.

Inasmuch as I have always been a Democrat, and have previously been an official of our Young Democratic Club and a member of Democratic committees, and so long as the Democratic party continues to remain the party most favorable to the laborer, small business man, and Mr. Average American, I shall exercise the same loyalty to it as I have always done.

It is important that party harmony be re-established and that personal differences fade with the memories of this primary campaign; that as Democrats we adopt progressive programs for our county government; that all Democrats unite in their efforts for the coming election.

I now call upon those who gave me their loyal and active support to join ranks behind the successful Democratic nominees, and assure their victory in November.

Sincerely,
ROBERT WILLMAN

speech in Charleston last week. Mr. Walter Thurmond, Association secretary, said, "in releasing the event slated for the end of September. Business of the end of September. The Times, what local organizations will want a concession stand at the fair grounds, exhibit space, commercial booths and general rules of the fair were matters of business."

"You can see from the list of things discussed that we need the public's help and suggestions," said Mary E. Foster, secretary. "If we are to have a good fair we must all work together," she added.

The survey also compiled employment and production figures showing the importance of coal mining to the various sub-districts. The largest number of rail miles of those reporting was in the Hazard sub-district, which had 57 in operation July 1. Next was Painesville with 46, Kanawha with 41, Mehan with 38, Big Sandy 27, Logan 26, Williamson 26, New River 25, Winding Girt 24 and Upper Buchanan with 3. The number of rail miles now operating in the Greenbrier, Southern Appalachian and Virginia sub-districts was not available.

Pocahontas was well ahead of the other sub-districts in both annual production and payroll, with figures standing at 23,000,000 tons and \$85,000,000. Next was Logan with annual production of 22,500,000 tons and estimated payroll of \$71,000,000.

In all, 10 of the 13 sub-districts (figures on current production, etc., were not available for three), reported 242 rail miles now in operation, with an annual production of more than 116,000,000 tons and estimated annual payroll totaling \$71,600,000.

"This shows the tremendous importance of coal to the economic life of our region," Mr. Thurmond declared. "That is why Mr. Moody has called on every citizen of the four states included in our southern bituminous fields to join together to help work out some solution. We can't let these mines keep closing, but we also can't keep operating at a loss."

"Every ton of coal mined in the Association's member mines during the first quarter of this year was sold at an average loss of 13 cents. If this should continue, it would mean more and more mine closings, more and more miners out of jobs and more and more bankrupt and deserted communities."

An indication that this trend is growing was reported in the Association by Joseph J. Arden, secretary of the Williamson Field Operators Association.

The quoted figures compiled by the school census of the Kentucky Department of Education to show that Pike county, one of the leading Kentucky coal producers, had a total population loss of 2358 persons in the year ending last April 1.

(Pike county lost even more—2541. Other population losses in the period were: Knott, 1821; Johnson, 1318; Letcher, 4403; Magoffin, 92; Perry, 3770.)

In all, the census figures showed, the 10 coal producing counties of Southeast Kentucky—Pike, Letcher, Harlan, Bell, Perry, Floyd, Knott, Knox, Whitley and McClure lost 26,263 persons during that year.

Notice to Bidders
The Floyd County Board of Education will receive bids for supplying seven tons of all school tickets at the regular meeting of the Board Sept. 1, 1953. Bid blanks are available at the County Superintendent's office. The Board reserves the right to reject any and all bids.

Floyd County Fair Board Discusses Many Problems

The Floyd County Fair Board met Wednesday, 8 p.m. at the courthouse to discuss the agricultural event slated for the end of September. Business of the end of September. The Times, what local organizations will want a concession stand at the fair grounds, exhibit space, commercial booths and general rules of the fair were matters of business."

"You can see from the list of things discussed that we need the public's help and suggestions," said Mary E. Foster, secretary. "If we are to have a good fair we must all work together," she added.

1,000 Attend Gas Firm's Annual Picnic at Allen; Official Guests Speak

Approximately 1,000 persons attended the third annual picnic of the Kentucky Gas Company at the Allen golf course, Saturday.

The big gathering was composed of employees and officials of the company and members of their families. The picnic, an all-day event, saw the distribution of \$500 in attendance prizes, a program of games and "visiting together" supplied the day's entertainment.

Brief talks were made by guests from the Equitable Gas Company, Pittsburgh, Pa., parent-company of Kentucky West Virginia. Several of these speakers formerly were associated with the Kentucky Gas Company at the Allen golf course, Saturday.

In every way, more car for your money!

Ford gives you V-8 power like that of costly cars... fine car build... fine car ride and at-home-everywhere good looks - but the price tag never moves out of the low-price field

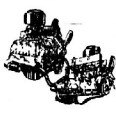

Everywhere you go people are making the switch to Ford. And can you blame them? Many cars costing over \$1000 more offer no more of the things you need and want. Here are some of Ford's "Worth More" features — but to get the full Ford "Worth More" story, Test Drive a new Ford today!

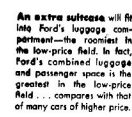

Less front-end road shock. The kind of shock you feel most is reduced up to 80% with Ford's new ride. You get a smoother, more balanced, more comfortable ride all around!

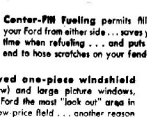

Suspended pedals are designed to work easier and make foot space of your Ford's entire floor area. Suspended pedals are also a "keep off" sign to dirt and drabs... make it easier to keep the floor clean!

Smooth V-8 power is exclusive to Ford in its field. And Ford's V-8 engine is the most modern. So you can count both the V-8 and Six-cylinder power plants deliver their hill-climbing "go" as regular "go" — and not much of that, thanks to Ford's Automatic Power-Shift!

An extra suitcase will fit into Ford's luggage compartment — the spacious in the low-price field. In fact, Ford's combined luggage and passenger space is the greatest in the low-price field... compares with that of many cars of higher price.

Center-Pin fueling permits filling your Ford from either side... saves you time when refueling... and puts in and to lose scratches on your fender!

See it... Value Check it... Test Drive it...

Louisville, as members of the state-wide finance committee to raise funds for Bookmobiles.

It was learned that Mr. Reed has agreed to serve. He has been organizing a Bookmobile drive, and a committee of seven members will be held probably next week on the return to the county of Judge Henry Stumbo.

Asking for a ruling from the Attorney General, State Superintendent Butler wrote that the school systems of the state do not plan to put up the entire cost of public library service but might share in the maintenance cost.

Keller wrote that school funds for bookmobiles should be distributed on the basis of the number of children who benefit in proportion to the total number who utilize the facilities.

For example, he said, if a Bookmobile serves 100 people in a given area and 20 per cent of these persons are of school age, then 25 per cent of the cost of Bookmobiles may be borne legally by school tax funds.

Keller added that he believes "the student is entitled to all benefits available to the schools in the schoolroom and out of the classroom."

"Library facilities," he said, "are just as important to a child, if handled by Bookmobile service, as if conducted in the classroom itself."

This public library service, therefore, is one that should be made available to all children in the public school system, as well as those persons that might be over-age.

Dr. Donald P. Brown, executive director of the Kentucky Bookmobile Project, commented, "General Keller's opinion will be considered important by school officials in the 100 counties which are planning to add Bookmobile service within the next year."

I want to express my deep appreciation and thanks to the people of Floyd county that supported me in the past primary. Through their help, trust, and faith that I would make the kind of sheriff that they desired, I was nominated.

LOAN C. HILL THANKS
96TH DISTRICT VOTERS

I sincerely appreciate the trust and confidence of the 1597 voters who made my victory possible in the recent Primary.

I always have and I always shall respect every person's right to vote for the candidate of his choice. Therefore, I have no ill-feelings toward anyone who voted or worked for any other candidate and I congratulate my opponents on their hard fight.

If elected in November I will try to the best of my ability to repay your kindness with good, honest public service.

LOAN C. HILL

Bingham Thanks Voters

I want to express to every one who voted for me or in any way aided in my campaign for the Democratic nomination for Jailer. Although my campaign was unsuccessful I bear no ill will to any of my opponents or their supporters. It was strictly a party fight to win the honor of carrying the Democratic banner and as such we should take the majority voice in good will. Again I thank you for your vote and support.

ABSOLUTE AUCTION

190-ACRE Jessamine County Farm

THURSDAY, AUGUST 27
11:30 A.M.

To All My Friends in Foyd, Pike and Johnson counties:

I have one of the outstanding farms in the Bluegrass to sell. Located 12 miles from Lexington, 3 miles from Nicholasville on Route 27, main highway gateway to the South.

This fine farm is located in a choice farming section, is one of the best in the county. Known as the Shelby Ward farm. Has more than one-half mile road frontage (Route 27). Land lies extra good, is 100% tractor tillable. Never-failing water, part of fence good, 5 1/2 acres fine burley tobacco. Owner's share goes with the farm.

This farm has been in the hands of the same owner for 36 years. Has been operated with a good profit as a stock farm. Soil has been well cared for and improved. Owner must sell, due to recent loss of eyesight and being 82 years of age. Land like this usually changes hands only through inheritance.

Improvements include 6-room house, 5-room house in fair condition, good stock barn, 12-bent tobacco barn, and other buildings. Immediate possession of entire farm. 50 days possession of main house, possession of tenant's house March 1, 1954.

This farm is only three miles from Nicholasville courthouse. Nicholasville is a small, growing town with all conveniences: schools, churches, bank, good stores, etc. (Jessamine county joins Fayette county). Wonderful location for a permanent home.

TERMS: 10% day of sale, 40% in 30 days, balance 1, 2, 3, 4 or 5 years at 4% interest. Or purchaser can pay full amount down.

In the tense race for the Democratic nomination for Sheriff, Bill Hill, the winner, had a lead in 13 precincts. Troy B. Sturgill in 14, Joe H. Cooley in 11, Hurler Warren in nine and Guy Ison in five. Sturgill held first-place ties with other candidates in two precincts with Warren and Hill. Despite his lead in both votes and the number of precincts carried, Hill did not edge ahead of Sturgill until 37 of the 60 precincts had been counted.

Durban Moore, the Democratic winner for County Court Clerk, needed leads in 40 precincts, with Inogene Stumbo Moore leading in 22, James J. Carter, seeking reelection as Coroner, led in 46 precincts with Warren and Hill. Hill and Bill Gunnals in four.

The winner, Grover Holbrook led in eight of the 26 precincts in the race for Magistrate in District 1, and tied with Mill Stanley, candidate for re-election, in one. In District 2 John May carried all 11 of the precincts over Magistrate M. C. Wright. In District 3 Magistrate Ellis Martin, the winner, posted leads in eight of the 18 precincts. The Municipal District 4 race saw Wallace Reynolds score leads in seven of the 10 precincts over his opponent, D. H. Hatcher. On the Republican side of the house:

Paul B. Akers carried every precinct, except two in which there were ties, over Joe I. May in the Representative race in District 97. Corman Collins, Republican nominee for Sheriff, polled leads in 33 precincts, with ties resulting in five. Lewis Dinius led in 15 and D. E. Blackburn in 5. Willie Clark, nominee for Jailer, carried 31 precincts. Ed Curver, seven and Robert C. Barnett, 14.

In the District 1 Magisterial race Worth Music, the winner, had leads in 12 precincts. Tom Johnson in two and Lewis Wilcox in six.

MELWAUER — Sen. John Sherman Cooper (R-Ky.), described Korea as "the turning point in postwar history." Cooper said the Korean aggression was a Communist blunder because it spared the free nations to unite and build their strength.

Floyd County Historical Notes

By HENRY P. SCAFF

"Historical Kentucky Highways" is an official publication of the state's highways. The historical material is supposed to be checked and rechecked for accuracy. Two or three years ago when the booklet appeared a statement was made that the old Spurlock house became Gen. James A. Garfield's headquarters during his Civil War campaign in Big Sandy. This column at that time pointed out the error and was the recipient of a heated letter from Vev Mann, director of the division of public information. After the exchange of letters was over and another column was written on the matter it was assumed that the error on Floyd history would not be repeated.

But the current issue repeats the error. "Prestonsburg. Here was the headquarters of General Garfield during the Civil War. Battle of Middle Creek fought in this area, a deciding factor in control of the Big Sandy Valley."

It is unnecessary to point but to people of this county and Prestonsburg that the old Spurlock house was not the headquarters house of Garfield. Headquarters was the house in which now lives Claude P. Stephens on First Avenue. This old house was built in the year 1837 by John M. Burns, a celebrated lawyer of the post-Civil War period. This column does not have the information to verify it but understands the old Spurlock house was not even standing when Garfield visited Prestonsburg; his headquarters while in the Big Sandy.

Last Sunday this columnist visited the Hurt home on Johns Creek.

Stricklett, a rifleman in the 23rd Infantry Regiment's Medical Company, entered the army last November.

RUPTURE

Expert Coming To Paintsville Again

GEO. L. HOWE
Well-known expert of Indianapolis will personally demonstrate his method without charge at the Howard Hotel, Paintsville, Pa., Aug. 21-22 from 9 a.m. to 12 noon. Ask for Mr. Howe at all hotels.

Mr. Howe says the Howe method contracts the equinus in remarkable short time and the procedure is regardless of the size or location of the rupture and no matter how much you lift or strain and puts you back to work the same day as efficient as before you were ruptured.

The Howe Rupture Shield has no leg straps, water-proof, sanitary, practically undetectable and can be worn while bathing. Each shield is skillfully molded and fitted to the parts under lens which gives a perfect fit and satisfaction.

Large and difficult ruptures following operations especially solicited. Do not overlook this opportunity if you want gratifying results. Mailing address P. O. Box 5283 E. Michigan St. Station, Indianapolis 4, Ind.

Electricity

costs less today

than before America had an Empire State Building

Here's something BIG in food savings... all year 'round

With an electric food freezer you can buy foods at low seasonal prices... and enjoy them anytime throughout the year. You pay a few pennies a day for electricity out of the money you save.

This world-famous, 102-story landmark went up in 1931. Since then the price of practically everything has gone up too! But not the price of electricity. Actually, it costs you less today than it did over 20 years ago.

Technical advances... sound management of your electric company... your greater use of electric service... these things have kept electricity bargain-priced in an era of rising costs.

Miss Roberts Is Bride Of Mr. John E. Thomas

Carol Patricia, daughter of Mr. and Mrs. William J. Roberts, formerly of Martin and Drift, became the bride of John Edward Thomas, of Garden City, Mich., at the Garden City Community Baptist Church, on Saturday, July 25, at 7:30 p.m.

The bride, given in marriage by her father, wore a ballarina-length white embroidered organza gown, with a dainty fingertip veil and in place by an orchid crown. She carried a bouquet of white roses.

The mother of the bride chose for the wedding a blue sheer dress with white accessories and an orchid corsage.

The double-ring ceremony was performed by the Rev. E. B. Allen before an altar decorated with summer cut flowers. Miss Marilyn Stevenson, of Detroit, accompanied by Mrs. June Allen, sang "Because" and "The Lord's Prayer."

Kenneth Porter, of Garden City, was best man, and the ushers were Robert and Raymond Post, of Wayne, Mich.

A reception for 200 guests was held in the church hall immediately after the ceremony. Following a honeymoon in upper Michigan, the couple are making their home in Wayne.

Mrs. Thomas, a graduate of George Bentley high school and the Detroit Business Institute, is employed by the Ford Motor Company. Mr. Thomas, who was discharged from the Army Signal Corps in February 1918 returned to his position at the DeSoto division of Chrysler Corporation.

Wedding guests included Mr. and Mrs. Dorey Smith, of Dayton, O., formerly of Wheelersburg.

Manis Conley Thanks Voters for Support

I am deeply grateful to all those who supported me in my race for the Democratic nomination for Tax Commissioner, and this gratitude outweighs any disappointment that I may feel over the result of the election.

My opponent and I ran our race in such a manner that neither won the other any votes, and for that I am also glad. Only the loyal support of my relatives and tried and true friends made my strong race possible, for I had no other resources to summon to my aid.

God willing, I will be a candidate, four years hence. I thank all who supported me from the bottom of my heart, and for those who voted against me I hold no ill-will whatsoever.

Most cattail feed almost entirely by scent. An exception is the orange lot, the gamet of the tribe, which feeds a good deal by sight.

Prestonsburg Chapter No. 368 R.A.M.

Meets third Monday night of each month. Visiting Companions welcome.

We are too young a nation to have many national instincts, but it is instructive for an American boy to like rifles and hand guns. No other nation has quite this same natural love of firearms.

To control cottonwood and sap-worm, several thousand acres were sprayed in Warren county with 25 percent DDT emulsion.

Foreclosures have between 30,000 and 30,000 quills, an average of more than one hundred to the square inch.—Sports Afield.

"That Makes 14 New Ones on This Street!"

In one small area in a certain American town, fourteen new Cadillacs were delivered during the early weeks of the recent spring.

One of the new owners gave a party for the other thirteen—presumably to discuss the virtues of their wonderful new cars.

We suspect it was a most congenial gathering—for Cadillac owners have many splendid things in common.

First of all—taking them by and large—they are exceptional people. For the most part, they are men and women who have held to high standards of achievement for many years. They have a common feeling for the finer things in life. And they have a sound sense of values.

But—despite what so many mistakenly believe—they are not necessarily blessed with an abundance of this world's goods. For a Cadillac is a *real* car to own—and is a splendid selection for the family of moderate means.

The following established facts must surely prove this to be true:

—there are twenty-two models of other makes of

American motor cars which actually cost more than the lowest-priced Cadillac!

—a Cadillac will travel many more miles on a gallon of gasoline than you could ever logically expect from a car of its size and stature!

—a Cadillac is so dependable and long-lived that it is just about as economical to service and maintain as any car you could buy!

—and, finally—according to authentic used car evaluations—a Cadillac may be expected to return a greater percentage of its cost at the time of resale than any other car built in America.

In view of all this, it is no cause for wonder that fourteen wise and practical people, residing in a single neighborhood, should have taken delivery of new Cadillacs during the fleeting weeks of a northern spring.

The wonder is that more people don't buy Cadillacs. For when a car combines so much quality and beauty and comfort and prestige—with such outstanding over-all practicality—it is a very wise choice for a very great many people.

Maybe it's the car for you. If you think it is, you are most cordially invited to come in and see us today.

ORDINANCE

An ordinance changing the voting wards of the City of Prestonsburg, Kentucky.

WHEREAS, the annexation of various areas to the City of Prestonsburg has greatly changed the location of boundaries and population of Wards No. 1 and 2, and they now exist, and

WHEREAS, it is considered by the Council advisable to make certain changes in the voting wards of the City to conform with other changes which have occurred in population and area.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF PRESTONSBURG, KENTUCKY, AS FOLLOWS:

SECTION 1. From and after the date of this ordinance, all persons running for Councilman in the City of Prestonsburg, Kentucky, who would ordinarily run in Ward No. 1 of the City of Prestonsburg, shall be considered in the office of Councilman in the City of Prestonsburg, run at large; and persons living on the east side of the Big Sandy River shall, when seeking office as Councilman in the City of Prestonsburg, run at large; and persons living on the west side of the Big Sandy River, who are seeking said office, shall run as Councilman from West Prestonsburg.

SECTION 2. From and after the date of this Ordinance, there shall be only two (2) wards in the City of Prestonsburg, Kentucky, to-wit: Ward No. 1, covering all territory within the city of Prestonsburg located on the east side of the Big Sandy River, and Ward No. 2, covering all territory within the city limits of Prestonsburg, located on the west side of the Big Sandy River. There shall be seven (7) persons elected from Ward No. 1 and one (1) person elected from Ward No. 2, to set as Councilmen of the City of Prestonsburg, Kentucky.

SECTION 3. All Ordinances, or parts of Ordinances, in conflict herewith, shall be set aside and held for naught.

SECTION 4. This Ordinance shall be considered in full force and effect from the date hereof, except posted according to law.

Park Attendance Shows Big Increase

Frankfort, Ky., Aug. 10 (Sp.)—Kentucky state parks attracted nearly ten times as many visitors during the last fiscal year as they did five years earlier when an expanded park system was just being started by the state.

A report issued today by Henry Ward, commissioner of Conservation, shows that attendance for the 1947-1948 fiscal year hit an all-time high with an estimated 3,275,500 persons using the parks. The figure for 1941-1942 was only 374,500.

Last year's attendance was a gain of approximately 2,900,000 visitors over the total for 1941-1942. The increase was due to the fact that the system on the 121 trails and shrines (bureau game ward) said today, again with the most visited park attracting some 1,200,000 visitors. This included visitors to the TVA's giant Kentucky Dam, Kentucky State Park near Harlan, which next with about 600,000 and Cumberland Falls State Park near Opele, was the third most visited park with approximately 300,000 guests.

STATUTE APPLIES

Frankfort, Ky., Aug. 10 — A court order to compel the Louisville and Nashville Railroad Company to continue operations of passenger trains 3 and 4 between Hazard and Fleming was asked in Franklin Circuit Court by the Kentucky Railroad Commission. The commission earlier had denied the railroad's plea for abandonment of the service. The rail line then served mail, killing the fish and making the water unfit for cattle to drink.

THERE'S MAGIC IN THE AIR OVER FLOYD COUNTY

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

Magic is in the air—the familiar magic of your favorite network radio programs, brought to your radiostation over Bell telephone circuits.

The transmission of network radio over telephone facilities is just one of many developments that sprang from basic Bell telephone research to enrich the lives of millions. The microwave radio relay, which carries Long Distance calls and network television, and the sending of news photographs over telephone wires also grew out of the constant search for new magic to make your service ever better.

It takes more than magic, however, to keep telephone service growing with the community. It takes a financially healthy Telephone Company, with earnings high enough to keep service good today—and growing tomorrow.

Sept. 8 & 9, Headlines For New Registration

Frankfort, Ky., Aug. 10 (Sp.) Voter registration offices, which opened Thursday after the primary will remain open through midnight, Sept. 8, when they will be closed until after the November election.

Under the new registration and purgation laws, County Court Clerks may establish branch office registrations at points where there are no offices, provided county boards of registration and purgation approve and they are in buildings selected by the board.

Quire N. Williams, Jr., assistant attorney general, explained to a group of county officials the procedure involved and said that unregistered voters, including those who have become of age since the last election, or those who have moved from one precinct to another should register before Sept. 8 if they wish to vote in November.

COAL ASSOCIATION EXECUTIVE LAUDS FOUR KENTUCKY LAWMAKERS FOR VOTE TO CURB IMPORTS OF RESIDUAL OIL

Four Kentucky representatives and other members of Congress who voted for the bill to limit residual oil imports have been commended by Tom Pickett, executive vice-president of the National Coal Association, in a message also announcing that the crusade to protect American business and labor will be intensified "until we can secure a majority of the Congress of the justice of our cause."

Mr. Pickett said that the following Kentucky congressmen who voted in support of the Simpson bill (H. R. 8629) are entitled to the praise of both management and labor in the coal, railroad, and other much favored oil, and of the general public for their support of legislation designed to protect the nation's economy and security:

Rep. James S. Goodson, 8th district; Rep. Noble J. Gregory, 1st; Rep. Carl D. Perkins, 7th; and Rep. Brent Spence, 5th.

Mr. Pickett, himself a former member of Congress, reminded groups active in support of the Simpson bill that progress made during the first session of the session.

TO THE VOTERS OF FLOYD COUNTY.

I take this opportunity to express my heartfelt appreciation for the fine support which you, my many friends, gave me in my race for the Democratic nomination for the office of County Judge.

You are even more deserving of my thanks in joining together and continuing my campaign up to election day while I was in the hospital undergoing surgery. That you worked hard for me is evidenced by the overwhelming majority you gave me, which is greater than the majority received by any other candidate. While I am now convalescing in my office within a few days and to thank you personally for your great show of confidence in my administration and in me personally.

I have no ill will toward my opponents, as I feel it is healthy for any public official to have opposition so that the issues may be more fully understood by the public. I know that you, with them, and their friends, will join together to bring about an even more overwhelming Democratic victory in the November election.

Again, I thank you from the bottom of my heart.

Sincerely,
HENRY STUMBO

It's certainly plain to see... **Chevrolet trucks must be the best buy!**

This year again—for the 12th straight production year—truck users are buying more Chevrolet trucks than any other make. It's plain to see that Chevrolet trucks out-sell all others because they out-value all others!

For the best buy—buy now!

When truck users show a continued preference for one particular make of truck, you can be sure that preference is based on a single sound reason: *It's the best buy!*

Year after year, truck users in every field show a clear-cut preference for Chevrolet trucks by buying more of them than any other make.

Why not drop in and see why so many more truck buyers choose Chevrolet? You'll find, as they have, that Chevrolet trucks offer more of the features and advantages you want... more solid value in every way... yet it's the lowest priced truck line of all!

Thanks to Veterans Of District No. 1

I wish to express here my deep appreciation to the Democratic voters of Magisterial District No. 1 for their support in my race for the Democratic nomination for Magistrate, and also would acknowledge my debt to all those who helped make my fight.

The campaign my opponents and I waged was such that, I am sure, we all remain friends after the election. I tried to treat each of those in the race against me as gentlemen, and I appreciate the courtesies they showed me.

In the coming November election I solicit the support of all the voters. As Magistrate I will work to the full extent of my ability for all the people in my district.

Respectfully, GROVER C. HOLBROOK 8-13-53.

WILL NOT SUE

Prestonsburg, Ky., Aug. 10.—Attorney General J. D. Bookman, Jr., declined to bring suit against the State Board of Education and the State Treasurer to forbid payment of salaries to teachers in Casey, Nelson, Marion and Washington counties on the grounds that the teachers were mena who wore the garb of their religious faith in the classroom.

Desist to bring the suit was made by Eugene Eiler, Williamsburg, attorney and moderator of the General Association of Kentucky Baptists, who charged that such conduct amounted to violation of the principle of separation of church and state. Bookman claimed sufficient facts had not been presented to justify his intervention.

THINK OF FUTURE TRADE-IN WHEN YOU TRY OUT A CAR! Reports Prove Mercury's Trade-In Value Tops Them All in Its Price Class! Smart shoppers know the actual cost of a new car isn't found on the price tag. When you buy a car you're making an investment. When you sell or trade in that car, one, two, or more years later—you get back part of your original purchase price. With some cars, this resale value is disappointingly small. But with Mercury—according to four independent, impartial surveys—you get the highest resale value in the entire Mercury price class. The reason? Mercury's consistent years-ahead styling, for one thing. Clean, long, low lines that set the style and stay in style. Colorful interiors that keep their smartness for years. And Mercury's proven V-8 performance is another reason. A V-8 engine is the only type ever used in Mercury—and this latest is the best performer we've ever built. So—before you buy any car—see us and get the full story on Mercury. Find out about Mercury's optional power features—the widest choice in the field—check on Mercury's proven economy record. Above all, just try a Mercury ride! We feel sure that once you've driven a Mercury, you'll agree no other car will do FOR THE BEST IN USED CARS SEE YOUR MERCURY DEALER'S SAFE BUY USED CARS. IT'S A GOOD WORLD

BY WILLIAM

Introducing Misses Pamela Lou and Patricia Sue Hagans, twin daughters of Mr. and Mrs. Jack Hagans, of Illinois, granddaughters of Mr. and Mrs. Wayne Hagans of Warco, Pa. and Pam arrived August 2, on the birthday of Jackie Lee, who is one year old. The twins are named for three of their aunt Jackie's sisters, Kaye and Wynook, who they had been quads, for they were omitted in the naming process.

Well, children, allus know we were the world's dumbest ox, and still dumber in the field of science, now that we have found out there is nothing about TV we could understand, nary thing. Know sound flight travel but pictures, hope artists' amateurs have given our explanation, imagined and otherwise. Did our face turn red when we read the article in last Reader's Digest, explaining the whole thing, simple as ABC Now, who said the pictures come through the air?

Poor old Uncle John Allen is dead. He is where he longed to go. Ever since Aunt Laura died eight years ago, he has longed to join her. He has made his home with John R. and Truelove all that time, and they have been wonderful to him, but nobody could take her place. All of us are indebted to them for the care they gave him.

We heard something about a preacher who told a man if he joined a certain church he would surely go to hell. It is hard to believe that one God could make such a rash statement of any church in the world. How sadly folks do need to read the Bible.

Didn't Corporal Raymond Shepherd, our own Floyd county lad, who was released among the first POWs last week, do a swell job of it? Secretary Dulles seemed more ill at ease than the Corporal, if either was. Wouldn't you love to peek in on the family, the day that they makes it in home? And don't the reports from the returned prisoners about their treatment make you thankful to live in America?

We talked recently with a teacher-friend, who spent most of last year at West. She says her little girl, a top-notch student here, was so behind the children there that she, the child's teacher and a private tutor all worked hard to help the youngster pass. If this doesn't prove what some others have tried to tell us for ages, what will? Perhaps, some day, enough citizens will listen to our state and county superintendents to know Kentucky must pay for what she gets. It will do us good to claim the house is not on fire when it is. Savvy!

Dear Father Gunn will be seventy-nine this week. We have to salute him. He can still preach an hour's sermon, without a slip of a note, teaches a Sunday school class every Sunday, still drives his car. He is the happiest person we ever knew, the jolliest, never had much in a material sense but shares the philosophy that to require little is better than to earn much. We feel like hundreds who have said that to be in his presence is to be on holy ground. We'd rather have heard him say, "Holy Father," when he prays than to have heard Lincoln make the Gettysburg address. Secure us for being prejudiced in his favor slightly. We thank the Lord he lived to see Frank W. Gunn, Jr., ordained to preach at the age of eighteen.

Someone asked how Hollis Conley could walk? Another replied that he had the vote-getting-ness sister 'Bessie in the county. A precinct monger said she ate one meal in his home, took away 38 of his best votes he had lined up for someone else, and that she nearly got his wife's vote, in spite of him. Wasn't the spirit of the hour candidates at the last commensurate? We liked what one said, that he was too hurt to laugh and too big to cry. That's the company we ever witnessed, hardest for us all, for there were so many friends and good men in several of the races, and none of us could be more than cnc.

Want to be nimble, smooth and quick?

TT Dynaflo does the trick!

WE have just the place for you. If such is your desire.

It's at the wheel of a 1953 Buick with Twin-Turbine Dynaflo. And we suggest you hold off to your hat and your heart when the action starts—for here's what happens:

You press the pedal and, from a standing start, you're up to a legal 30 mph before you have time to breathe but twice.

Or, you're in the thick of traffic—moving smoothly, easily, quietly. Then, when it's safe to do so, you move instantly into the clear with the greatest ease—in one progressive build-up of velvet acceleration—without a single gear shifted or a clutch pedal pushed.

That, sir, is the big thrill command you get in any 1953 Buick SPECIAL, SUPER or ROADMASTER with new Twin-Turbine Dynaflo.

For this fully automatic drive now has two turbines where one did the trick before. Two turbines for instant getaway response—with whisper quiet—and with infinite smoothness through all ranges.

Of course, a lot of able power goes with this smooth, quick getaway—the highest horsepower and compression ratios. Series for Series, in all Buick history.

And so does big room. And the supreme comfort of the Buick Million Dollar Ride. And the superb handling ease of finely balanced weight. Even Power Steering* is at hand to make parking and turning still easier.

Why not drop in on us soon and sample one of these great new 1953 Buicks with TT Dynaflo? It's an experience—and a value story—too good to miss.

*Standard on Roadmaster, optional at extra cost on other Series.
