This Town... That World

A card displayed in The First National Bank here reads: Keep your eye on the ball. Now shoulder to the wheel. Your seat to the ground. Now, try to win in that position.

Quote of the week: Sgt. Raymond Shepherd (trying to query from Nick Basco if Communist indoctrination had any effect on him): "It damn sure didn't!"

TIMES COMPLAINT DEPARTMENT

The Floyd County Times didn't get wrought up over Time Magazine's pre-arranged article on Floyd county politics... It's not the humidity fellows—it's the heat.

Water, of course, is not as thing to be advertised as a means of beating the heat. But to do so seems to be and the electric fan could at least start you with it.

HONOR THEM NOW It's good to see the returning boys who were prisoners of war given glad welcome.

WELCOME THEM NOW Welcome them now, these first days of their stay at home while memory of their suffering is fresh, while the joy of their return and repatriation mounts highest and while

Clark, county health administrator, that they would return to the county at any time upon request of the Floyd County Medical Association.

MARRIAGE LICENSES Elijah Bartley and Pearl Smith, etc.

AMENDMENT VOTE DRIVE IS PLANNED

Page Addresses Rally at Martin; Clark Calls Martin, Garrett Meets

Floyd county's school people moved this week toward an election fight in which they hope to pile up an overwhelming vote for Amendment No. 10 of the Constitution and thus effect a Minimum Foundation Program for Kentucky schools which will raise the teaching and classroom standards of poorer counties to equal their present level.

ALL SCHOOLS BUT 2 OPEN

Teacher-Shortage Not Over-Serious; Bosco Materials Protested Although a teacher-shortage exists, only two schools of the county system failed to open for six-week school as scheduled.

Malcolm Vance does not try to describe, in any great detail, the death grip upon the great city. He says that he regrets to say that he is glad that the hysteria and now after the lapse of 47 years recalls a little comedy. Man over has tried to forget the tragedy and remember the lighter moments of life.

There was an old German who came out of a house that was falling, carrying a bird cage with a thrush in it. Rushing up to Malcolm he thrust the cage at him, saying: "Here, hold this bird. I went after my wife and misplaced her."

Malcolm Vance said in San Francisco and the bay area and never left it. German Vance was kept on guard duty in the city limits until June 1, 1906. After his discharge he came back to Kentucky. The two never saw each other again until this August.

Convinced in Campbell, Farley Turns Preacher; Conducted Revival Here. John "Junior" Farley, who conducted a tent meeting in the upper section of Prestonsburg recently, is the same Farley who was convicted in Campbell circuit court of being associated with a house of prostitution. It was learned here this week that his blind brother, John, is conducting the revival currently being held in a three-week revival at the Dispatch Club, sometime notorious Newport night spot.

He and his brother, Taylor, were convicted on a charge of keeping a house of prostitution, although neither was present at the trial, each was fined \$200 and sentenced to a year in jail.

When Farley posted bond pending appeal from the circuit's action he said he would tell his side of the story at revival meetings.

LONESOME PINE COUNCIL PLANS MEMBERSHIP DRIVE

Plans for a Council-wide membership drive to organize more Scout Units in the Lonesome Pine Council were made at a dinner meeting held at Shawnee Scout Camp on Duesey Lake, Aug. 18.

William B. Sturgill, of Hazard, chairman of the Council Organization and Extension committee, said the Council has set as a goal a membership of 3,000 Scouts for the end of the year, and an intensive effort will be made to organize 25 more Cub packs, Scout troops, and Explorer units by the end of 1953.

At the organization meeting it was reported that the Lonesome Pine Council received a national award in 1952 for membership growth. The Council is still far short of reaching the national average of Scout membership as compared to total population, however.

The Shawnee Scout Camp meeting it was decided that volunteer Scout leaders, parents of boys, civic leaders, and all interested Scouters would be recruited to sign the following Committee of Scout Leaders:

I am in sympathy with the plan of the Lonesome Pine Council to

Wish of McKee Pupil Soon to Be Realized As Bookmobile Planned

"There isn't even a public library for anyone who likes to read in this spare time."

Thus did young Elmer Gray of McKee, Jackson county, wish in a 1952 essay that won him a \$300 college scholarship in a Kentucky Chamber of Commerce community-development contest.

But Jackson county appears today to be on the "road" toward filling the lack he mentioned.

Funds for the operation of a Bookmobile—a traveling library—in the county have been pledged to James R. Baker, superintendent of the county's schools.

BRIDGE ACQUIRED
Frankfort, Ky., Sept. 1—Ownership of the suspension bridge between Covington and Cincinnati has been transferred to the state of Kentucky in ceremonies in Cincinnati.

The Commonwealth bought the bridge for \$4,261,000, the deal being financed by long-term bonds. The span is the fourth owned by the state in Covington and Newport.

Construction on the bridge started in 1887 but was interrupted by the Civil War. At the time it was opened in 1897 it was the longest suspension bridge in the world.

Airport Investment Over \$4 Million

Frankfort, Ky., Sept. 1—Federal, State and local governments have invested approximately \$4,100,000 in airport facilities in Kentucky within the last five years, representing only a beginning in this important field, according to Commissioner of Aeronautics Charles H. Gattrell.

The Federal Government has contributed \$1,997,480.96 of the total outlay, the State \$895,000.89 and local governments \$1,107,519.15.

Work has been done or is in progress on these existing or new airports:

Eastern Kentucky Survey Of Industrial Potential Covers Big Sandy Towns

The Department of Commerce making a survey of Eastern Kentucky continuing areas to see if plants there are equipped to handle defense contracts.

Senator John Sherman Cooper said that a large section of Eastern Kentucky has been designated as a labor-surplus area.

This area includes Prestonsburg, Pikeville, Corbin, Hazard, Middlesboro, Harlan, and Paintsville, the senator said. He added that there still is a major labor surplus in these towns and the reasons in which they are located depend substantially on movement of their labor elsewhere.

The areas are eligible for defense contracts, Cooper said, and the Commerce Department wants to learn which manufacturers would be able to handle them.

Ask Appellate Court

**To Enjoin 2 Members
Of Martin Co. Board**

The Court of Appeals was asked Monday to enjoin two members of the Martin County Board of Education from serving because they were illegally appointed.

The action was brought against Mrs. Florine Bell Preece and William O. Harmon by attorneys Edred E. Adams, Louisa, and Clifford Combs, Prestonsburg, in behalf of Attorney General J. D. Buckman, Jr.

The suit charged that Mrs. Preece and Harmon were appointed in violation of a court order which prevented other members of the board from acting pending outcome of mandamus changes against them. These charges were filed with the State Board of Education.

Circuit Judge James W. Turner on August 8 reversed the state's motion for a temporary court order against Mrs. Preece and Harmon.

Two other members of the Martin board—Burt Markham and Walter Branham—were restrained earlier this month from attempting to fill any vacancies on the board.

That order was obtained on motion of board chairman Brown Allen, who contended that Markham and Branham had appointed Mrs. Preece and Harmon to the board in violation of a March circuit court temporary order. Issued June 8, that order was dissolved July 11.

Martin county board members have been quarreling among themselves and with Superintendent Sheldon Clark since early this year. Clark filed misdemeanor and neglect-of-duty charges against Markham and Branham with the State Board of Education in June. The State board said there was enough evidence to oust the two members, but ordered the board and Clark to work together under a threat that the board would be ousted and Governor Wetherby asked to appoint a new one.

MT. ANGLERS TO DEMONSTRATE CASTING STYLE AT STATE FAIR

Special to The Times

Frankfort, Kentucky—Kentucky anglers will continue through November 5, with a limit of six per day, or a possession limit of 12 after two or more days of hunting, the Department of Fish and Wildlife Resources announced.

Preliminary reports from conservation officers throughout the state indicate that the squirrel crop this year is as great as and in some sections greater than, last season's. Either titles or stagions may be used by the hunter, but a hunting license must be held.

On September 1 a 30-day dove season will open in the state with a bag and possession limit of eight. Shooting hours are from 8:00 a.m. (Central Standard Time) until sundown and doves may not be shot over baited fields.

For Sportsman's Day a full program has been arranged in the afternoon the champion coon dog of the state will be decided in a drag with the race ending at a tree in front of the grandstand on the last day of the Fair, September 19.

**More Than 3,900
Attend Boys Camps**

Frankfort, Ky., Aug. 31 (Sp.)—More than 3,900 Kentucky boys members of Junior Conservation Clubs spent week-long camping trips at two camps maintained by the State Department of Fish and Wildlife Resources this summer.

A report by the department shows that 3,622 boys visited Camp Earl Wallace on Lake Cumberland in a camping season starting May 23 and running through Aug. 15, and 1,280 boys attended Camp Curry on Kentucky Lake between May 22 and Aug. 24.

All the camps the boys were instructed in swimming, fishing, boat operation, marksmanship, safety and nature subjects.

There are some 25,000 members in 520 junior clubs throughout the Commonwealth. The clubs are sponsored by senior sportsmen's clubs and service organizations in cooperation with their schools.

There were 3,682 boys at the camps in the summer of 1952.

By 1960 it is estimated that the United States will rely on oil and natural gas for about two-thirds of its energy.

Police Radio Program Shows Highway Danger

Frankfort, Ky., Sept. 1 (Sp.)—A radio program, "The Corridor," produced by the Department of State Police is being used this week to remind Kentucky motorists of the danger of highway accidents facing them over the Labor Day weekend.

The 15-minute program is narrated by State Police Commissioner Curtis C. Glendon and shows how careful drivers' tendency to a family taking a weekend fishing trip. Topics of the program have been dramatized to all Kentucky radio stations.

Glendon today reminded drivers that there were nearly 500 accidents on Kentucky highways over last Labor Day and that such a total to seven previous Labor Day weekends.

Many of the accidents cause to persons starting late for their holiday and trying to make up time on the highway according to the commissioner. "A trip should be planned so that ample time is allowed for travel and so that the return home is made before the driver is fatigued to drive," Glendon said.

Kentucky's highway death record for the "dangerous" improvement over that for 1932. The report for the month of August showed 463 deaths this year against 496 on the same date last year.

CONSTRUCTION PLANNED
Frankfort, Ky., Sept. 1—The State Department of Highways awarded contracts for construction of 170 miles of highways in 15 counties.

Counties where the work will be done are Henry, Marshall, Meigs, Cracker, Montgomery, Morgan, Madison, Clinton, Harrison, Bourbon, Knott, Ohio, Fayette, Webster, Union and Christian.

LARGER CHECKS LEGAL
Frankfort, Ky., Sept. 1—Larger monthly checks for retired men (teachers under the State's teacher retirement system) are legal, according to a ruling given by the Attorney General's office.

The ruling held that the payments are made on the basis of "mortality tables now in use that show the men have a life expectancy of 13 1/4 years. This means that payment must be made at a higher rate to the men in order that they exhaust the contributions they and the State have made to the retirement system and the interest the funds have earned.

The question of the legality of the payment differential was brought up by a Louisville woman.

CATS TO OPEN AT WHITESB'G

Prestonsburg, Weakened By Graduation, To Face Strong Eleven, Friday

A Prestonsburg high school team, weakened by graduation of two all-state men and a whole flock of freshmen, will open the 1953 football campaign Friday evening against Whitesburg, one of the top teams of the conference.

Whitesburg, which during recent years has been Prestonsburg's opening foe, is billed as one of the section's strongest teams. The Leitch countians have been staggered by the Cats hard and often in these curtain-raiser, but the prospects aren't bright from the Prestonsburg point of view this year.

Coach Doc Ferrell returned here last Friday night from football camp with his small squad. The week away from home was made more enjoyable by three encounters with as many Central Kentucky clubs, Winchester, Mt. Sterling and Madison. The Cats won all three in easy fashion. But the Cats is notoriously weak in football, Coach Ferrell said.

Prestonsburg's two stalwarts who received football scholarships from the University of Kentucky upon high school graduation last May—John Delmar, Hughes and John Corbin, Coolesburg, Sunday for Lexington to begin grid practice with the Wildcats. They join there another former Prestonsburg high school star, Jim Mayo, who graduated in the kicking department last year for U.K.

CORRECTION
The Times erroneously reported last week that the crippled children's clinic here was held under auspices of the Presbyterian Auxiliary. The clinic was under auspices of the Prestonsburg Woman's Club.

MARTIN

Mayne Sgt. Harry Gene Fredrick Called His Mother From San Francisco, Calif., Where He Had Just Landed From Barber's Point Naval Air Station

Cecil Atkins of the army, was visiting some friends in Martin this week. He had just returned from several months' service in Korea.

Bessie Conley and some friends of the first round of the Big Sandy League playoffs, will meet at the Drift ball park Friday night in the first game of a 3-0-5 series to determine the loop champion. The teams will meet on a home-and-home basis, but Indian Creek's home game will be played at the Wheelwright park.

Drift reached the final round of the hard way, coming from behind in the last of the ninth last Sunday when Allen had a five-run lead. Drift won 11 to 10, with Jimmy Reed's tremendous triple with two men ashore being the big wallop of the inning. A fielding gem by Dale Adkins, centerfielder who made a diving catch of a hard-hit ball in the ninth when Allen had two on a game-saving for Drift. Grigsby honored for the winners as did Brown for Allen.

Jones, Cover and McSurley pitched for Drift, with McSurley getting credit for the win. Click batted for Allen till the explosive ninth when he was relieved by Burchett, with Lafayette coming to Burchett's rescue. The Allen team won the regular season race.

REV. AND MRS. E. S. COLLINS, of Pikeville, her brother and sister-in-law, Mr. and Mrs. John Roberts, spent a three-day hunting trip at Blue Licks, Ky., this week.

MR. AND MRS. DENNIS FRANCIS and Ruby Maxwell, all of Dayton, O., spent the week-end here with her parents, Mr. and Mrs. L. A. Maxwell.

HARRY PRIDE of the army is spending a furlough here with his sisters, Mrs. Estill Newsome and Mrs. Sanford Ousley, and with his mother in Charleston, W. Va. He has just returned from several months' service in Korea.

RED BOON and "Little Beaver" Burchett spent a week at Cumberland Lake, near Spencetown, fishing and vacationing.

MR. AND MRS. VERNON RICE had the following Sunday dinner guests: her mother and sister, Mrs. Fannie Sawyer and Mrs. Elsie Thacker and family, of Grape Vine, Ky. Mr. and Mrs. George Rice and family, of Benner.

TOMMY HAMPTON, who has been serving with the army in Korea for several months and his brother, Martin (Red) Hampton, who had just arrived in Korea, have been visiting each other there. They are the sons of Mr. and Mrs. Tom Hampton.

QUOTES from our boys in service—Donald Jones writes from Berlin, Germany: "No, no one sends me The Floyd County Times. You bet I would like it very much if you would be so kind as to send it to me. I will love you twice as much if you would do it." Fosse Frazier of the Air Force writes from Germany: "How are you things with the lovebirds this fine day? If it's anything at home like it is here, it is a very fine day. Honest, this is the nicest day we've had since I've been here and it is the most beautiful country you've ever seen."

Exhibit at Mine Rally On Labor Day To Show Social Security Work

A social security exhibit will be a part of the educational display at the United Mine Workers' Labor Day outing at the Pikeville ball park.

This announcement was made by Marco M. Rudd, manager of the Administration's field office at Ashland.

It is important that all workers know their rights and obligations under the law, Rudd said. In past years many people have visited the exhibit to ask questions and to transact business with the field office representative. In further explanation, insurance payments to workers and their families have reached a substantial figure, yet there are people residing in Floyd county who delay filing an application and sometimes the individual bears the insurance payments due on retirement. Survivors of workers who die should also be fully informed.

The exhibit will also be attended by representatives from the Hazard field office.

HERE IS MY PROGRAM

1. I am qualified for the office of County Judge by education and training. (My opponent does not seem to have learned much in the 14 long years he has held public office.)
2. I stand for honesty in County Government.
3. Yearly accounting of income and disbursements by all officials. Excess fees to be turned in to the County Treasury.
4. An honest road program that will serve the most people.
5. Law and order. I favor enforcement of the laws in an honest way, with equal justice for all.
6. Highways to be made safe—to travel. Drunk and reckless drivers to be given special attention.
7. No illegal charges for warrants, to be made.
8. Poll tax. I favor the elimination of this kind of a tax. This tax is only collected from part of the people. Property owners who pay this tax as it is on their tax bills, others do not pay. I don't believe in discrimination where taxes are concerned.
9. The court house has, been permitted, by the present judge, to go to rack and ruin. The floors are all cracked up and ready to drop through to the ground. Necessary repairs will have to be made to make the court house safe and sanitary.
10. The Bible says that the poor will never cease out of the land. I favor a more humane policy for our poor unfortunate people. Newspaper reports of children starving and the case of a girl being found wired with hot wires up in the Mud Creek section of our county shows that these poor unfortunate people have not been humanely dealt with.

Sincerely,

Jas. Wine Resigns Job As U. S. Commissioner; May Oppose Carl Perkins

James Wine, former Prestonsburg attorney, but now of Pikeville, submitted his resignation Tuesday as United States commissioner for the Eastern District of Kentucky. It was tendered to Federal Judge H. Church Ford and Swainford. Wine's action was taken on his return here from two weeks' active duty with the 100th Division Army Reserve, at Fort Knox.

The resignation reportedly was made so Wine could establish himself as a candidate for the Democratic nomination for representative from the Seventh Kentucky Congressional District. The present congressman from this district is Carl Perkins, Hindman Democrat.

Wine declined to affirm or deny the rumor. An avowed veteran of World War II, Wine holds A. B. and L. B. degrees from the University of Kentucky. He is a member of the executive committee of the university's alumni association. He had been commissioner since July, 1949.

Earl Powell, Elkhorn City, To Assist Buckman, Jr.

A Pike county attorney, Earl Powell, Elkhorn City, became an assistant attorney general Tuesday. He was named by attorney general J. D. Buckman, Jr., to fill a vacancy created when Halpin Williams, Louisville, was assigned to handle legal duties with the Department of Industrial Relations. Powell, a graduate of the University of Louisville Law School, has been for four years an administrative assistant in the Division of Vocational Education.

Presenting the Newest Power Features on the Road!

1. POWER SEAT—The first power seat in Mercury's class that moves up and down as well as back and forth to give you an infinite number of driving positions. A great aid to visibility and comfort. Handy on long trips for more relaxation.

2. POWER STEERING—Removes the work from driving. Leaves only the pleasure. No need to tug on the wheel when parking or taking sharp curves; fingertip pressure does it. Handling is up to 4 times easier, yet with Mercury's type of power steering you never lose that safe "feel of the road."

3. POWER BRAKES—Give you safer, smoother, 50% easier braking. Easier, too, because lower, closer suspended brake pedal cuts reaction time... lets you pivot from accelerator to brake without bending your knee or raising your foot.

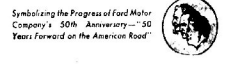

4. POWER PERFORMANCE—Power V-8 performance, proved because Mercury is the only car in America that has always been a V-8. And it's by the builders of more V-8's than all other manufacturers combined... by the company that has won 4 official economy runs 4 years in a row! Drop around for a road test.

Power steering, power seat, power brakes, wide side-visibility and 18 spoke wheels optional at extra cost.

DOMITORY STARTED
Frankfort, Ky., Sept. 1 — Work on a new 100-bed women's dormitory at Kentucky Training Home here has started.

Contracts on the projects totaling \$228,135 were awarded by the State Property and Buildings Commission with the main contract going to Stivers Brothers, Frankfort. The one-story building will be of brick and the construction and will have facilities for meals, recreation, storage and laundry.

The dormitory is the first major building in a long-range plan started by Governor Wetherby to modernize the institution and ease crowded conditions at the home which is the state's only institution for the feeble-minded.

HUNT SEASON FOR SQUIRREL
May Close, Is Stated, If Forest Fire Threat In Dronth Area Remains

Unless hunters are more careful of fires in the fields and woods, there is a possibility that the Department of Fish and Wildlife Resources may close the squirrel season until the threat of forest fires is passed, Earl Wallace, Commissioner of the Department, declared last Friday.

The squirrel season opened August 28, and since that time reports of several forest fires, due to carelessness of hunters, have been received, Mr. Wallace said.

In issuing the warning the Commissioner pointed out that much of the state is suffering from a prolonged drought, and danger of forest fires, such as were experienced last fall, is increasing day by day.

The fields and woods, especially in the western section of the state, are a tinder box, Mr. Wallace declared, "and unless extreme care is used by hunters thousands of dollars in damage may be caused."

He urged hunters to refrain from smoking while hunting and not to camp fires unless extreme care is used.

The Commissioner declared that if the Commission is forced to close the season until rains come, the number of days that it is closed will be added on to the regular season; that is, should the season be closed for 10 days, those 10 days would be added onto the end of the season, thereby giving the hunters the number of days of hunting as originally set.

Governor Lawrence Wetherby later Friday, in a radio recording, urged extreme care by hunters and warned of the tremendous timber loss which may be caused by forest fires. He also pointed out the danger forest fires present to human lives as well as to the lives of wild animals and birds.
