This Town That World

MARRIAGE SCORE

With the World Series coming up and the football season on the wane, the marriage record of a Detroit couple in 44 weeks is a record. The Little Woman 34 times. But what was worse, he left her 42 black eyes.

SPINACH BOY

The Russian, who have invented just about everything, according to them including every lie ever thought of, are now deceiving one and all that they've improved on spinach. They say they've increased the iodine content of the stuff three to four times and expect the iron content six-fold.

If the Russians have taken to spinach, maybe that accounts for those recent descriptions of the report that Berlin tore loose and never stopped running till he got on the right side of the Iron Curtain.

THE LUCK OF SOME PEOPLE

Comes now a report that the Courier-Journal had an item last Sunday about two men who had been caught on one case of a driver by Floyd Gambo while trying for those non-existent fish of Drury Lake. Mr. Gambo says it was wrong—it could have been that he caught the two on the same place on different days. It doesn't make any difference to you how he did it, but it does to the other with one fish on his coat, with one case or a hundred.

And Jack Keenan caught a four-pound smallmouth in the river, a few days ago. Been catching fish right along in the Big Sandy. Maybe that'll help toward getting a little allowance at the lake.

SELECT 240 AS OFFICERS

For November Election; Ballot Will Offer Two Amendments for Decision

Officers to preside at the polls in the November election were named last Thursday by the county election commissioners, Marion Martin, Democrat, W. B. Boyd, Republican, and Sheriff A. B. Meade. The regular ballot at this election will include, in addition to names of Democratic and Republican candidates, two constitutional amendments for a decision by the voters.

Amendment No. 1 is that which would change Section 108 of the state constitution to provide for the distribution of public school funds.

Amendment No. 2 would permit the General Assembly to provide for the manner of election of the State Treasurer, Secretary of State, Commissioner of Agriculture and Superintendent of Public Instruction.

Names of the election officers follow: In each instance the name of the clerk, two judges and sheriff appearing in order of preference.

Prestonsburg No. 1—A. C. Carter, Bob May, W. B. Boyd, Matt Parsley.

Prestonsburg No. 2—Virgil Stephens, W. P. Clarke, Paul Hayes, Woodrow Allen.

Depot No. 3—Bill Fitzgerald, Woodrow Fitzgerald, Sam W. Hall, Henry Harris.

Auxiliary—Ford Cobble, George Wells, W. P. Ford, L. O. Mayo.

Middle Creek—Claude C. Allen, Wiley Watkins, Frank Johnson, Gordon Tuxen.

INITIAL WORK ON HOSPITAL SET OCT. 3RD

McDowell UMW Hospital To Provide Sixty Beds; Two Jobs Ready to Start

Construction of two more Kentucky units in the chain of hospitals to be built in the heart of the coal belt industry under sponsorship of the United Mine Workers' Welfare and Retirement Fund is scheduled to get under way in the next two weeks.

Ground-breaking ceremonies have been set for 11:00 a.m., Saturday, October 3, at McDowell, and for 10:00 a.m., Sunday, October 5, at the Whitcomb hospital. The latter is planned for ground-breaking on November 7.

The hospitals will be integral units in a system extending through coal regions of Kentucky, West Virginia and Indiana.

Among participants at both McDowell and Whitcomb will be Sam Caddy, president of U.M.W. District 20, and associates, representatives of the Welfare Fund's Memorial Hospital association and local leaders in medicine and industry.

Welfare Fund spokesmen include Prof. H. M. J. director of the Memorial Hospital Association; John Newbold, M.D., assistant director; Dr. Mott, and Am Barnes, M.D., chief medical administrator, Louisville.

The hospitals at McDowell and Whitcomb will be in keeping with the modern design established for all ten facilities.

McDowell, providing for about 60 beds, will be a two-story construction with surgical facilities and patient rooms on the second floor. Out-patient and service facilities will be confined to the first floor. The hospital was designed by the firm of York and Sawyer, New York architects. The hospital to be built at Whitcomb is approximately 200-bed capacity, will serve as the base hospital for McDowell.

The Harold structure will be three stories and the McDowell, five-story. It will have 64 patient beds and 21 bassinets. Out-patient service will be on the first floor, and the second floor for surgery, physical therapy and X-ray.

SCHOOL FOLK STRESS NEEDS

Of Education As They Continue Rally Series On Section Amendment

Wayne county school people are continuing the rallies held at various points in the county to arouse interest in the proposed amendment to Section 108 of the state constitution, and the latest of these was the rally held at Wayland, S. C. Berley, county chairman of the Education Committee for the educational statewide survey made last spring, addressed the gathering, calling attention to glaring weaknesses in the state's present educational system. He declared the proposed Minimum Foundation Program is the only solution to the problem.

County Superintendent Virgil O. Turner gave a resume of present expenditures made possible with available school revenue; then compared those with the proposed program which would be possible if the new program is adopted.

After how the amendment and minimum foundation plan would affect the question of consolidation, he stressed the fact that the matter of consolidation is not involved by either the amendment or the program which the amendment would make possible. He added, however, that consolidation is inevitable if education in Kentucky is to be what is done about pending recommendations. Mr. Turner cited the status of Kentucky with illiteracy, adding that this situation is higher in adult literacy than others.

Charles Clark, of Garrett, president of the Floyd County Teachers Association, was a third speaker. Another rally is scheduled for Bay Lane next Tuesday at 7 p.m.

CLUBS TO BE HOST TO KIDS

P'Burg, Drift Clubwomen To Entertain Children In Kids Day Programs

National Kids Day, which is observed annually by Kiwanis International and the National Kids Day Foundation, will be observed in this county Saturday by the P'burg and Drift clubwomen. The program is to be held at the P'burg high school building, and the youngsters will be escorted by the police and fire departments. Immediately thereafter, the kids will see a free movie at the Strand theatre, the management of which donated the show in cooperation with the Kiwanis Club. John Barber, chairman of the Kids Day committee, said.

Children of the Beaver Valley schools will be Kiwanis Club guests, at Drift and school buses will be operated to transport them to and from the ball park. Various contests will be enjoyed with trophies awarded to the winners by the club. A picnic will be held at the home of the Beaver Valley public relations committee.

MANY ATTEND FLOWER SHOW

Music Program, Paintings Are Features of Annual Exhibit at May's School

The third annual Flower Show of the Maytown Women's Club held in the Maytown gymnasium Saturday, was well attended by both out-of-town and local people.

The P-T-A luncheon and the apron and bake sale netted a net sum. In the afternoon, a local talent music program, directed by Mrs. Thomas Patrick, won much commendation.

A painting by Toby Wells and Mrs. Reba Mayo's exhibit of flower paintings added beauty and color to the occasion.

Although dry weather had affected the quality and the number of flower entries, more than 100 entries were displayed. A number of beautiful quilts and other needlework.

These displaying needlework were: Otha Howard, Vera Osborne, Louise Howard and Mrs. L. A. Ayers; all of Eastern; Mrs. M. C. Reed; Mrs. Mike Stave and Mrs. Maude Hatcher; Luckey, Mrs. R. H. Messer; Garrett, Mrs. George Fraley, Louisville.

The flower entries, judged by Henry Bazem, of Morehead State College; Arthur C. Davidson, of the National Artistic Ribbon Department; received blue ribbons for first, red ribbons for second and white ribbons for third.

Those receiving ribbons in the vase classes were:

Dallas (Informal medium shades); Mrs. Paul David Reed, second; Mrs. Ed Stewart, third; Mrs. R. M. Mayo.

Wayland Man's Auto, Garage Are Destroyed By Charge of Dynamite

The investigation made into the dynamite explosion at the home of Farris Collins, well-known Wayland man, early last week has failed to clear up the mystery surrounding the case. The Times learned today (Thursday).

Mr. Collins, an electrician for the Elk Horn Coal Corporation at Wayland, had no known enemies, and apparently a motive is lacking. The auto, a 1952 Buick Super, was reduced to wreckage by the blast which was touched off at night. The explosion was so heavy that top and sides of the garage at the Collins home on Steeles Creek were blown away.

The sheriff's office here said it had learned only a day or two ago of the dynamite and had no made an investigation.

GIRL SCOUTS OF SANDY VALLEY COUNCIL GATHER AT ALLEN FOR ANNUAL RALLY DAY; CENTRAL AMERICAN LEADER IS SPECTATOR

Girl Scouts of the Sandy Valley Council, 110 strong, gathered Saturday at the Allen hotel for their annual Rally Day program.

Although the attendance was not as heavy as hoped for, leaders said the day's program was highly successful. Only Brownlee and Intermediate took part in the program, senior Girl Scouts devoted their time to assisting the staff of leaders.

While the girls went about their progressive games, the preparation of their lunches, their present and progress hunt, singing, exhibition of campcraft skills, an interested spectator was Senora Mercedes Lasso de la Vega, the Girl Scout Leader from Panama City who is a visitor in the United States. She studied scouting methods from the Brownlee troop on their leader, Mrs. J. W. Brownlee, who had spoken at the rally and answered questions of the girls about Scouting in Panama.

Charmy Clark, at which the girls excelled were ball, first aid, firebuilding, measuring distances, chopping wood and using a knife. The Rally activities began at 10:45 a.m. and continued till 2:00 p.m., with the closing ceremony.

A feature of the meet was the singing of Troop 11, a colored troop from Wheelwright.

LOCAL RACES IN 5 TOWNS

Mayor's Race in P'Burg, Police Judges Elsewhere

Local races in five towns will be held on Saturdays and Sundays of each week.

Huntington auto racing has been highly successful, and Mr. McCoy expects to draw spectators from a wide area of Southern Kentucky.

Two horse racing will be held on Saturdays and Sundays of each week. The three-thirds-mile oval track is recognized by the National Stock Car Racing Association, and Inspector of the Association was quoted as saying the Allen track is one of the best in this area. The nearest track to the new Allen track is at Huntington, W. Va.

Pine horse racing will be held on Saturday afternoons.

Mr. McCoy said he has already been assured of out-of-state entries for the first auto race.

The track is 3/4 mile wide, and the length is 39 feet. Present plans are to have a grandstand for 10,000 spectators on Saturdays and Sundays of each week.

TO EMPLOY ACCOUNTANT ON CRIMINAL FEES PAID OFFICIALS SINCE 1928

The Floyd fiscal court voted unanimously Wednesday to employ a certified public accountant to audit all county fee charges for the year 1953 and all fees in criminal cases back for a period of 15 years.

The audit would not, it was stated, include the five years covered by the 1950-51 audit of county accounts for which audits of offices already have been made.

The order providing for the audit of all county fees for the year 1953 and all fees in criminal cases back for a period of 15 years, was adopted by the fiscal court at its meeting on Wednesday.

The audit action was taken on motion of Magistrate M. C. Wright. It was the result of a report of the court at its recent meeting was devoted to paying claims.

103-YEAR-OLD FLOYD MAN RECALLS CIVIL WAR, FEUDS

No man in Floyd county can draw a longer life from the well of memory than Marvin Stone of Prester. Now can bring out of the past more colorful recollections. For he was a soldier in the Civil War, a member of the Union Army, and a participant in a feud that ran its course in the latter part of the century.

On his next birthday he will be the oldest man in all Eastern Kentucky.

He comes from a family noted for longevity. His mother, living now in Taplan, W. Va., is a sister and an infant at the age of 93. His father and mother both lived to be over a hundred.

Born June 1, 1851, Mr. Stone is bedridden and totally blind, but his remarkable memory is that of a man in his sixties. He was born 20 years ago from some obscure disease, and seven years ago he went blind. Time for him is measured by months and sun or light-life in darkness, the health and breath of a bedridden man. He has a wife and two children.

He talks of his grandparents, Harlan and Temperance Justice Stone, who were married in this county, Sept. 14, 1818. His father, Mr. Stone, married Maria Hall on August 26, 1844. Melvin had two or three brothers and sisters when he was born.

The committee reported that one of the rolling libraries would be on display at the Floyd County Fair on Oct. 1, 2, 3, a representative of the committee will be on hand at all times to explain the Bookmobile and its functions. Contributions will be accepted at the Bookmobile during the Fair.

The other committees reported their plans to call on all business and professional men, and other leaders, and another breakfast is scheduled for next Monday at 7:00 a.m. to hear reports on results of the drive.

Contributions may be mailed to the Bookmobile Drive, Prestonsburg, Ky.

FLOYD COUNTY NEEDY PAID \$51,926 TOTAL FOR MONTH OF AUGUST

Frankfort, Ky., Sept. 21 (Sp.)—Needy residents of Floyd county received \$51,926 during August under three Public Assistance programs, Aaron Paul, state director of Public Assistance, reported today.

The report listed these expenditures:

Old age assistance, \$27,284; aid to dependent children, \$22,544; and aid to the needy blind, \$1,998.

For all three categories of aid \$32,806 was distributed in the month of August, about \$36,000 less than July payments. Old age assistance payments totaled \$11,942,005 or an average of \$41.91 for each aged person in the county. Robert R. Denny, state director of Public Assistance, reported today.

VOTE STRAIGHT FOR YOURSELF

It is not only a privilege to be an American it is a great responsibility. It is a legacy of freedoms, privileges and rights...

These great freedoms, won at the cost of bloodshed, strife and toll of men with their eyes upon the future...

The right to be an American was fostered by our forefathers and nurtured by sacrifice. The sole custodian of our rights is the individual and his vote...

Your vote my friends is one of the greatest weapons for good or bad, that you have. Its devastating power is equal to the atom bomb...

The professional politician is trying to sell the people a bill of goods. That particular bill of goods being, "Vote it Straight."

Do they want you to "Vote Straight," so you may have the best officers possible? That you may have clean, honest government...

I, Gormon Collins, candidate for Sheriff, do ask you as good Americans, proud of your heritage, thankful to God that you are an American...

Sincerely, GORMON COLLINS

Stephens Wine State Junior Casting Title; Anglers in Tourney

The State Junior Conservation Club ball-casting championship was retained in Floyd county for another year Saturday when Stewart Stephens of Prestonsburg cast a 98 at the State Fair in Louisville to defeat in clay (façon) casters from other conservation districts of the Commonwealth.

He succeeds David Allen, who held the title two years in a row and whom Stephens eliminated in the 1952 contest held at the Fair. Saturday night.

Next day, all five boys competed in the tournament staged by the Louisville Casting Club and there they gave a great account of themselves.

Following the junior conservation contest, the Mountain Anglers - Stephens, Allen, Bill Baker Burke, Edmund Burke and Quentin Allen, staged a casting exhibition at the Fair. Saturday night.

Next day, all five boys competed in the tournament staged by the Louisville Casting Club and there they gave a great account of themselves.

Bill Baker Burke won the five-eighths-ounce contest, recording in a cast-off a 99 to defeat David Allen with whom he had tied with a 98. Bob Budd, of Louisville, won the three-eighths-ounce event with a 98. And Bill Baker Burke, Stewart Stephens and David Allen tied for second place with 97s. Allen cast a perfect 100 to win the cast-off.

David Allen won the skin ball event with an 82. Bob Budd made almost a clean sweep of the fly event.

THE PLATFORM OF GORMON COLLINS FOR SHERIFF OF FLOYD COUNTY

The taxpayers of this county have been paying a big price for the results they have been getting. The Sheriff's office pays enormous money in fees for collecting taxes and fees for all the other services that it performs to be able to maintain a good force of officers and pay them a fair salary. It pays enough to give the people good law enforcement and still be able to turn money back into the county treasury.

You, as citizens and taxpayers, should expect our Sheriff's force to be equal to, if not better than, counties that are smaller and have less taxes and less revenue coming into the Sheriff's office. You should expect our law enforcement agency to make some advances as the years go by. Can you name one advancement that has been made in the past ten years? Do you as taxpayers expect to elect an officer and let him sit down and let the rest of the world advance all around him? You have been paying for more than you have been getting.

I will offer you more as your Sheriff than any Sheriff has heretofore in law enforcement and progress. I do not offer you the moon, neither will I offer you squad cars with two-way radio. I will only promise you the things I can and will deliver.

- First, I will give you four years of honest law enforcement. Second, I will give you deputies of good repute and pay them a decent salary, that they may live without having to blackjack the public for a living. Third, I will furnish a deputy for all public gatherings and athletic events, outside corporate limits and in them upon request. I will give your schools and churches the protection that has been so sadly lacking. Fourth, I will establish in the Sheriff's office a fingerprint bureau and fingerprint all subversives and known criminals. Fifth, I will have on the Sheriff's force a trained detective, a man from our own county trained in one of our large police schools of our country. Sixth, there will be no favorites. All the people of Floyd county will be treated upon an equal basis. Seventh, I shall use as my guide the oath of office that is administered to the Sheriff upon taking office, and be a Sheriff of the people and for the people. Under my direction the law in Floyd county will be respected rather than feared, a help instead of a hindrance, servants instead of masters, enforcers of the law instead of buddies to the lawless.

I WANT TO RUN THIS RACE UPON MY REPUTATION AND NOT ON MY OPPONENTS.

I feel that it is the duty of every good citizen in this county to investigate my past and my present and judge the future on his findings. The same should be done by my opponent, then the choice should be made. If you feel that I will not make you the kind of Sheriff you desire, then you should vote against me. If you feel that Floyd county deserves something better than it has had, if you believe in law and order and a better place to live and rear your families, and want a man that will do the job—then you should support me for Sheriff of Floyd county.

The Rails Cry,
"Give! Give!"

We are told that John L. Lewis and his United Mine Workers have contributed through demands for higher prices and "fringe benefits" which include miners' Welfare Fund created by a per-ton royalty collected from the operators, to pricing coal out of the market.

It cannot be denied that these factors have brought the price of coal up, but there remains the extenuating circumstance that these were factors which contributed to better living conditions and medical services for human beings.

There is another big factor in the mounting prices placed on coal, and it has none of the human welfare angle to justify that.

Joseph E. Hood, president of the Southern Coal Producers Association, has described with fact and figure the sad dilemma of the coal industry which coal finds itself in.

1. Bituminous coal freight rates since 1948 have increased a maximum of \$1.15 per ton net, and as a result the railroads are being more by hauling the coal than the operators are forming it.

2. The railroads increased freight rates between 1946 and 1951 14.6 per cent while the highest increase made on hauling of other products, manufactured or otherwise, was 8.1 per cent, and this on iron ore.

3. Net profits, after taxes, of the Chesapeake & Ohio, for example, as evidenced by records which are greater this year than last, and last year they were greater than for the preceding year. Yet the railroads fight every plea for cut in coal freight rates, despite the distress of the industry.

Were the railroads hard pressed, with higher rates the difference between economic life and death, assuming an attitude toward coal without which few if any rail companies would flourish, could be explained, even excused. But they prosper while they slowly choke to death the goose that lays for them the golden egg.

More than 50 per cent of the business of the C. & O. Railway Company derives from the coal industry. The miner and the operator depend wholly on coal for their earnings. On coal the economy of this entire section depends.

Appears to be time everybody begins thinking about what is to keep the mines in operation. To give an inch or so now may save all from complete surrender to economic despair later.

Wherein Both Administrations Are Alike

ONE striking similarity of the Eisenhower administration to that of the Truman regime becomes more apparent than the stock reply to every Russian proposal to ban the use of the A-bomb or the even more hellish hydrogen bomb. "Unsatisfactory!"

These phrases have been heard or read in the comments of both administrations on Red proposals.

When Adlai Stevenson recently advocated at least an effort on the part of the western world to reach an amicable understanding with Russia, he was promptly dubbed "an appeaser." In every man of goodwill who would explore every possibility of peace, every remote chance of saving the world from a bath of fire in which civilization itself will probably be destroyed, an "appeaser" or he an individual who is willing to lay aside prejudice, throw his cards on the table and give the world proof that it is really peace he wants?

Naturally, we shall not scarp our store of atom bombs or discard what we have achieved toward the most destructive H-bomb without knowing that the Reds have and are doing about their weapons in the same category. Quite naturally, we shall hesitate to come to an agreement which means the face of the overbearing abundance of manpower the Communists possess. At best, we face an uncertain future.

Yes, we must try. Let us try to put our cards on the basis, and have done with the double talk.

LETTERS

TO THE EDITOR

THE LETTER SHE MAILED Editor, Floyd County Times.

I have written you many letters, but have never mailed them. A few of my Floyd country letters get together and talk about home, then I'll sit down and write you a letter about how we feel concerning conditions at home and then never mail it for fear I'll offend someone.

This time I intend to mail my letter to you. My someone doesn't hurt you people, at home how we feel, you will certainly never know. The truth of the matter is, Mr. Allen, we are homesick, and there doesn't seem to be a thing we can do about it. My mother sends me The Times every week and it's sure dog-eared by the time everyone passes the house.

For a while there we had high hopes of getting to come home and Big Sandy. My mother says our hopes coming home may be in vain, for we haven't seen the canal mentioned in the Times for weeks. What has happened? Are they still working on the project?

I'd like to say right here to the editor that I have power to get the canal, but I have no money. If there is anything we could do to help, I'm sure you would be glad to let us know. We will do our best to fill the smallest or the largest request made of you. You see, I don't know what you have to say.

There are a dozen or more families from Floyd and Big counties right here in this little town, and they already know, not one of them left home because they wanted to. They had to find work or they would have had to send their children to school.

I don't think there is one of us who would give five years of our lives just to pick a "Poor County Times" and read "A Canal Is Being Built up Big Sandy—Coming to Prestonsburg!"

There's a lot of money in this business. That would be a happy day for us and we would work hard to get it. I don't want to see a place where our children can't work when they grow up.

It would be a happy day for us and we would work hard to get it. I don't want to see a place where our children can't work when they grow up.

MINIMUM FOUNDATION PROGRAM, ITS EFFECT ON FLOYD COUNTY

The proposed Amendment to Section 185 reads:

"All the funds accruing to the school fund shall be used for the maintenance of the public schools of the Commonwealth, and for no other purpose, and the general Assembly shall by general law prescribe the manner of the distribution of the public school fund among the school districts and its use for public school purposes."

Vote "Yes" for This Amendment in November Election, because:

FIRST: Kentucky is the only state using the per capita method of distributing funds.

SECOND: Floyd county receives from the state \$38.11 per child in the county this year, while other districts receive up to \$140.00 for each child enrolled in the public school. At present Section 186 continues this unfairness.

THIRD: The Legislature, under the present section of the Constitution, has refused to vote more money for the schools because to do so would have to vote \$3.50 for the already wealthy districts in order to get \$1.00 for a poorer district like Floyd county.

FOURTH: The Equalization Law does not change this inequitable situation.

FIFTH: This is the last year of the Equalization Law unless the Legislature reenacts it and provides the money.

SIXTH: The equalization provision is very unstable. Floyd county loses. This year, \$67,000.00 under this provision due to a falling assessment rate. Assessments in other counties of the State were up much more than Floyd county. Next year, if the law stands as it is at present, we will lose another \$188,000.00.

SEVENTH: The present provision discourages attendance.

EIGHTH: We have lost \$27,000.00 on per capita this year. As children continue to move out of the county, we will lose more. What is to take the place of this?

NINTH: Local taxation does not help the situation, for some children live in a district where the assessed property valuation is \$1,100 per pupil. Others live in a district where the assessed valuation is \$5,500 per pupil, or fifty times as great. There are 105,000 pupils living in 33 districts in which the assessed valuation is less than \$2,500 per pupil. Yet real estate in these 33 districts is assessed as high as the state average. The assessment value behind each child in Floyd county is \$2,285.00.

TENTH: The school census distribution method discourages both initiative and responsibility by disregarding ability of the local district to support education.

ELEVENTH: The passage of this new Amendment to Section 186 is necessary to put into effect the Minimum Foundation Program proposed for Kentucky schools. This program would bring into Floyd county approximately \$845,228.19 more than at present.

THE PROPOSED MINIMUM FOUNDATION PROGRAM WOULD NOT CHANGE LOCAL PROPERTY TAXES.

Here are budget figures for Floyd county under the MINIMUM FOUNDATION PROGRAM, based on present conditions:

FOTAL BUDGET,	1,612,568.80 State contribution
	295,231.20 Floyd co. contribution

NEWS & NOTES

Courage is resistance to fear, says of fear—not absence of fear.

How often in this life we feel that we simply cannot overcome one obstacle or another. The obstacle might be a financial difficulty or even a physical one.

Items of this nature occur in everybody's life and to every walk of life. How wonderful to know that we have had the courage to achieve our goal simply by succeeding up our minds to success.

Fear is ever-present in our making-up of it is but a normal sensation. Just as normal as breathing, walking and sleeping.

A suggestion of personal interest to every TV user: This is not an advertisement for an appliance or accessory. It is a suggestion to increase your viewing pleasure and prevent eye-strain.

Many people darken the room to watch TV. They associate TV (and not illogically) with movies.

But... a TV screen is ten times as bright as a movie screen, and the light and motion is confined to a much smaller space.

The answer is, TV is made for watching. It is no more tiring than using the eyes in other normal ways... if the light is right.

You don't need as much light to watch TV as you need for reading or sewing, but it should be balanced... diffused throughout the room.

- Place lamps so that no glaring reflections hit the screen.
Have no lamps in the line of vision as you view.

Then too, don't sit too close to the set. Stay at least six feet away (and further is usually better).

Experiment a bit. Take a little time to find the combination of light and distance that's most comfortable for you. You'll know when you find it because you'll soon be enjoying TV more than ever.

Much fleet, smoother, more economical! Thoroughly proved and improved through years of development and over a billion owner-driven miles! Production now running at new high levels due to record nationwide demand!

Much More Economical. Chevrolet's 1953 Powerglide Automatic Transmission—teamed with the 115-h.p. "Blue-Flame" high-compression Valve-in-Head engine—brings you economy in city driving and on long trips.

Far Livelier Getaway. Put the selector lever in "DRIVE" position—step on the accelerator—and you move smoothly away from a standing start to light traffic speed in seconds.

Important New Gas Savings. You'll never know how economical an automatic transmission can be until you try the 1953 Powerglide. Various improvements, including a more efficient use of engine power, make it extremely thrifty.

In fact, bring you the most important gain in gasoline economy in Chevrolet history. Great New Passing Ability. The car picks up pace in traffic or on the highway at the touch of a toe, for the '53 Powerglide has an added automatic passing range.

Smoothest No-Shift Driving at Lowest Cost. Driving is almost incredibly easy, changes of speed almost unbelievably smooth. For this transmission gives simplest, smoothest, no-shift driving at lowest cost.

Safe Eyes-on-the-Road Driving. Safety is served in many ways. And one of the most important, perhaps, is that Powerglide permits you to concentrate on driving. You can keep your hands always on the steering wheel and your eyes always on the road.

A message to every prospective new car buyer: You can have the most popular automatic transmission to be found in any low-priced car Chevrolet's Famous 1953 Powerglide!*

Full Engine Braking-Power on Hills. Powerglide's flexibility lets you cruise easily up any hill. And you enjoy constant engine braking power for maximum safety when descending.

Rock Out of Trouble. Powerglide's smooth power flow lets you rock out of sand, snow or mud whenever the need arises. "LOW" and "REVERSE" are side by side on the Powerglide quadrant, making the operation doubly easy.

Push-Proof Parking. Put the selector lever in "PARK" position when you leave the car, and a positive gear-type lock holds it in position until you return.

Time-Proved, Owner-Proved Dependability. Come in. Drive a Chevrolet with this finer, more popular automatic transmission. Test it and you'll want it. It's time-proved, and road-proved by hundreds of thousands of owners, in over a billion miles of driving.

CHEVROLET VALLEY MOTOR CAR COMPANY. Phone 5251 • Prestonburg, Ky.

*Optional at extra cost. Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine available on "Two-Ton" and Big Air models. Power Steering available on all models.

LAW CONFUSING
Frankfort, Ky., Sept. 21 — Independent candidates for county of these must file their declaration papers 45 days before the primary election in August, while the independent candidates must wait until 45 days before the general election, Assistant Attorney General M. B. Hoffield ruled.

He suggested the only way out of the confused situation would be for the General Assembly to correct it by appropriate legislation.

Reo. Willie Hall, Age 81, Dies of Heart Condition At Bull Creek Residence

The Rev. Willie Hall, for 29 years a member of the United Baptist Church, died at the age of 81 Sunday afternoon at his home on Bull Creek. A heart condition was given as the direct cause of death.

A son of Henry and Frankie Caudill Hall, he had spent almost all his life in this county where he was widely known. He was married to Miss Mollie Watten in 1890, and she preceded him in death about 26 years ago. Of this union two sons and three daughters survive: Albert Hall, Water Gap, Ohio Hill, Preston, W. Va.; Mrs. Susie Miller, West Preston, W. Va.; Lucy Spradlin, Prestonburg, W. Va.; Miss Bentley, Edgerton, W. Va.

His second wife, who survives, is the former Pearl Prater. Of this union eight children survive: Mrs. Martha Prater, Wingo, Lake, Ind.; Willie Hall, Jr., and Henry Hall, both of North Manchester, Ind.; Edna Hall, Ross, Ind.; Mrs. Myrtle Allen Pennington, Water Gap, Frankfort, D. Floyd and Naomi Hall, all at home. Also surviving are three grandsons and four granddaughters: Hall, Bluefield, W. Va.; Lee Hall, Ashland, Mingo Hall, Dwaile, Mrs. Rhonda Robinson, Varney, W. Va.; Mrs. Martha Barfield, Ashland, Mrs. Rhonda McCoy, Prestonburg, Ky., and Mrs. Lillian Watten, Edgerton, W. Va.

Returned POW Injured In Car-Track Collision Wednesday, Near Allen

Five days after his arrival home from a Communist prison camp, Sgt. Forrest Montgomery, West Prestonburg, was one of two injured in a car-track collision at Allen May curve, north of Allen, Wednesday afternoon.

Montgomery was released from the Prestonburg General hospital after treatment for leg and foot, but Clarence Arowood, Paintsville, wife of the truck is in Our Lady of the Way hospital. No information was available on his condition except that he had regained consciousness.

The car driven by Montgomery was a new Mercury which he had bought only the day before. The truck driven by Arowood was a three-quarter ton Dodge. No one except the two drivers was riding in the vehicles at the time of the accident and there, it was said, no eye-witnesses.

Charles May, who owns a garage near the scene of the accident, and Millard Thomas were the first persons to arrive on the scene. They found Arowood lying on the highway and Montgomery getting out of his car. Arowood was unconscious and was breathing with difficulty. Prestonburg barber and brother to St. Montgomery, was one of the first to arrive at the scene after May and Thomas.

Presbyterian Youth Of Area 5 To Meet

The Young People of the Presbyterian Church will be host to about 20 young people Friday night and Saturday morning when the Area Five Planning Council meets here in fall session. They will represent Presbyterian youth groups in 11 or more Eastern Kentucky counties. The council will plan for the total program of work to be carried on over local and area levels.

The group will be entertained at a picnic supper at Dewey Lake Friday evening and with a dinner at the church Saturday morning. The council will be guests of the Prestonburg group at the Friday night football game and entertained in local homes for the night Saturday morning. They will be apart in business and worship. Bill Baker, Baker of Prestonburg, is Area council moderator.

NEW word for GETAWAY

We'll get right to the point. The comments we've been getting from many new Buick owners about the new Twin-Turbine Dynaflow are terrific. And the reason is—in this fully automatic transmission is, in itself, terrific.

It has a new, firm, solid "take-hold"—gives you instant getaway response. It has new quiet—you can barely hear the acceleration build-up.

It has a unique and user simplicity of operation. You just move your Selector into Drive range, press the pedal, and go. That's all.

But the sweetest thing of all about TT Dynaflow is its smoothness.

You move from standstill to your legal speed in one progressive build-up of power delivery.

You feel a constant "carry" of forward motion, unbroken in any way—because here no Gearshifting takes place, either manually or automatically.

Even your deceleration is infinitely smooth and gradual, with the cushioned control of flowing oil slowing down.

Wouldn't you like to sample this wonderful new getaway and pleasant quiet and immaculate smoothness?

We'll be glad to seat you at the wheel of a new 1953 Buick with Twin-Turbine Dynaflow—and let the thrills come where they may. Drop in soon, won't you?

GLS SUFFERED IRANIAN HEAT TO SUPPLY NEEDS OF RUSSIA

It's some sight to see a man, ranged to Tehran, the capital, who has taken a mattress cover and cut holes in it for the arms, walking along with a load balanced on his head," says Leonard Garrett, of Mare Creek, who served with the armed forces in Iran for 23 months. "That's what the Iranians did. When they could get out of our mattress covers they cut holes for the arms and wore them. They were so poor no American can ever understand how there can be such poverty. The Iranians thought all Americans are rich."

Garrett entered the army in September, 1942 and in May of the next year he found himself at Andimeshk in Iran, approximately 250 miles inland from the Persian Gulf. The Americans assembled 6,000 vehicles. The Russians drove them away in convoys on a road built from a Persian Gulf city to the Iranian border.

"When a Russian ran over a Persian, he didn't stop. Just kept going. The life of a Persian was considered worthless to a Russian driver," Garrett says. "We Americans, though, were instructed to respect the people and their customs." Andimeshk was a town of four or five thousand people and it baked in the sun of the Near East. It rained about three months out of the year but when the dry season came the temperature rose to 120 in the shade. Men died from heat. The chief desire of every soldier was to get out of the sun-drenched country and somewhere else, anywhere.

Some of them cooked up the scheme of volunteering for duty in the European theater. They were sure, they thought, and Garrett was willing to take from line duty he could get it. But the orders they were told. They had to keep the supply line to Russia moving. Garrett keeps talking about the strange, copy-slippy customs of the bizarre land. Married women wore rings in their noses and when it got cool they wrapped their heads up and were bareheaded. If you passed a veiled woman she turned and stole a quick look at the soldier. If you turned around quick enough, you could hear twisting the veil to get a better look.

Water was a scarce article in Iran. The soldiers washed their clothes in gasoline. If you were a gullion for civilian use. There was no sewage system or water lines in the city. About an hour each day, Garrett tells us, the city turned the water into the streets. It ran in a V-shaped trough from one end of town to the other. People carried it for home use. Garrett can't figure why everybody didn't die of disease. The streets were so filthy. Every soldier had an order never to touch the water the city fathers offered the native Iranians.

A taxi in Iran is the horse-drawn drachka. In Andimeshk if you wanted to ride over to the main part of the city from the American camp you could ride for 15 cents, and the price didn't rise if there were a full drachka. Garrett remembers the camels and how seven or eight would trail along together. He never rode one. If you did, you got "sick," he was told.

After the Americans had been there for a while, a tour was arranged.

Overnight Parks Remain Open During October

Frankfort, Ky., Sept. 21—Seven State Parks offering overnight accommodations will be open with full guest facilities through October, Commissioner of Conservation Henry Ward announced today. They are Cumberland Falls, Lake Cumberland, Kentucky Lake, Kentucky Dam Village, Natural Bridge, Cherokee and General Butler. Facilities at the last three close Nov. 1, with the others remaining open.

Four other parks with overnight accommodations will close between Sept. 30. They are Penney Forest, Audubon, Carter Caves and Pine Mountain. Bathhouses at all parks are now closed for the winter.

Ward emphasized that no park is ever closed to the public, although eating and sleeping accommodations may not be available. Although the number of visitors may not support the provision of full facilities all year, the parks are always open and visitors are always welcome, he said.

Picnic grounds may be used at any time and parks that have wild-seeds keep them open throughout the year.

Property Tax Saving Lasts Until Nov. 1

This year's property tax bills for state, county and school taxes have been completed and turned over to sheriffs all over the state for collection. Taxes are now due and payable at the sheriff's offices and it is not required that notification be sent to property owners, the State Department of Revenue announced last week.

Property owners are entitled to a 2 per cent discount on taxes paid by Nov. 1. Penalties start Dec. 31. Approximately 85,000 automobile owners will be required to pay personal property taxes on their cars for the first time this year. This increase is due to 1952 legislation which directs county tax commissioners to use the county clerks' automobile license records for assessment purposes.

During 1952 Forest service fire-fighting crews suppressed 11,965 fires. Of these, man caused 7,021 and sports 4,944.

Drive the Car!

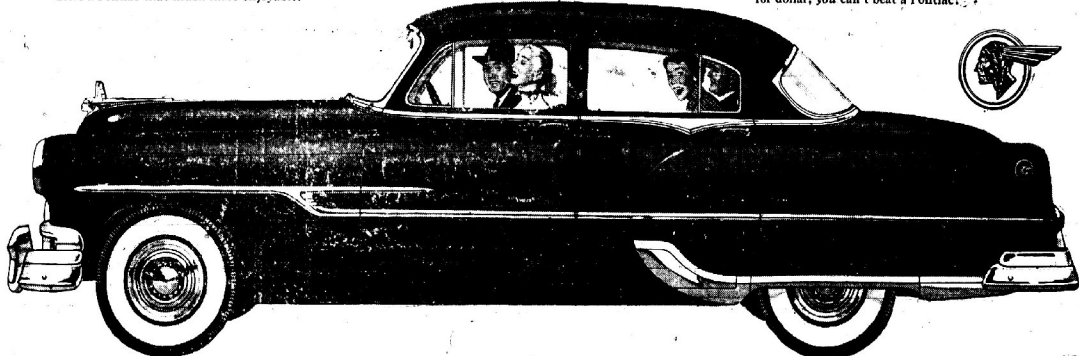

Compare the Price!

Check the Deal!

YOU CAN'T BEAT THE CAR
Don't invest your money until you see and put the husky, high-compression power of a Pontiac through its paces! Here's one fine car that can take your toughest test. From your first touch on the accelerator to the last smooth, assured stop, you'll find you have a real performer in hand. And knowing Pontiac's unsurpassed reputation for dependability makes every mile you drive a Pontiac that much more enjoyable.

YOU CAN'T BEAT THE PRICE
Why pay more—and why take less? The price of a Pontiac is actually just a few dollars above the very lowest priced cars! Surprising? Come in and check for yourself! While you're about it, compare the vast difference in quality that Pontiac offers you for that small difference in price! With all its size, luxury and power, Pontiac's price tag is still a most remarkable feature.

YOU CAN'T BEAT THE DEAL
You want the best value, of course. Then do this: After you've experienced Pontiac's powerful performance, know its extra quality and its low price, let us prove to you that Pontiac has one of the very highest resale values in America. Everything adds up to one fact: the Pontiac deal is your best deal! Compare carefully and we think you can make but one logical decision: "Dollar for dollar, you can't beat a Pontiac!"

TESTIMONIAL

TO THE REPUTATION AND CHARACTER OF GORMON COLLINS BY PROMINENT CITIZENS OF FLOYD COUNTY:

We, the undersigned residents and voters of Floyd county make this joint statement:

Each of us has known Gormon Collins over periods ranging from 10 to 30 years, depending upon our residence in the upper Right Beaver section of the county, and we have found him to be a man of splendid character, sincere and honest in his dealings with others, and interested in a better Floyd county. Mr. Collins is a former teacher in the Floyd county schools and is a veteran of three years' service in World War II. He has never, to our knowledge, been an officer of any kind, arrested on any charge or accused of any crime.

WHEELWRIGHT LODGE

No. 889

F. & A. M.

Meets each second and fourth Wednesday

A 30-Year Dream Coming True!

He used to stand on the curb in front of his father's house—and watch the Cadillacs sweep majestically by—carrying fine ladies and gentlemen on happy excursions.

That's when the dream started in his heart—and refused to leave.

Six times, before today, he has signed his name to an application for a motor car title—and, on every occasion, it knew it was a compromise.

But not this time! He is taking the keys to a beautiful 1953 Cadillac—and his 30-year-old dream is coming true.

And what a fulfillment it will be, as he rolls out into the highway and takes the longest way home!

First of all, he'll get those quick glances of approval which tell him the dream he dreamed for so many years is still in the hearts of others.

And then the car's great performance will begin to unfold itself.

Silence—almost complete silence—just the soft sound of the wind slipping by... the quickest, easiest response to the accelerator he has ever imagined... steadiness and roadability and handling that remove all but the merest effort from manhandling the car.

And, oh, what marvelous comfort! It's like sitting in the easiest chair conceivable—and moving smoothly and effortlessly through space.

And then, almost before he knows it, he'll be home—and in the driveway—with the family rushing out with the final voice of confirmation.

Man—this was worth waiting and working for!

And, of course, the years and the miles will add their part as to the wisdom of his choice; dependability—long life—economy of upkeep and operation—and unusual resale value.

Yes, there is every practical reason for owning a Cadillac—as well as every personal one.

Better come in and see us today. It's probably easier than you think to make your dream of Cadillac ownership come true.

CATS DOWN MORGAN COUNTY FOR SECOND HOME VICTORY

Prestonsburg's fast-improving Black Cats won their second game of the season last Friday night by overpowering Morgan County, 33-19, on the Prestonsburg field.

Lowell Hughes, Clifford and Ronnie Goble and "Jep" Alexander combined speed, fitness and deadly passes to score in every period against the veteran-studded Blue Devil line-up.

Morgan County's two lightning-fast backs, Dehart and Hill, spearheaded a touchdown march early in the fourth period with Hill sweeping for 118 yards and two touchdowns for a total of four on the score.

Morgan County—Ends: Caldwell, Ousley, P. Burchett; tackles: Spadnick, Puckett, Wells; guards: Salyers, Harrington, Ousley, E. Burchett; centers: Tackett, Reath; quarterbacks: Hughes, Alexander; halfbacks: Shephard, C. Goble, R. Goble; fullbacks: Thompson, Dixon.

Carson on Committee For State Coroners

Floyd County Judge Darner was named to the legislative committee of the Kentucky Coroners Association at the Association meeting in Louisville last week.

A panel discussion led by members of the State Police discusses duties of the coroner in the event of atomic attack and sudden infant deaths among other topics.

Attorney General J. D. Backman, Jr., discussed rulings and decisions on laws pertaining to the office.

To the Citizens of Floyd County:

I wish to state that I own property nearest to and adjacent to the property of Bill Hall, at Mars Creek, Kentucky, who is now a candidate for Sheriff on the Democratic ticket.

Having lived by Mr. Hall and having been his nearest neighbor for a period of years, I would like to tell the people of Floyd county the feeling of respect I have for him. He has been a fine neighbor, and we have gotten along, during the time I have lived near him, as good neighbors should. I give credit to him because he is the type of man that makes a good neighbor, and I feel assured that he will make Floyd county the finest Sheriff it has ever had.

I urge all of my friends and relatives to get out and work for his election and to support him right up to the time the ballots are counted.

MAYTOWN

The P. T. A. and Women's Club take this opportunity to thank each person who helped in any way to make the Floyd Show such a successful success. The proceeds from the luncheon will go to the P. T. A. and the Women's Club for the money taken in from the banquet. This in turn will be given to the Methodist Church for building fund. Maytown was proud of their young people in the musical at the "Power Show." The high school girls club is one of the best in the county, due to the work and interest of Mrs. Thomas Patrick, their director. Following is the program they presented Saturday: Saxophone, "Song of the Shinghades"; Viola, "Song of the Shinghades"; Piano, "Seven Lonely Days"; Nuts, "You and I"; "You Truly"; and "You, You, You"; Sandra Sue, "Patric"; trombone, "Singshades"; Ernie Rafferty, vocal solo, "God Bless Us All"; Bonita Hall; vocal duet, "Heart and Soul"; Sandra Sue Patrick and Judith Turner; piano, "You, You, You"; Jimmie Hopson; vocal solo, "The Lads with the Delicate Air"; Sandra Sue Patrick; vocal solo, "Where is Your Heart"; Nuts; "You, You, You"; "Kiss Me Again"; Glenna Hammy; vocal solo, "Mockingbird"; "Bonnie Hopson"; vocal solo, "Smilin' Thru"; Owen, Judy; Myra Gibson; clarinet solo, "My Vernon Minter"; Carleen Howard; The Glee Club sang "Gentle People"; "Whispering Hope"; "Girl of My Dreams"; "My Blue Heaven"; "Always"; and "Let the Best of the Best Go By."

The Maytown Women's Club held its regular monthly business meeting at the home of Mrs. Theodore Gibson, Tuesday evening. The final plans were made for the Power Show, and committees were named. Mrs. Ed Stewart read the proposed amendment to Section 136 and each member will be asked to vote to encourage their vote of "Yes" for this important amendment. Mrs. Gibson served refreshments to Mrs. James Frank Stewart, George Patton, Ed Stewart, David Reed, Raymond Hopson, Charles Patton, James Allen and John Linn.

Mrs. Viola Stewart attended the Republican convention in Chicago last week. She was one of the Republican women of Kentucky elected to attend this event. En route, she visited Mrs. A. B. Osborne of Russell who accompanied her to Chicago.

Maytown is proud of the group of F. F. A. boys who won fourth place in the state in the poultry judging contest at the State Fair last week. Ed Stewart and James Talbot were among those attending the opening game of the University of Kentucky's football season at Lexington, Saturday.

Mrs. Sophia Stone, who was injured recently in an auto wreck, is recovering at the home of her daughter, Mrs. Beauden Osborne and family.

Mr. and Mrs. Clarence Stone are the parents of a daughter, born at the Beaver Valley hospital last week.

Keith, son of Mr. and Mrs. Roy Stewart, was a patient at the Beaver Valley hospital last week. Keith is suffering from a badly injured nose he received while at play.

Mr. and Mrs. Homer Kersey, Jr., and daughters, Carolyn Jean and Edna Rae, at Ashland, spent the weekend with Mr. and Mrs. Herbert Ostley.

Sympathy is extended to the family of Mrs. Martin (Dud) Hays, who passed away recently.

Mrs. Ivel McCown of Portsmouth, spent the weekend with her mother, Mrs. Minerva Clark.

The Maytown Methodist Youth Fellowship was well-represented at the sub-district meeting at Garrett, Monday evening.

Mr. and Mrs. James B. Clark and Mrs. Julia Culey attended the

DRIFT

ENDORSES SECTION 136 AMENDMENT

The Drift Women's Club met at the home of Mrs. Joe C. Moore, September 9. Miss Ruby Akers, president, welcomed Mrs. Harry Green as a new member. Mrs. Betty Turner gave a report on the progress of the new Year Books. Mrs. Dick Showers, chairman of the International Relations Department, distributed to each member the game of pen pals in foreign countries.

The Club voted to endorse voting "Yes" to Amendment 136, coming in the November election. The president announced the fall Board meeting of the Kentucky Federation of Women's Clubs to be held in Louisville this month. She read a letter from Kentucky Federation president, Mrs. I. D. Thompson, concerning the following things to be done this year: send delegates to the convention in Denver, follow Christmas program for veterans, enter contestants in the number one test, and urge students to enter essay contest on Americanism. The Club voted to buy a case of cigarettes to be sent to veterans for Christmas.

A committee was appointed to check the town's garbage disposal system and the progress of the road to be built in the local cemetery.

Mrs. Dick Showers was appointed to see if the Club may have permission to sponsor a magazine cart in the local hospital.

Refreshments were served to Mesdames Fred Cochran, Oliver Egan, Bobby Hall, C. J. Cahill, H. T. Howell, Harry Green, Claude Martin, Joe C. Moore, Alan Reed, Alvin Reed, Ward Reed, Dick Showers, Lloyd Stumbo, Glen Ward, Misses Ruby Akers, Jackie Hall and Betty Turner.

UK Faculty Member Returns from Tour

Back on the University of Kentucky campus this week after a summer studying tropical diseases in Hawaii and Mexico, Bacteriologist Morris Schrago told an encouraging story of steps being taken in those countries to combat tropical malaria. Dr. Schrago, who is head of the UK Department of Bacteriology, described the health situation in Hawaii as "especially good." He left Lexington in June for Hawaii, and after spending two months there moved on to Mexico in mid-August.

HOTELS GET CERTIFICATES

Certificates of cooperation will be given 146 hotels in Kentucky for their efforts to improve fire safety conditions in their buildings during 1952. State Fire Marshal J. T. Underwood, Jr., announced last week that 86 of the number are being given certificates for the fourth consecutive year. Twenty-four on the list did not obtain awards for 1951, but had earned previous certificates before getting them again this year.

Included in the list was the Hotel Turner in Prestonsburg.

Attention! -- Big News! -- Good News!

This is to announce the building of a

RACE TRACK at Allen, Ky.

WHERE AUTOMOBILES AND HORSES WILL BE RACED

The track will be one of the best in the country among the Stock Car Tracks.

Lots of excitement and entertainment will be provided on this Speedway.

Big cash prizes to be given to the winning contestants.

Automobiles will be run once a week; also horse racing once a week. Any firm or individual wishing to enter an automobile can do so by contacting Charles McCoy at Prestonsburg, Kentucky, who can give information on entering the race. Cars must be prepared for the race according to Racing Association rules.

Racing will give you a chance for big cash awards, also will be fine advertising for autos entered in firm names.

Horse racing is going to be keen and very interesting. Any one interested in entering a horse can do so by sending the name of the owner and name of horse to Charles McCoy, P. O. Box 467, Prestonsburg, Kentucky.

When we receive a sufficient number of entries for a race we will publish the date of the race and the names of the horses and their owners. This will be a chance of a lifetime for the farmers to get in on the news and win big cash prizes.

Every one watch and listen for the big opening and the announcement of the first race.

You will see plenty of speed, lots of wrecks, tumbles and spills.

Watch, look and listen for the Big Opening—the first big race. We hope to be ready for the first race in two weeks.

CRISP CITED FOR RESCUE OF WOUNDED

Sgt. Crisp and litter-jeep he drove in Korea.

Sgt. Richard Crisp, of Alhoretta, has been cited for bravery as a litter-jeep driver for the 3rd Battalion Aid Station, 2nd Infantry Regiment, in Korea.

The citation reads, in part: "During the period Sept. 24, 1953 to Oct. 28, 1953 in the vicinity of Kumbung, Korea, Sgt. Richard Crisp, of the Battalion Surgeon's Driver, led by his unselfish action in the face of enemy artillery. Without regard for his personal safety, he took his litter jeep to outpost positions to bring in wounded men when personal carriers who were usually used for the operation were not available. In many instances he left his jeep and climbed the steep slopes in the face of enemy fire and assisted the litter-bearers in evacuating the wounded to his litter jeep. His action gave courage to his fellow-drivers who made numerous trips to the outpost to evacuate the wounded. By his action Sgt. Crisp reflected great credit on the Medical Service, United States Army and the United States Army."

WHEELWRIGHT

CLUB IN FIRST MEET OF YEAR
The first meeting of the Wheelwright Woman's Club for the year 1953 was held in the Woman's Club room Monday night, September 14, with 28 members and two guests present.

Mrs. R. J. Jones, president, greeted the members and guests and introduced Mrs. F. E. Conley, chairman of the Education Department, who was in charge of the Americanism program. The program was inspired by the fact that the week of September 14 had been proclaimed Americanism Week and that the General Federation of Women's Clubs is sponsoring a campaign to restore the entire first floor of Independence Hall which occupies the corner of the Liberty Bell now vacant.

Mrs. Conley introduced Crawford Bradley, Wheelwright high school teacher who is a major in American History. He spoke on "What Independence Hall Means to Me." Mrs. Conley pointed out the Club's efforts to counter the efforts of other civic organizations and the schools concerning the Hall in order to make this an education program.

Mrs. Roy Souleyrette, vice-president, reported on her attendance at the state conference in Lexington.

Mrs. Bobby Griffin, corresponding secretary, read the score card so that members should be familiar with the work which is to be done by the end of the year, and outlined the program for the new year as written by Mrs. L. D. Thompson. She also announced that a new book had been written by Mildred White Wells, former editor of the GENERAL FEDERATION OF WOMAN, on the history of the General Federation of Women's Clubs entitled UNITY IN DIVERSITY which will be published November 1, and that Mrs. Ray Sailer from the Jackson Woman's Club is a candidate for the office of Governor of this district. Letters of appreciation from Caneys Junior College and Pine Mountain Settlement School were read for contributions made to the club in flowers and flower displays for the Fair.

Mrs. Jones announced that a copy of the GENTLE FETTERED TIGER CLUBBYWOMAN would be placed in the club room to be available for all who might wish to read it.

The Public Welfare committee, consisting of Mrs. R. L. Hall, Mrs. Curtis Egan and Mrs. P. H. Spence, was asked to conduct underprivileged children, who are in need of dental care in order that they might see their dental care. Mrs. J. T. Turner urged the club and its individual members to support the finance drive of the Girl Scouts, who are sponsored by the Woman's Club.

Mrs. P. H. Spence reported that a scholarship fund had been awarded Mrs. Edna Colton, but that she could not accept it due to the fact that she was not admitted to an in-state school.

After the meeting adjourned, refreshments were served by Mrs. G. B. Hall, Mrs. Charles Hopkins, Mrs. Charles Wilson, and Mrs. Clayton Ferguson.

Read what Wall Street Journal says about the '53 Studebaker

Detroit Studies Sales of "Continental" Studebaker

By a WALL STREET JOURNAL Staff Reporter, DETROIT—Studebaker, which was a big factor in setting early postwar auto styles, may now be setting the pattern for the next few years.

Its 1946 model, designed with lavish use of glass by Raymond Loewy, was the first completely redesigned postwar car. The South Bend, Ind., concern made no further major change until its current 1953's; with these it introduced low, rakish "Continental" styling. Also designed by Loewy, the new model cost \$27 million to introduce, double the 1946 cost.

A top Detroit stylist, employed by a rival manufacturer, says that the current Studebaker will affect the future looks of more competitive makes than the industry would like to admit. Most of the

ELECT FOSTER "Sid" MEADE

MAGISTRATE, DISTRICT 3
I WILL BE MY OWN BOSS—NO DICTATORS.

To My Friends in the 96th Legislative District, both Democrats and Republicans:

Due to the fact that I was unopposed as a candidate for the Legislature in the recent Republican primary my name did not appear on the Republican ballot. I wish to thank, at this time, the Republicans for the confidence and honor conferred upon me.

My name will be first on the Republican ballot in the November election. I will appreciate the vote and support of both my Republican and Democratic friends in the 96th District and if elected I promise not to let you down and to work for the best interest of Floyd county at all times.

A little later in the campaign I will discuss the issues by personal contact, the newspapers and radio.

Yours for a bigger and better Floyd county,
Sincerely,
N. M. (BUD) WHITE

Republican candidate, 96th Legislative District.

Collection Notice of Delinquent Taxpayers

The following is a list of the 1951 and 1952 Tax Bills due and owing to the Prestonsburg Board of Education, and which have not been paid. The property upon which this tax is due will be sold at the front door of the courthouse in Prestonsburg, Kentucky between the hours of 10 and 12 a. m. on September 28, 1953 to satisfy said tax and the cost of advertising and sale. The tax bills will bear interest at 12% from the date date until paid. A lien is retained upon the property to satisfy said taxes, costs and interest.

Miss Parker-Mr. Hardin Wed Near Here, Sept. 14

Miss Mary Lou Parker, daughter of Mr. and Mrs. Ben Parker, and Mr. William Russell Hardin, son of Mr. Willis Hardin, and the late Mr. W. H. Hardin, of Floyd Co., were married at the home of Mrs. Parker's parents on the Prestonsburg-Skyersville road, at 9 o'clock Monday evening September 14. The double-ring ceremony was solemnized before an altar bedecked with early fall flowers by the Rev. Isaac Stinson, who had also officiated at the wedding of two of the bride's sisters.

Given in marriage by her father, the bride wore a silver-length dress of white with white tulle and black and red accessories. Her corsage was of red roses.

Mrs. Leon Poe, sister of the bride, was matron of honor. She wore a beige wool dress with a corsage of white roses.

Mr. Tommy Jones, of Maysboro, acted as best man, and Mr. Clyde Casady, of Fries, played musical accompaniment during the ceremony.

Mrs. Parker, mother of the bride, wore a black and white sheer dress.

Mrs. Hardin, mother of the groom, wore a brown suit.

A reception was held following the ceremony, and refreshments were served to a large group of friends and relatives. Amongst were Mrs. John T. Woodruff, of Ashland, and Mrs. Shelden Hardin, of Fries, who were guests of honor. Billie Harris and Miss Christine Spradlin, Prestonsburg.

Following the reception the couple left for a short honeymoon in Louisiana with the army.

The bride is a graduate of Prestonsburg high school and attended Marchand State College. She is now teaching school near her home where she will reside until Mr. Hardin is released from military service. He is a graduate of Iowa high school and is stationed in Louisiana with the army.

UK Community Meet Speaker Announced

Dr. Carl C. Taylor, head of the Division of Farm Population and Rural Life of the U. S. Department of Agriculture, will be a principal speaker at the University of Kentucky's first Community "School-for-a-Day" program scheduled for Monday, Sept. 28, on the UK campus. Community leaders from all sections of Kentucky have been invited to take part in this affair. In addition to his duties with the Division of Farm Population and Rural Life, Dr. Taylor is serving as a consultant on community development to the United Nations Technical Assistance Administration and to the Foreign Operations Administration. Persons enrolling for the Sept. 28 affair may attend one morning and one afternoon class dealing with community organization.

The only convertible that outsells Ford!

WHAT IS IT that makes Ford's Sunliner America's best seller? Is it its high-compression V-8 power? (No other convertible in Ford's line has this kind of engine.) Is it its fine craftsmanship of its Crestmark Body? (No body in its field can match Ford's choice of exterior and interior color combinations.) Is it its new spring and shock absorber action which makes even roughest roads feel smooth? (The Sunliner's springs are tailored to its weight.) Is it the choice of Fordomatic, Overdrive or Conventional gear? (You won't find such a choice in any other car in Ford's field.)

No, it's not just any one of these things that make Ford America's longest-selling convertible. It's all 41 of Ford's "World More" features... feature which folks know make Ford worth more when they buy it, worth more when they sell it.

Test Drive America's No. 1 Convertible! Ford Sunliner!

MAY GO TO COURT

Frankfort, Ky., Sept. 14 — The question of whether the State Department of Revenue may assess properties on Fort Knox Military Reservation for property taxes appears headed for the courts for determination.

The Kentucky Tax Commission has included properties of the Louisville Gas and Electric Company and Tennessee Gas Transmission Company, located at Fort Knox, in its annual franchise assessment and they are being protested.

The Department of Revenue in 1950, followed advice of then Assistant Attorney General T. O. Williams that such property within a military reservation is not subject to state taxes, while his successor, Assistant Attorney General Spivey N. Williams, held it is subject to state franchise taxes. The entire Louisville Gas and Electric assessment is \$80,275.00, while that of Tennessee Gas Transmission Company is \$39,626.52.

LOUISVILLE — The Kentucky Master Fishers Association was told the housewife is our biggest competitor because of increased use of packaged mixes.

International Nickel's copper refinery at Copper Cliff, Ontario, is the lowest in the British Commonwealth at 12.52, it produced over 23,000,000 pounds of copper.

Citizens and Voters of Floyd County

This rumor is still as false as it was in the Primary, and I certainly hope that the good people of Floyd County will not be taken in by this story.

I am quite frank to say that I have selected and promised only two men that they will be deputies during my administration, and I do not hesitate to tell you who they are because I feel that they have won the support and confidence of the people of our county in the work they have heretofore performed for Floyd County.

Both of the men I have selected thus far have been former sheriffs of this county and are of the highest integrity. I have told Bev Sturgill that, if elected, I shall ask him to serve as my office deputy. His experience and integrity are such that I feel he will be very helpful to me in making the best Sheriff possible for you. I have also selected and promised T. Y. Martin that, if elected, I will ask him to perform the duties he has lately been performing in the Sheriff's office, that is, attendance upon the court, summoning bystander jurors, etc.

I can say, without fear of contradiction, that I have not promised any other person a job in the Sheriff's office. I have in mind this plan to use in the selection of deputies. When elected, I shall contact leading citizens in each of the magisterial districts and shall select deputies from among those persons recommended to me by these citizens.

Certainly, such a plan of selecting deputies will meet with the wholehearted approval of the people in each section of the county.

I challenge any person to successfully deny or contradict anything I have said in this statement. On this record, I ask each and every good Democrat and Republican interested in a good Sheriff's administration, based upon the law and upon my integrity as a citizen, to elect me as Sheriff of Floyd County.

Thank you,
BILL HALL

SOIL CONSERVATION

By L. R. Johnson

Emmitt Hamilton, of the Teaberry community, has finished his project of tiling. It took 460 feet to make the wet and dry. Lee Justice, of Buffalo, is planning to establish a grass waterway across his 11-acre bottom. The runoff from hill meadows and gives a lot of worry. The waterway will be made straight, and so crossing with farm machinery will be practical. Mill Baskley, a district supervisor, attended a Soil Conservation meeting at Hazard recently.

J. B. Clark, chairman of the board of Supervisors, will attend the annual meeting of the State Association of Soil Conservation Districts at Kentucky Dam in October. Floyd county Soil Conservation District is broadcasting over WPPET every Saturday at 5:30.

If you have conservation problems, contact one of the SCD Supervisors or L. R. Johnson.

STATEMENT OF CHAIRMAN

In behalf of the Fair Board and myself I wish to thank the many people who have helped to make this fair possible. Its purpose is to show and encourage the progress of our farms and other industries. We are proud of Floyd county and the Fair will show why. It is the first since World War II.

It is our hope that you will make the most of this way of showing what we have done and seeing what others have done. An interesting and helpful experience is planned for young and old, for those on the farm, in industry and in school.

The recognition given to exhibits of our boys and girls in 4-H clubs, FFA and other organizations will increase interest in doing worthwhile things. The value of such interest is beyond measure. Again, thank you, everyone, for your interest and effort. Visit the fair and enjoy every minute as you see Floyd county on display. We believe that your contributions are an investment that will pay rich dividends in the lives of our youth.

The splendid spirit and cooperation shown by the members of the board with the effective council and guidance of our county agent is very much appreciated.

JESSE ELLIOTT, Chairman

BLADES of BLUEGRASS

By ORNINE JOHNSON

LEXINGTON, Ky. — The 1955 Kentucky State Fair, the largest in the history of the Commonwealth with its thousands of entries in agriculture and home economics and valued in millions of dollars, has brought to mind for some old-timers the agricultural trains of 1911, 1912 and 1914. Those trains carried exhibits of livestock and poultry, along with other displays such as might be seen at a fair or exposition.

Operated by the railroads, with teaching staffs provided by the colleges of the state, the trains were called "universities on wheels" to be taken to the very doors of the people. The first such train devoted to the various lines of agriculture, fitted up with exhibits illustrative of the topics of the lecture; . . . grain and fount crops of Kentucky; improved farm implements; enlarged photographs teaching lessons in agriculture; scores of agricultural charts; livestock of various kinds; illustrations of the work of the college; printed bulletins regarding free courses; samples of soils and fertilizers; spraying outfits for orchards and gardens; completely equipped dairy; work of insect and fungus pests and devices for their destruction; reasons for various classes of livestock; scores of fowls of all types; incubators, brooders and poultry supplies; domestic science car fully equipped; and many other interesting things too numerous to mention.

"Coaches were fitted for lectures, but the number of people who came to see the train at its advertised stops was often so great that it was necessary to hold the meetings out of doors, and then open the train for inspection by visitors."

More than 70,000 people at 108 station stops waited the train, which ran over the seven principal railroads in a period of 29 days. The third and last agricultural train was run in 1914 by the following year, the extension service was reaching the people of the state through its system of county and home agents, and the automobile had awakened the people to the need for better roads.

Kentucky Photo News

The one-room school, above, is typical of the many operating throughout the Commonwealth. The state Department of Education recently announced distribution of \$5,675,000 in an equalization fund which will benefit poorer school districts.

The Annual Boone Festival will be held this year at Barbourville on October 16-17. Daniel Boone, left, a distant relative of the Kentucky explorer, recently visited Barbourville and the Dr. Thomas Walker State Park. Here he is shown near the cabin, a replica of the one constructed by Walker.

STATEMENT OF MAYOR CLARK

Floyd county should be proud that it is again having a Fair. Because of the closing of so many truck mines causing much unemployment, I think that it is important that we have a successful Fair at this time.

Floyd county in the future is going to have to return to farming if we are to stop the migration of our people to the industrial North. I think the Fair this year will do much to encourage our farmers and will cause them to strive harder each year to produce more than ever before so that we of Eastern Kentucky will import less food from other states, thereby improving the economy of Floyd county.

I urge the people of Prestonsburg and Floyd county to attend your Fair and make it Floyd county's best.

CURTIS CLARK,
Mayor, City of Prestonsburg

TO THE CITIZENS OF FLOYD COUNTY:

It is with considerable pleasure that I learn that details for the Floyd County Fair have been completed and that it will be held on October 1, 2 and 3, at Prestonsburg, Kentucky.

I am sure that such an event will be favorably received by the people of Floyd county and request that each and every citizen give their wholehearted support to the Fair, insofar as I am capable, both personally and as your County Judge, I can promise you that everything which can be done will be done to make this Fair the greatest Floyd county has ever had.

I want to thank each and every person who has and will work to make this Fair possible, and your support and attendance will do much to indicate your interest in the future development of our county.

Respectfully yours,
HENRY STUMBO,
County Judge.

ATTEND THIS SHOW!

ONE week from today (October 1), Floyd county again will have its own Fair for the first time since early in World War II. To assure the continuance of the Fair as annual event, without interruption, all Floyd county must give it its full support.

Business firms have been very liberal in their financial backing of the Fair, and a sizeable group of public-spirited citizens has worked to make the Fair a success. But a million dollars in the treasury and years of hard work before the event itself would not guarantee a satisfactory Fair.

The presence of people at the Fair is the next thing that is necessary. Without them, all the prizes and all the exhibits would be of no cumulative effect.

So attend the Fair. See what your neighbors have grown and made. Turn back to the soil, upon which all of us, for all our knowledge of the sciences and synthetic production, depend for life itself. See and admire what human industry and care, intelligently directed, will produce. And gather for yourself a bit of inspiration in the pride and gratification those responsible for such fine products of the farm, garden and home take in having ended another season with a job well done.

It's your Fair. Make sure it will be Floyd county's best.

STATEMENT FROM COUNTY AGENT

The County Fair provides an opportunity for our farm people to meet together, exhibit products, compete with their neighbors and have fun in the fall season. Let us all try to make it good by exhibiting as many products as possible.

The final success of the Fair depends on you, the farmers, homemakers, 4-H Club members, boys and girls who are the backbone of our county. I sincerely hope that each of you will plan to have at least one exhibit in the show window of the farm people of Floyd county, October 1, 2 and 3.

HOW MINIMUM FOUNDATION
WOULD BENEFIT FLOYD-CO.

In 1953-54 the average daily attendance in Floyd county was 11,002.64. Of this number, 726.50 were in 36 remote schools with ADA below 27 pupils. This would give us 36 class room units for remote schools. Then 11,026.14 in all the schools minus 726.50 in the remote schools equals 10,299.64 remaining ADA.

This 10,299.64 divided by 27, the desirable number for each room, equals 380.22, class room units. We have four vocational teachers in the county for which we would be given four class room units. The 38 units for remote schools, plus 380.22, class room units for remaining schools, plus 4 vocational units equals 422.22 basic class room units. We would be given one special teacher such as librarian, principal, or music teacher for every 3 basic units. 422.22 divided by 3 equals 140.74 for special teachers. Then we would be required to have 4 supervisors and 3 attendance officers for which we would be given class room units. Thus our total class room units for Floyd county would be 422.22 plus 140.74, plus 4, plus 3 for a total of 569.96.

The state would allocate \$3200.00 per unit of the 422 class rooms for a teacher with a BA degree, \$2900.00 for a teacher with a BA degree, \$2600.00 for a teacher with 3 years college work, and so on down.

We will use for our figures \$2000.00 times 422 class room units for a total of \$1,977,800.00 for teachers' salaries. We would be allowed \$500.00 per class room unit for operating expenses, or \$250,000.00 times 422 class room units for a total of \$105,500.00. We would be allowed \$400.00 for capital outlay for each of the 422 units or a total of \$172,800.00. The average number of children transported each day in Floyd county in 1953-54 was 4,977 students. We would be allowed 1 bus unit for each 80 children transported, or 62.33 bus units. Then in addition, we would be allowed 1 bus unit for each 40 to 50 square miles in the county. On the basis of 46 square miles, for each unit, divided into the 460 square miles in the county, you would get 9 extra bus units. 62.33 bus units plus 9 bus units would equal 71.33 bus units for the whole county. We are allowed \$100,000 for 71.33 bus units for a total of \$1,072,000.00.

For the total educational requirement of the county you would have \$1,938,800.00 broken down as follows:

\$1,297,800.00	for salaries
\$251,000.00	for operating expense
\$192,800.00	for capital outlay
\$107,200.00	for transportation

How would this \$1,938,800.00 be obtained?

The January, 1952 assessed valuation of property in Kentucky for school purposes on the local level was \$3,185,000,000. Times \$1.00 tax rate equals \$31,850,000.00. Floyd county had 28.84 per cent of the total tax paying ability of the state in terms of equalized value, \$31,850,000.00 times 28.84 per cent equals \$9,186,320.00—Floyd county's contribution on Minimum Foundation Program without capital outlay. In order to participate in capital outlay, 20 per cent or 10 cents of the present \$1.50 tax rate would have to be contributed by Floyd county. Thus, \$28,392.00 plus \$20,859.20 equals \$49,251.20, our total contribution including capital outlay. The \$29,231.20 from \$1,938,800.00 leaves \$1,642,568.80 for the state Legislature to provide in state taxes. The additional 40 cents that is now levied in local taxes would produce another \$1,072,000.00 to meet locally for enrichment of the program.

*It should be noted that these tax figures on the local level do not represent any increase over the present \$1.50 per \$100 valuation rate.

VOTE STRAIGHT FOR YOURSELF

It is not only a privilege to be an American it is a great responsibility. It is a legacy of freedoms, privileges and rights willed to us by our forefathers who lived under the yoke of oppression and knew the value of freedom as to other people could.

These great freedoms, won at the cost of bloodshed, strife and toll of men with their eyes upon the future and the cost was no excuse as they expected to pay with their lives and many did. The same thing has happened three times since the Declaration of Independence. The same price has been paid for your American citizenship by the blood of men who cherished those great rights.

The right to be an American was fostered by our forefathers and nurtured by sacrifice. The sole custodian of our rights is the individual and his vote, based on a two party system so as not to have a totalitarian state, and thereby lose this great heritage through defeat.

Your vote my friends is one of the greatest weapons for good or bad, that you have. Its devastating power is equal to the atom bomb if used as was intended. With this, the only weapon of the people against bad or for good government, you the people have the power to control this country. You can fire or hire every four years and in-between times if necessary. The two party system being flexible and set up in such a manner that in the final election you may vote for whom we choose, regardless of party affiliation.

The professional politician is trying to sell the people a bill of goods. That particular bill of goods being, "Vote it Straight." We wonder why they have the same tune "Vote it Straight" every election. Seems as if the professional politician is afraid some one else will get his job. Some one with better qualifications or another young man that isn't a professional. Or maybe they feel that our people do not have sense enough to know how to vote and they have to tell them every election.

Do they want you to "Vote Straight," so you may have the best officers possible? That you may have clean, honest government or that they may perpetuate themselves in office and then his son and after him his grandson? Does this professional say, "Pick the man best qualified. Pick an honest man. Pick a man of integrity," or does he say, "Vote her straight and pick me."

I, Gormon Collins, candidate for Sheriff, do ask you as good Americans, proud of your heritage, thankful to God that you are an American and enjoy the blessings of a Democracy—to "Vote Her Straight—Straight for yourselves." A vote for good, qualified officers, regardless of party affiliations, is a straight vote.

Sincerely,

GORMON COLLINS

Stephens Wine State Junior Casting Title Anglers in Tourney

The State Junior Conservation Club casting championship was retained in Floyd county for another year Saturday when Stewart Stephens of Prestonsburg cast a 98 at the State Fair in Louisville to defeat in easy fashion casters from other conservation districts of the Commonwealth.

He succeeds David Allen, who held the title two years in a row and whom Stephens eliminated in the final contest last year.

Following the junior conservation contest, the Mountain Anglers — Stephens, Allen, Bill Baker Burke, Edmund Burke and Quentin Allen staged a casting exhibition at the Fair Saturday night.

Next day, all five boys competed in the tournament staged by the Louisville Casting Club and there they gave a great account of themselves.

Bill Baker Burke won the five-eighths-ounce contest, recording in a cast-off a 99 to defeat David Allen with whom he had tied with a 98. **Bob Budd,** of Louisville, won the three-eighths-ounce event with a 98. **And Bill Baker Burke,** Stewart Stephens and David Allen tied for second place with 97s. Allen cast a perfect 100 to win the cast-off.

David Allen won the skink bait event with an 82.

Bob Budd made almost a clean sweep of the fly event.

HOME FROM ENGLAND — **Boy Joe Langley,** Mrs. Langley and son, **Boy Joe, Jr.,** who have been stationed with the Air Force for the past three years in England, visited his parents, Mr. and Mrs. Joe Langley, on Sept. 17, last week. They left this week for Lexington, Maine, where he will continue his service.

Mrs. Lydia B. Patton, 85, Dies at Daughter's Home; Was Native of Floyd-co.

Mrs. Lydia Beldridge Patton, 85, formerly of this county, died at 4 p.m. last Wednesday, at the home of a daughter, Mrs. Herman Taylor, Ashland. She was the wife of the late Joseph A. Patton.

Mrs. Patton was born Oct. 15, 1867 in this county, a daughter of the late William M. and Dicy Conley Beldridge. She was a member of the United English church. Although she had resided with her daughter for the last four years, she had resided at Cannonburg for 27 years.

Surviving sons and daughters besides Mrs. Taylor are Mrs. O. V. Gartin, Mrs. Clarence Hornsack, T. N. Patton and I. D. Patton. Ashland, Bert and Henry Patton, Galtersburg; Jesse Patton, Lexington; C. W. Patton, Waterloo, O. Also surviving are the following brothers and sisters: Mrs. W. Stephens, Cliff; Mrs. Cella Hackworth, Bonanza; Miss Susan Beldridge, East Point; Thomas A. and William Beldridge, East Point; and Henry J. Eldridge, Cliff. Twenty-seven grandchildren and 12 great-grandchildren.

Funeral rites were conducted at 2:30 p.m. last Friday at the Cannonburg Baptist church, the Rev. S. N. Meade and Carroll Oswald officiating. Burial followed in the family cemetery.

THE PLATFORM OF GORMON COLLINS FOR SHERIFF OF FLOYD COUNTY

The taxpayers of this county have been paying a big price for the results they have been getting. The Sheriff's office pays enough money in fees for collecting taxes and fees for all the other services that it performs to be able to maintain a good force of officers and pay them a fair salary. It pays enough to give the people good law enforcement and still be able to turn money back into the county treasury.

You, as citizens and taxpayers, should expect our Sheriff's force to be equal to, if not better than, counties that are smaller and have less taxes and less revenue coming into the Sheriff's office. You should expect our law enforcement agency to make some advances as the years go by. Can you name one advancement that has been made in the past ten years? Do you as taxpayers expect to elect an officer and let him sit down and let the rest of the world advance all around him? You have been paying for more than you have been getting.

I will offer you more as your Sheriff than any Sheriff has heretofore in law enforcement and progress. I do not offer you the moon, neither will I offer you squad cars with two-way radio. I will only promise you the things I can and will deliver.

- First, I will give you four years of honest law enforcement.
- Second, I will give you deputies of good repute and pay them a decent salary, that they may live without having to blackjack the public for a living.
- Third, I will furnish a deputy for all public gatherings and athletic events, outside corporate limits and in them upon request. I will give your schools and churches the protection that has been so sadly lacking.
- Fourth, I will establish in the Sheriff's office a fingerprint bureau and fingerprint all subversives and known criminals.
- Fifth, I will have on the Sheriff's force a trained detective, a man from our own county trained in one of our large police schools of our country.
- Sixth, there will be no favorites. All the people of Floyd county will be treated upon an equal basis.
- Seventh, I shall use as my guide the oath of office that is administered to the Sheriff upon taking office, and be a Sheriff of the people and for the people. Under my direction the law in Floyd county will be respected rather than feared, a help instead of a hindrance, servants instead of masters, enforcers of the law instead of buddies to the lawless.

I WANT TO RUN THIS RACE UPON MY REPUTATION AND NOT ON MY OPPONENTS.

I feel that it is the duty of every good citizen in this county to investigate my past and my present and judge the future on his findings. The same should be done by my opponent, then the choice should be made. If you feel that I will not make you the kind of Sheriff you desire, then you should vote against me. If you feel that Floyd county deserves something better than it has had, if you believe in law and order and a better place to live and rear your families, and want a man that will do the job—then you should support me for Sheriff of Floyd county.

The Rails Cry "Give! Give!"

WE are told that John L. Lewis and his United Mine Workers have contributed through demands for higher prices and "fringe benefits" which include miners' Welfare Fund created by a per-ton royalty collected from the operators, to bringing coal out of the market.

It cannot be denied that these factors have brought the price of coal up, but there remains the extraordinary circumstance that these were factors which contributed to better living conditions and medical services for human beings.

There is another big factor in the mounting prices placed on coal, and it has none of the human welfare angle to justify that.

It is the bill of complaints against the railroads. This is the bill of complaints against the railroads.

1. Bituminous coal freight rates since 1948 have increased a maximum of \$1.15 per ton net, and as a result the railroads are doing more by hauling the coal than the operators are for mining it.

2. The railroads increased freight rates between 1946 and 1951 14.6 per cent while the highest increase made on hauling of other products, manufactured or otherwise, was 8.1 per cent, and this on iron ore.

3. Net profits, after taxes, of the Chesapeake & Ohio, for example, as evidenced by records, are greater this year than last, and last year they were greater than for the preceding year. Yet the railroads fight every plea to cut in coal freight rates, despite the distress of the industry.

Were the railroads hard-pressed, with higher rates the difference between economic life and death, such an attitude toward coal, without which few if any rail companies would flourish, could be explained, even excused. But they prosper while they slowly choke to death the goose that lays for them the golden egg.

More than 50 per cent of the business of the C. & O. Railway Company derives from the coal industry. The miner and the operator depend wholly on coal for their earnings. On coal the economy of this entire section depends.

Wherein Both Administrations Are Alike

ONE striking similarity of the Eisenhower administration to that of the Truman regime becomes more apparent than the stock reply to every Russian proposal to ban the use of the A-bomb or the even more hellish hydrogen bomb.

These phrases have been heard or read in the comments of both administrations on Red proposals.

And both administrations may be right. Few are so naive as to credit the Communists with sincerity or a real desire for world peace.

When Adlai Stevenson recently advocated at least an effort on the part of the western world to reach an amicable understanding with Russia, he was promptly dubbed "an appeaser."

In every man of goodwill who would explore every possibility of peace, every remote chance of saving the world from a bath of fire in which civilization itself will probably be destroyed, an "appeaser" or he is an individual who is willing to lay aside prejudice, throw his cards on the table and give the world proof that it is really peace he wants.

Men talk, Peace, Peace, and the strongest indictment of all is that which is lodged against the railroads.

Naturally, we shall not scrap our store of atom bombs or discard what we have achieved toward the most destructive H-bomb without knowing that the Reds have and are doing about their weapons in the same category.

Yes. We must try. Let us try to make a deal on a basis, and have done with the double talk.

LETTERS TO THE EDITOR

THE LETTERS SHE MAILED Editor, Floyd County Times. I have written you many letters, but have never mailed them.

This time I intend to mail my letter to you. If someone doesn't tell you, at home how we feel, you will certainly never know.

For a while there has been high hopes of getting to come home and live in the mountains.

I'd like to say right here to the people who have the power to get the school funds out of the state.

There are a dozen or more families from Floyd and Big Sandy counties right here in this little town.

As you already know, not one of them left home because they wanted to. They had to find work in other parts of the state.

I don't think there is one of us who would give five years of our lives just to pick a "Poor County Times" and read "A Canal is Being Built up Big Sandy."

Mr. Adlai Stevenson is being called a "peace-loving" man. That would be a happy day for us and we would work hard to get it.

I have been following closely the accounts of the people in Floyd County. I am sure you have been putting forth so much effort trying to get the federal government to look and care Big Sandy.

There are many possibilities such as plastics, wood work, and other things which could be manufactured from the Sandy valley.

The people of the Sandy valley need to get a vision. They're being themselves up by their own efforts.

HE'S A LITTLE BOY LOST - AND WHO'S TO FIND HIM?

He has several nicknames. The most often-used which is Buck, to whom he and he couldn't very well use on initials named, since he claims he doesn't know his own father's name.

They asked him what he had done. He answered in dull tones. But on inquiry he said he was employed. Asked doesn't know his own father's name.

He missed rides. He slept for a time in a miner's bath-house. He had a mother but he seldom thought of her.

This youngster has sense, but his intelligence is all jumbled. Five-year-old, he-eyed, he was clean when the Maxon, 404 detention officer returned him here this week.

He has no money, but he has intelligence. He is human, although he would never let his money know his name.

IT'S A GOOD WORLD

The death of Chief Justice Wilson makes all of us realize how outstanding our good people become. This man was great enough to turn down the offer to acquire the presidency, which most men of similar opportunity crave.

Recently, The Times reported the recent industry meeting in the Adland. Seven men from Floyd attended. Walter Koch, director of industrial development for the state.

Such blunt statements put it plainly, and our good citizens may feel resentful. But to one man means that he is not a man of the people.

MINIMUM FOUNDATION PROGRAM, ITS EFFECT ON FLOYD COUNTY

The proposed Amendment to Section 185 reads:

"All the funds accruing to the school fund shall be used for the maintenance of the public schools of the Commonwealth, and for no other purpose, and the general Assembly shall by general law prescribe the manner of the distribution of the public school fund among the school districts and its use for public school purposes."

Vote "Yes" for this Amendment in November election, because:

FIRST: Kentucky is the only state using the per capita method of distributing funds.

SECOND: Floyd county receives from the state \$38.11 per child in the county this year, while other districts receive up to \$140.00 for each child enrolled in the public school. At present Section 186 continues this unfairness.

THIRD: The Legislature, under the present section of the Constitution, has refused to vote more money for the schools because to do so would have to vote \$3.50 to the already wealthy districts in order to get \$1.00 to a poorer district like Floyd county.

FOURTH: The Equalization Law does not change this inequitable situation.

FIFTH: This is the last year of the Equalization Law unless the Legislature re-enacts it and provides the money.

SIXTH: The equalization provision is very unstable. Floyd county loses this year, \$67,000.00 under this provision due to a falling assessment rate. Assessments in other counties of the State were up much more than Floyd county. Next year, if the law stands as it is at present, we will lose another \$188,000.00.

SEVENTH: The present provision discourages attendance.

EIGHTH: We have lost \$27,000.00 on per capita this year. As children continue to move out of the county, we will lose more. What is to take the place of this?

NINTH: Local taxation does not help the situation, for some children live in a district where the assessed property valuation is \$1,100 per pupil. Others live in a district where the assessed valuation is \$5,500 per pupil, or fifty times as great. There are 105,000 pupils living in 33 districts in which the assessed valuation is less than \$2,500 per pupil. Yet real estate in these 33 districts is assessed each child in Floyd county is \$2,285.00.

TENTH: The school census distribution method discourages both initiative and responsibility by disregarding ability of the local district to support education.

ELEVENTH: The passage of this new Amendment to Section 186 is necessary to put into effect the Minimum Foundation Program proposed for Kentucky schools. This program would bring into Floyd county approximately \$845,228.19 more than at present.

The proposed MINIMUM FOUNDATION PROGRAM WOULD NOT CHANGE LOCAL PROPERTY TAXES.

Here are budget figures for Floyd county under the MINIMUM FOUNDATION PROGRAM, based on present conditions:

'Courage is resistance to fear, mastery of fear—not absence of fear'

How often in this life we feel that we simply cannot overcome one obstacle or another. The obstacle might be a financial difficulty or even a physical one. Regardless of the classification the truth is that we FEAR our ability to surmount that obstacle. How often we have we taken that fear by the horns and, much to our surprise, overcome it and accomplished our purpose?

Items of this nature occur in everybody's life and to every walk of life. How wonderful to know that we have had the courage to achieve our goal simply by succeeding up our minds to success. Fear is ever-present in our making-up for it is but a normal sensation... just as normal as breathing, walking and sleeping. Thus, when we tell ourselves that FEAR is setting the terms of reason then our lives become fuller and more complete and each and every obstacle is but a challenge to ourselves and our reserve power.

LAWYER CONFUSED
Frankfort, Ky., Sept. 21 — Independent candidates for county office must file their declaration papers 45 days before the primary election in August, while the primary election is held in August. The independent candidates must file their declarations until 45 days before the general election. Assistant Attorney General M. B. Hoffield ruled.

He suggested the only way out of the confused situation would be for the General Assembly to correct it by appropriate legislation.

Returned POW Injured In Car-Track Collision Wednesday, Near Allen

Five days after his arrival home from a Communist prison camp, Sgt. Perret Montgomery, West Prestonburg, was one of two injured in a car-track collision at Allen Wednesday afternoon.

Montgomery was released from the Prestonburg General hospital after treatment for leg and foot, but Clarence Arrowood, Paintsville, wife of the truck driver in Our Lady of the Way hospital. No information was available on his condition except that he had regained consciousness.

The car driven by Montgomery was a new Mercury which he had bought only the day before. The truck driven by Arrowood was a three-quarter ton Dodge. No one except the drivers was riding in the vehicles at the time of the accident and there, it was said, no eye-witnesses.

Charles May, who owns a garage near the scene of the accident, and Millard Thomas were the first persons to arrive on the scene. They found Arrowood lying on the highway and Montgomery getting out of his car. Arrowood was unconscious and was breathing with difficulty. Prestonburg lawyer and brother to Sgt. Montgomery, was one of the first to arrive at the scene after May and Thomas.

GLS SUFFERED IRANIAN HEAT TO SUPPLY NEEDS OF RUSSIA

It's some sight to see a man, who has taken a mattress cover and cut holes in it for the arms, walking along with a load balanced on his head. It's Leonard Garrett, of Mare Creek, who served with the armed forces in Iran for 23 months. That's what the Iranians did when they could get out of our mattress covers they cut holes for the arms and wore them. They were so poor no American can ever understand how there can be such poverty. The Iranians thought all Americans are rich.

Garrett entered the army in September, 1942 and in May of the next year he found himself at Andimeshk in Iran, approximately 250 miles inland from the Persian Gulf. The Americans assembled 20,000 vehicles. The Russians drove them away in convoys on a road built from a Persian Gulf city to the Iranian border.

"When a Russian ran over a Persian, he didn't stop. Just kept going. The life of a Persian was considered worthless to a Russian driver," Garrett says. "We Americans, though, were instructed to respect the people and their customs."

Andimeshk was a town of four or five thousand people and it baked in the sun of the Near East. It rained about three months out of the year but when the dry season came the temperature rose to 120 in the shade. Men died from heat. The chief desire of every soldier was to get out of the sun-drenched country and somewhere else, anywhere.

Some of them cooked up the absurd idea of volunteering for duty in the European theater. They were sure, they thought, and Garrett was willing to take from line duty he could get it. But the others didn't they were told. They had to keep the supply line to Russia moving.

Garrett keeps talking about the strange, topsy-turvy customs of the bizarre land. Married women wore rings in their noses and when it got cool they wrapped their heads up and wore barefoot. If you passed a veiled woman she turned and stole a quick look at the soldier. If you turned around quick enough, you could hear twisting the soil to get a better look.

Water was a scarce article in Iran. The soldiers washed their clothes in gasoline. If you were a gullion for civilian use. There was no sewage system or water lines in the city. About an hour each day, Garrett tells us, the city turned the water into the streets. It ran in a V-shaped trough from one end of town to the other. People ran out to get home use. Garrett can't figure why everybody didn't die of disease. The streets were so filthy. Every soldier had an order never to touch the water the city fathers offered the native Iranians.

A taxi in Iran is the horse-drawn drachka. In Andimeshk if you wanted to ride over to the main part of the city from the American camp you could ride for 15 cents, and the price didn't rise if there were a full drachka. Garrett remembers the camels and how seven or eight would trail along together. He never rode one. If you did, you got "sick," he was told.

After the Americans had been there for a while, a tour was ar-

Overnight Parks Remain Open During October

Frankfort, Ky., Sept. 21—Seven State Parks offering overnight accommodations will be open with full guest facilities through October, Commissioner of Conservation Henry Ward announced today.

They are Cumberland Falls, Lake Cumberland, Kentucky Lake, Kentucky Dam Village, Natural Bridge, Cherokee and General Butler. Facilities at the last three close Nov. 1, with the others remaining open.

Four other parks with overnight accommodations will close between Sept. 30. They are Penney Forest, Audubon, Carter Caves and Pine Mountain. Bathhouses at all parks are open and visitors are always welcome, he said.

Picnic grounds may be used at any time and parks that have wild-seeds keep them open throughout the year.

Property Tax Saving Lasts Until Nov. 1

This year's property tax bills for state, county and school taxes have been completed and turned over to sheriffs all over the state for collection.

Taxes are now due and payable at the sheriff's offices and it is not required that notification be sent to property owners, the State Department of Revenue announced last week.

Property owners are entitled to a 2 per cent discount on taxes paid by Nov. 1. Penalties start Dec. 31.

Approximately 85,000 automobile owners will be required to pay personal property taxes on their cars for the first time this year. This increase is due to 1932 legislation which directs county tax commissioners to use the county clerks' automobile license records for assessment purposes.

During 1932 Forest service fire-fighting crews suppressed 11,963 fires. Of these, man caused 7,021 and sports 4,942.

Drive the Car! Compare the Price! Check the Deal!

YOU CAN'T BEAT THE CAR
Don't invest your money until you see and put the husky, high-compression power of a Pontiac through its paces! Here's one fine car that can take your toughest test. From your first touch on the accelerator to the last smooth, assured stop, you'll find you have a real performer in hand. And knowing Pontiac's unsurpassed reputation for dependability makes every mile you drive a Pontiac that much more enjoyable.

YOU CAN'T BEAT THE PRICE
Why pay more—and why take less? The price of a Pontiac is actually just a few dollars above the very lowest priced cars! Surprising? Come in and check for yourself! While you're about it, compare the vast difference in quality that Pontiac offers you for that small difference in price! With all its size, luxury and power, Pontiac's price tag is still a most remarkable feature.

YOU CAN'T BEAT THE DEAL
You want the best value, of course. Then do this: After you've experienced Pontiac's powerful performance, know its extra quality and its low price, let us prove to you that Pontiac has one of the very highest resale values in America. Everything adds up to one fact: the Pontiac deal is your best deal! Compare carefully and we think you can make but one logical decision: "Dollar for dollar, you can't beat a Pontiac!"

TESTIMONIAL

TO THE REPUTATION AND CHARACTER OF GORMON COLLINS BY PROMINENT CITIZENS OF FLOYD COUNTY:

We, the undersigned residents and voters of Floyd county make this joint statement:

Each of us has known Gormon Collins over periods ranging from 10 to 30 years, depending upon our residence in the upper Right Beaver section of the county, and we have found him to be a man of splendid character, sincere and honest in his dealings with others, and interested in a better Floyd county. Mr. Collins is a former teacher in the Floyd county schools and is a veteran of three years' service in World War II. He has never, to our knowledge, been an officer of any kind, arrested on any charge or accused of any crime.

Cadillac

A 30-Year Dream Coming True!

He used to stand on the curb in front of his father's house—and watch the Cadillacs sweep majestically by—carrying fine ladies and gentlemen on happy excursions.

That's when the dream started in his heart—and refused to leave.

Six times, before today, he has signed his name to an application for a motor car title—and, on every occasion, it knew it was a compromise.

But not this time! He is taking the keys to a beautiful 1953 Cadillac—and his 30-year-old dream is coming true.

And what a fulfillment it will be, as he rolls out into the highway and takes the longest way home!

First of all, he'll get those quick glances of approval which tell him the dream he dreamed for so many years is still in the hearts of others.

And then the car's great performance will begin to unfold itself.

Silence—almost complete silence—just the soft sound of the wind slipping by... the quickest, easiest response to the accelerator he has ever imagined... steadiness and roadability and handling that remove all but the merest effort from manhandling the car.

And, oh, what marvelous comfort! It's like sitting in the easiest chair conceivable—and moving smoothly and effortlessly through space.

And then, almost before he knows it, he'll be home—and in the driveway—with the family rushing out with the final voice of confirmation.

Man—this was worth waiting and working for!

And, of course, the years and the miles will add their proof as to the wisdom of his choice; dependability—long life—economy of upkeep and operation—and unusual resale value.

Yes, there is every practical reason for owning a Cadillac—as well as every personal one.

Better come in and see us today. It's probably easier than you think to make your dream of Cadillac ownership come true.

CATS DOWN MORGAN COUNTY FOR SECOND HOME VICTORY

Prestonsburg's fast-improving Black Cats won their second game of the season last Friday night by overpowering Morgan County, 33-19, on the Prestonsburg field.

Lowell Hughes, Clifford and Ronnie Goble and "Jep" Alexander combined speed, fitness and deadly passes to score in every period against the veteran-studded Blue Devil line-up.

Morgan County's two lightning-fast backs, Dehart and Hill, spearheaded a touchdown march early in the fourth period with Hill sweeping for 118 yards and two touchdowns for a total of four on the score.

The Black Cats resume conference play Friday night when they are host to the Michigan City Cougars.

FOOTBALL CHAPTERS

Wayland Wazps Drop Third Game of Season
Wayland's Wazps lost their third game in as many starts last Friday night as they bowed to the Louis Builders, 27-0. This also marked the third shutout for the Waylanders.

By GORDON MOORE
John Eisher, former Prestonsburg high school football coach and now head football coach for the University of Kentucky, was in the press box Saturday night scouting Kentucky in its game with Texas A & M.

Rumors picked up in the press box at the Kentucky-Texas A.M. game indicate that Kentucky may withdraw from the Southeastern Conference and join the new Atlantic Coast league next season.

The Big Sandy valley has more candidates for this year's Kentucky football team than at any other time in the history of the University.

Black Cat Player of the Week in the Russell game was "Big Tom" Spadoni, six-foot-one-inch, 200-pound senior tackle.

Football attendance has fallen considerably in the Big Sandy valley this season, as well as in other parts of the state.

Carson on Committee For State Coroners

Floyd County Judge Darner was named to the legislative committee of the Kentucky Coroners Association at the Association meeting in Louisville last week.

A panel discussion led by members of the State Police discusses duties of the coroner in the event of atomic attack and sudden infant deaths among other topics.

Attorney General J. D. Backman, Jr., discussed rulings and decisions on laws pertaining to the office.

To the Citizens of Floyd County:

I wish to state that I own property nearest to and adjacent to the property of Bill Hall, at Mars Creek, Kentucky, who is now a candidate for Sheriff on the Democratic ticket.

Having lived by Mr. Hall and having been his nearest neighbor for a period of years, I would like to tell the people of Floyd county the feeling of respect I have for him. He has been a fine neighbor, and we have gotten along, during the time I have lived near him, as good neighbors should. I give credit to him because he is the type of man that makes a good neighbor, and I feel assured that he will make Floyd county the finest Sheriff it has ever had.

I urge all of my friends and relatives to get out and work for his election and to support him right up to the time the ballots are counted.

MAYTOWN

The P. T. A. and Women's Club take this opportunity to thank each person who helped in any way to make the Floyd Show such a successful success. The proceeds from the luncheon will go to the P. T. A. and the Women's Club for the money taken in from the banquet. This in turn will be given to the Methodist Church for building fund. Maytown was proud of their young people in the musical at the "Power Show." The high school girls club is one of the best in the county, due to the work and interest of Mrs. Thomas Patrick, their director. Following is the program they presented Saturday: Saxophone, "Song of the Shinghades"; Hobo Salvers; vocal duet, "Seven Lonely Days"; Ninky Turner and Sandra Tingus; vocal solo, "I Love You Truly"; and "You, You, You, You"; Sandra Sue Patrick, trombone; "Singshine"; Emil Rafferty, vocal solo, "God Bless Us All"; Bonita Hall; vocal duet, "Heart and Soul"; Sandra Sue Patrick and Judith Turner; piano, "You, You, You"; Jimmie Hopson; vocal solo, "The Lads with the Delicate Air"; Sandra Tingus; vocal solo "Where is Your Heart"; Ninky Turner; saxophone, "Kiss Me Again"; Glenn Hanes; vocal solo, "Mockingbird"; Bonnie Hopson; vocal solo, "Smilin' Thru"; Owen, Judy, Myra Gibson; clarinet solo, "M. Vernon Minter"; Carleen Howard; The Glee Club sang "Gentle People"; "Whispering Hope"; "Girl of My Dreams"; "My Blue Heaven"; "Always"; and "Let the Best of the Best Go By."

UK Extension Unit Sets Speech Event

The annual public speaking competition sponsored by the University of Kentucky's Department of Extension will be held early in the fall this year rather than later in the year, it has been announced. Purpose of the change in the time of this discussion and public speaking competition is to create interest in the Minimum Foundation Program for Education in Kentucky. This program will be voted upon by citizens in the November election, and topics for discussion and public speaking will be centered around this theme in order to bring about an understanding of the problem. Full details on the state speaking events will be released soon by the Department of Extension.

MAJOR COLLINS IN VIRGINIA

MARSHALL COLLEGE, VIRGINIA. — Major Brandy Marshall Collins, USMC, son of Dr. and Mrs. M. M. Collins, Lacey, Ky., is taking the Special Ambulance course of the Amphibious Training Command, U. S. Atlantic Fleet, commanded by Rear Admiral Rufus E. Rose.

The course is taught by the U. S. Naval Amphibious Base at Ft. Pickett, Virginia.

Major Collins attended Lacey high school and graduated from the University of Kentucky in 1942. He served in the Pacific in World War II and holds the American Theatre, Atlantic Theatre, Presidential Civil Citation, and World War II Ribbons.

DRIFT

ENDORSES SECTION 188

The Drift Women's Club met at the home of Mrs. Joe C. Moore, September 9. Miss Ruby Akers, president, welcomed Mrs. Harry Green as a new member. Mrs. Betty Turner gave a report on the progress of the new Year Books. Mrs. Dick Showers, chairman of the International Relations Department, distributed to each member the game of pen pals in foreign countries.

The Club voted to endorse voting "Yes" to Amendment 188, coming in the November election. The president announced the fall Board meeting of the Kentucky Federation of Women's Clubs to be held in Louisville this month. She read a letter from Kentucky Federation president, Mrs. I. D. Thompson, concerning the following things to be done this year: send delegates to the convention in Denver, follow Christmas program for veterans, enter contestants in the number one test, and urge students to enter essay contest on Americanism. The Club voted to buy a case of cigarettes to be sent to veterans for Christmas.

The annual public speaking competition sponsored by the University of Kentucky's Department of Extension will be held early in the fall this year rather than later in the year, it has been announced. Purpose of the change in the time of this discussion and public speaking competition is to create interest in the Minimum Foundation Program for Education in Kentucky. This program will be voted upon by citizens in the November election, and topics for discussion and public speaking will be centered around this theme in order to bring about an understanding of the problem. Full details on the state speaking events will be released soon by the Department of Extension.

MAJOR COLLINS IN VIRGINIA

MARSHALL COLLEGE, VIRGINIA. — Major Brandy Marshall Collins, USMC, son of Dr. and Mrs. M. M. Collins, Lacey, Ky., is taking the Special Ambulance course of the Amphibious Training Command, U. S. Atlantic Fleet, commanded by Rear Admiral Rufus E. Rose.

The course is taught by the U. S. Naval Amphibious Base at Ft. Pickett, Virginia.

Major Collins attended Lacey high school and graduated from the University of Kentucky in 1942. He served in the Pacific in World War II and holds the American Theatre, Atlantic Theatre, Presidential Civil Citation, and World War II Ribbons.

UK Faculty Member Returns from Tour

Back on the University of Kentucky campus this week after a summer studying tropical diseases in Hawaii and Mexico, Bacteriologist Morris Schrago told an encouraging story of steps being taken in those countries to combat tropical malaria. Dr. Schrago, who is head of the UK Department of Bacteriology, described the health situation in Hawaii as "especially good." He left Lexington in June for Hawaii, and after spending two months there moved on to Mexico in mid-August.

HOTELS GET CERTIFICATES

Certificates of cooperation will be given 146 hotels in Kentucky for their efforts to improve fire safety conditions in their buildings during 1952. State Fire Marshal J. T. Underwood, Jr., announced last week that 86 of the number are being given certificates for the fourth consecutive year. Twenty-four on the list did not obtain awards for 1951, but had earned previous certificates before getting them again this year.

Included in the list was the Hotel Turner in Prestonsburg.

ARMOR PLATE

The plates of the world started using nickel-plated armor plate for their vessels after it was proved definitely superior to plain steel plate in tests conducted at Annapolis, Md., in 1901.

NICKEL MAKES THE DIFFERENCE

Nickel is alloyed with copper, brass and bronze to give greater resistance to corrosion and wear, or to give a white color.

Attention! -- Big News! -- Good News!

This is to announce the building of a

RACE TRACK at Allen, Ky.

WHERE AUTOMOBILES AND HORSES WILL BE RACED

The track will be one of the best in the country among the Stock Car Tracks.

Lots of excitement and entertainment will be provided on this Speedway.

Big cash prizes to be given to the winning contestants.

Automobiles will be run once a week; also horse racing once a week. Any firm or individual wishing to enter an automobile can do so by contacting Charles McCoy at Prestonsburg, Kentucky, who can give information on entering the race. Cars must be prepared for the race according to Racing Association rules.

Racing will give you a chance for big cash awards, also will be fine advertising for autos entered in firm names.

Horse racing is going to be keen and very interesting. Any one interested in entering a horse can do so by sending the name of the owner and name of horse to Charles McCoy, P. O. Box 467, Prestonsburg, Kentucky.

When we receive a sufficient number of entries for a race we will publish the date of the race and the names of the horses and their owners. This will be a chance of a lifetime for the farmers to get in on the news and win big cash prizes.

Every one watch and listen for the big opening and the announcement of the first race.

You will see plenty of speed, lots of wrecks, tumbles and spills.

Watch, look and listen for the Big Opening—the first big race. We hope to be ready for the first race in two weeks.

1 YOU PAY LESS NOW!

Our higher volume lets us operate at a lower profit per deal. You get a far bigger allowance for your present car, bigger than you'd think.

2 YOU GET BACK MORE LATER!

Popularity boosts future trade-in value. Even now, Mercury returns more of the original price than any other car in its class.

Mercury dealers, on an average, now sell more cars per dealer than any of their competition. We are in a better position to give you a bigger allowance for your present car.

And Mercury's ever mounting popularity tends to boost trade-in value even higher. A Mercury's true cost (original price minus future resale value) is now lower than any other car in its field.

So why not start saving—and enjoying the extra value that Mercury offers: like years-ahead styling, proven V-8 performance and economy, and the widest choice of optional power features available on any popular-priced car. Cash in on this money-saving opportunity!

CRISP CITED FOR RESCUE OF WOUNDED

Sgt. Crisp and litter-jeep he drove in Korea

Sgt. Richard Crisp, of Alhoretta, has been cited for bravery as a litter-jeep driver for the 3rd Battalion Aid Station, 2nd Infantry Regiment, in Korea.

The citation reads, in part: "During the period Sept. 24, 1953 to Oct. 28, 1953 in the vicinity of Kumbung, Korea, Sgt. Richard Crisp, the Battalion Surgeon's Driver, aided by his unselfish action in the face of enemy artillery. Without regard for his personal safety, took his litter jeep to outpost positions to bring in wounded men when personal carriers who were usually used for the operation were not available. In many instances he left his jeep and climbed the steep slopes in the face of enemy fire and assisted the litter-bearers in evacuating the wounded to his litter jeep. His action gave courage to his fellow-drivers who made numerous trips to the outpost to evacuate the wounded. By his action Sgt. Crisp reflected great credit on the Medical Service, United States Army and the United States Army."

WHEELWRIGHT

CLUB IN FIRST MEET OF YEAR
The first meeting of the Wheelwright Woman's Club for the year 1953 was held in the Woman's Club room Monday night, September 14, with 28 members and two guests present.

Mrs. R. J. Jones, president, greeted the members and guests and introduced Mrs. F. E. Conley, chairman of the Education Department, who has in charge of the American Citizenship League. The program was inspired by the fact that the week of September 14 had been proclaimed Americanism Week and that the General Federation of Women's Clubs is sponsoring a campaign to restore the entire first floor of Independence Hall, which occupies the corner of the Liberty Bell now stands.

Mrs. Conley introduced Crawford Bradley, Wheelwright high school teacher who is a major in American History. He spoke on "What Independence Hall Means to Me." Mrs. Conley pointed out the fact that the Club members discussed plans for making a \$100 contribution towards the restoration program, and Mrs. Conley pointed out the fact that the Club members discussed plans for making a \$100 contribution towards the restoration program.

Mrs. Roy Souleyrette, vice-president, reported on her attendance at the state conference in Lexington.

Mrs. Bobby Griffin, corresponding secretary, read the score card so that members should be familiar with the work which is to be done by the end of the year, and outlined the program for the new year as written by Mrs. L. D. Thompson.

She also announced that a new book had been written by Mildred White Wells, former editor of the GENERAL FEDERATION OF WOMAN, on the history of the General Federation of Women's Clubs entitled UNITY IN DIVERSITY which will be published November 1, and that Mrs. Ray Sailer from the Jackson Woman's Club is a candidate for the office of Governor of this district. Letters of appreciation from Caneys Junior College and Pine Mountain Settlement School were read for contributions made to the school in flowers and flower displays for the Fair.

Mrs. Jones announced that a copy of the GENTLE FETTERED GIRL by F. H. Spence would be placed in the club room to be available for all who might wish to read it.

The Public Welfare committee, consisting of Mrs. R. L. Hall, Mrs. Curtis Hall and Mrs. P. H. Spence, was asked to conduct underprivileged children, who are in need of dental care in order that they might see their dental care. Mrs. J. T. Turner urged the club and its individual members to support the finance drive of the Girl Scouts, who are sponsored by the Woman's Club.

Mrs. F. H. Spence reported that a scholarship fund had been awarded Mrs. Edna Colton, but that she could not accept it due to the fact that she was not admitted to an in-state school.

After the meeting adjourned, refreshments were served by Mrs. G. B. Hall, Mrs. Charles Hopkins, Mrs. Charles Wilson, and Mrs. Clayton Ferguson.

Henry Martin Named To U. of Tennessee Post

Henry G. Martin, assistant professor of Education, East Tennessee State College, Johnson City, Tenn., has been named a postmaster at the University of Tennessee. Mr. Martin has received an assistantship at the University of Tennessee.

Mr. Martin will continue studies toward the doctorate degree and teach part time in the College of Education at the University of Tennessee during the next school year. Mrs. Martin will remain in Johnson City where she is director of Girls Club, Incorporated.

Mr. Martin is a son of Mr. and Mrs. W. G. Martin, of Eastern.

Detroit Studies Sales of "Continental" Studebaker
By a WALL STREET JOURNAL Staff Reporter, DETROIT—Studebaker, which was a big factor in setting early-postwar auto styles, may now be setting the pattern for the next few years.
Its 1946 model, designed with lavish use of glass by Raymond Loewy, was the first completely redesigned postwar car. The South Bend, Ind., concern made no further major change until its current 1953's; with these it introduced low, rakish "Continental" styling. Also designed by Loewy, the new model cost \$27 million to introduce, double the 1946 cost.
A top Detroit stylist, employed by a rival manufacturer, says that the current Studebaker will affect the future looks of more competitive makes than the industry would like to admit. Most of the week-

To My Friends in the 96th Legislative District, both Democrats and Republicans:

Due to the fact that I was unopposed as a candidate for the Legislature in the recent Republican primary my name did not appear on the Republican ballot. I wish to thank, at this time, the Republicans for the confidence and honor conferred upon me.

My name will be first on the Republican ballot in the November election. I will appreciate the vote and support of both my Republican and Democratic friends in the 96th District and if elected I promise not to let you down and to work for the best interest of Floyd county at all times.

A little later in the campaign I will discuss the issues by personal contact, the newspapers and radio.

Yours for a bigger and better Floyd county,
Sincerely,
N. M. (BUD) WHITE

Miss Parker-Mr. Hardin Wed Near Here, Sept. 14

Miss Mary Lou Parker, daughter of Mr. and Mrs. Ben Parker, and Mr. William Russell Hardin, son of Mr. Willis Hardin, and the late Mr. W. H. Hardin, of Floyd Co., were married at the home of Mrs. Parker's parents on the Prestonsburg-Skyersville road, at 9 o'clock Monday evening September 14. The double-ring ceremony was solemnized before an altar bedecked with early fall flowers by the Rev. Isaac Sivastion, who had also officiated at the wedding of two of the bride's sisters.

Given in marriage by her father, the bride wore a full-length dress of white with white tulle and black and red accessories. Her corsage was of red roses. Mrs. Leon Poe, sister of the bride, was matron of honor. She wore a beige wool dress with a corsage of white roses.

Mr. Tommy Jones, of Maysboro, acted as best man, and Mr. Clyde Cassidy, of Fries, played musical accompaniment during the ceremony. Mrs. Parker, mother of the bride, wore a black and white sheer dress. Mrs. Hardin, mother of the groom, wore a brown suit.

A reception was held following the ceremony, and refreshments were served to a large group of friends and relatives. Among were Mrs. John T. Woodruff, of Ashland, and Mrs. Shelden Hardin, of Maysboro, who were guests of honor. Mrs. John T. Woodruff, of Ashland, and Mrs. Shelden Hardin, of Maysboro, were guests of honor. Following the reception the couple left for a short honeymoon in Louisiana with the army.

The bride is a graduate of Prestonsburg high school and attended Marchand State College. She is now teaching school near her home where she will reside until Mr. Hardin is released from military service. He is a graduate of Iowa high school and is stationed in Louisiana with the army.

The only convertible that outsells Ford!

WHAT IS IT that makes Ford's Sunliner America's best seller? Is it its high-compression V-8 power? (No other convertible in Ford's line has this kind of engine.) Is it its fine craftsmanship of its Crestmark Body? (No body in its field can match Ford's choice of exterior and interior color combinations.) Is it its new spring and shock absorber action which makes even roughest roads feel smooth? (The Sunliner's springs are tailored to its weight.) Is it the choice of Fordomatic, Overdrive or Conventional gear? (You won't find such a choice in any other car in Ford's field.)

MAY GO TO COURT

Frankfort, Ky., Sept. 14 — The question of whether the State Department of Revenue may assess properties on Fort Knox Military Reservation for property taxes appears headed for the courts for determination.

The Kentucky Tax Commission has included properties of the Louisville Gas and Electric Company, and Tennessee Gas Transmission Company, located at Fort Knox, in its annual franchise assessment, and both are being protested. The Department of Revenue in 1950, followed advice of then Assistant Attorney General T. O. Williams that such property within a military reservation is not subject to state taxes, while his successor, Assistant Attorney General Spivey N. Williams, held it is subject to state franchise taxes. The entire Louisville Gas and Electric assessment is \$80,275.00, while that of Tennessee Gas Transmission Company is \$39,695.52.

LOUISVILLE — The Kentucky Master Fishers Association was told the housewife is our biggest competitor because of increased use of packaged mixes.

International Nickel's copper refinery at Copper Cliff, Ontario, is the lowest in the British Commonwealth at 12.52, it produced over 23,000,000 pounds of copper.

Citizens and Voters of Floyd County

This rumor is still as false as it was in the Primary, and I certainly hope that the good people of Floyd County will not be taken in by this story.

I am quite frank to say that I have selected and promised only two men that they will be deputies during my administration, and I do not hesitate to tell you who they are because I feel that they have won the support and confidence of the people of our county in the work they have heretofore performed for Floyd County.

Both of the men I have selected thus far have been former sheriffs of this county and are of the highest integrity. I have told Bev Sturgill that, if elected, I shall ask him to serve as my office deputy. His experience and integrity are such that I feel he will be very helpful to me in making the best Sheriff possible for you. I have also selected and promised T. Y. Martin that, if elected, I will ask him to perform the duties he has lately been performing in the Sheriff's office, that is, attendance upon the court, summoning bystander jurors, etc.

I can say, without fear of contradiction, that I have not promised any other person a job in the Sheriff's office. I have in mind this plan to use in the selection of deputies. When elected, I shall contact leading citizens in each of the magisterial districts and shall select deputies from among those persons recommended to me by these citizens.

Certainly, such a plan of selecting deputies will meet with the wholehearted approval of the people in each section of the county.

I challenge any person to successfully deny or contradict anything I have said in this statement. On this record, I ask each and every good Democrat and Republican interested in a good Sheriff's administration, based upon the law and upon my integrity as a citizen, to elect me as Sheriff of Floyd County.

Thank you,
BILL HALL

SOIL CONSERVATION

By L. R. Johnson

Emmitt Hamilton, of the Teaberry community, has finished his project of tiling. It took 460 feet to make the wet and dry.

Lee Justice, of Buffalo, is planning to establish a grass waterway across his 11-acre bottom. The runoff from hill meadows and gives a lot of worry. The waterway will be made straight, and so crossing with farm machinery will be practical.

Mill Baskley, a district supervisor, attended a Soil Conservation meeting at Hazard recently.

J. B. Clark, chairman of the board of Supervisors, will attend the annual meeting of the State Association of Soil Conservation Districts at Kentucky Dam in October.

Floyd county Soil Conservation District is broadcasting over WPRET every Saturday at 5:30.

If you have conservation problems, contact one of the SCD Supervisors or L. R. Johnson.

STATEMENT OF CHAIRMAN

In behalf of the Fair Board and myself I wish to thank the many people who have helped to make this fair possible. Its purpose is to show and encourage the progress of our farms and other industries. We are proud of Floyd county and the Fair will show why. It is the first since World War II.

It is our hope that you will make the most of this way of showing what we have done and seeing what others have done. An interesting and helpful experience is planned for young and old, for those on the farm, in industry and in school.

The recognition given to exhibits of our boys and girls in 4-H clubs, FFA and other organizations will increase interest in doing worthwhile things. The value of such interest is beyond measure.

Again, thank you, everyone, for your interest and effort. Visit the fair and enjoy every minute as you see Floyd county on display. We believe that your contributions are an investment that will pay rich dividends in the lives of our youth.

The splendid spirit and cooperation shown by the members of the board with the effective council and guidance of our county agent is very much appreciated.

JESSE ELLIOTT, Chairman

KENTUCKY &
WEST VIRGINIA POWER CO.

By ORNINE JOHNSON

LEXINGTON, Ky. — The 1955 Kentucky State Fair, the largest in the history of the Commonwealth with its thousands of entries in agriculture and home economics and valued in millions of dollars, has brought to mind for some old-timers the agricultural trains of 1911, 1912 and 1914. These trains carried exhibits of livestock and poultry, along with other displays such as might be seen at a fair or exposition.

Operated by the railroads, with teaching staffs provided by the colleges of the state, the trains were called "universities on wheels" to be taken to the very doors of the people. The first such train devoted to the various lines of agriculture, fitted up with exhibits illustrative of the topics of the lecture; . . . grain and fount crops of Kentucky; improved farm implements; enlarged photographs teaching lessons in agriculture; scores of agricultural charts; livestock of various kinds; illustrations of the work of the college; printed bulletins regarding free courses; samples of soils and fertilizers; spraying outfits for orchards and gardens; completely equipped dairy; work of insect and fungus pests and devices for their destruction; reasons for various classes of livestock; scores of fowls of all types; incubators, brooders and poultry supplies; domestic science car fully equipped; and many other interesting things too numerous to mention.

"Coaches were fitted for lectures, but the number of people who came to see the train at its advertised stops was often so great that it was necessary to hold the meetings out of doors, and then open the train for inspection by visitors."

More than 70,000 people at 108 station stops waited the train, which ran over the seven principal railroads in a period of 29 days. The third and last agricultural train was run in 1915 by the following year, the extension service was reaching the people of the state through its system of county and home agents, and the automobile had awakened the people to the need for better roads.
