TESTIMONIAL

TO THE REPUTATION AND CHARACTER OF GORMON COLLINS BY PROMINENT CITIZENS OF FLOYD COUNTY.

We, the undersigned, residents and voters of Floyd county make this joint statement:

Each of us have known Gormon Collins over periods ranging from 10 to 30 years, depending upon our residence in the upper Right Beaver section of the county, and we have found him to be a man of splendid character, sincere and honest in his dealings with others, and interested in a better Floyd county.

MASTER COMMISSIONER'S SALE

FLOYD CIRCUIT COURT FIRST National Bank, Plaintiff

VS. NOTICE OF SALE

Melvin Holt and Nora Holt, Defendants. By writ of a judgment and order of sale of the Floyd Circuit Court rendered and entered at the September term, 1953, in the above captioned case I shall proceed to offer for sale at the Courtroom door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 26th day of October 1953, at 10 o'clock a.m. some being the first day of the regular term of the Floyd County Court, upon a credit of six (6) months, the following described property, to-wit:

Lying and being on the Bill Hall branch of Frazer Creek, Floyd county, Kentucky, beginning at a sycamore near the Bill Hall Branch, thence running up the point with the line of Charles Perry, to the line of Ep Brown; thence with said Ep Brown line down to the point to the Bill Hall Branch to a marked rock corner; thence running with Bill Hall Branch to the beginning, containing 26 acres more or less. Said property will be sold to satisfy a judgment against the defendants in favor of plaintiff in the sum of \$384.00 due on the date of sale, and the costs of this action.

Commenting on the Republican cry of "creeping socialism" as applied to Democratic party reform and improvement moves, the former Vice-President referred to the Farm Board of the Hoover administration which appropriated \$500,000,000— "money that went down a sinkhole."

Reminding Mr. Barkley, a robust 74, said, "I've had a full and good life. Kentucky has honored me beyond any man, even more than the great Clay."

By Congressman A. J. May, who introduced him to the audience, said, "Historians will place Barkley alongside John G. Crittenden and Henry Clay." Pursuant to State Representative W. O. Biggers presided at the rally.

Turning to the lighter side, Barkley told of having his fortune told some time ago at the Pyramids of Egypt. An Arab offered to foretell his future asking \$2.50 for his services. The Arab then took him behind the Sphinx, went through his cards, read his palm, muttered some incantations and wound up by predicting Barkley would live to be 105 years old.

"I've been trying all the time to reach a hundred," he told the Arab. "If you can guarantee that, I'll give another \$2.50." "That was before I met my wife," he told Tuesday's crowd here. "If I had met her before that, I would have given him \$5."

This Is the TRUTH-- and It HURTS

Judge Henry Stumbo in last week's Times says "Let's Look at the Record". We have already looked at the record, Judge Stumbo, and now we propose to look into what you say. The record itself on Order Book 6 was bad enough. What you say in an attempt to explain is much worse.

You say that the omission of one fact was deliberate. Not so, Judge Stumbo. We did not have room in an article of the size necessary to explain for the public all of the ramifications of the BIG DEAL. What you say we left out was the setting up of the special fund called, "Waterworks and Gas System Project Bond and Redemption Fund for 1953". Certainly that fund was set up as the medium whereby Floyd county collected into, from the Beaver Elkhorn Water District, the revenue necessary to pay off the bondholders. You made this necessary arrangement with the bondholders so they could get their money when the bonds mature. Every bondholder expects to be paid. You merely set up the necessary legal machinery for them to collect.

You say, Judge Stumbo, in your article: "That the truth is Floyd county acts merely as a fiscal agent or as a holding company for the water and gas district, just as it has acted in the past for the Floyd County Board of Education".

You got your lines mixed on that one Judge. You mean Floyd county bought the water and gas systems and that the Beaver Elkhorn Water District is the county's agent, don't you? At least that is what the Record says in Order Book 6. That record says Floyd county bought these systems for \$230,000 and issued bonds for the money to pay. Your court made the Beaver Elkhorn Water District the agent of the county. The county is no holding company for anyone; Judge. The county is the outright purchaser. You were acting as agent for nobody. You were acting for yourself and in so doing you acted for Floyd county, much to our regret.

You say Judge, "It was considered and talked in open court". Was it, Judge? Was it in the county court room or in the now famous little cubby hole in the back of the County Court Clerk's office where you meet lots of times, and the general public can't even

get its head in? Anyway, why was it not a matter of common knowledge that Floyd county had bought these water and gas districts? You had a one-time notice of the Bond order published in The Courier-Journal. Why didn't you give the matter wide publicity and feel the public reaction to the Big Deal? We know why, Judge. The public, if it had been properly informed, would not have tolerated it. You say: "It was not my idea, I assure you, we acted in good faith representing a group of citizens who in turn represented the water district".

Now Judge, we take you up on that one, right here. Set down and make us out a list of these people who represents the water district, and whose idea it was, since you say it wasn't yours. Write down the owners of the various water and gas districts. While you are doing that, Judge, write down what the middlemen paid for these properties. We already know what they got. We want to see what their profit was. We challenge you to prepare a list of the interested parties who worked the deal up and to write out in detail every name of the owners of these properties who sold to the counties.

Explain why the bonds were sold at a TEN PERCENT discount and why the interest rate was much more than it usually is. Judge, explain why Floyd county bonds have to sell under par. The recent school bond issue sold above par at a lower rate of interest.

Judge, you warn people against half-truths. You better warn them against the whole truth. When the public knows the whole truth it will be righteous in anger and indignation. Only you can tell the whole truth. We challenge you to tell it in the Floyd County Times, and to leave no names and figures out.

We warn you, Judge, that the people are not satisfied with your cries of politics, and smear to your official reputation, because they are looking at your record as it is written in Order Book 6.

The Floyd County Times Official Organ for Floyd County, Ky.

Published Every Thursday by Prestonsburg Publishing Co.

Entered as second class matter June 18, 1925, at the postoffice at Prestonsburg, Ky., under the act of March 3, 1879.

This Mose Deserves Our Support

THE forthcoming drive to raise funds in order to make possible the founding of a four-year college at Pikeville is one in which every Eastern Kentuckian and every friend of the people of this section should participate to some degree.

The Times would, first of all, if it had a choice in the matter, favor a four-year college for Floyd county. But that is a possibility that not yet falls within the range of the probable. So it unhesitatingly wishes neighboring Pikeville success in this move to give the valley a fully accredited, four-year college.

The fact appears to be this: If Pikeville College cannot be converted into a four-year college, the Big Sandy valley will not have one, and many the youngster completing high school will not continue with college study because of the distance he or she must travel from home for such training.

Kentucky has an abysmal record in the field of education, and Eastern Kentucky's record contributes heavily to that dark picture. It is our duty, then, to help along any move that will make the future brighter.

Dr. A. A. Page, president of Pikeville College, is talking of individual contributions—“living endowments”—as low as \$5 a year. Enough of these, pledged and faithfully paid annually, would, of course, do the job. Surely there are enough of us in this valley who will do that much, and, with the help of more liberal contributions from the Big Sandy, a four-year senior college.

Give the People Credit

IT is to the credit of the people of Floyd county and to state departments that the county's woods and fields have suffered, comparatively, so little during these months of burning drought.

The Division of Forestry has repeatedly warned against this wholesale destruction of timber and soil. The Department of Fish & Wildlife Resources wisely interrupted the hunting season to remove the threat of fire which might start from careless hunter's match. In recent years an educational campaign has been waged to show the people the criminal folly of setting such fires.

But, had not the farmers, the hunters and others not done some thinking for themselves and decided to take every precaution, almost every stretch of woodland and dried grass long ago would have been scorched to the grassroots. In other years, ten days of bright sunshine in spring and fall brought the holocaust. You have all seen it: fire streaking the ridges like red serpents; the sun, red ball through the smoke; the blackened trunks of trees and the acrid smell of burned leaves remaining after the rains had come and the fires extinguished.

We keep our fingers crossed, fearing our few forest fires yet may spread into many. But for the present we give the people of Floyd county a lot of the credit for the improved situation at a time when forest fires could be expected to spread to their most destructive worst.

FOOTBALL CHATTER

By GORDON MOORE

Play in the Louisa-Prestonsburg football game became so rough in the third quarter of last Friday's game that the officials called both squads together in a brief huddle and asked that cleaner play prevail. Two players from each team had previously been ejected.

Morgan county, turned a possible defeat into a 12-12 tie with Pikeville by scoring in the last 30 seconds. Fullback Dale DeWitt did the damage. Earlier in the season, the race 76 yards to six-ten team. He'll run over Lewis on the last play of the game.

Whitesboro appears to be the favorite to capture the 1953 Eastern Kentucky Mountain conference championship. In beating arch-rival Jenkins 14-7, the Yellow Jackets earned their most cherished triumph of the year and have only Wayland and Fleming left in conference play.

For the past two seasons, Beiry has been instrumental in Prestonsburg's winning the conference championship. Friday night, Beiry moves into Prestonsburg with a 4-0 loop record, but it is doubtful if Ferrell will repay the tribute this year. Beiry has to win to stay in the conference picture and a loss would eliminate them from competition.

Castletown will be weakened in its Big Sandy Bowl appearance against Cambridge, since their star halfback, Billy Kirk, became 20 years old last week. A K.H.S.A.A. ruling prevents any bog from participating in high school athletics after he reaches his twentieth birthday.

Hear what the New Orleans sportscaster covering the L. S. U.-Kentucky game said after interviewing "Bear" Bryant, holder in the day? Quoted Bryant—a gentleman not inclined to crawl too far out on a limb—as saying: Prestonsburg's Duke Deinar Hughes will be greater than Paroli.

Pikeville Speech Fest Set for Saturday; Date Moved To Precede Vote

Judges for the high school speech contest Saturday at Pikeville Junior College will be members of the speech department of the University of Kentucky.

Three Pikeville attorneys were originally named as judges for the competition, a part of the annual Regional Speech Festival. The local group will be replaced by the University representatives Dr. A. A. Page, college president, said.

Speaking on the subject, "The Minimum Foundation Program for Education in Kentucky," high school speech students will compete in both public speaking and discussion events. Those winning first prizes will be eligible for the state finals at Lexington a week later, it was said.

The two contests were moved up from the usual festival date in April in order to create interest in a proposed change in the Kentucky constitution by popular vote at next month's election. The amendment relates to the distribution of school funds.

Something really Special - in power, room, ride, price

Picture here a car that keeps our order book pages turning quicker than our.

It is the 1953 Buick SPECIAL 4-Door Sedan—the bargain value that doesn't stay long on our showroom floor.

For this is the best-selling Buick in the land—snapped up by eager buyers who know something really special when they see it.

For your information, we present some SPECIAL facts.

It has a Fireball 8 Engine with the highest power and compression ratio ever placed in a Buick SPECIAL—plus, if you wish, the instant getaway response and utter smoothness of Twin-Turbine Dynaflow.*

It has easy-sitting-room for six adults—as much room as you'll find in cars costing hundreds of dollars more.

It has a ride unique among automobiles. The

Buick Million Dollar Ride. The soft and steady and ever-level ride that comes of coil springs on all four wheels—a full-length torque-tube drive—a massive X-braced frame—a solid and substantial roadweight poised with meticulous balance on broadly spaced wheels.

But what makes the Buick SPECIAL so extra special is the low delivered price it carries.

It is a price just an easy step above the so-called "low-price three"—and a price that gives you more room and power and ride-comfort for your money than you get in any other car, except another Buick.

Wouldn't you like to see, sit in and drive one of these great-powered Buicks—look into its beauty, its luxury, its handling ease—and judge for yourself how small a price tag it wears? Phone us this week, or drop in. We'll be happy to arrange a demonstration.

Woman's Club Purchases Dole Property for Home; 20-Year Dream Realized

The first meeting of the Lackey-Garrett Woman's Club in their new clubhouse at Wayland was held Monday evening. The club home formerly the Edgar Dale property was purchased recently by the club for \$7500. "It had been a dream for 20 years to have our own club house," said Mrs. Crit Wells.

At Monday's meeting the club voted to support repeal of Section 108 and issued a statement urging everyone to vote "Yes" on the proposed amendment on Nov. 3. Three delegates and alternates were elected to the Seventh District Convention of Kentucky Federation of Women's Clubs to be held at Drift. Mrs. C. B. Jean, club president, asked all members to help with the Halloween carnival to be held at the Wayland grade school Friday, Oct. 31, at 7:30 p.m. The carnival is sponsored by the Wayland Lions Club. The proceeds accruing to the Lackey-Garrett Woman's Club for their participation will go to the lunch room of the Garrett school, Mrs. Wells states.

Fifty members were present at this first meeting in the new clubhouse. The next regular meeting will be held tonight (Thursday) at 7 o'clock with O. E. Buggs, county agent, as guest speaker.

Mrs. Mayo reminds that the 47th annual Christmas seal sale is about to begin and give the statistics on tuberculosis for this county. We still have 70 cases here. Twelve are in the sanatorium and 58 are at home under care of their family physicians. Modern medicine with its miracle drugs and modern surgery with almost miracle men with miraculous scalpels will ring to most of these afflicted an arrested condition and complete cures. There should be no deaths, Mrs. Mayo states. The lone death of Mrs. Shepherd this year, perhaps, would have not occurred if she had accepted hospitalization.

On the wall of the health department is a map of Floyd county and colored pins are stuck in it, mostly in little clusters. Some are black, some yellow and others white. The black are for those who have died of tuberculosis, this year only one black pin has been used. Mrs. Mayo looks forward to the day, at some year's end, when she can take the map down for no pins had been used, neither black for those that had died, nor yellow for those who were still ill. That day may be afar but it is more than a mere dream. The records testify to that.

You'll get more than you expect

In feature after feature, Ford matches the finest . . . with fine car ride . . . fine-car build . . . and fine-car V-8 GO!

Check these fine car features that are yours when you buy a Ford, the one fine car in the low-price field. You get glass area galore . . . the most in Ford's field. You get more usable inside space than in any other low-priced car. Seats are foam-rubber-cushioned both front and rear. You get such Ford advances as convenient Center-Fill Fueling and suspended clutch and brake pedals. But here are the big reasons why Ford is worth more when you buy it and when you sell it, too!

V-8 or Six power
Only Ford in its field offers you a fine-car high-compression V-8 engine . . . the result of Ford's experience building more V-8's than all other makers combined. And Ford's high-compression, low-friction Six is the most modern Six in the industry. Both engines have Ford's exclusive Automatic Power Pilot which squeezes the last drop of power out of every drop of gasoline.

Up to 80% less road shock
Ford has reduced front end road shock (the kind you notice most) up to 80%. And by a perfect teaming-up of rear springs, diagonally-mounted rear shock absorbers and tailored-to-weight front springs, Ford has proved that a car can ride smooth as silk without gas-eating extra weight.

Built like the finest
Ford's hull-tight body is sealed against water, dust and draft. Body panels are made of steel of the same quality and thickness as that used in the costliest cars. Ford's rugged box-section frame has five strong cross members including a special K-bar member which adds extra twist resistance . . . gives longer car life.

Master-Guide power steering
Ford Master-Guide is the last word in power steering. It does up to 75% of the steering work for you when you need it . . . yet it leaves you with a natural feel of steering on the straight-away. And it helps you control the car on rough, rutted roads. Available on all V-8 models.

Think you've got troubles?

Now this "Gizmo" really has troubles. Moreover, he actually spends hours looking for a special kind of trouble—electrical leaks that might interrupt service on telephone lines.

Developed by Bell System engineers, this robot-like line insulation test machine operates automatically to spot line troubles before they happen. He tests line after line at the rate of three thousand an hour. Whenever a tiny electrical leak is spotted, "Gizmo" stops, flashes a signal and indicates the telephone number affected. Then repairs are quickly made, usually before service is interrupted.

"Gizmo" is another one of many advances along the road toward more and better telephone service. To bring these new advances, and to keep service good and growing, your Telephone Company must have enough earnings to stay financially healthy.

Revival Starts Sunday At Baptist Church Here

The Rev. Vernon Cervera, of Greenville, South Carolina, will be the evangelist in special revival services beginning Sunday at the Irene Cole Memorial Baptist Church here and continuing through November 4.

The pastor, the Rev. Ira McMillen, Jr., has announced that the Sunday services will be held at 11 a.m. and 7:30 p.m. He also stated that the morning services previously announced for 7:15 a.m. will not be held, but, instead, those who are interested in praying for the revival will meet at the church each morning at 7:30.

The evangelist, Mr. Cervera, will come to Prestonsburg following a highly successful revival in the First Baptist Church, Fulton, Kentucky, where he has been preaching to from 80 to 700 persons each night. Although still a young man, he has received invitations from churches all over the eastern half of the country and from the Great Lakes to the Gulf. During the past six years he has given the Gospel message to congregations totaling nearly one million people. In that time he has also spoken to more than five hundred student bodies including high schools, colleges, universities and seminaries.

Mr. Cervera is an accomplished trumpet player. From time to time he will present trumpet solos to the congregation.

The Rev. McMillen said this week that one of the features of the evangelistic campaign will take place next Tuesday night, which has been designated as "Youth Night". At that time, Coach Doc Purcell, will lead the football squad, the cheerleaders and other youth of the community will be the special guests of the evangelist and the church. A social hour for all the young people present is being planned by the Young Women's Auxiliary and will be held in the recreation room following the service.

A cordial invitation is extended to everyone in the community to attend these special evangelistic services.

the mining business itself.

He added that already at least 35 truck mine operators have indicated a desire to bring coal to the plant being installed. Although the tippie will accommodate truck mine coal, he emphasized the point that only high-grade coal will be acceptable.

The new plant is viewed as a "shot in the arm" for a lagging small-mine industry in this part of the county.

LOTS OF COAL

U. S. atomic energy plants soon will be using a total of 23 million tons of bituminous coal annually.

DOLLAR FOR DOLLAR YOU CAN'T BEAT A PONTIAC!

It's the RIGHT CAR!

What's the "right car" for you? It must be handsome, of course. A good performer, too. And dependable? Economical? Well, you're looking at the car that's proved the right car for hundreds of thousands of people like you because it fills their needs so perfectly. For beauty, Pontiac offers the Silver Streak distinction that is recognized and admired everywhere. For all-around performance, you can't match the power and stamina of Pontiac's big, rugged, high-compression engines at anywhere near the price. And Pontiac's famous dependability and long-lived economy are a matter of record. For important extras in every department of automotive value, Pontiac's your car!

It's the RIGHT PRICE!

Dollars-and-cents decide the issue for most of all of us in making major purchases. But the price of a Pontiac will never sway you from buying the right car, for the price is right, too! Pontiac engineers discovered long ago that—for very, very few extra dollars in price—they could build into Pontiac cars a great deal of extra quality. As a result, Pontiac—big, beautiful, luxurious, fine-performing Pontiac—is actually one of America's lowest priced cars. Come in and let us show you that if you're going to buy any new car, you can make it a Pontiac!

It's the RIGHT TIME!

Your present car will never be more valuable to you as a trade-in than it is today! So don't wait a week, a month or a season to start enjoying all the pleasures of Pontiac ownership. The deal we're offering makes this not only the right time to buy a Pontiac, but the best time of all! Come in now and discover the very real extra value Pontiac offers—that "Dollar for Dollar you can't beat a Pontiac" never meant more than it does today!

Three from County Score High on Tests

Parents of three students from Floyd county attending Eastern Kentucky State College at Richmond have been informed that the following students made high scores on tests given during Freshman Week:

Raymond Douglas Mace, son of Mr. and Mrs. Henry Mace, Martin; Nancy Jane Spurlock, daughter of Mrs. Gertrude P. Spurlock, West Prestonburg; Grady Alvin Wallace, son of Mr. and Mrs. Rufus Wallace, Mare Creek.

The scores for the local students were in the highest 25 per cent of the students entering Eastern for the first time.

The Personnel Office at Eastern in releasing this information noted that the high average is complimentary to the high schools attended, as well as to the students making the superior records.

business and official, are expected to take similar action within a matter of days.

The experimental survey to be undertaken will have as its main purpose that of providing additional scientific knowledge of these diseases and promoting better control measures.

Statistics show that a very heavy mortality rate, confined heavily to children, results from intestinal diseases in mining areas. Attention will be given during the survey, however, to all communicable diseases, Mr. Clark said.

The U. S. Public Health Service is not satisfied with the accepted theory that so-called intestinal-borne diseases are introduced only by food or water, and the study will undertake to discover if such ailments are contracted perhaps by personal contact or respiration.

This Is The Record

"This bond and the issue of which it is a part is payable from and secured by an exclusive pledge of a fixed amount of the gross income and revenues to be derived from the operation of said public project, which amount shall be sufficient to pay the principal hereof and interest hereon as and when the same shall become due and payable, and which shall be set aside as a special fund for that purpose and identified as the 'Waterworks and Gas System Project Bond and Interest Redemption Fund of 1953' and THIS BOND DOES NOT CONSTITUTE AN INDEBTEDNESS OF THE COUNTY OF FLOYD within the meaning of any constitutional provisions or limitations as provided in section 58.040 of the Kentucky Revised Statutes. Said county covenants that said public project will be continuously operated at a revenue producing undertaking and that it will fix or cause to be fixed such rates for services furnished by said project and will collect and account for income and revenues from such project sufficient to promptly pay the principal of and interest on this bond and the issue of which it forms a part, as the same shall become due."

Had you heard that every property owner in Floyd county has had his home and other belongings jeopardized by these bonds? You may have.

But the truth is, Floyd county acts merely as fiscal agent or as a "holding company" for the water and gas district, just as it often has acted in the past for the Floyd County Board of Education.

But a desperate Republican Party and its candidates who offer nothing but advice in lieu of a platform, are trying to make it a vote-getter.

They even neglect to mention the Gas System, which was one of the companies acquired by the water district. Do you know why? Could it be because George Evans, brother-in-law of Governor Collins, who is a candidate for Sheriff on the Republican ticket, was a part-owner of the Gas System?

Ask yourselves this: WHY DID THEY FAIL TO ADMIT THAT FLOYD COUNTY IS NOW RESPONSIBLE FOR THE PAYMENT OF THESE BONDS? Why did they try to mislead the people into believing a debt had been bonded onto them without their vote, knowledge or consent? Perhaps they were guided by the old axiom that desperate situations demand desperate measures!

This whole transaction is a matter of public record. It is on the record books. It was considered and talked in open court. The purchase was made when officials of the water district—good, reputable citizens—decided it would be a public improvement.

I ask you as intelligent men and women to read the WHOLE RECORD in the County Court Clerk's Office, pertaining to this bond issue.

And I would warn you against an array of half-truths and veiled insinuations, which show every truth that might not blacken some individual's reputation.

Sincerely,
HENRY STUMBO

ELECT FOSTER "SID" MEADE

MAGISTRATE, DISTRICT 3

Don't you people in Floyd county think it is time to elect men who are qualified and have no political edges in their nose? The office of Magistrate is one of the most important offices in the county. The four Magistrates and the County Judge make up the fiscal court, and the fiscal court dispenses every tax dollar collected.

I have two college degrees and have taught school twelve years on Left Beaver Creek. During that time I had some 600 pupils, and I treated every one of them fair and square, and I believe 99 percent of them will tell you just that. I am personally interested in the welfare of veterans, because I spent three years in World War II. I am personally interested in the coal miners, because my only brother earned his bread from toiling between two rocks. I am personally interested in the welfare of orphans, because my father died when I was five years of age.

I am opposed to a "mud-slinging" campaign, therefore I will not say anything against the record of your Magistrate in District No. 3, Ellis Martin has been your Magistrate for the past four years and you voters know his record as well as I do.

If you think he has been a better Magistrate than I can, and will make you, then I don't deserve your support. If you think that I am a well-qualified young man who has the welfare of all the people at heart and will not let outlays and "hatched deputies" control me, then I deserve and will always be grateful for your support.

In his attempt to smear my personal and official reputation through an advertisement and handbill filled with half-truths and insinuations, my opponent has deliberately failed to state one truth.

I say his failure to do so must have been deliberate, for the truth is there for all to see, in the VERY FIRST paragraph of the copy of the bonds sold in this so-called "deal". That copy is spread on Fiscal Court Order Book No. 6, Page 254.

This very first paragraph reads:

"KNOW ALL MEN BY THESE PRESENTS:

"That the county of Floyd, in the Commonwealth of Kentucky, acknowledges itself to owe and for value received, hereby promises to pay to the bearer the sum of ONE THOUSAND DOLLARS on the first day of June, 1954, and to pay interest on said sum from the date hereof at the rate of _____ per cent (_____) per annum, hereof at the rate of _____ per cent (_____) per annum, hereof in each year, upon the presentation and surrender of the annexed coupons as same mature, (OUT OF AND ONLY OUT OF THE INCOME FROM A PUBLIC PROJECT CONSISTING OF THE COMBINED GAS SYSTEMS AND WATERWORKS SYSTEM AS HEREINAFTER SET OUT), both principal and interest being payable at the First National Bank, Prestonburg, Kentucky, in such funds as at the time of the respective payments are legal tender for the satisfaction of debts due to the United States of America.

Offers School Press Prizes for Articles, Editorials, Cartoons

School newspapers throughout Kentucky are being asked to take part in a school press contest by writing articles and editorials and publishing cartoons on "How Our Town Feels TB" and "What Do We Knees About TB?"

Purpose of the contest is to acquaint students with the facts about tuberculosis and what their community does to fight the disease. It is sponsored by the National Tuberculosis Association, the Kentucky Tuberculosis Association and its local affiliates, and the Columbia Scholastic Press Association. Competing school papers will run the articles or cartoons in either of both their November or December issues. The winning papers will have possession of a "progressive" trophy for one year and certificates of Honor will be awarded other outstanding entries. January 15, 1954 is the deadline for filing the entries with local tuberculosis associations or the Kentucky Tuberculosis Association, 1400 South Third Street, Louisville.

Lackey Salisbury is your man, he is the common-man's friend, a man of integrity and ability.

Floyd county has never in all its history offered a better qualified man for the office of County Judge.

He served two years in the U. S. Army in France during the First World War. He belongs to the United Mine Workers Local No. 6691, Martin, Ky.

After he has taken the oath of office you will no longer need to form Good Government Leagues, hire investigators—because Lackey Salisbury will bring some "woodshed" honesty to the office of County JUDGE.

He will do everything in his power to make null and void the now-famous Deal.

Pikeville, Ky. Oct. 12 (Sp.) — Dr. A. A. Page, President of Pikeville Junior College, today announced that a drive for living endowments to make possible a four-year college at Pikeville will be launched this fall.
The campaign was decided on at a meeting of the college board of trustees, Oct. 8. It will be directed not only to alumni of the school but to all interested citizens of this area.

A "living endowment" consisting of pledges of annual contributions, can use the place of a large part of the endowment fund needed for a fully qualified senior college. If the pledges are paid regularly, they are considered equivalent to the income on an invested cash endowment, Dr. Page explained.
Three dollars a year, pledged and paid systematically, in this way can take the place of one hundred dollars of investment endowment.

"Alumni of the college will be the first persons who will be approached, but support from anyone interested in having a four-year college here will be welcomed," Dr. Page said. "From time to time, publicity will be given the various alumni classes as of participation."
Trustees attending the board meeting included the newest members, the Rev. Edwin F. Dalton, pastor of the First Presbyterian Church of Harlan, Ky. Others were the Rev. John K. Mitchell, Cincinnati; James D. Francis, Huntington, W. Va.; R. Wier Ayler, Pittsburgh, Pa.; and N. A. Crisman, J. S. Miller, Lon B. Rogers, R. H. Hickey, W. J. Baird and R. J. Day, all of Pikeville.

CATS LICK LOUISA, 33-0; PLAY BELFRY HERE, FRIDAY

By GORDON MOORE

The Prestonsburg Black Cats bounced back into the win column last Friday night as they stamped the Louisa Bulldogs 33-0 in their fourth arduous victory of the season.

Catch Doc Ferrell's poised and scored in every period and guided two Louisa scoring threats inside the 15-yard line.

"Jeep" Alexander, starting his first game at quarterback, sparked the Black Cats to 13-0 first-quarter margin by sending halfback Lowell Hughes around end for a 35-yard touchdown run and halfback Clifford Goble over front 12 yards out. Hughes recovered Louisa fullback Billy Short's fumble on the Bulldogs 21-yard stripe in the opening seconds of the first period to set the stage for Goble's pallop.

A perfectly executed block by tackle Randall Wells made possible Hughes' 48-yard trek six plays later. The elusive 165-pound sophomore reached paydirt by skirting down the sidelines virtually unopposed, and booted the extra point for a 19-0 halftime count.

Fullback Billy Short and end Paul Osburn were rejected from the game in the second quarter as tempers flared repeatedly on the playing field throughout the contest.

Diminutive "Punkin" Goble raced 60 yards for the fourth Black cat touchdown after taking a hand-off from Hughes on a punt early in the third end. Hughes ran the lead to 28-0 with his second perfect kick.

Louisa drove to the Prestonsburg 10 on three successive first downs, mainly through the passing efforts of quarterback Kenny Osborne the third and receiving end Charles Fouts. Penalties and the fine defensive play of guard Charles Sellers and Johnny Thompson at fullback halted the march.

Halfback Chester Shepherd racked up the fifth T.D. late in the game when he scoot-around end for 65 yards, the longest run of the night.

An offside penalty nullified another Prestonsburg tally that covered 50 yards on a perfect aerial from Alexander to Shepherd before the try ended.

Louisa was hampered somewhat by the absence of halfback Jim Johnson, who moved to Ohio earlier in the week. Then, after losing fullback Short, the Bulldogs relied strongly on the passing arm of Osborne.

Prestonsburg returns to conference action Friday when they play Belfry, co-leaders of the K.C.M.C. on the local field.

BE YOUR OWN JUDGE

Last year the Good Government Taxpayers League asked Judge Stumbo to turn into the County Treasury \$2,000 that was long past due. The Judge cried politics and smear to his reputation, however he later paid the \$2,000.

A few weeks ago when the grand jury indicted him for neglect of duty, again the Judge cried politics, and tried to prove his innocence by citing a statute other than the one under which the indictment was drawn. Now he says the publication of the Deal is just another attempt to smear his official reputation. We ask only that you make this test. Go to the courthouse and read the records of the Henry Stumbo Deal in order book 6. Then go to your own personal attorney or to some close business associate and lay the facts before him. Tell him what you read on order book 6. We assure you that he will tell you Floyd county has bought old run-down properties at a fantastic price and that the taxpayers of this county have now saddled upon them a burden for many years to come. All done that a few might profit.

You can hear old-fashioned Gospel preaching and singing every Sunday night at the Davis Community Church. Bring your family and friends and come next Sunday night. Service begins at 7 o'clock.

William Crawford and Clark Todd, two David boys, appeared on the TV program over the WSAZ last Saturday afternoon with the Patsy Coal Teen-Agers. The two local men photographed so well that there is fear among the folks here that they may be taken to Hollywood.

Thunderstorms often appear to come up against the wind because they create great up-drafts of air that "suck" ground breezes toward the cloud from all directions.

FDB Controls Borers

Peach tree borers can be controlled by use of FDB in the fall, according to Circular 505 of the University of Kentucky. A band of FDB crystals is put around the tree trunk, taking care to allow at least 2 inches between the band and the tree. See a county agent for complete details of the treatment or ask for the circular, which is called "How to Control Peach Tree Borers."

FLOYD CIRCUIT COURT
First National Bank, Plaintiff
vs. **NOTICE OF SALE**
Tony Sims & Co., Defendant.

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered and entered at the August term, 1953, in the above styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 26th day of October 1953, at 10 o'clock a.m., same being the first day of the regular term of the Floyd County Court, upon a credit of six (6) months, the following described property, to-wit:

Located on Jacks Creek in Floyd county, Kentucky, beginning at Jacks Creek at a sycamore at the foot of the hill and Laconia Hill line; thence up the hill with Laconia Hill line to the top of the ridge; thence up the ridge between Willie Hill and Beaver side to a stone marked X, thence straight line down the hill to the mouth of a drain; thence straight line up the creek to the corner of the year; thence straight across the road to a marked rock; thence straight line down to lower end of Willie Hill garden; thence straight out to the creek; thence back down with the creek to the beginning.

Said property will be sold to satisfy an indebtedness reduced to judgment in favor of the First National Bank of Prestonsburg, Kentucky, and Elden H. Jones, aggregating \$1000.00, and the cost of this action.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with lien retained upon said property as a further security. Bidders will be prepared to comply promptly with these terms.

Given under my hand, this 5th day of October, 1953.

MAYTOWN

MRS. PATTON, HOSTESS

The Woman's Society of Christian Service held its monthly meeting at the home of Mrs. George Patton last Tuesday evening. Mrs. Elizabeth Allen was co-hostess. Mrs. Arnold Maggard was program leader of the topic, "Batter Good Seed." Doris Ann Maggard read the Scripture. Others on the program were Misses Gardina, Sun Patrick and Charlotte Maggard and Mesdames Howard Ramsey, James Allen, Roger Turner, John Sloan, Thurnal Click and Eugene Osborne. Mrs. Thomas Patrick presided over the business meeting, asking for the reports from the different officers and committees. Mesdames Howard Ramsey and Henry L. May reported that they had purchased and put up the curtains and shades in the parsonage — these bought by the Society and to be permanent property of the parsonage.

The Week of Prayer and Self-Denial was discussed. It was decided to have this week before the regular appointed time as the Evangelistic Mission comes that week, this making the Week of Prayer end on Sunday, October 26. The Treasure Chest boxes were given to each family for their free-will offering to share in the Widening Fellowship in the 28 counties where the Woman's Mission ministry is held. These Treasure Chests are to be kept in the home for loose change and opened once a year. Mrs. Edward Robinson and Theresa Lee Turner put their money in the birthday bank. Anniversaries were those of Mesdames Roger Turner, Edward Robinson, John Talant and Manor Manuel. The next meeting will be at the home of Mrs. Edward Robinson with Mrs. Rebecca Hays, co-hostess and Mrs. George Patton, program leader. The hostesses served a delectable course to the following members: Mesdames James Allen, John Carder, Arnold Cassidy, Thurnal Click, Raymond Crum, M. O. Halbert, Rebecca Hayes, Arnold Maggard, Bessie Johnson, Henry L. May, Thomas Patrick, Lucy Patton, Howard Ramsey, Jones Tallent, Roger Turner, Manor Manuel and John Sloan and Misses Sarah Sue Patrick, Perisa Lee Turner, Kathy and Paul Patton, and Charlotte, Doris Ann and Linda Maggard.

Everyone is cordially invited to attend all the services of the Evangelistic Mission which starts Sunday morning at 11 o'clock at the Methodist Church. The evangelist will be the Rev. C. B. Hoze, of Russell, Ky. Services will be Sunday morning and Sunday, Monday day morning and Sunday, Monday and Tuesday evenings at 7 o'clock. Rev. Hoze, assisted by Rev. Wiley, will hold the remaining services Wednesday, Thursday and Friday evening at the Garrett Methodist Church.

Mrs. Ed Sutton is in Covington with her daughter, Mrs. Jack Crave, who is recuperating from a major operation.

Mr. and Mrs. Arund Cassidy are spending the week in Detroit with Mr. Cassidy's sister, Mrs. Curtis Maynard, and family. Their son, Austin, is employed in Detroit.

Mr. and Mrs. Lam Reditz and family moved to a farm between Martin and Allen last week.

Mesdames V. O. Turner and James Allen were hostesses to a miscellaneous shower honoring Mrs. Kenneth Miller, nee, Ann May, Saturday afternoon. Mrs. Miller was the recipient of many gifts which she graciously accepted.

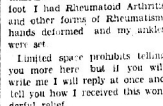

Mr. and Mrs. Ed Stewart attended the homecoming game at Morehead Saturday and visited with Mrs. Stewart's brother, Amos Saltsbury, who attends Morehead College.

LOOK AT IT this WAY

It is strange how you hear folks say time and time again that trucks don't pay enough highway use taxes. When you press them and ask how much they think the trucks do pay in comparison with the passenger car, you get answers like "maybe twice, perhaps three times as much". Nothing could be further from the truth.

In Kentucky it takes the total road taxes paid by 23 automobiles to equal those paid by just one large transport truck! Just think of the revenue Kentucky gets from Public Servant No. 1, the TRUCK!

Seems You Ought to Know Him!

You see a man in a beautiful new Cadillac—and, almost instinctively, you take a second look.

Your judgment tells you that those who drive Cadillacs are likely to be people of importance—and are very probably in the public eye.

It is small wonder that you feel this way about people who own and drive these distinguished cars.

For more than half a century, Cadillac has been a favorite car of the leading people in every community across the land. For Cadillac is the only car in America whose name has consistently been reserved for the finest cars it is practical to produce.

People who want the finest have learned to come to Cadillac—as the tide goes with the moon!

Of course, you don't have to be a prominent person in order to find a reason for moving up to Cadillac.

There is every practical reason for owning a Cadillac—as well as every personal one.

Under normal driving conditions, the Cadillac car will run a full day on a single tankful of gasoline.

The lowest priced Cadillac costs less than twenty-two models of other makes of American-built cars.

And a Cadillac, according to an authoritative study of national used car prices, will return a greater share of its owner's investment at the time of resale than any other motor car in the land.

So whether you are prominent, or whether you are practical—Cadillac is your perfect choice!

Better come in and see us. Cadillac was never so fine and beautiful as it is today—and it was never more practical to own and enjoy.

We're at your service—any time you wish to call!

GOVERNOR JOINS EDUCATORS URGING SCHOOL AMENDMENT

Frankfort, Ky., Oct. 19—Governor Wetherby today joined with leading educators of the state in urging passage of an amendment to Section 186 of the Constitution, dealing with distribution of common school funds, because of "disastrous inequities resulting from the present method of distributing school funds."

The Governor declared that the proposed amendment to be acted on by the voters, Nov. 3, would, when adopted, "remove constitutional specifications for distribution of state money and will allow the Legislature, guided by skilled advice from laymen and educationists, to devise another method of allocating school funds."

When I became Governor in 1950, the common school fund amounted to an all-time high of \$202,272,000. In 1951, I called a special session of the Legislature which approved my request that the per capita fund be increased by \$6,000,000.

"The 1952 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1952-53. The per capita fund amounted to \$262,120,000 for each of the years of the 1952-53 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"The 1953 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1953-54. The per capita fund amounted to \$262,120,000 for each of the years of the 1953-54 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"The 1954 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1954-55. The per capita fund amounted to \$262,120,000 for each of the years of the 1954-55 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"The 1955 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1955-56. The per capita fund amounted to \$262,120,000 for each of the years of the 1955-56 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"The 1956 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1956-57. The per capita fund amounted to \$262,120,000 for each of the years of the 1956-57 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"The 1957 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1957-58. The per capita fund amounted to \$262,120,000 for each of the years of the 1957-58 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"The 1958 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1958-59. The per capita fund amounted to \$262,120,000 for each of the years of the 1958-59 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"The 1959 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1959-60. The per capita fund amounted to \$262,120,000 for each of the years of the 1959-60 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"The 1960 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1960-61. The per capita fund amounted to \$262,120,000 for each of the years of the 1960-61 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"The 1961 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1961-62. The per capita fund amounted to \$262,120,000 for each of the years of the 1961-62 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"The 1962 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1962-63. The per capita fund amounted to \$262,120,000 for each of the years of the 1962-63 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"The 1963 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1963-64. The per capita fund amounted to \$262,120,000 for each of the years of the 1963-64 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"The 1964 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1964-65. The per capita fund amounted to \$262,120,000 for each of the years of the 1964-65 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"The 1965 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1965-66. The per capita fund amounted to \$262,120,000 for each of the years of the 1965-66 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"The 1966 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1966-67. The per capita fund amounted to \$262,120,000 for each of the years of the 1966-67 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"The 1967 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1967-68. The per capita fund amounted to \$262,120,000 for each of the years of the 1967-68 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"The 1968 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1968-69. The per capita fund amounted to \$262,120,000 for each of the years of the 1968-69 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"The 1969 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1969-70. The per capita fund amounted to \$262,120,000 for each of the years of the 1969-70 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"The 1970 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1970-71. The per capita fund amounted to \$262,120,000 for each of the years of the 1970-71 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"The 1971 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1971-72. The per capita fund amounted to \$262,120,000 for each of the years of the 1971-72 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"The 1972 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1972-73. The per capita fund amounted to \$262,120,000 for each of the years of the 1972-73 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"The 1973 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1973-74. The per capita fund amounted to \$262,120,000 for each of the years of the 1973-74 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"The 1974 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1974-75. The per capita fund amounted to \$262,120,000 for each of the years of the 1974-75 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"The 1975 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1975-76. The per capita fund amounted to \$262,120,000 for each of the years of the 1975-76 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"The 1976 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1976-77. The per capita fund amounted to \$262,120,000 for each of the years of the 1976-77 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"The 1977 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1977-78. The per capita fund amounted to \$262,120,000 for each of the years of the 1977-78 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"The 1978 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1978-79. The per capita fund amounted to \$262,120,000 for each of the years of the 1978-79 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"The 1979 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1979-80. The per capita fund amounted to \$262,120,000 for each of the years of the 1979-80 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"The 1980 Legislature granted my request to raise the common school fund to \$31,783,500 for the year 1980-81. The per capita fund amounted to \$262,120,000 for each of the years of the 1980-81 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

"These actions reflect my sincere interest in the welfare of our schools, children and teachers. However, despite large increases in the common school fund from \$19,501,260 in 1947 to \$31,783,500 in 1952-54, enrollment has increased so that we are wholeheartedly interested in education, there are still inequities resulting from the present method of distributing school funds as now provided by the State Constitution, and our school system remains static. This belief is borne out in a Legislative Research Commission study of the 1950-51 fund distribution.

"Therefore, I endorse the amendment to Section 186 of the Constitution and urge its passage on November 3. This amendment will remove constitutional specifications for the distribution of state money and will allow the Legislature, guided by skilled advice from laymen and educationists, to devise another method of allocating school funds. Development of a new program and the attainment of an adequate school system will require patient study, work and additional funds over a period of years.

"In the event the amendment is adopted, I desire to make it clear I shall recommend to the 1954 session of the Legislature:

"That if the total appropriation to common schools for the 1954-55 biennium is equal to the appropriation for the 1952-54 biennium, the amount of the per capita fund will be retained and each county will receive the same amount which has been in effect for 1952-54.

"That if the total appropriation to common schools for the 1954-55 biennium is greater than the 1952-54 appropriation, the additional money be placed in the equalization fund.

"That the law governing the distribution of the equalization fund be rewritten in accordance with sound principles of school financing.

"The repeal of Section 186 will remove the constitutional obstacles now hampering the greatly desired improvement of our schools and permit legislators and educational leaders to embark upon a long range program to bring Kentucky's school system into a brighter era.

"I urge all Kentuckians to have confidence and respect for the individuals who are elected to the Legislature and for all other elected officials who will assume the responsibility of devising a formula for distribution of our common school fund when Section 186 has been repealed."

Homemakers Lessons Used in New House

The new home of Mrs. James Davis of Bath county is a reflection of some of the information she has learned through her homemakers club. The three-bedroom brick house is made on a one-floor plan, with utility and recreation rooms in the basement, said Mrs. Lorraine Dickel, UK home demonstration agent.

Here is a listing of some of the helpful ideas Mrs. Davis says she got from her project lessons: planning the house, kitchen arrangement of equipment, storage facilities, location of electric outlets, choice of light fixtures and lamp shades, window treatment, choice of drapery fabrics and the making of them, selection of floor covering, arrangement of furniture and accessories, picture placing and hanging, and use of old furnishings.

Lesson in landscaping and planting also proved helpful to this housewife.

Eight farmers in that county are planning to improve their herds and dairy equipment.

GIRL SCOUT NEWS

Bundy Valley Council, Girl Scouts John T. Parker, Wheelwright, and of America, has two delegates—Mrs. Mrs. Wm. Crawford, of David—at the national Girl Scout convention in Cincinnati this week, with Miss Virginia Hatcher, Pikeville, as alternate; Miss Barbara Goddard, Council executive director, also is attending the convention.

The Girl Scout biennial Council dinner will be postponed from the last week of the month till the first week in November. The dinner will be held at the Martin high school cafeteria. All registered adults, wives, husbands and friends of Scouting will be expected to attend.

Girl Scouts in Prestonsburg are happy to announce that they have four new leaders and other assistants. They are Mrs. Rex Osborne and Mrs. Kenneth Caldwell, who will lead Troop 6; Mrs. Alfred Seeling and Mrs. Ernest B. Osborne, who will lead Troop 7; Mrs. R. V. May have Troop 2, and Mrs. Keith Bays has Brownie Troop 15.

Executive director Barbara Goddard gave troop training at the Prestonsburg Presbyterian Church, Oct. 19. West Van Lear and David troop leaders were included. Leaders attending included Mrs. Cecil Sherman and Mrs. John Tidlow, West Van Lear; Mrs. Rex Osborne, Mrs. Arnold Compton and Mrs. Ray Howard, Prestonsburg; Mrs. Chester Patton and Mrs. Wm Crawford, of David.

Our lodge at Dewey Lake will soon be completed. It's beautiful, drive over and see it!

Surveys have been made for installing several irrigation systems in Edmonson county.

Members of homemakers clubs in Garrard county read 2,316 books the past year.

County Agents Have Farm Lease Forms

Persons planning to lease land may be interested in two farm lease forms which may be obtained free from county agents or by writing to the University of Kentucky College of Agriculture and Home Economics, Lexington. One is a Kentucky lease and the other a standard lease of the U. S. Department of Agriculture.

The college also will supply information on farm-and-anti-farming arrangements. Ask a county agent about this.

Just now, as the 1953 season is closing, farmers are discussing machinery they should have next year. New machinery or the replacement of old equipment often is a problem. The 1954 Farm Machinery Directory, Bulletin 484 gives information on the costs of owning and operating farm implements. Both publications may be obtained at county agent offices.

Stop Taking Harsh Drugs for Constipation

Avoid Intestinal Upset! Get Relief This Gentle Vegetable Laxative Way!

For constipation, avoid harsh drugs. They cause bowel cramps and griping, disrupt normal bowel action, make repeated doses seem needed.

Get more but gentle relief when you are reasonably constipated. Use Dr. Caldwell's Senna Laxative contained in Slop-Pepin. No salts, no harsh drugs. Dr. Caldwell's contains an extract of Senna, one of the finest natural vegetable laxatives known to medicine. Dr. Caldwell's Senna Laxative tastes good, gives gentle, comfortable, satisfying relief for every member of the family. Help you get "on schedule" without repeated doses. Even relieve stomach aches which constipation often brings.

RIGHT The WRONG WITH CECIL NEWSOME for COUNTY COURT CLERK

Politics in this county is sometimes the excuse for things that are said and done that should not be said or done. Especially it should not be done when the attack is made upon a well-qualified person candidate, Imogene Stumbo Moore was that kind of a candidate, and was the victim of a tragic accident. Some are said to have seized upon her helpless condition, and while she was in the hospital, circulated stories that were repugnant to the feelings of a fine and decent people.

I want to take this means to rectify in a small way the harm my opponent did or attempted to do. Imogene Stumbo Moore wrote in her declaration papers that she would vote for the Democratic nominees. She will do that. I have not nor do I expect to ask her to break her solemn oath. She is a woman that respects her solemn pledge.

I have a pledge to make too, and I do it solely in the interest of righting a great wrong. I pledge, if elected County Clerk, to employ Imogene Stumbo Moore in the place of Mrs. Dulfan Moore, in the Clerk's office. Imogene is a woman of intelligence and education, she will be a fine assistant to me and will serve the public well.

Therefore I say to all of you, who voted for and supported this valiant woman, "Now is your chance to right the wrong of last August."

Yours for a Better Floyd County

NEWS & NOTES

By ROGER TURNER

"Man Doesn't Live by Bread Alone"

When we speak of "appetite" we automatically think of food. We automatically think of food for the stomach that is. But there is another kind of food, almost equally important to our well-being, and that is the food that nourishes the soul and feeds our emotional needs. In order for our bodies to grow it is essential that we eat, and in order for our souls to grow it is imperative that we have something to quench the thirst for emotional comfort.

Exactly the way people have different tastes in food, so do they have different preferences when emotional needs are concerned. A closeness to God is perhaps the best answer to the need for spiritual fulfillment. An appreciation of beauty—especially the beauties of nature is another feast for our emotional appetite. There is no set menu . . . the only important thing is that each person find his own way of attaining spiritual fulfillment, and when he does he should continue to nurse this phase of "appetite" as well as a hunger for food.

If thy mortal goods thou art bereft, And from thy slender store two leaves alone are left, Sell one, and with the dole Buy hymns to feed the soul.

VOTE STRAIGHT

BECAUSE

THE DEMOCRATIC NOMINEES ARE THE PEOPLE'S CANDIDATES AND THE PEOPLE'S CHOICE. VOTE STRAIGHT.

DO YOU WANT FOUR MORE YEARS

WITH THE

3 B's

Banner - Bev - Bill

In my all-out effort to make clear the issues of this campaign, I feel it necessary to remind the good people of Floyd county of a few facts admitted even by my opponent.

First: He informed you through the medium of this newspaper that he has promised two of Banner Meade's present deputies jobs if he is elected. One of these being Bev Sturgill. Now I have nothing personal against Mr. Sturgill. He has played a very important part in law enforcement, or the lack of it, in this county for the past four years. He has a record and you are the judge. Personally, I am not proud of it and will terminate his employment upon taking office, January 1, 1954.

Banner, our present Sheriff, admits that he supported my opponent in the primary and is actually campaigning for him today. Then it's only fair to ask—"Where will Banner be if my opponent should win?"

Do you want to be stuck for four more years with the 3B's—Banner, Bev and Bill? Again I promise you four years of law enforcement with an administration brand-new in all its parts.
