The Christmas Story COLORING CONTEST

The simple words with which St. Luke and St. Matthew tell of the first Christmas, appropriately provide the theme of this Christmas Coloring Contest. These Christmas Panels—with their reverent, inspiring scenes, reflect the true spiritual meaning of the Christmas season.

"And she brought forth her first born son, and wrapped him in swaddling clothes, and laid him in a manger, because there was no room for him in the inn." — according to St. Luke.

NAME AGE

ADDRESS

HERE ARE THE SIMPLE RULES

- 1—This contest is open to all boys and girls 11 years of age or younger, except children of employees of this newspaper.
- 2—Color as many pictures as you wish, but only one prize will be given to each winner.
- 3—Print your name and address clearly in space provided and take or mail your colored pictures to Hall Bros. Funeral Home. All entries must be submitted weekly.
- 4—Decision of judges is final. Finished pictures become the property of the sponsor, who reserves the right to publish the winning names.

REPEAL WAS 1st SKIRMISH

In Minimum Foundation Fight, View As School People To Push Action

The Minimum Foundation Program, planned for Kentucky's schools is a People's Program, and the fight is only begun," was the comment made here this week by County Superintendent Virgil D. Turner in a discussion of the work to be done after the repeal of Section 186 of the state constitution.

To maintain the fight he added school people will seek the continued help of all those who so effectively worked during the campaign for repeal—advocates, committees, Parent-Teacher Associations, civic clubs, bar associations and the like.

Resolutions adopted at a recent area meeting held here pointed out that the overwhelming vote for repeal of Section 186 clearly indicates that the people want a minimum level of services for all of Kentucky's children, and went on record as favoring the enactment of a law at the coming session of the General Assembly based on the principles of the Minimum Foundation Program.

The fight, it is agreed, will be in Frankfort where the legislature will be asked to enact a law and also to adopt a fiscal policy which would make the law of effect.

Continuing with the idea of maintaining the effective organization formed during the vote campaign for repeal of Section 186, a meeting of the Public Relations committee composed of at least one representative from each of the 34 school districts in the East Kentucky Education Association will be held for Dec. 12 in Ashland. Other meetings will follow.

SOIL CONSERVATION

By L. E. Johnson

"How Soil Conservation Benefits My Community" is the subject of this year's essay.

This contest is sponsored by The National Journal, The Louisville Times and WHAS, and for Floyd County by the Soil Conservation District supervisors join in helping make this a success.

The state awards will be: First place, \$100 savings bond; second place, \$50 savings bond; third place, \$25 Savings bond.

Additional awards will be made by the Floyd County Soil Conservation District:

- High school first prize \$10, 2nd \$5, 3rd \$3; for grades—first prize \$5, 2nd \$3, 3rd \$2.

High school or grade school in Floyd county qualifies.

The Rules:

1. The subject of this year's essay is "How Soil Conservation Affects the Educational Opportunities of Kentucky People."
2. Your essay is not to exceed 1,000 words. The number of words in the essay is to be shown on the first or cover sheet of the essay. Essays will be disqualified if this rule is not followed.
3. Your paper is to be written in ink or typewritten on one side of the paper only for all grades.
4. Each essay must bear the following certification: "I hereby certify that this essay is the original work of (Student's name) and signed by one parent and either the principal or school superintendent."
5. Your name (indicate Miss or Mrs.) address, school, county, and soil conservation district should be placed on a separate piece of paper and attached securely to the essay.
6. All essays from a Floyd county school should be taken to the office of the county superintendent on the conservation office prior to midnight, December 19, 1953.

DEATH OF PRATER CREEK WOMAN MARKS SECOND IN FLOYD CO. THIS YEAR FROM TB

Floyd county's second death from tuberculosis this year is that of Mrs. Dale Howell Akers, 46 years old, wife of Willie E. Akers, of Dana, who died last Thursday morning at Hazwood Sanatorium, Louisville. She had been ill 14 years.

Mrs. Howell's death points up a reduction in the TB mortality rate in Floyd county which has attracted national attention because of the county's high tuberculosis rate.

In 1950, when Mrs. J. D. Mayo was employed by the Floyd County Tuberculosis Association as a "Tuff" nurse, 35 persons died of the disease that year. Next year, the death toll dropped to 26. In 1952, 15 died and from that figure the death rate dropped to this year's all-time low for Floyd county.

A daughter of Mrs. Ellen Mulkey Howell of Harwood, and the late Matthew Howell, Mrs. Akers was a native of Dana. She had been a member of the Regular Baptist Church more than 30 years.

Surviving, besides her mother and her husband, are four sons and four daughters, Earl Lee and James Edward Akers, both of Adrian, Mich., Curtis Akers, address unknown, Willie E. Akers, Jr., Allen, Linda Lee, Sharon Sue and Josephine Akers, all of Dana. She also leaves six brothers and four sisters, Walk, Frank and Emmitt Howell, all of Dana, Willis, George, Jerry, Billy Ray and George D. Howell, both of Harrod, Mr. Mary Dawson Harrod, Mr. Nancy Glenn, all of Adams county, Mrs. Polly Ann Hamilton, Amba, and Miss Bossie Howell, of Pike county.

Funeral services were conducted Sunday from the Regular Baptist Church at Dana by the Rev. Sam Thomas, Tack Hall, Bert T. Conn, Lemmie Boyd, Johnny Hall and Luther Coats, burial at the Akers cemetery was under direction of the Carter & Cullihan Funeral Home.

Young Evanston Athlete Assisted by Faith Fulfilled

Billy Ray Hager, 17-year-old star athlete at Williamson high school, was on a football team last week from New York—all paralyzed from the waist down.

The youth who suffered a broken leg in a dive at the Williamson municipal swimming pool last May 31, has been a patient at New York University Hospital—Bellevue Medical Center since his injury.

The father, mother, Clarence Hager of Evanston, Ky., is to accompany Billy. They were due to arrive this afternoon and Billy will enter Williamson Memorial hospital for an indefinite period.

Billy, who was living with his mother in Williamson at the time of the accident, was regarded by Coach Tony Gentile as one of Williamson's most promising athletes. He played football, basketball and baseball.

Almost \$3,700 was collected after the accident for a "Billy Hager Fund" sponsored by the Williamson Daily News, but the youth's medical treatment has been paid for by the United Mine Workers.

Sponsors said the approximately \$3,300 remaining in the fund will be held in case of future need.

HOLBROOK THANKS VOTERS

I want to express to the voters deep appreciation for the confidence you showed in electing me your Magistrate for District No. 1. To everyone who supported me, allow me to say, Thanks. I shall ever bear in mind the confidence you have placed in me and pledge that I will do everything in my power to merit that confidence.

Sincerely,

Women Work too Hard
 ...and they shouldn't

Why carry heavy baskets of wash out to the clothesline when there's an easier, better way to dry clothes? You can dry clothes without doing any hard work when you have an electric clothes dryer right next to your washer. Just toss wet clothes in, set the dial, and within an hour or so your clothes are dry. Results are amazing.

colors don't fade
 towels, sheets, corduroys come out fluffier
 everything comes out sparkling clean

An electric clothes dryer saves time, too! You can dry clothes when it's most convenient for you... day or night, rain or shine. It's the greatest work-saver ever invented for women! See a demonstration at your dealer's. You've got to see it to believe it.

Here's the easy electric way to dry clothes

- 1 toss clothes in
- 2 set the dial
- 3 take out dry clothes

Wine, Guest-Speaker As Foreman's Clubs Hold Joint Meeting

Thanksgiving 1953 is more than the story of the Pilgrims. It is a moving reminder of our individual freedom, of our entitled dignity, of equality with our fellowman, of our right to protect all we are under law and of our responsibility to the world.

"This is a time," he said, "when needless accusations are flung out irresponsibly and destroy reputations and sometimes the lives of men who are never afforded an inquiry by grand jury of their day in trial court. The principle of American law is that a man is innocent until he is proved guilty, and it is the function of the law to protect him from the crime he commits. I am seriously concerned about the area of freedom of men's minds in this country today. We have reached a point where we exercise extreme caution in the expression of our opinions without trial and destroyed. This kind of conduct does not typify the word of Mayflower Compact, part of our Constitutional principles. It is a thing foreign to America and we must be intelligently informed about it to preserve that thing from getting out of hand and altering the course of history, thereby breaking the faith of our fathers."

POWER PLANTS Sixteen electric power plants in Michigan, Wisconsin, North Dakota, the District of Columbia, North Carolina, West Virginia, and Tennessee last year operated 80 per cent on coal, while plants in Virginia, Maryland, Delaware, and Ohio operated 80 per cent on coal, according to a study just completed by the National Coal Association.

BENSON PLANS 50-50 BASIS

For Farmers' Aid; PMA Becomes ASC; Program For '54 Is Complicated

The PMA, under the re-organization plan put into effect by the USDA, now becomes the Agricultural Stabilization and Conservation committee. It was said by Alex M. Spradlin this week. Mr. Spradlin, formerly secretary and chief clerk under the PMA organization, becomes office manager of the ASC. Title of Elder George Clark, remains unchanged.

The original organization, now staffed by a county committee of five, plus Spradlin and Ooble, was the old Agricultural Adjustment Administration, called the triple A. The new organization, the ASC, planned by secretary of Agriculture Ezra T. Benson, will have major changes in farm practices. "The new 1954 program is extremely complicated," said Spradlin. "All practices are on a 50-50 basis. That is a joint sharing of the cost of farm practices which will be borne by the government and the farmer. The government has put into effect a 'business practice' program. Take a typical farm practice—land preparation, seeding, liming and fertilization. Failure to carry out either of these practices will exclude a farmer from payments on the other practices."

Another thing that needs explanation, Spradlin added, is cover crop payment plan. Payments for cover crops will be made only for the acreage in excess of the normal sowings over the previous year's sowings. If your normal sowings were six acres and you sowed seven, you would be paid for one acre of cover crop sowing."

HEALTH NOTES

By Floyd County Health Department

More and more people throughout the country are wisely forming the habit of getting chest X-rays at least once a year to find out whether or not there are signs of tuberculosis in their lungs.

Although additional tests are necessary before a definite diagnosis of tuberculosis is made, a chest X-ray is one of the first steps in finding this communicable disease. For while early tuberculosis has no apparent symptoms, indications of such early disease will usually show upon the X-ray.

People who realize "one chest X-ray is not enough" keep a year-invest in the health of their lungs. For tuberculosis can strike at any time. A favorable report on a chest X-ray now is no guarantee that tuberculosis will not develop in the future.

Tuberculosis is caused by germs called tubercle bacilli which are carried by those who have an active case of the disease to those who are well. There is no way of knowing just when tuberculosis may attack.

Obviously, one way to avoid tuberculosis is by keeping away from those who have the disease in an active stage. But we cannot always be certain that we are not in contact with TB. For people can look well and still be suffering from tuberculosis, since the disease has no obvious symptoms in an early stage. Hence a person can unknowingly be getting a daily bombardment of tubercle bacilli within his own family circle or from relatives and friends with whom he associates.

That is why doctors and the tuberculosis associations urge every adult 15 years of age and over to form the habit of getting a chest X-ray at least once a year. If tuberculosis should develop, a person then has the best chance of having his disease found early, when it is easiest to cure.

Tuberculosis can be cured, but it is more difficult to cure when it is found in an advanced stage.

CONLEY THANKS VOTERS

Some eight months ago, I started on a house to house canvass to try to place myself before you, the people of FLOYD COUNTY. Several of you I was unable to contact, however, I want to express my many thanks to you and all FELLOW FLOYD COUNTYANS who saw fit to select me to serve you as your County Attorney. I pray to my God that I will be worthy of the trust and faith that you have placed in me.

You that I have had the pleasure of meeting and talking to know that the only promise I made was to do my best to do a good job as your County Attorney, to treat everyone alike and to treat you as I would want you to treat me. I WILL MAKE EVERY EFFORT TO KEEP THAT PROMISE.

Please feel free to call on me at any time I can be of service to you. I hope you are never brought before the Courts of this county but if you are I will do my best to see that justice is done for you as an individual and for Floyd County.

MY HUMBLE THANKS AND APPRECIATION FOR A BETTER FLOYD COUNTY HOLLIE CONLEY

The conditions here are ideal for whitetails, said William P. Malone, Forest Ranger, district biologist. They need open territory as well as cover. Years ago, these same breed of deer were shot and starved out. Agricultural practices then didn't favor them at all. Intensive farming and uncontrolled hunting destroyed them.

In Game of the Week. A letter being prepared this week by the Floyd County Health Department for forwarding to all Floyd county schools will stress the proper handling and preparation of foods and beverages offered for sale at banquets and other gatherings, and will cite the law applicable to such cases. Wrote the Health Department, in part: 'We find many of our very best schools are attempting to sell various articles of food and drink at basketball games and other social functions and in many cases the food and drink is not prepared and dispensed according to Kentucky health laws. 'We of the Health Department feel that few cents of profit made on the hot dogs or coffee do not justify the sales, and is truly serious health for a small sum of money.'

WRIT CHARGES MILK VENDOR. Clark Says Milk Sold At Auxier in Violation Of Suspension Directive. M. V. Clark, Floyd county health administrator, announced Wednesday that he had sworn out a warrant charging Paul Lyons, Salversville, Borden's milk distributor, with selling a misbranded food product after having been notified not to do so. The action arose from the discovery, Tuesday, at an Auxier store by Clark and J. M. Stambaugh, county sanitarian, of 34 quarts of milk delivered by Lyons from the company's Huntington plant. The grade of milk from that plant was suspended recently on the grounds, Clark said, that the bacterium count of the milk upon reaching this county was too high. Clark also asked for a court order authorizing the destruction of the milk which he had placed under quarantine. He emphasized the point that the health department's trouble is not with the milk company but with its distributor. The company, he said, is making earnest efforts to meet requirements. It is permitted to ship milk here from its Pennsylvania plant. The maximum penalty for selling a misbranded food product is a fine of \$100 for each offense, and each sale may constitute a separate offense. More than 50 million tons of bituminous coal were transported by river in 1952. A steel company on the Ohio River near Pittsburgh can unload coal from river barges at the rate of 1,500 tons an hour.

\$100,000 Decline Noted In State Needy Payments

Frankfort, Ky., Nov. 25 (AP)—Kentucky spent \$1,700,000 on the public assistance program last month, approximately \$100,000 under the September total of \$3,275,000, the Department of Economic Security reported today. The Department administers the program of Old Age Assistance, Aid to the Needy Blind and Aid to Dependent Children programs.

Aaron Paul, director of the Public Assistance Division, announced that \$1,945,200 was distributed in Old Age Assistance grants, compared with \$1,940,536 last month; \$1,130,361 in Aid to Dependent Children, a drop from the \$1,240,300 for September, and \$94,535 for Aid to the Needy Blind, up \$386 over the preceding month's total.

Average checks for needy aged persons last month was \$34.92, while the average of \$61.82 was spent for dependent children, and the average needy blind drew \$33.50.

ROAD CONTRACTS APPROVED

FRANKFORT, KY., November 25—The State Highway Department awarded contracts for improvement of 15.8 miles of road to cost \$1,207,000—including 2.7 miles of the new Watterson Expressway in Jefferson county. Other counties in which contracts were awarded were Caldwell, Hopkins, Carter, Marion, Breathitt, Davies, Union and Lawrence.

WHEELWRIGHT

P-T-A MEETS, NOV. 18
 The regular meeting of the Wheelwright P-T.A. was held in the grade school cafeteria at 7 p.m. November 18. There was a good attendance of both parents and teachers.

Kenneth Moore, chairman of the Halloween carnival, reported that the carnival was quite successful. Money raised from the event, after bills were paid, totalled \$269.50. This will be used for improvement of the school.

At the October meeting the organization decided to select one room, as a beginning, at the grade school to modernize to a reasonable extent. A sixth grade room was selected. Work will get under way as soon as materials can be acquired.

Bob Ornum, chairman of the school inspection committee, reported on the physical condition of the grade school. It is hoped that some of the repairs which are most needed will be taken care of in the near future.

The ever-popular Bookmobile project was explained by Bill Lecken. Some of the information he brought to the group was very interesting as to the literary needs of the people.

A cash prize of \$203 was given to the room having the teacher and the most parents present. For the grade school, Miss Mildred Gehring, second grade, was the winner while Mrs. Steve Clark, seventh grade, won for the high school.

By PAUL BRYANT
UK Football Coach

'Bear' Facts—

LEXINGTON, KY.—You can't always tell when the college football season is drawing to a close. The first football conference in the increasing amount of space devoted by the newspapers to bowl kick.

Although it seems to me that this annual speculation begins earlier and takes longer and the who wins the subject is a pretty interesting one to most fans. With it's in mind, I'd like to get on the bowl-season with my predictions on the way these "post-season extravaganza" may line up on New Year's Day.

Naturally, I am excluding our own Kentucky Wildcats from consideration for purposes of discussion even though I am positive they deserve every possible consideration and will receive a just share of attention from the men who actually make the selections.

One of all the New Year's Day affairs is the Rose Bowl. This game is now a closed matter between representatives of the Big 10 and Pacific Coast Conferences. Illinois looks like the best bet from the Big 10 since Purdue stopped Michigan State's long win streak recently.

In the Cotton Bowl at Dallas, Baylor should give the Southwest Conference its strongest representation in several years. I believe their opponent might be Georgia Tech for the reason that Bobby Dodd's men probably would rather not meet the runner-up of the South-eastern Conference race.

The Orange Bowl is another closed affair now that they have signed agreements with the Atlantic Coast and Big Seven Conferences. While many people feel this may not produce a good game every year, I believe that the Orange Bowl, Wilkinson's Oklahoma Sooners and Maryland (the team we open with) is a good bet for one of the best of the New Orleans Sugar Bowl which a lot of our fans surely have fond memories of will very likely have Ole Miss and Alabama or Duke and the SEC. I believe that matches breathing down the respective necks of Georgia Tech and Mississippi. An outside possibility would be West Virginia's highly-rated Mountaineers, but I hardly think they belong in the same "league" with the best Southeastern element, probably will wind up in the Gator Bowl.

Roberts Layes Bench To Lead Bears' Rally In Wheelwright Tally

Pikeville, Ky., Nov. 23 (Special)—The Bears, led by Wayland, came off the Pikeville Junior College Bears' bench in the second quarter to blaze away for 16 points in the Bears' first meeting with the basketball of the Westinghouse Apprentice School, Putturburgh. The game was played Friday night in the Wheelwright high school gymnasium.

Repeating his ice-water performance in last spring's state junior-college basketball tournament, Sam Smith stepped to the foul line with seconds to play and his team one point behind and dropped in two free throws as if he were practicing.

It was the sixth time the Bears had taken the lead away from the visiting Westinghouse cagers, and this time it stayed taken. With four seconds left on the clock, Smith was fouled again, and dropped in one of his two tries to give the Bears a two-point margin, 50-48—then broke to the visitors' half frantic drive down the floor.

The two-game series with Westinghouse, which the Bears swept by turning the Pennsylvanians back 72-0 at the Pikeville gym Saturday night, gave them a three-game win streak with no defeats to open their season.

AUTOMOBILES MAKE TOO MUCH SPEED

FRANKFORT, Ky., November 23.—Too much speed is being built into automobiles and manufacturers should slow them down, the Kentucky Association of Insurance Agents decided at a recent meeting in Louisville.

A resolution adopted at the meeting requested a maximum speed which will permit automobiles to be operated on public highways with a greater degree of safety.

...if there were only ONE telephone in the world

If you had the only telephone in the world, you couldn't use it. There would be nobody else you could call.

The value of a telephone is in the great number of people you can reach with it. You can talk with almost anyone, anywhere—quickly, easily and at low cost.

Last week the number of telephones in this nation passed the 50,000,000 mark. That's more than there are in all the rest of the world. It figures out to about one telephone for every three people in this country.

Most of these telephones are served by local Bell Companies like Southern Bell. Nearly 9,000,000, however, are operated by 5300 other companies.

In no other nation is the telephone so available, so useful and so low in cost.

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

FAST GROWTH IN DIXIE...
The number of telephones in the areas served by Southern Bell has jumped from 1,863,204 at the beginning of 1946 to more than 4,200,000 today.

ENTERTAINS TWO CLUBS

The Allen-Martin Woman's Club entertained members of the Luckey-Garrett and Dritz Clubs, November 16. The meeting was held in the Church of Christ here. Mrs. Lydia Hall, vice-president, presided at the meeting. Mrs. Hall turned the meeting over to the program chairman, Miss Marie Simmons. The topic for the program was "Education" and the chairman introduced the questioner, Dr. J. A. Pace, president of Pikeville College. Dr. Pace told of the work being started to make Pikeville College a four-year college and asked for the support of all civic-minded clubs in this section, and told of some who were already behind this project. A social hour followed in the church basement. Sing, Cards and Box O'warrior entertained with musical selections.

Names of Your Farm May Be Registered
—Frankfort, Ky., Nov. 23 (Sp.)—Do you want an exclusive name for your farm?
A total of 420 Kentucky landowners have registered names for their farms with the state Department of Agriculture—and paid the \$1 required deposit fee—to protect the name against infringement from other sources.
Registration with the Department of Agriculture is the only means by which a person may obtain the exclusive right to the use of a registered name.
Among names on file are "Burrard's Hoop," "Briar Patch," "Back-Of-The-Moon," "Black Acres," "Pleasant Retreat," and "Chin-luckee."

Floyd Needy Given \$47,981 in October
The Department of Economic Security at Frankfort, reported last week that \$47,981 was distributed among needy residents of Floyd county during October. The Department administers the programs of Old Age Assistance, Aid to Dependent Children, and Aid to the Blind in Kentucky through its Division of Public Assistance.

Aaron Paul, director of the Public Assistance Division, itemized the total as \$23,114 spent for the aged, \$20,019 to families of dependent children, and \$1,848 to the aged blind.

The statewide total for all categories of aid was \$3,795,096, the director said, down slightly from the \$3,726,895 total in September. The totals for the individual categories were: \$1,922,200 for Old Age Assistance as compared to \$1,940,333 in September; \$1,159,261 in Aid to Dependent Children, a sharp drop from the \$1,240,390 total the previous month; and \$64,535 for Aid to the Blind, almost unchanged from the \$64,108 spent in September.

The average check, for needy old persons last month was \$382, Paul said. An average of \$81.82 for children was spent for dependent children, while the average needy blind recipient's check amounted to \$350.

Miss Jess Davenport, editor of Farm and Ranch magazine, addressed the annual meeting of home-makers clubs in Wayne county.

PAUL GREEN WRITING DRAMA FOR CENTENNIAL AT BERA

The legends of the Southern Appalachian Mountains, the ballads and the folk dances will provide the background materials Paul Green will use in a new Symphonic drama for Bera College in Bera, Kentucky. Dr. Francis S. Hutchins, President of the College, has announced that the project, long under consideration, was confirmed with Paul Green at the fall meetings of the College Board of Trustees in New York. The selection of the drama is the celebration of Bera's one hundredth anniversary in 1965.

Steve Collins has been granted related to the mountain people to 200 counties in eight southern states and has been interested in the culture as well as the economic development. Because of these facts, the college possesses an unusual and most valuable collection of rare materials which Paul Green will use in preparation of the text.

Paul Green is a fortunate child to handle this material since it is notably true that in the past he has his great love of folk literature.

NEWS & NOTES

By: ROGER TURNER

"The closer we get to trouble, the smaller it grows"

Have you ever noticed your reactions when you anticipate trouble or when something that appears like trouble comes into your life? How aggravating, how insupportable these items appear to be. We worry ourselves out about these conditions and feel they will make us miserable and then we hold the thing, call it trouble, catches up with us and once on it, it was and we manage to survive and look forward, with hopeful eyes, to another day.

Yes, once again, the an embracing factor in life itself. If we don't take the time to compare our lot with others around us, then, the closer trouble comes, the more difficult we either to combat it.

Always been an mind, there is so much to be grateful for.

TRIP TO CHICAGO

Reba Joyce Sellers leaves Saturday for the 4-H Club National Congress in Chicago. She will be their guest until the 5th of December. Reba won the honor over all other 4-H Club members in this county for her high achievement in Club records. Our school and community are very proud of her outstanding work in both the 4-H Club and in music.

Mr. and Mrs. Ned May and children, of Detroit, and Mrs. Henry May are spending a week's vacation with Mrs. May's mother, Mrs. J. T. Parsons, in Vasa Beach, Florida. They were accompanied by Mrs. Arnold Cassidy who stopped at Dayton Beach, to spend the week with her daughter, Mrs. Curtis Allen, and Mr. Allen.

Mr. and Mrs. Henry Jenkins and children of Carrett, have moved into one of the W. M. Turner houses.

Mr. and Mrs. James Allen and Jimmie Lynn, and Doug, Gene and Pat Coburn are visiting relatives in Tulsa, Oklahoma. They were accompanied by Mrs. M. O. Harbert, who will remain in Tulsa with her daughter for an indefinite period.

Corley Patton, who is stationed with the Navy in Norfolk, is spending a 10-day leave at home.

Mr. and Mrs. Paul Patton, of Balden Osborne, spent several days last week at Norris Lake. He received this trip as one of the winners of a contest held for Maytag dealers.

Mr. and Mrs. George Patton, of Blue Grass meets the Appalachians. The drama is scheduled for sixty performances during July and August of 1956.

President Hutchins wants the friends of Bera to know that though the project may seem to be a daring one no college funds will be in jeopardy, for it is undertaken with substantial backing from individual friends and a tremendous faith that it will be self-supporting.

Dr. Hutchins is encouraged in this belief by the success of nearby performances. URSO THRESE BELLES at Cherokee, and HORN IN THE WEST at Boone both in the Southern Appalachian Mountains. He indicates that the trustees have faith in the story, faith in the author in developing the material.

COURT RULES

FRANKFORD, Ky., November 26.—An attempt to make a felony out of an offense that may be handled as a contempt of court matter was branded unconstitutional by the Court of Appeals.

Kentucky passed a law in 1950 making it a felony to comply with a court judgment requiring regular allowances to be made for maintenance support for a child. The Appellate Court held that such a proceeding was tantamount to denial of an accused person of the "rights, privileges and immunities of the Bill of Rights." It pointed out that an accused parent might be willing, but unable, to pay a judgment.

Home-made medicine cabinets and materials for the care of the sick were demonstrated at meetings of homemakers clubs in Mercer county.

ARE YOU TAKING THE RETIREMENT ROAD?

Every man should be able to take the retirement road but most men wait too long to make plans for their retirement years. Records show that from a group of a hundred men 25 years old, only five carried through plans which enabled them to retire at 60 or 65.

Bankers Life has a plan which may enable you to be one of the fortunate five percent. Let me show you how a thrifty Bankers Life Double Duty Dollar Plan can help you reach your retirement goal.

Thanksgiving

A pleasant part of Thanksgiving is the feast that marks the day. Far more important, however, is the spirit of true thankfulness, in our hearts, for our many blessings in this most favored of nations.

BY WILMAY
(The views expressed herein do not necessarily reflect the views of The Times.)

When the school kids saw Edgar May's picture in The Times they had to believe they got hitched to the best-looking man in the county. Furry how aristocratic these match-born Mays seem. Go into a store with E. R. and clerks show us their best in any line. Walk alone and they point to specials and second-hand counters!

Since Dr. Nee passed away we hope the state makes Jess Stuart poet laureate. We do like his poems but his novels rivet us, for they paint just the blindest side of our lovely nels. We once remarked that the Tusseys in one book of his, and this says it plain, since we had one livin' in a cave and one in a corner back in the relief office days no foolin'. A friend who knows Jess said he knows folks who look blank like them Tusseys, down Greenup way. We'll hear, since as Jess don't let pen'nem on Floyd.

Hearts ache for the Webbs relative over the loss of Hurst, for there just cannot be a family who keep closer ties than the Mays and Mrs. Webbs and theirs. Their devotion is just beautiful.

We are glad Pine Mountain honored Miss Pettit, but wish it had been during her lifetime, and we know another little settlement school builder who should be remembered. The news article said the mountain people loved Miss Pettit for her frankness and outspoken criticism. That shows their greatness. Most of us like to give or take criticism, but the right type is essential to progress. This past year Kentucky received the most extensive criticism in her history, and the result of it was victory on Nov. 3rd, with 188 deposited!

If you want a laugh read SINCE I LEFT, in the new Recorder, John Seary tells how some churches went forward in a great way after the funeral. He offers us hints to appreciate good pastors till they are gone. We drag along, refusing to be led into larger fields of service. We neglect to show our gratitude by remembering them on birthdays, anniversaries, at Christmas and Thanksgiving, by sending them to conventions or conferences, and giving them vacations with pay. Christian hospitality is now provided only at revival time, when we HAVE to ask the preacher with the evangelist. We make excuses, saying we lack funds. But if we would on all-out and follow our leadership God would take care of the treasury.

We expect the pastor and family to do most of the visiting. We think his overworked wife should be an assistant pastor, sans pay! She ought to take the women's work, and the children's Sunday School class, and teach in D.V.B.S., and lead the mission work, and head a B.T.U. or M.Y.P., and if there are two of 'em, they meet at different times, then she is the ideal one for both, isn't she? Soon they move away before anyone realizes what golden opportunities were lost through failure to cooperate.

His article reminds us of the Methodist pastor who was absent-mindedly unappreciated, even mistreated. His superiors assured him they were sending him elsewhere, so they packed nearly everything. His wife left for conference with him, leaving their teen-age daughter with the kiddies, to finish packing. The "opposition" heard of the unsuspected move and came to offer assistance, gladly!

But the little lady refused it, and gave them a piece of her mind, free of charge! She warmly returned them on everything pertaining to the treatment of a pastor, and his family, citing all the mistakes they had made. As she finished the oration her parents drove in to announce that unavoidable circumstances would keep them there one more year. The good saints look it in their stride. One brother told the pastor they could preach a much better sermon than he himself ever had!

New Tax Booklet Available On Request

Frankfort, Ky., Nov. 23 (Sp.)—A listing of local property tax rates for each county and taxing district in Kentucky has been issued by the Research Staff of the Department of Revenue.

The booklet, "Kentucky Property Tax Rates, 1953," gives the classes of property subject to tax and the rate for each class levied by each taxing district. Special taxes, such as drainage area, library levy, and school building taxes, are shown.

Leslie with the highest county tax rates of \$115, while Woodford has the lowest property of 32 cents per \$100 of assessed valuation. School tax rates range from 50 cents in Woodford county to \$207 in the Paducah independent school district. City property tax rates range from 10 cents in Gilbertsville to 100 cents in Frankfort.

Research Director, William G. Herzel, noted that these rates are subject to assessed values which for real estate on the average may be as low as 40 per cent of the actual value. There is considerable variation in the ratios among the classes of property and among the taxing jurisdictions.

Copies of the booklet may be had on request to the Research Staff of the Kentucky Department of Revenue in Frankfort.

FREIGHT RATES BY FRANKFORT, KY.

November 21—Commodity freight rates on intrastate shipments will undergo a six per cent rise December 10 by order of the Kentucky Railroad Commission to bring them in line with similar interstate rates, the second such rate increase in a year. Commissioner Frank A. Stuebeloff, Murray, explained that the order was made to "avoid a rate freeze and a stripping of rate-making power by the Interstate Commerce Commission."
