# "Time Bomb" in Church, Hoax

The suspected attempt to blast the First Assembly of God Church, West Prestonburg, Sunday night, was a clever hoax, Prestonburg police declared today (Thursday). The discovery in the church of what was considered a home-made time bomb had created considerable excitement here.

Policeman Bill Potter and State Trooper Carl Farmer made a test, Wednesday afternoon of one of the sticks of a substance believed to be permissible powder such as is used in shooting clubs, and the only resulting explosion was that of life insurance cap used in an attempt to set off a blast.

If L. Stupp and David B. Leslie had implicated Osborn, saying the stolen articles were taken to Johnsville county Sunday night, Prestonsburg Police Officer Parnley MacLean, Truman Meade and Floyd Deputy Sheriff Frank Blackburn found some of the knives taken from Adams & George where they had been hidden in an outburst on the premises of Homer Thomas at Van Lear.

Thomas was brought to jail here and booked on a charge of receiving stolen property. Willie Burdett, of this county who was at the "Thomas home" at the time, was jailed at Pointsville, Ohio, was jailed here on a breaking and entering charge. Followed Osborn as saying that he traded one of the knives taken from Adams & George to "impulsive" whines. Smith told Leslie, "You were cleverly selected as the Thomas man." Through search of the building however failed to uncover anything except the knives found Sunday night.

"Traffic Officer Leslie said Thursday that one juvenile whom he caught here Monday night in the act of working a parking meter had indicated that other juveniles, and abandoned cars, had been jacked against the three on Wednesday afternoon.

Leslie said 18 parking meters have been broken into and either ruined or badly damaged. The cost of a meter, he adds, is about \$60.

### "The Urgent Need" Is Told Again

The Kentucky Medical Foundation, in a thoughtful and beautifully executed brochure, has proved and emphatically stated the urgent need for a medical college at the University of Kentucky, Lexington.

The Foundation, which is composed of distinguished physicians and surgeons, dentists, farmers, educators and businessmen from all sections of the Commonwealth, titles the brochure "The Urgent Need," and in the pages which follow traces the history of medicine from the days of early Kentucky to the present.

The Kentucky story shows that from a brilliant beginning, when the medical school established at Transylvania College, Lexington, was the fifth in the nation and regarded as the best of the five, the state has fallen into the category of backward states. Says the Medical Foundation: "In more than one hundred years the State of Kentucky has done virtually nothing to provide itself with adequate medical education."

Continuing with its powerful argument, the Foundation points out that in rural counties of this state the ratio of physicians to population is one doctor to 1,976 persons, and that the urban counties have one physician to every 816 persons. The national average is one physician to each 730 persons, and that ratio includes the sorry figures offered by Kentucky, South Carolina and some other states.

And still more argue that the University of Louisville, with its medical college, the only such college in Kentucky, is sufficient to the state's needs.

In the face of the conclusions reached by the Medical Foundation—a shortage of 1,100 doctors in the state, Kentucky's infant death rate the heaviest in the nation, one out of every three Kentuckians rejected for military service during World War II because of physical or mental unfitness, in the face of these figures, we concur with the Kentucky Research Commission in its statement two years ago and with Governor Chandler's more recent statement to this effect:

"Should more time be spent in more committees making more studies and more recommendations? It has been three years since the last committee made its last recommendation. The time has now come for action."

The Kentucky Research Commission, two eminent physicians appointed by the American Medical Association, the Kentucky Medical Foundation and the Governor of Kentucky, all have agreed that a medical college must be established at the University of Kentucky. One of these, or two, could be wrong, but not all of them.

### BERRY MEET SET JAN 18

U.-K. Marketing Experts To Advise Growers Here. Is Announcement Made

The University of Kentucky marketing department is co-operating with the East Kentucky Strawberry Growers Cooperative Association to hold a one-day fruit and vegetable marketing clinic here. The clinic will be at the courthouse, Jan. 18, beginning at 10 a.m.

A J. Brown, head of the Department of Agricultural Economics of the University, will preside. A list of speakers in addition to Brown, included in the list are: L. A. Verdes, marketing specialist, W. W. Hark, horticulture specialist, and W. J. Kasper, all of the Extension Service of the University.

"The purpose of the clinic is to give the growers an opportunity to obtain first hand information on the problems connected with marketing ac L. A. Verdes, marketing specialist, W. W. Hark, horticulture specialist, and W. J. Kasper, all of the Extension Service of the University.

The clinic, slated for several months, will have morning and afternoon sessions. After talks by Verdes and Magill in the morning, representatives of the produce trade will discuss what consumers demand in fruits and vegetables. Following that discussion representatives of processors will explain what they must have in strawberries and fruits.

A discussion, beginning at 2:30 p.m., led by Farmer will summarize the clinic and provide a question and answer period. "Patrons, bankers, merchants, storekeepers and all other interested persons are invited to attend," Boggs said.

S. M. Cassidy, vice-president of Pittsburgh Consolidation Coal Company was principal speaker. His talk covered the future of the coal industry in Kentucky, pointing out that it had made a strong recovery during 1955.

He said the total for '55 was about 500,000,000 tons compared with 392,000,000 in '54. He also said that in the immediate future the requirement would reach 550,000,000 tons, and that a steady and increasing market could be expected, due to the fact that the steel industry, with more efficient production methods requires more high grade coal, and that also the export market and foreign consumption continues to grow steadily. He also predicted that the utilities demand for coal will increase approximately 100,000,000 tons per year.

Cassidy predicted that within a period of twenty years, or by 1975, the market annually for coal will reach a figure of 850,000,000 tons of coal. Mr. A. D. Sisk, former Chief of the Dept. of Mines and Minerals of Lexington, was a guest at the meeting.

## Aged Haysville Farmer Dies at Daughter's Home; Is Heart Attack Victim

Sol Paton, 94-year-old Haysville farmer, died at the home of a daughter, Mrs. Ada Howard, at 2 p. m. last Saturday. He was a victim of a heart attack. Mr. Paton was the son of Henry and Nancy Patton and he was married to Susan Howard Patton who preceded him in death in 1939. One son and three daughters survive: Tom Patton, of Eida, O. of Haysville; Mrs. Cora Stephens, of Corvallis, Ind.; and Mrs. Patsy Shepherd, of Shiloh, O. One sister, Mrs. Martha Handsoe, of Handsoe, also survives. Funeral services were conducted Monday at 10 a. m. at the home, the Revs. Banner Manns, Andy Moore and M. C. Wright officiating. Burial followed in the family cemetery at Gunlock under the direction of Hall Bros. Funeral Home.

With more interest in poultry, farmers in Ballard county are considering organizing a graded-egg market. Ohio Edison Company recently disclosed its plans for "electronic brain" supervision of 33 stream generators in nine plants across Ohio, including automatic determination to the heat content of the coal.

## Mrs. Crawford Presides At Woman's Club Meet

The David Woman's Club held its regular meeting last Friday at the home of Mrs. Walter Crace. Mrs. Crawford presided in the absence of the president, Mrs. Oliver Marshall, treasurer reported on the Christmas card sale. Correspondence was read by Mrs. Jack Burnett. There was a discussion on a Valentine party for the club but will be decided later. The committee on spiritual emphasis proposed a nursery to be held during Sunday school and the church hour. A motion was made and seconded that the club attend the David Church in body the Sunday before Easter. Mrs. Earl Willis gave the program on the American Home. Decoration of the home was held then.

During December the club was quite active. A workday held at the club house to repair old clothing and toys to be distributed. Members spent a busy and profitable day working together. The annual Christmas party was held at the club house for members and husbands on Dec. 17. Games and dancing were enjoyed after dinner.

## Burke To Study Finance In Course at Washington

Edmund Burke, Jr., a graduate of Prestonsburg high school and of Eastern State College, volunteered and was accepted into the regular army last week under the High School Graduate Specialized Training Program, according to an announcement by Sgt. Walter of the local Recruiting Station. Mr. Burke, who is well-known as a musician with the local Kentucky Barons orchestra and who was formerly employed by the Bank Josephine, chose the Finance Procedure Course and was selected on his qualifications by the Adjutant General of the Army at Washington, D. C. He is presently stationed at Fort Leavenworth, Mo., where he will take an eight-week basic training course prior to transfer to Fort Benjamin Harrison, Indiana, for further schooling. He is the son of Mr. and Mrs. E. R. Burke, Sr., 313 Arnold Avenue, Prestonsburg.

An artificial breeding association is expected to breed 899 new 1-year-old horses in Kentucky in its first year operation.

Yield of tobacco in Woodford county are estimated at 10 to 15 percent, below yields in 1954.

## CIRCLE 1 MEETS

Circle No. 1 of the Prestonsburg Methodist Church met at the home of Mrs. Thomas LeMasters. An interesting program entitled, "Mission to Neighboring Churches, U. S. A." was presented by Mrs. James Carter. A dessert course was served by the hostesses to the following members: Mrs. Phyllis Harkes, Mrs. Adrian Blackburn, Mrs. Homer Wright, Mrs. Marshall Davidson, Fitzgerald, Jr., Mrs. Harold Dorsey, Mrs. Russell May, Mrs. James Carter, Mrs. Bill Faunth, Miss Charlotte Salsbury, and Miss Linda Stephens. Guests were Mrs. William E. Miller, Mrs. Jean Boyer, Mrs. Maxine McKenzie, Mrs. Fred Cottrell, Mrs. Loyd Miller.

## CHURCH GROUPS MEET

The Presbyterian Auxiliary and Westminster Guild held a joint meeting Tuesday evening at the church with Mrs. Ray Howard and Mrs. Ralph Davis, co-hostesses.

Mrs. Marvin Music, president of the Woman's Auxiliary, presided. At the business session a vote was carried to buy a piano for the Sunday School room—a baptismal bowl and two candlesticks. The gift toward Christmas has been \$25. Miss Catherine Reed and guest Miss Marjorie Mellon of Chicago conducted a series of good will from the McCormick Institute in Chicago where they are attending. The program "The Whimsical Way" was presented by Mrs. George Sizemore, Mrs. Ralph Davis and Miss Mary E. Powers. Miss Alma Collins and Mrs. Orville Cooley will be hostesses in February to the group.

A dessert course was served at the meetings of George Sizemore, Belva Friend, Cecil Willis, Frank Lantz, E. R. Harkes, Ramsey White, Ralph Davis, Marvin Music, Ray Howard, Rex Osborne, Glenn Anderson, Orville Cooley, Everett Sowards, F. G. Henze, Dan Reed, Jerry Lafferty, Jr., Orville Pearson, Clarence Martin, Edna Apple, Misses Hazel Hill, Alma Collins, Catherine Reed, Daisy Miller, Mary Martha Williams, and guests Marjorie Mellon, Fanny Howell and Mae Howell.

## ATTEND WEDDING OF GRANDSON

Mr. and Mrs. S. J. Strubbin have returned from Johnson City, Tenn., where they attended the wedding of their grandson, Kenneth Price to Miss Betsy West. Mr. Price is the son of Mr. and Mrs. Walter Price, former residents of Prestonsburg.

## Floyd-co. Farm Program Is Approved, Hicks Says: Aid Offered, Outlined

"It is time to start thinking about farming and farm plans for 1956," William Hicks, chairman of the Floyd county ASC, wrote farmers cooperating with the organization this week. Hicks noted that approval of this year's program had been received and asked that farmers come in and discuss their plans with the office personnel.

"We can offer assistance on the following items: seeding new lawns and meadows, liming land that has not been previously limed, forest tree seedlings, timber stand improvement, tile drainage, ponds for livestock water, wells for livestock water, and many others." The program will be divided into two periods this year. The first period will run through June 30. If you are interested in carrying out practices in the first period, plan to be here by January 15. If your plan is not made by February 15, no assistance can be offered to you in the first period.

If you do not intend to carry out practices before June 30 you can wait until the second sign-up period which will begin July 1 and at that time sign up for practices to be done during July to December period.

## SCHOOLS—THE AWFUL TRUTH

Ten years from now 23% more children will be entering elementary schools than today, 40% more in high schools and 40% more in colleges. We will need some 600,000 more classrooms to accommodate them, a sum of about \$60,000,000 to the Kiplinger Letter. Well, we need \$20,000 more teachers every year for ten years to cover school growth and to replace those who quit or retire. The main problem, of course, is money, which in the end means more taxes. The total cost of schools, public and private, now is eight billion dollars a year. In the next ten years this may double and more. What kind of taxes will support the schools? Mostly property taxes. The fact is 45% of the property tax is collected in states so to the schools, so there will be higher local taxes, higher property assessments, and less exemptions.

Tobacco growing is among the first subjects discussed at all meetings of farmers in this county.

## P'burg Woman's Club Holds Regular Meet

The Prestonsburg Woman's Club held its regular monthly meeting at the home of Mrs. Winnie Johns. The meeting was called to order by the president, Mrs. Lon Hill. The correspondence was read by Mrs. Mary Ford.

The members nominated Mrs. Winnie Johns as Mother of the Year, and Mrs. A. C. Harlowe as the Club Woman of the Year. A radio program for July—was planned by Mrs. Lon Hill, Mrs. Mary Ford, Mrs. Alice Harris and other members are to help if needed.

The next meeting, which will be in February, will be held at the home of Mrs. W. W. Cooley and the D.A.R.'s are invited as guests, since the meeting is to be on Civil Defense.

Health cards are to be placed in all of the rest rooms by Mrs. Dolly Petrey and Mrs. Vivian Hale.

The club decided to pay transportation for music students to Beattyville, Ky. for the music contest. Mrs. Otis Spurlock was introduced by the program leader, Mrs. Edward May. She gave an interesting demonstration on basket weaving. In fact, she wove a nice size basket in about thirty minutes and explained the simplicity of the work. Mrs. Spurlock plans to teach classes to the club members at an early date.

A delicious dessert course was served by the hostesses, Mrs. Winnie Johns, Mrs. Claude Stephens, Mrs. Val Staban, and Mrs. Wall.

Those attending were: Mrs. Edward May, Mrs. W. W. Cooley, Mrs. Maude Hale, Mrs. Herbert Salsbury, Mrs. Bob Francis, Alma Keeton, Mrs. Alice Harris, Mrs. Bogan, Mrs. Wm. Watson, Mrs. Dolly Petrey, Mrs. Victor Hale, Mrs. Dick Roberts, Mrs. Mary Ford, Mrs. Edw. Leslie, Mrs. Lon Hill, Mrs. Woodrow Allen, Mrs. Carol B. May, Mrs. Brookline Whitt, Mrs. Greenville Spardian, Mrs. James Donahoe, Mrs. W. E. Hunt, Mrs. Otis Spurlock, and Mrs. Evelyn Salsbury.

## Roy Cook Learns Foxes Were Not Rabid Animals

Mr. Cook said this week he had checked on the two foxes met at Samuel Hicks; the other, by Joe Crum while working at a truck mine in the community. He said he had learned both were tame foxes and had been raised by a son of Willis Howard of the Beatty Fork of the Licking River, across the mountain from the Hippo section.

## ONE OUT OF THREE WOMEN WORK

There are more working women today than ever before—21 million with paying jobs. Before the war only 27½ million. In 1935 38% did. At present 39% of married women are working, twice as many as in 1940. The number is rising. Women's jobs are plentiful and young couples need the money to lift themselves in living standards. One of the national averages, the pay for women's jobs has risen less than men's. —The Kiplinger Letter.

## BIG BUILDING BOOM IN THE 60's

A building boom in the 60's is assured and it's likely to be almost twice as big as the present one, says the Kiplinger Letter. Marriages are in the major factor in the demand for new houses. Marriages now are at the rate of 1.5 million, yet they justify 1.3 million houses. In the early 60's, 1.8 million houses a year will be needed to accommodate the 21 million new marriages.

## MORE WIDOWS THAN WIDOWERS

On the national average, women live 6 years longer than their husbands and are about 3 years younger, making a 9-year difference in the life experiences of average couples. Thus 15% of women are widows while only 4% of men are widowers. Add this to the fact that men leave their estates, large and small, to their widows and you see why so much of the nation's wealth is in the hands of women.—The Kiplinger Letter.

Gov. Chandler Promises "Sensible" Government

Franklin, Ky., Jan. 9 (Sp.)—Gov. Chandler appeared to the 136 General Assembly for the opening session of the biennium.

In a 45-minute address to the opening session of the biennium, the Governor asked that affairs of the regular session be conducted with reasonable dispatch.

Establishment of a medical school at the University of Kentucky was asked by the Governor as a means of meeting an appalling lack of public health facilities.

There is now a shortage of about 1,470 physicians in the State, said the Governor. "The situation is made more acute by the fact that the larger communities have more than their share of qualified medical skill."

The Governor pointed to repeated surveys made by medical groups which pointed to the need for added services and all of which had recommended such a course.

Trade of the public assistance law and measures to promote public safety on highways also were cited by Governor Chandler.

Gov. Chandler asked the lawmakers, too, to recreate the office of Advisory Highway Commissioner and free engineering personnel of the Department to make the technical decisions that are necessary.

Gov. Chandler said that the people were entitled to a representative of the Department of Highways closer to them than Frankfort. These Advisory Commissioners will hear petitions of our people for roads and, in turn, transmit

these petitions to the transportation committee of the House and the committee on highways of the Senate.

Gov. Chandler said that the biennium will be a busy one and that the people of the Commonwealth are entitled to a sensible and efficient government.

### MARTIN WOMAN'S CLUB MEETS

The regular monthly business meeting of the Allen-Martin Woman's club was held Tuesday evening, January 3, at the home of Mrs. Rufus Stephens, of Dunwood. The president, Mrs. John J. Sherman presided.

Mrs. Sherman asked for volunteers to assist in collecting funds for the March of Dimes. Several women are to help in this, each one being assigned a special area of work.

Mrs. T. J. Allen gave a report on the purchase of a new van which she said will prove in March. They will be at least 1000 placed there to aid in the street sanitation.

The club is to have at least two representatives, Mrs. Jenn J. Sherman and Mrs. T. J. Allen at the winter board meeting in the Pines hotel, Lexington, January 10-12.

After the meeting adjourned a dessert course was served by Mrs. Stephens, assisted by her daughter Mrs. Mildred Sawyers, to Madeline T. J. Allen, Maurice Mitchell, John P. Sammons, William Martin Russell, Laverne Bell, Rita George, Laven and John J. Sherman.

## Wage Increments Frozen Pending Thorough Study

Frankfort, Ky., Jan. 2 — Salary increments for state employees based on length of service were frozen on orders of the Governor's Cabinet, pending a thorough study of the entire salary situation.

Each individual case is to stand on its own merits, rather than giving employees an automatic raise every following a stated length of service. The Governor's order is applicable in the Executive branch of government, and is not applicable in those of the State Police department.

The study of salary question was undertaken by a committee which includes Dr. James W. Moffatt, Commissioner of Finance, Director of Economic Security, Venon F. Barnes, and James E. Lambert, Commissioner of Revenue.

## Eastern Section's Picture Is Brighter

By GERALD GRIFFIN (The Courier-Journal)

The economic picture of Eastern Kentucky is brighter than it has been in several years.

Business is better generally, more men are employed and bank statements reveal increased deposits.

In the main, this improved situation has been brought about by a pronounced upsurge in the coal industry. The life blood of the mountains.

Compared with the last five years, coal traffic is booming in this once economically-stricken area. And as coal goes so goes prosperity of the lack of it through most of Eastern Kentucky.

The evidence is visible. Loaded coal trucks heading for tidally areas are seen frequently on mountain roads where such sights have been unusual in recent years. And long trains of loaded coal cars are seen on the railroads.

To quote W. W. Goldsmith, president of the Sandy-Floyd Coal Operators Association, "The coal situation is just and the outlook is that it will remain that for at least three more years."

Goldsmith of Charleston, W. Va., explains just how it is that prosperity is returning to the mountains. "The expected coal to be shipped amounts to an estimated 45,000,000 tons this year, a big increase over last year. Then there has been a marked increase in the amount of coal consumed by the bituminous plants."

Neither the export coal nor the use in creating electric power has had a direct bearing on coal in the Sandy field but as the operators' president explained, these two factors have helped the market, thus causing more of a demand on the export coal, especially in the Mexican, Hawaiian and Japanese. Mines in the McCurtain county area are considered to be in the "hot" field, which extends west from Tennessee.

But there also has been a sharp increase in the demand for bituminous coal produced in the Big Sandy field. As this coal is used in steel manufacture, no doubt the increased production of steel has benefited favorably in the Big Sandy area.

Whereas in the new mines have been opened in recent years, Goldsmith explained, older mines have been reactivated and expanded with the employment of additional employees. Then the small truck mines.

## "Sixteen Tons Company" To Be Enlisted by Navy

The effort in charge of the U. S. Navy Recruiting station in Ashland announces that a Navy recruit company called the "Sixteen Tons Company" will be enlisted from the area on January 15.

The company which will carry the name of the song "Sixteen Tons" recently made famous will be sworn into the Navy at the State Capitol in Charleston, W. Va. Governor Mahan of West Virginia will be present at the ceremony and will present the company with an autographed picture of Tennessee.

The "Sixteen Tons" company will depart for Charleston, for Bonanza, Mo., on Jan. 18 where they will undergo special training. The company will remain together throughout their training period.

Men interested in enlisting in the "Sixteen Tons Company" can get full information from the nearest Navy recruiter.

Actually, coal production in the Big Sandy field was up 28.7 per cent from last year when figures through November were released by the Bituminous Coal Operators Association. For 1955, the total was 41,000,000 tons whereas through November 27, 1954, the total was only 3,262,210 tons. And the mines are averaging almost 35 days a week in operation.

Track mines, not members of the association, have more than doubled their output this year. Actually, while for the first 11 months of 1954 these small mines produced but 125,700 tons, the figure for the first 11 months of this year stands at 448,390 tons.

## BIGGEST OF THE BIG 3 - and mighty proud of it!

You certainly should look at the '56 Buick SPECIAL!

We've said it before and we'll say it again: If you can afford any new car, you can afford a Buick—and the sales figures back the proof of that stronger and stronger.

Just ask yourself: which cars would normally be the top 3 of America's best sellers? The well-known smaller cars—naturally.

But which cars are in that Big 3? Two of the well-known smaller cars, and Buick—for over two years running now.

That means Buick prices are well within reach of more and more people—thanks primarily to the budget-tagged Buick Special, like the one pictured above.

And that's the whole point of the matter. For this low-priced Buick SPECIAL—so close in cost to the smaller cars—is so much more automobile for the money, it's the stand-out buy of its field.

It's the biggest of the Big 3 in power, trim, in comfort, in size and breadth and luxury and sheer roadability.

It's the biggest of the Big 3 in the solidity and softness of its all-steel spring ride—in the sweep of its styling—and in the pure thrill of its performance.

For where else but in Buick can you get the mobile getaway, the gas-saving mileage, the electrifying switch-pitch action and the absolute smoothness of the new Variable Pitch Drive shaft?

Come to see and drive the biggest bundle of high-powered luxury and energy ever offered in Buick's lowest-priced Series.

It's proud we certainly are to be able to offer so much car for the money—but nothing to how proud you'll be when you boss a new SPECIAL. Can you come to tomorrow?

*"See Me at Buick, I'll Show You the only Buick in Buick's history. It is styled in Buick's new Series and Continuity—optimal in wheel-to-wheel styling."*

SEE JACKIE SEAYSON ON TV. That's the Buick way.

**Reporting Is Abandoned By State In Collecting Tax On Distilled Spirits**

Frankfort, Ky., Jan. 2 — The State Department of Revenue reinstated the system of tax stamps to be fixed to every bottle of distilled spirits and wine in Kentucky and abandoned the recently ordered "reporting" system by distillers.

Commissioner of Revenue Julian F. Luckett ordered re-installation of the system to protect the State's revenue and thus equipped an order of his predecessor, Alfred S. Alphin, which discarded the original tax stamp program in favor of the reporting system. Commissioner of Alcohol Beverage Control Alfred S. Portwood also urged the stamp program be retained as an aid to enforcement and to prevent litigation recently established that the State's revenue from the source fell below that in a three-year period, following abandonment of the "stamp" system.

**REPORTING IS ABANDONED BY STATE IN COLLECTING TAX ON DISTILLED SPIRITS**

Frankfort, Ky., Jan. 2 — The State Department of Revenue reinstated the system of tax stamps to be fixed to every bottle of distilled spirits and wine in Kentucky and abandoned the recently ordered "reporting" system by distillers.

Commissioner of Revenue Julian F. Luckett ordered re-installation of the system to protect the State's revenue and thus equipped an order of his predecessor, Alfred S. Alphin, which discarded the original tax stamp program in favor of the reporting system. Commissioner of Alcohol Beverage Control Alfred S. Portwood also urged the stamp program be retained as an aid to enforcement and to prevent litigation recently established that the State's revenue from the source fell below that in a three-year period, following abandonment of the "stamp" system.

**Three 15th Region Teams Add Up Impressive Wins**

By TED KEATING

Paintsville, Wayland and Flat Gap added impressive wins on the 13th region case front over the past week and currently sitting Kelly Coleman tallied 90 points in two games to top his season's output to 360 points.

Jim Wheeler's Paintsville Tigers turned back Pikeville 71-61 Friday night for their seventh win against the Rockets. The speedy Tigers scored a first period 23-19 and stayed in front throughout the game.

Guard Phillip Estep pitched in 25 points, Bryan Hall 17 and Frankie Kennard, who returned to the starting line-up after a two-month absence, registered 14 for the victory. Guard Tommy Adams poured the Pike count down with 22 and H. J. Justice added 14.

Pike Creek, the surprise of the 27th district, fell before rams Pike County, 80-72, as six-foot live-action Charles Osborne chalked up 32 markers for the Johnson county school. The loss was the second for the Johnson county school. The W. S. Rastner's, Peds Creators of 10 games.

The free-scoring Wayland Wagon backed up their 13th triumph in downtown, Elk Horn City, 79-62, as the Bomber, Kelly Coleman, three in 40 points, although he had four personal fouls leveled against him in the second period. Coleman had hit for 50 on Tuesday night. Paul Bartley and Carl Loney hit 25 and 20, respectively, for Arthur Mullins' crew.

Betsy Layne, the winners' team in the region, posted Martin 78-56 and Heller on Saturday night for their 13th and 14th victories. Pikeville, as usual, the services of 64-center, Charles Blevins, who looks like a pillar in practice last Wednesday. Betsy Layne had one strike in both games. Blevins will be out for the season. The operation of his shoulder required two hours.

Wheelwright bounced Auxier, 84-79, Friday night as forward Chet Curry scored 29, guard Homer Cole 20, and center Ois Nesvick 11. Paul Sester blazed the nets for 27 for the losing Hornets. Saturday night, the Maroons landed in Pikeville in a 17-point loss.

Senior Guard Everett Yarrzy scored 30 markers as he swatted the Betsy Pirates to a 78-73 win over rival Dorton.

In other games around the region, Maytown added two victories by taking Oil Springs 78-67 and Johns Creek 75-62. Martin edged Salversville 75-69 and Tava, based in Louisaville, Manual 66-48.

Even games are on the card for Tuesday night with a doubleheader set at Paintsville. Prestonsburg vs. Van Hazard in one tray and Paintsville squares off in the other with Oil Springs. Wednesday night, on the same floor, Pikeville tangles with Flat Gap.

**New Racing Commission Named By Gov. Chandler**

Frankfort, Ky. Jan. 2 — A new Racing Commission was named by Governor Chandler to succeed the five members who resigned earlier in the week.

Among the list of appointees are James Combs, H. Lexington, and James H. Lexington. Lexington is the son of the late Lexington, who was killed in a racing accident in 1954. Lexington is a 1954 graduate of Betsy Layne high school.

**Teachers May Drive School Buses, Ruled**

Frankfort, Ky. Jan. 2 — Kentucky school bus drivers also may serve as school bus drivers, provided the duties of one do not interfere with those of the other, it was ruled by Associate Attorney General W. Robert of an opinion by L. D. Estep, January 2.

One qualification drawn from Kentucky is that the combined salaries from the two positions not exceed \$7,500 a year, the constitutional limit.

**Habit Peep—Pee** has found rabbits in a station with a half cup of water. Add salt, pepper, a generous amount of minced parsley, a large chopped olive, three cloves four chopped stuffed olives and a half pound of dried salt pork. Roll the mixture until the rabbit is tender. Thicken with browned flour and, if necessary, add a little water. Let it boil again and add a half cup of butter.

Remove from the fire and boil pieces of baked fish in three or four dried, boiled potatoes and two or three dried beef carrots. Put the whole sauce in a baking dish lined with paper and cover with another crust. Cut several slices of the top crust to allow steam to escape. Bake until the crust is golden.

**Why buy a truck in the dark?**

- ★ If you BUY a new truck after looking at Dodge, it's like making a deal in the dark. You can't be sure of getting the most for your money.
- ★ A smarter way to buy is to "spotlight" the truck value—weight and compare complete payloads with these Dodge truck facts:
- ★ Most standard V-8 horsepower of all leading makes—32-hp through 35-ton range. You'll get faster trips—more work done with DODGE.
- ★ Shortest turning radius. You'll park more easily, move through traffic quicker with DODGE.
- ★ Biggest cab, with biggest wrap-around windshield. You'll enjoy more comfort, safer vision with DODGE.
- ★ Highest payload capacities... pick-ups providing up to 22' more payload than others. You'll haul bigger, more profitable loads with DODGE.
- ★ Prices down with the index. Comparative facts show that, feature for feature, and dollar for dollar, the real value is DODGE.

Next truck you buy, don't deal in the dark. Turn a bright light on the facts—see Dodge before you buy.

### "But I Am Different!"

"Don't tell me I'm not like the rest of those babies! I'm different. I am marvelous!"

Yes, he is marvelous. And so are the others. And they, too, are different from those who look alike. The one reason that sets him apart from the others, we all are distinctly different. What is the answer?

The answer is God. Man, the God-creation master, stands in awe of an intelligence that can create billions of unnumbered, complex human beings and make each one a person, individual, like no other!

The Women's Society of the Methodist Church held its regular monthly meeting in the church Thursday night, with Mrs. Peggy Sexton as business manager. Mrs. Maudie Snodgrass, chairman, presided with Mrs. Nancy Louder, the program chairman, in charge of the worship program. The subject was, "The Changes Coming in a Revolutionary Age." Talking points were taken up to insure that their certificate studies would penalize them.

For salary purposes the new school year also has been set at Rank 1 to Rank VII depending upon the number of hours the teacher works whether or not that same teacher holds a valid certificate. Turner wrote the teachers.

Consequently we thought it important to you to know that under Ky. Statute 137.040 teachers are placed in Rank V who hold a certificate based on sixty-five to ninety-six semester hours of college training or the equivalent; provided, however, that persons holding emergency certificates shall not be classified higher than this rank.

In other words if you hold an emergency certificate, though you have a Ph. D. degree you would receive the same salary as a teacher with a regular certificate based on sixty-five to ninety-six semester hours of college training.

Thus, failure to have a certificate other than an emergency, could reduce you from Rank 1 to Rank V in salary.

### Sowing a crop of telephone convenience...

Many new improved construction methods are helping Southern Bell to extend telephone service in rural areas. For example, the cable plow shown above can lay 30 miles of cable a week to a maximum depth of 30 inches, leaving no unsightly trenches. Also, a small new-type cable which carries several telephone lines has been developed. Of light, inexpensive construction, it is strong right alongside wires on pole lines. These new and improved techniques helped make possible the installation of about \$6,000,000 new rural phones in 1955 in our nine-state area at a total cost of 16 million dollars. And there's still a big job to do. We'll spend over 18 million dollars in 1956 to bring even more telephones to farm folks who want and need them.
