Miss Howard, Reigning Bowl Queen, Slated for Television Appearance

Miss Helen Jo Howard, of Prestonsburg high school, reigning Big Sandy Bowl Queen, will appear on WSAZ-TV Monday at the 9 a. m. "Coffee Time."

Miss Howard was chosen from 18 contestants at the 1956 Big Sandy Bowl festivities which were crowned by Raymond Sparks Whitesburg, the 1955 queen, and was congratulated and kissed by Governor Chandler. She will lead prior to this year's Bowl game in Paintsville the "Parade of Beauties" which include beauty queen contestants from high schools throughout Eastern a Central Kentucky.

The number of entries for the Beauty Queen honor is getting larger each year. Twenty-five high school queens are expected to be crowned and kissed by this year.

Yes, Turner, There Are Good Teachers

The Superintendent has been crying in the Floyd County Times about the shortage of qualified teachers. From the record we find that there is another qualification required in addition to the teaching certificate. The teacher must vote right not only in all Board of Education races, but other county political campaigns.

BLACKCATS TO MEET TIGERS

For the first time in the past seven years, Prestonsburg's Blackcats will be the "underdog" in their annual football tilt with headlined Paintsville Friday night at 8:30 p.m.

Paintsville boasts a 6-1 record and a 6-1 state inside the loop. Prestonsburg, facing its first losing season since 1950, has an overall 3-4-1 mark and is 2-3-1 inside the E.K.M.C.

The Tiger-Blackcat meeting will be the 31st of the series. Since the first meeting in 1923, Prestonsburg has won 17, Paintsville eight, and five have ended in ties. The Blackcats failed to field a team during the war years of 1943 and 1944.

Paintsville has not won in the past six years and lost last season's battle, 27-21, as the Blackcats twice came from behind on Loyal Hughes' passes.

Centre Representative To Visit School Here

Mrs. Katherine Metcalf Silcott, women's admissions counselor at 137-year-old Centre College, will visit Ashland, Cattlettsburg, Paintsville, Louisa, and Prestonsburg this week to interview high school girls who might be interested in attending the Centre Women's College.

Mrs. Silcott's schedule is as follows: Tuesday night and Wednesday, Cattlettsburg; Thursday, Ashland; Friday, Paintsville; Prestonsburg and Louisa. She will visit Cattlettsburg high school on Wednesday, Ashland high school on Thursday, and Paintsville, Prestonsburg and Louisa high schools on Friday.

BETSY LAYNE WINS FIRST

Tommy Boy's Betsy Layne Bobcats won the first basketball tilt to be played by Floyd county's schools this year. The Bobcats ousted Heller, 85-69, last Friday night with Ray Clarke and Charles Blevins paving the way with 27 points each.

This week's action is:

- Thursday night, Auxier at Martin
- Friday night, Van Lear at Wayland
- Saturday night, Old Springs at Maytown
- Virgie at Betsy Layne
- Saturday night, Hindman at Garrett

PIREVILLE APPEARS IN

Defending Eastern Kentucky Mountain Conference champion Pikeville appears in as this week's change. If the Panthers can defeat Jenkins Friday night, they will cap the crown, regardless of the outcome of the Hazard-Fleming and Prestonsburg-Paintsville games.

MAYTOWN HOST

The annual Floyd County Pre-Season Basketball Tournament will be held in the Maytown gymnasium, November 27, 28, 29, 30 and December 1. Millard Wells and Charles Hughes are the officials. The sixth district tournament (Floyd county) is set for the newly renovated Betsy Layne gym, the first week in March.

CROSS COUNTRY RUN

The K. H. S. A. has established the first regional cross-country runs in the history of the state. The regional meets will be held Saturday, November 3rd, in Murray, Bowling Green, Louisville, Berea and Morehead. Winners of 12 regional events will vie for League Champion, November 7, for the state championships.

All ten Eastern Kentucky schools participating are to enter the Morehead regional which is to be held on the Morehead State College course.

Bowl Ticket Sales Boom As Both Teams Entered Near Tites

Advance ticket sales for the Big Sandy Bowl skyrocketed as Madison-Model which has already clinched the Central Kentucky Conference crown, rolled over Elkhorn High, 47-7, and Paintsville, without the services of Frankie Falton, snowed under Cumberland High of Elkhorn City, 53-0.

The fate of Central Kentucky are backing Madison-Model to the limit. The entire allotment of tickets for the Purples has been sold and ticket enquiries from the Blue Grass Section are being received daily.

Both Big Sandy Bowl teams will complete their regular schedule Friday night Madison meets Cincinnati, who they should take for a perfect season, while Paintsville meets Prestonsburg, always a tough opponent. When Prestonsburg and Paintsville meet, the dope bucket is pitched out the window and both teams start from scratch. Paintsville will enter the game a slight favorite and will be fighting for the Big Sandy Conference crown to make against the Central Kentucky Conference crown in the Big Sandy Bowl.

Tickets are available in Paintsville from Junior Women's League members and at the Men's Shop and Retail Drug Store.

DECISIVE GRID CONTESTS LOOM FOR THREE TEAMS

This is the "Week of Decision" for Hazard, Pikeville and Paintsville in the hotly contested Eastern Kentucky Mountain Conference high school football race. However, Bobby Phillips' once-beaten Pikeville Panthers can cap the crown with a victory over Jenkins, regardless of the outcome of other games. The Panthers' first defeat of the season came last Saturday night in bowing to powerful Paducah Tigers, 27-6.

Waite Bruch's Paintsville Tigers, playing without high-scoring Frankie Falton and two other regulars, romped over Elkhorn City, 53-0, for its eighth triumph of the year and in another loop game Whitesburg tripped Crippled Prestonsburg, 21-7, as fullback Lloyd Hodges scored two touchdowns.

Blevins evened its conference mark at 3-3 with a win over Leslie County. Fleming bounced M. C. Naples 40-0, and Wheelwright closed its first season in losing to Wartland, 19-7.

Dave Huns' Coal Bowl-bound Fleming Neon Pirates sent fullback Fleming "Red" Hill over for three touchdowns and two extra points, halfback Donnie Speags for one six-point and two points after, quarterback Leon Sengens for two markers, one an 80-yard punt return.

Whitesburg grabbed the opening kick-off from Prestonsburg and marched 49 yards in nine plays to take a 7-0 lead in the opening minutes. The Yellowjackets climaxed two more long drives in the second period with Hodges scoring both from 3 yards out for a 21-0 ballgame lead.

Injury-riddled Prestonsburg completely outplayed the "skeletal" in the last half, but could muster only one six-point, that a 35-yard punt, by junior halfback Lowell McKenzie in the third. The Blackcats used freshmen quarterback James Allen the entire fray since Paul Phillip Hughes missed his second consecutive game with a sore wrist. The Cats' big running threat, Buford Crager, played part of the same against Whitesburg and again will

LET'S LOOK AT A RECORD

In the past few weeks, we have seen so much in the papers about one of our "Liberals"—Fidelity: "Would Be Leaders", trying to show you and I political records, by withholding facts, and trying to cover up their own political blunders, crooked, and short comings. They will tell you that so and so voted for or against a bill H. R. so and so, as though we voters could go to Washington any time to see the records. I doubt very much that if you would ask one of those little record campaigning politicians, "What Bill H. R.—So and So was supposed to be, whether they could quote you the first paragraph, much less tell you the good or had points in it."

Now I want to say that I have no religious or political prejudice against my fellow man. If you doubt this, you don't have to go to Washington, or to the courthouse to find the record, just come to one of our jobs and talk and question any of our employers, you will find Baptists, Methodist, almost any kind of denomination of church, here again you will find as many or more Democrats as Republicans on our job.

Why can you find all of these? It is because we love our neighbors, and neighbors' sons, and we feel so good and thankful that we are able to give them employment so they can be at home with their loved ones, instead of going to distant place for employment, so many of our mountain people are forced to do, to support their families.

I never have tried to force any of our employees to vote the way I do nor have I disapproved one because he never. Although I could be blessed sometimes, if they would vote the way I do, in the past some of our men have tried to do it the way I did. I am sure you, but I feel that I am still their friend because they still our employee, and will be.

Let's go back to some of our little political record straighteners, and see if they can measure up to this standard. You do not have to go to Washington to see their record, but go to the Prestonsburg Courthouse, and search the records, as many of you already know about them.

Is this what those political record straighteners mean, when they say are for you, "Vote Straight Democratic", that they may still convert our honest tax dollars to their own selfish use. I wonder, and so should you. At, though, we have one in their midst, that has been trying his best to expose, and stop this corruption in our county government, what has he got for it? Black eyes, and finger of scorn pointed at him, but this is not from the good citizens. He still has the respect and gratitude of the good people of Floyd county, who believes in good, clean, and honest government.

How does the state machine measure up? How many of you remember the primary election last year, and years before, when those detainers and record straighteners, politicians, notified you that you must donate \$10.00, \$20.00, or \$30.00, according as your station might be, and this from your meager earnings, and this came from yours, and my tax money. Shame on those little cheap politicians. That is what they mean when they say, "We Are for You"—Vote Straight Democratic. They think you are dumb enough to forget you were not off the State payroll, because you did not obey the little dictator's command.

Shame on all of us to think that is great state as Kentucky is has to be so near the bottom of the list of other great states, in education and employment for the fine young boys and girls that are leaving the most God fearing part of the world and their loved ones to go to the "White" areas, and live for the condition. Those cheap vote straight politicians should have to be believed that the Republicans are to blame. Not so. Now let's look at the true range which is very clear, and cannot be denied even by those cheap fellows that are crying the same old song. "Vote Straight Democratic."

Now like you and I, and they know, that this one beloved State has been sold and dominated by the Democratic party ever since we have been a state, and the reason we do not have employment and the proper education facilities for our boys and girls is very clear.

We just haven't had any representation in Washington from our state, like those great neighbors, Ohio, Michigan, Indiana, and other great states, where the factories and prosperity is humming from one end to the other. Their fine roads, schools, and well-paid teachers is evidence of peace and prosperity there.

Friends and neighbors, we too can have politicians, just like those liberty hungry people of Poland, that we are tired of their dictatorial powers over us, and we intend to have our rightful place in this great United States. We can do this by leaving our party emblem and the fear of those cheap misleading voters straight orders at home, and give our great peace loving, and I feel God fearing President Dwight D. Eisenhower, and his worthy and qualified fine young running mate, Richard M. Nixon, an overwhelming majority in Kentucky, and in the nation, so if disaster should strike, we may not be left without a qualified leader to step in, as we were left when Franklin D. Roosevelt died, and also give him great worthy and able men as our beloved John Sherman Cooper, Thurston Morton, and our own neighbor Scott Craft to fill the vacancies that have existed in Congress too long. These great statements, I feel, believe in the

steelworker, announced a verdict of guilty of first-degree murder with the death sentence recommended. Mrs. Collins burst into tears again before collapsing in a faint.

If the sentence is not reversed by higher authority, she will be the first woman to be executed in Indiana history.

Mrs. Collins had entered a plea of insanity, but two court-appointed psychiatrists testified shortly before the case went to the jury yesterday that she was sane and liable to conviction for murder.

The decision by the unshaven, weary-eyed jurors followed what had seemed a hopeless deadlock. All 12 men reportedly believed her guilty but two opposed the death sentence until noon. The last objection yielded 3 1/2 hours later.

During the trial a Hammond police officer, Howard Snyder, testified Mrs. Collins told him after he arrived at the scene of the tragedy.

"I'm the one that did it. I'm ready to go up with you. I just shut up the whole damned family."

Giving BOTH our guns away!

Communist leaders . . . RUSSIAN LEADERS . . . have heartily approved Adlai Stevenson's hydrogen bomb proposals. They have, in fact, been seeking that type of proposal from America for several years.

Kentuckians hope the United States will never have a President so naive that he would give away the STRENGTH which equalizes the military potential of America and that of the Soviet Union and its mighty, teeming, hordes of slave laborers of vast production and fighting power.

As president of the United States, as Commander in Chief of the U. S. Armed Forces, and as a leader for peace and understanding in the free world, President Eisenhower has made definite proposals to the Soviet Union for discontinuing nuclear experiments of super bombs. All of these plans were based on a positive system of supervised international inspection.

The safety of our nation should not be in politics. Limitation of testing and use of all weapons is clearly a diplomatic problem and cannot be decided by popular-vote. Let's talk sense!

In the last two years Soviet Russia has REJECTED 14 specific disarmament proposals. Soviet Russia has violated every major treaty and agreement it has entered into in the last quarter of a century. Any disarmament agreement not guaranteed by President Eisenhower's aerial inspection plan would be a "scrap of paper."

The super-bomb is war's greatest deterrent in the world today! Except for the influence of the H-bomb, Russia would probably be in control of all of Western Europe at this moment.

If they ever trick an American President into discontinuing nuclear research, the Soviet Russians will have won a diplomatic victory fraught with disaster for the United States and the Free World.

Will Kentucky vote for national suicide on November 6th?
 The answer is emphatically NO!

Keep America Strong . . . Keep America Safe!

Cadillac Agency Change Announced; Car Dealers Make Location Changes

The new Cadillac agency for Floyd, Johnson and Magoffin counties is the Hughes Motor Company, of Prestonsburg, it was announced this week by J. T. Hughes, head of the Prestonsburg firm which also is the Pontiac dealer.

The former Cadillac dealer here was Carter Motor Sales, and the agency has been moved from the building occupied by Carter Motor Sales to the Hughes Motor Company building.

Meanwhile, the Carter Motor Company building, which is owned by Winston Ford, is being prepared for occupancy by Prestonsburg Motors, agency for Chrysler-Plymouth.

The Studebaker agency has been purchased by Gerald K. Hunter, of Dietz Layne, and Paul Jones, of Pikeville, and they have moved into the building formerly occupied by N. M. White.

CARD OF THANKS
 We wish to thank every one who in any way tried to make lighter our burden of grief upon the death of our little daughter. We would especially thank the Rev. Harold Dorsey for his comforting words and the Carter & Callahan Funeral Home for its efficient services.

There's Danger in the Big Mine Idea

From here newspaper reports, and in the absence of other information, we are given to understand that John L. Lewis, famed president of the United Mine Workers of America, is committed to the idea that a certain portion of the coal production in a few big companies is acceptable to him. We cannot agree with such a concept of the needs of the coal industry and of the men who work in it and upon whom women and children depend for the necessities of life. And we find it hard to believe that Mr. Lewis, himself removed from the mines only by time and circumstances, can envision such a situation as his idea of what is best for the hundreds of thousands of men who mine coal for a living.

Centralization of coal production in a few large companies will mean further mechanization of the industry and the more mines that become fully mechanized, the fewer men will be required for their operation. Production can be maintained by a few such companies, but there is more involved in this part of the fuel industry than mere production and the collection of the U. S. W. A.'s per ton royalty for its Welfare Fund.

Men who know no other occupation and who find it difficult to find other industry are involved — they and their families. Their right to work and to live where they have always lived and worked — these are involved too. And the isolated communities which depend on these people for their necessities as well as for their very existence also are involved. Because it deals with living human beings, with their ambitions and desires and loyalties, and with feelings their very own, economics cannot be reduced to mere figures.

Centralization of the mining industry would in a few years leave comparatively few miners to profit from the Welfare Fund they so loyally supported and believed in during their better years.

Besides, any plan to reduce an industry such as is the coal business to a few production giants is not the American idea of freedom of opportunity or of the incentive to initiative on the part of the individual that we hear so much about. What of the many who already have their money and work invested in small mines?

When, and if, the small mines of this and other counties are eliminated, then we will know, because we shall have full information of this threat to us all.

16 In Workshop Held Here By Woman's Club

The Arts and Crafts workshop sponsored by the Prestonsburg Senior Woman's Club and directed by Mrs. H. L. Lee, Arts and Crafts chairman, is meeting each Tuesday at 7:30 p. m. in the Municipal building. Sixteen members of the Senior and Junior Women's Clubs here and of the David Woman's Club are making busy players under the tutelage of Mrs. James Camica and are adding decorative painting on china which is being taught by Russell Lee.

Registration for the workshop is still open. Mrs. Lee said.

The GOP Record for the Few

UNDER THE REPUBLICANS (1952-55)
Average person's take-home pay increased only 8%
Corporation stockholders' income rose 24%
... or three times as much as the rest of us. Total national income increased by only 10 per cent during the first three years of the present Republican administration.

Farm income fell 26%
Prices received by farmers fell 18%
Parity has been below 100% 82%
Under Benson, the small farmer has been discriminated against in the national farm program. Benson has tried to cut the small tobacco grower out of the picture. A Republican victory would mean another four years of Benson.

The Administration and Republicans generally in Congress opposed liberalizing Social Security for women and disabled people. The President opposed the bill—Republicans have always been against Social Security. Ninety-nine per cent of House Republicans voted to kill the original Social Security bill.

93% of Senate Republicans voted FOR tougher punitive legislation against labor.
The Administration fought to hold down minimum wage. House Republicans and the Department of Commerce refused to support action on the Senate bill providing Federal aid to economically distressed areas.

The Republican Administration's veterans' study commission proposed:
Gradually ending pensions to GI widows and orphans.
Ending veterans' preference in Government employment.
Reducing compensation to blind, paraplegic and amputee vets.

GOP tax bill gave 91% of the tax relief to corporations and the wealthy 8% of our population. The rest of us—92% of all Americans—got only 9%. Both GOP candidates for the Senate voted against tax relief for low and middle income families.

66% of the smallest business concerns that had lines of credit 18 months ago have now lost them. Interest rate on Government loans to small business has jumped 30%. Small business profits are down more than 50%, and the rate of business failures is up 28%.

Remember, also, Adlai Stevenson is Kentucky's neighbor from across the river in Illinois. Estes Kefauver is our neighbor from Tennessee—just south of our border.

CLEMENTS-WETHERBY TEAM

1. THE MEN
Earle C. Clements and Lawrence W. Wetherby have been teammates in starting-and finishing—many jobs for Kentucky and Kentuckians!

2. THEIR RECORDS
Over the years, singly or together when they were in state government, Earle C. Clements and Lawrence W. Wetherby have accomplished much. The Clements record as Governor and Senator includes:
• INAUGURATED NEW RURAL ROAD PROGRAM.
• MADE GREAT ADVANCES IN EDUCATION AND PUBLIC WELFARE.
• STARTED NEW INDUSTRIAL AND TOURIST DEVELOPMENTS IN KENTUCKY.
• DOUBLED APPROPRIATIONS FOR KENTUCKY WATERWAYS DEVELOPMENTS.
• AIDED IN RESTORING TOBACCO ACRES AFTER BENSON CUT THEM.
• PROTECTED INTERESTS OF KENTUCKY FARMERS IN SOIL BANK ACT.
• SPONSORED FEDERAL AID FOR EDUCATION.

• AIDED IN SECURING \$33 BILLION DOLLARS FOR OUR HIGHWAYS.
These and other accomplishments are in the Wetherby record for Kentucky:
• INCREASED STATE SCHOOL FUNDS 88%.
• SPRONGED CONSTITUTIONAL AMENDMENT TO LOWER VOTING AGE TO 18.
• AIDED IN BRINGING 511 NEW PLANTS AND 41,000 JOBS TO KENTUCKY.
• HELPED BUILD FINE STATE PARK SYSTEM AND TOURIST INDUSTRY.
• DURING HIS 8 YEARS IN FRANKFORT, 17,000 MILES OF ROADS BUILT.
• INCREASED BIRTHS TO AGED, NEEDY, CHILDREN AND BLIND.
• CREATED MENTAL HEALTH DEPARTMENT AND NEW HOPE FOR THE ILL.
• BUILT THE NEW STATE FAIR AND EXPOSITION CENTER.

3. THEIR PLANS FOR KENTUCKY
Both these men know your problems and how to solve them at Washington. In addition, Senator Clements would return to Congress with the prestige of a leader and a strong position on important committees. These items are in their platforms:
• DEVELOP KENTUCKY'S WATERWAYS AND WATER RESOURCES.
• REDUCE FEDERAL TAXES.
• INCREASE FEDERAL INCOME TAX EXEMPTION.
• GET SPECIAL TAX RELIEF FOR SMALL BUSINESSES.
• GIVE THE FARMERS 90% OF PARITY SUPPORTS ON BASIC CROPS.
• SECURE FEDERAL AID TO EDUCATION.
• INCREASE FEDERAL FUNDS FOR OUR HIGHWAYS.
• REPRESENT THE PEOPLE OF KENTUCKY—NOT SPECIAL INTERESTS.

4. THEIR IMPORTANCE TO THE NATION:
Adlai Stevenson ought to be elected President and Estes Kefauver should be Vice President. They will need a Democratic Senate to help carry out the Democratic platform—which is a platform for you.
Republicans would wreck your hopes for the future if they win control of the Senate.

WHY WE ARE ASKING FOR YOUR VOTE

We citizens looked forward to the Foundation program. The program is now fully financed—WE ARE PAYING THE BILL IN NEW TAXES. Floyd county is getting \$1,386,494.00 from the state.

In last week's issue of The Floyd County Times, the Floyd County Board of Education stated that they were primarily responsible for the passage of the Minimum Foundation Program. The facts are that every citizen fought and voted for the Foundation program. But has Floyd county moved forward as a result of all this new money? Have our schools improved as the schools in the counties around us have? WE KNOW THEY HAVE NOT WHAT IS THE TROUBLE? Could it be that the 75 percent increase in supervisory and office personnel and salaries is taking the lion's share of this money from the poor teachers, who are having to use their own money to purchase school supplies?

IT'S TIME FOR A CHANGE!

I PROMISE YOU a CHANGE For The BETTER

I can only offer you what I would offer if you were hiring me to do any other job. I am willing to work as hard as necessary in order to do a good job. I will be loyal to the children, to the parents, and to the teachers in our district.

I am glad now that I decided to run. I have found out so many things in the last few weeks, it only strengthens my determination to win.

(Pol. Adv.)

No teacher will fear reprisals because some members of their family voted "wrong." I will not tolerate intimidation of the teachers in my district. They are free men and women. The constitution gives them the right to vote as they please. If I am elected I will hire teachers on their qualifications and satisfactory service only.

Some of our rural schools are badly in need

of repair. Some have no water supply and the pupils must bring water from home. Some are badly in need of paint. Others need enlarging. All this can and should have been done long ago. There is no reason that these repairs cannot be made on the present budget of \$91,820.00, for school maintenance.

I am free to go according to my best judgment

ment in all decisions. I have not promised any job to anyone. I will make all decisions with fairness and justice to all concerned.

If you want a man to represent you without political interference or domination then I will welcome your support on Nov. 6.

Yours for Better Schools,

WAGE-HR. LAW CAUTION GIVEN

Small Mine Operators Worried About Penalties On Federal Act Minnie

Operators of coal mines, especially those in charge of small mines, were advised last week to familiarize themselves with the requirements of the new federal wage-hour law and the federal Public Contract Act. This caution came from the regional office of the U. S. Department of Labor's Wage-Hour and Public Contracts Divisions in charge of enforcing these two acts in the states of Kentucky, Virginia, West Virginia and Tennessee.

Regional Director Eaves reminded coal operators they were subject to all of the provisions of the Federal Public Contract Act if any part of their production moved directly or indirectly in the stream of interstate commerce.

Eaves pointed out that the safety provisions of the Public Contract Act means that all requirements of the federal mine safety code and state laws must be complied with.

George Ratliff Dies, Heart Attack Victim At 63, At Sidney, Ohio

Stricken while working as foreman for a sand and gravel firm at Sidney, O., George Ratliff, 63 years old, former Maytown man, died Tuesday morning. A heart attack was given as the cause of death.

EARLE AND LAWRENCE ARE OUR FRIENDS

This area has received specific benefits from the interest shown in us by Earle C. Clements and Lawrence W. Wetherby.

During the combined 8 years that Clements and Wetherby served as Governor, and the years that Clements has been in the U. S. Senate, they helped get great projects for our area.

PROJECTS THEY HAVE HELPED TO GET FOR US:

- Took the lead both at Frankfort and Washington in securing funds to develop the modern navigation facilities on the Ohio River, of vital importance to this district.
- Secured funds, over Republican opposition, to speed up studies of the Big Sandy River looking toward its canalization and complete development, and money for surveys on the little Sandy, Tygart's Creek and other streams.
- Got \$1,000,000 appropriated to start construction of Buckhorn Dam near Hazard, over opposition of Republicans.
- Created the interstate park at the Breaks of Sandy, provided the first state money for it, and built a new road and bridges to the Virginia line.
- Established and advanced the development of Dewey Lake State Park.
- Built Cantor Caves State Park into an outstanding attraction.
- Made the start on the development of Greenbo Lake.
- Gave large increases in appropriations to Morehead State College.
- Promoted the Small Watershed Flood Control projects and new federal legislation, over Republican opposition.
- 161 miles of roads built or improved in Floyd county, and \$2,800,000.00 spent on them.

CANEY ALUMNI ADD TO FUND

Benefit Dinner Nets \$610 For Dormitory; \$10,000 Gift Made

Floyd county members of the Caney Creek Community Center Alumni Association gave a benefit dinner at the Wheelwright high school lunchroom Oct. 13 at 5:30 p.m.

The buffet-style dinner was prepared by Mesdames Boone Hall, Letitia C. Wilkinson, Alma J. Elome, Anne R. Hall, Mattie Hall, Marie Marie Reedy, Inez R. Owens, Alberta Moore Ralph Terry, Ruby Akra, Beuna R. Howell, and Sylvia H. Newman.

Charles Clark, president of the Association, explained that the proceeds of the dinner were to be used to build a dormitory for Caney College, which will house 60 students.

The "High School Friends" of the McDowell high school glee club, and their sponsor, Mrs. Olive R. Hall, entertained with mixed singing, which included mountain ballads and "Caney", the alma mater song.

As an added attraction, the film of the new program, "Aime Lloyd—This Is Your Life" was shown by Boone Hall, principal of Wheelwright high school.

The Floyd members of the association wish to express their deep gratitude to the wholesale meat, milk, ice cream and grocery companies, and the local stores in the county for their contributions of the food and drinks. They are deeply grateful, too, to the non-alumni who purchased tickets. Because of the splendid cooperation of these, the net proceeds of the dinner totaled \$610. This sum swelled the association's treasury to \$4,800.00.

Elizabeth Elome, secretary-treasurer, reported.

An incentive gift of \$10,000 has been given by an interested donor, but it is to be used for the last expenditures.

Mrs. Beuna R. Howell, chairman, contributed much to success of the dinner.

Dr. Sherman Elected To 7th District Office

Clark Is Ordained To Baptist Ministry

Reverend Clark, son of Mrs. Giddie Clark, of Oretel, was ordained into the ministry of the Baptist Church at a service held Oct. 22 at the Oretel Baptist Church on Brannan's Creek.

Messengers from eight Baptist Churches met in Council at the Oretel Baptist Church in the afternoon to consider the candidate's qualification for the ministry. At the ordination service, presided over by Rev. Irvin Stanton, who had been chosen moderator, the following pastors took part: Rev. Philip Peterson, of Price, clerk of the Council, who gave the charge to the candidate; Rev. Clotis Leverett, of Cornettsville, gave the charge to the church; Rev. William Patterson, from Stimp, presented the Bible to the candidate; Rev. Irvin Stanton led in the ordination prayer; and Rev. Norman Warner, from Stony Fork, welcomed Mr. Clark into the fellowship of the gospel ministry. The ordination message was delivered by Lester Pipkin, president of the Appalachian Bible Institute, Beckley, West Virginia.

Also present for the Council sessions were Rev. Mr. Gibson, of Carysly Baptist Church, Cleveland, Ohio; Rev. Jeff Adkinson, Bulan, Ky.; Claire Miller, and Harry Burk, from the First Day Baptist Church, Richburg, New York.

Mr. Clark, who was graduated from the Appalachian Bible Institute, in May, 1953, is now affiliated with Baptist Mid-Missions, Cleveland, Ohio, has been missionary pastor of the Pigeon Foot Baptist Church, near Bulan, since July last.

Oretel Baptist Church, the scene of the ordination service, is his home church. Elmer M. Francis is the present pastor of the Church.

A committee of women from the church served supper to those who attended from out of town.

FIND YOUR 'BLIND SPOT'

Most of us have been accused at one time or another of having a blind spot and it's true—at least technically. To find yours, simply mark a small dot on a piece of paper and an inch or two away, mark a cross. Now, move the paper slowly back and forth from your eye. You will find that at some point the cross will "disappear"—and you will have found your blind spot.

It's a dear bargain when you carry automobile insurance in a company that isn't licensed in every state in the country and that can't serve you wherever you go.

We have a hunch you'd rather BUY FROM AN AGENT

BUYING A HOME MAY REQUIRE LESS MONEY THAN YOU THINK

You need less money than you probably imagine to buy a home today. Thanks to mortgage insurance you often can buy a home for less than you pay in rent.

This has been the major factor in boosting home ownership from 40 to 60 per cent of the population since World War II, reports Wolfgang Langensieche in "The Idea That Built Ten Million Homes," an article appearing in the November issue of Reader's Digest and House Beautiful.

Thus, a \$10,000 home may be bought with a down payment of from \$775 to \$1,200 and monthly payments of around \$72.50 and this payment includes repayment of the loan, interest, fire insurance, and real estate taxes. For this you can get two bathrooms, three bedrooms, washing machines, clothes dryer and refrigerator. More than half the homes built since 1945 have used this system.

During the last decade, a new home has been built for one out of each four non-farm households. Most are small single family homes bought in large part by people who would have rented before World War II.

Except that former servicemen can borrow a little more money at cheaper, no government subsidy and no social welfare tinge attaches to this far reaching development.

A million families a year can become home owners because of a mechanism called mortgage insurance, a device whereby Uncle Sam signs the mortgage papers along with you and protects the seller against loss.

The Federal Housing Authority deals with all the Veterans Administration only with veterans. Neither lends money, they merely endorse your papers which makes it possible for banks, savings and loan.

Point-System Crackdown Slated Within 45 Days

Frankfort, Oct. 29th (Sp.) — State Police are expected to begin a point-system crackdown on dangerous drivers within 45 days, acting Safety Commissioner Don Sturgill said this week.

The new system will keep records on all drivers convicted of traffic violations in moving vehicles.

Sturgill said, "Seriousness of violations will determine the number of points registered against each driver. When the accumulation of points reaches a certain total State Police will revoke the driver's license."

Plans based on point systems of six other states are being studied by the Department of Public Safety, Sturgill said. Operation of the state-wide safety program will begin as soon as Governor Chandler approves the department plan, he added.

Explaining the program Sturgill said, "Suppose we settle on a total of 12 points for suspension or revocation of licenses. Speeding as an example might carry three points. If an accident results from speeding, an additional three points will be placed against the driver."

"When a driver's total points reach 6 or 9 he will be notified. If his next violation is serious enough to bring his points to 12, he will lose his driver's license."

Parking violations will not be considered. Only the so-called moving-vehicle violations such as speeding, reckless driving and crossing yellow lines will add up in the point-system, Sturgill said. Drunken driving, which carries automatic revocation of license, is not included in the point-system proposal.

HISTORICAL SPECTACLES

The use of eyeglasses did not originate in the long-distant pre-Christian era as many persons believe, researchers state. While the first inventor of spectacles is not known, the first historical reference to the use of lenses as a means of aiding sight points to Baron Bifocal spectacles were invented by America's many-sided genius, Benjamin Franklin.

Chaplain Is Named For State Police

Frankfort, Oct. 29 (Sp.) — The Rev. Melvin Torstuck, pastor of the Saint Spiritus Baptist Church, has been appointed protestant chaplain of the Kentucky State Police.

His appointment to succeed the Rev. Sherman Swan was announced by Acting Safety Commissioner Don Sturgill. Swan recently resigned to accept a pastorate in Florida.

Father David Zaunmeyer, of Port Thomas Rectory, is Catholic chaplain of the police.

FUTURE

The future of Kentucky—its farms, industry, conservation, and tourist trade—flows along our rivers, waiting to be developed. John Sherman COOPER knows what needs to be done. And in 1955-56 he helped begin the great work—with appropriations for the Green River, the first construction money for the Greenup Dam on the Ohio, planning for the Kentucky River and the Buckhorn Dam, and a re-survey of the Big Sandy. There's more to be done. So send COOPER to the Senate to do this job. You can depend on COOPER.

Many Young People Drink

By EUGENE GILBERT
(In The Courier-Journal)

There is a growing indication that the bottle may be replacing the spin-the-bottle as a diversion among teenagers of the modern generation.

The youth of today learn, early on to bend a friendly elbow and down a sociable glass. And surprisingly enough, many of them learn right in their own homes, long before they get to college.

Had may have had his first sip at a fraternity smoker or football celebration, but Junior and Sis are old hands at the gasoline game before they get their high-school diplomas.

"Why shouldn't I take a drink or two?" asks a 16-year-old San Diego hobbyhorse. "All my friends do. And besides, what can you do on a date—order an ice cream soda?"

Our survey of more than 5,000 boys and girls between the ages of 15 and 17 in 90 communities across the country shows that 79 per cent have had one or more alcoholic drinks in their young lives.

The sampling included teenagers in large cities, suburban areas and small towns with no appreciable difference in drinking habits by population grouping.

Only 15 per cent said they never had a drink, and the rest declined an answer.

Where did they usually obtain their drinks?

Right at home, answered 56 per cent. Tied for second place, at 33 per cent each, were parties and neighborhood bars. Twelve per cent said they had a drink in a night club, and 9 per cent listed various

other places. Those who drank both at home and at parties or bars accounted for the total's going over 100 per cent.

It is interesting to note that considerably more than one third of these youngsters sometimes drink in bars and night clubs, although no state in the Union permits serving of alcoholic beverages to persons under 18.

The heavy percentage of home drinkers may account for the teenagers' sense of "sly snickers." An overwhelming 76 per cent of the boys and 80 per cent of the girls thought it was unwise to drink without their parents' knowledge.

Yet, despite these figures, teenagers were far quicker to blame the tavernkeeper than the parent for cases of drunkenness in their own set.

The question asked was: "Whom would you punish if a teen-ager got drunk—the tavernkeeper or the parent?"

Punish the tavernkeeper, answered 56 per cent of the boys and 52 per cent of the girls.

Girls would tend to be harder on the teen-ager than the parent. The opposite was true among boys. Eleven per cent of the girls but only 6 per cent of the boys would blame the tavernkeeper. But 9 per cent of the boys and only 4 percent of the girls would blame the parent.

Even more significant, 18 percent of the girls said they would blame no one.

"I've only been drunk once," said a Mississippian youth. "And even then I got home all right!"

But an 18-year-old Kansas boy delivered this strong indictment of a tavernkeeper serving liquor to minors: "There is nothing lower than a grown man contributing to the corruption of minors. I know, I had a little trouble myself back when I was 15."

Drinking statistics jumped astronomically when our surveyors moved from high-school to college youth, proving that collegiate habits have changed little since the days of the Student Prince in old Heidelberg. School days quickly become skunk days on the modern campus.

Our researchers, visiting 10 campuses in nine states, found that only one out of 10 college boys does not drink at all, and only one out of eight does not drink hard liquor.

Among the girls, only one out of five does not drink at all and one out of two does not drink hard liquor.

MARTIN CLUB STUDIES SCHOOL

The Allen-Martin Women's Club held a business meeting, Monday evening, October 15, at Frazier's Cafe with Mrs. John J. Sherman presiding. After the club collect and flag salute, led by Mrs. Wm. Martin, there was a discussion of the organization of chapters of "Future Nurses" and "Future Teachers of America" in the local high school. A survey had been asked by the school principal to determine the number of interested pupils.

Mrs. T. J. Allen and Mrs. John J. Sherman, who attended the last Friends of Kentucky Libraries meeting, gave a report of activities. Then each club member was asked to set at least ten new members or a good book for the Floyd County chapter of the Library Club.

Mrs. German Vance was appointed membership chairman.

A letter was read from Mrs. N. C. Cruse, new state president, asking for some observance to be made of United Nations Day, Oct. 24, and a letter from the Chairman of Public Affairs asking for cooperation in getting more people out to vote.

Mrs. Sherman received the report of the year's work to be presented at the Seventh district convention in Pikeville. Ten members expressed their intention to be present.

At the close of the meeting a dessert course was enjoyed.

Nov. 11-17 Named Education Week

Frankfort, Oct. 29 (Sp.)—Gov. A. B. Chandler has proclaimed Nov. 11-17 American Education Week in Kentucky.

Dr. Robert R. Martin, State Superintendent of Public Instruction, expressed hope that Kentuckians would use the special week as an opportunity to visit schools and discuss their problems and accomplishments.

Theme of the observance is "Schools for a strong America." Chandler's proclamation urged that schools be given "the wholehearted support and cooperation they require and deserve."

The proclamation added: "Schools of Kentucky, operating this year for the first time under a fully financed Foundation Program, afford new opportunities for sound educational improvement."

DON'T GAMBLE on another term of MISSTATEMENTS MISREPRESENTATION and BROKEN PROMISES

Before you cast that vote... STOP... REMEMBER...

- TAXPAYERS

how Mr. Clements, in his quest for the governorship, promised to uphold the K.E.A. request for thirty-four and a half million dollars to raise teacher's salaries. In the face of this promise his 1948 budget provided only about half of this sum annually... nowhere near enough to provide a living wage for all teachers.

that Mr. Clements now charges the Eisenhower administration with the tobacco bill—\$-1457—which he sponsored and authored.

how Mr. Clements was a member of Congress and voted IN FAVOR of that slave law—the Temporary Industrial Disputes Settlement Act.

the defeat of the Mine Safety Bill which would have made Kentucky's safety laws second to none in the nation—and how Mr. Clements had promised to support it!

how Mr. Clements, in campaigning for governor, advocated creating and developing new industry, increasing the income of agriculture and business, encouraging the tourist trade so greater revenues would result and income taxes would not be raised. YET—ON MARCH 6, 1950, GOVERNOR CLEMENTS ASKED THE LEGISLATURE FOR AN INCREASE IN STATE INCOME TAXES AND ON MARCH 10, 1950, THE SENATE, WHICH HE CONTROLLED, PASSED THE BILL IN 90 MINUTES!

VETERANS—DRY FORCES—INDUSTRY—YOU'VE ALL BEEN HURT BY EARLE CLEMENTS' RECORD OF MISSTATEMENTS, MISREPRESENTATION AND BROKEN PROMISES! DON'T BE MISLED AGAIN!

OF EDUCATIONAL DIVISION No. 5

It would seem it's a crime to support any honest, unbossed and very interested young man for Board Member from our district. We, personally, have been made to feel unreasonable pressure and intimidation because of our support of James Arville Duff. First our jobs were threatened. When this failed to intimidate us we began to feel it through our children. It has now reached the stage of ridiculous lies and ridicule.

This is quite a price to pay for the "crime" of opposing the present administration. Our only interest in this race is to see a man elected who will not be dictated to by selfish and political interests.

Ask any teacher in our district if there has been any improvement in our schools in the last four years. We supported the incumbent Board Member four years ago thinking we were going to have a change for the better. We are not satisfied that everything is being done that can be done to improve the schools in our own district.

We can not understand why Bill Arnold Spradlin and Tom Graham Dingus are trying to tell us how to vote. Are they sending children

to school in this district? We do not begrudge Prestonsburg their school but we would like to have as much. Why does Mr. Campbell allow others to do his talking for him?

We need politics in our government but not in our schools. It has been the ruination of our schools. As long as every decision is made on the strength of votes alone, we will have poor schools. Jobs have been created in order to hold votes. Our maintenance costs have risen enormously and yet no more work is being done. Do you want your tax dollars spent this way? It would seem that more attention was given to holding the maintenance personnel than was given to teachers. Remember this—after our teachers are gone to other states they will not come back.

It is time for every parent to wake up to the fact that our children are going to suffer enormously from the pennywise and pound foolish method the Board has used about paying the teachers. No doubt the Board Members think they have only to command the teachers to stay in Floyd county and they will obey. But we assure you that many, many teachers are planning right now to apply for jobs in other states. They

can make twice as much and not be pressured about voting or holding votes. Then, too, they like the advantages their own children will have in the schools in other states. Remember the only way to go to Louisville to make twice as much as they make in Floyd county. How did minimum foundation help them? As we understand it, Knott and Pike county are paying their teachers more than Floyd county, yet they receive the same amount per student that Floyd county does. We believe that Floyd county is paying their teachers 10% below minimum. We may be wrong but we thought that minimum was the lowest you could pay.

Many rumors have been started with the express purpose of hurting the candidacy of James Arville Duff. It is easy to spot them. A current one is that some one in Prestonsburg is "running" him. This is false. It is a well-known fact that parents and no one else persuaded him to run. One parent told him that if he wouldn't run otherwise he would be drafted to run. He answered, and we quote: "In that case, I will run." No one at Prestonsburg or any other town knew at that time that he had decided to run. All efforts in his behalf have been in the form of contribu-

tions without strings attached.

If James Arville Duff is elected, and we believe he will be, it will be the first time a man has served on the board free to decide as his conscience dictates with obligation to no one but the children, their parents, and the teachers.

To the teachers of our district:

Help us help you. We are doing everything in our power to help elect James Arville Duff. We are strong but you can make us stronger. Next to our children you stand to gain most from his election. You will have four years of freedom to vote as you please without intimidation. We will fight for your right to do this. We would not support this man if we were not sure that he will treat each of you fairly regardless of how you vote—or whether you supported him or not.

We have not asked anyone to expose themselves to the threats, intimidations and lies that we have been exposed to but we do ask you as parents, grandparents and good citizens to vote this November out of our schools Nov. 6 **DO NOT ALLOW ANYONE TO INFLUENCE YOUR VOTE AGAINST YOUR CHILDREN.**

In spite of all the intimidation we have experienced, we are determined and we remain,

U. K. Press To Publish Anthology By Clark

Lexington, Ky. — A new book entitled BLUEGRASS CAVALCADE, an anthology of writings about the famed Bluegrass region of Kentucky, will be published November 7.

Edited by Dr. Thomas D. Clark, Kentucky's outstanding historian, the book contains the richest and most colorful passages from almost two centuries of literature about the Bluegrass.

Among the selections are pieces by Pulitzer Prize winners Robert Warren and A. B. Guthrie, Jr. Henry Clay is represented and two of his biographers as well, Bernard Mayo and Calvin Colton. Three selections from the works of James Lane Allen appear. Other favorite Kentucky authors are included: Kenaneth Madox Roberts, Irvin S. Cobb, John Fox, Jr.; and with them such famous outsiders as Joseph Hergenhimer, John James Audubon, Theodore Roosevelt, Anthony Trollope, Charles Dudley Warner and even Harriet Beecher Stowe.

Also included are the thunderings of "Marse Henry," Watterson and George Dennison Prentice, and the folksy humor of Allan Trout and Joe H. Palmer.

From John Eliason's narrative of the discovery of the Bluegrass to Patrick O'Donovan's remarks on the last gubernatorial campaign, BLUEGRASS CAVALCADE depicts the varied pattern of life in "The Promised Land."

Dr. Clark, a native of Mississippi, has been associated with the University of Kentucky's history department, which he now heads, for a quarter of a century. During that time he has become a noted historian of the South, the frontier and Kentucky, gaining a reputation which has led to his election to the presidency of the Southern Historical Association (1947) and of the Mississippi Valley Historical Association (1950-57).

David Woman's Club Wins District Awards

Delegates from the David Woman's Club returned from the Seventh district convention of the Kentucky Federation of Women's Clubs with two prize ribbons. The club won second place with its yearly report which was presented in pantomime form. Madeline Richmond, Audrey Gene Mattie and Francis Harmon authored the report. A third-place ribbon was won by the club for the year book.

The following club members attended the convention in Pikeville: Madeline Richmond, Audrey Gene Mattie, Francis Harmon, Courtland Dahlin, William Davidson and Raymond Bradbury.

Sir Joshua Reynolds, England's great 18th century portrait painter, the Reader's Digest depicts turned out 3,000 canvases and painted 677 portraits within five years. Dear ones, which loved him to use an ear trumpet did not prevent his success.

While it is generally true that it is impossible to strain our eyes to the point of permanent damage, overstrain can—and often does—contribute to such weaknesses, which forced him to use an ear trumpet did not prevent his success.

"Under God, we espouse the cause of freedom and justice and peace for all peoples!"

Dwight D. Eisenhower

"God has given us freedom — and justice — and peace. And when we frame our plans around the reverent belief in a God of order, justice and love, there is bright hope for the world."
Millions of families in homes around the globe pray for freedom and justice just as we do. And they look to us to use our strength for peace.
How, as I see it, there are three imperatives for peace.
The first imperative for peace is the elementary necessity of maintaining our own national strength—military, economic and moral.
During the past three and one-half years, our military strength has been greatly increased. Never before in peacetime

have we been so strong as today. Our economic power is reaching new peaks every day. But, most important, we are competing today for men's hearts and minds and trust. So what we do and say at home is even more important than what we say abroad.
The second imperative for peace is collective security.
"We live in a shrunken world in which oceans are crossed in hours. To-day it is mad to suppose that there could be an island of tranquility and prosperity in a sea of wretchedness and frustration. For self preservation we must engage in a mutual economic and military cooperation with the free nations."
"But even this is no longer enough."
The third imperative for peace is this:

Without for a moment relaxing our internal and collective defenses, we must actively try to bridge the chasm that separates us from the peoples under Communist rule. The hope is that little by little, motivated by our faithfulness to all we say to international understanding based on truth.
"We shall continue to work religiously for peace and understanding gradually come about. They, it will be possible for other people to feel they can bargain to their children a better inheritance than was their own. Then young people can hope for a new and shining world."
"Under God, we espouse the cause of freedom and justice and peace for all peoples!"

Boone Festival Honors Westward March Into State

Frankfort Oct. 29 (Sp1.) - The Westward march of pioneers into Kentucky was re-enacted recently in the gigantic Daniel Boone Festival at Barboursville.
A highlight of the fête was the annual commemoration of the signing of the traditional Cave Treaty following an Indian feast attended by about 700 patriots and genuine Cherokee.
Indiana from Qualla Reservation, Cherokee, N. C. return each year to sign the treaty which gives them the right to take all the game for basket weaving they want from the Knott county tracts. They are descendants of tribes who less than 200 years ago braved bitterly with the white man for possession of the area.

Former Gov. Flem D. Sampson, Barboursville, signed the treaty for white men. Vice Chief McKinley Ross signed on behalf of the Indians.
Pioneer men in buckskin and women in long cotton dresses and sunbonnets mingled on Barboursville streets with brightly-painted Indians in feathered headdresses.
These marched in parade, beheld by more than 12,000 persons. Also in gala procession were covered wagons, yokes of oxen, bears, coons and eight high school bands.
Ed Gregory and Mrs. Corbin Melton, both of Barboursville, won the "Mr. and Mrs. Daniel Boone Contest" by virtue of their costumes.
How calling, husband calling archery, blowgun shooting, square dancing, and muzzle-loading rifle contests enlivened the festivities.
Boone is honored because the trail he blazed into Kentucky from Virginia passed through the state of Barboursville. In 1775, he and Richard Henderson bought all of Kentucky south of the Kentucky River from the Cherokees and signed the first treaty.

EYES ON HISTORY
Persons have been concerned with the care of eyes almost since the dawn of time. The Code of Hammurabi (2250 B.C.) had these pertinent comments on eye care: "If a man destroy the eye of another man, they shall destroy his eye." And "if a physician open an abscess in the eye of a man with a bronze lancet and destroy the man's eye, they shall cut off his fingers."

Your Social Security - 1956 Model

Questions and Answers by Cost Accountants

Do you know and understand your social security rights? As an individual you should know about your rights and benefits and how to make the most of them because they may be worth thousands of dollars to you and your family. Few people realize that this much money is involved.
This is the third in a series of articles containing questions and answers on the new 1956 Social Security Act, prepared by the Louisville Chapter of the National Association of Cost Accountants as a public service in answering some of the questions on the latest changes in the Social Security law.
Q. Will the combined pensions of a husband and wife be higher when both have worked?
A. Yes, in many cases. A wife who has worked can take a pension based upon her own earnings or she can collect a wife's benefits, whichever is larger.
Q. May a working woman retire before she has worked 40 weeks?
A. No, it's all a matter of how much she earns. She can earn up to \$1,200 a year without loss of any Social Security benefits.
Q. If a husband 65, and his wife 62 at a lower pension will her earnings still can claim a wife's pension later. If it is to her advantage in some cases a wife's pension, based on her own earnings, might be larger. Thus, a working wife can retire early at age 62, on her own pension while her husband is still working, and switch to a wife's pension when he retires at age 65.
Q. What are "lump-sum" payments?
A. If at death you were either fully or currently insured a lump-sum death payment will be made to your widow. The amount is equal to three times your retirement benefit but cannot be more than \$25. This is in addition to any monthly payments to the widow. If there is no widow, the payment is made to those who have paid the general expenses. Claims for lump-sum payments must be made within 2 years after the worker's death.

SPORTS AFIELD

By TED KESTING

A generation ago the pike didn't have much of a reputation. Now it's regarded as one of the country's top-ranking game fish. What makes this so interesting is that, even a hard-core angler, supposed to have only smaller pike, is pretty sure to contain some great grutes. This time of the summer, big ones are lying on the bottom in deep water, feeding little. Your chances of hooking one will be better after a few hard frosts in the fall.
If you've never tackled pike before, here are some tips from Jean Lucas, angling editor of Sports Afield magazine.
Tackle: Fresh water spinning is great out of place in fishing for big pike; it's best to use spinning of the sea type, meant to handle bigger turs and bigger fish. Even the most expert anglers are forced to use quite heavy tackle or lose the big fish; however, those who have had lots of experience with pike prefer casting tackle. With this, use a line of not less than 20 lb. test; those who are true anglers often use line much heavier, up to 50 pounds test.
You need more larger than an ordinary bag-size casting reel, nor is a drag handle needed. Lucas disagrees with the oft-given advice that one needs a very stiff rod to set the hook in a pike's hard mouth. Inspection will show this mouth to be softer than that of a bass, and it usually takes a lure much deeper, making him easy to hook. Use a rod with no more than "medium" bass action. Be sure to use a wire leader—6 to 8 inches is long enough. Large pike are inclined to favor a shiny spoon, sometimes with pork rind. On some days you'll get more strikes with a mudwater plug. But there's a third type that has been producing unusually well for Lucas. A surface lure retrieved very slowly—about one turn of the reel handle in two seconds. This certainly refutes the old "rule" that "I prefer a fast-moving lure!"
There's a favorite trick of pike that causes many broken rods: Very often one fishes with a plug practically no fight when you first hook him; you lead him right up to the boat—until he gets a good look at you. Then there's a sudden, terrific splash and he's off, jet-propelled. To save rod and fish, hold the rod well out from your body. When his swift rush turns your wrist, pull the tip down to the water—fast—release the reel handle, and let his thumb pressure on the spool until it's just enough to prevent an overrun.

Drunk Drivers Get Due Charge Under New Plan

Frankfort, Oct. 29 (Sp.) — "No drunken driving charges were amended to lesser charges in the first week following the Department of Public Safety's announcement of a policy whereby on such charges will be referred to the press," Acting Safety Commissioner Don Sturgill said.

Personnel in the Division of Operator Responsibility said this is the first week in their memory when some drunk driving convictions were not a result of lesser charges.

Commissioner Sturgill announced on Oct. 11 that the Department in the future would publicize names of drunk drivers appearing in the past. Sturgill said, "some courts convicted drunken drivers then permitted them to recover their driver's licenses by amending the charge with the new plan names of the judge amending the charge and the defendant receiving the amendment will be released to the news and in the defendant's home town."

When the charge is reduced the driver may retain his driver's license. A recent opinion from the state law permits a court to reduce the charge even after the conviction has been returned.

Floyd Places Two On Pikeville Bears Schedule Announced

Pikeville, Ky., Oct. 11 (Sp.) — Jack Stephens, of Huntington, and Douglas Chaffins, of Garrett, will be the only Floyd countians on the Pikeville College Bears varsity basketball squad this year.

Stephens, a junior at Pikeville, won his letter on the varsity team last year, and Chaffins was a member of the freshman squad.

Opening Nov. 12 for their first season as a four-year college team, the Pikeville College Bears will undertake a 25-game schedule "full of rocks, and with no outright breathers," Coach John E. Renfro of Pikeville said today.

The all-senior college card will pit the Bears for the first time against Kentucky Intercollegiate Athletic Conference opposition. The six K. I. A. C. members who will meet Pikeville are Indiana, Georgia, Transylvania and Union colleges in home-and-home series, and Bellarmine and Villa Madonna in single games.

Four exhibitions against non-collegiate clubs, including one meeting with the Quince Martin team, two with the U. S. Army cadets from Fort Knox, Ky., also are on the program. The nine other four-year colleges listed include five whom Pikeville met last season, gaining a split with one and dropping single games to the others.

The Bears left the Kentucky Junior Athletic Conference last season after having been champions of that loop three times, and finalists every year, during the last seven seasons. They ended their last junior-college year on a high note, sweeping the Southeastern junior-college tournament February 28-March 2 at Bluefield, W. Va., to become Southeastern champs for the third time in 15 years.

The victory closed their "growing-up" season, in which they faced a mixture of junior-college and semi-college competition, with a standing of 19 wins and 15 losses, Renfro said.

Besides the K. I. A. C. schools, other opponents added since last year will be Kentucky Christian College, Grayson; Saint College, Bristol, Tenn.; Stead College of Technology, Johnson City, Tenn.; and Rio Grande College, Rio Grande, Ohio.

The varsity squad with which Pikeville will open the season is made up of nine lettermen and three members of last year's junior varsity. Part of the group were freshmen last year.

The upperclassmen are John Lee Bulcher, Pikeville. In his second season on the Bears after a year as a member of the University of Kentucky's freshman squad, Ralph Roberts, Putney, Ky., Pikeville's only fourth-year man; Stevens, the only third-year Bear, and Lloyd Miller, Ambrose, Ky., in his second varsity year.

Three former Carr Creek High School players, Charles Francis Wiswell, Ky., Kenneth Smallwood, Cynthiana, Ky., and R. H. Sturges, Aledo, Ky., with Millard Reynolds, Toler, Ky., and John Wardell, Hindman, Ky., are the other lettermen. Charles Hines Jack Cunningham, Phelps, Ky., and Arnold Meek, Boone Camp, Ky., from last year's freshman squad, complete the Pikeville varsity.

Joe M. Bulcher, Williamson, Ky., a junior at Pikeville College, Ky., is Renfro's assistant coach during the season. Homer Adams, Chillicothe, Ill., is team manager.

The Bears' schedule: Nov. 12—Kentucky Christian, H. N. C.; Nov. 15—Padu Lumber, H.; Nov. 15—Transylvania, H.; Nov. 23—W. Va. Tech. (Homecoming), H.; Nov. 24—Berea, Berea, Ky.; Nov. 26—High Point, H.; Nov. 29—Kline, Bristol, Tenn.; Dec. 5—Quantico, H.; Dec. 6—Georgetown, Georgetown, Ky.; Dec. 11—Stead Tech, Johnson City, Tenn.; Dec. 15—Villa Madonna, Covington, Ky.; Jan. 2—Stead Tech, H.; Jan. 5—Fort Knox, Fort Knox, Ky.; Jan. 8—Rio Grande, H.; Jan. 12—Berea, H.; Jan. 14—Kine, H.; Jan. 19—Union, Barboursville, Ky.; Jan. 25—Bellarmine, H.; Feb. 1—Pfeiffer, Misheim, N. C.; Feb. 3—Belmont Abbey, Belmont, N. C.; Feb. 4—Transylvania, Lexington, Ky.; Feb. 7—Rio Grande, Rio Grande, O.; Feb. 9—Port Knox, H.; Feb. 11—Union, H.; Feb. 13—Georgetown, H.; Feb. 20—Thaetulum, H.

TYLER LEAVES STATE STAFF

Former Morgan-Co. Man Joins Publishing Firm; Was Reviser of Statutes

Frankfort, Ky., Oct. 18 — James Tyler, reviser of Kentucky statutes, has resigned, effective November 10, to join the editorial staff of Lawyers Co-operative Publishing Company at Rochester, N. Y.

Lieutenant Governor Harry Lee Waterfield, chairman of the Legislative Research Commission, accepted Tyler's resignation with "regret and regret."

"It will be difficult to replace, but I can't blame him for bettering himself when he has the opportunity," Waterfield said. In his letter of resignation, Tyler cited the 1956 edition of the Kentucky Revised Statutes should be ready for delivery within three weeks.

Tyler, 34, has been chief reviser of the statutes since July 1, 1954. His successor has not been named. Before he became reviser, Tyler was a member of the legal staff of the Department of Revenue. He obtained his law degree from the University of Kentucky in 1949. He is married and has four children.

Mr. Tyler is a brother-in-law of Charles Coble, former Prestonsburg mayor.

Let's Stick to the Truth!

Floyd county is not the highest county in the state in maintenance costs. The maintenance costs per child are about average for the state. The truth of the matter is that we need more improvements to our buildings, not less. We are doing the best we can with the money we have.

Take these examples from last year. Floyd county spent on maintenance and capital outlay \$111,886.50 while Pike county spent \$347,047.00. Johnson spent more per pupil on maintenance than Floyd county. Magoffin spent more per pupil on maintenance than Floyd county.

The work of all employees of the Board of Education is constantly checked to see that we get the most of our tax dollar.

Do not be misled by propaganda.

WHAT ABOUT THIS BUDGET?

Do you think the Board "wrestled" long enough with this budget? Evidently the teachers don't. A large number are planning to apply for positions in other states and counties next year. Maintenance costs could be cut approximately in half. This money could have been added to the teachers' salaries. The present administration would seem to be more interested in keeping maintenance men than in keeping teachers. Why doesn't some interested parent require the Board to supply a work schedule of the maintenance department?

Step into the wonderful world of AUTODYNAMICS

A low-slung beauty with Flight Sweep style: Sweep-Wing '57 Dodge Custom Royal Lancer 2-Door.

- It unleashes a hurricane of power
- It breaks through the vibration barrier
- It is swept-wing mastery of motion

SWEPT-WING '57 Dodge

How do you describe a car so daring in concept, so revolutionary in feature and advance, so resounding in beauty and performance? How do you explain its newness when everything about it is new? On display today is just such a car, the Sweep-Wing '57 Dodge that steps you into the wonderful world of Autodynamics.

What is this wonderful world of Autodynamics? It is a world where everything is new from road to road to achieve absolute mastery of motion.

Here's what it does in the Sweep-Wing Dodge:

- It indicates a hurricane of power from a thundering new aircraft-type Super Red Ram V-8 engine that's a sport in action!
- It lines up tons of torque with a new Torqueplate Push-button Drive for the greatest get-away on the road!

- It breaks through the vibration barrier with a revolutionary new rubber-mounted suspension system—Dodge Torson-Air—that features race car torsion-bars. You ride in a "Realm of Silence," isolated from vibration, noise and road shock.
- It is swept-wing mastery of motion in a sleek, low-slung beauty, barely six feet high that has no equal in the way it corners, handles and rides.

You have never seen felt or owned any car that compared with this new Sweep-Wing Dodge. See and drive it today... now at your Dodge dealer's!

State Police To Make Safety Check On Autos

Frankfort, Oct. 29 (Sp1)—If your car is not adequately equipped for safety you'll probably be stopped soon by a Kentucky state trooper.

Director of Kentucky State Police Paul M. Smith says his officers are inspecting vehicles which appear to be in unsafe mechanical condition.

Safety inspections are in line with a law passed by the Kentucky General Assembly this year. It provides for inspection upon reasonable belief a motor vehicle is unsafe or not equipped as required by law.

If a vehicle is found in unsafe condition or any required part is not present and in proper repair, the inspecting officer will give a written notice to the driver and send a copy to the Department of Kentucky State Police. The notice will require the vehicle to be placed in safe condition within a period of 48 hours.

The law states that anyone who receives a notice and fails to take proper action shall be guilty of a misdemeanor, punishable by a fine of not more than \$30 or by imprisonment for not more than 20 days or both.

Smith stressed that motorists can expect troopers to check brakes, steering mechanism, tires, front and rear lights, exhaust system, all glass, windshield wipers, rear vision mirror, horn, lights to illuminate license plates and turn signals.

Chicken Coops and Horse Troughs

The boy on the farm where I had a young had to be just about everything, consequently, he was seldom an artist in anything. When a fence had to be built, he hefted the lumber, piled it up, and then he had to be covered, he made or hebed what he hebed and then nailed them on. Ordinary carpentry was his every-day practice. Some of us were exceedingly awkward with tools and were not allowed to do anything that required skills. This chicken coop and horse trough came to mind, to me, at least, the most ordinary sort of work that any man could do.

Nearly always at Fidelity there was a pile of lumber lying around, often rotting because it was not stacked rightly. Lumber was plentiful and cheap; hence we paid little attention to it. When we wanted a plank for some purpose we took a pile of lumber and got something suitable, leaving the rest open to the weather or even the dirt. It was just planks, more worth the money that I would save up into the right lengths for a horse trough. Sometimes my lines were a bit crooked, but a few stout nails could hold the pieces together, anyway. Our horses had a great way of gnawing the troughs or kicking them to pieces. It was not necessary, then, to be too particular about the carpentry we used.

With plenty of chickens to shelter in the nesting season, we had to have many chicken coops. I early learned how to saw the framework for a coop. I judged considerable putting on the planis, for home-made boards were just the things for it, already the right lengths, some of my chicken coops, like my horse troughs, were hardy works of art, but they served for years. Many a rural preacher got a full meal of fried chicken from the inmates of my coops. What more could you ask in a useful or artistic object?

It hurt my feelings when I was not allowed to show other feats of carpentry. It is true that I could

What Do They Want?

The Floyd County school system is being administered under the provisions of the Minimum Foundation Law. That law is the best educators, who have spent their lives studying these matters, can devise.

Right here we want to ask Ulysses Collins, Jack Branham, Arville Duff, and their supporters what they have to offer in place of the Foundation Program? Do they think that they can improve on this law that was brought about by parents, teachers and school groups working together?

Or in lieu of a program do they have little petty gripes, grudges and hates they want to satisfy? Do they want to remove school principals like D. W. Howard, because of his church, or political beliefs? We are proud, and many patrons are proud, of the Betsy Layne school plant. Would Jack Branham destroy all of this to satisfy a little clique around him?

The schools on Right Beaver Creek are excellent institutions devoted to the education of our boys and girls. Of what does Mr. Duff complain? Or is he out to help another little group to wreak private spite at the expense of our boys and girls?

Until our opponents have something better to offer than petty gripes, and grudges we shall continue to administer the school system in the interest of our girls and boys.

In the meantime we ask only that our opponents to stick to the truth.
