GEOLOGY EXHIBIT SCHEDULED
The University of Kentucky College of Arts and Sciences' 17th annual Arts and Sciences Exposition for high school students, to be held Dec. 7 and 8 on the campus, will include an exhibit by the Geology Department. The various displays will show how oil is found, volcanic eruptions, how diamonds were sawed with rocks and how to identify rocks and minerals.

Miss Hinchman, Mr. Porter Wed

A double ring ceremony performed Saturday evening, November 18, in the First Baptist Church at Abilene, Ky., united in marriage Miss Bonita Hinchman and Mr. Thomas E. Porter.

The bride is a daughter of Mr. and Mrs. Virgil Hinchman, Trion, Ky. Mr. Porter is the son of Mr. and Mrs. Herman Porter, Allen, Ky. The Rev. Ervin Childers performed the ceremony before an altar and archway of white gladioli and palms, and tiers of candelabra and baskets of white gladioli. Nuptial music was played by Mrs. Gertrude Clay, pianist.

The bride was given in marriage by her father. She wore a street-length gown with powder blue chiffon trim. She carried a corsage of white and blue carnations on a white satin-covered Bible with white and blue streamers tied with love knots. Miss Betty Jane Deakins, of Dayton, Ohio, was her only attendant. Mr. Ernest Clay served as best man.

Prior to the ceremony, Mrs. Robert Branham, of Prestonsburg, sang "Always," accompanied at the piano by Mrs. Luther Shivel, also of Prestonsburg.

The reception was held in the recreation building, near the church, immediately following the ceremony. The refreshment table was covered with a white hand-crocheted lace cloth, with a centerpiece of white poinsettias and with cartons with tapers, flanked by a

Floyd Women Pledged To UK Fraternity

Three Floyd county women recently were pledged to Phi Beta, professional music and speech fraternity at the University of Kentucky. They are Cassandra Tingle, who was elected vice president, Winnifred Sue Cooley, newly elected secretary, and Libby Burchett.

Miss Tingle is the daughter of Mr. and Mrs. Charles Tingle, of Langley, and is a graduate of the Maytown high school. She is a member of the Glee Club and Choristers.

Miss Cooley is the daughter of Mr. and Mrs. William Ward Cooley, of Prestonsburg, and is a graduate of the Prestonsburg high school. Miss Burchett is a daughter of Mr. and Mrs. Forrest Burchett, of Lamer, and also is a graduate of the Prestonsburg high school. She is a member of the Alpha Delta Pi sorority.

Farm population of the United States has been declining about 600,000 persons a year since 1949.

Dr. Martin Calls Meet Of School Bond Group; \$100 Million Is Talked

Dr. Robert Martin, State Superintendent of Public Instruction issued a call for a meeting of the School Bond Issue committee to convene at the conference room of the Department of Education at Frankfort, Nov. 25. The committee will consider further proposals in regard to the projected \$100,000,000 school bondings held in issue tentatively scheduled to be submitted to the voters next November.

"We feel that the work of the committee has been successful and that we will have some concrete proposals to make at this meeting," James L. Sublett, assistant state superintendent, held in this field trying to bring more to my students each year."

Mr. Conway, who has studied abroad in Japan and is the only Occidental to earn a master's degree in fiscal arranging at the University of Osaka. He gave the only accredited university financial arrangement course in the United States at the University of Southern California.

Baker Named

Homer L. Baker, a Louisville business executive and immediate past president of the University of Kentucky Alumni Association, has been chosen UK's "outstanding alumnus of the year." The award, sponsored by Alma Magna Mater, was presented to Baker during halftime ceremonies of the Kentucky-Vanderbilt football game.

Both Ends Against The Middle

Clive Akers supported Gov. Chandler for Governor against Judge Bert Combs. It will be most interesting, between now and next May, to see if Mr. Akers tries to play both ends against the middle, hoping to worm his way back into the good graces of Judge Combs' friends for personal political reasons.

I can't believe a few little state jobs will cause any of Judge Combs' friends to forget how actively Mr. Akers supported Gov. Chandler against Judge Combs. I'm sure none of Happy's friends will forget how some of Happy's most loyal supporters were not recommended for jobs which they expected and deserved but did not get.

One more thing. A lot of Happy's friends want a new Tax Commissioner—what about you? ? ? ?

THE HAPPY BOYS
(Pol. Adv.)

THANKSGIVING
ON THANKSGIVING DAY

Let not the promise of fine feasting overshadow the true spirit of Thanksgiving Day... to give thanks to God for our blessing!

THANKSGIVING IS A FAMILY AFFAIR AT CHURCH AND IN THE HOME

You are invited to attend the church of your choice on Thanksgiving Day. This is one of the most important things we have to be thankful for... freedom of worship. Our ancestors went through hardships for faith in their principles. This inheritance of courage, faith and power is ours to cherish and be thankful for every day of the year!

ALL-E.K.M.C. TEAM

First Team
 Ends-Robert Wright, Whitesbury; Danny Sullivan, Jenkins; Tackles-Don Snider, Hazard; Harry Johnson, Fleming; Charles-Larry Monroe, Jenkins; Donnie Blevins, Fleming; Center-Junior Thomas, Fleming; Backs-Jim Conley, Paintsville; Lloyd Roder, Whitesburg; James Hill, Fleming; H. L. Justice, Pikeville.

Second Team
 Ends-Arland Smith, Beltry, Paul Sheets, Paintsville; Tackles-Herold Osborne, M. C. Naper, Rich Woods, Pikeville; Guards-Roner Noble, M. C. Naper, Rich Woods, Pikeville; Center-C. A. Noble, Hazard; Backs-Frankie Patton, Paintsville; Buddy Ekins, Pikeville; John Maynard, Beltry; Elmer Brassler, Jenkins.

Visitors Out to Spoil Pikeville's Homecoming Net Game Friday Night

The highest scoring college basketball team in the nation will try to spoil the Pikeville College Bears' homecoming Friday night.

The Golden Bears of the West Virginia Institute of Technology, who have held the high-scoring crown for two years, will open their 1956-57 campaign at Pikeville. Back from last season will be four of the five starters, and five first-time reserves, who helped West Virginia Tech tally an average of 100.5 points per game to lead the nation last year.

Homecoming queen Geraldine Smith, Sidney, Ky., sponsored by Kenneth Southwood, student body president, will be crowned in ceremonies at halftime of the Pikeville-Tech game. She will be attended by four other young women who were close runners-up.

(See Story No. 1, Page 6)

SPORTS CHATTER

By GORDON MOORE

4th Place Team Dominates All-Conference Grid Team

ALL-E.K.M.C. TEAM, FOOTBALL REPRESENTATIVE

The 1956 All-Eastern Kentucky Mountain Conference football team, selected by the 10 football members in Pikeville last Sunday afternoon, shows evidence of good trading by second division teams, with Pittsburgh giving to players who rightfully deserved a place on the select team.

Pikeville, winner of the loop championship, had only all-state halfback H. L. Justice on the unit, and a tie had to be broken between him and sixth-place Jenkins' Elmer Brassler before he made the team. This very same Pikeville team walked to their second successive title, being tied 6-6 only by Prestonsburg, yet had no other players make the team, which is utterly ridiculous.

Second-place Paintsville had quarterback Jim Conley named, who saves Steve Hamilton and Harlan "Pat" Tolle Hamilton, a 6-7 forward, averaged 16 points a game as a sophomore last year and pulled down 141 rebounds a game to rank among the nation's leading rebounders. Tolle is a fancy dan ball handler and works well at the head of Morehead's tremendous fast break.

Fighting for the starting center post are 6-8 Bernie Shirmesell and 6-6 Thornton Hill. Both are rugged rebounders and will probably alternate at center.

Fighting for the guard berth opposite Tolle are Ken Thompson, 6-1; Gene Carroll, 6-3 and 5-10 Fred Stump. All are fine shots and speedy; it's a toss-up as to who will start.

Rugged 6-7 Dave Kelecher will start at the other guard with 6-5 Jim Jewell adding relief at the Eagles' strongest position. Kelecher is a junior who started at Iowa City last year as the Eagles placed third in the NCAA regional tournament.

Few persons will argue that there's a tougher schedule in the nation. The Eagles open with the team early season pollsters place in the number one slot, the University of Louisville. Morehead meets the Cardinals twice.

The Eagles also face such formidable foes as Dayton, Western Kentucky, the University of Cincinnati, Marshall, Furman, Niagara, St. Bonaventure, Murray, Eastern Kentucky, Tennessee Tech, Middle Tennessee and Ohio University.

Morehead will be participating in the Senior Bowl Tournament in Mobile, Alabama on January 2 and 3. Other participants include Furman, Florida State and host Spring Hill College.

Fourth-place Fleming dominated the All-Eastern Kentucky Mountain Conference team with four selections, while the three first, second and third place teams, Pikeville, Paintsville and Hazard, each had one player named.

Second division Jenkins and Whitesburg selected two players on the select group in the most unusual balloting in the six-year history of the 10-team loop.

A noticeable absence was Paintsville's all-around player, Frankie Patton, who vanned the area in scoring with 144 points and was second in the entire state. Jim Cyrus, 700-pound Tiger guard, considered one of the best linemen ever in the mountains, was not named on either the first or second team.

In other action of Sunday's stormy and hectic session, Hazard's grid chief, Jim Caudill, proposed that the E.K.M.C. be divided into two divisions, the East and the West.

The East would be composed of Johnson City, Prestonsburg, Paintsville, Beltry and Pikeville and Wheelwright, if admitted. In the West would be Hazard, M. C. Naper, Whitesburg, Fleming, Jenkins and possibly Leslie County if their application is approved for membership.

Representatives of the 10 schools failed to agree on the proposal by an appointed five-man committee. Recommendations to the entire group at the spring meeting.

Caudill's proposal would have the winners of each division vie on a neutral field at the season's end for the championship of the league, which now uses the Dickinson system of rating for selecting a champion.

SOMETHING NEW

The ten basketball coaches of the E.K.M.C. will try something new when they stage their first "Basketball Panoram" in Paintsville's spacious gym Monday night at 7.

Each team will play ten minutes and to keep a running score, the group has been divided into the East and the West, with five teams in each division.

Playing for the East will be Johnson City, Prestonsburg, Paintsville, Beltry and Pikeville pitted against Hazard, M. C. Naper, Whitesburg, Fleming and Jenkins in that order.

Kentucky High School Commissioner Ted Sanford has informed the group that this will not count as a game for any of the 10 participating schools.

NAMED TO TEAM

Columbus O. Whitfield Hamilton, former Prestonsburg athlete, was named to the 18 man Blue Collar basketball squad today.

The Columbus team opened its season against Sinclair College of Dayton with a 63-51 win.

Last year, 321,396 chest X-rays were made in Kentucky, as part of the tuberculosis case-finding program. 272,141 of them by mobile units of the State Department of Health. Buy Christmas Seals and help fight TB.

Pikeville was officially awarded the 1956 football crown and Paintsville was third and Fleming fourth. Election of new officers will not be held until the Spring meeting.

For the first time the basketball men have planned a "Basketball Panoram" for Monday, November 26, at 7 p.m., in the Paintsville gymnasium.

The 10 case teams will be divided as East versus West with each team scheduled to play one 10-minute period. The schools will vie in this order:

EAST		WEST	
Pikeville	4	Johnson City	1
Paintsville	4	Prestonsburg	1
Beltry	4	Whitesburg	1
Hazard	4	Fleming	1
Whitesburg	4	Jenkins	1

Eight Fatalities Reported In State Coal Mines
Frankfort, Nov. 18 (Sp.) - Eight coal mine fatalities during October were reported by Commissioner of Mines and Minerals James H. Phelan.
Five fatalities occurred in the Kentucky River district and one each in the Western Kentucky, Big Sandy-Cyg River, and Cumberland Valley districts. For the same month last year four deaths were recorded. At the end of October, 1955, 50 persons had died in mine accidents while the fatalities this year stand at 66.
Phelan asked mine officials to check accumulations of coal dust and called attention to the need for a more adequate and better supervised timbering program.
"We of the Department of Mines and Minerals," he said, "hope that by a better understanding among all concerned in the coal industry, we can bring about a renewed effort in the prevention of accidents, mine fires and the promotion of safety education in our coal mines."

WAYLAND
The Lackey-Garrett-Wayland Women's Club met Nov. 5 in the club house. This was a program meeting on Spiritual Values. Mrs. Richard Vinton gave a very interesting program on the subject, "Teach Us To Pray."
The business meeting was conducted by the president, Mrs. Earl Castle. Mrs. Cyt Wells announced that 40 good books were received to given to the Floyd County Chapter, Friends of Kentucky Libraries, and \$5 in cash. The drive is still on and the club's goal is 100 good books. Membership in the chapter is 61 or a good book.
Mrs. Castle reminded the club that it is continuing to place emphasis on youth work and that the club hopes to get going strong on its 4-H groups in the Garrett and Wayland schools, and that since a new home demonstration agent is at work in the county plans are being made to invite her to a meeting soon.
The president also asked the club members to serve dinner Saturday night to the Cane Alumni Association. The money received from the dinner will be spent on the bill for painting the club-house, which will be about \$150.
Mrs. T. J. Sullivan and Mrs. S. M. Martin served refreshments to the following members: Mesdames W. T. Hatcher, Ellen Hornby, George Evans, Cyt Wells, Delbert Sloan, L. B. Price, Richard Vinton, C. S. Francis, J. E. Miller, Fred Hall, N. D. Howard, Earl Castle and a new member, Mrs. C. L. Tolten.

School Milk Program New Greatly Increased
More than 23 million half pints of milk were served to youngsters in 1,180 schools in Kentucky last year in a special milk program.
According to a report from the U. S. Department of Agriculture, more than twice as much milk was served to children in the public schools of the southeastern states as in the previous school year. The number of schools increasing from 849 in 1954 during the peak period. The quantity of milk served increased from more than 91 million half pints to more than 195 million half pints a gain of 114 per cent.
Federal funds used to help pay part of the cost in the region also more than doubled, amounting to \$6,529,000 the past year.
In addition to public and private schools, the special milk program for this year has been expanded to include nonprofit schools, child care centers, settlement houses, summer camps and similar institutions devoted to the care and training of children.
Pork, turkeys and potatoes top the list of plentiful foods in Kentucky in November, followed by broilers, eggs, beef and peat products, cabbage, peas, dates, cranberries, rice, peanut butter, fish sticks and milk and dairy products. After curing sweet potatoes at 70 degrees for about three weeks, they should be stored at 50 to 55 degrees.

Kentucky Leads Area In '55 Beef Production
Kentucky outranked all states of the southeast in most production in 1955, says the UK Agricultural Extension Service and Experiment Station.
The U. S. meat total was 49,867,000 pounds of beef, veal, mutton, lamb and pork. Kentucky produced 1.7 per cent of that total, or slightly under a billion pounds. This included 1.6 per cent of the U. S. beef and veal total, 1.8 per cent of pork; and 2.7 per cent of lamb and mutton.
Nearest rivals were Tennessee and Alabama, which produced 1.6 and 1.5 per cent of the U. S. total. Florida led the southeast in beef cattle numbers - 1,375,000 heads but only produced two-thirds as much beef in 1955 as Kentucky, with a beef cattle total of 905,000.
In lamb and mutton, Kentucky led twice as much as Virginia or Tennessee. In pork Kentucky was second, just behind Georgia.

(Last Week's Correspondence)
Born to Mr. and Mrs. Frank Gordon on Tuesday evening, Nov. 14, at 5:30 in the Beaver Valley hospital, Martin, a son, weighing six pounds and 18 ounces. He has been named Frank Gordon, Jr. Mrs. Gray is the former Alice Crutchfield, a teacher in the Allen grade school. They are now at the home of Mr. and Mrs. G. L. Gray and doing nicely.
Mrs. Bert Allen and grandson, Jackey Allen Tackett, were fishing Mr. and Mrs. Herb Inon in Plymouth, Ohio last week. They were accompanied on their return trip by another grandson, Steve Inon. Who will visit them in Kentucky.
Mr. and Mrs. Sam Jarrell have returned to their home in Newark, Ohio, after a visit here with relatives.
Mrs. Bennie Lynwood Lafferty returned to her home here Wednesday, after a visit with relatives in Toledo.
Mr. and Mrs. Bill Steeton attended the football game in Lexington, Saturday. They spent the night with relatives in Louisa.
Mr. and Mrs. David Salisbury, of Salisbury, were visiting Mr. and Mrs. Bennie Lafferty, Sunday afternoon.
The Youth Fellowship of the Church of God at Little Paint, visited the Youth Fellowship at the Emma Methodist church in the Emma church Sunday night. A large crowd attended and the visiting youth presented a very interesting program based on the 23rd Psalm. There were several special songs given by different groups. The program was under the direction of their youth leader, Russell Rice. On Sunday morning worship services were held in the church by Mrs. G. L. Gray and Mrs. Palmer Crisp, with Mrs. Gray being the message.
Out-of-town guests, visiting Mr. and Mrs. Frank Gordon, Gray, Sunday were Mr. and Mrs. E. L. Cline, Jr. and children, Donna Sue Cline, of Lanes, Mr. and Mrs. James Cline, Emma, Mr. and Mrs. Zolie Burcham and Jimmy of Martin.

500 FOREST FIRES A DAY?

Shocking, isn't it? Yet it's the tragic truth. Last year alone there was a total of 177,000 forest fires throughout the U. S., an average of nearly 500 per day!

These fires were not small ones, either. They burned a total area of nearly 10 million acres - larger than the states of Massachusetts, Connecticut and Rhode Island combined!

Just the cost of fighting them came to more than 70 million dollars. And that doesn't count the loss of watershed, timber, recreational values and even lives.

And the most tragic part of all is that 9 out of 10 of these fires were preventable because they were caused by just plain old human carelessness - carelessness with campfires, cigarettes, brush and clearing fires, burning rubbish, etc.

So please - won't you do your part in helping to put an end to this needless waste? Be extra careful with fire, wherever you are. Observe local regulations when burning rubbish. Use your ash tray when motoring. Make sure your campfires are out - dead out! Help keep America green!

Remember-Only you can PREVENT FOREST FIRES

Report after me: **I WILL BE CAREFUL!**

TEA MARKETING FACTS

Bulletin No. 21
JUNE 1954

TEA'S CALORIE STORY

At the request of the Tea Council, the Miner Laboratories, Chicago, Illinois, scientifically examined 31 different varieties of hot and cold beverages and computed the caloric content of each. As the following table shows, tea without additives has significantly less calories than any of the other popular drinks.

Beverage	Approximate Calories Per 6 Fluid Ounce Serving
Grape Juice - Canned & Bottled	121
Milk	107
Grape Juice - Frozen	101
Orange Flavor Drink	95
Orange Juice - Fresh	94
Berry Flavor Drink	94
Orange Juice - Frozen	88
Super Cola	87
Root Beer	86
Lemonade - Frozen	86
Pepsi-Cola	86
Royal Crown Cola	83
Coca-Cola	78
Beer	59
Sugar Free Root Beer	19
Sugar Free Orange Drink	17
Coffee	11
Tea	4

Coffee and Tea served with the following flavorings:

- 6 ounces Hot or Iced Coffee 11 calories
 - + 16 calories for each teaspoon of sugar
 - + 30 calories for each 1/2 ounce of cream
- 6 ounces HOT COFFEE, 1 teaspoon of sugar and 1/2 ounce of cream 57 calories
- 6 ounces ICED COFFEE, 1 1/2 teaspoons of sugar and 1 ounce of cream 94 calories
- 6 ounces Hot or Iced Tea 4 calories
 - + 16 calories for each teaspoon of sugar
 - + 9 calories for each 1/2 ounce of milk
 - + 2 calories for each 1/8 segment of lemon
- 6 ounces HOT TEA, 1 teaspoon of sugar and 1/2 ounce of milk 29 calories
- 6 ounces ICED TEA, 1 1/2 teaspoons of sugar and 1/8 segment of lemon 30 calories

HEAVY CAPITAL INVESTMENT SEEN TO MEET COAL DEMAND

"Billions of dollars of new capital will be required to meet the mounting demand for coal within the next decade," said Raymond E. Salvati, president of Island Creek Coal Company, in a talk last Thursday before the New York Society of Security Analysts.

Mr. Salvati estimated a total coal demand of 602 million tons by 1960 and 728 million tons by 1965. This compares with 478 million tons produced in 1953. Individual markets in which the greatest growth is expected are utilities, estimated at 200 million tons by 1965, industrial at 165 million, coke ovens to supply steel plants at 133 million and export at 90 million. "The retail market, which has been declining over the past ten years, is expected to level off at about 50 million tons.

"To meet this increasing demand and to replace exhausting mines, many new, high capacity mines must be opened," Mr. Salvati said. "The capital cost of developing new coal mines has risen sharply because of mechanization of operations. This, together with the fact that the larger quantities of coal consumed by large enterprises has made high output mines desirable. Presently larger corporate organizations which are being brought about through mergers, consolidations and purchases. Only the larger 'career' company with sound finances can have ready access to the capital markets to obtain the large amounts of new capital which the growing coal industry will need. The current trend toward larger scale operations is both necessary and healthy.

The Island Creek president pointed to the era of labor peace which the coal industry is enjoying and to the fact that the United Mine Workers of America, realizing its stake in increasing production and extending markets, looks favorably upon mechanization and the trend toward larger producing units.

Salvati pointed out that while labor rates have increased and hours have been shortened, production per man shift in deep mines has been more than doubled in the past eleven years through mechanization and management efficiency. Output per man shift is even higher in strip and other mines and further increases can be confidently expected. "This increased efficiency," he declared, "has enabled producers, faced with competition from within and without the industry to absorb much of the wage cost gains since 1948. In spite of paying the highest wages and working the shortest hours, we in the United States produce coal of good quality at less cost than any other free country.

Talking on the subject of nuclear power, the speaker observed that while atomic energy is often thought of as an early competitor of coal for electric power generation, such is not the case. "Atomic energy plants," he said, "are today large consumers of coal and will continue increasingly to be so based on the best opinions available, it now appears that significant contributions to energy supply by nuclear power will begin not earlier than 1970 and nuclear power's greatest period of growth will come after 1975. By that time the question will not be one of competition between fuels but rather how and where to find sufficient energy

sources to satisfy the rapidly expanding demands."

Mr. Salvati described for the analysts the operations of his own company and stated that it is recognizing the trend toward larger corporate units. In the past two years Island Creek has made three major acquisitions: the Coal Department of the Cleveland-Cliffs Iron Company; the mines and business of Pond Creek Pochontas Company and the mines and business of Red Jacket Corporation. Island Creek Coal Company is now third in production among the commercial coal producers of this country and second in dollar sales. "It is my expectation," he said, "that the company will continue to grow as desirable acquisitions can be made. It is our policy not to grow merely for the sake of growth but only where we think we can, by so doing, increase the value and earnings of our existing stock.

In 1956 Salvati estimated his company will produce 14,000,000 tons, sell for others 3,660,000 tons, and make a net profit of approximately \$4.15 per common share. For 1957 he expressed optimism, anticipating slight increases in volume but substantially increased earnings resulting from improved sales and the completion of various operating programs to improve the cost and productivity of certain mines acquired in 1956.

The number of persons working on U. S. farms this fall showed an advance over summer figures, but the number is 4 per cent less than for the same period in 1955.

Lost River Cave, near Bowling Green, is said to have been a favorite hiding place of the notorious outlaw brothers, Frank and Jesse James.

MARTIN

ALLEN-MARTIN CLUB MEETS

The Allen-Martin Woman's Club met at the Sea Cafe, Nov. 5. After the usual preliminaries, Mrs. John J. Sherman gave a report of the special convocation held at the Martin high school, Nov. 2, with Miss Edna Mitchell, K.S.A., delegate, as guest-speaker. Miss Mitchell's objective was to stimulate interest in the Future Teachers of America organization.

Miss Nelle Music, who represented the club at a recent meeting of the Floyd County Chapter of the American Cancer Society, reported that Mrs. John J. Sherman had been appointed as a member of the board of directors for the Society. Club members were asked to watch the TV "Home" program on Mondays at 11 a.m. for General Federation of Women's Club news. As a fitting subject for election eve, Nelle Music, legislative chairman, gave a history of the Democratic and Republican parties. She was assisted in the presentation by Mrs. Russell Laven.

HENRY STEPHENS

For Circuit Court Clerk

Before I announced my candidacy in The Floyd County Times on June 23rd, 1953 for Clerk, I was requested by a lot of people who were urging me to make the race for Circuit Judge, and with ample support from proper sources, I have not abandoned that idea yet. Anyone serving in that capacity is in a position to do a great service for the people in the enforcement of the laws of our state as well as ours.

I was born in a log cabin on the Green Park of Middle Creek, was a teacher, a school teacher, merchant, postmaster, and was president of The First National Bank and assistant cashier of the First Guaranty Bank of Martin. I have the endorsement of the State Examiner upon the records of the Circuit Court as being one of the most efficient and best clerks in the state. My record as Circuit Judge of this district, an outstanding one in the Court of Appeals of Kentucky and my record in that court were few and far between. My record in society and efficiency in office is unimpeachable and unexcelled. It speaks for itself and upon that record I stand. Whatever position I have held has received my whole hearted attention. You will always find me on the job in person, ready to serve you.

I am a Baptist member of the Masonic Lodge, Chapter Knights Templar, Shriners, an F.R.M. and an I.O.O.F. However, these organizations are unimportant but are evidence of honest integrity, moral fiber and qualifications to serve others.

Preserve this advertisement to me. I want to see you from time to time throughout the days to come. Sit with Henry and he will talk with you. He always says and always will. If you want service in person, write to him and you can be assured of a job well done. He is here for you in the name of Democratic Max Primary for his name and the more good work he has done for others, he will do for you.

(Pol. Adv.)

TIMES WANT ADS REALLY GET RESULTS

Why Southern Bell is Asking For a Thorough Study of its Kentucky Rates and Earnings

A lot of things have happened to the cost of providing telephone service in Kentucky since 1952:

1. Four general wage increases have added \$2,021,000 a year to our costs.
2. Cost increases associated with additional investment in Kentucky amount to another \$2,010,000 a year.
3. Taken together these two items alone have boosted the cost of furnishing telephone service in Kentucky by more than \$4,000,000 per year.
4. Additional revenue from rate increases during this period failed by far to cover these added costs alone, to say nothing of other cost increases.

As a result, Southern Bell earnings amount to only about 4 1/2 per cent on the value of the Company's Kentucky properties. This return is lower than that of comparable businesses in the state and too low to justify the expenditure of the \$100 million needed during the next four years to keep in step with Kentucky's progress and telephone needs.

For these reasons, we have asked the Public Service Commission to approve rates that will provide a reasonable return on our investment in the state.

Official Seeks More Home Rule In Local Taxes

Frankfort, Nov. 16 (Sp.) — Revenue Commissioner James E. Luckett has recommended "more home rule" in property tax assessments.

In a recent address before the National Tax Assn. Conference at Los Angeles, Luckett said, "Local bodies should be given effective control of the property tax assessment base."

He said "an appropriate local fiscal agency should be given the authority to issue blanket rates on the assessment to bring the tax base to a level necessary to produce the revenue needed."

Luckett said perhaps a biennial or even quadrantal assessment would be cheaper and more efficient than the present annual assessment.

"The state should withdraw from the taxation of locally assessed property," Luckett said.

He explained "As long as the state collects a tax on property assessed locally, it has a local obligation to insure an equitable distribution of the state property tax burden among the taxpayers of all local districts. Repeal of the state tax would eliminate the legal necessity of state authorities to interfere with local assessment levels."

The commissioner added that assessment of general intangible property should be transferred to the state level as it bears a state-wide and the state does the greatest part of the necessary work.

Luckett also said collection procedures should be modernized and other sources of local revenue explored.

TIDBITS OF KENTUCKY FOLKLORE
By GORDON WILSON, Ph.D.
Western Kentucky Teachers' College Bowling Green, Ky.

"BARKING UP THE WRONG TREE"

A few minutes ago I had down a book I was reading in the main a very fascinating book for it is a series of "homemade" good-natured pieces of simple life in America written on the spot by a sympathetic observer. The author had visited just about every sort of American engaged in honest labor and had tried in every instance to get the viewpoint of the men engaged in their tasks, not the viewpoint of a mere reader a thousand miles away. One of his visits took him to the home of a horse trainer, and there the writer made his strange mistake. In commenting on the training of the horse, the writer prophesied that the horse was coming back, that it would not be more than twenty years until it would again be as important as it had ever been, in spite of autos, tractors, and machinery in general. The book was published in 1936, just twenty years ago. It is not necessary to comment on the failure of the prophecy, for the author did a bit of wild thinking rather than any real prophesying. It seemed to me in 1936 and earlier, that the horse was a passing institution. My own three-article essay for this series on "The Old Family Nag" appeared in 1932 and was actually a rewrite of one that I had prepared in 1925, originally as an after-dinner speech. Certainly it was obvious away back then, that for better or worse, the horse was losing ground except as a plaything, such as our race horses, our ponies for children to ride on, and the man kept to ride for riding trails in parks. In spite of our idealization of the days when the horse was an all-important adjunct of our farms, we will have to admit that Old Nell or Old Nag or Old Sam is gone for good.

Thomas Bailey Aldrich, in his inimitable **STORY OF A BAD BOY**, tells of an eccentric in Portsmouth, New Hampshire, who during the War of 1812, decided to make a fortune by buying up the discarded guns used by the army and selling them back to the government when another war broke out. The poor old fellow finally had to go to the poorhouse, and his numerous small emblems were dumped on the seashore, a temptation to the bad boys to fill them with powder and something that would serve for shot and scare the daylight out of the silly townspeople one fall night. "I have often thought of that 'fancy chap'."

Census To Inquire If Idle Seek Jobs. Full or Part-Time

Special questions will be asked in the November current population survey to determine if unemployed persons are seeking full-time or part-time work, according to Supervisor Robert A. Yerkey of the U. S. Census Bureau's field office in Cincinnati, Ohio, which will participate in the survey.

These special questions, asked four times a year, round out the labor force statistics provided by Current Population Survey monthly inquiries on employment and unemployment by furnishing information on the availability of part-time workers. In May of this year, around 11 per cent of the unemployed men were seeking part-time jobs while 17 per cent of the unemployed women were seeking part-time rather than full-time jobs. Of the unemployed men seeking part-time jobs in May, 52 per cent were between 14 and 17 years of age while 11 per cent were 85 years of age and over. Thirty-seven percent of the unemployed women seeking part-time work in May were the 14-17 age bracket.

The special part-time work questions, together with the usual inquiries on employment, will be asked during the week of November 18 as part of the nation-wide Current Population Survey which is conducted each month on a sample basis by the Census Bureau. Current Population Survey information is collected locally by Mrs. Mary Mitchell, of Allen.

Kentucky's Department of Fish and Wildlife Resources maintains the world's largest quail farm. One of the world's finest collections of quail is located in the Manassas Museum near Old Fort Harrod, Harrodsburg.

Fire Rules Given For Out-Of-Doors

Frankfort, Nov. 16 (Sp.) — An outbreak of fires throughout the state caused Acting State Fire Marshal Ray Humkey to issue a special warning concerning outside fire hazards.

The state official said extremely hot humidity coupled with an already dry season has brought the outdoor fire situation to a critical point.

"Outdoor fires are especially hazardous because they are extremely difficult to bring under control," he said.

Humkey listed these outside fire precautions:

"Abide by the law. When lighting a fire, be sure help hands to keep it under control. Kill every spark when through.

"Break every used match in two. When the burnt end can be held between your fingers, put it in an ashtray or grind it into the ground with your heel.

"Crush out your cigarettes, cigars, pipe ashes.

"Cover your cigarette and outdoor trash fires, then stir and douse again. Repeat if live coals are still present."

The old State Capitol building in Frankfort, erected in 1827, is one of the finest examples of Greek Revival architecture in the world.

To The Voters Of Floyd County

The voters' registration books are now open and will remain open until 125 days—180 days before the Nov. 28th Primary Election. When you present your money from the present in which the 18 presented in a different amount in Floyd county, the 180 days that the shall make application to the other to have his name added transferred to the proper precinct.

If you are seventeen (17) years of age and you will be one eighteen (18) before the November General Election you are eligible to register and vote in the May Primary.

An affidavit of domicile is required by law in order to register.

A statement of your present precinct number and a new registration, please do not forget to call on us. We are open weekdays from 9:00 a.m. to 5:00 p.m. at the County Courthouse, Floyd County Court.

New Here! New There! New Everywhere!

Newest Buick Yet

WE'VE introduced a lot of new Buicks to the local scene—but never before one as new as this.

Inside and outside, top to toe, end to end—this is the newest Buick yet.

And it's not just new for newness itself—but new in ways that make driving more comfortable, safer and more fun.

You'll see what we mean when you study these gorgeous new Buicks close up.

They're inches lower and stunningly styled from stem to stern—yet each is wondrously roomy inside.

They bring a wide-eyed new visibility of the road ahead with a square windshield that adds hundreds more square inches of glass area.

They're new in ride, with a new contour frame chassis that "nests" your going—giving new roadability with a lower center of gravity—yet road clearance is unchanged.

They're new in handling with a new Buick-developed ball-joint suspension that makes steering and cornering easier while it levelizes braking.

But above and beyond all else—these 1957 Buicks are brand new in performance!

—with a V8 engine that's new from the crankshaft up, to give you the highest power and compression in all Buick annals.

—with an advanced new Variable Pitch Dynaflo* that brings you such instant response, such smoothness, such a full range of fluid motion in "Drive" that the need for "Low" is all but eliminated.

All this covers only the big advances in the 1957 Buick.

There are other wonderful new things—the new safety instrument panel—the new color-matched interiors—the new counterbalanced brake pedals—well over a hundred and fifty new features in all.

As your Buick dealer, we're ready to show you these newest Buicks yet—and how easy you'll find it to call one your own. Stop in and see us this week.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Buick Wildcat, Super and Century—optional on models once built as Special.

If your husband had to do this...

He'd buy an ELECTRIC CLOTHES DRYER

If your husband had to struggle with baskets of heavy wash week after week you'd have had an electric clothes dryer long ago.

An electric clothes dryer saves work and time. What could be easier than taking a load of clothes from your washer... tossing it into the dryer... and turning a dial? Within an hour you can have the cleanest, driest wash you ever saw. And if there's ironing to do, you can take clothes out while they're slightly damp and iron without sprinkling.

Save yourself hours of bending, stretching and lifting. Don't let bad weather spoil your washday. See your electric clothes dryer dealer today. Your husband would if he had to hang up the clothes.

Drivers' Point System Gets Chandler Backing

Frankfort, Ky. — Acting Safety Commissioner Don Sturgill received Governor Chandler's go-ahead today for his point-system crackdown on dangerous drivers.

"The Governor told me he would support anything that would save lives," Sturgill said after a conference with Chandler.

He added that the point system of keeping up with careless drivers should save 300 to 350 lives in Kentucky per year.

Under the system, a driver is charged with a certain number of points for traffic violations depending on the seriousness of the violations.

When he accumulates a prescribed total, he loses his driver's license.

Sturgill said his next steps would be:

1. A meeting with Finance Commissioner James W. Martin to arrange for funds to carry out the program.
 2. A conference with Morris Carter, commissioner of Indiana's Bureau of Motor Vehicles.
- Sturgill must present his financial needs to Martin. He estimated he would need \$45,000 to \$50,000 for the current fiscal year and more next fiscal year, all to come out of the Governor's emergency fund.
- Commenting on the lifesaving factor of the program, Sturgill said it was known that 10 to 15 per cent of the drivers account for 50 per cent of the accidents.

"By removing these drivers from the highways or shocking them into slow, sensible driving, we theoretically eliminate 50 per cent of our accidents," he declared.

It has been shown that a driver will slow down to save his license when he won't slow down to save his life.

Sturgill added that Indiana's comparative new program had removed 4,000 dangerous drivers from its highways.

He said the number of points that will be charged for the various traffic violations has not been decided. Carter's advice will be sought on the subject, he added.

Spot of the bloodiest Indian massacre in Kentucky's history at Wildcat Creek Road State Park near London.

Master Commissioner's Sale FLOYD CIRCUIT COURT

Bob Campbell Plaintiff
Vs: NOTICE OF SALE
Bill Daniels and Anne Daniels Defendant

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered and entered at the October term, 1956, in the above styled cause I shall proceed to offer for sale at the Court house door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 26th day of November 1956, at ten o'clock, A.M., same being the first day of the regular term of the Floyd County Court, upon a credit of six months, the following described property, to-wit:

Lying and being at Garrett, Floyd county, Kentucky, beginning at a stake at edge of Stone Coal Creek from which a beech cornered to lands of C. E. and S. E. Allen, also corner to lots sold to Hencie Hix and Levi Hoover; Bess: S 79 15 W 50 ft. thence crossing said creek and running up the hill with the line of Hencie Hix tract S 2 15 E 1095 ft. to a stake on top of the hill between Stone Coal Creek and Beaver Creek where Stones Elk-horn mines is now located; thence up said ridge S 73 30 E 2 1/2 ft. to a stake; thence leaving ridge into N 2 15 W 1190 ft. to a stake in Stone Coal Creek; thence up said creek 80 ft. with center of creek to a stake; thence running 12 00 W 95 ft. to the center of railroad; thence running down with center of railroad track a distance of 230 ft. thence leaving railroad track with the line of Hencie Hix and Levi Hoover back to center of creek to the beginning, being the same property conveyed to plaintiffs by Hawley Scott and Effie Scott, by deed bearing date May 18, 1944, recorded in Deed Book 127, page 132, Floyd County Court Clerk's Office. This above includes the buildings as now located on the property, one dwelling house and one frame building.

Said property will be sold to satisfy a judgment against the defendants in favor of plaintiffs for the sum of \$1,323.68 with interest from April 12, 1951, until paid, and the costs of this action.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply promptly with these terms.

Given under my hand, this 6th day of November, 1956.

J. B. CLARKE, Master Commissioner
Floyd Circuit Court

Caney Alumni Group Plans the Completion Of School's Dormitory

Executive directors of the Caney Creek Community Center Alumni Association held their regular meeting Nov. 10 in the Woman's Club House, at Wayland.

Charles Clark, president of the association, presided. Other members present were: Lanna M. Halchler, Beuna R. Howell, Elizabeth S. Stone, Sylvia H. Newman, Dan Martin, Worlie Stone, Claude Prady, Commodore Stone and James Burdell.

Plans were discussed to complete a boys' dormitory for the Caney School, which is an alumni association project.

The contracting of labor, the purchasing of materials, etc. will be handled by a building committee composed of Dan Martin, chairman, Commodore Stone, co-chairman, Drivers Owen, Adrian Combs, and Charles Clark.

Claude Prady was named publicity chairman for the association.

The members present were served dinner by the Wayland Woman's Club.

The next meeting will be held Jan. 12 at the same place.

RESOLUTION

WHEREAS, the city of Prestonsburg, Kentucky, and its citizens, desire to improve real estate located within the corporate limits, and

WHEREAS, there presently exists certain telephone poles and lines, owned by Southern Bell Telephone & Telegraph Company over certain properties located on Central Avenue within the corporate limits of Prestonsburg, which poles and lines are so situated as to detract from the appearance of improved properties as would likely cause a decrease in their value and

WHEREAS, the Southern Bell Telephone & Telegraph Company apparently has the legal right to maintain the said telephone line right of way and

WHEREAS, pursuant to request of the Mayor, City Council and residents located on Central Avenue, the Southern Bell Telephone & Telegraph Company, being desirous of continuing its good public relations in Prestonsburg, and at a great expense to the Company, has offered and agreed to move the said poles and lines from their present location to one near or on the City Street right of way on Central Avenue, which location will make the improved properties more attractive and will enhance the value of said unimproved properties.

NOW THEREFORE BE IT RESOLVED BY THE CITY OF PRESTONSBURG, KENTUCKY, AS FOLLOWS:

That the City of Prestonsburg, Kentucky, hereby commends the Southern Bell Telephone & Telegraph Company for the action it has taken to alleviate the aforementioned matter and for its interest in good business, good public relations and good citizenship.

WHEREFORE by motion made by Edward B. Leslie, seconded by J. Y. Goble, and passed by unanimous vote, the resolution is approved and accepted, this 5th day of November, 1956.

HARRY SANDYOR, Mayor
ATTEST: JUDITH D. ARCHER, City Clerk

Gain Reported In Employment

Frankfort, Nov. 16 (Sp.) — Kentucky presented a bright employment picture in September according to a report issued by the Department of Economic Security.

Non-manufacturing and salary employment excluding construction, totaled 308,000 at mid-September. This is the highest employment level for any September on record. The figure was 6,100 higher than in August and 4,000 above September, 1955.

Manufacturing employment increased 2,200 above the level of September, 1955. The latest month-to-month gain was recorded in the building industries where 900 additional workers were added.

Non-manufacturing employment 470, continuing unimpaired, showed an increase of 1,900 over the previous September and a gain of 3,700 over August. Total monthly employment reached 143,400 a gain of 1,900 from August to September.

Trees Will Grow Faster Given Plenty of Room

U. S. Department of Agriculture forest workers recently proved that trees need plenty of room to grow, and develop properly.

Workers thinned a nine-year-old stand of loblolly pine from 1,100 trees to 100 trees per acre. They were testing effect upon root development and tree growth.

At thinning-time, well developed root systems reached just a little more than three feet from each tree and covered less than 10 percent of the total area on which trees were planted. Two years later, when the stand was rechecked, both roots and tops had expanded to about the same degree. They covered about 30 per cent of the total area.

P'burg Students at U.K. Pledged to Phi Beta

Misses Winifred Sue Cooley and Elizabeth Ann Burdett, sophomores at the University of Kentucky, have pledged Phi Beta, a national fraternity of music, speech and drama. They were recommended to the fraternity by professors in the Music Department, and auditioned on Oct. 28.

The pledging ceremony was held Nov. 1 and the first meeting of the pledge class was held Nov. 8 when Miss Cooley was elected secretary.

Miss Cooley is the daughter of Curran Clerk and Mrs. W. W. Cooley, and Miss Burdett is the daughter of Mr. and Mrs. Forrest Burdett.

State Submits Request For Railway Protection On Route 979 at Harold

The Kentucky Department of Highways has submitted to the U. S. Bureau of Public Roads a request for the official programming of a federal aid project in Floyd county on KY Route No. 979, which is for railroad protection at Harold on the Harold-Ambs road.

The proposed construction includes flasher light signals with short arm rails.

This request is the first step in the procedure required for processing this project for future federal aid construction. If approved by the Bureau of Public Roads, other steps in the procedure are the completion of surveys and plans and the acquisition of rights-of-way.

MORE FEED, FEWER EGGS

Pullets lay fewer eggs and eat more feed when fed oats as the only cereal in their ration, says the University of Illinois after a recent experiment. Oat-ration pullets averaged 102 eggs per pound of feed compared to 294 eggs for a mixed corn-wheat ration.
