## This Town— That World

Less theory and more practice in religion would mean more to the world.

**COME WEST, HE SAYS**  
J. E. Akers of Dwayne—a young man gone west, since he's now in Spokane, Wash.—sends in a renewal of his subscription with the note to the effect that "this should take some of the wrinkles out of your weather-beaten face." Says Washington is a wonderful place. Must be, for, says Jake, "this is a fisherman's paradise, and you meet people from Kentucky in any city you visit."

**THERE'LL BE A VACANT SEAT**  
Jarvis Allen, who returned here with his family this week from Cocoa, Fla., has presented us with a card saying that the Greater County Chamber of Commerce has made reservations for me in the First Outer Space Satellite to be launched from that area soon. . . . I shall adjust my spectacles and be read all the newspapers say about that trip.

**THE WHEREFORE**  
Somebody has opined that the candidates' handshakes are more vigorous this year than in past campaigns. That, of course, sent scientific minds off exploring the wherefore. One of our savants came up with the idea that the late of the spring, in giving the boys unseasoned vigor. But perhaps the most scientific theory was expounded by the bystander who surmised that the handshakes are as bone-crushing as they are because the candidates are full of wild greens.

**CAMPAIGN CASUALTY**  
Then there was the guy who walked into this office with a bruise on his hand fearful twist—

## CITY SEWAGE PLANT OUT

**Council Decides Cost Prohibitive; Engineer Talks Costs, Financing**

A sewage treatment plant for Prestonsburg to be built under federal anti-pollution regulations is "out," at least temporarily. This was the decision reached by the City Council at its Monday evening meeting when it heard dismaying details of the cost of such a plant.

Mr. Finney, a representative of the Bell Engineering Company, told the Council an adequate sewage treatment installation would cost Prestonsburg more than half a million dollars more than the city can expect by way of federal government grant. He also said that to market bonds under present conditions the city would have to charge water consumers 90 per cent of the amount of their water bills to meet principal and interest.

## FLOOD CONTROL MEET SET FRIDAY EVENING

### MEETING HERE MOVE TOWARD VALLEY GROUP

**Flood Organization, Others To Hold Meet At Pikeville, Apr. 19**

Floyd county citizens have been invited by County Judge Henry Stumbo to meet at the courthouse Friday evening at 7 to organize a Flood Control Association. The meeting, similar to one already held in Johnson county, is a part of a valley-wide move to organize for the fight for flood control measures. Officers of the Association will probably be named at Friday's meeting.

This week's meeting here and those in other counties are being held to effect county organizations as a prelude to the April 19 meeting which will be the Flood Control Association will be formed. Flood control first—canalization next, was the theme of the Johnson county meeting recently. All rules and regulations were left as matters to be decided at the general meeting at Pikeville. All individuals, clubs, churches, corporations, banks and any other interested groups were urged to attend the meeting here Friday evening.

**Senator John Sherman Cooper** this week visited the Army Corps of Engineers to reactivate three reservoir projects on the Big Sandy river. He was accompanied by his construction from the Senate Appropriations Committee. The projects are the Fish Trap, Haysi, and Clintwood Reservoirs, and will be a substitute for the Pound Reservoir. Cooper described them as the "chief uses of any flood-control system for big Sandy" in a letter to Eric Gen. J. L. Person, assistant chief of engineers for civil works.

## Flood Control, First

THE TIMES is pleased to note that the various counties of this flood-stricken area of Kentucky are marshalling their forces in orderly fashion and going about the attack on the flood control problem by concerted, organized effort.

We are pleased, too, to know that they are not attacking the Eastern Kentucky problem from the wrong angle. They are on sound ground when they adopt a "first-things-first" policy and seek flood control before undertaking another drive for canalization.

Now is the time to strike for flood control. The litter is still there to see; the dreary picture is still fresh in the minds of the people, and there is now an awareness of our need in the minds of the legislative and executive branches of government that may not be there later.

The Big Sandy needs canalization. It can never realize its potential industrially until the river is transformed into a navigable waterway. This is a goal for us keep before us always.

But just now we must think in terms of survival, economically and otherwise. We must have water control, without which canalization would mean little. If we can persuade those who hold the purse-strings to help us, we shall bring the torrents under control. We shall be able to live in physical security — and then, with a steady supply of water, we will move ahead to realization of our dream of a navigable waterway.

## Who Should Stand the Pain?

A father and his young son were hospitalized here recently after having received anti-rabies serum.

Some Floyd countians may have found in the story of their condition cause to fear the treatment that is given to prevent hydrophobia after a person or animal has been bitten by a rabid dog, cat or other animal.

They should be fearful, but not of the anti-rabies treatment, necessarily, although it is no trivial thing to have to undergo this series of inoculations. There is the mental anguish of the person threatened with hydrophobia; there is pain in some degree, much inconvenience, some expense, some time lost — and, there is the possibility of severe, though not fatal, reaction to the "shots."

What the people of Floyd county should be more deeply concerned about is rabies, its spread, the lack of control of dogs and our failure to see that every dog is immunized against this fearsome malady.

They should now begin asking themselves, "Who is it that deserves more consideration in this matter — human beings or dogs?"

There is only one thing to do if you are bitten by a rabid animal, and that is to take treatment promptly. Your own personal comfort doesn't enter into the matter. It's do this — or else.

Then don't you think it would be more considerate of humans, and also of the animals themselves, to let the dogs stand the pain and effects of those "shots" and so immunize them against hydrophobia and protect human beings against this threat to life?

The dog control law should be enforced to the last letter.

## To the People of Magisterial District No. 1

I am appealing to you for your vote and support in the May 28, Primary. I am 59 years old and have never held public office. I was born and raised in this county and God has blessed me with health and strength to make an honest, decent living, to raise an educated fine family of six children. In all my business transactions I have never taken one five cent piece dishonest and if elected your Magistrate I promise to see to it that your tax money will be protected and spent where it should be.

We know that a lot of people in this No. 1 District send their children to school over roads that are not fit to drive a hog over and then we read in the papers where some of our officials have to be sued in the courts for thousands of dollars of tax money. Then it is up to us taxpayers to pay that plus interest and court costs and this includes our present magistrate, Mr. Holbrook, and then they take what is left and hire a certain bunch at a large salary and put them out on an old grade or some other kind of broken-down machinery, let them go and burn a lot of the taxpayers' money and leave our little sheep paths in worse condition than they were without a ditch or drain pipe or small culvert to take care of the water. The people that live up the creeks where the county is supposed to keep up the roads has to park their cars out on the high-ways and walk home after doing a hard day's work and if you are a taxpayer they sure will collect or sell your property from under you.

So think it over and I assure you that when I am elected your Magistrate I will perform my duties as a magistrate as any other sworn official should. Be sure and vote as that is your God-given right.

### PADDLE WHEEL

The first steamboat ever to be seen on the Ohio and Mississippi rivers arrived, amid great excitement, on the river in January, 1812. The boat was built in Pittsburgh and was named the "Orion." Travel by steamboat became popular with all classes — planters, adventurers and gamblers. The romantic Ohio and Mississippi rivers have bowed to progress. But the spirit of the rivers still remains. Not infrequently will giant 100-foot tows engage in a race as frenzied and spiteful as the Hatches and Robert E. Lee ninety years ago.

### 'You Can't Hold Back The Dawn'

Christianity's achievements, so often taken for granted in the modern world, are summarized in "You Can't Hold Back The Dawn," an Easter message of hope and courage by Dr. Clarence W. Hall in the April Reader's Digest.

"Christianity," he writes, "is primarily a religion of the dawn—a religion that addressed itself not to the dead past and its failures but to the vibrant future and its potentials."

It has fought and won over slavery. It has shaken the systems of caste and class, and helped us toward whatever religious, social and political liberty we enjoy today.

It gave sanctuary to education in the dark ages when culture otherwise would have died. It has gone into every field of human distress. It has brought prison reforms. It has built hospitals, orphanages, asylums.

It has given the laboring man dignity, elevated womanhood, abolished infanticide.

Dr. Hall takes the title of his message from the conversation of a Christian Arab with whom he argued while waiting restlessly to attend a sunrise Easter service in Bethlehem.

"Never fear, my friend," said the man. "The day will come. You can't hold back the dawn."

Dr. Hall is a former executive editor of the Christian Herald. He lives in Cos Cob, Connecticut.

### What Type Representation Do You Think We Deserve?

We think our people deserve and should expect our Representative to be just what the word implies. Also, aside from being a true Representative, we feel the action and behavior of our Representative should reflect favorably upon the people he represents. We feel Crit Wells will do these things. Having known Crit for a number of years and knowing his leadership in civic work in his and surrounding communities, we feel he is better qualified and will make us the best Representative.

We, therefore, are asking you to consider Crit for this office. We invite you to join with us to make him our next Representative.

More decorations for valor have been awarded, per man, to the submarine service than any other Navy branch.

A submarine navigates by sound when submerged. Sound can travel 3,000 nautical miles or more under water.

### Spears for Judge

I am a candidate for County Judge who is trying to **NOT** run on promises alone. I would rather let my friends tell you about myself, how I have worked hard all my life, been honest, truthful and sober. Those things, common to many men, should be some of the qualifications of a Judge. My friends will tell you that my record is clean, that my word is my bond and that I stay away from promises when they can't be fulfilled.

However, I will promise to make you an honest, fair, progressive Judge. I will not be all things to all men, nor will I be all things to a few men and nothing for others. I will serve all the people in the office that is their gift and be charged with the responsibility of the stewardship of that office.

I will attempt with every resource at my command to get this county out of debt. I will fight to keep this county from being saddled with any indebtedness through the water and gas districts set up by the fiscal court. This county will be engaged in litigation for years over the water and gas bonds. I will insist that the Floyd county taxpayers be protected in the courts.

I want to ask you creek people, too, where you expect to get any relief from the mud of your roads? You can't get it from the present administration for after years in office very little in the matter of roads has resulted. We need better farms to market roads, better school bus roads and while other counties are making progress let's march alongside them to a better county road system.

Progress comes only through change. Let's change things at the courthouse. Let's build more roads. Let's put the county on a sound fiscal system.

Let's Have a Change!

### THE SUBMARINE

The submarine was not generally recognized as a legitimate instrument of warfare until the Civil War.

The first submarine to actually sink another enemy vessel under combat conditions was the Confederate "Hunley" built during the Civil War.

United States submarines sank 214 naval and 1170 merchant vessels in World War II, operations against the Axis powers.

"That proves it to me... the J-2 Rocket is like two engines in one!"

**ME:** Right! This J-2 Rocket\* is really a new driving experience!  
**FRRIEND:** Well, I've handled a Rocket Engine before, but nothing like this. They've always had pep, but this one's got that extra pep when you need it!  
**ME:** Don't forget economy.  
**FRRIEND:** Yes, but you can't fool economy.  
**ME:** Feels pretty good to the pocketbook.  
**FRRIEND:** Right! But it beats me how you get economy with a big car like Olds.  
**ME:** Easy. For cruising around, you just use one dual-barrel carburetor.  
**FRRIEND:** Bet that waters down your performance some.  
**ME:** Not a bit. I've got regular Rocket performance right through the economy range. And believe me, that's plenty. But if you need more power...  
**FRRIEND:** Then what?  
**ME:** Go to Stage Two. You just saw what that does. Give it three-quarters throttle and you've got those dual carburetors dishing up more power and torque.  
**FRRIEND:** Tell you the truth, I've always liked an Olds. Thought we might get one ourselves some day.  
**ME:** Checked the price lately? You'd be surprised how easy it is to own.

\*277-44, Rocket 1-400 engine standard on all models. J-2 Rocket engine, with 300 h.p., and dual barrel engine, with up to 312 h.p., available at extra cost.

ed and announcing that he was seeking sanctuary here for a spell. After a bit he brought up the subject of his accident policy and wondered if maybe there was a clause in it that affords benefits if the hand of the insured is injured during a political race. He didn't refer to fatigues, he explained. I later took the matter up with an insurance man, pointing out to him that such a policy would be a big seller, but he was not enthusiastic about it. Said a hand injured by repeated hand-shaking would probably come under the heading of gradual wear and tear, deterioration, etcetera.

### MOBE TROUBLE IN THE CITY

On a recent visit to a nearby city I had trouble with a city barber. On my latest it was trouble with city chicken. I swan, I think they ought to look me in the car when we enter any place of above 4,000 population.

The reason for this precaution would be that I have a curiosity about things I wot not of, and the results usually are, to say the least, unsatisfactory. We sail into this big restaurant, and up there on the wall is the day's menu. From "way back near the front I start reading. There's fried chicken, broiled beef and several other items with which I have a passing acquaintance. But I pass up all such commonplace items of cuisine when I spy this line that says, "City Chicken." I will have some of that, even if I don't know what it is. Sounds interesting, anyway.

I get closer, and I can see that this is chicken of a strange shape. Maybe it's a drumstick impaled on a stick. I decide that's one way of finding out, and I take it.

Well, to get the meal over, what city chicken amounts to, as nearly as I can describe it, is a mixture akin to hamburger baked on a stick that was more thoroughly cooked than the alleged "chicken."

I maintain I am performing a public service by relating my experience, inasmuch as there may be others whose naivete may be rendered a dangerous thing by their inclination to take a blind chance.

An appropriate heading for this item would be "Country Bumpkin Gets Stuck with Chicken on a Stick."

### FISHING REPORT

Now for the Dewey Lake fishing report.

Caught last Sunday:

By 11-year-old Randy Dingus, of West Liberty—after, we hear, his dad had given up fishing for the day—a three-pound bass; by David Marris, Martin, the biggest fish of the week—a seven-pounder; by Buster Herald and William Dingus, three weighing a total of 13 1/4 pounds, the largest a six-pounder; by G. B. Robertson, Milton, W. Va., a 8 pound, 12-ounce bass.

Vague reports from down-lake concern LeGrand Mayo and a man named Sturgill and a seven-pounder.

Then later this week Rollie Marris landed two in the 4.5-pound class, and Oral Delong caught four, one a six-pounder. And you know who you don't? —broke the ice with a 4 1/2-pounder.

**OF VITAL INTEREST TO ALL**

In making the rounds in my campaign I have been asked time and again about the lawsuit that has recently been filed in the Federal Court against Floyd County. I became interested enough to procure a copy of that lawsuit so that I might familiarize myself with it so that I could more intelligently discuss it with you.

Floyd County and its taxpayers are, to say the least, jeopardized to the extent that we have an important lawsuit to defend in Federal Court and your next County Attorney, in co-operation with C. Kilmer Combs, employed counsel, will have that service to perform. Our present County Attorney and Mr. Combs are, in my considered judgment, doing a fine job so far representing us in this case, but there is no doubt in my mind that this case will be pending in the courts throughout the most of the term of your next County Attorney.

What the law firm of Skaggs, Hays & Fahey, who represent the plaintiff and bondholder in this case, are trying to do our people is best ascertained when one reads the prayer of their petition. In their prayer they ask for the following things:

1. Injunction against our treasurer and depository to prevent them from expending certain moneys except for retirement of bonds, interests, et cetera.
2. Judgment against Floyd county for the defaulted bonds and interest.
3. A mandatory injunction against the Fiscal Court requiring it, by order of Federal Court, to "Make such rates and charges for services furnished by the Gas & Water System securing such bonds, so as to be adequate to pay said judgments and to pay the interest and principal on all of such Bonds as such interest and principal mature."

I have given serious thought to the third relief they seek. If they succeed in this, that means that our Fiscal Court will be under orders from the Federal Court to meet and raise the water and gas rates high enough so that your bills will be sufficient to pay these defaulted Bonds, with interest, and to pay the remaining ones promptly as they become due. If the bondholder succeeds in getting this order of the Federal Court, that would mean that the Fiscal Court would have to more than double the present water and gas rates, which, as I am told is now far too high. This is one of the reasons that this lawsuit must be fought right on through with the same vigor that has been exercised thus far. After January 1, 1958, your next County Attorney will be your lawyer representing you along with Mr. Combs and I submit for your careful consideration that I with two Law Degrees, backed up with 35 years experience as a lawyer at the Floyd County Bar and in the State and Federal Courts, can do a better job defending Floyd county and its Gas and Water users, as well as its taxpayers generally, than either of my opponents.

As things now stand, our Gas and Water users are paying far too much for their Gas and Water and at the same time are receiving far too little service for their money. To have to double (and more) that rate would be outrageous and our people just couldn't stand it. I propose to use every ounce of energy physically and intellectually, at my command as your next County Attorney to defend this lawsuit and save the day for us in court. If you have faith in my ability and honesty of purpose, then I humbly solicit and beg of you your active support.

Yours for Action,

I have to depend on my friends for transportation, and you all know how that is. They have their own troubles to look after.

If elected, I have nothing else to do except be your Magistrate 6 days each week. Please consider me, and if you think I would make you a good Magistrate I would appreciate your vote very much. I promise you, I will never give you cause to regret voting for me, for I expect to be everybody's Magistrate and will play no favorites and will always have time to go over with you any troubles you may seek my advice on.

**Education Official Warns Fully Employed Teachers On Excess College Hours**

A memorandum from Louise Combs, Department of Education, Frankfort, to school superintendents last week pointed out the amount of college training a full-time teacher will be allowed to earn while teaching.

"Over and over teachers enroll in more work while teaching than the State Board allows," she wrote. "They tell us that they did not know the regulation. I can understand this and regret that we have not communicated clearly."

The Department of Education official asked the superintendents to inform the teachers of the following regulations:

"Teachers holding what would ordinarily be considered a full-time position shall not be permitted to receive graduate credit for more than 4 semester hours during any semester.

"A teacher who is undergraduate, holding what is considered a full-time teaching position may earn no more than 6 semester hours of undergraduate work per semester while he is actually teaching."

Neither the college or the State Department of Education is justified, in accepting more than the amount of work provided for in these regulations for persons who hold full-time teaching positions, the superintendents were told.

**Notice of Sale  
 Of Electric Franchise**

On the 24th day of January, 1957, the Fiscal Court of Floyd County adopted a resolution directing the sale at public outcry of a county electric franchise. This resolution is of record in Fiscal Court Order Book No. 6, at page 532, and is in words and figures as follows:

WHEREAS, the existing franchise for the operation of the electric lines on the public roads of this county will expire on October 5, 1957, and

WHEREAS, it appears that it is to the interest of the public that a franchise be advertised, sold and granted entitling the grantee to use the public roads of Floyd County for the erection and maintaining of lines for the transmission and distribution of electric power.

NOW, THEREFORE, be it resolved by the Fiscal Court of Floyd County:

Section 1: That there be sold at public auction to the highest and best bidder, the right, privilege, franchise and authority to construct, maintain and operate in, above, under, across and along the public roads, public ways, bridges and places of Floyd County, Kentucky (as the same now exist or may hereafter be laid out) lines for the distribution of electric energy, either by means of overhead or underground conductors, with all the necessary or desirable appurtenances, for the purpose of supplying electric energy to said county and the inhabitants thereof, and persons or corporations beyond the limits thereof, for light, heat, power and any other purpose or purposes for which electric energy is now or may hereafter be used, and for the transmission of the same within, through, or across said county.

Section 2: Said lines and appurtenances shall be constructed so as to interfere as little as possible with the traveling public in its use of the public roads, public ways, bridges and public places. The location of all poles or conduits shall be made under the supervision of the proper committee of this court.

Section 3: The rights, privileges and franchise hereby granted shall be in force and effect for a period of twenty (20) years from the date of passage of this order.

Section 4: Said grantee shall save the county harmless from any and all liability arising in any way from negligence in the

erection, maintenance or operation of said lines and appurtenances.

Section 5: Whenever the grantee shall begin the erection of any lines or other equipment, it shall promptly and diligently prosecute the work to completion and leave the public roads, public ways, bridges, and places where such work is done in as good condition of repair as before such work was commenced.

Section 6: Whenever in this order either the County of Floyd or the grantee is referred to, it shall be deemed to include the respective successors or assigns of either, and all rights, privileges and obligations herein contained by or on behalf of said county or on behalf of said grantee shall be binding upon and inure to the benefit of the respective successors or assigns of said county or said grantee, whether so expressed or not.

Section 7: This franchise shall be accepted by the grantee within sixty (60) days from the date of the order granting it.

The Fiscal Court reserves the right to reject any and all bids.

The County Clerk of Floyd County be, and he is directed after having advertised the time, place and terms of sale and the rights to be sold by posting five (5) written or printed notices, one at the front door of the courthouse and one in four other public places in the county, the first date of posting such notices to be at least fifteen (15) days before the date of sale, and by publishing the same in the Floyd County Times for not less than three (3) consecutive issues next before the date of sale, to offer for sale at public outcry to the highest and best bidder at the front door of the courthouse in the city of Prestonsburg, Floyd County, Kentucky, between the hours of 10:00 o'clock in the morning and 2:00 o'clock in the afternoon, on some convenient date to be named in such notices and advertisements, and receive bids at public outcry for the right, privilege, franchise and authority to erect and operate such electric lines along such roads and places as set forth above.

No person, however, other than the owner of a plant and equipment sufficient to render the services required by this resolution shall be entitled to bid on such franchise unless such person shall deposit with the clerk before the commencement of the bidding a certified check for the sum of Five Hundred Dollars (\$500.00). Each person bidding on said franchise must produce to clerk a certificate of convenience and necessity from the Public Service Commission of Kentucky, entitling such person to bid upon said franchise. Said franchise shall be sold for cash in hand and such certified check shall not be returned until the amount of the bid has actually been paid to the clerk in cash.

The clerk will report his acts, together with all bids received by him for such franchise, to the Fiscal Court at its next regular or adjourned or called meeting to be held immediately after such sale.

Pursuant to the direction of the Fiscal Court of Floyd County as set forth in the foregoing resolution the undersigned will on Monday, the 8th day of April, 1957, at the front door of the courthouse in the City of Prestonsburg, Floyd County, Kentucky, and at 10:30 o'clock in the forenoon or shortly thereafter offer for public sale at public outcry to the highest and best bidder an electric franchise on the public roads of Floyd county, which electric franchise shall be in the terms set forth in the foregoing resolution and said sale shall be made in all respects in accordance with the resolution set forth above and all bidders will be required to comply with the terms of such resolution.

WITNESS, DuRAN Moore, Clerk of the Floyd County Court and as such Clerk of the Floyd County Fiscal Court, this 18th day of March, 1957.

DuRAN MOORE,  
 County Clerk of Floyd County

# CLIVE AKERS

## FOR TAX COMMISSIONER

**PERFORMANCES. NOT PROMISES**

My grandparents are Jake (J. P.) Akers, Alamander (Squint) Martin, Evelyn Hall and Elizabeth Akers.

I received my elementary education on Left Beaver of FLOYD county. After my father died I attended the CANEY CR. COMMUNITY CENTER AT PIPPA PASSE, Ky., where I completed two years of college. I want to sincerely say that the guidance MRS. ALICE S. G. LLOYD gave me, has been an outstanding IDEAL in my life.

After leaving CANEY I attended MOREHEAD STATE COLLEGE where I graduated a Bachelor of Science with a major in mathematics.

Fifteen years of my life were spent as a HIGH SCHOOL MATHEMATICS TEACHER AND ATHLETIC COACH in FLOYD COUNTY.

My record as a SCHOOL TEACHER, A CITIZEN, and as your TAX COMMISSIONER IS OPEN to all TAXPAYERS, CITIZENS and VOTERS OF FLOYD COUNTY.

It WILL be my policy in the future, as in the past, to help the TAXPAYERS solve their problems and make FLOYD COUNTY A BETTER Place to live. Ask yourself, what else do we want?

If my record meets your approval I believe I have the right to solicit your support.

Records are made by performance not by promises.

A PLATFORM FOR PROGRESS A CANDIDATE YOU CAN TRUST ELECT ROBERT WELLMAN COUNTY ATTORNEY

Democratic Primary, May 28

In opening my campaign for the office of County Attorney, it is my hope that the voters of Floyd County will elect the candidate MOST SUITED TO THE TRUST OF THIS important office. I sincerely believe I am that candidate, but it is for the voters to decide.

The eight years I have practiced law have not been easy. I have never had the opportunities my opponents have had. I do believe, however, that I CAN DO MORE FOR FLOYD COUNTY AND CAN SERVE YOU BETTER. I seek the office upon my reputation as a man, and upon my training and experience as a lawyer.

I am an overseas veteran of World War II; a former school teacher of Wheelwright and McDowell High Schools; a graduate of Morehead College and the University of Kentucky, College of Law. During the past ten months I have worked part time as a referee for the Workmen's Compensation Board.

I was born in Middle Creek, near West Prestonsburg, Kentucky, the son of Felix D. Wellman and Ella Harris Wellman. My father was a coal miner for many years. I am the grandson of Sanders Wellman and Narcissus Bradley Wellman, and of Bob Harris and Kate Leslie Harris. Grandfather Harris was an elected Sheriff of Floyd County. Many people will also remember his brothers, Joe Harris, Jim P. Harris and Add Harris.

I am married to Betty Jean Martin, daughter of Sam Martin and Nora Newsome Martin, of McDowell on Left Beaver Creek. Betty's grandparents were Keen Martin and Martha Robinson Martin, and Willie Newsome and Rhetta Hopkins Newsome. By blood and marriage I am widely related throughout our county.

Betty and I have two daughters--Elizabeth Lynn, 2 1/2 years old, and Nora Lou, 5 months old. Our home is on U. S. Highway 23, near the mouth of Cow Creek.

If elected as your County Attorney, I shall devote my time and energy to the fair and honest administration of the office, and to bringing about a solution to the FINANCIAL AND ROAD PROBLEMS which face the County. IN THE MATTER OF ROADS, I AM CONFIDENT THAT I CAN DO MORE TO HELP FLOYD COUNTY THAN EITHER OF MY OPPONENTS. I have had training in commerce and accounting, and I believe that such training will be valuable in soundly advising the Fiscal Court on matters related to the budget and financial affairs. I have no desire to handle, receive or control the tax dollars or county treasury. This is not the duty of the County Attorney. I will, however, honestly and sincerely abide by the laws I shall be sworn to uphold, and will cooperate with all honest and sincere efforts to improve our county.

I am especially interested in the youth of our county. I know that our young people have the heartfelt desire and ability to live by the standards which have stood through all time. CHILDREN LEARN BEST BY GOOD EXAMPLES. IF ELECTED COUNTY ATTORNEY, I SHALL DO MY BEST TO KEEP THE RESPECT OF YOUNG AND OLD.

MY PURPOSE IN BEING A CANDIDATE IS SIMPLY TO WIN. Every candidate, of course, will recommend himself highly. I am not skilled in the art of deceit or self praise. I AM NOT ALL things to all men. I'm just a plain country boy who'll do his best to make you the best County Attorney you ever had.

Yes, He Holds the Keys In Revelation 1:18 Jesus came to John in the isle that is called Patmos, and He said to John, Fear not, for I am he that was dead, but behold, I am alive forevermore, and I hold the keys of hell and of death. Yes. He still holds them and will forever. But he gave to Peter some keys just after He was transfigured (Matt. 16:19). Yes, the keys to the kingdom of heaven.

Now go with me to Daniel 2:32, to the stone that was cut out without hands and destroyed King Nebuchadnezzar's idols. In Matthew 16:18 Jesus built His church on it, and said the gates of hell should not prevail against it, and in Daniel 2:44 He said, The Lord of Heaven will set up a kingdom that shall stand forever. Back to Matthew 16:19. He gave Peter the keys of the kingdom. How many keys did Peter get? He got two keys, and two only. The first of the keys of the kingdom was used by Peter and turned the believing Jew into the kingdom of heaven, a spiritual Kingdom. After 10 years Jesus turned to Cornelius' house and used the second key and turned the believing Gentile into the same kingdom.

So now we all can see that the Jews and the Gentiles are all one in the sight of God. In John 3:5 Jesus told Nicodemus that a man must be born again, otherwise he cannot see the kingdom of God. Born of the Spirit--yes, into His Kingdom (Daniel 2:44). But, my friends, how many are being born again? A lot of them are joining the church who know nothing at all about the new birth.

Jesus told the woman at the well that we must worship God in the spirit and in truth, for God is a spirit and no man can worship Him in truth unless he has the spirit, born into that kingdom. Daniel 2:44. A kingdom that shall to-day forever and never be destroyed.

I am warning the lost world that we must be born into that great kingdom by the Holy Spirit. The wine flows and you hear the sound thereof but cannot tell whence it cometh. So is every one that is born of the spirit. (John 3:8). This warning written and published by J. D. PAYNE, Minister, Martin, Ky. (Adv.)

How many of us know how heavy is the indebtedness of Floyd County? This is a matter that means much to every person who lives in Floyd county and pays taxes. Some day, our tax revenues may not be as large as they now are, and there is a possibility that this debt burden will fall on farmers, small business men and others who are unable to assume the load.

If elected your County Judge, I will call on the business men and the bankers of the county to help me solve this big problem of indebtedness. I will use my experience and knowledge with my own, and I myself will mean buckle down to the job of getting the county out of the red and of proceeding with a sound, constructive program that is a whole to the county as a whole.

I pledge furthermore that we will work out a sound, sensible forward-looking budget, and that that budget will not be exceeded. I invite every person interested in Floyd county and its future to work with me toward these and other aims which I have outlined in the past.

will present during the campaign. Sincerely, BILL COOLEY

### RUPTURE

Expert Coming  
To Paintsville Again  
GEO. L. HOWE

Well-known expert on Indianapolis will personally demonstrate his method without charge at the Howard Hotel, Paintsville, Ky., on Thursday, April 15, from 10 a. m. to 12 noon. Ask for Mr. Howe at desk. How the new, more effective method treats the specific hernia, remarkably short time, no operation, no pain, and the size of hernia of the rupture and the number of months since it first appeared, puts you back to work the same day as efficient as before you were ruptured.

The Howe Rupture Shield has no leg braces, no support, no strapping. It is comfortable and can be worn while bathing. Each shield is carefully molded and fitted to the parts under hand which gives a perfect fit and satisfaction.

Large and difficult ruptures following operations especially noticed.

Do not overlook this opportunity if you want positive results. Meeting at the Howard Hotel, Paintsville, Ky., on Thursday, April 15, from 10 a. m. to 12 noon.

### Last Rites for Lowe Are Held at Pikeville; Was Victim at Ft. Knox

Funeral rites were conducted at 1 p. m. Tuesday of last week, at the Pikeville Presbytery Baptist church for Floyd Lowe, 56, who died, the preceding Sunday at a Fort Knox hospital following a long illness. Mr. Lowe, a native of Pike county, was a brother of Langley Lowe, of Besay Lays.

He was a son of the late Ireland and Anna Leslie Lowe and he and his wife, residing at Fort Knox with their son, Sgt. Landy Lowe, at the time of his death. Mr. Lowe was a former miner.

Survivors include his wife, Mrs. Hattie Lowe, three sons, besides Sgt. Lowe, and three daughters: William I. Lowe, also of Fort Knox, Willard and Floyd Dennis Lowe, both of Detroit, Mrs. Bamsy and Mrs. Jewel Justice, both of Detroit, and Mrs. Reed Blackburn, Baltimore, Md. Two sisters, Mrs. Allen Smith and Mrs. Lillie Hamilton, survive as do four grandchildren.

The Rev. Johnny Conley and James Harman, officiated at the last rites and burial was made in the Lowe cemetery at Mosay Bottom.

**RAY HOWARD**  
Candidate for  
County Court  
Clerk

**MY FIRST TIME TO ASK FOR PUBLIC OFFICE**

I am a candidate for County Court Clerk because I want to change things a bit. I want to give the people a choice for whom to vote, a choice between men on one side who are professional politicians and make office holding a lifetime job and myself who seeks office for the first time with no intention of trying to bed down in the Clerk's office for years.

I want to find out a few things, too, I want to find out why, after all the fees that office takes in, that it breaks even every year, all the time, with nothing left over for the County Treasury. The office, the way things seem, just breaks even. I want to find out the truth and if money is left over it will be paid into the County Treasury where it belongs.

I don't want to get rich. I plan to buy no bank stock, erect no big business structures to rent. I want only the legal, Constitutional salary and the balance will go to the County Treasury. The money left over from the office should go to buildings a few creek roads.

I want to set an example to our young folks in politics. I want to prove that a man who seeks to live right, can be elected to office. I want to prove that the voters want good, decent, fair, clean administration in office. Elect me and you can point with pride to an official who will not let tax money stick to his hands. I believe the office can live back into the County Treasury something like \$1,000 per month. Elect me and we'll find out together.

- Elect me and you will prove these things:
1. I will buy no bank shares, go into big business or try to get rich, year after year, in the Clerk's Office.
  2. I will take only my Constitutional limit in salary and pay the balance back into the County Treasury where it belongs.
  3. I will conduct the office with trained, courteous, efficient help at reasonable salaries. I do not plan to put my folks on big salaries, to milk the office dry into my own bucket.
  4. I will not be controlled by any State Administration machine. I will stand on my own feet and will need no other group to prop me up, for a man who lives right square and honest, needs no aid except from his own conscience.
  5. I will not meddle in other races, school, state, county or district. The office will not be a political headquarters for any group. It will be your office, run by me for you.
  6. I can and will work with other county officials for the industrial, social and spiritual growth of our county.

In conclusion, allow me to say, that I am the son of F. P. (Chick) Howard and Nora Allen Howard. My grandparents were Repe Allen and Martha Hall Allen of Lackey and Dan and Martha Handsoe Howard of Salt Lick and West Prestonsburg.

## Miss Smiley, Winner Of Speech Tourney

Miss Jessica Smiley will leave next week for Mayfield, where she will represent the Northwest region of the Baptist Training Union in the speech tournament at the state Training Union convention.

Miss Smiley, a senior at Prestonsburg high school, earned the right to participate in the state speech tournament by winning the regional contest held at the Louisa Baptist Church last Thursday. This is the second consecutive year that Irene Cole Memorial Baptist Church has sent a regional winner to the state meet. Miss Rebecca Conley having won in the regional last year.

## ENDORSES ROBERTS

I take this method of asking my friends to support Dewey Roberts for county judge, as I am in the hospital, and don't have a chance to see you. I have known him most of my life and I know him to be an honest and sober man. I believe he is well qualified for this office. When he was magistrate in our district, he was always ready and willing to help the people. When he was magistrate he would always have an office at church to keep the peace and protect the public. He built many roads in our district while he was magistrate. When you help him you are helping me also. I will certainly appreciate anything you may do to help him. Thanking you in advance.

## FEDERAL TAX BITE HITS FLOYD FOR \$22,770,000

(Special to The Times)

New York, Mar. 25—Residents of Floyd county will be preparing to pour up more money than usual on April 15, through their individual income taxes, if the government's hopes and expectations are to be realized.

Figures for last year, while not official, indicate that residents of the county forked over \$17,000,000 in such taxes to cover their fiscal year 1946 liability.

Their contribution amounted to 0.94 percent of the entire personal income tax collection throughout the State of Kentucky.

The figures are an estimate, based on a breakdown that took into account the Treasury Department's report on returns from the county's average local earnings and income groupings.

While economic gains recorded in 1946 areas during the past year, the Administration feels that the net gain for the county, \$28.5 billion in personal income taxes, will be met through the current, fiscal 1947, collection.

The government is counting on more property and further economic growth during the present year to produce still higher revenue in 1948. The new budget is based on an anticipated personal income

### WOMAN'S CLUB MEETS

The Allen-Martin Woman's Club held a program meeting at the home of Mrs. German Vance Monday evening, March 25. After the club collect and the opening reports, Mrs. Otto Spurlock, of Allen, was introduced as guest-speaker.

After an explanatory discussion of the art of basket weaving, Mrs. Spurlock assembled materials for a demonstration of weaving a simple reed basket, which was finished in about half an hour. All members were so impressed with the attractive and useful product that each decided to make a basket, choosing from the different types shown on a leaflet passed out by Mrs. Spurlock. An order was made up for the kits.

After the meeting was closed with prayer, a dessert course was served by Mrs. Vance to the following members and guests: Frances Sherman, Hazel Adams, Edna Laufen, Arlie Marrs, Marjorie Gammons, Nellie Music, Florence Marshall, Catherine Hall, Welpha Tackett, Dorothy Martin, Louise Huddleston, Marjorie Diggins, Mollie Denney and Lucretia Spurlock.

On the preceding Monday a call meeting was held at the home of the president, Mrs. J. Sherman. A report was made by the nominating committee on officers for the next year to be elected at the next business meeting.

Mrs. Sherman announced convention dates and asked for at least two volunteers to attend the state convention, May 14-16, and the national convention in Asheville, North Carolina, June 3-7.

Committees were assigned to make the necessary arrangements for entering the Mothers and Daughters Clubs on April 1 at the Methodist church here.

### FLEMING ENLISTS IN ARMY

Wayne Thomas Fleming, of Wheelwright, has enlisted into the Army at Ashland for a period of three years.

Fleming, who is the son of Mr. and Mrs. Nathan Fleming, was enlisted under the Army's program of permitting qualified volunteers to choose their field of training and Fleming chose the Signal Corps as his branch.
