DAVID

CLUB HOLDS INSTALLATION BANQUET

The David Woman's Club held its 1957 installation banquet at the David Clubhouse Friday evening, April 12. Members and visitors enjoyed a meal served by hostesses, Mrs. Ora Howard, Mrs. Dawson Bussey, Mrs. A. C. Wilson, and Mrs. Tandy Bartley. Following dinner, a brief business meeting was presided over by the outgoing president, Mrs. John Straton. Guests introduced to the club were Mrs. Arthur Danburg, of Pikeville, guest speaker; Mrs. Henry Straton, also of Pikeville; Mrs. Wilson, of Prestonsburg; Mrs. William Crawford, of Mallery, W. Va.; and Mrs. Bracella Bates, new resident of David. Mrs. Danburg spoke to the group, giving some of the his-

story of the Federation of Women's Clubs, and encouraging members to attend the state and national conventions. The new officers then were installed by Mrs. Danburg, governor of the 7th District, in a beautiful floral ceremony. The new officers are: Mrs. Ora Howard, president; Mrs. Gene Matthis, first vice-president; Mrs. Francis Harmon, second vice-president; Mrs. Royce Mayo, treasurer; Mrs. Oliver Marshall, recording secretary; Mrs. Tandy Bartley, corresponding secretary. Members attending the banquet were Mesdames Tandy Bartley, Dawson Bussey, James Camnic, Pete Capelli, Lon Hill, Ora Howard, Oliver Marshall, Gene Matthis, Royce Mayo, Ray Spears, John Straton, Gail Thompson, Earl Willis, Virgil Howard and Raymond Bradbury.

OUR STATE

(Number Thirty-one of an Educational Series)

ST. JOSEPH'S CATHEDRAL

St. Joseph's Cathedral in Bardonia is one of the oldest churches in Kentucky and features paintings presented by Louis Philippe of France. Construction was begun in 1818, the building was dedicated by Bishop Benedict Joseph Flaget in 1819. The woodwork and structural timbers, including the six massive poplar columns of the broad pedimented Ionic portico, were taken from near-by forest; a local limestone quarry and a clay bank supplied the stone and material for the brick.

THE FIRST NATIONAL BANK
Prestonsburg, Ky.

(Continued from Page 1)

ment of the prosecuting witness was being filed. Judge Hill's order pointed out that Messer was accused of accepting money in consideration for protecting the bribe-giver in the sale of alcoholic beverages. Denying dismissal of the case, he wrote in the official order: "This case has been tried once, resulting in a hung jury I presided over on this trial and recall the evidence pretty well. There was no evidence that the sheriff, Hon. Norman Collins, knew or approved of the acts with which defendant was charged. Defendant was a deputy sheriff only a short time however, the charge is a serious one in which the public is involved and concerned. Based upon the evidence I heard on the previous trial, cannot conscientiously accept the recommendation of the Commonwealth's Attorney, and his motion to dismiss the case is overruled. The case was set for the next term of criminal court.

Earl Howell was given a two-year pen term last Wednesday upon his conviction of shooting and wounding a Left Beaver Creek youth. The one-year term imposed on Joe Meade in the robbery of Blackburn's store at Ryppe was later protracted. The \$100 bond on each of two counts of forgery against Russell Crum was forfeited when he failed to appear this week for trial. Cases dismissed and reasons given by Commonwealth's Attorney Martin for the motions to dismiss follow:

Hazel Tackett, cold check; Matthew Napier, assault and battery, dismissed at request of prosecuting witness; Lonnie Adkins, drunk driving, previously given trial on the same facts and convicted; A. J. Reed and Chester Neely, unlawful arrest, request of prosecuting witness; Claude Floyd Smiley, seduction under promise of marriage, married woman involved; Cliff Allen, possessing intoxicating liquor and drunk driving, unable to secure attendance of prosecuting witnesses at trial. In other cases called were continued—some till the September court term, some generally. The case of Burlin Jacobs, who entered a plea of guilty to a grand larceny charge, was continued till Sept. 3.

State Police Alerted in Disappearance Of 14-Year-Old McDowell Grade Student

County Judge Henry Stumbo has asked the Kentucky State Police to alert its officers in an attempt to establish the whereabouts of a 14-year-old McDowell boy who has been missing since he left home for school Monday morning.

The missing youth is Denny Frause, son of Ted Frause. One report says he was seen at 6 p.m., Monday, walking along the highway, four miles from Hindman. Since that time no

word has been received of his whereabouts. A boy of young Frause's description is said to have boarded a truck at Hindman. Neither the owner nor the destination of the truck was given.

The boy was described as 5 feet, 7 inches tall, weighing 135 pounds; black hair, round face, brown eyes; wearing black trousers, black shoes, green shirt and gray jacket.

In building a house or a career...

THE FOUNDATION COMES FIRST!

In building a house or a career, the foundation supports everything else. A Woodmen of the World 20-Year Endowment Plan will provide young men with a firm financial foundation. Its uses are numerous: to provide for the education of children, for special foreseeable expenses, or as a safe, secure investment.

The following table shows the growth of a \$1-a-day investment in a Woodmen 20-Year Endowment Plan, based on age 25:

Immediate insurance, after only one payment	\$7,647.00
\$1 per day saved for 20 years	7,300.00
At the end of 20 years, cash value of certificate	\$7,647.00
*Plus accumulated refunds	875.89
Total cash available at end of 20 years	\$8,522.89
Cash in cash available at end of 20 years	1,222.89

*Based on present 4% paid-up interest rate. Subject to variation.

**Wanted: A Place at the Table—
ANY Place!**

The Green River Valley Citizens' League at Central City, in the nether end of Kentucky from this section of the state, is rendering the Big Sandy invaluable service in its drive for consideration by Congress for the Big Sandy, the Green and the Kentucky rivers.

The League has pointed to the needs of the Big Sandy and the Kentucky as well as those of the Green and has impressed on Congressional leaders, the U. S. Corps of Engineers and others that these valleys have too long been content with crumbs from the table while the Cumberland, the Tennessee and the Ohio have literally feasted at the taxpayers' expense.

For instance:
The Big Sandy river basin in Kentucky and West Virginia has benefited since 1936 by appropriations totaling only \$6,942,700 while the Cumberland in Kentucky and Tennessee has through Corps of Engineers and TVA expenditures benefited by approximately \$215,000,000. Meanwhile, the Tennessee from these sources has received almost two billions in appropriations.

Most of the money spent on the Big Sandy was spent on Dewey reservoir. All that has been spent on the Big Sandy during modern times was for futile surveys and planning. The Green river valley has received even less—\$644,315.

Great things have been taking place along the Cumberland and the Tennessee. Lake Cumberland, Dale Hollow, Norris, Cherokee and half a dozen other lakes have been formed. The electric power output has been of incalculable value to America through a world war and during times of unsettled peace. Industrial development of the two valleys has fired the imagination of the nation. And Barkley Dam, which will cost an estimated \$200,000,000, is just ahead.

Great things have been happening on the Big Sandy, too—but not as a result of the good graces of the federal government or any of its agencies. "Great things" is, perhaps, a misnomer. We should say, "terrible things." Things supplied by nature. The most destructive flood Kentucky has ever experienced, for instance. Industrial stagnation, too. Dashed hopes. Destruction of homes, businesses.

While man has built in the Cumberland and the Tennessee and the Ohio nature has revolted against man's meddling along the Big Sandy and the Kentucky. Result: not great things but things of cataclysmic nature.

Now it is estimated that three flood control reservoirs in the headwaters of the Big Sandy and its tributaries will cost a paltry \$45,000,000. That figure is called paltry, because at this moment we are looking at one figure representing more than two hundred million dollars and another of almost two billion. It is truly paltry when we realize that Pike county alone suffered food damage two and a half months ago that was equal to the total cost of the three proposed dams.

The Big Sandy cannot survive another major flood. And another such inundation could come this week or next.

Eastern Kentucky works and lives under a constant threat. The blow could fall at any time.

If the Cumberland and the Tennessee and the Ohio are worth billions, aren't we worth a few millions? We think we are. We also think it is time the conscience of a nation is so awakened that we of this valley are moved out of the beggar's role and at least given a place at the table—at the foot of the table, if no better spot is available.

—6—
(Continued from Page One)

Grossman and Blair, who are heading the project, participated in a similar study in Rhode Island after the disastrous hurricane and floods that swept the North Atlantic states in the fall of 1934. Blair is former chief of the Planning Development Council.

Other members of the survey staff have been recruited from planning agencies in other states. Grossman and Blair spent the week-end in Frankfort, conferring with Walter L. Shouse, head of the Department of Economic Development's Planning and Zoning Division.

Blair said the study would be co-ordinated with all federal and state flood-control and water-conservation projects planned or underway in the area.

"This could lead to a recommendation that government request Congressional action to have other projects approved or studied," the consultant said.

One of the major objectives Blair added, will be to explore and spell out the possibilities for financial aid under urban-renewal, housing, land-planning, and other federal programs.

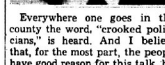

The study will tie in with a concurrent study being conducted by the Legislative Research Commission to determine what legislation is needed to enable property owners to buy federal flood insurance.

"Floods and effective control measures cannot be isolated from the economic and social conditions in which they exist," Blair commented.

"The area's total economic and resource - development picture, past and anticipated, will have a considerable bearing on the kind of plans eventually developed to reduce the danger of floods, while at the same time harnessing rivers and streams for their maximum beneficial uses."

"We want to develop a program for the future which will utilize the economic resources of this area to increase employment opportunities, thus raising the standard of living of the peoples of Eastern Kentucky," Blair added.

**A Statement
By Ray Howard**

Everywhere one goes in this county the word, "crooked politicians" is heard. And I believe that, for the most part, the people have good reason for this talk, because everyone knows that in the past thirty years we have had many Floyd county officeholders who have not been either honest or efficient. On the other hand, a great many of our county officials have been honest, and efficient. The ones who haven't been honest are those who give our county a bad reputation.

A few people think a Christian should not seek public office. It is my belief, however, that God is interested in the welfare of every man, every community and every government, both local and national. He wants our garbage collectors and our Presidents alike to seek His ways and walk therein.

He asks us to render unto Caesar the things that are Caesar's, and I assure you the treasury of Floyd county will receive the profits from the Clerk's office if I am your Clerk.

I am in the County Court Clerk's race to win, and I am going to win it the HONEST WAY, and the Golden Rule will be my motto.

**UNITED FUEL
STARTS LINE**

**11-Mile Pike-Floyd Job
To Cost About \$600,000;
Work Began This Week**

United Fuel Gas Company plans to install 11 miles of 12-inch pipeline extending from Boldman compressor station in Pike county to Beaver Creek compressor station at Warco, this county, at a cost of approximately \$600,000.

Actual construction of the line will begin this week with completion expected in early June. J. R. Hussey, superintendent, transmission lines, said the new line will enable United Fuel to move gas northward from the Eastern Kentucky production area.

A contract for the work has been given to Jackson Pipeline Construction Company of Clendenon, West Virginia. L. Max Breedlove, of Huntington, W. Va., will be the chief inspector representing United Fuel.

**WHO WANTS
To
CARRY SLOP?**

I, Lum DeRossett, was the first man registered for Jailer on the Democratic ticket. Guy Horn sent Goat Burchett to me and asked me not to run. I said I had as much right to run as he did.

Goat said Guy told him to ask me to come off and he would give me the slop from the jail and my boys could carry it to fatten my hogs.

I'm asking the good people of this county to elect me Jailer and we'll let one of Guy Horn's boys carry the slop.

WANTS-ADS PAY—
TRY THEM TODAY!

"Train up a child in the way he should go; and when he is old he will not depart from it." Proverbs 22-6.

As the mother of Paul E. Hayes, I bring this message to the people of Floyd County:

My husband, the late W. P. (Bill) Hayes, and I raised 13 children, 8 boys and 5 girls, another child died in infancy.

Paul was the tenth child, born in a log house and raised here at Hi Hat on Left Beaver Creek. Although we were hard up most of the time, I tried hard to bring up my children in the way of the Lord. They were taught to work, to "love the Lord, thy God," and to "honour thy father and thy mother." I have always been a firm believer in daily prayer, and so long as Paul and my other children remained at home, they always knelt with me in humble morning prayer and joined with me in reading a passage from the scripture. Even now when they return home to visit we follow the same practice.

Paul did well in school and was always an obedient and dutiful son, thoughtful and kind.

He worked his way through college and Law School. I hear that he has made a good lawyer, and it does my heart good to hear that he has helped many people in their times of grief and trouble. In spite of his success, he has through the years always remembered his mother and has continued to be a loving and respectful son. To me he is still "Little" Paul, my sixth son and tenth child.

Paul is proof to me that if you train up a child in the way he should go... when he is old he will not depart from it. My son Paul, has gladdened the heart of an old mother, and made my sacrifices worth while.

I believe the people of Floyd County can trust my son Paul with your affairs. I know he will make you a good public servant.

A Christian Mother who believes in the power of prayer,

Mrs. W. P. (Bill) Hayes
(Pol. Adv.)

Miss Charlotte Kiser, Of Martin, Is Victim Tuesday of Last Week

Miss Charlotte Kiser, 40, of Martin, died at the home of her parents' there, Tuesday of last week at 9:45 p.m. Schlerosis of the liver was given as the cause of death.

Miss Kiser was a daughter of Bruce and Belle Kiser who survive. She has no surviving brothers or sisters and was never married.

Funeral services were conducted at the Church of Christ at Martin, at 1 p.m. Friday, the Rev. S. C. Honeycutt officiating. Burial was made in the family cemetery on Shelby Creek, Pike county, under the direction of Turner-Ryan Funeral Home.

GARRETT

LEGION POST TO MEET

George S. Orvley Post No. 235 of the American Legion at Garrett will meet this Friday at 7:30 p.m. in the Draught Radio and TV Service building. All members past members and veterans are urged to attend. Memberships, Area C Conference, and Department Convention are some of the topics to be discussed at the meeting.

The Post is striving hard to attain its 1957 quota of 200 members and asks every eligible veteran to join now.

Through its National Legislation Commission with offices in Washington, D. C. The American Legion has sponsored and piloted through Congress practically every piece of legislation of benefit to men and women who served honorably in the armed forces of the United States during World Wars I and II and the Korean emergency. Some outstanding examples of basic veterans' legislation accomplished after World War I are: Public Law 11, 86th Congress, providing vocational rehabilitation of disabled ex-servicemen; Public Law 47, 75th Congress, establishing the Veterans Bureau (now the Veterans Administration); Public Law 194, 75th Congress, providing program for World War veterans; Public Law 130, 80th Congress, the Adjusted Compensation (Bonus) Act; Public Law 78, 73rd Congress, restoration of compensation reduced by the Economy Act of March 20, 1933; Public Law 484, 73rd Congress, widows' and children's pension, or Compensation Act. Other examples applicable to World War II veterans are: Public Law 16, which provides vocational rehabilitation for those who served in the armed forces during World War II who cause of disability incurred in were honorably discharged before service; Public Law 346, the G. I. Bill of Rights and its amendments; and Public Law 550, the G. I. Bill of Rights for Korean veterans. Many state Legislative Committees have secured beneficial legislation for men and women of both World Wars and the Korean emergency.

Poultry Chain Started By Floyd 4-H Council; Roebuck Foundation Aids

The Floyd County 4-H Club Council, with the cooperation of the Sears Roebuck Foundation, has initiated a poultry chain, much like the pig chain which has been a part of the program for the past three years, it was announced this week by Donald Claypoole, assistant county agent.

Ten 4-H Club members were selected to receive the first chickens to be furnished by the Roebuck Foundation under the program. They are: Stanton Martin, Maytown; Kathryn Frayle, Brandy Keg; Tommy Harris, Brandy Keg; Archie Cannada, Mare Creek; Allie Lee Wright, Tram; Kenneth Ray Goble, Brandy Keg; Dennis Gibson, Maytown; Davis Graham Mosley, Emma; Leonard Stevens, Brandy Keg; and Sally Branham, Dock.

"These boys and girls will receive 100 New Hampshire baby chicks free of charge," Claypoole said. "These club members will keep records and care for these birds until they begin to lay and at that time twelve of the pullets will be given for show and sale which the council will sponsor."

fourth of what he might recover when Floyd county has many able lawyers? Judge Stumbo knows my records have been audited and that this audit goes with my answer to this suit."

Mr. Davidson is in Florida and could not be reached for a statement.

Diggers Uncovering Unknown Alpine City

Turin, Italy — Relics of an unknown city dating back to pre-Roman times have started coming to light in the Alps near the Swiss border. Archaeologists digging near the village of Gravelona Toce have unearthed 80 tombs, some of them 2,200 years old.

Russians Drafting Plans for Huge Plane

Moscow — Andrei N. Tupolev, the Soviet Union's chief aircraft designer, is working on a giant civilian jet airliner capable of flying 4,000 miles nonstop, Moscow newspapers report. The plane would be used principally to link Moscow with Vladivostok on the Pacific Coast.

French Purists Get Pens Rest at That

Paris — The French Academy, venerable guardian of French language purity, has finished the Dictionary Review of Words beginning with B. It took up the B's in 1949. Now on the C's, it has decided to leave unchanged the definition of the word, ca: that.

Try the "GIT" of the Century (What a Dream Car to Drive)

Try Springtime in a Buick — it's the dream car to drive. Joy New Colors! Great New Zing! Wonderful Spring-Sale Buys! See your Buick dealer for a sparkling Spring tonic—today.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

If you're one who goes for spirited performance, you'll find the vivacious 1957 Buick Century speaks a language all its own.

Because, this year, we wanted to bring you even finer performance. Engineered a brand-new V8 engine with the "power-pack" built right in, at no extra cost—and teamed it up with a new version of Variable Pitch Dynaflo* that's instant in response.

Get behind the wheel and you'll understand why we say this 1957 Buick is the dream car to drive.

You sit there with 300 horses at your beck and call, complete control at your finger tips, and the surety of powerful new brakes at your toe touch.

You smooth your way over hills that seem to lose their tops.

You ride relaxed and composed—in creature comfort and supreme command.

But the Century—like all 1957 Buicks—speaks also of fresh, new styling—the look you like, the longer you look. And of new luxury—inside and out. New stretch-out roominess—new solid torque-tube steadiness of travel. New buoyancy of ride, and a glorious new ease of handling.

Come let this magnificent new Buick do its own talking. You'll find it sweet listening—right down to the price-talk.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

EXPERIENCE COUNTS!

TROY B. STURGILL FOR SHERIFF

I am seeking the office of Sheriff on my record and my experience. Having served as your Sheriff for 6 years I know that I have gained much needed experience which is necessary in order to make Floyd county a better place in which to live.

The two major duties of the Sheriff's office are Law Enforcement and Fiscal Affairs.

LAW ENFORCEMENT: My six years experience has taught me much about how the law should be enforced. First is the interest and determination of the Sheriff. Second is the ability and the quality of men who are selected as deputies. Experience has taught me that no man can be a better Sheriff than his deputies. I promise you that no man has more determination to enforce the law than I have. It is my hope to make Floyd county a good place to live.

I solemnly promise you that men selected as deputies under me will be respected in their districts. I also promise you that each deputy will be paid a salary that will compensate him for his work. There will be no fees collected by or paid to a deputy.

I want to clear up a rumor here and now! I have not and shall not make a single promise to any person to be active as a deputy. The people in each district shall be given an opportunity to select a deputy of their choice.

FISCAL AFFAIRS: The Sheriff's office collects and disburses all tax money. This amounts to more than \$700,000.00 annually. It is very important to have a man whose record has been proven and has been recognized by the State Auditor as being among the best in Kentucky. I was twice elected President of the Kentucky Sheriff's Association. This honor was bestowed upon me because of the confidence in my knowledge of the duties of the Sheriff's office and my leadership.

I know by experience the full responsibility of the Fiscal Affairs of the Sheriff's office. Through this experience I will give the people the best and most efficient service possible.

I ask your support on my record and my experience. I will serve you, as I have in the past, to the best of my ability. I want to be able to make my EXPERIENCE COUNT and serve the people of Floyd County better.

Your Friend,

TROY B. STURGILL

(Pol. Adv.)

COMPARE

ANDERSON'S RETURN FROM MIAMI
 Miami Beach — A 12-year-old boy who admitted setting nine hotel fires in a week was turned over to Juvenile Court today with a recommendation that he be placed under psychiatric observation.

Juvenile Officer Gilbert Metz said the boy was caught yesterday after starting a fire in a men's room in the Bendale Hotel.

Bigamist's Scheme Unraveled
 Johannesburg — Johannes Stern, 46, drew a four-month sentence for bigamy after the court unraveled this evidence: He used documents of his divorce from his first wife to marry his third wife without getting a divorce from his second wife.

TIMES WANT ADS REALLY GET RESULTS!

To The Voters of Floyd County:

It has not been possible for me to see many of you personally because I have been busy with my work in the office. You are all well acquainted with the flood damage occurred during the last days of January, and the damage it did to our people and to the roads and bridges. It has been necessary for me to devote my time and attention to repairing the roads and bridges and helping clean up the damage done by the high water.

I have made many trips to Louisville, Frankfort and other places to contact representatives of State and Federal agencies to secure aid for our county and its people because of this damage. We have also cleaned up 27 miles of river front and the mouths of creeks affected by the flood. We have hauled away the debris and burned it in three garbage dumps that were secured by the county. We have already cleaned out more than 180 water wells, and this clean up work is still going on.

With the cooperation of these agencies we are in a process of repairing these roads and rebuilding the bridges. Work is at this moment being done on some of these projects and contracts have been let on others. A good many of the smaller projects, such as footbridges at Dwayne, Booco, Jump, Minnie and Star Bottom have been completed. Up to this time we have been unable to secure any Federal or State aid for the footbridges across the Big Sandy river at Tom's Creek and the Tram for the reason that they were located near to other bridges. These agencies also failed to approve funds for the low water bridge at Low Gap, above Booco on Right Branch. Unless we are able to secure aid for these bridges it will be necessary that they be replaced at the expense of the county.

No one could forecast or prevent this awful flood and the resulting damage, but we are making progress in the clean-up operation. Now, it is possible for me to get out in the county and discuss the campaign with you. I want to talk to you about some of the things that have been accomplished during my terms of office, and particularly about the roads that have been built and the debts that have been paid.

More roads have been built during my administration than at any other like period in the history of the county. The bonded indebtedness of the county is the lowest it has been in the past 25 or 30 years. In articles to follow these questions will be discussed in more detail.

Since the Commodity Program was first started we have participated in it, and cooperated with the people in every respect. It has been difficult at times to keep the program going and commodities delivered in some of our adjoining counties there have been times when the people did not receive these surplus commodities. In Floyd county we have never had this trouble. We have been diligent in keeping up our part of the program so that you would not miss any of the deliveries.

These things are pointed out so that you can see some of the things a County Judge is called upon to look about. His duties are many, and the welfare of the people is directly affected by how well he performs these duties. I have learned a lot during my term. I am sure this experience will enable me to make you a better County Judge. I ask your support on the record I have made.

PARTY 'BITE' TO BE SMALL

Gifts From \$5 to \$20 Expected of Workers On the State Level

Frankfort, Ky., April 15 — The average State worker will be expected to contribute only about \$5 to \$20 for the May primary election.

A collection of funds is being organized in the Highway Department and will spread to other departments in the next few days.

John B. DeMoisey, chosen by Governor Chandler to co-ordinate the fund-raising, said \$5 to \$10 will be considered "good" from such employees as clerks. DeMoisey is Chandler's administrative assistant.

"This means the worker will be spared the normal big bite—2 percent of his annual pay."

"We don't need much money this time," DeMoisey said. "We are looking for a dozen rug-candidates for scattered races."

He referred to scattered races to the appellate-clerk race. In the latter, Chandler is backing June L. Suter, Warsaw.

DeMoisey said all primary contributions will be "voluntary." "The Governor insists that we do it that way," he said. "No lists will be kept."

DeMoisey said he had appointed a committee to help with the collection in deference to handling all the money himself.

Serving with him are Bert Kiser, administrative assistant to Highway Commissioner Robert Humphreys, and Ben Conway, director of highway personnel.

One source said the conflict of the primary-fund raising with the Jefferson-Jackson Day dinner in Lexington April 27 had caused some dissatisfaction.

"Top party men fear some resentment when workers who pay into the election pool are asked to buy \$50 dinner tickets," DeMoisey said he had heard no such reports.

"They would be expected if the contributions were compulsory," he said. "The dinner is a party affair."

DeMoisey said most of the primary money is expected to come from "team people."

"The department heads come with theirs automatically," he said. "There are plenty of others who do the same. I know one man who will come without being asked and say, 'Here's my \$75, or, 'Here's my \$100.'"

New Publication Gives Civil-Defense Details

Washington—The Federal Civil Defense Administration today announced publication of a new declassified plan for civil-defense operations as a guide for planning by local communities.

The agency said the publication, "Battleground U. S. A.," is a civil-defense blueprint for a hypothetical metropolitan target area.

Announces Engagement

Mrs. Melva Hyden, of Morehead, Ky., announced the engagement of her daughter, Barbara Allen, to Mr. Wiley Wendell Jones, son of Mr. Tom Wiley Jones, of Langley, Ky.

Mrs. Hyden attended Morehead State College and is now employed in the district office of the State Highway Department. Mr. Jones is a student at Morehead State College.

The wedding will be solemnized at Morehead in August.

Big Sandy District Wins Trophy 2nd Year in Row By Overall Performance

The Big Sandy district office of the Commonwealth Life Insurance Company, of which John T. Parker, is manager, was awarded the Company's district office President's Trophy for the second consecutive year at a dinner given in honor of the office at the Pikeville Country Club this week.

The president's Trophy is presented annually to the district office having the finest overall performance throughout the calendar year. This is only the second time in Commonwealth's district office history that the coveted award has been presented to an office for two consecutive years.

Paying tribute to the performance of the Big Sandy district office were President Morton Boyd, Vice-President Homer D. Parker, and several other company officers who came from Louisville to attend the banquet.

The Big Sandy district office covers several counties in Eastern Kentucky and the surrounding area, and maintains sub-offices in Paintsville, K. D. VanHoose, assistant manager; Prestonsburg, Ted Adams, assistant manager; and Williamson West Virginia, Caleb Haney, assistant manager. David Sloan is assistant manager at the Pikeville office.

Other members of the Big Sandy district office are agents Carl Hall, Garrett A. Deakin, Jack Burchett, Thomas C. Elswick, James E. Hunt, K. B. Hamron, Paul Bickford, Douglas Wallen, John Cassady, J. F. Keese, Roy Ramey, Ted Parsons, Homer Draughn, Edward Blankenship, and Cecil Kay.

The Big Sandy District office now has over \$21,647,885 of individual life insurance in force.

Macklin Field, home of Michigan State football games, will seat 76,000 fans for 1957.

PERSONALS

Pvt. Paul Hager is spending his furlough with his parents at East Point.

Mr. and Mrs. James S. Mayo, of Lexington, were week-end guests of his parents, Mr. and Mrs. H. L. Mayo.

OLDSMOBILE

DESIGNED FOR SOUTHERN DRIVING

"You'll like it even better when you drive it!"

Neighbor: Say, your new Olds sure looks like a lot of car!

Olds Owner: That's nothing, wait'll you take a ride.

(A few minutes later) Neighbor: Man-oh-man, where'd all that power come from? I've never felt anything like that before!

Olds Owner: That's Oldsmobile's new J-2 Rocket Engine!

Neighbor: What's that? Tell me how it works.

Olds Owner: When you're driving under ordinary conditions, it uses only one carburetor. That means economy with a capital E. But when you need a sudden burst of power, for safety's sake, you just press the accelerator three-quarters of the way down—and two additional carburetors cut in!

Neighbor: In other words, with J-2, you can have economy when you want it and power when you need it. That's for me!

Olds Owner: Better see your Olds dealer. He's expecting you!

Dogwood Planting Planned by Club On Memorial Trail

The Prestonsburg Woman's Club decided recently to plant a dogwood memorial plot on U. S. Highway 23 in this county as part of the general effort to beautify the road from East Point to Haroid in memory of the war-dead. The John Graham Chapter of the Daughters of the American Revolution here have already planted such a plot. It was noted Mrs. Winnie F. Johns, chairman of the Dogwood Trail Association, and an officially appointed beautician of U. S. 23, in an appeal this week to property owners along the road, asked that the trees already set out be preserved carefully by the public. She urged also the planting of flowers and shrubs.

"Any flowers or flowering shrubs you could plant along this route, to beautify your premises and make them attractive to the tourists and native Floyd county dwellers would be a great contribution to our living memorial to our war-dead, and to our beloved state," she said.

Society Notes

VISITORS FROM DANTE, VA.

John Spryner has his guests Jo M. Davidson, where he lives, his fiancée, Miss Adolphia Glass, Miss Nancy Carthy, and Richard Corbett, of Dante, Virginia. Mr. Nyaver and Miss Glass will be married at Dante, May 4.

GO TO TULSA, OKLA.

Mrs. Earle A. Stumbo was joined by Mrs. George Branham, of Paintsville, Tuesday for a visit with her uncle, Joe D. Branham, and family, and her aunt, Mrs. John S. Walker, in Tulsa, Okla. Mr. and Mrs. Branham, who own the Pepsi-Cola Bottling Company in Tulsa and other Oklahoma cities, are dedicating their new "7-Up" plant in Tulsa, April 17. Many stockholders and relatives such as Joan Crawford and husband, who are stockholders in "7-Up" will attend the opening.

EMERGENCY APPENDECTOMY

Mrs. Marshall Davidson is doing nicely this week after having submitted to an emergency appendectomy last Friday at the Prestonsburg General hospital. Her many friends are glad to get a good report from her.

HOME FROM FLORIDA

Miss Sallie Hill, student at Stetson University, Deland, Florida, is spending spring vacation with her parents, Judge and Mrs. E. P. Hill, at Cliff.

SUFFERERS BROKEN HIP

Mrs. Henry Sturgill, of Hindman, sustained a broken hip in a fall last week while visiting at the home of her daughter, Mrs. Woodrow Burchett, on Cow Creek. Due to paralysis in her side, it was impossible to get the hip bones. She was removed from the hospital to Mrs. Burchett's home where she is being cared for. She has the best wishes for recovery from her friends and relatives.

VISIT WASHINGTON, D. C.

Pupils of the Prestonsburg high school enjoyed a trip to Washington, D. C., last week-end. Teachers making the capital journey were Mrs. E. Dick Roberts, Mrs. Nelva Hunt, Mrs. Frankie Best and Mrs. Lillian MacDonaldd.

RETURNS FROM FLORIDA

Mrs. Mary H. Osborne, of West Prestonsburg, has returned from Pompano Beach, Fla., where she has spent the winter with her son, Charles Osborne.

HOST ON BIRTHDAY

Kentley Reed was host to 22 friends on his ninth birthday anniversary, April 13 at his home on Arnold avenue. Games were enjoyed from 2 until 4 o'clock. After opening his gifts brought by his young friends, his mother, Mrs. Marie Reed, served refreshments carrying out the Easter motif.

WEEK-END GUESTS

Mrs. and Mrs. William Crawford, of Mallory, W. Va., were here over the week-end attending the Pecco Foreman's Club banquet at the Paintsville Country Club, Saturday evening. They were house-guests of Mr. and Mrs. Herbert L. Ley while here. Former residents of David, they were greeted by many friends.

D.A.R. CHAPTER MEETS

The April meeting of John Graham Chapter, Daughters of the American Revolution, was entertained by Mrs. Tom James at the home of Mrs. Herbert Salisbury, Jr., on Central avenue, April 9. Mrs. H. L. Mayo, regent, presided. Following the ritualistic service conducted by Mrs. Winnie F. Johns, a brief business meeting was held. Mrs. John F. Ribble and Miss Maureen Mayo, of Washington, D. C., were elected delegates to represent the chapter at the 96th Continental Congress convening in Washington this week. Mrs. Mayo gave an interesting report of the state conference held in Lexington in March. In observance of Arbor Day, which is April 26, a dogwood tree will be planted in the Floyd county courthouse grounds, honoring Judge John Graham, who gave the site for the first Floyd county courthouse.

All members are urged to attend the ceremony at 2 o'clock if the weather is favorable. Members present were: Mesdames H. L. Mayo, Edward Mayo, C. P. Stephens, Tom James, Greenville Spradlin, David Herndon, Edward L. Allen, Winnie F. Johns. A dessert was served by Mrs. James.

SUNDAY CALLERS

Mrs. and Mrs. Garland H. Rice and Mrs. granddaughters, Becky Garland, visited Mrs. Jo M. Davidson here last Sunday while en route to their home at Paintsville. They had been dinner guests in Pikeville of Mr. and Mrs. Frank Rice, Mr. and Mrs. William Garland and Billy G. Rice, who were guests of the Rices also.

HUNTINGTON SHOPPERS

Among the week-end shoppers in Huntington were Mrs. Virgil Webb, Terry Lea Webb, Patsy Baldrige, Sarah Clay Stephens, Mrs. Virginia Stephens, Mrs. John G. Archer, Mrs. Arthur J. Archer, Jr., Mrs. W. C. Archer, Mrs. C. L. Hutsinpiller, Mrs. C. P. Stephens, Mrs. Bert T. Combs and daughter, Mr. and Mrs. Joe W. Burchett, Mrs. Ray Collins.

ATTENDS BROTHER'S FUNERAL

Mrs. John F. May was called to her old home at Gettaway, Ohio, April 1, by the sudden death of her brother, William Langdon, who died of a heart attack while visiting his sister. Mr. Langdon was 83 years old, the son of Martin Langdon and Elizabeth Gibson Langdon, of Gettaway. His funeral was conducted from the Phillips Funeral Home, Ironton, Ohio, with burial in the family plot at Gettaway. He was unmarried and a member of the Harmony Baptist Church of Gettaway. Surviving him are two sisters and one brother, Mrs. J. P. May, Prestonsburg, Mrs. Birdie Simpson, Kitts Hill, Ohio; James Langdon, Rowan, Iowa; Mr. and Mrs. Merlin Simpson, Kitts Hill, Ohio, came here for Mrs. May. Mr. and Mrs. Dallas Wagner, Chesapeake, Ohio, accompanied her home after the funeral.

Engagement Announced

Mrs. Warren Markin returned to her home in Columbia, S. C., last week after having nursed her grandmother, Mrs. H. C. Francis, here for several weeks. Mrs. Elder Ball and Mrs. Kidd are with Mrs. Francis at present. Her condition is unchanged.

VISIT WASHINGTON

Mrs. Shirley Hughes took her seventh grade pupils by bus to Washington, D. C., last week-end. Forty pupils made up the group who enjoyed the sights of the nation's Capital, including the beautiful Japanese, cherry blossoms. Chaperones accompanying them were Mrs. Earle McDonald, Mrs. Orville Cooley, Mrs. Irvin Harris, Mrs. Byron M. Thompson.

ATTENDS NATIONAL CONVENTION

Mrs. Claude P. Stephens, curator National of the National Society of United States Daughters of 1812 will leave Friday by train for Washington, D. C., where she will attend the National Council of the Society convening at the Shoreham hotel. She will return home the latter part of next week.

RETURNS FROM VISIT

Mrs. Herbert L. Ley returned home last week from Stamford, Conn., where she visited her daughter, Mrs. Raymond Busch and family. The arrival of a new daughter at the Busch home was a happy event for Mrs. Ley. The babe has been named Karen Ann. En route home, she visited her son, Lt. Col. Herbert L. Ley and family at Silver Springs, Md. Mr. Ley met her at the Huntington airport, Wednesday.

number, Americans. Some of these people are now dead, but each of those still living should be tracked down by the FBI and taken out of circulation. For anybody who sent money to this styled "Furrier" was either crazy or just plain delatoy.

(Continued from Page One)

QUESTION: Heard recently: "Wonder when they're gonna grade and drain Third Street?" We are not printing that crack here as a joke at the city administration. Prestonsburg streets and sidewalks and sewers have for a long time now been deteriorating. The time is coming when they'll do worse - practically disintegrate. Then we'll all start casting about for ways and means.

WEEKLY GRIPE: You're getting old when you can say over the telephone in three minutes what at one time would have required an hour. By the way, I am seriously considering having our telephone listed in daughter's name. A buzzer system also would help when I'm home serving merely as switchboard operator. Oh, to be young and have the voice with a giggle. . . .

Another April 15 has come and gone. The notes we made to pay our tax bills fall due about August 15. Then there was the judge who informed the defendant that he was imposing on him the maximum penalty. "Sir," he said, "I am going to turn you loose, to worry yourself to death about bond conditions, taxes and the high cost of living."

Young Voters and Taxpayers:

BURNIS MARTIN

Democratic Candidate FOR CIRCUIT JUDGE

He has tried to help the people and because of it has at times been driven from his home by threats upon his life. He has tried to do things that have needed correction for a long, long time.

Served you as Commonwealth's Attorney, and has the honesty, integrity and the moral fitness to serve you as Circuit Judge.

Young voters and taxpayers, vote for Burnis Martin, World War II disabled veteran for Circuit Judge and help Floyd County have clean, honest government. (Pol. Adv.)

Books and Such by Laura Virginia Roberts

The Book Fair, beginning its second week, will be at Martin, April 22. Whyland the 2nd and Garrett the 4th. Please visit our schools and see the displays. It is good that everyone is supporting the fair so heartily.

Remember the limrick? Here's one we overlooked. There was a young lady of Hyde Who ate a green apple and died; The apple fermented Inside the lamented And made cider inside her inside.

To Represent Council At Girl Scout Parley

Oscar Harm, president, and Mrs. Zella S. Archer, executive director, of the Sandy Valley Girl Scout Council will attend a meeting of Girl Scout presidents and executives in Cincinnati at the Netherland Hilton Hotel, April 25-26. How to plan together for more effective service to girls will be one important topic under discussion. Miss Virginia Hatcher, of Pikeville, will be attending a meeting of the regional Girl Scout committee at the same time and place.

LETTERS TO THE EDITOR

PRaises To The Red Cross: KRAMER, The Times: The Red Cross did so much for us at a time when we were too stunned and confused to help ourselves, even if we had had any way of doing so. Many of us saw them work, and we know that every effort was made to give help as quickly, as kindly, and with as little red tape as possible.

Always, there are those who profit undeservedly in time of disaster. Always, there are those who are willing to lie to get something for nothing. But, if those in need are to be taken care of, they must be served quickly according to their needs as they say they are. It is necessary, if the many are to be helped, for those selfish few to receive benefits they do not deserve.

The beautiful part is that there were so few who took advantage of things being "given away." The beautiful part is that most of those who applied for aid were proud, honest people who generally said something like, "I only want what I have to have to start again." Thank God that most of us Eastern Kentuckians are like that. Thank God that we will gratefully accept help when we are in need of it; but that most of us have too much self-respect to be the kind of people who take every chance to get something for nothing.

HANDLEY BANS COLLINS TRIAL

Governor's Stand Halts Attempt To Send Woman To The Electric Chair

Indianapolis, April 15 - Governor Harold W. Handley has virtually killed attempts of Lake county officials to send Mrs. Opal Collins, 26, accused of killing her crippled husband and three 10-laws, to the electric chair.

Handley said yesterday, he would not honor a warrant that would send the Hammond house-keeper from Indiana Woman's Prison here back to Lake County to stand trial again. That stand was identical to the one taken by Handley's predecessor as Governor George N. Craig.

Ray R. Patton, 49, Johnson-co. Native Succumbs in Louisa

Ray R. Patton, 49, of Buchanan, Lawrence county, but a native of East Point, died Monday night in a Louisa hospital. He had been ill 18 months. He was a brother of Charles Patton, of Prestonsburg, Chesapeake & Ohio Railway Company for 30 years, was a son of the late John Henry Patton and Martha Tackett Patton. He was a veteran of World War II.

Survivors include the widow, Mrs. Mary Price Patton; three daughters, Mrs. Roy Copley, of Buchanan, Misses Ruby and Patricia Patton, both at home; one son, John Patton, of Buchanan; two sisters, Mrs. Martha Bender, Elwood City, Pa., and Mrs. Phillip Bentley, Lakota, Calif. Besides Charles Patton, another brother, Sam Patton, of Buchanan, survives. Also surviving are six grandchildren.

JAY SHEPHERD Of Blue River FOR SHERIFF Democratic Primary

Elect Jay Shepherd and you won't be sorry you did. I will do everything that I can for the people of Floyd county. We are all God's people and we have to live and why not get along and have peace. Peace is one of the greatest things on earth. That is what you will get if you elect me for Sheriff.

I will give you honest and the best deputies that Floyd county has. You will not be mistreated by any one of them. I will not have any of my people for deputies. I believe in Justice for it pays. I will treat everybody alike. If you turn me down you turn down your best friend.

I have never asked the people of Floyd county for anything before. So, why not give me a chance? You have nothing to lose and everything to gain.

THIS IS NOT JUST CAMPAIGN TALK. THESE ARE THE FACTS. (Pol. Adv.)

Gulf proudly presents

The revolutionary new motor fuel for today's most advanced engines: GULF CREST

New Gulf Crest surpasses all other gasolines in these two significant ways:

- Made with a new, exclusive Gulf formula, it keeps modern engines cleaner, quieter, smoother-running than any other gasoline.
• New Gulf Crest is packed with more potential power per gallon than any other gasoline. New Gulf Crest will deliver peak performance without knock or pre-ignition—even in today's most critical engines. Pull up to the purple pump—fill up with new Gulf Crest.

Gulf guarantees peak performance with no knock, no pre-ignition

Now, more than ever to get the best from your car...GO GULF

New Gulf Crest best ever sold for the finest cars ever built. New Gulf Super No-Nox for all but the most critical of today's engines. Good Stuff...that famous high-value gasoline.

Hector The Pup Pulls Teeth Of State Law

Harrisburg, Pa. — The case of Hector the pup has resulted in a change in Pennsylvania law. Hector was given to George Welkoff, a Bulgarian displaced person, last August. Welkoff unknowingly obtained a license for Hector illegally, since under State law, an alien can't own a dog. The 1915 measure applied especially to hunting dogs.

Neighbors complained about Hector. Then Welkoff wound up in jail for two days. A. V. Leung of Wyndor, Pa., who got Keko off out of jail, has kept the dog for Welkoff since.

Hector, a year-old brown-and-black German shepherd, was at the ceremony when Governor George M. Leader signed the new bill permitting aliens to own dogs.

Martin Is Selected For New York Meet

William Martin, financial secretary of the local Woodmen camp at Martin, had the distinction recently of being the first man from this section to be elected a delegate to attend the sovereign camp of Woodmen of the World. His selection was made at the state W.O.W. convention in Paducah last month, and he will represent the area at the sovereign camp in New York City next July.

Other members and delegates from Floyd county who attended the Paducah convention were Ernest Turner, of Drift, and Ervin Akers, of Dana.

Feeding Other Woman Last Straw, Wife Says

Mincola, N. Y.—Mrs. Helen Bucher, 49, said she put up with her husband's drinking, idleness, refusal to get up before mid-afternoon, and the time he spent in his pajamas in front of the television.

But, she testified in Nassau County Court, it was the last straw when her husband, Ciro, sneaked her new suit out of the house to give it to another woman. Mrs. Bucher is granted the separation she asked for.

MORTON SAYS PLAN HELPFUL Florida Utilities' Change From Oil To Coal Studied By Appalachian Engineer

The proposal to convert Florida's public utility plants from the use of oil to coal is encouraging, it was said last week by Sen. Thurston B. Morton, of Louisville, after studying preliminary engineering reports. The study was made of Florida plants by an engineer of Appalachian Coals, Inc.

After the Appalachian engineer made his report to representatives of the coal industry and railroads interested in transporting coal to Florida, he was instructed to continue with his study in Florida.

The study is an outgrowth of a meeting Morton held with some 30 coal, utility, and railroad people on February 28 at Mcgregor Smith, chairman of Florida Light & Power Company, had telegraphed President Eisenhower in protest against oil-price increases which came at the time of the Suez crisis.

The Florida study showed, that coal can achieve a competitive position in relation to oil in the Florida market and though gas will offer serious competition, that competition probably can be overcome.

A less encouraging feature of the report was that the railroads cannot expect to do as much business as they had hoped hauling phosphate and other cargo on the return from Florida because phosphate is coming out in dried form using covered hoppers.

"However," Morton said in a speech on the Senate floor, "general agreement was reached that there is every reason to continue the study of this Florida picture. Coal has defaulted in too many markets already, and while this is by no means going to be an easy venture, it is an encouraging prospect."

MARTIN

CHURCH GROUP MEETS

The Woman's Society of Christian Service of the Methodist Church met in the church dining room, April 9. A covered dish supper was enjoyed, at 6:30 p.m. A business meeting followed, with the president, Mrs. Iola Crisp, presiding. A new piano will soon replace the one destroyed in the flood. Easter sunrise service will be held at the home of Mr. and Mrs. Charles Marshall. The next meeting has been changed to May 7.

New officers elected are: Mrs. Iola Crisp, vice-president; Mrs. Grace Allen, president; Mrs. Jerry Martin, secretary; Mrs. Anna Jean Hall, treasurer. Retiring officers are Mrs. Iola Crisp, president; Mrs. Artie Marz, vice-president; Mrs. Tina Allen, treasurer; Mrs. Gladys Prazier, urer.

Mrs. Jerry Martin was program leader. Those taking part in the discussion of "An Airplane Island Tour" were Mrs. Iva Carr, Iola Crisp, Edna Bobb and Daisy Perry. The next meeting will begin with a covered dish supper, and Mrs. Dortha Allen will be program leader. Those present included Mrs. Iva Carr, Mrs. Iola Crisp, Mrs. Florence Marshall, Mrs. Edna Bobb, Mrs. Dortha Allen, Mrs. Artie Marz, Mrs. Daisy Perry, Mrs. Jerry Martin, Mrs. Charlene Maddox, and Mrs. Tina Allen.

MEADE AT LACKLAND

Arm-James Wm. Meade, 17, son of Mrs. Octavia Meade, of Betsy Layne, Ky. is completing the first phase of his basic military training at the "Cadets in the Force," Lackland Air Force Base, San Antonio, Texas.

SAVE ON FEED COSTS

Raising meat type hogs can mean a substantial saving in feed costs per pound of gain, Iowa researchers say. For every one-tenth inch less of backfat on each pig, the animal used 4 1/2 pounds less feed per 100 pounds of gain. Conclusions were that as backfat decreased, feed efficiency increased.

The Hurt House, Columbus, was the home of William Hurt, a soldier in the Revolutionary War who came to Kentucky in 1783. He cleared the first farm in that region, was the first slave owner and the first possessor of a cart and yoke of draft oxen of the area.

Ardent Fan Sure Of Hotel Reservation

Clemson, S. C. — W. D. Jones, of Columbus, S. C., has been assured of a hotel reservation here when the University of South Carolina plays arch rival Clemson in football.

Clemson hotel manager Fred Zink said the reservation with a money order, was received for the game scheduled for November 12, 1959.

Light Spots Appear On Unplugged TV

San Diego, Cal.—George Smith woke up one night to see light spots on his television screen. Unplugged the set, but the spots continued with varying intensity for an hour.

A Navy Electronics Laboratory employee explained it this way: Trapped waves radiating from a nearby transmitter, under most conditions, activate a TV screen.

But just the same, Smith continues to unplug his TV set each night.

Dr. Stratton Enjoys One Hobby—Fishing

(From a Sarasota, Fla. Newspaper)

Dr. Hershel Ray Stratton trades the "woods of Kentucky" for the "woods of Florida" when he is not busy with his medical practice. He is devoted to setting, deep, to practice medicine.

Born in Floyd County, Ky., in 1923, Dr. Stratton, on Wednesday night's medical forum panel of arthritis, attended Pikeville College in Kentucky, Stanford University in California and received his medical degree from the University of Louisville Medical School in 1946.

After interning at Baptist Hospital in Louisville, Dr. Stratton practiced general medicine on the staff of Our Lady of the Way Hospital in Martin, Ky., for five years.

Then in 1952 he was called into the Air Force where he remained two years, serving in Albuquerque, N. M. Prior to coming here, Stratton spent two years at Brady Memorial Hospital in Atlanta, in residence taking up pediatrics. He came to Sarasota last December and his practice is now limited to pediatrics.

His wife is a registered nurse when he married her in 1949 in Louisville, Ky. She is the former Barbara Mathews. They have two children—a girl 8 and boy 6 months old.

Hobbies of Dr. Stratton, all grouped into one, spell f-i-s-h-i-n-g. Bass fishing is his preference. His largest catch was a 25-pound catfish at Lake Washington near Cocoa.

Dr. Stratton was one of those "outsiders" who came to Florida to settle here, he selected Sarasota because of its progressive characteristics and good hospital.

The medical societies with which Dr. Stratton is affiliated are the American Medical Society, Florida Medical Assn., Sarasota Medical Society and the Alpha Kappa Kappa honorary medical fraternity. The Strattons live at 2320 Rose St.

Sponsors of the second annual medical Society and the Sarasota Herald-Tribune and the Sarasota Journal.

West German Auto Toll 13,000

Bonn—Thirteen thousand persons were killed in 1956 in traffic accidents in West Germany, says the Traffic Ministry. Another 385,000 persons were injured.

Chuck Spieser, Detroit light heavyweight boxer, was a member of the U. S. Olympic teams in 1948 and 1952.

FARM NOTES

By ROBERT M. JONES
County Agent

FERTILIZER

Farmers of Floyd County are leading the counties of Eastern Kentucky in using high analysis fertilizer. The most common fertilizer sold in the county during the first half of 1955 averaged 24.1 pounds of plant food per 100 pounds of fertilizer. During the first half of 1956 this average was up to 25.0 pounds. In some counties in Kentucky the average per cent of plant food in fertilizer sold ran 30 per cent.

What does this mean to the farmer? Higher analysis fertilizers are cheaper per pound of plant food. For instance, last year Kentucky farmers used 16,734 tons of 4-8-8 fertilizer. Had they used 12,553 tons of 4-12-8 they would have bought the same amount of plant food and would have saved \$81,200. Also, they would have used 4,180 less tons. Three tons of 4-12-8 has the same amount of plant food as does four tons of 4-8-8.

Although the situation is improving, there is still many tons of 4-8-8 sold in Floyd county. The only reason that low analysis fertilizers are sold in Eastern Kentucky is that farmers demand it. If instead of using 4-8-8, we would switch to 4-12-8 or even a higher analysis 8-24-16, each pound of plant food would be cheaper, and there would be less pounds of materials to spread in cases where it is to be spread on steep land, this would be a big advantage in using the high analysis.

The transportation cost on a ton of fertilizer is approximately \$20 per ton. By using higher analysis, we cut down on the amount needed, thus saving on the transportation which reduces cost.

The two main reasons for using higher analysis fertilizers are to save money on the plant food and have less material to spread.

SOIL TESTING

The soil testing laboratory is now in operation. This could be one of the largest money-saving projects to the farmers in Floyd county if they would take advantage of it. How can you be sure that the correct fertilizer is applied to your soil? The only way is to have a soil test made. This test will show the soil acidity, and the pounds of available phosphate and potash. With this information a fertilizer recommendation can be made that will supply the plant food needed to produce a profitable yield.

There is a wide range in the yields of Floyd county as to the amount of available plant food, due to past cropping program and fertilizer application. Several samples have been tested which showed that there was enough plant food in the soil to produce a good crop without fertilizer. In this case, money has been saved, because no fertilizer was recommended.

On the other hand, most samples have shown the soil to be low in one or more of the plant foods. On these soils without a fertilizer application that would balance plant food with crop requirements, a low yielding crop would be the result. Thus by applying the correct fertilizer, crop yields are increased, thus increasing farm income.

In many cases soil tests have shown only one of the plant foods such as potash, was low. This would save farmers of buying a complete fertilizer, when only one element is needed.

Many fields have been damaged by using too much lime. Most all of our soil needs some lime, usually one to two tons per acre, but in many cases eight to ten tons have been applied. If too much lime is applied, it will make the soil too sweet, and this has about the same reaction as a soil that is too sour. If more fertilizer is applied than the soil requires, the only disadvantage is the waste of money. Not so with lime, too much lime will result in soil that will be damaged for several years, until the lime is used up. Before any lime is applied to the soil, a soil test should be made to determine the acidity of the soil. This is doubly important on gardens and potato patches.

The use of the soil testing laboratory is available to everyone in the county. The cost of testing a sample is \$6; this only covers the expenses of making the test. With the results of this test, a fertilizer recommendation is made by one of our extension agents. The sample should be brought to the County Agent's office, located in the post office building in Prestonsburg.

Diplomacy Cleaner, But Less Glamorous

Tokyo—Retiring British Ambassador Sir Eder Dening told the Tokyo foreign correspondents club there is little glamour left in diplomatic life.

"We're certainly not as fancy as the gentlemen who attended the Congress of Vienna (in 1814)," he said. "But, on the other hand, we wash more."

SPORTS CHATTER

By GORDON MOORE

LITTLE LEAGUE NEEDS FOLLE SPONSORS

The Prestonsburg Little League is scheduled to open within three weeks, unless four needed sponsors can be found, however, this whole season's summertime activity may be lost to the city's youth.

In three years of operation of the Little League and its farm club, hundreds of youths have participated in the program and the benefits derived are too numerous to mention here.

FIRST LOSS

Wheelwright's Maroons, defending district baseball champions, successfully opened their 1957 season by handing the Prestonsburg Blackcats their first loss, a 9-8 affair.

MAY REMAIN IN LOUISVILLE

Since the Kentucky High School Athletic Association Board of Control has once again tied 4-4 on the vote for the site of the 1958 state high school tournament, we feel that Louisville will again be the site of the tournament, although we personally favor Lexington.

Commissioner Ted Sanford has been instructed by the eight-member board to poll every high school principal in the state before a final decision is reached.

With the majority of the high schools in the western and northern sections of the state, no doubt that the vote will favor Louisville over Lexington.

Another influencing factor is the money element. This year's tournament netted a profit of \$100,000, which is \$10,000 more than any previous tournament earned.

BANQUET TO HONOR PANTHERS

Panthers' Panthers will be honored Friday night with a gala banquet and University of Louisville basketball coach, Peck Hickman, will be the principal speaker. Panther coach, John Bill Trivette, who guided his team to third place in the recent state tournament, is being considered for the Louisiana State University basketball coaching position.

ADDED CHATTER

Panthers' Tigers have concluded their spring football practice. They have five regulars and 16 lettermen returning from last year's Big Sandy Bowl champions. Tommy Daniels, Paintsville forward, will spend the week-end as the guest of Vanderbilt University. . . . Charles Osborne, Flat Cap center, has been picked for the East-West game by the East coach, John Bill Trivette. Coach John Griggs will resume football for the Prestonsburg Blackcats when weather permits.

Clothing Production Rises 4 Pct. In Britain

London—Britons may be abandoning their comfortable shabbiness. The annual survey of National Economy says in 1956 Britons bought more new clothing than ever before. As a time when Government policy was restricting many British industries, the production of clothes rose 4 per cent.

Call to Arms Issued Against Rats of Paris

Paris—The city has issued a springtime call to arms against the rats of Paris.

The police chief has ordered property owners to clamp traps securely on garbage cans, seal ratholes, clean up vacant lots, and use rat poison generously. Those who don't co-operate will be prosecuted.

Bicycle Manufacture Stopped Up in India

New Delhi—More than 615,000 bicycles were produced in India in 1956 compared with 461,000 in 1955 and 372,000 in 1954. This is one of India's newest industries. In 1951 only two factories were making bicycles; they produced 101,000. Now there are 68 bicycle plants.

TIDBITS OF KENTUCKY FOLKLORE

By GORDON WILSON, P.L.B.
Western Kentucky Teachers' College, Bowling Green, Ky.

"DEEP SNOWS"

As I write this article, a freezing rain, which has already lasted for nearly twenty-four hours, is loading the trees with glistening ice. Warnings over the radio plead for caution in driving if people just must get out into the weather. And yet I have seen many worse ice storms. "Here goes an old man's memory," I expect some of you to say. But this old man has kept records of weather since he was a very young man and is not to be ridiculed too easily when he speaks of weather, good or bad. However, many of the ice storms did not occur when I lived at Fidelity, the time when many of the memories I write about were realities. One was only six years ago and was the worst I have ever known in the more than a half a century of watching the weather. Then what does the broadcast company mean by calling attention again and again to a fair-sized ice storm such as older people have seen the like of many times?

When those storms of snow or ice or rain used to come, away back at Fidelity, I did not know as many people as now live on my street. Each house was stocked with home-grown food enough to weather ice storms or snow storms or floods. It is true that the mail might not get to Fidelity, but that would only delay our reading the installments of our favorite tear-jerkers in *Confessions* and *American Woman*. And I never saw it too bad for neighbors to trudge across the fields woods to pay a visit and thaw out at the side or front of a big roaring fire.

Now of course, we are a very close-knit people, dependent upon transportation beyond anything we once could have dreamed. Formerly, if the snow was pretty deep, we could ride a horse, as my father did in the famous "Deep Snow" of 1886. Now a small snow increases driving hazards until many timid ones, like me, prefer to let the family

car stay in the garage. Even we oldsters prefer to venture out on foot rather than run the gauntlet of any street or highway. Imagine scattering salt on some of the country roads that I used to know at Fidelity.

When I taught my last country school, away back in 1909-10, a freak snow of eighteen inches depth forced me to abandon my school for the rest of the week. That much snow made it a bit unhandy for short-legged children to get anywhere, but nobody was killed in a car wreck, nobody starved to death from lack of transportation on the highways. The reason was simple: there were no cars to cause a wreck, and there was practically no over-land transportation except by rail-road. The train came through, a bit late but not too late to bring the few necessities that everybody had to add to stores raised on the farm.

Only four years ago, very early in the winter, I started to go by bus to Nashville early on Saturday morning. I finally arrived there after noon, for a two-inch snow on smooth highways had paralyzed traffic. I saw a dozen or so cars where they had slid off the road, and I was told that most of the wrecks had already been towed in. A large bus had got stuck at the top of the big hill above Goodlettsville all night and until far into the morning. In the driver's effort to risk starting down. The smooth, hard-surfaced roads soon had become slippery and dangerous; our liking of modern things had backfired. It would have brought many a word of criticism if that big hill had not been as smooth as a parking floor; now it was even smoother, and still we griped.

Francosa Villon asked, quite naively, "Where are the snows of yesterday?" Whether they were big or little, even the worst ones did not pose such a problem as a mere ground-cover does now. Traffic has to move or die.

ORDNANCE NUMBER 97 OF THE CITY OF MARTIN.

AN Ordinance relating to the annexation of certain lands adjoining the Southern Corporate Limits of the City of Martin, Floyd County, Kentucky.

Be it ordained and enacted by the Council of the City of Martin, Floyd County, Commonwealth of Kentucky, that:

1. The City of Martin, Kentucky, take the necessary legal steps to annex as part of the City the following described tract of land.

Beginning at a point on the Western Limit of the right of way for State Route No. 80, a corner to the property line between the lands of J. W. Halbert and Lora K. Stephens, which forms a boundary to the Southern Corporate Limits of the City of Martin, Floyd County, Kentucky, and thence along said property line and Southern Boundary of the Corporate limits a Westerly direction and with the fence presently enclosing the property belonging to said J. W. Halbert, to a point on the said Highway Right of Way South of the point of beginning and thence North along the Highway Right of Way to the point of beginning, so as to include all of the enclosed property of J. W. Halbert adjoining the City of Martin containing 1/4 Acre, more or less.

2. This ordinance is separable and should any part thereof be held invalid by a Court of competent jurisdiction, the remaining parts shall be severable and continue to be of full force and effect.

3. This ordinance shall be deemed to be in addition to and supplementary to, and not in conflict with, nor a repeal of the existing ordinances of this City, but shall be an additional provision for the annexation of this particular territory. However, all ordinances or parts of ordinances conflicting with the provisions of this ordinance are hereby repealed, insofar as the same are affected by this ordinance.

4. This ordinance shall be in full force and effect following its publication and publication according to law, as provided in KRS 81.210.

DENZIL HALBERT
Mayor

Attest:
ANNA GRIFFITH
Clerk

At a special meeting of the Council of the City of Martin, Kentucky held in the Martin Municipal Building at 7:30 p.m., on the 16th day of April, 1957, motion was duly made by L. L. Osborn that the above ordinance be adopted and this motion was seconded by Eugene Frazier. The motion was carried by the unanimous vote of the Council and the said Ordinance was declared duly adopted by the Council, this the 16 day of April, 1957. Those members of the Council present and voting Yes in favor of the motion to adopt this ordinance were as follows: L. L. Osborn, Eugene Frazier, J. P. Sammons.

Those members of the Council present and voting against the motion were: None.

4-18-57.

ALLEN

W.S.S.S. MEETS
The Women's Society of Christian Service of the Methodist Church met Thursday night in the home of Mrs. Nancy Louder, for its April meeting. Mrs. Louder, vice-president, presided over the meeting in the absence of the president, Mrs. Tincy Crisp, who was ill. Several business items were discussed. A committee was appointed to the buying of a piano for the church. A nominating committee was also appointed, and officers will be elected at the May meeting. The meeting will be in the home of Mrs. Virginia Lushbaugh. Mrs. Edna Mae Callison was in charge of the worship programs, with the following taking part: Mesdames Loretta Osborne, Buna Lavena, Gyndolene Laferty, Nellie Laferty, Virginia Lushbaugh, Flora Gray, Ivan Carr, Pearly Kizner, Nancy Louder. Our new member was welcomed. Refreshments were served to Rev. and Mrs. John P. Carr, Mesdames Virginia Lushbaugh, Daise May, Nellie Laferty, Pearly Kizner, Buna Lavena, Loretta Osborne, Gyndolene Laferty, Edna Mae Callison, Flora Gray, and Miss Doris Callison.

Mr. and Mrs. Bill Osborn and daughters, Lina, Peggy, and Janet Leigh, spent last week-end with relatives in Parkersburg, W. Va. Mrs. Ange Laferty, of Stone, was visiting Mr. and Mrs. J. W. Laferty and Mr. and Mrs. J. B. Laferty, Wednesday.

Mr. and Mrs. Wayne Ratliff, Mr. and Mrs. Jesse Elliott, Mr. and Mrs. Otis Spurlock attended K.E.A. in Louisville last week.

There will be communion and baptismal services in the Emma Methodist Church, Sunday morning. All are invited to attend. Pastors are, Flora L. Gray and Tincy L. Crisp.

Master Gus, second in the 1956 Washington International at Laurel, finished fifth in the same race in 1955.

The Boy and Sea Scouts will serve as attendants Saturday, April 20, at the Jett Service Station at Martin, near the American Legion Club Building, as all the profits from sales that day go to the Scouts. It was announced this week.

NEW SOCIAL SECURITY OFFICE
The Pikeville office of the Social Security Administration will establish a contact station at the Wayland postoffice building, April 23. The office will be open each fourth Tuesday in the month, at 10:30 a.m. It is said to facilitate claims under Social Security.

Mrs. Cynthia Auxier, 39, East Point Resident, Dies in Lexington Hospital

Mrs. Cynthia Ellen Auxier, 39, a lifelong resident of East Point, died Tuesday, April 16, in a Lexington hospital following an illness of two months.
Born October 23, 1917, in Floyd county, she was the daughter of Lonnie George and the late Mary Stephens George. She was a member of the Church of Christ.
Surviving are her husband, Sam Auxier, two daughters, Diana Sue Auxier, at home, and Mrs. Abdellah Elderwood, Columbus, Ohio, seven sisters: Mrs. Beatrice Dimegan East Point, Mrs. Oakie Payne, Glendale, California, Mrs. Emma Wilson, Auxier, Mrs. Maggie Akers, Columbus, Ohio, Mrs. Opal Miller, Mrs. Eva Buck and Mrs. Nina Faye Lilly, all of Findlay, Ohio and three brothers: Alex and Herman George, both of East Point, and Jackie George, Columbus, Ohio.
Services were conducted at 10 a.m. Friday, April 15, from the East Point Church of Christ with the Rev. E. C. Honeycutt officiating. Burial was made in the family cemetery at East Point.

Woman Injured When Devil Fish Invades Boat

Fort Myers, Fla., March 30—Mrs. Fred Carlson is recovering from injuries received when a 400-pound leopard-ray devil-fish jumped into a cruiser in the Gulf of Mexico.
Mrs. Carlson was fishing with her husband and four friends off Punta Rassa when the big devil-fish, apparently trying to shake three sucker fish attached to its underside, slammed into the boat. The impact of the big fish splintered the engine box and bent the steering column and gear shift. The fish thrashed wildly in the bottom of the boat. It was brought ashore at Punta Rassa where four rifle bullets killed it.
Mrs. Carlson was taken to Lee Memorial Hospital with a broken arm.

SYKES ENLISTS
James Gordon Sykes of Wheelwright, was enlisted Thursday of last week in the Army at the Army Recruiting station, at Ashland.
Sykes, who is the son of Mr. and Mrs. Burgeon Sykes, was enlisted under the Army's program of permitting qualified volunteers to enlist in the Army Reserve for a period of six years, two of which must be spent on active duty. Applicants may choose their branch of training and Sykes chose the Corps of Engineers.

Gardening Time

By Robert Jones
County Agent

CULTIVATION
The main reason for working a garden is to get rid of weeds. The time to do this is before the weeds are large enough to compete with the vegetables for moisture and plant food. When weeds are small, the work is easier, and only a shallow stirring of the soil is needed for uprooting the weeds. In fact, if the weeds can be scraped off at the level of the ground, without stirring the ground, the results would be the same, as several experiments have shown. Never cultivate deep, as this will cut off the roots and rob the plant of its food and water supply. Everyone remembers when corn was plowed deep, and at the end of each row, you had to stop and remove the roots from the plow. The corn started to wilt within ten minutes after plowing. Corn yields were cut at least a third by this deep plowing. The same thing will happen to vegetables, if cultivated deep.
In addition to destroying weeds, cultivation sometimes is desirable to break the crust which tends to form after a hard rain.

INSECTS AND DISEASES
One of the biggest problems a gardener faces is the control of insects and diseases. There are probably more insects and diseases now, than there were several years ago, but there are new materials on the market that will better control them.
Insecticides (for insects) and fungicides (for diseases) are on the market in a ready to use dust, or as a wettable powder to be used for spraying. Of the two types, the spray is much preferred. You can do a much better job of covering the plants, control is better, and the cost is less. One of the cheapest pieces of equipment is a three gallon pressure spray. If used properly it will last several years.
Practically all insects can be controlled by using either methoxychlor or malathion. These are available in both dust and spray forms. To make spray material use two tablespoons to a gallon of water.
D.D.T. is also effective, but do not use it on any plant that will be used within six weeks after spraying. It has a residual effect for weeks that will cause a reaction.
Vegetables should be sprayed as soon as any insects are noticed, and respray every ten days throughout growing season.
The first insects that will cause damage are the flea beetles and plant lice. They will attack young, tender vegetables and will stunt the plant. Check closely for these insects, and spray as soon as they are noticed.
A new material is on the market, which strawberry growers are using that will control rots and other diseases. This material is cuprin. It has also proven effective for control of tomato blight. This should be used along with a copper or zinc material on tomatoes.
Other information is available at the extension office on insect and disease control.

'Fix My Radiator' Proves A Big Order
Detroit—Mrs. Eva E. Paff pulled into a gasoline station and told an attendant to "fix my radiator." A factory secretary, she had left her job only minutes before and great clouds of steam were pouring from under the hood of her car.
The attendant took one look and gasped through the steam: "Lady, you don't have a radiator." It had been disconnected and stolen while she worked.

ENDORSE LESLIE FOR SHERIFF

We recommend David B. Leslie for Sheriff. We feel that he has the ability and leadership to help Floyd county and solve many problems. The chairman of each of these committees, which are now supporting David B. Leslie for Sheriff, are:

- Teachers Committee—Norman Crider.
- Students Committee—Russell Stratton
- Baseball Committee—Togo Harris

(Pub. Adv.)

LESLIE FOR SHERIFF

As most of you voters are aware I am a candidate for Sheriff. You, to whom I have talked, have encouraged me with pledges of support.

To you whom I have not yet had the opportunity of seeing and may perhaps not know me personally, allow me to tell you a little about myself.

I was born and raised at Cow Creek, graduated at Betsy Layne High School in 1932, went to Pikeville College and graduated from Morehead State College in 1936. I taught school in our home county and served as coach for 15 years.

I did two years of army service as hundreds of young Floyd countians did and returned to take an active part in assisting my fellow veterans in whatever capacity I could or was called upon to do. I served as Commander of the American Legion, Post 129, at Prestonsburg.

I belong to the church and have always worked for the spiritual uplift and betterment of my fellow man and the community. What leadership I have been able to exert has been in the direction of good government, schools and churches. That is nothing more, though, than any good citizen should do. It is what I will continue to do as your Sheriff.

I am, of course, a common ordinary citizen, seeking an office at your hands. I have always been friendly, glad to see my friends and acquaintances, before the election as I am now. I am not a mere glad-hand, fellow who ignored his friends nor have my people been that kind. I am widely related in Floyd county, my kinsmen being of the old families who helped to develop this county. I am proud to be one of them with you, glad that I have in the past served in various capacities to make our county a good place to live.

Like thousands of other Floyd countians I was flooded out. To you who suffered in the disaster I want to say I know your problems, of how we have a long haul back to normal. If I can serve you now, as a private citizen, or after the election as your Sheriff, feel free to call upon me.

I've played a great deal of baseball in life as many of you know. Life is like a game, all of us are on a team. We can by team work pull together that Floyd county will be a good place to live in. Your sheriff is a very important member of the team.

I solicit your support, sincerely,

DAVID B. LESLIE
Democratic Primary

WAIT!

Be sure you know who you are voting for in this coming election. Make it the election that will mean most to you and your county.

I have served the public for 20 years and it means a lot to know how to treat people. I don't think I have one enemy in this county anywhere. I am the son of the late Rev. George Patrick, of Garrett, Ky., and was born at Prestonsburg and lived there for 10 years. I was raised on Beaver Creek. I am not bringing my war record in this matter, although I did spend two years overseas serving my country.

Your help and support will be highly appreciated.
GEORGE PATRICK, JR.
Martin, Ky.
Republican Candidate for COUNTY COURT CLERK

come to church **Easter**

YOU ARE INVITED TO ATTEND

The community Good Friday Service at the Irene Cole Memorial Baptist Church, First Avenue in Prestonsburg Friday afternoon at 2:30. The sermon will be preached by the Rev. J. Baldwin Stiltz, pastor of the Community Methodist Church, and the music will be provided by the Prestonsburg High School Glee Club. The service will be broadcast over Radio Station WPRT.

The Easter Sunrise Service will be held at the Stratton Branch picnic area at Dewey Lake Sunday morning, beginning at 6 o'clock. (In case of rain, the service will be held in the First Methodist Church in Prestonsburg.) The sermon will be preached by the Rev. Harold W. Dorsey, pastor of the First Methodist Church of Prestonsburg. Special music will be provided by students of Prestonsburg High School.

A CITIZEN SPEAKS FOR CRIT WELLS

Every election year, we the people of Floyd County, are confronted with the problem of figuring which of the many candidates would be best fitted for the office he seeks. We are now faced with that problem.

Of all the candidates seeking office, I am particularly interested in only one, and that is Crit Wells of Easton, who is a candidate for Representative of the 96th District. I have known Crit (as I call him) for many years. Throughout all these years I have found him to be an honest, efficient, upright and sober minded man. What I mean by "sober minded" is good, clear, conscientious thinking.

Mr. Wells has always taken active positions for the welfare of the people. He continues to have that fine trait. He is a Christian man, has been for some time, is a member of the Wayland Methodist Church. I want to point out that this writer does not live within four miles of Mr. Wells, deems during many years and I feel sure he will endeavor to do the good deeds for our District (Pol. Adv.)

Helping Chaplin Gets Man in Jail

Niigata, Japan—A Japanese reporter spent the night in jail for trying to get Charlie Chaplin out of a jam.

Identified only as Mr. Shin, the man was hauled out of a local movie house by police during a showing of Chaplin's "Modern Times."

Midway through the third reel, as Charlie was walled by a huge machine, Shin rushed from the back of the house, leaped on the stage, and ripped down the screen.

"I was only trying to help," he said.

Spears for Judge

I am a candidate for County Judge who is trying to ROT out on promises alone. I would rather let my friends tell you about myself, how I have worked hard all my life, been honest, truthful and sober. Those things, common to many men, should be some of the qualifications of a Judge. My friends will tell you that my record is clean, that my word is my bond and that I shy away from promises when they can't be fulfilled.

However, I will promise to make you an honest, fair, progressive Judge. I will not be all things to all men, nor will I be all things to a few men and nothing for others; will serve all the people in the office that is their right and be charged with the responsibility of the stewardship of that office.

I will attempt with every resource at my command to get this county out of debt. I will fight to keep this county from being saddled with any indebtedness through the water and gas districts set up by the fiscal court. This act will be enacted in litigation for years over the water and gas bonds. I will insist that the Floyd county taxpayers be protected in the courts.

I want to ask you creek people, too, where you expect to get any relief from the mud of your roads? You can't get it from the present administration for after years in office very little in the matter of roads has resulted. We need better farm to market roads, better school roads and while other counties are making progress let's march alongside them to a better county road system.

Progress comes only through change. Let's change things at the courthouse. Let's build more roads. Let's put the county on a sound financial system.

Let's have a Change!
HARRY STEARS
 Democrat for County Judge

First Democrat Elected At Ypsilanti in Century Is Floyd County Native

A native of Floyd County recently became the first Democrat to be elected to the office of township clerk at Ypsilanti, Mich., in more than 100 years.

The new clerk is Ralph L. Anderson, Jr., formerly of McDowell, who moved to Ypsilanti only five years ago. His office pays \$7,000 a year, plus travel expenses.

Anderson is a son of Ralph L. Anderson, of McDowell, Mich. His father is employed in Ypsilanti. Leaving McDowell in 1952, Anderson found employment with the Detroit Harvester Company of Ypsilanti where he has since worked. He was elected to the Ypsilanti city board of education in 1956, and this year decided to give his political wings a test by trying for the township clerk post which the G. O. P. had held so long. Mr. Anderson carried Thomas Gunn, of Drift, and they have two sons.

TIMES WANT ADS REALLY GET RESULTS!

AMOS GRAY

For SHERIFF

A Graduate of International Detective School of Washington, D. C. Class of 1947, No. 5866 (A Son of Buck Gray and Louisa Osley Gray)

If you will go to the polls, nominate and elect me your Sheriff-off on the Democratic ticket. I pledge I will give you four years of honest law enforcement to the big and little boys, rich or poor. I have never been a hero but I did serve my country four years in the Army, two years of that in the South Pacific. Since I came home from the war I served my country faithfully for eight years as an officer and never hurt any one. I have taken many chances on my own life to keep from being injured or killing any one while serving as your officer. I feel quite well experienced and qualified to serve you as Sheriff, honestly and faithfully for the next four years if you will give me the chance.

I haven't any money to put in this election so when elected I will thank it will be your honest vote and in return I will serve you honestly.

My wife is the former Marguerite White, daughter of Hugh White and Elizabeth White. We have two sons.

Your friend,
AMOS GRAY

EAST KENTUCKY NEGRO HITLER IMPERSONATOR

London, Ky. — The fantastic scheme of a Middleboro preacher to victimize would-be Nazis by posing as Adolf Hitler crashed about his ears today.

Will Henry Johnson, who signed himself as "the Furrier No. 1" in letters to people he tried to defraud, was found guilty by a jury in United States District Court here on three counts of using the mails to defraud.

Federal Judge H. Church Ford sentenced him to serve three years on each count, the sentences to run concurrently.

Besides posing as Hitler and claiming to be hiding deep in the Eastern Kentucky mountains, Johnson signed some of the letters as "Eva Hitler" and as "Keeserling."

In his letters Johnson declared Hitler and his mistress Eva Braun, from their secret hide-out were planning to overthrow the governments of the United States and other countries in order to restore Nazi Germany to power.

Government witnesses showed that "the Furrier" received more than \$11,000 from his victims, including nearly \$10,000 from G. A. Huber, white, and \$1,000 from Charlie Brown, Negro, both of Bristol, Tenn.

On the witness stand Johnson, 63, a Negro, admitted receiving the money from Huber and Brown over a 10-year period. He was going to make Huber the "Furrier No. 2" and Brown was to be governor over a large territory. Huber was to be commander of the Nazi armies while Brown would "live in a royal palace."

When first confronted with the charges against him, it was brought out in court, Johnson said, "if they were crazy enough to send me money, I was smart enough to spend it."

Testifying today, Johnson admitted writing the letters and receiving between \$9,000 and \$10,000 from Huber and \$1,000 from

Morehead Workshop For Writers Slated For July 22-Aug. 2

Morehead, Ky., April 15 (Sp.) — It should be one of the most successful writers' workshops in the nation, president Adron Doan said today as he looked over the imposing list of visiting lecturers for the Morehead State College Writers' Workshop, scheduled for July 22 to August 2, is being held for the sixth consecutive year. It features such top names in the writing field as Hollis Summers, James Still, Joe Cresson, Robert Francis, James Stokely, Wilma Dykeman, Woodridge Spears and Paul Green.

Albert Stewart, assistant professor of English at Morehead and a noted poet, is conducting the workshop.

"With such an outstanding list of lecturers," said Stewart, "we plan to offer general group discussions, individual conferences on manuscripts, evening lectures, elementary courses in poetry and short story writing and informal sessions on all phases of writing."

The two-week workshop is open to anyone interested in writing although some previous writing experience is desired. Tuition is \$10 a week.

Visiting lecturers are: Hollis Summers, professor of creative writing at the University of Kentucky, who is the author of numerous novels including "City Limits"; Robert Francis, director of the Chattanooga Writers' Workshop, Chattanooga, New York, who has published a novel and several books of poems; Joe Cresson, columnist and staff writer on the Louisville Courier-Journal, who is best known for his highly readable articles in the Courier-Journal Sunday magazine; James Still, novelist and poet from Hindman, author of "River of Earth" and many books of short stories and poems; James Stokely, an authority on Thomas Wolfe, whose poetry has appeared in the Atlantic Monthly and other magazines; Wilma Dykeman, recipient of a Guggenheim Fellowship, whose book, "The French Broad," was printed in the Rivers of America series; Woodridge Spears, professor of creative writing at Georgetown (Ky.) College, whose poems have appeared in many leading magazines; Paul Green, Pulitzer Prize winner and author of "Wilderness Road."

Several other outstanding authors have been contacted and will be announced later.

In 1922 WHAS, Louisville, the first broadcasting station in Kentucky, was established.

\$15 Woman Stole In '07 Returned to Ex-Officer

Huntington, W. Va.—A. L. Lon Adams, retired Huntington policeman, was surprised yesterday when he found in his mailbox an envelope containing a money order for \$15 and a note.

The message—from a Catlettsburg Ky. woman—explained that she had stolen Adams' billfold containing \$15 in 1907 and that it had been on her conscience ever since. She said the billfold was thrown away long ago and asked that she be forgiven.

Love Founders On Lovebirds' Food on Floor

Los Angeles—Birdseed on the kitchen floor was the reef on which their marriage foundered, says Mrs. Beverly Jurman, 29.

She was awarded a divorce from William Jurman, 33, a chiropractor, after telling the judge:

"He went into a great rage and yelled until 2 a.m. because our baby lovebirds scattered seed on the kitchen floor. He finally kicked me out of bed and telephoned my father."

"If the birds could talk they would certainly have been good witnesses, but they were just babies."

DANIEL IN GERMANY

Weissenau, Germany — Specialist Third Class Paul B. Daniel, whose wife, Betty Jo, lives at East Point, Ky., recently participated in a field firing exercise with the 5th Antiaircraft Artillery Battalion in Germany. Specialist Daniel, son of Mr. and Mrs. Dennis C. Daniel, Thekla, is a radar operator in the battalion's Battery C. He entered the Army in September, 1935, and completed basic training at Fort Bliss, Tex.

ALLEN

Misses Jennie Hall, Judy Snodgrass and Minnie Sue Martin attended the youth assembly in Frankfort recently.

Miss Sonia Johnson has returned to Georgetown College after a visit here with her parents, Mr. and Mrs. Forrest Johnson.

Miss Wessela Boyd, who is attending school in Danville, is visiting her parents, Mr. and Mrs. Don Boyd.

Mr. and Mrs. George Snodgrass spent last weekend with relatives in Ashland.

Mrs. Alta Malone and Mrs. Rosemary Passare were shopping in Pikeville Wednesday.

Mrs. Bennie Lafferty, Mrs. Bennie Lynwood Lafferty and Mrs. Ben Hall were shopping in Prestonsburg, Saturday.

Mr. and Mrs. Fred Goble and daughter, Donna, of Lancaster, were visiting here Sunday afternoon.

Mrs. Malinda Lafferty, Mrs. Belle Lafferty and Miss Linda Gray, of Sloan, were visiting Mr. and Mrs. Jeff Burkett, Wednesday.

In 1730, John Salling, Williamsburg, Va., was the first native white American to penetrate Western Kentucky where he was captured by Indians.

—I—

(Continued From Page One)

that the Bowlings were in Eastern Kentucky at a rather early date—1802. Then, I found a Benjamin Bowling listed in Knox county, 1800. Had had some work done in Tennessee in the counties just over the line from Knox county, Benjamin Bowling in Anderson county, Tenn., from 1801 to 1808. He was replaced on road work, 1808. This made me believe he was leaving Tennessee at that time. Of course, I do not know whether this Benjamin Bowling was mine or not.

"The first I find of my Benjamin Bowling, here in Adair county was 1815 when he bought 100 acres of land on Roaring Lily Creek, land which was cut off into Russell county in 1820.

"I correspond with Mr. Homer Ledford, of Manchester, Ky., whose mother was Kate Bowling—now deceased. He has much data on the Eastern Kentucky Bowlings in one of his notes he sent the following: Letter from Jason Walker, Bowling, Orange, Clay county, Virginia, about 1810. That Jesse was a Revolutionary War soldier.

Jesse was the brother of Jesse who had brothers, William, Robert, an older brother named Benjamin who was born 1782-3. That Jesse Bowling came from Lee county, as stated above.

Of course, the Benjamin Bowling who was the brother of Jesse was not my husband's great-grandfather, Benjamin Bowling as mine was born 1778. But, he may have been the father of our Benjamin. There, too, there is a chance that he came from John Bowling, or Isham, who were here early.

"We know that our Benjamin Bowling came from Randolph county, N. C. to Kentucky, or at least when he and Harrison Callis coat left Randolph county, N. C., in the late 1780's or early 1800's they were headed for Kentucky but, may have stopped in Virginia for a year or two. I got this Randolph County, N. C. information from an old law suit in Russell county. A woman in North Carolina was suing the estate of Harrison Callis for a few dollars. Benjamin Bowling was the Administrator for the estate. Harrison Callis died in the home of Benjamin and Prudence (Callis coat) Bowling, 1824."

TO BE REVIEWED
The Floyd county Sequences, nial booklet will be reviewed in a national genealogical publication, according to a letter from Henrietta E. Lemon, Librarian of the National Genealogical Society, Washington, D. C. She writes March 23:

"It will be reviewed in our quarterly. I had looked through it and found it most interesting, especially the articles about the Indian raids. My mother's family were early settlers in Bell county. I believe it was Madison county when they first went there in 1800."

STEFFY IN COLORADO
Fort Carson, Colo.—Pvt. James E. Steffy, son of Charles Steffy, Tram, Ky., recently completed eight weeks of basic combat training with the 9th Infantry Division at Fort Carson, Colo.

Have You Had An Even Break?

We talk a lot about equality of opportunity. That means, according to my way of thinking, that the man on the head of the creek and his wife and children should have the same chance that is enjoyed by people who live on or nearer the main highways.

But do they have such opportunity? We all know they don't. We know that their roads are miserable, that their children wade water and mud to school and that the man of the house gets to work by raking his life over bad roads if he tries to drive a car.

The horse-and-buggy days are over, and the folks up the creeks and branches deserve an equal chance with those who are better located.

If every County Judge of Floyd county I didn't already be elected to see that these people who have no roads get roads they can drive over all the year. As I have previously said, I intend to start roads from the heads of the creeks and build our way out to the roads that are all ready good.

I know you people have been told in the past that your roads will get attention. You are justified in doubting that you will get such help, because we all have lived a long time and you haven't got any help. BUT I AM NOT MAKING IDLE PROMISES. I WILL USE EVERY RESOURCE AT MY COMMAND TO BUILD THESE ROADS THAT ARE NEEDED FIRST—ROADS THAT MUST BE BUILT.

Let me do for you this job that should have been done a long time ago.

Sincerely

BILL COOLEY

(Pol. Adv.)

Kill Strawberry Insects During Setting-Out Time

Strawberry plants being set out now for 1958 production should be protected immediately against several insects, UK Agricultural Experiment Station entomologists and horticulturists say.

Ants, the strawberry crown borer, the grape colaspis, the strawberry rootworm, white grubs are the most dangerous to new plantings, says J. G. Rodriguez, entomologist, and C. E. Chaplin, horticulturist.

Fertilizer-insecticide mixtures are the most commonly used of three control methods in Kentucky. Others are emulsion concentrate (used as sprays) and granular insecticides.

Three materials are recommended: Aldrin, 4 to 5 pounds actual per acre; Heptachlor, 4 to 5 pounds actual per acre; and Chlordane, 8 to 10 pounds actual per acre. Aldrin and Heptachlor are somewhat cheaper than chlordane.

Regardless of how used, the specialists note, all materials must be broadcast—and the mixtures must be applied and DISKED IN at least one week prior to setting of plants. Plant-setting time is generally mid April to May 1.

Fertilizer used should depend on soil analysis made of the particular planting area, application rates also are so governed.

The specialists note that when fertilizer-insecticide mixtures are used, many of the mixtures are commercially available.

The fertilizer-insecticide mixtures comes as 0.5 per cent Aldrin or Heptachlor mixtures; these should be used at the rate of 800 to 1,000 pounds of the mixture per acre, disked in. Chlordane comes as a 1 per cent mixture and this also is used at 800 to 1,000 pounds per acre, disked in.

FOOD NOTES

By DIXIE TRAPP
Home Demonstration Agent

Ham has been a star on Easter for many, many years. According to legend, it was a pagan custom (before the first Easter) to hold a feast to celebrate the coming of Spring. One thing they did was bury their choicest cuts of meat near the sea so action by the salt water would cure it. Dug up and cooked, this meat really became the star of the meal.

Ham is most famous for its Easter performance. Spring is normally a season of large pork supplies. Many retailers give it top billing in their Easter promotions.

There are several kinds of ham from which you may choose. Quick cured hams are those most often found in stores. They have had a mild cure and light smoking. Tender hams are partially cooked during processing and need further cooking before serving. Ready-to-eat hams may be served without cooking. Under Federal Meat Inspection Service requirements, the ready-to-eat must have a "fully cooked appearance throughout."

Long-Cure hams have a higher fat content, and lower moisture than quick-cure hams. Usually, they are cooked in water before they are baked.

Canned hams are also available. Canned hams are skinned, trimmed, and boned. They are cured, (but not smoked) and then put in cans, sealed and cooked in their own juice. They may be eaten without further cooking.

You may find whole hams, butt and shank halves, ends, and center slices. The butt half has less bone and so a higher proportion of meat than the shank half. Halves sell for a higher price per pound than ends, but they also have a higher proportion of meat than ends.

One pound of fresh or tender ham has about 2 1/2 servings while cooked and boneless ham has approximately 4.

All ham, except long cure ones, need refrigeration. It may be frozen up to six months at 0 F.

Ham can also star at other seasons. Serve it with apple sauce, eggs, sweet potatoes, apple rings, cabbage or pineapple anytime.

New Castle in Henry county is the oldest incorporated town in the State. Many old houses border the quiet streets radiating from the public square.

NEW COTTONS SOUGHT

New cotton fabrics — softer, smoother, and more lustrous than today's cottons—are the objectives of a new contract-research project sponsored by the U.S.D.A.

YOUNG VOTERS ASK QUESTIONS

We are registered Voters . . . but Banner Meade was in office six years before we were born. Most of us are in college now, looking to the future and its opportunities. Some day, some of us will ask for public office and public service. Are these offers of the gift of the people or have they been decided to politicians like Banner Meade and DuRan Moore?

We are young voters and want to ask questions. We would like to ask Mr. Meade but he won't answer. We couldn't ask when he first went into office as we were not born then. DuRan Moore wants 12 years in office. Doesn't a politician ever retire?

PROCK HAYES

Has Been
A Good Jailer

Re-elect him for another 4 years.

When a County Official stands for re-election he must stand or fall on his record of service to the people.

Prock Hayes as your jailer has a record of service to the people of Floyd County of which he and his many friends can be justly proud.

The record does not have to be checked in county record books, it can be seen. We have seen the cleanliness of the courthouse and grounds, the upkeep of the jail and the manner of Prock's service to the county. Many of us have eaten at the jail, we know the quality of the food and the fine manner in which it is prepared.

Naturally, no one enjoys being in jail but those who have known that the prisoners have been treated with all courtesies due them, and most of all have lived in clean surroundings with good, sufficient food. As it should be, no special favors, nor partiality has been shown to any prisoners. In addition, Prock Hayes, has been very faithful in attending court and has been helpful to the Court and to all the people with whom he has come into contact.

All in all, we think Prock Hayes has made the best jailer we have ever had.

We recommend him for another four years.
Re-elect Prock Hayes jailer.

Signed:
FRIENDS OF PROCK HAYES

COL. ANDREW JACKSON MAY.

Col. Andrew Jackson May, Confederate leader and Prestonsburg native, did not return to Floyd county after the Civil War to resume law practice but moved to Tazewell county, Va. Here he lived and died.

Col. May was the subject of a brief story in "The West Virginia Hillbilly," March 16. The Hillbilly, published at Richwood, W. Va., credits the story to the Bluefield (W. Va.) Daily Telegraph. The anecdote titled, "Johnny Reb Tangles with Baldwin-Peltz Detective," follows.

"A number of the Southwest Virginia court houses have been the scene of tense situations in functioning as seats of justice and on occasion litigants have aborted the due process of law either in defiance of judicial findings or temperamental outbursts, sometimes resulting in tragedy.

"A near-tragedy in a clash of personalities occurred in the Tazewell county courtroom some 60 odd years ago. According to narratives a man lost his life in the county and relatives and friends of the victim employed a detective agency to investigate their suspicion the

fire was of incendiary origin. The operatives developed sufficient clues to bring the proprietor to trial.

"The defense attorney was the widely famed Col. A. J. May, of Tazewell, a native of Kentucky and a gallant Confederate army officer whose courage had been proven on many battlefields. He was said to have been forewarned that if he expressed doubt as to the veracity of the detective, he would be shot.

"The detective in question was the late W. G. Baldwin who acquired wide prominence in the field of crime detection as head of the Baldwin-Peltz detective agency.

"The courtroom was filled to capacity for the sensational trial and in due course Col. May reached the point of questioning the truth of Baldwin's testimony, saying, "And now I am going to tread on ground where angels dare not tread, and in an instant pistols flashed in the hands of the two men, and but for the quick action of friends who deflected the weapons causing the bullets to go wild, either or both might have met death.

"Swords, shot and in rapid succession, the only one taking effect wounded Col. May just below the knee. With the first shot pandemonium broke loose with men seeking cover under benches, crouching behind other persons, abandoning vantage points for less conspicuous ones. A man was sitting in a window in line of fire, but the shooting was over before he could vacate his position.

"A story often repeated tells of two prominent men who had not spoken for two years, one of medium build while the other was quite obese. The smaller man advanced a bench and the fat one on top of him. When recognition was established the large man made a move to quit his position, the other broke the two year silence in a cordial invitation to the other to remain where he was.

"No one seems to remember the outcome of the trial, nor whether the obese cognizance of the shooting, but it is said friendly relations were later established between the two principals in the shooting."

BOWLING FAMILY

A letter from Mrs. E. J. Bolin, Box 182, Columbia, Ky., to Mrs. Evelyn Salisbury, treasurer of the newly organized historical society here, asks information about the Bowling-Bolin-Bowlin-Bolling families of Eastern Kentucky. Mrs. Bolin gives considerable data on her family.

"The first Bowlings, different spellings, that I found were in Madison county, Kentucky, by 1802. Namely, Joel John, William, Isham, and others most of whom were located on Redbird Creek, land which later was cut off into Clay and other Eastern Kentucky counties. Floyd was cut 1796 from Mason, Fleming and Montgomery.

"My husband's great-grandfather was Benjamin Bowling, born 1776, died 1858. He married Prudence Callicott, who was the daughter of Harrison Callicott, who was the son of James Callicott of Prince Edward county, Virginia. Prudence was born 1738, died 1860. Both are buried in Russell county, Kentucky, on the land that was their first plantation after they came to this section.

"Benjamin Bowling and Prudence had some Isham born in Virginia 1801-2; John C.; Benjamin Pese—named for a kinsman in Randolph county, N. C.; Henry Jackson, my husband's grandfather—Daughters, Dicey, Mollie, Lucinda—and one or two more. Some of the sons were in Civil War. I have not been able to find the parents of Benjamin Bowling.

"I went to the Historical Society, Frankfort, last fall, and did some work in the old tax lists, and found

(See Story No. 1, Page 1)

Airman Asks Votes To Help His Father

My father, J. E. (Eddie) Conley is a Democratic candidate for Magistrate in District 1, and I cannot help him as I would like to do, since I am in the U. S. Air Force and a long way from home.

This much I can do, however—I can ask all my friends and relatives to help my Dad in this race. He will make you a good Magistrate, and I will appreciate your kindness so much.

Shell color of eggs has nothing to do with their nutritive value or flavor, say Extension food specialists at the University of Kentucky. White or brown eggs are equally good for all purposes.

Driver Hurt in Crash With Freight in Boyd

Cattlettsburg, Ky., April 15—George Faulkner, 38, of near Buchanan, suffered a head injury today when his automobile was struck by a Chesapeake & Ohio freight train at Burdough, Boyd county.

French Peterman, 45, also of Buchanan, who was riding with Faulkner, escaped injury.

Faulkner was admitted to King's Daughter's Hospital, Ashland with possible skull fracture. His condition was listed as being critical.

PUBLIC SQUARE

On the public square in Greensburg stands the Green county courthouse, built in 1799, the only one of its kind remaining in the State. Built by Thomas Metcalfe, tenth governor of Kentucky, the building is constructed of random-width limestone and houses the Jane Todd Crawford Library on the second floor.

CLIVE AKERS
FOR TAX COMMISSIONER

PERFORMANCES, NOT PROMISES

My grandparents are Jake (J. P.) Akers, Alamander (Squint) Martin, Evelyn Hall and Elizabeth Akers.

I received my elementary education on Left Beaver of FLOYD county. After my father died I attended the CANEY CR. COMMUNITY CENTER AT PIPPA PASSES, Ky., where I completed two years of college. I want to sincerely say that the guidance MRS. ALICE S. G. LLOYD gave me, has been an outstanding IDEAL in my life.

After leaving CANEY I attended MOREHEAD STATE COLLEGE where I graduated a Bachelor of Science with a major in mathematics.

Fifteen years of my life were spent as a HIGH SCHOOL MATHEMATICS TEACHER AND ATHLETIC COACH in FLOYD COUNTY.

My record as a SCHOOL TEACHER, A CITIZEN, and as your TAX COMMISSIONER IS OPEN to all TAXPAYERS, CITIZENS and VOTERS of FLOYD COUNTY.

It WILL be my policy in the future, as in the past, to help the TAXPAYERS solve their problems and make FLOYD COUNTY A BETTER Place to live. Ask yourself? Has he been fair with me? What else do I want?

If my record meets your approval I believe I have the right to solicit your support. Do not be misled by RUMORS.

Records are made by performance not by promises.

Honest - Fair - Accommodating - Experienced.

I HAVE CONFIDENCE IN MY RECORD.

**Strawberry Planting Time
Here Now For Kentuckians**

April is the best time to set out strawberry plants, whether they are to be for home use or a commercial planting.

There is a reasonable supply of virus-free Kentucky grown plants available, says W. W. Magill, UK Agricultural Extension Services fruit specialist. The two most popular varieties are Pocahontas and Tennessee Beauty, both well adapted to Kentucky. Pocahontas, available only a few years, is a high-quality and high-yield variety. Blakemore is still a good variety, Magill says, but yields generally are under those of Pocahontas and Tennessee Beauty.

For home and freezer use Magill recommends setting 100 plants in rows four feet apart. Plants should be set about 3 feet apart in the rows.

Magill suggests that 1957 is a good year to plant an acre or two for the 1958 harvest season. There are good market cooperatives in the state for strawberries, and local markets can also take a limited number of berries. Likewise, many growers sell the crop "in the field" with the consumer-purchaser doing the actual picking; this type of merchandising rapidly, Magill says.

**New Hail Policy
To Save Farmers
Premium Dollars**

Frankfort, April 15 (Sp.) — A new crop-hail insurance policy, designed to save Kentucky farmers substantial premium dollars, has been approved by the State Insurance Department E. J. W. Fennell, deputy commissioner, has announced.

Policy revision was undertaken because of the losses suffered in Kentucky last year by insurance companies in the crop-hail line, Fennell said. "We believe this revision will prevent a big boost in premium rates," he said.

Last year Kentuckians paid \$1,975,629 in crop-hail insurance premiums. In return the companies paid \$2,088,846 in claims for a loss ratio of 132 percent, he said.

"Our agency knew something had to be done to prevent crop-hail insurance from being priced out of the market or the companies paying out more in claims for a loss ratio of 132 percent," Fennell said.

In the ensuing study of the problem, the department found recent research projects of independent and state agencies which determined the effect of hail on growing crops. These showed and substantiated that a hail loss of five percent or less does not affect the crop either as to quality or marketability.

Thirty percent of the loss paid last year in Kentucky were for damage of five percent or less. These losses did not cost the farmer in prices received at market, yet the companies had to pay a claim.

The new policy will, in effect, relieve the companies of paying losses less than five percent where no damage, in fact, has been done. The net result to the farmers of Kentucky will be a stabilizing of rates for crop-hail insurance, Fennell said.

Commonwealth of Kentucky
Department of Highways
Notice To Contractors

Sealed bids will be received by the Department of Highways at its office, Frankfort, Kentucky, until 10:00 a.m., Central Standard Time on the 28th day of April, 1957, at which time bids will be publicly opened and read for the improvement of:

**THE THOUGHTS OF AN
AVERAGE TAXPAYER**

I am just an average taxpayer. I don't know anything about "big time" politics but I am interested in the way my property is assessed and I believe many other property owners in this county feel the same way.

I believe that any man who has been in office for almost 20 years ought to be willing to give an account of his stewardship. I think our present Tax Commissioner ought to answer a few simple questions instead of merely repeating a lot of high sounding words which don't mean anything. As a taxpayer I would like to know, and I think other taxpayers would like to know, how our present Tax Commissioner stands on the following questions:

- (1) Do you think the office of Tax Commissioner is a full time job or just a sideline?
- (2) Do you think it's right for the state or county to pay some one to do the work which the Tax Commissioner ought to do?
- (3) Do you think it's right for the Tax Commissioner to hold

leases and to sell coal to coal companies when he has to assess their property?

(4) Do you think we should vote for a Tax Commissioner just because someone in Frankfort wants him to stay in a position where he can represent the political machine?

I think our present Tax Commissioner should answer these questions, and if he can't give the right answers, I think it's time for a change. I think Manis Conley will save the taxpayers thousands of dollars by doing the work himself instead of the County hiring it done. I think Manis Conley will stay in the office unless he is out on Tax Commissioner's business. I think Manis Conley is qualified for the job and that he should have a chance to serve the people in this office.

MANIS CONLEY CAN WIN.
LET'S NOT DIVIDE OUR FORCES.
LET'S VOTE FOR MANIS CONLEY.

**Watershed Work Progress
in Kentucky Is Listed**

Water work in Kentucky is proceeding rapidly, says Lyle Leonard, Kentucky Agricultural Extension Service conservationist. In 18 counties, he notes, watershed protection and flood prevention either are planned, contemplated or designated for planning. Conservancy districts have been voted in in a total of 14 counties; hearings held for districts in 11 counties; hearings scheduled in three counties; and petitions filed for districts in three counties. Some of the counties are in more than one of the above listed categories, Leonard says.

Total egg production in 1956, amounting to 60.8 billion, was record high, says the U. S. Department of Agriculture.

**A Few Facts About
THE PEOPLE'S
CHOICE
for
County Attorney
JOE P.
TACKETT**

1. Born in a LOG HOUSE in the wilderness section of Left Beaver Creek.
2. Plowed and hoed corn on the hillsides barefooted and only went to a LOG SCHOOLHOUSE when there was no farming to be done.
3. Got a Certificate and taught a One-Room School for two years, and while teaching, studied law by correspondence at nights.
4. Admitted to Practice Law in July, 1916, and married one year later.
5. Left his wife behind in answer to the Call of Duty and went off to World War I for its duration. Shot down in the bitter battle of the Argonne Forest in France on October 14, 1918 and spent 9 months in Army hospitals undergoing three operations before recovery. Left a part of his shoulder-blade in France and brought back in its stead a hole in his shoulder-blade.
6. Discharged from the Army in August, 1919 and returned to his family with a disability discharge, he entered college and pursued his legal training further, having graduated in 1922 with a Bachelor of Laws Degree.
7. Came to Prestonsburg in February, 1922 and settled in his native Floyd County among his relatives, friends and neighbors, where he has fought their legal battles for 35 years.
8. During the time he has lived and mingled among us he has reared a family of six children and two grandchildren. The sacrifices he has made for this fine family alone, entitles him to the vote of all who love to reward a man for a job well done.
9. His five sons are World War II Veterans, three of whom were overseas in Europe and the Pacific at the same time.
10. He is a former School Teacher, one time City Attorney, four years as County Attorney (1930-1934) and State Senator four years (1936-1940), formerly attorney for District 30, U.M.W.A. and for the past 35 years a Servant of all veterans and their dependents without charge.

With the above facts, we submit to the voters of this county this Man of the Hour for the job for which he is so well qualified and so richly deserves.

COUNTY CONTINUED EMBEZZLEMENT

Cathlamet, Ky., April 15—Embezzlement charges against a young Ashland woman were continued in Boyd Circuit Court today until the next term of court.

The defendant, Mrs. Wanda Langley, 21, was indicted by the Boyd County Grand Jury last week on three charges of having converted money to her own use.

The charges, made by Less Guasler, vice-president of Alumina-Kraft of Kentucky, Ashland, said that Mrs. Langley embezzled approximately \$3,000 from the firm last year while she was employed as a bookkeeper.

An Appeal To The Voters

Since my announcement some time ago for Jailer of Floyd County I have been so deeply impressed I want to thank each and every one of you from the bottom of my heart for the courage you have given me in this campaign. I feel this is your campaign. I realize it is you, the voters who are the ones to make the choice, and I believe the way you have responded you will give me the nomination.

They say I can't win by not being well known by the people of Floyd County. I want you, the voters, to check the background of each candidate. Weigh them in the balance and if I meet your approval, then cast your vote for me. I am not a politician and am not sponsored by any group. I have been a member of the regular Baptist church for over 25 years.

I am at present employed at Stephens Ekhorn Coal Co. as a tipple man, a job I have had since 1943. So you know I am a laboring man, have worked hard all my life. I am 35 years old and have never asked for public office at the courthouse.

Not knowing what may be published, I want you to all know I am in this race to win and will not let you down. As I have said before, I will put my wholehearted attention to the welfare and care of those placed in the custody of the Jailer, and you fathers and mothers who have sons who are unfortunate enough to be brought to jail I want to say they will not be degraded as prisoners but will be treated with impartial treatment. I earnestly beg you to give me the nomination and elect me as your next Jailer and I will put forth with all the strength and energy in my body to make you one of the best Jailers who ever had.

The best of good-will to all of you.

JIM HALE FOR JAILER

NO NEW TAXES... NO NEW DEBTS... BUT BETTER ROADS and BETTER GOVERNMENT

If you nominate and elect me your County Judge, I will devote my full time to the office, and not be interested in some outside business of my own. I will set up a good budget system and operate within that budget. Your county will be operated on a cash basis and not on credit. I will take care of all the people and not a privileged few.

This office belongs to the people and the people are the ones who make the choice. This fact I will never forget. I will work to get your county out of debt instead of going more into debt. This will mean much to you as a good road program and maintain the county roads 12 months out of the year. I will work to get all the aid possible from the State and Federal Government on building roads. I will do my best to get you and your children out of the mud.

You pay taxes and you are entitled to something in return. If I am your County Judge there will be no politics played with your tax money. It will be used for the best interests of all the people. I will have an audit made each year showing you the financial condition of the county. This will be published in the newspaper.

If I am County Judge there will be no bonds floated, no taxes raised. The election of a County Judge this year is a serious matter, and should be given much attention by the voters of this county.

I only want to be County Judge one term. I don't want a deed to any office. I realize that there are other people who are well qualified and would like to hold office. Why educate your children to qualify as well as a king. How long, Oh! how long does some people want to stay in office? Voters, it is time to think and act accordingly. Help change this system of holding office for life and you will have better government and a better Floyd County to raise your children in.

DEWEY ROBERTS

MAYTOWN ANNUAL FASHION SHOW

The Maytown Women's Club will present its annual Spring Fashion Show Saturday night, April 20, at 8 o'clock in the Maytown Luncheon. The show will be "Our Fair Ladies," and there will be two groups: I—Miss Maytown of 1957 (Seven girls have been nominated for Miss Maytown in 1957) and voting will be held at 10 o'clock on the day of the show. Contests have been placed in Clerk's Restaurant and Langley Supply Company where you can vote for your favorite candidate. All proceeds to go to the club charitable enterprises. The girls who have been nominated are: Sheila Gayheart, Judy Gibson, Dora Maggard, Patty Watkins, Brenda Sellers, Ranie Bates, and Etile Lois Bailey.

Miss Billie Gene Blackburn, of Wayland, will entertain at the piano during the show and at intermission. Mrs. S. J. Talbot will be narrator. Door prizes will be given away and refreshments will be served after the show.

BOOK FAIR

The Floyd County Book Fair will be held at Maytown in the luncheon room Friday, April 19. Approximately 400 books will be exhibited to librarians and school teachers during the day and to the public between 7 and 9 that evening. All parents are especially urged to attend and examine the books your children read and will be reading in their library. The public also has the opportunity to place orders for any books they, or their children, might wish to have for their own. Books may be purchased for the school library—a book plate will be put in the book with the donor's name on it. There is no admission for this fair.

Cagle-Caudill

Mrs. Minnie Howell announces the marriage of her son Lee Edward Caudill, to Miss Rosemary Cagle, of Lubbock, Texas. The ceremony was performed in the Oakdale Baptist Church at Lubbock on March 17. Lee Edward is stationed with the Air Force in Texas, where the young couple will reside for the present.

Congratulations to Mrs. Patrick and the eight students who were rated Superior at the regional music festival at Pikeville last week. They now are qualified for the state festival which will be held in Lexington. The students are the mixed vocal group represented by Patty Blavin, Nancy Gibson, Judy Gibson, Bonnie Hogson, Doris Maggard, Linda Maggard, Ernie Reflett and Dan Joland.

Ms. and Mrs. Sam Jones and Jiminy, of Grundy, Va. were visiting relatives here this weekend.

History Group Is Announced

By Charles F. Hinds, Secretary-Treasurer Kentucky Historical Society

Frankfort, April 15—Gov. A. B. Chandler has announced formation of the junior Historical Society in Frankfort under its director, Charles F. Hinds. Headquarters of the society is the Old State House here.

The society, an affiliate of the Kentucky Historical Society consists of history clubs in private, parochial, and public schools of Kentucky.

Two contests will be sponsored every year, beginning with the present school year. Students in the first six grades have been sent out to hunt for the oldest graves in Kentucky. Those grades seven through 12 are writing historical essays of a local character. An outstanding boy and girl historian will be selected at the end of the school year from the entire State.

A Journal, the Junior Historian, is issued bimonthly under the editorship of G. Glenn Clift, a noted author of many books and articles on Kentucky history.

All the articles are written by student historians, selected from the best of those submitted for the historical writing contest.

The awards are to be presented each year on Boone Day, June 7, in the Old State House by the governor.

State To Spend Total of \$40,000 On Health Centers

Frankfort, April 15—Gov. A. B. Chandler has announced the State will spend \$40,000 for construction of public health centers in McLean, LaRue, Magoffin and Green counties.

Chandler said \$10,000 will be put up on construction of a center in McLean county; the same amount in LaRue county; \$12,500 in Magoffin county and \$7,500 in Green county.

Under a national program, the federal government supplies half the cost of constructing a health center. In Kentucky, the state provides 20 percent and the local community the other 25 percent of the cost.

Under a foundation program for public health, inaugurated by Chandler's administration, health centers are being built in all counties lacking them.

ROAD PROGRAM TO CUT DEATHS

People concerned with the motor vehicle death toll can take pride in the fact that the State's new road program will help reduce this waste in human lives.

Gov. Harry Lee Waterfield told the Kentucky Highway Conference at Lexington, it pointed out that the 1957 highway fatality toll was at the time he spoke 131, compared with 131 by the same date last year.

VET. BENEFITS PAID

Veterans and their families in the State of Kentucky received \$2,445,000 in cash benefits and services from Veterans Administration during fiscal year 1956.

Little, assigned to the battalion's Battery D, entered the Army in September, 1949. His father, Millard Little, lives in Westbury, Ky.

ENDORSES ROBERTS

I take this method of asking my friends to support Ramsey Roberts for county judge, as I am in the hospital and don't have a chance to see you. I have known him most of my life and I know him to be an honest and sober man. I believe he is well qualified for this office. He made us a good magistrate in our district. He was always ready and willing to help the people. When he was magistrate he would always have an officer at church to keep the peace and protect the public. He built many roads in our district while he was magistrate. When you help him you are helping me also. I will certainly appreciate anything you may do to help him.

Thanking you in advance,
 R.L. LUTHER CONN

What Are Charles Clark's Views On Labor Legislation?

VOTERS OF THE 96th LEGISLATIVE DISTRICT

My whole modest background should tell anyone what my attitude toward labor legislation is. As a shoeshine boy in Prestonsburg I learned that work with my hands was honorable and rewarding. We were too poor to have skates, bicycles and the things for neighboring children took for granted. When my father died not one dollar was left with which to feed, clothe and educate the children. For the next several years I lived the life familiar to all children in a mining town. Much of our time was spent in sliding down the slate dunnop on pieces of cardboard boxes or more often on the seat of our "bricks."

In mining towns at that time there was "official row" or the "park chop" section where the officials lived, then there was the section of the camp where the laborers lived, and my family, being workers, lived in the "bread-taster" section. The words used in the last sentence have been recalled from my own memories and were used in at least one mining town. Perhaps the same thing was said in other towns in different words. Those were the days before organized labor came to our mining section. At different times in order to further my education I have been

a coal-loader, pony driver, coal digger, and no man who has done all these things could possibly be anything but sympathetic toward the problems of those who have calloused hands.

I have held membership in the United Automobile Workers of America and the United Mine Workers of America, and I commend that organized labor has made a very great contribution to the welfare of the greatest country on earth.

My humble background instead of making me bitter made me the more determined to amount to something and to give me more love for our forgotten Eastern Kentucky.

I shall be paying dollars and cents for the privilege of serving you as a Representative. I cannot be paid for my school job and draw the Representative's pay at the same time. I shall ask for a leave of absence from my school job while I am in session and after my expenses have been paid I will come out with less than I would have if I had not gone to Frankfort. MY ONE DESIRE IS TO MAKE OUR SECTION OF THE STATE A BETTER PLACE IN WHICH TO LIVE.

CHARLES CLARK

Capital Notebook

Frankfort, April 15 - Those who can see are blind much of the time to the problems of the blind.

Not from lack of humanity. It is just that other problems loom larger in the eyes of the seeing. A person who can see the stars forgets at times that the blind have to find their way by an inner light.

The blind generally do not call attention to themselves by seeking pity and charity. All they ask is to be accepted as normal human beings in a society that provides educational and employment opportunities for all on an equal basis. The blind ask to be employed by virtue of their aptitudes rather than their lack of sight.

To point this out to the public is one undertaking of the Kentucky Federation of the Blind. This group of sightless people is proving that indeed the blind can lead the blind. It's doing a good job of helping provide the special education needed by the unemployed and jobs not only for members but for all the blind.

LEGISLATIVE PROPOSALS

The Federation recently named Mrs. Patience Vice, of Bowling Green, its legislative chairman. Mrs. Vice, a graduate of the Kentucky School for the Blind, Louisville, who operates a canteen in the basement of the State Capitol here, is beloved by all the state personnel and officials who drop in for a snack and cup of coffee. They know her as Pat.

Her task will be to interest members of the General Assembly in legislation proposed to solve some of the problems of the blind. She recalls that the federation was founded in 1946 as an affiliate of the National Federation of the Blind upon the principle that the sightless should unite and lead in solving their own problems. "Blindness," says Pat, "is not in itself a mental or physical handicap. It's merely a physical nuisance."

Although the blind are best qualified to solve their own problems, Pat believes, the general public should be made aware of them and be asked to participate in the solution.

This gracious and generous blind woman, who operated a refreshment stand in the courthouse at Bowling Green before coming here five years ago, is proud of the activities of the federation.

ACTIVITIES

The organization conducts an annual fund-raising picnic at Louisville. It recently donated \$2,000 to buy equipment for the Kentucky Workshop for the Blind at Louisville. Loans are made available by its federation to deserving blind people who want to establish businesses. The federation does not restrict its help to the blind alone but has donated to the polo and muscular dystrophy drives, the Children's Crusade and other civic causes.

The federation is sending to 10,000 business men and firms booklets listing the special talents and aptitudes of the blind.

President of the federation is Harold Reagan, Louisville, who holds a law degree from the University of Louisville.

The philosophy with which many of the blind accept darkness is illustrated by Pat's remark that the sightless "feel that a bad temper is a worse handicap than being blind."

FIRMS WELCOMED

L. Cor. Harry Lee Waterfield represented the Commonwealth of Kentucky at the recent "welcome breakfast" of the Louisville Chamber of Commerce. The breakfast was held to welcome to the city businessmen and firms that have moved to Louisville in the last year. The Louisville governor extended the new residents and companies a welcome to the State. About 130 persons attended the breakfast.

Do not remove the tops of tulips, narcissi, and other flowering bulbs until they turn brown, as food is manufactured in the tops and stored for the bulbs for another year's bloom.

Ons (Bean) Richmond, Johns Creek Farmer, Found Dead in Field

Ons (Bean) Richmond, 66, of the Johns Creek section of Johnson county, was found dead in a field near his home at 6:30 a.m. Monday. He had succumbed some time in the night, the cause of death thought to have been either a heart attack or cerebral hemorrhage.

Mr. Richmond was a son of the late Elijah and Zora Webb Richmond. He was a former Johnson county magistrate and was a farmer. His wife, Bessie DeLong Richmond, survives.

Surviving are two sons, Hobart Richmond, Shiloh, O., and Paul Richmond, of Van Lear. Surviving brothers and sisters are Elizabeth Richmond, Dayton, O.; John D. Richmond, Holden, W. Va.; Mrs. John Brickley, of Van Lear; Mrs. Charles Newsome, Paintsville, and Penny, of Fort Wayne, Ind.

Funeral rites were conducted at 3 p.m. Wednesday, from the Bethesda Church of Christ at Van Lear, the Rev. S. C. Honeycutt officiating. Burial was made in the Richmond cemetery on Johns Creek.

State Employees Donates \$2,759.00 To Heart Fund

Frankfort, April 15 (Sp) - State employees contributed a total of \$2,759.00 to the heart fund campaign in Kentucky.

The amount in the form of a check was turned over to Dr. Thomas G. Hobbs, president of the Kentucky Heart Association, by Deputy Conservation Commissioner George Carr Genter. Genter was chairman of the heart fund drive among State employees.

The \$2,759.00 was the largest total ever contributed by employees of the Commonwealth to the heart fund. The contribution helped boost the statewide total to \$20,897. The goal was \$50,000.

The check was presented to Dr. Hobbs in the office of Gov. A. B. Chandler. Chandler and Mrs. Ben Kilgore, state parks director and Kentucky's representative on the Board of the American Heart Association, were on hand for the presentation.

ACREAGE RESERVE
More than 20,354,000 acres (under 919,000 agreements) have been put into the acreage reserve portion of the Soil Bank and more than 9,923,287 acres have been put (under 30,650 contracts) in the conservation reserve part of the Soil Bank.

HONEST LAW ENFORCEMENT

I am asking for your support for Sheriff in the coming primary election on the following platform:

1. Clean, honest law enforcement without favoritism.
2. Absolutely no protection racket for bootleggers or other law violators. A thorough, conscientious effort will be made to halt the illegal traffic in liquor through Floyd County. Everyone and particularly our children and older people deserve the right to travel public highways without fear of harm or insults from drunks.
3. I pledge to every taxpayer in Floyd County that never in any instance will I take or accept more money than that allowed by Constitutional limit. I have for many years been accustomed to living within an honest income and expect to continue doing so without corruption or dishonesty.
4. The business through the Sheriff's office is of vital interest to every citizen in our county. This business will be conducted in a friendly, dignified manner and every assistance will be available to those needing help with any problems in connection with this business.

I do not believe that anyone can truthfully and in good faith tell you that they doubt my ability or intentions to carry out this platform. Many of you people have been critical of the operation of the Sheriff's Office in past years. If you are among those people, won't you give me the opportunity to carry out this program by going to the polls on May 28th and casting your vote for

HERSHELL WARRENS

SHERIFF OF FLOYD COUNTY
(Pol. Adv.)

Half of U. S. Gold Hoarded At Fort Knox

Frankfort, April 15 (Sp.)—Standing on Kentucky's Fort Knox Army reservation just east of Louisville is a building, which by virtue of its contents can be described as one of the most important in the world.

Although this structure, called the Federal Gold Depository, is situated within sight of U. S. Highway 60-21W, one of the busiest in the country, it is perhaps the least known of all important structures.

The elaborately guarded 13 billion dollars worth of gold bricks stored here is the world's greatest concentration of such wealth in one building and half the gold supply of the United States. Without this gold, which guarantees values of U. S. currency, a general chaos in the economy and government of the nation would develop.

The treasure house itself is 100 feet square and of bomb-proof construction; its walls and roof are faced with huge granite blocks. Atop each corner of the building are machine-gun turrets where guards keep a constant vigil against any intruders who might attempt the risk of scaling the high iron fence. Interlaced steel coils with openings too small to admit a man's hand are set in the concrete of the walls as an added protection.

Constant inspection of the interior of the two-story vault, which is 80 feet long and 40 feet wide, is maintained by means of an open space under the floor and over the ceiling. Mirrors and brilliant lights, make every corner visible. Super-sensitive microphones in the vault are connected with the central guardroom. In addition to the vault, the building contains offices and dormitories.

Albert Evans, chief guardian of the gold bullion, said it is rarely counted with the last check being made in 1953. Each gold shipment, however, is checked upon arrival.

"There isn't a possibility of the gold being lost," he said. "Our protective measures are too elaborate."

The relatively unknown building remains so because visiting is permitted rarely and only then on official occasions.

SYRIAN PACK PEDDLER BECOMES CHAIN OWNER

By GERALD GRIFFIN
Carter-Letterman

The year was 1911. The coal fields of Eastern Kentucky were just being opened. Mountaineers still were suspicious of "strangers", especially those who could speak only a little English.

A Syrian pack peddler, weary from a long day of tramping over dusty roads, halted at the gate of a mountain home. It was late, and the peddler had heard gruesome tales of what had happened to another pack peddler in an isolated region.

This Syrian wanderer, driven out of his native Damascus by the Turks, didn't realize that he was stopping at the home of a notorious character named "Bad" John Wright, in Letcher county. A controversial figure, "Bad" John has gone down in Letcher annals as a killer. His apologists, however, contend that all his killings were legal, because he was a law officer.

Anyway, with native mountain hospitality, Wright insisted that the dusty traveler come in and spend the night, which he was glad to do. Next day, Wright furnished the peddler a horse and accompanied him over Pound Gap and on to Norton, Va., where the Syrian had a brother-in-law, a merchant there.

The Syrian's name was Surur F. Dawahare, who died at his home at Whitesburg in 1951.

But before he died, the peddler of clothing and Oriental linens had parlayed his pack into a chain of highly successful stores in Eastern Kentucky. These clothing stores now are operated by his eight sons.

Many considered Dawahare a millionaire at the time of his death. He was the forerunner of the many Syrian businessmen now operating stores and restaurants in Pike, Letcher, Perry, Harlan and Leslie counties. A quick glance would indicate that the founder of the mountain Dawahare clan of good, hard-working American citizens might have turned over in his grave had he known what was happening to his stores when the Norton Fork of the Kentucky River and the Big Sandy's Levisa Fork went wild in late January.

Of the seven stores he established, four were flooded, according to his sons, at a total damage of more than \$200,000.

But all seven are operating now just as though nothing had happened. These stores are at Pikeville, Jenkins, New River, Hazard, Cumberland and Hyden.

The Dawahares are a family of eight sons and three daughters of the pack peddler and his Syrian wife, whom he met and married in New York City. At that time, she was earning \$6 a week in a sweatshop. At first, that's all they had to live on. But she taught him to speak a little English and he wasn't afraid to work. Then he took to the open road with a pack on his stalwart back.

The elder Dawahare became such an enthusiastic American that he named four of his sons after Presidents who were serving when they were born—Wilson, Harding, Hoover and Roosevelt. The eldest, Willie, now head of the clan, submitted to six operations so that he could get into the service.

And these boys had seen a fiery cross burned by the Ku Klux Klan in front of their home.

COMMUNITY METHODIST CHURCH
Porter Addition

National Safety Contest Slated

Frankfort, April 15 (Sp.)—The 1957 national first aid mine rescue contest will be held at Louisville Oct. 2-4.

This was announced by James H. Phalan, chief of the Kentucky Department of Mines and Minerals.

The selection of a place and time was made by a committee of the National Coal Association. The mine rescue contest will be held Oct. 2 and the first aid contest Oct. 3-4.

Phalan said, "We of the Department of Mines and Minerals are very much enthused about the selection of our state for the 'World Series' of safety contests. This will bring first aid and mine rescue teams from more than half the states in the United States. Not only will the mining industry be represented, but industry as a whole, because any firm, either mining or manufacturing is eligible to enter teams in this contest."

EGG QUALITY LAW
Kentucky has had a new egg quality law in effect since April 1 of this year. Every carton of eggs sold in a retail outlet must bear a label that states the eggs have been graded and sized according to State and Federal regulations.

21 From Floyd County Listed on Honor Roll Are Feted At Pikeville
Pikeville, Ky., April 15 (Sp.)—Twenty-one Floyd county students among some 150 honor students of Pikeville College and Pikeville College Academy who received invitations to the two schools' annual honor banquet at 7 Tuesday evening.

Chief speaker at the event was Chicago newspaperwoman Norma Lee Browning, who won nationwide notice with her descriptions of Chicago residents with a "chilly-billy" background, Dr. A. A. Page, college president, said.

The banquet is held each spring to honor students who made grades averaging B or better in the previous semester or in their entire course.

Floyd county honor students are Chester Bailey, Garrett; Frank Bailey, Garrett; Adrian E. Bentley, Hueysville; Shirley Campbell, Garrett; Douglas Chaffins, Garrett; Jimmy Cline, Auker; Lou Ann Colvin, Weeksbury; Herchel Conn, Dent; Thomas Ray Planery, Langley; Angelyn S. George, Betsy Layne; Phyllis Hammanna, David; Carleen Howard, Langley; Glenn Faye Howard, Langley; Dawn Hughes, Prestonsburg; Mary Lou Miller, Prestonsburg; C. Wade Moore, Prestonsburg; Joyce Pack, Garrett; Ruby Potter, McDowell; Raymond Ratcliffe, Lancer; Ruth Ann Rowe, Prestonsburg; and Wanda Stephens, Pyramid.

A new age of automobiles begins with this car

Touch a button—in less than a minute the steel top disappears magically into the trunk—and you're in a supremely elegant convertible. It's two cars in one!

Here Today! The FORD SKYLINER—world's only Hide-Away hardtop

Once in a long, long while a car comes along that people remember and talk about for years after its introduction. The first model? "A Ford was such a car... The first Ford V-8 was such a car... The first Ford Thunderbird was such a car."

Today, nearly a half century later, Ford continues to cause the "experts" to change their tune. When you see this all-steel hardtop that retracts into a convertible, you'll be seeing a car that many said would never be mass-produced.

But Ford did it.

It was December 1956—after eight years of research, planning, experimenting and testing—when Ford unveiled this masterpiece... unveiled it amid all the pomp and splendor of the New York Automobile Show.

And now this history-making car, this prototype of a whole future generation of cars, is ready for your own personal inspection in the showrooms of many Ford Dealers.

Plan to sit to see it. And ask your Dealer to show you the exciting advances in all models of the new Ford line for '57.

It's the newest new kind of **Ford**

1. It's an all-steel hardtop with sleek Victoria styling... 2. Touch a button and presto! It's a sun-loving convertible!
