This Town—That World

A LAMENT FOR OLD DOG DAYS

I am just this day reminded that we are well through Dog Days and that I haven't heard one younger express a yearning for the old days. This strikes me as passing strange, since I belong to that generation of boys who found Dog Days an entrancing season of peril when snakes were blind and lashed out at every one and when the water were in the swimmer's hole was "pleasure."

Upon sober reflection I have decided that that poison-water story was told for a purpose and that it achieved its purpose, which was, namely, to keep certain youngsters on land and out of danger of drowning.

This dissertation on un-natural history isn't intended to educate the 1937 model youngster; rather, it is to show them what they missed by being born after and by growing up either in town or at any spot where Super-Man or some of those other modern characters have taken over.

I refer to a time when Dog Days was a delightfully languorous season spent by the water, with things underfoot, beneath the water and in the air. The snakes and the water were only dangers. There was the devil's danger needle (snake doctor, to some), the sting of which was guaranteed to be fatal. The graceful denizens of swamps and still waters had an affinity for me, it seems, and I was never on the jump to keep from getting stung. Incidentally, have any of you grandbears ever heard of these things stinging anybody?

And then there was the centipede which was popularly known as the "hundred legs." I have stepped on one with your bare foot, my friend, you'd better get to a doctor, quick. . . . Honor to right, now, can you sting a body? If they can't why do people want to keep me skipping around these things?

INTER-COUNTY UNITY STRESSED AT MEETING

3 COUNTIES REPRESENTED AT GATHERING

Floyd, Johnson, Pike Men Study Plans To Enlist Aid On Dewey Lake, Other Jobs

A group representing three counties—Floyd, Pike, and Johnson—met Tuesday night at the B&W Cafe to consolidate their efforts in working for the development of Dewey Lake and the Breaks of the Mountains parks.

Action taken includes the scheduling of a meeting with Lieutenant-Governor Harry Lee Waterfield at Frankfort, Thursday. Among the list of desirable projects for the two parks, the group said, are the building of roads and a sizeable lodge at Dewey Lake.

One of the developments which precipitated the meeting was the recent news that only \$50,000 is proposed to be spent at Dewey Lake out of a huge park development fund. Civic leaders insisted Dewey Lake State Park deserves much more.

Walter P. Walters, of Pikeville, pointed out that it is time for the three counties to pull together instead of against each other. His opinion was expressed that the lack of cooperation of the mountain counties with each other has been a major stumbling block in bringing anything to Eastern Kentucky.

Herman Wheeler, of Paintsville, told the group that they must approach state officials without any selfish motives. He cited progress in Paintsville as the result of work performed by a few unselfish men for the benefit of the many. He indicated that in appealing for highways the group should not argue about minor problems as to exact location, etc. "We should work for the benefit of the area and let the state officials put roads or anything else where they want to," he declared.

Representative Lon C. Hill, of Prestonsburg, said the meeting was especially timely since it was held at a time when there is a chance of getting it—his from now till March. He added that it is advisable for the group to ask for completion of roads surveys, so that the road bonds, when sold, can be used to build these roads as part of Eastern Kentucky's share.

Commenting on the study made to determine the feasibility of park development at Dewey Lake by the state, Jerry Force Howell, of Price, said, "I'm sick of surveys that get nothing done."

65% OF FUNDS FOR TEACHERS

Total Planned By Board Totals Nearly \$2 Million; Teacher Pay \$1,288,695

The Floyd County Board of Education's 1937-1938 budget, recently adopted, envisions the expenditure of almost \$2 million for school system's total income on teachers' salaries.

The budget was held at 10 a.m. Friday at the home with the Rev. Stuart Howard and Talmadge Aldin conducting the service. Burial was held at the family cemetery in Hueysville with the Turner-Ryan Funeral Home directing.

ROBERT KERR MINE VICTIM

Motors Collide, Head-on, Killing Motor Brakeman; Three Others Are Unhurt

Robert Kerr, 57 years old, motor brakeman for the Princess Ethel Coal Co. David, was almost instantly killed Monday morning in the company's No. 1 mine when his motor and another collided, head-on.

The tragedy took place as Kerr was entering the mine on a tandem motor driven by James Adams. Their motor, which was hauling a string of empty cars, had walled outside the mine for an outburst motor hauling loaded cars. Behind this emergency motor, however, was a small motor hauling a six-car load of coal.

The motorman and brakeman on the small motor as well as Adams, motorman working with Kerr, escaped injury by leaving to safety. Kerr's skull was fractured, his neck was broken and he was crushed internally.

The victim, a native of Middleboro, was a son of Mrs. Ellen Robinson Kerr, of David, and the late James Kerr. He had resided in the vicinity of East Point for years, and was a member of the Masonic order.

Surviving, besides his mother, are his widow, Mrs. Myrtle Castle Kerr, of East Point, two daughters, Mrs. Betty Triplet, Marion, O., and Mrs. Elizabeth Ruth Pleg, of East Point; six sisters, Mrs. Florence Hall, Mrs. Pearl Serlon, Mrs. Beas Richmonds, Mrs. Sarah Thompson, Mrs. Lilla Stone and Rose Kerr; and two brothers, James Kerr, Stockbridge, Mich., and Everett Kerr, of David.

JILSON, HINDS SPEAK AT MEETING TO FORM AREA HISTORICAL SOCIETY

Dr. Willard Rouse Jilson, of Frankfort, and Judge Charles H. Hinds of the Eastern Kentucky region, recalled 100 years of the section before in an address Sunday before the first annual meeting of the Eastern Kentucky Historical Society here.

Hinds, in a talk preceding Dr. Jilson's, spoke in detail on the "amazing development" of the state that had occurred since the one time state geologist resided here 60 years ago.

Jilson's speech, which followed a talk by Charles F. Hinds, Louisville, secretary of the Kentucky State Historical Society, reviewed the explorations of Gabriel Arthur, the first white man to visit the Big Sandy valley and the journeys of J. C. Boone and others.

The meeting of the society, held at the home of Mr. and Mrs. J. W. McIntosh on First avenue, was a group of local membership-wide gathering and was attended by members and others from Lexington to Pikeville Luncheon was served to 77 guests and the program was broadcast by radio station WPHF. Guest of honor, besides Jilson and Hinds, was Mrs. Flora Lee Johnson, of Frankfort, who is an officer of the state society.

Hinds, in a talk preceding Dr. Jilson's, spoke in detail on the "amazing development" of the state that had occurred since the one time state geologist resided here 60 years ago.

The proportion of deaths from lung cancer at a time when there is concern throughout the country over the reported lung cancer rate in this smoking and lung cancer area is a study of 100,000 men.

ARSON HINTED IN CASE

Explosion and Blast Cause Heavy Damage; Blast Source Unknown

James K. Aug. 9.—Arson is suspected as the cause of an explosion and fire that destroyed a warehouse, general store, and Post Office at nearby Beatty Monday, Sheriff Frank Moore said. The fire caused an estimated \$100,000 damage.

The blast started in the warehouse of Ware Drilling Company and quickly spread to the Post Office building, which housed the Post Office.

Franklin Harris, owner of the warehouse, estimated damage at \$100,000. Moore said, and C. W. Ware, owner of the drilling company, said the damage to the warehouse was \$50,000.

Moore said he and State police were investigating the cause of the fire and that an inspector of the Post Office Department will probably work on the case.

The sheriff, who earlier was quoted as saying the cause of the fire was the burning of dynamite, said the cause of the explosion was still undetermined.

WAR VETERAN AND BOY, 15, ARE VICTIMS

Other Youths And Men Involved In Fatal Wrecks Escape Almost Uninjured

Two Floyd county died Wednesday in a period of 24 hours in wrecks on the Left Beaver highway last week-end. The dead: Grover C. Stumbo, Jr., 19, of Dowell.

Bill Stephens, Jr., 16, of Blaine, Tenn., died instantly at 9:30 last Thursday night when his car, and that of Everett Hunter, collided on a curve near Jump. The Stumbo car, driven by Grover C. Stumbo, Jr., who was a passenger in Stumbo's car, and Hunter, driver of the other car, escaped with minor injuries.

Stumbo died of head injuries. Young Stephens was the only victim in a party of five youths when the auto driven by Stephens, Jan Grigley, of Martin, left the highway, a short distance above Drift, and plunged over an embankment Friday night at 8:30. He died enroute to a Martin hospital. The other, Grigley, Mark Stumbo, Bobby Stumbo, and Eugene Frazier, escaped without serious hurt. Stephens' head was crushed.

The victim in Thursday night's tragedy was a son of Grover C. Stumbo.

Miss Whitaker, Mr. Adams Say Vows

Miss Juanita Whitaker, daughter of Mr. and Mrs. Heber Whitaker, Richmond, Ky., and James Douglas Adams, son of Mr. and Mrs. J. D. Adams, of Martin, Ky., were united in marriage at 4 o'clock Sunday afternoon, August 4, in the First Christian Church, Richmond, Dr. Frank N. Tindler performed the double-ring ceremony.

The church was decorated with banks of white summer flowers, palms and ferns which were centered with a wrought candelabrum holding white tapers. Miss Altene Bolan, of Irvine, and Miss Sandra Ann Tuder, of Louisville, cousins of the bride, lighted the tapers. A program of nuptial music was presented by Mr. Landis Baker, organist, and Mr. James Tolliver, vocalist.

The bride, given in marriage by her father, wore a gown of clipped rose point lace over satin. The fitted bodice was fashioned with a sweetheart neckline and the long sleeves of lace ended in points over the hands. The bouffant skirt, which had lace scallop at the hemline, extended into a chapel train. Her fingertip veil of French illusion was held by a half hat of lace sprinkled with sequins and bead pearls. She carried a shower bouquet of stephanotis, orchids and carnations.

Miss Anita Ann Lanford, of Lexington, was the maid of honor. She wore a floor-length gown of pale green taffeta with a white overskirt of subtle nylon net ruffles. The lace bodice was fashioned with a scooped neckline and flared into a peplum at the waist. Her matching bandeaux of taffeta held a white circular veil. She carried a shower bouquet of shaded carnations with white streamers.

Mrs. Dot Horman and Mrs. Victor Messmer, both of Richmond, and Mrs. Charles Richardson, of Nashville, Tenn., were the bridesmaids. They wore gowns identical to that of the maid of honor in pink, yellow and lavender, respectively, with matching taffeta bandeaux, and carried identical bouquets.

Donald Adams, of Mt. Clemens, Mich., served his brother as best man and the ushers were Charles Gray Grigsby, Martin, John Smith, Wayland, and Carl Little, Drift.

Mrs. Whitaker chose for her daughter's wedding a dress of blue lace with white accessories and a corsage of Phalaenopsis orchids.

Immediately following the ceremony a reception was held in Purris Hall of the church. Mrs. Donald Adams, Mt. Clemens, Miss. Mrs. William Wells and Mrs. Lloyd McGary, of Martin, Miss Betty Jean Meloskin and Miss Joan Dawson, both of Richmond, assisted with the serving.

After a brief wedding trip Mr. and Mrs. Adams will make their home in Louisville.

Mrs. Adams is a graduate of Model high school, Eastern Kentucky State College and is now teaching in Belberburg, Ind.

Mr. Adams is a graduate of Martin high school, Eastern Kentucky State College and is now a student at the University of Louisville School of Medicine where he is a member of Phi Chi medical fraternity.

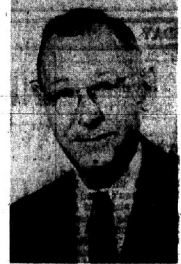

Of the 11,697,263 tons of coal mined by nine leading electric utilities in 1956, almost 25 per cent or 2,853,177 tons came from mines owned by American Gas & Electric Company.

Coal first replaced charcoal as a blast furnace fuel in steel production shortly before the end of the 19th century. Today steel production calls for more than 100,000,000 tons of coal a year.

ST. JAMES EPISCOPAL CHURCH

Morning prayer at 9 a. m. Sunday at the home of James E. Thacker, U. S. 23, two miles south of Alton, Ky.

To the **YOUNG PEOPLE** of **FLOYD COUNTY**

The nomination for Circuit Court Clerk of Floyd county has been given me without opposition by the Republican Party, for which I am deeply grateful.

The good people of Floyd county have within their power to elect some one whom they want to manage this office, some one whom they trust and think would be honest, courteous and able to give them the best of service. This is my first time to ask for any of your offices. I am definitely not a politician, but it is my belief that you should elect a man who does not want to get rich from the office and if there should be more money made in the office than the laws allows after expenses it should be turned back to the treasurer of Floyd county to help build roads and other things so badly needed.

I have tried to let the Golden Rule influence my every act. However, I'm frank to admit that in some respects I have failed—none of us can claim perfection, you know.

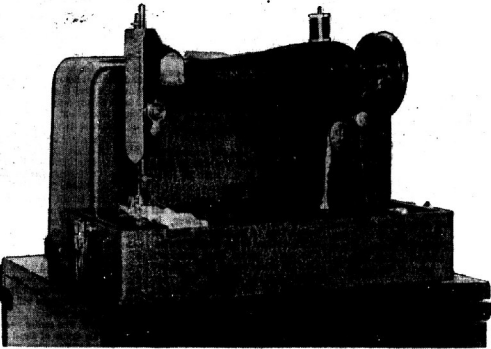

I have no quarrel with any one for seeking office year after year. That is their privilege as an American citizen. It is also your privilege and duty to examine the qualifications of every man asking for any position of public trust. He should be sober, honest and dependable—those things go without saying. He ought to be a good family man, one whom you would be honored to call your next door neighbor.

I urge each of you to inquire of me. Ask those who have known me all of my 53 years. If they can't recommend me then I don't deserve to win.

You, the young boys and girls of today will be our leaders tomorrow. I ask you now to give some serious thought to my first appeal for public office and if in your own judgment I deserve to be elected, then, you will be a better citizen by convincing your parents and all your friends to support me for Circuit Court Clerk. Your confidence will be appreciated and I shall be forever grateful.

Returns from Europe For Service in States

Carlisle Barracks, Pa. Aug. 21—Specialist Third Class Billy C. Ray, son of Mr. and Mrs. Rufus Ray, Martin, Ky., arrived here today and has been assigned to duty with the US Army garrison.

The former Wheelwright high school student came in the barracks from Europe where he was a supply specialist with the US Army Garrison in Bordeaux, France. He entered the Army in January, 1954, taking his basic training at Ft. Knox, Ky. Prior to joining the Army, Ray served three years with the Air Force in Korea and Japan. Ray's father is employed by the Inland Steel Co. in Wheelwright. His sister, Miss Ordell Ray, is a doctor in Knoxville, Tenn., and his brother Raymond is a master sergeant and coach of the Ft. Knox, Ky. rifle team.

World War II Veteran Ellis Salyers, 42, Dies After Five-Year Illness

Ellis Salyers, 42-year-old World War II veteran, of Brainerd, died at 9:20 a.m., Monday at the Prestonsburg General hospital after a five-year illness of arthritis and heart disease.

Mr. Salyers was a son of Earn S. Salyers and Bertha Spradlin Salyers, of Brainerd. Surviving him are his parents, his widow, Mrs. Sula Richardson Kidd, two daughters, Mrs. Ava Lee Allen and Eula Mae Salyers, of West Prestonsburg; one sister, Mrs. Thelma Watson, Newburg, Ind., and one brother, Caille Salyers, of Brainerd.

Funeral rites were conducted at 11 a.m., Wednesday from the Salyers Assembly Church at Brainerd, and burial was made in the Arnett cemetery under direction of the Carter & Callahan Funeral Home.

P'BURG TEAM WINS, 29-2

Merchants Defeat Grassy In Wild Slugfest Game; Sullivan Hitting Star

The Prestonsburg Merchants Baseball team continued their winning ways Sunday in the Big League as they trounced the 4th place Grassy 29-2 in the opener of a scheduled doubleheader Sunday at the Athletic Field.

Grassy forfeited the second game to the Merchants by the mandatory score of 9-0.

Bill Goebel, Jr., pitched the game for the Merchants allowing only 4 hits while striking out 15. The Merchants collected 91 hits good for 29 runs of Grassy pitching. Don Sullivan led the Merchants with 5 hits in 7 times at bats. Gene Petrovich, Johnny Ellis, and Charles Dotson each collected 4 hits. Petrovich collected two home runs and Adrian Blackburn had one circuit swing.

Collector Explains Tax Status of Young

Do you have a son or daughter working during the summer vacation who is likely to earn more than \$600 before school starts again? If so, he or she doesn't have to quit work before earning that amount for you to retain your child's exemption deduction. The same holds true if you have a non-student working child who will still be under 19 by the end of the tax year.

In either case, regardless of how much the child earns, the parents may claim an exemption, provided he has furnished over half the total cost of his child's support of the year. This rule also applies in the case of legally adopted children.

There is one important thing to keep in mind: A dependent child is also entitled to an exemption deduction for himself on his own separate returns. On the other hand, if he is married, and files a joint return with his wife, no dependency exemption may be claimed, by the parent.

Wm. Gray, district director of Internal Revenue, recently clarified revenue laws which have confused many parents in Kentucky.

"We have reports of both parents and employers telling working children they'll have to quit their jobs before they earn \$600. They can work right up to the reopening of school if they want to," Director Gray said. "The children, however, may have to pay a small tax. Since many of them are studying our own courses in basic taxation they already know this. By the same token, many of them who work only short terms of employment or for a smaller salary will probably be entitled to refunds during the next filing season."

This information should prove helpful to those parents to whom employment, the student or child worker, the parent, and the employer. Mr. Gray said. He warned that to gain advantage of this rule, children over 19 must be bona fide students or persons attending full-time institutions, or pursuing a course of training course. Any questions regarding individual cases may be referred to the District Director of Internal Revenue, P. O. Box 50, Louisville, Ky.

EKMC GRIDIRON SEASON TO OPEN AUGUST 30

By GORDON MOORE

The ten-team Eastern Kentucky Mountain Football Conference will open the 1957 season Friday, August 30, with two games on tap. Defending champion Pikeville will open in Elkhorn City on Monday, September 2.

Independent Wheelwright, possibly the next member to be admitted to the EKMC starts its second season in the sport by playing in Prestonsburg. Whiteburg journeys to M. C. Napier in its beginning tussle.

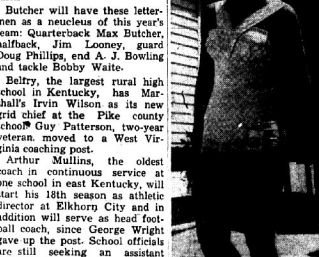

Seven new faces in the coaching ranks will appear in the 11 Eastern Kentucky football playing schools. Jim Caudill, of Hazard high, and Ed Moore, of Whitesburg, are the only two coaches remaining since the formation of the EKMC five years ago.

John Griggs, ex-University of Kentucky captain and Leslie county coach last season, has replaced Robert Wallace at Whitesburg high. His Black Cats have been conducting twice-a-day practice sessions at nearby Dewey Lake for the past two weeks. Prestonsburg will have four veterans in quarterback Paul P. Hughes, center Wayne Dixon, halfback Joe Jack Harris and fullback James Allen.

M. C. Napier, another second-year school in the football ranks, has Ed Orick, former Moonhead (Minnesota) State star, at the helm. He succeeds Charles Denton, who returned to school to seek a Master's degree.

Pikeville, current champion of the EKMC saw its mentor Bobby Phillips enter the Armed Forces after one year at the school. He left a 8-2-1 record. Paul Butcher,

Third-Place Winner In Beauty Contest

Miss Nancy Newman, daughter of Mr. and Mrs. Edward Newman, Haverhill, Ohio, took third place honors in the "Miss Interior" contest sponsored by the Interior Department Recreation Association at the annual field day, held in Washington, D. C., August 3. Miss Newman, formerly of Wheelwright, was one of 30 contestants in the beauty contest. She attended Wheelwright high school and graduated from Green Township high school in Franklin Furnace, Ohio. She also attended the Portsmouth branch of Ohio University. At present Miss Newman is employed as a clerk-typist with the Bureau of Mines, Department of Interior in Washington. First place in the contest went to Miss Nancy Lee Kettell of Delta, Colorado and second place went to Mrs. Joy Bennett of Landover, Maryland. All of the young women in the contest are permanent employees of the Department of Interior.

Accompanying photo shows Miss Newman as she paraded before the judges.

Ray Brackett, who played his football at Eastern State College and later graduated from the University of Kentucky, will handle the football duties at Wheelwright high. Wilbur "Shorty" Jamerson revived the sport there last season after a 16-year absence. He is the new football coach at Glasgow.

Pointsville is still secure with Walker Brugh and Bill Decker, who guided the Tigers to a 10-1 mark last season and a 20-0 victory over Madison-Model in the Big Sandy Bowl. They will have four regulars from that team. Nick Diachanko will return to Jenkins, as will Ed Moore at Whitesburg and Jim Caudill at Hazard.

Kentucky Future Farmers will receive prizes totaling \$225 in U. S. Savings Bonds in the 1957 P. A. Contest.

Accidental Shot Blamed in Death of Pike Druggist

Pikeville, Ky., Aug. 19 — Fletcher H. Sharp, 54, owner of R. T. Great Company, a drug firm, was killed Sunday while apparently cleaning a shotgun. Coroner John George Call said. His death was ruled accidental.

Sharp was fatally wounded in the neck by a blast from a 12-gauge automatic shotgun. Sharp was a director of the First National Bank of Pikeville and of the Kentucky Wholesale Company, a grocery firm.

Survivors include his wife, Mrs. Fay Greer Sharp, a son, George Sharp, Pikeville; three brothers, and two sisters.

WALLEN COMPLETES BASIC
Ft. Hood, Tex. (AP) — Army Pvt. Sherman O. Wallen, 18, son of Mr. and Mrs. Joe Wallen, Allen, Ky., completed eight weeks of basic combat training with the 4th Armored Division at Fort Hood, Tex., Aug. 17.

Wallen attended Prestonsburg high school.

AIRMAN STANLEY IN TEXAS

Alvin Navel M. Stanley, 19, son of Mr. and Mrs. L. Stanley, South Lake Drive, Prestonsburg, has been assigned to the 3275th Technical Training Group at Lackland Air Force Base, Texas, where he is currently undergoing phase two of basic training.

Is The Road-Block Permanent?

You're looking straight down what, a year ago, was a road from Highway Gap to Dewey Dam. At that time it was one of the prettiest drives in beautiful Eastern Kentucky. What you see now in this picture is a giant earthslide which blocked this new road on the night of Jan. 29, last—a slide which has not been moved in all these months and in which weeds are growing.

As a result of the slide and the failure of the Rural Highway Department to move it, the only access by land to Dewey Dam is over a rough road via Van Lear in Johnson County.

Other parts of the new road skirting the lake are in poor condition.

This Way Out

The Kentucky Department of Highways has a way out of that Olive Hill right-of-way mess—if it has the courage to strike off in a new direction, on its own initiative and at the risk of drawing executive displeasure.

To do this it will have to remember that there is no law or rule of ethics that compels it to build that highway through the middle of Olive Hill, simply because Governor Chandler promised during the 1935 primary election campaign that he would see that it was so built.

Kentucky cannot afford to pay off all the political promises made by winning candidates. If such promises are indeed to be regarded as "money in the bank," there should be sharp differentiation made between good ones and bad ones. And the bad ones should be paid off not in coin of the realm but in something, shall we say, short of the genuine.

By-passing towns has become rather regular procedure anyhow. Then why make an exception of Olive Hill in order to pay off a bad and a costly promise?

Books and Such

By Laura Virginia Roberts

Please don't mind my sharing with you the earliest existing example of my efforts to make up stories. I have enjoyed this one since I received it the one Sunday when we opened the memory box at our church. Back in 1937 anyone who wished, could place in the box remembrances for others, to be received twenty years later. It seemed to me, then, I remember, so ridiculous that anyone, however young at the time, could even hope to be alive in 20 years, much less getting around without help.

The part of the following business which should worry you, but doesn't much, is that I still sound pretty much the same as I did in this 3rd grade effort. It probably explains why I make the grade with children, but grown-ups think I'm crazy. My teacher had corrected the various mistakes in spelling, etc. but here is the original:

Once there were two little cats, and their master was a little boy named Johnny. The oldest cat had an idea and told it to the other cat. So one night as the cats were struck 12 o'clock the cat, whose name was Bill started out on a long journey. After while, Bill got very tired and sat down to rest. A squirrel came up to him and said, "What are you doing here in the land of loneliness? He and he had started out to seek his fortune and had gotten very tired and sat down to rest. The squirrel was very good and said why don't you come and live with us the rest of your life? and he did live with them and lived happy ever after.

Where did I get words like "journey" and "idea"? What did I know at that tender age about "lands of loneliness"? Your guess is as good as mine. I still believe that cats might easily talk to animals of the forest, maybe even to people, and I always like people

LETTERS TO THE EDITOR

WHEN KENTUCKIANS MEET
Editor, The Times:
I wonder how very much to express my appreciation for sending a little bit of "Home" to me every week. I am sure that servant, all over the world would agree that the Times makes their four overpass a little shorter and certainly more enjoyable. The news of home may not be of any interest to barracks buddies but to me it is like a visit to Floyd County for a few very pleasant moments.

Kentuckians are very scarce in Alaska, but when two happen to meet, it is like seeing a "long-lost brother." That is one thing I am very proud of; men from other states don't seem to be as friendly toward one another if they are from different sections of the same state—but not Kentuckians. It matters not if one is a "hill-billy" from the coal fields and another "city slicker" from Louisville. Upon meeting they become constant companions and devoted friends. They do not boast of their particular section—they are just proud of being a "Kentuckian."

A devoted reader, Claude D. (Doug) Belcher, AF 153411, 6981st Radio Group, Mobil, Box B-5, APO 942, Seattle, Wash.

ANSWERS TO QUESTIONS

The Kiwanis Club of Prestonsburg appreciates the interest shown by readers of the Floyd County Times to their "Drive Safely" articles. The Kiwanis Club has received numerous letters and telephone calls from interested citizens making reference to various issues relating to the "Drive Safely" campaign. We will attempt to answer the questions asked by interested readers and parents in this article.

One lady wrote and asked "What does the Kiwanis Club intend to do about the 'Drag' racing in Floyd county?" The answer to this question is very simple. The Kiwanis Club, being a service organization and not a law enforcement agency, can do nothing except lend moral support to our officers and courts, in curbing "Drag" racing.

Another lady called and asked "Since the Kiwanis Club is better informed as to the qualifications of the candidates of office in our county and the city of Prestonsburg, why doesn't the club endorse the candidates best qualified for each office to let each voter know, who may be in doubt?" The Kiwanis Club does not and will not take political issue with any individual or group by endorsement or disfavoring. Members of Kiwanis have a preference, however, their preference is personal and is not intended to be an endorsement by a club.

Another lady wrote and inquired as to why the Kiwanis Club did not conduct a driving program for young drivers. The Prestonsburg Junior Chamber of Commerce each year conducts a driving Road-e-o for teen age drivers. The Road-e-o is conducted each year around the first of June and anyone interested in the Road-e-o should contact a Jaycee. The Jaycees and Kiwanis Club are both civic service organizations working for a better town and county by building and working together.

A young man called and asked "Would Kiwanis be in favor of a 'Drug strip'?" The Kiwanis Club has not been informed as to how a Drug Strip is operated, its safety points, etc. The Club hereby grants an open invitation to anyone who would like to express his views on a Drug Strip at any regularly scheduled meeting on Thursday at 6:15 p.m., at the B&W Cafe in Prestonsburg. To make arrangements for a panel discussion program, any interested citizen should contact Homer Wright, President, or myself. Ideas will be appreciated.

SHERIFF SAYS POLITICS RULES THE ROOST

I have been selected by the Republican Executive Committee to be your candidate for County Judge this November 8, 1957. I did not want to run in an office but intended to go back into business. I was encouraged by Republicans and Democrats alike to make this race. That is why I, once again, am calling upon you for help. I could not have been your Sheriff for the past four years had it not been for your faith in me and your willingness to crown my bid.

I made the mistake this morning of remaining in the presence of Claybourne Bayle that I was looking on my desk for a telephone directory. Which gave him the opportunity to remark: "Looks like you might mean you're searching for it."

QUESTIONS
every creek in this county, I feel that every road in this county can be built in four years with the taxes we pay. I will not transact the county's business behind closed doors. I will on the first day of January fire every political parasite that has been riding the gravy train at the tax payers expense and producing nothing. I will not permit county equipment to open drift mouths, grade house seats, build private driveways for a privileged few. I will not involve our county in any Gas and Water deals. I will spend your tax dollars for the benefit of our people. I will replace all political favoritism in our courts with justice.

When a man asks the people to put him into a position of trust and responsibility, his reputation, but is no longer private property, but is an open book with the pages of life thrown open for the people to read and to judge. This reputation, good or bad, will be before him through the county, to give credit where due or to present to the jury and will decide what the verdict will be. The burden and responsibility rests upon your shoulders. Will you check my record? Will you check my opponent's record?

BETTER TO BE SAFE THAN SORRY—Elect GORMON COLLINS COUNTY JUDGE (Pol Adv.)

These poor children of 1957 have to go to a show and see the thing come crawling up out of the past, or out of the deep, or start casting all 10,000 of its eyeballs around in this direction or that if they're to get the thrill of chilling fear. I pity them. I had things to scare me out of my wits, if any, just about every way I turned. As I pity the youngsters of today I congratulate their elders who were frightened yesterday, along with me.

What makes their play more interesting is because they're boys yet, however bright they may be, they will, throws well — does everything in great style — but who got thrown by a piece of candy, the other afternoon. Said the boy was at his position with a stick of candy in his hand when down came a hot granuder. Spurred it, he did, like a McMillen — and then the star of this play went into temporary eclipse. He had to take time to jam the piece of candy into his mouth with his throwing hand before smothering the ball from his glove and trying to throw the man out. Boys will be boys — and why not?

With each pass of its 53-cubic yard dipper, the new Peabody Coal Co. shovel, the "River Queen" takes up enough overburden to fill a room 14 feet by 12 feet by 9 feet, or 1512 cubic feet.

More than half the annual bituminous coal output of United Electric Coal Companies goes to electric utility generators. In 1956 the company's mines produced nearly 4,000,000 tons.

WOMAN'S CLUB MEETS
The Betsy Layne Women's Club held a special meeting August 13 at the home of Mrs. O. J. Williams. Purpose of the meeting was to plan programs and outline the year book for the coming club year.

Information regarding the mobile chest X-ray unit to be held at Harold, August 22, was presented to the members. Members were urged to stress the importance of people having a chest X-ray, especially those over 15 years of age, all food handlers, teachers, other school employees and persons who have shown a positive reaction to TB skin tests and those who have been closely associated with known cases of TB. It was also noted that there must be 300 X-rays made, with 200 being adults, in order for this location to be approved for another year. Members volunteered their services for clerical work at the clinic.

Plans were made for a family picnic, for club members and their families, to be held September 7, with Mrs. Glenn Blackburn as chairman.

At the close of the meeting a dinner course was served to Mesdames Beecher Hardwick, T. S. Salisbury, E. P. Davis, Glenn Blackburn, Edward Lykins, Miss Alice Williams and the hostess, Mrs. Williams.

With each pass of its 53-cubic yard dipper, the new Peabody Coal Co. shovel, the "River Queen" takes up enough overburden to fill a room 14 feet by 12 feet by 9 feet, or 1512 cubic feet.

More than half the annual bituminous coal output of United Electric Coal Companies goes to electric utility generators. In 1956 the company's mines produced nearly 4,000,000 tons.

FOOD NOTES

By Dick Trapp
Home Demonstration Agent

Picnic time and any other time finds fried chicken popular with many families. Fryers are now plentiful. The outlook is that they will continue to be plentiful all through the summer when fried chicken is especially popular.

We enjoyed about 20 pounds of chicken per person in the 1950's. Now we use about 30 pounds.

The first thing to look for when buying is the label information. Look for items such as U.S. Grade A, the official inspection mark saying "inspected for wholesomeness by the U. S. Department of Agriculture," trade marks, style of processing, net weight, and price.

If you have to depend on your eyes to judge quality, look for birds that have (1) a clean, thin skin free of pin feathers; (2) well fleshed breast and legs; and (3) a layer of creamy fat evenly distributed under the skin.

Buy fryers which have been kept under refrigeration. Continue to refrigerate them.

Fresh fryers may be stored 2 to 3 days in the coldest part of the refrigerator. Cut-up fryers and parts, like giblets, should be used one day after purchase. If it is necessary to keep them longer, freeze them.

Families who have freezers would find putting fryers in the freezer a pleasure later.

Have a plastic bag, wide-mouthed, of Mr. George Lott, Jr., was complimented with a miscellaneous shower last Friday evening at the home of Mrs. Martin Lee May on Central avenue. Throughout the home floral arrangements added to the loveliness of Mrs. May's home.

The refreshment table was beautiful with its appointments of an imported cloth centered with a low arrangement of summer flowers in a crystal bowl, flanked by crystal candlesticks holding white candles. Gifts of crystal, silver, linens and miscellaneous items were displayed.

Refreshments were served by the hostesses Mesdames Burt Sprouck, Glenn Spradlin, Graham Porter, H. Nunney, Ernest Hopkins, Carl Horn, Grover Lowe, Dick Davis, and Martin Lee May.

GUESTS OF MRS. DAVIDSON
Mrs. Jo M. Davidson entertained over the week-end at Willard House, Mrs. Jilison and Mrs. Flora Lee Hobson, of Frankfort. The Jilisons resided here 40 years. Mrs. Jilison will be remembered as the former Oriole Gormby. Their numerous relatives and friends were happy to greet them again.

and Minnie Stumbo, of McDowell. He was a veteran of World War II, and was widely related in the county. Surviving, besides his parents, are his son, Wyatt Stumbo, and the following brothers and sisters: Jim and Bill Stumbo, both of Midland, Mich.; Glenn Stumbo, Ypsilanti, Mich.; Fred Stumbo, Louisville, Mrs. Beatrice Thomas and Mrs. Rosemary Compton, both of Ypsilanti; Mrs. Ruby West, Detroit; Mrs. Ruth Musselman, Dayton, O.; Mrs. Sue Beasley, Nashville, Tenn.; and Mrs. Gertrude Stumbo, of McDowell.

His funeral was conducted Sunday at 1 p.m. from the auditorium of McDowell high school by the Rev. John P. Carr. Burial was made in the W. M. Stumbo cemetery at Miami.

Young Stephens was a son of Mrs. Nora Stephens Lawson and the late Bill Stephens. Surviving him, besides his mother, are his step-father, George Lawson, and a half-brother, Stendell Lawson, of Risner. His funeral was conducted at 10 a.m., Monday from the Lawson residence by the Rev. Banner Manns, Herschell Huff, Tack Hall and Henry Ousley. Burial was made in the family cemetery at Risner.

Funerals of both victims were directed by the Hall Brothers Funeral Home.

Primitive camping — the kind wherein the camper makes with her own hands whatever conveniences she enjoys — was participated in recently by senior Girl Scouts at Camp Cardinal near Ashland.

Miss Judy Howard (here shown in foreground with another Girl Scout), attended the camp for one week as an alternate from Sandy Valley Council. With her at camp were a patrol from the Ashland Council and seven other alternates from surrounding councils.

Miss Howard, who is a daughter of Mr. and Mrs. Ray Howard, of Prestonsburg, is a senior Scout, a member of Troop 2 here, and has worked her way up over a period of nine years through the ranks from Brownie to the Curved Bar, the highest award in Girl Scouting. She was chosen for the camp from 62 seniors in the Sandy Valley Council and her selection was based on her experience in camping, character and compatibility. Her leaders are Mrs. E. D. Roberts and Mrs. Arnold Compton.

Girl Scout leaders say that the loss of girls between the Brownie rank and Senior ranking is heavy — so heavy, in fact, that this Council would have been hard-pressed to send a patrol to Camp Cardinal.

NEW MARKET

Manufacture of the new structural metal called titanium sponge is expected to open a substantial new market for bituminous coal. Experts predict demand in this market for one million tons of coal a year by 1959 and an eventual market for 25,000,000 tons annually, in the form of electric power.

Music Family Sets First Reunion, Sunday

The first reunion of the Musick family of Virginia, Kentucky and West Virginia will be held Sunday, six miles from Cleveland, Va. Site of the gathering will be the Elbert F. Musick farm, according to Rev. O. C. Musick, pastor, West Virginia. The program will consist of two sessions, the forenoon meet beginning at 10:30 at which time Rev. Asa R. Crabtree, of Louisville, and a former missionary to Brazil, will speak. Luncheon will follow Rev. Crabtree's talk.

Rev. Musick, historian of the family, will speak at the afternoon session, as will others. Rev. H. G. Musick, Raven, Virginia, will preside at both sessions of the clan.

The arrangements committee released this week directions for Kentucky visitors in driving to the site of the reunion. After arriving at Lebanon, Virginia, they are advised to take Route 24 to Cleveland, from there drive to Old Clinchfield and turn right on what is called the Buck Valley Road.

Several of the Music family from Floyd and Johnson counties plan to attend.

Jaycee Air Tour To Start Aug. 30 From Frankfort

Frankfort, Aug. 19 (Sp.)—Frankfort will be the beginning point of the seventh annual Jaycee Chamber of Air Tour of Kentucky, according to Frank Savage, executive vice president of the Jaycee organization in Kentucky.

Approximately 50 small aircraft will participate in the tour Savage said. Persons on the tour will sign the official register at Frankfort, Aug. 30. The tour will last three days, he said.

In charge of the tour arrangements here is Herebert D. Liebman. He said tour members will breakfast at the Capitol Annex cafeteria then leave for Ashland at approximately 10:20 o'clock.

While in Ashland, the Armo Steel plant will be visited. Savage said. The tour will leave Ashland for Covington in time to attend the baseball game between Cincinnati and Milwaukee.

Saturday morning, persons on the tour will visit industries of Covington and vicinity. Saturday night they will be guests for the year's last performance of "Wilderness Road" in Berea.

Church services, fishing, swimming, boating and a watermelon feast will be featured at Dale Hollow after the air tour arrives there early Sunday morning. Savage said the tour will disband Sunday afternoon.

Purposes of the air tour, according to Savage, are to stimulate interest in aviation in Kentucky, stimulate travel by air, familiarize aviation groups with available landing fields in Kentucky, near points of interest, stimulate small airfields and to promote good will among the cities of Kentucky.

Savage said the air tour has attracted several out-of-state families, one from Iowa.

Two new units of the Pennsylvania Power & Light Co. at Martins Creek, Pa., will burn 120 tons of coal an hour.

A private "tunnel" more than three miles in length has been built by Amberst Coal Co. in West Virginia to speed up haulage of coal from mine to preparation plant.

St. Louis—About 100 United States factories manufacture glass containers.

QUESTIONS JUDGE STUMBO SHOULD ANSWER FOR THE PEOPLE

- Why was a county police force organized?
- What was the need?
- By whom was it organized? (Who appoints them?)
- How long has it been organized?
- How many have been appointed and who are they?
- What have they accomplished?
- How are they paid, or do they work and bear their own expenses free of charge to the County?

K. R. S. 64.990 (3)—Any officer who by any indirection collects or attempts to collect more for his services than is allowed by law, shall be guilty of a high misdemeanor and fined not less than \$50 nor more than \$200, and his conviction shall be prima facie evidence of his guilt in a proceeding to remove him from office.

K. R. S. 70.550 — No fees shall be allowed or paid to said officers or employees (of the County Police Force).

K. S. R. 70.560 — The Fiscal Court shall, by order, fix the amount of the salary of all appointees, but no fees or other compensation shall be paid or allowed to any of the officers or members of said County Police Force.

K. R. S. 70.570 — The members of said County Police Force shall not have power to serve subpoenas, summonses, and notices in civil cases.

Now, this being true (who pays them and from where?)

If the administrative duties of our Sheriff department could not be carried out by our department—then why were the people not told by public proclamation.

In my opinion our County Judge has not only misled and deceived the public but also the officers who work under him, and has aroused the curiosity of the voters.

If the fiscal court will not by order set a salary as the law requires them to do (K. R. S.) and if the County Police Officers are prohibited by law from receiving any fees or serving any civil papers, then the public has the undoubted right to require our County Judge to publicly disclose to the voters from what public funds they are being paid and if none then why their super-patriotism all of a sudden by working for nothing. Any candidate for County Judge who will not answer these questions is not worthy of your confidence or your vote.

Revoked Licenses Listed in Booklet

Frankfort, Aug. 1 (Spl.)—Twelve thousand names are contained in a new Department of Public Safety booklet which lists persons in Kentucky whose operator's licenses have been suspended or revoked.

The booklet, prepared by the Division of Operator Responsibility, is being distributed to all Kentucky State Troopers and to other police organizations throughout the Commonwealth.

A limited supply is available for insurance companies, loan companies, and other organizations which have a bona fide interest in the lists. The booklets can be obtained for \$3.50 from the Department of Public Safety, Division of Operator Responsibility, Frankfort.

More than 5,000 tons of bituminous coal a minute are mined in the United States.

Nine Groups Study Ky. Water Problems

Frankfort, Aug. 19 (Spl.)—The Citizens Committee on Water Policy met in Frankfort recently for the first time and appointed nine subcommittees to study Kentucky's water problems.

They include water supply, conservation and flood control, water use, utilities, transportation wildlife, ground and surface water, small watersheds and legal. State Conservation Commissioner Laban F. Jackson, chairman of the committee, told the group that "the single fundamental principal of sound water policy is to properly utilize this resource so that it meets the needs of all Kentuckians."

The group will meet again in December to evaluate subcommittee finds and recommend any necessary action to Governor Chandler.

Members of the water policy committee include James O'Rear, Kentucky Chamber of Commerce; Frankfort Mayor Robert Fount, Municipal League of Kentucky; Robert Watis, of electric utilities; Dale Scott, Kentucky Farm Bureau; Dr. G. T. Webster, U. K. College of Agriculture; Mrs. J. R. Shepherd, League of Women Voters; L. C. Mathers, League of Kentucky Sportsmen; H. K. Hines, water companion; James Marcum, water transportation; W. L. Matthews Jr., law groups; C. L. Taylor, soil conservation districts, and Commissioner Jackson.

Jackson said questionnaires will be sent to county judges, who will be asked to meet with county agents, soil conservation technicians and mayors to discuss water problems in their areas. These questionnaires, from every county in the State, will then be returned to the Conservation Department in Frankfort for study.

FARM NOTES

By Robert H. Jones
County Agent

FALL GARDENS
Good gardens do not have to stop with the summer season. Fall gardens can be as good as a spring garden if it is properly cared for. As vegetables mature they should be removed, and other vegetables planted.

If we have a favorable fall, it still is possible to have another bean crop if planted now. Use an early maturing variety such as Wade, Semole or Top-crop. It is also time to sow late greens and turnips.

If you have diseased plants, such as a tomato with blight, it would be a good idea to burn the dead plant, to check the spread of disease next year.

ALFALFA

Between August 20 and September 15 is the ideal time to sow alfalfa in this section of Kentucky. Alfalfa is a legume that is capable of getting its nitrogen from the air. To do this the seed will have to be inoculated. This material can be obtained from the same stores that handle seeds. This will cost only a few cents, but will save many dollars of nitrogen fertilizer.

Alfalfa requires a sweet soil. Two to three tons of limestone is required for the average soils. A new seeding will also require 30 pounds nitrogen, 120 pounds of phosphate and 120 potash, this can be supplied with 1,800 pounds of 3-12-15 fertilizer per acre.

Many failures of alfalfa in the past can be contributed to a poor seed bed. The field should be thoroughly disked, then after the seed has been sown, it should be packed down with a roller.

SHEEP

This year the sheep project has proven very successful. Practically all farmers average a lamb or better per ewe. Most of the early lambs for the market. This year's wool clip was excellent and prices were up.

There is still plenty of room for expansion of sheep enterprises. Many farms have the grass and fence to handle a flock of sheep. There is no other class of livestock making the money that sheep are at the present time.

At surface coal mining operations in the United States, the average truck haul to the tipple is four miles, according to the Bureau of Mines.

The new giant shovel of Peabody Coal Co., the "River Queen" weighs around 2,400 tons, or about equal to the weight of a new U. S. Navy destroyer.

GARRETT

MRS. MESSER, HOSTESS

The Lackey-Garrett-Wayland Women's Club was entertained by Mrs. R. H. Messer last Wednesday to a luncheon and sewing meeting. The quilt top was finished at this meeting and helped organize the Magoffin County Women's Club with 27 charter members being present. This will add one more daughter club to the Lackey-Garrett-Wayland club family.

Programs for the club year were discussed and year book plans were completed for 1957-1958. The first club meeting started the new club year with a family circle, September 2, at the Club House at 6 p.m.

Members present for the sewing meeting were Mesdames John Reed, Estill Hughes, Alice Hornsby, N. D. Howard, W. T. Hatcher, Milton Trusty, Delbert Shouse, Ellen Hornsby, Harry Sherman, Earl Castle, J. T. Spillman, Crit Wells and three guests, Mesdames George Evans, Sr., Oakhill, W. Va., Roy Souder, Harrison, Ohio, and Carl Stewart, Estill.

The next sewing meeting will be at the home of Mrs. Harry Sherman, August 28.

Three leading steel companies, Bethlehem, U. S. Steel, and Republic, produced in 1956 a total of 37,744,686 tons of coal in their own mines or about 7 per cent of the national total of 500,000,000 tons.

The extent of coal industry automation is reflected by the fact that some 252 equipment manufacturers made for a total of 1957 Cleveland Coal Show their contributions to coal mining mechanization.

MASTER COMMISSIONER'S SALE

Floyd Circuit Court

Kelly Development Co. Plaintiff

vs. NOTICE OF SALE

Spencer Sward and

Jessie Mae Sward Defendant

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered and entered at the June term, 1957, in the above styled cause I shall proceed to offer for sale at the Courthouse floor in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 26th day of August 1957, at 10 o'clock A. M., same being the first day of the regular term of the Floyd Circuit Court, upon a credit of six months, the following described property, to-wit:

Lying and being at Weeksburg, Floyd County, Kentucky, being Lot No. 1, Plat No. 4, House No. D407 of the property of Kelly Development Company at Weeksburg, Left Beaver Creek, Floyd County, Kentucky, as shown on a certain map entitled "Map of Weeksburg, Kentucky, Sub-division of Surface Tracts," recorded in file box No. 3 Map 142, Floyd county court records to which reference is made for a more complete description.

Said property will be sold to satisfy a judgment against defendants in favor of plaintiff for the sum of \$1,260.02, with interest from June 21, 1956, until paid, and the cost of this action.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply promptly with these terms. Given under my hand, this 5th day of August 1957.

J. B. CLARKE
Master Commissioner,
Floyd Circuit Court
Cost of Adv. \$18.25,
8-8-57.

The Chesapeake & Ohio Railway, which hauls more coal than any other American carrier, serves 346 coal mines.

A new bituminous mine with annual output of 500,000 tons is being planned by the U. S. Steel Corp., as the first step in a new development program.

Surface mining operations in Ohio produced nearly 25,000,000 tons of bituminous coal in 1956, of which nearly 7,000,000 tons were mined in Harrison county.

LACKEY

A household shower was given in honor of Mr. and Mrs. Linvel Jones at the home of Mr. and Mrs. Farris Martin. Refreshments were served and they received many useful gifts which were much appreciated.

Ella Mae Jones was home from Dayton, Ohio to attend the recent wedding of her brother, Linvel Jones.

MASTER COMMISSIONER'S SALE FLOYD CIRCUIT COURT

Frank Hopkins Plaintiff
vs.
Ollie Ellis Ac. Defendant

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered and entered the June term 1957, in the above styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 29th day of August 1957 at 10 o'clock a.m., same being the first day of the regular term of the Floyd Circuit Court, upon a credit of six and twelve months, the following described property, to-wit:

The coal, oil, gas and mineral rights in, on and under a tract of land lying in Floyd county, on the waters of the left fork of Abbott Creek. Beginning at a beech tree just below Pound Mill hollow at a conditional line between Kelley Holbrook and Thomas Stanley; thence running down the creek so as to include all the right, title and interest on said fork to a conditional line made by Kelley Holbrook and Daniel Stanley, a piece of land where James H. Hall now lives, and a piece above the mouth of Martin C. Bays branch at a conditional line between Kelley Holbrook and the south side of the creek and a small beech tree on the north side of the creek near the mouth of a small drain containing 2 1/2 acres more or less. There is excluded from the above tract of land the following tract which is not sold, to-wit:

Beginning on the line of R. D. Holbrook at a rock with an "H" cut on it, thence running with the garden fence to a corner of garden fence, thence a straight line to a willow; thence a straight line to the well, thence down the yard fence runs to the road, thence crossing the creek to a pine on top of a rock; thence a straight line up the hill to the haul road; thence running with the haul road to a white oak; thence with haul road to a hickory; thence running a straight line to the top of the hill; thence up the ridge with the center of the ridge to R. D. Holbrook line; thence down the hill with R. D. Holbrook line to a large beech tree, standing near the country road; thence running with said line to the rock, the place of beginning, containing 10 acres, more or less, as shown on map.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien returned upon said property as a further security. Bidders will be prepared to comply promptly with these terms.

Given under my hand, this 5th day of August, 1957.

Kentucky Had The Six Hundred At The Thames

By Charles F. Hinds
Secretary-Treasurer, Historical Society

Frankfort, Aug. 19 (Sp.) — Tennyson immortalized the Charge of the Six Hundred in the Crimean War fought October 25, 1854, but Kentucky's Charge of the Six Hundred at the Battle of the Thames in Ontario, Canada, October 5, 1813, awaits only a Kentucky poet laureate to show its greater claim to significance.

The English had won every important land battle in the War of 1812 up to that date, but late in 1813 they had retreated before an aroused army of Kentuckians, determined to revenge the massacre at the river Raisin.

The honors of attack fell to the Kentucky Mounted Infantry under Colonel Richard M. Johnson, who, with his forces, about one-third to make a frontal attack, and the rest to attack the Indians when the English soldiers gave way, under Johnson's personal command.

The English were spread out every three or four feet in two long lines on the Kentuckians before the lines of defense with relative ease.

Colonel Johnson now could turn his attention to the Indian foe with 600 troops in his command against Tecumseh's 1500 braves who were concealed behind willows and decayed trees. The odds were incredibly high.

Johnson formed his little army into two columns with a uniting squad called the "Folger Hope" of twenty men in front led by Private (Colore), William Whitely of Lincoln County and Johnson in person. The plan was to force the Indians to discharge their rifles upon the advance party and for the main body to attack on horseback before the Indians could reload.

The first part of the plan worked. Nineteen of the twenty fell with the first volley. Colonel Johnson and one other man remained on their horses. But the swamp made it too difficult for horsemen to maneuver. Johnson ordered his men to dismount and fight on foot, although outnumbered more than two to one.

The outcome of the battle was a double for a quarter of an hour only decided at the last by the knowledge among the Indians that their great leader, before he had fallen in battle, the Indians gave up or fled.

Laurel County Homecoming Draws Record Attendance

Frankfort, Aug. 19 (Sp.) — Approximately 30,000 people attended the Aug. 9-10-11 Laurel County Homecoming activities at Levi Jackson Wilderness Road State Park, near Corbin.

One of the highlights was the re-enactment of the worst slaughter by Indians of early Kentucky pioneers. This massacre, now known as "The McNitt Defeat," occurred 181 years ago at the present site of Levi Jackson State Park.

More than 10,000 persons saw the Indians raid relieved at the Russell Dyche Amphitheatre. Approximately 100 residents of Laurel county and several full-blooded Cherokee Indians, from the nearby Fort Sequoyah Indian Village, participated in the re-enactment program.

Prior to the performance Commissioner Vege Barnes, of the Department of Economic Security, made a talk on the history of his ancestors who were among the pioneers involved in this tragic massacre in 1798. Commissioner Barnes told the throng about his great, great-grandfather, who lost two children to the Indians in this sudden raid by the Chickamauga tribe. Other known families involved were the Fords and the McNitts (also known as the McNitt family).

Mrs. Ruel Buchanan, of London, was awarded the Friday Night's Cup as the distinguished native of Laurel county in the field of interpretive arts.

Roy Black, of Decatur, Ill., was honored as the distinguished Laurel county who, now living outside the area, has achieved prominence in the business or professional world.

Miss Mary Virginia Whitaker, 19, of London, was named Queen of the Laurel County Homecoming Saturday night before Anneke Robbins was crowned. One of the judges of the Beauty Queen Contest was Commissioner Barnes. Others were Clarence Jones of Worth, Texas, and Robert Burton, Corbin.

Tips Are Given On Buying Lambs

When buying ewe lambs this summer for breeding purposes, make sure they are the type that will fit in well with Kentucky sheep production, says R. C. Miller, Kentucky Agricultural Extension Service sheep specialist.

Make sure the lambs weigh about 90 pounds at breeding time; buy them in carload lots on a community pool basis if possible—and purchase them "in wool", not shorn.

Unshorn early blackface-cross ewe lambs weighing around 90 pounds should shear at least four pounds of wool, which will help pay shipping costs, he notes.

It's early blackface-cross ewe lambs normally produce a lamb crop of 70 to 80 per cent the first year when bred as lambs; their breeding does not appreciably affect their later usefulness as breeders.

However, Miller notes, inexperienced sheepmen should not try this type of program. The lambs, being immature, have more difficulty lambing than older sheep give less milk and their lambs are longer in finishing; they also require more feed, as they must provide for their own growth as well as that of the developing foetus.

These early black-face-cross lambs are to be confined with lambs brought in in the early fall to be carried over as breeding ewes for the following year.

Clipping Crabgrass Necessary for Control

Two suggestions on how to control crabgrass, the annual weed to be found in many lawns at this time of year, come from N.R. Elliott, Extension specialist in landscaping at the University of Kentucky.

(1) Continue to cut the grass regularly to prevent maturing and scattering of seeds, and (2) avoid watering the lawn at this season, as to do so only encourages the growth of the weed.

It is a serious mistake, he said, not to clip the lawn at regular intervals, even though the bluegrass shows little or no growth. Crabgrass is an annual, and cutting off the weed seeds, followed by raking and burning, is a step in next year's control, and should be continued until after two heavy frosts.

Bluegrass, on the other hand, is a cool weather crop, now in its resting period. It will come back with cooler weather.

Mr. Elliott explained that the Experiment Station at the University has found that September 15 is the best time of year to sow bluegrass seed. It should be of exceptionally high quality, and free of all other seeds.

If the sod is reasonably good, use 1/4 pound of seed to 1,000 square feet, and if it is on the "light" side, increase the amount to 1/2 pound, he advised.

Sowing should follow the clipping and raking of the lawn.

Nickles' Application Ordered Dismissed

The Department of Motor Transportation last week ordered the application of Birt Nickles, of Wayland, dismissed without prejudice. Nickles was asking for a common carrier certificate to operate one taxicab in the town of Wayland, Delmer Ison, assistant commissioner, said.

Dismissal of the application was ordered when Nickles failed to appear at the hearing at Frankfort, Ison said.

Capitol Notebook

Frankfort, Aug. 19 (Sp.) — Information from the Tennessee Valley Authority office in Knoxville relates that Kentucky Dam continues to attract far more visitors than any other TVA dam or steam electric-power plant. This news is even more interesting when it is realized that the TVA operates 23 large installations all Kentucky attract their share of visitors. In July, Kentucky Dam had an estimated 467,000 visitors. The nearest competitor was Fontana Dam which attracted 268,000 per person the same month.

SAFETY-FIRST
Our hats are off to the workmen and officials of the clay mining industry of Kentucky who have not experienced a fatal accident for a period of more than two years. During this time about 1 1/2 million tons of clay have been produced. If there were only some method to instill this safety consciousness into the users of Kentucky's highways, the Sunday afternoon drive would be a pleasure again.

HELPFUL REMINDERS
Make plans now to attend the Kentucky State Fair in Louisville, September 6-15. It promises to be the best yet.
The play "Wilderness Road" closes August 31 in Berea. Indications point to a record-breaking crowd this season. If you have seen the play during a previous year, see it again. Visitors there report a faster moving, much improved production.
The Plug Horse Derby in Lexington, September 2 is another thrilling and different event. It's run at the Trotting Track.

SERVICES APPRECIATED
Complaints are always easy to get but compliments are usually not as forthcoming, however, the Kentucky State Police recently received a letter reading in part: "I am a resident of Ohio but lived in Lexington, for many years. We return to Lexington quite often via U. S. 27 and traffic is always terrible. On one of our trips in July we were passed on a double yellow line, curve, at a speed of about 70 miles an hour. A car was coming from the other direction, we were forced to jam on the brakes and narrowly missed a collision.
At that time we wondered where the State Police were and why they didn't catch such people. About 30 miles further down the road the State Police had that very car. Thank you for your good work. Thank you for saving our lives, or others just like us"

Mrs. Conley Represents County at Conference

Three hundred leaders in Kentucky education met at Murray State College last week to plan for the coming year's work. Participants engaged in discussion centered on the theme: "Building a Stronger Profession — through Expanded Services, through Legislation, and through Improved Standards."
Attending the conference from Floyd county was Mrs. Dorothy Conley, Wheelwright.

The Lella C. Shearer, largest towboat ever built on the Monongahela River, has been put to work moving coal tows on the Ohio and Kanawha Rivers. This 2700-horsepower vessel is 150 feet long and 34 feet wide and owned by O. F. Shearer & Sons.

Coal dumpings at Hampton Roads, Va. — America's greatest coal port — rose nearly 28 per cent in the first six months of 1957 to more than 31,000,000 tons. Virtually all coal shipped abroad passes through the port of Hampton Roads.

Mr. Breeding is a 1956 graduate of Wheelwright high school and is a former employee of the Kentucky Conservation Dept., Monticello, Ky.

Nine of the nation's leading electric utilities mined 11,687,263 tons of coal for their own use in 1956, or a little more than 2 per cent of the national coal production of 500,000,000 tons.

Hanna Coal Co., Division of Pittsburgh Consolidation Coal Co. mined 5,372,330 tons of Ohio coal through surface mining operations in 1956.

Mine Fatalities Show Big Drop

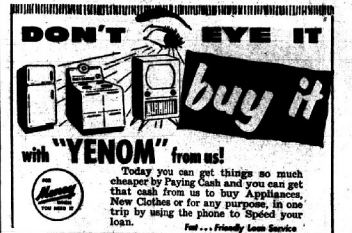

Frankfort, Aug. 19 (Spl.) — Five fatal accidents occurred in Kentucky coal mines during July according to a report issued by the State Department of Mines and Minerals.

There were 11 fatalities during the same month of last year. There were 20 accidents each in the Big Sandy-Tug River and Kentucky River districts. One fatality was recorded in the Cumberland Valley district. Through July, 1956, a total of 44 persons had been killed in Kentucky coal mines. Thirty-five persons have died through July this year.

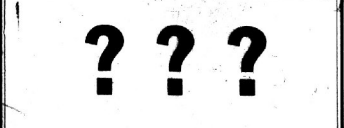

In calling public attention to mine safety problem, Acting Gov. Harry Lee Waterfield has designated September "No Accident Month in the Coal Mines of Kentucky."

Today... see these FOUR OUTSTANDING VALUES IN 4-DOOR SEDANS

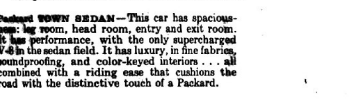

This is the ideal season to trade up to the convenience and luxury of a new 4-door Studebaker or Packard for the school days ahead, for business use, for Autumn trips and a Winter of trouble-free, care-free comfort. Here are four cars of value and dependability unsurpassed, in a range of price and performance to match your budget and daily driving.

Studebaker PRESIDENT CLASSIC—Longest of all Studebaker sedans, with a wheelbase of 130.6 inches for a smooth "between-the-wheels" ride. Powered with a 226 h.p. V-8 Sweepstakes engine. Available with Flightomatic transmission or Overdrive as optional extras. The President Classic offers big car luxury, at a price competitive with 2-door models of other makes.

Studebaker COMMANDER DE LUXE—The four door luxury in instrumentation and driving ease, in fabrics and cushioning... lighting, soundproofing and insulation. Under the hood is a 156-h.p. with four-barrel carburetor. Optional Flightomatic transmission or Overdrive.

Studebaker ROWAN SEDAN—This car has spaciousness, big room, head room, entry and exit room. It has performance, with the only supercharged V-8 in the sedan field. It has luxury, in fine fabrics, soundproofing, and color-keyed interiors... all combined with a riding ease that cushions the road with the distinctive touch of a Packard.

Studebaker CHAMPION DE LUXE—The thrifty Sweepstakes Six engine gives this fashion-styled sedan an operating economy unsurpassed in other makes of full-sized cars. In all-4-door convenience, Champion economy, Studebaker craftsmanship, for value to match the long car looks.

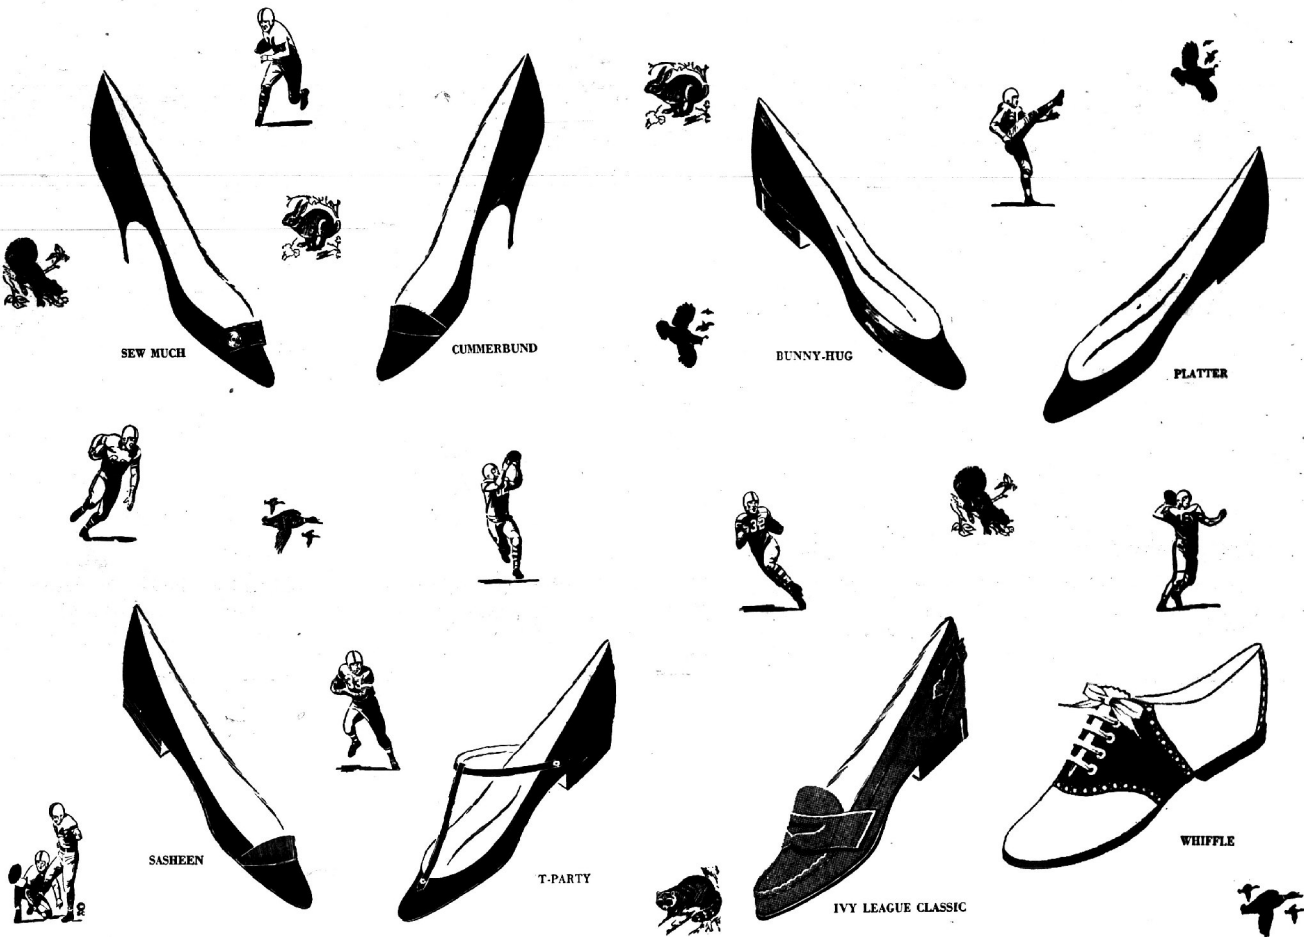

For the best car values ever...
