Isbell - Webb Vows Said Here

—Photo by Quentin Allen

Mr. and Mrs. Dow Webb announce the marriage of their daughter, Gail Webb, to Lt. (j. g.) Samuel Maurice Isbell, son of Mrs. S. L. Isbell and the late Mr. Isbell, at 5 p. m., September 17, at the Irene Cole Memorial Baptist Church, Prestonsburg. The pastor, the Rev. Ira McMillen, solemnized the double-ring ceremony.

The marriage vows were exchanged before an altar of palms, with white chrysantheums and gladioli, flanked by cathedral candleabra.

Preceding the ceremony, Mr. Robert D. Francis and Mr. Quentin Allen lighted the tapers, and nuptial music was furnished by Mrs. Chalmers Frazier, organist, and Mr. Franklin Moore, who sang "I Love You Truly" and "The Lord's Prayer."

The bride, given in marriage by her father, wore a bouffant ballerina length gown of glazed taffeta with fitted bodice of Chantilly lace. She wore a bolero

of jacket of lace with long sleeves extending in points at the hands. Her shoulder-length veil was held by a pearl and rhinestone jeweled tiara, and she carried a bouquet of white orchids and stephanotis.

Mrs. Charles Spradlin, matron of honor, wore a blue dress of ruffled lace with a tulle stole, and carried a bouquet of pink carnations.

The junior bridesmaid, Miss Vera Jane Vanhoose, cousin of the bride, wore a ballerina-length blue nylon tulle dress and carried a pink carnation bouquet.

Hubbard C. Francis, Jr., acted as best man. Mrs. Webb, mother of the bride, wore a mauve jersey dress with matching hat and pink carnations.

Mrs. Isbell, mother of the groom, wore a blue silk, faille sheath dress, a matching feather hat with a corsage of pink carnations.

Mrs. Isbell is a graduate of Prestonsburg High school and attended the Mayo School at Paintsville. She has been employed by the Prestonsburg General Hospital as receptionist. Lt. Isbell also is a graduate of Prestonsburg High school, attended the University of Kentucky before enlisting in the air force three years ago.

Lt. and Mrs. Isbell spent a brief honeymoon in Central Kentucky before returning home. Mrs. Isbell will remain here until November, when she will join Lt. Isbell in Jacksonville, Florida.

MARTIN

CLUB MEETS

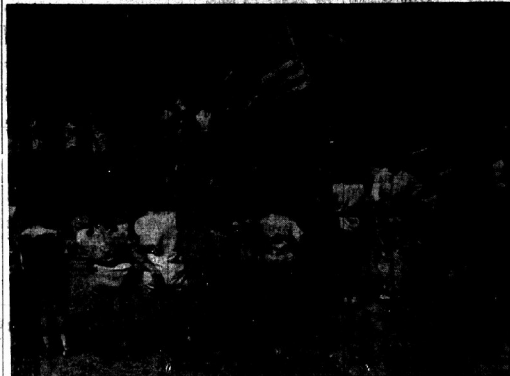

The Allen-Martin Woman's club met September 3 at the home here of Mrs. T. A. Allen. In the absence of the president, Nell Musick, Mrs. John Sherman presided.

Each member present paid annual dues of \$1. All members were appointed to collect donations for the school for retarded children. The new year books were given to each member present. The second meeting of the month was held September 18, 1937 at the home of Mrs. James Davis. The president, Nell Musick, presided. The program was, "Safety in the Home," conducted by Mrs. John Sherman, who showed examples of sources of danger, such as poor wiring, overloaded circuits, old medicine left in medicine cabinets, unprotected stairways, etc. Each member took part by telling what the danger was in each demonstration and how to prevent it. A short business meeting after the program resulted in the decision to enter the community sidewalk contest which is open to all Women's Clubs. A project was considered but not decided upon. Plans were discussed regarding issues for next year to organize Future Teachers and nurse clubs in Martin high school. It was decided that the Martin and Allen members would again sell candy and Christmas cards as fund-raising projects.

Miss Musick read a letter from Mrs. Lloyd Stumbo, thanking Mrs. Clark for the \$25 donation to friends of Kentucky libraries. This was the amount given to the local club by the women's clubs of the state as flood relief. A dessert course was served by Mrs. James Davis. On October 2, 3 and 4 there will be a radio auction for the Floyd county program for retarded children.

ANNUAL GIRL SCOUT DRIVE FOR \$10,000 NEARING CLOSE

A daily event at Sandy Valley Council's Girl Scout Camp at Dewey Lake is the raising and lowering of the flag on the point of the main lodge. Here girls attending this summer's day camp lower the flag at the end of the day's activities.

The annual fund drive being made by the Sandy Valley Girl Scout Council which covers Johnson, Floyd and Pike counties, drew near its close this week. The goal is \$10,000.

Money derived from the drive will go to provide funds for running the council activities such as leadership training and program course, operating the office in Pikeville with a full-time executive director and a part-time

secretary and for improving and maintaining the permanent camp on Dewey Lake. At present camping fees in the summer barely cover the cost of the program, staff and girls room and board.

In the past year, 777 girls under the council jurisdiction earned the Second Class rank, 19 became First Class Scouts, and 13 earned the Curved Bar, the highest rank in Intermediate Scouting. Intermediate scouts last year earned a total of 502 badges. Two troops in the council traveled to Washington, D. C., others participated at the Senior Scout level in the Senior conference. World Camp training and civic improvement projects such as maintaining bookmobiles in two Pikeville hospitals.

The Scouting personnel in the

Council consists of 642 girls from the ages of 7 to 18 years of age, 202 registered adults serving as volunteer leaders and committee members. Approximately 30 volunteer adults make-up the council organization along with the executive director, Mrs. Zella Archer, of Prestonsburg. President of the Council is Oscar Harm, of Pikeville. There are 316 girls in Brownie Scouting, aged 7-9 years old; 269 in Intermediate Scouting, and 67 in Senior Scouting. The badge work is the program for Intermediate and Senior Scouts, and is divided into ten different program fields and four ranks beginning with the Tenderfoot and progressing through Second Class, First Class and Curved Bar. Girl Scouts reach high school age.

DURAN MOORE
for
COUNTY CLERK

Dear Friends and Fellow Voters:

I am very thankful for the kind interest that you have shown me in the past. I will greatly appreciate you and your support in this election.

I have always conducted my political campaigns on a high level. I have always been aware of the feelings of my opponents and their friends and their loved ones. I have never knowingly wounded anyone's feelings, or spread unkind gossip about any of my opponents or their loved ones. It has always been my nature and desire to be kind and considerate of others.

I have always tried to live a good clean life; to do my level best for the good of My County and My Country.

I have faith in humanity, and I have always tried to see the good that there is in everyone, and to help them achieve success and happiness in this life, and hope for a better world in the Great Beyond. Never will I lend my thoughts or my conduct to the tearing down or the destroying of the good that there is in the life of anyone whether they be my colleague or my adversary. I firmly believe that no man can build himself up by tearing down his fellowmen. I will always work for that which is good, right and noble and honest.

Your County Clerk's Office has been well kept in the past. I have tried to secure and to keep the very best help that I could find. We have worked long and hard and been faithful and true to our trust. We will do our best to serve you well during the next four years. Your interests will be our interests, and your welfare will be our welfare. We desire to serve you well. We will be honest and faithful, and strive to save you money and time when you have business to look after in the County Court Clerk's Office. No task will be too large or too small. It will be a pleasure if we can please you. When you are pleased with our service we will be happy.

May God be our keeper and our guide in this and in the future.

Please go to the polls on Tuesday, November 5th, and vote to make Floyd county a better place in which to live. I will appreciate your kindness. PLEASE DON'T FAIL TO VOTE. Let's show our love for our country and our great American way of life.

Your friend,
DURAN MOORE

was knocked down. He left, and Stephens and Vaughan went inside they were joined there by Bill Stephens, a brother who had come sometime later. Shell called from outside the house for help with a car, authorities were told. Vaughan volunteered to go outside, saying he and Shell were friends. Will Stephens accompanied him. Shortly after Vaughan and Stephens walked outside the single blast from the shotgun was fired.

Shell was found that night by Sheriff's deputies at the home of his father, Jim Shell. He feigned sleep. Deputy Sheriff Frank Blackburn said, but roused quickly when pulled from bed. Officers said he thought he had shot Tom Stephens.

John Stephens was quoted by Deputy Sheriff Blackburn as saying when he and Vaughan stepped outside the Tom Stephens home Shell called to them to ask where a Craft boy who had accompanied him there had gone. Vaughan replied and had no more than spoken when the shot was fired.

The victim was unarmed and was described as a young man of excellent character and habits.

A warrant was issued by County Judge Henry Stumbo, Monday afternoon, charging Shell with murder on the basis of an affidavit procured by County Attorney Hollie Conley. Bond of \$10,000 was asked for Shell's release, and he waived examining trial.

The shot victim was a son of Jeff and Nell Harris Vaughan. He is a member of the church of his brother, George, of Cliff, and a sister, Mrs. Mary Nell Bingham.

The funeral was conducted Monday from the Freewill Baptist Church at Cliff, of which the victim was a member, and at 4 p.m. Saturday in the Vaughan cemetery at Cliff under direction of the Carter & Callahan Funeral Home.

show will total \$80, and the trophy for the best exhibit will be given by the Bank Josephine. The exhibit is now on display in the big chain exhibit started in this county a few years ago among 4-H Clubs. The chairman, sponsored by local businessmen has heretofore been showing one ring, but this year will require four rings to adequately exhibit the porkers, now prized specimens of hogs, including boars, sows and sowpigs.

The school exhibits, which will be under the supervision of Blanche Dingus, of the county superintendent's office, is expected to run to surpass the highest of last year as pupils and teachers are preparing a great display of exhibits to earn hundreds of ribbons. Last year's school exhibits were an extravaganza of exhibits to earn hundreds of ribbons. Last year's school exhibits were an extravaganza of exhibits to earn hundreds of ribbons.

Service Academy Exams Scheduled

A civil service examination for young men interested in entering one of the Service Academies will be given November 18. The examination is for men interested in the Air Force and Merchant Marine Academies, as well as West Point and Annapolis.

Congressman Carl D. Perkins said that he would be glad to arrange for all interested persons to take the exam and to supply them with a list of sample questions.

According to the Civil Service Commission announcement, "the purpose of the examination is to aid Senators and Representatives in the selection of appointees for the classes entering Academies in July of 1958."

Those interested in taking the exams should write to Congressman Carl D. Perkins, House of Representatives, Washington, D. C. before October 18, 1957. The tests will be given in Ashland, Hazard, Lexington and Paintsville, as well as in many other cities throughout the country.

and battery with an auto and cutting and wounding. A peace warrant was also issued for him, and he was booked at the jail for hit-run driving.

The father of the accused man said Isaac was driving Ernel Isaac's car, that all were drinking and he thought his son at the time was run over Ernel but the latter dodged and the car hit the child instead.

Authorities said Ernel Isaac told them his cousin came back to his home and attempted to kill him after driving the car over his son.

edition of The Times, down there on Court street, with pencil, without benefit of desk or dictionary. Surely it hasn't been that long since a fire wiped out the newspaper, lost stock and barrel, and cleaned out your truly who had been married only a short time and had some pending obligations such as payments on furniture and an odd grocery account or two.

Since those days the paper has passed through a World War and before that a depression that rightly merits a capital D. You didn't worry about having a new car in those days. If you were editing The Floyd County Times, you had no car. And a lot of other things besides. You were satisfied to keep your most salient feature, your nose, above water. But you had passion and a certain enthusiasm. Printer's ink still smelled sweet and good to you, and you looked on just about everything you wrote as something so classic that it belonged on paper finer than newsprint and in form more permanent than any mere newspaper. And dreams—did you have them?

That is why 30 years ago look so attractive to me, now, if any youngster isn't satisfied just to be reporting. If he does want to be reporting, let me tell him to send me something as earnestly as I can that I would trade any material blessings I may have for his youth.

Which, I suppose, is a rather commonplace observation. Matter of fact, there's a lot of the commonplace about this newspaper business. The truth is, youngsters, the romance of journalism is a fiction—pure fiction. It's grubbing for news, writing news, reading proofs, worrying about deadlines, answering the telephone, hearing complaints, getting the paper out—then starting all over again toward getting the fool thing out again. Daily or weekly, it amounts to just about that.

It's a job, no surefire, if you like it, go to it. If there's any doubt about your liking it, and if you're bitten by that Romance-of-Journalism bug, why stay away from it as if you were a rattlesnake. You'll never be a Croesus, neither will you be any knight in shining armor.

Well, I started out to write something about our 30th anniversary, and I've wandered far afield. And still this piece just scratches the surface as it talks about that old codger, The Floyd County Times.

It doesn't tell anything of the fun we've had, of the dark days and the sad, the little incidents (such as could be told) that enlivened the routine, the weaknesses we've discovered in people and the greatness we also have found in human beings. It doesn't tell, either, anything of our ideas as newspaper people—but if they aren't apparent to those who know us (and they're the only ones who count, anyway), my recasting them would be most wasted space.

Incidentally, if this isn't ended here and now, we'll be running over into National Newspaper Week or perhaps competing with Kentucky Cornbread Week—and that I do not want to do.

ROAD DEPT. SEEKS BID

On Road Improvements Of About 75 Miles For Oct. 4 Letting

Frankfort, Sept. 24 (Sp.)—The Kentucky Department of Highways is seeking bids on additional road improvements totaling approximately 75 miles. These bids will be opened at the department here at 10 a.m. (CST) Oct. 4.

The early October bid opening will raise to about \$90 the total mileage upon which road-improvement bids have been requested in recent weeks, starting in August.

The total includes many rural highway and farm-to-market road projects, involving much black-topping. Projects on the interstate and primary highway systems also have been included.

For cost of interstate projects, the federal government provides \$9 for each \$1 put up by the state. On federal-aid primary and secondary roads, the federal and state governments divide the costs evenly.

Meantime Highway Department officials have termed "quite successful" their new right-of-way buying plan tried as an experiment at Catlettsburg recently.

Under the plan, the state carefully obtains at least two appraisals of property needed for right of way, reviews the appraisals and then establishes the average as the fair, market price. This is the price offered property owners. Should they refuse to accept, the state then starts condemnation proceedings, letting the courts decide the price.

In the Catlettsburg test, most property owners accepted the state's offer for most of the property needed for an improvement on US 23. Highway officials now are considering use of the new plan on other projects in the state.

BLACK CATS, JENKINS MAR SPOTLESS RECORDS

The Jenkins Cavaliers and the Prestonsburg Black Cats eliminated two of Eastern Kentucky's high school football teams from the sub-section ranks over the past week-end of play.

By virtue of its convincing 19-0 triumph over Fleming, Jenkins is the undisputed leader of the 10-team Mountain Conference. Prestonsburg rolled over previously undefeated Elkton City, 27-0, in becoming the first team to score on the Cougars.

In the other conference fray, Hazard toppled city rival M. C. Napier, 28-0, and in non-league games Paintsville edged Louisa, 24-0, Whitesburg bounced Cumberland, 28-0; Berry overpowered Burch, West Virginia, 28-0; Pikeville lost to Raceland, 28-4.

Nick Diachenko's Jenkins eleven pulled into a 13-0 halftime margin on touchdowns by Gary Harrison and Frank Hodges. Then in the final period, Hughes whipped Whitesburg by a 27-0 margin after a close first half.

The water temperature at Dewey is about 66 and with cooler and longer nights should soon be low enough to produce better fishing. Some bass are being taken on flyrod poppers in the early morning or late afternoon.

CAGE CLINIC. The 15th regional basketball officials and coaches clinic will be held in the Pikeville high school gymnasium, Tuesday, October 8, at 5 p.m. (E. S. T.) under this year's Kentucky High School Athletic Association rules, attendance is required of all basketball officials and head coaches. Before an official works a 1957-58 basketball game, he must have attended one of the 16 clinics held in the state.

BRIGHT FUTURE. James Buford Crager, ex-Prestonsburg high athlete and 1957 winner of the Prestonsburg Junior Chamber of Commerce Feathered-Baiting Award, is expected to have a bright future with the 12-0 coach Bailes in Morehead's 20-0 conquest of Maryville last Saturday night. Crager made the longest run of the game—a nine yard touchdown—but it was nullified by an off-side penalty. Although only a freshman, Crager played almost the whole game.

GOODE RATINGS. The weekly Kentucky high school football ratings, which appear every Tuesday in the big city dailies are about as informative and newsworthy as a dead mackerel. This week, for instance, Jenkins, possibly the best team in the mountains and one of the leading ones in the state, is ranked 21st, behind Fleming (24th) and Paintsville (28th). In the past two weeks the Jenkins eleven whipped Paintsville and Fleming, yet they drop in the ratings. Berry, loser to Fleming and conqueror of weak Pikeville and two other West Virginia schools, is tabbed as the best in the mountains and is in 13th position, statewide.

Prestonsburg was 38th, then whipped previously unbeaten Elkhorn City 27-0 last Friday and was now dropped to 51st by virtue of that victory.

PLAYER OF THE WEEK. Last week's victory over Elkhorn City produced two winners for the Black Cat Sponner-of-the-Week award. Sponner-fallback James Allen and senior center Wayne Dixon shared the decision of the secret five-man selection committee.

Allen scored two touchdowns and booted three extra points and did an excellent defensive job. Dixon turned in his best performance of the season, as did guard Henry Hughes.

HAYES ASKS SUPPORT FOR BURNIS MARTIN FOR STATE SENATOR. On November 5th the voters will be faced with the problem of two Democratic candidates for State Senator, Burnis Martin, Commonwealth's Attorney, has constantly worked in the interests of Floyd County Taxpayers and for honesty in government at all levels.

FOOTBALL STANDINGS. W. L. T. To go. Jenkins 4 0 0 65 18. Fleming 3 1 0 64 31. Prestonsburg 3 1 0 101 19. Berry 3 1 0 95 13. Paintsville 3 1 0 71 21. Hazard 2 1 0 41 13. Elkhorn City 2 1 0 38 27. Whitesburg 3 2 0 65-50. M. C. Napier 1 2 0 27 50. Pikeville 0 3 0 5 76. Wheelwright 0 3 0 0 0.

1. Burnis Martin, to my knowledge, has always been a loyal Democrat. I cannot say the same for his opposition who to my personal knowledge in the U. S. senatorial campaign of 1954, sided out on Senator Barkley and spoke and campaigned against this great Democrat whose immortalized last words will forever be remembered. "I would rather be a servant in the house of the Lord than sit in the seat of the mighty". No—the friends of Senator Barkley must not forget good Democrats must never forget.

2. Every nominee on the Democratic ticket must admit that Burnis Martin is the strongest candidate for this senate post and his opposition knows that the Democratic party is best represented by the strongest Man. But—here's the rub—Burnis Martin will not be a "bused" State Senator. He will not be a rubber stamp for the Administration's program of more and higher taxes and more and rotter road scandals.

We in Floyd county have seen the independent, forceful action Burnis Martin has taken in behalf of good government. In the last few days we have read how the tax-hungry ring in Frankfort ignored Burnis Martin's request for a primary. We have read of Burnis Martin's magnanimous gesture to the Lt. Governor supporting a member of the late Senator Hays' family to fill out the unexpired term, and who again yesterday suggested to the Democratic Campaign Manager that both candidates for State Senator withdraw in the interest of party harmony and allow a member of the late Senator Hays' family the honor of filling out the short term.

The dictatorial action of "Happy" Lee Waterfield's hand-picked candidate secretly meeting with two pressured road employees, and brazenly picking himself as choice of the demagogic voters of three counties, and having the Secretary of State certify him as the Democratic nominee has shocked the conscience of the electorate, and is unprecedented, especially since there is no special statutory authority for this conduct where the regular and special election coincide.

While I will strongly support all Democratic nominees who won in the recent primary, I do not propose to allow the Kremlin in Frankfort to select my representative in the state senate in this special election. I propose to support Burnis Martin, whose party loyalty and independence of action on behalf of the people will make him a great state senator. This is your fight as well as mine. Your liberty and your right to select your representatives are at stake in this special election. Will you allow your freedoms, swathed in the blood of your ancestors, and more recently made sacred by many in our armed forces, to be crushed under the heels of the Kremlin in Frankfort? Join me in this fight if you love your liberty and value your right to vote.

Disaster loans totaling \$6,659,116 were made by commercial banks and the Small Business Administration to 852 businesses and individuals in 10 Eastern Kentucky counties hit by floods last winter. Officials of the S.B.A. reported the total last week to the Kentucky Bankers Association.

The report said 17 banks in the flood areas are left 60 per cent of the total, \$4,101,490. The remaining 40 per cent, \$2,557,626 represents 200 loans by the S.B.A. loans made in the 10 counties averaged \$77 each. Bank loans averaged \$898 and direct Government loans averaged \$666.

John A. Parcel, Cleveland, financial specialist for the S.B.A., said the Kentucky record of bank participation was the best yet in any disaster area since the Government's disaster-loan project began late in 1955.

Parcel credited the bankers' association with expediting the handling of loans in temporary offices set up at Hazard, Barbourville, and Pikeville, almost before the floods receded.

Insurance Firm's Office Serving State Has Staff Of 20 Here, Kapp Says

The Kentucky office of the American Health Insurance Corporation, which opened recently in Room 202 of the Allen-Meade building here, has a staff of 18 salesmen and four office-workers, it was said last week by L. F. Kapp, manager.

The company is a subsidiary of the Commercial Credit Corporation, specializes in the hospitalization field, with individuals as well as small groups, dealing on a local basis. Mr. Kapp said. He added that it is now operating in all counties of the state with headquarters here. The company was organized in Baltimore in 1952, and the head office of the company is in Baltimore. The manager of the state office said the office will soon move to the Ford-Ranier building on Lake Drive here and that he expects to have a field force of 500.

Airman Osborne Gets WAF Of Month Honor

A hospital technician, A/70 Donna J. Osborne, has been honored as WAF of the Month for August. Airman Osborne was chosen on the basis of her conscientious performance with the Radiology Section of the 220th USAF Hospital.

Airman Osborne was an administrative clerk on her first enlistment before returning into the radiology field on her second enlistment. While undergoing a refresher course at Lackland AFB, Texas, she made a qualifying score of 110.

Major Robert O. Tost, Medical Section Commander, and her NOCOT, T/Sgt. Alois L. AnusCav- agree that Donna has become a valuable asset to the Radiology Section where initiative and ability to learn were most essential.

Patients, too, have found her performance of duties above reproach. She is a daughter of Mary Osborne, of Martin.

Modern Sewage Disposal Methods Can Restore Poisoned Rivers

Damage by polluted rivers costs America at least a billion dollars a year but new legislation and modern sewage disposal methods are bringing many rivers back to usefulness.

So reports Peter Farb in an October Reader's Digest article, "Let's Clean Up All Rivers," condensed from National Municipal Review.

The new Middlesex County Sewage Authority in Northern New Jersey has built a \$3-million pipeline and sewage disposal system that will allow the Hartman River to flow clean next year for the first time in nearly half a century. The new system will take care of waste from 19 municipalities and nine industries—about 10 million gallons of sewage per day.

The scrubbing given the Hartman is being duplicated across the United States. In the last seven years Kansas has built or contracted for 200 new sewage treatment plants, and almost all the rivers in the state are washed clean. In Illinois, 95 per cent of the sewage systems are now the modern disposal type. The beautiful Willamette River in Oregon is being cleaned up, and millions are running by the millions again. Even the grimy Ohio River is getting a bath.

Because water is industry's most-used raw material, many firms have joined the fight. The chemical business alone is pouring 40 million dollars each year to control its wastes.

Floyd Homemakers By Mrs. Dixie T. Higgins Home Demonstration Agent

Officers who were elected this September will receive training Oct. 8 at 10:30 a.m. The meeting will be held in the Floyd County Health Center, Prestonsburg. NEW TECHNIQUE FOR MOTION PICTURES
New York, Sept. 4 — Circarama new motion picture technique, will be a part of the American exhibit at the Brussels world's fair next year. Howard S. Cullman, U. S. commissioner general for the fair, said the film exhibit was being made possible through a \$200,000 grant from the Ford Motor Co. and Circarama developed by Walt Disney Studios, uses a 360-degree camera process which tends to make the viewer feel he is in the middle of the picture.

The new, 100-bed building should increase the percentage of patients we can care in a short period of time," Dr. Gray said. "Having all our admission and intensive treatment facilities in one building will make it easier to direct the treatment programs needed for early recoveries. At present, our facilities are scattered."

Some of the features of the new building include small wards which will accommodate four patients, several individual rooms for patients, a new cafeteria, two automatic washers and dryers for women patients who want to use them, an occupational therapy room especially designed for this purpose, and office space for several of the hospital's departments.

The building costs \$245,000 plus an additional \$110,000 which was spent on furnishings.

Some Old Saws About Weather Forecasting Based On Fact

"Rainbow at night, sailors' delight; rainbow in the morning, sailors take warning."

It's true, And Duncin Emrich explains why in his October Reader's Digest article "Come Wind-Come Weather" condensed from "The Journal of Lifetime Living."

Rainbows can only be seen in the morning or in the late afternoon, when the low position of the sun in the sky is reflected against the clouds. Since our weather normally comes from the west, a rainbow in the late afternoon ("at night") when the sun is setting in the west means that the clouds and storm causing it are in the east and have passed over. A rainbow seen in the morning, on the other hand, will be in the west—since the rising sun from the east against the western clouds makes it possible; the weather—the rain and storm—will thus be moving eastward toward you.

Other weather folklore also is based on scientific observation. For instance, old-timers believe the cobwebs on the grass are a sign of fair weather. They also believe that "When the dew is on the grass, rain will never come to pass."

Both the belief and the proverb are true, Emrich says. Cobwebs can be seen only when there is a dew on the grass.

Aviation Exports Top Billion — New York — American aviation exports in 1956 exceeded a billion dollars for the first time since World War II, reaching a total of \$1,044,487,000 compared with \$728,514,000 in 1955.

War II Grenade Kills 6 Children — Belgrade — Six Yugoslav shepherd children were killed recently by a World War II hand grenade. They found it while tending their sheep and it exploded when they tried to open it.

RESOLUTION

A resolution of the Fiscal Court of Floyd County submitting the question of establishing a public health taxing district to the qualified voters of the County as provided by KRS 212.720 et. Seq.

WHEREAS, the board of health of Floyd County has filed with the Fiscal Court of Floyd County a resolution embodying a request to submit to the qualified voters of Floyd County at the next regular election the question as to whether a public health taxing district should be established for the County which shall have the authority to impose a special ad valorem tax for the maintenance and operation of the Floyd County Health Department not to exceed nine (9) cents on each one hundred dollars of assessed valuation of all property in the district, as authorized by KRS 212.720 et. seq.

WHEREAS, the said statute is mandatory, and the fiscal court in the premises is thereby, when requested by the County Board of Health, compelled without the exercise of any discretion to submit the question to the qualified voters of said county;

NOW, THEREFORE, on Motion, duly made, Seconded and Carried, It is Ordered by the Court:

Section 1. There shall be submitted to the qualified voters of Floyd County at the regular election to be held on the 5th day of November, 1957 the question as to whether or not a public health taxing district shall be established for the County which shall have the authority to impose a special ad valorem tax for the maintenance and operation of the Floyd County Health Department not to exceed nine (9) cents on each one hundred dollars of the assessed valuation of all property in the district. This tax shall be in addition to all other county ad valorem taxes.

Section 2. Said election shall be conducted and carried out in said county in all respects as required by the general election laws and shall be held by the same officers as required by the general election laws.

Section 3. The county clerk of Floyd County is hereby directed to cause the following section to be placed on the ballot at the next regular election to be held on the 5th day of November, 1957 in accordance with the provisions of KRS 212.720 et. seq. (Chapter 155, 1954 Acts of the General Assembly).

Are you in favor of establishing a Public Health taxing district for Floyd County which shall have the authority to impose a special ad valorem tax for the maintenance and operation of the Floyd County Health Department, provided that such special tax shall not exceed nine (9) cents on each one hundred dollars of the assessed valuation of all property in the district? YES NO

Section 4. The Sheriff of Floyd County is hereby directed to cause a notice of said election to be published prior to said election in three issues of the paper having the largest general circulation in the County. The first publication shall not be later than the 20th day of September, 1957. The notice shall be as follows:

NOTICE OF VOTE ON QUESTION AS TO WHETHER A PUBLIC HEALTH TAX DISTRICT SHOULD BE ESTABLISHED FOR THE COUNTY WHICH SHALL HAVE AUTHORITY TO IMPOSE A SPECIAL AD VALOREM TAX FOR THE MAINTENANCE AND OPERATION OF THE FLOYD COUNTY HEALTH DEPARTMENT NOT TO EXCEED NINE (9) CENTS ON EACH ONE HUNDRED DOLLARS OF ASSESSED VALUATION OF ALL PROPERTY IN THE DISTRICT.

Public notice is hereby given that at the regular election to be held on Tuesday, the 5th day of November, 1957, here shall be submitted to the qualified voters of Floyd County the following question which shall be stated as follows:

Are you in favor of establishing a Public Health taxing district for Floyd County which shall have the authority to impose a special ad valorem tax for the maintenance and operation of the Floyd County Health Department, provided that such special tax shall not exceed nine (9) cents on each one hundred dollars of the assessed valuation of all property in the district? YES NO

This notice is given pursuant to a resolution adopted by the Fiscal Court of Floyd County on the 12th day of September, 1957. Said resolution is spread at large on the records of the Fiscal Court and is subject to inspection.

GORMON COLLINS, Sheriff of Floyd County

Section 5. This resolution shall be in full force and effect from and after its adoption by the Fiscal Court.

STATE OF KENTUCKY) FLOYD COUNTY) ss:

I, DuRan Moore, do hereby certify that I am the Clerk of the Fiscal Court of Floyd County and that the foregoing resolution was adopted by the said Fiscal Court at a meeting held on the 12th day of September, 1957.

Subscribed and sworn to before me this 12th day of September 1957.

To The Voters of The 29th Senatorial District Composed Of Floyd, Knott and Martin Counties

Following the loss of my friend and neighbor of many years, the late Senator Doug Hays, I was chosen by the Senatorial District Committee to be the Democratic nominee for State Senator to fill the unexpired term.

I never requested the nomination, because I had no desire to be a candidate for any office. Convinced, however, by my friends and party leaders that because of my past experience and my relationship with the present State Administration I could be of service to the people of Eastern Kentucky, I agreed to accept the nomination.

My name will, therefore, appear on the November ballot as the Democratic nominee. I humbly ask your support.

ORDINANCE

ORDINANCE OF THE CITY COUNCIL OF PRESTONSBURG, KENTUCKY, CALLING AN ELECTION AS TO INCURRING \$175,000 INDEBTEDNESS TO BE REPAYED BY SWIMMING POOL BONDS.

WHEREAS, The City Council of the City of Prestonsburg, Kentucky deems it necessary to incur an indebtedness of not exceeding \$175,000 that can not be paid without exceeding the income and revenue of said City for the current year, and

WHEREAS, it is desired to use the proceeds of such indebtedness to finance a swimming pool and appurtenances necessary for the use of same,

THEREFORE, THE CITY COUNCIL OF THE CITY OF PRESTONSBURG, KENTUCKY, DOES ORDAIN AS FOLLOWS:

1. That an election is hereby called by the City Council of Prestonsburg, Kentucky, for the purpose of letting the voters on the question of whether or not an indebtedness of not exceeding \$175,000 be incurred for the purpose and according to the provisions hereinafter set out in the notice of election.

2. That the following notice shall be published for at least two weeks in some newspaper published in or of general circulation in the City of Prestonsburg, Kentucky, or by posting notices in three or more public places in the City:

"NOTICE OF ELECTION"

"Notice is hereby given that an election will be held in and for the City of Prestonsburg, Kentucky, on the general election day on November 5, 1957, to determine whether or not the City of Prestonsburg, Kentucky, shall incur an indebtedness of not exceeding \$175,000, and in no event to be including all existing indebtedness of said City, a greater sum than allowed by the Constitution and laws of Kentucky. Said indebtedness shall be created for the purpose of constructing a swimming pool and appurtenances necessary for the use of same. If authorized, said bonds, with interest, shall be paid off within a period of twenty-eight years from the date of issue, and the City Council of Prestonsburg, Kentucky, shall levy and collect whatever annual tax upon all property subject to taxation within said City is necessary to pay the interest on said indebtedness as it falls due and also to constitute a sinking fund for the payment of principal thereof within the period of twenty-eight years, the sum to be raised each year not to exceed \$14,800.

The question to be placed upon the ballots in order for the voters to vote on said question shall be including the following form: 'Are you in favor of the City of Prestonsburg, Kentucky, incurring an indebtedness of not exceeding \$175,000 for the purpose of constructing a swimming pool and appurtenances necessary for the use of same?' Immediately following such question shall be two squares, under one of which shall be printed the word 'Yes' and under the other of which shall be printed the word 'No', in order for each voter to vote on such question.

STATE POLICE UPHOLD TROOPER IN PIKE FRAY

Kentucky State Police this week reported results of their investigation of a Friday night chase which ended with one man fatally shot and two others wounded by a state trooper.

The report said the trooper, Perry Taylor, of the Pikeville post, fired only after being shot at by one of the pursued men, and opened fire a second time as two of the men rushed at him. The report emphasized no shots were fired by the trooper until the chase ended with wrecking of the pursued car.

The shooting took place just over the state line at Delmore, West Virginia, after Taylor and Pike county sheriff's deputy Ed Dougan chased the three men out of Kentucky at what they called "tremendously high speed."

Ray Dobson, 25, Coleman, Ky., who the state police report said was shot by Taylor as he and Bobby Stump, 25, Coleman, advanced on the trooper after their car was wrecked on a curve on the road. Stump was wounded.

Also wounded was Dotson's 30-year-old brother Floyd, of Phelps. The report said Taylor was holding a pistol in his hand when taken from the wrecked car. The report indicated deputy Dotson took no part in the shooting.

West Virginia authorities said Saturday they would file murder charges against Taylor, and deputy Dotson, who was a cousin of the two Dotsons involved.

The state police report was based on an investigation by Maj. Charles Cruehfeldt, sent to the scene by State Police headquarters to investigate.

The report said several persons in the Peter Creek, Ky., area reported a car driving recklessly shortly before the chase began.

They said they presumed it was the car with the cruiser's red lights and sirens going full blast and signaled the car to pull over.

Several shots were fired from the car, one hitting above the cruiser.

MICROFILMING WORK BEGUN

Project is Intended To Save Space, Money In Preserving Records

Frankfort, Sept. 24 (Sp.) — To save space and money if the purpose of a microfilming project now underway in the Secretary of State's office.

Upon completion of the project, all data by the secretary of state since Kentucky became a state in 1792 will be filed in two small cabinets. This includes corporation charters, executive orders, deeds and other records. The microfilming is expected to be completed early in 1960.

The documents formerly were photostatted at a cost of 30 cents each. It costs a tenth of a cent to microfilm one of the records.

Mrs. Thelma Stovall, secretary of state, said she initiated the project. Gov. A. B. Chandler appropriated \$10,000 from his emergency fund to start the undertaking.

From the initial outlay came the cost of two viewers, an enlarger for making copies, film, plastic jackets to hold microfilm copies, and a rental for one year now under way of the microfilming machine at the rate of \$285 for six months.

Mrs. Stovall is enthusiastic about the project which she had under study for about a year before it was undertaken. "Everybody said it couldn't be done," she said.

She added that required file space will be reduced by 85 per cent. The estimated 40,000 corporation papers and countless other documents are filed in 67 cubicles in the secretary's office.

Two microfilm copies are made of each record. A third copy may be made for storage in a bomb-proof temperature controlled vault.

Besides saving money and space, Mrs. Stovall said microfilming will add to the convenience of using the documents.

TO THE DEMOCRATIC VOTERS OF FLOYD COUNTY:

Numerous articles have been appearing in the local paper showing the large registration of Democratic voters over the Republican voters. We realize this is true to some extent, but the figures don't disclose the thousands of voters who pride themselves in our local county races in voting for the man they feel will do the best job for all the people, and many thousands of these registered Democratic voters also register Democratic in order to participate in the Democratic primary. A good many of these voters did this in the last Governor's race when we had a local man as candidate for that office. My daughter, for one as an example, registered Democratic in order to vote for our local Floyd county man.

The Sheriff's office is important in any state race, since he is chairman of your Election Board. His support for any of our local men who aspire to a state office will have considerable bearing on the outcome in Floyd County. I now pledge my support, if elected your Sheriff, to supporting any local county man who may become a candidate for a state office, whether Democrat or Republican. You won't find me catering to the whims of the Chandler forces in supporting the Administration hand-picked candidates in order to get a few jobs.

You Democratic candidates for Sheriff in the primary were clearly shown who nominated my opponent. It was Chandler's Road Workers and Job-Holders. I don't believe in any State Administration taking part in a primary for county offices. It is unfair and undemocratic in every respect.

The Chandler Administration's job holders and road workers are stressing my opponent's election over every Democratic nominee. Their slogan is "Save the Sheriff Above All Others"—he was our man in the primary, and will stay with us two years from now in the Governor's race.

You can see what means and tactics they will resort to in getting their man elected.

A Democrat vote for me will be appreciated, and I assure you that I will support and work for any local candidate from Floyd County who makes a state race while I am your Sheriff.

A look into the future for High School Boys and Girls

Today, there are many excellent opportunities for people who are educated in the fields of science and engineering. Our country's rapid advancement in industrial and technological developments calls for more professionally trained men and women than ever before. This great advancement is expected to continue for a number of years, bringing with it a continued shortage of trained people.

The electric utility industry offers many opportunities for trained people. In the past ten years the demand for electric energy has more than doubled. This growth is expected to be duplicated during the next several decades, to be accompanied by an increased requirement for engineers and technically trained people.

We suggest you consult the student adviser of your school. He is qualified and ready to help you select required courses of study. If you would like further information about the opportunities available in the electric utility industry, contact your nearest Kentucky Power Company office and a company representative will be glad to help you.

If you are a high school student, and have a liking for mathematics or other scientific studies, it might be worth your while to prepare now to specialize in some branch of engineering, science or physics when you enter college.

Forester To Aid Fire Controller

Frankfort, Sept. 24 (Sp.) — Maynard Marcum, southeastern Kentucky district forester at Pineville, has been promoted to assistant director of the Kentucky Division of Forestry.
He will assist Associate Director H. W. Breckner, who is in charge of all forest fire control activities in the State. Director of the division is Gene L. Butcher.
Marcum has been with the division since July 15, 1948, when he was appointed ranger of the Red Bird Fire Protection Unit. He has served as ranger, assistant district forester.

In addition to regular duties, Marcum has served as instructor in the division's training schools and in his new position will continue to handle training along with regular duties. Marcum was educated in Clay county schools, is a graduate of Cumberland Junior College, Williamsburg, and also studied at Union College, Barbourville. During the war, Marcum worked as a foreman for the Wright Aeronautical Corporation in Dayton, Ohio.

KY. CHAMBER BACKS CHANGE

Endorses Amendment As Step To Remove Office From Politics

The recent Kentucky Chamber of Commerce board endorsement of the so-called Kentucky Independent Amendment was hailed last week as "a fine step which puts this matter in its proper light for Kentucky voters." The statement was made by William C. Embry, Louisville, chairman of the Non-Partisan Committee for the School Amendment. The amendment will be voted on at the November 5 election.

"This representative group of Kentucky businessmen," Embry said of the chamber's board, "is obviously considering the long-range benefit this constitutional change can bring into Kentucky's educational picture. They are plainly not worried by any fears that the change might increase our taxes, as a few spokesmen have charged. And they apparently are convinced that the change will clear political considerations out of the field of public instruction at the State level."

Embry said the Kentucky C. of C. endorsement backs up previous endorsements by the Kentucky Education Association and the Kentucky Congress of Parents and Teachers.
Principal provisions of the amendment are those establishing nine-member constitutional State Board of Education which will appoint a Commissioner of Education to handle the duties of the Superintendent of Public Instruction, now an elective office. Backers of the amendment point out that the "standing" members of the board members as provided in the proposed law will prevent any succeeding Governor from gaining control of a majority of board appointments.

PIKE BOY SCOUT RETURNS HOME FROM TRIP TO JAPAN, KOREA

Scout Bruce Weddle, of Pikeville, returned recently from a trip half-way around the world as a guest of the U. S. government. Having been selected as one of five Scouts from the states of Ohio, West Virginia and Kentucky, he was a member of an "Explorer Air Unit" that took a live exhibit of American Democracy and Scouting skills to the youth of Japan and Korea. The Scouts traveled via U. S. air military transports on a month-long trip from August to September, and arrived home in time for the opening of school.

After a week of orientation, and living with the Air Force Cadets, which included 15 shots that inoculated them against various diseases, the plane left Travis Air Force Base in California and flew to Hickam Field, Honolulu, Hawaii. The next stop was Wake Island. From Wake to Tokyo, Japan, and on to Seoul, Korea.

In Korea, Weddle said his party was accorded the attention of visiting dignitaries. Six days were packed with tours, meetings, and dinners. The Scouts visited the Commander and Chief of Staff of the Korean Air Force and Army. Everywhere they went they had a military escort, and was treated as VIP's. They stayed in the homes of Korean Boy Scouts.

Most of the Korean boys could speak English, and write it, but found it hard to understand Weddle's Southern accent.
Bruce Weddle was the only Southern Scout in the group. He gave a little Confederate flag as a souvenir to Eignand Lee, president of Korea. The Scouts saw almost all members of the Korean government and were given parades and keys to the cities of Seoul, Taegu, and Pusan. They went to the front lines along the demilitarized zone visiting American fortifications and saw Communist territory through telescopes from American lookouts observing them. They went to Inchon Harbor, scene of the famous American landing. The only meal they had in the homes in which they stayed was breakfast where they received American fare. However, most of the big dinners to which they

Miss Kentucky, Talent Winner

Frankfort, Sept. 24 (Sp.) — Jane Marvin Brock, Miss Kentucky of 1957, won top honors in the talent contest at the annual Miss America Pageant in Atlantic City.

The 18-year-old University of Kentucky senior tied with Miss Utah for the best musician among 51 contestants from most of the states, territories and several cities. Both girls received cash prizes of \$1,000.
Jane, the daughter of Mr. and Mrs. Lawrence C. Brock, of Liberty, Casey county, played the dulcimer, an instrument given her by her grandmother. Dressed in native costume, she played folk songs which delighted the crowds and won her top honors.

A recent issue of Life magazine carried a picture of Miss Kentucky playing the dulcimer.

To the Citizens of Floyd County:

When I first learned that DICK SPURLOCK had decided to run for the office of Circuit Court Clerk I was very pleased in the respect that now I will be able to help him in return for the help, understanding and advice he has given me throughout the years.
And having known DICK SPURLOCK for the past 10 years I can say, without reservation, that I have ALWAYS found him to be a man of the highest moral standards, a man of character and a man of truth and honesty.
DICK SPURLOCK will add great dignity and respect to the office which he now seeks and I am sure he will prove to be more than capable and efficient in his performance of the duties of Circuit Court Clerk.
I sincerely believe that Floyd County and the Nation would be a much better place in which to live, if we had more men of DICK SPURLOCK's integrity holding the elective offices.
A vote for DICK SPURLOCK will be a vote for HONEST government.

Jr. Historical Society Gives Plans for Year

By Charles F. Hinds, Secretary-Treasurer
Kentucky Historical Society
Applications for history club affiliations with the Junior Historical Society are available by writing to the director, Junior Historical Society, Old State House, Frankfort, Ky.

A history club may be formed in any private, parochial or public school in Kentucky, grades one through 12. In order for this club to be officially recognized, it must meet certain requirements. Each club must have a minimum of 10 members; one-fourth of the nearest whole number must be individual members of the Junior Historical Society. An application and charter fee of \$2 is charged each club and \$3 as long as the club maintains a continuous year-to-year existence in the same school. Individual memberships are \$1 a year.

It is not required, but the school library should be a subscriber to the state historical journal, The Register of the Kentucky Historical Society.
Each club must have a local historian and a history-teacher for sponsors. At least one of these two must be a member of the Kentucky Historical Society.
The authorized club will, then, be sent a charter of membership, a subscription to The Register, Historian. Individual fees will entitle each member to a membership card and to a subscription to The Junior Historian.
The official journal is The Junior Historian. It will be issued in the months of November, January, March and May. At the present time, manuscripts are being accepted, written by any boy or girl in a Kentucky school below the 12th grade, regardless of club membership. Articles should range from 300 to 400 words in length, and while not required, should be based on a familiarity with the local historical scene.
Awards will be given again at the end of the current school year to the winner of the grave-hunting contest and to the boy and girl selected as the outstanding Junior Historians for 1957-58. Information on the awards may be obtained from the Junior Historical Society Director.

TROY MULLINS RESIGNED— HE WAS NOT FIRED

Since Mr. Collins persists in trying to degrade the County Patrolman, I want to take this opportunity to defend him; and to remind Mr. Collins that his opponent for the office of County Judge is HENRY STUMBO, not TROY MULLINS. . . although, I am sure he could serve in that office as ably and honestly as he has in every position he has ever held. You see, I've known Troy Mullins for 25 years; he's my father.

If you will recall, Mr. Collins, I was living in Knott county with my Dad when you practically camped on our front steps, inducing him to be your Chief Deputy. He's the same man, Mr. Collins, he hasn't changed, and neither have you—he just found you out. And if you recall and care to admit it, he RESIGNED from your force . . . he was not relieved. His reason being that your force was no place for an honest man . . . this he told you in no uncertain terms.

Thank God for men like Henry Stumbo who will back and defend honest peace officers when our county is over-run by deputies who are a laughing stock. They go in droves and it's an insult to anyone to be arrested by one of them.

Troy Mullins does not need to be defended to anyone that has ever had dealings with him. He has lived on Right Beaver for 30 years and his record stands . . . even the little children speak of him with respect.

I have been reared to think for myself and come to my own conclusions, which are:

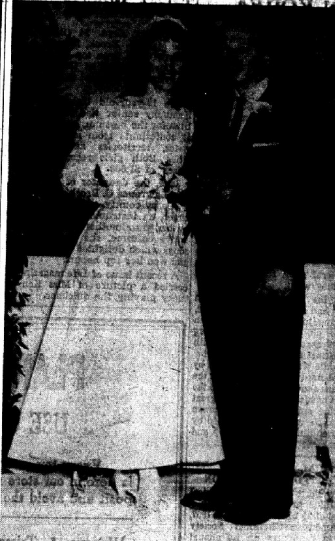

(1) Mr. Collins is using the lowest form of campaigning—that of mud-slinging, which people who have nothing to hide and who have an honest record do not need to do.

(2) Mr. Collins is not capable or good enough to criticize or try to degrade a man with a record for integrity, honesty, and capability as a peace officer, as has Troy Mullins.

(3) HENRY STUMBO is the man for the office of COUNTY JUDGE, because he has the courage and foresight to see that our county has at least one honest, upstanding man as a peace officer. For this reason, I and my family will support and cast our votes for him.

Miss Calton Is Bride of Mr. Reed

Miss Shelby Jean Calton, daughter of Mr. and Mrs. Hargus Calton, of Martin, was married September 15 to James Lee Reed, son of Mr. and Mrs. Ward Reed, of Dick.

The Rev. Ira McMillen, pastor of Irene Cole Memorial Baptist Church, Prestonsburg, performed the double-ring ceremony at the Lancer Baptist Chapel. The church was arranged with baskets of white gladioli against a background of palms and greenery. The ceremony was performed before a white satin kneeling bench.

Miss Rebecca Conley, pianist, played traditional wedding music, and Mrs. McMillen sang "I Love You Truly" and "The Lord's Prayer". The bride was given in marriage by her father. She wore a white waltz-length gown of hand-clipped Chantilly lace and pure silk over faille. The scoop neckline of lace had long sleeves ending in calla points over the hand.

The princess style dress of silk was worn over hoops. Her veil of silk illusion was fastened to the crown covered with tiny seed pearls. She carried a white Bible topped with a white orchid and surrounded with a shower of Stephanotis and satin streamers.

Mrs. Barbara Williams, friend of the bride, was her matron of honor. Miss Shirley Reed, sister of the groom, and Miss Frances Hamrick were the bridesmaids. Mrs. Williams wore a white ballerina-length gown with a pink sash which formed a bow with streamers which hung to the hem of dress in back. She wore a matching headpiece and carried a bouquet of pink carnations. The two bridesmaids wore ballerina-length gowns with yellow sashes and the same style as the matron of honor. They also wore matching headpieces and carried bouquets of yellow carnations.

Her only flower girl was Miss Betty Jo Greer, cousin of the bride. She wore a floor-length gown of white silk. The scoop neckline was outlined with a blue nylon band which tied in a bow and formed streamers down the back. She wore satin ballerina shoes and matching headpiece and carried a basket of red rose petals which she scattered on each side of aisle.

Julius Martin served as groom's best man, and others were Franklin and Ronald Turner.

The bride's mother chose a ice-blue lace sheath dress with black accessories and a corsage of white roses. The bridegroom's mother wore a moss pink dress with matching accessories and a corsage of white roses.

Following the ceremony, a reception was given by Mrs. Shannon Greer at the B & W dining room. Assisting were Mrs. Pat Dinges, Mrs. H. D. Blackburn, and Mrs. Adrian LaFerty.

When the couple left for their honeymoon, the bride was wearing a tan sheath dress trimmed in lace with matching accessories and a corsage of yellow rose buds.

Mrs. Reed is a graduate of Martin high school and attended Pikeville College last fall where she was a member of several clubs.

Mr. Reed is a graduate of Kentucky Military Institute and is attending Pikeville College this fall.

KY. MARCH OF DIMES NETS \$660,174 IN '57

The March of Dimes in Kentucky raised \$660,174 last January for the 1957 battle against polio and the huge task of restoring its disabled victims to productive living. Dr. Frank A. Rose, state chairman of the National Foundation for Infantile Paralysis, announced here today.

Dr. Rose said an important part of the funds has been earmarked for polio rehabilitation. He added that the 1958 March of Dimes, starting January 2, will also emphasize the help urgently needed for the many thousands still afflicted by the crippling after-effects of polio.

He explained that 29 counties in the state had this year received a total of \$117,675.00 in additional aid from the National Foundation's headquarters.

Dr. Rose said he wished to thank the people of the state on behalf of the National Foundation and local chapters for their generous assistance given last January.

He said that the lowered incidence of polio has made it possible for chapters to give greater attention to post-polio rehabilitation.

"In recent years, rehabilitative medicine has taken important strides forward as a result of modern research sponsored by the March of Dimes organization," he said.

TURKEY-EATING RECORD MAY BE SET IN '57
Fargo, N. D. — Americans may set a new record in turkey eating this year, according to a poultry-marketing expert.

"Every American will eat nearly 15 pounds of turkey, if the present increase in the 1957 crop is used up during the year," said Lloyd M. Forness, North Dakota Agricultural College poultry-marketing agent.

To the People Of Prestonsburg

After several weeks of talking with many of the good citizens of the town, and after weighing the matter carefully even prayerfully, I have decided to make the race for Mayor of Prestonsburg at the coming November election.

I propose to make this race not out of any particular personal ambition of mine but out of a desire to help our community become a better place to live in and a more decent, law-respecting and law-abiding city.

From time to time in coming weeks I will frankly state my position on the several matters that should be of interest to us all.

I will be on the ballot as a candidate who will fight and fight hard to win but who will oppose others in a spirit of goodwill, with my main purpose to be of service to the place I live in and to the people among whom I live and work and make a living.

Your support and the influence you can use in my behalf will be deeply appreciated.

HOW DO YOU LIKE THE MACHINE?

The Republican voters at the Primary Election voted for and nominated GORDON COLLINS for County Judge.

But look who's running—GORMON COLLINS.

Was the rank and file of Republican voters consulted? Or did the Machine go to work after the Sheriff had managed to stay on the County Election Commission through the Primary, and then hand-pick himself for the final election instead of his brother?

Sheriff Collins speaks of me taking the Fifth Amendment. Is he taking the Fifth Amendment and refusing to answer my question in the Floyd County Times of September 5, which read:

"To what court has all this whiskey, gin and beer that you have confiscated been taken? The law provides that such illegal liquors shall be turned over to a court of law."

The people have a right to an answer. Why is it not given?

The people themselves would do well to make some honest, searching questions in these and other matters of this sort.

Telephone Talk

by H. D. HAYES Your Telephone Manager

HOW BIG IS A BARGAIN? A Kentucky housewife studied the value of her telephone service. She found that telephone rates, in terms of what her dollars will buy, have actually gone down and the service is better than when she was a bride 15 years back. And the real cost of telephone service is down compared to other goods and services you buy. Food costs, for example, have gone up nearly twice as much as phone service. And it's a smaller item in the family budget. Before World War II, over 2 per cent of family income was spent for local phone service; today, less than 1 per cent. To put it another way, the cost of a day's service is less than the price of a loaf of bread, a pack of cigarettes or a quart of milk. Pretty big bargain, wouldn't you say?

MAN-MADE MOON—Sometime next spring, a powerful three-stage rocket will zoom into the stratosphere. About 300 miles up and at a speed of 18,000 m.p.h., the rocket will release a small shiny sphere: the world's first man-made moon. Inside the satellite will be a product of Bell System research and manufacture—a special kind of transistor. Pioneered and developed by Bell Laboratories and Western Electric engineers, the tiny transistor will enable the artificial moon to send data by radio back to earth. So you might say that telephone research is really "out of this world."

WHEN TRAFFIC GETS HEAVY on telephone lines between cities, we build new voice highways to take care of you. These super-highways for phone calls have over four times the capacity of ten years ago. That means your Long Distance calls go through fast, especially when you call station-to-station and call by number. You save up to 1/2, too, on calls between points in Kentucky.

For example, you can call from Prestonsburg to Frankfort station-to-station for just 65c; the person-to-person rate is \$1.30. And during Bargain Hours—nights after 6 and all day Sundays—you may talk four minutes station-to-station for the same two-minute daytime rate. Yes, anywhere, anytime, station-to-station is your best bargain.

DAUGHERTY, LAWYER 55 YEARS, LOSES NONE BY DEATH PENALTY

By GERALD GREENE. In the Courier-Journal

A HOMEDEPUN mountain lawyer with a gift in his pale-blue eyes, a friendly smile and a "Yes, I'm afraid" to school" his father asked. "Yes," the boy said. "What are you afraid of?" "Lain."

CAR-OPERATING COSTS TOP 10 CENTS A MILE. Washington — According to a survey made for the American Automobile Association, typical car-operating costs in the United States have risen above the 10-cent-a-mile level. The survey found that these costs in 1956 climbed 5 1/2 per cent over the previous year.

ROBERT C. BARNETT Of Martin, Ky., Republican nominee for Governor

Your vote will be appreciated

Daugherty was married and teaching school himself on Pond Creek in Pike County, near the West Virginia line. His first salary was \$10 a month. But he had to take half of this in taxes at a general store owned by the school trustee. That was in 1882.

After completing his college law course, Judge Daugherty returned to Grundy, Va., to take up the practice of law where he had left off a year before.

Just long before that he had built up a strong body working on his father's farm. He recalls that, as a boy, he knee and used yokes of oxen to haul "saw logs" over the mountain. The first dollar he ever made was by driving ox teams, five or six miles at a time, hauling big logs to the log-camp corner where they were cut into lumber at that time.

"I don't think that," he mused. "I don't think that," he mused. "I don't think that," he mused.

Daugherty has taken part on one side of the other, in many celebrated Kentucky murder cases. His services have been so much in demand that at one time he was defense counsel in 25 separate murder cases which he "cleared up" in 60 days. He has no record of how many acquittals he has had, but he says his "average of clearance has been very high."

But he wasn't so fortunate in his murder case. The man he defended was in Virginia, got a six-year sentence for killing the sheriff of Buchanan County.

The first time he ever prosecuted a murder case, the defendant was acquitted. That was the last death sentence he ever got as a prosecutor. It has to be an awful crime before a homicide jury will agree on a conviction. It must be more than just an ordinary murder.

But that was a gruesome affair, and Judge Daugherty convicted his man pretty on circumstantial evidence. Robbery was the motive when Howard Little went to the home of Hiram Turner, in Buchanan County, one night 50 years ago. When he left, three adults and five children had been killed. He didn't find the \$600 which he believed was in the house.

One of the most spectacular cases in Judge Daugherty's ten-year memory was the celebrated Joe Jack trial of some 30 years ago. Daugherty defended Joe Jack through five trials and retrials before he managed to win an acquittal at Catheyville, where the fifth hearing was held on a change of venue.

In two of those trials, the defendant, charged with murder in an insurance-fraud case, was sentenced to life. But the Court of Appeals reversed one of them and the other was declared a mistrial in Pike County Court.

Joe Jack was sentenced to two years in each of the other trials. But again Daugherty won new trials.

That was the case in which two bodies were found after an explosion in a Pike County coal mine. One of the men was identified as Bill Turner, a mine electrician, the other as his helper.

But another arose when it was found that Turner's wife, who was Joe Jack's sister had insurance policies totaling \$85,000 on her husband's life. She collected it, too, and that might have been the end of the affair. If Turner, who wasn't dead at all but hiding in Austria, hadn't become impatient for his share of the insurance money. He wrote a letter to his wife. A postmaster, recognizing his handwriting, turned the letter over to the authorities.

Then it turned out that the bodies found in the mine were "prepared bodies." Judge Daugherty said they had been obtained from a hospital in Detroit by Joe Jack's sister.

When the flood came up he took his wife "way up in the hollow," other refuge families. They were a "mitten-crowded" there for a couple of days while waiting for the waters to recede.

The Judge and his wife are back at the farm now, just the two of them and a mule. When he sold off the farm he got some animals, too. He sold his farm animals some ago, but he got a dog named Longene for that old mule that he went out and bought himself, one, just for company.

A philosopher with a deep respect for the law, Judge Daugherty said he "certainly had a wonderful time as a lawyer." And, he continued, "it has been just as natural for me to practice law as it was for me to grub grub and plow the land when I was a boy. If it's not in a fellow to be a lawyer, you just can't put it in him."

Lacking a few months, the celebrated mountain lawyer recalled in his third-floor walk-up office at Pikeville, he had practiced law for an even half-century without ever receiving a censure from a court.

But then it came. A circuit judge somewhere in his area—he won't tell who—tarnished the old man's fine record by ordering him to take his seat.

"I only wish," he moaned, "that the Judge had waited a few months before he did that."

Then he thought of another funny story on himself popped his suspenders and told it.

SET 10-YEAR RECORD

Washington — A review of the United States Supreme Court's record for its 1956-57 term shows the tribunal was more active than in any other term in the past 10 years. In all, 1,701 cases were disposed of compared with 1,637 in the 1955-56 term and an annual average of 1,178 cases over the past 10 years.

To My Many Friends and Relatives Of Floyd County:

My son, Dick Spurlock, is the Republican nominee for Circuit Court Clerk of Floyd County. He has never asked for any county paper to put for your support and vote. I am disappointed and am unable to see you personally, and I shall appreciate it if you will take this message as a personal talk to you. Dick promises you a SOBER, HONEST and A COURTEOUS administration and I will state my reputation on this.

It would please me very much if you could come to me at any time.

Always your kinsman and friend,

RUMOR NO. 1

The first big rumor that needs to be cleared up is to the effect that I personally obligated myself to Mr. Bill Hall in exchange for his support in the primary election.

It is true that Mr. Hall supported my candidacy in the primary and moreover, it is true that I am sincerely grateful to every person who saw fit to give me their support including Mr. Hall.

I have never discussed or questioned Mr. Hall's reasons for this support and can only assume that he felt I would make a good Sheriff. I am sure that he credited me, from past experience, with being a good, loyal Democrat.

I wish to assure the people of Floyd county that I have never, nor will I even, compromise my principles or the office of Sheriff in order to get support.

My campaign was, and will continue to be, based upon the pledge of honest, conscientious service rendered personally to all the citizens of our County.
