WELCOME TO THE FAIR!
For one Floyd citizen to invite another to the Floyd county fair is like a member of the family inviting another to come on, enjoy Mom's cooking. It's just a little bit ridiculous.
Why should anybody in the county need an invitation? It's our fair, and nobody owns it if we all go. And it should be enjoyed as well as supported by every one of us.
Incidentally, when you view the exhibits, don't be too sparing with your favorable comment. We don't suggest insincerity or flattery, but try to think of all the work that has gone into making or growing or otherwise producing these exhibits, getting them ready for display, then actually putting them on exhibit.
Some exhibits will just naturally be better than others, but THE TIMES hereby congratulates every individual who has shown enough interest to put up with the offering of the products of their hands and minds to the success of the event.

NEWSPAPER WEEK SUGGESTION
Having said that, we now pause to remind one and all that this is National Newspaper Week. During the period, Oct. 1 to Oct. 4, newspapers, magazines, officials high and low, et cetera, join in paying tribute to the newspapers of the world.
I personally have a high regard for newspapers including my own. But I doubt if this is a "rather occasional" holiday for them.
Let me just suggest that for this one week, they be given a breakback to lose as well as to win.

COUNTY FAIR STARTS TODAY

Break by Weatherman Indicates County Fair To Be One of Best Held

Given a break by the weatherman, the Floyd County Fair was ready today (Thursday) to begin with every indication of one of the county's best agricultural, school and industrial exhibits to be staged since World War I.
A wide variety of products representative of the work in Floyd county home, industry and agriculture, clubs and industry was moving into place Wednesday afternoon. Livestock entries are to arrive Saturday morning.
Livestock classes include hogs, beef cattle, dairy cows, poultry. A sheep-shearing contest, an event that has been scheduled, since sheep-growing has found a prominent place in Floyd farm life.
Other farm exhibits will include corn, dry beans, garden products of all kinds.
From the home will come cloth, home-canned vegetables, fruits and juices, foods, sewing, fine arts and varied other products.
The schools, 4-H Clubs, Future Farmers and Future Homemakers are expected to contribute the greatest number of exhibits at the three-day event.
Saturday, last day of the Fair, will be Kids Day, when children will be admitted to rides at reduced prices.

LIQUOR, VOTE PROBE DISCUSSED IN REPORT

JURY PROBERS OF BALLOTING QUESTION 100

Jury Says That Clerk, Aides Clear; Requests Legal Disposal of Booze
On its adjournment Saturday the grand jury of the Floyd circuit court recommended in its final report that the sheriff should be required to make legal disposition of intoxicants taken in raids and that the next grand jury continue the investigation of "abuse" of the absentee ballot law.
The report, signed by Perry Green, foreman, said the jury questioned about 225 persons during its nine days of work and that it returned 14 indictments. It noted that there is a "great deal" of bootlegging and other violations, and that the grand jury house and jail are in fair condition.
The grand jury, the report said, questioned more than 100 witnesses during its investigation of widespread rumors concerning the handling of absentee ballots at the August primary. Among these witnesses, it was pointed out, were County Clerk DuRan Moore, an election commissioner and various candidates in the primary, including one of the sheriff's deputies who had been indicted for the handling of absentee ballots by persons other than the County Clerk.
The jury recommended that the absentee ballot law be changed to make only any of the electors and students away from home eligible to vote in absentia.
Commenting on liquor taken in raids by members of the Sheriff's office, the grand jury report said: "During our investigation we discovered that the Sheriff of Floyd county has in his possession a large quantity of alcoholic beverages, and we believe that since the law requires an officer to execute a search warrant to seize and take possession of the articles found and deliver them unto the court issuing the search warrant, and this failing to have been done, we feel that this court should see that the said liquor and beer is legally disposed of."

VACCINE PLAN SET BY STATE

Physicians and Hospitals To Give Shots; Health Depts. Are Denied Serum

Asian flu vaccine will be available only through private physicians and hospitals, the State Department of Health indicated this week as it advised all county health departments that they will not be allotted vaccine.
The Floyd County Health Department will follow the procedure recommended for all health departments in the state by the State Department of Health, M. V. Clark, administrator, said. This policy is not to administer any flu vaccine to any individual or groups who have purchased vaccine unless the giving of the vaccine has been approved by the State Department of Health.
The health department will, however, on request assist the medical society in every way possible in the face of the threatened epidemic.
The supply of vaccine is expected to become more adequate and most needs may be met if the disease does not become too widespread by Jan. 1.
Floyd county has had only scattered cases of flu, to date.

Vance Baby Is Stricken By Polio, Is Report

The five-month-old son of Mr. and Mrs. Hays Vance, of Beaver, is ill of polio at the McDowell Memorial hospital, the Floyd County Health Department was notified this week.
The tot was admitted to the hospital, Monday, and placed in the legs arms. The child had not received the Salk anti-polio vaccine.

HEALTH CENTER TO BE DEDICATED

The new \$120,000 Floyd county Health Center which will be dedicated Saturday, Principal address at the dedication ceremony Saturday afternoon will be E. F. Reed, of Drift, Judge Bert T. Combs and Dr. George P. Archer, both of Prestonsburg.
Dr. Archer also will preside at the dedication program, which will begin at 2 p. m. The invocation will be said by the Rev. Ira McMillen; the benediction, by the Rev. Harold Dursey.

FOUR YOUTHS PLEAD GUILTY

One Granted A Stay Missing When Sent For Review of Case

Four youths who entered pleas of guilty to grand larceny in the theft and dynamiting of the safe of the Martin Supply Company at Martin were given pen terms of one year each during the last days of the September court term.
The four are Jackie Scott, Jimmie Bradshaw, William Savage and Freddy Carroll.
Carroll later was granted a stay of execution of his sentence, pending his graduation from high school. Later, when he was wanted before the court for a review of his case, officers were unable to find him. Circuit Judge Hill declared his bond of \$1,000 forfeit.
Edward Bolen, who was indicted at the current court term for grand larceny, charged with the theft of a truck, also received a one-year sentence. He also entered a guilty plea.
The one-term of Herbert Salisbury, who was convicted of child delinquency, was probated, the probation to be effective for a five-year period on several conditions, one of which is that he not be arrested by the Circuit Court Clerk for the support of his three children.

BETTER BOND IS DEMANDED

Jail Vaughan's Slayer Till Bondsman Found; Mrs. Little Indicted

Jerry Shill, who was named last week in a wilder murder indictment in the slaying of David K. Vaughan, Sheriff, and returned under \$10,000 bond, was returned to jail here Tuesday afternoon while another bondsman was sought.
His bond was signed by his brother-in-law, Lester Baker, but when the surety was questioned a hearing was held under \$10,000 bond was returned to jail here Tuesday afternoon while another bondsman was sought.
A grand jury indicted Edward P. Hill, who questioned a bondsman worth at least \$2,000.
A grand jury with murder indictment was voted by the grand jury in the last three days of its work at the current court term. The grand jury indicted in the slaying at Wheelwright Junction recently of her husband, Balford Little. Her indictment was returned Tuesday.

DAMAGE SUITS ASK \$20,000

Magoffin Man Named In Actions Resulting From Deaths Of Two

Damage suits for \$20,000 each were filed this week in the Circuit Court at Prestonsburg by the estate of the late Mrs. Bessie Joyce Birchfield and Bessie Crisp as a result of an auto wreck.
Jim Birchfield, administrator of the estate of his daughter, and Katie Crisp, administratrix of the estate of Bessie Crisp, are the plaintiffs. Jack Adams, father of Tom Adams, his under-18-year-old son, is named as defendant.
Each of the petitions, which were prepared by W. W. Burchett, Prestonsburg attorney, alleges that young Adams was operating his father's car, with his father's consent, at the time of the tragedy. It also is alleged that his grossly negligent and careless driving wreck occurred, resulting in the deaths of the two girls.
Tom Adams was himself seriously injured and carried in the car left the highway at Swale and careened down the mountain-side onto railroad tracks at the foot of the hill. He and his father are residents of the Burning Fork section of Magoffin county.

UFGC OFFERS PAY INCREASE

Employees in 3 States To Vote on Acceptance; Tally Expected Oct. 14

Employees of the United Fuel Gas Company have been offered a 10 percent wage increase, it was announced by union officials last week.
A vote, being conducted this week among the membership of local unions of the Oil, Chemical and Atomic Workers Union, C.I.O., in Kentucky, West Virginia and Virginia to determine if the wage contract offered is acceptable. Results of the poll are not expected to be known before October 14.
Changes which union representatives agreed to recommend to their membership include a wage raise of 10 cents an hour for the first year, and 15 cents an hour to October 1, 1939. Other "fringe" benefits are included in the proposed new contract.
Negotiations on the new wage pact began last August 6 and were resumed in Charleston, W. Va., Sept. 23, with Federal mediator Joseph C. Wright sitting in on the parleys between representatives of the company and the union.

PLANT TO USE EAST KY. GAS

Installation at Kenova To Use Big Gas Volume; UFG Plans Exploration

Construction began this week at Kenova, W. Va. of a petrochemical plant which will concentrate there almost all the gas production, local gas purchases in Eastern Kentucky and western Virginia of the United Fuel Gas Company.
The plant, its operational arrangements and by-products are being developed by the Kenova plant of the Kentucky Hydrocarbon Company which extracts hydrocarbons from gas produced by the Kentucky West Virginia Gas Company.
Gas produced in this section is especially rich in hydrocarbons. For years now Columbia Gas System subsidiaries, of which United Fuel is one, have been extracting some heavier hydrocarbons from its gas production in Kentucky and West Virginia, but ethane was not extracted and propane and butane remained in the gas in considerable quantities.
It is expected that enough of these heavier hydrocarbons will be extracted at the Kenova plant to make, for example:
1. Enough and propane to winterize.

BOARD VOTES BUILDING BIDS

School Additions Needed At Harold, Drift, Frater; Knott Pupil Fee Is Set

The Floyd County Board of Education voted Tuesday afternoon to accept bids for the construction of three new school buildings to accommodate a growing enrollment.
Plans call for two-room additions to the schools at Harold and Drift and an addition of one room to the school on the head of Frater Creek.
Failing to reach an agreement with the Knott county board of education, the Floyd board accepted a Knott county grade school pupil only on the condition that the pupil's father pay \$175 tuition for the year.
County Superintendent Virgil O. Turner explained that under the Knott county plan the school district where the pupil attends school is to be paid state average daily attendance allowance for the year before the state do this the county of the pupil's residence must agree to the arrangement.
Knott county pupils have been attending the Wayland and Garretts high schools under such an arrangement, but the Knott board refused to surrender the ADA in the case of the grade school pupil.
The board of education also voted to advertise for seats for the Wheelwright school auditorium, the last in the county to be built. The school building contractor, John Clark, was employed as a teacher of the Left Toler Creek School.

REPRINTING OF BALLOT REGARDED POSSIBILITY

Miners' Club Yields Heavy Hand To Ratliff Is Arrested

Sixty half-pints of whiskey, seven half-pint vodkas, 18 half-pints of gin and 13 cases of beer comprised the haul made by Deputy Sheriff A. J. Reed and Al Patton in a raid on the Miners' Club at Hunter, Monday on a search warrant issued by Circuit Judge Henry Stubb.
The officers arrested William Jackson "Happy" Ratliff, who was charged with possessing and selling liquor for the purpose of sale. Judge Stubb set his trial for the October term of quarterly court.

INTER-RACIAL DANCING AS CROSS-BURNING EPISODE CAUSE; SCHOOL INTEGRATION NO PROBLEM

The Genesis Club, sponsor of the dance, decided to suspend its entertainment activities as they pertain to dancing. A similar suspension was reported in other places held at Minnie or at that vicinity.
Investigation disclosed that attendance of students from the Palestine-Dunbar colored high school at Wheelwright high continues with harmonious relations between white and colored pupils. The county school transportation system has been maintained as reported by other sources.
"The good relations simply point up the good sense and goodwill of our people," was the comment made by the school superintendent.
Even the cross-burning was a failure. It fizzled out in the rain.

FIVE FLOYD COUNTY TEAMS ENTER 'WORLD SERIES' OF MINES EVENTS

Seven mine rescue and first-aid teams representing seven mines of this area-five in Floyd county-were in Louisville this week to compete for National Safety Day honors after having recently scored high marks in a competition at the Sandy-Ekhorn Mining Institute's Safety Day at Pikeville.
Teams in the national contest were the Inland Steel Company's mine rescue team from Wheelwright, Pikeville winner, and the runner-up, Knott county's team from the Steeple No. 22 mine at Jenkins. The first-aid team from the Inland Steel Company's preparation plant at Price, the Pikeville winner, runner-up Turner Ekhorn Mining Company team at Drift and the third-place winner, the Knott county team No. 1 from David and Bethlehem Steeple's team from Mine No. 21.
These were the results at the Pikeville meet.
The mine rescue contest was won by the Inland Steel Company team of Wheelwright, composed of J. P. Gibson, captain; Tommy Demurey, runner-up; Chas. E. Conley, Worley Mace, Roy Souleyrette, patient; Virgil Alvins, extra.
Second place was won by Bethlehem Mines Corporation (Mine 22) when Mine team was composed of Raymond Donahue, captain; Truman Conley, James Swartz, P. L. Travis, William Little, Arlie Cook, patient; Clyde Hall, extra.
Third place was taken by Inland Steel Company of Price. The team was composed of Harrison Sparks, captain; Vernon E. Bailey, Russell Johnson, John Patton, Charles Rollins, Roy Souleyrette, patient; Virgil Alvins, extra.
Fourth place in the mine rescue contest was taken by Inland Steel Company of Evanson, while fifth place went to Bethlehem Mines (Mine 21).
First-aid contest honors went to Inland Steel Company (Preparation Plant) on the team were Hillard Stone, captain; James Alvins, James Mullins, Bobby Spears, Levy Johnson, Billy Johnson, patient.
Second place went to Bethlehem Mines Corporation (Mine 21) when Mine team was composed of Fred Beck, captain; Danny Zidaroff, Kenneth Brown, Doug John, Leatrice, Jackie Davis, patient; Robert Stewart and Phillip Helton, extra.
In the girls first aid there was no competition, the only entrant being that of the Inland Steel Company, (Wheelwright). The team consisted of Edward Collins, captain; Naomi Griffith, Cynthia Fields, Nancy Neal, Linda Salyers, and Little Jean Little.
One thousand two hundred and seventy dollar awards were distributed in team prizes.

CLERK VIEWS TWO METHODS FOR BALLOTS

Ballots Puzles Miners' Political Discussion; Legal Advice Sought

David Martin filed a motion in Circuit Court today asking the sheriff, John C. Reed, to file a petition and certiorari that a special election be held for the purpose of printing the ballots for the 29th Senatorial candidates' names on the regular election ballot and get a ballot printed in time for absentee voters to receive ballots.
Because Senatorial nominees or candidates have until 10 days before the November 5 election to file, the ballots cannot be their own. It is necessary to get them done in time to serve absentee voters.

5-Point Program Offered Teachers By Sam Thomas, Candidate for Representative, District No. 97

The next meeting of the Kentucky General Assembly will be an important one for teachers and education, and will mark either advance or delay in implementing fully the Minimum Foundation Law. Your Representative should be a man with sufficient educational background to enable him to envision the needs of the teaching profession. I know what it is to struggle along on an inadequate salary for teachers, for I was at one time one of you. I have two sisters and a host of relatives teaching now, dedicating their lives to the instruction of our children. As your representative at Frankfort I assure you that I will do all that is in my power towards advancing education in Kentucky. I offer you this 5-point program:

1. Support of the Kentucky Education Association's program. I endorse the work and goals of that loyal group of teachers and will merge my efforts with theirs.
 2. The Minimum Foundation Law for Education must be fully implemented with financial support to insure its fullest success and to enable Kentucky to march forward with sister states that are making great strides forward.
 3. Appropriations for free text books are inadequate, and additional funds should be allotted by the next Legislature for this great need.
 4. Amendments to the teachers' retirement laws should be made to provide for survivors' benefits equal to the benefits under the national social security laws.
 5. The teacher's retirement system should be kept actuarially sound in order to provide for the security of our aged teachers.
- I have ever been in favor of Labor. I belonged to the C. M. W. when the Pike-Floyd Coal Company was in operation, and if elected I will do everything in my power to advance this great cause.

Our rural roads are being neglected. I understand that the money for these roads is supposed to be divided equally in proportion to the population of each county. It is a fact we don't get our share. Alabama and Kentucky are the only states in the Union that have not paid a soldier's bonus. I am an ex-soldier and will do everything in my power to right this injustice.

On the basis of this program I solicit your support.

DEE COLONIES INCREASE

Dee colonies — There were some 5,400,000 colonies of bees producing honey in the United States in the first half of 1937, about one per cent more than last year, when drought and cool weather slashed honey production to the lowest level in eight years.

Rural Crimes Outstrip Cities'
Washington—Rural crimes increased by 15 per cent throughout the nation in 1936 compared with a 12 1/2 per cent increase in crimes in cities.

8 1/2 million automobiles; 2. Make 10 million economy-size boxes of household detergent; 3. Make enough plastic floor tile for half a million recreation rooms; 4. plus 10 million gallons of high octane gasoline; 5. make enough dactron to manufacture 60 million summer suits; 6. make 40,000 tons of dynamite.

As a result of this use of gas, it is reported, United Fuel estimates it will be necessary to add to its production capacity an average of at least 48 billion cubic feet a year for the next five years. Part of this will come from the Southwest, the remainder from wells in Eastern Kentucky and the western section of West Virginia.

As a result of increased gas needs, United Fuel proposes to step up its regular drilling program and also to do some exploratory drilling. Fourteen "wildcat" wells have been budgeted for the company this year, with seven of these being sunk into sands deeper than 5,000 feet.

Geologists believe that there still are vast quantities of gas and oil in the deeper sand of the Appalachian area.

Haywood-Stone Wedding Solemnized, Aug. 31

Miss Ola Jane Haywood, daughter of Mr. and Mrs. Arthur Haywood of Wayland, Ky., became the bride of Mr. Alex Stone, son of Mr. and Mrs. Elmer Stone, of Wayland, at 8:00 p.m. Saturday, August 31. The Rev. L. B. Price officiated at the double-ring ceremony.

The vows were exchanged in the living room of the Haywood home. The improvised altar was banked with baskets of pink gladioli and ferns. Wedding music was presented by Mrs. Fred Fraley and Mrs. Pagon, soloist.

The bride wore a ballroom length dress of blue lace over blue silk. She wore a corsage of white carnations.

A reception was held in the dining room of the home. The bridal table held a four-tiered wedding cake. The table was decorated with pink and white stadioli. Assisting at the reception were Mrs. Earl Stone, Mrs. Fred Hall, Mrs. N. D. Howard, Mrs. George Hart, Mrs. J. E. Miller, Mrs. Charles Hughes, Miss Margaret Hall, Miss Mary Anna Martin.

Both the bride and groom are graduates of Wayland's high school. After a wedding trip to Detroit, Mr. and Mrs. Stone will live in Cleveland, Ohio, where he is employed. Mrs. Stone plans to continue her music study at Oberlin College, Cleveland.

GORMON COLLINS IS QUALIFIED FOR COUNTY JUDGE

In this week's discussion of the issues between Stumbo and myself for County Judge I want to say that it is only fair for a man who asks questions to answer those asked him. In this article I will answer Henry's questions, as if he didn't know the answers already, and at the end of this article I want to ask a few questions of my opponent and I want something in answer to them, no evasion, denials and half-truths.

Early in my term as Sheriff my deputies arrested the bootleggers when they found intoxicants on the premises and they were placed under bond. We found out that some very weak bonds were accepted in your court. After we found out your court would accept this type of bond we changed our method of operations.

If we searched a man and found intoxicants on his premises we told him to come into your court and fill bond and bring a bondsman with him, on advice of U. S. Marshal Wince Trimble. This system was forced upon us by you and your friends. All people who have been raided were indicted in Circuit Court, County Court, or Magistrate Court. If you know of anyone who was not indicted it was your duty to come forth and name them before the Grand Jury.

Witnesses are mighty important in convicting a bootlegger, Judge. I believe you know more about how we have tried to get witnesses into your court than anybody except ourselves. My deputies wore out three automobiles coming to your court only to find the liquor cases laid over. Then, later when none of my deputies were around cases would be called and dismissed for lack of witnesses. You pulled that on us dozens of times. My deputies couldn't park in your office day after day to watch you. They were charged with the enforcement of the law. Didn't you tell the Magistrates that you didn't want to try whisky cases in your court anyway?

It is only right that the public know what becomes of the liquor seized in raids, as it is only right that the public know what became of the case after the bootlegger was raided. When Magistrate John May's home burned there were approximately 75 cases of whiskey and 150 cases of beer in his basement that we had seized. The whiskey taken in Magisterial District No. 3 went to Magistrate Ellis Martin. A quantity also was taken to Magistrate Holbrook. A large amount of intoxicants was turned over to Wince Trimble, U. S. Marshal, to be taken to Federal Court, and to the State Police when they were in the raid. There is whiskey and beer stored in my office now and most of it was taken from men whose cases you dismissed. Henry you have a lot of whiskey and beer turned into your court, where is it?

I UNDERSTAND THE LAST GRAND JURY'S REPORT IS A POLITICAL ONE WRITTEN BY YOUR FRIEND, HOLLIE CONLEY. Mr. Conley—WHY WAS HENRY'S TESTIMONY NOT MADE A PART OF THE COURT RECORD as was the Magistrates' and mine? Why was the Grand Jury recorder allowed to leave and make no record for the court of what Henry did with the whiskey and beer turned over to his court.

Now, Judge, I have honestly and fairly tried to answer your questions so here are a few square answers I want from you.

1. Who issues the Roadhouse permits to the bootlegging joints? You wouldn't deny issuing them, would you?
2. Who has the power to cancel these permits if bootlegging is found to be going on at the place? You wouldn't deny that you have that power, would you?
3. Have you cancelled any Roadhouse permits, Judge? If you were forced to cancel one by public opinion, hasn't he been eased back in business at the same old stand when the public wasn't watching?
4. Why haven't you cancelled the permit of the Dewey Lake Association as it has paid FOUR bootlegging fines in Edgar Howell's court?
5. Why are certain bootleggers allowed to operate a Roadhouse on other people's permits?
6. Why haven't you stopped the Miners Club at Hunter, and who operates it in defiance of the court? Wasn't a man killed there a few months ago and hasn't the club been raided several times? Judge, could it be the operator is close friend or relative? Judge, where is all the liquor and beer that was taken in the twelve years you were judge and magistrate?
7. Where is the liquor that was taken from Dora Johnson by the county patrol a few months ago? Didn't she follow your patrol to Ellis Martin's office and ask why ALL of it wasn't turned over to him?
8. Now Henry, tell us about the gas and water deal?

I am asking these questions in the name of all decent, law-abiding citizens and I want square, truthful answers.

In a recent issue of the Floyd County Times my opponent, Henry Stumbo, talked of qualifications, integrity and ability. I shall state my qualifications here and ask him to do likewise.

I have four years of college and taught school two years. I have worked as a laborer and understand the problems of the man who labors for a living with his hands. I have been in business and what measure of success I have had is attributable to my education, knowledge of business affairs and hard work.

I spent two years overseas in Germany and France in World War II and when I was discharged I went into business at Lackey. I was successful in a small way because my neighbors and the laboring people of the area who were my customers gave me their confidence and business.

My ability speaks from the record and no man, who had integrity himself, ever questioned my integrity.

My family adheres to the Baptist church and my feelings are inclined to that faith also. I am a Master Mason, Veteran of Foreign Wars, and a member of the American Legion. My membership is not an honorary one either, but was earned in the mud, grime and foxholes of Europe. I am told, Judge Stumbo, that you claimed exemption from military service.

I only ask, Judge Stumbo, that you either run upon your record or run from it as your conscience tells you.

IT'S BAD
Somebody remarked, the other day, that the fishing must be bad, judging from the lack of comment in this column. It has been so bad for yours truly that "Doo-nah" Rosen sent me all the letters from Yuma or Tombstone or some place in Arizona, a fishing license authorizing me to use worms, dough balls, electric lights, spears, 30-foot nets, steam shovels, dynamite or a cat. Only, if an net to use said cat in water inhabited by waterdogs.

The only time I have ever been called a highbrow is when I take off my hat. Really a highbrow is a person who is educated beyond his intelligence.

HOPELESS
One of the stories we have received via a certain barber shop is about this barber having a customer who was so deeply concerned in foliage that only his eyes and the tip of his nose showed. Said he whacked away till he got down to where you could see his chin, then used two or three razors a while. Then, mainly because he was exhausted, the barber turned his "patient" loose. The man who had come from behind the brush took one startled glance in a mirror, then turned to a buddy and asked "Think I look any better?" "No," replied the other. "The only hope for you is to jack you up and put a new frame under you."

The Betsy Layne Homesteaders Club met at the home of Mrs. Clara Allen, September 24. The president, Mrs. Mary Larkin, presided. Mrs. Alberta Williamson was elected treasurer, and it was voted to collect 10c as monthly dues. Mrs. Clara Allen was named publicly chairman.

The club decided to have a booth at the Floyd County Fair. Members are to furnish handwork for display. A special meeting was held Monday night, September 30, to finish working on the trays. In the absence of both project leaders, the lesson on "Outside Home Decorations" was taught by Mrs. Mary Layne.

Nora Belle Stone was selected as the project leader for October. The meeting will be held at the home of Mrs. Alberta Williamson, Oct. 22, at 7 p.m.

Refreshments were served to the following members: Mrs. Nora Belle Stone, Mrs. Ethel Tipton, Mrs. Mildred Davis, Mrs. Catherine Blackburn, Mrs. Alberta Williamson, Mrs. Koles Elliott, Mrs. Irene Gibson, Mrs. Mary Larkin, Mrs. Clara Allen.

"The Woman" Speaks

Are you sincerely interested in Floyd county, our people, and the people that have charge of your local government offices? You are! Then you will be interested in what I have to say.

I am your candidate for the County Court Clerk's office. YOUR CANDIDATE! Because, I feel that regardless of your party affiliation YOUR candidate must have the qualifications of honesty, integrity and a sincere desire to do the will of the people. I am known as JOYCE SHORT ALLEN.

Many people refer to me as "THAT WOMAN FOR CLERK." Women have always done the clerk's job, so why not make your clerk a woman. As your candidate I promise to be a good clerk doing the duties of said office to the letter of the law. The clerk's office, when I am elected, will be YOUR office and just a TRUST of mine. I will give you courteous, efficient and honest service.

I will turn back all excess fees to our County Treasurer, that the money may be used for the betterment of Floyd county as a whole. I will fight your battles for honesty in government from the courthouse to Frankfort. I will be a Clerk for ALL our PEOPLE, regardless of their station in life.

Help me and I will help you.
JOYCE SHORT ALLEN

Legion Representative To Be at Fairgrounds

Paul L. Seyfried, Department field representative of the American Legion will be at the Floyd County Fair all day Friday and Saturday, October 4 and 5. Mr. Seyfried will be available to answer questions and furnish information regarding veterans' affairs and veterans' families. He will be in the American Legion Post Display at the fair through the cooperation of the Department of Kentucky American Legion, and Floyd Post No. 129 of Legion. His services are free to any who call on him. Mr. Seyfried's wide range of Legion activities in Veterans Affairs makes him well qualified to assist veterans and their families.

About 13,000 people are killed in road accidents every year in Germany.

"Proved by the longest, toughest test of all—
1 1/2 million road miles"

No other car has ever been more thoroughly tested than the Edsel. Pitted against the mountain passes of Colorado, Edsel transmissions and brakes had to meet demands far beyond all normal needs. Checked and rechecked, Edsel test caravans ploughed through powdery alkali grit and 118° desert heat in South Valley to test carburetors and rear axle gearing. Edsel test cars spent months in city and cross-country traffic, testing engines, brakes, and ride. The Edsel passed every test in the books—and some never thought of before.

So it has been proposed to County Clerk DuRan, Moore — and approved by Attorney General Ferguson — that the November election ballots be printed minus the names of any Senatorial candidates, these ballots taken to the County Clerk's office for use in supplying absentee voters, then when the last filing date, 10 days before the election, is reached return the ballots to the printer for imprinting the names of the Senatorial candidates.

Since the law provides that the Constitutional amendment shall occupy the outside right-hand column on the ballot, it is proposed that two blank spaces between the Republican column and the Constitutional amendment column be left to admit the names of independent Senatorial candidates. The name of Jerry Foyc Howell, the Democratic nominee, would go in the Democratic column along with other party nominees. Name of Burnis Martin as "Right to Vote" candidate would, if there is no bar to his candidacy provided by law or legal technicality, occupy one of the two blank spaces left on the ballot. The other is planned for the possibility of a third candidate.

If there is a fourth candidate, there would be no room for his or her name, and a special Senatorial ballot would still be necessary.

The absentee voters would not be given an opportunity to vote in the Senatorial race, and most would go in any event because of the 10-day filing limit, but voters at the county's polling places would have the complete ballot.

The situation creates controversy of all kinds. Two points of view are heard:
 1. Since Mr. Howell is the Democratic party nominee his name belongs with other Democratic nominees.
 2. Since it is a special election a special ballot should be printed for that election.

And on and on, an almost every street-corner.
 County Clerk DuRan Moore said at noon Tuesday that the jury is still hung, "indicating that he had not definitely decided how the ballot job will be handled. It was said, however, that he may finally decide on putting the name of candidate for State Senator on the regular ballot, thus avoiding a special ballot.

Damages from Fire Near Mansion Set

Frankfort, Oct. 1 (Sp.) — Damage tentatively has been adjusted at \$6,810 from a fire which Sept. 14 gutted the combination garage and servants' quarters located at the rear of the Governor's Mansion, Charles Martin, Insurance Department official said.

Of this damage, Martin said approximately \$5,560 applies to the building and \$850 to contents. The figures do not include about \$300 damage to wearing apparel belonging to the Department of Welfare, Martin added.

Repairs on the building are scheduled to be started immediately, Martin said.

Oranges, apples and bananas are the most saleable of all fruits.

Others jailed within the week include Aaron Howard, arrested by Deputy Sheriff Reed on a charge of failing to support a parent, and Luther Keene who was arrested by Deputies Joe Wheeler Lewis and John D. Martin on a drunk driving charge. State Trooper Marvin Jennings arrested Karmitt Joseph here Friday night and booked him in police court on a drunk driving charge. The officer contacted 16 half-pints of whiskey and five half-pints of gin from the car driven by Joseph.

Police Judge R. W. Peller set bond of \$1,000 for Joseph's answer to the January grand jury's action.

Soil Conservation
By L. R. Johnson
Several farmers are taking advantage of establishing vegetation on land eroded river banks, creek banks or fields or parts of fields. The federal government is paying 80 percent of the cost.
Some grading or bulldozing work will be done on some farms before the seed bed is prepared. Farmers should take advantage of this program this fall.

Congressman Announces Floyd is Now Eligible For Farm Flood Help

Congressman Carl D. Perkins announced Tuesday in a telegram to the Times that Floyd county has been admitted to the list of Kentucky counties eligible for funds to restore flood-damaged farms under the ASCO program.
A typographical error in submitting flood-damage estimates caused Floyd county to be omitted from the original list, but this was corrected by the ASCO office here in time to restore Floyd farms to eligibility.

TAKE YOUR VOTE SERIOUSLY

Your vote is a very serious thing and when you vote, don't you think you should consider for whom you are voting, instead of just voting for a political party?
I am a Democrat, have been all my life. I have given the race for Circuit Court Clerk some very serious thought, and I have decided to vote for DICK SPURLOCK. I have known him since he was a child and I believe that he will be a clerk for the people and will be HONEST, SOBER, EFFICIENT AND COURTEOUS AT ALL TIME.

The \$64,000 Question

Gormon Collins, the Republican candidate for County Judge, wants to engage in a question and answer campaign. The following list of questions and answers was taken from an actual case against a former deputy sheriff on trial in the Floyd Circuit Court on a charge of accepting a bribe. This is an actual court record of a trial on November 26, 1956.

"TESTIMONY OF WITNESS NO. 1:
"Q-15 Go ahead.
A— We came down to _____ place, more or less a bootlegging joint, and we went in the back; she had a little room in the back where she sold beer and stuff, and he told us that he wanted to explain what protection we would get and that Gormon Collins sent him out and he told us if we didn't believe he was the kind of man he was saying he was, and we all decided that he was all right."

"Q-25 Did you get what was promised you, protection?
A— Yes, sir. I never was bothered by the county sheriff."
"Q-114 I want to ask you one further question. You tell the jury that as you went along bootlegging there, on up, maybe, a year or a little over a year, or something like that without being bothered. What happened there? Did you finally quit bootlegging or what happened?
A— No, I was still in the business. Something went wrong some way. _____, he told me that _____"

TESTIMONY OF WITNESS NO. 2:
"Q-17 What did he say to you?
A— He wanted to know if I wanted in on the pay-off and I commenced talking to him and I told him I did not understand it, and—he told me then that Mr. Collins had them out collecting for him; that it wasn't going to him but was going to Mr. Collins and he told me, he said: "Looks like you can pay as much as \$10.00 a week and sell on and if you don't, you will have to quit," and he said: "If you pay as much as \$10.00 a week you can sell on and if you don't, you will have to quit."
"Q-20 Now, did you get that protection?
A— Well, I got it up until the first Monday after Christmas.
"Q-21 Did something happen then?
A— The man that was collecting, he said he wouldn't be around anymore.
"Q-29 Did you pay _____?
A— Yes, sir. He said he would put my name down so Mr. Collins would know who it was coming from."

TESTIMONY OF WITNESS NO. 3:
"Q-3 Tell the jury what connections you had along that line, if any.
A— Well, I paid the defendant \$20.00 a week to operate my place of business at East Point.
"Q-9 Why did you pay him \$20.00 a week?
A— Well, he just said it would furnish protection from the sheriff's force.
"Q-10 Well, did it?
A— Well, I never was bothered by the sheriff's force after that.
"Q-11 Was that in Floyd county, Kentucky?
A— Yes, sir."

TESTIMONY OF WITNESS NO. 4:
"Q-7 What was the line of his conversation?
A— The only time that he ever had any conversation was the first time and he just told me if I stayed in business I would have to pay off, and the other times was when I would stop and buy gas off of him."
It is in order for Mr. Collins to answer these questions for the people of this county:
1. Who hired the attorneys to defend this former deputy?
2. How were these lawyers paid?
3. Why did you, Mr. Collins, advise with this man and consult with him and his attorneys during this trial?
4. Why would you be interested in this man if he had made false statements about you?
5. Where did the money come from that was used to defend a deputy for killing a man on the streets of Prestonsburg?

When you were a candidate for sheriff, Mr. Collins, you said this in the Floyd County Times on September 10, 1953.
"The taxpayers of this county have been paying a big price for the results they have been getting. The Sheriff's office pays enough money in fees for collect in taxes and fees for all other services that it performs to be able to maintain a good force of officers and pay them a fair salary. It pays enough to give the people good law enforcement and still be able to turn money back into the county treasury."
1. How much money have you turned back into the County Treasury?
2. How much did the Sheriff's office cost you?
3. How did you get this money back?

The past Grand Jury in its report dated September 27, 1957, had this to say about the way you conducted your office.
"We have questioned some 225 witnesses and returned approximately 142 indictments and during our investigations we questioned numerous witnesses, including deputy sheriffs and find that there is still a great deal of law violations and bootlegging going on in Floyd county. During our investigation we discovered that the Sheriff of Floyd county has in his possession a large quantity of alcohol beverages and we believe that since the law requires an officer to execute a search warrant to seize and take possession of the articles found and deliver them unto the Court, issuing the search warrant and this failing to have done, we feel that this Court should see that the said liquor and beer is legally disposed of."
What is your answer to this charge by the Grand Jury?
The people want to know, Mr. Collins. They are looking for your answers to these questions.

State's Southeast Is Color Filmed Frankfort, Oct. (Sp.) — A color film to be released over national television network soon will show southeastern Kentucky as one of the world's most beautiful spots. Two cameramen of the D. & L. Films Co., Henderson, have been in the area filming scenic views. The picture, to be titled either "Land of the Cumberland" or "Voice of the Wilderness," will be a ravishing type. Cumberland Falls, Harlan and Pineville are among spots filmed.

The Indomitable Spirit of Alice G. Lloyd of The Caney Creek Community Center Marches On To Fame

On Sunday, September 29, 1957, when the opportunity presents itself in the mountains and while hearing the voices of many of the Alumni over the radio, a vivid thought came to my mind of the value of perseverance. When I think of that wonderful, grand old lady, Alice G. Lloyd, who has spent more than forty years of her eighty among these rough, rugged hills of eastern Kentucky in an effort to polish the diamonds that are these boys and girls who live here among these sacred hills. I know that it was with a determination and a persevering spirit that placed her behind that old Olivet typewriter in an effort to raise funds in order that the light might shine in that community as it had never done before. That old typewriter should be more mighty to her students than a two-edged sword. It should be very sacred to each of them for the good it has done for them. This grand and enlightened lady has brought better lives to the students of the United States and has made them more professional in their work and their mark among men. I can imagine seeing many boys and girls trudging their way over those hills in an honest effort and who were hungry to enter that school, many scantily clothed, with a few books, no money, but with a determination in their hearts to do something in this world while she. She has made many parents happy through their children who otherwise would never had an opportunity worthwhile or had their just chance in life. The writer knows all about hardships of the mountain boys and girls. He has been one himself, walking many miles to attend school, sometimes with a few books, sometimes with only one. All the mountain boys and girls live in an opportunity to see their worth and what they can do.

Health Agency Schedules Move

Frankfort, Oct. 1 (Sp.) — The State Department of Health will move to Frankfort from Louisville, according to Dr. Russell Teague, health commissioner. Teague said the State Board of Health has not selected a site in Frankfort for the department but indicated the state-owned Berry Hill property was a likely prospect. The move would bring 469 employees and an annual payroll of \$1,800,000 to Frankfort. Gov. A. B. Chandler said the move to Frankfort will make it possible to give "broader health services to all our people."

The department has its first home here but it was soon moved to Bowling Green. It moved to Louisville under the direction of Dr. J. M. McCormick.

The governors of seven New Mexican Indian pueblos still carry, as their badge of office, silver-headed canes presented to their tribes by President Abraham Lincoln in 1863.

Drift Woman Victim Of Two-Year Illness; Rites Held Saturday
 Roxie Abrams, 56, of Drift, died at 10:40 p.m., September 25, at the Beaver Valley hospital. She was the victim of a heart condition and had been ill for the past two years.
 A daughter of the late Noah and Eliza Hall, she was first married to Wiley Abrams, who preceded her in death in 1938. Mrs. Abrams was a member of the Regular Baptist Church.
 Surviving her are three sons, Edward and Eford Tackett, both of Drift, Ivan Abrams, of Ashland, O.; two daughters, Mrs. Marie Jackson and Mrs. Ruby Tackett, both of Ashland, and the following brothers and sisters: Elder Jerry Hall, Mrs. Flora Moore, Mrs. Polly Mullins, Mrs. Lena Hall, all of Drift, and a half-sister, Mrs. Rosie Osborne of Bevinville.
 Funeral services were held Saturday at the Old Beaver Church at Drift, the Rev. Marion Moore, Henry King and Mitchell Chaffins officiating. Burial was made in the Drift cemetery under direction of Hall Brothers Funeral Home.

Former Floyd Woman, Found Dead in Room, Thought Heart Victim
 Mrs. Stella Hughes Compton, 46, was found dead in her room in Charleston, W. Va., Tuesday evening. It is thought that she died sometime Monday morning, victim of a heart attack.
 She was a daughter of the late Rev. Mack and Ruthie May Owens Hughes.
 Surviving are three sisters, Mrs. Lizzie Cain, of Lanesboro, W. Va.; Mrs. Ollie Handy, of Prestonsburg; Mrs. Sally Mansfield, West Prestonsburg; a brother, Buddy Hughes, of West Prestonsburg; and a half-brother, Bill Hale, of Dwale.
 Funeral services were held Friday from the home of Buddy Hughes, the Rev. G. R. Fannin officiating. Burial was made in the Hale cemetery on Middle Creek under the direction of the Moore Funeral Home.

Mrs. Laura Spradlin Victim Last Thursday At Bonanza Residence
 Mrs. Laura Prater Spradlin, 73, of Bonanza, died at her home Thursday, September 26, a victim of cancer.
 A life-long resident of Bonanza, Mrs. Spradlin was a daughter of Wesley and Sarah Stone Prater. Her husband, William David Spradlin, preceded her in death in 1954. She was a member of the United Baptist church.
 Surviving are the following brothers and sisters: Sherman and Elsie Prater, of Bonanza; New Prater, of Alger, O.; Norman Prater, of West Prestonsburg; Walter Prater, of Howard, O.; Eugene Prater, of Alger, O.; Mrs. Mint Hopkins, Kingston, O.; Mrs. Cynthia Holbrook, of Alger, O.; and Mrs. Pearl Lafferty, of Prestonsburg.
 Funeral services were held at the home, the Rev. Charlie LeMaster officiating. Burial was made in the Spradlin cemetery under direction of Carter & Callihan Funeral Home.

108,000,000 Will Be Eligible Voters in '60
 Washington — The Census Bureau estimated that in the 1960 presidential election year there will be 108,000,000 Americans of voting age. That is about 4,000,000 more than in 1956 and 7,000,000 more than in 1952.
 The Bureau's population projections indicate that nearly 16,000,000 of the 108,000,000 will be aged 65 or older. Women in this group will outnumber men by about 1,500,000.

To The People Of Prestonsburg
 Have you ever been told, "The Mayor can do nothing about it?"
 This is to tell the people of Prestonsburg that the Mayor, their highest municipal official, has many powers and he can use these powers for good or evil.
 The Mayor by proper use of his authority can guarantee to Prestonsburg a good, active, conscientious police force, one that will maintain law and order and put a stop to the speeding, reckless driving and the disgraceful bootlegging that beset our city.
 The Mayor has the authority to scan every cent that is spent, every purchase that is made with your money. That money cannot be spent without his approval.
 The Mayor has the power to beautify your town, repair streets and sidewalks, make your town a clean, livable, enjoyable community.
 The Mayor's signature must go on every ordinance that is passed before it becomes effective. If it is a bad ordinance, it is his duty to veto it and force any opposition to him to pass it over that veto.
 Yes, the Mayor has many duties, many powers—if he will only perform and exercise them. **ELECT ME YOUR MAYOR AND I WILL PROVE IT!**
 I invite every good citizen to join me in this fight for a better Prestonsburg. Together we will not fail.
 Sincerely,
BILL NAPIER
 For Mayor of Prestonsburg

Mental Hospital Inmate Indicted for Murder

Danville, Ky., Sept. 18 — The Boyle county grand jury has returned an indictment charging Charles Adkins, 34, with murder in the death of a woman patient at Kentucky State Hospital.

Adkins, of Martin county, is charged with the death of Miss Elizabeth Frazer Cabell, 54, of Greensburg, two weeks ago while both were patients at the mental hospital.

Sheriff James Randolph said earlier that Adkins confessed he raped and strangled the woman and hid her body in a washroom of the hospital's gymnasium.

The sheriff said Miss Cabell had been offered a chance to leave the hospital on a trial basis but had refused. Adkins was admitted to Kentucky State several months ago.

Talented Youngster

Carol Anne, 7, daughter of Mr. and Mrs. Dwight Schroeder, of Doctar, Neb., is a ballet and acrobatic dance specialist whose ability has won her Iowa and Nebraska television appearances and various other public appearances. She is also eligible for a try-out for the Ted Mack Amateur Hour on TV.

In competition with 176 others at Bancroft, Neb., recently she was one of 33 to qualify for a talent contest, and from that contest she emerged the winner of first place. She was guest-performer Aug. 18 at a silver anniversary celebration at Bancroft, Neb., before an audience of 150, and on Sept. 4 she performed for a Methodist Church convention at Onawa, Iowa. A performance at the same place followed on Sept. 10, and two days later she made a television appearance over KVTV at Sioux City, Iowa.

The youngster's mother is the former Anna Bell Hyden, of Prestonsburg.

Capitol Notebook

Frankfort, Sept. 24 — An article, "Big Boom Along The Ohio," in a recent issue of The Reporter, a national magazine, describes the dramatic economic development in the Ohio Valley the last few years. Kentucky, which is playing a vital part in this industrial empire, is given a generous amount of favorable publicity in the article. In reviewing the tremendous resources and production capacity of the region, the writer, William M. Heister, gives brava television appearances and various other public appearances. She is also eligible for a try-out for the Ted Mack Amateur Hour on TV.

ANOTHER BOOST
Kentucky received a generous recommendation in a 1957 issue of The Reporter, a national magazine, which describes the Commonwealth as the "historic crossroads of the nation."

Kentucky, says the magazine, "has set out to become America's favorite vacation spot." With a wealth of scenic beauty that charmed the pioneer, the invention of man-made lakes, the famed Blue Grass region and traditional Kentucky hospitality, it will be hard to dispute this new claim.

IN FRASE OF THE PHONE
If you believe "Korn cannot live by bread alone," you've never eaten Kentucky corn bread.

This observation leads us to the fact that Gov. A. B. Chandler has proclaimed Oct. 7-13 Corn Bread Week in Kentucky.

So advises the Kentucky Millers Association during that week it will be appropriate to make your "staff of life" out of corn meal. Just in case you haven't counted them lately, there are 107 corn millers in the Commonwealth. This interesting statistic comes from Jim Sutherland, of Elizabethtown, chairman of the association's publicity committee.

Corn pone used to be a favorite Kentucky delicacy. Some enthusiasts made them about four inches long and as thick as a man's wrist. The batter was compounded of water-mill meal, boiling water, a pinch of salt and a teaspoon of lard. As the pone cooled, bacon drippings were allowed to fall on them.

They sometimes were washed down by an elixir, also compounded of corn.

But you don't have to stick to pone to eat corn bread — there are muffins, hoe cakes, batter cakes, hush puppies, crackling bread, southern spoon bread and fried mush. All nutritious, say the millers and Governor Chandler.

So during corn bread week, as in the World Series: "Batter Up!"

YOUR STATE POLICEMAN
State Police Director Paul M. Smith draws this sketch of a composite State Trooper. He has one year of college, is born and raised in Kentucky, served in some branch of the military service, is 28 years old, five feet 11 inches tall, weighs 175 pounds, is married, the father of at least two children, and comes from many walks of life, including school teaching, farming, plumbing, funeral directing, carpentry, brick laying and truck driving.

The complete fertilizer used for tobacco may be mixed with soil for bulbs at the rate of 3 pounds to 100 square feet, or 1 teaspoonful for each bulb.

NOTICE TO BIDDERS
The Floyd County Fiscal Court will receive sealed bids until 1 p.m. Oct. 10, on the following projects:
Repair of the swinging bridge at Reed Branch, near Boaco.
Construction of a swinging bridge at Cracker Bottom, near Arkansas Creek.
Repair of the swinging bridge at Ohio, Ky.

Plans and specifications for said projects are on file at the County Judge's office. The court reserves the right to reject any and all bids.

First Meeting of New Club Year
The Betsy Layne Women's Club held its first regular meeting of the new club year, September 19, at the home of Mrs. Elizabeth Prichard.

Mrs. Glenn Blackburn, vice-president, was presiding officer in the absence of the president.

A letter from the chairman of the Youth Conservation department, Kentucky Federation of Women's Clubs, was read. It urged clubwomen to keep a spot check on newsstands to keep objectionable comics from reappearing and to develop a "Free-Age Literature Crusade" to keep obscene reading material off the newsstands. It was also stressed that something must be done about the menace of innumerable literature's corruptive influence on teen-agers.

It was also noted that for a club to conserve youth—it must assist young people to be physically, mentally, emotionally, socially and spiritually fit, thus better qualifying them to face the needs of life and helping them to do their part in serving mankind.

A letter from the chairman of the Division of Community Service, KFWC, urged clubs to enter the Community Achievement contest.

The plan of work of the KFWC American Home department was presented and in keeping with use of the suggestions, a club family picnic was held on September 7. It was also suggested that clubs observe American Home Week the week of Thanksgiving, encourage family councils and become familiar with their children's textbooks.

The Ways and Means committee presented money-making projects and members approved the selling of candy as the first project. The annual Christmas bazaar was discussed and the first of the weekly sewing meetings will be held at the home of Mrs. Glenn Blackburn, October 3. This will be an all day meeting with a covered dish luncheon. Plans for the bazaar will be made at this meeting.

At the close of the meeting a dessert plate was served. Mesdames Beecher Hardwick, Edward Lykins, T. S. Salisbury, Glenn Blackburn, Miss Alice Williams and the hostess, Mrs. Prichard. The next regular meeting will be Thursday night, October 17, at the home of Mrs. O. J. Williams, with a program scheduled on Kentucky Education Problems, with Mrs. Beecher Hardwick program chairman.

2nd Annual Sheep Week Program Already Settled

Kentucky sheepmen will gather at various points in the state next May for the 21st annual state meeting and the second annual sheep industry open house program, says R. C. Miller, Kentucky Agricultural Extension Service specialist.

The dates, Miller said, are May 5-10, inclusive.

The tentative schedule:
Monday, May 5: Tours of flocks in eastern Kentucky counties in the morning in the Big Sandy section; in the afternoon, the second annual meeting and barbecue.

Tuesday, May 6: Tour of flocks enroute to state meeting at Lexington.
Wednesday, May 7: The 21st annual meeting and banquet at Lexington.

Thursday, May 8: Tour of flocks enroute to the Princeton Experiment Substation farm in Caldwell county.
Friday, May 9: Second annual meeting and barbecue at Princeton.

Saturday, May 10: Day's program to be announced.

Accumulation of dew can total as much as 10 inches of water a year.

TO THE DEMOCRATIC VOTERS OF FLOYD COUNTY:

Numerous articles have been appearing in the local paper showing the large registration of Democratic voters over the Republican voters. We realize this is true to some extent, but the figures don't disclose the thousands of voters who pride themselves in our local county races in voting for the man they feel will do the best job for all the people, and many thousands of these registered Democratic voters also register Democratic in order to participate in the Democratic primary. A good many of these voters did this in the last Governor's race when we had a local man as candidate for that office. My daughter, for one as an example, registered Democratic in order to vote for our local Floyd county man.

The Sheriff's office is important in any state race, since he is chairman of your Election Board. His support for any of our local men who aspire to a state office will have considerable bearing on the outcome in Floyd county. I now pledge my support, if elected your Sheriff, to support any local county man who may become a candidate for a state office, whether Democrat or Republican. You won't find me catering to the whims of the Chandler forces in supporting the Administration hand-picked candidates in order to get a few jobs.

You Democratic candidates for Sheriff in the primary were clearly shown who nominated my opponent. It was Chandler's Road Workers and Job-Holders. I don't believe in any State Administration taking part in a primary for county offices. It is unfair and undemocratic in every respect.

The Chandler Administration's job holders and road workers are stressing my opponent's election over every Democratic nominee. Their slogan is "Save the Sheriff Above All Others"—he was our man in the primary, and will stay with us two years from now in the Governor's race.

You can see what means and tactics they will resort to in getting their man elected.

A Democrat vote for me will be appreciated, and I assure you that I will support and work for any local candidate from Floyd county who makes a state race while I am your Sheriff.

Trapp-Higgins Wedding Solemnized

Miss Etile Della Trapp, daughter of Mr. and Mrs. Fred T. Trapp of Butler, Ky., became the bride of John E. Higgins on Saturday, Aug. 17. The groom is the son of Mr. and Mrs. J. W. Higgins, of Salyersville.

The Rev. Stanley V. Kennedy, performed the ceremony by candlelight at 7 p.m. in the Plum Creek Christian Church. Ferns, white gladioli and white candles in candleholders decorated the church. Music was furnished by Miss Sharon Gray at the piano.

Recorded down the aisle by her father, the bride wore a floor length gown of white imported rose point handkerchief lace over tulle and satin. The molded pointed bodice was fashioned with a sabrina neckline and long lace sleeves tapering to scalloped points at the wrists. The full bouffant skirt of lace was styled in three tiers with scalloped edge. Her ballerina length veil of imported silk tulle fell from a lace cap edged in pleated tulle, adorned with leaves and tiny seed pearls. White orchids were enticed by white carnations forming the bridal bouquet.

Miss Nancy and Donna Trapp, sisters of the bride, were maid of honor and bridesmaid respectively. The maid of honor wore a blue dress and the bridesmaid wore pink. The dresses were ballerina length of lace over tulle. Their bouquets were of white lilies with rose chrysanthemums in the center.

Kenneth Patrick, of Marion, Ohio, brother of the groom, was best man. Ushers were Stanley Lampe and Robert Griffen, cousins of the bride.

Hospital Promotions At McDowell Memorial

4 YEARS IS A SHORT TIME

Four years ago my present opponent for County Judge was elected Sheriff of Floyd county after conducting a campaign of abuse and slander unequalled in the history of our county. Most of you will remember the extravagant claims made by him in that campaign. All of you know the kind of official he has made. During his administration we have learned to expect:

- (1) Special treatment for the favored few who belong to the Collins clique; indifference and unconcern toward all those who don't dance to the Collins tune;
- (2) Inter-meddling of a Republican Sheriff in Democratic Primaries so as to create strife and confusion in the Democratic Party;
- (3) Complete domination of the Republican party for the benefit of a Republican Sheriff, even to the extent of having his own brother serve as a dummy candidate so that the Republican Sheriff could participate in a Democratic Primary and then run as a Republican in November.
- (4) Political propaganda sent out in the same envelope with our tax bills.
- (5) Alibis and excuses for my opponent's failures and abuse and villification of those who oppose him.

There is an old parable which goes like this:
If you fool me once shame on you; if you fool me twice shame on me.
My opponent fooled the people of this county four years ago. I have enough faith in your judgment and good sense to believe that he can't fool you again.

JENKINS TEAM IS SEEN AS CONFERENCE CHAMP

The Jenkins Cavaliers, Eastern Kentucky's choice in Paintsville's seventh annual Big Sandy Bowl Game, stand alone as the only unbeaten high school football team in the area after last week's win.

Nick Diachanko's crew crushed a listless Prestonsburg eleven, 34-7, and the Fleming Pirates stayed in second place in the Eastern Kentucky mountain conference race

with a 20-0 win over Paintsville as fullback James "Red" Hill tallied all three touchdowns for the winners.

Jim Caudill's Hazard Bulldogs overpowered rival Whitesburg, 48-21 in the most lopsided game of the series and by one of the largest margins ever recorded by a Caudill-coached eleven.

Belfry stepped outside the loop to throttle Chaminsville, W. Va., 28-0; Pikeville entered the win column for the first time in defeating Wheelwright, 13-7, and Elkhorn City shutout M. C. Napier, 29-0.

With the schedule now half completed, Jenkins appears to be the circuit's champ if the Cavaliers can get by Belfry, October 28.

Prestonsburg's defense fell apart after a scoreless first quarter, although Jenkins drove inside the 20-yard stripe on two occasions. Midway the second frame, the Cavaliers marched 50 yards in seven plays, with halfback Charles Steiner scoring from the three. Three plays later, and Nicky Dann blocked an attempted Prestonsburg punt on the blackcat 16-yard line and halfback Gary Harrison tallied from the nine following Bill Elkins' off-tackle jump to that point.

In the third period Jenkins ran the margin to 20-0 as quarterback Frank Hodge flipped to Dann, who in turn lateralized to Gary Harrison for a 45-yard six-pointer, and fullback James Allen booted the point to narrow the margin to 29-7.

In one of the oddest plays of the season, quarterback Paul Hughes signaled for a fair catch at the mid-field stripe, but missed the ball, then Jenkins quarterback Frank Hodge picked up the oval and ran 39 yards to pay dirt while Prestonsburg watched without a defender after him. Gary Harrison scored his third touchdown of the game in the final seconds on a 15-yard trek. Junior tackle Kenneth England scored on four of five conversion attempts.

In the individual scoring department, Fleming's fullback James Harrison and Jenkins' half-back Gary Harrison, are far in front of the field in East Kentucky with 52 points each.

Washington Depot Unique Washington—The only railroad station in the United States especially authorized by Congress in Union Station, Washington.

CONTEST WINNER

Miss Glenda Conley, daughter of Mr. and Mrs. Watt Conley, of Prestonsburg, and a graduate of Prestonsburg high school, was recently crowned "Miss Owens-Illinois of 1957" at the Dreamland pool, Huntington, W. Va. She won the honor in competition with 15 other contestants. Miss Conley received a trophy, a dozen roses and various other gifts.

Hunter Beware! Of Rabbit Fever State Warns

Although hunters can't start shooting at rabbits until November 20, the first day of the season, licenses are already on sale at county court and clerks' offices throughout Kentucky. In many counties hunters will be given in addition to their licenses a bill-fold-size card, the color of a caution light, which proclaims the words written above, "Hunter Beware!"

Issued by the Kentucky State Department of Health, the cards have been made available all county court clerks in an effort to avoid any cases of tularemia this fall.

The bacteria which cause tularemia can be transmitted to man from rabbits and other wild animals by means of fly or tick bites or through the skin of the person dressing the meat or through eating the meat raw or very uncooked. The disease, though seldom fatal, tularemia causes body sores, swollen lymph glands, weakness and fever.

From the yellow card, hunters and housewives can learn the following precautions to observe for avoiding this disease:

1. Shoot your rabbits on the run. A lazy rabbit may be a sick rabbit.
2. Never handle a rabbit found dead or brought in by a dog or cat.
3. Always wear rubber gloves when dressing a rabbit.
4. If the internal organs of the rabbits show white spots, throw it away. It may be infected.

Cook rabbits thoroughly so that no red meat or blood remains.

BIG SANDY BOWL

Paintsville's Junior Woman's League has selected two fine high school football teams in Jenkins and Catlettsburg for its seventh annual Big Sandy Bowl game. In six years the Bowl attraction has become one of the most popular in the state.

Receipts of the annual games have been used by the Junior Woman's League to improve recreational facilities in the city and to aid under-privileged children. Through their efforts Paintsville high school has the finest field and stadium in Eastern Kentucky. The stadium is an all-concrete 4000 seat affair, and the overall city recreation program ranks as one of the best in Kentucky.

At present both Catlettsburg and Jenkins lead their respective conferences and have perfect 5-0 records. Jenkins is to meet Elkhorn City, Whitesburg, Belfry and Pikeville. Of that group only Belfry could give the Cavaliers any trouble.

Harold Baxter's Wildcats have Raekell, Tronton, Ceredo Kenova, McKell and South Point remaining on the schedule, and Tronton is the only likely choice to keep Catlettsburg from an unbeaten season.

Jenkins has never played in any post-season attraction while Catlettsburg will be making its second trip to the Paintsville game. In 1954 Catlettsburg stopped Cumberland, 29-0.

Paintsville capped last year's game with a 20-0 triumph over Richmond's Madison Model.

BLACKCAT FLAYE-OF-THE-WEEK

Although badly outplayed last week, the one bright spot in Prestonsburg's 34-7 loss to Jenkins was the play of junior guard Henry Hughes, who was awarded Player-of-the-Week honors for his feats. Hughes, 16-year-old 160-pounder continually stopped Jenkins' speedy backs with bone-crushing tackles, and is the most improved lineman on the Blackcat squad.

TRAGIC DEATH

Many Eastern Kentucky football fans were shocked to learn of the death of George Stuart, Jr., who was killed in a motorcycle accident last Friday night. Stuart, tutored the Elkhorn City football team last year, then returned to enter the motorcycle business in Haysi, Virginia.

HOMECOMING DATES

The University of Kentucky's annual homecoming will be with Tennessee, Saturday, November 22, and Morehead's is carded with Middle Tennessee on Saturday, October 28.

Floyd Back-Yard Fishing To Receive Attention

Frankfort, Ky., Sept. 25 (Spl.)—Back-yard fishing in Floyd county is slated for more special attention from the Kentucky Division of Fisheries next week as special fisheries crews begin shellcracker stockings in farm ponds throughout the county.

The deliveries wrap up this year's farm pond stocking program, designed to improve the over-all fishing picture in Kentucky by providing good "back-yard" fishing in each county of the state through well-stocked farm ponds. Bass, bluegill and shellcrackers are provided free-of-charge by the Kentucky Division of Fisheries to farm pond owners who request them. Bass and bluegill deliveries have already been made.

HILL ENDORSES JERRY FONCE HOWELL FOR STATE SENATOR

Thanks to the kindness and confidence of the voters of the 96th legislative district, it has been my privilege to serve as their State Representative for the past four years. I believe this experience has qualified me to recognize the type of person who would render as State Senator the greatest service to his people in both the General Assembly and at Frankfort.

During the past two years I have been closely associated personally and politically with Jerry Fonce Howell. Together we have made many trips to Frankfort, at our own expense, trying to obtain more roads and other benefits for the people of Floyd County. The record of benefits received as a result of these efforts, I believe, proves their effectiveness.

In all my associations with Jerry Fonce Howell I have found him to be forthright, honest and dedicated to the principles of good government. His wide experience, including a term as Majority Floor Leader in the House of Representatives, his great ability to get things done, and his unquestioned integrity and independence make him an ideal candidate for State Senator. The people of Floyd county and this senatorial district are very fortunate to have Jerry Fonce Howell as the Democratic nominee for State Senator.

It is with great pleasure that I add my pledge of support to the many other endorsements and expressions of approval of Jerry Fonce Howell as the Democratic nominee for State Senator.

Sincerely,
LON C. HILL
State Representative, 96th District

A look into the future for High School Boys and Girls

Today, there are many excellent opportunities for people who are educated in the fields of science and engineering. Our country's rapid advancement in industrial and technological developments calls for more professionally trained men and women than ever before. This great advancement is expected to continue for a number of years, bringing with it a continued shortage of trained people.

If you are a high school student, and have a liking for mathematics or other scientific studies, it might be worth your while to prepare now to specialize in some branch of engineering, science or physics when you enter college.

The electric utility industry offers many opportunities for trained people. In the past ten years the demand for electric energy has more than doubled. This growth is expected to be duplicated during the next several decades, to be accompanied by an increased requirement for engineers and technically trained people.

We suggest you consult the student advisor of your school. He is qualified and ready to help you select required courses of study. It may well be that you will find more information about the opportunities available in the electric utility industry, contact your nearest Kentucky Power Company office and a company representative will be glad to help you.

RESTORATION OF BLOCK HOUSE AT HARMON STATION STUDIED

Frankfort, Sept. 22 — A professional study of Eastern Kentucky spelled out the make-up of a proposed division of tourism that would operate on an annual budget of \$55,000.

Creation of the governmental agency within the Dept. of Conservation would require an act of the Legislature, which meets in January.

Blair Associates, planning consultants and development advisor, recommended the division consist of three sections headed by a director — state parks, tourist development, and research and planning.

The present state parks division would be brought into the division of tourism in name only. The parks unit would continue to operate at currently planned levels, exclusive of the proposed \$55,000 budget.

The division of tourism was proposed in a final Blair study last July called "action program for Eastern Kentucky." Only its functions were listed, however, its organization being omitted pending further study.

The division, while promoting tourism and working closely with other state and private agencies, would also render actual services to industry and others.

The latest Blair recommendations were contained in a supplemental study prepared for the Dept. of Economic Development.

Under them, the tourism director would draw a yearly salary of \$10,000, plus \$6,000 for a secretary and other expenses; the tourist development head would draw \$8,000, plus \$2,000 for expenses, and the research and planning head \$10,000, plus \$12,000 for research and expenses.

In addition the study said, a public relations staff consultant should be paid \$7,500 annually, plus \$2,000 for expenses.

Blair associates said the basic approach to tourist industry development is twofold:

1. The recognition that tourism is an industry and must be treated as such if maximum benefit is to be realized, and

2. That efforts similar to those now being successfully made in industrial development and promotion can be applied to the tourist field and stimulate a desired improvement in the general economy.

In tourist development, new efforts are needed now to enable Kentucky to capitalize on the wonderful gifts that nature has made to her.

As a tourist attraction, the Blair firm has recommended that a shrine be erected on the original block house as restored at Harmon Station in Johnson County — site of the first settlement in Eastern Kentucky.

Block House Bottom, situated below the mouth of Johns Creek, derived its name from the block house that stood there in 1797-98 when Eastern Kentucky's first settlers, according to historical accounts, arrived in the area.

The block house was destroyed in 1780 by the Harmana and other hunters from Virginia. Frontiersmen stopped there for shelter while making hunting trips into the wilderness.

It was found that place shortly after Jimmy Wiley was captured by Indiana at Walkers Creek settlement in Virginia and taken to Little Mad Lick in Johnson county, Ky. Her children and a brother-in-law were slain.

During her captivity at Little Mad Lick, a Cherokee chief sold Mrs. Wiley to a Shawnee Chief for 500 silver brooches. She later escaped and found refuge at Harmon Station, the story goes.

Harman Station—not too far from Dewey Dam — at present is commemorated by a state highway marker on U. S. 33 at East point.

The block house was situated 100 yards from the block house Big Sandy River in a valley of about 1,500 acres, now isolated and inaccessible to motor travel.

Floyd County Is Growing Stronger Democratic Every Day And The Figures Prove It

Since the list of Democratic and Republican voters was compiled from the records of the County Clerk's office, it now shows a new registration to and including September 7, 1957 of 404 Democrats and 137 Republicans. The Democratic majority now stands at 15,768.

The following is the registered vote in Magisterial District No. 2 (Right Beaver Creek):

John Pessum No. 12	Democrats 271	Republicans 132
Boose No. 23	Democrats 516	Republicans 49
Garrett No. 24	Democrats 604	Republicans 29
Wayland No. 25	Democrats 424	Republicans 13
Maytown No. 32	Democrats 494	Republicans 132
Lacey No. 33	Democrats 220	Republicans 27
Kennedy No. 37	Democrats 168	Republicans 18
Edell No. 45	Democrats 338	Republicans 39
Northern No. 46	Democrats 236	Republicans 64
Rock Fork No. 48	Democrats 407	Republicans 45
Haymond No. 59	Democrats 274	Republicans 111
	3549	609

You will see from the registration in Magisterial District No. 2 that the Democratic majority is 3,340. As the books now disclose, it will take 7,884 Democrats to cross their ticket to make the Republicans break even and at the same time they would have to get every registered Republican. Can it be done? We think it is utterly impossible, but the Big Chief who runs and runs the Republican roost may pull a rabbit from the hat. He did in 1953 and he may do you other Republican candidates as he did before. You Democrats know and the candidates, too, that he is out to get us all. Listen for his warwhoop soon, but it will be like the man with a long tongue—nothing will be done, except unify the Democratic party.

RESOLUTION

A resolution of the Fiscal Court of Floyd County submitting the question of establishing a public health taxing district to the qualified voters of the County as provided by KRS 212.720 et. seq.

WHEREAS, the board of health of Floyd County has filed with the Fiscal Court of Floyd County a resolution embodying a request to submit to the qualified voters of Floyd County at the next regular election the question as to whether a public health taxing district should be established for the county which shall have the authority to impose a special ad valorem tax for the maintenance and operation of the Floyd County Health Department not to exceed nine (9) cents on each one hundred dollars of assessed valuation of all property in the district, as authorized by KRS 212.720, et. seq., and

WHEREAS, the said statute is mandatory, and the fiscal court in the premises is thereby, when requested by the County Board of Health, compelled without the exercise of any discretion to submit the question to the qualified voters of said county;

NOW, THEREFORE, on Motion, duly made, Seconded and Carried, It is Ordered by the Court:

Section 1. There shall be submitted to the qualified voters of Floyd county at a special election to be held on the 5th day of November, 1957 the question as to whether or not a public health taxing district shall be established for the County which shall have the authority to impose a special ad valorem tax for the maintenance and operation of the Floyd County Health Department not to exceed nine (9) cents on each one hundred dollars of the assessed valuation on all property in the district, this tax shall be in addition to all other county ad valorem taxes.

Section 2. Said election shall be conducted and carried out in said county in all respects as required by the general election laws and shall be held by the same officers as required by the general election laws.

Section 3. The county clerk of Floyd county is hereby directed to cause the following question to be placed on the ballot at the next regular election to be held on the 5th day of November, 1957 in accordance with the provisions of KRS 212.720 et. seq. (Chapter 158, 1984 Acts of the General Assembly).

Are you in favor of establishing a Public Health taxing district for Floyd County which shall have the authority to impose a special ad valorem tax for the maintenance and operation of the Floyd County Health Department, provided that such special tax shall not exceed nine (9) cents on each one hundred dollars of the assessed valuation of all property in the district? YES NO

Section 4. The Sheriff of Floyd county is hereby directed to cause a notice of said election to be published prior to said election in three issues of the paper having the largest general circulation in the County. The first publication shall not be later than the 20th day of September, 1957. The notice shall be as follows:

NOTICE OF VOTE ON QUESTION AS TO WHETHER A PUBLIC HEALTH TAX DISTRICT SHOULD BE ESTABLISHED FOR THE COUNTY WHICH SHALL HAVE AUTHORITY TO IMPOSE A SPECIAL AD VALOREM TAX FOR THE MAINTENANCE AND OPERATION OF THE FLOYD COUNTY HEALTH DEPARTMENT NOT TO EXCEED NINE (9) CENTS ON EACH ONE HUNDRED DOLLARS OF ASSESSED VALUATION OF ALL PROPERTY IN THE DISTRICT.

Public notice is hereby given that at the regular election to be held on Tuesday, the 5th day of November, 1957, there shall be submitted to the qualified voters of Floyd county the following question which shall be stated as follows:

Are you in favor of establishing a Public Health taxing district for Floyd County which shall have the authority to impose a special ad valorem tax for the maintenance and operation of the Floyd County Health Department, provided that such special tax shall not exceed nine (9) cents on each one hundred dollars of the assessed valuation of all property in the district? YES NO

This notice is given pursuant to a resolution adopted by the Fiscal Court of Floyd County on the 12th day of September 1957 and reference is hereby made to said resolution for further details. Said resolution is spread at large on the records of the Fiscal Court and is subject to inspection.

GORMON COLLINS, Sheriff of Floyd County

Section 5. This resolution shall be in full force and effect from and after its adoption by the Fiscal Court.

CADDY LASHES UMWA CRITICS

District 30 President Raps "Sneaky" Letters, Non-Union Track Mines

United Mine Workers District 30 representative Sam Caddy lashed out recently in a meeting at Hazard at "sneaky" letters attacking union leadership and called for better attendance at local union meetings.

Caddy, of Lexington, was one of two principal speakers at a unity and morale-building session, one of several now being held by District 30. Sharing the platform with him was Congressman Carl Perkins.

The veteran union leader reprimanded miners for not attending meetings of their locals, saying, "You ought to be ashamed of your attendance."

Tracing the development of the U.M.W. in Eastern Kentucky, Caddy said further gains by union leaders are impossible without strong locals.

"All I'm trying to do," Caddy said, "is to get you to go to your local union meetings. When we do this, we'll have less trouble from antinunion elements in the state."

He told his audience of some 150 U.M.W. members, their families, and guests, the "U.M.W. is the greatest democratic union in the world," and that it has made possible the \$22.28 per day wages received by miners.

He lashed out at nonunion track mines, where he said, "miners are not getting union scale."

"All we want," Caddy continued, "is what we're entitled to—the principles of organized labor are God-given principles."

Caddy struck out at union members who have been writers of criticism about their leaders, and appealed for greater harmony and co-operation among miners.

Suggesting a program for locals, Caddy said unions and non-union leaders "will never be so plentiful and at it by until the 'Taft-Hartley' law" is repealed. He also criticized opponents of "right-to-work" bills as opponents of organized labor.

Congressman Perkins, introduced by Matt Combs, District 30 representative for the Hazard area, traced Social Security legislation enacted over the years by Congress.

Perkins said "Social Security payments can stand a 10 per cent increase in benefits without increasing taxes one iota."

The seventh district Congressman said the "50-year age limit on Social Security disability legislation must be removed," and favors lowering the Social Security retirement age to 60.

FARM NOTES

By ROBERT M. JONES County Agent

Two corn derby fields have been checked so far this year. They were J. L. Lafferty, Jr. and Barbara, his daughter. Last year Barbara had a yield of 120 bushels per acre to take top awards in the county. This year it looks as if the Lafferty family will have another high yield.

Through the corn derby we have found that with the use of fertilizer and improved practices, a yield of 120 bushels per acre to take top awards in the county of the five plots checked last year will went over the 100 bushel mark.

Let's compare this with the county average of 36 bushels. Records from over the state shows that it takes the first 30 bushels to pay for seed, fertilizer, machinery and other production items. By using this figure it means that the average corn crop in Floyd county makes a profit of 6 bushels per acre. On a 100 bushels yield there would be a profit of 64 bushels.

It would be impossible for every farmer to make 100 bushels per acre. While at the same time we want to realize that a county average of 36 bushels is too low. By following a minimum of improved practices such as use of hybrid seed, fertilizer, and cover crops this could easily be increased to 50 bushels per acre. Think what this would mean to Floyd county—approximately 100,000 bushels more corn.

If any farmers would like to have his corn yield checked, contact us here at the office in Prestonsburg and we will set up a date to visit your farm.

Fair
Fair time is here again. The date of your fair is September 30 through October 5. General exhibits will be brought in Wednesday, October 2 between 10:00 a.m. and 6:00 p.m. Livestock will be brought in Saturday, October 5, by 10:00 a.m.

If you want to really enjoy the fair this year, bring in one or more exhibits. There is such a wide variety of farm and home products that can be shown that it is possible for everyone in the county to enter an exhibit.

The 1957 barley crop was 10 per cent more than the 1956 production. The production in 1957 was 432 million bushels.
