and that was a nice ride through the wire. Jerry Fauce Howell, the Democratic nominee for Senator, had left Martin and went out on a "Right To Vote" ticket, carried Floyd county by 101 votes but wound up 204 votes behind in the three-county district.

The only other political race in Floyd county that claimed attention by the narrow lead was that for Magistrate in District 4 where Fred Conn, Democrat, defeated Buddy Akers, Republican, by 382 votes. The fiscal court will be all-Democratic.

Because the Times staff is weakened by flu this week the special returns will not be published till next week. The Floyd vote totals in the several races follow: For Clerk, Court of Appeals: Charles Malcolm Greene (R), 1,78; Denis Owens (D), 9,013—Owens majority, 6,235.

For Representative, District 96: Rex Cummings (R), 1,893; Sam Hale (D), 4,899—Hale majority, 3,006. For Representative, District 97: Sam Thomas (R), 1,941; Ann B. Hall (D), 4,245—Hall majority, 2,304.

For Circuit Judge: Edward P. Hill (D-unopposed), 9,488; writes: Burns Martin 3, J. B. Clarke and Hollie Conley, 1 each. For Commonwealth's Attorney: Hollie Conley (D-unopposed), 9,329.

For Circuit Court Clerk: Richard "Dick" Spurlock (R), 4,208; Henry Stephens (D), 5,546—Stephens majority, 1,338. For County Judge: Gorman Collins (R), 4,575; Henry Stumbo (D), 8,798—Stumbo majority, 4,224.

For County Attorney: Robert Wellman (D-unopposed), 9,077; J.B. Clarke, (write-in), 1. For County Court Clerk: Joyce Allen (R), 5,073; Dufuran Moore (D), 1,248—Moore majority, 3,825. For Sheriff: D. P. (Perk) Dinger (R), 4,789; Harold Warren (D), 8,310—Warren majority, 3,521.

Former Police Chief At Wheelwright Dies At Pikeville Hospital

Gus Little, of Bypro, former chief of police at Wheelwright, died last Wednesday afternoon at the Methodist hospital, Pikeville, of a lingering illness. He was 78 years old.

A lifelong resident of the Wheelwright vicinity, Mr. Little was a policeman at Wheelwright 35 years. He was a native of Pike county and was a son of Tom and Pauline Kinney Little. He was a member of the Regular Baptist Church. Since the death of his wife, Mary Hall Little, in 1947 he had resided with his granddaughter, Mrs. Mabel Vansodol, at Bypro.

Surviving are one daughter, Mrs. Bertha Curry, of Bypro, 13 grandchildren, eight great-grandchildren and four brothers and one sister: S. D. Little, Chicago, Ill.; Carl Little, of Bypro; Howard Little, of Hellier, William Little, Prestonsburg, and Mrs. Sylvia Potter, Burdine, Ky.

Funeral rites were conducted Saturday, the Rev. Frank Hopkins, Ellis Moore, of Hill, and others officiating, and burial was made in the family cemetery at Bypro under direction of the Gall Funeral Home.

"THEY'RE CATCHING ON, BUT THEY CAN'T CATCH UP." That's how lots of people feel about the "new 1958" cars that are trying to match the Dodge Swept-Wing look. These other cars have been lowered some, but still seem high and boxy by comparison. A few are "catching on" to fins, but they're years from "catching up." And the air suspension offered by some cars (at well over \$100 extra) can't compare with the sway-free, dip-free ride of Dodge Torsion-Air standard equipment on all models. So on your way home from someone else's new car showing, stop in and compare it with Swept-Wing 58 by Dodge. You'll see what we mean.

Marine Corps To Accept 700 College Graduates As Officer Candidates

The Marine Corps will accept 700 college graduates for its first two 1958 Officer Candidate Courses, it was announced this week by Sgt. Floyd L. King, of the Marine Corps Recruiting Sub-Station at Pikeville.

The Officer Candidate Course provides an important segment of all new officers entering the Marine Corps. It is held at Quantico, Va., and lasts 10 weeks. A second lieutenant's commission in the Marine Corps Reserve follows the successful completion of this training. Sgt. King said the 21st Officer Candidate Course will begin Jan. 13, 1958, and have a planned enrollment of 510. The 22nd OCC, with 500 enrollees, is scheduled to start the following March 31. Sgt. King said he is available to explain this program more fully to interested applicants at his office located at the Post Office, Prestonsburg, every Tuesday afternoon.

McDowell Hospital Promotes Floyd Map

Charles E. Stumbo has been promoted to the position of chief engineer at McDowell Memorial hospital, it was announced last week by Harold C. Parks, Administrator of the hospital. The son of Mr. and Mrs. Charles Stumbo of Lancer, Mr. Stumbo was graduated from Martin high school in 1945. He joined the McDowell Memorial staff as a watch engineer in November, 1955 when the hospital was opened to patients.

Mrs. Jess Dale has returned home from the McDowell hospital. Mrs. Frazier and son Douglas attended the Big Sandy Bowl football game Friday night in Paintsville. Mr. and Mrs. Dock Fraley, of Stockdale, Ohio, visited in Weeksbury last week. Beunie Blankenship continues ill. The Weeksbury P.T.A. met Monday night with a good-sized crowd of interested parents and teachers. Mr. and Mrs. Gene Harmon, of Hill, and Mrs. J. T. Hall, of K. Hall and Luther Conn. Burial was made in the Layne cemetery at Harold under direction of the Hall Brothers Funeral Home.

An Appreciation

BY

Henry Stephens

The election is now over, and I wish to express my heartfelt appreciation for the loyal support given me by my many friends and relatives throughout Floyd County. My greatest hope and ambition is to live long enough to repay my friends in my humble way for what they have done for me.

This election is the great climax in my political history, coming at a time when I needed your assistance most, and I will always feel deeply indebted to each of you and I assure you that the time will never come when I will forget you.

After the Primary was over I was congratulated by David Martin, Jr., for the victory I had won over him and at the same time my present opponent, Dick Spurlock, did likewise in the Primary and I told him (Dick) then that I hoped that he would do the same thing in the November election and Mr. Spurlock did just that, and I wish to express my appreciation for his sportsmanship and the manner in which he took his defeat.

I do not rejoice in the defeat of any man, but some must be losers and my greatest regret was that it had to be Dick instead of someone with whom I was not so well acquainted.

When I take office in January, you will find me on the job and any business you may have will receive my personal and prompt attention.

Here is hoping that I will meet each of you in the future and greet you as I have in the past.

Respectfully yours,
Henry Stephens.

Haysville Merchant Dies of Heart Seizure Monday at Age of 65

Kendall Crager, 65, Haysville merchant, died at his home on Salt Lick at 8:30 p.m. Monday, of a heart seizure.

A son of the late Joseph and Vina Shepherd Crager, he was a native of the Salt Lick section. He had operated a store in the community for several years, and was a member of the Regular Baptist Church.

Surviving are his widow, Mrs. Daisy Shepherd Crager, four sons and seven daughters: Ralph Crager, Ft. Knox, Ky.; Homer Crager, Haysville, Hollie Crager, Kendallville, Ind.; Hayden Crager, of Garrett, Mrs. Sarah Hicks, Glendale, Ariz.; Mrs. Liza Handshoe, of Handshoe, Mrs. Sylvia Warrick, Haysville, Mrs. Alice Duff, Plymouth, O.; Mrs. Pearlle Compton, Haysville, Mrs. Grace Dugler, Waterloo, Ind.; and Mrs. Laura Allen, of Haysville. He also leaves one brother, Bee Crager, of Haysville, and a sister, Mrs. Martha Neely, Kendallville, Indiana.

The funeral was conducted Wednesday at the residence, by the Rev. Banner Manns, Jim Buck Vanderpool and M. C. Wright officiating. Burial was made in the family cemetery on Lick Fork of Salt Lick, the Hall Brothers Funeral Home directing.

Floyd Residents' Kin Heart Attack Victim Monday at Home in Magoffin

Archie Shepherd, 47 years old, died at his home at Gunlock, Magoffin county, last Thursday of a heart attack following an illness of two years.

A native of this county, he was son of Abe Shepherd, of Pyramid, and the late Sallie Shepherd. Survivors include, besides his father and his widow, Mrs. Mary Shepherd, five sons and nine daughters, William James, Abe, Reggie Owens, Wade and Archie Shepherd, Jr., all of Gunlock. He also leaves five brothers and two sisters, Ashland, Harris and Whaler Shepherd, all of Pyramid; Creville Shepherd, Shiloh, O.; Bill Shepherd, Detroit, Mich.; Mrs. Raymond Shepherd, of David, and Mrs. May Shepherd, Prestonsburg.

The funeral was held from the residence Saturday, the Revs. Ashland Shepherd, Jim Vanderpool and Russell Jacobs in charge. Burial was made in the family cemetery at Gunlock, the Hall Brothers Funeral Home directing.

THANKS
 HIS
 SUPPORTERS

I wish to take this means of expressing to the voters of Magisterial District No. 4 my deepest thanks for their support of me in my race for the office of Magistrate. And, while I naturally am most grateful to my friends and relatives who worked in my behalf, I hold no ill feeling toward my opponent or those who supported him.

Now I face the problems of the office to which I was elected with the concern that I may be of service to my district and Floyd county. The election is over, there is work to be done, and my desire is to do the job right.

Thank you all.

HUTSINPILLER DRUG

If your husband had to do this today...

... guess what he'd do tomorrow!

Men just don't know about some things—

For instance, hanging up the wash. Your husband may think it's easy. But let him try it a few times, and he'll soon start thinking about buying an electric clothes dryer.

You may need to explain to him how an electric clothes dryer is the answer to your wash-day burden. Tell him it eliminates backaches from carrying baskets of heavy wet clothes and bending and stretching to hang each piece one at a time.

Explain to him that you can toss a washer load of clothes into an electric clothes dryer, and they'll come out fluffy dry and fresh. Many of the pieces will be so wrinkle-free they'll require no ironing.

When your husband considers all these advantages, we'll bet that you'll be the proud owner of an electric clothes dryer soon... and your whole family will be Living Better Electrically.

Department of Health
Seeks Experienced Vet
To Serve as Consultant

An experienced veterinarian is needed by the Kentucky State Department of Health to act as consultant to county health departments and to assist in the enforcement of laws and regulations pertaining to veterinary public health, the Department has announced.

Interested persons who hold the degree of Doctor of Veterinary Medicine plus either three years' practice in the field or a master's degree in public health and one year's practice are invited to apply. Application blanks may be obtained from the Merit System Office, Kentucky State Department of Health, 600 South Third Street, Louisville, or from any County Health Department. Applications may be submitted on or before December 10th.

An oral interview examination and rating of training and experience will be held at 10:00 a.m., Saturday, December 14, at the State Health Department. Veterans preference will be allowed if proof is filed with application.

The veterinarian will assist the director in conducting surveys to determine existence and extent of animal diseases transmissible to man, assist in the enforcement of all laws and regulations which are the responsibility of the veterinary health division, act as a consultant to county health departments, and do other related work as required. The appointment salary is \$508 monthly; this salary will be raised as soon as additional state funds are available. The maximum salary for this position is \$8,940 per annum.

Robert Hoffman, M.D., South Ft. Mitchell, K.S.M.A. Diabetes Committee chairman, to request the free test.

"It is a good idea to be tested for diabetes every year," Dr. Hoffman said, "because often early detection can greatly simplify the medical problem that diabetes creates. In many cases simple control of the weight or diet may permit the victim to live a long, normal life.

"The average person has little to fear even if he has diabetes, so long as he is aware that he has it," Dr. Hoffman continued. "The unfortunate victims are those who may have the disease for a long time without knowing it. Obviously the earlier it is detected, the better."

An estimated 1,000,000 persons in the United States and 15,000 in Kentucky have undiscovered diabetes. It is to find these people so they may avail themselves of control measures, that the Kentucky State Medical Association has sponsored the detection drive each year since 1951.

I predict that the guy who invents such a contraption will die famous—and early.

Maintaining he had no desire to enter into a move for a recount because so many people confuse a recount action with a contest, Martin said such an action would be wasted time and effort, anyhow, since Kentucky law provides that the State Senate, not a court, would have jurisdiction in such a case.

MINE MYSTERY IN PIKE NEVER FULLY SOLVED

By GERALD GRIFFIN (In The Courier-Journal)

Nobody paid much attention that October day in 1926 when two large wooden boxes marked "Mine Supplies" were delivered to a coal mine in the Pond Creek section of Pike County. No one had reason to think the miners went about their work. The superintendent, William H. Turner, and a foreman named Brown stacked the boxes by a head-house wall. They were about the same size as casings used in shipping coffins.

Now Turner often worked at night and retired to his room at home without disturbing his family. When he failed to appear downstairs one morning, a few days after the boxes were delivered, his wife went to his room. He was not there. That was the beginning of a grisly mystery, as yet unsolved.

Here are the principals in this real-life crime story that shook the Big Sandy coal country 32 years ago.

The mine superintendent, Turner, the foreman, Brown.

The superintendent's sister, Mrs. Hattie May Parley, employed in a Detroit hospital.

An Austrian blacksmith, Joe Jack, Sr., a father of Mrs. Turner.

The blacksmith's son, Joe Jack, Jr., a mine electrician.

The story began to develop when Mrs. Turner, worried about the absence of her husband, attempted to telephone the mine office. There was no answer. She sent her brother, young Joe, to the mine to see if anything had happened.

Something had happened there, Joe reported. There had been a mine explosion. Two mangled bodies were in the debris. They were identified as Turner and Brown from the clothing on them. Brown's silver watch was beneath one of the corpses. Young Joe advised his sister and Brown's kin not to look at the bodies; they were too badly disfigured. And so they were buried in a cemetery at nearby Matewan, W. Va.

The story might have ended there but for the life insurance.

Turner's life was insured for a large sum for a man in his position in that day. Insurance people became suspicious. Others began to whisper. Rumors began to fly. Somebody thought he had seen Turner and Brown catching a freight train after the mine explosion.

R. C. Dick Johnson, veteran insurance agent who still lives near Pikeville, recalls selling the policy to Turner. It was a \$30,000 policy with a double-indemnity clause in case of accidental death. Johnson said the policy was made out to Turner's sister, Mrs. Parley, who

Chandler Names Group To Confer On Youth Fitness

Frankfort, Nov. 11 (Sp.) — Gov. A. B. Chandler has appointed a 15-member committee to plan a Governor's Conference on Youth Fitness of Kentucky youth.

Reason for the conference, Chandler said, is evidence that reveals "deficiencies in the fitness of Kentucky youth."

"The responsibility for action rests upon the agencies of the State and local governments, and the bulwarks of our free society, the family, the school and the church, as well as other dedicated groups and organizations."

"The improvement of activities in this area should have central levels through all available channels of communications."

Named to the committee are: Dr. Robert R. Martin, State superintendent of public instruction, chairman; Don Bale, head of the bureau of instruction in the State Department of Education; J. Marvin Dodson, representing the Kentucky Education Association; Dr. Helen B. Frause, State Department of Health; Richard Lee Gentry, Department of Education; O. H. Gundler, Berea College; Dr. Ernest Joki, University of Kentucky; Earle D. Jones, Maysville; James B. Moore, Richmond; State High School Athletic Commissioner Ted Sanford, Lexington; Dr. Don Seaton, University of Kentucky track coach; Dr. Mary N. Smith, Beattyville, Kentucky Congress of Parents and Teachers; Ray Binford, Versailles; Dr. Ralph Angelucci, Lexington, and University of Kentucky Athletic Director Bernie A. Shively.

DAVID CLUB MEETS NOV. 8

The November 8 meeting of the David Woman's Club was held at the home of Mrs. James Camelia, Prestonsburg. Mrs. Ora Howard presided over the business meeting at which members decided to sell holiday calendars as a fund-raising project. Mrs. Court Dabhan, Mrs. Oliver Marshall and Mrs. Thelma Barley attended the Woman's Club district convention at Whitesburg, and reported on their trip to the club.

The Christmas workshop is set for December 2 and all members are urged to come with toys and clothing for underprivileged children.

The program chairman, Mrs. Francis Harmon, introduced Mrs. John Higgins, home demonstration agent for Floyd county, who gave a talk on the fine art of cooking.

Hostesses Mrs. James Camelia, Mrs. Lon Hill and Miss Fannie Mae Howell served a delectable course to the following members and guests: Mesdames C. T. Dehlin, Raymond Bradbury, Carl McDonald, Lilla May Price, Francis Harmon, Ora Howard, Royce Mayo, Peter J. Capelli, Gene Mathis, John Nyaver, Gene Welch, Charles Davis, Ray Spears, Oliver Marshall, Miss Ruth Burchett and guests, Mrs. Oak Mullins and Mrs. John Higgins.

BLOOD-STAINED KNIFE
EARLY TRAGEDY RELIC

By Charles F. Hinds,
Secretary-Treasurer,
Kentucky Historical Society

A blood-stained case knife in the
museum of the Old State House
recalls a murder so premeditated
and so cold-blooded that it is often
referred to as "the Kentucky trag-
edy."

The time chosen for the bloody
deed was after midnight on the
morning of November 7. The place
was the home of Colonel Sharp on
Madison Street, just west of the
Old Capitol. The murder weapon
was a "butcher" knife. The motive
was revenge.

The campaign for state offices in
1823 had been a particularly bitter
one. Attention was centered on the
race between Colonel Sharp and
John J. Crittenden, an "Old Court"
partisan. Colonel Sharp won the
election by a narrow margin, but
during the campaign, Sharp's polit-
ical opponents publicly accused

An entirely new Cadillac classic in styling, luxury and performance!

Seldom in Cadillac history has there been an announcement
as significant as the message you are now reading.
For this is the announcement that introduces the finest
motor car ever to bear the celebrated Cadillac name.
Certainly, one glance at its extraordinary grace and sym-
metry will tell you instantly that it is motordom's master-
piece in styling.
Its new seven and grille, its remarkable new rear fender
design, its dazzling new stature and four-headlamp system, and
its tasteful use of chrome and color... all mark it as a singu-
larly beautiful and majestic creation.
Surely, one look at its new Fleetwood coachcrafting will
convince you that this is motordom's masterpiece in luxury.
There are exciting new fabrics and leathers... wondrous
new beauty of appointments... and a whole host of new
passenger conveniences.
And, unquestionably, a single journey behind the wheel
will reveal why this is motordom's masterpiece in performance.
There is a spectacular new high performance engine... an
even smoother, more responsive transmission... and, as an
option at extra cost, the marvel of Cadillac air suspension.

IN APPRECIATION

I wish to take this opportunity to thank the many voters who supported me in my race for County Court Clerk.

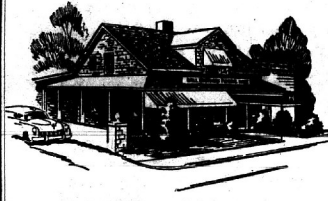

I sincerely appreciate the kindness and good will shown me throughout Floyd County during my campaign. By the voting trend, I believe and trust, I have gained many new friends.

I would also like to congratulate the Democratic Party on their "One for all — All for one" victories.

Sincerely,
JOYCE SHORT ALLEN.

Pikeville Librarian Named in 'Who's Who'

Pikeville, Ky., Nov. 11 (Sp.)—Wesley Pinkerton, librarian at Pikeville College, will be among the first members of his profession to be listed in a national reference work, to be issued this year.

The Pikeville faculty member is scheduled to be one of the first college librarians ever included in "Who's Who in American Education" when the 1958 edition of the book appears, Dr. A. A. Page, college president, announced today. The reference work, published annually, identifies a large number of this country's educators and teachers.

Pinkerton holds the A. M. degree from the University of Kentucky and the A. B. from Morehead State College. He received the degree of Bachelor of Science in Library Administration from the University of North Carolina in 1956.

Utilities' Coal Use High
Cleveland — Nine of the nation's leading electric utilities mined 11,897,283 tons of coal for their own use in 1956—a little more than 2 per cent of the national coal production of half a billion tons.

NOTICE

SETSER'S TWENTY POINTS HELPS PIKEVILLE FROSH

Pikeville, Ky., Nov. 11 (Sp.)—Paul Setser of Auxier, starting guard on the Pikeville College freshman basketball team, bucketed 20 points in his first college outing Saturday night, but gave up scoring honors to a teammate.

Basketball action opened at Pikeville last week as the basketball men knocked off their first opponent, and the Pikeville Bears variety prepared for its opener Friday night (Nov. 15) at home, and Saturday night's game at Wheelwright.

The Bears will entertain the Westinghouse Apprentice School quintet in a two-game stand, opening at 8:15 p.m. Friday at Pikeville and playing a second game at 8:15 the following evening in Wheelwright. Both teams of the Pikeville Bears will be the third double meeting between Pikeville and Westinghouse, each divided between the Pikeville floor and Wheelwright gym.

Beginning with a 90-88 squeaker at Wheelwright Nov. 20, 1953, the Bears have topped their previous opponents in six of the four games of the series. They took an easier 72-61 decision on their own court the next night.

Allen Student Wins Place on Dean's List

William P. Malone, of Allen, has been placed on the dean's list at Centre College, at Danville, for making a high scholastic standing at the school.

The dean's list is composed of those students who are in general good standing and have a grade of "B" or better in each academic course taken the previous semester, or who earned an average of 2.00 or better with no grade of less than "C" in academic courses taken the previous semester.

Malone is the son of Mr. and Mrs. W. A. Malone, Allen. He is a 1956 graduate of Kentucky Military Institute where he had the highest scholastic average in his class and received various military honors. At Centre he is a member of Phi Kappa Tau social fraternity.

Docks Offering More Services

Frankfort, Nov. 11 (Sp.) — A recent survey of Kentucky boat docks conducted by the State Department of Public Relations indicates the docks are providing more and more services for customers.

All the docks offer gasoline and bait and tackle. Many are providing motor repair service for boat owners.

Launching facilities for private-owned craft are becoming more numerous and all of the docks rent fishing boats. The boat rental charge varies from \$2 to \$3 a day. A motor is available for approximately \$5 a day.

In addition to regular fishing boats, many docks now offer such items as water skis, surfboards, sail boats and other equipment.

One dock on Lake Cumberland announced the fall and winter operation of a new enclosed heated and bait fishing parlor for use when the weather is severe. The dock operator said, "It will be elaborate, lighted, insulated and extra comfortable with food, drink and all kinds of bait available without leaving the parlor."

"Fishing wells installed in the floor of the parlor will be aerated and baited. Successful fishermen may have their catch cooked at the dock restaurant."

Information contained in the survey will be distributed by the Department of Public Relations to national travel editors.

P'BURG, PAINTSVILLE PLAN GAME SATURDAY

The final game of the 1957 high school football season in Eastern Kentucky will be staged here Saturday night — barring unforeseen complications—when the local Black Cats enter the Paintsville Tigers.

Twice previously the game has been postponed as both schools and squads have been riddled by the current flu epidemic.

John Griggs' Prestonsburg eleven has copped five games in succession since losing to Jenkins and have an overall mark of 7-2 while Paintsville is 5-3. A win for either would make them an "A" team in the Eastern Kentucky Mountain Conference which is using the Dickinson System of rating in placing the teams at the end of the season.

Conference champion Jenkins finished its season with a perfect mark. Friday night, blasting Northeastern Kentucky Mountain Conference victor Catlettsburg, 26-7, in Paintsville's seventh annual Big Sandy Bowl game.

Playing before the largest crowd in the history of the event, the Wildcats were no match for the speedier and heavier Cavaliers, one of the East Kentucky's all-time great prep teams.

The Letcher countians piled up a 26-0 lead and held Catlettsburg without a first down in the opening half and limited to four in the entire fray. They outstruck the Gale Citizens 373 to 172 yards.

Sub-tackle **Kelnech England** provided the biggest thrills for the capacity crowd with his extra-point, booting. The 200-pound junior kicked a 40-yard point after touchdown after two previous tries of 9 and 25 yards were nullified by penalties. His first attempt, which traveled some 48 yards, hit a transom and displayed the game some 15 minutes.

In other final games, Ashland's Tomata belted Betty, 24-13, in the Ashland Shrine game, and Louisa beat Wheelwright 26-7.

Kentucky's third-ranked team the Corbin Redskins—overran Pikeville's Panthers, 63-7, as Harold Querry, the state's leading scorer with 184 points, scored 26 points in the game.

Quarterback Tony Latham pitched four touchdowns passes 10 register 24 for the season.

SPORTS CHATTER BY GORDON MOORE

THE RECORD SPEAKS
Championship teams of the Eastern Kentucky Mountain Conference are proving to other conferences around Kentucky that their play is superior and their triumph in the Paintsville's annual bowl game shows just how true.

In 1956 Pikeville met champion Harbin of the Cumberland Valley Conference, a team that sported a 10-0 record, and the Panthers' bounced the elite Dragons from the state's Open with a 28-0 whitewashing.

Last year Paintsville, second in the E.K.M.C., tagged, with undefeated Madison-Model, champion of the 16-team Central Kentucky Conference and Paintsville's previously sent the Blue-grassers home with a 20-0 setback.

From last Friday Jenkins, present champ of the mountain loop, blasted N.E.C.C. champion Catlettsburg, 26-7, in a game even more impressive than the score indicates.

HARRISON WINS AWARD
Gaty Harrison, Jenkins' speedy halfback, was voted the outstanding player in the Jenkins-Catlettsburg fray last Friday. The diminutive speedster scored two touchdowns, completed four passes and did all the kicking for his team in addition to gaining 183 yards on the ground. He was top scorer in the area for the season with 118 points.

CLARK SHINES
Veteran Betty Layne forward Ray Clarke is maintaining last season's scoring pace in his team's first two basketball triumphs. The six-foot three-inch senior tossed in 28 and 29 points in the Betty Layne's 78-59 conquest of Wayland and a 68-55 win over Mullins.

MEET FRIDAY
Garrett and Wayland, arch rivals, met Friday night in the Wayland gym. John Campbell's Garrett Blackdevils whipped Hindman, 71-63, last Saturday night for their second successive triumph.

Reminder Given State Hunters
Frankfort, Nov. 11 (Sp.)—Kentucky's waterfowl season opened Nov. 7 and will close Jan. 15. The State Department of Fish and Wildlife Resources had these reminders for hunters:

Shooting ends at sunset each day and the duck limit is four a day with a possession limit of eight after two or more hunting days.

The bag and possession of geese is five of which no more than two can be Canada or their subspecies. Wood ducks may not be hunted.

All hunters must possess Federal duck stamps which may be obtained from any post office for \$2.

Reports received from major waterfowl hunting areas in the State indicate a large population of ducks and geese has arrived with greater numbers expected as the weather becomes colder.

The Department announced the opening of the Ballard Waterfowl Refuge Nov. 20.

Bow-and-Arrow Hunting Season on Deer Starts

Frankfort, Nov. 11 (Sp.)—The second phase of the Kentucky bow-and-arrow deer hunting season which opened Nov. 8 will continue to Nov. 22 with hunting allowed in 10 counties, according to the State Department of Fish and Wildlife Resources.

Hunting will be allowed in McCreary and Pulaski counties with the exception of the Beaver Creek Management area, in Nelson and Bullitt counties except in Bernheim Forest and in Meade and Hardin counties except on the Fort Knox Military Reservations.

Hunting is county-wide in Trigg, Lyon, Caldwell and Christian counties.

The Department said during the recent two-week deer season just closed a total of 20 deer were killed on the hunting preserve in West Kentucky. Participating in the event were 465 hunters.

COMPOST
The gardener who needs organic matter to improve his soil, may want to consider making a compost pile. The leaves that are covering the lawn, and which most people are burning, would make ideal compost.

To make a compost pile, start by making a fenced in area about 10 feet across, put in a layer of leaves 6-8 inches deep then apply a layer of fertilizer made by mixing ammonia nitrate 3 parts, super-phosphate 1 part and ground limestone 3 parts. Then add another layer of leaves, followed by another layer of fertilizer mixture. Continue this all you have a sufficient supply. The compost pile should be kept moist and stirred occasionally. Small amounts of fertile soil or animal manure added to the pile will hasten decomposition.

Now is the time to fertilize your lawn. Use 15 pounds of a high grade fertilizer. Such a 5-10-10, 5-10-15, or 6-12-12, per 1000 sq. ft. of lawn. This fertilizer will keep bluegrass green this winter and start it off early in spring. In March the lawn should receive another fertilizer application.

Our Community's Teachers
It is the teachers—not the textbooks, methods, or classrooms—which largely determine the quality of the educational program. It is the teacher who awakens joy in knowledge, who becomes an ideal for his pupils, who inspires their effort and encourages their achievement. The employment and retention of competent teachers, therefore, is an important concern of every citizen.

One of the critical problems in education today is a serious shortage of qualified teachers. Not only in science and mathematics but in other fields as well we simply do not have enough well-qualified teachers for the positions available. To solve the problem some communities are employing teachers whose preparation is mediocre. Others are increasing class size, often to the point where good teaching becomes impossible.

Public concern with this problem can be expressed in many ways. In the first place, young men and women who by ability and personality should develop into good teachers can be encouraged to enter teaching.

Each community can help the situation, also by retaining the good teachers it already has. Most teachers leave the profession reluctantly and would not do so if the compensation and working conditions in the school were even reasonably close to those offered in other occupations. The community that stands by while competing communities siphon off its best teachers may find it impossible to replace them.

Public understanding and appreciation are important to the retention of good teachers. Many excellent teachers have sought other employment because of an epidemic of irresponsible and unwarranted criticism. As President Eisenhower recently said, "Teachers need our active support and encouragement. They are doing the most necessary and exacting jobs in the land. They can do their best only as we show them our appreciation and offer them our help."

FARM NOTES

By ROBERT M. JONES
STEARIES AGENTS

Make plans for mulching strawed pastures now. Plans should be mulched in December after we have a hard freeze and makes the plant dormant.

Crabbing materials should be in the patch now. If you are going to use straw, soak it thoroughly with water, this will swell seeds and prevent sprouting. It requires 1 1/2 to 2 tons of straw to properly mulch an acre. Sawdust or wood shavings can also be used. Disinfectant sawdust is that it will blow off the patch, and will stick to the berries when they are picked with Mulch with 1/4 inch layer of sawdust over the complete patch.

Mulching protects crowns from winter kill and prevents heaving of plants. Other benefits received from mulching are holding back early blooming which is usually killed by late frost, conserved moisture and slow down weed growth. Berries are also cleaner and picking more pleasant on mulched berries.

PASTURE
Don't overgraze pasture now. The plants need enough leaves during the fall and winter to protect the crowns and to manufacture food for the roots. Even though pulling livestock off pasture early will mean feeding hay, you will be money ahead. It costs money to establish a good pasture.

If you have a straight fescue pasture, an application of ammonia nitrate now would increase growth, so that grazing could be continued up into the winter. 100 pounds of ammonia nitrate would be a suitable application for most fescue fields.

COMPOST
The gardener who needs organic matter to improve his soil, may want to consider making a compost pile. The leaves that are covering the lawn, and which most people are burning, would make ideal compost.

Now is the time to fertilize your lawn. Use 15 pounds of a high grade fertilizer. Such a 5-10-10, 5-10-15, or 6-12-12, per 1000 sq. ft. of lawn. This fertilizer will keep bluegrass green this winter and start it off early in spring. In March the lawn should receive another fertilizer application.

He Urges Prayers

Thanksgiving Day

WASHINGTON — President Eisenhower in his annual Thanksgiving Day proclamation today called on the American public to join with him November 28 in prayers of thanks "for our manifold blessings."

"Let the happiness which stems from family reunions on Thanksgiving Day be tempered with compassion and inspired by an active concern for those less fortunate in our own country and in other lands," the President said in his proclamation.

It's here and you're invited! Come take your First look at a smart performer

TODAY we're proudly displaying the 1958 GMC Money-Maker. And we think you'll find it the handsomest hustler you ever handled.

An eager 200 horsepower swings a top load like a cargo of feathers. Turning ease is like power steering.

A fast-ratio cruising axle gives you an overdrive's road pace and gas savings. Foam-rubber seats cradle you in a roomy cab. Boulevard styling carries out the feeling of luxury.

But this beauty is built like a pocket battleship. You'll see that

in its massive spring hangers. In rear springs with the highest deflection rate of all light-duties. You can sit solidly on an unhooked end of its tail gate—and you can't crinkle the roof or door panels with a smack of your hand.

You'll get the same quality instrument panel as on the big, \$10,000 GMC heavy-duties. A radiator mounted on a bulkhead integral with the frame. A steering column braced like a mast.

These and more tell the inside story of GMC stamina. Come in and see for yourself. Why not do it today?
