This Town... That World

Looking for a subject to argue? Try this one on your vocal cords. In the success of the State Fair, the Floyd County Fair or any other fair dependent upon "street carnivals" and games of chance?

Get worried? Take them fishing with you.

GLAD IT'S OBSOLETE
Old time "Mammals" turns up again to write a note expounding on the origin of a word, to-wit: "Idiot." Says he, interestingly enough:

In the early Greek democratic communities every man had his public duties to perform, sometimes as politician, sometimes as soldier. To those who evaded these duties, the word, "idiot," was applied, meaning, literally, "a private person, one not holding public office." The similar meaning for the word was once used in English but is now obsolete.

HELP WANTED

Remember the "flying cat" story published, we believe, in this newspaper and attested to by my number of Floyd county officers, a soldier, Mollard Parsons, (we've lost his address) wants some confirmation of this story. He writes me: "I was telling my buddies about the flying cat that was captured on Beaver Creek several years ago, and they won't believe me. I'd appreciate it very much if you could send me any kind of information concerning the cat, so I can prove that we Kentucky cats aren't as big liars as they think."

GOOD HABIT

Tom James and Neil Allen have brought me so many pears and tomatoes, it's getting to be a habit with them.

HOUSING JOB END IS NEAR

Occupancy of 40 Units Seen by End of Month; Average Rental Is \$39

First of the 40 low-rent public housing units now being completed here will be occupied at the end of this month, it was said Tuesday after water and gas connections had been made at the housing project. Families accepted will be moving in, in groups, since all 40 units will not be ready at the same time. It was said, however, that all the facilities are expected to be occupied by October 10.

BOARD DEFERS ACTION ON PRAYER, BIBLE USE

BOARD ORDERS ALL TEACHERS SENT OPINION
Breckinridge's Opinion Based On Court Decision; Superintendent Comments

The Floyd County Board of Education at its meeting last week declined to take any action to prohibit prayer and the reading of the Bible in the schoolrooms of the county.

The decision to withhold action came after a long and serious discussion of the Supreme Court decisions prohibiting the state-sponsored Bible reading and prayer and the more recent opinion given Superintendent of Public Instruction Wendell Butler by Attorney General John B. Breckinridge.

The board's opinion was based on the Supreme Court decisions. It answered a series of questions: 1. Do these decisions nullify KER 15810 relative to Bible reading in the common schools of Kentucky? 2. Do these decisions prohibit a teacher reading the Bible in the presence of children in the common schools of Kentucky? 3. Do these decisions prohibit a teacher reading the Bible in the presence of children in the common schools of Kentucky?

FORESTRY SCHOOL ACTIVATED AT UK'S ROBINSON FOREST

By NEVILLE SHACKLEFORD
Noble Ky.—In the annals of institutional education, a school which opened here Tuesday in the University of Kentucky's Robinson Forest may be unique. For as far as can be determined, it is the only school of its kind in the United States.
This is a forestry management and wood utilization school and while there are two others—one in Florida, one in New York—each teaches only one of the subjects, neither goes as far in instruction in utilization as the one just established here and both charge tuition. Originated under the Manpower Training Act, the school here is free.
A joint venture of the University and the Kentucky State Board of Education, the State Department of Education, and the Department of Economic Security, this school will turn out forest technicians who, after they successfully complete a nine-month course of instruction, will be qualified for positions in state and national forests. Graduates will also be prepared for jobs in wood-processing and manufacturing operations run by private firms.
The idea of the school which was conceived by the Department of Utilization Center at Quick sand, was originally advanced by forestry consultant Gilbert E. Brown and others. It was approved by the school was established. The University is also furnishing facilities and equipment.

The school opened with its limit of 40 young men coming from 18 Eastern and Central Kentucky counties. Under faculty members John E. Pord, superintendent of the school, Charles Little, Joe G. Burns, Milton Noble, and two others yet to be hired, these students will receive instruction in such subjects as basic forestry, timber estimating, logging, sawing, timber grading, fire prevention, wood preservation, kiln drying, and training in the use of a road building, sawmill, and wood-processing machinery.
Instruction will be for eight hours daily, Monday through Friday, each week during the 9-month term. The school's location will be in classrooms, part in the field which includes the 15,000-acre timberland tract making up the Robinson Forest.
Supt. Pord said this Forest and Wood Technician School could not guarantee jobs for graduates, but because of the area's emphasis now being put on the conservation and utilization of not only the state's timber resources, but also of the whole of the nation, graduates will be in demand.

One-Half Arson Cases Are Revealed, Noted
Lexington, Ky. — 28 — Revealed accounts for 50 percent of all arson cases in Kentucky, the State Firemen's Association was told Wednesday.
James L. Smith, assistant fire marshal of the Lexington Fire Department, said at least 300 of the more than 600 arson cases reported in Kentucky each year are a result of someone seeking revenge.
He also noted that about 25 percent are started by persons attempting fraud and 20 percent by juvenile vandalism. Pyromania and mental illness are also causes of fires to cover another crime.
Accounts for about 5 percent of the cases he told the 350 delegates attending the association's 28th annual convention.
Officers elected as the group concluded its convention were Robert T. Cattlell, Louisville, president; Walter C. Williams, Stone, Ashland, second vice-president; and Bob Hebbeler, Port Wright, secretary.

Whose "Lack of Interest"?

Plain lack of interest is the No. 1 cause of school truancy in an initial study of this perplexing problem in Kentucky schools.

Youthful marriages ranked next in causing students to quit school. Lack of scholastic success was third and parental indifference held fourth place.

Whose lack of interest? Is a question which deserves more than passing consideration. Johnny himself naturally comes to mind when one thinks of a boy quitting school for this reason.

Parental indifference belongs farther up the list, perhaps crowding the top of that sorry array of causes which result in truancy.

It should be remembered that this study here under discussion shows that only 2.1 per cent of the dropouts earned that name because of the cost of going to school.

But there are fathers who will sport a good car, own a television set and enjoy most of the superficial entertainments of the age—and yet will give up on their children's education as an impossibility because, they say, "We can't afford it."

Underscore that item, "Parental Indifference." It speaks of a dull mind or an unearning eye; of a parent who has forgotten the meaning of loving sacrifice for the young lives, which are his responsibility; of an adult who needs education, and that education to include a look into parental responsibilities, a long look into the deeper needs of his children and the fact that he and his children jointly share an obligation to their country.

Blame the schools, the teachers, the curriculum, the weather, the administration in power—blame whomever you like. But the real blame lies with only two persons, perhaps three—will continuing school parents. And we, being one, strongly suspect the latter.

Our Yesterdays

(Items taken from files of The Floyd County Times of 20, 25 and 30 years ago.)

Thirty Years Ago

Seriously injured in a head-on crash of autos, near Allen Wednesday evening, were Doug Hays, state central Democratic committeeman; W. C. Rimmer and J. A. Hager, Prestonsburg civil engineers. Leaving his home at 1:30 last Saturday morning, John Hays was proceeding on his way to work when he was struck by a car driven by Oscar A. Sears, president in the gas field development in this section, is reported recovering in a Huntington hospital from a serious illness.

Twenty Years Ago

Mrs. Ella J. Allen, of Pyramid, has received word that her son, T. Sgt. Jarvis Allen, engineer on a Flying Fortress, has been missing since August 17 when 58 Fortress were lost in a combat mission over the Pacific. The "home front" for several months was broken last week at Constable B. Hall and Deputy Constable Aaron Allen were wounded, the latter seriously, and Mabry Burgill was reported hit by a bullet in the chest.

Ten Years Ago

Three Floyd county soldiers, among the last to be released by Communist forces at Freedom Village, Prestonsburg, were: Master Sgt. Forrest Montgomery, of Prestonsburg, Col. Raymond Cook, of Buckinham, and Mickey Whittaker, West Prestonsburg. Construction of the Girl Scout camp on Goble Branch of Dewey lake was begun by W. D. Patton, Prestonsburg contractor.

What is a Girl?

(Publish a newspaper as long as we have, and you may repeat yourself on certain features which go round. The Times has reprinted the article entitled, "What is a Boy?" If the following has hereinafter been published, please, forgive us and set it down to a faulty memory.—Editor.)

Little girls are the sweet things that happen to people. They are born with a little bit of angelic about them and though it wears thin sometimes, there always is enough left to lasso your heart when they are sitting in the mud, or crying temperamental tears, or making the mysterious mud of a woman's hair.

A little girl can be sweeter and badder; often than anyone else in the world. She can litter around and stomp, and make funny faces and smooch your nose, yet just when you open your mouth, she stands there demure with that special look in her eyes. A girl is innocence playing in the mud. Beauty standing on its head, and Motherhood dragging a doll-baby the foot.

God borrows from many creatures to make a little girl. He uses the song of a bird, the squeal of a pig, the snarl of a bear, the snout of a mule, the spryness of a grasshopper, the curiosity of a cat, the adroitness of a fox, the softness of a kitten and so on.

A little girl likes new shoes, party dresses, small animals, dolls, make-believe, ice cream, make-up, going visiting, tea parties, and dolls, hand-me-downs, crutch chairs, vegetables, cones and staying in the front yard.

She is loquacious when you are talking, prostrate when she has provoked you, bawling at her questions when you want to show her off, and most flirtatious when she absolutely must not get the best of you again.

She can miss up your home, your hair and your dignity—spend your money, your time and your nerves—then just open your purse and is ready to crack her sunbaked cheeks through and you've lost again.

NAIVE TRAILS

BIRDS USE ANTS AS PARASITE REPELLANTS

Many species of birds, when infested with mites or other parasite ticks up ants in their bills and rub them on their bodies. This strong acid acts as repellent against mites and parasites; if the remedy fails, birds will fly to ants and let them crawl all over their bodies to crawl off the lice and other mites.

LETTERS TO THE EDITOR

TO COMBAT DELINQUENCY EDITOR, THE TIMES: David Lawrence, syndicated newspaper writer, states in his column (Sept. 6) that crimes by youth are growing fast. He cites statistics to prove his statement, but he does not give any solution to combat the criminal tendency. He quotes Washington, D. C. as the 1st offender in several cases, and Chicago being the 2d in many instances.

STRANGE WAYS OF ANTS ANTS are the most highly intelligent and perhaps the most affectionate and emotional of all the insects.

SOME SPECIES OF ANTS HAVE "PASSWORDS" ants, closely related to the carpenter ants, build their nests or colonies in the pith of ash trees; the queen ant first finds a secret hole about the size of a lead pencil point, into the pith of the ash limb, then she lays eggs inside and starts a new colony.

THE BIBLE OR MARK?

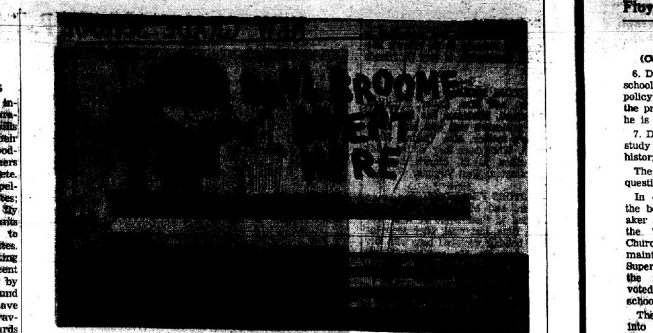

My personal view and to the best of my mind leads me to believe that our judges on the Supreme Court bench are accustomed to reading the Holy Bible with Mark's doctrine. I have reasons to believe that this same aesthetic court will stop the Children from playing the Bible in hotels and homes, and in time, since the government is taking over the schools, the children will read only what is laid down by this court.

TIDBITS of KENTUCKY FOLKLORE

By GORDON WILSON, Ph. D. Western Kentucky Teachers' College Bowling Green, Ky.

There was a time when plowing a straight row was a sort of measure of a man. Lowell has his 'Big Boy' say of "Governor B." He draws his furrows straight as he can. All farmer boys of that time, considerably more than a hundred years ago, knew exactly what that meant.

When my brother and I were planting a small part of ground down by the creek bend, public opinion and laid off our rows by the Big Road, and we kept muttering about our naughty little creek bend, we would have had dozens of them.

WHAT'S GOING ON IN FISH & WILDLIFE

By ANTON CLARK, Commissioner Department of Fish and Wildlife Resources

It may seem a bit inconspicuous at this time of the year to be writing about fishing, when the hunting season has not yet begun.

Already reports of the greatly increased activity of white crabs and black bass have been reported. Several other species dig dare move about too much in the September, but what you don't want to begin their antics.

6. Do these decisions prohibit a school principal from adopting a policy requiring Bible reading in the presence of the school of which he is principal.

7. Do these decisions prohibit the study of the Bible by classes in history and literature?

The answer was "No" to every question but the last.

In other business of the session the board voted to lease the Whitaker school building and grounds to the Whitaker Free Will Baptist Church for \$1 a year, the church to maintain insurance on the property.

Superintendent Clarke himself paid the first year's rental. It also voted to abandon and sell the Hunter school building and grounds.

The board also decided to enter into a contract with Charles A. Hinesh & Company authorizing the bonding firm to explore the possibility of refinancing the school system's bonded indebtedness.

Moskowitz Palton was employed as clerk for the dental mobile unit now at work with schools of the county. The mobile unit is a free service jointly sponsored by the State Department of Health and the Floyd County Health Department and its work usually lasts for three months a year.

The deal previously executed to the Floyd County Library Board covering for a period of one year a part of the board's property on Arnold Avenue as a site for a library building was renewed with certain restrictions.

Charles Palton and Roland Jones were reemployed as Bookmobile driver-librarians for the 1963-64 school year.

Acceptance of the school calendar was voted. Permission was granted for the temporary use of a school bus to transport members of the Rural Health Council on a short tour of Jenny Wiley State Park, the Prestonsburg Community College and the Prestonsburg High School.

Treatment plan when the Council convenes here.

The board authorized its chairman, John M. Stumbo, and Mr. Clark as board secretary to sign the working budget when it is completed, the latter part of this month.

Carolina Firm Bids Low

On Pound Construction; Engineer Estimate Higher

Blythe Bros. Company, Charlotte, N. C., submitted the apparent low bid of \$2,380,000 last week to construct a rock-fill dam, spillway, and other facilities on the north fork of the Pound River in Wise county, Virginia.

This will provide flood-control facilities that will help alleviate high-water conditions on the Big Sandy River in Eastern Kentucky.

The Pound feeds the Big Sandy. The Army Corps of Engineers had estimated cost at \$2,500,000. The project calls for a dam 150 feet high a mile upstream from Pound, Va. It will have a base width of 700 feet and crest length of 600 feet.

Record Park Attendance Expected in Kentucky; Fox Releases Figures

Attendance at Kentucky's 33 state parks and shrines this year is expected to top the record of more than 10 million, Fox said.

The 1963 statistics, Fox said, are being released by the state park commission. The total for 1962 was 9,800,000.

He pointed out that attendance through July had totaled 4,907,353 as compared to 4,201,947 at the same time last year.

The 1962 record was nearly two million above the 1961 figure of 6,325,000. The 1960 total was 5,939,250.

Joining the nation's 500 parks, the state's administrator of a hospital at Waukegan.

Miss Barga Is Winner Of World Championship

Miss Olivia Barga, 15, daughter of Floyd county parents, but now living in Ypsilanti, Michigan, has won the world's championship in figure skating. The world finals in baton twirling and strutting ended at Toledo, Ohio, August 21.

Olivia, daughter of Mr. and Mrs. Olive Barga, also won fourth place in the Class B world championship writing and fifth place in the Class B world military strutting.

In both the strutting and twirling the contestant is judged on poise, grace, carriage, appearance, speed of the baton, showmanship and footwork. She won the Class B figure skating championship with a routine of twirling and intricate footwork.

The young champion has 23 trophies and 14 medals. She is the granddaughter of Mrs. Laura Bayes and Mrs. Mary Ousley, both of West Prestonsburg.

Bowles Family Reunion Held at State Park

The first annual Bowles family reunion was held at May Lodge, Johnny Wiley State Park, Sept. 8 and 9 with more than 50 members of the family attending. Five states were represented, one couple coming from Albuquerque, N. M., and their comments on the beauty of the park and the hospitality at the lodge were highly complimentary. Attending the reunion were:

Mr. and Mrs. Kimber C. Bowles, Mr. and Mrs. Tom Oak McGuire, of Prestonsburg; Mr. and Mrs. Isaac Bowles, of Hazard; Luther Bowles and Mrs. Mollie Moore, Richmond, Ky.; Mr. and Mrs. Ed Cook and Mrs. Lucy Bowles Cook, Hamilton, O.; Howard Bowles, Mr. and Mrs. Marty Moore, of Louisville; Joyce Bowles Willoughby and three children, Mr. and Mrs. Don Bowles and children, Chuck, Donna and Conletion, Mr. and Mrs. Walter Hill and children, Joyce and Gregg, all of Lexington; Mr. and Mrs. Ray Bowles and daughter, Rosemary, Mr. and Mrs. Bobby Bowles and children, Tim and Carol, and Richard Bowles, all of Irvine; Mr. and Mrs. Paul Wilson and daughter, Beth, of London, Ky.; Stewart Jones and Dr. Rothenier, St. Petersburg, Fla.; Mr. and Mrs. William Jones, Albuquerque, N. M.; Mr. and Mrs. Tom Baldrige and Kimberley, of Dayton, O.; Mr. and Mrs. Elsworth Collins and daughter, Sharon, of Wheelwright; Mr. and Mrs. Thomas Timmons, of Winchester, Ky.

Miss Davis Appointed School Head Instructor

Miss Nora Davis, of Louisville, daughter of Mr. and Mrs. Dick Davis, Abbott Road, Prestonsburg, became head instructor of the new Jefferson County School for Dental Assistants, which opened July 29 at Louisville Memorial hospital.

The school is under the direction of the Jefferson County Area Vocational school.

Miss Davis is a registered dental hygienist. She completed her two-year training in 1954 at the University of Louisville Dental School. For six years she was with the Kentucky Department of Health, traveling on health education programs in elementary schools. She worked for three years in Lexington dental offices. She is a niece of Dr. Joe T. Hyden, of Martin.

The dental assistants' school at Louisville is the first of its kind in Kentucky and the first in the country to be approved under the Manpower Development Training Act. It is intended to meet a rapidly growing demand for trained dental assistants.

Applicants must be 16 years old, high school graduates or the equivalent. A second class will begin in October.

NO POLIO CASES REPORTED IN STATE IN AUGUST, SAID

No polio in Kentucky, so far this year! That is the happy record through August, according to Dr. Russell E. Truane, commissioner of the State Department of Health.

At least 1,000 have been reported to us, and there are not even any suspect cases," he added.

J. Clifford Todd, state epidemiologist, said, "This is the latest in the season in my 12 years with the department that we haven't had a case. We had seven by this time last year."

The summer months are considered the polio season, but reports usually start coming in around March or April. The latest national report is 173 cases, compared with 389 through August last year.

The last two years had been marked by a tremendous drop in Kentucky cases. Only 29 were reported in 1961 and just 26 in 1962, compared to a 10-year average of 431 per year from 1951-1959, Todd pointed out.

"Paralytic cases still are high, proportionately," Todd said. "There were 19 in 1961 and 26 last year."

This compares with an average of 244 paralytic cases per year in the 431 average cases of the 1951-1959 decade.

No deaths have resulted from polio in the last two years, in comparison with the average of 26 fatalities per year from 1951-1959, Todd said.

The record polio year in Kentucky was 1952, when 1,262 cases were reported, 924 of these paralytic. The death toll that year was 128, also a record.

THEY'VE GOT THE JOBS.. AND WE'VE GOT NUNN!!

Mr. Breathitt and his administration says they have nothing for any Happy supporter. They take the attitude—we beat you in May and we can do it again in November. Mr. Waterfield now admits that he was only interested in himself in the primary. (We suspected that all the time.)

I was for Happy in the primary and I am proud of it; but, being a Republican, I couldn't vote for him then. I now urge every Happy supporter to join a new team determined to bring an end to graft and corruption. They have picked up every worn-out politician that local people have discarded and put them on the State payroll at fantastic salaries. But nothing for the little man who voted for Happy. Support a team that believes in sharing. Support NUNN and LAWRENCE and we will have a spring housecleaning in the middle of January.

Notice of Public Hearing

Notice of Public Hearing on the Redevelopment Plan of the Central Business Urban Renewal Area Project Number Kentucky R-42, Prestonsburg, Kentucky.

The Prestonsburg Municipal Housing Commission will hold a Public Hearing on the proposed Urban Redevelopment Plan for the Central Business Urban Redevelopment Project, at 7:30 p.m. E.S.T., on Monday, September 23, 1963, at the Municipal Building, in the City of Prestonsburg, Kentucky.

The Urban Redevelopment Area designated as appropriate for the Urban Redevelopment Project is generally identified as follows: Beginning on a line between the Baptist Church and Richmond First Estate, where said line intersects First Avenue; thence north with First Avenue 75 feet, more or less, to a private alley line of Richmond First; thence east 294 feet, more or less, to Arnold Avenue; thence south 75 feet, more or less, to the line of Elizabeth Garrison; thence west 294 feet, more or less, with the line of the Baptist Church and Elizabeth Garrison to the point of beginning.

The purpose of such hearing is to consider a proposed urban redevelopment plan for the undertaking of the urban redevelopment project, under the Kentucky Urban Renewal and Development Law Section 29.330, et seq., K.R.S. with Federal financial assistance under Title I of the Housing Act of 1949 (Public Law 771, 81st Congress) as amended. Such project consists of the acquisition of land in the Project Area, the demolition or removal of buildings and improvements, the installation, construction or reconstruction of streets, utilities and other site improvements, and the sale of project land for redevelopment to the City of Prestonsburg, to be used for public parking facilities.

The proposals and plans for relocation of persons and businesses located within the above defined urban redevelopment area will be open for discussion.

A copy of the redevelopment plan with maps, plats, zoning maps and ordinances relating thereto is available for public inspection at the office of the Prestonsburg Municipal Housing Commission, Municipal Building, Prestonsburg, Kentucky.

Any person or organization desiring to be heard will be afforded an opportunity to be heard at this hearing.

GOV. COMBS PROCLAIMS STATE SEAT BELT MONTH

Frankfort, Ky., Sept. 5 (Sp.) — Governor Bert Combs has proclaimed the month of September as Seat Belt Month in Kentucky, according to State Safety Commissioner Glen Lovern.

Lovern said that the action was prompted by the great interest in seat belts from several sources during September. The Kentucky Farm Bureau has been running a campaign to influence rural motorists to use the safety devices, and they will continue their promotion this month. Just beginning a program of this type for its employees is the Brown Williamson Tobacco Company.

The Commissioner said, "State employees were given the opportunity to purchase seat belts at a special offer during July. The response was excellent as hundreds of belts were installed in this brief time."

Curtis McNace, of a Kentucky seat belt firm, said that his company had received orders after the deadline in July and had filled them as far as their stock would allow. For this promotion, McNace said that they were now in process of producing hundreds of each of the five colors available for school teachers at the request of many local school authorities and state officials. Order blanks will be mailed to all state agencies this week.

Commissioner Lovern said, "With most of the auto manufacturers planning to install belts in their 1964 products as standard equipment, there is good indication that seat belts are going to be very popular in the immediate future. We hope that those who are eligible will give this promotion their serious consideration."

The State Safety Department has been actively promoting the use of seat belts for several years. Lovern said. Also supporting the use of seat belts are the U. S. Public Health Service, the Kentucky Medical Association, the Kentucky Federation of Business and Professional Clubs, and many other organizations.

According to the National Safety Council, about 5,000 lives could be

Former Wayland Couple Observe Anniversary

Mr. and Mrs. Tom Jones, Newville, Tenn., formerly of Wayland, celebrated their 50th wedding anniversary recently with a family buffet dinner. The affair was held in the special hall of St. Joseph's Lutheran Church at Blaineville, Pennsylvania. Thirty-eight members of their family attended.

The couple was married on June 17, 1913, in Whitesburg. The observance was postponed until August 2 so their youngest son, Jimmy, who is in the Air Force and was stationed in Germany, had returned so that all eight of their children could attend.

Mr. and Mrs. Jones moved to Blaineville 12 years ago when Mr. Jones retired as a miner. The couple exchanged gifts. Mr. Jones presented Mrs. Jones a gold wrist watch. She presented him a gold wedding band. Their eight children presented them a hand-made wall plaque. Centered in the middle of the plaque was a gold plate in the shape of Kentucky with the names and birth dates of their eight children engraved in it.

Their children are Mrs. Milton Stepler, Blaineville, Pa.; Mrs. Carl McWhorter, Huntington, W. Va.; Mrs. Warren Morgan, Mt. Holly Springs, Pa.; Thomas Jones, Jr., of Mercer, Pa.; Mrs. Richard Morgan, Mt. Holly Springs, Pa.; Mrs. Mrs. Clinton Porter, Blaineville, Pa.; Robert Moore, Columbus, Ohio, Pa.; and Alvin Jimmy Jones, Glasgow, Montana.

Mr. and Mrs. Jones have 19 grandchildren and seven great-grandchildren.

"The Book of Job" Has Most Successful Season

The fifth season of the now-famous outdoor drama, "The Book of Job," was the most successful season in the play's history, according to General Manager Preston Slusher. The production will be presented again next year at Pine Mountain State Park Amphitheatre, Pineville. Negotiations are under way to present "The Book of Job" at the New York World's Fair. The play appeared at the Brussels World's Fair in 1959.

Two School Supervisors Named To Aid Districts Educating the Handicapped

Frankfort, Ky., Sept. 9 (Sp.) — Two new supervisors have been appointed in the Department of Education to work with school districts that offer special classes for educating mentally and physically handicapped pupils.

They are Miss Oleva Gray, Louisville, and Miss Elizabeth Parker, Lexington. The appointments were announced by Miss Stella Edwards, director of the Division of Special Education.

For the past two years, Miss Gray, a psychologist, has worked at the Guidance Center in Kokomo, Indiana. She is a graduate of Miami Arch College, Louisville, and holds a master of science degree in psychology from Fordham University.

Miss Parker, a graduate of Milligan College, Carter county, Tennessee, has the M. A. degree in education from the University of Kentucky. She has worked with Fayette county schools as a teacher of trainable mentally retarded children. She is president of the Bluegrass chapter of the Council of Exceptional Children.

Notice of Public Hearing

Notice of Public Hearing On the Re-development Plan of the Courthouse Square at Westport Area, Precinct Number Kentucky R-14, Prestonsburg, Kentucky.

The Prestonsburg Municipal Home Commission will hold a Public Hearing on the proposed Urban Re-development Plan for the Courthouse Square Urban Re-development Project, at 7:30 p.m. on Tuesday, September 23, 1963, at the Municipal Building, in the City of Prestonsburg, Kentucky.

The Urban Re-development Area designated as appropriate for the Urban Re-development Project is generally identified as follows:

Beginning at a point, being the intersection of west right-of-way line of South Lake Drive (Route U. S. 26) and the north right-of-way line of Court street, thence eastward with the line of Court street to its intersection with the east right-of-way line extended of South Third street; thence southward with the line of South Third street for a distance of approximately 225 feet to the south property line of Floyd County Courthouse property extended; thence westward with said line of the Floyd County courthouse property and adjacent properties to its intersection with the west right-of-way line of South Lake Drive; thence northward with the line of South Lake Drive to its intersection with the north right-of-way line of Court street, the point of beginning.

The purpose of such hearing is to consider a proposed urban re-development plan for the undertaking of the urban re-development project under the Kentucky Urban Re-development and Redevelopment Law (Section 99.039 of 1961, K.R.S.) with Federal financial assistance under Title I of the Housing Act of 1949 (Public Law 111 814 Congress as amended). Such project consists of the acquisition of land in the Project Area, the demolition or removal of buildings and improvements, the installation, construction or reconstruction of streets, utilities and other site improvements, and the sale of project land for re-development in the City of Prestonsburg, to be used for public parking facilities.

The proposals and plans for re-development of persons and businesses located within the above defined urban re-development area will be open for discussion.

A copy of the re-development plan with maps, plats, zoning maps and ordinances relating thereto, is available for public inspection at the office of the Prestonsburg Municipal Home Commission, Municipal Building, Prestonsburg, Kentucky.

Any person or organization desiring to be heard will be afforded an opportunity to be heard at this hearing.

The Prestonsburg Black Cats will open their home football season Friday night with a 1-1 mark. Elkhorn City's Cougars will furnish the opposition. Both clubs have identical won-loss records and both have beaten Wheelwright—the Black Cats by 6-0, and Elkhorn City by 1-0.

Elkhorn City won its first meeting in history over the locals by a 2-0 count last season. From that team Coach Jack Hall has five regulars, including fullback Benny McFall, fullback Derek Potter and quarterback Bobby Brooks.

Wheelwright, now 0-3, will be idle this week-end, Saturday night. Jenkins visits Fleming-Neon in the No. 1 game in the E.K.M.C. race. The winner will be in contention with Hazard for the crown.

Color Wildlife Film Release is Scheduled

"The Happy Hunting Heritage," a new 28-minute color film produced by the Kentucky Department of Fish and Wildlife Resources, will be available for distribution by October 1. Fish and Wildlife Commissioner Minor Clark has announced.

A formal premiere is scheduled for mid-September in Frankfort, Clark said, and prints will be available for showing through conservation district supervisors or by writing the Division of Public Relations, Department of Fish and Wildlife Resources, Frankfort.

The movie covers Kentucky's rich harvest of wildlife resources and was filmed by Karl Maschinski Wildlife Productions of Cincinnati. A year of shooting time was required to capture Kentucky fish and game in their natural habitat. The film covers all major lakes and geographic areas of the state. Maschinski is the author of a naturalist column in the Cincinnati Enquirer and annually conducts a six-week lecture tour on wildlife subjects.

Whitesburg Author Sets Speech At Breaks Park

Harry M. Caudill, of Whitesburg, author of *Night Comes To The Cumberland*, will be the featured speaker at the Virginia regional meeting, Council of the Southern Mountains, Breaks Interstate Park, September 21. Caudill, whose recent book depicts the effect of resource exploitation in Eastern Kentucky, will discuss problems of the Appalachians.

J. C. Smiddy, director of Clinch Valley College, Wise, Virginia, will preside at the morning session. Palmer H. Ball, Hays, Virginia, will extend a welcome to visitors.

Only Three Elevens In Conference Have Unblemished Records

The Eastern Kentucky high school football season has been under way for only two weeks, and only three of the 12 teams remain undefeated. Hazard predominant Eastern Kentucky Mountain Conference and regional power, won its opener over Prestonsburg in easy fashion, and non-conference Paintsville and Morgan County both won opening contests.

Jenkins fell before Corbin, 19-7, after leading 7-0 in the early stages, and Fleming-Neon upped its slate to 2-1 with a 12-0 conquest of Mt. Sterling.

The Letcher county rivals will tangle in Fleming-Neon Saturday night, with the winner moving into a position to challenge Hazard for the league crown. Jenkins is 2-0 in league play and Fleming-Neon is 1-0.

In other week-end action, Jack Hall's Elkhorn City Cougars downed wheelwright, 19-0. Belfry bested its county rival, Pikeville, 19-6. Morgan County nipped Leslie County, 14-7; Paintsville rolled over Rowan County, 26-0, and Old Kentucky Home bounced M. C. Napier, 47-0.

Halfback D. E. Kasse raced 92 yards in the first period to give Walter Brugh's Paintsville Tigers a 6-0 lead over visiting Rowan County. Quarterback Bobby Porter, Paul Paek, James Tackett and Leonard Meeks also lalited six-pointers for the winners.

Buck Green, 5-9 Bull Dog speedster, paced the Hazard eleven by Prestonsburg, as he raced for 40, 22 and 33-yard touchdowns in the 40-0 rout. Halfbacks Roger Cecil and Jack Robinson, along with end Chester Kase, scored the other six pointers. Prestonsburg made nine first downs but never seriously threatened to score. The Bull Dogs will meet cross-town rival M. C. Napier at home, Friday night.

Raymond Isaac's Fleming-Neon added some prestige to the Mountain loop by coping a 12-0 decision over Mt. Sterling. Halfback Randall Fleming and fullback Roger Hall scored on three and 14-yard runs. Mt. Sterling threatened in the third quarter but fumbled on the one-foot line.

MOVING? If so, try to let us know your telephone requirements in advance. We have two important jobs to do when you move . . . disconnect the phone at the old address, connect one at your new address. And in your new home you may want extra telephone conveniences . . . extensions, color phones, perhaps a Bell Chime. Advance notice of your move will help us give you the kind of service you've come to expect from your Telephone Company—quick, efficient, dependable.

GOING TO THE 1964-65 NEW YORK WORLD'S FAIR? If so, you'll find throughout the fair grounds over 1,700 specially designed telephone booths featuring push button telephones and maps of the fair that show the caller's location.

SCHOOLS IN . . . and that means the children will be out by the dozens, walking to school, riding their bicycles, getting on and off school buses. So, it's time again for all of us to be extra careful with our driving . . . especially around schools, crossings, and bus stops. Watch for the signs, drive slowly, and STOP whenever required. Our children are our most precious assets, and it's up to all of us to protect them.

EVER HAD TO SCRAMBLE—with the rest of the family—to talk on a Long Distance call? A Speakerphone gives everyone a chance to participate in calls without huddling, crowding or waiting in line. And families will enjoy hearing both sides of the conversation. Call our Business Office to find out more about the Speakerphone.

THE WORLD'S FIRST TELEPHONE EXCHANGE celebrated its 85th birthday early this year. In 1878 the exchange, in New Haven, Connecticut, listed nearly 50 telephone subscribers. The switchboard itself was primitive to say the least. Among its intricacies were tongs, handles, and the whole thing was strung together with wiring from the frames of ladies' bustles!

A Pictorial Review of East Kentucky

Loggers Hewing Square Timber For Shipbuilders

One of the exploiters of Eastern Kentucky timberlands around the turn of the century was the buyer of huge white oaks for what was called square timber. Only the largest and straightest white oaks were used. It was hewed with a broadaxe to its greatest diameter and trees that would hew to between two and three feet were preferred. Most of the square timber here was shipped to the great shipbuilding yards on the Clyde River in England.

Shown here is a group of loggers at work for a Mr. LaLan, who bought timber for shipbuilders all over the Appalachians. At the extreme right is the late S. D. C. Adams, of Stanville.
