season and Burns' Batts have caught on with the fishermen as well as with the fish.

The former resident of the Allen vicinity, a disabled World War II veteran, moved to Ohio soon after the end of the war. Desiring and manufacturing fishing lures, friends, other citizens and that the board would be the governing body of the extension project.

A resolution adopted on the same date called the 1963 District Cooperative Extension Service Act as it intended to provide for aid in subjects relating to agriculture, home, economics and rural and community life. The resolution pointed out that the fiscal court had been contributing to the extension and soil conservation services for several years, in an effort to provide the people of the county full agricultural opportunities offered by the University of Kentucky's extension service and the U. S. Department of Agriculture, but county revenues had been decreasing over the years and that it had been extremely difficult for the court to contribute to the two services and to cooperate fully.

This was followed by the creation of a board of directors and the levying of the 3-cent tax. The order pointed out that KRS 275 authorized a levy up to 7 cents, but this amount was not used.

The bill filed by the five companies last week asks common relief for all taxpayers of the county and seeks a permanent injunction to prevent the defendants, together with individual officers of the county and their successors, from assessing and levying in excess of the limit prescribed by the constitution without having submitted the question to the voters. The plaintiffs asked that the Sheriff be required to hold all monies collected by him through this levy until the case is finally decided, and that the levy is determined to be illegal, he be required to refund to individual taxpayers amounts illegally collected. Plaintiffs' action pointed out that they had tendered payment of taxes in these amounts for the year 1962: \$111,597.64; Chesapeake & Ohio Railway Company, \$104,956.99; Southern Bell, \$12,317.24; Kentucky Hydroelectric, \$29,297.53; United Fuel, \$79,922.72.

The 3-cent levy, if collected, would add to each of these companies' tax bills these amounts:

- Kentucky West Virginia, \$1,564.21;
- C. & O., \$1,467.14; Southern Bell, \$167.18; Kentucky Hydroelectric, \$69.13; United Fuel, \$1,109.97.

Instead, the fiscal court at its June 23, 1962 meeting acted on authority of KRS 275.010 and created the Floyd County District Cooperative Extension Service Board, specifying that the board would be composed of the county judge, six other citizens and that the board would be the governing body of the extension project.

One sister, Mrs. Edna Brewer, Nauvau, West Virginia, survives. Also surviving are 26 grandchildren and 20 great-grandchildren.

Funeral rites were conducted Monday at 2 p.m. from the home at River, the Rev. Fred Roland officiating. Burial was made in the Old Mt. cemetery under the direction of Carter & Callihan Funeral Home.

To Those Who Helped Junior Class Members:

Prestonsburg high school appreciates the support given its junior class by citizens and business firms here as members of the class solicited magazine subscriptions. We are interested now in seeing that those who subscribed get their magazines. I suggest that each person who subscribed keep the receipt issued by the student; then, if the magazine paid for does not begin reaching you within two months, notify us here at the school.

It's nice we've always been told when man bites dog. That makes the lone birthday card we received, belonging to the news editor. The card is from that excellent newspaperman, Neville Shackelford, who saw the item in this column last week about our advance years, and wrote:

"What was seen before the mirror may not have been very satisfactory to the editor, but readers are of a different opinion. Excellent news coverage and reporting; lively columns; good make-up; provocative advertising and other features, all add up to a very satisfactory newspaper. Happy Birthdays Floyd County Times. NEW REGIONAL LIBRARY SERVES LETCHER AREA

Frankfort, October—The Pine Mountain Regional Library, Region No. 12 in Kentucky's network of multi-county library federations, has opened for business with headquarters in Letcher county. Perry county is also participating in the new region and others will be added as they qualify. Miss Margaret Willis, state librarian, reported.

Two other counties, Taylor and Hart, have joined the Lake Cumberland and South-Central regions, respectively, making a new total of 62 counties in the 12 library regions. Miss Willis said. Funds spent by the State Department of Libraries for regional library and Bookmobile service during 1960-62 more than doubled the funds spent for this purpose during the two previous years. Miss Willis said, but the desire for even more service will be demonstrated again November 3 when another eight counties vote on a special local property tax for library service. (To date, 10 counties have voted favorably on the special library tax and eight have voted for additional library funds from their fiscal courts.)

Miss Willis explained that the library regions are multi-county federations headed by a professionally trained regional librarian and an assistant in some regions plus a clerical staff, all provided by the Department of Libraries. This headquarters receives regular shipments of library material—books, records, films, periodicals, and framed pictures—from the Department and distributes them to member libraries. The headquarters library also collection of specialized material and reference books which circulate among the members libraries as needed. Kentucky's 101 traveling li-

braries, the nation's largest state-owned Bookmobile fleet, visit areas which do not have convenient access to local libraries. Both children's and adults' books are carried regularly to communities and schools in 100 counties. In the two fiscal years 1960 and 1961 new Bookmobiles, each with a capacity of 2,000 volumes, were purchased to replace older models holding only 900 volumes. Last fiscal year 18 of the older Bookmobiles were replaced with the larger ones. An additional 19 new models have been purchased by the Department and will be delivered to counties before the end of the year, making a total of 58 new Bookmobiles for the four-year period.

Funds for improved local library service and Bookmobile service totaled \$47,000 in fiscal year 1960-61 and \$517,000 in fiscal 1961-62, compared with \$205,000 for each of the two previous years. Miss Willis said. In fiscal year 1960-61, the Department distributed Bookmobile books worth \$100,000 compared with \$60,000 for this purpose in 1959-60. In 1960-61, \$100,000 in state aid cash grants was distributed to qualify libraries, doubling the amount distributed in 1959-60. The Department in 1960-61 spent \$45,000 in developing five library regions and distributed nine new Bookmobiles, costing \$97,500. In 1961-62, funds for Bookmobile books and state aid to local libraries remained at the previous year's new high, and 15 new Bookmobiles costing \$104,000 were distributed.

Miss Willis pointed out that during the present 1962-63 biennium, the Department is providing each year \$117,000 in Bookmobile books and \$100,000 in state aid for libraries and Bookmobiles. The Department is also developing its 113 regions, founded in February 1963, with headquarters in Nicholas county. It also includes the counties of Bath, Harrison, Lewis, Fleming, and Robertson and is known as the Buffalo Trace Region.

Youthful Winners Named In PPK Program; Awards Scheduled November 1

Eleven grade school boys, winners in the Punt, Pass and Kick football program here, will be awarded Cleveland Brown warm-up jackets, helmets and gear for football at halftime during the Prestonsburg homecoming game November 1. Winners were named Sunday at Thompson Field.

First, second and third place winners in the age 11 group were Mark Miller, Wayne Brown and Billy Fairchild. Taking first, second and third places in the age 10 group were Mike Hodge, Hurtle Galbraith and Jack Hyden.

There were only two winners, first and second places, in the age nine group. These were Jeffrey Boggs and Dickie Jarvis. The three winners in the age group 8 were Jim Macburn, Robert Tackett and Mike Means.

The Punt, Pass and Kick program was sponsored jointly by the Prestonsburg Lions Club and Bruce Walters Ford agency. It was directed by Bert Dugan, Prestonsburg high school football coach.

Pikeville Coach Sees Bright Team Prospects; 11 Letterman Return

Elkville, Ky., Oct. 21 (Sp1).—With 11 returning lettermen, Paul Betcher, Pikeville College coach, predicts "a team that could go all the way." Betcher faces the upcoming basketball wars with nine freshmen at the letterman.

With four six-foot-four seniors, Don Gillett, Tra Joe Lewis, James Prater and Charles Eblein, the Bears should have plenty of board strength. The only other senior on the squad is a 5-10 sharp-shooter, Russell Ward, Charles Taylor (5-10) sophomore guard, and three juniors, Paul Spott, Raynor Mullins and Roger Mullins. Will lead the Bear attack. Sophomores Terry Bowler and Gary Newman, will provide added bench strength.

The Bears will open a 15-game basketball schedule on Friday, October 25, at 2 p.m. from the Young Funeral Home Chapel with the Rev. Henry L. Murrell of Columbus officiating. Burial was in Greenlawn cemetery.

He was born at Gray, Kentucky, October 5, 1902, a son of the late Matt and Lucy Trooper Sullivan, and was a retired employee of the United Steel Company at Wheelwright, Kentucky. Mr. Sullivan was a 32nd degree Mason and a member of Wheelwright Lodge No. 7, P. M.

Retired Floyd Miner Succumbs at Louisa; Victim of Long Illness

Temus E. Sullivan, 70, of Louisa, died Thursday morning, October 23, in a Louisa hospital after a long illness.

Funeral services were conducted Sunday, October 27, at 2 p.m. from the Young Funeral Home Chapel with the Rev. Henry L. Murrell of Columbus officiating. Burial was in Greenlawn cemetery.

He was born at Gray, Kentucky, October 5, 1902, a son of the late Matt and Lucy Trooper Sullivan, and was a retired employee of the United Steel Company at Wheelwright, Kentucky. Mr. Sullivan was a 32nd degree Mason and a member of Wheelwright Lodge No. 7, P. M.

Survivors include the widow, Mrs. Martha Frayle Sullivan; a daughter, Mrs. Rose Paulsen, St. Petersburg, Florida; two sons, Hubert H. Sullivan, St. Petersburg, and James H. Sullivan, Columbus, Ohio, and four grandchildren.

The plastic jug makes an excellent form for the still fisherman to mold his own concrete anchor. The plastic jug will give a smooth surface to ride inside the boat and will not wear the metal interior of the craft. All that is needed is to cut off the top of the plastic jug, fill with cement and install an eye bolt into the wet cement for the anchor line.

KENTUCKY LEADS NATION IN HIGHWAY CONSTRUCTION

Frankfort, Ky., Oct. 21 (Sp1).—Kentucky still leads the nation in building better highways. The U. S. Department of Commerce, which keeps a sharp eye on highway building, said that Kentucky awarded 700 contracts with its own money during the first seven months of this year. This is more than one-fourth of all such contracts awarded by 50 states. Kentucky's contracts covered improvements on 1,311 miles of roads—more than any other state.

Kentucky's strong position among the states is solidly based on local effort. In using its own money to improve its highway system, Kentucky has set a pace that is unmatched by any other state.

When the results of the state's own efforts are added to what it does with the help of the federal government, Kentucky stands second only to Texas in the number of miles of roads being improved.

In important areas of its highway program, Kentucky is moving ahead.

Veteran Beneficiaries Paid \$126,573,196.00; Lloyd Issues Report

Frankfort, Ky., October 18 (Sp1).—A total of \$126,573,196.00 was paid to 400,319 veterans or their beneficiaries, according to the 98-page final report released by Maj. Gen. Arthur Y. Lloyd, assistant general of Kentucky and administrator of the Kentucky Veterans Bonus.

The average claimant received \$322.70. Payments are near completion, only a few claims still pending for final action by the bonus Board of Review, the United States Board of Review.

A detailed account is included in the booklet of the entire operation, beginning with the first proposal of a bonus bill shortly after World War I.

This booklet is to be distributed to all members of the Kentucky General Assembly, the United States Senators and Congressmen from Kentucky, college court clerks, public and college libraries, all agencies of state government, and to adjacent generals at all other states.

The Bonus Division, which had 171 employees at the peak of its operation, now has only four. They are recording all documents on microfilm to reduce space required for storage.

Let's Take Politics Out of the Schools!

LET'S KEEP PRAYING AND RELIGION IN THE SCHOOLS
WE NEED MORE BIBLE-READING, GOD-FEARING PEOPLE IN FLOYD COUNTY.

PRESIDENT KENNEDY AT HIS NEWS CONFERENCE SEPTEMBER 12th, 1963, IN DISCUSSING THE RACIAL PROBLEM IN AMERICA, DECLARED:

"So I would say over the long run, WE ARE GOING TO HAVE A MIX. This will be true racially, socially, ethnically, geographically, and that is really, finally, THE BEST WAY."

- Was President Kennedy endorsing the doctrine of RACIAL INTER-MARRIAGE?
- What do you believe about the Combs-Breathitt executive order?
- What do you believe about taking the Bible and praying out of the schools?
- Do you believe in your children being taught to live a Christian life?
- Speaking of Gov. Bert Combs' executive order, Bobby Kennedy said that Gov. Combs and the people of Kentucky know what they want.
- We have faith in the people of Kentucky, and Floyd county in particular, that they do know what they want. I ask that they search their consciences, search their souls, use their good judgment, and, come November 5th, show Combs, Breathitt and Bobby Kennedy that they do know what they want.

WAYS OF REVIVAL

for Baptists and Unchurched People

THREE TENSES

There are three tenses of salvation: past, present and future. There are some things that God HAS DONE for those who depend on Him; there are other things He IS DOING; and still others that He WILL DO.

God HAS counted them righteous and put love in their hearts. He IS NOW making them more and more like Christ, and protecting them from all evil that would hinder them from doing His will, and supplying them with all they need to do His will. And SOME DAY, when Jesus comes, He'll give them new and perfect bodies. All that together is called "Salvation." If you have the first tense of salvation, the others are sure to follow!

We invite you to attend our revival before it closes on October 30.

Floyd Native Victim At Ashland; Burial At Ashland Cemetery

Thomas Lee Wright, 88, of Ashland, a retired farmer, died Sunday, October 13, at 4:45 p.m. in an Ashland hospital following an extended illness.

Mr. Wright was born March 18, 1875, in Floyd county, a son of late Thomas Lee and Elizabeth Walker Wright. He moved to Ashland six years ago from Lawrence county.

Survivors include five daughters, Mrs. Berna Hill, Mrs. Charlotte Allen and Mrs. Dixie Bentley, all of Ashland; Mrs. Hazel Combs, of Louisa, and Mrs. Jean Mullenix, of Dayton, Ohio; six sons, Earl, Ray and Harold Wright, all of Ashland, Jack Wright, of Ashland Route 2, Pop Wright, of Cleveland, and John E. Wright, Jr., of Pennsylvania; one sister, Mrs. Eva Miller, of Ashland; and 28 grandchildren.

Funeral services were conducted at 2 p.m. Tuesday, October 15, from the Miller Funeral Home on the Rev. Jack Bruce and the Rev. Royce Roby officiating. Burial was in Ashland cemetery.

Facilities for Treating Women Alcoholics Slated At Danville Institution

Frankfort, Ky., October 18 (Sp.)—The first ward for women alcoholic patients is scheduled to open here at Kentucky State Hospital in Danville.

Dr. Harold L. McPheeters, commissioner of the State Department of Mental Health, said that 60 beds would be opened, 30 for women and 30 for men. Women will be admitted from the entire state.

Dr. William J. Kernohan is superintendent of the hospital. Dr. Mary W. Smith is in charge of the alcoholic unit.

Male patients eligible are those from the areas served by Kentucky State Hospital and by Eastern State Hospital in Lexington. A 50-bed ward for alcoholic men already is in operation at Western State Hospital in Hopkinsville.

During the warm summer months many fish spoil when put on a fish stringer in the warm surface water. This can be handled very easily when the fish are put into an ice chest in the boat. If the fish are to be kept any length of time, the fish should have the gills and intestines removed.

Be Not Deceived—See the Difference

J. D. Payne at Martin, Kentucky, will sell you the finest blue or white granite that money can buy. All freight bills are paid, and I will install all Monuments and Markers at the graves of your loved ones. AND I WILL SAVE YOU 30% ON EVERY DOLLAR.

I sell a double monument for Dad and Mother's graves. This monument, which weighs 1,100 pounds, I sell for \$235. This monument has been sold in Floyd county for \$385. I also sell all sizes of Markers from \$49.50 and up.

I will go a distance of 5 to 30 miles to install them at the graves. See me at Payne's Studio at Martin, Kentucky, or I will come to your home.

GIRL SCOUT COUNCIL IN SEMI-ANNUAL MEET

The Sandy Valley Girl Scout Council held its semi-annual meeting at home, October 10, at May Lodge, Jenny Wiley State Park.

Presiding at the meeting was Edward P. Hill, Council president. Introduced Scout Troop No. 8 and its leader, Mrs. Virgil Goble, of Louisville. He conducted the flag ceremony, pledge and Girl Scout program. Troops led by Mrs. Hubbard Francis, Mrs. Howard Doss Blackburn and Mrs. B. Howard were in charge of favors, registration and table decorations.

Representatives from each of the five districts were present. Mrs. Hill announced that this was the final meeting of the Sandy Valley Council. She recalled that the Council had its beginning in 1943 with a lone troop of 24 girls. In 1944, Mrs. Hill and Leiber organized the Sandy Valley Council and employed the first professional worker. In 1953 Johnson county was added. After a thorough study was made by local volunteers and advice was received from the Girl Scout national staff in 1959, Sandy Valley became a nine-county county.

Diagnosis and Treatment Of Children Are Provided By Kentucky Commission

Frankfort, Ky., October 18 (Sp.)—Diagnosis and treatment for 8,442 children were provided by the Kentucky Commission for Handicapped Children during the last fiscal year, according to Dr. Margaret A. Linper, acting medical director.

Total expenditures amounted to \$1,665,000, of which over \$1 million was spent for hospitalization, she added. Significant was that 85.5 per cent of the Commission's funds were used for direct medical and surgical services.

The Commission's out-patient diagnostic clinics, located in 29 centers throughout the state, made 15,600 examinations. An average of more than two clinics per working day were held, Dr. Linper said.

Services include diagnostic and treatment programs for orthopedic conditions, cerebral palsy, cleft lip and palate, heart conditions, neurosurgery, epilepsy, eye and many types of plastic surgery.

In addition to the services of physicians, surgeons, nurses, therapists and psychologists, the Commission made available for services approximately 100 part-time dentists in various areas of the state. These were primarily for cleft lip, palate clefts or malocclusions associated with orthopedic conditions.

To be eligible for care, a patient must be under 21 years of age, and his parents unable to pay the total cost of medical treatment.

High School Bandmen, Majorettes of Region Scheduled At Morehead

Morehead, Ky., October 21 (Sp.)—More than 2,000 high school bandmen and majorettes from 40 high schools will be on the Morehead State College campus for the annual Band Day Saturday, October 26. Prestonsburg high school will be one of the bands taking part.

Highlighting the band day will be individual performances by 25 of the 40 bands during the morning program which will get under way at 9 o'clock. Each of the 25 performing bands will give a six-minute show to be witnessed by the other bands and interested spectators. There will be no admission charged.

The bands will perform three numbers in a mass formation during halftime following a performance by the Morehead State College marching band.

Bill Sove, director of the Morehead State College marching band, is coordinator of the day's events which are being held in conjunction with an Ohio Valley Conference football game between Morehead and Middle Tennessee.

Now... new name, new size, new style, new spirit, new car!

New CHEVELLE! by Chevrolet

Only this could come between Chevrolet and Chevy II. The Chevelle is a highly polished car on a trim 115-inch wheelbase. Remarkably agile and easy to handle and park. But it's roomy inside with many of the comforts you'd expect in a bigger car.

Its ride comes from the people who developed the Jet-cruiser kind. Its four engines—V8 or 6—carry that irrepressible Chevrolet spirit all the way up to 220 hp*. Its lively, graceful styling and body by Fisher craftsmanship make its modest price all the more remarkable. And it comes in three series and eleven models—wagons, sedans, sport coupes, convertibles. Want to check further? Consider this your invitation for a real hood-raising, door-slamming, seat-bouncing, wheel-turning time of it at your Chevrolet dealer's.

ALICE ABERCROMBIE TRAVELED 103 1/2 MILES IN HER ROCKING CHAIR TODAY

Alice believes in getting plenty of mileage from her telephone. Today she visited a friend all the way across town. Went to the drugstore. The cleaners. The toy shop. Reminded 22 members of next Tuesday's circle meeting. Small wonder Alice values her phone so much. Because no matter how many local calls, the cost remains the same. Does any other modern convenience you have do so much for so little?

OPEN SATURDAY

The Wayland Wasps get the jump on the rest of Floyd county's basketball-playing schools Saturday night when they open the 1963-64 basketball season against Sayersville. McDowell and Martin see action next Saturday night when the two clash at Middlesboro.

Prestonsburg and M. C. Napier, both second division clubs in the Eastern Kentucky Mountain Conference, resume football relations this Friday night in the Perry county community. Napier, three miles from downtown Hazard, is the largest rural school in Eastern Kentucky with 1,200 students in the upper four grades; however, the school has not been too strong in athletics since it does not have a gymnasium. Its football field is near Hazard Mines' hospital, which is about four miles from the school itself.

Napier, like Prestonsburg, has won only one game, but both gained paper victories over Hazard. Wheelwright beat the Navajo, 21-0, and Hazard belted them, 56-0, while Prestonsburg edged Wheelwright, 60, and lost to Hazard by 40-0.

Next Friday night in Prestonsburg's homecoming tilt, the Paintsville Tigers will bring to town one of Walter Brant's best Tiger teams in his 12 years at the helm of Johnson county football. The Tigers are riding the crest of a 12-game winning streak over a two-year span and are even favorites to repeat as Class A, Region 3, District 2 champions.

Quarterback Bobby Porter was named the most valuable player in the 83rd meet of M.M.C. in the Big Sandy Bowl, last Saturday afternoon. He scored one touchdown, passed for another and booted two extra points.

Senior halfback D. B. Kasez has scored 14 touchdowns this season and he has fine assistance from Leonard

Meeks, fullback Paul Pack and James Smith.

The Tigers whipped the Black Cats, 21-7, last season. Paintsville travels to Jenkins this Friday night in what is expected to be one of the best games of the season.

TOP ELEVENS MEET FRIDAY

Jenkins-Pointsville Tilt To Mark Week-End Play, Cats, Napier To Clash

Jenkins, winner of the Class AA, Region 4, District 2 playoffs, will tangle with Paintsville, apparent winner in Class A, Region 3, District 2, in the Letcher county city, Friday night.

The Cavaliers have won their first playoff title since the playoffs were initiated four seasons ago. Hazard has won every previous title. Jenkins, after posting a 19-7 record over the past week-end, has finished regional play and has only Pikeville left in conference competition. A win would also assure them of the Eastern Kentucky Mountain Conference title, since they hold an early season win over runner-up Eldersville.

Undefeated Paintsville has a 5-0 record in its region and seven consecutive victories overall for the only unbeaten record in the mountains. The outcome of the game will have no bearing on either in regional play but Paintsville hopes to protect its string and the state's best defensive mark. The Tigers have relinquished only 12 points to their seven opponents.

In other Friday games, Elk Horn City visits Whitesburg in a conference game. Jack Hall's Cougars are in second spot in the league with a 5-1 slate, and Whitesburg is in third position with a 5-2 mark.

The Cougars are 7-1 for the season and looked most impressive in beating archival Pikeville, 25-7, last Friday for a 3-0 regional record. Hazard, still unbeaten other than three paper losses, took Newport Friday night in a non-regional tilt. The Bulldogs routed Fleming-Neon, 25-0, in its last outing. Four Hazard touchdowns were called back because of penalties. Jack Robinson, Butch Green and the passing combination of quarterback Kenny Tate, Jimmy Walker and Chester Rose, accounted for the touchdowns.

The Fleming-Neon Pirates have switched their game with Lexington Dunbar at 2 p.m. Saturday at Neon. In the only other loop game of the week-end, Prestonsburg and M. C. Napier, both second division clubs, meet in Perry county in what should be a close game.

Early-Year Rabbit Crop Promises Good Hunting This Season, Report

If the spring and summer crop of young rabbits means anything at all Kentucky cottontail hunters this fall should have some of the best hunting in a number of years, the Department of Fish and Wildlife Resources believes.

KITTENS SET THE EXAMPLE FOR THE CATS—THEY WIN!

The Prestonsburg high school football Kittens won their second game of the season Oct. 17 by defeating the Louisa freshmen, 47 to 7.

It was an easy night for the Kittens as they parlayed a fast offense with a stubborn defense to hand Louisa its third defeat in five starts.

The Kittens drew first blood after holding Louisa and forcing them to kick. After taking over, the Kittens moved 45 yards, with Bennett Leslie going over from the eight-yard line. Leslie also added the extra point.

The Kittens also scored in the second quarter after marching 65 yards with Billy Howell taking a pitch-out and sweeping his own left end for the final 10 yards. The Kittens made good the extra point and led, 14 to 0, at halftime.

In the second half, the Kittens received and lost no time in placing the pigskin across the goal line, making the score 20 to 0. Louisa came fighting back after a good kick-off return and scored three plays later. Then it was the Kittens the rest of the way. They ran and passed for four more touchdowns with Tommy Cesco, Paul Greer, Wimpy Clark and Bennett Leslie scoring. Leslie, the game's high scorer with three touchdowns and three extra points, was outstanding on both offense and defense. But it was easily a team effort. Several boys turned in great efforts.

The Kittens have two remaining games this season, both at home. The Kittens play Paintsville, Oct. 23, and Louisa, Oct. 28. Games start at 6:30 o'clock.

A Pictorial Review of East Kentucky
(No. 254 in a Series)

Chief Justice Fred Vinson At Start of Career

Fred M. Vinson, Louisa native and distinguished attorney, brought honor to himself and his native Eastern Kentucky in a career that carried him to the highest judicial office in the gift of the nation. He served as Congressman and as an advisor to President Franklin D. Roosevelt.

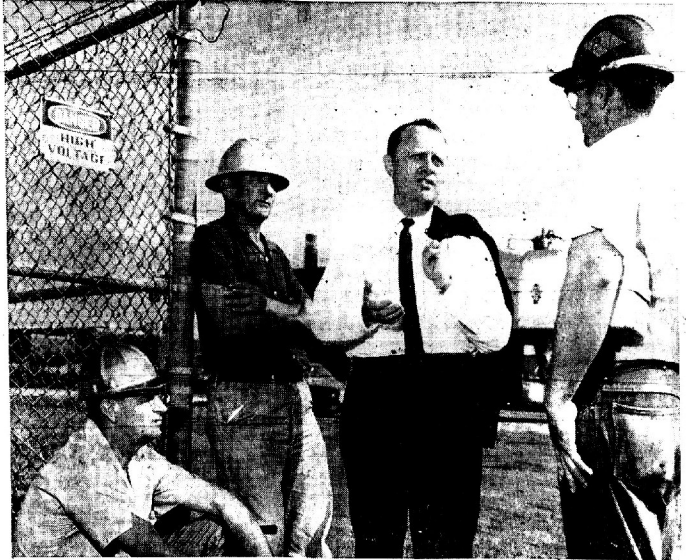

He is shown here with a group of friends shortly after he was graduated from law school. The picture was posed Oct. 20, 1913 at the Louisa toll bridge.

Left to right are Vinson, Marie Gearheart (Dixon), Emma Haris (Osborne) and Myers Coates.

The First National Bank presents these pictures in recognition of our historic heritage.

"75,000 NEW JOBS for Kentuckians in the next 4 years"

NED BREATHITT, Democratic Candidate for Governor

"During our administration my running mate, Harry Lee Waterfield, and I will do everything possible to promote increased economic growth for Kentucky. We will work to bring 75,000 new jobs to Kentucky... to improve the economic level of present jobs... to develop better living for all Kentuckians."

Here is part of the Democratic BETTER JOBS PROGRAM:

- Introduction of new industries and plants
- Expansion of existing plants and markets
- More new roads... improvement of present roads
- Industrial research to develop new products for Kentucky
- Improved vocational training to equip Kentuckians to handle new and better jobs
- Cooperation with Federal Government to help depressed areas
- Development of good business and economic climate

GOV. BERT T. COMBS

A

"WELL DONE"

HENRY WARD
Kentucky Commissioner
of Highways

WE CONGRATULATE GOVERNOR COMBS and COMMISSIONER WARD for THEIR HISTORIC CONTRIBUTION TO EASTERN KENTUCKY and FLOYD COUNTY.

We acknowledge our debt to them for their foresight, planning and down-right courage in undertaking what many called the impossible in highway construction.

They have worked hard to connect Eastern Kentucky with other parts of Kentucky by highway. They also have worked together and hard to bring together Eastern Kentucky and all parts of the Commonwealth by ties of common ambition and effort.

Some of the fruits of their labors are the completed extension of the Mountain Parkway from Campton to Salyersville, the part of that extension at Prestonsburg, the new four-lane bridge linking the Parkway at Prestonsburg with U.S. 23 and the new highway from Auxier to Paintsville.

We invite all Floyd county to share with us in expressing to Governor Combs and Commissioner Ward our appreciation of their efforts in our behalf and in behalf of all Kentucky.

ESSAY RULES ARE OUTLINED

Floyd District Sponsors '63 Contest in Schools; Johnson Lists Awards

By L. R. JOINSON

Last week the essay contest was announced, but the part the Floyd County Soil Conservation District plays was not included. The subject of the annual Soil Conservation Essay Contest for this year is, "Forest Conservation—How It Can Benefit My Community." The contest is sponsored locally by the Floyd County Soil Conservation District.

The statewide sponsors, The Courier-Journal, Louisville Times and Radio Station WHAS, are offering prizes for the three top winners. First place in the state will be awarded \$200, second place will receive \$150, and the third place winner will be given \$100.

The following rules apply in this contest:
1. Any boy or girl enrolled in grade or high school in Floyd county may enter the contest.
2. Your essay must not exceed 1,000 words and the number of words must be shown on the first or cover sheet of the essay.
3. You may gather information from any source. Suggested sources include: School library, references, soil conservation service technicians, vocation agriculture teachers, county agricultural agents, U. S. Department of Agriculture, University of Kentucky College of Agriculture, experience of local farmers and loaders.

4. All essays, beginning with the 6th grade and up, must be written in ink or typewritten on one side of the paper. From 6th grade down may write with pencil.
5. The essay must be signed by one of your parents and either your teacher or principal. It must bear the following certification, "I hereby certify that this essay is the original work of (your name)."

6. Place the following information on a separate sheet of paper and attach securely to the essay: Your name, age and grade, indicate Miss or Mrs., address, school and county.
7. All essays from a school must be taken to the office of the school superintendent not later than December 1, 1963.

Awards will be made by the Floyd County Soil Conservation District, first and second for each grade. For twelfth grade \$10 and \$8; eleventh grade, \$9 and \$7; ninth grade, \$6 and \$5; eighth grade, \$5 and \$4; seventh grade, \$4 and \$3; fourth grade, \$3 and \$2; third grade, \$2 and \$1.
In addition to these awards, there will be available a trophy to the high school and one to the grade school having the highest percentage of participation in the contest.

Lexington, Ky.—Roger Layson of Bowling Green, is the new president of the Kentucky Park Producers Association.

Invitation To Bidders

The Floyd County Board of Education will accept the highest bid until 12 noon, November 2, on the following vehicles not in running condition, located on Bus Garage lot at Allen, Kentucky:
K-344-Willys Jeep; K-331-Willys Jeep; K-474-Willys Jeep; K-2540 1/2-ton Chevrolet; Pick-Up; K-2111-ton Chevrolet; Pick-Up; K-3058 1/2-ton Chevrolet; Pick-Up; K-13-615 1/2-ton Ford Truck; 1954 International 48-passenger School Bus.

For inspecting the vehicles, contact Freddie Turner, Floyd County Bus Garage, Allen, Kentucky, TE 874-2335 or 2118.
The Board reserves the right to reject any or all bids.
CHARLES CLARK, Supt., Floyd County Schools.

Mrs. Sissie Webb, 75, Paintsville, Succumbs; Sister of Floyd-Co. Man

Mrs. Sissie Webb, 75, Paintsville, died October 11 at the home of a son, Glenn Webb. Death was due to a heart attack. She was a sister of Raymond Conley of Martin.

Mrs. Webb was a daughter of Hiram and Mary Estep Conley and a native of Johnson county. She was a member of the Free Will Baptist Church.

Her husband, Dave Webb, preceded her in death in 1958. She had resided at Paintsville for 43 years. Survivors include another son, Elmer Webb, Springfield, Ohio, and two daughters, Mrs. Elmer DeLaney, Olive Hill, Kentucky, and Mrs. Rammie Phipps, Jackson, Ohio.

Besides Mr. Conley, two other brothers and three sisters survive: Hayden Conley, of East Point, Mark Conley, Kingsport, Tennessee, Mrs. Bill Blair, of Colliata, Kentucky, Mrs. Bill Ward, Springfield, Ohio, and Mrs. Bill McPadden, Paintsville. Surviving also are 16 grandchildren and 12 great-grandchildren.

Funeral services were held Sunday, October 13 at 2 p. m., at the Southside Free Will Baptist Church at Paintsville, the pastor, Rev. Bill Davidson, officiating. Burial was made in the family cemetery at Paintsville.

COUNTRY ROADS RURAL HIGHWAYS

We have reports from all over Floyd county that the chickens are now in their pens, that the trucks are now arriving with the gravel for the first time in four years.

WANTED--VOLUNTEERS!

Please come in and register to help get the voters in the Halbert Precinct across the rural highway bridge at Salisbury or, if enough volunteers, to build a walk-bridge or get a walk-log across Beaver Creek so all will be able to get to the polls to vote. (People are afraid to walk across the bridge, as it is dangerous.) Over 1,000 people are isolated due to the condition of this bridge on this rural highway leading up Spurlock Fork of Beaver Creek.

YOU ARE INVITED TO INSPECT

Form a motorcade—it will take only a couple of hours for the complete trip. See the bridge on Little Paint Creek leading to the family home of the chairman of the parks commission.

See the bridge on Route No. 80 at Maytown (we are not recommending that you cross it.) See the rural highway bridge leading from highway No. 122 on Left Beaver up Spurlock Fork of Beaver Creek. (We are not recommending you cross it.)

See all the bridges on the country roads and rural highways. Compare the bridges in different neighborhoods. See the bad ones ready to fall—see the ones that are in good repair. See who lives close to the bridges. You be the judges who are good, some are bad.

What Governor was in office when the rural roads were built in Floyd county?

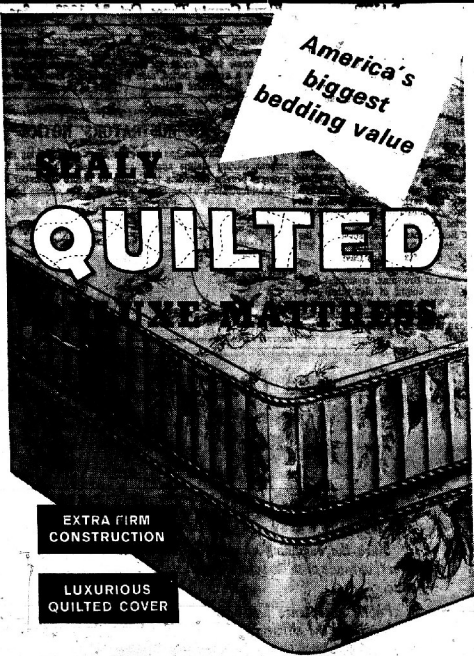

CONFLICTING STATEMENTS

"From a man that is a candidate for high office." "Which is true?"
Is Governor Chandler a hypocrite, a cheat, a crook, a Chessie Cat, a rascal, a demagogue, just a downright nobody? Or is the Hon. A. B. Chandler a perfect gentleman, a great statesman, a great leader, a great man, a man that is respected by all Kentuckians? You, the voters here in Floyd county, drop in our headquarters and express your convictions as to which statement is true.

WE SHALL WIN, WE SHALL WIN, COME NOV. 5th, 1963

CONFESSION? — Ask The Man Who Goes There!

Catholics go to Confession to a priest for one reason only: to obtain divine forgiveness for their sins.

But why, you ask, go to a priest? Why not confess our sins directly to God?

Ask the man who goes to Confession and here's what he will tell you: Sin is an offense against God; it must be forgiven by God. It is God, not man, who determines how forgiveness may be obtained.

Christ said, "Whoever confesses his sins to me, I will forgive them." Christ said, "Whoever confesses his sins to me, I will forgive them."

But Confession—the Sacrament of Penance—is only one of the seven Sacraments Christ left in His Church. Yes, seven—no more and no less.

needs to grow and be strengthened in Christian life by the Sacrament of Confession. He is cured of disease, but he needs a remedy for the sin, so destructive of Christian life, and this he finds in the Sacrament of Penance.

Man lives in society which needs officials to promote the common good—and for his life in the Church, he finds officials provided by the Sacrament of Orders. He perpetuates the human race in marriage, which Christ made the Sacrament of Matrimony. And at death, he needs consolation and strength for the last dread hour which he finds in the Last Anointing—the Sacrament of Extreme Unction.

Would you like to know more about each of the seven Sacraments? How they can help you to free the seven basic needs of your life? Then write today for a free pamphlet which gives important information concerning them. Ask for Pamphlet No. KC-5.

Spencer Receives Commendation Medal

Specialist Five Paul R. Spencer received the Army Commendation Medal on completion of his term of duty in the 5th Army at Fort Bragg, North Carolina, September 11. The award was presented on the parade field of the 7th Special Forces Group by Colonel William P. Grives at a retreat-review ceremony.

The citation read, in part: "Specialist Spencer was entirely responsible for supervision and preparation of morning reports for approximately 1,200 officers and enlisted men in the Special Warfare Center Headquarters and the Military Assistance Training Advisory Department, was responsible for implementing the new filing system in the Headquarters Company. In addition to his normal duties he simultaneously trained four other clerks.

With dedicated zeal, professional competence, unflinching efficiency, and unflagging enthusiasm, Specialist Spencer met the challenge of his increasing responsibility. The exceptional devotion to duty and responsibility displayed by Specialist Spencer is in keeping with the highest standards on military competence and reflects great credit upon himself, the United States Special Warfare Center and the United States Army."

Spencer is the son of Mr. and Mrs. G. W. Spencer, of Martin, and a graduate of Morehead State College.

DR. HAMILTON IS SPEAKER

The October meeting of the Wheelwright Women's Club was held in the chancery. The theme of the program, sponsored by the Executive Committee, was "Economic, Social and Political Status of South-East Asia." and the speaker was Dr. Charles G. Hamilton, professor of history and political science at Wake Forest College. Dr. Hamilton presented a thought-provoking analysis of this complex area.

Following Dr. Hamilton's talk, Mrs. R. L. McKinney conducted the business meeting. She urged the members to support the G.P.W.C. "Dimes for Liberty" project, which will help to establish the American Museum of Immigration in the State of the State of Liberty, and the K.P.W.C. \$1,000 pledge to the National Cultural Center in Washington, D.C.

The club members also voted to support two additional national fund drives this year—muscular dystrophy, for which the club will sponsor a coin-toss-wide collection, and the cerebral palsy foundation.

The hostesses, Mrs. Arthur Bradbury and Mrs. Robert Smith, served refreshments to members at a d. g. feast.

WHEELWRIGHT

(Continued from Page One) None of the conservation officers, district supervisors and farmers have combined to project a most optimistic forecast for the bunny population this fall in just about every section of the state.

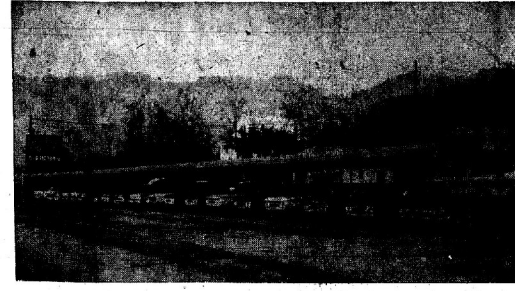

Mail carriers, cooperating with the conservation officers in a sight survey of young rabbits on green routes during the month of June, report an increase of better than 20 percent over the observations made last year over the same route. Granting that the rabbit population last fall was down, an increase of one-fifth would mean that shooting will be much more frequent this fall than for several years past. And the surveys of the mail carriers have been substantiated by reports of conservation officers from almost all sections of the state. They claim a moderate to excellent increase in the crop of young rabbits and all supervisors, in the nine wildlife regions, report better crops of young rabbits than last year. Further inquiries among farmers have borne out the statements of these officials and supervisors. Take, for instance, one farmer in Anderson county. Last year he had a 15-acre pasture and wood field and saw not one rabbit.

This year, the same field revealed 15 young rabbits. And so it goes throughout the state. Almost without exception the farmers are of the opinion that the rabbit population is on the increase.

Of course, the department points out, these early summer surveys can be knocked for a loop by unfavorable weather which tends to kill off young rabbits; or by a disease outbreak in the late summer or early fall that would ravage the rabbit population, but notwithstanding these possibilities, the outlook as of late August was extremely bright.

The hunting season this year for young rabbits, or by a disease outbreak in the late summer or early fall that would ravage the rabbit population, but notwithstanding these possibilities, the outlook as of late August was extremely bright.

Are You Satisfied? Are You Happy?

**IS IT EASY TO PAY YOUR UTILITY BILLS?
YOUR WATER, GAS AND LIGHT BILLS?
DO YOU KNOW WHO SET THE RATES FOR YOU TO PAY?**

ASK ANY LAWYER who set the rates on your utilities. The Public Service Commission—and NED BREATHITT WAS A MEMBER of the Public Service Commission until recently.

These burdens are hard to bear, bills are hard to pay, the children need clothes and food. Do you have enough left after paying your gas, light, and water bills to give your children a nickel or dime for ice cream? Do you have enough left to meet the installment payments on the washer, the stove, frigidare, furniture?

Ned has promised more relief in eighty-eight counties, of which Floyd county is one. Ned is promising more jobs in thirty-two counties, but is not promising any industry or additional jobs in the eighty-eight depressed counties.
