This Town... That World

Nunn didn't quite make it, but that fellow N. down at the bottom of the ballot won, going away.

A DILLY
This election was one to remember. It's early Tuesday evening, and the Republican candidate concedes this opponent's election, goes on to tell what defeated him and draws cheers with his announcement of plans for next year's fight. He's heard more than 30,000, and most folks think will climb past 50,000. But, more than that, he has heard the fellow who was admitting defeat decides this thing isn't over by a long shot, and you have to agree with him. He says he appears to have won the state election, but I know which side the boys were on who pocketed all the bets.

WHAT MAKES AN EXPERT
Our friend Jake Aker, of Dwaive, was a seiser counter which he used out west during a period of several months while we were trying to keep up with him and get his paper to him. He's an expert, away from home, with this construction, "In fact," says Jake, "you usually can't expect on most anything, if you're as much as 50 miles away from home."
That's why I like to go fishing at Norris Lake.

THE BIGGEST
Getting away from politics and back to something more in my line (or on the other fellow's line): John Warwick reports catching a 51-pound walleye on a trotline set in one of his favorite spots in Dwaive Lake. This may be a record for the lake. If it isn't, it'll do it like a new record is heard from.

HOW ABOUT "THEREDDY"?
Words can literally play "Vanice Deed" on my mind, and it can sometimes turn on some which play have. These I ran across, not long ago: "There is said to have come from John's dictionary, published in 1775: clapperwork, luzz, flusth." (See Story No. 7, Page 6)

CANEY SUEED BY TEACHERS

Former Instructors. Seek \$216,800 Total; U. S. Court Trial Set

Scheduled for trial in U. S. district court this month is a suit filed by two former Caney Junior College instructors who seek to recover from the college, the Caney Creek Community Center, and Will Ham S. Hayes, executive director of the Pappa Passan institution, a total of \$216,800.

The complaint was filed by George J. Loser, Jr., Vernon Center, New York, and Raymond Packard, Medicine, New York, each of whom claims that a statement which Hayes damaged him to the extent of \$100,000.

The two plaintiffs claim they were wrongfully discharged and that their contracts as teachers were broken by their damage. Loser claims \$83,000 loss to his contract, and Packard claims \$123,800. Each asks an additional \$5,000 for past and future expenses.

The two say they were employed in June and July of 1961 and that their contracts were breached on or about October 17, that year. This followed a student walkout at Pappa Passan.

The statement alleged to have been made by Hayes and for which each defendant sues, asking \$100,000 damages each, is quoted in the complaint as follows: "The Mr. Loser and Mr. Packard had gathered the students together to incite them to riot against the school. I had counseled the students for their rebellion."

The named Knott county school is represented by Joe Robson, Prestonsburg attorney.

BREATHITT ELECTED GOVERNOR

FLOYD MAY BE BANNER COUNTY FOR BREATHITT

COUNTY VOTE TOTAL 13,146 DESPITE RAIN

ETB Majority Is 5,700 Over Nunn; Waterfield Lead Is 56 Votes Higher

Floyd county turned in a majority of 5,700 votes for Edward T. Breathitt, Democrat, for Governor over Republican Lee B. Nunn during rain-soaked Election Day. Nunn was the only other candidate to appear to have won the state election, but I know which side the boys were on who pocketed all the bets.

Although the official returns from all counties are not in, Floyd's majority is believed to be one of the largest in the state. The largest, given Breathitt by this county, was 36,389 votes over John M. Robson, Republican.

Although 712 fewer votes were cast in the race between Henry Lee Waterfield, Democrat, and E. Bernia Lawrence, Republican, for the office of Lieutenant-Governor, Waterfield polled a majority in the county which was 36 higher than Breathitt's.

"They, in the Mud Creek section, was the only vote of the county's 38 to give Nunn a majority."

Election Day itself was quiet, a steady drizzle cutting into the total vote and reducing the gatherings at the voting places. All precincts were closed early Tuesday evening. All local Democratic candidates won easily—Frank Doherty for Circuit Court Clerk and W. J. (Bill) Reynolds, Jr. for Representative, from Legislative District No. 5. The other Democrats—Patrice Johnson for State Senator, Fred Gearhart for Representative in District 95, Hollie Cline for Circuit Judge, Harry C. Taylor for Representative in District No. 1, Page 6.

WELFARE GROUP SLATES MEETING AT MAY LODGE

Charles Clark To Speak

The full meeting of District 12, Kentucky Welfare Association, will be held November 15 at 6 p.m., at May Lodge, Jenny Wiley State Park. It was announced this week by Mrs. Jasper Risney, district president.

The district is composed of Floyd, Johnson, Lawrence, Magoffin, Martin, Morgan and Pike counties.

Charles P. Clark, superintendent of Floyd county schools, will be speaker, discussing the subject, "School Drop-Outs Back in School," a topic chosen for the welfare workers' meeting because of its national, state and local importance.

Reservations for the dinner are to be made by November 13 with Mrs. Dorothy Burke, Division of Public Assistance, Prestonsburg.

NINE PICKETS ARE CHARGED

State Police Arrest Knott, Perry Counties For Alleged Violence

Nine Knott and Perry county men accused of connection with the picketing which erupted into violence in the East Kentucky coalfield were arrested this week by State Police.

Arrested Monday night were Charlie Engel, of Knott, and Harvey West, of Krypton, Perry county. Seven others were arrested Tuesday. Police identified them as Sherman Gibson and Duell Turner, Hazard; Charlie Moore, Conba; Sherman Neice, Cardiff; Walker Scooter Creek, and Riley Hicks, of Montgomery in Knott county.

All are charged with armed robbery and striking and wounding with intent to kill. State Police said. Eight of them were confined in the Letcher county jail at Whitesburg. Gibson was freed on \$5,000 bond. The arrests resulted from violence that occurred on Pine Mountain in Knott county. (See Story No. 4, Page 6)

'OLD' COUNCIL SLATE WINS

Incumbents Re-elected Over People's Ticket; Vote Totals Are Listed

The Community Development ticket swept its entire slate of candidates for City Council here into office in the Tuesday voting.

All eight winners are incumbents. They were opposed by two tickets—one of four candidates, the other comprised of only one candidate.

The winning ticket is composed of T. J. (Jody) Fanning, Winston (Sonny) Ford, Jr., Dr. Ed. Edwards, B. Leslie, E. B. (Junior) May, Tom O. McGuire, Byron Nunny, Dr. H. G. Salisbury and Clifford Wood.

They were opposed by Oscar Wallen, Bee Hive ticket candidate, and by the People's Ticket composed of W. M. May, Virgil Griffith, Henry Howard, Fred Martin and Henry Messer.

The vote totals for the several candidates:

Fanning, 600; Ford, 834; Leslie, 584; E. B. May, 613; 584; Nunney, 584; Salisbury, 638; Wright, 579; Wallen, 195; W. M. May, 358; Griffith, 420; Howard, 418; Martin, 400; Messer, 460.

AREA TRAVEL MEETING SLATED AT MAY LODGE

The future of the travel industry in Eastern Kentucky will be the subject of the U. S. 23-19 Regional Travel Conference set for November 21 at May Lodge, Jenny Wiley State Park, Prestonsburg.

The regional chairman, Marvin Music of Prestonsburg, in announcing the conference, said that every travel-minded Kentuckian in the area has been invited to make a contribution to the conference.

Mud Creek Man Nubbed With 63 Cases of Beer; Trial Slated Next Week

Bobby Joe Conn was caught with a load of beer on Mud Creek Saturday night, and he has succeeded in getting his quarterly court trial set here for next Wednesday, the day he can be off from school.

Conn, who officers said, was driving a heavy truck loaded with 33 cases of beer, explained to Trial Commissioner Glenn Burdett, that he does not have classes at the May Vocational School, Prestonsburg, next Wednesday, and that that date for trial would be more convenient for him. He is under bond till 10:00 a.m. Tuesday.

Conn was arrested by State Trooper Don Gobbe and Constable Gillis getting the beer off the truck. He had "had it made" after he had safely got through Knott county, on his way from Perry county to his home in Toler Creek.

Those jailed here within the week, charges on which they were booked, and names of arresting officers follow:

Henry Montgomery, drunk driving, booked by State Trooper B. J. Collins, driving while intoxicated, arrested by State Trooper Don Lafferty; Paul Dean Trotter, Army deserter, jailed by Sheriff Sam Hale; Charles S. Bell, drunk driver, by State Trooper E. B. Alick; Edward Kidd, driving while under the influence of alcohol, by State Trooper J. Wheeler.

DEMOCRATS VOTE DROPS

DEMOCRATIC STRONGHOLDS VOTE DROPS

Jefferson Co. Disappoints Republicans; Nann Cities Widespread Irrigation

Edward T. Ned Breathitt, 29-year-old Hopkinsville attorney, has been elected to Kentucky's 38th Governor, but his victory margin is the slimmest since Republican Simon S. Willis was elected to the state's highest office 29 years ago.

At 3 p.m. Wednesday, with 63 of the state's 2984 precincts yet to count, Breathitt held a lead of 12,022 over Louis B. Nunn, of Glasgow, his Republican opponent. The popular vote at that time: Breathitt, 356,366; Nunn, 249,344.

The election night, with Louisville and Jefferson county failing to turn up the heavy support he expected, Judge Nann conceded Mr. Breathitt's election. At that time he was trading by better than 30,000 votes.

Labor as the returns rolled in from all parts of the state. "With Congressional District No. 1, the so-called 'Gibraltar of Kentucky' Democrats, secure a majority of seats, Nunn's column and with the rock-solid Republican Fifth and Eleventh—therefore they figure by adding a 21-vote margin to Nunn—the Breathitt had been beaten. Shortly after 10 p.m. Nunn announced that he was still in the race, and asked his adherents to stand by at the vote machines and ballot boxes.

Wednesday morning, he claimed "widespread irregularities" in the voting and announced that he would ask for a recount.

The election of Harry Lee Waterfield as Lieutenant-Governor also has been more easily won than Breathitt's. Other Democrats were leading for lesser state offices, but the knots of some had narrowed periodically.

Nunn withdrew after what appeared to be a campaign to be a commanding Breathitt lead by attacking Governor Combs' anti-bus order, alleging a "mass" of frauds. In his opponent with the Kennedy's 600 counting the support of disgraced Democratic senator M. A. B. "Happy" Chandler. (See Story No. 1, Page 6)

The project was announced by the Public Works committee of the House Appropriations committee had approved funds for 13 river projects affecting 30,000 people in Kentucky.

The U. S. 23-19 Regional Travel Conference is one of five regional travel groups of the Kentucky Travel Council, which in turn, is an official agency of the Kentucky Chamber of Commerce.

The purpose of the U. S. 23-19 Regional Council is to encourage the promotion of scenic, historic, recreational, industrial and cultural attractions in the area. Music added.

A business session will be held Tuesday evening at the regional officers and county representatives of the Council after the formal presentations, Music added.

AREA COUNTY VOTE NOTED

Breathitt Survives Smash Of Pkk Demo Candidates; Knott Lead Substantial

Edward T. Breathitt, Democratic candidate for governor, who came to the top of the ticket with a commanding lead of 541, rolled up a commanding lead of 1,778 votes in Knott county. He led neighboring Johnson county, however, to Louis B. Nunn by 1,730 votes.

The G.O.P. gubernatorial candidate carried Magoffin county by 343 votes and squeaked through in Lawrence by 241 votes. Harry Lee Waterfield, Democratic candidate for Lieutenant-Governor, received a narrow victory in these counties that day.

Lawrence county which has no voting machines, was not expected to complete its tabulation until late today (Wednesday). Only 16 precincts out of 28 had been counted as of early afternoon when Breathitt led by 1,224 votes and Nunn led by returns from Knott, Magoffin and Johnson are complete.

On the face of the returns of 16 precincts counted in Lawrence, Nunn B. Wellman, incumbent Republican, was defeating Charles Wright, Democratic candidate for Circuit Court Clerk. Mrs. Wellman, a former G.O.P. State Treasurer nominee, had 1,536 votes and Wright 1,063. Glenn B. White, Republican candidate for the House of Representatives, was unopposed.

In Magoffin county, which gave Nunn 2,477 votes to Breathitt's 1,724. White, Republican candidate for the House of Representatives, was unopposed.

In Lawrence county, which gave Nunn 2,477 votes to Breathitt's 1,724. White, Republican candidate for the House of Representatives, was unopposed.

Alton Spurr, Democratic incumbent was re-elected Commonwealth's Attorney in the Magoffin County district, and Carlos Hill, Democrat, was re-elected Knott county Circuit Court Clerk.

Nunn received 4,052 votes in Johnson county to 2,282 for Breathitt. Waterfield did a little better, losing to Nunn by 1,236 to 1,847. W. W. Sparks and W. B. Hazlerig, Jr. (See Story No. 2, Page 6)

HIGHWAYS AND BRIDGE DEDICATED BY COMBS

An estimated 5,000 persons participated in ceremonies in Prestonsburg and near Anner last Thursday when Governor Bert T. Combs and other officials dedicated \$870,000 worth of highways and bridges.

The first project dedicated to the three-mile section of Ky. 114 from Prestonsburg up Middle Creek, including the four-lane bridge across the river here. The second is a new five-mile portion of U. S. 23 from Auxier to Hauser Hill, near Paintsville.

Less formal was the opening of a third project, the new \$100,000 Prestonsburg-Paintsville Airport located in "Blackhawk Bottom," and paralleling the new section of U. S. 23. Governor Combs and his wife made the first landing on the new highway.

The Governor Combs himself dedicated "I don't know who is the most excited or who is the least. I think that our governor should be congratulated on the one before him."

He told the gathering here that time when "the Mountain Parkway was attached at Frankfort but that he is proud to be a member of it. "For it has got three done and one more to go."

Governor Combs described the Mountain Parkway as "the most beautiful highway in America" and said it would not only provide a link in the Parkway is extended to Paintsville in this valley and on to Lexington in the Kentucky River valley.

Then a valedictory note: "If I should have with you respect and a little of your affection, that is all I could ask."

Governor Combs was assisted in cutting the ribbon opening the road to near Anner by Leslie, young daughter of Winston Ford, Jr., member Eastern Kentucky Council. (See Story No. 3, Page 6)

NEW CHEVELLE!
BY CHEVROLET

The kind of handling ease you'd expect in a smaller car. Come on down and drive it.

Only a car that looks as good as this could come between Chevrolet and Chevy II. Come on down and stare at it.

Now—Chevy spirit in a new kind of car!

We built this one to do more than just stand around looking beautiful. Held its weight down in the 3,000-pound range. Then built four lusty engines—two sixes and two V-8's—with output all the way up to 220 horses! And if that makes you think this is one frisky car, you've got the right idea.

You've also got a roomy car here. Yet its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park.

With its Full Coil suspension, it's got a ride that reminds you of the Jet-smooth kind the way it muffles noise and cushions bumps. And the fine band of Body by Fisher craft (smash shows up beneath this one's suave good looks, too.)

Sound good? There's more. Like the fact that Chevelle comes in three series with eleven models—convertibles, sport coupes, sedans, wagons, even Super-Sport models with front bucket seats. Like the fact that Chevelle is this isn't one of the nicest surprises of all the new Chevelle comes at an easy-to-take price!

Like to hear more? The listening's wonderful! At your Chevrolet dealer's—and so's the driving.

Ask about a SMILE-EM-FE Ride and the Chevrolet Song Book at your Chevrolet dealer's.

Forestry Employees Charges Assault By Trio While Investigating Fire

Curtis Goodman, William Reese Goodmyer and Jack Lewis, who are charged in an alleged assault on Rev. Earl Lawrence, Division of Forestry employees, October 26, have been released on \$2,000 bond by Trial Commissioner Glenn Burchett. Trial date set is November 23. As an aftermath of the incident that occurred on Buck's Branch, Curtis Goodman has charged Lawrence with hit and run driving. A lawsuit for Lawrence was sworn out in Magistrate Zeb Osley's court. Lawson, who is a minister of the Baptist Church, says that he went to Buck's Branch to investigate forest fires. He alleged that his wife and six-month-old baby were with him in the pick-up truck which he drove. He alleges that when he parked near the head of a hollow Curtis Goodman broke the window out of his truck and struck him in the face. Lawson said he then leaped the truck and drove away.

When Fun Isn't Innocent

Fred W. Luigart, of The Courier-Journal's East Kentucky Bureau at Hazard, last week wrote an interesting if sweeping indictment of Eastern Kentuckians in their "celebration" of Halloween. Apparently drawing on State Police records and the experiences of citizens, Luigart alleged that perhaps nowhere in the United States is Halloween "celebrated" in a more vicious manner than in the coalfields of the area. He told of a woman, driving from Florida to Morehead, being terrorized as boulders and smaller rocks were being rained down on her car from an overhanging embankment in Magrofin county of a state trooper smashing his car against a boulder left in the highway; of logs and trees cluttering roads, of adults joining youngsters in hinks that long ago ceased to be funny. In Prestonsburg, although there was no great property damage, the night took on an ugly air as grown men, masked, reportedly roamed the streets. One woman reported two or more of these apparently were intoxicated, using disgraceful and frightening language. All of which should convince peace officers and citizens alike that Halloween, for all its traditions, is not a time when a moratorium is to be declared on law enforcement. We're all for the children having Halloween fun, but when men don masks, even as the Ku Kluxers do, and hold the cloak of anonymity, it could be an evening of innocent fun into a night of potential danger, or even horror, to others, the line should be drawn in unmistakable fashion. The neighboring community of Paintsville is said to have adopted a commonsense policy this year. There has not been a person above the age of 16 was permitted to wear a mask, and all, regardless of age, were forbidden the privilege of roaming the streets past 10 p.m.

Viciousness of Area Pranksters Imperil Life, Limb Of Autoists

By FRED W. LUIGART, JR. (In The Courier-Journal.) Hazard, Ky., Oct. 31 — Eastern Kentucky's Halloween pranksters are up to their old vicious tricks. And for the unfortunates who this can mean a trip to the hospital, a smashed car, even the loss of life. Probably nowhere in the United States is Halloween "celebrated" in a more vicious manner than in the mountain coalfields. A motorist rounds a curve, and there, across the highway, is a huge log or tree, a giant boulder or a chain of old rubber tires doused in gasoline and set afire. Tuesday night, "pranksters" in Madison county rained boulders and rocks down an embankment onto the car of a woman driving from Florida to Morehead. A pickup truck tried to run her off the road, and she was scared to death. "The State Police Lt. Billy Lykins, of Pikeville. "Times are real bad in Madison county this Halloween." In Perry county, a State Trooper damaged his car when he smashed into a boulder left in the highway by Halloween "celebrants." And east of Hazard, along Ky. 15, a car was damaged when the driver stopped suddenly for a log across the road. The car's front end crashed into the rear of his. Vandals also have been known to set off charges of dynamite that have blown holes in the highway and tie up traffic for hours while repairs are made. Or, as happened last year, vandals and pranksters have doused loaded coal trucks and leave the highways blocked by a 30-ton pile of old rubber tires doused in gasoline and set afire. "Incidents like these are no trick or treat for motorists," said State Police Sgt. J. A. Murphy of Hazard. The State Police and State Highway Department dread Halloween for days before and after they're kept busy removing obstacles left along the roads by pranksters. The worst period is from dusk to midnight when vandals can operate under the cover of darkness. Not infrequently they block the roads by felling huge trees growing on cliffs across the highways, letting them fall across the roads. Along one stretch of Ky. 15 between Hazard and Jackson last year, one motorist caught in the log across the road. Already this year, State Police at Hazard with help of highway crews have removed several hundred logs from main highways and rural roads. Passenger buses and trucks travel through the area, and many times they are held up for hours by Halloween vandals.

GOP SWEEPS PIKE RACES

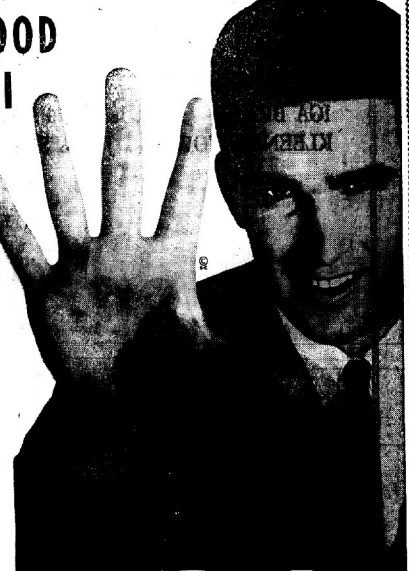

Breathitt Margin Small In County; Stephenson, Loue Judgship Winners. Even if it were races, the Republican party more at a loss when it held local offices at the Tuesday election in Pike county. Although Edward T. Breathitt, Democrat, led in the primary vote for Governor, his 541-vote majority over Loue B. Nunn, Republican, was far below the normal Democratic lead in the county. An intricate election of ticket counts by "Count's" committees was seen in the fact that Harry Lee Waterhouse, Democrat, secured an edge of 101 votes over H. Benn Lawrence, Republican, for Board of Education. The Democratic ticket of local candidates were John Paul Blanton, Democrat, for the Board of Commissioners; James Hunt for County Clerk; a reported 300 votes; and James Stephenson, winner for Circuit Judge over Pierce Kester, a write-in candidate by 100 or more votes. Kester had sought the office in the Democratic primary but was for a while a primary on the ballot by the Court of Appeals. Republican winners. For Circuit Judge, Charles E. Loue over John Paul Blanton, Democrat, by 311 votes. For Common Pleas Judge, James Hunt over Kester by 176. For State Senator, Dr. Foster Spence over James Francis M. Burt, Democrat, by 100 votes. Dr. Spence resides at Pikeville but practices dentistry at Wheelwright. The Kester writing vote showed the official tabulation there and some of the count remained to be done in Washington. The Pike county election officers said announced to a political foe by all with the confounding interests of local candidates during the State Democratic test. Two Democratic candidates for Representative in Pike county were Representative in Pike county were

Letcher county early last Wednesday morning, officers said. Pickets stopped cars driven by coal miners en route to work that day. Pickets whipped and intimidated some miners, stole guns from them, and shot into at least one car, police said. They also said Gibson allegedly served as spokesman for the roving pickets at the time.

Gibson, Engle and seven other pickets are under indictment in federal court at Jackson on charges of attempting to dynamite a Louisville & Nashville railroad bridge in Perry county during the labor-management unrest.

Observe Wedding Anniversary

Mr. and Mrs. James L. Ratliff, of Heersville, who last Sunday observed their 63rd wedding anniversary, are living reminders of the fallacy of the argument that economic pressures are one of the major factors leading couples into the divorce courts.

They don't talk of economic difficulties—instead they say, "We had it hard." And look back on it all as the best part of their lives and tell you they were happy with it all and too busy making a living to sit themselves.

These two were born in the time and place where a "plow and a horse" was one of life's necessities. Ratliff recalls the time when he was a year of age on a farm, when the fire "went out" and he had to "crawl up a tree" to escape the fire. It was not long before daylight, and it was pretty scarce.

Mr. and Mrs. Ratliff date back to their marriage November 3, 1900. Says Mrs. Ratliff, the former Polly Sutton: "I really hit it hard. Got bread, cooked in the fireplace, skinned hickory bark to bottom chairs, raised broom corn to the seed and my brooms, carded and spun wool

STUMBO ASKS ATTENDANCE

At Pikeville Hearing; Preliminary Meeting Scheduled at Martin

A motion picture of all alleged Floyd county cases has been called for Tuesday, November 12, at 7:30 p.m. at the court house in Martin. The hearing will be held at the court house in Martin on November 22, when a final order will be made on the motion picture and the hearing will be held at the court house in Martin on November 22.

The announcement was made by Judge J. H. Hays, presiding judge of the court. Next Tuesday's hearing is scheduled for business men, civic leaders and officials to confer on the work of the county and on presentation at Pikeville of these needs to the U. S. Corps of Engineers, which will hold at the Martin high school auditorium.

"We are all agreed that we need a law, but if we fail to attend the Pikeville hearing and take the trouble to present our case, we will stand little chance," Judge Stumbo said, urgent attendance at both the Martin and Pikeville meetings.

as auditor at David by Chester Patton of Allen, who will move up from the post of chief clerk.

Mr. Harman was born at Axler on June 18, 1891, the son of Mr. and Mrs. Tansie Harman. He attended Floyd county schools, graduating from Prestonsburg high school and later attended Morehead State College and Bowling Green Business University.

After leaving for four years in Floyd county schools, Mr. Harman joined the accounting department of Malloy Coal Company at Malloy, West Virginia in 1936, and in 1941 was promoted to auditor of the firm.

Mr. Harman is a member of the Huntington Chamber of Commerce, the Huntington Industrial Corporation, of which he is also a director, chairman of the National Coal Association Committee on Coal Economics and Statistics, and a director of the Kentucky Coal Association.

Mr. Camela, 45, is a native of Welch, West Virginia. He was graduated from Welch high school in 1936, and attended Bowling Green Business University, Bowling Green, Kentucky, receiving a B.S. degree in Accounting and Business Administration in 1940. He joined Prestonsburg Elkhorn Coal Company as chief clerk in October, 1941, and was promoted to auditor in February, 1952.

A resident of Prestonsburg for the past 22 years, Mr. Camela is a member of the St. Theodore Catholic Church, past president of the Prestonsburg Kiwanis Club, a director of the Federal Savings and Loan Association, a commissioner of the Palatka-Prestonsburg Airport Authority, a member of the Prestonsburg Planning and Zoning Commission, past director of the National Municipal Association, and past director of the Big Spring Elkhorn Coal Operators' Association. He is active in Girl Scout work and his wife, Nancy, is vice-president of the Sandy Valley Girl Scout Council.

Mr. Camela will move his family to Huntington at the end of the school term May. David L. Francis was born in 1898 in the present of Princess Elkhorn Coal Company, the Elkhorn Coal Company, Princess Coal Sales Company and Malloy Stores, Inc. and has been president of Princess Coal Co. and affiliated companies since 1939.

of the Prestonsburg contract firm which has done a major share of the work on the project. A multi-colored dedication ceremony will be held at the dedication ceremony on the new U. S. 25 cut-off, cutting short the exercises.

Major Ralph Preston, of Palatka, will address his remarks of Governor Combs' personal and official dedication to the welfare of Eastern Kentucky.

From here the Governor and his party went to Campton for the dedication on the following day of the Mountain Parkway, a road extending from Campton to Salversville.

Proceeding last Thursday's dedication exercises, thousands of 400 persons gathered at May Letcher, Jenny Wiley State Park, at a luncheon, Marvin Music, member of the State Parks Board, presided, with Ward and Governor Combs speaking briefly.

Politics was not mentioned at any time in the Floyd county scene, unless Henry Ward's comment that he would be highway commissioner after the members election can be construed as such.

He made this comment in saying that Governor Combs has refused to permit an public project to be named for him. But, Ward added, "he'll not be Governor after a certain date in December, but I think I'll be highway commissioner, and I have the intention as highway commissioner I will have the right to put up a sign at the end of this new bridge in Prestonsburg, and it will read, 'The Bert Combs Bridge'."

monger, seaman, dunder, quiddian, wamble. You're welcome to the lot of it if you'll let me what a quiddian is, or not.

From the same source I learn that Wilfred Punk, thirty years ago, listed ten words which he considered the most beautiful in the English language. Chosen for both sound and meaning, the words are: dawn, twilight, murmuring, translucent, mist, lustrous, chimes, golden and melody.

If you want words that hum and sing and paint a picture, I suggest you try Edgar Allan Poe. We mentioned Johnson's dictionary in the preceding paragraphs. We have a dictionary in this office which doesn't even contain the word "huff."

SUFFERERS HEART ATTACK
Mrs. Chloeyne Stephens suffered a heart attack Wednesday night and was taken to the Prestonsburg General Hospital. Mrs. Stephens was 67 years old and a local dry-cleaning establishment.

OATH OF OFFICE as new member of the State Board of Health was administered recently at May Lodge, Jenny Wiley State Park, by Governor Combs to Dr. Frankfort P. Archer, of Prestonsburg. New members usually are required to go to Frankfort for official induction to their duties, but in this case Governor Combs was here to attend the Rural Health Conference, and he made the matter convenient for the busy Prestonsburg man who is mayor as well as head of the Prestonsburg General Hospital.

LAKE LANES REMODELING

Manager Announces Program To Entail \$12,000 Expenditure

Edith Lee Carter, manager of Lake Bowling Lanes, said this week that a remodeling program now under way at the bowling center will entail the expenditure of \$12,000.

The work consists mainly of installing new ball exit systems to provide double-lane operation, increase the speed of ball return by 15% and generally contribute to the enjoyment of bowling.

Mr. Carter also announced that the annual summer jamboree of the Kentucky State Bowling Association will be held at Lake Lanes, the first Saturday in June. Decision of the state organization to come here for the event was made last week-end at Owensboro where Mr. Carter, of officials and delegates from the Floyd-Pike Bowling Association attended the KSBBA fall meeting and state tournament.

The Junior Assembly, which is sponsored by the Kentucky Y.M.C.A., introduces its members of the seventh, eighth and ninth grades of the state's schools to the machinery of state government through the study of the affairs of state. Thirty from the Prestonsburg school attended with their faculty sponsor, Mrs. Kathryn S. Prater.

One bill introduced by the Prestonsburg group won enactment. It will bring to Prestonsburg from 75 to 100 offices and delegates as well as 422 officials from Milwaukee.

Officers delegates and others from the Floyd-Pike Association attending last week-end's Owensboro meeting included C. J. McWhirter, Jr., association president; Roger Colvin and Randall Hoyenout, of the Association; and Paul Brannan, delegate; Raymond Zeno, Mr. Carter, Jim Caldwell, Henry Harris, Jr., David Joe Willis and Larry Garrett.

A high school bowling league for both boys and girls is being formed at Lake Lanes and will begin play soon.

Alice Lloyd Students Attend College-Business Symposium

Nine Alice Lloyd College students attended a special regional "College-Business Symposium" in Louisville Monday as guests of the Kentucky Power Company.

The students, with their sponsors, Arlie Barker, Hazard district manager for Kentucky Power, and William Hughes, Alice Lloyd dean of students, explored Kentucky's present economic problems and exchanged thoughts and opinions on them with the state's business leaders. The symposium is designed to give college students an opportunity to hear the views of businessmen on economic issues.

Students representing Alice Lloyd College were Mary Lindsay, of Blacley; Debra Gilliam, Ligon; Virginia Jenkins, Martin; Betty Stanley, Melvin; Arneann Greider, Pippa Passes; Mike Donahoe, Prestonsburg; Grady Stantley, Hazard; John Combs, Hazard; and Gary Pace, Whitesburg.

The Louisville and Kentucky Chambers of Commerce are regional sponsors of the symposium in cooperation with the United States Chamber of Commerce.

REPORTS ON MEETING
Pippa Passes, Ky.—John Combs, Alice Lloyd College sophomore from Hazard, and newly elected president of the Kentucky Regional Group Council of the Southern Mountains, reported at Monday's student reports on the organization's fall meeting held at Buckhorn, October 21.

Combs reported that discussions were conducted on regional hospital services and the problem of teacher loss within the mountain area. John Campbell, Yerges, Kentucky, and Christine Stumper, of Blacley, were elected regional vice-president and secretary, respectively.

Alice Lloyd College faculty members and students who attended the meeting were introduced. They included Mildred and Christine Stumper, Barbara Beck and Jerry Whitaker of Blacley; James Gayheart, David; Gail Lawson, Orkney; Bert Lyles, Manton; Glen Marshall, Martin; Burl Scott, Garrett, and Janelle Singleton, Cardia, Kentucky.

ON PINE ARTS TOUR
Five Alice Lloyd College students and their faculty sponsor, Prof. Arne Greider, enjoyed Louisville's cultural activities Wednesday and Thursday this week, during the college's fall fine arts tour.

Tour members include Christine Stumper and Barbara Beck of Blacley, and Bonnie Masley, Tommy Bays and Ancel Nickels, all of Wayland.

TO PRESENT SHAKESPEAREAN PLAY
The 40th anniversary of William Shakespeare will be celebrated on the Alice Lloyd College campus, Thursday, November 21, with a performance of his "King Henry the Fourth, Part I." Prof. James H. Herr, director of the Alice Lloyd Theatre, recently announced the names of a 23-member cast.

American Education Week Observance Is Scheduled At Maytown, Nov. 10-16

"Education Strengthens the Nation," is the theme for the week-long American Education Week to be observed in the Maytown schools, November 10-16.

Miss Eloise Allen, chairman of the American Education Week committee there, said that the theme is highly appropriate in the light of current world conditions. Not only has education contributed directly to the technological changes which annually increase the standard of living and wealth of the nation, but it stands as a primary bulwark in the ideological battle between East and West.

Every year, during the week in which Veterans' Day occurs, American Education Week is held to put the spotlight on what the schools are doing. National sponsors are the National Education Association, The American Legion, National Congress of Parents and Teachers, and the U. S. Office of Education.

In Maytown, American Education Week is expected to draw the school into their local schools to see for themselves what's going on. The school will observe American Education Week by holding open house, November 11, 12 and 13.

Parents of the children in grades 1-6 will be invited to visit the school and attend an assembly with Charles Clark, superintendent of Floyd county schools, addressing the group on Monday, November 11.

On Tuesday, November 12, parents of the children in grades 7-12 will be invited to visit the school and be a part of school assembly at which Wayne Ratliff, assistant superintendent of Floyd county schools, will make the address.

Wednesday, November 13, parents of juniors and seniors will be invited for the day, and the assembly program will consist of representatives from the various colleges speaking to these parents and the high school student body.

Colleges which will participate in this program are Morehead State, Alice Lloyd College, Pikeville College, Eastern State, Mayo State Vocational School and the University of Kentucky.

Although invitations to parents for special days are being sent, any parent or interested citizen is welcome to visit the school for any of these programs and spend any part of the day with us.

At the conclusion of each day Mrs. Joyce Stewart, home economics teacher, and her pupils will be serving tea to teachers and visitors in the home economics department. Students will serve as guides and be at the registration desk in the entrance of the main building.

Detection of Diabetes Planned by Med Group; Proclamation Is Issued

"Finding unknown diabetes and helping them to live longer, more useful lives is the goal of the annual Diabetes Detection and Education Drive during the week of November 17-23" according to Robert S. Tillet, M.D., Louisville, chairman of the Kentucky State Medical Association's Diabetes Committee.

Sponsored by the KSMMA in cooperation with the American Diabetes Association, the drive will be held during the period officially proclaimed as "Diabetes Week" in Kentucky by Governor Bert T. Combs.

"In 12 previous public service campaigns, nearly 2,000 persons who were unaware they had diabetes learned of their condition. These individuals now have the necessary knowledge to enable them to use the proper precautions," Doctor Tillet said.

Every physician, hospital and laboratory in the state has been asked to cooperate in the drive by giving a free urine sugar test to anyone requesting it. All Kentuckians are urged to take advantage of the drive, which is unique in that it is strictly a public service effort and not a fund raising campaign.

Cawood Calls Football

Cawood, WHAS sports director

TOUGH TIMES AHEAD
Kentucky has one of its best of defensive football teams in 1963 and probably its worst offense.

Here at the mid-way point in the 1963 schedule, the Wildcats have been able to outscore only their five opponents, but in their own Southeastern Conference the Cats have gone way for 40-0.

This is supposedly the point in the schedule when Kentucky would come into its own. The SEC big game, Ole Miss, Auburn and LSU, are behind them and traditionally at Kentucky the second half of the state has been much kinder to the Wildcats.

With Kentucky's leaky defense, such does not seem the case this fall. It's Homecoming Day this Saturday afternoon in Lexington, Georgia is paying a visit to Stoll Field and the Bulldogs have been a consistent dweller lately in the SEC's second division. But things may have changed! Larry Baker, who virtually rewired the rotary book last Friday night as he passed for over 400 yards and led the Bulldogs to an astonishing 31 to 14 win over a favored Miami team.

After Georgia the Wildcats entertain Miami and a gentleman that was almost unanimously selected on the pre-season All-American team, the quarterback George Mira who is probably the best combined runner and passer in college football.

The week before the Tennessee game, Kentucky normally schedules a breather. This time Baylor oc-

cuples that position on the slide. Dave Tread is the quarterback for the Baylor Bears, and he is passing the Southeastern Conference dizzy. His coach calls him the top passer in college football, and last year he led the nation in his specialty.

This may be the half of the schedule Kentucky was looking forward to at the outset of the 1963 campaign but it may not turn out that way. Three of the nation's best will take aim at the Wildcats in their final five games. There is indeed no rest for the weary.

Telephone Talk

By GUY HISLE
Your Telephone Manager

AS A SOUTH BELL TELEPHONE USER, did you know you can call any of the three telephones in the British Virgin Islands? And if that doesn't impress you, did you know you can also call more than 140,000,000 other telephones, 98 per cent of all the telephones in the world?

TIP TO TEEN-AGERS: If you discover you're going to be late coming home from school, or a date, why not call home and save the folks some worry?

TIP TO PARENTS OF TEEN-AGERS: Your teen-agers have their own room. Why not their own telephone?

THE WORK OF BELL TELEPHONE LABORATORIES is one big reason why your telephone service gets better, more efficient every year. At the Laboratory, over 13,000 engineers, scientists and researchers study the art of communications, devise ways to improve telephone facilities, increase the speed and efficiency of telephone service. The result of their work is the world's finest telephone system, and more telephones in the U. S. than in all other countries combined.

IF YOU'RE BEING VERY EFFICIENT and planning your Christmas giving list now, why not consider giving telephones. Moms, dads, teen-agers all need a phone of their own. Phones come in many pretty styles and colors, are sure to be enjoyed all year 'round, sound like a good idea? Then why not talk it over with your telephone salesman or call our business office.

THE RING OF YOUR TELEPHONE IS A HAPPY SOUND, particularly when you're home alone. . . kept indoors by the rain . . . celebrating a special occasion . . . waiting for important news. Isn't there someone, somewhere who would welcome the sound of your voice? Call now. You'll both be glad you did.

Representing — Mutual Benefit Life

Our Definition of Disability. Nobody knows when or how severely accident or sickness may strike—rob you of income and your way of life. That is why Mutual Benefit Life has pioneered a unique disability contract. Disability is defined in terms of loss of earned income. This definition avoids uncertainties and litigation which might occur if disability were defined as "inability to pursue any manual occupation." It also lets a man rehabilitate himself as he wishes for whatever work he can do to give him a sense of usefulness and added income. Our disability contract is just one of the MBL "Seven Significant Benefits."

STEAMBOATING as the boats and the men in appearance and location.

Another interesting item picked from the Big Sandy Herald date not given but presumably in 1872, is a news story about "huge grindstones" at this place for the Norton Iron Works, weighing 1,000 pounds each.

The Ashland newspaper columnist said: "The BELLE VERNON was built at Pittsburgh, Pennsylvania in 1877 and operated between Pittsburgh and St. Louis until about 1878. The 'grindstones' which she picked off at Ashland probably came from the vicinity of Marietta, Ohio, where there has been for many years a large number of stone quarries from which these grindstones were made. There are yet in the vicinity of Marietta one or two of these companies still making the stones for use in all kinds of industry."

ELLISON MOUNTS HANGED We are indebted to Mrs. Bruce Evans, Pikeville, for a newspaper clipping from a Pikeville newspaper of 1869 with the story of the hanging of Ellison Mounts for the murder of Alfred McCoy in the July issue of the Hatfield-McCoy feud.

The feud was far more than a "paranormal" standard; it was the usual in 1870. It had 17 lines: THE DRIP, Ellison Mounts Goes Into Exile From the Scaffold in Exile, a Crime Done, the Murder of Alfred McCoy Executed Today. The First Local Death connected with the Hatfield-McCoy feud was the victim of the "Treachery of His Chief, He Dies on the Scaffold While Others Remain On Unprovoked Pillars of His Crimes."

The headlines took seven and one-half inches of space! The story at the top of the page was about 11 inches of reading matter. The clipping follows:

"Ellison Mounts was the first of the Hatfield outlaw gang to die on the scaffold. Sixty guards, heavily armed, accompanied the condemned to the instrument of death which was situated in a valley near the city. Thousands of people witnessed the execution. Sheriff Mountain conducted the affair. Rev. J. W. Giever offered prayer on the scaffold.

"Garret C. Porter, of the Eastern Kentucky Revolution, represented the New York Sun and S. X. Swinney of this paper, were the only members of the press permitted on the scaffold.

"The death of Ellison Mounts to day on the scaffold marks the first decisive effort of the law to exterminate one of the most horrid outlaws that was ever perpetrated on a mortal's neck. The New York Sun and the New York Herald, his private friends, and Miss Alfalfa, their children, and an orphan boy of ten years, were permitted to stand in their family home on the west bank of the River in this county. Suddenly the stillness of the night was broken by the rapid discharge of firearms. The inmates of the cabin sprang from their beds to find the house surrounded by armed men. The fusillade continued. Father and son were making a gallant effort in defense of the family when a new enemy appeared on the scene. Suddenly the darkness was dispersed around the besieged home.

The family had set fire to the building. The scene that follows bears description. When morning dawned, the daughter lay dead near the door of the house. A scuffle hole in the young lady's bosom indicated the bullet's course. The ex-husband, after a short distance away with her face horribly lacerated almost to fatally mangled. In the shadow of the stable "mass" terms.

The edge of the morning sun the next day was found a Winchester rifle ball had passed through the forehead of the orphan boy whose escaped injury.

"For this heinous crime Mounts was arrested. He confessed to the act. According to his statement those who participated and were present at the night of the murders were: Jim Vance, Cup Hatfield, Bob Hatfield, Ellison Hatfield, French Ellis, Tom Mitchell and Tom Gillespie.

"Ellison Mounts was the illegitimate son of old Deacon Hatfield. He was 21 years old and could neither read nor write when placed in prison but learned both arts while confined.

ATTENDANCE IS URGED AT PIKEVILLE HEARING

Congressman Carl D. Perkins this week emphasized the importance of attendance by officials and citizens of the public hearing to be held November 22 at Pikeville by the U.S. Corps of Engineers on the advisability of providing improvements for control, hydroelectric power, water supply and transportation.

The first public hearing of these improvements was held at Pikeville December 9, 1954. Since that time two interim reports were made, one recommending a local flood protection project for Williamson, West Virginia, the other giving preliminary consideration to flood control projects for the entire Big Sandy River basin and recommending the North Fork of Pound river.

Studies for all purposes, except water transportation are nearly complete, and tentative conclusions can now be drawn on the projects studied. The November 11 hearing has been scheduled so that the required survey report may fully cover these projects.

The Pikeville meeting will be held at 1 p.m. in the Pikeville high school auditorium.

Interested persons are invited, said Col. Harrington W. Cochran, district engineer, Huntington, West Virginia, to discuss the needs for new projects as well as for those already under consideration. Opposing interests also will be heard.

Great attendance will be heard but Col. Cochran suggested that, for the accuracy of record, all important facts and arguments should be submitted in writing. These written statements may be mailed to Col. Cochran or handed to him at the meeting.

Those desiring to make an oral presentation are asked to notify Col. Cochran of their intention and of the specific area of interest of each not later than November 19.

RAE DINE'S Paula Ann Hall, seven-month-old daughter of Norman and Sola Hall, of Crabb, died Thursday of last week enroute to a hospital. The cause of death was not learned. The parents, one brother and one sister, were notified Saturday at home and burial was made in the Re Roberts cemetery under the direction of Hall Brothers Funeral Home.

GETTYSBURG ADDRESS MYTH
IS EXPLODED BY MAGAZINE

It is widely believed that President Abraham Lincoln made his great speech at Gettysburg, 100 years ago this November 19, with little or no preparation; that on the train he jotted a few notes on an envelope or a scrap of paper. It is also believed newspapers largely ignored the speech.

These beliefs are explored and exploded in a November Reader's Digest article, "A Few Appropriate Remarks" at Gettysburg," by Tom Mahoney. Neither is true. Lincoln worked hard on his immortal 10 sentences. They had prompt notice and acclaim.

Lincoln wrote half the speech in Washington, had no chance to work on the train, completed a first draft in the White House at Gettysburg that night and finished another the next day just before going to the battlefield.

He changed "this we may in all propriety do" to the more forceful "it is altogether fitting and proper that we should do this." He made changes even as he spoke, forgetting "poor" in "our poor power" and adding "under God" for a total of 213 words. Of these 190 are one syllable. He spoke less than five minutes.

An Associated Press reporter, Joseph L. Gilbert, who worked earlier in Harrisburg and later in Philadelphia, stood just in front of Lincoln, borrowed the draft that he held in his hand and

telegraphed the complete text. Many newspapers published the speech in full next day.

The Library of Congress has two early drafts of the address. There are other copies in Lincoln's own hand in the Lincoln Room of the White House, Cornell University at Ithaca, N. Y., and the Illinois State Historical Society at Springfield, Ill. The last named was sold by Thomas Madigan, New York autograph dealer, in 1930 to James C. Ames, Chicago investment banker, for \$150,000. A sixth copy is missing.

Assigned Risk Plan
For Auto Insurance
Alteration Is Slated

Frankfort, Ky., Nov. 5 (Sp.)—Kentucky's "assigned-risk" plan for automobile liability insurance, whereby all companies writing this coverage must insure a number of high-risk drivers in proportion to the amount of business they do, will be altered effective January 1, 1964, to eliminate these high-risk drivers from the overall loss-rate experience which ultimately determines the rates for average drivers.

Insurance Commissioner J. Elliott Flanery said that the new arrangement would tend to lower rates for the average driver, although the effect will not be felt for some two years. Similar plans to separate the two types of experience in rate-making have been adopted in approximately 26 states, he said.

The latest study of assigned-risk drivers in Kentucky disclosed that these motorists cost \$125 in losses and other expenses for bodily injury and property damage for each \$100 taken in as premium. In the vocabulary of insurance actuaries, this means a loss ratio of 125 per cent, Flanery said.

Rates for these assigned-risk drivers have also been standardized so that any of the approximately 250 companies which might be assigned the application will charge the same rate, he said. Drivers with the worst of the poor driving records will pay proportionately more, based on the number of points accumulated for accidents and traffic violations during the preceding three years.

Insurance agents who submit a driver's policy application to the Kentucky Automobile Assigned Risk Plan will be able to quote the premium to the customer immediately under the new arrangement. Since rates now vary from company to company, they presently can be quoted to the customer only after his application is assigned to a particular company.

Flanery pointed out even the assigned risk pool is not open to all drivers. Some with extremely bad driving records are disqualified, he said.

Some drivers, because of their age or other factors, may be considered poor risks even though their past driving records may be spotless. These drivers are insured under the assigned risk plan at the same rates as those drivers insured by the companies voluntarily, Flanery said.

Flanery urged all insurance agents to contact their companies for details of the new plan before the effective date of January 1.

GOOD FOR BABIES

Apple juice is good for babies, recent research has shown. Nutritional tests comparing apple juice with citrus juices in the diet of babies and small children showed that those taking the apple juice had fewer stomach disorders than those who drank citrus juice, according to W. D. Armstrong, UK Agr Experiment Station horticulturist.

AWARDS IN TREE PLANTING SLATED IN COMPETITION

Frankfort, Ky., Nov. 5 (Sp.)—A tree convention trip and a plaque will be the top awards for the best tree planting in a Kentucky county next spring. State Conservation Commissioner J. O. Matlock has announced.

In reactivating a contest, last held in 1958, Matlock said he hopes the state's reforestation program can be increased to 20 or 25 million new seedlings planted a year. The Forestry Division now provides about 18 million seedlings annually to state tree farmers.

The award program is being sponsored by the Department of Conservation in cooperation with the Kentucky Agricultural Stabilization and Conservation Committee, U. S. Soil Conservation Service, Kentucky Association of Soil Conservation Districts, U. K. Extension Service, U. S. Forest Service, State Bureau of Vegetation.

Mrs. Georgia A. Cline, Age 41, Dies Oct. 24; Native of Floyd-Co.

Mrs. Georgia Annmarie Cline, 41, Wilbur, Kentucky, died in a Louisville hospital, October 24. She was a native of this county.

Mrs. Cline was a daughter of Kenis and Myrtle Crider Spears, formerly of German, but now of Blaine. Her husband, Crawford Cline, survives. She was a member of the Baptist Church.

Besides the husband, four daughters and five sons survive. Graveside services were conducted October 26 at 1 p.m. at the Rose John Birch and Ollie Ann officiating. Burial was made in the Cline cemetery at Cordell, Kentucky.

Metropolitan markets in Kentucky, as well as other states, have been captured by the Scotch pine. The Scotch pine's popularity will probably continue in the future because the percentage of wild trees on the Christmas market is dropping rapidly. It is down 12 percent now from the figure of five years ago. High quality plantation trees are pushing the wild trees off the market.

Each member of the winning team will receive an expense paid two-day visit to Louisville to attend next year's Conservation Congress or a comparable conference. A plaque will be awarded at the Congress to the winning county and to each of the winning team members.

Butcher said the county teams must submit a report of their efforts to the Forestry Division by next May 1. The information should include the methods used to get trees distributed to individual landowners, information and education activities, number of landowners planting trees and total number of trees planted, an outline of plans for the fall, next season and other data.

The contest, which Butcher hopes to make an annual event, is now open for the spring planting season only and tree planting on state, federal or other publicly-owned land will not be counted.

Majorette Leader

Leading the Belleville (Mich.) high school majorette corps this year is senior Betty Layne.

"Really?" is the way she put her surprise on the last day of school when Mr. Downing, the band director, announced his choice for head of the 1963-64 corps. This is her second year to serve on the senior corps and it has afforded her many opportunities. Last year the band played for Vice-President Lyndon B. Johnson, October 27, they played at the Detroit Lions' football game. Belleville high has approximately 2,500 students. Layne is the daughter of Edna Layne of Belleville, formerly of Floyd county, and is the granddaughter of Mr. and Mrs. Taylor Layne and Mr. and Mrs. Waller Perkins, of Martin.

Candidate Wives Honored

By 291 Women of Area; Mrs. Collins Speaker

Two hundred ninety-one Democratic women of this area honored Mrs. Edward T. Breatthit and Mrs. Harry Lee Waterfield, wives of the Democratic nominees for Governor and Lieutenant Governor, respectively, at a luncheon held last Friday at the home of Mrs. Jenny Wiley State Park.

Mrs. M. M. Collins of Lacey, Floyd Democratic chairman, presided and gave the address of welcome to the guests of honor and visiting county chairwomen. She introduced Mrs. Archie Craft, of Whiteburg, who in turn presented Mrs. Breatthit, Mrs. Waterfield, Mrs. J. Marry Blue and Miss Frances Peden to the gathering.

County chairwomen seated with the guests of honor included Mrs. Collins, Mrs. Craft, Mrs. Charles Keusee, Mrs. Dorey Johnson, Mrs. E. D. Stephenson, Miss Pearl Rynun and Mrs. Elizabeth Marum.

The hat offered as a door prize by Mrs. Breatthit was won by Mrs. Dick Davis of Prestonsburg. A rug offered by Mrs. Waterfield was won by Mrs. Dorey Johnson, of Pikeville.

Rural Service Leader

Participation

The "Keep Kentucky Cleaner, Greener" beautification program is in its fourth year, said Earl Martin, Prestonsburg, rural service chairman of the North District, Kentucky Congress of Parents and Teachers, recently in urging all units in the district to participate in the program and to report on their accomplishments. This is a five-year, state-wide, continuing program plan under the direction of Mrs. J. T. Vertes, rural service chairman of Kentucky Congress of Parents and Teachers, in cooperation with Mrs. Connie Quinn, assistant director of Beautification, Frankfort.

A winner is chosen from each of the 12 PTA districts and then an overall state award is presented each year.

Hatcher School was the recipient of the beautification award of the North district for the second consecutive year. The award was presented at the fall conference held recently at the Centenary Methodist Church in Ashland. Hatcher also tied with Wayne, the first year of the program.

Mr. Elmer Cobles, principal and school education chairman of Hatcher PTA headed and outlined the plan of Hatcher participation with every grade in the school submitting something for the clean-up program.

Rules for the school clean-up and beautification contest are: Each school will be allowed one entry a written report covering all the activities listed on the outlined plan of a scrap book and pictures may be submitted to supplement the written report.

Prizes will be in four point school. School funds, 400 points. Written reports, 200 points. Display board, an entry is May 1, 1964 and must go to the North District president Mrs. Clyde E. Hixson, 144 Main Street, Paintsville, Ky.

Teachers Working With Students Not Physically Able To Attend School Reached 26 Last Year

The two teachers, who began work last year with students who were confined to their homes because of physical inability to attend schools, reached a total of 26 pupils, it was said here by County Superintendent Charles E. Clark. Provision is made for the employment of the teachers in the 1963-64 budget at the request of Clark.

It was noted that children eligible to have home instruction must be physically unable to attend, and have the mental ability to learn. The program does not propose to instruct the mentally retarded since these pupils are cared for in separate institutions. The handicap must be one that prevents the child from attending school for at least 30 days. The child's parents must provide a doctor's certificate attesting to the student's inability to attend.

Clark, in commenting on the program, said: "In case a child who is attending regular school becomes physically handicapped and needs homebound instruction, the teacher in the regular school can refer the child either to the superintendent's office for enrollment in one of the homebound units or directly to one of the homebound teachers. In all cases, however, the regular teacher will withdraw the child from her register so the homebound teacher may enroll the child on his school register. If the child is able to return during the year the regular teacher will re-enroll him on the register."

"Many of last year's students were able to achieve enough during the two-hour session per week to be promoted to a higher grade level," Clark added. "This, in itself, proves the program worthwhile."

Clark emphasized that the ultimate success of the program depends upon the cooperation of the parent and teacher.

College Choice Assist Offered by University; Advisers To Come Here

Kentucky high school seniors who are pondering the choice of a college or university will get information in November that should help them make a rational decision.

The information will be disseminated through the University of Kentucky's annual Visitation Program, which this month will provide high school seniors with Kentucky questions with authoritative answers to their questions about college life in general and UK in particular.

Half a dozen UK representatives, each an authority on some aspect of college activity, will present an information program at 7:30 p.m. Thursday, November 14, in Prestonsburg for residents of Floyd, Pike, Magoffin, Johnson, Martin, Morgan and Wolfe counties.

All high school seniors in the seven-county area, along with their parents, teachers, counselors and others interested in learning more about higher education in Kentucky, are invited to attend the meeting here.

The program will include a brief talk by one of the UK representatives, a longer question-and-answer period and an informal social hour. It's the question period which gives the student and his parents all the information they could obtain in a personal visit to the UK campus in Lexington.

Questions dealt with by the visitation team usually cover such subjects as financial aid and school costs, academic requirements and expectations, housing, admission procedures and student activities.

QUESTIONS DEALT WITH BY THE VISITATION TEAM USUALLY COVER SUCH SUBJECTS AS FINANCIAL AID AND SCHOOL COSTS, ACADEMIC REQUIREMENTS AND EXPECTATIONS, HOUSING, ADMISSION PROCEDURES AND STUDENT ACTIVITIES.

INTRODUCING THE DEPENDABLES FOR '64

We have designs to get you in our power
Our engineers are a wily group of guys who spend most of their time dreaming up ways to win your approval. Take the Dodge Polara 500. You'd be hard-pressed to find a car that's got more going for you. Deeply-dimpled, contour-formed bucket seats. All-vinyl upholstery. Silt-to-silt carpeting. Padded dash. Center console. And lots of other trimmings. But that's only the half of it. Our approach to power will further illustrate the point.

With the Polara 500 you aren't baked in on a certain engine. You can choose from a standard 318 cu. in. V8 up to a street-version of our wallowing, all-out 425 cu. in. Ramcharger V8. Compromising? Nope. You just feel a freedom of choice is the surest road to your approval. That's our way of doing business—giving you lots of car and lots of satisfaction at a price that's hard to quarrel with.
Your Dodge Dealer will be glad to demonstrate the point.

IN OPERATION BIG LIFT
 Fort Hood, Texas—Army Specialist 4 Carl J. Moore, 25, whose wife, Phyllis, lives in McDowell, Kentucky, has been participating in the second phase of Operation BIG LIFT in Germany, a NATO field training maneuver which was slated to end November 5.
 Specialist Moore and other members of the 2nd Armored Division were awarded to Germany prior to the NATO maneuver. Operation BIG LIFT is scheduled to end in late December.
 Moore, a tank driver in Company B, 1st Battalion of the division's 6th Armored at Fort Hood, entered the Army in November, 1961. The specialist, whose mother, Mrs. Virginia Moore, lives at Oakley, is a 1958 graduate of McDowell high school. Before entering the Army, Moore was employed by the Lake Shore Bus Co., Columbus, Ohio.

Basketball Schedule
 The McDowell Daredevils opened their 1963-64 basketball season Saturday, Nov. 2, when they played host to Denzil Halber's Martin Purple Flash.
 The Daredevils, under Coach Pete Grigsby, Jr., had the impressive record last year of 29 victories and only eight defeats. This is Coach Grigsby's third year at McDowell, and he has six lettermen returning this year. Coach Grigsby predicts some fine performances from his returning star forward, Shaun Howell, who is considered one of the best defensive players in the county.
 Denzil Halber's Martin Purple Flash is led by a fine forward, Larry Hall, one of the finer players in the county.
 McDowell is participating in two invitational tournaments this season—the Wheelwright Invitational at Wheelwright and the Henry County Invitational at Newcastle.
 The following is the McDowell roster:
 Shaun Howell, 6-3, senior, guard-forward; Wendell McCoy, 5-9, senior, guard; Jerry Patton, 5-11, senior, guard; Terry Thornberry, 5-10, senior, forward; Ronnie Carter, 5-11, senior, guard; Ricky Hall, 6-3, sophomore, center-forward; Jimmy Hopkins, 6-1, junior, forward; Bill Hopkins, 6-1, senior, forward; Donnie Hall, 5-7, freshman, guard; Garnett Tuttle, 5-8, sophomore, guard; Larry Hamilton, 6-3, sophomore, forward-center.

TWO TEAMS YET HOPEFUL
Of Reaching Playoffs; Last Games of Season Slated for Week-End
 Three high school football games in the Eastern Kentucky area this week-end close out the regular season, but Paintsville and Elkhorn City are still hoping for a berth in the KHSAA playoffs.
 Walter Dugan's Tigers have a regional lead in M. Sterling and must win it to stay alive for the District 2, Region 3, Class A championship, and then hope that M.E.T. defeats Bellevue in its Friday game. Paris has already won its district, and Elkhorn City topped Caldwellburg, 12-7, for its fourth consecutive district win. The Cougars will take the title if either M. Sterling or Bellevue in the district.
 The Hazard Bulldogs, idle last week, will meet the Lynch Bulldogs in their season finale, Friday night, while Morgan Cougars will meet Napier league on the Perry county field.
 Elkhorn City closed its season with the best mark of any area club with a 9-1 overall slate. Full-back Derek Foster scored the winning touchdown in the two victories by plunging over from the two-yard line.
 The Cougars tallied late in the season with a comeback victory over Brooks by Norman Powell with a pass covering 35 yards. Caldwellburg's Philip Caldwell intercepted an Elkhorn City pass on the 45 and sped 55 yards for Caldwellburg's 1-0, and Ken Robbette then ran the ball out for the two-point try, giving the visitors a 7-6 margin until Foster's winning pass.

JENKINS COPS '63 GRID TITLE
Cavaliers End Season With a Record of 6-1-1; Elkhorn City, Second
 The Jenkins Cavaliers were officially awarded the 1963 football championship of the 16-team Eastern Kentucky Mountain Conference at the fall meeting of the schools in Hazard Tuesday night.
 Jenkins finished loop play with a mark of 6-1-1 as compared with a 6-1 Elkhorn City slate. Thus, under the Dickinson system of ratings, which the conference uses to select a champion, the schools tied for 2nd place each.
 During the season, Jenkins dorned Elkhorn City, 44-17, therefore, under Section 2, Section 4 of the system applied. "If two teams have the same average points for the entire season, which the conference uses to select them during the regular season, shall be ranked above the other."
 Whitesburg finished in third place with a league mark of 5-3. Jenkins and Elkhorn City also dominated the all-conference team. The coaches of the 11 players; the Cavaliers had four players named to the first unit and Elkhorn City two.
 Phil Greer, senior Cavalier quarterback, and Butch Greene, senior Hazard halfback, who paced the loop in scoring, were (5) Patton, L. Hall (10), (4) Tuttle, (8) Hopkins, (1) Martin, (1) Mayo, (2) Patton, (1) Thornberry, (1) S. Thornberry, (1) Martin, (1) Mayo, (1) Patton, (1) Rittler, and 15 other.

Martin Races Past Darnes Devis of McDowell
 McDowell, Ky.—Martin displayed a balanced scoring attack with all five starters hitting in double figures to edge McDowell 68-68.
 Shawn Howell, of McDowell, led all scorers with 21 points. It was the opening game for the Darnes Devis. The Purple Flash have won two straight.
 (38) McDowell: (21) Howell, (14) Hall, (15) Patton, (10) Tuttle, (8) Hopkins, (1) Martin, (1) Mayo, (2) Patton, (1) Thornberry, (1) S. Thornberry, (1) Martin, (1) Mayo, (1) Patton, (1) Rittler, and 15 other.

WEEK-END BASKETBALL
 Don Wallen's Wheelwright Trojans will open their 1963-64 basketball season, Friday night, when they meet the Warfield Red Devils in the Martin county community, with Danny Ray Hall and Jim Rollins, 26-4 senior center, serving as the nucleus of the team. Wallen expects this year's five to be one of the best in his seven-year tenure at the Left Beaver Creek school.
 Other Friday night games will see Wayland in quest of its third victory over Betsy Layne, and McDowell will travel to Leitcher County.
