City gets money for streets

by TORI HUNT
 CONTRIBUTING WRITER

PRESTONSBURG — The city has been awarded \$329,930 by The Transportation Cabinet for funding for roads, resurfacing and drainage projects within the city limits.

"It is a blessed day to receive these funds for better roads and better drains," said Mayor Jerry Fannin. "These improvements, in addition to other projects we are currently pursuing, will keep our city as the 'star city' of Eastern Kentucky. We will continue to aggressively pursue funding in order to make Prestonsburg the best place to live and work."

Resurfacing Big Branch of Abbott Creek Road for an amount of \$88,920 is one project approved for the funding. Numerous other improvements for road resurfacing within the city are also scheduled for an amount of \$110,000.

The Kentucky Transportation Cabinet also announced the city will receive \$125,000 in Municipal Emergency Road Aid funds to repair a drainage structure on North Arnold Avenue.

"The \$125,000 for the new drainage project near Arnold Avenue will be very important," Fannin said. "This project helps with any future flooding we may have in the area after heavy rain."

PRESTONSBURG — As police suspected following her arrest early last month, new charges have been filed against Misty Alexandria Ousley, the 26-year-old Garrett resident accused of orchestrating a scam to raise money for the funeral of Lakyn Pennington, a

26-year-old was charged only with a single count of theft by unlawful taking. Investigators said at that time more charges could be pending once other instances of the alleged scam had been discovered.

On Tuesday, while still being held at the Floyd County Detention Center, sev-

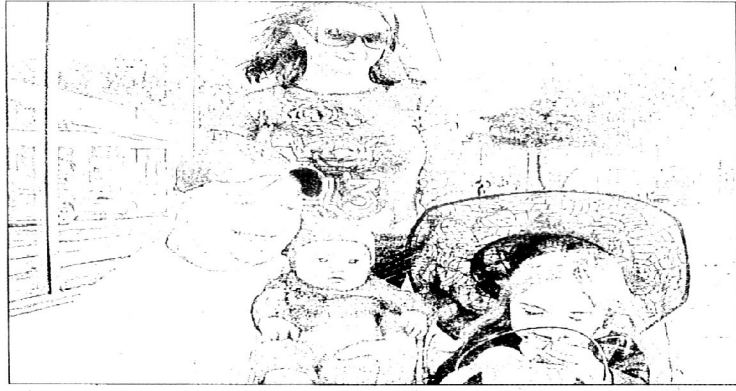

eral businesses gave to Ousley, police said, but, at the time of her arrest,

PRESTONSBURG — A Melvin man was arraigned on a charge of first-degree rape in Floyd Circuit Court on Thursday.

Billy Johnson, 23, pleaded not guilty to the charge. Johnson was indicted by a Floyd County grand jury on Sept. 28.

According to the indictment, Johnson allegedly engaged in sexual intercourse with an individual by forcible compulsion on or about May through September 2009. Kentucky State Police Tpr. Chris Hicks appeared before the grand jury as a witness in the case.

Johnson is being held in the Floyd County Detention Center on a \$50,000 cash or property bond.

Johnson is set to appear in court again for a pretrial conference on Jan. 31.

Fundraiser planned for Jordan Light Foundation

Motion seeks payment in wrong repo case

by JARRID DEATON
 FEATURES WRITER

PRESTONSBURG — A confidential settlement was reached between Christopher Hamby, a Wheelwright resident who claims his home was wrongfully repossessed, and Bank of America on Sept. 22, but, according to Prestonsburg attorney Ned Pillersdorf, the money from the settlement has yet to be received.

Pillersdorf filed a motion to convert the settlement with Bank of America into a judgment this week in Floyd Circuit Court.

According to the motion, Pillersdorf sent a signed release and other settlement documents, along with a request for the money, to the attorney for Bank of America on Oct. 5. On Oct. 12, the court signed an agreed order of dismissal.

Since that time, Bank of America has not forwarded the set-

tlement money despite repeated requests, and, "The Plaintiff states that he is confident that the Bank of America is not philosophically opposed to the concept of the imposition of late interest and penalties. The Plaintiff states that he is quite confident that, on a daily basis, Bank of America is contacted and asked for extra time to pay monies owed, and to be excused from late interest penalties. The Plaintiff states that he is confident that Bank

of America on a continuous basis denies such requests, and insists that they be paid their interest and penalties. Bank of America should receive the same treatment from this court."

The motion asks the court to assess interest and penalties, including attorney fees, for the "unreasonable delay in failing to submit the settlement monies."

Waldow W. Smith Sr.

October 27, 2010

Kingsport, Tennessee
Waldow W. Smith Sr., age 93, went home to be with the Lord on October 27, 2010, at Holston Manor Nursing Home.

Waldow was born February 7, 1917, in Calvin (Bell County) Kentucky. He was the son of the late Cora Thompson and Edmund

Arthur Smith.

He was a 1936 graduate of Wayland High School in Floyd County Kentucky. In 1938, he graduated from Cumberland Jr. College with a degree in elementary education after he attended Morehead State University to acquire a business education degree. From 1940-1942 he was the first Floyd County teacher to teach Business and Commerce at Wheelwright High School during the morning hours and McDowell High School in the afternoons.

He served as a Lieutenant in the U.S. Navy during WW II. He received the Bronze Star for coolness, valor and efficiency in action; the Asiatic Pacific Campaign Ribbon; and the Philippine Liberation Ribbon with two stars. He served on the USS Indianapolis, which was President Roosevelt's flagship. He later served on the great new aircraft carrier, the USS Wasp whose commissioning speech was given by Eleanor Roosevelt. He served on the USS Wasp as a gunnery control officer and a division officer. After serving on the Wasp, he served on the USS Portsmouth. In all, he completed 14 missions in the South Pacific. He was a life member of American Legion Post No. 3.

In 1947, he graduated from Bowling Green Business University with an accounting degree. He later earned his C.P.A. license, a valuable asset when he worked at Tennessee Eastman during several summers. He received a Masters degree from George Peabody College where he was a Charter and a life member of the Omega Chapter 36 of Delta Pi Epsilon. He came to Kingsport in 1947 and became a teacher at Dobyns-Bennett High School. He taught Business and was a chairman of the business department for thirty-seven years.

He was a member of many organizations and held several offices in these organizations, including serving as President of the Kingsport Teachers Association. He was an active member of the First Baptist Church of Kingsport for 62 years and served as the assistant secretary of the Big Brothers Class.

In addition to his parents, he was preceded in death by his infant son, Charles Smith; brother, Zella Archer; brother, Paul Gentry Smith; granddaughter Crystal Leigh Safewright; and his loving wife of 66 years, Fannie J. Smith.

Surviving are his son Waldow Wallace Smith, Jr. and wife, Jean of Hilton Head Island, S.C.; a daughter, Charlotte S. Safewright and husband, Stephen of Kingsport, Tennessee; granddaughter, Heather Smith Jones and husband, Matt of Lawrence, KS; granddaughter, Erika Smith of Hilton Head, S.C.; grandson, Andy Safewright and wife, Michelle of Maryville, TN; granddaughter, Katelyn Safewright and her fiancé, Jamie Hinson of Kingsport; and several nieces and nephews.

He is also survived by Mr. Sonny Chandler, a most special and devoted friend to Waldo and his family.

Waldo will be so greatly missed by all who knew and loved him. We would like to thank all of the caretakers at Holston Manor Nursing Home and Amedisys Hospice of Kingsport for their loving care.

The Smith family will receive friends on Sunday, October 31, 2010, from 1:00 p.m. to 2:30 p.m. at East Lawn Funeral Home in Kingsport, Tennessee.

Services will follow in the Chapel after the visitation with Dr. Ron Davis officiating.

A Military graveside will follow funeral services with the American Legion Color Guard in East Lawn Memorial Park.

Please visit our website at www.actionlinkfuneral.com to leave your condolences for the Smith family.

East Lawn Funeral Home is honored to be serving the Smith family. (Paid obituary)

Roosevelt "Buster" Shell

Roosevelt "Buster" Shell, 75, of Martin County, died Tuesday, October 26, 2010, at the Hazard Veterans Center.

Born August 25, 1935, in Martin County, he was the son of the late James and Martha Adkins Shell. He was a disabled carpenter and a U.S. Army veteran.

Survivors include one sister, Mary Aldinger of Upper Sandusky, Ohio.

In addition to his parents, he was preceded in death by five brothers: Frank Shell, Henry Shell, George Shell, Jerry Shell and Luther Shell and three sisters: Dorothy Baker, Angie Howell and Elizabeth Miller.

Funeral services will be held Friday, October 29, at 11 a.m. at the Nelson-Frazier Funeral Home, in Martin, with Bill Collins and Dave Perkins officiating.

Burial will be in the Penix Cemetery, in Salyersville.

Visitation is after 6 p.m., Wednesday, October 27, at the funeral home. Nelson-Frazier Funeral Home, in Martin, is in charge of arrangements. (Paid obituary)

Charges

More charges were brought against Ousley in the case. She is now facing a total of nine counts of theft by deception and two additional counts of attempted theft by deception.

She is currently held on a \$50,000 partially secured bond. Following Ousley's arrest in September, Roger Nelson of Nelson-Frazier Funeral Home, the funeral home that oversaw Pennington's funeral in August, wrote a letter that has now been included in Ousley's case file.

"Approximately two days

after the funeral of Lakyn Deanna Pennington, we received a phone call from Misty Ousley asking about paying for the funeral bill for Lakyn," Nelson wrote on Sept. 30. "We informed her that the funeral had already been paid."

News of alleged scam was first brought to the sheriff department's attention when Pennington's aunt, Anna Yates, learned that businesses were being asked for donations and told authorities that her niece's funeral had been paid for by the family.

In the weeks following,

Continued from p1

the sheriff's department, having learned that Ousley was staying in Johnson County, worked to locate and arrest the Garrett resident on the warrant that came from Yates' complaint.

Then, one month to the day after Pennington's death, Ousley was found walking along Route 550 and was taken into custody by Floyd County Deputy Sheriff Landon Hall, Lt. Greg Clark said he and others in the department had been watching the area closely since the beginning of the investigation.

Motion

According to court documents, Christopher Hamby arrived home on Oct. 5, 2009, to find the locks on his doors changed and physical damage to his property from winterization chemicals placed in the plumbing and various lines cut at the residence.

The original lawsuit also named Al Preservation and Richard Spurgeon, who owns the business, as agents acting for Bank of America who wrongfully participated in the actions that Hamby alleges took place.

Hamby said that he does not have a relationship with Bank of America, including

any type of mortgage agreement, and that the defendants had no legal right to come on his property. Hamby also said that he has had conversations with various agents for the defendants in the case and they acknowledged they wrongfully entered and damaged his property due to the mistaken belief that his property was in default and subject to repossession. The defendants allegedly offered to pay for a locksmith to repair the damage to the doors but have denied any other form of compensation.

The motion will be heard in Floyd Circuit Court at 9 a.m. on Nov. 5.

Foundation

According to information provided by the Jordan Light Foundation, "His life was so much more than the final months and days of his life. It was a life filled with great joy, laughter, memories, compassion, strength, kindness and love. There was not one person who did not like Jordan. In fact everyone who met Jordan and came to know him ended up loving him. He has an infectious personality. For seven years he took our breath away with all his

many acts of kindness, laughter, love and childlike faith. He was indeed an incredible child."

The mission statement of the Jordan Light Foundation is to provide awareness, support and funding for families with a financial medical crisis. The foundation provides spiritual, financial and emotional support to the families in need.

Prestonsburg City's Utilities Commission

The Value of Water:

Before it reaches your home or business, water is treated, stored and delivered through a complex process. Water begins its journey at the source—the Levisa Fork of the Big Sandy River—then travels through the water treatment plant to its final destination, your tap. Along the way, our team of certified operators and engineers use the latest technology to monitor the water's quality and progress. Using leading methods, our qualified staff tests water quality frequently meeting or exceeding both State and Federal "safe drinking water" regulations. Reliable high-quality water service improves our lives and communities by:

- Protecting public health
- Providing fire protection
- Creating opportunities for economic growth

Prestonsburg City's Utilities Commission is dedicated to being responsible stewards of our communities' water systems. We invest in needed system improvements and manage operating and maintenance costs to help ensure quality, reliable water service now and in the future. At less than a penny a gallon, water service is an exceptional value.

How Water Rates are Set:

Water service rates are based on the real costs of treating and delivering water to customers, and are established by the Prestonsburg City's Utility Commission. All Prestonsburg City's Utilities Commission customers are charged rates approved by the Prestonsburg City's Utilities Commission. To determine rates, Prestonsburg City's Utilities Commission and the Prestonsburg City's Utilities Commission Superintendent with the Chief Financial Officer study the costs that the company has incurred for system improvements, maintenance, operation, administration and financing. Once the studies are complete, rates are then set by Prestonsburg City's Utilities Commission. Ongoing improvements to local system infrastructure plus increases in operating costs, are key drivers behind the rate.

Local students take part in UNITE gathering

HINDMAN — This past Tuesday, Floyd County students, along with students from Pike, Perry, Knott, Letcher and Breathitt counties, participated in a program put on by Operation UNITE in Hindman.

"A total of 269 youth representing anti-drug UNITE Clubs at 12 schools from the counties were challenged to combat substance abuse issues by implementing specific "environmental prevention" plans within their communities.

Conducted by Youth to Youth International, the objective is for participants to learn and practice the qualities and skills of great leaders, to be empowered to make good choices in life, and to develop strategies for making a positive impact

among their peers in school and in their communities.

"Inspire those around you," said Cheryl Campbell, of Youth to Youth International, to the students taking part. "Do it because you care, because you have passion about it."

The idea behind the program, according to representatives with UNITE, is to challenge students to catalyze for change on issues related to substance abuse.

Issues addressed fell within one of four key areas related to alcohol, tobacco and other drugs: 1) community awareness, 2) access and availability, 3) media awareness, and 4) policy and procedures. Each activity is designed to foster personal growth, decision-making as well as addressing the local issues. "Showing up is easy," said Ty Sells, director of training for Youth to Youth

International. "If you don't go back and utilize what you know you're just going to be wasting your time."

Tuesday's regional training held at Knott Central High School in Hindman, was the second part of a new UNITE initiative designed to train middle and high school youth to be catalysts for helping their peers make positive life choices by demonstrating leadership skills within their home communities.

Students from schools participating Tuesday were from Adams Middle, Allen Central High, Arlie Boggs Elementary, Beaver Creek Elementary, Breathitt County High, Buckhorn Middle, Carr Creek, East Ridge High, Emmalena, Knott Central, Millard Middle, and Prestonsburg Middle. For more information about UNITE visit their website at operationunite.org.

Treasure Hunters coming to P'burg

by SHELDON COMPTON
 STAFF WRITER

PRESTONSBURG — A group known as The Treasure Hunters Roadshow, which is affiliated with The International Collectors' Association, is bringing its hunt to Prestonsburg in the next couple of weeks.

Referring to themselves as "modern-day treasure hunters," the group will be at Comfort Suites in Prestonsburg on Nov. 15 through Nov. 19.

The hunters are encouraging Floyd County residents to go through any items they think could be of value and bring them by during this next stop on their world-wide tour.

During their stay in Prestonsburg, the roadshow hopes to see items such as coins and paper currency prior to 1965, toys, dolls, trains, vintage jewelry, old and modern musical instruments, war memorabilia, swords, knives and many other items.

Recent finds, according to the group, include a 1960s vintage guitar purchased for \$100,000, with another find of four gold coins purchased from a local resident for more than \$72,000.

The hunters are hoping to see at least 1,200 residents how up, they said.

The basic idea is for residents to gather up items they think may be of value, at which point they can then sit down with one of the experts who will be on hand at the event to have the item or items examined.

Once the homework is done, and if an offer is made, the resident would have the option to sell their goods or decline the offer. If those interested and who attend are offered a price to sell, those individuals would be paid at that time for the item or items.

There is no limit to the number of items you can bring and the group says it's best to not clean them before bringing them out to be examined because the items could be accidentally damaged during that process.

Attendance to the event costs nothing, according to organizers, but those who wish to come should expect waits of roughly 45 minutes, depending on attendance.

To find out more about The Treasure Hunters Roadshow, visit them online at www.treasurehunters-roadshow.com.

FLOYD SKEANS

FAMILY: My great-grandfather, Johnathan Skeans, migrated to Floyd County in 1846. One of his grandsons was Taylor Skeans, who is my father. He married Callie DeRossett; and they had seven boys and six girls. I was the 13th child. I was born and raised on Conley Fork of Spurlock and I came out of that holler, "poor as a Whippor will." My father and two older brothers were in World War II. I served in the USMC during Vietnam administration. I married Edith Cook, from McDowell. We have one son, "Tony" Skeans and one daughter, Patricia Lynn and four grandbabies.

OCCUPATION: I'm a retired real estate developer, trade center operator, and convenient store operator. The Bull Creek Trade Center is solely owned by the Skean's family. Life has been good to me.

PLATFORM: The direction that our government has gone in, loss of jobs and infra-structure, is not right. I'm for change. I see Floyd County not developing the way other counties are and I will change that if elected. I want equal dispersments of the people's tax dollars out in the rural areas.

CHANGE: "I will work with our county judge to run things in a business-like way. Political leaders don't need to put their money first. I want to take care of the whole district the same. I will not break the law."

"I feel I've been called to serve. I want jobs for our families. I want honor, integrity and fairness in our government."

Floyd Skeans
 Candidate for
MAGISTRATE, DISTRICT 1
 Paid for by Floyd Skeans
Vote for change in District 1

Dear Voters:
 On November 2, we have an important duty to go out and vote. Don't be fooled by unfounded promises and political games. Choose proven performance.

- Remember when the ice storm came, I was there.
- Remember when the floods came, I was there.
- Remember when the snow storm came, I was there.

Not Promises, Just Action!

WHEN YOU NEED ME, I'LL BE THERE!
ON NOVEMBER 2, I NEED YOU TO BE THERE!

Sincerely, Your Dist. #1 Magistrate

Amendment 1

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof, abridging the freedom of speech, or of the press; or the right of the people to peaceably assemble, and to petition the government for a redress of grievances.

Our View Use it or lose it

Are you fed up with the way things are going in this city/county/state/country? Then on Tuesday, you have a chance to do something about it.

Or, on the other hand, are you fed up with all of the people who are fed up with everything? Then, guess what, you have a chance to do something about it.

Tuesday is Election Day and it is your best chance to shape the world we live in. You might not think that one vote matters much in a sea of hundreds, thousands, millions. But you would be wrong.

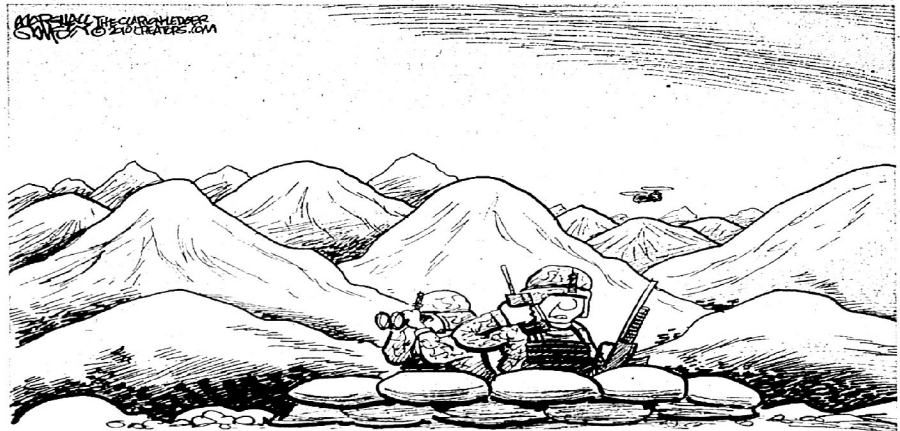

First, your one vote is your only real chance to register how you feel about the direction of your government. Failing to vote means you have failed to make that intent known. And just imagine what this country might look like if our elections reflected the will of all the people who didn't vote, for whatever reason. Things would almost certainly be different.

Second, your vote is your only way to get the attention of politicians. Those who make the rules in this country always do so with one eye on last year's election returns. Why do politicians spend more time talking about issues involving the elderly than they do about those involving the young? Simple, senior citizens vote in great numbers; those age 18-to-36 rarely do.

What it all boils down to is that your one vote has far more importance than any single race on the ballot. And whether you exercise your right to vote or not, you are sending a message. Whether that message is of benefit to you or not is solely up to you.

You have a voice. Use it or lose it.

Beyond the Beltway

The year of the screwball

by DONALD KAUL

This is going to go down as the Year of the Screwball Election. Never before have so many nutcases, whackos, and practicing lunatics come out of their caves to run for public office.

(Not all of them came from caves, of course. Some tied sheets together and climbed out of their windows when the guards weren't looking.)

First among equals in the Looney Times Sweepstakes, I think, is Rich Iott, the Ohio Republican seeking a seat in the U.S. House of Representatives.

Iott was already facing a tough race: Incumbent Marcy Kaptur won more than two-thirds of the vote against her Republican challengers in the past four elections. He became an even bigger longshot when reporters and bloggers found out that his hobby was dressing up in a Nazi uniform. The kind Adolf Hitler's troops would wear.

Queried about this unusual pastime, he said he had taken his teenage son along on the World War II reenactments and considered them a "father-son bonding" experience. (Who's he getting parenting advice from—Charles Manson?)

Following close behind Iott is perky Christine O'Donnell, Delaware's answer to Sarah Palin. O'Donnell, a Republican Senate nominee, began a recent campaign

appearance by announcing: "I am not a witch."

This is known in political circles as "lowering voter expectations." (Hey, it worked for Richard "I Am Not a Crook" Nixon. For a while.)

That issue behind her, she's now free to concentrate on other matters of national importance, like masturbation (she's against it), guns (she's for them), lower taxes (for), and abortion (against).

Neither Iott nor O'Donnell is expected to win, but other, equally baroque personalities are. Rand Paul, for example.

Kentucky's Republican senatorial nominee has been accused of participating in the kidnapping of a young woman, while he was in college at Baylor University (in aptly named Waco, Texas). She now claims Paul and his buddies tied her up and took her to a creek, where they made her bow down and worship the "Aqua Buddha."

This story led his opponent for the Kentucky Senate seat to accuse Paul of worshipping a false God, upon which Paul said he would not shake hands with that opponent.

"I will not associate with a man who attacks my religion," he said. (Aqua-Buddhists are so touchy.)

Paul is a self-styled libertarian but has opposed cuts in Medicare and Medicaid payments to physicians. He's also an eye surgeon, after all.

Then there's Sharron Angle, who's running against Senate Majority Leader Harry Reid in Nevada.

She has denounced Dearborn, Michigan, a Detroit suburb populated with many Arab immigrants, and

Frankford, Texas, for being governed under Sharia law. Which, to be fair, would be enough to make your blood boil, except for the fact that they aren't. As a matter of fact, many of the Arabs in Dearborn are Christians and Frankford has ceased to exist, unless you count the cemetery.

I'm not even going to mention Carl Paladino, the Republican candidate for Governor of New York who has promised to "take a baseball bat" to the New York state legislature and has threatened to "take out" a reporter who asked a mildly hostile question.

Or Linda McMahon, the Republican who is using the fortune she made promoting flamboyant wrestling matches to become a Connecticut Senator.

Establishment political commentators (and I'm glad I'm not one of them) have called this "a populist revolution," fueled by 10 percent unemployment. It's not.

A bad economy might make voters angry, but it shouldn't make them crazy. Why, all of a sudden, do we have Republican candidates who look like directors of the Flat Earth Society?

Here's my theory: The Chinese are putting something in our water supply that's making us just a little bit nuts.

They figure we'll vote these cuckoos into office and make it easier for China to take over the world.

So far, it seems to be working.

Candidates respond to Times questions

The Floyd County Times mailed questionnaires to all candidates appearing on the ballot in Floyd County. The responses we received follow.

U.S. Senate
Billie Ray Wilson
 Age: 67
 Address: London, KY
 Political party: Independent

Why are you the right candidate for the office you are seeking? 1. My allegiance is only to the dictates of the United States Constitution and the charges of the Declaration of Independence that we are equal.

2. Thirty-five years of experience throughout the United States and the international community made one realize what we have in the United States.

3. Our government was once the government of the people and Jefferson stated (paraphrasing), there would be times when the people must rise up and replace the government with a new government. The time is long over due. The national election of 2010 and 2012 could return our government to the people.

4. I have the courage to seek the ethnic minorities in both the House of Representatives and Senate, to bring charges against those members of Congress who claim dual citizenship. You are either an American or not.

What has motivated you to run for the office you are seeking? Since May 1948, the Congress of the United States had made this country a nation of war. Constant war, monarchs, persecution, lack of prosperity, and search for equality brought foreign nationals to North America for a new beginning. We must return to the visions of our founders to make our nation the nation the immigrants believed they were establishing.

What skills, beliefs and experience do you have that make you someone that voters should elect? Thirty-five years of experience in the administration of policies and management of personnel are skills earned through hard work. I believe that men are created equal without regard to race, religion, gender or creed. We are all human beings. I have worked at the U.S. Embassy level during the Vietnam Era War, Twenty Second Air Force Command Operations Superintendent, F-5 Squadron Supervisor, F-15 Squadron Administrative Officer, Operations and Administrative Officer of the Day, VA Medical Center, Louisville, KY.

What are the most important issues facing your community, and how will you work to address them if elected? My community will be the Commonwealth of Kentucky and oversight and legislative responsibilities of the U.S. Senate. Nationally, I will seek the end of all military actions not order by the U.S. Congress per a Declaration of War. For Kentucky, I will seek an immediate waiver from the U.S. Drug Enforcement Agency to allow the Commonwealth of Kentucky to return to growing of Industrial Hemp as a money crop that will provide employment for those not in the mining

industry in Eastern and Western Kentucky. I do not agree the federal government should have a say in so many agendas. I am a firm believer in states rights.

This country is the United States of America, and the resources we have belong to the people.

State Representative, 95th District
Gregory D. Stumbo
 Age: Over 21
 Address: Prestonsburg
 Political party: Democrat

Why are you the right candidate for the office you are seeking? I am the current Speaker of the Kentucky House of Representatives, the first Speaker in Kentucky's history from the mountains. In my position, I can influence legislation and funding in ways that have a positive effect on my district.

What has motivated you to run for the office you are seeking? I have been in public office for 30 years, and believe my position as Speaker and the experience benefit the people of my district.

What skills, beliefs and experience do you have that make you someone that voters should elect? For 30 years, I have fought to bring roads, schools, water, sewer and tourism to our county. This will create new and better job opportunities and the experience benefit the jobs we have.

What are the most important issues facing your community, and how will you work to address them if elected? We must protect the jobs we have, particularly in the Coal Industry, while diversifying our economy to create new jobs and opportunities. We must commit ourselves to the continued improvement of our education system, and provide more opportunities for our children.

James Alan Williams
 Age: Banner
 Address: Banner
 Political party: Republican

Why are you the right candidate for the office you are seeking? This nation was founded by Christians on biblical values and I will uphold these truths.

What has motivated you to run for the office you are seeking? Floyd County needs someone who will Fight for Jobs and stand up for Moral Values. We just haven't had that and we need this kind of Change.

What skills, beliefs and experience do you have that make you someone that voters should elect? Unlike my opponent, I am NOT a Greener Politician. We need a fresh perspective. Out with the Old, In with the New.

What are the most important issues facing your community, and how will you work to address them if elected? Jobs, jobs, jobs! I will support our Coal industry by standing against the attacks from people like Barack Obama and Nancy Pelosi.

State Representative, 97th District
Bill Mike Runyon
 Age: 54
 Address: Paintsville
 Political party: Republican

Why are you the right candidate for the office you are seeking? I know what Eastern Kentucky deserves, and I won't take no for an answer.

What has motivated you to run for the office you are seeking? I change needs to be made in Frankfort. Our needs are not being met here in Eastern Kentucky. We need more opportunities and need them now.

What skills, beliefs and experience do you have that make you someone that voters should elect? I love working with and helping people. My 33 years in public education has given me the insight and experience to bring to the table for the people of the 97th District. I love Eastern Kentucky and I don't want to see our future disappear before the people of this district. I am fair, hard-working and a proven leader.

What are the most important issues facing your community, and how will you work to address them if elected? I see the need to protect our coal industry. It has come under fire recently in Washington and we, as a state, have to take a stand on this issue and support coal.

I see health care as an important issue. I see job opportunities as an important issue. Our children are leaving this area to find work. We need to create opportunities to keep them here.

I see education as an important issue. As a retired educator and current administrator in education, I believe I can add some fresh new ideas that will help make sure our youth get the education they deserve in Eastern Kentucky.

School Board, District 2
Dr. Chandra Varia
 Address: Martin

Why are you the right candidate for the office you are seeking? I have been a board member for almost nine years. I care deeply about the welfare of all children. Since I have no family members working in the school system, I can offer independent opinions on the issues that matter.

What has motivated you to run for the office you are seeking? I have considered Floyd County my home for the past 30 years. When I first ran for this office, I saw first-hand the effects of high unemployment and teenage pregnancies on the community. I have

seen improvement in the school system and I would like to continue to make the educational system better.

What skills, beliefs and experience do you have that make you someone that voters should elect? I believe that school attendance is very important. Education should be interesting. I have high expectations for every child. I am a highly educated person. I can interpret reports and can focus on the details of very important issues.

What are the most important issues facing your community, and how will you work to address them if elected? Students of Floyd County should have the skills needed and the opportunity to succeed in life. This can be done by working together. Every child should have textbooks, access to the internet and should learn different languages. High School students should have access to college courses. By focusing on the food available in the schools and teaching students the benefits of making healthy choices, the lives of students improve and the community benefits as well.

Magistrate, District 1
John A. Goble ("Big John")
 Age: 48
 Address: Prestonsburg
 Political party: Democrat

Why are you the right candidate for the office you are seeking? Education for our children. And when I am elected, by promise is one: To do my best for everyone.

In the past four years, no tax has been raised by the fiscal court, and as long as I am magistrate, none will be.

Why are you the right candidate for the office you are seeking? Education, associate degree, Mining experience, 13 years, Four years magistrate. Most educated and qualified.

What has motivated you to run for the office you are seeking? Everyone has the right to be treated equally and fair. In the past four years, with only four men, we have accomplished many things.

What skills, beliefs and experience do you have that make you someone that voters should elect? 15 years mining experience, 25 years equipment owner. Two-term tourism board member. College degree. Business owner. Member of Masonic Lodge and Shriner.

What are the most important issues facing your community, and how will you work to address them if elected? Roads need black-top. We have suffered through the Bush and Fletcher years of Republican domination, of vetoed road projects. We now have a Democratic governor and president to help us with funding.

Coal industry jobs. Education for our children. And when I am elected, by promise is one: To do my best for everyone.

Floyd Skeans
 Age: 68
 Address: Dwale
 Political party: Republican

Why are you the right candidate for the office you are seeking? I was born and raised out in the hollows, understand the needs of the rural areas and the need for jobs.

What has motivated you to run for the office you are seeking? District 1 has not diversified economically with jobs and development. The loss of the industrial base jobs we already had.

What skills, beliefs and experience do you have that make you someone that voters should elect? Experience in construction and heavy equipment most of my life. I have business skills, with the ability to lead and help manage our government.

RE-ELECT
HATTIE (COOLEY) OWENS
MAGISTRATE

TO THE VOTERS OF DISTRICT 2:

My name is Hattie "Cooley" Owens, wife of the late Jackie Edford Owens, who served as your Magistrate in District 2 for over 20 years. During this time, District 2 suffered many disasters such as floods and winter snow and ice storms destroying homes, roads, and halting basic services. Working beside Jackie for 20 years during these disasters, I not only understood what it takes to get the job done, I have helped get it done.

I have worked with District 2 as a crew leader and the county road department for 17 years. I have helped in directing the crew in repairing and maintaining the county roads, cutting weeds, cleaning ditch lines, clearing snow, replacing culverts, blacktopping roads, building bridges, and extending water lines. I have served as Floyd County's Applicant Agent for FEMA for the last 11 years. When a disaster hits our county, I work with federal officials inspecting damaged areas, coordinating contractors, directing repairs, and filing required documents to ensure proper reimbursement of your county monies.

I was appointed on April 20 by Governor Beshear to finish out Jackie's term. The last date to file to run for office was on the day of Jackie's death. Due to Jackie's untimely death, being a write-in candidate is the only way I could be placed on the ballot for November 2nd. Three simple steps in casting your write-in vote will ensure the same high standard of services and a strong voice in the courthouse will continue, with someone who WON'T BACK DOWN on your behalf. I am QUALIFIED and EXPERIENCED and have worked closely with Jackie and the road department for over 20 years. FOR CONTINUED SERVICE—Once again, I want to take this time to ask all our family, friends, and past supporters to go to the polls on November 2nd and "WRITE IN" to

RE-ELECT—HATTIE OWENS—MAGISTRATE

P.S. I want to take this time to thank all our family, friends, and past supporters who stood behind Jackie during his 20 years as Magistrate. He enjoyed working for you. He took on many fights for District 2 and Floyd County, because he believed in you, too. Once again, Thank you.

Lauren is the granddaughter of Bessie Allen-Wireman and the late Ramey Wireman of Magoffin County, and the late Olva and Mollie Goodman-Robinson of Martin.

Andrew is the grandson of the late Joe Wheeler and Irene Adkins-Lewis of Stanville, and the late Charles and Mary McKenzie-McCoy of Prestonsburg.

Candidates

What are the most important issues facing your community, and how will you work to address them if elected? Lack of good-paying jobs and development. Speaking up for what's right, fair and honorable, creating a better government for all our people.

Magistrate, District 2

Marie Martin-Holbrook
Age: 42
Address: Eastern
Political party: Democrat
Why are you the right candidate for the office you are seeking? I am the Democratic nominee seeking the office of Magistrate for District 2, that is asking ALL the voters regardless of YOUR political party to support ME as the right candidate for District 2. Because District 2 deserves to have a FULL-TIME MAGISTRATE that will be there for ALL the voters in District 2. I have and always will stand up for ALL voters as a WHOLE. I have rallied from Kentucky to Washington D.C. for our coal miners and coal jobs, to rallying in Pikeville for our Postal Workers. We have to STAND TOGETHER to keep and get the JOBS back in Eastern Kentucky. I am so proud to say that I have the endorsements of the United Steelworkers of America, Local Union #14581 and Highlands Regional Medical Center Local SEIU District #1199 Healthcare Workers and Social Service Union, because they know a vote for me, Marie Martin-Holbrook, is a vote for a change to have a full-time magistrate that will be there for the people District 2. With my determination and your votes/support, I am the right candidate for Magistrate District 2. "Just push my button." Marie Martin-Holbrook for Magistrate of District 2 on Nov. 2, 2010.

What has motivated you to run for the office you are seeking? I was motivated to run for Magistrate of District 2 when I saw the needs and problems of the cemetery roads and the neglect of the hollow roads with the pot-holes/chug holes throughout District 2 and how bad the weeds and trees need to be cut and how bad the ditches need to be cleaned and croaked. You the voters have been

neglected and had to deal with these problems too long! I want to make permanent fixes, not temporary ones. For all the voters of District 2, I know times are tough right now, but your tax dollars have already paid for the equipment that the fiscal court owns that should and needs to be put to work full time to clean and dread the ditches and cut the weeds on a regular basis, not just at election time. You the voters of District 2 can count on me to be a strong and clear voice in the Fiscal Court and I will answer my phone, not an answering machine. It's 2010 and we have call-forwarding to cell phones. I will personally address your needs for ALL voters of District 2. This is what motivated me to run for your magistrate of District 2. So with your vote for Marie Martin-Holbrook on Nov. 2 we will get the job done all four years, not just at election time.

What skills, beliefs and experience do you have that make you someone that voters should elect? I feel that my public speaking skills will get the gain's across to the fiscal court of what District 2 needs and deserves. My beliefs are that our taxpaying money should be used to make permanent fixes, not temporary fixes to better your roads. With my past experience, I am a knowledgeable and experienced grant writer, I will be able and more than capable of obtaining grant monies that will help District 2 and the county as a whole move forward. Because when I start a project, I finish it! Also, I have experience working in and with the following: Business management, marketing, time management, budgeting, accounts payable, accounts receivable, payroll, education, FRIDE, Johnny Wiley's Operation Clean Sweep, Floyd County Conservation District, Adopt-A-Highway plus school PTOs, booster clubs and drag racing as crew chief for 20 years. So you the voters can see for yourself that I have and will continue to be VERY ACTIVE in the community and county. "Just push my button." Marie Martin-Holbrook for Magistrate of District 2 on Nov. 2, 2010.

What are the most important issues facing your community, and how will you work to address them if

elected? I feel that the most important issues facing District 2 are all the problems that you the voters have had to deal with over the years that have never been fixed! But with me as your full-time magistrate, I will get the problems fixed and answer for all. Because I want and District 2 deserves/needs permanent fixes with your tax dollars, not temporary fixes. I have been a community volunteer for years and I'm asking you the voters of District 2 to allow me to be your community servant for the next four years to have strong community involvement by having regular community meetings with you the voters in your precincts to get your input of what your tax dollars are spent on to working with the local senior citizens and fire departments and involving our children in more community involvement between the fiscal court and District 2 with grant monies that are out there waiting for a concerned magistrate to take that first step to get the ball rolling and devote the time needed to apply for the free grant money! This is just a start of things that I will do for district 2 when elected as your magistrate. In closing, while I have been on the campaign trail, I've enjoyed meeting each of the voters of District 2 and asking each voter for their vote and support on Nov. 2. I know that District 2 is ready for a change, since almost 2,000 voters voted for a change in the May primary. That's why at this time I'm asking each of you that may be a District 2 voter or have friends and family in District 2 to go to the polls on Nov. 2 and just push my button." Marie Martin-Holbrook for magistrate District 2 for permanent changes for the next four years!

Hattie "Cooley" Owens
Age: 54
Address: Hueysville
Political party: Democrat
Why are you the right candidate for the office you are seeking? I am the Democratic "write-in" candidate for magistrate in District 2. I have worked with Jackie and the road department for over 20 years. I not only understand what it takes to get the job done, I have helped get it done. I am QUALIFIED and EXPERIENCED. I have served as Floyd County's Applicant

Agent for over 11 years. When a disaster hits our county, I work with state and federal officials to write up damages to ensure proper reimbursement to our county.

What has motivated you to run for the office you are seeking? My late husband, Jackie Edford Owens, served District 2 as their magistrate for over 20 years until his untimely death on April 1, 2010. Jackie and I took on many fights for the people of District 2 and Floyd County, such as out-of-state garbage, fly ash, construction debris, nuisance ordinance, utility taxes, etc. Jackie, his crew and I worked disasters such as floods, snow and ice storms around the clock. He stood up for the fire departments and the senior citizens centers. He blacktopped many roads, built bridges, bush-hogged woods, got city water and sewer, worked cemetery roads, built wood and concrete bridges — not including the everyday road maintenance that was done. When elected, I will continue all the services that Jackie and his crew provided to District 2.

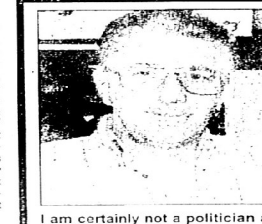

What skills, beliefs and experience do you have that make you someone that voters should elect? I am currently serving as the magistrate after I was appointed by Gov. Beshear on April 20, 2010, to finish out Jackie's term as magistrate. I worked closely with Jackie and the road department for over 20 years. I was crew leader with the road department for 17 years, where I coordinated repairs such as bridge replacement and repair, culverts, road work, etc. I have been Floyd County's FEMA Applicant Agent for 11 years to work up disasters such as floods and ice storms. I also have a

degree in Business Administration, which assists me in seeing that your money is spent wisely. What are the most important issues facing your community, and how will you work to address them if elected? There are many issues facing our communities

COACH BILL MIKE RUNYON
STATE REPRESENTATIVE

As a basketball coach and educator in Paintsville for the past 33 years, I have had the privilege of spending my entire life in Eastern Kentucky. Our District, and Eastern Kentucky as a whole, has given me so much over the years and that is why I have decided to run for State Representative. I want to give back to the communities that have given so much to me and have built the foundation for Appalachian culture.

Our Eastern Kentucky communities face several issues:

- COAL:** This is the life blood of Eastern Kentucky. Under recent attack, the coal industry provides thousands of jobs in our region, contributes money to our schools, and keeps our communities intact. Our coal miners are American Patriots. As your State Representative, I will work for coal because coal works for us.
- EDUCATION:** As an educator for the past 33 years, I can tell you from experience that there is nothing sadder than seeing a child go uneducated. I believe it is the right of every child in this great Commonwealth and the United State of America to receive a quality education. As your State Representative, I will use my experience as an educator to introduce fresh ideas to improve the quality of education for generations of Eastern Kentuckians.
- ROADS & JOBS:** It goes without saying that safe and well-maintained roads lead to economic growth. The widening of the Mountain Parkway and a road from Inez to Warfield are both important economic drivers in our communities. It is not acceptable that our kids grow up and have to leave our communities to find work. As your State Representative, I will work tirelessly to promote economic development and safe, well-maintained roads where needed.

Thank You,
Coach Bill Mike Runyon

What has motivated you to run for the office you are seeking? I am a person who change for the better. Sixteen years is long enough and politics as usual is not a platform...

What skills, beliefs and experience do you have that make you someone that voters should elect? I am a person who constantly seeking the will of God in my life. I believe in the golden rule and I believe in law and order...

What are the most important issues facing your community, and how will you work to address them if elected? Drug problem. If elected, I will stop drug trafficking in the city of Prestonsburg. We have experienced a terrible loss of so many young people and even older people because of the drug problem...

What are the most important issues facing your community, and how will you work to address them if elected? Every community has its issues and challenges. The way I see it, I will use the Office of Mayor as a full-time position to foster involvement, economic development, infrastructure and public needs...

I would also continue forward with the current economic expansion to better serve the needs of our growing community. We actively recruit to our area twice a year and have incentives in place for both our Main Street area and our commercial district...

Finally, I would like to continue to support the many opportunities for our youth and seniors. Already, you see many new recreation and entertainment facilities around Prestonsburg, such as Archer Park, Riverside Park, city parks, the Prestonsburg Sportsplex, the Prestonsburg Equine Center, Stonecrest Golf Course, the new Soccerplex, the Rantier Racing Museum, the Prestonsburg Park Commission, the East Kentucky Science Center, Jenny Wiley State Resort Park, the Mountain Arts Center and the Prestonsburg Senior Citizen Center...

We want to be a destination and a great place to work and to live. I believe that I can do the job. If you will vote for me, I will give you the best of Prestonsburg is a special place, and I intend to keep it that way.

Philip "Doc" Simpson Age: 65

Why are you the right candidate for the office you are seeking? I have spent more than 40 years serving the health care needs of thousands of people from all levels of society and I know how to listen to their fears and frustrations...

I am respectful of others. I believe that how we honor our elderly and how we raise our children make us what we are today and determine our future as a community. I am the best of my ability a decent and reasonable man.

What has motivated you to run for the office you are seeking? I am a person who change for the better. Sixteen years is long enough and politics as usual is not a platform. It's time to take care of business instead of taking care of self. No one is entitled to keep ruling the city; we need leadership and example in City Hall.

What skills, beliefs and experience do you have that make you someone that voters should elect? I am an imperfect man constantly seeking the will of God in my life. I believe in the golden rule and I believe in law and order. I believe in getting along with all mankind as much as possible. I believe the Ten Commandments were never just suggestions.

Voters unhappy with the present mayor will vote for me. Voters who know me and what I stand for will also vote for me. Whether or not I receive the most votes, I will be a winner either way. God bless the voters.

What are the most important issues facing your community, and how will you work to address them if elected? Drug problem. If elected, I will stop drug trafficking in the city of Prestonsburg. We have experienced a terrible loss of so many young people and even older people because of the drug problem in our part of the country at every level of our society from the rich to the poor. We must take the stand against the scourge of drug buying and selling. Our citizens speak out to me with fear that very little is being done. The causes of the drug problem include complexity at every level; fear, indifference and the love of the almighty dollar. As the center of justice and law enforcement in Floyd County, under my administration, we will set an example. Enough is enough!

No senior, disabled or handicapped citizen of Prestonsburg will be turned down by our meals-on-wheels service due to lack of budget. The seniors in our community are worthy of our compassion, respect and our honor. Their needs must be addressed as a priority, not an afterthought. I will multiply the efforts and support for our seniors. How do you treat our seniors (the least of these) marks us as a society.

Douglas - After more than 16 years of

losing jobs, we now have a plan for downtown development. In addition to a 10-year plan bickering amongst ourselves, we need an immediate 30-day plan of action by city hall. I will begin by immediately marketing the town via internet and multiple listings of the empty spaces in Prestonsburg. We have lost so many jobs in the last 16 years that we don't fully yet realize the negative impact on our town's economy.

Stonecrest - Stonecrest is a major opportunity for our town, however, a probably majority of the citizens in Prestonsburg area expressing a growing fear that Stonecrest is turning out to be a "money pit." This lack of trust is based on the perception that a few people are benefiting politically and financially, and perhaps the taxpayers are paying the bill. The perception of complex real estate wheeling and dealing, land purchases, land sales, land and trading, and giving away "surplus land," combined with the perception of special deals for special people, wasteful spending, bad business deal

cover-ups, secret deals and secret partnerships, added to the vast amounts of money invested, have confused a lot of hard-working, tax-paying people who simply would like to know - "when can we expect Stonecrest to begin paying its own way?"

Exaggerating the benefits from Stonecrest to regarding the town's economy isn't an honest answer to the question. I am hearing many questions concerning the million-dollar investment in the Fannin horse park. The rumors about Stonecrest properties being used by leadership to gain political influence are worrisome. If I am elected, I promise the citizens of Prestonsburg a full accounting of expenses for each separate project on the mountain, rather than throwing it all together so as to disguise exactly where the money is spent. I promise that I will be a good steward of the town's money and resources. I will never seek personal gain from any aspect of the town's business. Sealed bids and competitive pricing will be the standard of my

administration. Right is right; wrong is wrong; and the truth will stand when the world's on fire.

Police department - Our highly trained and effective police department will truly serve and protect every citizen, not just a select few. Professionalism and compassion will prevail under my charge. Fire department - My goal for the fire department will be to have the most highly trained and best equipped firemen possible.

City employees - Under my watch, there will be no intimidation of employees by any supervisor, including myself. Employees who do their jobs will keep their jobs. The Constitution gives each city employee the right to campaign and vote for the candidate of their choice; I will respect the Constitution.

Youth center - A safe place will be opened where our kids can meet and participate in their music and other activities. There will be a short list of rules and law enforcement will

oversee at all times.

Martin City Council Mahendra Varia, DVM

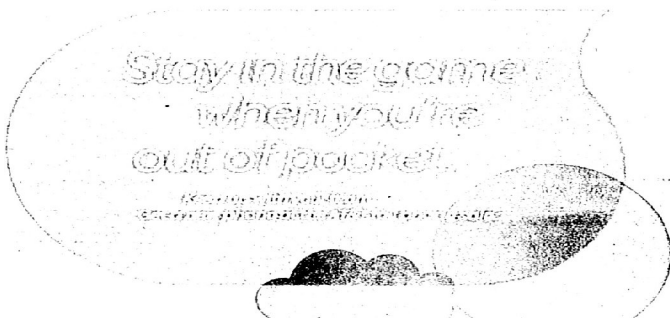

Age: 75 Why are you the right candidate for the office you are seeking? Incumbent.

What has motivated you to run for the office you are seeking? To put some input in Martin flood projects, to see how town planning is coming up and how beautiful it looks in the future.

What skills, beliefs and experience do you have that make you someone that voters should elect? Since last years, experience in being veterinarian, running a small business and on boards of Mountain Christian Academy, Big Sandy Education Foundation, etc.

What are the most important issues facing your community, and how will you work to address them if elected? Government bureaucracy, delays, budget tightening, better efficiency.

2,000 yards: P'burg QB Crisp reaches another milestone

by STEVE LEMASTER
SPORTS EDITOR

PRESTONSBURG — In his first season under center as the starting quarterback for the Prestonsburg High School football team, junior Adam Crisp continues to excel. Crisp, following a solid outing against Class 2A, District 7 rival Shelby Valley, boasts over 2,000 yards passing. In nine games, Crisp has completed 124 of 200 passes for 2,087 yards and 23 touchdowns.

The Prestonsburg quarterback has only thrown six interceptions in 200 attempts.

Crisp has thrown at least one touchdown pass to six different receivers. Sophomore Bryson Williams leads Prestonsburg in receiving. Williams has reeled in 33 receptions for 750 yards and 11 touchdowns. Receiving-wise for the Blackcats, Nathan Stone (28 catches for 500 yards, five touchdowns) and Joseph Jamerson (34 catches for 474 yards, three touch-

downs) rank second and third, respectively.

Alex Griffith has a team-high 37 receptions for the Blackcats while Grant Anderson, Kain Collins and Zack Kendrick have also caught multiple Crisp-thrown passes.

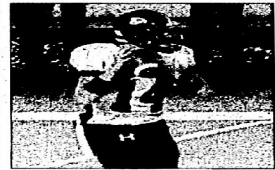

Williams (118 points), Jamerson (97 points) and Stone (30 points) rank first through third in scoring for the Blackcats.

As a team, Prestonsburg has rushed for 1,338 yards. Jamerson has rushed 50 times for 463 yards

and eight touchdowns. Williams has rushed a team-high 66 times for 420 yards and five touchdowns. Collins, another key contributor for Prestonsburg through the Class 2A state title contender's first nine games, boasts 268 yards rushing and four touchdowns through 56 attempts.

Jamerson has registered a team-high six interceptions and recorded 92 total tackles. Trevor Stovall has

Tonight: FB regular-season finales on tap

by RICK BENTLEY
TIMES COLUMNIST

Tonight brings the end of the regular season in football, with three games that will decide the seeding in the local Triple-A district being the focal point.

This has been quite a scrum at the top of the standings, finishing with Belfry, Pike Central and Sheldon Clark all tied for the top seed. As a result, one of them will open the playoffs on the road despite being a regular-season co-champions.

That could only be topped by the old playoff format, under which only two teams per district qualified for the post-season. That would mean one of the tri-champions would be sitting home during the playoffs.

Let's take a look at this, and at how even though all three teams are playing non-district games, the playoff seeding will still be decided.

Belfry at Johnson Central: Belfry has made a living out of playing the toughest schedule it could find, and this season has been no different. Here's living proof: The Bucs will close out the regular season not with a tune-up, a de facto bye if you will, but with arguably the best team in the mountains.

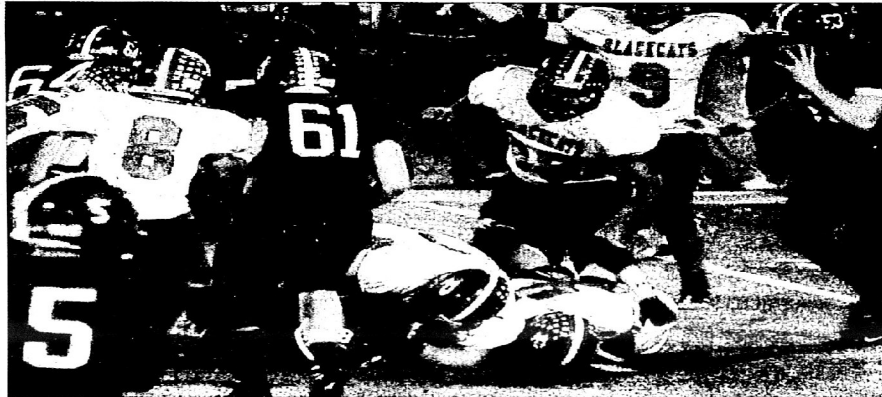

But Johnson Central is certainly not unbeatable. The Eagles have lost not once but twice this season, with one of them coming at home to Boyle County to open the season.

Under tie-breaker rules, teams get one point for each win by the top four non-district teams they've beaten. Johnson Central has seven this year, and it would certainly help the Pirates a lot if they can pull out a win.

It would also send quite a message as to the state of Angry Red football as the post-season begins.

Pike Central at Prestonsburg: Prestonsburg has slipped up only once this season, a 49-21 loss at Breathitt County back before Labor Day. The Blackcats are extremely talented, the class of Double-A

Blackcats outlast Shelby Valley

by STEVE LEMASTER
SPORTS EDITOR

ROBINSON CREEK — After uncharacteristically surrendering two touchdowns in the opening quarter, Prestonsburg settled down and defeated Class 2A, District 7 rival Shelby Valley 34-34 last Friday night. The Blackcats claimed their sixth straight win.

Prestonsburg improved to 8-1 overall and concluded the regular-season 3-0 in the district after posting the win. Shelby Valley slipped to 3-6 overall and 2-1 in the district following the loss.

Host Shelby Valley owned a 14-7 lead at the end of the opening quarter before Prestonsburg visited the endzone four times in the second period. Prestonsburg carried a hard-fought 35-21 lead into halftime and never faltered in the second half. After swapping a touchdown with Shelby Valley in the third quarter, Prestonsburg outscored the homestanding Wildcats 14-6 in the final period.

Junior quarterback Adam Crisp passed over the Shelby Valley defense throughout the game. Crisp completed 18-of-22 passes for 351 yards and four touchdowns.

Sophomore Bryson Williams was Prestonsburg's leading receiver as he reeled in seven receptions for 223 yards and two touchdowns. Joseph Jamerson and Grant Anderson each had one touchdown reception for the Blackcats.

Crisp also hooked up with receivers Kain Collins, Nathan Stone and Zack Kendrick.

The versatile Williams turned in one of the best all-around performances of the season for a Kentucky underclassman football player as he rushed for 101 yards and two touchdowns on only four carries for the district title team.

Jamerson rushed eight times for 50 yards and two touchdowns. Collins also rushed for a touchdown in the winning effort.

Alex Garner led the Blackcats defensively with five solo tackles and 14 assists. Chris Cook (1.5 solo tackles, 15 assists), Alex Griffith (4 solo tackles, 11 assists), Trevor Stovall (2 solo tackles, 10 assists), Collins (1 solo, 13 assists), Jamerson (6 solo tackles, 7 assists), Kendrick (12 assists) and Williams (3.5 solo tackles, 5 assists) helped to pace Prestonsburg defensively.

Prestonsburg will enter the Class 2A State Playoffs as the District 7 Champion.

Above: The Prestonsburg defense bent but never broke during the district game versus Shelby Valley. Prestonsburg performed well after giving up two touchdowns during the district game's opening quarter.

SPORTS EDITOR

BETSY LAYNE — The Betsy Layne Bobcats carried a 6-3 record into their regular-season finale. Betsy Layne will enter the upcoming Class A State Playoffs as the number two seed out of Class A, District 8, thanks in part to a very balanced offensive attack.

Two Betsy Layne running backs — Casey Adkins and Corey Jarrell — have gained over 1,000 yards apiece. Adkins leads Betsy Layne with 1,316 yards and 13 touchdowns via 131 carries. He also leads Betsy Layne in scoring (96 points).

Jarrell ranks second for the Bobcats in the rushing category. He has picked up 1,126 yards and scored 11 touchdowns on 103 carries.

Austin Hall and Dylan Hamilton have aided the Betsy Layne offense, combining for 245 yards and three touchdowns.

Betsy Layne quarterback Nathan Martin is on pace to pass for over 1,000 yards yards. Martin has completed 37-of-79 passes for 772 yards and 11 touchdowns. The Bobcat signal-caller has been accurate through the air, throwing only four interceptions.

Landon Tackett leads Betsy Layne in receiving. Tackett has reeled in a team-high 18 receptions for 433 yards and six touchdowns. Dylan Maldonado (nine catches for 264 yards, five touchdowns) ranks second in receiving for the Bobcats.

College Volleyball: Pikeville falls to Kentucky Christian

TIMES STAFF REPORT

PIKEVILLE — Coach Bruce Dixon's Kentucky Christian University Knights completed the season sweep of Pikeville College on Tuesday night, leaving town with a 3-0 win. Kentucky Christian defeated Pikeville 25-12, 25-20, 25-22.

The Bears got seven kills and eight digs from freshman Kelsey Jones. Senior Leah Harris had five kills of her own.

Freshman Kelsey Prevot led the way with 12 assists, while sophomore Brooke Parrott added seven.

Senior Kayla Hatton had 13 digs to lead the Bears defensively, while junior Shelby White finished with 11.

The Bears were entertaining Asbury Thursday night. The Pikeville-Asbury match ended too late to make this edition. The Pikeville College Senior Night will be Wednesday, Nov. 3 when the Bears host Cincinnati Christian University at 6 p.m.

UK graduation rates show significant rise

TIMES STAFF REPORT

LEXINGTON — The NCAA's annual graduation rates report was released Wednesday, featuring dramatic improvement by University of Kentucky student-athletes in the Federal Graduation Rate and the highest showing ever in the NCAA's Graduation Success Rate.

The Federal Graduation Rate for UK's freshman class of 2003-04 was 67 percent, a 15-point improvement from 52 percent in 2002-03. The Federal Rate of 67 percent is UK's highest in at least 19 years of data available back to the 1984-85 freshman class.

In addition, the Federal Rate of 67 percent for the 2003-04 freshman class is seven percent above the overall UK student body rate of 60 percent. This is another area of significant progress. UK's 2002-03 student-athlete freshman class was six percent below the overall UK student body.

The Federal Rate for UK's freshman men of 2003-04 was 67 percent, a gain of 25 points from 42 percent the year before. Freshman women also improved to 68 percent in 2003-04, a five-point gain over the previous year.

The Federal Rate

includes scholarship freshman student-athletes in all sports (no walk-ons). Student-athletes who transfer away count against the school, regardless of their academic standing; incoming transfer students, from junior colleges or four-year schools, are not factored into the Federal Rate.

The NCAA Graduation Success Rate, a four-year composite statistic for the freshman classes of 2000-01 through 2003-04, was 74 percent. That is UK's highest in the six-year history of the GSR. Student-athletes who transfer away do not count against the school, as long as they are in good academic standing, which accounts for the difference between the Federal Rate and NCAA GSR numbers.

The statistics also are encouraging in the primary revenue sports of football and men's basketball. The football Federal Graduation Rate for the 2003-04 freshman was 75 percent, an increase of 29 points from the 2002-03 freshmen. The NCAA GSR, again covering a four-year span, bumped eight points to 63 percent.

In men's basketball, the 2003-04 freshmen achieved a Federal Graduation Rate of 75 percent, up 42 percent from the previous freshman class. The four-year NCAA

GSR improved to 44 percent, an increase of 13 points.

The improvements indicate the emphasis placed on academic success by UK President Dr. Lee Todd and Director of Athletics Mitch Barnhart. Todd assumed the presidency of the university in 2001 and Barnhart became athletics director in 2002.

"I'm excited to know that the efforts of our student-athletes in the classroom are reflective of the same passion they carry in competition," Barnhart said. "There has been a conscious effort by our student-athletes, coaches and staff to improve the academic performance of our department and move it in line with the high standards demanded by the University and President Todd."

"I would anticipate that the efforts of our people will continue to reflect our ongoing commitment to academic growth."

The future outlook remains bright for UK's student-athlete graduation numbers. One of Barnhart's goals for UK Athletics is a composite 3.0 grade-point average for all student-athletes, an objective achieved when Wildcat athletes posted an overall 3.04 GPA in the 2010 spring semester.

Finales

football east of Lexington. But Pike Central isn't too shabby either. The Hawks have only been clipped once this season, a 34-18 loss to Belfry a couple of weeks back. Last week they made

statement when they knocked off Sheldon Clark 24-21.

I've paid particular attention to the Hawks this season because of Zack Johnson, the talented senior who is the son of Pikeville College football coach Joe Johnson. And last week, Zack has a monster game against the Cardinals.

It will take that again this week against the Blackcats, but again, a win could add eight points to the Hawk total, and that could go a long way toward deciding who plays at home and who hits the road come next week.

Pikeville at Sheldon Clark: The Cards are in this position because they knocked off Belfry 22-6 a

couple of weeks back. On the surface that seems to be something of an upset, what with Sheldon Clark entering the regular-season finale at 4-5.

But it shouldn't. Shawn Hager was a very nice quarterback and point guard at Belfry and always has his team fired up to play. The Pirates. It has paid off with a couple of nice wins in recent years.

The question now is can he do the same against his old school's chief rival? Pikeville has had a nice season and enters with a 6-3 worksheet. The Panthers are again champions of the local Single-A district and will use this game to prep for a playoff run that starts next week at home.

If Pikeville can win, it would go a long, long way toward nailing down the top seed for Belfry. The win would give the Pirates seven points and, more importantly, take six away from

Continued from p1

Sheldon Clark. Sheldon Clark only has two non-district wins to this point, but has 14 points so far because both Frankfort and Lawrence County have seven wins each. The six from Pikeville, plus both Frankfort and Lawrence playing again, could really stack the deck for the Cards. Yes, Belfry would also have six from Pikeville, but offsetting those could be really big for the Cards.

It will be an interesting night of high school football, as the regular season closes down. It's also nice to have some importance heading into the final week. Not only do teams need to play well to stay sharp heading into November, but also they will need wins to make their path to Bowling Green a little smoother.

Sounds like a fun night to me. Let's kick it off. I'm ready for some football.

Calipari Basketball Clinic set for Saturday

Huggins to speak during weekend event

TIMES STAFF REPORT

LEXINGTON — The 2010 John Calipari Basketball Clinic will be held on Saturday from 9 a.m. to 6 p.m. ET at Rupp Arena.

Now open to registered male and female coaches and fans, the day-long instructional clinic gives a unique glimpse into the coaching philosophies and strategies Coach Calipari uses in guiding the defending SEC champion, Kentucky Wildcats. Included in this unique clinic will be a chance to tour the Joe Craft Center and Wildcat Lodge

with experts available to answer questions.

Bob Huggins, head basketball coach of the West Virginia Mountaineers, will be a guest speaker at our 2010 John Calipari Basketball Clinic. His emphasis will be on teaching the open-post offense and the 1-3-1 defense.

Attendees will be given exclusive access to watch Calipari conduct two practice sessions with the 2010-11 Wildcats (offensive and defensive sessions with an emphasis on pick and roll and the dribble drive motion offense) and be given opportunities to ask questions of Calipari and his staff. All participants in the clinic must be registered.

Registration for the co-ed clinic will be from 7:30 - 9 a.m. at Rupp Arena on Oct. 30. Cost of registration is \$75 online and \$100 at the door.

Registration is available online. For more information, please contact the Kentucky Basketball office at 800-852-2875 or 859-257-1916.

Due to NCAA regulations, no youths entering 7th-12th grade will be allowed to register or attend.

MSU has strong showing in NCAA Graduation Success Report

TIMES STAFF REPORT

INDIANAPOLIS, Ind. — Division I student-athletes, including those at Morehead State University, continue to set high marks for graduation according to the latest data from the NCAA, which was released Wednesday afternoon.

The data on the most recent reports, which measures the years 2000-2003, showed two MSU programs increased their Graduation Success Rate (GSR) over last year's report.

Two Morehead State programs (football and men's golf) showed improvements over the previous year and five programs (men's cross

country/track, football, men's golf, men's tennis and softball) had shown improvement over a two-year period. Two programs (coed rifle and volleyball) could not show improvement as they have been at 100 percent for more than three consecutive years.

The Graduation Success Rate for student-athletes who began college in 2003 is 79 percent. While this rate matches the GSR for the past two years and continues to be the highest ever in Division I, it has risen five points in nine years of GSR collection. The average Graduation Success Rate for the last four graduating classes also is 79 percent, matching last year's GSR for

the four-year cohort.

Using the federal government's methodology, which does not count transfer students and is less accurate than the GSR, Division I student-athletes who entered college in 2003 graduated at 64 percent, still the highest federal rate ever and one point higher than the general student body.

Although the federal rate for student-athletes has remained consistent the past two years, it has risen four points in the past nine years and 12 points since the rate was first calculated in 1984. It is the only measure to compare student-athlete graduation with the general student body.

**MOVIES FROM
THE BLACK LAGOON**

'Autopsy'

by TOM DOTY
TIMES COLUMNIST

A quintet of Mardi Gras partiers find themselves in deep trouble after a car wreck lands them in a creepy medical center in this decent outing from the folks at "After Dark Horrorfest."

Most of the "Horrorfest" films have been duds, unfortunately, but this effort manages to eke out a few schres. The start of the film is the only slow part, as we meet our gang of "party-hearty" co-eds. They are a dull bunch who don't get much more interesting until their death scenes, except for the heroic Emily. She is the 1980s-style heroine who winds up figuring out that they are all in danger. Unfortunately, she figures it out way too late for her friends.

The action begins when our "Scoobies" wreck their car on a wicked curve. An ambulance just so happens to show up just as a guy in a hospital gown emerges from underneath their auto. The paramedics point out that the patient escaped from "Mercy Hospital" while being prepped for surgery and is under the influence of drugs. The youngsters appear to have their judgment impaired, as well, because they buy this story and accept a ride back with the ambulance.

Once they are ensconced at the hospital, their torture begins with

Editor's Note: For years, Floyd County Times founder and former publisher Norman Allen wrote a weekly column that looked at Floyd County through his eyes. His columns are being reprinted due to request.

You can make a choice next Tuesday by casting your ballot. Or would you prefer to stay home and let some other do it for you?

THE CLUE
"It's a Small-World Dep't":

While Blaine Hall, Prestonsburg insurance man, sat in a hotel lobby in London, England, some weeks back, waiting for other members of his party, a group of men, most of whom were easily recognizable as Scots, entered, talking golf. Suddenly there broke into the chatter of clipped accents the drawl of a big man in the crowd. Said he:

"I sure had a tough row to hoe on that ninth hole!"

"A tough row to hoe"...the Hall ears twitched. That didn't come from Bonnie Scotland or the playing fields of Eton or any other place in the world, he decided, except Tennessee or Kentucky. So he made bold to investigate.

"Are you from Kentucky, or Tennessee," he inquired of the big stranger.

"Kentucky," the man said. And where in Kentucky?—Wherewright?

It was Otis Newsome, now a resident of Michigan who, like his onetime neighbor, Hall, had

NEW RELEASE

Big Sandy Singers drop new album

by JARRID DEATON
FEATURES WRITER

The Big Sandy Singers will hold a release party for the group's new album on Nov. 4, and Director Laura Ford Hall is excited about the event.

"Of all of the events we do, this is our most exciting one each year," Hall said. "This year, we are even more excited to be releasing an album full of group harmony singing for our commu-

nity to enjoy."

The album, titled "Little White Church," was recorded at Big Sandy Productions, the studio located on the Prestonsburg campus of Big Sandy Community and Technical College. The album was produced by Timothy Cooley.

"Due to many comments from regular Big Sandy Singer fans, we decided to make this album our first all group album ever, meaning that each song features a

great amount of harmony singing," Hall said.

The album features an a cappella version of Journey's "Don't Stop Believing," version of Journey's "Don't Stop Believing," the classic celebrity anthem "We Are the World," two bluegrass songs, and an abundance of other covers done in Big Sandy Singers style.

According to Hall, \$2 from every album purchase will be donated to the Kentucky Coal

Academy.

During album release party, the Big Sandy Singers will perform the album live for those in attendance. The group will be signing autographs, and the album will be available for the public to purchase for the first time.

For more information of the Big Sandy Singers, and to order albums online, visit www.bigsandysingers.com.

DINNER DIVA

Flavored vinegars

Adding pizzazz to your recipes is as easy as tossing in a few splashes of a fun flavored vinegar. Sure you can buy these at the grocery store but it is fun and easy to make your own (not to mention a lot cheaper). Let the kids join you and let their creativity run wild! Now let's gather up some of your favorite herbs and spices and get creative.

To create flavored vinegar, you will need a bottle of white distilled vinegar. White is the most preferred

when making flavored vinegars because it is the least expensive and is very bland. Since it is bland it will not bring its own unique taste to the recipe other than the taste of vinegar. Put the vinegar in a clean, well sterilized glass container. You can find unique glass bottles at dollar stores, large discount stores, and even thrift stores. Add the herbs and spices of your choice to the vinegar. Popular choices include rosemary, oregano, thyme, basil, sage, and cilantro. Colorful herbs

will tint your vinegar while also giving it a different flavor.

Once you have completed the mixture, the flavored vinegar should be allowed to steep for at least one week. Shake the container each day to allow the herbs to fully mix with the vinegar. While refrigeration is not necessary, most people prefer to store their vinegar in the refrigerator until it is ready to use. After it has steeped for a week

Roadshow Comes to Pikeville Next Week!

By Jason DeLong
Treasure Hunters Roadshow
STAFF WRITER

Clean out your attics, closets and lock boxes, because the Roadshow is coming to Pikeville. Roadshow experts will be in town examining antiques, collectibles, gold and silver.

While the Roadshow will accept anything that's old, they will be focusing on gold and silver coins made before 1964, military items, toys and trains, musical instruments, pocket and wrist watches. Scrap gold is expected to be a popular category this week due to soaring gold prices.

"U.S. coins made before 1964 are most sought after by collectors. Coins made before 1964 are 90% silver and valuable because of the silver content or could be worth even more if one happens to be a rare date."

Expert buyers for the Roadshow have noticed a tremendous increase in the amount of gold coming to the Roadshow and for good reason. Record gold prices have Roadshow guests cashing in on broken jewelry or jewelry they don't wear anymore with our "fair and honest" purchase offers.

Got Gold? Next week, visitors can cash in on antiques, collectibles, gold, silver, coins or just about anything that is old.

The Roadshow encourages anyone planning a visit to take a minute and examine their jewelry box or their lock box at the bank and gather anything that's gold. If a guest is not sure if something is gold, bring it anyway and the Roadshow staff will test it for free. Other gold items of interest include gold coins, gold ounces, gold proof sets and dental gold.

Other types of items Roadshow experts hope to see include old toys and train sets. Archie Davis, roadshow toy expert spoke about some of the top toys getting great offers. "Old tin windup toys from the late 1800's through the 1960's are in great demand now" said Davis. "Especially those that are character related. Mickey Mouse, Donald Duck, the Flintstones or any character toys are sought. Old Buddy 1, toys from the 1920's to 1960's

are in demand." Basically any toys made before 1965 are wanted. Train sets made by Lionel, American Flyer, Marklin and others have the potential to fetch high prices. Davis also stressed, "Toys with boxes and in mint condition bring sensational

prices. Most of the toys that come to the Roadshow are not in perfect shape but can still bring good prices from collectors."

When expert Tom Fuller was asked what he enjoyed most about working at the Roadshow, he was quick to answer "Old

coins and paper currency. For as long as I can remember I have been fascinated with collecting coins. I would go through the change in my parents grocery store looking for rare dates and errors. Once, I found a silver quarter that I sold for \$300.00. Not bad for an 8 year old."

Fuller went on to explain that any U.S. coins made before 1964 are most sought after by collectors. Coins made before 1964 are 90% silver and valuable

"If you go to the Roadshow, you can cash-in your items for top dollar. Roadshow representatives will be available to assess and purchase your items at the Hampton Inn, next Tuesday through Saturday, in Pikeville."

because of the silver content or could be worth even more if one happens to be a rare date. "We help people sort through their coins for unique dates. We buy all types of coins at the Roadshow from wheat pennies to Buffalo nickels, which are valuable from one coin to an entire truckload. See you at the Roadshow," said Fuller.
