If you feel sour and sunk and the world looks punk, don't swallow z lot of saits, min-eral water, oi, izstive enny or chewing sum and expect them to make you suddanly sweet and buoyant and full of sunshine.

"In view of the fact that Miss Goble has made such a distinctive school record, and since she is a native Floyd county girl, I am certain that your readers will be interested to learn that her work stands out among that done by all the hundreds of students at Eastern. Her standing of A in each of the three semesters she has been in college, of course, has placed her on the honor roll of the school and needs no comment on its excellence."

In a recent letter Dr. Donovan, president of the Eastern State Normal and Teachers' College expressed his pleasure upon enrolling such a student and pointed Miss Goble out as an example to other students. Eastern not only wel comes other students of this high quality from Floyd county, he wrote, but also seeks other students from any part of the country.
