AGREEMENT ENDS SCRAP OVER POLL OFFICIAL SELECTION

Appointment of Election Commissioners Starts Political Maneuvers in County

OFFICERS NAMED

With the Rhea and Chandler forces scrapping for the past week over the "balance of power" in the naming of election officers to preside at the "run-off" primary September 7, an agreement was finally reached Wednesday.

To start with, the two factions made "a race of it" for the appointment of election commissioners to succeed Frank Hatfield and Sam Nelson, whose terms expired with the first primary. Several names were submitted for the commissionerships vacated by Hatfield and Nelson, with Oscar Hays, of Lackey, finally being named the Democratic commissioner to succeed Hatfield, and Nelson being re-appointed as the Republican commissioner. Sheriff M. T. Stumbo is the third member of the commission by virtue of his office.

When the election board failed to agree, with Chandler forces holding a two to one margin with the board over Rhea, supporters of the latter procured a petition signed by 50 per cent of the candidates asking half of the election officers. A mandamus was filed Tuesday afternoon, seeking to join the commissioners to select officers as directed.

The whole matter was settled amicably enough when an agreed order was entered Wednesday morning giving each faction half of the poll officials.

Election officers follow, the clerk, the two judges and the sheriff appearing in order in each instance:

Prestonsburg No. 1 — Jim Clark, Bill Blackburn, Chick Howard, Cal Clark.

Prestonsburg No. 2 — Arthur Blackburn, Oscar Bond, George Belcher, Ishmael Triplet.

Depot — R. T. Allen, Sambo Nelson, Russell Hprn, Watt Hale.

Auxier — Arch Harmon, Morgan Spradlin, John L. Harmon, G. C. Sturgill.

The child's legs were broken when struck by a car driven, it is said, by Ferrell Johnson, of Pikeville. Parents of the little victim are quoted as saying the accident was unavoidable.

MINER TOUCHES WIRE, IS KILLED

Hickman Victim in Same Mine Where Grandfather Was Killed a Year Ago

Ray Hickman, 18 years old, Wheelwright miner, was instantly killed Thursday, last week, in the same mine at Wheelwright in which his grandfather, Rhodes Hickman, is said to have lost his life in a slatefall a year ago. Young Hickman's death resulted when he touched a high tension wire.

The victim was a son of Mr. and Mrs. Roy Hickman and had resided at Wheelwright with his parents for some time. The Hickman family moved to Wheelwright from the Georges Creek section of Lawrence county.

The body was returned to Georges Creek Friday, and burial was made in the Preston cemetery near Richardson, Sunday. Besides his parents, young Hickman is survived by one sister, Elizabeth Hickman, of Wheelwright.

ELLIOTT FIELD HOLDS INTEREST

"Rich" Oil Field Is Being Developed, Leases High as \$10 an Acre

The recently "tapped" oil field in Elliott county, near Sandy Hook, is attracting wide attention, according to persons interested in oil and gas sections. It was reported recently that representatives of oil companies were "running over one another" in their haste to get leases signed and recorded at the county clerk's office.

Leases, it is said, are selling as high as ten dollars an acre in the new field and it is predicted that the field, in which there are now four producing wells, will prove to be one of the best in the state.

Outside capital is pouring into the Elliott field and it is said the field will be thoroughly developed.

Miss Margaret Ohne, of Ghent, Ky., was guest of friends in Prestonsburg this week. Miss Ohne, for the past six years a teacher in Prestonsburg high school, will teach at Oneida, Tenn., this year. Her many friends here will regret her departure.

John Goble, of the Greenup County News, is guest of his father, H. L. Goble, and other relatives here this week.

Mrs. George Webb and daughter, of Ashland, were guests here Friday of Mr. and Mrs. J. J. Brown.

Floyd County Supplies 'Lone Star State' With Appellate Court Chief

Judge W. P. Leslie

Horace Greeley's advice, "Go West, young man," has been heeded by Floyd county with notable success.

One of these, the late W. L. (Bee) Mayo, founded a college in Texas and became one of its most famous educators.

This story has to do, however, with a student of Professor Mayo, the "hero" is Judge W. P. Leslie.

William Pharmier Leslie he was christened by his parents, the late A. N. and Martha Leslie, respected residents of what is now Emma, six miles above Prestonsburg.

Today, at the age of 55, 28 years after he was graduated from the law school of the University of Texas, he is chief justice of the Texas Civil Court of Appeals.

A review of Judge Leslie's life indicates that his career has been directed by some driving force toward a definite goal. But when he left Floyd county he was but another young man of this county, bent on procuring an education and assuming the part of a worth-while citizen. The successes that followed resulted from a brilliant mind. Continued on page two.

RHEA'S ADDRESS OPENS CAMPAIGN

In Floyd County; Charges Opponent With Misrepresenting Facts to Voters

With the appearance in an address at the courthouse here Wednesday night of Thomas S. Rhea, candidate for the Democratic nomination for Governor, Kentucky's first "run-off" campaign was officially opened in Floyd county.

Mr. Rhea, who was introduced by G. S. Milam, of Logan county, and Circuit Judge John W. Caudill, scored his opponent, Lieutenant-Governor A. B. "Happy" Chandler, on the conduct of the gubernatorial campaign, alleging that Mr. Chandler "has done nothing but indulge in mudslinging, spread falsehood and slander." "I would let the Governorship go to the eternal bow-wow," he added, "before I would destroy the Democratic party in Kentucky."

Advocating a "modified" sales tax, exempting foodstuffs and clothing, Mr. Rhea said: "Mr. Chandler says he has never been for a sales tax. The Senate Journal shows that in 1930 he voted for a sales tax. If that is not true, I will quit the race. Any man who misrepresents facts of vital importance to you citizens is not worthy to be your Governor."

Mr. Rhea commented upon his opponent's recent promise of a \$12 per capita for schools. "Chandler is just a recent convert to the \$12 per capita," he said. "If his program had prevailed, the per capita would have been only \$2.48."

A crowded courtroom and many in the courtyard and on neighboring sidewalks heard the address over a public address system.

CORRECTION

DEPUTY SHERIFF HATFIELD SLAYS WILLIAM MILLS

Officers Aver Miner Fired First Shot at Willie Johnson With Shotgun

CLAIM SELF-DEFENSE

William Mills, Melvin miner, was shot five times and instantly killed late Sunday night by Deputy Sheriff Frank Hatfield after Mills is alleged to have fired a shotgun at Deputy Sheriff Willie Johnson. A .45 calibre bullet through Mills' neck produced death, it was held.

Deputy Sheriff Johnson said that as he and Deputy Sheriff Hatfield, after patrolling Melvin where a disturbance had been created, were walking down the railroad tracks when they came upon Mills. Without warning, Johnson said, Mills threw an automatic shotgun to his shoulder and fired at him. The barrel of the weapon struck Johnson on the head, knocking him to the ground. Deputy Sheriff Hatfield grappled with Mills and as the two struggled, the officer fired.

The officers said that when they approached Mills he had his gun leveled at a car and had been causing a disturbance through the camp. The victim was a man about 40 years old and leaves his widow and three children. He had resided at Melvin for several years. One brother also resides there.

Officials here Monday indicated that Deputy Sheriff Hatfield is held to have fired only in self defense and that there will be no charge filed against him.

JUDGE W. P. LESLIE

Continued from page one

dedicated to worth while effort, all of which was honest endeavor appreciated by the people of a state far removed from that of his nativity. Such has been the precedent with every Floyd countian who left this section and turned his mind to high achievement elsewhere.

For instance, officials of Greenup county are natives of Floyd county.

When Judge Leslie left Floyd county it was to enter the East Texas Normal College founded at Commerce, Texas, by his uncle, 'Bee' Mayo. He was graduated there after three years of study. Then he returned to this county to teach two rural schools during the summer, in the winter returning to Texas to teach—making every day count, saving every cent in order to continue his education. In 1907 he was graduated in law from the University of Texas.

His career as a public official began soon thereafter. He located a law office at Colorado, Texas, soon after graduating from law school. What the magic formula to success and public favor he employed is not available, but the fact remains that at the very next election he was elected County attorney, an office he held for two terms. The next step was an easy election as District Atty. (or Commonwealth's Attorney). For four terms he was District Attorney, his last three elections being his without opposition, so efficiently did he perform his duties and thus catch the fancy of the voters.

During his last term as District Attorney Judge Leslie was appointed District (Circuit Judge, and twice thereafter was elected without opposition. In the last year of his third term as District Judge he was elected associate justice of the Texas Court of Appeals, and was re-elected for a six-year term.

In June, this year, when a vacancy occurred in the Civil Court of Appeals, Judge Leslie was appointed by Governor James V. Allard to the Chief Justiceship.

Judge Leslie takes his honors lightly, and here in Floyd county is 'just folks.' He, Mrs. Leslie, their daughter, Miss Rosalie, and their 13

year-old son Charles Robert, now are visiting relatives in this county. The daughter, incidentally, is no failure herself. A graduate of the University of Texas, Miss Leslie received her Master's degree from Columbia University, New York City, and only recently was a representative of the National Convention of the Mortar Board. She was elected secretary of the national organization.

Mrs. Leslie, the former Miss Rosalie Allen, daughter of the late T. G. (Bringe) Alltn, of Allen, of Northern this county, is the most important factor in the Leslie family, however, according to the judge. "The only truly good fortune I have had in life," he told The Times recently, "was the day when, as a teacher in the Steele's Creek school, I met my wife, then my pupil."

"It's a credit," somebody recently remarked, "to Floyd county to have her boys go out and make good in other counties and states."

"It's a credit," a bystander retorted, "to other counties and states to have sense enough to recognize real Floyd County ability when it comes to them."

OUR GREATEST CROP

By S. L. Isbell, County Agent

Hillsides that don't wash, gentle slope land steeps all covered with carpets of green, droves and flocks of cattle and sheep that thrive on our grass-covered hills and valleys—that is the picture we would paint of an Eastern Kentucky properly grassed.

You and I have seen just this in isolated localities located too far apart. In between we find every variation from naked, washing hillsides to muddy streams rushing away heavily loaded with our best soils. To stop this and to approximate the picture of a livestock covered country you will need to do what A. J. May has already successfully accomplished on his Floyd county farm on Buffalo

Creek. There may be seen as fine a pasturage, perhaps, as has ever been produced in Eastern Kentucky—which brings us to a consideration of how he did this.

The method is simple. Just before the last cultivation of his corn crop about July 16, last year, he sowed a mixture of 6 pounds of orchard grass, 6 pounds blue grass and 3 pounds red top per acre. The following March, 10 pounds per acre of Korean lespedeza were sowed. This seeding of grass was made on very steep land and the final cultivation covered the seed thoroughly, with the exception of the Korean lespedeza which was sown on frozen ground.

Mr. May is convinced that the covering of seed is very important. Another factor of interest in this pasture demonstration is the fact that it was seeded in the latter part of the summer, in contradiction of the spring seeding. The reason for the effectiveness of summer seeding is at once apparent if we stop to consider the favorable growing season of late summer and fall. Numerous failures of spring seeding result from freezes and drouths. In the past five years I recall only one really favorable season for the seeding of pasture mixtures in the spring—the spring of 1935.

Now is the time to be seeding new pasture in fields that that have been in cultivation this spring and summer.

Other farmers who have produced good pasturage from summer and fall seedings are: Jim Stephens, Cliff, S. K. Music, Little Paint, Elmon Clarke; Auxier; Sherman Burchett, Endicott, Den Fairchild, Allen, Melvin Andtrson, McDowell, and Melvin Allen, Northern.

HOW WOMEN CAN WIN MEN AND MEN WIN

The Favor of Other Men
Unless two pints of bile juice flow daily from your liver into your bowels, your food decays in your bowels. This poisons your whole body. Movements get hard and constipated. You get yellow tongue, yellow skin, pimples, dull eyes, bad breath, bad taste, gas, dizziness, headache. You have become an ugly-looking, foul-smelling, sour-thinking person. You have lost your personal charm. Everybody wants to run from you.
But don't take salts, mineral waters, oils, laxative pills, laxative candies or chewing gums and expect them to get rid of this poison that destroys your personal charm. They can't do it, for they only move out the tail end of your bowels and that doesn't take away enough of the decayed poison. Cosmetics won't help at all.
Only a free flow of your bile juice will stop this decay poison in your bowels. The one mild vegetable medicine which starts a free flow of your bile juice is Carter's Little Liver Pills. No calcium (mercury) in Carter's. Only fine, mild vegetable extracts. If you would bring back your personal charm to win men, start taking Carter's Little Liver Pills according to directions today. LETTERS TO THE EDITOR

Says Story Erroneous Editor, Floyd County Times:

In regard to a news item appearing in your paper of August 23, wish to make the following statement: That the party who wrote this article knows nothing about mining or the contract between the operators and miners.

J. S. Hampton is not store manager but is mine superintendent, and there had never been a case before the board in any way concerning how much or how little strip is to be issued to the miners.

Furthermore, this being what is called a Wildcat strike and not having the support of the United Mine Workers of America, and the men were ordered back to work by John Hanratty and were told they had violated the contract by asking for something the contract did not call for.

Whenever your correspondent goes in a district to get news he should try to get facts and not cause articles to be published that are not true.

STATE-WIDE BOOST GIVEN STATE FAIR

Louisville, Ky.—The Kentucky State Fair was given perhaps the greatest boost of its 33 years' existence by more than 500 leading business, professional men, of the city of Louisville, and scores of big breeders, farmers and others from out in the state at a luncheon given the Fair officials by the Louisville Board of Trade and members of 19 principal luncheon and civic organizations of this city at the Brown Hotel Friday, August 23. Numerous speakers, including Horace A. Taylor, acting Mayor of Louisville, Frank Rodenhever, chairman of the Round-Table Clubs, William A. Stoll, President of the Board of Trade, Col. James T. Barney, commanding officer of Fort Knox, and D. D. Stewart, of Louisville, Commissioner of Agriculture, Eugene Flowers, pictured the State Fair as one of the greatest educational factors in the state, and the stimulus to more successful agricultural, breeding and industrial activities throughout the state. Mr. Stewart held that

the State Fair's influence does not stop in the state, but was actually nation-wide and that the State Fair should not be considered as a making institution for the State, as is expected of a commercial concern, but as an investment, beyond measure, in dollars for the people of Kentucky, and joined with all the other speakers in urging the greatest attendance this year in the institution's history.

Davidson Resigns From City Board; 13 Grade Teachers Named

The joint meeting of the county and Prestonsburg boards of education held Monday in order to name the faculty of the Prestonsburg and county high school, resulted in an impasse.

Though Prestonsburg schools are slated to open not later than September 9, not a teacher has been named for the high school. The two boards will meet again Monday, it was said.

The city board of education is having trouble selecting the faculty for the grad-

ed school, though in two meetings this week succeeded in naming 13 teachers.

At a meeting Monday the following list of teachers was hired:

Mary E. Ford, Virginia N. Stephens, Anna Martin, Margaret Collins, Anna Laura May, Frances Jones, Fanny Jarrell, Emma Alice May, all of Prestonsburg; Seldon Arnett, Salyersville; W. A. Murrill, Barbourville, W. Va. and Carl Hatcher, Harold.

Alex L. Davidson, chairman of the city board of education, tendered his resignation as a board member at Wednesday's meeting, and Roy Perry was elected to fill the vacancy thus created. Edna Collins and Anna Mae Hatcher were hired as grade teachers at this meeting. Four more teachers and an attendance officer remain to be selected.

Griffith And Hays To Appear On Fight Card At Pikeville Sept. 2

Ray 'Tuffy' Griffith, Paintsville fighter, announced during a visit here last week that he will appear at Pikeville on Labor Day in a 10 round bout with Joe O'Malley, of Columbus, O., former welterweight championship contender.

This bout is the main event of a program to be sponsored there by the American Legion. "Tuffy," who is one of the state's foremost exponents of the fist art, and whose willingness to mix it has made him a favorite with fight fans, is confident he will defeat O'Malley.

Russell Hays, of Maytown, who has received considerable tutoring in the manly art from "Tuffy," will fight in the six round semi final, meeting Kid Foster, also of Columbus. Three four round bouts will round out the card.

WANTED — Young woman; with care of boy, lodging. Give your references. Write Floyd Co. Times.

Miss Patton Dies Here On Sunday At Age of 78

Miss Tabitha Patton, 78 years old, died Sunday evening at 6:30 o'clock at the home here of her nephew, J. H. Patton, after a protracted illness.

A daughter of the late David and Mrs. Nancy Patton, "Aunt" Bitha, as she was affectionately known, was born and reared in Prestonsburg. She had been a member of the Presbyterian Church for more than 30 years, and was one of the town's best women.

Only one member of her family, J. W. Patton, a brother, survives. She leaves several nieces and nephews and a host of friends. Funeral rites were conducted Tuesday morning from the Presbyterian Church, the pastor, the Rev. Robert A. Potter, and the Rev. Arnold T. Malmberg of isolating. Burial was made in the Gearheart cemetery under the direction of E. P. Arnold.

BABE SERIOUSLY ILL FROM BITE OF SPIDER— WAS IT 'BLACK WIDOW'?

Bitten by a spider two weeks ago, the 10 months old daughter of Mr. and Mrs. Norman Prater, of Middle Creek, a few miles from here, was in a serious condition this week. Though the child suffered severely from the poison from the spider, infection now is endangering its life, it was said this week by Dr. Dotson attending physician.

The spider was killed, a few few moments after the child was bitten, and much speculation has arisen as to its species — if it may be the deadly Black Widow spider which has been widely discussed recently. The spider was of a dark color, but was not black, members of the Prater family said.
