THREE MINERS KILLED IN WRECK

TRAGEDY BEFALLS PARTY EN ROUTE TO HOLIDAY RALLY

North Carolina Truck Is Held Responsible For Floyd Men's Deaths, Claim

OTHERS INJURED

Three miners for the Stephens Elkhorn Coal Company, near Alphoretta, en route to Charleston, W. Va., to participate in a Labor Day celebration, were instantly killed at 1 o'clock Monday morning when the truck in which they and 23 other miners were passengers was struck by another truck.

The dead:

D. M. (Murph) Marshall, aged about 30.
Oscar "Red" McGherry, 35.

Elza Collins, 34.

Sam Stephens, another of the miner delegation, sustained a broken nose and other injuries, none of which are believed to be serious, and two or three others suffered slight hurts.

The tragedy took place when

the truck of Z. C. Dingus, Martin merchant, in which the miners were riding was struck by a heavily loaded truck from North Carolina, 12 miles outside of Charleston.

The North Carolina truck struck the other just back of the cab, tore away the bed of the Floyd county truck and carried Marshall a distance of approximately 150 feet, according to G. D. Ryan, Martin undertaker who returned the three bodies to this county Tuesday evening. Bodies of McGherry and Collins were carried an estimated distance of 20 and 25 feet, respectively, by the truck which struck that occupied by the miners, it was said.

A woman who had parked her auto at the roadside when her gasoline supply was exhausted is quoted as testifying at the coroner's inquest held Tuesday that the North Carolina truck was at fault and that the driver of the truck bearing the miners was in no wise responsible for the tragedy. She is quoted as stating that the Floyd county truck parked behind her car when another auto approached and did not leave room for the truck to pass. The Martin truck then started to pull back

onto the road and proceed toward Charleston but stopped when another machine approached, her story continued. Then the North Carolina truck approached, she is said to have told West Virginia authorities, barely missed her auto, and then tore into the side of the Floyd county machine, though the latter, she said, had two wheels off the surfaced portion of the road. Occupants of the truck occupied by the miners corroborated her story, it was said.

Driver of the North Carolina truck was held under bond to answer future action regarding the tragedy.

All three of the victims had large families, and 24 children are said to have been left fatherless as a result of the tragedy. They had been employed by the coal companies on Stephens Branch for years. Marshall was a son of the Reverend John Marshall, of Alphoretta, veteran minister of the Christian Church. McGherry resided on Caney Fork of Middle Creek, and Collins, as well as Marshall, lived in the coal company camps on Stephens Branch.

Funeral arrangements for the victims had not been completed Wednesday morning, it was said.

DEATH OF NEWSOM SUBJECT OF PROBE

Harold Miner Held Victim of Heart Attack; Died Sunday Night

Troy Newsom, 23-year-old Harold miner, died of a heart attack while at work in the mines at Harold Sunday night, a coroner's jury decided after an inquest was held over the body a few hours after his death. Mrs. Ben W. Norris, Floyd county coroner, conducted the inquest.

Only one witness, Elijah Collins, father-in-law of the victim, saw young Newsom die. He said he saw Newsom suddenly shudder, then crumple dead. The two were working Sunday night in order to have a holiday Monday.

It was at first thought that Newsom had been electrocuted by a high tension wire in his room of the mine, but examination of the power cable and of the body resulted in the coroner's jury deciding that his death resulted from a heart attack.

The victim was married three months ago. He is survived by his bride and by his mother. The body was prepared for burial by G. D. Ryan, and interment was made Tuesday afternoon in the cemetery at Harold.

SERMON DELIVERED AT CHURCH HERE BY PROXY

The Reverend Robert A. Potter, pastor of the Presbyterian Church here, occupied the pulpit of his church Sunday morning "by proxy." His sermon was read to the congregation by E. E. Clark. The theme was "The Day of Labor," a Labor Day message.

The Reverend Mr. Potter was obliged to refrain from his regular duties as a pastor because of a slight sunstroke suffered recently while visiting relatives in Texas.

MRS. CYNTHIA AKERS, 67, DIES AFTER ILLNESS OF 10 DAYS LAST THURSDAY

Mrs. Cynthia Akers, 67 years old, mother of W. B. Boyd, of this place, died at her home at Dana August 22, a victim of pneumonia after an illness of 10 days.

The deceased was the widow of the late E. E. Akers, who died a year ago. She was a devout member of the Regular Baptist Church, and was known as one of her community's best women. Besides her daughter here, Mrs. Akers is survived by nine sons: D. P. Akers, Nova O.; Walter Akers, of West Virginia; F. M., B. K., W. L., Fred, Ned, E. P., and Allen Akers, all of Dana.

Funeral rites were conducted from the home, with ministers of the Baptist church officiating. Burial was made in the family cemetery.

Mr. and Mrs. F. C. Davis and son, Peter, of Youngstown, Ohio, and E. E. Crossland, Jackson, Ohio, were week-end guests of Mr. and Mrs. N. M. White, Jr., and Miss Ella Noel White.

Mr. and Mrs. Curtis Clark and daughter, Doris Ann, and Mrs. Harry Sandige and Mrs. Franklin Moore spent Sunday in Huntington.

FORMER RESIDENT OF W. PRESTONSBURG DIES

Mrs. Dona Nicholls, 58 years old, formerly of West Prestonsburg, died at her home in Alger, O., August 16 a victim of a heart attack.

Besides her husband, Mrs. Nicholls is survived by one son, Walter Osborne, Carmen, Ky.; one step-son, Richard Nicholls, of Alger; four daughters: Mrs. Daisy Horn, West Prestonsburg; Mrs. Dora Hatcher, Ashland; Mrs. Jane Newland and Mrs. Lydia Meadows, both of Lima, O. Burial was made at Alger. Mrs. Nicholls leaves many relatives and friends in this county.

TEXAS EDUCATOR AND FAMILY VISITING HERE

Prof. and Mrs. D. L. Clarke and son, David, of Austin, Texas, arrived this week for a visit with his sisters, Mrs. Anna Stephens and Mrs. W. M. Clarke, here, and also with relatives on Beaver Creek. Prof. Clarke is another Floyd countyman who has won distinction in Texas. He is a member of the faculty of the University of Texas, and is the author of a work on English which has been adopted as the official textbook in Texas, Tennessee, Virginia and other states.

Dr. Clarke joins Judge W. P. Leslie, Prof. Josiah Combs and the late Prof. W. L. "Bee" Mayo in transplanting from Floyd and Knott counties to Texas recognized educational and legal talent of the highest order.

Mrs. R. H. Messer Saturday submitted a major operation at the Methodist hospital, Pikeville. Mrs. Messer is doing as well as could be expected, and her many friends here are hopeful of her early recovery.

Saturday To Mark 56th Year Of Married Life For Local Couple

By Bob Potter

John Anderson my Jo,
John,
We clamb the hill together,
And mony a canty day,
John,
We've had wi' ane anither.

That old-folk love song of Scotia's Robert Burns may well be the refrain this week of two Prestonsburg citizens — Mr. and Mrs. Nathan Yancy Beavers.

For 56 years, next Saturday, this old couple have "clamb hills together" — and the years have been rich, happy fruitful ones. And, should you ask them, they will probably tell you the last days are among the best.

"Uncle" Nathan and "Aunt" Charity, as they are affectionately known, were married September 7, 1878, which also was a Saturday. The ceremony was performed at the home of the bride's parents, Mr. and Mrs. Palmer Seutchfield, on Bull Creek. The Rev. James Lafferty officiated, and there were two witnesses.

Mr. and Mrs. Beavers lived in the Bull Creek community for a time, and elsewhere. In

\$1,318,000 ASKED OF WPA FOR THIS COUNTY PROJECTS

Work Sought in Blanket Form; \$80,000 Sought For Courthouse

DEADLINE SEPT. 12

Submission of Works Progress Administration projects was made Saturday, which if approved, will mean the expenditure in the county by this agency of \$1,318,000.

When it was found that Floyd and other counties of this section had not made application for work sufficient to take care of their needs during the next year, WPA officials called a meeting at Paintsville for the purpose of submitting in "blanket form" their needs.

Officials of practically every governmental unit in this section met Saturday morning in the WPA district office at Paintsville, and worked with WPA officials toward making applications for work for their respective counties, towns and schools. As the matter stands now, the \$1,318,000 exists only theoretically for Floyd county, though it is held reasonably certain that this amount will be set apart to take care of projects approved for work in the future.

Had not this "blanket" submission of projects been made, no project on which fully detailed plans had not been submitted by September 12 would have been approved, it was pointed out.

One of the projects included in the program submitted for Floyd county Saturday is the improvement, largely the rebuilding, of the courthouse here at a cost of \$80,000. For the Johns Creek road \$180,000 was asked.

(Continued on page five)

If You Must-- Take Mr. Chandler's Word for It!

He Promises To Eliminate The Sales Tax

In the same breath he promises to maintain a \$12 per capita for the schools and keep the running expenses of the state in good shape.

He says he will economize sufficiently to accomplish this monumental task. That means—if we are to accept his promises—that every state official, every employe, every county official must be discharged, all the penitentiaries, asylums and other state institutions emptied and deserted.

If these things are not done, his economy program will be like all his other programs—nothing but empty promises.

There is one alternative for him, if he is not to dismiss every state official and empty every state institution. That is tax and tax and tax the farmer and, surely, every man in every walk of life in Kentucky so as to gain back the revenue lost through his promised elimination of the Sales Tax.

Why be misled? Thomas S. Rhea makes no fanciful promises or predictions. He insists that the Sales Tax should be continued, except on the necessities of life. Kentucky cannot carry out its relief program, cannot co-operate with the Federal Government in providing old age pensions without money. Debts cannot be paid without money. Mr. Rhea is using only good commonsense.

If Mr. Chandler is our chance for all this, what can you expect?

Is Mr. Chandler Democrat enough to support Mr. Rhea if he is defeated? Vote for a good Democrat—one who puts his party above self. Repudiate those who would repudiate their own party.

Rhea Campaign Comm.

FIVE ARE NAMED ON MURDER COUNTS

Grand Jury Report On Second Day of Court Term Here

Indictments were returned Tuesday by the grand jury of the Floyd circuit court, after but one day of work, against five Floyd county men on murder counts. Three others were charged with shooting and wounding.

Those indicted for murder and brief details of their alleged crimes follow:

Orville Bentley, fatal shooting on Mud Creek of his cousin, Bert Tackett.

Harry Lee Leslie, slaying of Jack Harris at Emma a few months ago.

Silas Hicks, murder of Mrs. Joe Boggs at Gibson railway station two weeks ago.

Andy and Curtis Tackett, beating to death with a shotgun Thomas Hamilton on Mud Creek in July, this year.

Dewey Hall was indicted on a charge of shooting and cutting Ellis Tackett, and the latter in turn was charged with shooting and wounding Hall. Tackett was seriously cut, and Hall's forehead was grazed by Tackett's bullet. Joe Fannin was named in a shooting and wounding charge as the result of the shooting of J. W. Stapleton at Allen on the day of the August primary.

John Moore, of Garrett, was named by Circuit Judge John W. Caudill as foreman of the grand jury.

KEENS HURT IN WEST PRESTONSBURG FIGHT

John Keens was recovering last week at the Beaver Valley hospital, Martin, from a severe head injury sustained when struck by a brick said to have been hurled by Crit Crisp, of Dwale.

Keens, it was reported, cut Crisp across the back of his neck. Crisp claimed he was cut before he struck Keens.

OF MANY THINGS NEEDED

Three—of many things this community needs:
1. Adequate means of handling traffic.

2. Sewer system sufficient to provide necessary drainage.

3. Paving of "Forgotten Village"—West Prestonsburg—as well as those unpaved portions of Prestonsburg.

Taxpayer's property is being ruined as a result of improper drainage facilities. Any rainfall of consequence sees Highland flooded, gardens and lawns ruined, streets below ground inundated, even one church basement flooded. This condition, dangerous to health and discouraging to those who earnestly and hard toward beautification of their homes, thus enhance the appearance of the town, as a whole, should be corrected.

Works Progress Administration projects may provide proper sewerage if they do not, steps should be taken now to see that they do.

WPA projects also should be submitted for the improvement of West Prestonsburg's streets. There is little justice to this policy of holding West Prestonsburg as a part of Prestonsburg without giving that place deserved consideration. Especially is this true when for the mere asking paved streets might be provided for the town.

Of the traffic situation here let a reader of The Times speak:

The congested traffic conditions, the space apparently necessary for the parking of cars, and the safety of pedestrians, particularly the children of the community, seem to demand that there be some additional regulations of the movements of all makes of vehicles which travel the streets of Prestonsburg.

One manner of greatly improving the situation as it now is, would be to make Prestonsburg a "One-way street town," using the new Mayo Trail, Carter avenue, as the main arterial highway from which the one-way streets branch.

It would then be possible to permit parking on both sides of the street and at the same time permit the steady movement of traffic. There would be less chance of sewing up in a traffic jam our fire-fighting equipment, if a fire should occur.

More parking space would be available and when the weather is bad, afford merchants on either side of a street equal opportunities.

With cars traveling in one direction only, there would be less danger of accident to pedestrians, since pedestrians would have to guard against traffic in one direction only.

STATE FAIR TO GIVE \$230.00 IN CASH TO STATE'S OLD FOLKS

LOUISVILLE, KY.—SPECIAL—Garth K. Ferguson, Secretary of the Kentucky State Fair, announced today that \$230.00 in cash had been set aside for prizes for Old Folks in a health contest to be conducted throughout the entire Fair week, here, Sept. 9-14. For the healthiest man over 70, a prize of \$50 in cash; next healthiest, \$25; third healthiest, \$15. For the healthiest woman over 70, \$50; next healthiest, \$25; third healthiest, \$15. Healthiest couple, man and wife over 70, \$50.

All examinations to be made, free, during week of Fair, by skilled doctors. Ages, whether man or woman, or couple, and full address, must be stated in application. All who desire to enter this cash health contest must immediately notify, by mail, the Old Folks Contest, Republic Bldg., 5th & Walnut Sts., Louisville, Ky.

Beware of Worn-Out

It has been said that "the proper place for an antique is in the home," and that "a car, like a dollar bill, should be retired from circulation before it is down to the last shred." That many owners of automobiles are failing to heed such sound advice is shown by the great number of motor vehicles that are found to be in poor mechanical condition when they are subjected to tests. Figures on the inspection of automobiles as gathered by the Travelers Insurance Company indicate that three out of every four cars examined are in poor or even bad mechanical condition. Such inspections show that 29 per cent of the cars require brake replacements or adjustments; that tires are in fair or poor condition on 66 per cent of the cars; that oil lamps require replacement or adjustments in 63 per cent of the vehicles. Testing the mechanical condition of cars seems to be necessary because of the apparent unwillingness of owners to keep their cars in safe operating condition. In an emergency, the good condition of brakes, tires, and other safety appliances may be the only difference between a serious and a minor accident. Better too much vigilance than a lifetime of regret.

E. B. Kirk, of Kermit, W. Va., and George Hale, of Inez, were business visitors in Prestonsburg Tuesday.

MARRIAGE ANNIVERSARY

Continued from page one

favorite place of all. Of seven children born to the pair, three are living to congratulate them on six years added to their golden anniversary, and to love and call them blessed. They are: Palmer Beavers, general foreman in the Chesapeake and Ohio railway shops; Russell; Mrs. William C. Cole and Henry M. Beavers, machinist and teacher, Prestonsburg.

Although nearing 87 years of age, Beavers continues active in his gardening and work about the house. He has been a steady reader; and, despite impairment of both sight and hearing, shows keen interest in the news about him. "Aunt Char" is a demonstration of the power of mind over body, of life above fact.

And so today they come to the twilight of life. Twilight? Not in the darkening

sense. For as they round out their 56 years as comrades, they know the meaning of those blessed words: "At eventime it shall be light."

MRS. HARMON, GUEST OF HONOR AT BRIDGE

Mrs. Ralph Harmon, of Madisonville, Ky., was guest of honor at a pretty bridge party given on Monday evening, August 26, by Mrs. A. B. Combs at her home here. The lovely home was beautifully decorated with autumn flowers.

Mrs. C. H. Smith won high score prize; Mrs. Franklin Moore, second high; Mrs. R. V. May, Louisville, Ky., visitors' high. Mrs. Harmon received a handsome guest prize. A delicious salad course was served to the following guests:

Mesdames Marrs May, J. G. Archer, H. B. Patrick, Elizabeth Wells, C. B. Latta, Adrian Collins, R. J. Poynter, Julian

Pain Passes Off

WAKE UP YOUR
LIVER/BILE—
WITHOUT CALOMEL

And You'll Jump Out of Bed in
the Morning Harin' to Go

If you feel sour and sunk and the world
looks punk, don't swallow a lot of salts, min-
eral water, oil, laxative or body or chewing gum
and expect them to make you suddenly sweet
and buoyant and full of a machine.
For they can't do it. They only move the
bowels and a mere movement doesn't get at
the cause. The reason for your down-and-out
feeling is your liver. It has held pour out two
pounds of liquid bile into your bowels daily.
If this bile is not flowing freely, your food
doesn't digest. It just decays in the bowels.
Gas bloats up your stomach. You have a
whirl, bad taste and your breath is foul.
This often breaks out in headaches. Your head
aches and you feel down and out. Your whole
system is clogged.
If you want to get these two
pounds of bile flowing freely and make you
feel wonderful,
take Alotabs.
Alotabs is a
wonderful,
natural,
and
safe
liver
purgative.
It
contains
the
same
active
ingredients
as
the
best
liver
purgatives
but
it
is
so
sweet
and
palatable
that
you
can
take
it
daily.
Ask for Carter's
Alotabs.

ABOUT HOG FEEDING

By S. L. Isbell, County Agent

This topic may seem inap-
propriate in a country so ill-
adapted as is ours to the pro-
duction of large quantities of
grain.

Yet it must be conceded
that hogs provide Eastern
Kentucky farmers one of their
most important items of food.

In spite of this fact, hogs
perhaps are more poorly fed
than any class of livestock
grown in Eastern Kentucky.
This poor feeding accounts
for many of the ills that our
hogs are heir to.

Specifically: Have you ever
observed the "sorry" sight of
a breeding sow dragging her-
self about the hog lot. "Down
in the back," it is often called,
as kidney worms usually are
blamed, this despite the fact
that kidney worms rarely, if
ever, are the cause. Improper
feeding in practically all
cases is the direct cause.

How in the world? Improper
feeding responsible for such
a condition? The thing is al-
most unbelievable, even if
proved conclusively by actual
test. As to how it is brought
about, it is very simple.

When a sow produces pigs,
the demand for minerals on
her system is great. If she
does not, therefore, receive
sufficient minerals in her feed

to provide for the develop-
ment of unborn pigs and later
milk for the nursing pigs, na-
ture provides that she supply
this from her own system,
with posterior paralysis—
"down in the back"—result-
ing.

Prevention is better than
any treatment. Brood sows
should receive along with
their grain, tankage and le-
gume hays, cow peas and soy
beans. In addition, it is well to
keep before breeding sows a
mineral mixture of some kind
such as 4 pounds wood ashes
and 1 pound common salt or
40 pounds ground limestone,
40 pounds bone meal and 20
pounds salt.

PRODUCTION CREDIT
LOANS INCREASING

Jack Sellards, of Banner,
represented the Big Sandy
Credit Association in an all-
day conference of officers and
directors of the eight central
and eastern Kentucky associa-
tions at Lexington August 21.
Mr. Sellards is a director in
this farmers' credit associa-
tion, located at Paintsville. W.
F. Gahn, president, and J.
Walter Brown, association su-
pervisor for Kentucky, repre-
sented the Production Credit

Corporation of Louisville in
the meeting and led the dis-
cussion as to policies and meth-
ods of procedure in the fur-
ther development of those co-
which have been built up un-
operative credit organizations
der the Farm Credit Adminis-
tration during the past two
years.

"Mr. Gahn stated that the
44 production credit associa-
tions of Ohio, Indiana, Ken-
tucky and Tennessee, which
are under the supervision of
the Production Credit Corpora-
tion of Louisville, have closed
over a million dollars more of
loans so far this year to the
farmers of that territory than
during the entire loaning pe-
riod of 1934," Mr. Sellards said.
The year's total for the district
is expected to be more than
double last year's loans. The
total loans made in the district
since organization early in
1934 now exceed eight and
one-half millions of dollars.

Mr. Sellards reports that,
up to August 15, the Big San-
dy Production Credit Associa-
tion has made 288 loans for
\$50,892, and that it is fully
prepared to satisfy the credit
needs of farmers of this terri-
tory in the summer and fall
livestock purchases and other
items of farm operation. The
Big Sandy Production Credit
Association is under the ac-
tive management of Edw. D.
Holbrook, of Salyersville.
Lloyd G. Meade, Johnson
county farmer, is president;
Ken Smith, of Pike county,
vice-president. The directors
are L. G. Meade, Paintsville;
Ken Smith, Canada; Edward
D. Holbrook, Salyersville;
Fred P. Cole, Rush, and Jack
Sellards, Banner.

The Big Sandy Production
Association makes loans in 12
counties and has a representa-
tive in each county, with whom
loan applications may be
filed. The representative in
Floyd county is Oscar P. Bond,
of Prestonsburg.

Farmers requiring assist-
ance in filing loan applications
or desiring more information
about production credit loans
may call upon Mr. Bond or
may contact the association
office at Paintsville. "Our or-
ganization is a farmers' co-
operative association for sup-
plying short-term credit for
farm operation expenses," Mr.
Sellards pointed out. "It gets
money to lend by discounting
the sound secured notes of its
farmer-members at 5 per cent.
Each borrower becomes a

stockholder. Ours is the only
type of credit organization I
know of where the voting
stock and the management is

VANDERPOOL IS STABBED

Walter Vanderpool, of West
Prestonsburg, was reported
early last week as being in a
serious condition in a Hunt-
ington, W. Va., hospital as the
result of a knife wound in his
back inflicted by a negro. He
was visiting relatives in Hunt-
ington when stabbed.

Gas is fine in your stove or fur-
nace, but it's both painful and
embarrassing in your stomach.

Why don't you use Alka-Seltzer
for the relief of ACID INDI-
GESTION, Colds, Headache,
Neuralgia, Fatigue, Muscular, Rheu-
matic, Sciatic Pains?

Alka-Seltzer makes a pleasant drink
and an unusually effective medicine.
Non-laxative, Non-habit-forming,
does not depress the heart.

Ask your druggist.

A Bargain in
Telephone Service

The prevailing rates for
telephone service are so low
that telephone service is an
outstanding bargain.

Telephone service, never
a large item in the business
or household budget, costs
so little as to be within the
reach of almost everyone.

This is how you can take
advantage of bargain tele-
phone service... you can
change to straight line serv-
ice if you now have party line
service... you can enjoy the
convenience of a handset in-
strument... you can have an
extension telephone... or
you can have a telephone put
in your home if you are not
a subscriber.

There is no need to de-
prive your household or your
office of the comfort and
convenience of modern tele-
phone service which is now
offered at such small cost.
For complete information,
just get in touch with the
telephone business office.

TOPNOTCHERS by KET

HOUSE SAYS NEW WORLD WAR IS IN THE BALANCE

A new world war hangs in the balance!

For, whatever course the League of Nations takes in its conference today respecting Italy's Ethiopian campaign, the problem remains the same—"Italy must expand or explode. Germany must find markets for its manufactures and new lands for its peoples. The world must recognize Japan's crying need for additional territories and raw material sources. These three nations must find their places in the sun.

Thus is the crisis analyzed in this week's Liberty Magazine by Col. R. M. House, wartime adviser to President Wilson. "If England institutes sanctions against Italy, Mussolini will involve the British in a war. For Hitler must have an outlet for his imperial urge."

"Every statesman will admit in private conversation

that Italy needs new sources of raw materials and a place to send its excess population," says House, "just as they will agree that Germany should have her pre-war colonies returned and Japan should be given a free rein in Asia."

Col. House believes that drastic changes are necessary if peace among the great powers is to be maintained. "A peaceful adjustment is possible," he avers, "but as yet there seems little inclination on the part of England, France, the United States or Russia to cede some of their possessions to any of these countries."

He warns against antagonizing the Japanese and points out that the yellow races might eventually coalesce and form a block that will menace the white races. "Hitler would be kept busy for a few years if Germany's colonies were returned," Col. House states, "while Italy should not be molested in her Ethiopian cam-

aign. Frustration in that quarter will lead to an outbreak in Europe."

"WORK OR GO TO JAIL"

Thrown on the defensive after their abortive strike against the Works Progress Administration, labor leaders prepared to resist a new effort to force their unemployed followers off the dole and into relief jobs.

With 40,000 jobs open and no takers General Hugh S. Johnson, Works Progress Administrator for New York City, threatens to prosecute able-bodied heads of families on the home relief rolls who refuse to go to work when called on.

Under the plan, effective Monday, all unemployables who turn down proffered jobs will be cut off the dole immediately, and if they have dependents they will be haled into Domestic Relations court on charges of non-support. The court is empowered to mete out jail terms.

"We have the money, we have the jobs, and we have the people who are out of work," General Johnson said. "No amount of alibis in the world can explain or justify the failure to get them together." He had planned to put 75,000 persons to work this month. At end of the third week matters stood: jobs created, 46,000; workers requisitioned, 28,000; men actually put to work, 6,000.

A bitter protest against the "work-or-go-to-jail" order was voiced by David Lasser, chairman of the Workers' Unemployed Union, a left wing organization which sided with American Federation of Labor unions in their recent strike against the Works Progress "security wage."

"If necessary, the unemployed will go to jail as conscientious objectors to forced labor, and allow the city to take care of their families," Lasser asserted. "The unemployed are ready and willing to work, but will not be enrolled in Fascist labor battalions."

The decision to invoke jail penalties against those who prefer the dole to work, for whatever reason, had the approval of Harry L. Hopkins, Federal Relief Administrator.

The work or jail decree is a natural corollary of the work or starve order issued by Capt. John Smith at Jamestown, Va., 325 years ago. Dependents, however, cannot be allowed to starve when their bread-winners will not accept a proffered job. Those bread-winners, however, are answerable to the courts for refusal to support their families when work is available. The order, therefore, is not so drastic as it seems. It has proved an effective weapon against chronic idleness.—Ashland Daily Independent.

REVIEW OF TURKEY DAY GAME IS MADE BY SPORTS WRITER

Brady Black's sport column in The Ashland Daily Independent a few days ago carried an interesting comment on Big Sandy football, and to prove the statement that the sport has taken long strides forward in this section, Mr. Black gave an interesting resume of last year's memorable game between Paintsville and Prestonsburg.

We clip from Mr. Black's column:

Football has taken long strides in the past few years to become the leading sport in the Big Sandy section, and every contest is witnessed by hundreds of rabid fans.

Last season the Big Sandy Conference had as members the following high school teams: Paintsville, Belfry, Prestonsburg, Louisa, Pikeville and Van Lear.

The final games of the Conference were scheduled on Thanksgiving day, and as it dawned clear and cool—just the right kind of day for a football game—a regular story book situation existed between the teams in the upper bracket of the standings.

Prestonsburg was leading, with three games won and none lost. Paintsville in second place with two games won and one lost.

The two leading teams scheduled to meet with the championship for the Conference hanging on the final score. A win for the Floyd county lads meant the championship, while a loss threw them into a tie with Paintsville.

1,800 fans gathered that afternoon to witness the rivalry between the Blackcats and the Tiger, and they saw one of the fastest, hardest-fought games in the history of the Conference.

The boys of both teams gave every bit of strength and skill that they possessed to win the victory for their team.

Fighting every bit of the way, fighting hard but clean from the opening kick-off to the final gun, the two teams played a beautiful game of football.

The teams were evenly matched, both used single back-wing plays and breaks seemed to favor each team evenly.

A long kick by Mayo, star back on the Prestonsburg team, early in the game paved the way for a break that resulted in the Blackcats' first score.

The ball rolled out of bounds on Paintsville's eight-yard line. "Red" Carroll dropped back to kick for the Tigers but the pass was high and went over his head, back of the goal line, he recovered and attempted to bring the ball out but was tackled and a safety was scored against Paintsville.

The rivals each scored twice more during the contest but a touchdown for each was ruled out by the referee.

Prestonsburg scored first when Mayo shook loose from several tacklers and sprinted twenty yards to cross the goal line, standing up, for the score.

The Blackcats again uncorked a drive that carried them to the Tiger's one-yard line, but they fumbled and C. Castle of Paintsville, emerged from the mass of payers with the elusive pigskin tucked under his arm and galloped 99 yards to cross the goal line.

However, the ball was declared dead and brought back. The Tigers kicked to mid-field and after two plays Boyd intercepted a Prestonsburg pass, returned it forty yards to the thirty-yard marker and the Tigers started a march that carried them to the two-yard stripe, where Gillispie crashed over for the touchdown. Score, Prestonsburg 8, Paintsville 6.

Prestonsburg's final score came on the last play of the game, when Mayo broke a

way in the open and galloped 80 yards to cross the goal line as the timer's gun marked the end of play.

However the referee ruled that Mayo was halted on the thirty-yard line and that the score did not count, so the game ended, Prestonsburg 8, Paintsville 6.

For a game replete with thrills, marked by hard fighting, but played with a fine spirit of sportsmanship, the Thanksgiving game between these two natural rivals will take its place among the records of Big Sandy Valley.

OLD FOLKS IN STATE TO GET \$230.00 CASH FROM STATE FAIR

For Both Men and Women—Married or Single.

HEALTHIEST MAN over 70 to get \$50. Next healthiest, over 70, \$25. The third healthiest over 70, \$15. HEALTHIEST WOMAN over 70 to get \$50. Next healthiest, over 70, \$25. The third healthiest, over 70, \$15. FOR COUPLES—Healthiest couple, man and wife, over 70, to get \$50.

Since so many of the "Older Folks" of the State have always come to, and so enjoyed the State Fair, the management has decided to give to the healthiest of over 70 years of age, a chance to get a lot of money this year—\$90 in cash to the three healthiest men over 70, \$90 to the three healthiest women over 70, and \$50 to the HEALTHIEST COUPLE over 70.

NOTE: LADIES, PLEASE! FREE EXAMINATIONS of all applicants will be made by skilled doctors at the State Fair Grounds, Louisville, Ky., throughout the entire Fair week, beginning Monday, Sept. 9, but all who enter this health contest, will have to fill out the coupon, below, and send it in at once, by mail, only, to the "Old Folks" Health Contest, Republic Bldg., 5th & Walnut Sts., Louisville, Ky. You are coming, anyhow, to this, the greatest State Fair ever held in Kentucky; so get this fine health examination, free, and a chance at some of this cash.

THIS IS THE COUPON TO SEND IN

To the Ky. State Fair's "Old Folks" Contest, Republic Bldg., Louisville, Ky. I desire to enter the contest:

Name _____ Age _____
Address _____
Man _____ Woman _____ Couple _____

Pressing Electricity to Make Radium

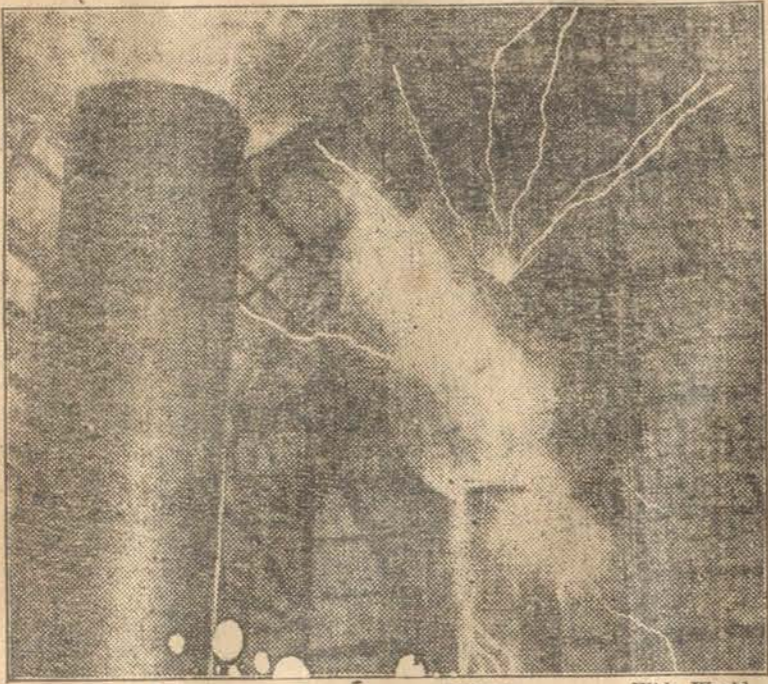

Experimental Laboratory at Round Hill, Mass., Tests Huge Generator

SINCE the discovery eighteen months ago by French physicists Jean-Frédéric Joliot and his wife Irène Curie-Joliot, daughter of the late Marie Curie, of how to make some ordinary elements radioactive, physicists and chemists have attempted to produce sufficient quantities of these elements to try their value in treating malignant diseases such as cancer.

The difficulty, reports *The Literary Digest*, is that only a few atoms of the element become radioactive under the bombardment of atomic bullets. Two things are needed: higher voltages to increase the num-

bombardment experiments. On the top of two towers are large metal balls which collect the charge generated electrostatically.

Between the balls will be placed the world's largest vacuum tube, a foot in diameter, twenty feet long, divided into five sections. It is provided internally with specially de-

Electrostatic generator discharge at the experimental station, Round Hill, Mass.

ber and power of the bombarding particles, and a quick method of separating or concentrating the radioactive atoms after they have received the activating treatment.

World's Largest Vacuum Tube

At Round Hill, Mass., a huge high-voltage generator, built by Dr. Robert Van de Graaff, of M. I. T., and his associates, Drs. Lester and Chester Van Atta, will undergo

signed metal shields to act like lenses in focusing the highly-charged particles passing through the tube.

Starting from one end, particles, swept along by the enormous voltage, will strike at tremendous velocities a target of the substance to be bombarded at the other end. Electrical pressure up to 7,000,000 volts will be at the command of the physicists.

QUEST FOR SLAYER ENDS WITH ARREST

Silas Hicks Admits Firing Shot Fatal to Woman; Says Only 16

After spending three days in the head of Left Beaver Creek, searching for Silas Hicks, youthful slayer of Mrs. Joe Boggs, Sheriff M. T. Stumbo and Deputy Sheriff W. A. Wills returned here Saturday, August 24, bringing with them not only Hicks but also the slayer's father, Ed Hicks.

Accompanied by Deputy Sheriff Frank Hatfield, near midnight Friday, they located Hicks and a young man named Slone in a deserted house on the ridge between Jack's Creek and Wheelwright. When the officers broke down the door to the house, Hicks ran outside but was overtaken within a few yards. Neither he nor his companion was armed. Slone was released.

The slayer's father was arrested and brought to jail on a peace warrant sworn to by Kelly Hughes, brother of young Hicks' victim, following alleged threats made against Hughes and others of the family.

Young Hicks talked sparingly of the killing of the woman, but admitted to officers that the shot which struck her was intended for her brother, Kelly Hughes. The shooting took place Tuesday, last week, at Gibson rail way station. Hicks is alleged to have fired from a freight train. Mrs. Boggs and her brother were standing a few yards apart.

When brought before John Allen, county judge pro tem, for preliminary hearing, the youth claimed he is only 16 years old. If his age is established as being only 16, he will be given trial in juvenile court, with a reform school sentence until he is 21, when he may be returned for trial for murder, in prospect.

NOTICE

You are hereby notified that bids will be accepted in the office of the County Superintendent of Schools at Prestonsburg, Kentucky, until Friday, September 20, 1935. The publication of this notice is to begin on September 6, 1935, and the bids will be opened fifteen days thereafter, which shall be on September 20, 1935.

These bids will be accepted on the following buildings: Ligon — three-room building.

Northern — one-room building.

And all bidders shall be required to post with their bids a certified check in the amount of five per cent of the amount they bid. In the event that the bidder refuses to accept the contract when the bids are opened, this check is to be forfeited and the money is to be used for the expense of advertising and reletting the building contract.

Ballard Hunter Superintendent.

MEDITATIONS

Does it strike you that the mischief of our life is really our constant fretfulness?

Christ would not be diverted from the main issues of life and destiny. He observed a strict economy in his resources.

That silence is one of the great art of conversation is allowed by Cicero, who says, there is not only an art, but even an eloquence in it.—Hannah More

Friendship

When I see leaves drop from their trees in the beginning of autumn, just such, think I, is the friendship of the world. Whilst the sap of maintenance lasts, my friends swarm in abundance, but in the winter of my need they leave me naked.—Warwick

Adversity

I account it a part of unhappiness not to know adversity. I judge you to be miserable. There is no one more unhappy than he who never felt adversity.—Thomas Brooks.

CHANDLER FORCED TO FOREGO SPEECH

Wright and Wootton Represent Gubernatorial Candidate at Wayland

Suffering from a deep cold, Lieutenant-Governor A. B. "Happy" Chandler, on the advice of physicians, was obliged to forego his appearance in a scheduled address at Wayland Monday night to conclude the Labor Day celebration staged there by the United Mine Workers of this county.

Finch-hitting for Mr. Chandler were Dr. B. F. Wright, defeated candidate in the August primary for Lieutenant-Governor, and Attorney-General Bailey P. Wootton, who lost in the same election in his race for the Democratic nomination for Governor.

Mr. Wootton, making the opening address, pleaded for party harmony, and pointed out that his interest in the party prompted him to support Mr. Chandler, since he thought him the stronger candidate and a certain winner in November. "Rhea would be a dead horse in November," he said.

Dr. Wright told United Mine Workers that, "if Mr. Rhea can prove he has ever, in his 65 years of life, been a friend to Labor, I will turn to his support. In Northern Kentucky," he added, "on bridge work he forced men to work for 30 cents an hour, while just across the river in Ohio men were getting 40 cents an hour."

"I don't believe the Lord intends for Tom Rhea to be Governor of Kentucky," Dr. Wright continued. "They had a convention in their grasp, then they were called to Washington just long enough to let 'Happy' Chandler call a special session of the Legislature and provide for a primary."

\$1,318,000 ASKED OF WPA

(Continued from page one)

Other projects are street paving and construction of sewer lines here, school building, construction of gyms for high schools now without indoor athletic facilities, improvements to schoolgrounds. Altogether, it was said, construction of 129 miles of farm-to-market roads were planned for in this county.

Regulations governing the submission of projects were somewhat modified by George H. Goodman, state WPA administrator, to meet the emergency. Heretofore, it has been necessary to file complete plans, specifications and estimates on each project with the application. Until the deadline, Sept. 12, Mr. Goodman said, rough estimates on projects will be acceptable to the Louisville office and to Washington, leaving more accurate details to be worked out at a later date.

Counties able to assist financially with a given project, Mr. Goodman said, still will be required to do so on the basis of a sworn financial statement, but in the instance of pauper counties it may be possible for the government to bear all of the expense of the project. Projects should be set up, he continued, showing all Federal costs allowable up to the limiting cost per man-year for the sponsoring unit concerned. Balance necessary for the prosecution of the work will be shown as a contribution.

All work that can possibly be combined should be so submitted, Mr. Goodman said. All road work within one county should be submitted on a single application form describing work to be done, estimating mileage of roads to be worked.

In order to comply with the September 12 deadline set by Washington, Mr. Goodman pointed out that it would be necessary for all Kentucky applications for projects to be in the Louisville office not later than Sept. 9.

"I repeat," Mr. Goodman said, "that all of the various classifications of labor are to be provided for and all types of work and programs must be anticipated. This will necessitate a wide variety of projects and for the assistance of the various sponsors I enumerate a list of some suggested types of work that should assist in planning a well rounded program for any given community: Roads, streets, alleys, sidewalks, curbs and gutters, bridges, dams, municipal buildings and grounds, hospitals, stadiums, schools, swimming pools, gymnasiums, playgrounds, parks and park buildings, golf courses, insect pest eradication, disease eradication, publicly owned utility buildings and grounds, airport hangars, landing fields, education, clerical, library, research and statistical surveys, recreation, music, sewing, canning, gardening, tool equipment, landscaping and public health.

"If Kentucky ever had a golden opportunity," Mr. Goodman said, "it stands in that position today. All any city or county has to do in order to secure improvements of a permanent nature is to file the proper application with the Louisville office by September 9, and then meet with the requirements Washington has set up for the program.

"This certainly is an opportunity for diligent and wide-awake city and county officials to make a record for civic improvement that will stand as a monument to all of us for years to come. I have instructed my organization to leave no stone unturned to be helpful in securing these projects. They are willing to work night and day until the deadline is reached, so naturally the co-operation of the officials is all we ask.

"And speaking of co-operation, I should like at this time to express my appreciation to the press of the state for the whole-hearted spirit of helpfulness it has shown since I became administrator. We, at all times, shall attempt to merit a continuation of this feeling in the future. After all, ours is a joint mission of improvement and good for Kentucky."

Concluding, Mr. Goodman said the Works Progress Administration was authorized to handle all projects up to \$25,000 in cost to the Federal government. All projects above that amount fall within the scope of the Public Works Administration, a separate and distinct government organization. There has been some confusion, he said, in some localities in distinguishing between the two organizations.

LETTERS TO THE EDITOR

EXPLAIN STAND IN CITY BOARD MEETINGS

To the Editor of The Times:

We have a plain statement of facts to make, of which we think the people of Prestonsburg have a right to know. We make the following statements as members of the Prestonsburg Board of Education, and what we say here may be verified by consulting the minutes of that board.

On Monday, August 26, the board of education met in a call meeting for the purpose of hiring teachers for the graded school. After a five-hour session they succeeded in hiring 11 teachers, three of whom for some reason later resigned. At this meeting relatives of certain board members were nominated as teachers and voted upon but were rejected for the reason that we two members of the board opposed them. Mainly, our reason for opposing these persons as teachers was because the old board members refused to give us equal representation in the matter of selecting teachers whom we believed qualified and entitled to teach, regardless of family ties or influence.

Some of those who were nominated by us and defeated for appointment by the remaining board members were: Mary Coyer, Ruth Oppenheimer, Avatha Oppenheimer, Carlos Maureen Hale, Edna Burke, Gladys Short Stepp, Orville Cooley, Edna Burke, Naomi Goble, and Nora Beavers.

Those whom the "old members" nominated and against whom we voted are:

Irene P. Stephens, Anna Hatcher, Victoria Spradlin and Evelyn Salisbury.

Judge between the two lists of teachers—who is practicing nepotism in the selection of teachers for our children? We're offering no argument—

simply judge for yourselves.

We wanted to proceed with the meeting until the teachers were hired and the matter finished, but the others passed a motion to adjourn.

And between that adjournment and the next meeting, lo, what happened?

Alex L. Davidson, chairman of the board, resigned. A successor was to be appointed. Teachers were yet to be hired. So that the reader may more clearly grasp the significance of some of these maneuvers it perhaps should be said here that the law provides that teacher-applicants who are related to board members may be hired only by vote without dissent of a board of education and that no member of such board may vote for a relative as near as a first cousin for a teachership.

Roy Perry, brother-in-law of Mr. Davidson, was elected as his successor in order to avoid, as we see it, a technicality in the law. Immediately after Mr. Perry became a board member, just after he took the oath of office, his wife's niece, Anna Mae Hatcher was hired as a teacher. Edna N. Collins was hired at the same time. This fulfilled the "purpose" of that meeting.

The next meeting was held Friday, August 30, called for the purpose of accepting further resignations from the board and more hiring of teachers. This time, H. F. Patton and Alex M. Spradlin resigned. To succeed them Mrs. Maggie Hall and William Arnold Spradlin were named. This maneuver resulted in the hiring of Mrs. Irene P. Stephens, daughter of Mr. Patton, as a grade school teacher, and of her husband, Clayborne Stephens, as a high school teacher, subject to the approval of the Floyd county board of education. At the same time, Victoria Spradlin, wife of Alex H. Spradlin, who is a son of Alex M. Spradlin, one of the two members who resigned at this meeting, was hired for a term of one year

as Attendance Officer for the grade school.

That is the set-up. Those who have lived in Prestonsburg for as long as the past five years know the tactics employed in the matter of hiring teachers. They know how much consideration has been given merit or educational qualifications. It is painfully evident that, unless a young man or young woman has powerful ties of blood relationship, he or she has but little chance of ever teaching in Prestonsburg graded school.

But we do not propose to argue the matter. The foregoing is all truth, excerpts from the record, as it were, and the intelligent reader can judge for himself if he is being served or is serving a "ridiculous circle" of relatives and intimate family friends.

Richard Spurlock
H. H. Burke

WAYLAND MINER IS INSTANTLY KILLED

Kit Stone, 38 Years Old, Dies In Fall From Coal Train At Glo

Kit Stone, 38 years old, Wayland miner, was instantly killed when he is reported to have fallen Tuesday night from a coal train near Glo. His body was severed.

The body was discovered, shortly after the tragedy took place, and was taken to Martin, where burial preparations were made by G. D. Ryan. A son of the late Kit Stone, the victim is survived by his widow and five children.

Though funeral arrangements had not been completed Wednesday morning, it was held probable that the body would be returned to Wayland for burial.

FRIEND-SPURLING WEDDING IS HELD

A pretty wedding was solemnized in the parlors of the Rule Hotel at Paintsville, Ky., Saturday afternoon, August 31, at one o'clock, when Gilvia Collins Friend, beautiful and accomplished daughter of Mrs. Fannie Collins, of this place, and the late Tilden Collins, became the bride of Jack C. Spurling, also of Prestonsburg.

The bride, gowned in cream organdie with accessories to match and carrying a huge bouquet of rosebuds and lilies of the valley, entered the bridal chamber attended by Mary Elizabeth Powers, a close friend, who also wore pink organdie and carried flowers. The groom, a prominent young business man of this place, was tailored in black coat and white flannel trousers and was conducted to the marriage altar, a massive bank of white clematis with its green foliage adorned with candles, by Robert Edward Harlowe, best man. In addition to the altar, the large room was fragrant with cut flowers in every nook and corner and was well filled with friends and relatives of this popular young couple to shower them with rice and good wishes.

After the impressive ceremony by Rev. A. C. Harlowe, a friend and former teacher of the bride, a buffet luncheon was served to all present in the lobby of the hotel. After the bride and groom were much toasted they left by motor for a honeymoon in Cincinnati, Louisville, etc. They will be at home in their own property on Second Avenue after September 15. They have the good wishes of a host of friends.

Mr. and Mrs. J. F. Ribble and daughter, Mary Davidson, are spending several days in Ashland, guests of Dr. and Mrs. C. L. Hutsinpillar.

Jack Salisbury, Bev Burchett and Herbert Salisbury, Jr., spent Monday and Tuesday in Huntington.

RUN-OFF PRIMARY FIRST FOR STATE

Innovation In Kentucky Politics To Be Experienced at Polls Saturday

Saturday, citizens of this and other Kentucky counties vote in the first run-off primary in the state's history. As this was written Wednesday, the gubernatorial campaign was swinging into the stretch of a dual primary fight which has been one of the most bitter ever held in Kentucky.

In Floyd county the voters will find the ballot presenting the candidates in the following order:

For Governor—A. B. Chandler and Thomas S. Rhea.

For Lieutenant-Governor—Keen Johnson and J. E. Wise. For Secretary of State—Charles D. Arnett and Maja Eudaley.

For Attorney General—Francis M. Burke and B. M. Vincent.

For State Treasurer—Jno. E. Buckingham and Sara W. Mahan.

For Clerk of the Court of Appeals—Ray H. Kirchdorfer and W. B. O'Connell.

In other state races for the Democratic nomination, runner-up withdrew, eliminating the necessity of a run-off. Garth K. Ferguson, with but one opponent in the August primary, won his nomination outright for Commissioner of Agriculture. Harry W. Peters' opponent in the run-off for the nomination for Superintendent of Public Instruction withdrew, and so did Ernest E. Shannon's opponent for Auditor of Public Accounts.

The Republican party wisely ended its primary feud in the August election.

LOCAL SCHOOLS TO OPEN SEPTEMBER 9

Prestonsburg schools will open on September 9, it is announced by Ishmael Triplett, superintendent of Prestonsburg schools. The enrollment is expected to be around 1,000 children, approximately 700 in the elementary grades and 300 in the high school.

Free textbooks will be provided for grades one to five,

inclusive. Approximately one-third of the books have been changed. Pupils are advised not to purchase all books until after they have enrolled and are given a list of books to be used.

Graded school teachers have been selected by the city board of education, as follows:

Irene P. Stephens, Mary Ford, Virginia Stephens, Anna Martin, Carl Hatcher, Margaret Collins, Edna Collins, Anna Laura May, Kitty Sandige, Hope Spradlin, Mildred Smith, Josie Harris, Mae Derosssett, Oval Bingham, Betty Stephens, Anna Mae Hatcher, Fanny Jarrell, Frances Jones.

LOST—one bunch of keys in brown case. Return to The Times office. Reward. It

MARTIN MAN IS VICTIM OF PARALYTIC STROKE

John Turnley died at his home at Martin Monday night at 11 o'clock following a protracted illness, which was climaxed by a paralytic stroke. He was about 55 years old. Funeral arrangements had not been announced Wednesday morning.

Among those who attended the Friend-Spurling wedding at Paintsville Saturday were Mrs. Grace D. Ford, Mrs. Osa F. Ligon, Mr. and Mrs. A. C. Harlowe, Robert E. Harlowe, Miss Alma Collins, Belvard and Gloria Friend.
