OFFICERS CHARGED IN THE KILLING OF MARTIN CONVICTED

Layne And Castle Arraigned
In Lawrence Court For
Second Time

APPEAL EXPECTED

Policeman Layne and Deputy Sheriff Castle were convicted Wednesday and each given a two-year penitentiary term. They are expected to take the case to the court of appeals.

Second trial of Ben Layne Wayland policeman, and Deputy Sheriff Vern Castle was under way in the Lawrence Circuit Court at Louisa as this was written Tuesday. The first trial resulted in a hung jury.

The three officers are charged with the murder of French Martin, of Knott county, at Wayland in May, 1934. The case was transferred to Lawrence county on a change of venue from the Floyd circuit court.

It is claimed by the officers that Martin came to Wayland with a load of whisky and that when they sought to arrest him he opened fire on them. Friends and relatives of Martin contend that he was fleeing on a mule from the officers when they killed him.

MAGAZINE LAUDS WORK OF HARRISON ELLIOTT

The October issue of Arcadian Life, foremost magazine in the field of folklore, pays a fine tribute to Harrison Elliott and his American folk opera, "Call Of The Cumberlands." The August issue of this magazine published one of Elliott's poems. Arcadian Life is published by Otto Rayburn, Sulphur Springs, Texas.

Mr. Elliott is teaching at Estill and is composing music to an opera and an operetta, both authored by Isobel Stone, daughter of a former governor of Pennsylvania. Miss Stone, once a soprano with the San Carlo Opera Company, is now in New York City engaged in writing novels and scenarios for the movies.

FORM RED CROSS ROLL CALL PLANS

Drive for Funds Begins on
Armistice Day; 1,200
Members, Goal

Plans for an intensive campaign to be climaxed by the annual Red Cross Roll Call to be conducted from Armistice Day to Thanksgiving Day are being formulated here.

With a membership goal of 1,200 for the county, chairmen will be named from all communities to lay plans for the publicity and actual Roll Call.

Mrs. F. L. Heinze has been appointed general chairman and Norman Allen, publicity chairman. If federal direct relief is withdrawn, it is expected that Red Cross demands will be greatly increased this year, which makes it necessary that the goal be reached in this county.

JUDGE KING SWOPE ADDRESSES VOTERS

Says He Didn't Start Mudslinging; Ratliff Also
Speaker Here

Judge King Swope, Republican candidate for Governor, and Wayne Ratliff, candidate on the same ticket for Representative, addressed a crowded courtroom, and others in and about the courthouse here over a loud speaker system Monday afternoon.

Judge Swope replied to charges that he had lost his temper, countering with the allegation that his opponent, A. B. "Happy" Chandler, is the one who started an off-temper campaign.

Mr. Ratliff in a 15-minute address appealed to voters of both parties to support him in his race for representative.

Judge Swope's appearance was the first to be made here by either gubernatorial candidate. His itinerary in this section included Pikeville, Inez and other county seat towns.

BELFRY DOWNED BY CATS, 18 TO 7

Tie Score, Blot To Local Record Last Year, Thus
Avenged

For that touchdown and extra point Belfry scored here last year to tie the Prestonsburg Blackcats and mar an otherwise perfect season record, the same Blackcats on the selfsame field Saturday afternoon obtained sweet revenge and then some.

They licked Belfry, 18 to 7. So it's up to some other team if the 'Cat record is to be marred this year—which, of course, we hope won't happen.

Except for a first-quarter touchdown which came as a result of a good Belfry kick and poor Prestonsburg punt, the visitors were held in thrall throughout the game, only once once thereafter penetrating beyond the 50-yard line. In this first period a Belfry punt went out of bounds on the Blackcat five-yard line. Then, when it hurt most, the Prestonsburg kick was bad, going out only to the 10-yard line. From there the Pike countians ran the ball over

TWO WOUNDED IN BATTLE AT ALLEN

Town Marshal and Fannin Exchange Shots at Close
Range

Trading shots at a distance of only a few paces, Garfield Wright, marshal of the town of Allen, and Joe Fannin, restaurant-owner there, were both wounded late Saturday night at the latter's place of business. Neither was seriously shot.

The officer's scalp was gashed by Fannin's bullet, and Wright in turn shot Fannin through the left shoulder.

According to the officer, Fannin and others had been rowdy through the evening and the marshal had arrested two men. Returning to the restaurant between 10 and 11 o'clock Saturday night, Wright had arrested Fannin and was attempting to take possession of Fannin's revolver when, he said, a Crum girl struck him on the head with a beer bottle, dazing him. Wright claims Fannin then began firing.

Fannin told county officers that Wright fired the first shot and started the trouble. He and the Crum girl were arrested by Sheriff M. T. Stumbo and Deputies R. R. Allen and W. A. Wills and brought to jail here during the night. The three involved in the fight executed bond Monday in county court.

Nine shots in all were fired—six by Fannin and three by Wright—according to the report received here.

APPELLATE COURT AFFIRMS DECISION IN FLOYD CONTEST

Gives Mel Petry Democratic
Nomination For Representative

ORDER MADE TUESDAY

County Clerk A. B. Meade was directed Wednesday, following an order made at Tuesday's session of the court of appeals, to cause the name of Mel Petry to be placed on the November ballot as the Democratic candidate for Representative from the 93rd district.

Though the decision of the appellate court will not be handed down until today (Friday), an order was entered affirming Circuit Judge John W. Caudill's decision in favor of Petry over J. J. "Jimmy" Hatcher in the contest suit filed by the former. The order was made Tuesday because of the short time intervening till the election.

Judge Caudill's decision directing that certificate of nomination be awarded Petry was affirmed, as also was his ruling that neither contestant nor contestee was guilty of violation of the Corrupt Practices Act. The part of his decision which directed that both should share costs of taking depositions was reversed, however, the appellate court holding that this expense should be paid by Hatcher. Mr. Petry may, however, pay half of these costs, it was said Wednesday by his attorneys, Hill & Hobson.

IN BEHALF OF A YOUNG MAN

Death coming to man or woman at any age is heartrending tragedy. To the aged death may come, sometimes, as a blessed relief from suffering—yet it brings sorrow to loved ones.

But for the young to die, for a young man or a young woman to fall before the Grim Reaper is tragedy of most sombre hue. A young man of Prestonsburg is threatened with death by tuberculosis. He can be saved—and to this task The Times, co-operating with the Floyd county health department, is dedicating this space in order to raise funds to provide for his treatment.

The following have donated up till now Tuesday, this week, toward the fund:

Woman's Club T. L.	\$60.00
W. L. Isbell	2.00
Raymond Hopson	2.00
A Friend	1.20
R. C. Leard	1.00
Total	\$88.20

Contributions should be addressed either to Dr. Mary Ransdell, director of the Floyd County Health Department, or to The Floyd County Times.

'CATS DOWN BELFRY

Continued from page one

and converted for their total score of the day.

Prestonsburg came back with a bang and drove 70 yards without losing the ball, "Turkey" Hughes making the touchdown. The try for extra point, as well as those after the succeeding two touchdowns, failed.

In the second quarter from the Belfry 40 'Ott' Archer broke through the tackle and scampered across for the second touchdown for the most thrilling run of the contest. Prestonsburg concluded its scoring activities in the third period when Dick Mayo took Archer's pass on the Belfry 10 and ran across for the touchdown.

The Blackcats amassed 15 first downs to the visitors' four, and clearly outclassed the team that last year flashed the prettiest running attack seen here. Yet the 'Cats were erratic in their play, looking great in sports and not so good in others. Certain members of the eleven looked like their "training table," if any, had been laden with hot dogs and beer. Hook at center and Meadows at tackle were outstand-

ing for Prestonsburg.

The Blackcats this weekend are idle, and meanwhile Coach Messer hopes to round them into fine fettle for the Homecoming game with Van Lear here Saturday, November 2.

Floyd County Board of Education AUDIT REPORT From July 1, 1934 to June 30, 1935

Paintsville, Ky.,
Ballard Hunter, Superintendent,
and Members of the Board of Education
of Floyd County, Kentucky,
Prestonsburg, Kentucky.
Gentlemen:

Sept. 25, 1935

Pursuant to your instructions, I have made a detailed audit of the books of account and records of The Board of Education, Floyd County, Kentucky, for the period July 1, 1934, to June 30, 1935, also made the settlement with the Sheriff for the taxes collected for the various Consolidated Districts and submit herewith, Balance Sheet, Statement of School Fund, covering all your receipts and disbursements, except the Sinking Funds, detailed statements of each Consolidated District and the necessary supporting schedules.

I found your records well kept and expenditures all allowed by your board.

Particular attention is called to the following Schedules:

Schedule B. (School Fund) As noted above, this Schedule includes all of the receipts and disbursements. The detailed statements of the Consolidated Districts are set out for your information and are not additional receipts and disbursements.

Schedule Q. (Reconciliation of Bank Balances) While there might be some question as to advisability of carrying this Bank Balance at the close of the Fiscal Year, it appears to be necessary to take care of the current expenses for the Rural Schools until your receipts commence coming in.

Schedule R. (Recapitulation of Indebtedness) This Schedule shows a net reduction of indebtedness for the Fiscal Year of \$38,504.91 after eliminating all Bank Balances. I believe this speaks for itself without any further comment.

Schedule T. (Warrants outstanding) Includes one warrant, duplicate of Number 240, issued by the preceding administration; this warrant is for \$686.70, payable to F. A. Maggard and there was no stub or record of same.

Schedule U. (Accounts payable) Are as taken from your books and include accrued teachers pay rolls.

Schedule V. (Overpaid commission on Consolidated districts) Section 4426-2 Carroll's statutes only allow the Sheriff 1 per cent. This excess commission is noted for your information.

Schedule W. (Interest on average general monthly balances). Under an order entered by your Board July 2, 1934, your depository was required to pay 2 per cent on average monthly balances. This amounts to \$832.12 and has not been paid.

I was given all assistance possible by your Superintendent and his helpers and take this opportunity of thanking them.

I certify that, in my opinion, subject to the comments above, the accompanying Balance Sheet and supporting schedules, fairly reflect the financial transactions of the Board for the period named and the condition of the various funds as of June 30, 1935.

ALFRED D. ROBERTS,
Public Accountant.

Warm Weather
Is Buying This Fall

Buying in the retail trade offered a material setback throughout the greater part of the country during the past week as the result of the warm, unseasonable weather and the holiday interruption. Department of Commerce reports from 33 key cities just received by its Louisville district office indicated. For the most part, however, retail sales continued at safe margins above the same week last year. Wholesale lines were only slightly affected by adverse weather and the holiday interruption, while reports from industrial centers gave evidence of the continuation of moderate expansion and of increased employment.

Louisville reported: Men's and women's wearing apparel are leading retail commodity sales, which are maintaining consistent increase over year ago, in spite of advancing prices.

Radios and other electrical goods lead in wholesale movements, which are maintaining gain of around 10 per cent over same period year ago.

Eight hundred and twenty-four placed in positions past week by National Reemployment Service, a gain of 11.23 over preceding week.

Overall factory at Elizabethtown, Ky., resumed operations this week after having been closed for month, 150 employees being at work.

Louisville bank clearings recorded 18 per cent increase past week over same week a year ago.

Late potatoes are somewhat damaged by early frost. The ground is too dry for plowing with rain badly needed over entire district. Tobacco about all cut and maturing nicely in barns. Early sowings of barley and wheat need moisture badly.

Apartments of medium grade in demand, with rentals increasing; hotel rates increased in Louisville. Blue Grass section farms selling at much increased prices; in some cases, 100 per cent over offerings couple of years ago.

Belle of Anderson distillery to spend \$80,000 remodeling Daniel Boone Lodge at Camp Nelson, Ky., bought this week for \$15,000. Distilling equipment is to be installed and operations begin about Feb. 15. Contract let for \$16,895 heat-

NOTICE IN BANKRUPTCY In the District Court of the United States for the Eastern District of Kentucky. In the matter of THOMAS MAY HEREFORD.

DOCTORS KNOW Mothers read this:

Why do people come home from a hospital with bowels working like a well-regulated watch?

The answer is simple, and it's the answer to all your bowel worries if you will only realize it: many doctors and hospitals use a liquid laxative.

If you knew what a doctor knows, you would use only the liquid form. A liquid can always be taken in gradually reduced doses. Reduced dosage is the secret of any real relief from constipation.

Ask a doctor about this. Ask your druggist how very popular liquid laxatives have become. They give the right kind of help, and right amount of help. The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara — both natural laxatives that can form no habit, even in children. So, try Syrup Pepsin. You just take regulated doses till Nature restores regularity.

Bankrupt — In Bankruptcy

To the creditors of Thomas May Hereford, of West Prestonsburg, Kentucky, County of Floyd and district aforesaid, a bankrupt.

Notice is hereby given that on the 8th day of October, 1935, the said Thomas May

Hereford was duly adjudicated bankrupt; and that the first meeting of his creditors will be held at the office of the undersigned Referee in Bankruptcy, Prestonsburg, Kentucky, on October 30, 1935, at the hour of 1 o'clock in the afternoon, at which time the said

creditors may attend, prove their claims, appoint a trustee, examine the bankrupt and transact such other business as may properly come before said meeting.

Given under my hand at Prestonsburg, Kentucky, this 16 day of October, 1935. JOE HOBSON, Referee in Bankruptcy.

TO THE VOTERS OF FLOYD COUNTY:

I am an Independent candidate for election to the Floyd County Board of Education, to be voted for on November 5, 1935.

Numerous friends and those interested in school welfare have asked me to make statements in regard to whom or what man I am for for the Superintendenteny.

Concerning these statements, I am here giving some of the questions asked me, together with my answers—

1. What man are you for for Superintendent of Schools?

I am interested, first, in the children of Floyd county and not in the money some man may get for acting as Superintendent.

2. Are you against "Hunterism"?

That is a new term to me, but if it applies to the present school administration I am absolutely against certain tactics that have been employed by the Superintendent. But some

things have been accomplished in an admirable style. The term "Hunterism," is plainly a political colloquialism and shows that political jealousy is the main reason for making a fight. I am for elevating our school system from politics instead of raising a crop of politics from the very grounds on which our children play.

3. Are you for ousting Hunter before his term is out?

I am not in favor of throwing any one out of office for political reasons. The only reason for such action on my part would be in the event that the official in question had broken the laws of Kentucky.

4. When Hunter's term expires, are you in favor of Hall or Hunter?

This idea that one must run for some certain man is another thing born of politics and is entirely erroneous. In fact, it is strictly against the law to do so. (See Section 1565B-3 Ky. Statutes.) Some

political factions are taking advantage of the fact that some of our people do not know about this law.

I am in favor of following public sentiment and giving the people of Floyd county an absolutely square deal for once. I am going half way and leaving the rest to the voters and parents to decide if they want our children given first choice and first thought in our schools and not some individual for Superintendent.

I believe school government, as well as all other government, should remain as close as possible to the people; and for that reason I would, as a member of the Board of Education, be in favor of respecting the selections and nominations of the sub-district trustees.

You have two votes to cast for Board Members. If you have a friend you feel obligated to and wish to vote for, do so. Cast the other ballot for

ROMEYN C. DYER---and feel that you have given a vote to a man who will stand for the best interests of Floyd county and its children.

The Independent can---and should---win! I am in the race to the finish and will appreciate your loyal support.

Sincerely yours,

ROMEYN C. DYER

THE NEW FORD V-8 FOR 1936

Why do we say The New Ford V-8 for 1936?

What is new about it?

Of course, the newest engine in the low-price car field is still the V-8 engine. Since Ford made it available to all car users (keeping it as economical as cars with fewer cylinders) the Ford V-8 has been the newest engine on the market, and remains the newest for 1936.

You may buy a car on minor "talking points"—some specially advertised feature "with the car thrown in"—but after all, it is the engine you buy when you buy a car. Hence we put the engine first.

Other new points about the car make a long list.

Its lines are much more beautiful. The hood is longer and sweeps forward over the distinctive new radiator grille, giving the car a length and grace that are instantly impressive. The fenders are larger, with a wide flare. Horns are concealed behind circular grilles beneath the headlamps. New steel wheels.

Ford upholstery—always of sterling quality and excellent taste—is rich and enduring. The appointments of the car have a new touch of refinement. There

is no question about the increased beauty of the Ford V-8 for 1936.

In more practical matters, many improvements have been made—Steering is made easier by a new steering gear ratio. The cooling system circulates 5½ gallons of water through a new, larger radiator. Natural thermosiphon action is assisted by two centrifugal water pumps. New style hood louvers permit a rapid air-flow around the engine.

Easier, quieter shifting of Ford gears—The gear shift lever now travels a shorter distance.

The two qualities you want in brakes—Brakes that stop the car with ease and certainty. Ford Super-Safety Brakes of the long-tested, fool-proof, mechanical design.

Safety—as always—in the electrically welded genuine steel body. Safety Glass all around at no extra cost. Hundreds have written grateful letters because this glass has protected the safety of their families.

A car you can drive without strain all day, if you like, in city or country. Steady, holds the road, responds to the

driver's touch like a well-trained horse. You don't have to "push" or "fight" the Ford V-8—driver and car easily get on terms of good understanding with each other.

An engine has much to do with the roominess of a car. Very much indeed. A long engine uses up car space. The compact V-8 engine permits much of the ordinary engine space to be used by passengers.

It really is a great car in every way, this 1936 Ford V-8—the finest, safest, most dependable Ford car ever built. Now on display by Ford dealers.

As "Turkey in the Straw" is the prince of sung breakdowns so "Arkansaw Traveller" is the prince of instrumental ones. It is hard to think of "Arkansaw Traveller" without a fiddle, just as "Turkey in the Straw" suggests the banjo, or banjo and fiddle. The instrumental breakdowns are numerous, but my own favorites are the following: "Soldier's Joy," "Arkansaw Traveller," "Pop Goes the Weasel," and "Little Black Dog With a Green Toe-Nail." In true folk fashion nearly every neighborhood has its own variation in the air of these breakdowns. Every fiddler or banjo-picker adds the stamp of his personality. That is as it should be, for whatever is of the flock belongs to every individual of the race.

ANY HOUR, DAY OR NIGHT, WE STAND READY TO SERVE YOU, EFFICIENTLY AND REASONABLY, IN THE CARE OF YOUR LOVED ONES.

Ambulance Service Phone 94-W and 94-J, Prestonsburg, Ky.

Do you know the difference between Person to Person and Station to Station Long Distance Call?

The first important difference is in the cost. Station-to-Station service is approximately one-fourth to two-thirds cheaper than Person-to-Person service.

Another difference is that the rates for Station-to-Station service are about fifty per cent less on most calls during the night rate period than during the day, while the rates for Person-to-Person service are the same at all hours, day or night.

A Person-to-Person call is one where you ask to be connected with a particular person at a distant telephone. A Station-to-Station call is one where you ask to be connected with a distant telephone, but do not specify that a particular person be reached at the distant telephone.

On a Station-to-Station call, the connection is completed and timing of the call begins when anyone answers the distant telephone. But a Person-to-Person call is not complete until the telephone company gets the particular person you want to the distant telephone.

To make a Station-to-Station call, just tell the long distance operator that you want to talk to John Doe's residence or place of business, giving the telephone number or address if you know it, and to make sure, tell the operator you want Station-to-Station service.

To make a Person-to-Person call, just tell the long distance operator you want to talk with John W. Smith, giving his location and telephone number if you know it.

For rates and other information on long distance telephone service, look in the front of the telephone directory.

BREAKDOWNS

Breakdowns are of two kinds, those which are sung and played on some musical instrument and those which are played only. It is hard to tell which first came into use, but I am inclined to believe, from a study of the popular ballads of many countries, that the sung breakdown is the older, a species of popular ballad. In a few instances I have heard breakdowns that told stories in true ballad fashion and were used for the 'words' in a 'play party.' Most sung breakdowns do not tell a connected story; if they ever did, the story has become so gar-

bled that it is now impossible for us to follow the plan or plot. Sometimes there are three or four stanzas in succession that relate to similar things and suggest a sort of connected story. In many sections of the State "The Girl I Left Behind Me" has become a play-party song, chiefly devoted to directions for the dance. In other places it is purely an instrumental number.

By far the greater number of the sung breakdowns are of the instrumental type. Many of them seem to record nearly every reaction of the community, and there will appear in the same ballad, or at least

there will be sung to the same tune, stanzas ranging from the most ridiculous to the most serious, from emotions that are cultured to those that are most barbaric. The old breakdown ballad recently revived and made a song hit, "Taint Gwine Rain No More" illustrates this tendency of breakdown ballads to sing of everything, good and bad, respectable and shady. As a child I heard it, every hearing adding some new element from an adjoining neighborhood or some improvised stanza. Since the song has been revived, the same thing is true of it; everybody who sings it is tempted to add a stanza or two. Some of these are too obscene or inane to keep, but many are in accord with the original, so far as a popular ballad of any kind can be said to have an original. If one could live for a few centuries, I wonder how many times "Taint Gwine to Rain," like Str Roger de Coverley's coat, would be in or out of style.

One can hardly think of a breakdown ballad without its gags. Demijohns and jugs of ten figure in them, though in a conventional way. Mothers-in-law, that great source of jokes, come in for their share of notice. The ballad poet seems to have been quite a gallant in his day, to judge by his frequent references to "purty little girls," twinking eyes and similar things. Women are very often the victim of gags in the breakdowns, especially because of their ability to talk and to spread news. The sung breakdown is a sort of clearing-house for the poetry of the people, giving them a chance to take a satiristic fling in conventional verse at what seems laughable in our common humanity.

Sung breakdowns are, after all, not the most typical ones. The singing of the words might interfere too much with the calling of the figures of the dance, and, besides, it takes too much breath to dance and sing at the same time, provided one wants to "Dance all night till the broad daylight;

\$3,600,000 IN STATE TAXES

THE revenue from taxes on alcoholic beverages is now the State of Kentucky's *fourth-largest* single source of income. . . . In addition to eight forms of taxes paid to the State, the distilling industry in Kentucky now pays seven forms of taxes to the Federal Government, four forms to *counties*, and four to *cities within the State*. . . Unless you vote "Yes" on November 5, all this revenue will be lost, and the taxpayers of the State will be forced to make up the deficit.

What the Distilling Industry Does for Kentucky

COAL . . . Kentucky distillers bought over 200,000 tons of Kentucky coal last year. The mining of this coal provided an entire month's work for over 2000 Kentucky miners—work which may be lost forever if you vote "No" in November.

GRAIN . . . Kentucky distillers purchased 9,000,000 bushels of grain last year, at a cost of over \$10,000,000. This market for grain will be lost to Kentucky farmers if the distilling industry is driven from Kentucky.

LUMBER and COOPERAGE . . . Kentucky barrel man-

ufacturers sold 800,000 barrels to Kentucky distillers last year. These barrels were made from 80,000,000 feet of white oak lumber—at current prices, worth more than two and a half million dollars in cash.

OTHER INDUSTRIES . . . In addition to those mentioned above, dozens of other industries and occupations in Kentucky derive some if not all their business and income from the distilling industry in Kentucky. Railroads, hotels, equipment-manufacturers, bottle makers, printing houses, newspapers, merchants of all sorts, *everybody* in Kentucky owes some benefit to this \$100,000,000 industry.

If you want the State to continue collecting \$3,600,000 per year in taxes from the distilling industry instead of from you and your neighbors—if you want the State to retain all the other benefits of this \$100,000,000 industry—

CLUBWOMEN MEET IN ANNUAL SESSION

Maytown And Lackey Clubs
Hostesses; Mrs. May Is
Named District
Governor

Annual session of the Seventh district, Kentucky Federation of Woman's Clubs, was held at Maytown Saturday, being entertained jointly by the Maytown and Lackey clubs. Both these clubs are newly federated, but are very active and were splendid hostesses.

Federated clubs of the district are Prestonsburg, Maytown, Lackey, Pikeville, Jenkins and Whitesburg, and all were well-represented, with approximately 80 clubwomen present. Reports from the various clubs this year were very encouraging, and the clubs find themselves busier

and their help more demanded each year by their respective communities.

Mrs. Paul R. Wickliffe, of Greeneville, Ky., state president, made an encouraging talk on the aims of club work. This talk was supplemented by the appearance before the meeting of F. A. Maggard, district director of the Federal Youth Movement, who asked the aid of clubwomen in carrying out this program.

The entertainment feature of the day was the rendering of a group of folksongs by Mrs. Edith Fitzpatrick James. Dressed in a beautiful, old-fashioned, home-spun dress, Mrs. James, with her rendition of old songs, her discussions of the sources of balladry and her perfect mimicry, was so delightful that the state president of the federation urged her to appear at the state convention to be held in Harrodsburg, Ky., in May, next year. By request, Mrs. James

sang a classical number at the conclusion of her part of the program and thus gave splendid proof of the versatility and range of her voice. The accompaniment for her concluding number was played by Miss Dorothy Davis, of Prestonsburg, who also rendered piano solos at other times during the day.

An interesting feature was the appearance of Miss Lucy Furman, noted state novelist, who made a compelling plea against the trapping of our furbearing animals.

Resolutions adopted at the session were:

To continue the work already begun for the protection of wild flowers by working for the creation of a national park in the "Breaks of Sandy" area.

To solicit the state convention for this district in 1937.

To make a special effort to lead girls and women of this

district to a higher social and home life.

Mrs. W. P. Mayo, who presided as district governor, was succeeded, upon the conclusion of her term with this meeting, by Mrs. Wilma G. May, of Maytown, for a two-year term. Next district meeting will be held at Pikeville in October, 1936.

LESLIE DRAWS TWO YEARS IN SLAYING

Of Jack Harris at Emma;
Says He Will Appeal
Sentence

Harry Lee Leslie was given a two-year penitentiary term Friday by a jury in the Floyd circuit court upon his conviction in the slaying of Jack Harris at Emma a few months ago.

It was the last murder case on the present court docket.

Leslie claimed that he and Harris had had trouble over a house owned by Leslie at Emma, and testified that Harris had threatened his life. When, he testified, Harris approached him with his hand in his pocket he thought that Harris intended to cut or stab him.

Commonwealth witnesses testified that Harris was unarmed, that Leslie had slapped Harris, a few minutes before the shooting, and that Leslie shot him when unendangered.

\$5.00 REWARD—I will pay a reward of \$5 for the return of a white Spitz dog stolen from my restaurant and for information identifying the person who committed the theft.
