RED CROSS PLANS ANNUAL ROLL CALL IN FLOYD COUNTY

Membership Goal of 9,400 Set for 20 Counties; Floyd County Allotted 1,200 of Number

CHARLES CARR SPEAKER

Plans for the twentieth Roll Call of the American Red Cross to be conducted this autumn, were considered at a regional conference for the district embracing 20 Eastern Kentucky counties here Monday.

The early session of the gathering was held in the Methodist Church, and a subsequent luncheon and afternoon session at the Auxier hotel.

A membership goal of 9,400 has been set for the 20 counties, with Floyd county allotted 1,200 of the number. Floyd is second to Boyd county, with a goal of 2,000. By good publicity work, aggressive solicitation and steady follow up workers in Red Cross activities hope to reach the assigned goal.

Speakers at the meeting included Charles Carr, of National Headquarters, who at the luncheon gathering talked tellingly of "The People's Red Cross and presented a graphic movie reel of the tragic Ohio valley flood last spring.

J. A. L. Sawyer, also out of the main office of the Red Cross at Washington, and Mr. Sheridan Connolly, field representative in Kentucky, also took part in the program. Representatives from various county chapters joined in the round table discussion, including R. C. Thomas, Paintsville, Johnson county chairman; Mrs. Jean Burns, Boyd county chairman; Mrs.

secretary of the Pike county chapter, and M. D. Power, host chapter chairman, Robert A. Potter, roll call chairman, and Miss Ella Noel White, executive secretary, all of the Floyd county chapter. Mr. Thomas served as conference chairman.

The importance of accident and first aid measures was set forth by G. C. Sutherland, of Wheelwright, at the luncheon session. Mr. Sutherland, safety director for the Inland Steel Company, told of experiences in the work and benefits to be gained.

KENNEY-ROBERTS

Of interest to friends and relatives in Eastern and Northern Kentucky is the announcement of the marriage of Miss May K. Kenney, daughter of Mr. and Mrs. L. W. Kenney, of Augusta, Ky., and Mr. D. Roberts, son of the late Mr. and Mrs. O. D. Roberts, of Reedy, Va.

The marriage ceremony was performed by the Rev. I. W. Wilcox, pastor of the First Presbyterian church, Mt. Sterling, Ky., Wednesday, September 2.

Mrs. Roberts is a graduate of the Augusta high school, and also attended the University of Kentucky at Lexington, Ky., and U. M. C. A. Normal School at Blue Ridge, N. C., and for a number of years has been teaching in the Preston high school. Mr. Roberts is employed with the N. and W. Overhall company, Lynchburg, Va.

REC. C. H. PETERS HONORED ON SIXTIETH BIRTHDAY

Barboursville, W. Va., Oct. 5—Rev. C. H. Peters, pastor of the Bowen circuit, M. E. Church, South, celebrated his 60th birthday Tuesday, September 29, at the parsonage.

The members of Day's Chapel, Bowen Church and other friends gave a "pounding," which had been planned as a surprise to Rev. Peters. In connection with the numerous baskets filled with nice groceries and beautiful flowers, Rev. Peters received many other useful gifts, including a beautiful Ford sedan car. All were received with much gratitude.

An unusually large crowd attended and everyone reported a good time.

'CATS LAY IT ON WHITESBURG, 19-7

BEFTRY GAME POSTPONED UNTIL OCTOBER 17

Continuing its triumphant march along a stiff schedule, the gridiron aggregation of the local high school, after facing a real team from the Whitesburg high school football team here last Saturday, chalked up a 19-7 victory over the Letcher county boys. The result of this game fattens their record to three victories, and no setbacks.

Both teams attempted numerous passes, which resulted in Whitesburg's downfall as the Blackcat, namely, Craft and Johnson, intercepted the offerings in the air and "blew up" Whitesburg's hopes with touchdowns.

The outstanding play of the game was staged by Whitesburg's first touchdown, Mayo, on a fake that was perfectly executed, scampered around left end while the whole opposing team was on the other side of the field.

Coach Greenwell announced that the coach at Belfry, who was to appear here next Saturday, October 10 for a game, called and asked postponement of the game, due to conditioning the team. The Belfry boys will be engaged here on October 17, and Greenwell's football charges will rest this week end.

MENINGITIS VICTIM PASSES

Miss Laura Sutphin, 15 years old, daughter of Mr. and Mrs. S. J. Sutphin, died at her home on Graham street here Wednesday, October 7, a victim of spinal meningitis. Mrs. Sutphin was a freshman in the Prestonburg high school, and until Tuesday her condition was thought to be improved. She contracted the disease on September 6 and died one month later.

She is survived by her parents, Mr. and Mrs. S. J. Sutphin, three sisters, Mrs. Walter Price, Misses Bernice and Benlah Sutphin, and one brother, Sidney Sutphin, Jr. Private services were held at the cemetery by the Rev. Lawrence Steele, of the Pilgrim Homes Church. Burial was made under the direction of E. P. Arnold.

TUBERCULOSIS CLINIC

Approximately 2,000 children and adults were given tuberculosis skin tests last week at the offices of the Floyd county health department here. About 200, or 10 per cent of those examined proved to be positive and were recommended for X-ray tests. These tests will be continued throughout this week.

Any one who has been diagnosed as having tuberculosis, or any doctor who wishes to refer any one, may do so for the X-ray clinic, which will be held on October 13 and 14.

MILTON WOODS, 65, JOHN SCOTT, OF CALLED BY DEATH WONDER, DIES SAT.

Milton Woods, 65 years old, of Emma, Ky., died at his home Wednesday, Oct. 1. Mr. Woods was one of Floyd county's best citizens, and had been a member of the Baptist Church for 20 years, and had many friends and relatives throughout the county.

He is survived by his widow, Mrs. Mishie Woods, six daughters, Mrs. Gene Hunt, Mrs. Amy Maynard and Mr. Goida Hunt, all of Betsy Layne; Mrs. Elan Burchett and Mrs. Virgie Darby, of Emma, Ky., and Mrs. Dora Wheeler, of Whitesburg, Ky. Two sons, George Wood, of Wheelwright, and Lee Wood, Emma, two sisters, also survive: Mrs. Fair Hall, of Thurman, O., and Mrs. Mat Woods, Emma; two brothers, Lee Wood, Thurman, O., and Will Woods, of Emma.

The funeral was conducted from the home at Emma, with Rev. Isaac Stratton in charge, assisted by Rev. Roy Blevins, Walter Collins and Sam Hunt. Burial was made in the family cemetery on Cow Creek.

GIRL RESERVE

The Prestonburg high school Girl Reserve started this year with approximately 150 girls enrolled, the largest number that probably has ever enrolled. With the help of Mrs. May K. Roberts, the club sponsor, the club organized and elected the following officers:

President, Virginia Stephens; vice president, Mary Emile Carter; secretary, Linda Stephen; treasurer Katherine Meade; pianist, Mary Irene James; news reporter, Margaret Stephens.

The girls seem to have more spirit than ever before. They are planning a welcoming party for the new girls of the club, and they hope it will show them how glad they are that they have joined the club.

The Girl Reserve with its separate colors and slogan is a very exclusive club and the girls who belong treasure it as a big privilege. MARGARET STEPHENS News Reporter

Landon Retains Lead In Poll As Oregon Swings To F. D. R.

27 States Favor Kansan to 12 for the President at Close of Seventh Week

POLL CLOSES SATURDAY

New York, Oct. 8—Which way and how strongly the national political winds are blowing, in small town and country America, will be shown definitely in the final tabulation of the country newspaper nation-wide poll now nearing conclusion.

The balloting, which has been conducted by more than 3,000 weekly newspapers located in all parts of the country, comes to a close this week Saturday, midnight, October 10. Final national returns will be announced the week of October 19.

At national straw-vote headquarters here in the offices of Publishers Antoonster Service and The American Press, a record straw-vote is being tabulated. A total of 872,797 ballots had been recorded at the close of the second week of the poll and released today.

HOW THEY ARE RUNNING

The political trend of the country vote at this time gives Governor Landon, Republican, a lead of about one and a half to one over President Roosevelt, Democrat. Or, in percentage terms, 60 to 40. The third party candidate, Congressman Lemke, Un-

John Scott, son of Floyd and Mrs. Matilla Desking Scott, of Wonder, this county, died Saturday, October 3 at the home of his father on Buffalo Creek. His death was attributed to heart trouble and other complications. He is survived by his father and mother, his widow, Mr. Ella Cecil Scott and four children: Eula Mae, Cleveland, Robert Lee and Bueford, all at home. He is also survived by two brothers, Lando Scott, of Galters, Ky., and Gus Scott, of Tramm.

The funeral was conducted from the Scott home on Buffalo Creek Monday, Oct. 5, the Rev. Isaac Stratton in charge, assisted by Tom Blanton. Burial was made in the Martha Scott cemetery on Johns Creek.

NORTHEASTERN REGION

W. M. U. TO HOLD MEETING

The annual meeting of the Northeastern Region will be held at the First Baptist Church, Ashland, Ky., October 16, beginning at 10 a. m. Those desiring entertainment overnight may write to the chairman of the entertainment committee, Mrs. George Anderson, 1604 Hilton avenue, Ashland, Ky. Those on the program include Miss Rose Marklowe, of China, Mr. Lewis W. Martin, and other state workers. All members are urged to attend.

FLOYD POST MEETING CHANGED

DR. AND MRS. POYNTER LEAVE

Dr. and Mrs. Raymond Poynter last week purchased the drug store at West Liberty, Ky., and Dr. Poynter left Wednesday to take charge. Dr. Poynter has been pharmacist at the Modern Drug Shop for the past three years, while Mrs. Poynter has been in charge of the local telegraph office for the same length of time. Mrs. Poynter will remain in Prestonburg until the first of November. Both Dr. and Mrs. Poynter have made a host of friends during their stay here, who will be sorry to have them leave, but who wish them much happiness and success in their new home.

Landon Retains Lead In Poll As Oregon Swings To F. D. R.

Frankfort, Ky., Oct. 2—The Court of Appeals today refused to hold that either John Scott or Dewey Roberts was entitled to hold the office of Magistrate in Floyd county, an office which Scott claimed by virtue of receiving a plurality of votes last November.

The court opinion, prepared by Commissioner W. Truman Drury, recalled that the same persons, Scott and Roberts, were candidates for the same office two years previously and that that election, like the one at issue in today's opinion, was nullified for corruption on the part of partisans of both Scott and Roberts.

Neither of the parties are novices. Both were here two years ago over the same office. Their experience then seem not to have resulted in any less bribery, corruption, etc., this time, but did result in certain refinement in the mode of operations. They became more subtle. The results are the same, Commissioner Drury wrote.

OREGON IN F. D. R. COLUMN

At the close of this week's tabulation President Roosevelt had gained a lead of one new state, Oregon, for a lead of 12 states to 27 for Landon. The Oregon vote this week shows Roosevelt 2,565 to 1,917 for Landon. In Connecticut, Landon leads Roosevelt 540 to 450, a small majority of 81 votes.

JOHN GRAHAM CHAPTER, D. A. R. HOLDS MEETING

John Graham Chapter, D. A. R., met Friday, October 2 at the Auxier Hotel, with Mrs. C. P. Stephens as hostess. Mrs. Osa Ligon, regent, presided over the business session, after which the meeting was turned over to Mrs. E. P. Arnold, leader, who presented a very interesting program on the Hunting Days of Washington.

Delicious refreshments, consisting of ice cream, cake and minis were served to the following members and guests: Mrs. Osa Ligon, regent; Mesdames Jo M. Davidson, E. H. Sowards, A. J. May, Sr., H. D. Fitzpatrick, O. T. Stephens, Sam L. Spradlin, E. P. Arnold, Gwyn Ford, C. P. Stephens and guests, Mrs. M. J. Leece, Sr., Mrs. M. J. Leece, Jr., and Mrs. Tom James.

GARRETT'S WATER SUPPLY POLLUTED

FOUR HUNDRED FAMILIES AFFECTED; OIL SEEPS INTO WATER WELLS

Due to the loosening of the earth's strata caused by the recent shooting of oil and gas wells in and around Garrett, Ky., the water supply of about 60 per cent of this mining community is polluted with oil. This affects about 300 families. An attempt was made to pump the water from the wells in the hope of cleaning them and bettering the situation, but after several days this proved fruitless.

At the present time, the residents are using water purified by home methods in small quantities. Dr. Marvin Ransdell stated that these people will have to depend upon a mine that has been abandoned for years for their water supply. This water is absolutely safe, but will be chlorinated and piped to the storage tank.

M. V. Clark, county sanitary inspector, endeavored to get the state inspector here, but he is detained on business in Western Kentucky. An engineer from the state health department is expected at the first of the week to arrive here and assist in alleviating this situation.

FLOYD ELECTION IS THROWN OUT

NEITHER SCOTT NOR ROBERTS ENTITLED TO OFFICE, COURT HOLDS

Frankfort, Ky., Oct. 2—The Court of Appeals today refused to hold that either John Scott or Dewey Roberts was entitled to hold the office of Magistrate in Floyd county, an office which Scott claimed by virtue of receiving a plurality of votes last November.

The court opinion, prepared by Commissioner W. Truman Drury, recalled that the same persons, Scott and Roberts, were candidates for the same office two years previously and that that election, like the one at issue in today's opinion, was nullified for corruption on the part of partisans of both Scott and Roberts.

Neither of the parties are novices. Both were here two years ago over the same office. Their experience then seem not to have resulted in any less bribery, corruption, etc., this time, but did result in certain refinement in the mode of operations. They became more subtle. The results are the same, Commissioner Drury wrote.

Scott was elected on the face of the returns and Roberts contested. Floyd circuit court ruled "no election" was held because of widespread corruption.

Commissioner Drury said there was evidence of "chain voting, false voting, voting by infants, non-residents and of ballots being marked in advance of the election and other irregularities." The evidence also disclosed that nine vote buyers spent more than \$700 in the nine precincts in behalf of one candidate or the other, according to Drury's opinion.

\$120,000 INVESTED IN BUILDING HERE; HAS BOOM ASPECT

Commercial Houses and Private Homes; Bank to Occupy New Home Next Week

RETAIL SALES UP

The local vicinity is now having the nearest thing to a building boom that it has experienced in many years. A new theater is being built, the courthouse under reconstruction, a bank building undergoing interior alterations, a new garage planned and a number of fine homes, some completed and others under construction, as well as many other improvements and projects.

Aside from the great amount of work and improvements conducted through the WPA, expenditures by private and business interests in the present "boom" will probably well exceed \$120,000 for a period of about three months, a definite indication of a quickened and steady pulse beat or better times is attested by the fact that this sum being invested in Prestonsburg is not from one or two sources, but several, consisting from \$1,500 to \$25,000.

In spite of eight mines in the county being shut down, construction and other enterprises have counter-balanced this and Prestonsburg retail merchandising has increased very materially. Dry merchants queried.

Bank to Be Completed Soon

The First National Bank will be ready to move into its remodeled home within the next week. H. C. Stephens, Jr., cashier, said Wednesday. This complete alteration of the interior and some exterior changes has cost about \$25,000. Two vaults and doors were purchased at an expenditure of \$9,000 for one and \$7,000 for the other. The floor is of marble finish and about four feet along the wall is covered with marble wainscoting. Chromium fixtures have been installed for indirect lighting throughout the interior. The bank has been conducting business in the Harlowe building adjacent to The Bank Josephine.

Courthouse Altering Progressing

Employing approximately 15 men for a remaining period of about 60 days, work of remodeling the courthouse here at a reported cost of \$20,000 is progressing rapidly, according to Jim Meake, who is supervising the work. A trazo gravel finish will be used over the concrete floors and, at present, a stucco finish over the exterior brick is being considered. Steel sash frames are placed in the steel of the old wooden ones for the windows. Vaults in the county and circuit clerk's offices have been enlarged, the lathing of first floor walls is nearly done, and plastering of the interior has been started.

400-POUND POSTMASTER, LARGEST IN U. S., DIES

Pikeville, Ky., Oct. 5—Issac L. Andrews, believed to be Uncle Sam's largest postmaster, who until recently tipped the scales at 400 pounds, died at his home at McAndrews, in the Seventh Congressional district, last night after a brief illness. Besides being postmaster at McAndrews, Mr. Andrews was a merchant, and deputy county court clerk.

He is survived by his wife and two daughters, Miss Clara B. Andrews, a law student at Lou'ville, and Mrs. Viola Ferrell Andrews. He formerly lived in Alabama.

Here's Early Slant on Major Eastern Grid Alma Momsies

YOUR scribe may as well put his neck out among the celebrated gentlemen who boast how they can handicap a most humanly erratic sport with prim statistics.

YALE—After two years of probation Bob Beckwith is back at center and the line seems likely to be the strongest since Pond and Neale took over the coaching assignment.

HARVARD—Fair enough line, especially at the tackles, where Gaffney and Kerkovian perform. Offense seems woefully weak, though, and, unless some sophomore back surprises, Prof. Harlow may need to call out some of those marines who used to perform for him at Western Maryland.

PRINCETON—When Gil Lea, last and greatest of the football Leas, graduated in June, Princeton took stock and found three other first-string ends also were missing.

Fritz Crisler as Ceppi, Barfield, Keck, Cooney, Hart, Hillebrand, Biffey Lea and Hector Cowan, is the one to watch in the line.

PENN—Veteran, mostly seniors, team which should be one of the best but which probably will encounter the customary Penn political reverses. Gisburne is the key tackle.

COLUMBIA—Far better than last fall. Sid Luckman, triple-threat back, and Art Radvilas, a fine end, are the best of some unusually strong sophs, while Tackle Bate-man is the ace of the line.

DARTMOUTH—Weak at guards and none too sure Mutt Ray will recover sufficiently to resume starring at center. Hollingsworth, late 1935 discovery, may star as a triple threat along with several other fleet backs.

CORNELL—Several teams will find the Big Red tough to take but Cornell is at least a year away from what old grads hoped for when they hired Coach Snavely.

FORDHAM—Spies insist Jimmy Crowley is working with numerous rugged and powerful candidates, but that the Rams are by no means as strong as touted.

MANHATTAN—Line is certainly big and fast and probably dumb. Tuckey could be the best fullback in the East.

N. Y. U.—Not as strong as last year and definitely misses the kicking and passing of Big Ed Smith.

ARMY—Gar Davidson says the Cadets are big and strong with more reserves than last year but that they lack speed.

NAVY—Another possible dark horse inspired by the revenge motif. Still sore over that first half run-away last December, and even now more concerned with the Army contest than with early season affairs.

HOLY CROSS—Big, strong and fast with a nice smattering of sophs headed by Hank Ouellette, former Haverhill high star.

What Irvin S. Cobb Thinks about Praising California.

VERNALIS, CALIF.—They used to say that California flowers had no real smell, and that California birds had no song—and that's a lie because the resident mocking bird feels it his Christian duty to get right under my bedroom window and sing all night—and that California grown foods had no flavor.

But we can grow apricots and cherries and nectarines and peaches as toothsome as you'd ask for; and noble berries and luscious prunes and delectable grapes; and, on this great ranch, about the finest melons I ever ate.

Troubles of a Pioneer.
LIFE in these parts is just one thing after another, and sometimes it's several things after another, all at once—such as the rush of the autograph collectors upon a poor, shy movie star, or the yelping onslaught of our estate beagles when a visiting nobleman incautiously intimates that he might sell his trailer and buy a lot.

Reducing Motor Accidents.
WE'RE great people at starting something, but, just then, along comes a new crusade or a new movement or a new style in divided skirts and we trail off after that, forgetting the issue which had seemed so passionately important.

Last January we were all enlisting to make 1936 a safer year on the highway. With the year nearly three-fourths gone, what have we done to reduce the appalling mortality? And what are we going to do before all of us, except the idiots and drunkards, who are supposed to be the special ward of providence, have been mowed down?

I'm reminded of the colored man in Mississippi who was convicted of murder, and his lawyer forgot to file an appeal, and finally the condemned man sat down and wrote this letter: "Dear Governor: Please, sub, I is on the middle of a particular fix and onlessen you do something right away, they hang me Friday—here 'tis Wednesday already!"

Saving Your Teeth.
THOUGH thy teeth be but stately ruins, with English ivy growing all over them and bullbats nesting in the hollows, fight off for as long as possible those who think the root of all evil is the bottom of your remaining bicuspids. Don't let 'em be too fast about photographing your jaw either.

No man ever yet had an X-ray picture that flattered him. Particularly is that true when it's an interior view of the human face.

Because, the next thing you know, a gentleman in a white smock is testing some forceps and saying, "This may hurt—just a little." And then the next thing after that, your uppers are as false as Judas.

I did so and the result is that, no matter what else is on the menu, I go in for the Cobb pink plate special. A fellow does get tired of having everything he eats taste like rubber.

AVIATOR CONVICTED BY COURT MARTIAL Found Guilty in Loss of Important Papers.

Washington, D. C.—Lieut. William A. Moffett, Jr., twenty-six, naval aviator and son of the late Rear Admiral William Moffett, was court martialled and convicted at a secret hearing last May, it was disclosed recently when the decision was approved by Admiral William H. Standley, acting secretary of the navy.

Moffett was found guilty of carelessness in the loss of a confidential service publication. Although he was restored to duty he was sentenced to a loss of fifty numbers, which means, naval officers said, that he was demoted to a rank below fifty officers formerly his junior.

The court martialled officer, whose father was chief of the bureau of aeronautics when he went to his death April 4, 1933, in the crash of the dirigible Akron, is on duty at the naval air station here.

Admiral Standley's announcement had been lost and Moffett previously had declined to make a statement on the ground that the whole matter was confidential.

It was learned from other sources, however, that the officer drew a document from navy files to aid him in preparing for examinations for promotion. Navy officers said it was customary for officers to be given permission to use confidential files when studying for examinations.

It was said the documents Moffett obtained included confidential publications used in signal work. The missing papers were said to have been placed in Moffett's automobile, from which they disappeared in some manner not known either to authorities or to Moffett.

The court martial held here last spring was conducted with great secrecy. It is customary for several months to elapse before conclusion of the hearing and publication of the board's findings.

Watch Your Kidneys! Be Sure They Properly Cleanse the Blood

YOUR kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as nature intended—fail to remove impurities that poison the system when retained. Then you may suffer nagging backache, dizziness, scanty or too frequent urination, getting up at night, puffiness under the eyes, feel nervous, miserable—all upset.

Don't delay! Use Doan's Pills. Doan's are especially for poorly functioning kidneys. They are recommended by grateful users of the country over. Get them from any druggist.

### SINGING SCHOOLS

Recently I heard a small child coming from school singing "M, m, re, do"; I at once was back in memory at the old singing school in the country schoolhouse. It seems that history repeats itself every generation or two. The little child's singing was the fashion long ago, and is reappearing in our time, showing that Addison's joke about Sir Roger de Coverley's coat and its being in style and out of style 12 times was not to be taken too lightly.

All people like to sing; the more primitive they are, the more necessary is music. Into the remotest country neighborhood came the singing school teacher, a professional at most, standardized as a pack peddler or the circuit rider. He was at ways tall and angular, as I remember him; he had a voice that was keen and a sad, lean countenance. He slightly nasalized his song, like

Chancer's man, whose singing was "Entuned through her long full seemly." He went round over the community and got pupils for his "class." The school lasted a week or two, and sometimes several weeks, with singing on Sundays and on week-end nights. Sometimes there was an all-day sing on Sunday, with dinner on the ground. Commonly the teacher had a song book to sell and left the community supplied with materials for musical education until the next year. The only difference between these books that I ever detected was that each succeeding volume had songs pitched in higher keys.

The crowd gathered at the appointed place, not only the actual singers, but also the rest of the neighborhood. The "class" occupied the "Amen corners" of the building. Patiently the leader taught each part its notes, singing them over carefully until everybody could carry his part without looking at his book. Then striking an attitude, the leader repeated the beginning note of each part, the groups following him, sometimes making a wail of harmony that fairly shook the rafters. Then the four part chorus began and sang all 12 or 13 verses of the song. And such singing! The alto, especially elvish in my memory. Only once in a while do I hear now a woman street preacher who can at all approach the altos I heard in the singing schools. And Jim Steele's bass is still lower than any I have since heard. It rumbled and roared until it made the floor quiver. Some times the class sat and sang; some times they stood and swayed to the music.

For days and weeks after each singing school we children reproduced its leading features in our playing at school. Jimmie Cooper could sing exactly like the angular teacher who appeared every Saturday for a couple of months. I learned to beat time like another one, and still do. And now it seems possible that my memories of "M, m, re, do" may get mixed up with a revival of these old methods of teaching singing.

### HEAVY REGISTRATION AT EASTERN STATE COLLEGE

Richmond, Ky., Sept. 29.—Registration of students at Eastern Kentucky State Teachers College passed the 900 mark yesterday when the nine hundred and second student enrolled, setting an all-time record for fall semester attendance and exceeding last fall's enrollment by 82. Three hundred and 74 students are enrolled in the training school, including the elementary and model high schools, making a total enrollment for the fall semester 1,276.

Registration will continue on a reduced class schedule basis until October 13. Major C. W. Gallaher, in charge of the senior R. O. T. C. unit, field artillery division, at Eastern, reported an enrollment of 118 men for regular military training, with approximately 28 others enrolled in the R. O. T. C. band. Students enrolled for R. O. T. C. band membership received the same credit as regular R. O. T. C. membership and one and one-half credit hours each semester. Instruments for a 25-piece R. O. T. C. band have been issued by the military division to Henry Schnabl, director of the band, and are being distributed among the members of the band for the military unit.

Personnel of the military staff in charge of the R. O. T. C. announced by the college includes Major C. W. Gallaher, commanding; Captains W. W. Ford and E. M. Link, Technical Sergeant Ezra Bentley, Staff Sergeant Wm. P. Winslate, and first-class privates Eugene Cook, Charles Davis, Daniel C. Thomas, Roy C. Vernon and Cecil L. Williams. Private Cook has been sent to Fort Sill, Okla., for training in motor mechanics and will return to the Eastern unit in December to have charge of repairs on the 16 motor trucks belonging to the Eastern unit.

Four 75 millimeter French type guns on high speed carriages were added to the equipment of the R. O. T. C. by the War Department last week.

## Sarah Ann's Cooking Class

Cream puffs and eclairs are not hard to make, in fact, they are most simple if the right proportion and right directions are followed. The only difference in the cream puffs and the eclairs is the shape in which they are baked and in the filling and frosting that are used. Cream puffs are round, filled with whipped cream or a custard and then dusted with confectioners sugar. Eclairs are oblong, they may be filled with chocolate cream custard or whipped cream. The tops are covered with a frosting, usually chocolate.

### Recipe for Cream Puffs and Eclairs

1-2 cup butter.  
1 cup boiling water.  
1 1/2 teaspoon salt.  
1 cup flour.  
4 eggs.  
Melt butter in boiling water. When again boiling, add flour and salt. Stir rapidly until mixture cleaves from the side of the pan. Remove from fire, cool, add one of the eggs and beat until smooth. Beat vigorously for a few moments longer. In similar manner add the remaining eggs one at a time, beating well after each egg is added. After all the eggs have been added beat the mixture well for three minutes. Longer beating will improve the mixture. Spread on greased baking sheet. Bake in over 450 degrees for 20 minutes, decrease heat to 350 degrees and bake for 30 minutes.

1-2 cup sugar.  
1 1/2 teaspoons flour.  
1 1/2 teaspoons cornstarch.  
1 1/4 teaspoon salt.  
2 cups milk.  
Mix sugar with flour, cornstarch, salt and enough milk to make a smooth batter. Add the remaining milk which has been scalded. Cook until mixture thickens. Place over hot water and continue cooking for 10 minutes longer, stirring occasionally. Add eggs and beat until they thicken slightly. Remove from the fire and add flavoring.

The tops of well risen puffs are always uneven and seamed. A cut may be made along one side of the cracks and a small portion removed. The custard or cream may then be put in the puffs and the tops replaced. Dust with confectioner's sugar.

**Eclairs**  
The dough for an eclair is shaped into a long strip and then baked as a cream puff. Fill the center with custard given above or whipped cream. Cover with chocolate frosting.

**Chocolate Frosting**  
Two squares of chocolate.  
1 tablespoon hot water.  
One egg well beaten.  
1/2 cup confectioners sugar.  
1/4 cup butter.  
Melt the chocolate over hot water in a double boiler. Add water, sugar and egg, beat well. Let it stand over hot water several minutes. Cold to lukewarm. Add butter a tablespoon at a time, stirring until smooth. Spread on eclairs.

### DROUTH AND CURTAILMENT KEEP FARM INCOME FROM REACHING SIX-YEAR HIGH

New York.—Had it not been for the drouth and crop curtailment programs, the income of American farmers would have exceeded \$8,000,000,000 last year for the first time since 1930.

This fact is reported in its current bulletin by the special committee on Agricultural Cooperation of the National Association of Manufacturers.

The bulletin says that the United States Department of Agriculture estimated the gross farm income from farm products in 1935 was \$7,630,000,000. It adds:

"Reports prepared by the same department indicate that in 1935, however, the volume of farm products was only 91 per cent of the 1924-28 average. In other words, that in 1935 farmers had 9 per cent less to sell, because of drouth and curtailment programs.

"Another way of putting it is this: On the basis of 1935 prices, if farmers had produced the average volume of farm products, their gross income from these products would have been almost \$800,000,000 larger than it was."

The bulletin points out, too, that its totals include only the cash value of all farm crops at the farm, adding that any other method of calculation of farm income might be subject to criticism. In addition to this cash, the bulletin says, the farmer gets indirect and tangible benefits "that it is almost impossible to measure."

"Usually, among other things," the bulletin says, "he supplies his table with many foods that a city dweller must buy at higher cost; he has his home and water and often his fuel supply; he probably uses his team and buggy or car or truck, not only for farm work but for Sunday, holiday and evening outings and to take the children to school; and his death rate is lower than that of the urbanite, indicating better health."

Furthermore, the bulletin says, a

## BUILDING BOOM

Continued from page one

An imposing structure, located on Court street, near the Mayo Trail, is expected to be completed by the end of the month to house the new Abigail theater, named after the five-year-old daughter of Mr. and Mrs. P. H. Allen. Employing a minimum of labor outside the family, according to S. E. Allen, he and his sons, Taggett, P. H. and Tom have shared the burden of buying materials, construction and hauling connected with the building, thereby effecting a saving estimated at approximately 50 per cent. It is being built to be second to none in Eastern Kentucky in interior and exterior appearance. Present plans call for a formal opening of the Abigail on or about November 1, so Mr. Allen stated Wednesday afternoon.

## BUILDING NOTES

Mr. B. J. Corey, of Prestonsburg, might have heard of the "house that Jack built," but Mr. Corey is going "Jack" one better. He is taking the lumber from "scratch," as it were, and, with his own mechanical saws, is dressing board in the rough, for finish lumber to construct not one, but two frame houses of the latest design. So far, he has made this undertaking a "one man job" and, in Mr. Corey's words, "It won't be as long as it has been until I'm finished."

Dr. John Archer is building a modern brick bungalow on Graham street, near Carter Boulevard, Dave Patton, of this place, is in charge of the construction and his son, Bill, a very promising young architect of this place, drew the plans for Dr. Archer's, as well as other recently completed. It is estimated to cost somewhere near \$5,500.

Completion of the apartment building built by J. J. Hatcher, well known resident of Prestonsburg, is expected within the next 10 days. These are located on Westminster street, and are already leased. Mr. Hatcher stated that Frank Scott, who will be here in charge of the filling station recently purchased by good road much of the beauty of the Johnson Motor Company, of our natural scenery was being marred by bill boards and shack springing up along the roadside, some

Two of the most beautiful homes

to be built in or near Prestonsburg recently are that of Attorney J. E. Hobson, on Third avenue, and Mr. W. A. Rose on Graham, near First. Both are of brick construction and possess distinctive architectural beauty along English and New England cottage design.

Cal Clark has just finished stuccoing and painting a modern five-room dwelling located on Highland avenue. Mr. Clark reports the cost at near \$3,000.

The sale of two houses and lot situated on Third avenue near the Presbyterian church by J. J. Hatcher to Sam and Minnie Hale, of this place, was reported this week. This deal involved \$2,500, Mr. Hatcher said.

It is understood that E. P. Arnold acquired a house and lot from Sam and Minnie Hale, at Mayo Trail and Third avenue, for the consideration of \$1,500.

## WOMAN'S CLUB HEARS DR. FLOYD

Noted Tuberculosis Expert Addresses Woman's Club at Regular Meeting at Sowards Home Here

REV. KING ON PROGRAM

At the regular meeting of the Woman's Club held at the home of Mrs. Ruth Sowards, a most interesting program was enjoyed by 20 members and six guests, Mrs. A. C. Harlowe being in charge of the program.

Dr. J. B. Floyd, of the State Bureau of Tuberculosis, gave a short talk, Dr. Floyd, being a direct tributary to tuberculosis in Floyd county. Dr. Floyd, being a direct descendant of John Floyd, for whom this county was named, takes great pride and interest in not only the health of our inhabitants, but in the beauty of our natural scenery. He stated that Frank Scott, who will be here in charge of the filling station recently purchased by good road much of the beauty of the Johnson Motor Company, of our natural scenery was being marred by bill boards and shack springing up along the roadside, some of the shacks being as bad as garages

and other legitimate purposes, others for the sale of liquor, gambling and other forms of vice. Dr. Floyd urged the women to combine their efforts in removing these "honky-tonky" shacks which are sources of disease and vice.

Rev. H. F. King told the gathering how local opinion on liquor may be brought about. As chairman of the library building committee of the Kiwanis Club, Rev. King displayed and discussed the beautiful plans for the proposed library, auditorium with a seating capacity of 500, club rooms for women, schoolboard members, Boy Scouts and Girl Reserves. It is hoped that this may be made a WPA project with the community contributing building stone and other materials necessary or make this an outstanding institution of public service.

Other guests who enjoyed the program were: Miss Gladys Gloverson, assistant to Dr. Floyd; Dr. Marvin Ransdell, Miss Harriet Orrick and Miss Marguerite Horton of the Floyd county health department.

Mrs. W. C. Rimmer and Mrs. A. C. Harlowe were appointed delegates to represent the club at the district meeting to be held in Pikeville. Mrs. A. J. May, Sr., and Mrs. E. P. Arnold were appointed alternates.

Mrs. F. L. Patten, Mrs. W. P. Mayo, Mrs. Will Runnie and Mr. J. D. Mayo acted as refreshment committee.

## Mission Study Class Planned

Under the leadership of Mrs. Fannie Fitzpatrick, who is in charge of Bible and Mission study, a class in Missions was planned for the near future. Beginning on next Tuesday afternoon with a meeting at the church at 4 o'clock the class will officially begin. "Toward a Rational Christianity" will be the text used and is a study of the negro situation in our country. The class will hold six sessions of one hour each. All the ladies of the town are invited to attend.

Step up your use of electricity ... Step DOWN the cost

CONTINUING its policy of rate reductions, your electric company will render bills for residential electric service on and after October 1st, 1936, at new reduced rates. After that date there will be no customer charge.

The first small block of 30 kilowatt-hours a month will be charged for at the rate of 5 cents a kilowatt-hour and the next 40 kilowatt-hours will cost 4 cents a kilowatt-hour.

After 70 kilowatt-hours a month the rate "breaks" down to 2 1/2 cents a kilowatt-hour so that customers who use only 10 cents worth of electricity a day are eligible to buy additional current at this extremely low 2 1/2 cent rate.

If a more extensive use is made the excess over 300 kilowatt-hours costs only 1 1/2 cents a kilowatt-hour. The special water heating rate now in effect is continued.

Modernize your home with complete electric service. Prices of electrical equipment have never been lower than they are today. Appliances may be purchased over long terms for small monthly payments. It is true economy to buy all of your household service from a single source so that you may step down your electric cost to the low level wholesale rates.

Now I can use it freely.

## CLAY'S DEPARTURE MUCH REGRETTED

CITY OF PRESTONSBURG, KY.  
Office of the Mayor

To the People of Prestonsburg and Floyd County:

There is a man now leaving our city and county—a man to whom all of our citizens owe a debt of gratitude that can never be paid. Such a man is Mr. Frank Clay, a native of Pennsylvania, but of late a citizen of Paintsville, where he married the daughter of Mr. R. C. Thomas.

Mr. Clay has been Lead of the WPA in our town and county since the beginning of that organization. When he came by far the greater number of our streets were mud holes, and a large number of our county roads could not be traveled by automobile. Through his cooperation with all our officials at home and WPA officials

of all, Mr. Clay has practically doubled our mileage of paved streets, and has constructed year-around roads throughout our county. I would venture the assertion that there is not a town or county in Eastern Kentucky that has fared so well at the hands of the WPA.

Every superintendent, timekeeper, and employe on every project in our county hates to see Frank Clay leave us. They have learned to love both his fair dealing and his charming personality.

Our loss is the gain of Pike county. I sincerely trust that the citizens of Pikeville and Pike county will be as we have tried to be; and that they will give him their fullest cooperation.

Wishing Frank all the good luck in the world on his new task, I beg to remain,

ARTHUR C. CARTER,  
Mayor of Prestonsburg, Ky.

Some pegs and strings . . . A few pieces of wood worth about 90 cents. Simple materials available to other violin makers . . . But only the master — Stradivarius — had the skill and the artistry to create a violin that generations later would be bought for such a fortune.

Brewing ingredients, too, — even the finest — are available to anybody. But today, as in the days of the old masters, only skill can make a product recognized for its connoisseur quality and character. Budweiser has been paid the greatest tribute ever given to a brew. # Universal Credit Company Great Expansion Program

Authorized Ford Credit Company  
Has 100 Offices Serving Ford Deal-  
ers and Purchasers

Upon completing its eighth year of exclusive service to the great Ford market, Universal Credit Company has in operation offices in 100 cities from coast to coast, serving in a convenient and courteous manner the many thousands of time buyers of Ford cars and trucks.

More than 60 of these offices have been opened since the summer of 1934. Additional operating offices are planned for the remainder of this year and further expansion will follow where necessary during 1937.

This expansion program has been undertaken to keep pace with the great public acceptance of the Ford V-8. Throughout the country Ford dealers have come to look upon Universal Credit Company as an outstanding sales adjunct and many outstanding dealers have stated that UCC low costs, flexible plans for the Ford buyer will play an even more important part in future sales than in the past.

The outlook for Ford sales during the remainder of this year and for 1937 is assured with the highest type of sales leadership indicated on every hand. Universal Credit is proud to play a part in bringing the great Ford products to constantly increasing thousands of the buying public by making possible the purchase of Lincoln, Lincoln-Zephyr, and Ford V-8 cars and trucks, out of income, at new low costs in the industry.

During the comparatively brief period that has elapsed since the Universal Credit Company was established, that institution has financed the purchase of Ford transportation in the amount of more than two billion dollars, serving a total of

more than 3,000,000 customers of Ford dealers.

Ever since Universal Credit Company commenced operations, over eight years ago, financing costs on Ford products have been materially reduced. It is estimated that time payment buyers of Ford cars and trucks have thus been saved in excess of \$75,000,000 through the lower financing costs made available by the Authorized Ford Finance Plans of the Universal Credit Company. These lower credit costs have been and continue to be constructive contributions toward national economic recovery.

When asked regarding the outlook for 1937, Mr. Ernest Kanzler, president of the Universal Credit Company, recently said:

"I consider our expansion program the best expression of our confidence in recovery and in an expanding business future. We are going ahead with our expansion plans without hesitation. We have increased our offices to more than 100 located in all sections of the United States to meet the growing demands of the public for Ford cars and for our credit services.

"These are, more than ever, days of building goodwill through efficient service and courtesy in the credit industry. Our company has always served the Ford dealer and Ford time buyer with these factors uppermost in our mind. Throughout all our growth," said Mr. Kanzler, "we have always kept before us our original statement of purpose made several years ago when we were first organized, in which we said: 'In the performance of our many duties, we can remember always that beyond our contribution to the advancement of organized industry, UCC is at the same time contributing substantially to the happiness and contentment of society.'

"By extending credit to every deserving person in the nation, we are enabling him to purchase Ford products at the lowest possible cost and are thereby bringing greater health and happiness to a large group of American people, heads of families as well as their children.

"In the process of transition from the crowded city to the health country area, UCC is aiding the American family to establish itself with economic advantages in more desirable locations and thus helping to raise the standard of American living conditions.

"Because we are making a moral and social contribution, and because we have such a fundamental mission and purpose, we are confident that the company is on the road to further achievement and success.

"We are indeed fortunate that such worth while purposes are being accomplished and are bound inseparately with our daily tasks. With these thoughts in mind, individual success cannot help but follow the inspired and painstaking efforts of every person in Universal Credit Company."

Universal Credit Company serves Ford dealers exclusively and UCC plans are available through Howard Motor Company, the local authorized Ford dealers in this community.

### CARD OF THANKS

Fall Branch, Tenn:  
We wish to express our appreciation to those who were so kind and thoughtful during the illness and death of our dear husband and father, A. G. Turner, who was killed at Wheelwright Junction Sept. 20. We especially thank the United Mine Workers at Jack's Creek, Ky., for the kindness extended to us, and also thank them for the nice flowers they brought for the funeral at Fairview, Tenn. These deeds of kindness will forever be cherished in our hearts.  
MRS. A. G. TURNER  
AND FAMILY.

### THE FARM AND HOME

Green tomatoes have practically the same food value as ripe tomatoes, and can be fried, stuffed, preserved, pickled or used for pies. Tomatoes well matured at frost time may be ripened by pulling up the vines and hanging them in the basement, attic or garage.

If blankets have become too short by shrinkage or mending, they can be lengthened by sewing at one end a strip of muslin 12 to 18 inches wide. This extra length can be tucked under the mattress at the foot, leaving the woolen part on the bed.

House plants need a cool soap-and-water bath occasionally to take the dust off the leaves. This can be done by laying the plant on its side and sponging each leaf off with absorbent cotton dipped in cool suds of mild soap. Be sure to rinse off the soapy water. Do not let the soapy water drain into the soil.

A good poultry house, either a new one or a remodeled one, will pay good dividends not only by increasing production but in reducing losses from disease. Many poultry diseases are due to poor sanitation in housing conditions.

Grazing grass close in the late fall or early winter probably means that it will not carry as much livestock the following season. Many farmers try to have their pasture go into the winter with enough growth to have the ground well covered.

### THE NEW PICTURES

(Opinions are based upon the reports of P. S. Harrison, noted New York critic, whose reviews serve as confidential guide to theater men all over the United States.)

**"ROMEO AND JULIET"** (MGM) Norma Shearer and Leslie Howard.

An artistic achievement and one that the motion picture industry may well be proud of. It follows the original play even to the blank verse in the dialogue. The outstanding scenes are of course, the balcony scene, the one in which Juliet weeps before taking the sleeping potion and the scene where the lovers die. Norma Shearer, Leslie Howard, John Barrymore and Basil Rathbone are all splendidly cast and each actor carries out his part, no matter how small, in excellent fashion. Edna Mae Oliver, C. Aubrey Smith, Andy Devine, Ralph Forbes and Reginald Denny are included in the cast. Suitable for all.

**"STRAIGHT FROM THE SHOULDER"** (Paramount) David Holt and Ralph Bellamy.

Ralph Bellamy, a commercial artist, and his fiancée, witness a hold-up and murder and Bellamy makes sketches of the hold up men. This makes him a target for the gangsters. His young son, David Holt, is distressed because his father plans to remarry and most of the picture deals with Bellamy, David and Miss Locke visiting at the home of Miss Locke's grandfather, Andy Clyde who is an old gun maker. They ride there until the killers can be captured. The last scenes are thrilling where the gangsters find the hide-out. Suitable for all.

**"LADY BE CAREFUL"** (Paramount) Lew Ayers and Mary Carlisle.

Taken from the play "Sailor Beware," but with the subplot omitted. The plot centers around the sailors' bet on one of their crew's ability to make a girl in a night club, who is known as Stonewall, fall in love with him. The hero is Lew Ayers, the heroine is Mary Carlisle, and Benny Baker, Larry Crabbe and Grant Withers are in the supporting cast. Adult entertainment. Suitable for all.

**"GIVE ME YOUR HEART"** (Warner) Kay Francis and George Brent.

The theme in this picture is delicate but is handled with good taste and is not offensive. The comedy is well handled by Ronald Young who never appears silly.

Patrick Knowles takes the part of a titled Englishman with whom Miss Francis becomes involved. Henry Stephenson is his father and Freda Inescort is his wife. George Brent, a wealthy American, is the hero. Not for children or adolescents.

**"HOLLYWOOD BOULEVARD"** (Paramount) John Halliday.

The background of this story takes one behind the scenes in Hollywood. The characters are seen in famous Hollywood restaurants, such as the Brown Derby, Trocadero and others, also the studios. Another interesting feature is the appearance of many old-time favorites.

**NUTS AND DOLTS**  
by RAY ALLEN

**"Gosh! This Rush is Killing Me!"**

Listen, Brother, you keep on doing that and you'll keep your appointments for the next few weeks in the hospital.

There's a place for you to cross the street in safety. It's down at the corner, just a few steps away. No business is quite so important that you should risk your life to save a couple of seconds.

Thirty-three thousand pedestrians were injured last year doing just what you are about to do—stepping out from between parked cars. More than 1,100 were killed that way. These figures are taken from Travelers Insurance Company records.

Maybe in the rush of business you're forgetting to give enough attention to the business of living.

The acting of John Halliday is splendid. Martha Hunt has the role of his daughter, C. Henry Gordon is a publisher. Halliday's former wife is Mae Marsh and the other woman in his life is Gordon's wife, Freda Inescort. Suitable for all.

**"STAGE STRUCK"** (First National) Dick Powell, Joan Blondell and Warren Williams.

A comely number in the backstage musical by the Yacht Club boys is outstanding. Joan Blondell causes most of the laughs. She agrees to back a show on the condition that she be the leading lady. Dick Powell is the director and Warren Williams is another producer. Jeanne Madden is an attractive chorus girl. Frank McHugh, Craig Reynolds and others are in the cast. Suitable for all.

## METHODIST CHURCH NOTES

### Church School Officers and Teachers Installed

At the morning worship last Sunday the annual service of installation of the teachers and officers of the Church School was observed. In a short address the pastor called attention to the responsibility involved in being leaders in the Church School and called upon the congregation to give their loyal support to those elected to teach.

The following were present for the service: Chas. Oppenheimer, R. G. Francis, R. E. Thomas, Sam L. Isbell, Mr. Stella Spurlock, Mrs. Louise Culbertson, Mrs. Glenn Spradlin, Helen Irene Thomas, Carlos Hale, Eugene Holcomb, Elsie Stephens and John Stephens.

### Missionary Society Holds Regular Meeting

On Tuesday evening at the home of Mrs. W. S. Wells, president, the women of the church met in their regular monthly meeting of the Missionary Society. Mrs. H. B. Patrick was leader of the program which presented messages from the various mission fields of the church. The business session made plans for repairs on the parsonage in addition to other activities for the month of October.

# "How Much Do I Save"

## THROUGH REDUCED RESIDENTIAL ELECTRIC RATES

**T**HE new domestic rate for residential customers became effective on October 1, 1936. With the introduction of these new rates many of our customers are asking, "How much do I save through the reduced rates for residential service?"

You probably know the approximate quantity of electricity you use each month. If not, examine some of your recent bills, and from the number of kilowatt-hours shown on them, figure out for yourself what that amount of electricity will cost you after October 1, 1936.

After that date the customer charge will be discontinued, which makes the monthly rate very simple. Here it is:

- First 30 kilowatt hours—5c a kilowatt hour.
- Next 40 kilowatt hours—4c a kilowatt hour.
- Next 230 kilowatt hours—2½c a kilowatt hour.
- All over 300 kilowatt hours 1½c a kilowatt hour.

The minimum charge is \$1.00 a month.

This kind of rate is known as "quick-breaking" type of rate. You need only use 10 cents worth of electricity a day or \$3.10 worth a month to be eligible to receive the low 2½ cent rate in the third block.

able to receive the low 2½ cent rate in the third block.

The new rates represent the most extensive reduction in the history of the company and are the culmination of a progressive reduction which began in April, 1935.

The table at the bottom of this advertisement shows the yearly savings, for various monthly consumptions, since the beginning of the progressive reduction.

This reduction, which is voluntary on the part of this Company, is not justified by our present earnings but is being made in anticipation of a more extensive use of electricity by our customers.

With these low rates, the time has come for every one to add to the convenience and comfort of living through the use of electrical labor-saving appliances. It is sound economy to buy all household services from a single source and in this way secure the advantage of the low 2½ cent block which is equivalent to a "wholesale" rate.
