LEE SLAYING PERPLEXES OFFICIALS

GARRETT POLICEMAN FOUND DYING; PROBE MADE

The mystery-cloaked murder Monday night of Policeman Jerry Lee, of Garrett, was committed either in the time-renowned mountain feudist style, a shot from a mountain-side, or in the modern gangster manner, by gunfire from a passing automobile, authorities held this week after an intensive probe into the case.

Lee, 43 years old, and a policeman at Garrett and Wayland for the last four years, died of a high-powered rifle bullet wound sustained shortly after 10 o'clock Monday night.

The officer, who had been transferred Jan. 1 from Wayland to Garrett, was found dying at the corner of the Elk Horn Coal Corporation's fountain-and-poolroom building, within a few feet of the company's gasoline station. The rifle bullet had entered his body under the right arm and was removed below his left hip.

County Attorney Harry R. Burke was joined Tuesday in an investigation into the slaying by Deputy Sheriff Dewey Hicks, Garrett and Wayland police. County Attorney Burke was non-committal about his findings and the presence of clues to the identity of the slayer, saying that "There is nothing definitely known." There were no eyewitnesses to the crime, he added.

Paul Allen is said to have discovered the body, shortly after 10 p. m., and to have notified those inside the poolroom of his find. County Attorney Burke quizzed between 12 and 15 persons, but none gave information of value.

New Draft Registration To Be Held July 1

21-YEAR AGE GROUP TO REGISTER FOR SERVICE; 65 ARE CALLED FROM FLOYD THIS MONTH

Busy meeting selective service demands on their lists of men already registered for military service, Floyd county's two draft boards are preparing for the registration on July 1 of all young men who have become 21 years of age since the first registration on October 16, last year.

The registration for this age group was recently ordered by Presidential proclamation. Draft Board 44, serving all the county with the exception of the two Beaver Creeks (but including those whose postoffice is Allen, at the mouth of Beaver Creek), will conduct its registration in its office in the Bank Josephine building. Draft Board 45 will conduct its registration at the following places:

Draft board office, Bank Josephine building; Martin, Wayland and Wheelwright Junction high school buildings.

A new call for men, received Wednesday morning, orders 34 from Floyd to enter the service June 30, bringing the total to be inducted from this county during the month to 65. For the June 30 call 19 men will be inducted from Board 45 and 15 from Board 44. Practically all of these will be draftees, the list of volunteers having been exhausted by the call for 16 to leave here June 25.

2ND JOHNS CR. DAM PLANNED

FLOYD SPORTSMEN TO CONSTRUCT FISH POOL

Johns Creek will have its dam—even if plans for the flood control reservoir there are completely forgotten till the world is at peace again.

If plans of the Floyd County Fish & Game Association materialize.

Plans of the sportsmen, now in the blueprint stage, provide for a dam at the bridge across Johns Creek, near the Brandy Keg gap, to form a fish pool extending more than 20 miles up the stream. A drive for funds will be begun next month, preparatory to starting work, it was said, and the project is expected to be completed this summer or fall.

As planned, the dam will be 130 feet long and 12 feet high from bedrock, providing a six-foot rise of water and a pool extending 2.1 miles upstream. The concrete barrier will be three feet thick at the base, tapering to a foot in thickness at the top, and will be reinforced by a rock fill on its upper

"Grandma" Wheeler was one of the most beloved and most widely-known native residents of the county and although her death was considered imminent because of her age, her many friends are shocked to learn of her passing.

She was the widow of the late Martin Vanburen Wheeler, prominent early Paintsville citizen, and the mother of 11 children, nine of whom are still living.

Mrs. Wheeler was born on May 23, 1846, a daughter of the late Mr. and Mrs. Samuel Justice, her father having migrated to the Left Beaver section of Floyd county when a small boy. He later moved to

COURT RULES CITIZENSHIP RESTORED

BOYD'S ATTORNEY SAYS REHEARING TO BE ASKED

Governor Keen Johnson's restoration of Dr. W. L. Stumbo to rights of citizenship renders him eligible to appear on the ballot as a candidate for office at the coming election, the Court of Appeals held Friday in affirming the judgment of Special Judge W. P. Mayo, Prestonsburg, who presided at the hearing of the case in the Floyd circuit court.

The appellate court's opinion was rendered after Boone Arnett and Ernest Boyd, plaintiffs in suits filed in circuit court here, had appealed from the special judge's ruling. The whole court gave the opinion without dissent.

The court admitted that the Governor had not the power to grant a pardon for offenses against any authority except state laws, but held, at the same time, that Governor Johnson's executive act was not a pardon but a restoration of Dr. Stumbo to citizenship and all its rights—a prerogative, the opinion contends, which is rightfully that of the Governor.

J. D. Bond, attorney for Boyd, said Monday that a petition for rehearing will be filed with the Court of Appeals.

Commenting on the case of Hinton vs. the City of Paris (Kentucky), which was cited by Mr. Bond in his brief for Boyd, the appellate court reiterated its opinion that the Governor could not remit a fine assessed by a City Council as was done in the Hinton case, and followed this with a reiteration of its holding with the Missouri Supreme Court that the Governor of a state can pardon only those who are convicted of violations of state laws.

But, said the opinion, there was no pardon granted in the Stumbo case; the Governor merely granted him a restoration of his citizenship including the right to vote and to hold office—an executive act under provisions of the state constitution.

"We have not gone," the seven-page opinion stated, "into the discussion of the doctrine of pardons, strictly so called, or their scope and effect, including what they may or may not embrace by implication when not specifically expressed, or any of the other matters treated of by the courts or text writers discussing those questions, since the only one in this case is, whether or not under the Constitutional provisions the Governor of this Commonwealth had the authority to restore the citizenship rights of the defendant, Stumbo, in the circumstances detailed."

Inland Steel Improvement Program To Cost Quarter-Million Dollars

\$80,000 CLUBHOUSE TO BE FINISHED BY AUGUST

Completion of a three-story clubhouse is expected to be made by the Inland Steel Corporation at Wheelwright by August 1 at an estimated cost of \$80,000, it was learned here this week.

The structure, an example of modern architectural design, is of brick and will include recreation rooms, shops, dining room and living quarters.

Work also is under way on a swimming pool at Wheelwright which will entail an estimated expenditure of \$25,000. One hundred and thirty feet long by 60 feet wide,

the pool will have as adjuncts shower baths, lockers, a fountain and grill.

See editorial, "Why Leave Home?"

In its program of making community life at Wheelwright more attractive and enjoyable, the company also has caused the organization of an eight-piece orchestra. The musicians are employed by the company there but are from various parts of the country and have been selected for their musical talent. The orchestra will be ready to play within a few weeks, it was said. The company's theater there, one of the finest in Eastern Kentucky, has been in operation several months.

SWIMMING POOL TO SUPPLANT EYESORE

The No. 1 store and office buildings are being completely modernized. The company's huge sanitation program including installation of bathrooms and the elimination of outdoor toilets, the construction of a sewage disposal system and a general clean-up of the entire town, was completed last year at an approximate cost of \$150,000.

The swimming pool soon to be enjoyed will be at the mouth of what was formerly known as "Garbage Hollow," dump heap for the community in years past.

This Town-- That World

This column has had little to say about the war, national defense and appurtenant matters. So the thought has to say this week will be that.

MAN'S ARGUMENT

Hard a man this week make the wing argument for America's entrance into the war as an ally of the United States, in upholding the Monroe Doctrine, is pledged to the aid of any country in the Western Hemisphere, is obligated to the protection even of the south of South America, which is 10,000 miles farther from the United States than is England. South America abounds with dictatorships, every type of government to which we are opposed. The people do not even speak our language, a large percentage of them no sympathy with this countant little to do with the United States, look upon Uncle Sam as the Snylock, as an enemy in all of a friend.

At the moment Germany attacks any of these countries, our army and navy go "all out" for us—whether they like us or no, whether their ideology is foreign and inimical to ours or not.

On the other hand, England, our friend in the world, nearer to us than southern South America, is blockaded, Britain, beleaguered, is as the last bulwark between us and the most dangerous and powerful enemy on earth. There, the mother country, are the only people on earth who speak our language, who are actively fighting for their own lives and the lives of all democracies.

Now, if we are honor bound to respect South America, with conditions as described, why should the United States delay further in going to the rescue of a true ally nearer its shores and nearer in all the things of common interests?

That, in effect, was the man's argument. What do you think of it?

THE CHINESE HAVE WORD FOR IT

The Chinese have a word for America. We can't spell it, but it means "The Beautiful Land."

A beautiful land that pays lip service to the heroism of the Chinese people fighting for their existence against a well-armed, powerful invader. A beautiful land that, in these long months while Chinese men and women and children have suffered the horrors of war from the air, powerless to answer in kind a beautiful land that during all this time has been sending oil and trap iron and other materials to their enemy so that bombs could be made and airplanes flown over the China for which we profess friendship.

Has America the Beautiful at last remembered the old adage that handsome is as handsome does? Has it decided that no longer shall we be a party to the assault on a peaceful people?

INSPIRATION

B. Brown, who will never see a picture of Hitler, who will never see an airplane or the young men of America in the uniform that is this country's armor or the flag that is emblematic of freedom—has bought a \$25 defense bond at the postoffice here this week.

And Elise promptly began showing the bond to his friends. The two of them together, the bond and owner, put to shame us who have not invested at least some money in the future of our country. As a result of this investment, Mr. Halbert bought a \$50 defense bond.

What are the rest of us going to do about it?

GUEST HERE

Miss Edith Allen, of Martin, is a guest here this week of her brother, R. R. Allen, and Mrs. Allen.

CINCINNATI

Mr. and Mrs. W. J. May and son were a few days in Cincinnati last week.

MAGISTRATE

Mr. becoming a candidate for the Republican nomination for Magistrate in District No. 3, I am not doing so from force of habit—I am a candidate because friends and good citizens from all parts of the district have persisted in urging me to make the race.

For the confidence of these good people I am deeply grateful. In regard to the support of the voters I continue to conduct myself, out of office, so that I will not bring their confidence.

Speculation Ups Price of Foods

Prices of food, clothes and other products have gone up appreciably. This price rise has not been due to the defense program—which so far has not been affected by the situation—but rather to speculation, according to Miss Alice Morrison, assistant in the University of Kentucky home economics department. She bases her statement in part on releases from Miss Marriet Elliott, consumer representative of the defense commission, who asserts that there is no reason for the price-rise in most consumer goods.

With millions of Americans busy on defense projects or in the army, the volume of goods available to consumers will be reduced to some extent by 1942-43, Miss Morrison asserts. This may mean competition among buyers unless they voluntarily restrict their buying. However, competition for goods will not be serious until present stocks of consumer goods has been exhausted.

Consumers are partly to blame because when faced with less goods available, they often insist upon immediate and frantic buying. In turn, merchants have goods on hand, and realize that consumers fear a later shortage. This type of situation often has resulted in speculation, with disastrous results for the rank and file of consumers.

"Both the U. S. Government and the various state Legislatures, trying actively to prevent unnecessary price-rises, should be told of the co-operation and backing of consumers in their efforts to prevent speculation and quality-decreases in consumer goods," concluded Miss Morrison.

Pike Countian Killed By Train As Brakes Fail

Pikeville, Ky., June 14—Noah Johnson, 71, of Eddy, Pike county, was killed instantly at noon today and his son, Clyde, 28, was severely injured when their automobile and a Chesapeake & Ohio passenger train collided at a crossing 15 miles south of Pikeville.

Coroner W. P. Call said passengers on the train told him the driver apparently was unable to stop the old-model automobile and that it crashed into the side of the train. Clyde Johnson was brought to the Pikeville hospital, where it was said he would recover.

Call said the elder Johnson died of a crushed skull.

First Year Results of the Kentucky Beer Industry's "Clean Up or Close Up" Campaign

One year ago our Committee was organized to cooperate with law enforcement officials in eliminating the small minority of beer retailers permitting unlawful conditions or anti-social practices in their places of business. Continuous activity on the part of our Committee, which included investigation of more than 1,300 retail beer outlets, has resulted in definite progress toward that objective. To date, on our Committee's recommendation to state and local authorities, 18-beer retailers have lost their licenses, 2 others have had their outlets padlocked and 6 have had their licenses suspended because they would not conduct

their places of business in accord with public sentiment and with the high standards of Kentucky's \$20,000,000 legalized beer industry. As we enter our second year, we renew our pledge to the public and our offer of assistance to law-enforcement officials. We are determined that conditions in retail beer outlets shall be as wholesome as beer itself. By restricting your patronage to reputable beer retailers, YOU can help to preserve the social and economic benefits of beer—a beverage of moderation—which provides 15,000 jobs for Kentuckians and pays State taxes totaling more than \$1,000,000 a year.

OFFICIAL ORGAN FOR FLOYD COUNTY, KY.

NORMAN ALLEN Editor

Entered as second class matter June 18, 1927, at the postoffice at Prestonsburg, Ky., under the act of March 3, 1879.

WHY LEAVE HOME?

GONE, the days when every new mine operation meant a new mining town. Good roads and the automobile have changed all that. In this motorized age miners are not perforce obliged to reside in the vicinity of the mine. A large percentage of Floyd county miners, economy-wise, now reside on farms, some driving as far as twenty miles to and from work.

But the machine age is not altogether to be credited with this decentralization of industrial workers. In some instances, mining town conditions are to blame.

Floyd county, however, has a notable example of a mining town designed, intentionally or otherwise, to keep the operation's employees at home, good roads and automobiles or no. This is the Inland Steel Company's town of Wheelwright. Decentralization there is made unattractive

by the improvements which make the town attractive to workers as well as any other class which enjoys wholesome and attractive surroundings. The program there, some of it completed, some of it now under way, embraces:

A sanitation program including installation of bathrooms, elimination of the outdoor toilet, construction of a sewage disposal system, the painting of all houses—all at an estimated cost of \$150,000.

Construction of a three-story brick clubhouse with recreation rooms, shops, for the comfort and enjoyment of employees, at an estimated cost of \$80,000.

Construction of a \$25,000 swimming pool, fountain and grill where once was a community eyesore.

Organization of an orchestra composed of talented musicians.

Support of a fine church for which the company paid a sizeable sum for chimes which distinguish it from other churches of the section.

Operation of one of the section's finest theatres.

Close and beneficent co-operation with the schools; scholarships for outstanding pupils of the community.

Spiritual, recreational and physical advantages—all offered voluntarily by Inland Steel.

Why should Wheelwright disintegrate as have other towns?

Why should there be any decentralization of the population there as the company looks to the future?

Why should the workers want to live elsewhere?

TIDBITS OF KENTUCKY FOLKLORE

THE UNUSUAL AND SIGNS

"Ef hit ain't nacherl, hit's a sign." Most people who fall to stop and think look upon the unusual as portentous. The sun can rise in glory every morning for a lifetime without causing any comment or fear or hope. But if it seems the least bit different, then something is coming. The less superstitious would say that the weather is about to change, that certain atmospheric conditions are responsible for the sunrise that differs from the ordinary. The more superstitious would regard the odd sunrise as a sure indicator of God's disapproval or approval of what men have been doing. The rainbow, perpetually interesting and alluring, is accepted a little less as a matter of course, since rainbows do not occur very frequently. When there is a double rainbow, at once some one fears that we are in for a severe storm or fair weather or even some national change.

The commonness of the happening measures the seriousness of regarding it as a sign. A daily or weekly event, which can be expected or known in advance, leaves the superstitious cold. Put an irregular interval between two phenomena, and fear starts. The aurora borealis, however common it may be in the northern parts of America and still farther north, rarely appears in Kentucky. Some of the fearful ones can recall through the years the few times they have seen this brilliant display of light and color. Many a person has told me of these occurrences and associated them with some serious happening in the family or nation. In the midst of the World War a brilliant aurora appeared, lighting all the northern heavens. I saw it, though it was dimmed slightly by the lights of the town. Hundreds of other people saw it distinctly and declared that it took the form and color of the American flag. That meant, of course, that the atmospheric conditions were decreeing and publishing our victory over Germany. Now, I would not say that the aurora took no such form, but it certainly did not while I was looking. Maybe my eyes were a bit too honest and skeptical.

Many rare occurrences of another provoke thought and fear. "A whistling girl and a crowing hen," you remember, "always come to some bad end." Whether this was seriously believed in my childhood I do not know. Certainly it gave us a queer feeling to see a hen stretch her neck after the fashion of a rooster and attempt, very tamely, to imitate his ringing shout. I am sure we had little fear for the mannish girl who whistled since most of the girls had long ago learned how to make the sounds that so delighted or comforted them as they worked about the house. It must be admitted that girls can never get the greatest joy out of whistling, since they do not have so many calls on their courage, which since the earliest days of man, has been renewed by whistling.

A list of exceptional things that are signs or have some potency would be almost endless. A child born with a tooth showing will be a prophet; even a black cat, not as common as yellow or gray ones, becomes a sign of evil. The black sheep that is in every flock and family may be inwardly as white as the rest of them; his being an exception makes him feared or despised.

New Examining Boards For Flying Cadets Established

Establishment of two more permanent Army Flying Cadet examining boards to keep pace with the expanded pilot training program for Ohio, Kentucky, West Virginia and Indiana was announced this week at Fifth Corps Area headquarters, Fort Hayes, Columbus, O.

The new boards were organized at Bowman Field, Louisville, Ky., and Baer Field, Fort Wayne, Ind. The only other board is located at Patterson Field, Dayton, O. Three traveling boards operate out of Fort Hayes, one touring larger cities of Ohio and West Virginia; one, Indiana; another, Kentucky.

All boards give physical examinations daily and educational examinations every 90 days to youths at least 20 and not yet 27 years of age.

Farmers May Grow Castor Beans In Defense Program

Castor bean production may become one of the important contributions of Kentucky agriculture to national defense. In eight counties farmers are co-operating with the Agricultural Experiment Station in testing the production of castor beans, which are the source of an oil highly useful in national defense.

Most of the beans used in making castor oil in this country have been imported from Brazil. The possibility of interference with shipping has aroused interest in domestic production.

The Kentucky Experiment Station has been experimenting with castor bean growing for three years. Varieties have been tested at the main Experiment Station at Lexington and at the sub-stations at Quicksand and Princeton. From these tests enough seed was produced to enlist the co-operation of farmers in future tests.

In addition to the needs of national defense, there is a second reason for interest in castor bean growing in Kentucky: the need of another cash crop, especially in the dark tobacco regions.

Castor beans are easily grown and should do well all over Kentucky. Yields have been running from 1,400 to 1,500 pounds to the acre. The price now is around 3c a pound.

The one drawback to growing castor beans has been the fact that they required hand picking and hand threshing. The latter operation, however, has been eliminated by the development at the Agricultural Experiment Station of a special threshing machine.

NEWSOM TERM AFFIRMED

COURT OF APPEALS HOLDS 'FAIR TRIAL' IN LIGON CASE

The 21-year penitentiary term imposed on Caleb Newsome by a Floyd circuit court jury for the part he played in the Ligon mine local battle in which his brother Taulbee and his uncle, Creed Newsome, were slain, was upheld Friday by the Court of Appeals.

Indicted jointly with Alvis Newsome and Will Dillow, Caleb was given a separate trial and convicted at the September court term for the slaying of Taulbee Newsome. Dillow, a few days later, was sentenced to a three-year term in the slaying of Creed Newsome.

The affray took place July 17, last, and Caleb and Alvis Newsome themselves were wounded.

Testimony showed that all the principals in the shooting were members of the United Mine Workers union and that Caleb Newsome was president of the local union.

The union meeting was conducted to hear charges of "discrimination" against seven members, including Taulbee and Creed Newsome, following a controversy over a coal mine strike, the court said. About 30 shots were fired, the opinion added, after Taulbee and Creed Newsome arose and protested the charges.

Overruling Caleb's arguments for a new trial, the court said it believed he "had a fair and impartial trial."

THE ARMY'S ON THE MOVE!

ARMY maneuvers on a scale vastly
greater than ever attempted in this
country are under way and will con-
tinue for several months. The scene
of these maneuvers is the nine south-
ern states served by Southern Bell.

It will be both a test and training
for the army as well as for the civil-
ian population which provides the
vital means of communication,
transportation and supply.

Essential to the success of these
maneuvers is an adequate, depend-
able system of telephone communi-
cation. This the Southern Bell Com-
pany is providing whenever, where-
ver and in whatever amount the
fast shifting armies require. This
means that the Telephone Company,
like the army, is keeping its sources
of supply, transportation facilities
and man power ready day and night
so it can act on the moment. Past
years of training and experience in
meeting emergencies have already
prepared our army of telephone
workers for this big task.

It is the Telephone Company's
plan to take care of the army's needs
with little, if any, serious inter-
ference with the public's accustomed
use of the service. During these man-
euvers, however, there may be oc-
casions when for short periods of
time our facilities will be mainly
required to meet the army's sudden
and unexpected needs. Should this
happen in your community, your
wholehearted cooperation will be a
helpful contribution to the success-
ful advancement of preparedness.

towns), announced that every possi-
ble effort would be made to iden-
tify and arrest the slayer.
It was held that Lee was either
washing his hands after working on
an automobile or was drinking at
the water spigot at the northeast
corner of the building when the
shot was fired. First reports re-
ceived here said an automobile pulled
up at the murder scene at the
time the shot was fired, then sped
away without being identified. Later,
there was a hint that the shot
may have been fired from the hill-
side across the highway.

Lee was still breathing when
found by Allen, it was said here, but
died within 10 minutes without
speaking.

County Attorney Burke found no
indication of enmity toward the
policeman, although several per-
sons had been arrested for drunk-
ness at Garrett Saturday night.
He returned to Garrett Wednesday
afternoon to join in a further probe
into the case.

The victim was a son of Ben Lee,
of Knox county, Ky., and was
known as an efficient officer. He is
survived by his widow, Mrs. Mary
Lee, and three sons, Daniel, Claude
and Clyde Lee. The body, prepared
for burial by the Ryan Funeral
Home, was taken to Barbourville for
burial Thursday.

**Mrs. Ida Hager, 76,
Dies at Paintsville**

Mrs. Ida L. Hager, 76 years old,
died Saturday at Paintsville after
an illness of two weeks.

A native of Bath county, she had
lived in Paintsville since moving
from Lexington in 1928, and for a
number of years had managed the
dining room at the Herald Hotel.
Her husband, Daniel Milton Hager,
a lieutenant in the Spanish-Ameri-
can War, died six years ago.

She is survived by two daughters,
Mrs. T. D. Vaughan, Jenkins, and
Mrs. Alexander Cameron, Paints-
ville; a son, Daniel Milton Hager,
Jr., Cincinnati; two sisters, Mrs.
Essie Leath and Mrs. Oscar Hanna,
both of Lexington, and two broth-
ers, Dan and Raleigh Green, Salt
Lick, Ky.

Funeral services were held Sun-
day afternoon at the Mayo Mem-
orial Methodist Church.

**TO THE REPUBLICAN VOTERS
OF FLOYD COUNTY:**

I hereby announce my candidacy
for the Republican nomination for
the office of Sheriff of Floyd coun-
ty.

During the World War I served
my country as a soldier in France,
have mined coal for five years, and
during the past three and one-half
years I have worked for the pres-
ent Sheriff as deputy. During this
time there have been a great many
homicides in Floyd county, and so
far we have caught, or assisted in
catching, every man wanted on a
warrant for the killing of his fel-
low man. My record is open for
your inspection.

Nominate me and I will win in
November. Your vote and influence
will be appreciated. A fair deal to
every one is my promise to the peo-
ple.

To the Democratic Voters of Floyd County

After consulting with a host of my friends in dear, old Floyd county, I became a candidate seeking the nomination for Jailer of Floyd county. Being a poor man and having a strong ambition to serve the people of Floyd county as a public officer, I ran two years ago for Circuit Court Clerk and lost by a small margin, I feel by so many of my friends requesting me to be a candidate this year if I can win in the August primary I can win in November.

So, kind friends, while you journey through dangers of life and its unseen future, I hope and sincerely trust that a kind providence may always smile upon you. None of us know when nor where we may need assistance. But if fortune has been more kind to you than to me, please help me all you can to cast a ray of sunshine on my sad and gloomy pathway. Your aid will be thankfully received and wisely used so that I will be self-supporting and not a burden on my fellowman. So when you come out on August 2 to vote, please let your good conscience direct you how you should vote.

Your friend in need, BILL SHEPHERD for Jailer

FOR JAILER We are authorized to announce UNCLE GEORGE MEADE of Amba, Ky., as a candidate for JAILER OF FLOYD COUNTY subject to the action of the Democratic party at the August, 1941 primary.

I now ask my relatives and many friends to support me in this race for jailer of Floyd county. A man who is just and deserving. I am taking this opportunity to thank you for the many past favors, and for your vote on August 2, which I am sure you will contribute. 5-22-31-pd.

FOR TAX COMMISSIONER We are authorized to announce JACK SELLARDS of Banner, Ky., (Member of Local Union No. 5899, Wheelwright, Ky.) as a candidate for

TAX COMMISSIONER subject to the action of the Democratic party at the August, 1941 primary.

I have served as your Tax Commissioner and devoted those years to hard work in an effort to serve the people as I thought they deserved official service. How well I succeeded, you people of this county know best. If elected again, I promise you exactly the same kind of honest, efficient, sympathetic service in behalf of you taxpayers.

I will not only visit your home or place of business and take your list, but I will also work conscientiously with the board of supervisors in making the assessment adjustments.

FOR REPRESENTATIVE J. M. TURNER of Wayland, Ky., Democratic primary, August 2.

I was born and reared in Floyd county and expect to remain here all my life. I think I know the people's problems, being one of them, and will do my best to do the things that are so obviously needed.

MY PLEDGE If elected County Attorney, I promise four years of devoted work for building more rural roads and securing and delivering commodities to the needy in greater amounts. Faithfully yours, JOE P. TACKETT

FOR COUNTY ATTORNEY Since the untimely death of Forrest Short I have become a candidate for County Attorney of Floyd county. I have been actively engaged in the general practice of law in this county for the past seven years and have never asked for public office. I have now become a candidate for Jailer and am sure a friend of the poor man who gets in jail and can't pay out, so don't forget a friend who will treat mother's boy right; I have one myself. The one that is able to pay gets out. Think of your boy who can't pay. Let me be in shape to treat him like mamma does, or dear old dad, who wet their pillows with tears. But God will take care of all tears that is shed. Give me a chance to make you feel right and love me, Old Bill Marshall, who never done no one no wrong. An old friend who has nothing, and don't want much.

FOR MAGISTRATE

I have decided this day to announce myself as a Democratic candidate for Magistrate in District No. 3.

I further promise, if elected, that these "big-bugs," or political bosses will have no strings on me, as I will try to show the people what the office is intended to be. I contend that the office is to be the Justice of the Peace and not a Robber's Breastplate.

I also will see that the County Judge's salary is where it should be and not the salary it was recently raised to.

I will also show my friends that I

appreciate their support by doing them favors instead of trying to rob them or taking their last and only milch cow for unnecessary costs.

side. Below the dam, extending a distance of 40 feet, will be a fish ladder 10 feet wide.

The undertaking can be completed, it is estimated, at a total outlay of \$500. County assistance has been tentatively promised, it was said.

Sportsmen are enthusiastic over benefits expected of the dam after having seen a similar pool created on the Licking river in Magoffin county. The pool may be easily restocked and protected because of its limited area, conservationists contend.

Plans and specifications for the dam were prepared by Allen Davis, Prestonsburg engineer, who was employed by the fish and game organization to make a survey of the part of the stream to be affected by the work.

Johnson to Speak

At I.O.O.F Homecoming

Governor Keen Johnson, a member of Madison Lodge No. 14, Independent Order of Odd Fellows, will deliver the principal address at the annual Homecoming Day exercises to be held at the Oddfellows' Children's Home in Lexington on Sunday, June 29.

The event, which ordinarily attracts approximately 2,000 members of Odd Fellows and Rebekah lodges throughout Kentucky and surrounding states, will be arranged this year especially for former residents of the home. During its long history, the institution has cared for approximately 3,000 children who since have become useful citizens of the state and nation.

Activities of the Homecoming occasion will be in direct charge of former residents of the home. The public has been invited to attend.

The all-day program will begin at 9 a. m., Central Daylight Saving Time, and will include a picnic lunch spread on the grounds of the home. Persons attending will bring their own baskets and will invite the children of the home to be their guests.

Governor Johnson's address has been scheduled for 2 p. m., and will be broadcast over Station WLAP, of Lexington. He will be introduced by Hon. James W. Hammond, member of Paintsville Lodge No. 288, and warden of the state reformatory at LaGrange.

The afternoon exercises will begin 30 minutes earlier at 1:30

o'clock when E. M. G'ass, of Lexington, past grand master and general chairman of the Homecoming Day, will call the assembly to order. Dr. J. L. Clark, of Paris, past grand master, will give the invocation, and children of the home will present group singing.

Grand Master Harry Pettijohn, of Jewel Lodge No. 395, Ewing, Ky., and Rebekah president Nettie Noffsinger, of Welrose Lodge No. 81, Bremen, Ky., will be recognized.

The forenoon hours will be devoted to inspection of building and grounds of the Home and to a business session of former residents in the chapel.

A baseball game between the Odd Fellows Junior Lodge of Cynthiana and the team representing the Home will be played during the day. Other games and exercises also will be arranged for the children.
