KY. & W. VA. MAY ENTER RURAL FIELD

Is Belief Expressed By REA Co-operative; Hearing Scheduled

The possibility that the Kentucky & West Virginia Power Company will move into the rural electric distribution field was seen by Big Sandy Rural Electric Co-Op officials here as notice was received from the Public Service Commission that the power company had filed a petition for a declaration that the public convenience and necessity require the construction of certain rural electric distribution lines in Floyd, Knott, Pike, Johnson, Martin, Magoffin and Morgan and nine other Eastern Kentucky counties.

The Commission notified the REA co-op that a hearing will be held on the company's petition June 15, and County Attorney W. W. Burchett, attorney for the co-op, filed notice of his intention of appearing before the Commission at that time.

Kentucky & West Virginia's petition for permission to extend its distribution lines into rural areas stated that 7,103 rural consumers could be served by extensions of a total distance of 1,188 miles in the several counties.

Extensions proposed by the power company in this county include Mud, Prater, Johns and Jack's Creeks, a line from Minnie on Left Beaver across the hill to Maytown on Right Beaver, a line from East Point toward Bonanza, and extensions bridging the gaps in power service between Left Beaver towns above McDowell.

The Big Sandy REA co-op already has in operation lines serving Middle Creek, Abbott, Cow, Arkansas, Stone Coal, Salt Lick, Brush Creek and lower Johns Creek.

LOCAL WOMAN DIES AT 32

Mrs. Culbertson, Victim At Paintsville Hospital Thursday Morning

Mrs. Louise Greer Culbertson, 32 years old, wife of Dr. G. A. Culbertson, well-known Prestonsburg druggist, died at 10 o'clock this morning (Thursday) at the Paintsville hospital after a few days' illness.

Mrs. Culbertson became ill Monday and was taken to the hospital on the following day. Her death was ascribed by a member of the family to uremic poisoning. News of her passing was received with sorrow by friends and relatives throughout this section.

A daughter of the late George W. Greer and of Mrs. Emily E. Yates Greer, she was born and reared at Pikeville where her father was a prominent business man. She was married to Dr. Culbertson June 2, 1926 and for 15 years they had resided in Prestonsburg where they jointly owned the Hughes Drug Store.

She was a member of the Methodist Church, of the Prestonsburg Woman's Club and the Order of Eastern Star, and is best remembered for her kindness to others.

Besides her husband and mother, she is survived by her daughter, Virginia Greer, and five brothers and two sisters: Guy Greer, New York City; Capt. M. R. Greer, U.S.N., Norfolk, Va.; Cecil and George Greer, Jr., Marion, Va.; Stanley Greer, Springfield, O.; Mrs. L. S. Crane, Chicago, Ill., and Mrs. F. H. Sharpe, Pikeville.

The body was taken to the home of Mrs. Culbertson's mother in Pikeville and funeral rites will be conducted there Saturday afternoon at 2 o'clock from the Methodist Church, her pastor, the Rev. W. B. Garriott, Prestonsburg, officiating, assisted by the Rev. Virgil Moore, pastor of the Pikeville church. Burial under direction of the Call Funeral Home will be made in the Greer family cemetery.

Freewill Baptist Church Revival Begins June 3

A revival to begin June 3 at the Freewill Baptist Church here was announced this week. The series of services will be conducted by the Rev. Clyde E. Church, of Sowards Creek, W. Va.

Members of all denominations as well as the public are invited to attend.

NO NEED FOR WORRY

If you have received only half of your canning sugar allotment while your neighbor has all of hers, don't worry—you'll get yours, too.

A recent OPA regulation issued because of overloaded shipping facilities and to prevent consumers from exhausting their entire supply of sugar before the fall canning season provides for filling half of each person's allotment now, the remainder to be filled in July for fall canning. The neighbor who got all her sugar did so before the regulation was issued, John Stephens, of the Floyd War Price and Rationing Board, said.

TEACHER HERE, STROKE VICTIM

Mrs. Harris, Teacher For 44 Years, Dies At Hospital Here

Mrs. Josie B. Harris, Floyd teaching veteran for 44 years and one of Prestonsburg's best women, died at the Prestonsburg General hospital at 6 p.m., Thursday of last week, a few minutes after suffering a cerebral hemorrhage.

Mrs. Harris had submitted to an operation at the hospital on the Sunday preceding her death and was apparently making a rapid recovery until the fatal seizure came. Her passing came as a shock to hundreds of friends here and throughout the county where she had spent her life as a teacher.

A daughter of the late Robert Banks and Mrs. Sarah Porter Banks, she was born Nov. 2, 1880. She was married Dec. 31, 1902 to Lee P. Harris, well-known Prestonsburg man, and to this union were born five children, three of whom preceded her in death. Her husband died in August, 1932. Mrs. Harris had been a member of the United Baptist Church for many years.

Surviving are one son and one daughter, Graham and Miss Gwendolyn Harris, both of Prestonsburg; one sister, Mrs. E. L. Gearheart, of Water Gap, and four brothers: Elzie Banks, Van Lear; Bill Banks, Hardy, Ky.; S. N. Banks, Buffalo, N. Y.; Bennie Banks, who resided here with her.

Funeral rites were conducted from the home at 2 o'clock Sunday afternoon, the Revs. W. B. Craft, James Roark and W. B. Garriott officiating. Services at the grave in the family cemetery at the mouth of Cow Creek were conducted by the Rev. Isaac Stratton. Burial was under direction of the Arnold Funeral Home.

Mrs. Darcus Bingham, Heart Attack Victim At Home Near Cliff

Mrs. Darcus Stephens Bingham, 78 years old, widow of Jeff Bingham, succumbed at her home near Cliff at 12:30 a.m., today (Thursday), two hours after suffering a heart attack.

News of Mrs. Bingham's sudden passing came as a shock to friends and relative throughout the county.

A daughter of the late Mr. and Mrs. Green Stephens, she was born at Stephens Branch, Right Beaver Creek. In her early childhood her parents moved to Bull Creek. She was a member of one of the county's best-known families and was one of the section's finest women. Mrs. Bingham had been a member of the Methodist Church for many years.

Surviving are one daughter, Mrs. Dick Wilks, of Water Gap, and five sons: Sam Bingham, Kenova, W. Va.; Bill and T. J. Bingham, of Cliff; Clabe Bingham, Prestonsburg, and Alex Bingham, of the Auxier road. She also leaves five brothers and three sisters: John Stephens, Water Gap, former county school superintendent; Clabe and Camillus Stephens, Water Gap; Sam Stephens, of Kansas; Mrs. Mary Scutfield, of Montgomery county; Mrs. Florence Crisp, Martin, and Mrs. Cynthia Hatfield, Water Gap.

Funeral arrangements are incomplete but it was said the rites will be conducted at 2:30 p.m., Saturday, with burial in the family cemetery at Cliff under direction of the Arnold Funeral Home.

SWAPS AND SELLS

After trading the George B. Archer residential property which he recently purchased to D. C. Stephens for the Stephens residence on Davis street, Winston Ford last week sold the Stephens property to his brother, J. B. Ford.

Floyd Countians at Same Air Job Over Germany, Home This Week

Two Floyd county air forces sergeants, both former engineers on bombers operating over German-occupied Europe from England and both operators of top turret guns on these aerial forays, were back in Floyd county this week.

They are Sgt. Jarvis Allen, of Pyramid, who escaped via the Underground from occupied Europe after his bomber, "Frisco Jenny," was shot down in the August 17 raid on Schweinfurt when 69 U. S. planes were lost, and Sgt. W. Lee Roberts, of Harold, who only a few days ago returned to the States from England after completing his "operational tour" of an undisclosed number of missions from England in the sturdy bomber, "Pewee, II."

Both Floyd countians rode Flying Fortresses into battle and each of the bombers was named for the wife of its pilot.

Both airmen were close-mouthed when asked for their stories for publication. Roberts, a son of Mrs. Lawrence Roberts and a brother of Magistrate Dewey Roberts, of Harold, said his plane had suffered severe damage on several occasions but always stuck it out and brought the crew home safely.

West Virginia Native Convicted for Failure To Answer Call Here

A two-year prison sentence was imposed Tuesday morning at Catlettsville by Federal Judge Mac Swinford on Joseph M. Houston, a member of Jehovah's Witnesses, for his refusal to report to Floyd county Draft Board 44 for pre-induction examination.

Houston, who registered for the draft June 30, 1942, formerly resided at Harold. He is a native of Wheeling, W. Va., and last year the same charge against him was dismissed in federal district court at Pikeville because of a technicality.

Houston contended he was an ordained minister and should have been given a 4-D draft classification. Testifying in his own defense, he declared he had "made a covenant with the Lord to do His will" and that he had "given his body to the Lord as a living sacrifice."

Harry T. Hill, clerk of Draft Board 44 here, appeared as a prosecution witness and produced Houston's voluminous record. On cross examination Houston admitted that he was expelled from high school in West Virginia after he had refused to salute the flag.

Kiwanis Committee Named for Planning Of Hospital Move

On request of Representative W. G. Biggers, a Kiwanis Club committee composed of Dr. Marvin Ransdell, County Attorney W. W. Burchett and Dr. O. G. Pennington was named at the club's Thursday evening meeting to arrange for a banquet here at which the movement for location in this section of one of the five tuberculosis hospitals to be founded by the state is to be launched.

Final plans for the banquet will be made at the club meeting this evening when the committee will make its report.

Prof. Ishmael Triplett led last week's program and a variety of topics was discussed: the vacation Bible school, by the Rev. W. B.

Floyd Infantryman at Anzio Takes Time Out For Horseshoe Game

Special to The Times WITH THE FIFTH ARMY, ITALY—There were loud shouts and cries—metal clinked against metal—dust in the air. A big skirmish in progress?

No—just a group of infantrymen of the Fifth Army's "Marnie" Division enjoying a game of horseshoes a few thousand yards behind the front line on the Allied Fifth Army's Anzio beachhead in Italy.

Between rigorous tours of duty, infantrymen have time for diversions, and horseshoes—an old American barnyard game—has proved to be a favorite among them.

The shoes and stakes are fashioned from metal parts of ammunition cases. While the equipment

may be makeshift, the arguments over the "leaners" and "ringers" and "close ones" are the same as ever.

"Yeah, we get a big kick out of this game. It kinda reminds you of home and gives the combat zone a little touch of America," explained Pvt. Clayton Cochrane, of Hunter, Ky.

Other players in the game—Pfc. George Rahmer, 930 Clarence avenue, New York; Pfc. Pat Malone, 6 Acadia Park, Somerville, Massachusetts, and Pvt. William Mullady, 203 Circular street, Saratoga, New York—nodded agreement.

Horseshoes is something like fried chicken and doughnuts," added Malone. "You can't get away from it wherever Americans go."

HARD LUCK GUY

The town of Allen's hard luck kid is eight-year-old Billy Holbrook, son of Bill Holbrook, Sr. His run of bad luck is associated with motor vehicles.

While still on crutches, recovering from fractures of both legs suffered early in March when struck by a car, he fell from a truck Friday at his parents' home, re-opening the break in his right leg above the knee. He is at the Martin General hospital.

TO DEDICATE HONOR ROLL

Of 4,000 Service Men Here Memorial Day; Legion Is Sponsor

Floyd county's Honor Roll of more than 4,000 names of its young men in the armed forces will be dedicated here on Memorial Day, May 30, under auspices of the American Legion, it was announced this week.

The program will begin at 2:30 p.m., and relatives and friends of service men from all parts of the county are expected to be present for the ceremonies.

Unveiling of the two huge sign boards bearing the names of the service men will be made by Mrs. Frances Bowling, mother of Walter Karr Bowling, West Prestonsburg boy who was the first Floyd countian to lose his life in the present conflict.

George T. Roberts, commander of Floyd Post No. 123, American Legion, will be master of ceremonies and will open the dedicatory program. Taps will be blown by Randolph (Billy) Burchett, former sergeant in the air forces who recently returned home from the southwest Pacific where he was an aerial gunner on numerous missions against the Japs.

Addresses will be delivered by Peyton Hobson, Pikeville, district commander, American Legion; Joe P. Tackett, J. W. Howard and others of the Legion.

Other items on the program will include: Invocation by the Rev. Edgar R. Miller, of Auxier, World War I veteran; song, "America"; 30 seconds' silence in memory of departed comrades; benediction by the Reverend Miller.

DRAFT BOARD NOTIFIES 141

For Pre-Induction Exam At Huntington, W. Va.; Selectees Under 26

None except volunteers in the group of 141 selectees who will leave here May 31 for pre-induction examination at Huntington, W. Va., is over 26 years of age. H. T. Hill, clerk of Draft Board 44, said Wednesday.

Board 44 this week received its smallest call for navy induction—three men who will leave June 13. A correspondingly low call is expected next month for the army. Both Floyd draft boards will send only 78 men to Huntington for pre-induction tests next month.

Names and addresses of selectees to leave for Huntington May 31 follow:

Green Ballard, West Prestonsburg (transferred from Fayetteville, W. Va.); Albert G. Stephens, Prestonsburg (transferred from Stone); Harmel Charlie Roberts, Amba (transferred from Logan, W. Va.); Bennie Marshall, Honaker (transferred from Howell, Mich.); Darwin Spradlin, Prestonsburg (transferred from Macon, Ga.); Sterling Howell, Galveston (transferred from Flat Rock, Mich.); Willard Hamilton, Grethel (now of Ypsilanti, Mich.); Lowell Howard, Pyramid; Edward Maynard, Allen (now of Willow Run, Mich.); Virgil Jervis, Endicott; Woodrow Wilson Goble, Auxier; Fred Jarrell, Dana; Frank Hurd, Prestonsburg; Garfield Adkins, Harold; Greenberry Justice, Grethel (now of Osborn); John Paul Wells, Prestonsburg; Lonzo Lafferty, Sloan; Joe Wheeler Lewis, Woods; Marlin Mayes, Allen (now of Columbus, Ind.); Columbus Buchannon Martin, Cliff (now of Lma, O.); Curtis Haywood, West Prestonsburg (now of Ypsilanti, Mich.); Belve Hackworth, West Prestonsburg (now of Ada, O.); William Henry Hamilton, Banner, Charles Edward Smith, Al-

SHERIFF SAYS HIS DEPUTIES NOT GUILTY

Of 'Coffee Money' Hunt Alleged in Resolution Of United Mineworkers

To resolutions adopted recently by 16 Floyd county locals of the United Mine Workers of America, addressed to County Judge Edw. P. Hill and Sheriff Troy B. Sturgill, protesting against "pistol deputies" allegedly operating for "coffee money" and making illegal arrests in the county, Sheriff Sturgill this week replied that "I do not have a deputy sheriff who will do that; or, if it has been done, I have no knowledge of it and I invite and will appreciate the information of any deputy making a false arrest. I promise you that the deputy or deputies guilty of making such arrests will be discharged immediately."

The resolutions, mailed from the office of Tom Raney, UMWA international representative, Pikeville, reads: "Whereas: The citizens of Floyd county are being mistreated by some of your Pistol Deputies by arresting some of our members and workers for being drunk, when they are not and throwing them in jail, depriving them of work in order to get a little Coffee Money and then let men get by who are really drunk because they have no job or money. "We believe in the law being enforced, but we do not believe in a cut-throat gang running around for what money they can get off the working man.

"We are asking you two men, with proper authority to have the above stopped and to use your office and influence to get this matter cleaned up concerning all Local Unions of U.M.W. of A. in Floyd county, Kentucky."

Sheriff Sturgill's statement following receipt of a copy of the resolution continued: "I have only a few deputy sheriffs—none in No. 2 magisterial district, one in No. 4 and very few in the rest of the county. I do not have a deputy who drinks insofar as I know. If I do have a deputy who drinks I will appreciate that information, too, and he will be promptly discharged.

"It is my information that a number of arrests have been made by men posing as deputy sheriffs and that the Sheriff's office has been blamed for these arrests. I need not say that I am not responsible for the acts of such men.

"It is my purpose to honestly enforce the law and to do that with good citizens as deputies and not with a 'cut-throat gang' as mentioned in these resolutions. I am anxious to protect all citizens of the county, and I assure you all of my sincere interest in doing so."

The UMWA resolutions were adopted at a recent meeting held at Martin.

Mr. Raney this week also released a resolution signed by 95 representatives of as many mine locals in this, Pike, Johnson, Knott, Perry and Letcher counties condemning "designing politicians in Washington within this administration," the press and radio commentators for preventing the signing of a contract and for maligning the patriotism of Kentucky miners. The resolutions cited the purchases of War Bonds by mine workers, their contributions to the Red Cross, and the USO, and concluded:

"... We the Local officers with our signatures hereto affixed condemn the actions of the unfair news headlines and the misleading statements of the news commentators in Kentucky coal miners, and we say to our Kentucky Representatives in Congress: Why the silence? Why do you stand idly by and hear Kentuckians slandered without offering any defense for your constituents? Coal miners believe in principles of collective bargaining as prescribed by the law of the land and not at the hands of an unfriendly and prejudiced group of people in Washington, who hold a gun in their hands. We wish to state to our Kentucky Representatives that we do not appreciate the mistreatment which has been given Kentucky miners at the hands of this administration. We have supported this administration by a great majority of the miners and we desire to make it known, that if this is to be the kind of treatment we are to receive in the future, from this Democratic administration, then as loyal Americans and free born citizens, we know where our interests lie, and if

THE WEEK IN OPA

Sugar for Home Canning In order to facilitate the handling of sugar for home canning, OPA has set up two periods in which consumers may apply for the 1944 allotment.

The amount consumers may obtain in the first period is limited to 10 pounds per person, by application to the local board, but the maximum amount of the home canning ration for the season remains unchanged at 25 pounds, five pounds of which are available by use of sugar stamp 40 from Book Four.

The Lexington District Office has set up the two dates as follows: March 1 to June 30; July 1 to October 31.

In the first period, consumers may apply for up to 10 pounds of sugar per person.

In the second period, all consumers who need additional rations may obtain an additional amount not to exceed, with the amount granted in the first period, a total of 20 pounds per person. Applications during the second period must include a statement showing the disposition of the sugar issued in the first period.

Consumers who do not apply in the first period but who need sugar during the second period may obtain up to their full 20-pound-per-person allowance if the application justifies that total.

Persons who have already received their full 20-pound allowance for the season before this change are not affected.

Shoe Return Date Extended

The Lexington District OPA Office announced this week that an amendment to the shoe ration order extends the time from 30 to 60 days during which a consumer may return defective shoes to a store and get a statement to present to his local board in exchange for a Special Shoe Stamp to replace the shoes. Under this decision, the defective shoes involved in the adjustment may not be returned to the customer.

Detached Stamps Should Not Be Accepted

Pointing out that too many War Ration Books containing food stamps are being lost, which would indicate that merchants are not as particular as they should be about accepting detached stamps, the Lexington District OPA Office this week urged merchants not to accept stamps that have been detached from war ration books. The merchant should accept only stamps which he tears out of the book himself, OPA said.

Ceilings Set for Radio Tubes

Ceiling prices for radio tubes sold at wholesale and retail have been set by the OPA, the Lexington District Office announced this week. These ceilings, which include the standard 90-day guarantee, are to be posted in the stores.

Charges for testing tubes were also set. No charge may be made for testing tubes brought to the store by the customer. A charge of 50 cents may be made if the tubes can be removed, tested and replaced without disturbing the chassis mechanism from the cabinet of the radio or phonograph, and \$1 may be charged if the chassis mechanism must be detached from the cabinet before the radio tubes can be removed, tested and replaced.

B-4 Coupons Now Valid

The Lexington District OPA Office announced this week that B-4 gasoline coupons, good for five gallons each until used, are now valid in this area.

Fuel Oil Forms To Be Mailed Out

Local War Price and Rationing Boards throughout the 33 states under fuel oil rationing will start mailing out next season's fuel rationing application forms to all consumers within the next few weeks, the OPA has announced.

The sooner these applications are returned to the local boards, the sooner the boards can begin issuing fuel oil rationing coupons, OPA said.

High Praise Expressed For Balbo Rye Pasture

Ten dollars worth of pasture for each \$1 invested in balbo rye seed is the claim of Charles Gabbard, Owsley county farmer. Last fall he bought \$40 worth of seed for eight acres. "He would have had to buy over \$400 worth of feed if he had not had the rye pasture," said County Agent H. H. Williams. As it was he fed hay only three and a half months.

Burgoyne Botner, another Owsley county man, told Williams he got more pasture off an acre of balbo rye than off three acres of common rye. Carl Stepp, also of Owsley, said he got more pasture off four acres of balbo rye than off 16 acres of ryegrass.

SHARE THE RIDE TODAY

... and You Give Uncle Sam a Lift

Where would we be today if our forefathers had gone their separate ways at their own convenience? When this nation was in its infancy, neighbor gave neighbor a helping hand. That spirit expanded 13 struggling colonies into a vast, united nation.

Today our country is calling upon

every one of us to enlist in a great awakening of that early American creed of helping ourselves by helping our neighbors. Sharing our automobiles is as easy as it is helpful. Wherever we go, there's somebody going our way. When we give him a lift, we give Uncle Sam a lift on the way to Victory.

It is in those moments of well-earned relaxation that a beverage of moderation proves a welcome companion. Budweiser matches your mood for a friendly chat or your mood for repose. It is considerate of tomorrow's obligations.

In addition to supplying the armed forces with glider and bomber fuselage frames, wing parts, gun turret parts and foodstuffs, Anheuser-Busch produces materials which go into the manufacture of: Rubber • Aluminum • Munitions • Medicines • B Complex Vitamins • Hospital Diets • Baby Foods • Bread and other Bakery products • Vitamin-fortified cattle feeds • Batteries • Paper • Soap and Textiles—to name a few.

LOAFERS—RICH AND POOR

THE town of Allen last week did what the grand jury of the Floyd circuit court has twice recommended.

A man was arrested for loitering on the streets at Allen. He was given trial, is appealing a fine and jail sentence. Others may be arrested and brought to trial there, we are told.

Thus officials of a small Floyd county town have undertaken the duty enjoined on all county authorities by two grand juries after days of investigation into conditions in the county.

County officials and authorities in other towns have declined to crack down, as the grand juries have recommended, on men who remain idle and without visible means of support in these war days, a time of plenty in both work and money.

Although the law does not provide a penalty for loafers except those without visible means, these grand jury recommendations would have been more complete if they had mentioned, if only for the purpose of offering to public scorn, those who own property and have bank accounts, but who are idlers as rank as the one-gallon ne'er-do-well who can be prosecuted.

This is war, whether you realize or not. Those who have visible means of support but who are as forgetful of the needs of the nation and its young men who are fighting to save it as are the unmoneyed

loafers deserve the punishment of public sentiment.

If we all were fully conscious of the gravity of the situation, if we were really aware of the debt we at home owe to those overseas or preparing for the day they will go overseas for battle with the enemy, there would be no need for this reminder. Public scorn would drive every able-bodied man to work. There would be no loafers, rich or poor.

LAND WITHOUT VISION

AN Associated Press dispatch in the daily newspapers recently told of plans of the Huntington (W.Va.) chamber of commerce to seek location there or in that area of a government plant to carry on experimental production of gasoline and oil from coal.

Huntington, Ceredo-Kenova, Ashland and Ironton over in Ohio are joining in representing to authorities in Washington "the very convincing reasons" why one such plant should be located in the Tri-State region—that is to say, in or near one of these places.

This is a move toward benefiting from the same industry of the future which THE TIMES pointed out editorially, a few months ago, as a possibility for Floyd county.

This is a move in which Floyd county's business men unhappily have apparently taken no interest whatever.

It is unfortunate that the present crop of business men of the county cannot see for the benefit of the county and their children, the need for planning for the future on a larger scale than the mere acquisition of personal fortunes now. They surely have read that the oil reserves of this country are slim, that production of oil and gasoline from coal is definitely an industry of the future.

Then why not represent to the authorities in Washington "the very convincing reasons" the federal government should carry on its experiments in this county?

They could be told that the coal is here in Floyd county, that it is not in Ashland, Ironton, Huntington and those other places seeking the plant. They could ask the very cogent question, Why locate a plant a hundred miles from the source of the raw material when it could as well be located where the raw material is and save the expense of handling and re-handling and of transportation?

The coal is here and so is water power, electric power, transportation. The only thing we lack is vision.

FLOYD COUNTY GOES TO WAR

Where Floyd Countians in Armed Forces Are, What They're Doing

Former Wayland Man, Bomber Radioman, German Prisoner

JAY JOYCE

First listed among the missing after the Flying Fortress of which he was radio operator was shot down Feb. 4, S/Sgt. Jay Joyce, 22, formerly of Wayland, is now known to be a German prisoner, relatives said recently.

Sgt. Joyce is a son of Mr. and Mrs. William Joyce, of Wayland. His wife, the former Beulah Castle, resides at Estill.

A/S Eugene Ethier Crisp, 18, son of Mr. and Mrs. Seaton Crisp, Wheelwright, is in "boot" training at the Great Lakes Naval Training Station, Great Lakes, Illinois. He volunteered for navy service April 1 and prior to that was an employe of the Inland Steel Company at Wheelwright.

CRISP

The petty officer rating of torpedoman, 3rd class, was granted to Bluejacket Hugh R. Norris, 29, husband of Edith Norris, of Martin, at recent graduation exercises of the Service School at the Naval Training Center, Great Lakes, Illinois.

The petty officer was selected for his specialized training on the basis of his recruit training aptitude test scores.

Cpl. Ellsworth Coburn, gunner, of Garrett, will soon complete an intensive course in combat flying at the Alexandria Army Air Field, Alexandria, La., and then will go overseas to a combat area.

He is a member of a Flying Fortress crew trained by the Second Air Force, which has the task of readying four-engine bomber crews for overseas duty.

Listed among the instructors at the Alexandria Air Field are more than 250 officers and enlisted men who have seen action in every theatre of war. These veterans direct crews through training conditions that simulate actual combat.

Cpl. Coburn is a son of Mrs. Felix Coburn, of Garrett. He is a graduate of Garrett high school, class of '43, where he was active in basketball and baseball.

Garrett WAVE Training At Hunter College

MISS HUDSON

Miss Vivian Irene Hudson, daughter of Mr. and Mrs. J. W. Hudson, of Garrett, is taking her "boot" training in the WAVES at Hunter College in New York City.

Miss Hudson, a graduate of Garrett high school, was formerly employed at the Ken-Rad plant in Owensboro, Ky.

Cpl. Buford Hudson, brother of Miss Hudson, is in the Pacific with the medical corps. He has been there for the past two years.

Daniel Breeding, 24, of Wheelwright, was graduated from the Engineer Officer Candidate School, Ft. Belvoir, Va., May 17 with the rank of second lieutenant in the corps of engineers, army of the United States. His parents are Mr. and Mrs. John Breeding, of Wheelwright.

Lt. Breeding attended Wheelwright high school and West Virginia University, Morgantown, W. Va. His wife, the former Miss Emily Mooney, resides at Morgantown. He entered the army March 19, 1943 at Ft. Hays, O. Before entering the service, he was attending West Virginia University as a student in mining engineering.

ALLIED FORCE HEADQUARTERS, MEDITERRANEAN THEATER—Transportation history is being written daily by a North African unit of the Military Railway Service which operates one of the toughest stretches of railroad in the world. The unit, the 75th Railway Operating Battalion, commanded by Lieut. Col. Ernest M. Price, of Tacoma, Wash., himself a veteran of 40 years' railroading, operates trains over 300 miles of rugged Atlas mountain terrain.

A year ago they came to North Africa. During the Tunisian campaign, the men wore steel helmets over their engineers' caps. Pistols and carbines had equal stature with oilcans and coal shovels. Trains were run in blackout conditions as war supplies and troops were rushed to the front—with train crews never certain that enemy paratroopers had not blown up the next bridge or tunnel.

Now, with the enemy gone from the immediate area, tremendous problems still exist. In one 50-mile stretch there are 20 tunnels, one of them two miles long and horseshoe shaped. While 2.2 per cent grades over the Rocky Mountains are the usual maximum on American trans-

continental lines, these soldier-railroaders face 2.5 per cent grades frequently along their 300-mile run. Impurities in the water means that firemen usually must work like fiends to produce steam in their boilers instead of mere foam.

Included among these men is Pvt. Henry S. Allen, son of Mrs. Willie Allen, West Prestonsburg, Ky.

And from somewhere in the southwest Pacific Robert B. Sturgill, formerly of Auxier, writes to say he is getting THE TIMES and to suggest that we print a world map in the paper, "so that we can better follow the drive to Tokyo and Berlin."

The following men have been honorably discharged from the army:

Garfield Johnson, Wheelwright; Martin V. B. Gibson, Dema; Virgil Blair, Bypro; James Elmer King, Hi-Hat.

Allen Aerial Gunner In 51 Bombing Missions

ADVANCE ECHELON, FIFTH AIR FORCE, SOMEWHERE IN NEW GUINEA—S/Sgt. Floyd G. Stephens, son of Mrs. Virgie Stephens, Allen, Ky., is serving as an aerial gunner with the Fifth Air Force in New Guinea. He is a member of an A-20 attack bomb unit and has participated in 51 aerial missions. Sgt. Stephens has been overseas for the last 12 months.

Pvt. James H. Hatcher, son of Mrs. Maggie Hatcher, Prestonsburg, is recovering from a hernia operation performed at an army hospital in Italy. "The only fear I had," he wrote his mother, "was that I wouldn't be able to sleep between sheets." His brother, Sam K. Hatcher, is with the army engineer corps in Italy.

Dad Gets a Heap of Satisfaction out of Life

Dad Hoskins is not as young as he used to be. But he's still got the energy to cultivate a big victory garden and to keep the grounds around his home colorful and bright with Kentucky's native shrubs and flowers.

Only yesterday I stopped by the Hoskins' to admire his efforts. "I don't know of anything," Dad said, "that's calculated to lift a fellow's morale more than to work with flowers. Specially these days, when a man's got five sons in the armed forces."

"After I'm through of an evenin', Ma and I sit here on the

porch and just revel in the beauties o' nature—she with an ice-cold glass of buttermilk and me with my pipe and a mellow glass of beer."

From where I sit, things like that are typically American. They're things we're fighting for. They're things our boys on the battlefields abroad are looking forward to when they get back home again.

Free Courses Offered By Caney Cr. Center

Pippaspass, Ky., May 18 (Sp.)—Caney Junior College and the Caney Creek Community Center here are offering summer term instruction to college- and high school students without charge for tuition, room, board or books, it is announced by school authorities.

The college sessions are five weeks each, with college classes on Saturdays, June 5 to July 8, and July 10 to August 12. If the full terms are attended, 13 semester hours may be obtained. Courses under qualified instructors will be offered in the normal and arts and science department. Special attention will be given to the training of teachers. Practise teaching is offered in the second summer term. Pre-medical and pre-engineering courses have been arranged for those desiring to enter these professions.

Requirements for entrance are 15 acceptable units from an accredited high school and making a score of C in a college entrance examination to be given at the college on June 5. A personal interview is desirable but not necessary. Blanks and dress regulations for girls will be sent to applicants by mail.

The summer term for high school will be offered from May 29 to July 8, at which one unit may be obtained.

NOTICE

A number of persons' property has been advertised for sale for taxes, although their taxes had been paid. This happened because of duplicate listings and through other errors. There was no intention on my part to cause any person embarrassment or trouble. I am required by law to advertise property on which taxes are unpaid, and when errors are made, it certainly is unintentional.

Pigs Need To Get Nose Into Ground

Pigs need to get their noses into soil by the time they are a week old, says Prof. R. W. Pifer, in a Kentucky College of Agriculture and Home Economics leaflet on hog raising.

Who would have thought it?

to as "thumps." By the time the pigs are two weeks old, they should have a grain mixture in a shallow trough or feeder placed inside a pig creep.

Male pigs should be castrated when four to six weeks old, Prof. Pifer recommends. There is much less shock to the pig when the operation is done at this time.

A mirror makes two out of one . . . but it's just an illusion, of course. You can't collect on it.

There is a 2-for-1 that the average American family can and does collect on. And that's the double amount of electric service such a family gets today . . . for the same money it paid 15 years ago.

Yes, your bill may be as much as — or more than — it was in 1929. But you're using more electric conveniences now — and getting about twice as much for what you pay. Remember, too, that unlike other prices, the price of electricity has stayed down.

What's the secret of low-priced electricity? Efficient business operation. Experienced men, women and management who know their business from long years of serving you!

THE OLD JUDGE SAYS...

"Glad you dropped in, Judge. I was just trying to explain to Mary what you told us down at lodge last night... about all the grain used to distill war-alcohol not really being used up. She didn't realize it, either." "It's true, Mary. Wherever the government has permitted distillers to purchase the equipment necessary to reprocess the used grain, at least 50% of the feed value (25% by weight) of the whole grain is being recovered and returned to farms like yours in the form of premium-quality live-

stock feed. Only the starch is removed during distilling... the part recovered is a highly-prized concentrate containing valuable proteins, fats and carbohydrates. The distilling industry really has taken a leading part in the development of new cattle and poultry feed products from reprocessed grain... products rich in vitamins B1 and B2... so essential to satisfactory growth and production. And the recovery of grain will apply also to the making of whiskey when production is resumed."

**Youngest Ex-Legislator
Now in 'Boot' Training**

Great Lakes, Ill., May 10 (Spl.)—The youngest man in the Kentucky Legislature during his term of office, 1942-44, is a recruit in training at the U. S. Naval Training Center here.

The recruit is Hiram Brock, Jr., member of a family whose name is widely known in Kentucky political circles, and who was but 24 when he took his seat in the General Assembly while still a student at the University of Kentucky law school.

His father, Hiram Brock, Sr., was co-author of the Brock-Gilbert election law which provided for the first time that all precinct ballot boxes be taken to a central counting room in the county of their origin before being tabulated. Until that time, the ballots were counted at the precinct polling places, which permitted many occasions for the juggling of votes to suit the needs of a certain candidate or candidates.

Hiram Brock, Sr., served 24 years in the Kentucky Senate. His son, the new Bluejacket, after serving one term in the House, joined his father in the law firm of Brock & Brock in Harlan. Young Brock graduated from Eastern State Teachers' College, Richmond, Ky., with an A. B. degree, then completed his law at the University of Kentucky.

His wife, the former Eula Mae Nunnery, of Prestonsburg, Ky., now is teaching school in Harlan. Recruit Brock is serving as assistant company clerk of his outfit.

It is estimated that 85 per cent of Hancock county's corn acreage will be planted to hybrid seed, U. S. 13 and Ky. 103 leading in popularity.

time to get out of the county before he exposed me, that would be enough. Well, when he started to discuss the case I stopped him quick.

"Doc, I says, 'I've got a confession to make and I want to beg you not to be too hard on me. I never meant any harm and I ain't harmed anybody. Just give—'

"What is it, Dr. Patton? he says. 'What in the world is wrong?'

"Then I told him. 'Doc, I says, 'I ain't no doctor. I'm dodgin' from the army and I just told these people I was a doctor.'

"I was on my feet, ready to start runnin', when that doctor did the strangest thing. He rolled backwards off that log and I thought he'd lose his breath laughin'.

"When he finally gets control of himself and I ask what's so funny, he says, 'Well, brother, I ain't no more of a doctor than you are. I stole a Rebel captain's hoss and saddle bags in Big Stone Gap and went in business here, just like you did!'

Red Cross Issues Appeal for Women To Fold Dressings

Not only the Red Cross surgical dressing rooms here are available for Floyd county women to do their part in folding surgical dressings, was the reminder given this week. Both the Allen and Maytown schools have surgical dressing workrooms.

The following appeal has been made to women:

"The Red Cross makes 90 per cent of all surgical dressings used by the armed forces, but empty chairs don't make surgical dressings. It takes loving, tender hands of women who care, to fold the dressings that are used to soak up the blood and cover the wounds of our boys in the fighting line. And millions of them are needed for the invasion days. Fighters will be falling, wounded, bleeding, waiting for the healing touch of a sterile dressing folded by tender hands.

"They must be ready!"

The number of Floyd county women doing this work is pitifully small.

Letter Confirms Death Of Douglas Vaughan In Transport Loss

Belief that his grandson, Pfc. Douglas Vaughan, who was first reported missing in the Mediterranean after the sinking of an American troop transport, died of wounds was expressed here this week by W. J. Vaughan after he had been officially informed by the Adjutant General's office that Pfc. Vaughan "died on 27 Nov. 1943 as a result of the sinking of a troop transport at sea by enemy action" which had taken place on the preceding day.

Of Pfc. Vaughan, Cpl. G. Mountain, at the time of the sinking in the medical corps with the Prestonsburg soldier, recently wrote from India:

"Douglas was a very close buddy to me and the whole outfit misses him very much. After the alert and the raid he was on deck watching the battle. We were hit by a glider bomb from a German bomber. Douglas helped work with the rest of us on the wounded boys. We left together over the side. The sea was very rough and he probably (two words deleted by censor), for none of us ever heard of or saw him since."
