

HILL DEMANDS \$10,000 BAIL OF ANDERSON

In Holbrook Slaying; Two Others Held To \$5,000 Bond

Jesse Anderson whose three revolver-bullets fatally wounded World War II veteran Johnny Holbrook on Jack's Creek Nov. 19 was admitted to \$10,000 bond Tuesday by County Judge E. P. Hill, Jr., following an examining trial which had extended over two days. At the same time Anderson's brother, Raymond, and Troy Hall, named as accomplices in the slaying, were held under \$5,000 bond each.

Neither of the three had executed bond Tuesday afternoon.

The Commonwealth sought to prove during the preliminary hearing that the ex-soldier was shot from ambush while walking along the road near the home of his mother, Mrs. Lear Holbrook. Defense testimony contended the shooting was not an ambush, that Jesse Anderson stood in the roadway and fired on Holbrook when the latter threatened him.

Evidence of Miss Luvenia Hall for the Commonwealth was heard Monday afternoon, after which it was announced another witness for the state could not be present because of the illness of the slain man's mother. The hearing was continued till Tuesday afternoon. Relatives said Mrs. Holbrook's mind had become affected by shock of her son's death.

Miss Hall said she and Johnny Holbrook were on the porch of his mother's home when Hall and Raymond Anderson passed with a mule-drawn wagon loaded with coal. She testified Holbrook and the two exchanged pleasantries and that there apparently was no ill-feeling between them. After Holbrook had gone back into the house, she added, Jesse Anderson passed, following his brother and Hall. She then prepared breakfast for Holbrook, Miss Hall stated, and after eating he left, saying he would wait for her and his mother at a home farther up the mountain of his brother. Meanwhile, she testified, the wagon had had time to reach the top of the hill.

But, she continued, when Holbrook was a short distance from the house, three shots were fired. "Two or three shots were fired toward me as I ran to Johnny," she said. "I saw Jesse Anderson on the hill above the road, running, with his right hand under his jacket, and pulling with his left hand on bushes." She added that she heard the wagon

Mrs. Jarvis, Victim Of Paralytic Stroke

Mrs. Frances Roop Jarvis, 39 years old, wife of James Jarvis, died last Thursday night at her home on Cow Creek after suffering a paralytic stroke that morning.

A daughter of James and Susan Dials Roop, she was born and reared at Lancer. She was married in 1923 and was the mother of six children, four of whom preceded her in death. Surviving, besides her husband, are two children, Estill Jarvis, of the navy, and Mrs. Belle Jarrell, of Emma; also two brothers, Ollie, of Tram, and Bart, of Emma, two sisters, Mrs. Mary Clifton, of Lancer, and Mrs. Maxie Clark, of Lancer, and one half-brother, Alvin Wright, of Tram.

Funeral rites were conducted Tuesday morning from the home, the Rev. Isaac Stratton officiating. Burial, under direction of the Arnold Funeral Home, was made in the Garrett cemetery on Calf Creek.

5 VETERANS, CASUALTIES

One Shot, Four Hurt, In Same Hospital; All Are Recovering

War veterans on home soil are finding the casualty rate at home almost as high as that of the days when they were in action overseas.

In one Floyd county hospital this week were five War II veterans, all victims of home front "warfare."

The casualties: Petty Officer Robert Hancock, 19, of Lackey, suffering from a bullet wound through his face.

Ex-Sergeant Kermit Allen, 26, Wayland, and his brother, Former Pfc. Clester Allen, 23, both suffering injuries in a highway accident.

John Fugate, 20, of Hindman, who suffered scalp lacerations and concussion when his car hit the Allens' auto.

Cullen Combs, 33, of the Marine corps, Leburn, Knott county, compound fracture of leg.

Hancock was wounded Saturday night at Messer's roadhouse near Garrett, when the revolver of Deputy Constable Bud Lawson was said to have been accidentally discharged as the officer sought to prevent a fight between other men discharged or on furlough from the armed forces. Sheriff Troy B. Sturgill said he had been told Lawson sought to quell a disturbance between two service men and that his revolver was accidentally discharged when it was swung upon one of the alleged combatants, in self-defense. Hancock, it was said, was a bystander. Lawson's bullet entered the point of Hancock's chin and was removed from the back of his neck, near the spine, by Dr. J. A. Stumbo, Stumbo Memorial hospital surgeon. His left arm is paralyzed but Dr. Stumbo predicted his recovery.

The Allen brothers were injured Saturday night while repairing a tire on a curve near the mouth of Stone Coal at Garrett. The auto of John Fugate, Hindman, discharged soldier, struck their auto, toppling it onto them. As a result of the smash, Kermit Allen's left leg was amputated at the Stumbo Memorial hospital and an operation was performed to correct decompression skull fracture. Clester Allen's hurts consisted of a fractured left arm and right leg. Fugate suffered scalp lacerations and concussion but was dismissed from the hospital Tuesday.

Same day Clester Allen left the hospital. Cullen Combs, ex-Marine, of Leburn, Knott county, was dismissed after recovery from a compound leg fracture sustained when hit by an auto at the Three-Way Inn, near Lackey. When injured by the auto he had barely recovered from a sawmill mishap in which his hand had been severely injured.

One brother, J. A. Frazier, of Alpharetta, also survives.

Funeral rites were conducted Saturday from the residence, the Rev. M. C. Wright officiating. Burial was made in the family cemetery, the Ryan Funeral Home directing.

JOHNS CREEK DAM WORK IS TEMPORARILY STALLED

MUD CREEK WORK HINTED

North-East Fails To Confirm Rumors Of Firm's Plans

The Mud Creek section of this county is destined within the next year to be converted from a rural area into one of industrial activity, reports received by THE TIMES over the last several weeks indicate.

These reports, none of which has been given official confirmation by the company said to be planning development of the section, say that the North-East Coal Company, which contemplates early abandonment of its Auxier operation, will begin mining Mud Creek coal, and that the company has purchased a possible tippie site at Teaberry from Andy Kiser.

If rumored coal development becomes reality, a branch line of the Chesapeake & Ohio railway will be constructed from Harold a distance of around 10 miles up Mud Creek.

Modernization of homes on Big Mud, Branham's Creek and Toler are already under way, with W. R. Goble and Buck Ellis, contractors, now engaged in wiring approximately 200 homes for electricity to be supplied by the Kentucky & West Virginia Power Company. Approximately 150 residences have already been wired in that section, Mr. Goble said this week.

Dead Seaman's Buddy Delivers Gift, Message to Church Here

Stranger Found Friends In Prestonsburg Church Which in Last Thoughts

The gift and accompanying message sent by a dying seaman to the church here which, a few years ago, offered friendly sanctuary to him, a visiting stranger, was delivered Sunday night.

A navy man, George Patrick, Jr., of Garrett, presented the assistant pastor of the Freewill Baptist Church, the Rev. Charles Rowe, the gold pin handed him in 1942 by Seaman Johnny Perkins, who had been mortally wounded in the torpedoing of his and Patrick's ship in the Pacific.

The dying sailor, his intimate friend, Patrick said, told him, shortly before he expired, of stopping at the church, of being given a welcome he had never forgotten. He wanted the pin delivered to the church as a gift from him.

"And tell them to meet me in heaven," Patrick quoted his friend as saying. Visibly affected, as was practically every other member of the congregation, Patrick said, "I've been on several hard missions, but this is the hardest."

The church plans to place the posthumous gift from its friend in a casket as a permanent and honored part of its material possessions.

Magoffin Countian, Floyd Folk Kin, Dies Saturday

Samuel H. Bailey, 76 years old, farmer and retired merchant and relative of many Floyd countians, died Saturday at his home at Gunlock, Magoffin county, victim of a long illness.

A son of the late H. G. and Susan Bailey, he was a native of Magoffin county and was one of his section's best men. He was a member of the United Baptist Church. Surviving are the following sons and daughters: Mrs. E. B. Mullins, Hueysville; Hoy Bailey, of Michigan; Mrs. Ashford Smith and Mrs. Kelly Hale, both of Gunlock. Five brothers and two sisters also survive: George W. Bailey, Mrs. Emily Allen and Mrs. G. C. Stephens, all of Hueysville; R. M., W. M. and Green Bailey, all of Handshoe, and Kelly Bailey, of Michigan.

Funeral rites were conducted from the home at Gunlock Sunday, the Rev. Ed Howard officiating. Burial in the family cemetery was under direction of the Ryan Funeral Home.

War II Veteran Choice for Game, Fish District Job

Bernard Baldrige, a returned veteran of World War II, was named district conservation officer, a week after receiving his army air forces discharge, to fill the vacancy created by the resignation of Tom James, of Prestonsburg.

The new conservation officer, a son of Mr. and Mrs. George Baldrige, of West Prestonsburg, resides at Warco and was strongly supported for appointment by Floyd County Fish & Game Club members of the Right Beaver section of the county. Baldrige was stationed at Maxwell Field, Ala., during his army service.

Legion Post May Launch Campaign For Memorial Fund

The American Legion drive for funds with which to erect a World War II monument and to construct a Legion hall here may be launched with the next meeting of Floyd Post at the courthouse Sunday afternoon at 1 o'clock, Dr. Earl T. Arnett, vice-commander, said this week. In any event, these Legion projects will be discussed.

It was explained that the meeting date was changed from Saturday to Sunday because of inability of Legionnaires to leave their work or business for Saturday meetings.

The Post plans a turkey shoot for Sunday, Dec. 9, it was announced. Location of the shoot will be announced in next week's TIMES.

'ARMY' LICKS BLACK CATS

Alumni Cops Charity Game by 30-25 Score; Hyden Yet in Service

The army, with the support of one civilian, had too much might for the 1945-46 edition of the Prestonsburg Black Cat basketball team to cope with in the charity game played here Friday night for benefit of Prestonsburg children of defective vision.

The alumni team won, 30 to 25, after taking an early lead and staying off high school's rush in the last half. Five of the six players on the alumni team are veterans of World War II, these five were with the army and most of them in the air forces. The army was represented by Junior Roark, Johnny Heinze, Bernard Tackett, "Eck" Branham and Jimmy Vance. The only "civilian" alumnus was Jack Ray Hall, who was graduated from high school last May.

The alumni took a 17 to 5 lead at the half, but the Black Cats came back strong in the last two quarters. A large crowd saw the game, which was sponsored by the Prestonsburg Kiwanis Club.

The Black Cats open their regular season here Dec. 8 against the Hazard Bulldogs. Chalmer Frazier, principal of the grade school, continues as net coach while Lt. Joe Taylor Hyden, who was recently employed as coach, marks time against the day when he will receive his Marine corps discharge.

The line-up: Alumni (30) Pos. Black Cats (25) Roark (4) ... F. ... Blackburn (3) B. Tackett (9) ... F. ... S. Branham J. Hall (5) ... C. B. Branham (9) E. Branham (2) G. C. Tackett (4) Vance (2) ... G. ... Martin (7) Substitutions: Alumni—H e i n z e (8); High School—Marcum (2), Paul Hall, Hyden.

Mr. and Mrs. A. H. Mandt left Monday for Cincinnati, where he will receive medical attention.

Floyd Loses Bid for Plant But No 'Kicks' Registered

ICKES' SELECTION OF MISSOURI SITE FOR COAL HYDROGENATION PLANT AT SAVING ESCAPES CENSURE

Floyd county this week learned it had lost on its bid for the coal hydrogenation plant to be used by the U.S. Bureau of Mines for experimental purposes—and there was not a squawk from a disappointed citizen, strange as it may seem.

For in announcing the selection of Louisiana, Mo., as a site for the plant where the governmental bureau will experiment in converting coal into liquid fuel, Secretary of the Interior Harold L. Ickes explained that the Missouri location was made because it has a wartime army ordnance plant where synthetic ammonia was made and that the plant can be converted to synthetic production of gasoline and oil at a cost far less than a plant of the same type could be constructed in this county.

The plant to be converted to experimental hydrogenation of coal is the \$17,500,000 Missouri Ordnance Works at Louisiana, approximately 30 miles from St. Louis, which, if not converted as planned, would be almost a total loss to the government, it was explained. Coal from all sections of the country will be transported there for testing purposes.

"We wanted the plant, for we were certain coal produced in Floyd and neighboring counties is the best for gasoline and oil producing purposes, but if this saving can be made by

COMMITTEE DENIES FUND TRUMAN ASKS

Other Ohio Valley Projects Halted By Committee Vote

Work expected to begin next spring on the Johns Creek dam at Dewey, this county, hit a snag this week as the House Appropriations committee refused to approve President Truman's request for \$130,000,000 for flood control and navigation projects which had been stopped by the war.

This million-dollar Floyd county project and other work in the Ohio valley to be done at an expenditure of approximately \$29,000,000 are thus delayed.

Officers of the Ohio River Division of the Corps of Engineers said in Columbus, O., that unless the action were reversed, either by the committee itself or on the floor of the House, "work could not be undertaken until passage of the regular appropriation bill." The committee action was taken on the deficiency appropriation bill for the remainder of the fiscal year—until June 30.

The committee said that some projects "should have further investigation," indicating that the matter was not closed, but officers said none in the division had been started without thorough investigation as required by law.

The bill had proposed these amounts for the Ohio River Division projects pending regular appropriations to complete the work:

Pittsburgh district—Replacement Lock and Dam No. 2 on Monongahela river, which has proved adequate to present day traffic and which is flooded out early in a high water period, \$2,700,000; plus the following reservoirs: Tionesta, \$277,800; Mahoning Creek, \$360,000; Loyalhanna, \$494,000; Youghiogheny, \$673,000; Crooked Creek, \$3,000; Conemaugh river, \$3,000,000; Punxsutawney, \$500,000; Elkins, W. Va., \$500,000.

Huntington district—Reservoirs: Muskingum, Ohio, \$1,500,000; Blue-stone, W. Va., \$3,000,000; Dewey, Ky., \$1,000,000; Dillon, O., flood walls, \$1,000,000; Massillon, O., \$500,000; Parkersburg, W. Va., \$500,000.

Louisville district—Levees (construction): Brevoort, Ind., \$130,000; Muncie, Ind., \$70,000; Harrisburg, Ill., \$24,500; Golconda, Ill., \$29,200; Brookport, Ill., \$28,500; Mound City, Ill., \$500,000; (plans only) Indianapolis-Fall Creek, \$6,000; Indianapolis-Warfield, \$8,000; Louisville, \$100,000. Cincinnati district—Newport, Ky., floodwall, \$500,000; Delaware, O., reservoir, \$1,000,000.

Conley Announces Conviction of Four As Children Traumat

Attendance Officer Paris Conley this week announced that four more Floyd county fathers have been fined for failure to send their children to school.

One of the four, Jim Whitaker, of Abbott Creek, went to jail in lieu of payment of his \$10 fine and costs. The same fine was paid by Tivis Yates, Nasby Hall and Nelse Hall, all of the Little Mud Creek section.

Penalties were set by County Judge E. P. Hill, Jr.

 The new Pontiac has all the quality, ease of handling, comfort and stamina which made prewar Pontiacs so popular plus many impressive improvements and refinements.
 The new Pontiac is still in the low-price field and still loaded with extra value features. It continues to be the fine car with the

low price. It is still available as a smooth running, powerful Six or an economical Eight—and both engines are interchangeable in the same chassis.
 The new Pontiac, which is now here and on display, continues to be a style pacemaker, a quality leader. Even better than prewar models, it is the finest of the famous "Silver Streaks." You are cordially invited to come in and see the sparkling new Pontiac.

"We Have Turned The Corner"

She is a telephone service representative and from now on her story is more cheerful. New switchboards, cables, wire and telephones needed to provide more service are becoming available in increasing volume.
 But to catch up on held orders for service and to make replacements that were necessarily postponed during the war will require very large additions to our telephone plant.
 It is a tremendous construction job that will require much time to complete even after the delivery of equipment by the manufacturers. So she can promise just when all orders will be filled. There are places where we have complicated switchboards to install and places where we must build new buildings or build additions to house new switchboards.
 But she can say that we are on our way to all who want it—on our way to raise them to standards of service and raise them to...

IT'S NEAR TO FINISH ON DEER IN BERNHEIM FOREST AWAITING KENTUCKY HUNTERS ON JANUARY 2

It's not merely a deer hunt to be staged in the Bernheim game preserve, beginning the morning of Jan. 2—it's to be a war of extermination of every deer in the area embracing Bullitt, Spencer, Hardin, Nelson and Meade counties, a Division of Game & Fish release indicated this week.

The U.S. Biological Survey estimated the area to contain about 1,500 of these animals, and their number perhaps is near this figure.

Some details of the hunt, as outlined by the Division of Game and Fish: Areas will be divided into controlled areas and directed areas, where the Division of Game and Fish will actually accompany a specified group of hunters during each day of the hunt, or where a group of hunters are directed into deer territory, but not accompanied by an employe of the Division. The hunt will start at 8 a.m., Wednesday, Jan. 2, and each hunter will be assigned at least two consecutive days for hunting. Application forms for special licenses may be obtained from the Division of Game and Fish, Bernard Baldrige, conservation officer, of Martin, or E. R. Burke, supervisor, at Prestonsburg.

The special license fee will be \$10 and must accompany application to participate in the hunt. After issuance of license and assignment of dates, no refund will be made. All applications to participate in the hunt must be in the office of the Division of Game and Fish, Frankfort, on or before Dec. 20, 1945. Upon receipt of application and proper license fee of \$10 a special license will be mailed to the applicant together with dates assigned him, where to report and the name of the man that will control or direct him or his party.

If a party of more than one wants to hunt together, the entire party must be listed on a single application blank and total license fees enclosed with application. Not more than 10 names can be included on one application and no more than a party of 10 can be included in a single party. Persons desiring to hunt together must arrange to get their names all on a single application and enclose \$10 each with the application.

Hunters will be limited to shotguns only; no rifles, pistols or combination firearms will be allowed. Ammunition consisting of shotgun slugs or No. 00 buckshot can be obtained from the man in control of the hunt. This ammunition will be for 12, 16 and 20-gauge only. This can be obtained on the day of the hunt. No other ammunition will be permitted. Hunters may furnish their own ammunition, but it must be either slugs or 00 buckshot. Each hunter will be permitted to take one deer of any sex or size. Upon killing a deer it must be reported to the employe in charge of your party, who will supply the successful hunter with a legal tag upon payment of \$15. Men with teams will bring your deer out of the field where it can be loaded on a car or truck. There will be no charge to the hunter for this service.

If a hunter is a member of a hunting party and kills a deer, he will be allowed to continue hunting until each member of his party is in possession of a legal deer or until his allotted time has expired. No person under 18 years of age will be permitted to participate in the hunt unless accompanied by his parent or guardian, and no person under the influence of liquor will be permitted to hunt in any party.

Girl Scout Drive Nets \$825, Report

Mrs. G. A. Culbertson, chairman of the Sandy Valley Girl Scout drive for funds locally, announced Monday that Prestonsburg residents and business firms have contributed approximately \$825, with two or three workers yet to report funds they have solicited.

The quota set for Prestonsburg is \$1,000. Mrs. Culbertson said she expects the community to fall not more than \$100 shy of this goal.

Martin Net Schedule Released with Other Games Listed Pending

With other games pending, Coach Sherrill Frazier, of Martin high school, this week announced a schedule of 24 games, seven of which have already been played and lost.

Although the Purple Flash is still outside the victory column, improvement in play is noted. The team has not a regular from last year's five, Mr. Frazier said.

Remainder of the schedule follows:

- Nov. 30, Van Lear, here; Dec. 7, Virgie, here; Dec. 8, Maytown, there; Dec. 11, Auxier, here; Dec. 14, Cumberland, there; Dec. 21, Garrett, here; Jan. 9, Wheelwright, here; Jan. 12, Hindman, there; Jan. 15, Van Lear, there; Jan. 19, Wayland, there; Feb. 2, Betsy Layne, here; Feb. 8, Prestonsburg, here; Feb. 9, Cumberland, here; Feb. 16, Garrett, there; Feb. 22, McDowell, here; Feb. 23, Prestonsburg, there.

Future Homemakers At Betsy Layne Map Plans for 1945-46 Work

Betsy Layne, Ky., Nov. 26 (Spl.)—Betsy Layne Chapter, Future Homemakers of America, has mapped plans for its 1945-46 program of work, according to Betty Jo Layne, president of the chapter.

Chapter objectives for the year are (1) to provide wholesome individual group and family recreation; (2) contribute to a better home life by sharing work and activities of family; (3) plan activities that will interest girls in homemaking; (4) to promote international goodwill.

Betsy Layne chapter of Future Homemakers of America is one of the 88 chapters recently organized in Kentucky. These chapters are composed of those girls in high school who study home economics. Elaine Roberts is the local chapter adviser and Miss Mary Bell Vaughan, of the vocational home economics department, State Department of Education, Frankfort, is the state adviser. Other local Future Homemakers of America officers are: Lois Stephens, vice-president; Sina Rice, secretary; Peggy Stumbo, treasurer; Joyce Keathley, parliamentarian; Betty Lou Hall, historian; Betty Jean Layne, reporter; Billie Jean Blackburn, song leader; Daisy Salisbury and Roama Lou Clarke, yell leaders.

BRIDGE PARTY Mrs. O. T. Stephens entertained to bridge at 7:30 Friday evening at her home on Garfield avenue. Following play, a salad course was served to Mesdames Osa F. Ligon, C. P. Stephens, J. C. Spurlin, C. L. Hutsinfiller, J. F. Ribble, E. P. Arnold, A. H. Mandt, N. M. White, Jr., Homer Salisbury, A. L. Davidson, O. G. Pennington. First prize was won by Mrs. Salisbury and second by Mrs. Ribble.

THREE FLOYD SAILORS RETURN FROM PACIFIC

Amid streamers and ribbons bearing "Welcome Home" messages, the USS David W. Taylor, USS Cowell, USS Brown, USS Bradford and USS Terry docked in San Diego, Calif., after a 6,000-mile journey from Nagoya, Japan.

The five destroyers carried some 400 discharges from far advanced posts and immediately they departed for their respective separation centers and, soon home. Among these were George Thornsberry, of Pyramid, who served aboard the Taylor during its entire war career and which only recently acted as flagship for the occupation of Iyushu Island, Japan.

Other sailors who served aboard the Taylor since its commissioning at Mobile, Alabama, Sept. 19, 1943 are Alex Hughes, of West Prestonsburg, and Ernal C. Seutchfield, son of Mr. and Mrs. Beckham Seutchfield, also of West Prestonsburg. All three men wear four campaign ribbons and six bronze stars which signify their excellent fighting record while operating in the Pacific.

WHITE THANKS SUPPORTERS

I wish to take this opportunity of thanking the more than 1,500 citizens of District No. 96 who voted for me in the recent election without any corrupting influences, political pressure or hot air. While defeated, I feel that the time, effort and small legitimate expense incurred was well worth it, and that I received quite a liberal education and insight into the political set-up of Floyd county as it is today, which isn't a very pretty picture.

Again thanking you for your support, I am,
Sincerely,
N. M. (Bud) WHITE

ELECTRICAL APPLIANCES

WHEN?

On the basis of our observations, we cannot see more than a trickle of appliances flowing into the market within the next few weeks.

HOWEVER

Once production really gets rolling good, appliances will be available in ever-increasing volume, and we don't advise our customers to grab at the first thing that comes along, but rather to exercise a little patience and select a product of proven quality, even if it means a few weeks delay.

ABOUT ADVANCE ORDERS

This is a problem to which we have given much thought. We have come to the conclusion that we should not accept advance orders until we have complete samples on display and the customer can see what he is going to get and know what he will pay, thus assuring customer satisfaction. Another factor that influences our decision not to accept advance orders at this time is

THE RETURNING WAR VETERAN

If all dealers should accept advance orders for appliances, this man would have to wait longest for needed home conveniences and we feel that most people will agree with us that this must not happen. In fairness to all we will, therefore, hold in reserve a fair percentage of our first shipments for these men. We shall, as always, do our best to serve our customers in a fair and equitable manner.

SERVICE

Before the war there were not more than two or three appliance dealers in Floyd county. These few dealers were able to take care of the normal service requirements of the appliances they sold. Now, it is a different story. Because of the pent-up demand, every known (and unknown) appliance will be for sale right here in our county. Some of these new dealers will continue in business and be in position to take care of service on the products they sell. Others will quit when the demand has been met and leave their customers without a local service outlet. So you can see that while it is important what make of appliance you buy, it is also most important FROM WHOM YOU BUY.

Will they be in business when you need service? If so, will they be fully equipped to handle any service problem? Some will—many won't.

Morell Supply Company has been in business in the same location for over 45 years. We have placed orders for over \$4,000 worth of service equipment. We are placing in charge of our Service Department a World War II veteran with three years' experience repairing radios on the battlefronts. He is now taking a refresher course on refrigerator service and will be on full-time duty with us after January 1.

QUICKLY SPENT!

A sad sight—if you could see it—needlessly spent dollar. A month ago it was buying a desired commodity—now it is gone used up, worthless.

Did you ever see a saved dollar? You can see one at any time if you have a bank account. Isn't it a glad sight? There's a bill that will live to see a better day, a time when there will

be plenty for it to buy, a time when it can be spent without helping to boost prices. In fact, that dollar—if saved with other dollars now—will help you buy a home in the post-war world, backed up by more dollars borrowed at this institution.

Let's plan our spending, plan our saving, hang on to our War Bonds, and keep on buying our country's Bonds add to our bank balance every payday. You know a dollar is only good until it is spent.

start when the shooting was over. On cross examination Miss Hall denied having heard of any previous trouble between Jesse Anderson and Holbrook.

Tuesday afternoon, 11-year-old Vaughan Holbrook told of seeing Jesse Anderson running up the hill from the scene of the shooting. Raymond Anderson, 18, was the only defense witness to testify. He as driver of the wagon explained his failure to reach the top of the hill in the time intervening between his passing of the Holbrook home and the shooting by saying the road was in bad condition and that his team had to rest, often after a pull of only 25 or 30 feet. He said his brother overtook him and Hall after they had passed the Holbrook home and that soon thereafter Holbrook came following them at a half-run. "Johnny said something I couldn't understand and Jesse asked him what he meant. 'I'll show you what I mean,' he quoted Holbrook as saying. 'I'll kill all three of you—'."

Both Holbrook and Jesse Anderson thrust their hands under their coats, he added, Anderson drawing a revolver and firing. He denied having seen the weapon before or since and on cross-examination admitted he did not see a weapon of any kind in Holbrook's possession. Commonwealth witnesses claimed Holbrook was unarmed.

Commenting on the case before rendering his decision on the motion for bond, Judge Hill said, "I've always felt I have been too strict on the question of bond in these felony cases, but taking the life of a human being is a serious thing . . . According to the proof, Holbrook was unarmed, with no means of protecting himself. But this is one of those cases where there were not many witnesses. This may be one of the worst cases in the country . . . but here I do not have proof showing that the killing was without provocation."

ACCURATE as clockwork
CLEAN as a whistle

THERE'S a nationwide swing as shown by surveys to make the kitchens of America "All Electric."

As soon as equipment is available, millions of women will buy electric ranges—and for sound reasons of health, economy and convenience. The electric range is a precision device; it cooks by clockwork with measured accuracy. By simply turning a switch to a positive position you do away with guesswork—you can always duplicate successful results.

And clean—it simply pours heat into the cooking utensil—there is no flame to blacken pots and pans—to soil your walls and draperies.

And with all, it's inexpensive. With our low rates, it costs only a few cents a day to cook electrically.

To the Voters of Ward 2, Prestonsburg:

I wish to thank each and every one of you who voted for me for member of the City Council of this city, and to those who did not vote for me, I assure you there is no hard feeling or ill will.

Mr. Laferty stated in last week's issue of this paper that he was the main issue of that campaign. Now, the main issue was, so far as I am concerned, to clean up the town. I have found that I can step one block from my home and find a game of poker almost every night in the week and just about one block and a half from the city hall. I can step one-half block from Conley's Cafe that they made their main issue in their campaign and find a game any day, with the cards and money on the table. I can name you different places in this town where I can buy beer any hour day or night, even election days or Sundays. I can name you places in this town where I can buy bootleg whiskey any day in the week or any hour of the day or night. I can show you places in this town where men and women get drunk and bed together, and not man and wife, either. And these places are so full of the germs of venereal diseases it would be dangerous for decent persons to stick their heads in.

I can say it and back it by the Kentucky statutes that they don't have a legal, qualified policeman in this town that will anyways near fill the qualifications of a policeman. The law plainly tells us that they must live in the state 12 months and in the city 60 days and a legal voter in that city, and the law forbids the policeman of any city from taking any part in the election of any candidate for office.

Now, what is a good American? A man that will stand up for his rights and abide by the law. So be not deceived, God is not mocked, for whatsoever a man soweth that shall he also reap.

So I can live happy among them but I don't partake of their evil ways.

So I thank you again.

(Adv.) JAMES DEWEY CONLEY

SELF-REGULATION

Proved in action..

Experience, according to the old saying, is the best teacher. It obviates trial-and-error methods and points out the most practical means of successful accomplishment.

The Self-Regulation program, sponsored by Kentucky brewers, has proved increasingly successful throughout its experience of over five years. Its favorable influence is felt by licensed retailers of beer in every community in the State. Its purpose—and always has been—to see that all dispensers of malt beverages recognize their social responsibilities and abide strictly by the letter of the law. It has raised the standards of beer retailing in Kentucky to an all-time high. It's a program that works.

It's Big-It's Beautiful-It's BUICK

THIS, we reasoned, is no time to offer folks a car that stops with artful face-lifting.

It has been nearly four years since our last new Buick was built — it wouldn't be shooting square now to give you less than our honor-bright best.

So we overhauled our whole factory to advantage it with the latest in war-developed machines and processes.

We scoured the country for the stoutest metals anyone can buy today.

We set ourselves precisions

that in some cases exceed those of aircraft engine production.

And we eagle-eyed every one of this Buick's 12,000 parts to see if it could be bettered in any way, big or little.

The result is that through every stunning inch of this bright new honey runs solid, dependable Buick character, honest and uncompromised.

It's in swift clean lines. In seats that are three-persons wide. In stout, time-defying frames and underpinning. Above all — in the lift and life of a Fireball

straight-eight that's even livelier than in 1942.

The cars your Buick dealer will have are big. They're beautiful. They're Buicks.

In fact — the best Buicks yet!
