

WORK ON DAM TO START SOON

Influx of Engineers, Workers Presents Housing Problem

Prestonsburg's already-critical housing situation was intensified this week by the announcement that between 40 and 50 residences will be needed for families of U.S. engineer corps members and of key men needed by the contractor who offers the successful bid on construction of the Johns Creek dam.

A representative of the U.S. District Engineers office, Huntington, W. Va., was here Wednesday seeking to rent or purchase a home for a resident engineer who will be in charge of the big flood control and conservation project.

'NO CONTEST' IS PREDICTION

Observers Hold Time For Proof-Taking Already Expired

Students of election contest laws in the county—and there are many of them—were predicting this week that the two contest suits that are a "hangover" from the last November election are null and void.

Although Special Judge Roy Helm, Hazard, a former Circuit Judge and during his college days a Rhodes scholar, postponed a decision till next Monday, giving both contestants and their attorneys full time for a hearing, confidence was expressed the 1944 Kentucky Statutes' 30-day limit for beginning of taking depositions for the plaintiff voided the two suits.

The 30-day period for taking evidence expired for Mollie Conn, contesting the election of incumbent Dewey Roberts for the District Magistrate's office, on Jan. 4. Expiration date for hearing of evidence on the part of Dial Salisbury, who filed a contest suit against Sheriff Troy B. Sturgill expired Jan. 8.

Joe Hobson, Prestonsburg attorney, who with County Attorney W. W. Burchett represented both contestants, contended that, since the time limit for evidence has expired without a motion for extension on the part of contestants, the court is without jurisdiction to extend the time for hearing of evidence because "the court cannot extend something that does not exist."

J. L. Harrington, Paintsville attorney, counsel for Dial Salisbury, was not present, nor was his client, Joe P. Tackett, local attorney, represented Conn and reported that his client, notified on the preceding day that a hearing would be held Tuesday, had told him he must be in Huntington on Tuesday but that he could be here Wednesday.

Mr. Tackett argued, on behalf of his client, that he had sought to have Henry Stephens, Jr., prior to expiration of his term of office as Circuit Judge, set down a date for hearing of evidence in open court. Mr. Tackett said he was unsuccessful in this undertaking, Judge Stephens preferring to let Judge Hill handle it.

DEFERMENT FOR STUDENTS

Of High Schools May Be Gained Till 20, Board Announces

Upon releasing its January induction list this week, Draft Board 44 here pointed out that induction of high school students will be postponed until they graduate or till their 20th birthday, whichever occurs earlier.

Students who receive induction or pre-induction notices must file a request for postponement at once if they desire a stay of draft action.

Twelve selectees have been notified for induction Jan. 24. They are: Joe Alex Bingham, Prestonsburg; Jack Linden Conn, Betsy Layne; John Henry Meador, West Prestonsburg; Clifford Howard Book, Auxler; Dewey Martin, Harold; Fred Hall, Allen; Robert Eugene Harris, Prestonsburg; Gordon Fox Homes, Prestonsburg (now of Berea, Ky.); Charles Donald Leake, East Point (now of Pontiac, Mich.); John Pitts Steffey, Tram; Charles Edward Scalf, Tram; George Lindsey Stephens, Prestonsburg.

Thirty are to leave Jan. 28 for pre-induction examination at Huntington. Names and addresses of these follow:

Elza Gayheart, Prestonsburg (now of Newport News, Va.); Walter Crum, Ivel; Sherlie Narvol Hale, Harold; Bennie Curt Jones, Grethel; Richard Akers (V), Grethel (re-

PLANS DRAWN FOR 2 GYMS

But School Building Program Holds No. 1 Priority with Board

If the Weeksbury, Lackey, Melvin and Betsy Layne school building program were out of the way, the Floyd County Board of Education would show the rest of Big Sandy something really new for the section in the way of high school gymnasiums.

This became evident this week as THE TIMES learned of plans drawn by Herman Dean, Huntington, W. Va., architect, for gyms in the long-range planning stage for Wheelwright and Martin.

Instead of wood structures, these two gyms would be of brick, 125 by 100 feet. Each would seat 2,000 persons. Besides the regular playing floor of 50 by 85 feet, fold-away seating would permit two practice courts covering an area of 70 by 40 feet. Balcony would extend along both sides. All the dressing rooms and toilet facilities would be in the basements of the buildings.

Sounds great—what every school in the county should have—but the Superintendent's office here is committed to the job of completing school buildings under way or already planned. But the plans are ready when the present program is completed—or if, perchance, some federal building help comes along sooner.

2 DIE AS CAR TAKES PLUNGE

Down Mountainside On Left Beaver Cr. Late Sunday Night

Jesse Justice, 29 years old, of Wheelwright, was instantly killed and Fred Little, 26, also of Wheelwright, was fatally injured Sunday night at 11:30 o'clock when the automobile in which they were driving across Abner mountain, en route home, overturned and rolled 200 feet down the mountainside.

Little died two days later at the Methodist hospital, Pikeville, of a broken neck and internal injuries. Justice's neck also was broken.

Mr. Little, a truck driver, was a son of Mr. and Mrs. Willard Little, of Wheelwright, and was a veteran of World War II. He is survived by his parents, two brothers and two sisters; Ellis and Vester Little, of Wheelwright, Mrs. Nina Hall, of Melvin, and Mrs. Lorene Ross, Wheelwright.

Justice, a painter, was a son of Mr. and Mrs. Mat Justice, of Millard. He is survived by his parents, his widow, Mrs. Myrtle Rowe Justice, two sons, James and Jesse Justice, Jr., and the following brothers and sisters: Ballard, Ellis and Cephus Justice, of Millard; Cpl. Flem Justice, stationed with the army in Mindelheim, Germany; Mrs. Oesie J. Bevis, Misses Martha, Maxie, Elba and Ruby Jean Justice, all of Millard.

Both funerals were directed by the Call Funeral Home.

Seven-Year-Old Boy Burned In Mine Explosion, Victim

A seven-year-old boy died Wednesday at the Beaver Valley hospital, Martin, of third-degree burns suffered in the explosion of a "country" coal mine near McDowell Tuesday night at 9 o'clock.

The victim, Wilbur L. Moore, died at the hospital at 2 o'clock Wednesday morning.

Critically burned in the explosion was his father, Monroe Moore, of McDowell, whose condition was described as "touch-and-go." The third man in the mine at the time of the explosion, Walker Gearheart, also of McDowell, was severely burned but is expected to recover. He also is a patient in the Beaver Valley hospital.

The two men were working the "coal bank" for their own fuel, it was said.

Surviving the young victim are his father and two brothers, Ernest and Walter. Funeral will be conducted today (Thursday) at Drift, the Rev. Ed Mosely officiating. Burial at Orkney was under direction of the Ryan Funeral Home.

HALL TO LEAD FUND DRIVE

In County for Red Cross; National Goal Is Set At 100 Millions

Palmer L. Hall, Prestonsburg, a veteran of World War II, will be chairman of the Red Cross fund drive in this county, it was announced this week as representatives of all the state's chapters prepared for meetings in five centrally-located cities to plan the drive which will be held during March.

Mr. Hall, Miss Ella Noel White, executive secretary of Floyd chapter, and Mrs. F. L. Heinze, Prestonsburg, will represent this county at the pre-campaign meeting to be held in Mt. Sterling Friday when the Montgomery county chapter will be host to 21 chapters of as many counties.

While the national fund goal of \$100,000,000 and Kentucky's quota toward that goal will be discussed at Friday's meeting, emphasis will be placed on increasing the membership to meet broadening responsibilities of Red Cross. The organization not only must continue its services to members of the armed forces at home and abroad, but must meet the needs of the returning servicemen and women, and their families. In addition, increased emphasis will be given to the educational services of Red Cross, including first aid, water safety and accident prevention, home nursing and nutrition. The need for carrying on all these services is emphasized under the slogan for the 1946 campaign—"Your Red Cross Must Carry On."

Major indictments returned following: Harold and Hillard Hamilton, shooting and wounding of Andy Hamilton, \$5,000 bond asked for each; Luther Robinson and Kenneth Gene Stratton, petit larceny in the disappearance from the home of Mollie Conn of \$14 in cash; George Conn, carnal knowledge of a female under 16, accused of staying in a Prestonsburg hotel room with a 15-year-old girl, bond set at \$4,000; D. B. Henry, false pretenses, alleged to have procured from R. J. Dingus \$20 on a cold check; Tuley Salisbury, (See Story No. 1, Page 5)

Engravings of photographs have been delayed in the mails this week and so pictures scheduled for publication will not be published till next week.

TO HOLD COMMUNITY SING
A Community Sing will be held at the Wayland Methodist Church Monday evening at 7 o'clock under sponsorship of the Youth Fellowship group, it was announced this week.

New Net Conference To Stage Tournament At Wayland, Feb. 4-5

First tournament to be staged by the new Mountain Basketball Conference will be held at Wayland, Feb. 4 and 5, it was announced this week by L. B. Price, coach of the Wayland team. The conference is composed of only four teams—Wayland, Garrett, Hindman and Carr Creek—but other teams are expected to join by opening of the next net season.

The tournament schedule: Garrett vs. Hindman, 7:30 p.m., Feb. 4; Wayland vs. Carr Creek, 8:30 p.m., same evening. The consolation and championship games will be played at the same hours on the following evening.

TAVERN RULE IS EFFECTIVE

Sheriff Tells Deputies His Enforcement Order Is 'No January Flurry'

All was quiet on the roadhouse front throughout Floyd county, the Sheriff's office here declared this week.

With opening and closing hours fixed by County Judge Alex L. Davidson as his first official order upon entering office Jan. 7, Circuit Judge Hill supporting him and Sheriff Troy B. Sturgill pledging enforcement of the order, deputy sheriffs Saturday night patrolled every section of the county in which roadhouses are located. There were no known violations, Sheriff Sturgill declared this week.

"This is no little January flurry, our shut-down on illegal roadhouse operation," Sheriff Sturgill told around a dozen of his 17 deputies at a meeting he had called last Saturday afternoon for the purpose of explaining and defining his and his deputies' duties. "And it is no spring shower. I expect you to perform your duties through the next four years. The people had confidence in me and I had confidence in you; otherwise, none of us would have been in office. Any time you fail, you know that you are considered automatically fired."

Sheriff Sturgill also stressed the general clean-up of crime conditions in the county and enforcement of the law on reckless driving.

The Sheriff told THE TIMES this week he has had the co-operation of every policeman and every town council in Floyd county in his efforts to enforce the roadhouse closing order.

Girl, 15, Victim Of Tuberculosis

Fifteen-year-old Letha Spears died at McDowell Monday, a victim of tuberculosis. She became ill while a student in the McDowell consolidated school.

The victim was a daughter of the late Mr. and Mrs. Lin Spears, of McDowell. She is survived by three brothers and three sisters.

Funeral rites were conducted Wednesday evening, the Revs. Bert Hall and Dick Moore officiating, and burial in the family cemetery was directed by the Ryan Funeral Home.

Francis' Store Moves To New Building

The Francis Store this week moved into its new building, next door to the Abigail Theatre, and today (Thursday) was doing business in the new location. With the move the firm name was changed from Francis Cash Store to Francis' Store.

The store, one of the oldest in Prestonsburg, has for the last 15 years occupied a part of the Layne building on Court street. Formal opening in the new location will not be held till installation later of new fixtures.

Spurlock and Vance, New Insurance Firm

Announcement was made this week that Richard Spurlock and Jimmy Vance have supplanted the Hatcher Insurance Agency here as a representative of the Kansas City Life Insurance Company.

Mr. Hatcher continues his connection with the company as state manager of West Virginia and has moved to Huntington, W. Va. Mr. Spurlock is assistant state agent for the company and Mr. Vance, a former professional baseball player and bomber crewman during World War II, is district agent.

NOT GUILTY PLEA MADE IN SLAYING

Robinson Named on 2 Murder Counts, Also As Habitual Criminal

Except for his indictment on separate wilful murder counts in connection with the slaying, early last Thursday morning here, of Police-man Albert (Davey) Horn and Orbin Moore, Lonnie Robinson was comparatively undisturbed in his cell at the county jail this week.

He entered a plea of not guilty Wednesday, day after the two indictments, accompanied by indictment under the Habitual Criminal Act, were returned by the grand jury on evidence produced by Chief of Police Epp Laferty. No date for his trial had been set Wednesday; motion for bail had not been entered; he had no attorney.

Commonwealth's Attorney John Chris Cornett said Robinson's trial may be possible at this court term by docketing it for the Friday and Saturday at the end of the month.

Meanwhile, blood type comparisons and ballistics tests are being made by state highway patrolmen. Capt. Blades and Capt. Ford Hall continued through last week a probe into the slaying of the two officers, seeking to identify other persons believed to have knowledge of the crime. Local taxicab drivers failed to supply under persistent questioning information as to identify of the automobile at the scene of the shooting when the officers were slain.

Body of Moore was returned last week to Prestonsburg from Abner Fork and bullets removed from his body. The two bullets, Chief of Police Laferty said, were copper-jacketed and of the same calibre as that removed from Policeman Horn's head.

Funeral rites for Policeman Horn were conducted Sunday from the Assembly of God Church, West Prestonsburg, the Revs. G. R. Fannin, Isaac Stratton and W. H. Horn officiating. Burial was made in West Prestonsburg cemetery.

Body of Moore was taken to Abner Fork, near Melvin, where funeral rites were held Monday.

Burials of the two policemen were directed by the Arnold Funeral Home.

POWER FIRM CUTS RATES

Rural Line Extension Permit, REA-Contested, Renewed for One Year

Rate reductions totaling \$213,000 have been made by the Kentucky & West Virginia Power Company for electric power users of this and other sections it serves and approval of the cut has been made by the State Public Service Commission, it was announced last week.

Commission Secretary P. H. Hyden, announcing the action, said the power company offered it in response to the commission's order of last December for utilities to show cause why they should not reduce their rates in view of discontinuance of the federal excess profits tax.

Kentucky & West Virginia Power Company serves commercial, industrial and domestic consumers in Eastern Kentucky, including many rural ones in Floyd, Boyd, Breathitt, Carter, Greenup, Johnson, Knott, Lawrence, Leslie, Martin, Perry, Pike and Rowan counties.

Hyden said the company would report later on the details of the overall \$213,000 reduction.

Kentucky & West Virginia Power Company reported that under a commission order of last January empowering it to build 1,182 miles of rural lines to serve 7,003 consumers, it had completed 406 miles to serve 2,764. In addition it has built 102 miles of short extensions, for which no permits are required, to take electricity to 1,176 homes. Total cost of the 508 miles was given as \$916,000. The remainder of the 1,182 miles is under construction or in process of being made ready.

Permits for the work were granted on a 12-month basis, and Hyden announced the permits were renewed. The courts are to say finally about the extensions, Hyden explained, since several rural electric co-operatives have filed suit contesting the right of the Kentucky & West Virginia Power Company to expand into what they claim as their territory.

SHINED 'EM
Shaking this backwater mud from ample hoofs is, to my way of thinking, a bigger task than that of the old custom of shaking the dust. After lugging the stuff around for days, I began calling on the shine parlors. But they were all innocuously desuetudinous—if that's not spelled right, I mean, not working, gone fishing or somers, because of high water. And so it went till I met a certain individual who shook me from my lethargy and out of the mud by remarking:

"Well, my friend, looks like you've finished your spring plowin' already!"

AND SO TO BED

Some folks, who are envious of others who are punctual in their habits, have biting remarks to make sometimes. One of the former, last week, said of one of the latter: "Til bet that bird goes to bed by the alarm clock."

ULTIMATUM

After Representative Jerry Fonce Howell had received the congratulations of this office upon being chosen over Ex-Congressman John Young Brown for Democratic floor leader of the House at Frankfort, his "whoop-and-holler" neighbor, Senator Doug Hays, chairman of the Senate Ways and Means committee, solemnly declared:

"If cities of the first class want consideration at this term of the Legislature, they're sure gonna have to give the cities of Gearheart and Bristle Buck consideration first."

SMITH GRANTS BANK CHARTER

Institution Expected To Open for Business Within 60 to 90 Days

Its charter approved last week by State Banking Commissioner H. H. Smith, the First Guaranty Bank of Martin, this county, will open for business within the next 60 to 90 days, one of its five stockholders said here this week.

The institution was capitalized at \$50,000, with a surplus of \$50,000. Incorporators are W. J. Turner and B. F. Reed, of Drift; Lawrence Keathley, Martin, John Allen and Glenn C. Spradlin, both of Prestonsburg.

Work is to be started within the next few days, it was said, on a bank building to be located between Mahood's Drug Store and the lot on which Lawrence Keathley is now building a theatre.

G. C. Spradlin, one of the stockholders, who resigned his position as a state bank examiner Jan. 1, will be cashier of the bank. Mr. Spradlin is a former executive vice-president of the First National Bank here.

The bank building to be constructed will be of brick and the building and equipment will cost \$20,000, it was estimated. Stockholders now are negotiating for purchase of a vault of the most modern type and lock boxes.

The bank has also applied for membership in the Federal Deposit Insurance Corporation, which insures deposits up to \$5,000.

Dr. Claude Allen, of Martin, was here Saturday on business.

Catechism for Good Citizens

THE TIMES this week received from two groups of Floyd citizens letters expressing a sentiment in which every worthwhile citizen should concur. For they commend the aims and purposes stated in this newspaper last week by the new Circuit Judge, the new County Judge and the incumbent Sheriff as they began their terms of office.

These folks, and other folks like them in every community of the county, are interested in law-enforcement and peace in their several communities. Such interest is natural on the part of peace-loving citizens, but there remains some doubt if every citizen so inclined knows that more

is needed than moral support for the successful administration of these three officials' duties.

Consider the work of the Circuit Judge, for instance; determine how far you are willing to go to help him help your community and county. Can you answer affirmatively each item in this catechism?

Are you willing to serve as jurors, to forget friendship, political pull, fear of retaliation in all its forms?

Are you willing to bear witness against your neighbor if you know he is violating the law and creating conditions detrimental not only to his community but also to the county as a whole?

Are you willing for your own friends and kinsmen to suffer the just penalties exacted by the law for their misdeeds? Can you resist their importunities for help?

Will you cast your influence as good citizens always for law-enforcement, never to gain an "out" for some violator who richly deserves punishment as much as the next, although his ties of blood are more far-reaching and more powerful?

Will you try to help in the selection of juries who will mete out plain justice and desist from the old custom of pretending to "help" the courts while in truth, helping to pick jurors who can be "depended upon"?

Will you remember that every community's problem is every other's in the county?

It's a big order we folks have given these officials, it's a big one they have accepted. If we do our part and they fail us, we have a complaint we can register at coming elections. If they do their part and we fail, we will suffer far more than they. And no election, no official we may ever elect, can do us any good if we now fail.

CASH AWARD WON BY LOCAL TRAPPER
 Skillful Handling of Mink Pelt Earns Award for M. D. Ashbury in Sears 17th National Fur Show

Read How You, Too, May Win an Award as High as \$1,000.00 Cash

Proving again that "better pelt handling pays," this local trapper got an extra \$5.00 in cash—one of the Daily Awards in Sears 17th National Fur Show—and, besides, a chance to share in the big major awards!

What this trapper did, you too can do—whether or not you sell your furs through Sears Raw Fur Marketing Service. For Sears Fur Show offers, this season, a total of 942 cash awards, including the First Award of \$1,000.00 for the best handled pelt of all.

942 Awards—\$7,590 Cash

Yes, a total of 942 cash awards for fur shippers—942 opportunities to share in \$7,590.00 in cash.

MAJOR CASH AWARDS: There are ten major cash awards, ranging from \$50.00 to \$1,000.00.

SECTIONAL CASH AWARDS: There are sectional awards, too—for complete shipments of five or more pelts—one award of \$250.00; eleven of \$50.00 each.

DAILY CASH AWARDS: Finally, there are 913 daily cash awards of \$5.00 each, for pelts received during the Fur Show.

Pays You 3 Ways

Every award is in addition to the fur you get for your pelts.

Sears can be depended on to pay you top prices.

If you don't win an award, Sears enhances the value of your furs.

The real reason for the success of the Raw Fur Show with the \$7,590.00 in pelt handling, is the value of America's furs—millions of dollars worth of every year.

Get In—It's Easy

Every fur you ship to Sears, during the term of the Fur Show, is automatically considered for awards.

Moreover, only the handling of the pelts counts; not the kind of fur, not its value.

So this season, why not try for some big extra money? Remember, everybody has an equal chance. You have everything to gain—nothing to lose.

When your furs are ready, ship them to Sears, Roebuck and Co., Raw Fur Marketing Service at the nearest of these points: Chicago, Philadelphia, Memphis, Dallas, Kansas City or Seattle. Thousands of trappers have earned awards. YOU CAN, too!

LETTERS TO THE EDITOR

LAUDS ROADHOUSE ORDER

Editor, The Times:
 After reading a recent issue of The Times in which Hon. Alex Davidson expressed his views and gave an account of his first official order reducing hours for roadhouses and similar places of amusement, we wish to take this opportunity of lauding him and expressing our full support in excluding lawlessness and promoting moral and physical progressiveness in our county.

We commend also Sheriff Troy B. Sturgill, who has exercised full cooperation with other officials in law enforcement.

We appreciate Judge Hill's proposed law enforcement and aims toward improvement of conditions in our county. We wish to co-operate fully with these officials in the enforcement of laws to promote and protect our lives and we hope others will do likewise.

Betsy Layne Methodist Church and Sunday School

'WAIT WITH HOPE'

Editor, The Times:
 In reply to the resolutions of three of the county officials, namely, the County and Circuit Judges, along with the County Sheriff:

We, the good people of Garrett and vicinity wish to take this means of expressing our approval and to offer our wholehearted support in helping and assisting them in every way possible in carrying out their aims as listed in last week's Floyd County Times during their tenure of office.

Further, if the said officials are found trying to carry out their aims, they may expect our undivided support in the closing days of their terms as well as at the beginning.

In the past we have been promised such protection, but it never developed; or, if so, it was soon forgotten. Will this happen now? We wait with hope.

CITIZENS OF GARRETT

REGISTERS STRONG PROTEST

Editor, The Times:
 Being uneducated and never being able to have a glance into the inner sanctum of higher education, there are a few questions that trouble the slow wits of a few of us voters and taxpayers of Floyd county.

In the beginning we were created equal. But are we today? I have reference to our school system. Do country pupils or high school students who live in rural districts have equal chance?

Our high school in Prestonsburg begins classes at 8:15 a.m. The country children seldom get to school before 9 a.m. or three-quarters of an hour or longer after classes begin. One school bus driver told me that the Board would not buy chains for school buses that should make rural runs when there is ice or snow on the road.

The question that troubles my befuddled brain is this: Do our school officials have our children at heart—or, are they more interested in their salaries and perpetuating themselves in office?

Can a Latin student miss as much as four days a week (for the lack of transportation) and still make passing grades, or will they be given passing grades just to make every one happy while the student is left holding the bag? Where is the blame?

Who are ethy who are cheating, wronging and defrauding these men and women of tomorrow? Is it any wonder that down through the years Kentucky has been known throughout the nation for her illiterate and uneducated?

Again January 14, and no bus. And first semester examination at Prestonsburg high school.

And what of the grade school children who stand by the roadside in the sub-zero weather, waiting for the school bus that never runs? Why don't we put on a few more high-salaried truant officers to compel the children to go to school three, four or five miles on foot?

I'm not bellyaching just to have something to gripe about. But I do have guts enough to speak my piece, and the thoughts of many more who don't have.

I do not know where to place the blame, but many rural fathers and mothers do think perhaps we should begin to find out when there will be another election for the purpose of electing new members to the Board of Education.

Caddy Congratulates Big Sandy Association Operators on Record

H. S. Homan, secretary, Big Sandy Coal Operators Association, Saturday announced receipt of a telegram from Sam Caddy, president of District 30, United Mine Workers, complimenting members of the Association for their 100 per cent record in carrying compensation to protect their employes from injuries and mine disasters.

Mr. Caddy said he "feels reasonably sure all mines in the Big Sandy field" will agree by Monday to provide insurance protection for their coal miners.

Caddy said he received a telegram from Tom Roney, Pikeville, saying that 19 of 29 truck mines in the Big Sandy field had agreed to provide such protection for their men. Reports from the other 10 are expected over the week-end, Caddy indicated.

Roney, international union board member for District 30, has been contacting operators of the mines which were not covered by workmen's compensation insurance or a similar form of protection for their men.

Caddy said there are about 70 "unprotected" mines in District 30, with 29 in the Big Sandy field, and about 30 or so in the Hazard field.

HERE'S WHY you'll want the B. F. Goodrich Silvertown OUTWEARS PREWAR TIRES!
It has been proved. More than 2,000 tests and nearly 17,000,000 miles of the toughest kind of road service showed that this new B.F. Goodrich Silvertown will Outwear Prewar natural rubber tires.
New, better rubber. B.F. Goodrich has developed a rubber that's far better than ordinary synthetics. It helps the new Silvertown wear better and run cooler. It has greater resistance to cracking—and actually stands bruising and damage from accidents better.
Tire body 35% stronger. An entirely new, stronger cord is used, more of these cords are used in the top ply, an extra shock-absorbing breaker strip is included. The result: a body that is 35% stronger for additional resistance to bruises, extra blowout protection.
Flatter tread covers more ground. Called the "road level" tread, it puts more rubber on the road, permits all the tread to share the wear. Result: a further increase in mileage, less scuffing, better distribution of weight, better traction, more safety on the turns.
Plus 3 years' EXTRA experience. Three years before any other manufacturer, B.F. Goodrich sold tires containing synthetic rubber to American car owners. The extra know-how piled up in these years is reflected in the new B.F. Goodrich Silvertown.

Well-Known Allen Woman Is Victim In Her 56th Year

Mrs. Myrtle Hall Stephens, years old, widow of D. B. Stephens and member of a well-known county family, died Wednesday morning at 7:25 o'clock in the Samaritan hospital, Lexington, following an illness of several months. News of Mrs. Stephens' passing was received by hundreds of relatives and friends in this section with sorrow.

She was a daughter of For County Judge Malone Hall and late Anna Leslie Hall, of Allen, was born at Banner. She at one time resided in Prestonsburg, later going to Allen where she and Mr. Stephens took a prominent part in development of the community. Mrs. Stephens was a member of the Allen Methodist Church for years and was one of the section's best women. Her husband died in 1943.

Surviving, besides her father, Judge Hall, of Allen, are one daughter, Mrs. F. A. Maggard, of Lexington, one brother, F. C. Hall, Prestonsburg, and two grandchildren.

The body was returned Wednesday to the Stephens residence at Allen from which funeral rites will be conducted at 10 o'clock Friday morning at the Revs. Isaac Stratton, L. E. W. and J. E. Felty officiating. Burial will be in the Jones cemetery, near Allen, to be directed by the Arnold Funeral Home.

Former Superintendent Of Mine, Heart Victim

Jesse Price Small, 78 years old, died Sunday at his home at Harold following an illness of several months of heart disease and complication.

A native of Richardson, Ky., Mr. Small, a retired mine superintendent, had resided at Harold for the last 30 years. He was a member of the Masonic order and was a good citizen. His wife, Mrs. Mary Emma Small, died 17 years ago.

He is survived by his four sons and two daughters: C. W. Small, Logan, W. Va.; Edgar Small, Nashville, Ill.; Earl Small, Kenova, Va.; L. S. Small, Harold; Mrs. Anna Hatcher, Pikeville, and Miss Myrtle Small, Harold. Two brothers and two sisters also survive.

Funeral rites were conducted Tuesday from the residence and the body was taken Wednesday by the Call Funeral Home to Richards for burial in the family cemetery.

84-Year-Old Resident Of Bevinville Dies

Funeral rites for Henry Hall, 84 years old, who died at his Bevinville home Jan. 8 of infirmities of age, were conducted last Thursday, seven ministers of the Regular Baptist Church—Revs. Jerry Hall, M. C. Wright, Mac McCloud, Bud Johnson, Tom Stone, Ellis Moore and Willie Bates—taking part in the services at the home and the grave in the Painter Harve cemetery, Melvin. Burial was under direction of the Ryan Funeral Home.

Mr. Hall was a son of Mr. and Mrs. Marshall Hall, pioneer residents of Knott county. He is survived by six daughters and two sons: Mrs. George Breeding, Hi Hat; Mrs. Oliver Meade, Bevinville; Mrs. Sam Adams, Drift; Mrs. Seland Hall, Topmost; Harve Hall, Whitesburg; Mrs. Monroe Hall, Topmost, and Mrs. M. C. Hall, Bevinville.

Mr. and Mrs. Woodrow Holbrook, of Williamson, W. Va., Mrs. W. B. Given and Mr. and Mrs. Bud Hatton were recent dinner guests of Mrs. B. P. Friend.

Capt. Chandler Hurt Seriously In Japan

A Christmas Day near-tragedy involving a Floyd countian in Japan was reported this week.

Dr. and Mrs. T. J. Chandler, of Betsy Layne, learned through Dr. Ralph Allen, a former resident of Harold, near Betsy Layne, that their son, Capt. Clinton Chandler suffered a fractured skull and broken legs in a vehicle wreck, Dec. 25, while with occupation forces on the Japanese mainland.

Parents of Capt. Chandler later were notified his condition is improved.

Probst-Burke Vows Said at Kenosha, Wis.

The wedding vows of Miss Jayne Mary Probst and 2nd Lt. Winston Layne Burke were exchanged at 3 o'clock on the afternoon of January 5, at St. George's parsonage, Kenosha, Wisconsin.

The bride wore an ivory satin gown with high neck and yoke of net and a fingertip veil held by a coronet of pearls. Her only jewelry was a pearl necklace, a gift of the groom. Her French bouquet was of white rosebuds, intermingled with baby-white mums. The maid-of-honor, Miss Betty Probst, sister of the bride, wore blue net over blue taffeta. Her French bouquet was of yellow rosebuds with yellow mums, a band of the same flowers worn in her hair. Miss Alice Gray Burke, sister of the groom, was the only bridesmaid. Her gown was rose net over rose satin. Her bouquet was pink rosebuds and white mums, the same flowers worn in her hair. Mrs. Henry Probst, mother of the bride, wore a black net with a black hat, embellished with sequins. Her corsage was of gardenias. Mrs. Edmund R. Burke, mother of the groom, wore a black crepe satin gown with hat of fuschia velvet and her corsage was of pink camellias. The groom's attendants were Lt. Russell Folio, of Clarksburg, W. Va., and Lt. Walter E. Brunkow, Portland, Ore.

Following the double ring ceremony, an elaborate reception was held at the home of the bride's parents, Mr. and Mrs. Henry Probst. Their honeymoon was spent in Milwaukee, Wisconsin, before going to Scott Field, Illinois, where Lt. Burke will be stationed.

Mr. and Mrs. E. R. Burke, parents, and Miss Alice Gray Burke, sister, of the groom, and Mrs. Frank H. Layne, his aunt, attended the nuptials.

Madison-Holcomb Vows Said at Ashland, Ky.

Miss Anna Reed Madison, daughter of Mr. and Mrs. V. H. Madison, of Scottsville, Ky., and Mr. Harold R. Holcomb, of Huntington, W. Va., son of Mr. and Mrs. H. H. Holcomb, were united in marriage at Unity Baptist Church, Ashland, Ky., on Dec. 27. The double ring ceremony was performed by the Rev. L. H. Tipton in the presence of a few close friends and relatives. The bride wore a street-length dress of pastel pink crepe and black accessories. Her shoulder corsage was orchids. The matron of honor, Mrs. Bob Stalnaker, of Huntington, W. Va., wore a gray wool suit, with black accessories and a corsage of white camellias.

The best man, John W. Gold, of Huntington, had spent four and a half years in military service with the groom. Mrs. Holcomb is a graduate of Scottsville high school and for the last two years has been employed by the U. S. engineers in Columbus, Ohio.

Mr. Holcomb was graduated from Prestonsburg high school and attended Marshall College in Huntington, W. Va., before entering the army.

After a reception at the home of Mr. John W. Gold, the newlyweds left on a wedding trip by motor through Tennessee and North Carolina. On their return they will reside in the Kaminski apartments in Pikeville, where the groom will be connected with his father in the drilling business.

Ralph Archer has returned from Scottsboro, Ala., accompanied by Mrs. Archer and daughters, Georgia and Emma. Mrs. Archer will remain here with Mr. Archer at the home of his parents, Mr. and Mrs. G. P. Archer.

Formidable Opposition To Be Offered P'burg By Wayland Quintet

Despite a 47-43 defeat at Wheelwright Saturday night in an overtime period, this Wayland basketball team that's scheduled for an appearance here next Tuesday evening is the "genuine article," the season's records show.

The Wildcats lost their first game of the season at Betsy Layne by one point, then dropped their next game to McDowell, at home, by the same margin.

That was on Oct. 27. Since that time, Wayland went undefeated till last Saturday, meanwhile defeating Hindman, Vicco, Garrett, Paintsville and other teams of the county and section. After licking Paintsville, 50 to 42, at Paintsville last Wednesday, the Right Beaver Creek boys edged out Vicco, one of the most powerful of Eastern Kentucky fives, Friday night at Wayland, 35-34.

Mrs. J. F. Ribble left Thursday for Washington, D.C., for a visit with Mr. Ribble, who is employed there.

Nazis Called 82nd 'Devils With Baggy Pants'

Floyd Countians Listed on Roster Of Famed Outfit

United States Army records list it simply as the 82nd Airborne Division, but the Nazis knew its members as "devils with baggy pants," who dropped from the clouds, with disastrous results to the enemy, onto the battlefields of Sicily, Italy, Normandy and the Low Countries.

When the division landed recently at a New York pier, as a preliminary to a triumphant parade up Fifth avenue Saturday, Kentuckians shared the nation's pride in the rough-and-ready outfit which included, during its 371 days in combat, more than 200 officers and enlisted men who call Kentucky home.

The division's roster of Kentuckians include:

Virgil Patton, Alphoretta; James C. Dorton, Ashland; John L. Thompson, Benton; Arvel Adams, Berea; Thomas Crump, Bonnieville; Glendall H. Carol, Bowling Green; David P. Stoltz, Buechel; Thomas C. Ewing, Catlettsburg; William Witi, Jr., Chappel; Isaac L. Copas, Coe; Arthur Blake, Dewitt; Frank W. Black, East Bernstadt; Ernest W. Rudolph, Elkton; Bernard J. Atha, Elliston.

Edgar C. Candill, Elliottsville; Ralph H. Hopping, Erlanger; Berle H. Brimmer, Everts; Robert Williams, Fancy Farm; William D. Harrod, Frankfort; J. C. Gregory, Franklin; Allen D. Garnett, Fredonia; Taylor McElfresh, Germantown; James M. Carey and Maurice H. Long, Harrodsburg; Buford A. Smith, Hazard; Richard B. McClendon, Hopkinsville. Leroy J. Eisenback, Jeffersontown;

Federal Inspector Commends Floyd Mine

A federal coal mine inspector has commended the 36 workers and officials of the Harmon Branch Coal Company's relatively new 100-ton-a-day Caudill No. 2 mine, opened in July, 1945, near Betsy Layne, for adopting several recognized safety practices, the Bureau of Mines announced recently in a safety report based on an original government inspection of the mine a few weeks ago.

Although Inspector Russell Shaw enumerated the number of praiseworthy features of the mine, he also suggested additional safeguards to increase protection for life and property.

Among the commendable features were adequate ventilation and effective use of line brattices, daily pre-shift examination of the mine for gas and other hazards, adequate clearance along haulageways, use of incombustible stemming with explosives, employment of shot-firers to blast coal when all other men are out of the mine, wearing of protective hats by all employees, well-installed hoisting machinery and surface haulage tracks, and promotion of a safety group with periodic open-forum meetings of employees.

To supplement these practices and conditions, Inspector Shaw advised posting and stricter enforcement of systematic timbering rules, approved roof testing, exclusive use of permissible explosives in a permissible manner, replacement of open-flame lamps with permissible electric cap lamps, a ban on smoking underground, incombustible stoppings in coursing air, adoption of a coal-dust control program, wider use of safety-toe footwear, and certain safeguards for electrical installations.

'Christianity in Education,' Topic of Minister's Address

'Christianity in Education' was the subject of the Rev. W. B. Garratt, pastor of the Methodist Church here, in his address as guest-speaker at the meeting of the Prestonsburg Woman's Club.

The meeting was held at the home of Mrs. W. A. Rose, with Mrs. A. C. Harlowe presiding. At the business session the club adopted for its December project the sending of food to war sufferers overseas.

Guests were Mrs. Harry Ranier, Mrs. W. R. Callihan, Jr., and Miss Requa Kincer. Fourteen members were present. The hostesses, Miss Margaret Elizabeth May and Mrs. A. B. Combs served a dessert course.

From Our Schools Come New Leaders

Agriculture looks forward with confidence to tomorrow because its youth is being trained properly today.

Our United States public school system has taught scientific agriculture to millions of boys and girls in the vocational agriculture courses of nearly 10,000 rural high schools. Here students learn the improvement and proper use of the soil which is our basic wealth; how to produce ton liters of pork in less than six months; the care and repair of farm machinery; and many other vital things.

Such studies create an interest in research and this is important—for scientific research is vital in agriculture and other industries. Science has been back of the development of modern farm machinery; of cows that produce

15,000 pounds of milk; hybrid corn; breeds of beef cattle, hogs and sheep capable of converting feed into meat and fiber economically and speedily. Research in the science of agriculture is a major national resource which has contributed largely to the high standard of American living.

MEAT BUYING CUSTOMS

Bostonians like beef from heavy steers, St. Louisans prefer beef from light ones. It is of interest to livestock producers and meat packers that taste, money-to-spend, seasons, beliefs and habits all affect meat buying customs in different parts of the United States. Our new 16 mm. moving picture sound film, animated and in color, "MEAT BUYING CUSTOMS," explains these differences. Interesting for lodge, grange, school or church shows, and farm and livestock meetings. You pay only transportation one way. Write to Department 128, Swift & Company, Union Stock Yards, Chicago 9, Illinois.

THE EDITOR'S COLUMN

Several times in this space, I have invited producers of agricultural products to come and see us. As a result of this, we have had quite a number of visitors. Conversations with these visitors have been very interesting and helpful to me and have brought out many of the ideas which producers have regarding the livestock and meat industry. Some recent conversations indicated that quite a number of producers think that there are less than a hundred meat packers in the United States, in fact some thought there were as few as ten. This idea seems to come from the fact that many of them ship their livestock to only one market and are familiar only with the number of meat packing plants at that market. I am sure that it will interest all of you to know that there are more than 3,500 meat packers in the United States. In addition, there are upwards of 22,500 other commercial slaughterers. The only way those 26,000 companies and people can make money in their business is to sell meat. And to sell meat they must buy livestock. So all over the country—from Portland, Oregon, to Portland, Maine, from the Rio Grande to the Canadian border—these competing livestock buyers are bidding against each other for the essential material of their businesses—the cattle, calves, hogs, and sheep produced by American farmers and ranchers. The buyers who get that livestock are the ones who bid the highest prices in their particular areas. F.M. Simpson, Agricultural Research Department

PROVIDE PLENTY OF WATER FOR DAIRY COWS

By D. R. THEOPHILUS Head, Department of Dairy Husbandry University of Idaho, College of Agriculture

Water is practically always inexpensive and abundant, as compared to feed and labor, but nevertheless it is absolutely essential for profitable dairying.

The amount of water that a dairy cow will drink depends largely upon the size of the cow, the amount of milk produced, the type of feed consumed, and the atmospheric temperature. Milking cows need 4.0 to 5.5 pounds of water for each pound of milk produced.

Whether dairy cows are on pasture or in the barn, or are dry or milking, free access to clean water at all times produces the best results. Free access to water, in general, increases milk production over that secured when cows are watered either twice or once daily.

During the winter, or severe weather, milking cows should be watered indoors or under shelter where there is a comfortable atmosphere. If it is necessary for cows to drink from an outdoor tank, it is advisable to warm the water during very cold weather so that they will drink sufficient for their needs.

FEEDING EARLY-LAMBING EWES

To develop good milk-producing ewes, and therefore good early lambs, winter feeding is important. Feed them plenty of top-quality legume hay and just enough grain to keep them in good condition, gaining a little weight. And don't forget exercise. It makes lambing easier and helps save a higher percentage of lambs.

A RECORD TO BEAT

Who will be America's Star Farmer of 1946? He'll have to be good to beat the record of Gordon Eichhorn of Marion County, Ohio, who won this top award of the Future Farmers of America at their 1945 National Convention last fall. A high school freshman in 1939 with one sow, two steers and 26 sheep, Gordon now has 60 hogs, 90 sheep, 1,500 chickens, land and equipment for a total net worth of more than \$8,300. He farms his own land, is partner with his dad on 186 acres, and rents from his neighbors 96 acres more on which he raises corn, alfalfa, small grains and clover.

EX-SERVICE MEN'S NEWS

By CLAUDE S. SPROWLS Executive Secretary, Disabled Ex-Service Men's Board Lexington 9, Ky.

Congress Amends G.I. Bill

The Congress, on December 19, 1945, passed certain amendments to the "G.I. Bill of Rights" which will go far toward meeting the many objections raised against the operations of some provisions of the original act.

The Act extends the time from two to four years after either the date of the veteran's discharge or the termination of the war, whichever is the latter, to initiate a course; and extends the time within which education or training may be afforded from seven to nine years after the termination of the war.

The new Act eliminates the requirement in the law that veterans show that education was interrupted by service, and because of such change, it strikes out the 25-year age limitation on presumption of interruption of education.

There is stricken from the present law the reference to a refresher or retaining course, and in effect the new Act provides that the veteran will be afforded approved education or training for a period of one year plus the time he was in active service, not to exceed a total of four years.

Provision is made for instruction in correspondence courses, without subsistence allowances, subject to contracts as to rates, charging one-fourth of the elapsed time used in following such courses against the veteran's period of eligibility.

The total amount payable for a correspondence course is limited to \$500. The monthly subsistence allowances are increased from \$50 to \$65 in the cases of veterans without dependents, and from \$75 to \$90 in the cases of veterans with dependents.

Army Good Conduct Medal

While in service, many veterans were authorized the army's Good Conduct Medal, and received only the ribbon. The Disabled Ex-Service Men's Board, in accordance with the Adjutant General's office, Washington, D.C., has prepared applications to be used by veterans who desire to receive the medal.

After the application is completed, we request that they be mailed to our office in order that they may be forwarded to the proper office in the War Department.

We are advised that these are the only medals available at the present time. Theater ribbons are available only, as medals to accompany them are not yet available.

IGNORANCE IS TO BLAME

A young naval officer writes to the Atlantic Monthly: "Ignorance is to blame for the whole bloody mess. The only thing I can see to do is to go after it on the ground floor. Think I could qualify as a teacher in the public schools?"

He is not alone, however, in his concern about ignorance and its cure. Never before has the public press shown as much interest in education. Much of this interest stems from the lessons of World War II and its causes.

It was in recognition of this fact that education was clearly defined as one of the objectives of the United Nations at the San Francisco Conference. Then followed the development of the Constitution of UNESCO (United Nations Educational, Scientific, and Cultural Organization) at London during November.

The implication of all this is very clear. Now, in every land, in every language, the teachers have a key job in the most important business—the business of keeping the peace.

The knowledge of skills, the understandings gained by our young people in the next few years will determine whether this country can or will solve the difficult problems of the peace.

Yes, teachers do have a key job but it is not revealed by the salaries many of them are paid in this country. In 1943—latest figures available—the average annual earnings of full-time employes in private industry were \$2,026 while the earnings for public school teachers, principals, and supervisors averaged \$1,599.

This country can afford to pay teachers decent salaries. Until more of our teachers are better paid we will not get the kind of teaching service the importance of education demands.

NOTICE

In accordance with Section 133.045 the tax roll will be open for inspection from Jan. 15 to Feb. 1, 1946 in the Tax Commissioner's office.

It is the duty of each taxpayer to examine his list and if he is not satisfied he may appeal to the Board of Supervisors which convenes Feb. 4, 1946.

Thank you for your past co-operation.

SHIKE'S POKES

(Views expressed herein are those of the writer and not necessarily those of this newspaper.—Editor.)

Boy! the stock sale at Allen must last a long time. Virgil I. and Kelly didn't get in until after 1, and then they didn't bring back any stock—anyway, not livestock.

It used to be you never saw a goat on Beaver Creek—then Parker B. and Judge Bush got started—and now there are two goat farms near the mouth of Beaver. Lackey Salisbury has a goat herd and Kelly Dings is just starting his herd, and if they keep multiplying he'll sure have a herd before long—twins last week.

They are all calling James Halbert, the Imperial Ice cream man, the "Granny Man." Yeah, he came in late the other night and went into the back room to sleep. On entering he let the old cat get in the room with him. When he woke next morning, the ole cat and four kittens were in bed with him.

Virgil I. and Harry L. spent the week-end in Prestonsburg or almost did. They called M.D. to bring the wrecker but they really needed the check—er.

I'm still trying to find out what kind of laying mash R. C. Barnett is using. We have a report that he swapped two hens for a turkey and is feeding it laying mash and is expecting some eggs. There's only one hitch to it—the turkey is a gobbler.

We also have a report that Roe Buck has a badge as big as a saucer and his artillery is mounted on wheels.

Boy, oh, boy! they tell me that if Gardez hasn't got what you want he'll substitute to get results. We have a report that he sold a fellow a commode pump for a churn dasher. I'm just wondering if it answered the purpose.

After the recent flood we just realized why Dr. Collins built his meat house on top of his three-story building. A penthouse—or a meat house—is high and dry.

It will just be a waste of time to look and dam the Big Sandy if the highway department doesn't do a little work on the roads, especially the Left Beaver road. They will (the highways) almost float a barge right now.

If the state mine inspectors are to remain as they are, the Legislature may as well abolish the department. After all, under the present system, it is money wasted. According to the last report on the Straight Creek mine (scene of the recent explosion that cost 24 lives) just about everything was wrong, but nothing was done to remedy the situation and I thought the law required an inspection every three months.

Every cloud has a silver lining—the flood did do Martin a little good. It washed the streets clean—the first time they have been washed since the last flood. The water down main street in Martin was swift and the next day the streets were as clean as a pin.

Jack Blackburn ran a ferry service in the town of Martin while it was under water—in his little green boat. Did anyone notice where he made the most trips?—Yeah, he also ran a chicken rescue boat, too.

While the water was the highest Joby Prater's dog dived off his front porch into the water and went back under the floor. The water was almost up to the floor and he had to chop up the new flooring to rescue his dog.

We miners extend our thanks to Senator Doug Hays for the bill he has introduced in the Legislature to make compensation insurance compulsory. More power to you, Doug.

I'm just wondering if Tom Lewis lost his plumb-bob in the recent flood.

Wife of Merchant Dies at Wright, Victim of Cancer

Mrs. Cora Hall, 46 years old, wife of Lee Hall, Jr., prominent Wheelwright merchant, died at her home Friday, a victim of cancer after a long illness.

A daughter of Mr. and Mrs. Willie Hall, she had resided at Wheelwright during development of the community where she was regarded as one of the town's best women. She was a devout member of the Regular Baptist Church.

Surviving, besides her husband, are one son, Everett Hall, Wheelwright, a daughter, Mrs. Bert Jones, Plummer's Landing, Ky., and a foster son, Ernest, of Wheelwright. She also is survived by five sisters and the following brothers, Press, Lee and Dave Hall, of Bypro.

Funeral rites were conducted Sunday from the regular Baptist Church, Wheelwright, the Revs. Jerry Hall, Ernest Collins and Randall Goble officiating. Burial in the Branham cemetery at Wheelwright, was directed by the Ryan Funeral Home.

THE OLD JUDGE SAYS...

HARRY: "I don't know what they'll weigh up, Judge, but my cattle and poultry sure have been gettin' fatter since I started to use distillers' dried grains in their ration." OLD JUDGE: "You're about the tenth one who has told me that, Harry. How do you account for it?" HARRY: "The by-product recovered from grains used by distillers is very high in vitamin and protein content. It's the best feed supplement we can get to balance the rations we feed our dairy cows, livestock and poultry. Mixed with original grain, these dis-

tillers' dried grains have a much greater feeding value than the original grain has." OLD JUDGE: "Have any trouble getting all you need?" HARRY: "Yes, at times, even though the distillers produced 1,200,000,000 pounds of it for the year endin' last June. I hope they'll be in a position to produce a lot more next year." OLD JUDGE: "Then I guess nobody can tell you grain is wasted in distilling." HARRY: "Not me, Judge... I know."
