NOVEMBER, 1946 MODEL They talk about locking the barn door after the horse has been stolen. The modern version of that is Mr. Truman's removing the ceiling after the roof has fallen in.

HARLAN FURNISHES OUR CUE Harlan's recent R-Day and the story of its success should awaken Prestonsburg and perhaps several other Floyd county towns to an opportunity they cannot afford to forego.

R-Day in Harlan was the day when the community, its officials, clubs, Boy Scouts and others joined with experts in the extermination of rats. Fifteen thousand of these destroyers of foodstuffs and carriers of disease were killed in Harlan.

Roughly, Harlan is a town twice the size of Prestonsburg. There, with the use of modern extermination methods, 15,000 rats were killed. Continuing our figures on the premise that Harlan has, or had, twice as many rats as Prestonsburg (and that is a premise that will immediately be challenged, we know), Prestonsburg can expect to kill 7,500 rats in a similar campaign.

We are not going theorizing about the dollars and cents value of foodstuffs that might be saved if the town had seven to eight thousand fewer rats, neither are we inclined to preach about the advantages to the public health that might result from such destruction of the rodent population; for one rat is one Public Enemy that is recognized as such by all.

But we would like, somehow, to impress upon the community the importance of doing something about the matter. The cost would be insignificant. The State Health Department will help this or any other community seeking this rat extermination service.

We are offered everything but a Pied Piper, but we'll have to make a little effort ourselves.

DELAY SEEN FOR IDLE PAY

State May 'Do Nothing' On Unemployment Pay Till Court Ruling Made

Whether Kentucky will continue to pay unemployment benefits after the federal government relinquishes control of the United States Employment Service next Friday is in grave doubt.

Following a conference of state and U.S.E.S. officials, L. C. Willis, industrial-relations commissioner, said the state had decided to "do nothing" about taking over the employment service Friday until the courts finally determine constitutionality of a 1946 act.

The act, passed by the Democrat-controlled General Assembly over Governor Simeon Willis' veto this spring, provides that when U.S.E.S. is returned to the state, a new man-management-service commission be set up under the industrial-relations commissioner.

Constitutionality of this new law is under attack in Franklin circuit court in a suit brought by the Kentucky Unemployment Compensation Commission. Prior to Jan. 1, 1942, when the federal government took over the Kentucky Employment Service, it was a part of the K.U.C.C., designated by state and federal laws as supervisory agency.

FATHER, SON BUY HOSPITAL

Drs. Aker in Charge At Stumbo Memorial, Announcement Made

Dr. J. R. Aker and Dr. C. M. Aker, father and son, who recently purchased from Mrs. Annie Stumbo the Stumbo Memorial hospital at Lacey, have assumed management of the institution, it was announced this week.

The elder Dr. Aker has been a practicing physician at Anco, Ky., for several years, and his son, a physician and surgeon, practiced in Tennessee for seven years before assuming control of the Lacey hospital with his father. They will be assisted in surgery, it was said Wednesday, by Dr. J. C. Coldiron, of Hazard.

Mrs. Stumbo for the present is assisting the new owners at the hospital. Her plans for the future were not stated.

The 70-bed, three-story hospital was erected in 1937 by the late Dr. W. A. Stumbo, and his son, Mrs. Annie Stumbo, and was operated by him till his death in 1941. At the same time Dr. Stumbo owned and operated the Beaver Valley hospital at Martin.

Dr. J. R. Aker said Wednesday the only plans he and his father are to render through the hospital the best service possible to the people of Floyd and Knott counties.

GROUP PLANS FUND DRIVE

Lock-Dam Supporters To Meet Here Soon, Thompson States

Plans for an intensive campaign in each county of this area to raise additional funds to carry on the fight for the canalization of the Big Sandy river were announced in Williamson, W. Va., Saturday following a meeting of the board of directors of the Big Sandy Valley Association.

New directors were named at the meeting. Floyd county was not represented at the Williamson meeting but Dr. O. W. Thompson, Pikeville, Association president, said Tuesday a meeting will be held here within the next week to name directors and prepare for the drive for funds.

Although the Congressional leader of the lock-and-dam movement, A. M. Lewis, president of the Association, is expected to visit this week, the next week to name directors and prepare for the drive for funds.

Plans for the drive for funds call for selection of a group of canvassers in each county to conduct direct solicitation.

VET WANTED IN INDIANA Held in Jail Here; Companion, Garrett Resident, Wounded

Junior Howard, 28-year-old Garrett war veteran, is in the county jail here awaiting the arrival of LaPorte, Ind., authorities to return him there for trial along with Venice Hall, 30, former Garrett man, who is convalescing at a LaPorte hospital from a bullet wound sustained, Policemen Oak and Troy Mullins, of Wayland and Garrett, said, in an attempted robbery.

The officers, who jailed Howard Sunday, said they were told that he and Hall attempted on Oct. 18 to rob an elderly LaPorte man who retaliated with gunfire, one of his bullets striking Hall in the chest and seriously wounding him.

The two officers Tuesday morning jailed Robert Mosely, of Wayland, on a charge of car theft and Ellis Craft, also of Wayland, on a charge of breaking jail at Wayland.

Remaining in jail here are Jimmy Dials, an alleged army deserter, and A. B. Stone, both of Wayland, who are accused of breaking and entering the Elk Horn Coal Corporation's fountain and store at Wayland last month. The two officers said, took from the store jewelry valued at \$1,700, a part of which was recovered.

Jailed Saturday by Policeman Earl Blackburn, of Whitesburg, were Jim Hammonds, Bobby Hall and Ralph Boone, who are accused of breaking into the Inland Steel Company's soda fountain last week.

MINE AND GAS STRIKES STILL HELD POSSIBLE

Operators Are Called Into Parley; Employes Of Gas Firm To Vote

The two fuel strikes which may seriously affect Floyd county still remained unsettled this week, with soft coal negotiations continuing in Washington and the Kentucky West Virginia Gas Company settlement with employes on their wage demands depending upon a vote of employe-members of the International Oil Workers Union local.

Tuesday night, Secretary of Interior Krug summoned the coal industry's "forgotten men," the operators themselves, into the parleys in Washington with John L. Lewis, U.M.W.A. head, and his lieutenants. The move was made in the hope of not only averting a strike scheduled for next Wednesday if union demands are not met but also of getting the soft coal business out of government hands back into those of its owners.

The gas strike was originally scheduled for Armistice Day but was postponed after negotiations between the union representatives and company officials continued in Ashland last week.

Union representatives, it was said, declined to sign the contract without first polling membership of the local. This poll will take place Sunday, it was stated.

Hitherto the negotiations over Lewis' demand for revision of his existing contract with the government have been solely between Lewis' United Mine Workers and government officials.

Krug's move was promptly hailed by Edward R. Burke, head of the big Southern Coal Producers Association, as "the only sensible thing to do."

Burke added, however, that "it doesn't look too hopeful" for an agreement between Lewis and the operators.

Burke, whose group produces more than one-third of all the soft coal in the country, has headed the opposition to accepting even the terms of the present Krug-Lewis agreement, which Lewis now deems inadequate.

Lewis, in his attempt to better the contract, presumably by obtaining higher pay or other benefits, is proceeding with plans to negotiate with Krug until Friday, then serve notice he will terminate the contract Nov. 20.

Unless Krug can persuade Lewis to extend the contract, the 400,000 miners are expected to stage another walkout after Nov. 20.

On the eve of the Krug-operator talks, John D. Battle, executive secretary of the National Coal Association, issued a formal statement saying that Lewis' demand for higher wages and shorter hours—more money for less work—is "the road to ruin for the industry."

Battle said the soft coal miners' average weekly earnings was the "highest of any class of labor in the U.S."

Burke indicated to newsmen that his group remained as opposed as ever to the unionization of mine supervisors, the five-cent royalty on each ton of coal produced, for a union health and welfare fund, and the federal mine safety code adopted as a result of the Krug-Lewis agreement last May.

Just what Lewis' new demands will be is his secret. Most operators think he will ask that the present maximum work week of 54 hours be reduced with little or no loss in take home pay.

P'Burg, West Liberty Kiwanis Clubs To Meet At David Church Friday

The David Community Church will be the scene Friday evening of the first inter-club meeting of the Prestonsburg and West Liberty Kiwanis Clubs. It was announced this week The Woman's Missionary Society of the church will be hostess to the two clubs.

At last Thursday evening's meeting of the Kiwanis Club Darwin Patton was elected treasurer to fill the vacancy created by the recent death of Joe M. Davidson, the club's only treasurer since its organization.

The meeting saw a discussion of various community needs, one of which was the possibility of procuring an airplane hangar such as has been purchased by Pikeville College to provide an adequate and fireproof gymnasium for Prestonsburg.

Plans for organization of a Key Club in Prestonsburg high school also were studied. The Key Club is a junior Kiwanis organization which has met with much success in high schools over the country, it was pointed out.

The club pledged its support to the public library and war memorials moves recently proposed.

TRUMAN LIFTS MOST CEILING

Leaves Only Rents, Sugar and Rice Yet On Restricted List

President Truman Saturday night swept away all controls over wages and over prices except those on rents, sugar and rice.

The President's announcement said that he is convinced that the further continuance would do the nation's economy more harm than good, the statement said.

"Accordingly, I have directed the immediate abandonment of all control over wages and salaries and all control over prices except that necessary to implement the rationing and allocation programs of sugar and rice."

"Rent control, however, must and will be continued," the order affects such commodities as coal, rubber, steel and other materials, furniture, building materials, clothing and textiles, automobiles and many other items.

The order automatically lifts wage controls from industries in which they were imposed.

The President said OPA Administrator Pay Porter had advised him that with so much of the economy freed from price controls, "clinging to the rest would, in his judgment, lead to distortions in production and diversion of goods to an extent far outweighing any benefits that could be achieved."

Porter is reported planning to resign now that his agency is virtually out of business. He took over the OPA job last June from leave from the chairmanship of the Federal Reserve Board.

Both the AFL and CIO have demanded the end of wage controls, contending wages should be freed because of rising living costs. The AFL also had demanded an end to price control but the CIO held out for the end in favor of continued price controls.

The President said the "real basis of our difficulty is the unworkable price control law which the Congress gave us to administer. The plain truth is that, under this inadequate law, the government has lost the popular support needed to make it work."

"The lifting of price controls and wage controls," he continued, "results in the return to a free market. Wage controls are a free market industry has sought removal of price controls while labor has pressed for removal of control of wages. Both have insisted that removal of these controls would lead to increased production and fewer work stoppages."

The President said high production removes the hazard of inflation and brings prices within the reach of the mass market.

"We are not justified by our labor productivity and prices not justified by manufacturers' costs may bring the illusion of prosperity," he said. "In the long run, wages, full employment and sound business profits must depend upon the management and workers cooperating to produce the maximum volume of goods at the lowest maximum prices."

Asked Saturday in Washington if Congressman A. J. May, of Prestonsburg, will be called again before the Senate War Investigating Committee in connection with the probe into the Garsson munitions case, Senator Kilgore, chairman of the committee, replied:

"There is no evidence that May ever got a cent. If May wants to talk, it is all right with us. But I don't want to put him on the stand and see him collapse."

Of the investigation into the Garsson's activities Kilgore said it was closed insofar as the committee is concerned. "The evidence has been turned over to the Department of Justice," he was quoted as saying.

CATS RUN UP TOPHEAVY WIN PLAN REGULAR CLINICS HERE

Defeat Fleming, 46-7; Play Belfry in Return Match Here Saturday

Hard Prestonsburg running and keep pass marksmanship, coupled with the opposition's tendency to fumble, resulted in the Black Cats running up their biggest football score of the season in defeating Fleming high school there last Saturday night, 46 to 7.

On the second play of the game Fleming fumbled on its 25, with Woods, Prestonsburg tackle, recovering the first of three fumbles he pounced upon during the game. Then only one play—a pass, Porter to Mayo—and the Cats had six points.

In the same quarter Burchett gathered in another Fleming fumble on the opposition 40. Then Hall drove for 15 yards through the middle, Mayo picked up 13 around end and Jack Fanning, for Mayo, rammed through for a touchdown, standing up. Hall hit the line for the extra point.

To start the second quarter, Fleming took the kick-off on its 10. After two plays had picked up only five yards a Fleming back burst through the middle of the Prestonsburg line and raced 85 yards for the losers' only score. The extra point try was good.

The Cats came back with a passing and running attack. Tackett and Porter mixing them up, and the latter going over for a marker. Hall during this scoring spree scored twice on runs of 10 and 6 yards.

In the fourth quarter Woods recovered his second and third fumbles and both recoveries resulted in touchdowns for his team. Tackett (See Story No. 1, Page 8)

P'BURG BANKS PURCHASE PIGS AS GIFTS TO MEMBERS OF PRESTONSBURG FFA CLUBS; SHEPHERD SEES PUREBRED SWINE INCREASE

Prestonsburg's banks, The First National and the Bank Josephine, last week started off a Future Farmers of America pig club here by the purchase and outright gift to two members of the Prestonsburg FFA chapter of a purebred Duroc Jersey pig.

R. L. Shepherd, vocational agriculture teacher here, who recently organized Prestonsburg high school's first FFA chapter, said assistance of the banks thus starts a move toward the growing of purebred swine in this section of the county.

One of the pigs went to Glenn J. Stambaugh, son of Mrs. Lettie

Asks Floyd Countians Interested in Scout Work to Martin Meet

"Floyd county has the opportunity to secure the services of a Boy Scout field executive who will spend a great deal more time here than has ever been possible before, if we can form an organization to carry on Scout work," C. L. Hutsinpler, Prestonsburg, said this week in calling on men from all parts of the county who are interested in Scouting to attend a meeting at the Martin school at 2:30 p.m. next Sunday.

Mr. Hutsinpler, who will serve as temporary chairman of the meeting, pointed out that organization of a separate district composed only of Floyd county Scout troops will be discussed at the gathering. "It is important that all sections of the county be represented," he emphasized. "One or two communities cannot do this job."

There are now only six Scout troops in the county. Hutsinpler said that within a year, with the proper organization and county-wide interest, there can be a dozen or more.

DENIES DELAY OF DRY LAW IN PRECINCT

Contestant Appeals Little Paint Ruling; Early Decision Seen

One of two suits filed by Floyd county Wets, contesting local option elections, was dismissed last Friday by Circuit Judge Edward P. Hill, Jr., on defendants' demurrer.

The dismissed suit was that of Ernest Robinson vs. Floyd county and Election Commissioners G. W. Snodgrass, A. H. Spradlin and T. B. Sturgill, attacking validity of the Little Paint precinct election on Sept. 23. An appeal was filed Wednesday with the Court of Appeals.

William R. Goble, 48, Victim at Home Here After 3-Month Illness

In dismissing the action Judge Hill also refused to permit postponement of prohibition in Little Paint precinct until final "determination of the action" is had.

Thus, unless the Court of Appeals reverses Judge Hill's opinion, legal sale of intoxicants will end in Little Paint precinct 60 days after Oct. 28, the date when the results of the election were certified to the county court. This would be on or about December 28.

The contestant based his action mainly on the contention that the order of the Floyd county court directing that a local option election be held in the precinct did not "set out the form of the question to be submitted to the voters and, too, that the ballot did not identify the place where the vote was to be taken. Allegations to the effect that a required number of legal voters did not sign the petition seeking the election were withdrawn by the contestant.

Meanwhile, the action filed by Bill Hill, of Prestonsburg, contesting the countywide local option election result remains on the circuit court docket. This is expected to be heard during the month.

The Court of Appeals is expected to move the Little Paint case ahead on its docket and to render an early opinion.

Burned by Gasoline, Osborne To Recover

Raymond "Nig" Osborne, of Eastern, is recovering at the Beaver Valley hospital, Martin, of severe burns sustained last Thursday when his face, chest and hands were sprayed by flaming gasoline.

The accident took place on the hill near Eastern it was said here, while gasoline was being poured into the intake of a truck carburetor. The engine backfired, igniting gasoline in a can held by a Martin youth, who in his haste to rid himself of the can accidentally threw it onto Osborne.

The injured man is a brother of Mrs. R. C. Dyer, Prestonsburg, and a son of Mrs. Mary Osborne, of Eastern.

Record Army of Hunters To Go Into Action Nov. 20

Rabbit and quail may expect a hot reception when they venture forth next Wednesday, opening day of Kentucky's hunting season. A record army of hunters is expected to take to the fields on that date.

Reviewing the sharp increase in the number of hunters last season, Earl Wallace, director of the Division of Game and Fish, forecast an even greater movement afield among sportsmen this year. "We sold 105,000 hunting licenses last year, and with the boys back from service, I would not be surprised to see the number reach 150,000—possibly more—this season," Wallace stated when pinned down for an approximate figure.

He added that despite such an onslaught on the wildlife population he felt sure sportsmen would enjoy better hunting this year. Increased stocking of quail and an apparent abundance of rabbits bolstered his optimism. He could offer the rabbit duck hunters little consolation, though, in view of new federal regulations that are bound to put a damper in their game bag during an all-out effort to conserve waterfowl.

The rabbit-quail season, extending from November 20 through January 15, is augmented by duck shooting from November 23 to January 6; grouse or native pheasant hunting on December 1 to 15, and a tentative open deer hunt from December 21 to January 2, all dates inclusive. The waterfowl season also permits the shooting of brant and

coot, but there is no open season on Canadian geese. Snow and blue geese may be taken according to federal regulations.

The squirrel season which has been in progress since August 15 comes to a close November 30. The deer season is contingent on approval of proposed dates by the Bernheim Foundation for hunting in Bernheim forest in Bullitt county where a similar hunt was conducted last winter.

Duncan is out of the dog-house!

Mrs. Duncan has just finished her Fall housecleaning, and Duncan is welcome in his own home again.

Curtains, crisply ironed, hang at the windows. Rugs are bright and clean. Blankets, sweetened by sun and suds, lol contentedly on the beds. Everything's fresh and shining. Mrs. Duncan is tired, but happy. Mr. Duncan is happier. The dog is happiest of all.

Once housecleaning was the housewife's horror. Now, with modern electric gadgets, the semi-annual cyclone is finished in half the time, with half the effort.

And not only housecleaning—but all household chores—are easier, simpler, when electricity lends a willing hand. This versatile servant cooks, cleans, washes and irons, brightens the home, guards health, scoops entertainment from the very air—and all for the cost of a bar of soap daily.

This greatest of household bargains comes to you through the practical experience of your friends and neighbors in this company, under sound business management.

From where I sit... by Joe Marsh

How to Handle a Fortune

Some months ago I reported in the *Clarion* how Mel Bate's uncle died up north, and left him with a tidy fortune. Naturally, our town was curious to see how Mel would spend it: Traveling around the world... getting a new house or car... wearing fancy clothes... or dining on cold pheasant and champagne...? We can now report, Mel hasn't changed a bit! Drop in on him any night, and you'll find him in his shirt sleeves by the fire, chatting with the Missus, sharing a mellow glass of beer with friends. From where I sit, Mel has learned the art of handling money—as well as handling people. You don't let cash-in-the-bank push you around any more than you let people push you around. If you like the simple, honey life; companionship and quiet ways; a glass of beer and friendly talk—that's worth a fortune, after all!

**The Creek Woman
and Her Newborn Babe Die**

Phoebe Stone Shepherd, 37 years old, wife of Henry Shepherd, of David, died last Thursday and she and her newborn babe were buried in the family cemetery at Goodloe. Surviving, besides her husband, are four sons and three daughters, all of David. Funeral rites were conducted by the Rev. Alex Stephens and burial was directed by the Arnold Funeral Home.

TO THE PUBLIC:

As Christmas approaches, one naturally thinks of their neighbors and wonders particularly about families that have had sickness. A neighbor of mine, Theodore Holbrook, has been sick for months, is still in poor health and unable to work. There is nobody to help the family except his wife who works every day. They have two children. I hope the people of Prestonsburg and vicinity, at least, will feel like helping this family through Christmas.

Few things are more precious than the memory of loved ones who have gone. Grace and dignity should be the keynote of the final rites. To neglect this means years of bitter memories and regrets.

going over from the 3 and Garber scoring from the 35 on a pass from Tackett. After that, the Cat reserves went in to hold Fleming at bay. Features of the game were Porter's passing and kicking, Tackett's punt returns, the driving of Hall and Pannin through the Fleming line and the defensive work of Stratton, Woods and Burchett in the line. Saturday afternoon, Prestonsburg plays Beltry here. Early in the season, the Cats defeated the Pirates there 12-6, but it was a costly victory, with "Sed" Branham suffering a broken leg and being shelved for the season. The Prestonsburg line-up in the Fleming game: Burchett, l.e.; Vaughan, l.t.; Woods, l.g.; Crain, c.; Stratton, r.g.; Bradley, r.t.; Wedington, r.e.; Hall, l.b.; Porter and Mayo, l.b.; Tackett, q.b. Substitutions—Pannin, Stanley, Garber, Lemaster, P. Harmon, B. Harmon, Craft, Ball, Goble, Collins.

William B. Ardery said his decision in the case "will be rendered before November 15. Of course the case can't be cleared before the Court of Appeals at that time."

Willis said he had been advised by federal employment service officials that these would be the results of the "do nothing until the courts decide" action:

1. No unemployment benefits can be paid any industrial employes because the law requires that their claims first be cleared through public employment offices. The public offices would be temporarily non-existent until the Court of Appeals finally construes the new act.

2. No employment benefits can be paid to veterans since title 5 of the G.I. Bill of Rights also requires veterans' claims be cleared by public employment offices.

However, Dr. H. A. Babb, director of K.U.C.C., said Willis' decision would have no effect on the activities of the compensation commission.

"If the activities of the employment service come to an absolute standstill Nov. 15, it will not affect in any way the Kentucky Unemployment Compensation Commission in the matter of taking unemployment claims and paying unemployment benefits to both veterans and unemployed workers," he declared.

Dr. Babb said his commission met recently to study the situation, and "I am certain I know whereof I speak. It would not hinder taking of claims or payment of benefits."

"We anticipated such a condition and we already have worked out a procedure to take care of this emergency," Dr. Babb said. "Our program will continue, regardless if nothing is done."

J. K. Johnson, Cleveland, regional director of U.S.E.S., who attended the conference in Willis' office, explained that the federal government will have no employment service employes in Kentucky after November 15.

Johnson was of the opinion the federal government expected the state to apply again for participation in federal funds to carry on the federal-state unemployment program. In order to do this, he said, the state must show:

1. That its plan of operation conforms to provisions of the Wagner-Peyser Act.
2. That all personnel now employed in Kentucky by U.S.E.S. are transferred to the state employment service and given a chance to qualify under Kentucky's new system to retain their jobs.

FHA Committee Meets At Paintsville Nov. 6

The Farmers Home Administration county committees for the six counties of this area met in Paintsville Nov. 6 for study of the newly inaugurated FHA program which has replaced the Farm Security Administration and the Emergency Crop and Feed Loan Section of the Farm Credit Administration. The group discussed ways and means of helping low-income farmers who need government credit for financing farms and farm operating needs.

Floyd county at present has only one committeeman, Dick Clark, of Cliff, but two more will be appointed this month.
