

YOUTH DIES UNDER CAR

Inside Mine Near Here Thursday Morning; His Body Found Hour Later

Body of Samuel Stanley (Buck) Spradlin, 16-year-old driver of a pony-drawn mine car, was found, shortly before 9 o'clock this morning (Thursday), beneath a loaded car inside the truck mine operated near West Prestonsburg by his grandfather, Bill Spradlin, Sr.

The car, loaded with two tons of coal, had wrecked, it was said, and the belief was expressed that young Spradlin had pitched from the car while the pony continued to pull it forward onto him. His neck was broken, his skull was fractured and a leg was skinned.

Workmen inside the mine had waited almost an hour for the youth's return before starting outside to ascertain the cause of his delay. They found him, approximately 125 feet from the mouth of the mine.

The victim, one of the community's best boys, was a son of Bill Spradlin, Jr. and Mrs. Georgia Bingham Spradlin, of Town Branch, near here. He is survived by several brothers and sisters. Funeral arrangements were incomplete this morning, it was said at the Arnold Funeral Home.

GRID PRACTISE BEGINS AUG. 4

Eibner, New Coach Here, Issues Call for Players, Expects Fifty To Be Out

Fall football practise for the Prestonsburg Black Cats will officially begin Monday, August 4, when all candidates for the team will report at the Prestonsburg grade school for physical examination, J. R. Eibner, new athletic coach here, has notified grid prospects.

Mr. Eibner notified football candidates to be at the school building at 10 a. m., August 4. A chalk talk will immediately follow and a uniform practise is scheduled for 3 p. m. Practises will continue daily at 10 and 3.

Students living at some distance from Prestonsburg will be provided free transportation. W. A. Spradlin, of the City Board of Education, said an effort is being made to charter a bus to meet the transportation problem, and he indicated that on through the playing season boys who reside outside Prestonsburg will be given transportation.

The coming to Prestonsburg of the new coach, a former University of Kentucky grid star who has introduced the T-formation at various institutions, promises the football team representing the school the finest in equipment and the most careful and expert attention, it was said. New football togs and the last word in protective gear will be provided.

Coach Eibner said during a visit here last week that he expects at least 50 boys out when practise begins. Three full teams are expected to be in practise, and each will have identical equipment, he said.

A move is now under way to send the full football squad to Camp Daniel Boone or Camp Arrowhead for the last two weeks prior to the opening of school.

FLOYD TEAM FIGHTS BACK

In Garrison Finish To Win Initial Tilt Of State Tournament

Wheelwright of the Eastern Kentucky League came from the brink of defeat Wednesday morning in the opening game of the state tournament of the American Baseball Congress at Pikeville to score six runs and defeated Corbin, 7 to 6.

When the Floyd countians went to bat in the ninth they were trailing, 6-1. Corbin had knocked Wohlford, a Wheelwright mound mainstay, out in the seventh with a five-run blast. Corbin's Lafferty had allowed a Wheelwright run in the fourth, and that was all.

But Doyle singled, McCamey went in as a pinch hitter and singled. Benedict, Wheelwright manager, did likewise. Litaik and Beck also singled. Then Logan, Wheelwright shortstop, put on the finishing touch—a home run with two mates aboard. Six runs were in.

Thorsbury, who relieved Wohlford in the seventh, was the winning pitcher.

Pikeville, the host team, slaughtered Trenton, 19 to 0, in seven innings. Leitchfield bounced Hazard, 13 to 6, and Ft. Knox whitewashed Newport-Maysville, 12-0, in seven innings.

A team is not eliminated until it has dropped two decisions.

The Wheelwright-Corbin score by innings:

R H E
Corbin... 0 0 1 0 0 5 0 0—6 7 2
Wright... 0 0 1 0 0 0 6—7 13 2

BETSY LAYNE BIDS ASKED

Floor, Paint for Span Planned by Department; To Open Bids August 8

The State Highway Department this week asked bids, to be opened August 8, on upwards of \$1,250,000 worth of work, one project of which is repair of the bridge across the Big Sandy river at Betsy Layne.

The Betsy Layne work includes new timber flooring, cleaning and painting of the steelwork. Other work on which bids are asked includes:

Paving on Ninth street, Hopkinsville; Main street, Hazard; East Main and Dixon streets, Providence; the Lexington-Richmond road from 1,000 feet east of Ashland Drive, extending to Ashland avenue in Lexington; the London-Corbin road from Main street in Corbin across Lynn Camp Creek, with a new bridge and street approaches; a new bridge to be located over Silas and Cooper Creeks on the Paris-Cynthiana road, and high-type surface for the new U. S. 27 beginning near Camp Nelson, and extending 2.427 miles toward Lancaster.

CHILD IS VICTIM

Robert, six-year-old son of Mr. and Mrs. Theodore Music, died at the Prestonsburg General hospital Monday night. An appendix abscess was given as the cause of death, which followed an illness of a week.

Surviving are the father, formerly of Bonanza, now a resident of Warsaw, Ind., the mother and four sisters. Burial was made on the head of Abbott Creek under direction of the Carter & Callihan Funeral Home.

Mrs. Bolen Is Victim After Returning Home

Mrs. Nancy Conley Bolen, 61 years old, wife of Reece Bolen, died Tuesday night at her home on Rock Fork near Garrett, a few hours after she had been returned from a Paintsville hospital. Cancer was given as the cause of death.

Mrs. Bolen is survived by her husband, five sons and four daughters, Raymond, Robert, Andy, Lewis and Theodore Bolen, Mrs. Tandy Ramey, Mrs. Reece J. Combs, Misses Maxine and Ada Bolen, and by two sisters and one brother, Ada and Virgie and Lewis Conley.

Funeral rites were conducted from the residence, the Rev. Alex Coburn officiating, and burial was made in the family cemetery on Rock Fork under direction of the Ryan Funeral Home.

WORK BEGINS ON BUILDING

For Shoe Store Here; Structure Is Started On Court Street Lot

Workmen began this week foundation work on a brick and concrete block building to be erected by Mrs. Osa P. Ligon on her Court street lot which will be occupied by a store exclusively handling shoes.

The business, to be known as The Family Store, will be owned by Francis Store and will be located across the street from Francis' R. G. Francis said this week a veteran, experienced in shoe store management, will be in charge of the business.

The building under construction will be 30 feet wide by 58 feet long, of one story. It is expected to be ready for occupancy by October 15.

NO SPECIAL SESSION CALL

Before Primary Seen, With August 2 Near; Governor To Speak

Governor Willis is scheduled to divulge his special session plans tonight (Thursday) in a radio broadcast.

Chances that Governor Simeon Willis will call a special legislative session at least before the August 2 primary, waned this week in view of his delay and the coming primary election.

It was pointed out there are only 10 days until the primaries and that the Governor proposed a maximum 10-day session to enact his program in its entirety. In addition, he would have to give the legislators a few days' notice to assemble.

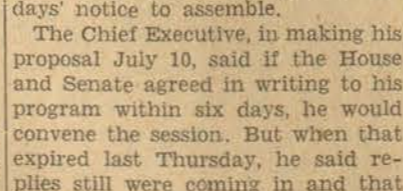

The Chief Executive, in making his proposal July 10, said if the House and Senate agreed in writing to his program within six days, he would convene the session. But when that expired last Thursday, he said he would allow a little more time. He has declined since then to give any inkling of his intentions.

Meanwhile, 55 House Democrats, more than a majority of House members, have voted to reject the Republican Governor's proposal. Democratic Senators, who hold a majority in their branch, discussed it, but followed their procedure of the last session by declining to bind themselves as a group.

It appears that if a session were possible, even after the primaries, either the Governor or the objecting legislators would have to yield. Directors of the Kentucky Education Association, who have been urging \$10,500,000 for education since last winter, recommended a compromise between Willis and the House Democrats, but there has been no outward indication of either side giving in.

Willis' program included \$5,000,000 more for public schools, \$500,000 for higher education, \$3,300,000 for welfare, \$25,000 for the schools for the deaf, and \$100,000 to investigate gambling.

No, It Isn't Second Ice Age-- It's Only Down to 97 in Texas

Temperatures that have been shivering below halfway the "hundred in the shade" had some residents of this section wondering this week, if, after all, the atom bomb hadn't knocked things, including the weather, somewhat more than slightly askew.

Not since 1911 has Kentucky had such a definitely summerless summer, weather bureau report. And this "summer weather" is more wintry than back then.

Talk of an unnatural disturbance of the seasonal weather cycles recalled to some residents of the county that there were those who ascribed that unseasonably cold summer 26 years ago to the appearance, the year before, of Halley's comet.

In these days the world was undisturbed by fear of atomic catastrophe, but over the United States anxious eyes nightly scanned the heavens as the comet swept into view. The newspapers added to the national anxiety. Astronomers came up with the usual figures as to size of the heavenly visitor, its terrific speed, its caldron-heat and how near it would sweep to our own planet.

There was a sudden interest in religion.

It was predicted that on a certain day when the tail of the comet came in closest proximity to the earth the weather would be stiflingly, yes, suffocatingly, hot. Folks lived in dread of the fatal day.

The day came and went—coolest of the season! Almost as cool as Tuesday morning this week, A. D. 1947.

From San Angelo, Texas, James Morell, Jr., sends reassuring news to The Times. Apparently, summer has not fled the nation. This news is stated in a newspaper headline: "Mercury drops to 97."

Gabe Crum Succumbs At Banner Monday In His 88th Year

Gabe Crum, well-known Banner farmer, died at his home Monday, a victim in his 88th year of an illness which had its inception, a few months ago, with an attack of influenza.

Born at Dana, July 16, 1861, he was a son of Michael and Julia Garrett Crum, early residents of that section. For the last 61 years he had resided in the home in which he died. He was one of the county's best citizens.

Mr. Crum was twice married—first, in 1888, to Miss Victoria Hunt, who died in 1905, and after her death to Miss Lou Hunt, who survives. Five of the 10 children born to his first marriage survive: Walter, Jim and Ollie Crum, all of Banner, Mike Crum, Wayland, and Mrs. Madge Morris, South Point, Ohio. Eight children were born to his second marriage, all surviving: Malcolm, Victor, Woodrow and Russell Crum, Mrs. Emma Hunt and Mrs. Ruth Pitts, all of Banner, Mrs. Lucy Chatfield, Pikeville, and Alex Crum, Detroit, Michigan. He also leaves four sisters and two brothers: Sally Crum, of Cliff, Mrs. Lexie Vaughan, Bays Branch, Wilson Crum, West Prestonsburg, Malcolm Crum, of Dwaie, Mrs. Emma Sammons, West Prestonsburg, and Mrs. Mary May, Pikeville.

Funeral services were conducted Wednesday morning from the residence, the Revs. Isaac Stratton and Noah Kinder officiating. Burial in the family cemetery at the mouth of Daniels Creek was under direction of the Arnold Funeral Home.

Nine others won promotions.

Stratton, New Agent At Ashland Depot

The Chesapeake & Ohio Railway Company last week announced promotions and retirements affecting its operating personnel in the Huntington (W. Va.) division at Ashland, Ky.; Marion and Columbus, Ohio, and Huntington, W. Va.

W. N. Stratton, 46, supervisor station service, was appointed freight agent at Ashland, succeeding H. A. Moffitt, who was promoted recently to superintendent agencies at Huntington. Stratton began his railroad career as an operator in December, 1922, and formerly was employed in the company's depot at Wayland. He is a son of the Rev. and Mrs. Isaac Stratton, of Banner.

Two Allen Youths Hurt In Recent Accidents

Allen, Ky., July 23 (Sp.)—Two Allen youths are recovering after close calls in recent accidents.

Donnie Laferty, 13-year-old son of Mrs. Goldia Laferty, was hospitalized several days when he fell last week beneath the wheels of a tractor-drawn mower on the golf course here.

The second accident involved Harry Bentley, son of Mr. and Mrs. John Bentley, who fell from a coal ramp near here, suffering a severe back injury.

Mrs. Ed Banks, of Bull Creek, is able to be up this week after having suffered a heart attack two weeks ago.

Fire Truck Paid For, Lions Club To Sponsor Grid Team

By raffle, public subscription, digging from their own pockets and working hard, the Lions Club of Wayland has seen its first undertaking completed and has yet another on the way, it was learned here this week.

The \$5,000 fire truck and firefighting equipment, first goal of the new club, are in operation and paid for, with a volunteer fire department already trained.

Next on the club's agenda is sponsorship of a football team in Wayland high school, first grid representative in the school's history. Equipment for the team has already arrived. The baseball park has been procured as a field.

Still ahead—lights for the football field, say club members.

"Copper" John Campbell, who last year in his first season as a coach, led the Wayland high basketball team to the state tournament at Louisville, will direct the fortunes of the grid team. He has had little or no football experience but has spent part of the summer vacation studying the game.

Vacation Bible School To End Two-Week Term

Commencement exercises for the Prestonsburg vacation Bible school, now in its second week at the high school building, will be held Friday evening at 7:30, the Rev. W. B. Garriott, superintendent, announced this week. Parents of all children enrolled are being invited to be present.

At Friday noon, a picnic lunch will be held on the school grounds.

Newest addition to the teaching staff, which has been composed of three workers from Pikeville and members of Prestonsburg churches, is the Reverend Black, new pastor of the Presbyterian Church, who began assisting upon his arrival this week.

The school has had an average attendance of 125.

REDS RETAIN LEAGUE LEAD

Though Two Contests Considered Forfeited Are To Be Replayed

Although two games counted as won by forfeit may be replayed on order of League President W. A. Malore, the Prestonsburg Reds still hold first place in the Eastern Kentucky League standings with a 10-3 record.

Last Sunday's failure of Allals to appear here for a scheduled game was the result of a car bearing team members to Prestonsburg hitting a child, it was reported. The game will be played at a later date. The Elkhorn City game which was forfeited to Prestonsburg when the visitors refused to take the field as rain fell after they had batted will also be re-played.

In the two games played in the league last Sunday, Hazard edged Pikeville, 2-1, in a hurling duel between McLarnis of Hazard and Kidd of Pikeville, and Elkhorn City defeated Wheelwright, 4-2.

Next Sunday is an open date in the league schedule because of the state tournament of the American Baseball Congress at Pikeville.

The league standings:

	W	L	Pct.
Prestonsburg	10	3	.769
Pikeville	9	5	.643
Wheelwright	8	5	.615
Elkhorn City	5	8	.462
Hazard	4	9	.308
Allals	2	10	.167

LEGION TEAM HELD ELIGIBLE

For Tournament Play; P'Burg Team Victor In District Tourney

The Prestonsburg Junior Legion team has been declared eligible for state tournament competition which begins at Parkway Field, Louisville, next Thursday, "Cy" Cooper, Paintsville, stated Wednesday in a telegram received here.

Whether or no they are re-instated to the good graces of the American Legion baseball organization and declared eligible for state tournament competition at Louisville next week, the Junior Legion team of Prestonsburg holds the district championship.

That honor was won Sunday in a one-game district play-off at Paintsville, with the Prestonsburg team easily defeating Hazard, 19 to 5. It was Prestonsburg's third victory over the Hazard Junior Legion team this season, and the recently organized team here remains undefeated.

A sixth inning outburst during which Prestonsburg scored eight runs settled Sunday's affairs. "Blue" Childers, diminutive southpaw, relieved Harmon, Prestonsburg starting pitcher, and was not scored on till the ninth.

This settled the district titleholders, their sponsors and friends are trying to explain to Legion officials in Louisville that records required for eligibility could not be filed by July 1, since the registration forms and other papers were not mailed from Louisville to Prestonsburg until June 30. "Cy" Cooper, prominent Paintsville Legionnaire, is in Louisville this week interceding for the Prestonsburg team.

RECOMMENDS \$2,200,000.00 FOR BARRIER

Barkley and Cooper Testify for Project; Other Hurdles Remain

Hope rose this week among supporters of the Dewey dam project on Johns Creek as a Senate sub-committee on appropriations restored the Floyd county project to the list of flood control jobs deserving of financial support.

The sub-committee recommended an appropriation of \$2,200,000 for the dam after Senators Barkley and Cooper had appeared in behalf of the Johns Creek and other Kentucky projects.

Before the project is out of the woods in which it was left by the House committee that refused it an appropriation, however, the Senate itself must vote the appropriation recommended, then it must pass a joint committee vote and, finally, a House vote.

If it negotiates all these legislative hurdles, the dam will receive an amount almost sufficient to its completion.

The Johns Creek undertaking received more favorable action from the Senate sub-committee than other Kentucky projects, the Ashland floodwall, for which a \$500,000 appropriation was sought but which gained no recommendation.

If the dam is left, where the House placed it—without funds—an appropriation could be made next year but even this could possibly lead to long delay. With no funds appropriated, the government might be obliged to terminate its contract with the Ryan Construction Company and this would mean starting over again.

Meanwhile, work continues at the dam on funds remaining from previous appropriations.

Final action on the \$2,200,000 appropriation is expected to be taken this week, since Congress is scheduled to adjourn Saturday.

Approval by the full Senate of appropriations committee and Senate is considered certain. Final test will come when Senate conferees meet with the House to tempt to iron out differences between the two bills. Representative Labor (R.N.Y.) is chairman of the House body and has been critical of Senate action in increasing flood fund bills.

INLAND PREPS FOR MORE GAS

Enlarges Station Capacity To Lay New Line to Big Magoffin County Well

The Inland Gas Corporation compressor station at Hillsdale and Middle Creek, near here, has been stepped up in capacity in anticipation of handling a large part of the production from the big production wells in the "Big Six" field of Magoffin county, V. A. Hays, superintendent of Inland compressor stations, said this week.

Conversion of the Hillsdale plant from five high stage and four compressor units to Universal engines, adapting all units to either low or high compressor stages, recently completed. Capacity of station now is estimated at 15,000 cubic feet a day.

Practically all gas produced in new Magoffin field outside that area by old, established compressor has been contracted by Inland, Hays said, and potentialities of field have only now been seen.

Inland last year extended line from a point three and one-half miles above Hillsdale on into field, a distance of nine miles, six and eight inch pipe. Now miles of six-inch line are to be on to the big 12,000,000 cubic foot producer recently drilled in the goffin field.

The company's Midas station, Right Beaver Creek was converted last year along the lines of Hillsdale job, and that station, seven engines available, as compared with Hillsdale's nine.

INSTRUCTIONS TO ELECTION OFFICERS

(1) The judges of election in each precinct shall register each qualified voter who makes application for registration and who satisfactorily establishes his right to be registered. No person registered on the day of a primary election shall be permitted to vote in such election or any election until the following regular election in November.

(2) The judges of election at each primary election shall recommend purgation of the registration list by stamping with the rubber stamp the registration cards of persons who have since the date of their registration died, moved from the precinct or otherwise become disqualified to vote. The judges shall stamp with the stamp containing words, "Purgation Recommended," and sign their names on line below.

(3) See that all election supplies are returned and save the taxpayers money.

(4) Election officers be very careful in using the purgation stamp and do not purge those you may be in doubt about as you may deprive some legal voter of his right to vote.

TO THE VOTERS OF FLOYD COUNTY:

For some unknown reason the and dry question has been attempted to be injected into the race for State Senator in Floyd county. In the first place this question is not at issue in this election and has no place in any platform of either of the candidates. Floyd county has been declared legally dry by a majority vote of the people of Floyd county. It will remain so under present laws until a majority of the voters express at the polls their desire that it be changed. This will be true, regardless of who is elected Senator.

Doug Hays has served four years in the State Senate. During this time he was the Senator for all the people in his district. He was not just a Senator for the Methodists or Baptists or Democrats or Republicans, or wets or dries. It was his duty and privilege to vote for and enact laws calculated to serve the best interest of the people of Floyd county. His record stands as a faithful tribute to his ability and faithfulness as a public officer. When he is returned to the Senate likewise he will support such measures as will be to the best interest of the people in his district. He will do his best to be a good Senator. He can not be a good Senator if he supports any legislation not suitable to the most people. He would not try to do it.

Doug Hays deserves to be elected to the Senate this time. He is an elderly man. His life has been spent helping his friends and neighbors in Eastern Kentucky. Perhaps this will be the last opportunity you will have to vote for him. He should be rewarded in his old days by returning him to the Senate so that he can retire from politics gracefully and with a feeling that he has served his people well.

It is a well-known fact that Doug Hays does not drink and that he has not been under the influence of any intoxicants for a number of years. It is likewise a well known fact that he has raised three children of his own, and six orphan children, some of whom were not related to him. He has worked hard and unceasingly to earn money to provide an education for these six children. They all have a college education, and it is also a well known fact that they were reared in such a way that none of them are users of intoxicating liquors. They all stand as a mark of credit to the community from which they came, and to Doug Hays for the fine example he set for them and the way in which they were brought up.

No man in Floyd county has contributed more time or money in the furtherance of church work than Doug Hays. His many acts of kindness and contributions of money and lumber in the construction of churches is well known throughout Eastern Kentucky. There is not a community or religious denomination in Eastern Kentucky but what can

point with pride to the record Doug Hays has made in the support of churches.

He has been equally liberal and generous in his support of people who have been made homeless by fire or misfortune, or who have met other misfortunes and are unable to support themselves. His generosity in these matters are well known to every one.

We, as a citizens committee, present to you our candidate, Doug Hays. Regardless of what others may tell you, this is his record. No man possessing the generous heart of Doug Hays could or would support any measure that would not be to the best interest of his people. We urge you as voters to work and vote for Doug Hays in this coming election. This will be a final tribute to a man who has spent his life in the service of his fellowman.

To the People of Floyd County:

JOHN FRED WILLIAMS

Look At This Man's Face Remember His Name

He Is Your Neighbor! He Is Your Friend!

He is now your State Superintendent of Schools. He can be (with your help) the next Governor of Kentucky and the first of your neighbors to hold that important office.

He was born and raised an ordinary country boy in next-door Johnson county. Like you he trudged through mudholes to the country schools and helped work on a poor mountain farm. He left his position as Superintendent of Johnson county schools at a financial loss to himself to help pull Kentucky's schools out of the bottom of the list amongst the 48 states. That he has been a GREAT State Superintendent of Schools is acknowledged by men of all parties and professions. He has been a friend to your child and your child's teacher—and therefore to you.

There are other things that John Fred Williams would like to help the people of Kentucky do. He has a sincere interest in the laboring man. He believes in better treatment of the old and the handicapped. He is one of the country people. He would like for all Kentuckians to have roads instead of mudholes and creek beds as fast as they can be had. He knows our problems and he wants to help find the answers.

REPUBLICAN VOTERS, PLEASE NOTE! Waiting to help this fall are thousands of Democrats who know the merits of this man. But right now only you can help our neighbor. His nomination depends upon your getting out to the polls—you and your friends and neighbors! IT IS IMPORTANT! GET THERE! NOMINATE ONE OF OUR OWN BOYS, JOHN FRED WILLIAMS, for Governor.

Mrs. R. Clarke and son, Yancey Clarke, of St. Albans, W. Va., are spending their vacation here with her mother, Mrs. Osa F. Ligon.

Forty 4-H clubs in Greenup county have a membership of 730 boys and girls with 42 women and 21 men acting as leaders.

To the Voters of Legislative Dist. 96

As usual in the closing days of an election many "strings will be pulled"—many rumors will be circulated. I've recently been asked if I have withdrawn from the race for Representative or if I have any intentions of doing so. Here and Now I wish to state that I am in this race until the end and feel that on August the second, that you, the Democratic voters of Legislative District No. 96 will nominate me as your Representative on the Democratic ticket, a position in which I can win in November.

Two weeks ago, I obtained leave from my job on the Dewey dam project, so that I might be able to go out and visit with you people and let you know just what I stand for and will do for you when elected your Representative. Realizing that through the circulation of our local Floyd County Times that I may be able to reach many of you that otherwise I might not be able to see, I will in detail let you know what I intend to try to do for you when elected your Representative. On the following issues, my stand will be:

1. To sponsor in the House of Representatives of Kentucky a law that will provide a basic pay for teachers of \$2,400 per year, with a graduating scale whereby teachers with five or more years' experience and a Master's degree may obtain a maximum of \$4,000 per year (such states as New York, California, Maine, etc., have such laws and I feel that our teachers are as deserving as those from any of the above mentioned states). The better paid the teachers, the better the teaching profession will become, therefore greater benefits will be gained by your child and mine.

2. To sponsor in the legislature a law that will provide a state bonus for the veterans of World War II in the amount of \$500 to be paid \$100 per month for those who served outside the continental limits of the United States and \$300 to be paid \$100 per month for those veterans who did not serve overseas.

3. To provide a House Committee appointed by the Governor and approved by the House and Senate who will consult with the representatives of the United Mine Workers and upon recommendation of these representatives to sponsor such laws as the miners see fit to enact for their own safety and benefits.

4. To sponsor laws that pertain to soil conservation, prevention of erosion and restoration of wildlife in Kentucky. To at all times be prepared to fight for legislation in which the state government will aid

the mountain farms. With proper aid and qualified advice from state employed specialists our hillside farms of Kentucky can easily become productive and provide for our farmers a steady income instead of a bare existence. With your backing, fellow voters, our hillsides need not be covered with green briars, sedge grass or ragweed but can be replaced by cover crops and other income producing crops because I intend to fight for these things we need in Floyd county. You pay taxes, so why shouldn't our state protect you?

5. To sponsor legislation in which the people of Floyd county and the mountains will be able to obtain and share in a new t.b. sanatorium (to be in Floyd county, not in Ashland) and legislation that will prove of great aid to our underprivileged children.

6. To sponsor a law that will set aside an equalization fund for rural highways in every county so that our fiscal court will have sufficient finances to improve our roads to the extent that in winters we will not be in ankle-deep mud but instead will have surfaced rural roads to travel and people living in the country deserve more than they have been getting—you pay taxes too.

Friends, it is not my intention to start mud slinging in this election but there are a few characteristics that I intend to mention, things that I feel that you should know about myself and my opponents. As I mentioned earlier in The Floyd County Times Mr. Biggers and Mr. Allen are good friends of mine. It is unfortunate that we are desirous of becoming your Representative at the same time.

I promise you that when elected your Representative that I will at all times be found in Floyd county and not at Glasgow, Louisville or in New Orleans as has been customary with our present Representative—the Honorable Bill Biggers. I want to remind you that I was born and reared on a mountain farm in Floyd county and did not come to Floyd county from the western part of the state as has Mr. Biggers. Our county produces enough qualified men to hold our county and state offices, without sending to distant counties for representation—as has been for four years with Mr. Biggers.

Here is part of a conversation that I recently had with Mr. Ray R. Allen, one of my worthy opponents. He had approached me on the possibility of my withdrawing from the race.

Ray: "Henry, why don't you come off and let me run this race—if you don't we are going to fool around and let Bill Biggers win again."

Henry: "Ray, I can't make myself come off, because I've much in mind I'd like to do for the people of Floyd county and the state of Kentucky."

Ray: "Then you won't come off?"

Henry: "No, I will not, and what's more, I'd like to ask you why you're running and how you can possibly have enough time to do justice to the office you're seeking. You tell me that you've got all the work you can possibly do, and will lose money by running."

Ray: "I'll tell you why I can get away, because the time I'm in the legislature will simply be a big vacation for me. (This would be a tax payers' expense.)"

Enough said! Folks, when I become your Representative I don't intend to go to Frankfort on a vacation at your expense. I intend to go to Frankfort as your Representative and to scrap and fight with all my power and ability for the interests of the People of Floyd county and the state of Kentucky. Our people deserve this kind of Representative. Also folks, I've always been a Democrat and not a Republican who switches to the Democratic ticket because he knew he could not win as a Republican as Mr. Allen did.

At this time I'd like to call on the Hales, Stephenses, Crisps, Shepherds, Osbornes, Martins, Taylors, Allens and other members and relation to go out and carry your banner for Henry Clay Hale for Representative.

REMEMBER, FOLKS

1. That I am a former member of the U.M.W.A.
2. At present a member of the American Fed. Lab.
3. A member of the V.F.W. and American Legion.
4. A veteran who has the interests of the veterans at heart.
5. A Democrat who has never changed his politics.
6. A Floyd countian who has always lived in Floyd county.
7. A man who will give his time and serious thought to the job to be done, thinking always of the best interest of the people of Floyd county, and not allowing private business to interfere with his job as Representative.
8. A man who will appreciate your vote and when elected will still recognize the voter.
9. A man who is not using this as a stepping-stone to some Floyd county office.

Jeep Caravan To Be Here At Willys Motor Sales

The Jeeps are coming to Town! A caravan of Jeeps bearing the complete line of Industrial and agricultural equipment manufactured by Willys-Overland Motors will appear in Prestonsburg on Saturday, July 26, it is announced by Ben Stansifer, Willys Motor Sales area distributor.

Mr. Stansifer said demonstrations of both industrial and agricultural equipment, powered by the war-famous Jeep, will be held on that date at the Prestonsburg ball park.

Community leaders and city officials, as well as farm agents, 4-H club officials, industrialists, businessmen and students, as well as the public in general, have been invited to attend the demonstrations. It will be the first time since the war that the complete line of Willys-Overland utility vehicles has been shown in this area.

The eight-vehicle caravan, headed by a Jeep fire engine, will include four Jeeps bearing various industrial and agricultural attachments, an arc welder, a generator, a compressor and a life of hydraulic lift implements designed specifically for use with the Universal Jeep in agriculture.

In addition, there will be a four-wheeled farm wagon loaded with various farm attachments for the Jeep, a four-wheeled trailer carrying chemicals to be used by the fire engine, and a Jeep Station Wagon from which demonstrations will be directed.

The caravan to visit Prestonsburg is one of four similar units currently touring the United States. A unit carries eight vehicles, with a crew of 10 men, all Willys-Overland factory-trained personnel. It is estimated that the four caravans will conduct demonstrations for nearly a million people between now and September. (It.)

Tell your fortune?

"Such a lucky lady—with a pretty house, nice husband and children—and lots and lots of servants!"

"You're wrong about the servants. I live in a 6-room house, and balance a budget!"

"But, Madam, you have servants to help you in every room! And you pay them very little, indeed. You have a servant to assist with your laundry. Another to help cook your meals. A third to protect your food. A fourth to clean. More to heat and light your home, and entertain you when you're bored. You have electrical servants, Madam—the most willing and dependable servants in the world!"

"Of course; I have electricity but I never thought—"

"This army of domestic help costs you less than a bottle of milk a day! So you see electric service is not only high in efficiency, it's low in cost! Twenty years ago the average family got only half as much electric service for the money as it gets today. And think how many more jobs electricity does around the house in 1947! Yes, Madam, yours is a very good fortune, indeed!"

Dear Voter:

As most of you perhaps know, my daughter-in-law, Mrs. Forrest G. Fields, is a candidate for the Democratic nomination for State Treasurer in the August primary.

Anything that you may do to assist her will be as deeply and as fully appreciated by me as if it were a favor directly to me.

With best wishes always for the people of Floyd county, I am,

DAVID VACATION BIBLE SCHOOL

The daily vacation Bible school at the David Community Church, June 16-27, was directed by Miss Blanche Garrett with an enrollment of 108 and an average attendance of 80. Sixty received certificates for regular attendance. Each department had a special course of study:

Beginners—"God's Plan for Happy Homes," teachers, Lida Mae Durham and Barbara Thompson.

Primary—"Bible People who Loved God," teachers, Mrs. Russell Harman and Miss Jane Crawford.

Junior Department—"Praise Ye the Lord," taught by Misses Blanche Garrett, Geraldine Carver, Wonnell Bussey, with Linda Webb as substitute teacher. In this group some Psalms were studied and memorized and a beautiful tapestry was made for a worship center.

Intermediate group—"Plan of Salvation," taught by the Rev. J. E. Durham.

Miss Ann Everly was pianist for the school.

The work in all departments included nature study, foreign painting, splatter painting, coloring Bible pictures, also sewing by the larger girls.

A special program was given at close of the term. Each department gave some of the things learned and had handwork on display. The school was one of the largest and most interesting in the history of the church.

The Bible school at the Open Fork school, conducted by Blanche Garrett and Geraldine Carver, June 30 through July 4, with morning and afternoon sessions, had 48 enrolled and an average attendance of 40. Thirty-four received certificates for regular attendance.

B. F. Combs is in St. Joseph's hospital, Lexington, where he submitted to surgery last week. Mrs. Combs is at his bedside. His condition is slightly improved.

TO THE VOTERS OF FLOYD COUNTY:

The steering committee of the Floyd County Christian Dry League at its meeting this week agreed to approve the following candidates known to be definitely dry:

Ray Allen, Democrat, Representative.

Elmer Bove, Republican, Representative.

Cordell H. Martin, Democrat, Senator.

Charles R. Newman, Republican, Senator.

The people of Floyd county know that Doug (Sawloggin' Doug) Hays and Bill Biggers voted wet while they were in the Legislature and both of their names appeared on the letter written to the school teachers of this county last fall urging them to use their influence against the dry vote.

Allen Is Best Qualified To Serve This District

We have three candidates for the office of Representative from the Ninety-Sixth District, and from these three it is our duty to ourselves, our district and the state to select a man who can do these things:

1. Serve all the people intelligently and with fairness;
2. Stand for the forces of law and order against those of lawlessness and disorder;
3. Be able to get things done for

the people at home without injury to others; and

4. Work for all classes of the people—those who work with their hands for a living, those who teach, those who follow legitimate professions, and all others who need help and common justice under the law.

We submit that Ray R. Allen qualifies for this important work.

We join Mr. Allen in refusing to belittle the ability of his opponents, and we endorse the attitude he recently took when he urged us, "Let me run this race on the basis of qualification, and let's not try to run down the other boys to get votes for me."

That is his policy and we think it is a good one and honestly taken.

And in saying that we think Mr. Allen is by far the best qualified for the office of Representative we do not mean anything derogatory to his opponents.

FRIENDS OF RAY R. ALLEN
(Pol. adv.)

Mrs. W. B. Gatewood, of Huntington, and Mrs. F. L. Heinze were tea guests of Mrs. N. M. White, Jr., Thursday afternoon.

Dr. W. J. Fitzpatrick spent several days at Berea last week visiting his son. He is engaged in truck coal mining here.

Mr. and Mrs. Russell Pelfrey, Miss Abigail Allen, and Miss Betty Archer spent several days last week at a camp near Bristol, Virginia, where Patricia Pelfrey is spending her vacation.

Charles Martin, of Minnie, was here Saturday on business.

I have made several campaigns and never have thought of using my family tree in the newspapers until I saw one of my opponent's family tree in The Floyd County Times last week. My grandfather, Captain Anderson Hays, was born where Lackey Station now stands, in 1820. My grandmother Hays was Rachel Sizemore, and was born on the Sizemore Branch of Left Beaver Creek in 1822. She was one of a family of 27, the old Goolan Sizemore family. Two of the Sizemore girls married Hayses; two married Wiremans; one married a Howard, one married a Begley, another married a Goodman, one married a Hoover, one married an Arnett, and still another married a Patton. The girls were so numerous that I can't think what my grandmother told me so many years ago who they all married. The following is a list of the families that I can remember that I am related to by Sizemore blood:

The Stumbos, Pattons, Allens, Chaffins, Wickers, Begleys, Sallsburys and numerous other large families that space will not permit.

My grandfather Everage was Solomon Everage. My grandmother Everage was a Turner. I married Lula Martin, my first wife, the daughter of John D. Martin. Her mother was Burks Turner's daughter, of Drift, Ky., and my wife was a first cousin to the father of one of the young Martins that is one of my opponents, and was a second cousin to the other young Martin. I voted my first vote 50 years ago for Judge David Martin, who is a great-uncle of this boy. So, if kinfolks are to count in this election, I can't see why young Martin used his family tree to electioneer.

My second wife was Lizzie New-some Hamilton. She had four small children. I have educated them all. The two girls, Madeline and Ester, are school teachers in Floyd county. The two boys are business boys and I am proud of my job of raising three children of my own and six orphan children, two boys that had no father and mother, Estill Star and Guy Pendleton.

That is my family history. As for my record in your service, you all know it. My record as a friend and neighbor you know, too.

I solicit the support of you all.

CHRISTIAN CIVIC LEAGUE IS BACKING WATERFIELD

LOUISVILLE 2, KY.—At a city Sunday night at the Fourth Avenue Church, the Louisville Christian Civic League announced its recommendations of candidates for state and city races.

Their endorsement for Governor v Lee Waterfield on the Democratic ticket

The Christian Civic League is a non-sectarian, and non-racial group of men representing practically every business. More than one hundred churches in Louisville county are represented on the council of the League.

The chief purpose of this organization is to elect a clean and progressive government and to elect of better men for office regardless of political affiliation.

RALPH H. SEAR
Executive Secretary

NOTE: Non-partisan, non-sectarian, interested in promoting "clean and progressive government through the election of better men regardless of political affiliation," the Civic League of Louisville, on the executive of which more than one hundred churches are represented, endorse **HARRY LEE WATERFIELD**.

These folks are not endorsing any man; he will serve only them. They are interested Christians and as civic leaders, in the general fare. Men and women of all churches and all professions, of different beliefs but all humbly serving same God—they boldly and honestly endorse a man who is a crusader for right in government.

HARRY LEE WATERFIELD is that man. He is the crusade against the special interests. Vote your schools, your churches, for better roads, more electric power for our people up the creases and for the schools of Kentucky.

The next Governor of Kentucky will be named by you, the voters. Don't permit any politician misguide you with fine promises and smooth talk. Vote for the best man for Governor and you will have a **GOOD GOVERNOR**.

The best man, say these folks who have no other interest, is **HARRY LEE WATERFIELD**.

To the Republican Voters Of Floyd County:

We believe that the nomination of E. P. Hill for Governor will insure Republican victory in November. He has made a splendid record as Attorney General of the state and his experience in this office has made him familiar with the many problems of the state government. He

has co-operated with the present Republican Administration; he has the confidence and support of the rank and file of the Republicans of the state and has been friendly with all groups and factions within the party. There is no valid reason why every Republican interested in the success of the party should not support his candidacy.

We present a brief biographical sketch of General Dummit and respectfully solicit your vote for him in the primary on August 2.

Graduate, University of Kentucky Law School

Eldon S. Dummit was born August 6, 1896. He served as a private in World War I. Born on a farm in southwest Missouri, he attended the rural school and worked his way through High School and College. He attended Drury College and the University of Kentucky, graduating from the Law School of the University of Kentucky in 1920. He taught law at Lincoln Memorial University before entering the practice of law in 1921.

Lawyer

For more than twenty-five years he has been engaged in the general practice of law in Federal and State courts and is a member of the Fayette County, State and American Bar Associations.

Family

In 1926 he married Christine Shouse, daughter of the late Dr. Thomas S. Shouse and wife, of Shelby county, Kentucky. His wife is also a graduate of the University of Kentucky and their daughter and two sons are students there.

Elected Commander American Legion

In 1931 he served as State Commander of the American Legion of Kentucky, and was also Worthy Grand Patron of the Order of Eastern Star during that year. In 1941 he was elected president of Optimist International, a service organization comparable to Rotary and Kiwanis, having as its motto, "Friend of the Boy." In 1943 he sought political office for the first time and was elected Attorney General of Kentucky.

Honored By Profession

In 1946 he was elected president of the Southern Association of Attorneys General and to membership on the Executive Committee of the National Association of Attorneys General.

Civic Leader

He has served as chairman of the Lexington Council of Boy Scouts and received the "Beaver Award" for meritorious service in scouting. He is past president of the Travelers' Aid Society and served as campaign chairman of Lexington's first Community War Chest. He is a member of the Lexington Board of Commerce and has served as a director on the following boards: Family Welfare Society, U.S.O. Council, Stop-Over Station, Mental Hygiene Association and Lexington Civilian Defense Council.

Affiliations

He is past president of the Pyramid Club and of the Central District of Odd Fellows. He is a Mason, a member of the University Alumnae Association and the Kentucky Peace Officers' Association. He is a director of the Central Exchange Bank, a member of the Governor's Council and a director of the Teachers' Retirement Fund.

Church Leader

He is a member of the Central Christian Church of Lexington, one of the largest church congregations in Kentucky, and has been an officer in that church for a number of years.

Popular Public Speaker

Eldon Dummit has been in great demand, not only in Kentucky, but throughout the United States as a public speaker. He has, in the past ten years, probably, addressed a greater number of non-political meetings and conventions in Kentucky than any other living man. Through his wide-spread activities and contacts and in his public speaking, he has made many thousands of friends among the Democrats and Independents of Kentucky and his following of personal friends and admirers will be a great strength to him as the Republican nominee for Governor.

Ideal Candidate

General Dummit is a pleasing personality, an able and forceful speaker, and energetic and tireless worker, he has no axes to grind, no political enemies to punish, and he offers the highest hope for a united Republican party and for victory in November.

We commend him to the thoughtful consideration of all Republican voters of Kentucky and respectfully solicit your support.

THE FLOYD COUNTY FISH AND GAME CLUB

AT THE

Beaver Valley Golf Course, Allen, Ky.

Sunday, August 3rd

This year, as in the past, the Floyd County Fish and Game Club is offering sportsmen, their families and friends rare entertainment in an all-day program. In addition to contests, a coon chase, music and speaking, it offers—free of charge—exhibitions by nationally known experts with the gun, bow and arrow and the rod and reel.

Fishing Show

With ART NUSS

Courtesy OCEAN CITY REELS and MONTAGUE RODS

ART NUSS, nationally known bait and fly-casting champion, is one of the finest trick and accuracy casters in America. His feats with a fly and bait-casting rod have amazed thousands of sportsmen all over the East. He is a noted instructor and authority on stream and lake fishing and has made a lifetime study of what equipment the fisherman should have and how to use it to take fish. His methods simplify the art of plug and fly casting through knowledge of the proper combination of rod, reel and line.

For Unity And Victory —March With Clements

He Offers An Honest Program
For Real State Progress

KENTUCKIANS are tired of four years of uncertainty and discord at Frankfort. The Republicans, in their own words, have "had enough."

Earle Clements

The Democratic Party must offer unity and a constructive program. No man is worthy to be Governor who would divide his party. Clements has worked diligently to unite the party. The severest criticism leveled at him is that he has succeeded too well.

Earle Clements' opponent has made nine specific promises: seven to spend more money and one to reduce taxes. He has made only one proposal to increase taxes, which would not raise one-half as much as those he proposes to scrap. He is promising the State of Kentucky to the brink of bankruptcy . . . holding out false hopes . . . bidding for votes with public funds through ridiculous proposals. Clements has his own sound program for Kentucky:

- 1—Business-like administration of the State Government.
- 2—No pledge to spend unless the money is available in the State Treasury.
- 3—Creation of a non-partisan State Agricultural and Industrial Board to develop Kentucky's resources and draw new industries to our State.
- 4—Creation of a Department of Research to increase the efficiency of the State Government.
- 5—A deficiency appropriation to raise teachers' pay, retroactively.
- 6—A program of real co-operation with the farmer and the war veteran.
- 7—All-out encouragement and assistance to the growth of the R.E.A.
- 8—Removal of, and safeguarding, the State Fair from politics.
- 9—A sound State program of assistance to the counties in rural road building.

NEWS FOR THE VETERAN

AUG. 1 DEADLINE FOR TWO G.I. INSURANCE BENEFITS

Although the time for reinstating lapsed National Service Life Insurance has been extended to next January 1, Veterans Administration this week emphasized that Aug. 1, 1947 still remains the deadline for applying for two other insurance benefits.

The first concerns veterans who may be entitled to waiver of premium payments because of total disability existing for six or more consecutive months. Waiver in such cases generally is made effective from the date the period of disability commenced, but not more than one year before VA's receipt of the insured's application for waiver.

If application is ready by Aug. 1, however, and entitlement to waiver is established, it may be made effective from the beginning of the disability period as far back as Aug. 1, 1941, and premiums paid while the insured was totally disabled will be refunded.

After next August 1, waiver of premiums paid more than a year from date of application will be granted only in special cases where it can be shown that the insured was unable to apply within the time limit.

The other deadline affects beneficiaries of deceased NSLI policyholders who, prior to death either in service or after discharge, became eligible for waiver of premiums but never applied. Such beneficiaries may claim refund of waived premiums during the insured's total disability extending as far back as August, 1941, if application, with evidence of the insured's right to waiver, is made by August 1 of this year.

After that date, waiver normally will not be granted for any premium which was due over a year from the insured's death, and the beneficiary must apply within that time. Exception is made where the

beneficiary is incompetent or a minor, in which case application must be filed within one year from removal of legal barrier.

Forms and assistance in applying for these benefits prior to the August 1 deadline are available at any VA office.

TRI-STATE VETS REPAY \$9,000,000 IN G.I. LOANS

World War II veterans in Ohio, Michigan and Kentucky have repaid in full 2,297 loans amounting to \$9,139,843 which they had borrowed for home, farm and business purposes under the guaranty provisions of the G.I. Bill, the Veterans Administration tri-state branch office in Columbus, O., reported recently.

Repayments include: Ohio, 1,469 loans amounting to \$6,447,137; Michigan, 552 loans totalling \$1,734,524; Kentucky, 276 loans for \$958,182.

Since inception of the G.I. loan program, financial agencies have made more than 95,000 loans to veterans in the three states. In Ohio, 50,300 loans have aggregated more than \$291,858,000. Michigan veterans have negotiated 35,300 loans totaling \$185,555,000. In Kentucky, 9,600 loans have been made in the amount of \$46,400,000. Ninety-two per cent of the loans have been for homes.

AMPUTEES IN THREE STATES GIVEN 1,838 VEHICLES

A total of 1,838 disabled veterans of World War II in Ohio, Michigan and Kentucky had acquired automobile vehicles at government expense through June 30 under the "autos for amputees" program, the Veterans Administration reports.

The total included 801 in Ohio, 703 in Michigan and 334 in Kentucky. Average cost of each vehicle was \$1,588.

Most of the eligible veterans have purchased automobiles, VA said, although some have selected trucks, jeeps, station wagons and tractors. Most of the vehicles have been fitted with special attachments to facilitate operation by the individual veteran despite his disability.

The law, which became effective last September, provides a \$1,600 car or other conveyance for those who in service lost or lost the use of, one or both legs at or above the ankle. The law originally expired June 30, but has been extended by Congress until June 30, 1948. Application forms are available at all VA offices.

VETERAN ENROLLMENT DIPS AFTER TWO-YEAR RISE

The number of World War II veterans enrolled in schools and colleges in Ohio, Michigan and Kentucky declined sharply during June, marking the first time in two years that the steady increase in veteran enrollment has been checked.

The Veterans Administration tri-state Branch Office in Columbus, O., this week reported 96,693 veterans were enrolled in Ohio on July 1 under educational provisions of both the G.I. (Public Law 348) and the Vocational Rehabilitation Act for Disabled Veterans (Public Law 16), compared with 108,067 veterans enrolled on June 1. In Michigan, the enrollment on July 1 was 76,450, compared with 85,349 on June 1. The veteran enrollment in Kentucky on July 1 totaled 23,462, compared with 27,598 on June 1.

Many of the veterans who have terminated their education for the summer months are expected to resume their studies in the fall, when VA anticipates a new all-time high in veteran enrollment.

Despite the June decline in veteran attendance at schools and colleges, the number of veterans taking on-job training in the three states increased 3,314 during the month, totaling 76,504 on July 1, including 45,931 in Ohio, 19,665 in Michigan and 10,908 in Kentucky.

QUESTIONS AND ANSWERS

Q. I receive compensation for injuries incurred in service. Do I have to show the amount of compensation I receive in making out my income tax report?

A. No. It is unnecessary to show pension or compensation payments in an income tax report.

Q. Under what circumstances can I claim that my parents are dependents?

A. Dependency will be held to exist if your parents do not have an income sufficient to provide reasonable maintenance for themselves and members of their family under legal age.

Q. I draw permanent total disability compensation because of injuries due to service. Will I continue to draw my compensation if I move to Australia?

A. Yes. Residence has no bearing on compensation entitlement.

To the Voters of the 29th Senatorial District:

I am the son of Bob Martin, grandson of Alamander (Squint) Martin, Drift, Ky., and the grandson of Billie Hall, Hall, Ky.

I am a World War II veteran and a school teacher, and I have recently completed my study of law at the University of Kentucky. In canvassing my district, I have been greatly impressed by the surge of people who are determined to bring a progressive government to the people of our county. **OUR GOVERNMENT IS AND MUST REMAIN AN INSTRUMENT OF THE PEOPLE.**

I submit to you a program of progressive government, a program which will bring Good Roads, Good Schools, and, above all, a good, clean government. These improvements are the basis of our society, and are the basis of a democracy.

The extension and expansion of Rural Electrification is a program which must not be hampered but must be promoted with all our vigor, and we must fight to preserve and promote this program by refusing to send to our State Senate Doug Hays who supported a "ripper" bill which would cause many of our people to live in darkness or else use the old kerosene light.

I stand for an adequate school program—a nine-month term—an increase in teachers' pay and in teachers' retirement. Our children deserve the best. As a school teacher I am aware of our plight in the field of education. Let us look forward to a program of advancement and learning for our young generation.

Increased appropriations for the Welfare Department must have our special attention. The old aged, the people who are blind and deaf, the orphans and the widows must be amply cared for, and I will support any reasonable legislation to achieve this end. Also, adequate hospital care must be provided to keep us strong and energetic.

Our roads are primary assets in our community life and are fundamentals of our daily existence, and these funds should be handled by our fiscal courts.

I am submitting to the people of this district a program which will

advance our cause of democracy and bring untold happiness and advancement to our Christian and Educational Way of life.

We represent a class of laboring people, and I will support legislation which will bring to those who work in the mines an increase in appropriations for mine inspections which will make the mines a reasonably safe place to work, and an increase in Workmen's Compensation for those who are disabled and permanently impaired. I will support any reasonable legislation which will make life easier for the working man.

I will vote for the interests of the people at all times. I have no political scars and I will represent all the people rather than privileged classes.

Yours for better government,
CORDELL MARTIN

Congressman:
extend to you personally and in behalf of the millions of members
American Federation of Labor, our thanks for the courageous
adfast way in which you stood with Labor in its fight against the
of the Taft-Hartley Bill. You manifested statesmanship of the
order. I am confident time will vindicate the position you as-
the passage of the Taft-Hartley Bill means the beginning of the
which Labor will make against this anti-labor legislation and
against those who voted in favor of it.
from the bottom of my heart I thank you again for the loyalty and
on which you demonstrated during the fight which was made for
against the adoption of the Taft-Hartley Bill.
Sincerely yours,
WM. GREEN

Mrs. Raymond Powell, of Hemp-
stead, N. Y., was hostess at a gift
shower recently for Miss Lillian Al-
len, of Amityville, N. Y., who
will be married to Mr. Albert
George Kirk, of Brooklyn. The
wedding will take place at the home
of Miss Allen's parents, the Rev.
and Mrs. Green Allen, of Garrett.
Mr. and Mrs. John Sullivan, of
Mount Vernon, N. Y., Mrs. Charles
Kirk, Sr. and A. G. Kirk, of
Brooklyn, N. Y., who are here for the
wedding of Miss Lillian Allen, are
the houseguests of the Rev. and
Mrs. Green B. Allen.
Mr. and Mrs. Oscar L. Francis, of
Louisville, was a recent guest of
Mr. and Mrs. Luther Allen. They
have returned to their new home in
Cairo, Ill. Mrs. Francis is the former
Betty Ann Allen.
Mr. and Mrs. Farris Patton, Jean
Plina and Paul Hoskins, of Salyers-
ville, were guests Wednesday and
Thursday of Rev. and Mrs. Green
B. Allen. Mr. Patton is the only
brother of Mrs. Allen.
Miss Avarille Francis, Mr. and
Mrs. Dennis Francis, of Wheel-

The Lackey-Garrett Woman's
Club met at the home of Mrs. Felix
Coburn July 17. The club president,
Mrs. Fred A. Martin, conducted a
brief business session, at which time
all members were urged to get their
dues in so that the new year book
can be completed. One new mem-
ber, Mrs. A. E. Quinlan, Jr. was ad-
ded to the club's roll. It was sug-
gested that everyone have in mind
a suitable site which the club may
purchase as a beginning toward a
clubhouse.
Mrs. Thomas Hatcher was ap-
pointed to revise the present con-
stitution and have it ready for the
next meeting. Mesdames W. T.
Hatcher and Charles Sturgill are
also on this committee. Mrs. M. M.
Collins will entertain Miss Chloe
Gifford, state president of Woman's
Clubs, when she visits all clubs of
the Seventh district this fall. Con-
cluding the business session, Mrs.
Coburn served a buffet luncheon to
the following: Mrs. J. E. Dampier,
former club member, of Mississippi;
Mesdames J. T. Spillman, Everett
Blarton, Harry Sherman, W. T.

Miss Jo Dixon, of Wayland.

**KENTUCKY
ON THE MARCH**
By EWING GALLOWAY
Industrial growth is largely a state
of mind. This is especially true in
Kentucky, where indifference, even
hostility in some instances, has let
cities and towns in such states as
Alabama and Georgia get ahead of
us.
Our state has too many people
who oppose industrial growth be-
cause they think it is liable to dis-
turb their quiet and sometimes
smug community life, and then there
are the industrialists in the smaller
cities who do all they can, on the
quiet usually, to keep new factories
out because of fear of competition
in the local labor market.
"In his report on manufacturing
for the Committee for Kentucky Dr.
W. Scott Hall, economics professor
at Transylvania College, gives us a
hopeful paragraph on Kentucky's
industrial state of mind.
"The attitude of Kentuckians to-
ward manufacturing varies," says
Dr. Hall. "Some people are luke-
warm, fearing increased wages for
farm and other labor, unsightly
plants, a 'foreign' element, unem-
ployment and relief costs during de-
pressions, and a break with our
agrarian heritage. But more people
appear favorable. New plants are
usually exempted from city taxes
for a five-year period and occasion-
ally a building is furnished on a
subsidized basis."
On a recent tour of the Deep
South I couldn't help comparing
such cities as Macon, Columbus,
Rome, Gadsden, Decatur, Huntsville,
Florence and Montgomery with Ken-
tucky's medium-sized cities, such as
Lexington, Owensboro, Henderson,
Paducah and Bowling Green. The
cities way down south have just
about doubled their size in the last
decade, and their growth has been
due almost wholly to industrial de-
velopment. Cheap electricity from
the TVA is a big factor in bringing
big factories to northern Alabama
cities, but generally the progress of
Alabama and Georgia can be ac-
counted for by a state of mind. The
people see industrial growth as their
greatest hope.
The industrialization of these two
states has not disturbed the peaceful
lives of deep-rooted and well-to-do
families as these complacent folks
feared it would do. Nor has it robbed
the plantations of their labor. The
drift of the sharecropper population
to factory towns has been offset by
mechanization of agriculture. And
so far as I can learn few if any fac-
tory owners have had cause to com-
plain that rivals have raided their
labor supply.
Really the opposition to new fac-
tories in Kentucky towns and cities
is groundless. Stock fears are al-
most 100 per cent imaginary.

MARTIN
(Last Week's Correspondence)
Young People's meeting began at
the Martin Church of Christ. It was
organized and made a Christian So-
ciety Sunday night. Thirty-eight
girls and boys were present for the
first meeting. Mrs. Frank Pickle, Jr.,
organized the society meeting and is
now sponsor. Officers elected were:
Charles Caudill, president; Mrs.
Frank Pickle, Jr., vice-president;
Geraldine Frazier, secretary; Stella
Dean Caudill, treasurer, and Bette
Rose Johns, pianist. All young peo-
ple of Martin and elsewhere are in-
vited to be with us each Sunday eve-
ning at 7 o'clock.
Miss Peggy Stumbo, of Harold,
was week-end guest of Bette Rose
Johns.
Mr. and Mrs. Frank Pickle, Jr.,
Mrs. W. S. Johns and daughter,
Bette Rose, visited the Revs. Julian
Hunt and Homer Swindall at Ports-
mouth, O., Tuesday. They also at-
tended the revival which was being
held there.
Mr. and Mrs. Thomas Cox and
son, of Jenkins, were guests of Mrs.
Maxie Bentley and family Sunday.
Mr. and Mrs. Frank Pickle, Jr.,
and daughter, Rose Ann, Mr. and
Mrs. W. S. Johns and daughters,
Bette and Barbara, motored to Na-
tural Bridge Thursday. They also
went to the Carter and Cascade
Caves while on their vacation tour.
John Paul Johns is visiting his
brother and family in Louisville.
Lloyd (Buddy) Bentley was visit-
ing in Charleston, W. Va., over the
week-end.
