

This Town... That World

A little more and the Clements administration would have been defunct.

The Legislature left within the Attorney General's jurisdiction the matter of nudist colonies. That hamstringing Mr. Funk took is made less painful by his gratitude to the lawmakers that they didn't blindfold him, too.

LET THE SECRET OUT

This ripper legislation is the nuts. If Attorney General Funk did anything wrong, his crime should be made known to the public and he should be impeached. The will of the people who elected him to perform all the duties of the office, not just a few, is thwarted by the ripper, and nobody benefits except the Governor through delegation of more unusual powers to his office.

STRANGE BEDFELLOWS

Some are griping now about our wartime friendliness to Russia, in the light of subsequent events. They forget that, back then, it was any port in a storm, any straw to grasp, and that Russia was our ally, though the dog in the manger of nations.

The situation is reminiscent of the politician who, one week, vowed his political enemy would steal sheep, and who, next week, with an alliance effected with his foe, was loud in his praises of the vermin.

"But just last week you were swearing he'd steal sheep," he was reminded.

"Um-yes, that's right," the politico replied. "But he's a great fellow—he won't steal my sheep!"

THE OVER-INDUSTRIOUS BROTHER

The farming season being at hand, this may offer some balm to those who have a yen for the bosky dell father than the sun-scorched fields and who suffer the taunts of more energetic acquaintances.

Anyway, the story goes, when a Knott county farmer died his will devised to his daughters cash bequests and to his two sons equal parts of his large farm. One of the boys immediately set to work, re-fencing, grubbing out bushes and briars, turning his acres into cornfields and pastureland. The other watched all this from a convenient shade while his neighboring fields grew up in briars and bushes. His house suffered for paint and a new roof, his fences were as full of gaps as a crow's mouth. He was troubled only by his wife's nagging.

All went well with the industrious brother until berry-picking time, when, lo! he hadn't a briar to pick. He had cleared his ground too well. But, right at hand, was his brother's farm with loads of berries. So he did the natural thing, since his brother wasn't busying himself with any berry-picking, anyhow.

But an end was put to this.

"Git outa my field!" the owner of the berries ordered his brother. "Any durned feller too lazy to raise black-berry briars, he can't have a one I've raised!"

WE SHOULD BE HAPPY TO GIVE

It is particularly appropriate that this Easter season is the time when we are asked to contribute to the Kentucky Society for Crippled Children.

For the season commemorates the sufferings and the resurrection of the One whose hand extended the largess of mercy and kindness to little children.

Childhood, in the very nature of things, are carefree days, the hal-

BRIDE JUMPS TO SAFETY

As Husband of 2 Weeks Rides 'Iron Mule' Over Precipice to His Death

An attempt by a young construction worker to show his bride of two weeks the operation of a mechanical device cost him his life Sunday at Kite, Knott county, on the railroad line under construction above Wayland, and his wife barely escaped the same fate.

The victim, Harlan Green Woody, 20, and his wife, the former Ella Lee Noe, of Estill, were seated on an "iron mule," a tractor-like mechanism for the moving of dirt, when the machine began backing toward a cliff estimated to be a hundred feet high. Mrs. Woody jumped to safety. Her husband went over the precipice with the machine, which toppled onto him, killing him instantly.

The victim was a son of Mr. and Mrs. T. E. Woody, Burnsville, N. C., whither the body was taken by the Ryan Funeral Home for burial Wednesday.

PLACE BLAZE LOSS, \$23,000

Toler Says Origin Of Fire at Harold Not Yet Determined

Fire of undetermined origin destroyed the 21-room combination store and apartment building of B. H. Toler, near Harold, early Saturday morning at a loss estimated by its owner at \$23,000.

The two-story, tin-sheeted structure, covering a foundation 55 by 40 feet, was so far consumed by the blaze that Mr. Toler, roused from his sleep in an upstairs apartment, escaped only with a few items of clothing and a portable safe he kept in his room. The fire followed by little more than a month the death of Mrs. Toler.

Destroyed with the building was the general merchandise store operated by Toler, all his household effects and most of the belongings of Milroy Damron, Raymond Mabe and A. Womack, tenants of apartments. All store accounts, amounting, the owner said, to more than \$2,000, were lost.

Toler said the fire apparently started in a stockroom, in the front of the building. He discounted the theory that the loss may have resulted from defective wiring or a stove. Insurance on the building and contents owned by Toler totaled \$5,000, he said.

Mr. Toler said Monday he will rebuild, if possible.

VFW RAMBLERS STATE CHAMPS

Challenge Issued To National VFW Titlists for Tilt

Hot from the outset as rifle-guns in feud days, and waxing hotter as they went along, the Prestonsburg VFW Ramblers upset the dope along with the reigning favorites to win the state VFW championship at Louisville last week.

They opened with a 66-45 win over Madisonville, with Tommy Blackburn leading the attack with 14 points. Next to fall was St. Matthews, pre-tourney favorite with four members of the Louisville Dads, professional team, on its roster, including Embry (U. of L.) and Oldham (Indiana). The Ramblers were ahead, 27-26 at halftime, behind at the end of the third quarter, 39 to 37, but came with a rush to score 12 points in the last three minutes to wind up with a 60-49 victory. Tommy Blackburn again led the Prestonsburg scoring with 16 points, tying with Embry, of St. Matthews. Adding to the Prestonsburg score were Ray Turner with 11 points, Frank Heinze with 10, Roark and Damron with eight each and Johnny Heinze with four.

Johnny Heinze, incidentally, hitchhiked all the way from Columbia, Mo., where he is a Missouri University student, to help his old teammates and was a power at the guard position. Frank Heinze came over from the University of West Virginia at Morgantown and Barkley Sturgill from the University of Kentucky at Lexington.

In the finals with Glasgow the Ramblers found another old friend in Bill David Craft, former Prestonsburg Blackcat star, now a resident of Jeffersonville, Indiana. The Ramblers had lost Roark and F. Heinze on fouls in the third quarter, Barkley Sturgill and Billy Damron to start the fourth. Tommy Blackburn had four fouls on him, as did J. Heinze, and Ray Turner and Openheimer had three. Craft hurriedly dressed and entered the game, scoring three points.

Newport, conqueror of Leitchfield, second-rated team, succumbed Saturday in the semi-finals, 79 to 35.

THURSDAY

PENSION PLAN TIFF CLOSES ALL MINES

Van Horn Threatens Legal Action; Lewis Says Pact Dishonored

Every Floyd county coal mine by Monday afternoon was "unable" to work as the miners were "unwilling" in the face of the charge made by John L. Lewis, United Mine Workers leader, that the operators had "dishonored" the 1947 contract by failing to grant \$100-a-month pensions.

Over the week-end the miners pondered the pension issue after their reaction to the situation had been asked by Lewis.

In this county not a rail mine operated Monday. By the end of the day, a Floyd County Truck Operators Association official said, the truck mines were idle. In Kentucky, less than 10,000 miners of approximately 54,000 worked Monday. Over the nation Monday, approximately half of the 400,000 men employed in soft coal mines had quit work.

The duration of the stoppage was a matter of conjecture throughout the coal fields. Here, the most optimistic spoke of work resumption within a week. The more pessimistic spoke of four to six weeks and one spoke darkly of June.

In a letter sent Friday to mine locals, Lewis declared the operators "have dishonored the 1947 wage agreement and defaulted under its provisions affecting the welfare board."

The letter added: "This office proposes to go forward in requiring the coal operators to honor their agreement. Your ears will soon be assailed by their outcries and walls of anguish. To relieve themselves, they need only to comply with the provisions of the agreement which they solemnly executed in this office on July 8, 1947."

The current mine contract does not expire until June 30, but it provides that the miners need work only as long as they are "able and willing."

Lewis is demanding \$100 monthly pensions for miners 60 years of age or older who have had 20 years' service in the pits. He wants the money paid out of a welfare fund made up of a 10-cents-a-ton royalty on coal paid by the operators. The operators contend the pensions are "too expensive." The fund now contains \$30,000,000.

Washington, March 16—The soft-coal operators today gave John L. Lewis three days to join them in settling the pension dispute which has sent 350,000 miners out on strike and threatens major industrial shut-downs.

Ezra van Horn, the operators' spokesman, asked the U.M.W. president by letter to join him in requesting the federal district court to appoint an impartial arbiter to resolve the issue. He said the operators themselves would go to court if Lewis failed to agree by Friday.

President Truman, meanwhile, received reports on the extent of the strike. If the walkout continues, he is expected to try to stop it by invoking the Taft-Hartley Act. The Federal Mediation Service also marked time, uncertain whether Lewis would agree to conciliation talks.

Governmental officials said presidential action probably would be delayed until after Friday in view of Van Horn's ultimatum to Lewis.

Van Horn told a press conference that Lewis' pension demand—\$100 a month for all miners aged 60 or over with 20 years of service—"is a direct violation of the Taft-Hartley Act." He said it would bankrupt the union's welfare fund, of which he and Lewis are co-trustees. The fund is raised by a 10-cent-a-ton levy on coal production; it now totals more than \$30,000,000.

Van Horn estimated that if the pensions were granted, they would cost \$33,000,000 alone this year.

A spokesman for Lewis said the mine boss would have no comment today on Van Horn's demand.

Beaver Valley Loop Plans Season Play

Plans for re-organization of the Beaver Valley baseball league were discussed Sunday in a meeting at Martin of representatives of four teams. Robt. Hicks, league secretary, said later that at least two more teams, and possibly four, are needed to round out the loop.

J. W. Hall, of Martin, was re-elected president. Wayland, Maytown, Drift and Dwayne were listed as certain entries. A second meeting will be held at the Martin high school building at noon, April 4.

Dove in Jail Here After Long Absence; Nabbed in Florida

Jimmy Dove, of the vicinity of Garrett, who has been a fugitive from Floyd circuit court trial for child desertion for more than a year, and whose troubles with the law date back to 1941, was returned to jail here Saturday by Deputy Sheriff Harold Conn and Worley Boyd from Florida. He had been arrested while with a traveling carnival at Palmetto, Florida.

Dove was first sentenced to a three-year pen term and probated during the term of Circuit Judge Henry Stephens, Jr. About two years ago, he was again indicted on a charge of child desertion, was arrested in Ohio and returned here. After remaining in jail about two months, he executed bond and skipping bail, according to Deputy Sheriff Conn. Until recently his whereabouts were unknown by officers here, it was said.

Jailed over the week-end were: Brewley Jean Turner, by Deputy Sheriff J. B. Hall, charged with auto theft; Denver Martin, by Deputy Sheriffs Hall and Rice, drunk and possessing illegal whiskey; James Brewer, by Emmett Roberts and Ike Case, drunk and possessing illegal whiskey; Lee Hamilton, by Steve Hamilton, cutting and wounding.

Officers had in their possession this week warrants for the arrest of half a dozen persons wanted for liquor violations.

CHURCH CLASS MEETS

The Reba Mayo Class of the Methodist Church met at the home of Mrs. Harry Ranier last Thursday. Mrs. Marian Wilson directed the devotionals and the business session, after which Mrs. Stella Spurlock and Mrs. Vera Ford were in charge of the games. Mrs. Sylvia Nunney was chosen to be in charge of the program for the next meeting in April. After the games, refreshments were served to Mesdames E. S. Collins, Martin Lee May, Burl Spurlock, Thomas Hereford, Eddie Whitted, Frank H. Layne, Denzil Whitted, Claybourne Stephens, Dick Spurlock, Winston Ford, J. H. Nunney, W. R. Callihan, Carl Horn, Arthur Haywood, N. L. May, Reba Mayo, Marian Wilson.

MEADE SAYS AREA FAVORED

For Synthetic Production Of Fuel from Coal; Sees Pike County as Location

Future activity of the federal government and private enterprise in the synthetic production of oil and gas from coal will undoubtedly center in Eastern Kentucky, Congressman W. Howes Meade last week told the Hazard Chamber of Commerce in a letter to E. B. Lovern, secretary of the Hazard business group.

Future action, Meade said, awaits a decision on the Wolverton bill. That measure would authorize the Reconstruction Finance Corporation to provide the money with which private industry could establish plants to produce oil and gas from coal.

(President Truman this week signed legislation to carry on the synthetic fuel program another three years.)

Private industry cannot undertake the project alone, Meade said, because initial construction of such a plant would cost at least \$100,000,000. The Wolverton bill has gone through hearings by the House committee on Interstate and Foreign Commerce, but the group has not yet taken action on it.

There are several reasons why Eastern Kentucky should be the center of synthetic liquid-fuel production, Meade told Lovern. One is that experiments conducted at test plants by government agencies "in co-operation with private industry show that the high volatile, high-grade coking coals of this section have the greatest yield per ton of any coals in the United States.

Experiments by the Pittsburgh Consolidated Coal Company and the Standard Oil Company at a test plant near Pittsburgh have been so successful that they are nearly ready to enter into competition with the petroleum industry on the production of gas and oil, Meade said.

The reason a production plant would cost so much to construct, Meade said, is that it would not be profitable unless it had a capacity of 5,000 tons of coal a day, which would yield 10,000 barrels of gasoline and related petroleum products.

Such plants, he said, must be located on streams that can provide 10,000,000 gallons of water a day. He suggested to Lovern that the Kentucky river near Hazard, or the Big Sandy river near Pikeville would furnish the amount of water needed at a location near the coal mines.

Clear Creek 'Distinctly' Best In Spelling Over 2-Year Period

After a two-hour-long siege of "distinct" word pronunciation at the Prestonsburg grade school auditorium last Saturday, Floyd county's champion school spellers were narrowed down to a field of two—Ruby Jewel Moore, of Clear Creek, and Beatrice Moore, of Clear Creek. Ruby Jewel missed the word "distinct," then Beatrice Moore had her chance, spelling that word and the next word on the list, "vegetation," which distinctly made her Floyd county's champion speller of 1948.

Beatrice, a student of Wade Sloane's at Clear Creek, is a fifth-grader and is 12 years old. This is the second year in a row that Clear Creek has won the county championship. Mr. Sloane's representative having won the 1947 championship. Beatrice is the daughter of Mr. and Mrs. Komis Moore, of Hi Hat.

Champion speller certificates were presented to the 20 school representatives. The winner will receive from The Courier-Journal and Louisville Times a prize of \$10, a large Webster's dictionary and lapel button. The state bee in Louisville has been discontinued for several years.

School Supervisor Henry Martin and Wayne Ratliff, Wheelwright principal, pronounced the words.

BEATRICE MOORE

Other school entrants and the order in which they were eliminated are: Mary Jean Clark, David; Rose Marie Maggard, Wheelwright; Ruby Faye Dove, Stephens Branch; DeLores Sword, Weeksbury; Anna Marie Wallen, Warrick; Maxine Combs, Stone Coal; Sarah Rakes, Drift; Ermalene Akers, Banner; Hillard Newman, Frasure's Branch; Norma Denington, Betsy Layne; Pauline Warrick, Martin; Alma Jean Henson, McDowell; Mary Elizabeth McGinnis, Allen; Maudie Lee Sturgill, Harold; Faustina Brown, Ned's Fork; Sue Bennet King, Toler; Beulah Mae Wells, Auxier, and John Howard, Wayland.

COURT ADOPTS ROAD PLANS

Requests Blacktopping Of Three Miles on 3 Floyd County Roads

In adopting the rural road program proposed by the rural highway division of the State Highway Department Saturday, the Floyd fiscal court asked that \$26,000 of the \$68,642.21 rural road fund made available to the county this year be earmarked for aid to the county in the construction of short sectors of blacktop highway on three Floyd creeks.

The total length of the three projects is less than three miles. The blacktop ventures in rural road building and their respective lengths are:

Clear Creek road from Hi Hat, one mile up Clear Creek; road from Wayland, 3 mile up Steele's Creek; Big Mud road from Harold, 5 mile west and 5 mile south for a distance of a mile in all.

Bituminous surfacing for 8.3 miles of highway on four different routes was also directed.

The rural highway maintenance program in the county, as planned at Saturday's fiscal court meeting, conforms with plans submitted by the state and covers approximately 30 routes. This phase of the program follows:

Sandstone surfacing for: Little Mud, 3.2 mi.; Clear Creek, 4.4 mi.; Brandy Keg-Johns Creek, 1.6 mi.; Bull Creek, 6.2 mi.; East Point-Auxier-Cliff, 8.9 mi.; Toler Creek, 2.2 mi.; Cliff-Abbott, 8.7 mi.; Bosco, 4.1 mi.; Cow Creek-Buffalo, 7.3 mi.; Big Mud to one mile north of Teaberry, sandstone and traffic-bound macadam; Turkey Creek, 2 mi.; Brush Creek, 2.2 mi.; Lower Bull, 1.9 mi.; Rough and Tough, 7 mi.; Sizemore, 1 mi.; Betsy Layne high school road, .2 mi.

Traffic-bound macadam for: Stephens Branch, 1.5 mi.; Caney Creek from 3.4 mi. northeast of David, up Caney Creek, 1.8 mi. (This does not include bridge and approach over left fork of Middle Creek); Prater Creek road, 3 mi.; Spurlock road, 2 miles.

Creek gravel for: Frazier's Creek, 1.4 mi.; Rock Fork, 1.5 mi.; Branham's Creek, 1.2 mi.; Upper Bull Creek, 3 mi.; Drift-Martin's Branch, 1 mi.; Wilson Creek, 1 mi.; Arkansas Creek, 2 miles.

Buck's Branch, 1.8 miles, burned slate surfacing.

By a 2-1 vote the court directed County Attorney W. W. Burchett to file suit to enjoin A. C. Carter, Prestonsburg, from use of the railway track on county property at Maytown. Magistrates John May and Henry Stumbo voted for the move; Magistrate G. C. Burchett against it. Magistrate Dewey Roberts and County Judge Davidson declined to vote.

Eibner To Discuss Recreation Work At Jaycee Meet

John R. Eibner, Prestonsburg high school athletic coach, will be guest-speaker next Tuesday evening at the Prestonsburg Junior Chamber of Commerce banquet at the Brown hotel, and will discuss recreational facilities for Prestonsburg, it was announced this week by Marvin Music, Jaycee president.

The Jaycees will have as their guests prospective members. The regular business meeting will follow the dinner.

At the last Jaycee meeting the schedule for a traffic safety program during the last week of April was approved. A committee was appointed to aid in the Boy Scout drive to raise funds for Lonesome Pine Council and to organize the Boy Scouts in Floyd county. Members of this committee are Kilmer Combs, William Arrowood, Richard Webb, James Donahue and Gordon Gill. A report was made on the district meeting held in Pikeville, Feb. 26, at which Garrard Cline, state vice-president, spoke on "Jaycee Progress in Eastern Kentucky," followed by a general discussion in which the delegation from Prestonsburg participated.

Highlight of the evening's program was a brief but entertaining talk on the history of Prestonsburg by A. J. May.

After some discussion the Prestonsburg Junior Chamber of Commerce decided to endorse the state-wide movement to lower the tax on intangibles in Kentucky and abolish the state inheritance tax and approved the following resolution: "Whereas, this Commonwealth possesses great natural attractions for its industries and capital, but discourages their entry by hampering taxation, far in excess of our neighbor states, Therefore, Be It Resolved that the Prestonsburg Junior Chamber of Commerce by action of its board of directors advocates the reduction of the state tax on intangibles from 50c to 10c per \$100 and the repeal of the state inheritance tax." Copies of this resolution were sent by the Chamber to Governor Earle C. Clements, State Senator Doug Hays, and State Representatives Henry Hale and J. Milton Stumbo.

FLOYD TERM UNCHANGED

By Re-Districting Act; April Term Jury List Released This Week

Re-shuffling of the judicial districts of this section, which will become effective June 19, leaves the Floyd court terms unchanged, but affects both Martin and Knott.

The Knott circuit court, now in session, has but one more term, beginning the third Monday in May and continuing for 18 judicial days, before the new arrangement takes effect. Circuit Judge E. P. Hill will hold his first court at Inez in July, the term there having been moved back from September to avoid conflict with the Floyd court date.

The next court term here will convene Monday, April 5. Names of Jurors for service at this term were released Wednesday.

SCHOOL LAW 'REPEATER' IS FINED \$5 A DAY

A week after he had been fined \$5 for failure to send his children school, Henry Shepherd, of Goodland, was back in county court here Saturday on the same charge, and on last appearance was fined \$5 each of the five days his child allegedly had failed to attend school last week. Attendance Officer P. Conley said Tuesday.

At the same time, County Judge Davidson assessed \$22 fines of Goodland, for failure to send children to school, and same amount for Willis Oasley, Caney Fork of Middle Creek, failing to attend. Young Ousey, fine, however, was suspended, pending his school attendance.

COURT GRANTS LEVY REQUEST

City Board Budget Provides Spending Of \$69,730 Total

The Prestonsburg Board of Education's budget, submitted to the fiscal court and given the court's approval Saturday, envisions for the 1948-49 school year the expenditure of \$69,730, with teachers receiving \$44,000 of that total.

The budget was submitted with the Board's request that the county fix the tax levy here at \$1.50 per \$100 property valuation for general school purposes, \$2 poll tax and 4 cents per \$100 on bank shares. The levy was approved.

Other items of the budget, as prepared by Chalmers Frazier, superintendent of city schools:

Administration or general control (including superintendent, clerk, attendance officer, census work, office supplies, etc.) \$6,000; operation of school plant, \$5,000; maintenance \$1,000; auxiliary services (transportation, athletics, school lunches, playgrounds, etc.) \$8,000; capital outlay (new ground and building furniture, improvement of school grounds, etc.) \$2,000; debt service \$3,200.

Outstanding indebtedness of the Prestonsburg independent district was listed as \$41,000 and is repaid by bonds.

TALK CANCER FIGHT PLANS

District Workers Hear State, National Leaders At Meeting Here Saturday

Representative citizens from all parts of the Seventh district heard authoritative discussions of the dangers of cancer, methods of control and plans for the raising of funds to carry on the fight against cancer at a meeting held at the Methodist Church here Saturday.

Principal speakers were Mrs. H. B. Ritchie, Atlanta, Ga., regional director, Mrs. T. C. Carroll, Shepherdsville, Ky., state commander of the Kentucky Society for Cancer Control, and Charles E. Tucker, state education director. Every speaker stressed the necessity of a physical examination of every individual in the district, and urged every person under 35 to see his family physician at least once a year, and all over that age to submit to examination not less than twice annually as the first step toward prevention of cancer.

Mr. Tucker, who came here by plane, stressed the use of publicity in all its forms toward educating the public to the dangers of cancer and in detecting the malady in its early stages. He also outlined the course for a successful campaign for funds during the drive starting April 1.

At the luncheon served by women of the church, Mrs. Carroll stressed the depleted condition of the treasury of the state society and urged workers to do more this year than ever before, declaring that unless immediate and effective action is taken it will cease to function in the war on cancer.

Mrs. Ritchie's address told of the work in her home state, Georgia, and pointed to both Kentucky and national cancer statistics, meanwhile outlining the progress of medical research in the cancer fight.

Local hostess to the group was Mrs. Winnie F. Johns, Prestonsburg, veteran leader of cancer fund drives in this county. Miss Clara Shaw, Jenkins, district commander, presided. Mrs. Johns welcomed the visitors, and Mrs. John W. Langley, Pikeville, for 10 years chairman of the cancer control organization in the district, responded.

SENATE OKEHS COUNTY VOTE

In School Board Polls; Myers Hails Legislation As 'Control by People'

A bill providing for the election by countywide vote of county school board members was halfway toward final enactment Tuesday after the Senate had given the bill its approval by a 27 to 0 vote.

The measure was a compromise on the bill of Senator Rodes K. Myers, Bowling Green, to require election of school superintendents by the people instead of their appointment by boards of education.

As the law now stands, each of the five members of a County Board of Education is nominated and elected in a sub-district or educational division. The new bill provides for subdistrict nomination by petition of 40 residents, but requires all candidates to be voted on in the district or county at large.

"This bill makes board members obligated to the entire district, instead of one division of the district," Senator Myers said. "This bill should stop the practice of superintendents using board members to their selfish advantage."

"I believe this is a step forward," Senator Myers continued. "It is not as far as I wanted to go but, at least, it will let the people control the school board. If the board elects a bad superintendent, they are answerable to the people."

A bill providing for election of superintendents is introduced at every session, but this is the first time the bill had advanced for floor action, even in a modified form. It now goes to the House.

with Adrian Blackburn scoring 19 points, missing only one shot during the afternoon and playing the best all-round game of his career. His performance was such that inquiring spectators were surprised to learn he had not had collegiate basketball experience. Tommy Blackburn scored 14 and big Ray Turner, improving with every game, hit for 13. Every man on the team scored and contributed heavily on both offense and defense.

Off to a slow start in the championship tilt against Glasgow, the Ramblers trailed, 9 to 4, with five minutes gone, but the half ended with them on top, 35 to 25, and the game ended; Prestonsburg 68, Glasgow 45. Adrian Blackburn repeated his afternoon performance with 19 points, Sturgill, T. Blackburn, the Heinzes, Turner, Roark, Oppenheimer and Craft—all fought brilliantly, with disaster in the form of fouls facing them, and wound up the contest by playing a possession game.

As winner of the state tournament, Prestonsburg had been slated to get \$1,000 expense money to the national tourney, but the national meet was already over when the Kentucky tournament winner was decided. T. J. Carraway, VFW quartermaster, has challenged the Minnesota team which won the national to play the Ramblers in St. Louis. The champions' handsome trophy was on display here this week, and each of the 10 members of the team received a miniature gold basketball. After the championship game, State VFW Commander Wilson and Quartermaster Carraway were hosts to a banquet at the Kentucky hotel.

To defray expenses of the team at the tournament, Prestonsburg business people contributed \$196. (Line-ups on Page 3, Sec. 2)

Inland Almost Ends 17-Year-Long Legal Bout with Receivers

Inland Gas Corporation looked last week to final removal of its troubles from the courts after 17 years of legal wrestling with creditors and receivers.

When Ben Williamson, Jr., Inland trustee, dropped a plea last Wednesday in federal court in Lexington for reorganization of the firm and its allied companies, the last of 23 flat volumes of complicated legal material was bound and filed away.

Judge H. Church Ford will determine whether the reorganization is workable. That appears to be the final phase of the monotonous proceedings.

Inland first became entangled with creditors, receivers and bankruptcies in 1930. Intervention by several other gas and supply companies, many of them now defunct, resulted in a series of pleas and petitions that created a mountain of confusing legal matter.

Williamson said Inland had declared settlements totaling \$8,561,800 during the history of its legal battle.

Mrs. R. H. Messer and Mrs. C. B. Ison, of Garrett, were Prestonsburg visitors Monday.

YES sir, here's a big bargain for Buick owners—a brand-new straight-from-the-production-line Fireball engine. We'll put it in any Buick from 1937 models on up.

We'll take out your old mile-weary engine, put this one in, and make your car brand-new again as far as power is concerned.

Pep and snap come back—right up to 1948 standards. You get new-engine mileage from every gallon of gas. Oil consumption drops. And you enjoy the thrill of the liveliest, most responsive engine on the road today—the same engine that makes Buick the

snappiest car on the highways.

Think what this will mean to you—in comfort of driving—in new dependability—in sheer fun. Think of the extra worth of your car when it comes time to turn it in.

As to cost—it's so moderate it makes this change-over today's best power buy. Installation cost varies somewhat with car model. But we'll be glad to give you the figure down to the dollar if you'll drive around.

Don't put it off. Make up your mind to drive a 1948-powered car now. Come in and talk it over.

yon days of life when the song rises without volition to young lips; when laughter gurgles joyously from the youngster in deep enjoyment of living. These, in their innocence, should be spared the suffering and drear hopelessness that come from crippled limbs. We who enjoyed happy childhood should help those who would help children to be whole and happy.

A GOOD RESOLUTION

The Eternal Triangle, Leap Year and several other concomitants have to do with this story growing out of a recent incident which proves that the way of true love never did run smooth.

She was His Girl and they were at a party. The old-fashioned but still popular game of Postoffice was an "added attraction" and he was it. He called Her, first, of course, and kissed her. Which was all to the good. Everything idyllic, hunky-dory and stuff like that. Then he was it again—and he didn't call her. Enters the inevitable Other Woman into the picture.

And, just at the delectable moment when he was ready to kiss Girl No. 2, enters from left The Girl who swung right, dumping her into floor beneath kitchen sink.

OBITUARY

Miss Ella Preston was born in Maytown, Ky., on Jan. 15, 1888. She departed this life on March 3, 1948, in the Beaver Valley hospital, after a lingering illness of many months. She was the third daughter of the late Mr. and Mrs. Arthur Preston, both of whom preceded her in death, as did one sister, Miss Oma Preston. No higher tribute can be paid Miss Preston than that appearing in a forthcoming issue of a prominent magazine, which says: "The majority who knew her called her 'Aunt Elly.'" They called her that because they loved her. Truly she was an aunt and a friend to many. Hers was a big heart. She loved people and loved to do things for them. Her entire life was spent in Floyd county, where she got her education, and did much to assist her widowed mother in rearing a family of young sisters.

She had an intelligent mind and was widely read, and took a deep interest in religious, civic, political and national affairs till illness prevented this. Unable to participate actively because of high blood pressure, from which she suffered for years, she was always influential for the right in a quiet way, because of her strong convictions. She was a member of the Methodist Church, loved her Bible and delighted to discuss it with friends. She enjoyed Christian literature to the fullest. She was a patient sufferer, ready to go when the Master called. She will be deeply missed by the family and by friends in the community where they live. Five sisters survive: Miss Anne Preston and Mrs. Sue Ward, at home, Mrs. Manda Turner and Mrs. S. C. Allen, of Northern, and Mrs. Jack Webb, of Dale, Indiana. She also leaves many nieces and nephews to mourn her loss.

The big news is

PONTIAC

A FINE CAR MADE EVEN FINER

GM Hydra-Matic Drive optional* on all models

A greater car... and a greater value!

A year ago today, if you had asked the owner of a new Pontiac what could be done to improve it, he would very likely have told you—"Nothing at all, I like it just as it is."

That's why, for the thousands of people all over the country who have known Pontiac in the past, the 1948 Pontiac is the big news of the year. For here is a fine car made a great deal finer!

There is new beauty—beauty that starts with the re-styled "Silver Streak," and extends from the strikingly handsome grille to the refined exteriors and luxurious interiors of the smart Fisher bodies.

There is new dependability—for the sturdy Pontiac chassis has been improved wherever possible.

And there is unbelievably fine performance—for not only have the great Pontiac engines been refined and improved—but Pontiac now offers, as optional* equipment, the sensational General Motors Hydra-Matic Drive.

With this miraculous mechanism, you just sit back and relax! There is no clutch pedal, and the gears shift themselves. The new Pontiac is now on display in our showrooms. There are fifteen beautiful models—each a great car and a great value.

*GM Hydra-Matic Drive, Bumper Guards and White Sidewall Tires optional at additional cost.

Dyer-Davis Nuptials Solemnized March 13

Mr. and Mrs. R. C. Dyer, of Third avenue, are announcing the marriage on Saturday afternoon, March 13, at Paintsville, Ky., of their daughter, Waynoka Louise, to Mr. James Davis, Jr., of Wayland, Ky.

The double ring ceremony was solemnized in the First Methodist Church, Paintsville, by the pastor, the Rev. Clarence W. Krebs.

For the occasion the bride wore a grey two-piece suit, with black accessories. Her corsage was of red rosebuds. Her cousin, Mrs. Emmitt Conn, of Harold, Ky., was her bridesmaid. She carried a corsage of white carnations. Mr. Emmitt Conn acted as best man. Other attendants were Miss Joyce Short and Mrs. Bernard Clarke, cousins of the bride.

Mrs. Davis was graduated from Prestonsburg high school, attended the University of Kentucky and for the past year has been employed at The First National Bank here in a clerical capacity. The groom, an army veteran of World War II, is a son of Mr. and Mrs. James Davis, Sr., of Wayland, and is a student at Caney Junior College.
