## ALEX L. DAVIDSON FOR COUNTY JUDGE

I promised the people of Floyd county, four years ago, that if they would elect me County Judge I would do the very best job I could, and that promise I have made every effort to keep.

I make you the same promise again, and I feel that with the experience of these four years behind me I will be better qualified to handle the office than before.

Now, I do not mean to say I have been perfect in every respect as County Judge. I have made mistakes, many mistakes, and I am the first to admit that I have. But I have tried my very best AND WHATEVER MIS-TAKES I HAVE MADE WERE HONEST MISTAKES. No man is perfect; no man can be all things to all men, and the voters of this county know this as well as I do.

I also admit many things have been needed by Floyd county that have not been done, but I think the people should have the facts about this matter, so they will understand exactly why we have fallen short in some respects. Several years ago, an indebtedness of nearly a million dollars was piled up against this county. Because of that, there must be paid, each year, interest and principal on that indebtedness. After taking care of the bonds as they come due, with interest, there is comparatively little left with which to do the many things that should be done.

Each year I have been in office, we have met our debt obligations as they came due, and I assure you, every year I am your County Judge these debts will be paid until this county is debt-free.

Right now, Floyd county has over \$300,000 in the bank, placed there in a sinking fund against this county debt. With sound business handling of the county's financial affairs, this debt will be paid within another four years. Many of the bonds against the county, now drawing heavy interest, could be retired at this time but, unfortunately for us, they are not callable.

All this I point out to show why the individual needs of communities in the county-roads, bridges and other ALLEN BAPTIST CHURCH improvements-cannot be available immediately, no matter how much you or I may want them.

Permit me to add: I intend to run a clean race during this campaign. I have no ill word to speak of any opposition I may have. I want the people simply to know the facts and to consider me as their servant strictly on my merits. I promise you courteous and faithful service and an honest administration. Did I seek your support on any other grounds, I would not merit your votes.

Your friend.

WHY DO GALS ACT SO OR SO? Anthropologists of the Smithsonian Institution and I reckon women are just about the most un-undertandable critters there be. The Smithsonian boys admitted last week they couldn't figure the girls out; I waited till this. They can't understand the fair sex, anatomically: I can't understand 'em period.

Those guys at Washington point out there's no reason whatever for women to wear high heels, and they blame this all on culture, pointing out that time was, when we were not so steeped in lore, that it was the men-folk who affected high heels, with buttons and bows. Now, say the wise guys, if the ladies shift from high to low heels, they're likely to bow tendons, right and left.

Further setting forth their mystification, the Washington boys express complete wonderment about why a woman, set up as she is throws a baseball as she does. (They apparently prefer not to discuss her way of flinging a rolling pin.) They say this underhand toss the girls affect is such that her arm might graze her hip, it being as it is.

Most men folk, we would point out, are not concerned whether a woman hips herself throwing things, or not; they're mainly interested in what happens to the object, namely, them, out front there as the little woman's

To cut this stuff short and still get in a question that has troubled me down the years, I would like for Smithsonian or Allan Trout or somebody to answer me this:

# Dry Land Geese

They are the fellows who, without analytical thought, not realizing that it would mean better times for all of us, oppose the canalization of the Big Sandy River.

Even Geese are subject to the law of self-preservation. (Haven't you seen an old watchman Gander spread the alarm when a fox approached the flock?) Geese are not the proverbial so-called dumb clucks under circumstances of collective danger.

At one time this parade of "Gooses" was much longer. But many of them, stopping to think analytically and seriously, have broken the line to come over to the canalization of the Big Sandy River.

#### To My Friends and Relatives in Floyd County:

When I recently announced my candidacy for the Democratic nomination for County Court Clerk, I felt that (Thursday) from the Ousley resi- my physical condition would be such that I would be able dence and burial was made in the to prosecute the campaign and, if elected, to render you family cemetery, the Arnold & Hall all good service. It was not all personal ambition which prompted me to make that announcement; I have always been, and always shall be, interested in Floyd county.

> Since the time to which I refer, however, my health has become such that I now realize I cannot do justice to myself, my relatives and my friends in the coming election campaign. For several weeks now I have been at the home of my sister, here in Cove, Ohio, trying to regain my strength, and during this time I have reluctantly come to the decision I now publicly announce.

> As I withdraw from the race for County Court Clerk, am mindful of you all-of all of you who have be nd to me over the years and of the many I have tried elp and befriend. At the same time, I wish to stress act that I have no ill feeling against any of those who Iso are candidates for the same office I would be seeking vere I able to make the race.

This friendliness for all these gentlemen, however, does not prevent me from speaking my mind, as I have always been inclined to do, as to the fitness of men for office. And so, with due regard to all others concerned, I wish to point out one candidate in whom I have the fullest confidence.

In Floyd county there are hundreds of persons who know this man, ROMEYN C. DYER, and if there is one among you who can truthfully say that he is not honest, frank and above-board in every respect, I will promptly state that he is unworthy of your confidence and mine. But I know there is no such word to be spoken of him, and o I voluntarily ask my relatives and friends to get behind nim and elect him to this office.

God knows, Floyd county needs men who not only are honest but who also have the courage to make their honesty known. You older fellows know the importance of such men in the courthouse. You youngsters should begin thinking about it.

ROMEYN C. DYER IS ENERGETIC, FRIENDLY ALWAYS ACCOMMODATING, AND READY TO HELP OTHERS EVEN TO HIS OWN DISADVANTAGE. HE WILL MAKE YOU THE BEST CLERK YOU EVER HAD. ELECT HIM AND SEE! His uncle, the late "Fat" Dan Prater, and all his fol-

have always been for me, and now I appeal to my pe to get behind him and put him over. I do not mean by this letter to infer that I never expect

to return to Floyd county. I do hope to be with you all again, and that is another reason why I take this interest in what you do at the coming election.

Sincerely,

(Pol. adv.)

### Even Better than it Looks!

When you observe its fresh and fleet new beauty. it might seem unbelievable when we say that the 1949 Pontiac is even better than it looks, But after you've experienced its really exciting performance, we're sure you, too, will agree that in basic goodness, it surpasses its own good looks!

It's hard to believe a car so low-priced could combine the flashing sleekness of Pontiac's new styling . . . the gracious comfort of Pontiae's new Vision-Aire interiors . . . and the almost incredible smoothness of Pontiac's exclusive "Travelux" Ride. Add to those unique attractions, the "zing" . . . the economy and proved dependability of Pentiae's famous improved straight eight and six cylinder engines . . . and the matchless driving enjoyment of GM Hydra-Matic (optional at extra cost) and you've got something almost irresistible! There's no better time than now to see it and place your order.
