

This Town-- That World

Times do change, now, don't they? Only last Wednesday, Milt Davis was having a ruckus with a 16-inch snake, up on Brush Creek.

GIVE US STRENGTH

If I thought there was any Floyd countian with soul so dead as to desert the Kentucky Wildcats for the Tennessee Vols (drat their pesky hides!) I wouldn't print this. But, sure of your allegiance if not of your judgment, I shall not suppress it.

Down at Berea, my son was irked more than somewhat by a group of rather vocal Tennesseans after the recent defeat of Rupp's Rifles by Tennessee. What did they say?

Just "L.S.M.F.T. Lord, save me from Tennessee!"

OUR NEW ADDRESS

Mrs. Jack Keenan came to our office, Tuesday afternoon, after skidding alarmingly on a Third Street sidewalk. Which reminded me that Henry Planter in filling out a postal note from up in Michigan for a two-year subscription to The Times (now there's an idea!) set down our address as "Skid Row 2600, Prestonsburg, Ky."

THEY'LL DO IT EVERY TIME

Wise men warn against it. They say you'll rue the day; that a woman isn't to be trusted in such matters; that she'll make a piker out of you, and so on and so on. But I, from time to time, have a desire to get my wife out fishing. Then I think of what happened to Tommy Allen, of Martin—and then I dunno... mebbe she might catch cold.

Tommy took his wife to Wisconsin, deer-hunting. You can guess the rest. I have lost the facts, as related to me by J. D. Payne, but the gist of it is: Tommy blasted down a good part of forest before finally downing a wee bit of a deer, while the little woman, Eva, ups with a heavy-caliber rifle, cool as you please, and with two shots downs a magnificent buck.

We men have just got to stick together, and this column is open to the aforesaid Mr. Allen if there are any extenuating circumstances.

PRICE PLANS COAL SESSION

Heads National Group In Charge Of Meetings At 3-Day Convention

Under the leadership of E. R. Price, manager of coal properties, Inland Steel Co., Wheelwright, a national committee of coal operators and allied equipment manufacturers has scheduled ten convention sessions for the three-day meeting of the American Mining Congress which convenes in Cincinnati April 24, it was announced this week by Julian D. Conover, secretary of the coal organization.

The convention sessions will be given over to discussions of increasing the markets for coal, mine safety, coal preparation, pension programs or company employees, the latest developments in roof bolting and continuous mining, and to operating practices of deep and strip mines with mechanical equipment. From 1,500 to 2,000 mining men from coal producing areas of the United States are expected to attend the meeting.

RIVER GROUP GOAL 10,000

For Membership Drive Set For Next 60 Days In Meet Here Sunday

A goal of 10,000 members for the Big Sandy Valley Association, the group sponsoring river canalization, is the goal set for the Association's current membership drive within the next 60 days, it was said Sunday in a meeting at the Brown hotel here of Association members and officials. W. P. Walters, treasurer, reported that the drive is producing "astounding results."

Dr. O. W. Thompson, Association president, announced that the organization's headquarters have been moved from Ashland to the R. & S. Appliance Building, Pikeville, with Otto Coleman, well-known Pikeville coal operator, assuming his duties as field secretary, Wednesday. Mr. Coleman formally accepted the place in the organization at Sunday's meeting.

Representative Paul E. Hayes, of Hi Hat, described briefly the successful fight in the General Assembly for endorsement of canalization, and Dr. Thompson reviewed details of the hearing held in Louisa, Dec. 13, by the U. S. Board of Engineers to establish a current cost figure and new ratio of benefits to cost of the project.

The meeting was concluded with the laying of specific plans for a quickening program of events leading up to the U. S. Senate action which is expected, April 1.

GRAND JURY RECONVENES

No Action On Baldrige Case Indicated By Sleuth On Eve Of Jury's Session

When the grand jury reconvened here this morning (Thursday) conjecture mounted as to the possibility of an indictment in the Muriel Baldrige murder case before the jury adjourns Saturday.

Asked if The Times would be accurate in saying that evidence will be submitted to the grand jury, Arch Thompson, Louisa, state police detective, who has led the renewed probe into the mystery, replied, "I wouldn't do it. You might be wrong. I can't say if it will or if it will not."

On all other phases of the investigation Thompson was equally reticent. He declined to discuss findings from laboratory tests of clothing believed to have been spotted by blood. Genial but firm, he refused to comment on the present status of the investigation.

COMBS, VICTIM AT HOSPITAL

Well-Known Engineer Succumbs At Martin; Was Ill Four Months

Townsel Combs, 59 years old, well-known Langley civil and mining engineer, died at the Beaver Valley hospital, Martin, at 2:45 a.m., today (Thursday). His death, news of which was received with deep regret by hundreds of friends and relatives over the section, followed a four-month illness of cancer.

A native of Smithsboro, Knott county, he was a son of the late Spencer and Rhoda Cornett Combs. He was educated at the Hindman Settlement School and the University of Kentucky, graduating from the University in 1915. He was married to Miss Octavia Allen, a daughter of the late George Allen, of Eastern, and had resided at Langley for the last 30 years. Mr. Combs at one time was a member of the Floyd County Board of Education, and for years had served that body as an engineer. He was regarded as one of the county's leading citizens.

Surviving, besides his widow, are four sons, T. A., Carl L. and Thomas S. Combs, all of Langley, and Dr. Gene N. Combs, of Louisville; three brothers and four sisters, Robert C. Combs, Blackey, Ky., Stanley Combs, San Carlos, Calif., Clifton A. Combs, Millard, Ky., Mrs. Margaret Ison, Blackey, Mrs. Isabelle Sturgill, Smithsboro, Mrs. A.G. Hutson, Knoxville, Tenn., and Mrs. W. E. Mattingly, Hazard.

The funeral will be conducted Saturday at 1:30 p.m., from the Maytown Methodist Church, the pastor, the Rev. C. L. Allen, officiating. Burial will be made in the Allen cemetery on Goose Creek under direction of the Ryan Funeral Home.

MURDER TRIAL OF MCINTYRE NEARING END

Pike Jury Finds Daniels Guilty, Fixes Sentence; Other Murder Cases Set

A Pike county jury which had qualified as capable of inflicting the death penalty held Graden Daniels guilty here last Friday night of the hammer-slaying of his stepfather-in-law, Dan Collins, and fixed his sentence at 21 years.

Daniels, whose trial began on the preceding Monday with the long-drawn-out qualifying of a jury under the death penalty, received the verdict without visible show of emotion. At his preceding trial, with a Floyd county jury hearing the case, the jurors could not agree.

The jury of Pike countians deliberated about 30 minutes. Daniels testified he struck the 55-year-old Collins in self-defense. He testified he entered the caboose of the coal train on which Collins was brakeman, with the intention of riding to a point near his home in Martin; that Collins ordered him off and threw a hammer at him. He claimed he did not strike Collins till the latter armed himself with a brake stick after throwing the hammer and was threatening him.

The Commonwealth presented testimony, however, to the effect that all brake sticks in the caboose were in place when Collins' body was found after the train had stopped at Wheelwright Junction, 25

ROADHOUSE HOURS RESET

Tuesday Order Of Judge Stumbo Gives More Time To Accomodate Miners

Roadhouse closing hours were changed Tuesday by County Judge Henry Stumbo to permit limited Sunday operation and an earlier opening hour on week-days.

The changes from the recent order were made for two reasons, it was explained: the earlier opening hour to accommodate miners and other workers rising at early hours and depending upon restaurants for breakfast; the Sunday operation for those places which operate exclusively as restaurants.

The opening hour was changed from 6 to 5 a.m. Restaurants may open on Sundays at 5 a.m., and remain open till 10 p.m. The order restricting Sunday opening to restaurant service only provided that the restaurant shall not "offer or furnish any entertainment other than a sales booth" and that all music and pinball machines be disconnected and kept out of operation throughout the day.

Jaycees Name Fitzpatrick Outstanding Here in 1949

SECOND HONOR AWARD MADE AT BANQUET—BUNCE TELLS GATHERING RESERVOIR PLANS—MOORE ASKS PUBLIC HELP IN 'SESQUI' EVENT

The Prestonsburg Junior Chamber of Commerce last Thursday night announced at the annual Civic Club banquet here its unanimous choice for the title of Prestonsburg's Outstanding Young Man for 1949 — and the recipient of the honor was the most surprised person among the 150 or more present.

The Jaycees named Henry D. Fitzpatrick, Jr., for the honor. The 30-year-old Prestonsburg native was so honored by the organization for his work as a leader of the local group, his initiative in organizing other Junior Chamber bodies and for his service as a vice-president of the Kentucky Junior Chamber of Commerce.

The announcement, made by William B. Sturgill, new Jaycee president, drew the applause of the big crowd. Mr. Fitzpatrick received a national Jaycee certificate and pin at the meeting. He is the second Prestonsburg man under the age of 35 to win the Man-of-the-Year honor. Last year, it was Dr. George P. Archer for his leadership in the playground project here.

Paul C. Combs presided as toastmaster and introduced as principal speaker, Frank H. Bunce, chief of the reservoir utilization planning section, U. S. Corps of Engineers, Huntington, W. Va. Mr. Bunce discussed the project nearest Prestonsburg—the Dewey reservoir.

John Habern, 70 years old, colored, died Saturday at his home at Tram, victim of a heart attack.

Mr. Habern, a retired railroad employe, is survived by his widow, Mrs. Marta Habern, and five sons, Walker and Henry Habern, both of McVeigh, Robert, of Michigan, Ted, of Ashland, and Lawrence, of New York.

Funeral rites were conducted at Tram by the Rev. Parsons, and burial in the family cemetery there was directed by the Arnold Funeral Home.

POLIO DRIVE IS EXTENDED

Late Start, Economic Conditions And Urgent Needs Cited As Reasons

The March of Dimes annual drive for funds to combat polio has been extended to Feb. 12 in Floyd county due to exigencies of the present situation, J. R. Hurt, Floyd county campaign director, announced this week.

This campaign, which usually closes on January 31, must, of necessity, continue a few days longer, Hurt explained, due to a late start on the drive in Floyd county, present unfavorable economic conditions and the unprecedented need this year to fight the increasing menace of this dread disease.

Contributions toward the county quota of \$5,000 have been coming in rather slowly to date, he said, and the county as a whole is considerably shy of its goal.

Reviewing the direct benefits locally, the campaign director pointed out that approximately \$2,200 was paid during the past year alone to benefit Floyd county victims.

Meantime, in Louisville, Mrs. Inez K. Lizon, secretary of the Kentucky Chapter of the National Foundation for Infantile Paralysis, sounded an alarm on the coming year's threat of the crippling malady. She said: "The need for dollars to continue the fight against polio is already apparent in Kentucky. Three counties, Daviess, Barren and Harlan have each reported one case of this dread disease so far this year."

BOY SCOUT WEEK TO BE OBSERVED

National Boy Scout Week, Feb. 5-11, will be observed by various Scout groups over the county. In Prestonsburg, a parade will feature Tuesday's observance at 4 p. m., with all Scout organizations in the line of march, headed by the Prestonsburg high school band.

David Scouts To Hold Special Program During Nat'l Boy Scout Week

Daniel Boone Troop No. 143, Boy Scouts of America, of David, will conduct a special observance of national Boy Scout Week on Wednesday night, Feb. 8.

They will present a program entitled "Three Years of Progress." Colored moving pictures featuring progress of the work and the activities of the troop will highlight the program. Depicted in the films will be two Easter parades led by the Scouts and the dedication ceremonies of the Daniel Boone monument which stands in the church yard at David.

All Scouts and Scouters in this section are cordially invited to attend the observance.

FRANK MARRS, TRUCK VICTIM

Former Rail Employee, Hit At Betsy Layne, Dies 3 Days Later

Injuries sustained three days earlier when hit by a truck on the highway at Betsy Layne resulted in the death last Thursday at the Methodist hospital, Pikeville, of Frank Marrs, 72, former Chesapeake & Ohio, Railway Company employe and well-known Harold man.

State police said Theodore Stratton, 24, of Betsy Layne, driver of the truck, claimed Mr. Marrs stepped in front of the truck and that slippery condition of the highway made it impossible for him to avoid the tragedy, though he was driving at a rate of only 30 miles an hour. Stratton was not booked by authorities.

The victim, a native of Pike county, was a son of the late Harmon and Virginia Manns Marrs. He had been a member of the Christian Church for more than 40 years and was one of his community's best men. Since the death of his wife, Polly Aldrich Dempsey Marrs, in August, 1949, he had resided with his step-daughter, Mrs. Lee Cecil, of Harold.

In addition to Mrs. Cecil, he is survived by a foster-son, Charles Marrs, of Russell, one brother, John Marrs, Robinson Creek, and three sisters, Mrs. Anna Bevins and Mrs. Nannie Damron, both of Pikeville, and Mrs. Norma Carter, of Indian Creek.

The funeral was held Sunday from the Laynesville Methodist Church, the Revs. T. F. Meade and Isaac Stratton officiating. Burial was made in the Ferguson cemetery at Harold, the Baker Funeral Home directing.

Community Leaders Told of Resources Of State Agencies

Community leaders from over the state in a Thursday meeting at Louisville were told of the resources and services of state agencies available to local groups.

Boswell B. Hodgkin, state superintendent of public instruction, said his department serves 5,235 schools. Hodgkin said the state employs 19,000 teachers, transports 163,000 school children and that 175,000 participate in the department's school lunch program.

These figures were listed at a one-day inventory conference of Kentucky communities, sponsored by the Committee for Kentucky.

FATHERS GET COURT FINES

For Failing To Send Children To School; Nine Cases Called

Three fathers were fined here last week by County Judge Henry Stumbo for failing to send their children to school, but youngsters charged with truancy were given another chance. In all, nine defendants were brought into court.

At the close of the hearing of the cases, the first this year for the violation of the compulsory school laws, Judge Stumbo declared his interest in the children of the county and warned that any parent brought into court on offenses of the sort would be given trial according to the law, without exception.

The charges were preferred by Attendance Officers, Paris Conley and Herbert Prater.

The three penalized for failure to send their children to school—Green Lawson, of Harold, Daily Watkins and Green Manns, both of Wayland—were given suspended fines of \$10 each, finally of the sentence depending upon the cooperation of each in keeping his children in school. The same charges against Jeff Boyd, Elijah Hall and

SLUMP BRINGS 'SHINE BACK

Officers Take 2 Stills In County During Week; Whiskey Raids Continue

Moonshine whiskey is figuring more prominently in the liquor business in dry Floyd county as economic conditions send drinkers bargain-hunting, and so the week's enforcement activities uncovered, among other things, two stills.

A party including Deputy Sheriffs Chas. McCown, Willie Johnson and Ballard Moore, Constable Johnny D. Caudill, Deputy Constables Green Johnson, Scott Compton and Enoch Hatfield climaxed a series of arrests with a raid on Mulberry Hollow, near Orkney, where they found a 50-gallon still and 100 gallons of mash ready for the "run."

On the head of Mill Creek, near Wayland, Oak and Troy Mullins, Wayland officers, Deputy Sheriff Marion Martin, Constable Adam Martin and his deputies, Earl Conley, Jr., and Kennel Frasure, found a large still and 240 gallons of mash.

Operators of both stills were "not at home" at the time of the raids. During the week the Left Beaver officers arrested 17 persons on charges of drunkenness, loitering and possessing moonshine whiskey. In each drunk arrest the defendant was in possession of moonshine. Magistrate Ellis Martin, of Drift, said, Search of the premises of Eli and Ned Johnson on Skull, near Weeksburg, uncovered six half-gallon jars of moonshine from a fodder shock, and Ned Johnson was

Alcoholics Anonymous Invite Public To Meet At Grade School Here

The public will be given an opportunity here Friday evening, Feb. 10, which is seldom offered—the privilege of seeing Alcoholics Anonymous in session and of hearing purposes of the organization explained.

The Central Group, Prestonsburg, this week extended an invitation to the public to attend its open meeting at the grade school auditorium on that date. A speaker from Cincinnati will be heard, and the work of A.A. to reclaim alcoholics will be explained.

Work of the group in Prestonsburg has been halted by ministers and civic leaders during the year of its existence. But none are more enthusiastic about the work of A.A. than the members themselves and their families, it is emphasized.

Time of the meeting 8:30 p.m.

REED NAMED TO RED CROSS

Fund-Raising Chairman For 1950 Is Drift Coal Man And War Veteran

Alvin B. Reed, of Drift, has been named chairman of the 1950 fund-raising campaign of the American Red Cross in this county, it was announced here this week.

Mr. Reed, a veteran of World War II, is connected with the Turner-Elkhorn Coal Company at Drift. The 1950 appeal of the Red Cross will take place in March. The goal for the county has not yet been announced.

Mr. Reed succeeds J. R. Hurt as fund chairman, and will begin immediately to formulate plans for the county drive. A planning committee will meet February 6 at Chap-

Minister's Parking Lot Here Has Four-Fold Purpose But Main One Is To Aid Youths at Boys' Estate

Boys' Estate is a spot of Kentucky, outside Louisville, devoted to the care and reclamation of delinquent boys, and in Prestonsburg is a spot devoted to helping Boys' Estate.

This week there was opened an enterprise for the benefit of boys of the county, who may find help and refuge at the Estate, a parking lot here on the former site of the Howard Motor Company, on the Third street side of the courthouse.

The Rev. L. W. Benedict, pastor of Irene Cole Memorial Baptist Church here, recently leased the vacant lot from Mrs. Jo M. Davidson and immediately started the work which, he hopes, will accrue funds with which to defray expenses of Floyd county boys who now are, or later will be, residents of Boys' Estate.

The minister explained this week his enterprise has a four-point program, in that it will supply the

owner of the lot a small income from it, relieve traffic congestion around the courthouse and nearby postoffice, furnish work for a worthy citizen and may produce some profit which will help to pay the expense of care, education and guidance at Boys' Estate for one or more Floyd county boys.

Boys' Estate, located 12 miles outside Louisville, was founded, less than three years ago, by a group of Louisville business men. There the average cost of caring for a boy is \$80 a month, but the Estate will accept a boy if local funds pay no more than \$20. The business men back of the project, which is similar in its functions and benefits to famed Boys' Town, Nebraska, assume responsibility for the remainder.

There the boys have their own self-governing body, under the guidance of a superintendent. They

Fiscal Court Resolution Asks Non-Profit Hospital for Floyd

STUMBO TO APPLY TO FEDERAL GOV'T. FOR ADVANCE FUND

Floyd county moved a step further last Thursday toward realization of the dream of a 100-bed general hospital operating on a non-profit basis as its fiscal court adopted resolutions asking that an application to federal and state agencies be made for a grant of funds to defray a part of the cost of constructing and equipping such an institution.

The court authorized County Judge Henry Stumbo to file in behalf of the county for an advance to be made by the United States to the county to aid in paying the cost of planning, preliminary to construction of such a building. The resolution stated the size of the structure, placed its proposed lo-

cation as in or near Prestonsburg and specified as a part of the building program a home or living quarters for nurses.

Action by the court followed a move launched here, only last month, by Mayor Curtis Clarke, who called a meeting of citizens to discuss the need for a non-profit hospital of the size and facilities such as could be supplied by federal and state aid.

Otis & Grimes, Louisville architects, were employed by the court to perform all architectural services in connection with the project, to prepare necessary applications for an advance of funds and to do other required "paper work." For their services, it was agreed, the architects will be paid 6 per cent of the cost of the project, but in the event the hospital is not erected the county will not be responsible for payment of any sum whatsoever to them.

COURT CITES NEED OF HOSPITAL; HIRES ARCHITECTS AT MEET

Two-thirds the cost of the hospital would be paid by the federal government, with the county furnishing the remainder, it is explained. If funds are raised by the county, vote on a bond issue at a special election would be necessary. If the city of Prestonsburg should attempt to raise the funds, it might do so by voting bonds with the institution leased to a private surgeon or group of doctors at a rate which would insure payment of the indebtedness.

This latter method, it is reported, is being adopted by Salyersville where the amount needed is not as great as the sum required for the hospital planned in this county.

All but 7 per cent of all U. S. concerns engaged in manufacture, distribution, repair and operation for hire of motor vehicles employ less than 20 persons each.

### Eastern Man's Father Victim At Paintsville

An illness of two years resulted Sunday in the death at the Paintsville hospital of David Clark Pelphrey, 70 years old, retired West Van Lear farmer.

A native of Johnson county, Mr. Pelphrey was a son of James Milton and Amanda Conley Pelphrey. He was a member of the Freewill Baptist Church. Surviving him are his widow, Mrs. Lora Rice Pelphrey, two sons, Leslie Shules Pelphrey, of Eastern, James Milton Pelphrey, of the army in California, one daughter, Mrs. Mildred Snyder, Ewington, Ky., and three brothers, Dan Pelphrey, Ashford, W. Va., John and Milton Pelphrey, both of West Van Lear.

The funeral was conducted Tuesday morning from the Freewill Baptist Church, Paintsville, the Revs. W. H. Horn and Claude Preston officiating. Burial in the Hager Hill cemetery was directed by the Jones Funeral Home.

### General Fund Revenues For First Five Months Exceed Preceding Year

FRANKFORT, KY., Jan. 31—Kentucky's general fund revenues for the first five months of this fiscal year are \$453,090 ahead of last year's record-breaking collections. The revenue department's analysis of November receipts shows that general taxes fell behind the total taken in during November, 1948. It marked the first time a monthly collection this year fell behind a monthly collection in 1948-49. November's take amounted to \$6,241,527 compared to \$7,236,024 in November of 1948. Dips of \$500,000 in corporation income taxes and \$375,000 in the franchise property tax in November accounted for most of the fall-off. Through November the general fund collected \$21,873,528 compared to \$21,420,438 during the first five months of 1948-49. The fund took in \$57,220,000 during the entire 1948-49 year. But the road fund forged ahead strongly during November. Collections of \$3,875,084 brought the fund up to \$18,594,507 for the first five months of the fiscal period. During the July-through-November span in 1948, \$15,821,990 rolled into the road fund. The distilled spirits production tax totaled \$247,147 in November compared to \$364,778 in the previous November. November 1949 marked the ninth consecutive month this tax has declined in Kentucky. "November collections also reveal trends of a less spectacular nature," the department said.

miles away. Daniels was not certain, he said, how many times he struck Collins and was vague about other circumstances. Collins had been struck on the head six times.

Circuit Judge Edward P. Hill pronounced sentence on him this week. Today, (Thursday) trial of G. V. McIntyre, charged with the murder at Harold of Bob Hall, was nearing its close.

The January term of court has been extended to include this week. Monday begins a mixed civil-criminal session, with at least two murder trials docketed during the month. Bertee Hall, for whom a plea of guilty in the murder of John Frazier, aged Mud Creek man, was entered at a preceding court session, only to be withdrawn by Hall himself, is scheduled to go on trial, Feb. 13. Trial of Brown Mullett in the slaying at Weeksbury of Fred Ray has been docketed for Feb. 16.

Among other criminal cases listed for trial this month are these: Willard and George Hall, arson, Feb. 15; Billie Joe Hall, shooting into a storehouse and cutting and wounding, Feb. 16; Keen Goodman, pandering, Feb. 13.

Murder trial of Willard and Billie Hughes was continued last week till April 19. Only other conviction within the week was that of Ed Halbert, former Floyd Constable, who was fined \$49 and given a 60-day jail term on a charge of possessing liquor. B. A. Yarns was held in contempt of court and fined \$10. Jim Noble was acquitted of a charge of carrying a concealed deadly weapon, and the jury was unable to agree in the trial of the much-accused Guy Bates who was on trial for striking and wounding.

The five-year pen term given Darwin May for rape was probated last week. Among the cases dismissed as end of the term nearest: Lloyd Johnson, carrying concealed deadly weapon. Garfield Johnson, shooting at without wounding, and Ed Caudill, child desertion, all marked "lack of evidence." Kathryn Johnson and Clay Daniels, both for selling liquor, dismissed on Commonwealth's motion; Edgar, Roy and William Hall, rape, Kathleen Blanton, slander, and Johnny Manns, child desertions, dismissed for lack of prosecution; Charles Burnett, rape, for lack of evidence.

Harry G. Clarke, former Wheelwright man and unsuccessful candidate at last year's primary for the Democratic nomination for Sheriff of this county, was sentenced in U.S. district court at Knoxville, Tenn., Monday to a year and a day in prison for forging checks in interstate commerce.

Clarke, who allegedly passed spurious checks in the vicinity of Paintsville, pleaded guilty at the December term of court, but Federal Judge Robert L. Taylor deferred sentence pending an investigation of the case.

FBI Agent James A. Robey said Clarke forged and cashed five checks ranging from \$62.54 to \$145.95 in Knoxville, last July 3.

Body of Miss Billie Wilcox, 20-year-old Bays Branch girl, was found, early Tuesday evening, in the road leading from U.S. highway 23 on Little Point to the home of her parents, Mr. and Mrs. Okie Wilcox.

Although Miss Wilcox' body was found in a lonely stretch of road and her previous condition had given no warning of a fatal seizure, there was no evidence of foul play, and her death was ascribed to a heart attack. She was employed at Blackburn's Dairy Bar here, and, en route home, had stopped at the home of a cousin on Little Point to change wearing apparel for the cross-the-hills trip. There, it was said, she apparently was in good health and spirits. She was found about dusk.

The victim was a graduate of Auxier high school, and had many relatives and friends in the lower section of the county. Besides her parents, she is survived by three brothers and three sisters, Woodrow Wilcox, Hueysville, Thomas Francis and Jackie Vernon Wilcox, both of Bays Branch, Miss Etta Muriel Wilcox, West Prestonsburg, Mrs. Charles McKinney and Miss Loraina Wilcox, both of Bays Branch. Funeral arrangements were incomplete Wednesday afternoon, it was said at the Carter & Callihan Funeral Home.

BIRTH ANNOUNCED

Announcement is made of the birth on Jan. 25 at the Beaver Valley hospital, Martin, of a son, Robert Jerome, to Mr. and Mrs. Robert Sizemore, of Prestonsburg. Mrs. Sizemore is the former Miss Edna Hall.

The Lackey-Garrett Woman's Club met at the home of Mrs. Ervin Mullins, Friday evening, Jan. 27, with Mrs. Floyd Copley as co-hostess.

The meeting opened with recitation of the Club Collect in unison after which a short business session was conducted. It was voted to contribute \$5 to each of the following worthy causes: Infantile Paralysis drive, General Federation Fund and the state Student Loan Fund. It was also decided to sponsor a Rummage Sale at the Estill Fountain, Friday, Feb. 3, with Mesdames J. T. Fraley, John Wallace, R. D. Spencer, Richard Vinson and J. C. Wells in charge.

The topic of the program for the evening was "International Pilgrimage" with Mrs. Carlton Wrightson, leader, Historical and religious pilgrimages were cited. Included were pilgrimages of the earliest navigators to the present day Pilgrimages for Peace.

Mrs. Wrightson gave a report on the mid-winter board meeting of the Kentucky Federation of Women's Clubs recently held in Lexington. She was accompanied by Mrs. M. M. Collins.

Mrs. Mullins and Mrs. Copley served a salad-dessert course to the following: Mesdames Myers and Gardner, visitors, and the members: Mesdames N. D. Howard, W. T. Hatcher, Roy Souleyrette, R. D. Spencer, Frank Rasnick, Charles Hornsby, Fred Hall, George Evans, J. C. Wells, M. M. Collins, John Wallace, Charles Aker and Thomas Hatcher.

be guarded against—that "we want the wilderness quality to prevail," not a string of camps and cabins all along the shoreline.

The speaker told his hearers that Larry Gale, head of the division of Game Management, Kentucky Division of Game & Fish, apparently had been very favorably impressed with the part of the reservoir area extending toward the Floyd-Johnson line as a potential game refuge. Deer, turkey and grouse may be stocked in the area.

Mr. Bunce's talk was followed by a brief discussion by Franklin W. Moore, new leader of the Floyd County Sesqui-Centennial Committee, who reminded the crowd that "not only every organization in Prestonsburg and Floyd county but also every individual must help if this 150th anniversary of the founding of Floyd county is to be observed as it should be." Mr. Moore outlined present Sesqui-plans for a four-day celebration, beginning on Saturday, July 1. The first day, he said, would be for registration and the parade of floats; Sunday, July 2, Homecoming for every church in Floyd county, with a pageant based on sacred music to be staged Sunday evening; July 3, an historical pageant, possibly the Jenny Wiley story, and, July 4, a patriotic program.

Earlier in the program, H. D. Fitzpatrick, Jr., outgoing Jaycee president, introduced these new officers of the organization: William B. Sturgill, president; Clifford Wright, first vice-president; Paul C. Combs, second vice-president; Marshall Davidson, secretary; William A. Young, treasurer. Wm. J. Dingus, state director.

The civic organizations of Prestonsburg reported on their activities for the year. These reports were given by Max Burns for the Kiwanis Club, D. S. Nesler for the Prestonsburg Business Men's Association, R. V. May for the Lions Club and H. D. Fitzpatrick, Jr. for the Junior Chamber of Commerce.

BIG HEATING BILL AT UK

More than 12,000 tons of coal and 3,000 gallons of fuel oil are required annually to heat buildings on the University of Kentucky main campus at Lexington.

Asks Lewis, Operators For Reply By Saturday; Seeks 5-Day Work Week

Action may be taken by week's end, to bring about a resumption of work in the coal mines on a five-day schedule, or next week may see President Truman forced to exact the provisions of the Taft-Hartley Act which he has often exorciated. This was the view taken here after the President made an appeal Tuesday to the miners to resume work next Monday for 70 days and to submit their case to a fast-finding board composed entirely of representatives of the public.

The President made his proposal to both operators and the United Mine Workers, and asked them to let him have their answers by 5 p. m., Saturday.

Although some saw in his telegram the hint of an ultimatum, doubt was expressed that John L. Lewis, UMW leader, would submit to the 70-day truce. Lewis might decide the Taft-Hartley Act would still be hanging over his head after the 70 days had passed, it was held.

Truman did not mention the Taft-Hartley Act and its provision for injunctions in cases of national emergency. In fact, his language skirted carefully around the question of the existence of an emergency—a thing that he had denied existed up to this point.

But he did urge John L. Lewis, United Mine Workers chief, and the operator to accept his proposal "in the national interest."

He told them that while it is "national policy" to foster voluntary labor settlements and avoid compulsion, he declared that "the government can no longer stand by and permit the continuance of conditions which have now come to have such a serious effect upon the public interest."

For his 70-day truce the President spoke of "normal" coal production. That would rule out the three-day week which most coal miners have been working, as well as the sporadic full-scale strikes which had more than a fourth of the 400,000 UMW members idle Tuesday.

In this county all mines worked the usual three days this week, it was said here. Business in the coal fields continued to suffer, and so interest in what the next few days hold for the industry runs high. A spokesman for the Princess Elkhorn Coal Company at David submitted figures from that community which were described as indicative of the economic losses suffered over the area.

Princess Elkhorn employees, he said, worked only 10 days during the month of January, and, as a result, lost in payrolls \$95,000 or for each employee \$165. Actually the mines were idle 11 days, not including Saturdays and holidays, because of strikes and the three-day work week. For the 10 days during which the miners did work, their earnings amounted to \$83,250 or \$150 per employee, and so, it was pointed out, the idle periods forced them to lose more than they actually earned.

In 1949, the spokesman continued, the company had sufficient orders to keep the mines working full-time every week since the three-day week started last July. Since that time the miners have been idle a total of 88 regular work days for a total loss in wages of \$741,750, or an average of \$1290 per employee, he said.

It was also pointed out that these lost payrolls, in addition to greatly reducing the purchasing power of the miners, have also in general taken away from the merchants and businessmen in the Floyd and Johnson county areas, and as this money normally turns over in circulation three to four times, it means that the purchasing power in the area during the last six months has been reduced by to three million dollars from tide time with this one company.

SCHOOL NOTES

During the past week, various rooms of the school have been collecting funds for the March of Dimes. It is hoped that all will give as much as he or she is able and that the money collected will help some boy or girl to walk again.

Mrs. Vella May, fourth and fifth grade teacher, was absent from school last week due to the sudden illness of her mother.

Rev. Durham visited school Thursday afternoon and gave the sixth and seventh grade class a very interesting story of the Hebrew race.

We are having a number of absentees from school due to chickenpox and colds. Judy Tussey of the first grade is out with chickenpox. Billy Ray Clark is out with abscessed ears and Ronald Ray Burchett of the eighth grade is also out due to a recent illness.

Hadacol Helps Folk Music Fiddle Player

James William Martin, of route 4, Lewisburg, Tenn., has been a familiar and popular figure at thousands of old fashioned entertainments throughout Tennessee since he was just a boy because the oldtimers claim that young Bill can really make a bull fiddle talk "sweet music."

These fans really missed Martin's music when he did not appear in his regular program on the great 50,000 watt WLAC radio station in Nashville, Tenn., recently. In fact, they missed him for the two weeks that he suffered the horrors of nervous indigestion and kindred ills.

A lack of only a small amount of the B Vitamins and certain Minerals will cause digestive disturbances. Your food will not agree with you. You will have an upset stomach. You will suffer from heartburn, gas pains, and your food will sour on your stomach, and you will not be able to eat the things you like for fear of being in misery afterwards. Many people also suffer from constipation. And while these symptoms may be the results of other causes, they are surely and certainly the symptoms and signs of the lack of the B Vitamins and Minerals which HADACOL contains. And if you suffer from such a disorder, there is no known cure except the administration of the Vitamins and the Minerals which your system lacks.

HADACOL contains not only one, but 5 of the B Vitamins. HADACOL contains not only one, but 4 of the necessary Minerals. It comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away.

It is easy to understand, therefore, why countless thousands have already been benefited by this amazing tonic, HADACOL.

So, it matters not who you are, it matters not where you live, or if you have tried all the medicines under the sun, give this wonderful preparation a trial. Don't go on suffering! Don't continue to lead a miserable life. Many persons who have suffered and waited for 10 to 20 years or even longer, are able now to live happy, comfortable lives again because HADACOL supplied the B Vitamins and Minerals which their systems needed. Be fair to yourself. Give HADACOL a trial. Demand the genuine HADACOL. Accept no substitutes.

Here is Martin's own statement about the blessings that HADACOL brought to him: "I am only 24 years old but have suffered with the horrors of nervous indigestion. No food I ate digested well. I suffered severe headaches. I had difficulty sleeping. I have played with radio bands and nervous indigestion effected my work. I was run down and nervous and for a time thought I would have to give up my work. After the second bottle of HADACOL I felt better and now after five bottles of HADACOL I feel like I am a new man. I am going to continue to take HADACOL to help keep well."

They will be happy to know now that Bill is back with the bull fiddle and it seems to some that the music is just a little sweeter because Bill feels better now than he ever did before because he has learned the blessings of HADACOL.

### David School Starts Project In Original Art By Students

Pupils of the David grade school have begun a project in original drawings and paintings under the supervision of their teachers and the sponsorship of the David Woman's Club. The work began January 30, and will continue through February 10.

The David school does not have classes in art, but as child psychologists are teaching that drawing and painting are two of the best methods of self-expression, teachers of the school decided this project would be a valuable addition to the school curriculum.

Mrs. Russell Harman, Mrs. Leona Hager, and Mrs. Jay Wise form the committee in charge, and they have stated that the pupils will choose their own subjects. Any number of drawings or paintings may be entered by any pupil in an exhibit at the close of the project. These will be judged by some critic from out of town, and the David Woman's Club will award prizes.

Have you walked down the main street of a village, town or city and noticed the youngsters carrying shoe-shine kits and calling, "Shine, mister?"

If you say these young fellows are shining shoes, you're dead wrong! They are paying life insurance premiums—paying in terms of precious youth, mental labor, lost opportunity. They are paying premiums far greater than those their fathers would have had to pay for adequate life-insurance protection.

Funny about life insurance—whether it is bought or not, somebody always pays for it—either in money today, or in suffering, sweat, tears and misery on some tomorrow.

Let's discuss soon which way you would rather have your children pay for your life insurance.

### DEATH'S TERRORS HEAD VASTLY OVERRATED

(From The Reader's Digest)

"Look death in the face," counsels J. D. Ratcliff, in the February Reader's Digest. "His countenance isn't so terrifying as we are led to believe. All available evidence indicates that death is generally welcomed by the aged and infirm, offers merciful relief to the sick. Although they have feared death all their lives, the overwhelming majority of people are willing to meet it when it comes."

Testifying to the absence of agony and terror in death is the experience of thousands who have "died" by drowning, electric shock, asphyxiation—only to be revived by prompt medical attention. These people, Ratcliff points out in an article condensed from Liberty, "have indeed returned from the dead . . . and invariably they report that there was no anguish, no pain, no terror—merely an all-enveloping peace."

The great physician, Sir William Osler, studied 500 deaths. Only 111 showed mental apprehension, only two showed signs of terror. Dr. Arthur Macdonald adds his testimony: "The belief that dying is accompanied by severe suffering may arise from misinterpretation of outward physical signs. The act is confused with symptoms of the disease which preceded death. There seems to be a pause in nature—the disease has conquered, the battle is over. The body, fatigued by its efforts to sustain itself, is ready to die. All is tranquility."

Dr. Alfred Worcester, professor emeritus of hygiene at Harvard, says: "Death is almost always preceded by a perfect willingness to die. It is easy at the last . . . All competent observers agree that except in imagination there is no such thing as 'death agony.' Contractions of the dying body are merely the contractions of reflex muscles. Facial contortions are involuntary and not indicators of pain. Remember, faces are often contorted in sleep."

One physician, carried to the brink of death by a severe heart attack, reported his sensations as those of "mild intoxication." Three others, who drowned but were revived, found only peace and pleasantness after the initial struggle was over. William Hunter, 18th-Century anatomist, murmured with his last breath: "Had I strength to hold a pen I would write how easy and pleasant it is to die."

The final flutters of a failing heart pump an ever-diminishing supply of blood, Ratcliff says, and pain attending the final illness disappears as sensory perceptions fail. Oxygen starvation that accompanies failing circulation affects the brain; the patient drifts into darkness without pain, without sensation. The final blacking out, preceding death, is in no wise different from falling asleep.

Some sea slugs are edible, some not.

### Body Of Shepherd Returned For Burial

Burial of Jesse Shepherd, 52 years old, who died, Jan. 17, in Los Angeles (Calif.) General hospital, a few hours after having been stricken by a heart attack, was made Wednesday in the family cemetery in Magoffin county.

The body was brought by plane to Dayton, O., from there taken to the family home on Licking river. The victim was a son of James Shepherd, and had been employed in Los Angeles for the last three years. He is survived by three sons and two daughters, Ford, Seidon and Floyd Shepherd, all of Magoffin county, Ada Shepherd, of Michigan, and Oma Shepherd, Trace, Ky. Two brothers and three sisters also survive: Frank Shepherd, of Indiana, Harlan Shepherd, Arthur, of Ky., Mrs. Lula Whitaker, Mrs. Troy Howard and Mrs. Dan Shepherd, all of Indiana.

Burial was under direction of the Arnold Funeral Home.

America imported more than \$800,000,000 worth of silk and rubber in 1928. Because of competition from domestic synthetics, these imports are not expected to exceed \$200,000,000 in 1950.

Louisiana is the wettest of all states, by U.S. Bureau records, with an average annual rainfall of 55.11 inches.

# Martin Is Big Sandy Champ

## Betsy Layne Is Runner-Up As Floyd Teams Dominate

Floyd County's domination of Big Sandy Conference basketball officially exercised itself Saturday night at Pikeville as Martin's Purple Flash was acknowledged the championship of the 16-team loop by virtue of its victory over the Betsy Layne Bobcats, 61-43, in the final go-round of the conference annual tournament.

Martin, defending Floyd county 1948-49 titlist, entered the final phase of the loop play, after winning the north sectional rounds held at Martin last week. The Flash defeated Flat Gap, 75-39.

Betsy Layne, holder of runner-up honors in the final, copped superiority in the south sectional Wednesday night at Pikeville by blasting Belfry, 84-64.

Each qualified for the championship tilt by winning their Friday night games. Martin bumped Belfry 68-30. Betsy Layne tripped Flat Gap, 79-52.

Not only did Floyd county domination appear in the final tussle featuring the play of two county teams but further evidence of the same was seen in the selection of the all-tourney squad. Four from Martin, Bob Webb, "Squirt" McCarty, Pete Grigsby and Doug Lafferty, four from Betsy Layne, Frankie Crum, Hobson, Layne and Clark, Hamilton, of Belfry, and M. Bevin, of Belfry, compose the all-play honor team.

At Martin the all-section team was named as follows: Lafferty, McCarty, both of Martin, White, Wallen, both of Meade Memorial; Hall, Van Lear, Willis, Prestonsburg, Curry, Wheelwright, Crace, Oil Springs, J. Daniels, Paintsville, and Hamilton, Flat Gap.

Individual performances were noted in the north sectional. The foul shooting trophy was awarded to Martin's "Squirt" McCarty. The Purple Flash guard hit 28 for 33 free throws attempted. His three-game stint averaged 84.7 per cent. White, Meade Memorial guard, caught the eye of spectators as he scored a total of 109 points in three successive nights of play. He tabbed 43 against Prestonsburg, 23 against Martin and 43 against Flat Gap.

Adding to Purple Flash tourney honors, the Martin girls were awarded the cheerleading trophy.

## Game And Fish Group To Ask Increased Limit On "Rough" Fish Take

Frankfort, Ky., Jan. 31 (Spl.)—The State Game and Fish Commission has decided to ask the General Assembly to permit more "rough" fish to be taken.

The plan is for the statutes to be changed to permit catching that type of fish by giggering and by grappling or snatch hooks.

State Game and Fish Director Earl Wallace estimated that \$200,000 worth of that type of fish—such as carp, buffalo, catfish, red horse and suckers—goes to waste every year under the restriction to the pole and line method of taking them.

He explained the State's food supply would be increased by that much and also that catching more of the "rough" fish would make more room in Kentucky streams for bass and other "game" fish. They are more sport to catch and are better eating.

### Easier on Game Fish

Giggering is done with small pronged spear. Grappling or snatching fish is done by putting a number of hooks on a line and jerking it back and forth in the water, especially below dams, where fish congregate. The game fish are less likely to be caught by this method.

Under present law, giggering and the use of grappling or snatch hooks is forbidden.

The commission said it will ask the General Assembly to permit the director to fix the season for giggering and grappling or snatching rough fish. That would be allowed early in the spring before bass go on their nests, so that they would be less likely to get caught.

The commission also decided to support a proposal to leave to the discretion of the county judge whether the gun of a person arrested for hunting with an unplugged weapon should be seized. Present law makes it mandatory of the judge to confiscate unplugged guns.

## MAYTOWN

Those who are at home from college between semesters are: Miss Lucille Stapleton, Bill Stapleton, Wendell Jones, Clarence Robinson, and Marjorie Martin.

Miss Bowman, of Berea, a graduate of Eastern State College, is the Home Ec teacher. She takes the place of Mrs. Maurice Vaughan, who is moving to Ashland.

Those from Maytown who attended the banquet and meeting of laymen of the Methodist Church were Mr. and Mrs. Thomas Patrick, Mr. and Mrs. Arnold Cassidy and Rev. and Mrs. C. P. Allen.

Harless Prasurie, who is a member of the armed forces, is visiting relatives here. He was a member of the 1948 graduating class of Maytown school.

Mrs. Arb Hayes, of Midas, has been substituting as teacher of the seventh grade. The regular teacher, Mrs. Otha Howard, is ill.

The Dramatics Club of the school is working on a play, a very spooky and ghostly one, to be given in February. The public is urged to attend.

Every one who attended the P.T.A. dinner had a feast and enjoyed it. Many thanks are given to the refreshment committee and the volunteer ladies—also all who donated. The proceeds go to the lunch room.

All enjoyed a show afterwards. Miss Juanita May has accepted a position in the beauty department at Parsons' in Ashland. She has left for her new work. Miss Edith Patton is filling her place in the Garrett Beauty Shop.

Mrs. Ted Snoddy and her new baby daughter, of Boldman, are here with her parents, Mr. and Mrs. Ed Sutton.

Mr. and Mrs. Harold Salisbury and Mrs. Dial Salisbury, of Ohio, were week-end guests of Mr. and Mrs. Ed Stewart and Mr. and Mrs. Claude Webb.

Those shopping in Paintsville Saturday were Mr. and Mrs. Thomas Patrick, Mesdames Thurnal Clik, Howard Ramey and Earl Webb.

The large audience who gathered at the Methodist Church to hear the Wheelwright Good Will Choir showed that the singing was most enjoyable. The choir performed on Sunday night which marked their second performance in Maytown.

Mrs. Frank Stewart, of Morehead, spent the week-end here with relatives.

Mrs. Amy Begley left Monday afternoon to spend a month with her son, Hershell Begley, and family in Connecticut.

Everyone is invited to attend church school at the Methodist Church every Sunday morning at 10 o'clock. There were 92 present last Sunday. Come and let's make it 100. Preaching every second and fourth Sunday morning and every first and third Sunday night. M.Y.F. every Sunday evening at 6.

## One from County Among 46 Hunting and Fishing Victims

FRANKFORT, Ky., Jan. 31 (Spl.)—One Floyd county resident, two Knott countians, one of Pike and one of Johnson county were listed by the State Division of Game and Fish released reports that at least 46 Kentuckians lost their lives directly or indirectly as results of hunting and fishing accidents during 1949.

The Division believes that the survey, conducted by its 112 conservation officers, is fairly accurate, but also believes that some fatal accidents may have occurred which were not reported by the officers. However, the survey revealed data on the deaths of the 46.

Drownings took the biggest toll of sportsmen with 29 persons losing their lives in this manner either while actually fishing or while on fishing parties. Deaths from accidental shootings as a result of hunting episodes number 17. Probably three times the number killed by firearms suffered injuries in hunting accidents.

The deaths of five fishermen below Gilbertsville Dam, when their boat capsized in the swift waters of the Tennessee river, was probably the worst one accident to occur during the past 24-month period. They were out-of-state fishermen.

One of the most horrible accidents occurred near Paris in the late summer. Mrs. Carl William Cooke was fatally shot by her husband and his friend, Billy Bruce Mahan, while the trio were hunting groundhogs in an alfalfa field. The three had rifles and went in different directions in quest of the 'hogs. While Mrs. Cooke crawled through the grass, she was shot simultaneously by her husband and Mr. Mahan.

Deaths by drownings follow: John Lasak, his son, Dean Lasak, Fred Rich and Miles Baker, of West Frankfort, Ill., and J. W. Morin, Herin, Ill. These five drowned below Gilbertsville Dam when their boat capsized.

Morris Kulmer, Shepherdsville, died when he fell from a boat while fishing; Julius Hall, Topmost, drowned in Right Beaver Creek while fishing; Roy Lee Briggs drowned while fishing in slough near Dade Park Bridge in Henderson County; Glenn Decker, Livingston Co., drowned in the Cumberland River near Dycusburg; Shelton Lee Basham, Daviess county, drowned when he fell into the

Leonard Hunt, all of Weeksbury, were continued till Feb. 27. The three boys named for truancy were ordered to report, the same day, on their school attendance.

Until the last month, attendance in the county, said the attendance officers, has probably reached its highest peak in years. Economic conditions have prevented some children from attending school, and but for the assistance given some hard-hit families a number of other children would have been out of school, it was said. The attendance officers particularly praised the Eagles Club here and the Rev. H. C. Church for their work in donating or gathering shoes and clothing for needy children.

Of last week's court action, they said: "We had exhausted our resources. There was nothing else to do. No parent can be allowed, through negligence or indifference, to deprive his child of its right to a reasonable education."

## PIKE MINER IS SENTENCED

### For Slaying Cox, Jewelry Salesman, In Pike "To Get Him Out Of Misery"

Woodrow McCoy, 32, Freeburn coal miner pleaded guilty Friday in Pike Circuit Court to charges of armed robbery and murder and was sentenced to life imprisonment on each count.

McCoy admitted slaying Sherman H. Cox, Williamson, W. Va., jewelry salesman, "to get him out of his misery" after he had been wounded accidentally in a scuffle for a gun.

The body of the 45-year-old Cox was found in a culvert about three miles from Phelps last December 13, the day after his light delivery truck, with bloodstains inside, was found abandoned near Salyersville.

The discovery was made by State Police Detective J. A. Combs, Garrett, who was told by McCoy where the body was hidden. Combs was called off the investigation of a series of robberies at Martin to pursue a probe of Cox's disappearance.

McCoy said Cox, who he had known about a year, picked him up near Delorme Bridge in the Freeburn district.

After they had driven for several minutes, the men scuffled over a .32-caliber gun McCoy was carrying and it was discharged. McCoy said he saw Cox was badly shot so "I just finished him off to get him out of his misery."

Before dumping the salesman's body in the culvert, he removed a wristwatch and some jewelry from the truck.

McCoy appeared unmoved by the sentence today. Earlier he told newsmen he "guessed everything possible had been done for him" and that he was resigned to his fate.

In passing sentence, Circuit Judge E. D. Stephenson ordered that the sentences be served separately in the State penitentiary at Eddyville.

Commonwealth's Attorney J. A. Runyon said McCoy probably would be eligible for parole in 30 years.

### A Gallant Try, Anyhow

Representatives Paul E. Hays and Henry C. Hale, of this county, and Senator Rodes K. Myers, of Bowling Green, must have been thinking of recent injustices visited upon hapless sections of Kentucky by the Kentucky Railroad Commission and the railroads when they introduced kindred bills in the two Houses of the General Assembly.

These bills would require the Railroad Commission to consider a railroad's other sources of income from transportation before permitting the public carrier to discontinue its passenger trains on any division. The present statute says that the railroad may stop passenger service if that one phase of its business is being operated at a loss. The bills now introduced would require the railroad to show its freight business didn't take up the slack before being permitted to cut off its passenger service.

We fear for the future of these bills. The power of the railroads is unconscionably great in old Kentucky. The law as it now stands is said to be more favorable to the rails than any legislation to be found in any other state. Any attempt to change that bit of legislative favoritism will have to travel a rocky path.

But the Hale-Hays-Myers attempt deserves the consideration and the support of every member of the Assembly who has a sincere interest in his constituents. For none can say who will be next to suffer if the railway balance sheet doesn't tot up in encouraging style.

## ADMITS LOOT OF FIRM SAFE

Magoffin Ex-Convict  
Ruefully Tells How  
He Missed \$11,000

Grover Harvey, 26-year-old Magoffin county ex-convict, admitted Saturday to Sheriff D. B. Trimble, of Johnson county, that he robbed the Vanhose Lumber Company safe at Paintsville, early last Friday, of approximately \$3,500 in cash and checks and at the same time ruefully added he knew he was passing up a richer haul of \$11,000 in cash because he had jimmied the compartment of the safe in which the larger amount was kept.

Among the funds taken were remittances from the Prestonsburg and Louisa branches to the Paintsville central office of the lumber company.

In a statement signed before Sheriff Trimble, Harvey said he took \$363 cash, and between three and four thousand dollars in checks from the firm's safe.

Harvey told the Sheriff his primary objective, however, was the \$11,000 in cash he knew was in a separate compartment of the safe.

"If I'd gotten that," he quipped, "you or no one else would have ever seen me again."

Harvey said he jimmied the catch on the second compartment and wasn't able to open it.

Trimble immediately charged Harvey with robbery and added he was advising Ohio authorities of Harvey's statement he had been paroled recently from the Ohio penitentiary where he served a term for armed robbery.

Harvey said in his statement he made friends with persons living near the lumber company owned by P. S. Vanhose shortly after coming here. He learned large sums of money were kept in the safe, he continued.

The night preceding the robbery, Harvey said, he stopped at a friend's house located near the company and they played cards until shortly before a.m.

He said the friend, Lester Vanhose, a second-cousin of the lumber-company owner, knew nothing of the planned robbery.

After leaving Vanhose's home, Harvey asserted he picked up his tools which he had hidden nearby and walked to the rear of the company office.

He said he broke a window and climbed into the room.

After the robbery, Harvey claimed he went to his room on the outskirts of Paintsville and destroyed the checks.

He declined to tell the sheriff what he had done with the money.

## Girl Scouts' Prospects Bright For Coming Year As Leaders View Work

Prestonsburg local council, Girl Scouts of America, has begun the new year with a complete organization and bright prospects for coming months, leaders said this week.

On the bright side of the picture were these announcements:

1. That \$366 has been collected from sponsoring organizations for the Girl Scout drive — \$66 in excess of needs for the local councils part in maintaining the Pikeville office.
2. Word from J. H. Keenan, master of Zebulon Masonic lodge, that two rooms in the Masonic building here will be made available, rent-free, to the Girl Scouts.

The 1950 local council officers are: Mrs. Marshall Mahan, commissioner; Mrs. Winston Ford, deputy commissioner; Mrs. John G. Archer, secretary-treasurer.

Committee leaders are:  
Organization — Mrs. W. S. Harkins; Program — Mrs. Chalmers Frazier; Camp — Mrs. Newton L. May; Registration, Juliette Lowe and Cooky committees — Mrs. E. S. Collins; Publicity — Mrs. Woodrow Burchett; Training — Mrs. Max Burns; committee member-at-large of Sandy Valley Girl Scout Council — Mrs. R. V. May.

All officers and committee members volunteered to serve. The Finance committee will be named later.

Today (Thursday) the monthly field day held here is being conducted by Mrs. Somerville, new field worker, for the benefit of workers and leaders. Saturday, the district training meeting for Valley troop leaders will be held at the Presbyterian Church here.

## CLAUDE HOPKINS

AND HIS

## 'ZANZY-BARR-REVUE'

CLAUDE HOPKINS

One of the foremost arrangers-composers and pianists. Had the longest consecutive run of any band at the famous Roseland Ballroom, New York City (5 years). Made pictures for Warner Bros. (Short Subjects and Features). Coast to coast hook-up over C.B.S.-N.B.C.-Mutual; commercial program for Coca-Cola and Chrysler. Played all leading colleges throughout the country; recorded for Columbia, Decca, Brunswick, Rainbow; 3 years at the famous Zanzibar Nite Club (N.Y. City); just closed a two-year engagement of all the Veterans' hospitals in the 48 states.

### COMPOSITIONS

I WOULD DO ALMOST ANYTHING FOR YOU.  
VAMPING A CO-ED.  
CRYING MY HEART OUT FOR YOU.  
LOW GRAVITY.  
THRU WITH LOVE AFFAIRS.  
BLAME IT ON A DREAM.  
I LIED BECAUSE I DIDN'T WANT TO LOSE YOU and many others.  
Made "THREE LITTLE WORDS" famous by his recordings. Made "MARIE" famous by his recordings.

### 4 STEPPERETS

These four lovely girls are new to show business, having only three years in front of them, but have been predicted by New York critics as future stars in as much as they each sing a torrid song and can easily step out of line on their own.

They captivate you with their dancing and pleasing personality. During their brief career they have performed in various nite clubs in New York, Boston, Philadelphia, Washington and Baltimore, also theatres. Just closed a nine-months tour of the Veterans' Hospitals throughout the country.

### GARNER AND WILSON

This comedy team has long been recognized as one of the foremost in their field. They have played practically every theatre from coast to coast. Have been headlined in pictures (short subjects). Played such famous clubs as Cotton Club, Club Zanzibar and numerous others. They toured the South Pacific for 3 years with the USO during the war. Just closed a 9-months tour of this country for the Veterans' Hospitals, also just finished an engagement at the famous Palace theatre (N.Y. City).

### IVA BOWEN

This cute little bundle of taps is a product of the late Bill (Bojangles) Robinson and was personally coached by him. Although her career is brief, she is a star in her own rights. Her stair dance is very unique and intricate and pleasing to watch as the tempos change throughout the dance. Has just finished a nine-months tour of the Veterans hospitals throughout the country.

### IRON JAW WILSON

This undoubtedly is one of the most talked about, thrilling acts in show business. He dances with a huge table between his teeth and as he dances adds one table at a time until at the finish he has five tables in all, still supported only by his teeth. That is how he acquired the name "IRON JAW WILSON." The one, only and original. Direct from Broadway's leading nite spots. Appeared on several television shows.

### DEBORRAH ROBINSON

Played the Harlem Club for two seasons, Atlantic City's most famous nite club. Cafe Society—Extended engagements in Canada's leading cabarets and cocktail lounges. Featured in Radio Show, "Harlem After Dark." You'll enjoy her smooth style of singing.

HOPKINS with his Combo and singer really thrill you with their latest style of Jazz Music that is sweeping the country

Editor, The Times:

Yesterday I was in court all day at Prestonsburg as a witness and had parked my car near the police station for a short time. When I went back to my car a police tag was on it, I paid \$1, and today I parked it up near the Floyd County Times, and had to be in court all day again, and when I returned to my car another tag was on it. I took my second ticket to Judge Feller, as I had been advised to do by good men around the courthouse, thinking he would relieve me, but, instead, he fined me \$1, same as the police did the day before.

I guess if the Commonwealth wants me in court at Prestonsburg as a witness again, I'll just have to walk to town!

**SURPRISE PARTY**  
Mrs. Bill Napier gave a surprise birthday party for her husband on Thursday, January 18, at their home on First avenue. The room was beautifully decorated in pink, white and green. Pink and white candles were used. The table was adorned with a beautiful three-tiered cake. Mr. Napier received many lovely gifts. Everyone enjoyed games and music which was rendered throughout the evening. Cake, coffee and nuts were served.

Those present were Mrs. Ruth Isbell, Mrs. Bob Francis and son, Mr. and Mrs. Marvin Music and son, Mrs. Dick Feller, Mr. and Mrs. Tom James, Dr. and Mrs. Marvin Ransdall, Mrs. Winnie Johns, Mrs. Ballard James and the hosts, Mrs. Napier and sons, Claude and Bobbie.

**PERSONAL SHOWER FOR BRIDE-ELECT**  
Miss Patsy Price, bride-elect of Mr. John Evans, was complimented with a personal shower on last Monday evening, at the home of Mrs. John D. Collins on Davis street. Mrs. Woodrow Greenwade and Mrs. Garner Price were co-hostesses. A table covered with a hand-made cloth, with a basket of pink and white carnations as a centerpiece, held the display of lovely personal gift packages opened by Miss Price. The dainty napkins had silver bells in the corners and the names of "Patsy and Johnnie" and the date, "February 3, 2 p.m." stamped. The decorated cakes had miniature pink parasols as symbols of the wedding shower. Fancy ice cream and nuts were served with the cake to Miss Patsy Price, Misses Martha Katherine Greenwade, Carlos Horn, Elizabeth Ann Horn, Virginia Wilson, Phyllis Sue Wilson, Jeanette McGuire, Emma McGuire, Betty Clark, Jeannine Turner, Lucy Music, Helen Price, Mesdames W. **HOW MANY**

**do you think were installed  
in Kentucky in 1949?**

The year 1949 was such a big year in the growth of telephone facilities and service, we thought you would like to know some of the facts and figures. Here's the story of the year in brief:

**New Telephones**

More than 52,500 new telephones were installed in Kentucky last year! That's a lot of telephones, requiring the addition of huge quantities of wire, cable, poles, central office equipment and new buildings or building additions.

**Rural Telephones**

Many construction crews were busy stringing lines in rural areas throughout the state last year and many thousands of new rural telephones were installed.

**Money Spent**

This vast expansion and improvement of telephone service in Kentucky in 1949 cost more than \$10,500,000. This was over and above other millions of dollars paid out in Kentucky for operating expenses.

**New Buildings**

Eight new buildings or building additions were completed in the state last year and work is under way on other new building projects for 1950.

**People at Work**

At the close of 1949 there were more than 4,500 people employed by Southern Bell in Kentucky. Wages for these men and women amounted to millions of dollars—a substantial contribution to trade and prosperity throughout the state.

Kentucky and the South are growing as never before and we are continuing our all-out effort to make telephone service constantly more valuable and available to more and more people.

**Sample of Beauties in Stage Show Playing MARTIN, SUNDAY**

Some of the beautiful girls in "Eyeful of 1950" playing the Martin Theatre Sunday. To accommodate the crowds, performances will be given, both matinee and night. In addition to featuring a stageful of lovely girls, it offers many of the nation's outstanding vaudeville acts and hilarious comedians. It is a large road show that has been featured in America's leading theatres. It's the first big-time girl show to play this section in years.

**ASK INCREASE IN PAY TEMPO**

**Floyd Legislators Would Make Companies Set Up Empoyes' Weekly Pay**

House Bill No. 42, jointly sponsored by Floyd county's Representatives in the General Assembly, Henry C. Hale and Paul E. Hayes, would cut in half the time which a worker must wait before he is paid by a corporation and would, in the event of future work stoppages, give relief from the strain on credit by starting pay of workers soon after they go back to their jobs, its authors contend.

The bill, which was still in committee at week's end, would require corporations to pay, weekly, all wages earned to a day not more than seven days prior to date of the pay-day. "This," Representative Hayes contends, "will insure the worker against his pay being held up more than two weeks."

Under the law now in effect, corporations are required to pay no oftener than semi-monthly and to a day not more than 18 prior to date of the pay-day. This, it is explained, permits firms to hold up the worker's pay as much as a full month.

One coal operator here said employees seldom must wait longer than that. "The delay of a month as a matter of practice hasn't been in effect since the '30's," he said.

Another bit of legislation which is of interest in this section is House Bill No. 41 which has already gained approval in the lower chamber. Creating a Division of Weights and Measures in the Department of Agriculture, the bill provides that coal, coke and charcoal must be sold by the pound. The fuel section of the bill would require each coal retailer to have two weight tickets signed or certified at the mine or point of wholesale purchase. It also would empower inspectors of the division to stop any truck loaded with any of these fuels, demand inspection of tickets and, if necessary, require the trucker to go to a designated set of scales and weigh his load.

and many were being driven to higher ground.

Left Beaver Creek was reported rising through Wednesday night, and the picture there is believed to approximate that seen on Right Beaver, although detailed reports from that section were not received this morning.

Wednesday morning, traffic between Prestonsburg and the Middle Creek section was suspended as water rose in the underpass at West Prestonsburg. Freight deliveries were curtailed, and travel between the two parts of town required walking, part way.

The situation at Paintsville was described as more serious even than that found up-river. The town's water service was suspended Wednesday, even before the new wave of water rose. Curtailment was ordered by Mayor J. B. Wels after the water rose to 2.9 feet Tuesday night and the pumps were removed. C. Y. Cooper said the town has a reserve of approximately 65,000 gallons, with 55,000 gallons needed for a fire emergency. He said the valves could be re-opened to permit use of another 30,000 gallons, but estimated this measure supply would last "about 15 minutes."

## One of Oldest Golf Clubs Offers Facilities for Youth

Directors and officers of the Beaver Valley Golf Club, one of the oldest in Eastern Kentucky, desire to make their club grounds a recreational headquarters for youngsters as well as for those of the older age groups.

Offering full use of all club facilities which might accommodate several hundred daily through the week, members invite, through an announcement this week by club president Ambrose Mandt, the establishment of a central meeting place and playground for Scout troops and other organizations to send groups of boys and girls to the club grounds near Allen.

President Mandt said, "For use at the present time, we have a tennis court, softball diamond, outdoor oven for picnics, golf course, clubhouse and shower rooms. It would

cost very little to install an outdoor basketball court, equipment for horse shoe pitching and ping pong.

"The members of our Beaver Valley Golf club and persons interested in Boy Scouts' work and sports here have a good opportunity to serve the youth of our county by combining their efforts toward the operation of this plan," he stated.

"With proper supervision and a definite understanding in regard to club rules, this plan should not interfere with the operation of our golf club. Most of our members confine their activities to week-end golf and an occasional week-end party," Mandt explained.

In an open letter to other clubs, members and civic and sports-minded citizens of this section, the club's proxy invited, "If you think our plan has merit, please call or write one of our officers or directors. We welcome any suggestions you may have to offer."

## WARM MONTH "HOT FINISH" MELTS QUINT

### MAYTOWN WINS ONE WHILE LOSING TWO

Maytown, Ky., Jan. 31 (Spl.)—The Maytown high school Wildcats engaged in three of the closest fought games in the region in the last two weeks of January to experience a "hot finish" to an unusually warm winter month.

The "hot finishing" cost the Wildcats two games while they won one during the period.

The same kind of a finish almost cost the Wildcats their third game in a row at Hellier on Friday night. Maytown, after facing surprising opposition, managed to win, 63-62.

In each quarter, Maytown was able to run up a 10 or 12 points lead only to have it promptly disappear before the end of each period as the Hellier team fought for a determined comeback.

Halbert, sinking 13 field goals and two to four free throws for a total of 28 points, led the Maytown scoring attack. Frasure added 16 and Martin collected 10 for the Wildcat ledger.

Maytown's losses were on the previous week-end as the Wildcats were melted by the torrid last-minute attacks of Wayland and Wheelwright. The powerful Wayland Wasps required an overtime period, Friday night, Jan. 20, before defeating the Wildcats, 55-53. At Wheelwright on the following night, Saturday, Jan. 21, the Maroons nosed out the Maytown five, 57-52, in the closing minutes of a hard-fought contest.

## Jest Among Us

BY JACK WILD  
It's a little late in the sports year to be talking football, but I thought you might be interested in how U. K. President H. L. Donovan jokingly explains why Kentucky lost the Orange Bowl game to Santa Clara:

"Happy Chandler was in the box with us at the game and I thought that having the famous baseball commissioner on our side would help. Well, when the first half ended with Kentucky ahead, Happy said, 'It's a cinch. We've got 'em on the run now.' Coming from an eminent sports authority, that made me feel good. But Santa Clara had some expert help on its side too. They brought along a priest and he must have outranked Happy. At any rate, something happened between halves, and you know what they did to us after that: If we ever play another bowl game against an Irish school, I'm going to take Bishop Mulloy along with us so he can outrank anybody they might have!"

The Orange Bowl is a huge place, with tier on tier of seats towering skyward. According to Dr. Dono-

van, a prominent Kentuckian was being shown to his seat for the Kentucky-Santa Clara game, and followed the usher up and up and up. At last the usher stopped and pointed to a spot a dozen or so rows higher in the stands. "That's your seat up there, Mister," he puffed. "I can't go any higher. My nose bleeds."

This seems to have turned into a sports column so I may as well finish it by giving you some facts about Kentucky's basketball teams. This is Baron Adolph Rupp's 20th year at U. K. . . . In the 19 preceding seasons his team won 384 games, lost 72, for a percentage of .820 . . . During the last six years, the Wildcats won 171 and lost only 16 . . . Since basketball competition started at U. K. in 1904, the Cats have racked up 581 games while losing 200 . . . And the record also includes an unexplainable 21-21 tie with Wesleyan in 1917-18.

## SCHOOL ACCOUNTING REPORT OF THE FLOYD COUNTY BOARD OF EDUCATION FOR THE SCHOOL YEAR ENDING JUNE 30, 1948

PALMER L. HALL, Superintendent and Secretary  
WESLEY CAMPBELL, Treasurer  
June 24, 1949  
JOHN A. JONES  
Accounting Supervisor

### FLOYD COUNTY SCHOOLS School Year Ending June 30, 1948

Comments:  
Submitted herewith is my audit report and inspection of the records and accounts of the Floyd County Board of Education and of Palmer L. Hall, Superintendent of Schools and Secretary to the Board of Education, and Wesley Campbell, Treasurer of said Board of Education for school year ending June 30, 1948.  
The minutes are well kept and recorded in the General Record Book furnished by this Department. They are complete with all necessary detail and signed by chairman and secretary.

**FINANCIAL REPORT**  
Receipts and disbursements are properly coded in the Financial Ledger furnished by this Department showing from what sources they are derived and for what purpose they were expended.

All disbursements are supported by claims and cancelled checks. All claims are recorded in the minute book giving check number, for what purpose to whom paid and the amount.

The claims are filed monthly in numerical order. Summary of receipts and disbursements are complete and extended to the recapitulation for determination of monthly balances.

The Financial Account is reconciled monthly with bank statement and the account is in balance as of June 30, 1948.

All claims are transferred or attached to claim blank Form F-75, signed by claimant, Superintendent Palmer L. Hall, and filed in numerical order in a folder each month.

All sheriff's receipts are properly recorded on form F-60 as furnished by this Department and filed in numerical order with bank deposits in a folder each month.

Teachers service records, Teachers Retirement and Teachers Certificates are on file and in good order.

The salary schedule as approved by the Department of Education was followed and there are two funds set up to pay the claims and teachers salaries. The General Fund is for payment on all claims and the Teachers Account Funds are used to pay salaries. The two funds are kept separate.

\$6,000.00 outstanding voted bonds at 6 pct. non-callable is not redeemable until June 20, 1926. This is the only debt in school year 1947-48. (There remains \$157.89 of the incidental money for the veterans in the Treasurer's Bonds.)

It is recommended that all the incidental money received for the veterans be spent for them in a way that will be most beneficial to the program.

Superintendent Palmer L. Hall and his staff are to be commended on such accurate, neat and well kept records. The auditor expresses his deep appreciation for the fine cooperation given him in the auditing of all records.

JOHN A. JONES  
Supervisor of Accounting

The Twentieth Century Fund reports that the largest part of America's wartime increase in total output came from the fact that more people worked rather than from increased productivity.

**PRESTONSBURG FIVE NIPS MOREHEAD, 70-64; BLACKBURN GETS 21**

Led by Tommy Blackburn's 21 points, the Prestonsburg Independent quint outdistanced the speedy Morehead All-Stars, 70-64, at Morehead Saturday night.

Although the All-Stars excelled the Prestonsburg boys in free throws it was the difference in field goals from afield that provided victory. Morehead got 25 field goals and hit 14 of 18 gratis shots tried. Prestonsburg fanned the nets for 32 free-pointers and hit only six of 21 two-pointers and hit only six of 21 free shots attempted.

In addition to their point getting, the Prestonsburg lads demonstrated an adept floor game. Damron, while tabbing 16 points, shined in this department.

**ALLEN**

Darnell Salyers of Eastern State college spent the week-end here with his parents, Mr. and Mrs. Clarence Salyers.

Mrs. Mae Webb and Mrs. Carole Webb and children visited Mr. and Mrs. Joe Ramey at Odds, Thursday.

Mrs. Harrison Frazier and son, Jack, and G. L. Gray were visiting Mr. and Mrs. Jack Gray at Sloan, Sunday.

Mr. and Mrs. Jack Hutchinson of Martin were the Saturday night guests of Mr. and Mrs. Cecil Webb. Billy Holbrook underwent a tonsillectomy at the Beaver Valley hospital at Martin, Friday.

Earnest Graham Burchett suffered a broken arm at school Thursday while playing. He received treatment at the Prestonsburg General hospital.

Emmitt Spears, of Betsy Layne, was a business visitor here, Wednesday.

The Methodist church is now sponsoring an evangelistic campaign, beginning with home visitation. Teams who have worked the past two weeks are: Mrs. Palmer Crisp, Mrs. Fred Workman, Mrs. G. L. Gray, Mrs. Mae Webb, Mrs. Ira Marks, Mrs. Harry Snodgrass, Dave M. Flanery and Fred Workman. Workers for the following week will be Galloway Laferty, George Adock, and Catherine Salisbury.

Mrs. Palmer Crisp and Mrs. G. L. Gray, attended the sub-district meeting of the Methodist churches in the Methodist church in Prestonsburg Tuesday night. They were accompanied by the pastor, Rev. W. J. Kenney.

Mrs. Lizzie Woods has returned from a visit with her daughters, Mrs. Susan Pierce, of Greenup county, and Mrs. Goldia Pinkerton, of Ironton. She was joined there by her son, Joad Turner, and children of Cincinnati.

Henry Porter, of Winchester, was visiting relatives here last week.

**UK HOST TO FOREIGN EDUCATORS**

Three foreign educators, each traveling separately but all bent on similar missions, last week were visitors at the University of Kentucky College of Education. Representing three different continents, the visitors were: Mrs. Else-Nerete Ross of Copenhagen, Denmark, a member of the Danish National Commission; G. A. Jafferri, assistant minister of education for Pakistan, an Jorge Utreras, minister of rural education for Ecuador. Education Dean Frank G. Dickey said the trio of visitors were studying U. K.'s teacher training methods and the Sloan Experiment for improving dietary practice.

**IN MEMORY**

Of our dear daughter, Mary Nevella Martin.

That lonesome month is here again; it's the month of January, the saddest of the year, for it was January 27, 1943, seven years ago, that our dear daughter went away.

You are not dead, not lost, But gone on before. You live with us in our memory And will forevermore.

God made another angel To worship before His throne, So He looked down from heaven And called our loved one home.

Time has passed since that sad day, The one we loved is called away— God took you, it was His will. But your memory lingers still.

More and more each day we miss you, Friends may think the wound is healed, But they little know the sorrow That lives in our hearts concealed.

Yes, God took you home—it was His will And in our hearts your memory liveth still. But only a star shines over the grave Of the one we loved but could not save.

Missed by all—
