Rev. Ernest N. Hart Former Pastor Here Succumbs at Covington

The Rev. Ernest N. Hart, whose first pastorate was that of the Prestonsburg Presbyterian church, died Friday morning within 30 minutes after he had collapsed at his home in Covington, Ky., where he was pastor of the First Presbyterian Church. He was 57 years old.

A native of London, England, he came to the United States at the age of 18. He became pastor of the church here while a student at Pikeville College. Later he held pastorates of Presbyterian Churches at Marion Ky., Decatur, Ala., and Owensboro, Ky., from there going to Covington where his pastorate had dated from 16 months ago.

Until the fatal attack, which was ascribed to a heart condition, he apparently was in perfect health.

The Rev. Mr. Hart was married to Miss Hester Newberry, of Inez, a daughter of Crit. Newberry and a sister of Mrs. C. B. Weddington, of Prestonsburg. His widow, one son, Ernest N. Hart, Jr., a student at Centre College, Danville, and three daughters, Patricia, Winifred and Colla, survive. Two brothers, Frank and Lewis, both of whom are ministers, came to this country and now reside in California.

The funeral was conducted Saturday afternoon from the Covington church of which the Rev. Hart was pastor, with Dr. Walter A. Groves, president of Centre College, officiating. Burial was made at Covington.

NOTE THESE STYLE LINES WELL. They're straight out of the Buick Riviera book—and they cloak interiors that are roomy as much-higher-priced cars.

FORE AND AFT - a Beauty and a Buy

It's lithe, long and lovely—and it calls not just for one look, but for two.

See how this sleek Sedan looks coming down the road—bold grillwork shining, broad bonnet purring with power, and the wide, curving, unbroken sweep of a one-piece windshield giving you horizon-wide outlook.

And spot the pretty picture you make going away.

The broad, wrap-around rear window and topside styling in the Buick Riviera manner.

The graceful, spacious trunk, the "double bubble" taillights, the sense of high-fashion fleetness in everything from rear fender lines to the curve of the roof.

Yes, that's beauty—beauty in the unmistakable Buick manner. But observe also:

Interiors are extra roomy in all dimensions. The biggest you can buy for the money, we believe—and bigger than many higher-priced cars.

And, since this is a Buick SUPER, there's sensational new power under the hood—Buick's own F-263 Fireball straight-eight, this year's big news in valve-in-head power.

Yes, when you go stepping in this one, you'll really step—with roominess and top-drawer styling and the level going of all-coil springing—yes, and Dynaflo Drive* too, if you choose—making your pleasure complete.

The price? Well, drop in on your Buick dealer, ask about the SUPER 126 and be prepared for happy listening. Here's a buy—so grand a buy you'll lose no time getting behind a Buick wheel.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

With your own tax bill to think about right now, maybe you're not too much interested in ours. But then again, maybe you should be:

You see, this is a self-supporting, business-managed electric power company. As such, we pay our full share of taxes, just as you do.

For 1949, for instance, we'll pay about \$1,110,000 in taxes, federal, state, and local. This money will help build and maintain roads and schools, pay for police and fire protection...

As a matter of fact (and this may surprise you)—we pay more each year for taxes than is available for our stockholders! Junior Woman's Club Urges Full Attendance At Dist. Cancer Meet

The Prestonsburg Junior Woman's Club which is sponsoring the drive in the county this year for funds for cancer control urged this week all Floyd countians interested in the fight on cancer to attend the Seventh district meeting of the American Cancer Society at Memorial Methodist Church, Hazard, Saturday, from 10 a. m., till 3 p. m.

Mrs. H. B. Ritchie, national deputy commander, American Cancer Society, Mrs. T. C. Carroll, commander, Mrs. Charles E. Tucker, executive director, P. H. Noland, campaign director of the Kentucky Division, and Charles Taylor, educational director, will be present to aid workers in making plans for the April campaign.

Floyd county has a quota of only \$1,000, but is being asked to exceed the quota, otherwise many cancer patients who are now receiving hospitalization will have to be sent home with no chance of recovery, it is pointed out. A large percent of this money comes back into Floyd county through free transportation, diagnosis, treatment and hospitalization provided by the American Cancer Society. For the past several years Floyd county has exceeded its quota. Floyd county last year was twice visited by the mobile cancer unit and many received free diagnosis by outstanding specialists. This was made possible by the American Cancer Society.

This county will be represented at the district meeting at Hazard by several active members of the Prestonsburg Junior Woman's Club.

David Woman's Club Hears Of Kentucky DP Support

David, Ky., March 9 (Spl).—More than five hundred displaced persons have been sponsored by citizens and organizations in the state of Kentucky, reported Mrs. Joseph Nekorance in an address before the David Woman's Club, Friday evening. She added that the total of 100,640 displaced persons who had entered the United States as of November, 1949 represented 15 percent of the 600,000 who have been moved from D.P. Camps, leaving another 600,000 still remaining in Germany, Austria and Italy.

The children, of whom there were 10,406 under 18 years of age admitted to the United States, have made the best adjustment, the speaker related. Even though they were of many different nationalities and religions, language has been the greatest single barrier in retarding adjustment, according to reports received from school systems.

Guests of the club were the members of the David intermediate Girl Scout Troop No. 17. Mrs. Wm. Crawford, at whose home the meeting was held, is the troop leader. The Scouts took advantage of this opportunity to further their study of International Relations.

Election of officers for the 1950-51 club year was held at this meeting. The club membership approved the slate of the nominating committee, which follows:

President, Mrs. Harry Fiedler, first vice-president, Mrs. Russell Hartman; second vice-president, Mrs. Ezra Clark; recording secretary, Mrs. Wm. Crawford, corresponding secretary Mrs. Francis Harmon; treasurer, Mrs. Irvin Spotts.

The treasurer was asked to send \$10 to the Red Cross. At the close of the meeting the Girl Scouts sang a group of popular songs, under the direction of Mrs. Harry Fiedler.

Mr. H. B. Newland, Director
Division of Forestry
Frankfort, Ky.

Dear Mr. Newland:

Due to circumstances that have arisen in the county over my job and realizing that if I remain on the job the Division's forest fire control program may be hindered, I desire to resign, effective at the close of work day, Friday, March 17, 1950.

I am this date turning truck over to Ranger Palmer Crum since Mr. Berckman advised that my accrued annual leave would carry me up to and inclusive of Friday the 17th. I wish to state that I have enjoyed working with the Division in the control of forest fires in Floyd county, and it is with regret that I have reached the decision to step out; but I feel by doing so that you and the men under you will be saved the time of making trips to clear up a situation that was not of my making. I also state that I am stepping out without prejudice to the Division.

Very truly yours,
JAMES DAMRON,
Forest Guard.

ACTS TERMED QUESTIONABLE

In Analysis of Audits Of 11 School Boards As Result of Survey

An analysis of audits made by the State Department of Education of the affairs of Boards of Education in 11 or more Kentucky counties or towns revealed several "direct" violations of the law and a large number of "questionable" practices, the Legislative Research Commission reported this week to the General Assembly.

Johnson county's audit was one of those examined, and there it was found that the County Board had repaid \$14,000 more than it had borrowed temporarily. Temporary loans may be legally made but must be repaid within the year. The Commission held that, since Johnson, Powell and Carroll counties had overpaid, "it is . . . evident that some loans had been carried over from the preceding year."

From the number of violations and irregularities found, the Commission arrived at these suggestions:

1. Perhaps the conditions discovered in 11 sample districts justify searching audits of all the 236 districts in Kentucky.
2. Perhaps it would be prudent to shut, by tighter restrictions, "the door (that) is temptingly open for any school official to commit . . . acts of malfeasance in the expenditure of public schools' funds."
3. Perhaps it would be wise to shift the emphasis on superintendents from the old conceptions of business shrewdness and administrative ability.

Among the things the Commission reported were these matters:

1. "One superintendent paid his own company more than \$15,000 from school funds in approximately two years. As superintendent, he initiated all purchases; as secretary of the (school) board, he kept all minutes; as treasurer of the board, he prepared and signed all checks and, as owner of the company, he cashed the checks."
2. "Frequent" employment of teachers without certificates to teach.
3. Failure to advertise for bids in purchases and contracts by "at least" six Boards of Education.
4. That one district diverted to improper purposes 20 per cent of school money received from the state. By law, the money is intended to pay teachers.
5. Treasurers use rubber stamps to sign checks in at least four districts.
6. One district, at the close of the 1948-49 school year, created a deficit by paying a bonus of \$100 to the superintendent and 18 teachers. (An audit in the Department of Education shows that Horse Cave created a \$1,144 deficit by paying a \$1,900 bonus at the close of the last term.)
7. Basal salaries for teachers in the various districts "are characterized by complete lack of unity."
8. One superintendent bought a pair of field glasses with school funds, but the glasses could not be found as school property.
9. A West Kentucky superintendent who quit and got a new job in Central Kentucky charged \$86.98 in travel expenses, and several telephone calls, to the first district. The travel and calls were between the points of his old job and his new job.

To its findings, the commission asks this question: "Do we expect too much of local school superintendents?"

The commission then suggests that perhaps the complexity of modern school systems requires a superintendent to be more of a business administrator than a professional school man.

No longer, the commission noted, is mere scholarship all that is required of a school superintendent. In addition, the superintendent is required to be an administrator, business agent, and an expert on budgets, assessment, and taxation.

Also, the commission added, the superintendent must be: purchasing director, expert on personnel, authority on mass transportation by bus, "a qualified public-relations man, an influential leader in all civic affairs, a qualified public speaker, and a model in deportment and religious life."

SHERIFF'S SALE

FLOYD QUARTERLY COURT
T. N. Newsome, Plaintiff
Vs.—ORDER OF SALE
Evan Hall, Defendant

Pursuant to judgment entered of record in the Floyd Quarterly Court at the regular December term, 1949, against the defendant Evan Hall, in the sum of \$188.50 and an order of sale having been made by said court, ordering and directing me as Sheriff of Floyd county, Ky., to make sale of a Ford sedan car bearing Michigan license or plate No. BZ 7275.

Now, therefore, by power vested in me as Sheriff of Floyd county, Ky., I will offer for sale at the front door of the courthouse in the City of Prestonsburg, on Monday, March 27, at the hour of 1 o'clock, p.m., said car to the highest and best bidder.

TERMS OF SALE: Said car will be sold on a credit of three months with bond approved with surety and having the force and effect of a repurchase bond, and bearing interest at the rate of 6 per cent per annum from date of sale until paid.

Given under my hand this 6th day of March, 1950.

long time ago. Uncle Jake Webb, who lived near East Point was a man of substance in the later years of his life. He loaned money to his neighbors and friends and was respected in the community as an exemplary citizen.

His son, Tobe (Glen Spradlin's father-in-law), was a doctor and his other son was a bachelor and farmer. Uncle Jake and Ned had land in Floyd county which was located on the river below East Point. He was talking to his sons one day and remarked that he could have bought the rest of Hager Branch at one time for a hound dog and a hog rifle. One of his sons asked, "Dad, why didn't you buy it?" Uncle Jake replied, "Son, there was a very good reason why I didn't—at that time I didn't even have a dog or a rifle."

THE MAILS DO FINALLY GO THROUGH

Prosecutor Chauncey Browning, of Logan, W. Va., and the Sheriff of Buchanan county, Virginia are scratching their heads yet over a matter about which they should have asked this column and rested their weary brains.

The Sheriff called from Grundy, Va., to tell Browning in Logan that he was holding a man identified in a letter from Browning dated Feb. 18 as wanted for non-support. Browning replied, right off, he had written no such letter.

A few minutes later, the Virginia Sheriff came back with another call to say he had just discovered that the letter was dated Feb. 18, 1949. Browning checked up and found that he had a copy of a letter written on that date.

But what has the two gentlemen worried is where that letter has been all these 13 months.

To us that's simple: The letter got mis-routed and was sent by Big Sandy dog-sled via Wayland, Wheelwright and way points.

Services Held Thursday For Charles Spencer, 77, Former Miner at Minnie

Services for Charles Spencer, 77, a retired Lawrence county farmer and former Left Beaver miner, of Louisa Route 1, were held at 2 p.m., Thursday at the Spencer Freewill Baptist Church, Norris, Ky., with the Reverends Gallie Isaac and Arlie Blackburn officiating. Burial was made in the Thompson cemetery near the home.

Mr. Spencer, who formerly worked for the Edgemont Fuel Company at Minnie for a period of seven years before his retirement, died shortly after midnight of Tuesday, March 7, at his home following an illness of two years.

He was born in Carter county, a son of the late William and Amanda Spencer and was married 37 years ago.

Surviving are the widow; four daughters, Mrs. Arthur Moore, Mrs. Earl McKinster, Mrs. Claude McKinster and Mrs. Ivie Thompson, all of Adams, Ky.; three sons, Chester Spencer, of Columbus, O., and Charles W. and Kenneth Spencer, both at home; one sister, Mrs. Otto Nelmas, of Leon, Route 1, and one brother, Elias McKinster, of Adams, Ky.

the period of capable, efficient service and good behavior." The law now calls for only an "adequate number of inspectors at four-year terms each. The bill called for raising the fee for examinations from \$2.50 to \$5.

The bill also would prohibit any mine operator from requiring any employee to deal with or purchase merchandise from any person or at any place. Under it no operator could punish an employe for failing to buy merchandise from a specified person or store.

After the vote, a group of United Mine Workers officials called Waterfield into the corridor to thank him for the fight he made for the bill.

Tom Raney, Pikeville, international representative for the UMWA, told Waterfield coal miners would be sorry they voted for Governor Earle C. Clements in the 1947 gubernatorial primary. Clements beat Waterfield. "We should have voted for you," Raney said.

With Raney was Carson Hibbitts, former state representative from Pikeville and a UMW official, at the time he talked to Waterfield. Waterfield thanked the union men for their views.

Opponents of the bill asserted that the Federal Safety Code and the United Mine Workers' contract set out safety regulations that operators must meet. "Why enact lesser safety regulations into a law?" they asked. Representative Paul E. Hayes replied that "if the operators are willing to contract on it, why not let us write it into a law?"

Representative J. D. Buckman, Jr., Shepherdsville Democrat, opposed the bill because, he said, "we were told when I tried to tax coal 15 cents a ton to aid education that coal is sick—the industry has its back to the wall."

Buckman said this bill would cost operators "millions of dollars" more each year. They will pass it along to consumers in higher prices, he added.

"If this bill becomes a law," Buckman asserted, "we won't hear the world strike in Kentucky. Our mines will be closed by John L. Lewis for safety reasons."

Those from Prestonsburg attending the Huntington meeting were Mrs. F. L. Henze, Chapter chairman, Mrs. E. P. Hill, Mrs. J. R. Hurt, Mrs. W. C. Rimmer, and Miss Ella Noel White, executive secretary.

6. Precinct purgation boards would meet the first Saturday in June of the even-numbered years.

7. All meetings of County purgation boards must be open to the public. This is not now required.

8. Every county grand jury would be required, at least once a year, to examine the condition of registration records and report its findings in open court. This is a new requirement.

9. Both county boards and precinct boards would notify challenged voters by mail, giving them five days to respond or be purged. Present law is unclear on whether mail notice is sufficient.

10. When the post office returns notices they are unable to deliver, these names shall be published in the local newspaper with the largest county circulation, again giving the challenged voters five days to appear before the board. This is a new provision.

been killed. Senate Bill 212, which is patterned after an Ohio statute, is designed, he said, to prevent the loss of property from the Tax Commissioners records. It provides that the purchaser of property produce deed to the property to the Tax Commissioner and having that official's certificate on it before presenting the deed to the County Clerk for record.

Changes in ownership of property, under the system now in effect, the Senator pointed out, has resulted in double taxation in some cases and in 200 to 300 instances in no taxation at all.

Other bills introduced by Hays during the session are:

No. 129 to permit water districts to acquire public projects for conservation and other purposes through issuance of revenue bonds and to repeal a statute excluding incorporated towns from water districts. This bill was passed by a 25 to 0 vote, and was intended to benefit Wayland, Lackey and Garrett in this county in particular, the Senator said.

No. 130, to provide that purchasers of bonds issued for public projects shall have a mortgage lien on such projects.

No. 224, to allow all state employees holidays. Previously, some employees did not receive holidays while others did.

COULD EAT THAT BALL! At least, the expression on the face of Wayland's Hopper (No. 33) and the proximity of the ball indicates this action in the Martin-Wayland game of the 58th District tourney. Martin's Doug Lafferty, apparently with other ideas in mind, is rushing up to Hopper. Webb (No. 14), of Martin, is up in the air with Hopper. Fraley (No. 38), Wayland, with Wayland's center Castle and Martin's forward, Bob Taylor (No. 13), close in on the play. Referee Dick Looney (with back to camera) who said he required a steak after each strenuous session to restore his energy spent in covering the fast action, is coolly watching the play. P.S.—Late-arriving would-be spectators couldn't get within ten feet of the doorways at this game.

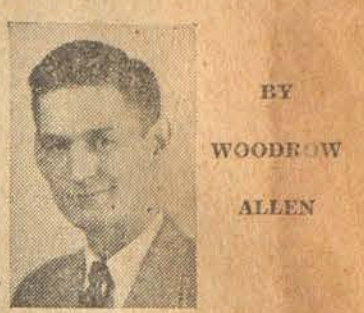

UPSY-DAISY! Prestonsburg and Maytown tall boys stretch a point or two and then some in going up after the ball as it rebounds off the goal in the Saturday night final of the 58th District basketball meet held here. Hunley (No. 23), Prestonsburg center, arises to the occasion with Maytown's C. Martin, Frazure, Halbert and Prestonsburg forward Runnels who are partially hidden from camera. "Blue" Childers (No. 24), Prestonsburg forward, stands ready to catch anything that comes down. Slone, Maytown's No. 6, with back to camera, is rushing into the act. P.S.—The little boy, sitting on the sidelines to the right with his mouth open, evidently has thoughts of catching something, too!

I was looking over some statistics the other day and found out that we Americans buy more things on credit than any other nation. You'd think that with so many people owing so much money we'd all turn prematurely grey with worry. And I suppose a lot of us do worry—not about OUR ability to pay off the debt—but about the ability of our family to pay it if something should happen to us. Take your home for instance—many of you have mortgages on your home. Would your family inherit the home if you died . . . or would they inherit the mortgage? Commonwealth has a plan that guarantees that your family WILL INHERIT your home. It takes all the worry out of owing money and is very inexpensive. Let's talk about it today.

CLARK COUNTY IS FAVORED IN KENTUCKY CAGE MEET

HINDMAN, RATED "DARKHORSE," TO MEET FAIRDALE; PIKEVILLE TO PLAY PADUCAH

Barring an upset, Clark County's Cardinals, earning their way to the state cage meet for the fourth consecutive year with a record of 29 wins against six losses, are the favorites of sport observers to cop the 33rd annual Kentucky High School Athletic Association basketball crown at Louisville this week.

Strengthening this opinion was the outcome of the drawings which placed Lether Norton's lads in what is said to be the easiest bracket of the competition.

The Cardinals are bracketed with Newport, Maysville, Owensboro, Central City, Tompkinsville, Campbellsville and Bush. Of these possible opponents, they have divided with Maysville and have lost a single negagement with Owensboro who boasted, at the time, the services of Cliff Hagan.

Among other season tests, they have divided with Lafayette, Inez, Pikeville and Breckinridge. Some of the other top-flight victims were Corbin, Paris twice, Male and Hazard. The Red Birds have won 122 games of 142 played in the last four years under Letcher Norton.

Central City or Tompkinsville are expected to give the Clark countians the most trouble in the upper bracket providing, of course, that Earl Jones' Maysville boys or the Owensboro hoopsters of Lawrence McGinnis don't get them first with one of those well-known basketball "you-know-whats."

There's nothing on ice concerning outcomes beyond the first rounds of the red-hot lower bracket. In this category, the drawings placed Pikeville, Hindman, Lafayette Corbin, Paducah Tilghman, Fairdale, Male and Dawson Springs with the first four named ordinarily expected to survive.

Although Lexington and Louisville odds are supposed to be on Lafayette, the veteran-laden semi-finalist of last year's meet, it is Corbin's Red Hounds, arriving at the K.H.S.A.A. state finals for the fourth consecutive year, who are expected to fight out the bracket semi with Ralph Carlisle's Generals.

Before all this can take place, however, the Generals may have to use super-strategy to advance beyond the challenge of Hindman, observed by many as the "dark-horse" of the meet, and Corbin will have to face a reckoning with Pikeville who

returns to the state hoop-fest with the ability to pull several surprises. Pikeville, in the 1949 state tourney, beat Glasgow in the first round but lost to Louisville St. Xavier who had disposed of Paducah Tilghman.

Six repeaters from last year found their way into the meet which was slated to get going at 7:30 last night with Campbellsville meeting Bush, a first-tripper to the state-wide tests. The second game sees Central City clash with Tompkinsville.

The repeaters are Paducah (First), Owensboro (Third), Lafayette (11th), Corbin (13th), Pikeville (15th), and Clark County (16th). Six former champions are among the repeaters—Corbin (1936), Male (1945), Lafayette (1942), Hindman (1943), Maysville (1947), and Owensboro (1949).

Pikeville's Panthers, 15th regional representative for the second consecutive year, engage the Paducah Tilghman high school Blue Tornadoes, champs of the 1st region, at 7:30 tonight (Thursday).

Hindman's Yellowjackets, titlist of the neighboring 14th region, were slated to meet Fairdale, winner of the 8th regional, at 2 p.m., this afternoon and Clark County, 16th region survivor, was scheduled to test the wares of Newport, flag-bearer of the 9th region, at 10:30 o'clock this morning.

Owensboro's Red Devils, defending 1949 state champs without the services of all-star Cliff Hagan, were set to see Maysville's Bulldogs use their crown for a target at 9 a.m. today.

A complete listing of state tournament games is given elsewhere on The Times sports pages.

Pikeville Defeats Inez, 57-55, In Reminder of 1949 Regional Wins Title Second Straight Year

INEZ AGAIN BECOMES NEMESIS OF FLOYD TEAMS AS THEY DOWN MAYTOWN, 65-44, AND BUMP BLACKCATS, 59-39, IN SEMI.

Remindful of last year's 15th regional final—the same two teams, practically the same locale, almost identical calendar dates and another close final score—thus it was, that the Pikeville Panthers emerged victorious over the Inez Indians, 57-55, at the Pikeville high school gymnasium Saturday night. The calendar date was March 11, 1950.

Last year on March 12, 1949, at the Pikeville College gymnasium, the Panthers staged a last-minute rush to squeeze by the Indians, 37-34, after gaining the one-point lead of 33 to 32 with but little more than one minute of the game remaining.

There was a slight variation in the progress of the two games, however—this year, it was Inez which staged the last-minute rush and almost caught the title holders before the final whistle blew.

With the 1950 victory went the 15th region crown for the second consecutive year and the right to compete for honors in the Kentucky basketball tourney of champions at Louisville.

ALL-TOURNAMENT
Prater, Keene, Preston, Stratton, all of Pikeville, Slone, Harmon, Williamson, of Inez, Williams, Morgan County, Hunley, Prestonsburg, and Halbert, Maytown, were named as 15th region all-tournament selections. Prater was also named the most valuable player.

An unsavory reminder to Floyd countians is the fact that Inez proved to be the nemesis of the 58th district representatives in both years.

The Martin countians eliminated 58th winner Prestonsburg, 59-39, in the 1950 semi-finals on Friday night after disposing of Maytown, 66-44. Thursday night, the same bunch of hoopsters defeated Betsy Layne, 53-43, and Martin, 42-33, in that order last year.

In the Inez-Prestonsburg tussle, the Indians war-danced to a 22 to eight lead at the end of the first quarter and continued to romp to an advantage, 33-20, at halftime. The Indians scampered to the topside of a third quarter lead, 53-32, and coasted on to victory.

Slone topped the Indian scoring with 23 points and Hunley led the Blackcat attack with 18 points, followed by Willis with 10.

Against Maytown, Inez took a first quarter lead of 15 to seven and held the halftime edge, 26-17. Maytown rallied in the third quarter to get things going their way and came within three points of Inez who led, 29-25, at the time. Inez put on the

rush act from there and outdistanced the Wildcats in the homestretch. Pacing the winners, Slone and Williams tabbed 16 points each while Halbert, of Maytown, tallied 14 and Frazure netted 11.

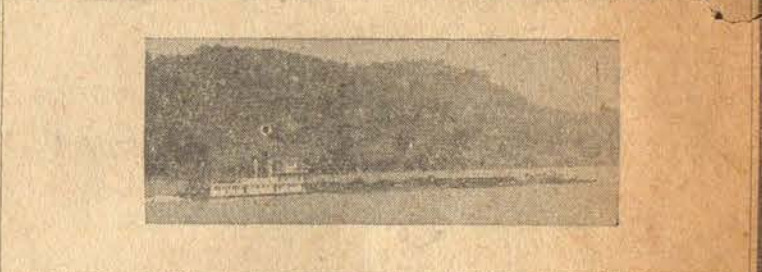

Prestonsburg and Phelps staged a Thursday night thriller as the Blackcats edged the Pike county runnerup, 51-50.

Hitting 50 per cent of their shots in the first quarter, Prestonsburg took the margin of 18-15 first frame

VFW QUINTET SEEKING THIRD STATE TITLE

Champs Win 2 Straight; En Route To Third Meet Scheduled at Princeton

The Prestonsburg VFW Ramblers are en route today to Princeton, Ky., to bid for their third consecutive Kentucky VFW basketball title.

The state-wide invitational meet which holds forth at the western Kentucky town during Friday and Saturday, incorporating the play of an announced 14 teams, will feature the efforts of some of the best independent quintets in the state.

The defending champs were crowned in a narrow brush with Madisonville, 50-49, in the final at Lexington last year. Another squeeze victory last year was the 40 to 38 win over the Morehead All-Stars after the champs had blasted Hazard, 47-16. Prior to copping the 1949 title, the Ramblers shoved Glasgow out of the running in the finals of the 1948 tourney at Louisville, thereby annexing their first kingship.

Returning lineup veterans who are making this year's trip are Tommy Blackburn, Ray Turner, Bill Dameron, brothers Johnny and Frank Heinze and Wilbur Schu. They will be strengthened by the addition of Bill Martin, Dickie Castle and Henry Louis Mayo, managers Jack Hyden and Troy Shepherd announced before departure.

Madisonville, Glasgow, Morehead, Hazard, Princeton, Leitchfield and a number of others will be on hand tomorrow to challenge the champs in an effort to even old scores, it was said. Drawings of the meet were not reported.

score. They pulled away in the second quarter for a halftime lead, 31-25.

In the third stanza, Phelps exploded for 11 points, while holding the Blackcat quintet to five, and took the lead, 36-35.

Prestonsburg came back strong and built up an eight-point lead before Phelps could get going again. Another burst and Phelps, desperately trying to avoid elimination, tied it 46-all just before official time.

As the two-minute rule went into effect Prestonsburg had a one-point lead. The teams exchanged goals and foul shots in the final minutes and that was that.

Prestonsburg hit a shot average of 30 percent for the full game.

Lafferty led the Prestonsburg scoring with 18 points and sank the winning goal in the close victory. His teammates, Hunley and Runnels, accounted for 15 and 11 respectively. Cunningham, Phelps center, paced his team with 15 points.

Another hard-fought tilt was the Pikeville-Morgan County Friday night semi-final. Pikeville won, 64-56, after overcoming a halftime deficit.

Morgan County ended the first quarter ahead, 17-15, and went on to register a halftime lead, 33-26. Pikeville overtook the Blue Devils and grabbed a third period lead, 47-44. From there the Panthers managed to hold the lead although Morgan County cut it to a one-point margin before official time was called.

Pikeville gained the semi-final by repulsing Cannel City's Raiders, 80-62, and Morgan County did likewise by ousting Warfield, 69-50, in Wednesday night contests.

Phelps, for the second consecutive year, was awarded the sportsmanship trophy.

YMCA CHAMPS TO FACE TITLE TEST TONIGHT

Ashland Tourney Results May See Heavy Influence Of Floyd Competition

A definite Floyd county influence on the results of the annual YMCA Independent Basketball Tournament, under way at Ashland this week, is expected for the second consecutive year.

Wayland, 1949 winner and defending champion, is slated tonight to face the Morehead-Mayo State winner. The latter two were scheduled to decide the issue of hardwood superiority last night.

Last year the meet took on an all-Floyd county appearance in the final test as Paintsville's Mayo State, star-studded with Floyd county players, challenged Wayland, the Floyd county entry, and came out second best as runnerup in the tourney which featured teams from throughout Eastern Kentucky.

Presenting an array of 13 teams which is reported to be the strongest group of teams ever assembled in the event, the opening sessions began Tuesday night and will last through the final game Saturday night.

The roster of the defending champs reads as follows: "Copper John" Campbell, Ed DeCoursey, both former all-state high school players, Carl Ray Fraley, Richard Hicks, P. R. Warf, Doug Castle, Charles "Greasy" Hughes, Curt Tufts and Manager Ed "Frog" Bentley.

The Mayo roster lists Floyd countians, Jack Ray Hall, Auxier, Adrian Blackburn, Prestonsburg, Earl Newman, Sternley Hall, "Wild Bill" Stumbo, all of McDowell, Freeman Osborne, Wheelwright along with Albert White, Doug Butcher, Granville Butcher, all of Meade Memorial, Chris Prater, Salyersville, Joe Pendleton, Jenkins, and Manager Grover Salyer.

Among other teams entered are Morehead, Mormon Missionaries, Osborne's Pharmacy, Parson's Sporting Goods (Ashland Junior College players), Henderson Funeral Home (Olive Hill), Roberson Market (South Shore), Ashland VFW, Ashland Flying Octanes and the Marine Corps League.

Rules were lifted this year, it was explained, to permit the use of college and high school cage talent.

58TH DISTRICT AWARDS MADE

All-District Men Named And Trophies Awarded In Tourney Ceremony

(Ed. note—Due to space limitations this story of tourney awards was omitted in last week's issue of The Times.)

Ceremony marked the official close of the 1950 58th District basketball tourney here Saturday night with the announcement of the All-District squad and the presentation of trophies by Prestonsburg City School Superintendent Chalmers Frazier.

Three of the awards, tournament winner, runnerup and best foul shot, were based on tourney play alone. The 1950 All-District honor squad was selected by opposing coaches on the basis of season play as well as that of the tournament. On the same basis was the sportsmanship award designated by opposing school officials who considered conduct of fans, cheerleaders and players.

Team captains of Prestonsburg and Maytown received the winner and runnerup trophies respectively. The foul shot trophy went to Junior Hunley, Prestonsburg center, who nosed out Maytown center C. Martin.

Maytown, by a wide margin of votes, won the sportsmanship trophy. Wayland placed second with Auxier and McDowell tying for third place in voting. The other schools finished in the following order: Betsy Layne, Wheelwright, Garrett, Prestonsburg and Martin. Auxier, Wheelwright and Wayland failed to cast their votes on the sportsmanship award.

All-District Named

Martin placed three, Garrett two and Prestonsburg, Maytown, Wayland, Wheelwright and Betsy Layne one each on the 1950 All-District squad of 10 players receiving the highest number of points by vote of opposing coaches. Points were allotted as 10 for the first place vote, nine for second place, eight for third, and so on. All coaches voted.

Coaches deemed 29 of Floyd county's 90 players as worthy of their nod of approval. Of this number, Frankie Crum, Betsy Layne center, topped the list with 73 points of a possible 80.

The voting in points, with a breakdown in parenthesis, is officially listed as follows:

ALL-DISTRICT — Crum, Betsy Layne, (10-8-8-9-10-10-8) 73; Castle, Wayland, (7-9-10-6-9-9-10-7) 67; Mullins Garrett, (3-7-9-8-8-8-8-5) 54; Duff, Garrett, (8-8-10-7-9-10) 50; Curry, Wheelwright, (9-10-5-5-5-6-2) 42; Dong Lafferty, Martin, (7-3-8-9-6) 33; McCarty, Martin, (3-6-4-4-1-8) 27; Frosure, Maytown (2-1-3-7-4-8) 25; Willis, Prestonsburg, (6-3-7-2-4) 22; Bob Taylor, Martin, (4-6-2-7-1) 20.

HONORABLE MENTION — Fraley, Wayland, (4-5-7) 16; Halbert, Maytown, (5-2-1-3-2) 13; Haywood Wayland, (1-2-5-3) 11; Newsome, McDowell, (4-4-3) 11; Hobson, Betsy Layne, (6-5) 11; Hesser, Auxier, (2-1-3-2) 8; Hopper, Wayland, (5) 5; Hunley, Prestonsburg, (4-1) 5; Slone, Garrett, 1; Clyde Lafferty, Prestonsburg, 1.

To qualify for the foul shooting award, a tourney player had to make at least eight good shots. Hunley, the winner, hit 11 of 14 for an average of 78 and six-sevenths per cent. C. Martin, of Maytown, connected with 14 of 18 to average 77 and seven-ninths percent. Prestonsburg's Clyde Lafferty took third honors with eight of 11 for an average of 72 and eight-elevenths per cent.

Girl Scouts Observe Founder's Birthday

The David Girl Scouts observed their founder's birthday with a silver tea and birthday party Saturday afternoon at 1:30 to 3 o'clock. Mrs. Wm. Crawford and Mrs. Harry Fiedler assisted.
 Four Intermediate Scouts, Nedra Carver, Jean Nekorance, Roslyn Harman and Peggy Bussey, gave the biography of Juliette Low and told of the Juliette Low World Friendship fund.

The Scouting idea was brought to the United States in 1912 by Juliette Low, an American woman from Savannah, Georgia, who had married an Englishman, William Low, and became a close friend of Sir Robert and Miss Agnes Baden-Powell, founders of Scouting for boys. Mrs. Low called a meeting of 12 girls in her home, March 12, 1912 and organized the first troop. She lived to see Girl Scouting become a great national movement and part of a growing international force. Now 38 years old, the Girl Scouts of the U.S.A. form the largest organization of its kind in the world, with a membership of over 1,000,000 and troops in 10,000 communities.

Mrs. Low died in January, 1927. It was her devotion to this great work that prompted her many friends to set up the Juliette Low World Friendship fund as the most fitting tribute to her memory. This fund is built of voluntary individual contributions sent in by members of the Girl Scouts of the U.S.A.

Being unable to get the special Girl Scout program over NBC, the girls sang several numbers including Girl Scout songs, accompanied by Mrs. Fiedler at the piano.

The candles on the birthday cake were lighted and the group sang "Happy Birthday to Girl Scouts." Tea was served to about 30 guests. A sizeable contribution to the Juliette Low fund was received.

State Insurance Director Cites Firm As Unlicensed; Warns Buyers of Policies

Frankfort, Ky., March 13 (Spl.)—Neither the Automobile Safe Drivers Association nor the Commercial Benefit Insurance Company is licensed to sell insurance in the state, and Kentuckians purchasing their policies cannot look to the State Division for assistance in event of claims, State Insurance Director Spalding Southall warned Thursday.
 "Our division has received more than a dozen inquiries from residents in various parts of the state who have received solicitation through the mail from the Association in Indianapolis," Southall said. The Commercial Benefit Insurance Company, the Association's underwriter, is located in Phoenix, Arizona.

Enclosed with the letters were "temporary membership" cards and application blanks entitling the recipients as "safe drivers" and holders of valid drivers' licenses, to apply for a driver's accident and hospital policy.

The form letter, which was undated, averred that the policy is available for a full year's protection provided the application "reaches our office within the next fifteen days."

The state official pointed out he has no authority over unlicensed companies which carry on business through the mails.

The Proposed Insurance Code, now pending in the Legislature, provides the means by which mail-order insurance companies operating in Kentucky can be served with legal processes.

**KENTUCKY
ON THE MARCH**

BY EWING GALLOWAY

At least 175 of the 200 or more Kentucky cities and towns are anxious to get new factories. They want to profit by the trend toward decentralization of industry, and too many communities are baiting their hooks with subsidies of one sort or another—free factory sites, buildings, free lights and water for a fixed period, or municipal tax exemptions for five years or longer.

Ever since I started writing this column I have been looking for a clear statement of what manufacturers expect in—not of—a community, and I got it recently. It is written by H. Y. Bassett, vice-president and general manager of Calumet and Hecla Consolidated Copper Company's big plant at Decatur, Ala., and circulated in booklet form by the University of Alabama.

The first thing Mr. Bassett warns against is high-pressure salesmanship by chambers of commerce. Clear, truthful presentation of facts about a community is far better.

"It is my feeling," says Mr. Bassett, "that both community and industry should avoid subsidies in the form of land grants, buildings, etc."

The granting of subsidies might influence the opinion of management's representatives and lead to the selection of a given town; but in the long run if certain basic factors are lacking in a town's makeup, the choice so made will be an unhappy one for both the community and the industry.

"Where an industry contemplates the expenditure of large amounts of money for land, buildings and equipment, the value of the land represents usually a small percentage of the total outlay, and rarely, if ever, would the donation of land for a plant influence the selection of a community.

"Furthermore, most managements want to be free of any feeling of obligation to a community or to individuals in a community, which must surely exist where subsidies are granted and accepted.

"Generally speaking, the same comments apply with respect to taxation. Most industries feel a definite obligation to the community in which they locate and want to assume their share of the cost of public facilities and services offered by it."

The Bassett booklet contains material or suggestion for three or four future articles on what industry expects in a community. You will get them from time to time.
