227 RECEIVE CANCER AID

Cancer Examinations, Treatments Are Cited To Stress Importance
Approximately 227 Floyd county cancer patients were either examined or treated last year. Dr. Marvin Ransdell, county health officer, announced this week in stressing the importance of the Cancer Control program in Kentucky and urging the observance here of Cancer Month.

April is annually designated as Cancer Month by proclamation of the President and Governor, and funds raised during this time are used to finance much-needed research, education, case finding and care of the indigent.

Kentucky has a real reason to participate in the observance of Cancer Month because the state has led the way in many phases of the program, according to Charles E. Tucker, director of the division of cancer control of the state health department. The state was the first to have every county organized for cancer control work, he said.

Kentucky has the world's only Cancermobile. This mobile unit enables areas not now located near clinics to have the advantage of the most modern x-ray diagnostic equipment. The unit made several visits here and in Floyd county.

At present there are 18 diagnostic and treatment clinics located throughout the state, one of which is maintained at Pikeville for this section. More than 11,000 indigent patients were examined or treated in the 18 clinics during the period from July 1, 1948 to June 30, 1949.

The Commonwealth was the first state to have a Cancer Symposium for the medical profession, which is conducted annually each fall at Louisville, and the only state to have an annual course of cancer education for teachers and nurses. It has the only cancer clinic approved by the American College of Surgeons in a mental institution in the U.S.A., and the only one approved likewise in a negro hospital.

Among other benefits derived from the Kentucky program is that the Kentucky Division will supply surgical dressings to all medically indigent patients, Dr. Ransdell said.

Each dollar of funds raised sees Kentucky use 60 cents, 25 cents go into research and 15 cents go to national headquarters to further cooperative research, education and professional and public service. The Kentucky portion is divided and administered as follows:

Hospitalization of medically indigents, 35 per cent; transportation of medically indigents, 10 per cent; education, such as films, literature, etc., 10 per cent; and administration, 5 per cent.

The far-reaching effects of the Cancer Control program and the direct benefits to the state and Floyd county are particularly evident, Ransdell declared. He noted that one out of every five persons now living in the United States will have cancer at some time during life, according to current statistics.

PROCLAMATION

Whereas, cleanliness is always a virtue, to be sought by every citizen and every community; and Whereas, the Spring brings a season of beauty amid which the unclean is doubly unsightly; and Whereas, this year, 1950, will see on various occasions, and particularly during the Floyd County Sesquicentennial observance, many visitors to Prestonsburg who will see the community through critical eyes; and Whereas, it is to the advantage of Prestonsburg and its citizens, in more than a physical way, to dwell in clean, wholesome surroundings in which they will take pride;

NOW, THEREFORE, I, Curtis Clark, Mayor of the City of Prestonsburg, do proclaim the week of May 1-5 "Clean-Up Week" and call on all our people to join in the work of cleaning up their premises of the winter's accumulation of dirt and debris, and to paint and otherwise beautify their buildings and grounds.

Done, this the 18th day of April, 1950.

CURTIS CLARK,
Mayor of Prestonsburg, Ky.

Mrs. Goble Succumbs To Stroke at Emma; Rites Held Tuesday

Mrs. Mary Woods Goble, 77 years old, widow of Alex Goble, succumbed at her home at Emma Sunday night to effects of a paralytic stroke.

A daughter of John and Mary Crum Woods, she was born and reared in this county where she had many relatives and friends. She had been a member of the Methodist Church for 25 years.

Survivors include seven sons, Joe Goble, of Ivel, Ballard, Oliver, Richard, Leonard, Columbus and Raymond Goble, all of Emma, and three sisters, Mrs. Elizabeth Setser, Pikeville, Mrs. Nora Burkett, Tutor Key, Ky., and Mrs. Oma Jarrell, of Woods.

Her funeral was conducted Tuesday morning, the Revs. Isaac Stratton, Henry Crider, Leven Burchett and Abe Vanderpool officiating. Burial in the family cemetery at Emma was under direction of the Arnold Funeral Home.

James and Orchestra To Feature Eagles' New Home Opening

Jimmy James and his "Dixie-Land Band Wagon" show and orchestra will headline the dance, show and party at the formal opening of the Fraternal Order of Eagles' new home here Saturday, April 29, it was announced this week.

The orchestra comes to Prestonsburg direct from radio station WLW and the NBC network. The Eagles have gone "all out" to bring the finest entertainment available for their grand opening party.

In addition to the big dance and show which will take place between 10 p.m. and 2 a.m., Saturday night, the club has scheduled the very popular musical trio, the "Treble Clefs," to play for the open house during the afternoon between 2 and 5 p.m., and from 6 to 8 p.m.

The Eagles' new home at the upper limits of Prestonsburg was completed only a few weeks ago.

ALLEN YOUTH ALMOST LIFETIME HONOR PUPIL ON 12TH YEAR ROLL

When Darnell Salyers, son of Mr. and Mrs. Clarence Salyers, of Allen, and sophomore at Eastern State College, Richmond, was recently named on the school's honor roll for the first semester it marked the first half of his 12th consecutive year to attain the scholastic distinction.

The fact that the eleven and one-half years represent his total years thus far spent in school just about makes him a lifetime honor roll student!

He mastered the eight grades in seven years at Allen, spent four years in high school at Prestonsburg and one year at Pikeville College before going to Eastern, making top marks all the way. At the Richmond school, he is majoring in chemistry and taking a minor in mathematics.

Kiwaniannes Hold First Luncheon Meeting Friday

The Kiwaniannes held their first luncheon meeting at 12:30 p.m., Friday at the Baptist Church. Mrs. Wm. Hugh Smith presided over the business session and Mrs. Harry Fiedler, of David, had charge of the music program.

The tables were beautifully decorated with red American Beauty roses, a gift from the Kiwanis Club, which were later presented to Mrs. Smith. The luncheon committee was composed of Mrs. Woodrow Burchett, Mrs. Robert Francis, Mrs. Wm. Hugh Smith, Mrs. Curtis Clark, Mrs. Paul Combs, Mrs. Max Burns, Mrs. Wm. Crawford and Mrs. I. C. Spotte, of David.

Those attending the luncheon besides the hostesses were Mesdames Ed Leslie, Marshall Mahan, J. B. Clarke, James Canicia, N. M. White, Jr., Bill Goble, Woodrow Greenwade, W. A. Rose, Val Strahan, M. Robert Regan, Fred Francis, and Mrs. Harry Fiedler and Walter Grace, of David.

WAY CLEARED FOR WELFARE PAY TO BEGIN

Resumption Seen Soon; Say \$25,000,000 In Fund, Royalties Due Last Week

John L. Lewis and other trustees for the miners' welfare fund have cleared the way for an early resumption of \$100-a-month pension payments and other benefits, it was announced in Washington.

Senator Bridges, who is stepping out as the neutral member of the three-man board of trustees, said an estimated \$25,000,000 in welfare money was turned over to the new trustees.

Members of the new board, who are expected to order payments started almost immediately, are Lewis, the United Mine Workers president; Miss Josephine Roche, who succeeds Bridges as neutral trustee; and Charles A. Owen, former president of the National Coal Association, representing the operators.

The money turned over was collected after the old coal contract expired last June. First royalty collections from the operators to augment this total were due to be earmarked for the union welfare fund coffers on Monday of the past week under terms of the new contract which ended the long coal strike.

The welfare payments were suspended September 16 touching off a 52-day mine strike. Lewis blamed that suspension on Southern operators, who withheld their 20-cent-a-ton royalty financing the fund after the old contract expired June 30, 1949.

\$8150,000,000 Minimum
Ezra Van Horn, who sought to resign as operator trustee of the old fund September 14, did not attend the April 5th meeting of the trustees. Neither did former Judge Charles I. Dawson of Louisville, who had been selected by the operators to succeed Van Horn as their representative; Lewis never consented to seat Dawson, and the Louisville attorney had started suit for a place on the board.

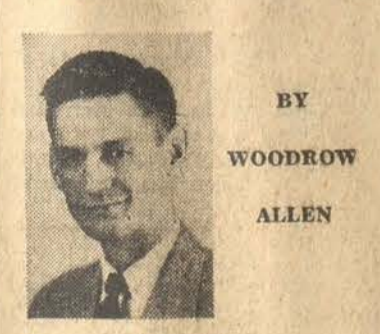

Bridges, after the meeting with Lewis, said the money on hand was turned over to the 1950 Lewis-Roche-Owen board. Bridges expressed the opinion that the pensions, disability, medical, hospital, and unemployment benefits would be resumed immediately.

Bridges said the accounts covering his trusteeship since April 12, 1948, had been approved, as well as his actions as a neutral trustee. The accounts were audited by a firm of certified public accountants, he said.

That nice little home that you, the wife and kids live in—if on the way to work in the morning a driver caught you with a couple of tons of modern automobile, would that little home you are paying on be turned instantly into a house with a For Sale sign in the front yard? Or would that home be left debt free for your loved ones?

For just about one and one-half percent interest in addition to your present rate of mortgage interest my company will guarantee that in event of your untimely death your home will still be your family's home and not a nagged problem to be solved by grief-stricken loved ones.

May I discuss this matter with you soon?

Princess Elkhorn Head Sees Five-Day-a-Week For Firm until Dec. 1

The Princess Elkhorn Coal Company at David expects to work five days a week until Dec. 1 barring unforeseen order cancellations, David L. Francis, Huntington, president of the company, told members of the Pecco Foreman's Club of David at their monthly dinner meeting which was held Friday evening at the Brown hotel.

The same bright future for the industry as a whole he did not predict, however. Turning to the record of the past year, he said the industry's 1950 history might be aptly twisted to spell "hysteria."

While the operators lost, last year, everybody lost, he declared—the miner so much that 14 years' work at the normal running time in the past would be required to regain for him the wages he lost.

NAME MISS CRAWFORD MAY FESTIVAL QUEEN AT PIKEVILLE COLLEGE

Jane Crawford, of David, was elected Queen of the Pikeville College May Festival by a recent vote of all the college students, President A. A. Page announced this week.

Betty Ann Martin, of Garrett, was chosen one of the three attendants to the queen, and Al Snyder, of Betsy Layne, was selected as one of the escorts to the attendants.

Bill Conley, of Van Lear, was elected Prince Consort to reign with the queen over the annual festival on the evening of May 4, Dr. Page said. Eleanor Charles, Phelps; Mae Nell Crum, Pikeville; Can Cook, Kona, and Andy Renick, Bowling Green, will complete the court.

"Spring in the Air" will be the theme of this year's May Festival, with all students of all departments of the school participating, it was announced. Various groups from the College, the Academy, and the Training School will present dances and other feature acts, climaxed by the traditional Maypole Dance.

Miss Crawford is a daughter of Mr. and Mrs. Wm. Crawford, of David.

Clerks Advised Federal Tax Stamps Should Be On Deeds and Leases

County Clerks should see that federal tax stamps are put on deeds and leases, Assistant Attorney General Hal Williams informed Magoffin County Clerk Loy Reed Monday.

Williams cited that, first, it is the duty of county clerks to do this, and secondly, such stamps often are the only way the State Revenue Department can determine the value of land and leases for assessment purposes.

Since such records are used to compute a county's ratio to the state-wide property assessment, Williams explained failure to see that the federal stamps are attached may endanger a county school district's share in state school-equalization funds.

IN THE TIME OF NEED

On the afternoon of Thursday, April 13, I came back to town and as per previous arrangement became the houseguest of Mr. and Mrs. J. D. Mayo. Here for days I have been the recipient of meticulous care, both domestic and professional. My greatest joy is that Jesus Christ can really repay such ministrations as have been bestowed on me in this hour of need. For we know that all things work together for good to those who love the Lord.

Club Hears Change Read In By-Laws at Meeting; Nominates New Officers

The Prestonsburg Woman's Club met at the home of Mrs. N. L. May on Thursday evening, April 6, with Mrs. Winston Ford and Mrs. Marshall Mahan acting as co-hostesses, it is reported this week.

Mrs. E. S. Collins, president, was in charge of the meeting which was devoted to business. The meeting opened with the flag salute and was followed by the reading of the club's creed by Mrs. Gwynne Ford.

A change in the by-laws was read by Mrs. John G. Archer. Major changes were the addition of a second vice-president and a change in the amount of dues. The change is to be effective after Feb. 1, 1951. The club voted to send flowers to Mrs. E. P. Arnold, a charter member, who is seriously ill in a Huntington, W. Va., hospital. Donations of \$5 were made to the Cancer, Crippled Children's and Red Cross funds.

The nominating committee, composed of Mrs. John Archer, Mrs. Robert Wallace and Mrs. Robert Hughes named the following officers for the club year 1950-51:

President, Mrs. Wall Hamilton; first vice-president, Mrs. Carl N. Woods; second vice-president, Mrs. Robert Wallace; recording secretary, Mrs. Russell Shaw; corresponding secretary, Mrs. James Donahue; treasurer, Mrs. J. H. Keonon.

Installation of officers will take place at the May meeting in the parlors of the Methodist Church. At the same time, the club will entertain with a dinner, having as their guests members of the Junior Woman's Club and Mrs. Carlton Wrightson, governor of the Seventh district.

At the close of the meeting, the hostesses served a desert course to Mesdames E. S. Collins, John G. Archer, Gwynne Ford, W. H. Smith, Carl Woods, J. H. Keonon, Russell Shaw, Merle Wilson, Max Burns, Val Strahan, M. Robert Regan, and Martha Sue May.

STUMBO WINS STATE RATING

Youth Judged "Superior" In Annual Speech Fete; Others Accorded Honors

Delano Stumbo, Prestonsburg high school student and son of Mr. and Mrs. Charles Stumbo, Lancer, won top rating, that of "Superior," in discussion competition in the state-wide finals of the 30th annual Kentucky High School Speech Festival held at Lexington during three days of last week, it was announced here Monday.

Young Stumbo was accorded the honor among 70 contestants in his division. His subject was "The Electoral College Should Be Abolished and the President Elected By Popular Vote."

Two other Prestonsburg students, Miss Carol June Bradley, daughter of Mr. and Mrs. Smith Bradley, and Franklin Conley, son of Mr. and Mrs. Frank Conley, received state ratings in their respective phases of competition. Miss Bradley was entered in the dramatic reading event and Conley in oratory. Both were judged "Good."

Miss Toby Jo Spradlin, daughter of Mr. and Mrs. Glenn C. Spradlin, Prestonsburg, and a student at Pikeville College Academy, was rated "Good" in radio speaking. She represented her school.

An estimated 350 Kentucky high school students, by virtue of emerging with honors from the qualifying regional rounds recently held throughout the state, represented 107 schools from over the Commonwealth. Others from this section who competed in the state meet, and their ratings, were:

Faye Eddleman, Paintsville, in dramatic reading, excellent; Nanetta Bentley, Phelps, in interpretative reading (serious selections), good; Patty Wright, Pikeville Academy, in interpretative reading (humorous selections), good; Bob Marsh, Paintsville, in radio speaking, superior; Dottie Walters, Pikeville Academy, in interpretative reading (prose), good; Anilou Blackburn, Johns Creek, in junior high interpretative reading (prose), good; Leon Short, Johns Creek, in discussion, good; Billy Bradford, Virgie, and Dale Burchett, Johns Creek, both in extemporaneous speaking, good.

Prestonsburg Named For Visit of Louisville Chamber of Commerce

The Louisville Chamber of Commerce will visit Prestonsburg, June 20, on its first "get-acquainted" tour of 15 Eastern Kentucky towns, it was announced this week.

The Louisville Board of Trade, which the Chamber of Commerce succeeded, formerly made similar tours of this section. The special train leaving Louisville will bring 110 business leaders to this section.

The group's itinerary in the Big Sandy will be completed, June 20, with stops here, at Ashland, Louisa, Paintsville and Pikeville. Next day, the scheduled stops include Whitesburg, Hazard and southeastern Kentucky towns.

Any state, district, county or city officer can be removed from office upon conviction of accepting or using passes over any transportation line in Kentucky, Assistant Attorney General M. B. Hollifield said this week in reply to a query from J. G. DeVault, Brodhead.

Hollifield stated that the Kentucky Constitution specifically prohibits officers from using such free transportation.

Mexico City's tow-away of cars illegally parked has become such a brisk business that the city recently acquired a new tow-car for the purpose.

Club Committee Asks Schools' Aid in Drive To Help Needy Children

Harry Fiedler, chairman of the Kiwanis Club's committee sponsoring the clothing drive to be conducted concurrently with Clean-Up Week in Prestonsburg announced Wednesday that the work of gathering clothing and shoes, particularly those items of wear which will be of aid to children, will be carried on through the week of May 1-6 on a countywide scale.

The committee has arranged with county and city officials for their cooperation in the drive, and soon Mr. Fiedler and those working with him will send out to the individual schools requests for help. Each school will be asked to serve as a temporary repository for clothing gathered during the drive until it can be assembled at a central point.

"Many children missed school this year because they lacked things to wear, and others were enabled to be in school only through assistance of this sort," Mr. Fiedler said. "We are anxious to get clothing for these youngsters, in particular, but will be glad to have apparel for any age group. There's always somebody who needs such things."

NOTE TO TEACHER APPLICANTS:

State regulations in regard to the issuance or renewal of Emergency certificates for the 1950-51 school year provide:

- 1) That "New emergency certificates shall be issued only to persons who have slight deficiencies in qualifying for regular certificates."
- 2) Reinstatement of emergency certificates shall be considered on the basis of "Successful experience, total training, and a minimum of six semester hours of additional college work in courses, related to the position, earned in the spring or summer of 1950 in residence, or in study center or in workshops." (Correspondence not included)

All teachers who taught the current school year on an emergency certificate and are applicants for the coming year must plan to meet the requirement of six additional college hours.

It should be noted that where an emergency certificate was issued during the current year on less than was required because of special emergency situations or for substitution, these certificates are not renewable for six additional hours. For example, where a new emergency certificate was issued this year on less than the required 32 semester hours of college work that certificate is not renewable on six additional college hours.

It should be further noted that the use of any emergency certificate teachers depends upon a shortage of teachers with regular certificates. If you are in doubt about your situation, don't fail to inquire.

LETTERS TO THE EDITOR

To the Editor of The Floyd County Times:

Teachers in Floyd county are again beginning to tread upon unsteady ground. They have fears that they may entirely lose their footholds—as the hour of re-hiring teachers draws near.

This is the time to check on the actions and the reactions, political and professional. This is the time, good people, to call our County Board of Education to account. The business of guiding our schools is our business. We voted for these men, or against them. They do not hold their positions by divine right. They were simply elected to serve public interest in education. It is the duty of these men to serve the best interests of education throughout our county, not to play our interests in our county school system into the hands of political factionalism and personal vendettas.

Rumors are spreading. Indictments are on record. Politics is rearing its ugly head. Good people, our children are the pawns in this political rat-race. Our teachers, who are your children, are the pawns. In the office, where our County Board of Education makes its decisions, is this motto, "For Them We Serve." On this poster you will see the pictures of a little boy and a little girl. The members face this motto, as they make their decisions, hire our teachers. Surely, they do not turn this symbol of the teaching profession to the wall.

Too often we shrug our shoulders. Our voices are not heard to protest—except off the record. We allow our Floyd County Board of Education to keep many truly professional teachers out of our schools. Our Board of Education winds up its political ball of yarn and leaves many of our best teachers dangling from the loose ends, or snips them off entirely. We allow this to happen. We allow this to continue. Teachers do not dare exercise their rights of free speech. The right of free speech is denied them. Unless their voices are heard in favor of what is called the administration, they may be intimidated or dismissed. Back-scratching has become too flagrant in our public school system. Political interests are surpassing educational interests. We allow this. We keep our voices down and tread lightly. Some have earned to keep their positions by fence-riding.

Do we dare change this condition? What of our relatives? What of our friends? What of our children? Will the position you take now influence their relationships with the Floyd County Board of Education? Most likely, it will. As long as the Floyd County Board of Education was intact and presented a solid front, it was difficult to probe the inner sanctum. The members have presented us with an opening, now that their maneuvers have reached the courts. We, the citizens, have a foot in the door. We fought a war, not too long ago, because we despised the totalitarian forms of government and cherished democracy. Our children have been brought up in this faith. When any organization, serving our public interests, begins to consider itself above questioning, that is the hour for questioning. The business of guiding our schools is still our business. It is our responsibility to prevent any organization from making the teaching profession and our children the pawns of obvious personal vendettas and political interests. WE ARE OUR CHILDREN'S KEEPERS.

Praise with Faint Darning

THE heading to The Courier-Journal's "lead" editorial, Sunday, declares, "Politics Triumphed over Education in K.E.A.," but the editorial itself failed to prove the point.

It found much meritorious work achieved. In fact, it heartily approved those K. E.A. resolutions calling for an amendment to the state Constitution to make the superintendent appointive by a non-political state board, for stricter laws governing the issuance of emergency teaching certificates, federal aid to education and a revision of the state's textbook laws.

Said the editorial: "Not that all their resolutions were politically motivated; indeed, we wish that they might all be enacted into law."

This newspaper's main complaint was that the representatives of education in Kentucky struck back at Governor Clements who, they believe, not only failed them but flouted them. This, The Courier-Journal averred, is getting into partisan politics.

The editorial admits that teachers "experiences in Frankfort have shown them how sensitive the legislature can be to lobbyist pressures." We add, those experiences were gained while the teachers lacked organization, eschewed politics as an organized group and depended on politicians' promises for the future.

As for last week's tinge of partisanship, who started that? Did not friends of the Governor espouse the candidacy of Dr. Moore, of Eastern State College, Richmond, for the presidency of K. E. A.? Were those educator-idealists who were buttonholing delegates to K.E.A., importuning them to support Dr. Moore and defeat the class-room teacher, Miss Clark? What was that but the ugliest sort of politics, those threats that certain teachers' sections of the state would never get roads if they voted against the Administration?

In the face of all this—a long history of disappointment for the teachers while they shunned partisan politics and its undoubted power, K.E.A. leadership dictated by people whose interests lie outside the field of education, the classroom teacher in the category of the "forgotten man," and the state's chief executive seeking vindication at the hands of teachers who felt outraged by his official acts—in view of all this and of the human instinct for self-preservation, can the good that K.E.A. achieved last week be considered cancelled or even compromised by the desire of the rank-and-file to arise from their futile idealism and become practical even as everybody else?

To the Courier-Journal's credit is this statement in that same editorial: "Perhaps it is unfair to criticize their somewhat tedious concern with politics."

In brief, The Courier-Journal praised with a few faint darns.

ARMY PLANE CRASHES

A plane, reported here as a twin-motored Army plane, travelling east, crashed into the rock-faced side of the hill near Hager Hill at 4 p.m. today, scattering wreckage over a wide area and setting fire to the hilltop. No trace of the occupants was reported tonight, although several people said they thought they saw parachutes open.

What's Wrong with the Coal Industry? Ask Your Representatives

HERE are some facts and figures which you will do well to consider, however repugnant statistics are to you.

As of this week, close to 1,000,000 barrels of foreign oil are being brought into Atlantic seaboard ports daily, duty-free, and sold to fuel users there at around \$1.40 a barrel, less than half the price paid for domestic oil at the well.

Each million barrels of oil thus brought into this country by our national government—at your expense and mine—displaces 250,000 tons of coal and makes the services of 250 miners no longer required.

For each miner who loses work because this oil from other countries is taking the place of the coal he loads, one transport worker loses his job.

Last year, when imports of oil were not as great as they are today, foreign oil took the place of 150,000,000 barrels of American petroleum and 25,000 tons of American coal. As a result, 25,000 miners were forced into idleness, the coal industry lost \$125,000,000 in gross revenue and the railroads lost \$75,000,000 in freight revenues.

These are facts all of us should lay before our representatives, our Congressmen and Senators in Washington. Now is the time for us to begin asking why.

You'll be told that we must acquire and hold for ourselves those foreign oils. You may not be told as much but we are trying to keep Russia's hands off that Arabian oil supply.

All of which is very well. But why put this oil on the market at half the domestic price, destroy the oil and coal industries of our own nation which are vital to the national economy in peace and doubly precious in time of war, and at the same time make cheap fuel available only to a comparatively small section of the country? Why not, if we must buy foreign oil, store it against the day it must be used?

This year, 1950, the loss in coal sales may be 50,000,000 tons. That would mean 50,000 miners out of jobs. And hundreds of mining operations idle, machinery rusting, tipples rotting; men formerly employed in the mines seeking work elsewhere.

Then, if war comes, as surely it will, some day—what then? The enemy strikes at our foreign sources of oil, quickly incapacitates them. Enemy submarines take heavy toll of tankers bringing oil to these shores. And the United States, without major coal and oil industries of its own, finds itself helplessly crippled at the very time it needs every fibre of its strength.

The picture now and for the future is not bright. Bankrupt industries do not rise overnight to resume full production. Miners are specialized workmen, these days. A new generation of mineworkers cannot be trained in a few days. And the destiny of a nation often rests on the events of a few hours, or a few days at most.

Now is the time to ask your representatives in Washington to act in your behalf and to prepare sensibly, soundly for a stronger America, not an America where unemployment rolls mount as a result of economic wool-gathering and where its production potential is destroyed by unrealistic groping for a solution to world problems.

GIRL SCOUT NEWS

The new Brownie Troop under the leadership of Judy Clark will meet next week with Mrs. Shaw's Brownie Troop No. 45, to take a Flip-Penny hike. Mrs. Shaw is helping the new Troop get started.

Members and mothers of Troop 15 surprised Mrs. Schindler by coming in a body to her house on her birthday last week, loaded with cake, punch and presents. It was also Mr. Shindler's birthday. Games were played, songs sung and refreshments enjoyed by all.

The Girl Scout Council of Prestonsburg is sponsoring the showing, Thursday and Friday of this week at the Strand Theatre, of the Warner Bros. two-reel feature, "Women of Tomorrow," and will benefit from the proceeds. The film, in technicolor, has drawn the praise of critics wherever exhibited.

Girl Scout Troop No. 20 enjoyed television shows Thursday night, April 13, at the home of their leader, Miss Pauline Herford.

Present were Scouts Pat Pelfrey, Mary Jo Shivel, Julia Mayo, Jackie Hensley, Margaret Ann Collins, Linda Sue Stephens, Dorothy Herald, Peggy Spradlin, Mary Lynn Mahan, Martha Archer, Sally Hill, Minerva Arnett, Libby Burchett, Winnie Sue Cooley and guest, Kathy Waddle.

Mrs. Leona Cooley, Mrs. M. C. Mahan, and Mrs. Edward P. Hill served refreshments to those present.

Undiagnosed Ailment Claims Mrs. Jarrell At Water Gap, Monday

An undiagnosed illness of several months' duration resulted Monday at 8:35 p.m., in the death at her home at Water Gap of Mrs. Josephine Laferty Jarrell 78 years old, wife of John Jarrell.

Mrs. Jarrell was a daughter of the late James and Sarah Bingham Laferty, and was a native of this county. She was first married to William Wills and after his death to Mr. Laferty. No children of either union survive. She leaves three stepsons and one step-daughter, Bill Wills, Prestonsburg, Jim and Dick Wills, Water Gap, and Mrs. H. N. Cooley, of Prestonsburg, three brothers and three sisters, John Laferty, of Emma, Sam Laferty, Sloan, Hiram Laferty, Creola, O. Mrs. Frances Jarrell, Martin, Matilda Laferty and Mrs. Mirena Hammond, both of Sloan.

The funeral was conducted Wednesday morning at 11 from the residence, the Revs. Floyd Laferty, Harry Wills and Bill Campbell officiating. Burial in the Wills cemetery was directed by the Carter & Callihan Funeral Home.

the citizenry. This early preacher's sermons were punctuated, every jump or so, with his shout of "Praise the Lord!" This kept up till when time came to name the postoffice, Praise just naturally came to mind.

NICE GOING, KIDS.

Somebody connected with The Mountaineer, monthly publication of Maytown high school, has some crackin' good ideas about school journalism. They succeed, up there, in getting out an unusually interesting publication. I have gathered, somehow, that the editor gets blamed for any faults a paper has; so it follows that he should get the credit for its meritorious features. The editors of The Mountaineer are Betty May and Buster Spencer.

The April number carries out the theme, "The Mountaineer," in great style from cover through its contents. Libby May and Lillian Burchwell, with Mrs. Virginia C. Turner, faculty adviser, helping, get right down to cases in an editorial on "What Mountaineers are Like." Then they quote "furriners" now living in this section in an "As Others See Us" department, following up with a symposium of the Bluegrassers' views of us, what others say about us—and wind up the ball of yarn with brief sketches of great living Mountaineers.

I can think of a dozen newspaper and magazine offices which should have this number of The Mountaineer.

But what tickled our fancy was the cover, done, we gather, by school artists, Lorraine Allen and Lillian Burchwell. Thereon are sketched a range of mountains to signify the name of the publication, then these symbols of the Mountaineer as "pore ignint furriners" think of us: the fiddle and the bow, 2 plus 2 equals 5, a cornob pipe, a miner's cap, a squirrel rifle, a pistol, a pair of bare feet, mountain laurel, a skunk, a demijohn apparently full of "juice of the cawn," a pistol going "bang" and a banjo you might imagine plinking "Sourwood Mountain."

The editors follow up with this statement:

"On our cover are symbols of the Mountaineer—many ridiculous, but all known too well to the outsider; many with which we are unjustly identified. We wanted to add the Bible to our list but (as people so often do) thought of it too late, after the stencils were cut."

You know, I envy those kids. There, I've pounded away at a typewriter almost a quarter of a century and till this good day I haven't produced anything drawing as much newspaper comment as this effort of theirs!

property, and in some instances were 98 per cent accurate.

The new system will require comprehensive files with a master index file and each individual piece of property on a separate card. When transfers of title to property is made, the County Clerk will certify such information to the Tax Commissioner, thus affording the latter official to keep correct ownership records.

As a result of tax law revisions, there will be no tax assessment made this year. The next assessment date begins Jan. 1 1951 and will extend to March 1. Taxes for the year will be due, Dec. 31, the same year, thus removing the confusing time schedule hitherto in effect which had the taxpayer paying taxes on an assessment a year and a half old.

BEN SHORT, 35, DIES TUESDAY

Martin Jeweler Victim Of Two-Month Illness; Burial in Johnson-Co.

Ben Short, 35 years old, Martin jeweler and well-known Big Sand-dian, died early Tuesday evening at his home at Martin, victim of a liver ailment. He had been ill for the last two months, and his passing was not unexpected.

Mr. Short had resided in Martin for the last two years during which time he operated the Keathley Jewelry Store. He was a son of Wellman and Vina Preston Short and was a native of Meally, Johnson county. Mr. Short had been a member of the Church of Christ since 1938, and was a leader in church activities. He also was a member of Zebulon Masonic lodge here and during World War II saw 18 months' service overseas.

He was married Nov. 11, 1939 to Miss Virginia Stambaugh and to this union was born one son, Michael Ray. Surviving, besides his widow and son, are three brothers and one sister, Dan and Wellman Short, both of Van Lear, Warrick Short, Meally, Ky., and Mrs. Caney Pack, Van Lear.

A brief funeral service was conducted from the residence at Martin today (Thursday) noon, followed by last rites conducted at 2 p.m., from the Paintsville Christian Church by Mr. Short's pastor, the Rev. S. C. Honeycutt. Burial was made in the family cemetery at Meally under direction of the Arnold & Hall Funeral Home.

Other discussions at this session included "United Promotion" by the Rev. C. L. Shelby; "Christian Education," by Dr. A. A. Page, president of Pikeville College; "Foreign Missions," Rev. Robert von Thurn; "Missionary Education," Mrs. William Davin.

Branham then came here, procured murder warrant and returned to Boyd county. Tuesday noon, he walked into the Kazee home and told Kazee "some fellows" wanted to see him. Kazee accompanied him to the state police car, parked nearby.

The prisoner talked freely with his captors, en route here. He had been "all over," he indicated—in the East, worked in automobile plants in Michigan, had been a patient in a southwestern sanatorium. He added he had spent several months as a patient in the Eastern State Hospital, Lexington.

Jest Among Us

The other day a junior high school science class was being taken on a tour of the University of Kentucky campus. After visiting several buildings, one bright-faced youth asked the guide what they were going to see next. "I think we'll go to the Coliseum now," the guide replied. "Oh," said the boy, "you mean the place where they keep those old animal bones?"

Most people know that the new Memorial Coliseum is not a museum, but some seem in doubt as to the building's many uses. Really, it's a multiple-purpose structure: a great basketball arena where 12,000 Wildcat fans can watch their teams in action; an auditorium where as many as 15,000 people can be seated for concerts, lectures, farm and home conventions, and other public meetings; and a complete plant for the teaching of physical education. One feature of the building is a large swimming pool, with seats for 200 spectators.

The Memorial Coliseum, across the street from the stadium, will be dedicated on May 30—Decoration Day—to the memory of the 9,333 Kentuckians who gave their lives in World War II. Appropriate ceremonies will be conducted in conjunction with baccalaureate services for 1,700 graduating seniors. Guests of honor at the dedication will be the families of Kentucky's war dead.

For many weeks the Bureau of Source Materials, under the direction of the University's grand old man, Ezra L. Gillis, has been gathering and checking the names of deceased veterans from counties throughout the state. John S. Horine, an engineering professor, has painstakingly lettered the names on parchment rolls of honor, which will be placed in the corridors of the Coliseum.

The following inscription etched in stone, tells in simple words the meaning of the Memorial Coliseum:

"Here in stone and steel is raised a memorial to more than nine thousand sons and daughters of the State of Kentucky who gave their lives in battle that we might live in peace, erect and strong and free."

PHS BASEBALL CALL SOUNDED FOR MONDAY

Practice To Signal Try At Comeback To Diamond Prestige By School Nine

Baseball practice call was sounded Tuesday by Blackcat baseball coach Garnis Martin for a Monday squad turnout at Prestonsburg high school, home of the 1948 Kentucky prep diamond kings.

Martin said the Cats will, this year, attempt a return to diamond prestige which went on the wane last year when they failed to emerge from the district competition for the first time in the school's history and was absent from state tournament competition for the first time in five years.

The 1949 district setback came from the hands of the Meade Memorial Red Devils, Martin high school disposed of the Red Devils for the first district championship and advanced to the regional where they were eliminated.

Coach Martin announced that his charges will play about six or seven games. The schedule is not complete as yet. Among teams in contact for pending games are Martin, Wayland, Meade and possibly Inez, he said.

Baseball practice was delayed until after the official closing of spring football practice which takes a final bow tonight there with an intra-squad game.

With the return of pitcher "Blue" Childers, catcher Don Willis, Lafferty, Hill, Mosely and others which will complement an anticipated "good turnout" for practice, Martin expressed confidence of seeing a determined effort on the part of the Cats along the diamond comeback trail.

Asbury College Quartet Is Scheduled To Appear In Big Sandy Churches

Betsy Layne, Ky., April 18 (Spl.)—The Messenger Quartet from Asbury College, Wilmore, Ky., will present programs of sacred music and personal testimonials in churches of the Big Sandy Valley League Parish of the Methodist Church during the coming week-end. The group is from the Kentucky college which was visited by the continuous revival, the story of which was carried over the nation by the Associated Press. The members are Bob Holland, Attica, Kansas; Robert Leach, Lettsfield, O.; Henry Pollock, Pittsburgh, Pa.; Ron Carter, Pontiac, Michigan.

The quartet's schedule of appearances is as follows: Union Church at Shelbyana, Saturday, April 22, 7:30 p.m.; the Methodist Church at Betsy Layne, Sunday, April 23, 11 a.m.; Salem Church at Zebulon, Sunday, April 23, 2 p.m.; and the Methodist Church at Dorton, Sunday, April 23, 7:30 p.m.

The public is cordially invited to share in these services, Robert L. Anderson, director of the Big Sandy Valley League Parish, announced.

The 1950 structure of the loop now finds newcomers Prestonsburg, Drift, Elkhorn City and Indian Creek along with Allen, Harold, Martin, Price, Hi Hat (Clear Creek) and Henry Clay, W. A. Malone, president of the league, announced today.

Weeksbury, full-time member, and Paintsville and Pikeville, part-time members last year, are not in the league this year.

The regular playing season which usually closes on Labor Day extended, by approval of those present, to Sunday, Sept. 10 for the coming season. A playoff series is planned to follow the closing of the regular 26-game schedule.

As a result of drawings conducted, the league's official opening, Sunday, April 30, will find Prestonsburg at Price, Indian Creek at Allen, Harold at Martin, Drift at Henry Clay and Elkhorn City at Hi Hat.

Some of the towns represented will also have teams in the Elkhorn League, Malone said. It was stated in the meeting Sunday that Drift expects to have lights by June 1 and Elkhorn City already enjoys the benefit of the arcs.

Allen is the 1949 flag-chase winner and Harold is the 1949 playoff champ, Malone said.

LIKELY LINEUP OF EACH TEAM IS ANNOUNCED

Intra-Squad Tilt Tonight To See "Reds," "Whites" Clash In 2nd Tussle

Probable starting lineups for the Prestonsburg Blackcat intra-squad game between the "Reds" and "Whites" tonight at the playground here have been announced by Coach "Doc" Ferrell.

The Reds, who were surprised by the underdog Whites two weeks ago, are composed of many of last year's starters. Their lineup reads:

Bobby Daniels, left end; "Big Tom" Spradlin, right tackle; Morris Isbell, left guard; Claude Hopson, center; Kenneth Derossett, right guard; Stanley Prater, right tackle; Chester Bingham, right end; Clyde Lafferty, quarterback; Jim Mayo, left half; James Delong, right half; Dan Carver, fullback.

The Whites, made up of recruits and last year's subs, convinced the Reds, 7-6, that they were no longer just subs recently and are out to maintain their newly-won prestige. Their lineup is listed as follows:

Johnny Hill, left end; Bill Jim Compton, left tackle; Ferrell Burton, left guard; Jack Snavelly, center; Goble, right guard; Grover Fitzpatrick, right tackle; Alex Patton, right end; Delmer Huches, quarterback; Glen Dixon, left half; "Wah Wah" Caudill, right half; Sid Ball, fullback.

University of Kentucky grid mentor Paul "Bear" Bryant will be among the spectators at the game, Ferrell said, observing the gridiron wares of the Blackcats. Both sections of the Cats camp are pointing to their best for the tilt.

While the Whites will be struggling to offer further proof of their ability over their vet-laden opponents the Reds will be out for revenge in an effort to even the books as the spring practice ends with the tilt. Game time is 7:30 p.m.

CHURCH LOOP MEET BEGINS AT MAYTOWN

Approximately 160 Boys Slated for Participation; Finals Set for Saturday

This week finds approximately 160 boys participating in the Floyd County Methodist Church Basketball League tournament at the Maytown high school gymnasium in a hoop fest which closes the league's current season and bids an encore farewell to hardwood activity hereabouts for the time being.

The meet, which began on Monday night of this week and closes Saturday night with double-barrelled championship finals, features the play of both first and second teams of the churches and respective communities represented.

Represented are churches of Prestonsburg, Porter Addition at Cliff, Allen, Martin, Maytown, Garrett and Wayland.

Monday night saw Prestonsburg's first team trounce Martin, 34-31, while the Martin second team evened up matters somewhat by eliminating the "B" boys from Prestonsburg. (Score and lineup of the "B" game was not reported to the Time.)

Garrett and Allen were scheduled to meet last night (Wednesday) in "A" and "B" games with the victorious slated to tangle with the Maytown representatives tonight. Maytown drew a bye which automatically placed them in the first round of the semi-finals.

Prestonsburg's "A" team and Martin's "B" team, by virtue of their Monday night wins, play the winners of the Wayland-Porter Addition games Tuesday night.

The finals on Saturday night will see the awarding of six trophies and 20 gold basketballs. A trophy will be awarded in each division to the winner, runnerup and the team showing the best sportsmanship. The 20 individual awards will go to the all-tourney selections in each division.

No admission is being charged at the door, church league officials said, but there is a "passing of the hat" at each session to help defray the expense of conducting the meet. Each session starts at 7 p.m.

Bryant To Speak at Award Dinner

UK Coach Is Well-Known For Marks Established As Wildcat Grid Tutor

Paul "Bear" Bryant, 36-year-old University of Kentucky Wildcat football mentor who has in three years, brought UK's blue-and-white grid hopes out of the doldrums into eminence, is in Prestonsburg tonight (Thursday) as guest speaker at the Prestonsburg high school athletic association's annual award dinner.

Bryant is slated, PHS football coach "Doc" Ferrell stated, to appear at the letterman banquet which gets underway at 6 pm. in the grade school cafeteria.

Immediately following the athletic feed-fete, he will trek over to the high school athletic field to observe the Prestonsburg Blackcats vie among themselves in an intra-squad game under the arcs. The Cats, Ferrell said, would repay the visit tomorrow (Friday) night at Lexington to watch Bryant's Wildcats mingle in the annual UK Blue-and-White intra-squad tilt.

At Kentucky, Bryant has become one of the nation's outstanding young coaches. Arriving at Lexington for the 1946 season, he was faced with difficulties built up over a period of years which observers said "couldn't be broken." Not only did he successfully surmount these obstacles, he went on to field a team equal in calibre to any in the SEC and shows promise of producing consistent top teams.

In 1946, he tutored his charges to a record of seven wins against three defeats for the Bluegrass school's best performance since 1912. 1947 saw Bryant's team rack up a similar record (7-3-0) and go on to defeat Villanova in the Great Lakes Bowl inaugural which, incidently,

The wily Wildcat mentor, without the services of nine first-string players and five 1947 reserves, surprised even the most optimistic with UK's 5-3-2 record for 1948.

A native of Fordyce, Arkansas, Bryant starred at Alabama during 1933-35 and climaxed his collegiate career as the Tide's right end on the famous "Bama Rose Bowl" eleven in press notices by the great Don Hutson at the opposite end, he was, nevertheless, singled out by his coach, Frank Thomas, to serve as his assistant following graduation.

After four seasons he moved on to Vanderbilt in 1939 as line coach of the Commodores, joined the Navy in the latter part of 1940, became a lieutenant commander before his discharge in 1945 and accepted the position of head coach at the University of Maryland. history—six victories, two losses and a tie. Kentucky lost no time in time in bringing him to Lexington. The calibre of Kentucky teams since is evidenced by the fact that during 1946-47-48, the "Cats" only losses were to three teams who finished in the top brackets.

Professional and top collegiate clubs alike have tried to lure the "Bear" into lush fields, but Bryant prefers to remain at the job of building Kentucky into "big time" football prominence.

'The Best Sporting Goods Store I Ever Saw in a Small Town...'

That statement was made by a visitor to our store, recently.

Frankly, we quote it here in order to do a bit of boasting, ourselves.

We are proud of what we have done since 1946 to give Floyd county a center where sportsmen can find just about anything they would be able to buy in the larger cities.

Here, right before your eyes, are the hundreds of items you fishermen and hunters look for from season to season. No ordering by number and hoping it's what you want—here it is, to see and heft for appearance, weight and balance.

A lot of items must be stocked and held against the day when you will need them. And they represent a lot of money. But, if we bought only those things we felt you would buy within a few weeks' time, we would not be in position to supply you at the very moment when you have the urge to go fishing or to buy that equipment you have dreamed about for your next hunting trip.

To get a complete picture of what we are trying to do, visit the store and look over the hundreds of bait-casting lures, hundreds more of fly patterns, and rods and reels produced by a dozen manufacturers, the lines, hooks, sinkers—every small item you could conceivably need.

You'll find even spinning rods and reels and lures on display. And, believe it or not, we have reels for salt water fishing!

Or, say you're going hunting. Rifles, shotguns, revolvers, ammunition, gun cases, cleaning paraphernalia, and so on.

While we're about it, we might mention that in the sporting goods line we have what you'll need to wear to be comfortable and what you'll need to take along for your camping trip or simple day's outing—everything from boat, motor and oars on down to ice boxes, thermos jugs, life preservers—what-have-you, or what will you have?

We'll not realize any cash on many of these things for a long time yet. But we will have them for you when you need them.

While we're about this business of boasting, we'll add that we think Floyd county has the finest and most enthusiastic sportsmen we have ever known. So why shouldn't we try our darndest to give them a sporting goods center worthy of the best?

The unmatched protection of America's safest car

Safety Engineering Magazine commends Hudson in an award as... "a leader in the cause of public safety through the design and construction of its motor cars."

Only Hudson, with America's lowest center of gravity, offers the security of "The New Step-Down Ride"

Your very first view of Hudson's free-flowing lines tells you that here, thanks to its recessed floor ("step-down" design), is the car with America's lowest center of gravity, yet with full road clearance and more head room than in any other car.

The low-built Hudson has a tenacious road-hugging stability and ease of control that helps prevent accidents... with the added protection of all-welded, steel-girder construction that encircles the entire passenger compartment.

What's more, Hudson alone provides Triple-Safe Brakes... the finest hydraulic system with reserve mechanical brakes operating from the same pedal, plus finger-tip-release parking brake.

Behind the wheel you command an alert, high-compression, six- or eight-cylinder engine; and a Curved Full-View windshield and rear window provide unhampered vision.

Come in, see and drive the car that is so advanced in design and quality that it is a leader in resale value, as shown by Official Used Car Guide Books!

KENTUCKY'S ADVERTISING PAYS OFF

Frankfort, Ky., April 18 (Spl.)—Kentucky's advertising is paying dividends.

Approximately 71 per cent of the 36,866 vacationers, who requested travel literature in 1949, accepted Kentucky's invitation to visit the state, according to an announcement of the State Highway Department.

The announcement, based on replies to questionnaires sent out by the department, added that eight per cent of those who replied said they "did not get to make the trip," but planned to come to Kentucky this year. Of the 71 per cent who came, 29 per cent said they planned another visit. Many praised Kentucky's scenery and hospitality.

The department's announcement came within one day after Assistant Attorney General M. B. Hollifield declared a bill enacted at the recent legislative session to authorize spending highway money for tourist promotion was unconstitutional.

The department has been doing that for a number of years and has greatly enlarged its program in the last few years. Hollifield's opinion was given to the State Finance Department. How the matter will be worked out is expected to be looked into after Governor Earle C. Clement returns from his vacation.

State Highway Commissioner John A. Keck, commenting on the replies to the questionnaire, said:

"The questionnaire asked a number of pertinent questions and invited comments as to impressions gained on the trips. Thirty-six per cent came as a result of our national advertising campaign last year. Seven per cent came twice during the year."

The department estimated that more than 5,000,000 out-of-state tourists visited Kentucky during 1949, and spent \$228,856,874 in the state.

Approximately 100 Attend Joint Meeting of Clubs; Hear Griffin Speak

Wayland, Ky., April 17 (Spl.)—Approximately 100 guests and club members attended the joint meeting of the Lackey-Garrett Women's club and the Wayland Lions club, Thursday evening, April 13, in the library of the Wayland high school. A pot luck dinner was served.

Gerald Griffin, who is in charge of the East Kentucky Bureau of The Courier-Journal and Louisville Times at Pikeville, was guest speaker. Griffin served as a Lieutenant-Colonel under MacArthur with the occupational forces in Tokyo. Dr. John Adkins, Pikeville, was also a guest.

Ivan Childers, Estill, entertained with the auctioning of the parcels for the woman's club, netting \$113 which is to be applied to the club's Scholarship Loan Fund and the Cancer Drive.

Twenty-one members journeyed to Wheelwright Saturday night for dinner with the Wheelwright Woman's club at the club house. Mrs. F. E. Conley depicted a scene from "Madness" which was thoroughly enjoyed by all.

KENTUCKY'S Flying CLASSROOM

by George Yates

(Superintendent Versailles City Schools)

New York City—A group of sixty American schoolteachers, including an excited country boy from Kentucky, waved good-bye to the Statue of Liberty today from 10,000 feet and began the greatest adventure of their lives.

We had, at last, after weeks of preparation, launched a "flying classroom" project which enables American educators to study and observe general conditions in England and ten European countries.

The project is sponsored by Michigan State College, in cooperation with the U. S. Office of Education and the National Education Association. In Kentucky, the project is under the sponsorship of a statewide group of Rotary, Kiwanis and Lions Clubs.

How I happened to be lucky enough to be picked to represent Kentucky I'll never know. All I know is that the tour director, Carl M. Horn, of Michigan State College, informed me that I had been selected from a list of ten candidates submitted by Boswell Hodgkin, superintendent of public instruction, and John W. Brooker, executive secretary of the Kentucky Education Association. It's an opportunity that a lot of us would have given our eye teeth to have, and I'll always be grateful to these men and to the Rotarians, Kiwanians and Lions of Kentucky who have made it possible for me.

Before we return in late May, we will have visited in England, France, Switzerland, Italy, Finland, Germany, Denmark, Norway, Sweden, Belgium and Holland. All our travel will be by air. We will meet and talk with such world figures as Pope Pius XII Prime Minister Alee of England, Premier Bidault of France, Winston Churchill, Charles DeGaulle and many others.

But what is perhaps more important, we will talk with the common folks, the men on the street, labor leaders, school teachers, agricultural officials and many others. We'll have an opportunity to observe first hand how life abroad compares with our own America. And in this series of articles I hope I can tell you some of the things that I am doing and seeing and with this my personal opinions of life outside my land.

Behind this project is the hope that through such studies there will come about a better understanding of the peoples of other countries, better international relationships and a greater appreciation of our American way of life. Perhaps the most hoped for goal is "Peace." In the minds of the men who engineered this project is the not inconceivable dream that "flying classrooms" might shuttle back and forth across the Atlantic Ocean carrying thousands of leaders from this country to Europe and bringing European leaders over here to study the American people, their ways of living and points of view.

Great things have been planned for us. For example just before I left Versailles I received a letter from the president of the Paris, France Rotary Club. I couldn't translate it all, but I gathered that the Rotarians there were planning a special celebration for us. I believe we'll have a chance to meet and talk with Barry Bingham, of Louisville, who is chief of the Marshal Plan in France. And perhaps we'll run across some other Kentuckians in Europe. I hope so and I can't think of anything nicer that all of a sudden hearing My Old Kentucky Home from some remote corner of the old world.

On and after publication of this notice, I will not be responsible for any debts incurred by any person other than myself.

YOU CLEAN YOUR RUGS THE THRIFTY MODERN WAY...

now... heat water ELECTRICALLY, too!

You know that your trusty vacuum does a far better job than broom or beater... it's modern, it's electric.

Well, an electric water heater does its job with the same kind of ease and economy! No fumes, no flame, no worry, no waste heat. And electricity for heating water costs the average family only about \$3 a month.

Modern electric appliances like the water heater add years to your life, make it far more pleasant. Everything electricity does it does better and at lower cost. Go ALL electric. See your dealer.

Thrifty so many ways!
 saves work
 saves time
 saves worry
 saves money

FIGURES SHOW MINES SAFER DURING YEAR

Although 66 Lost Lives During 1949; 966 Mines Were Closed As "Unsafe"

Figures released last week indicate that Kentucky mines were more than 100 percent safer during 1949 than in 1948.

Sixty-six men lost their lives in Kentucky coal mines last year compared to 134 in 1948, A. D. Sisk, chief of the Department of Mines and Minerals, reported. This number for 1949 was two less than the 68 decrease shown from the year before.

Sisk submitted a tentative report on mining to Governor Earle C. Clements which showed one man died last year for each 1,098,660 tons of coal produced. In 1948, the rate was one death for each 616,250 tons, the report showed.

"This report, in our judgment, is reasonably accurate," he said.

Of the casualties, Sisk said the only phase of the report he was "proud of" is the reduction in the number of deaths in 1949 compared to 1948.

Closer Inspection Noted

Closer inspection of mines by the state and federal governments, improved co-operation on safety matters by both operators and miners, and intensified safety education are the factors that brought the death rate down, he said.

Sisk declared that 85 per cent of mine deaths are preventable. "We need some improvements in our present mine-safety laws," he said. But if the present laws were obeyed to the letter there would be fewer casualties, he added.

The 1950 Legislature defeated a bill to broaden and toughen the mine-safety laws. Its defeat drew bitter criticism from the United Mine Workers against the Governor.

Mines Shut Down

Sisk said his department, which now has 33 inspectors, closed down 966 mines last year as "unsafe." During the first three months of this year 425 were shut down for the same reason, he said.

The casualty report showed 49 men died working in rail mines and 17 in truck mines. Harlan county with 12, Pike with 11, and Perry with 10 led the counties in mining fatalities.

Mine-roof cave-ins accounted for 62.2 per cent of the deaths. Fatal accidents in mines occurred most frequently in January and March last year, 11 each.

Hand miners, cutting machine operators, and shotfirer drillers each suffered nine fatalities. But two more operators and six foremen were also listed among the dead.

The general report revealed 38,542,811 tons of coal were taken from underground mines, and 14,512,402 tons from strip operations. Strippers took 13,288,752 tons from Western Kentucky last year. Rail-mine production was down 19 per cent last year compared to 1948, truck-mine output was down 16.5 per cent and strip-mine production up 15 per cent.

No Fatal Explosions Reported

The 297 rail mines last year employed 44,595 men. Truck mines numbered 5,492 with 25,826 workers. The 73 strip mines in the state employed 3,354 men.

The report also listed 29 clay mines with 950 men producing 1,000,000 tons. No fatalities were reported from these mines.

Sisk commented that no mine explosions causing death were reported in Kentucky last year.

OBITUARY

Maggie Stanley Hicks, daughter of Jake and Ellen Hicks, was born April 28, 1928 and passed away April 10, 1950 at the age of 21 years, 11 months and 12 days. She was united in marriage to Hobart Smith, Feb. 21, 1948. To this union was born one child, Alphoeda, age 11 months, all of whom with many friends and relatives remain to mourn their loss with her demise.

She leaves her husband, her daughter, her father and mother, two brothers, Haskell and Paul L., and two sisters, Carrie and Anna Lee, of the immediate family.

Although parting is one of sorrow, she departed in the joy of the Lord. She was very much interested in prayer for several days prior to her passing, told her mother and friends she was ready for the Lord and that He had come for her. In her last moments, happy in the Lord, she wanted her mother to go with her and embraced her husband seemingly in an effort to take him with her. As so well expressed by the officiating ministers, "We want to say to Hobart, her father and mother, brothers and sisters, and her many friends and relatives, we feel that your loss is her gain."

We, the members of the family, wish to thank the Reverends Ernest Ward, Tom Smith, Dan Jacobs and Everett Daniels for their comforting words at the funeral, and also to thank the Arnold & Hall Funeral Home for its efficient services.

MARCH TAXES BOOST STATE GENERAL FUND

Kentucky tax collections during the month of March realized \$6,963,599 and boosted the state general fund to \$41,697,019 for the first three-quarters, or nine months of the current 1949-50 fiscal year, it was announced Friday in Frankfort.

The Revenue and Finance Departments reported that the nine-month total is \$1,533,898 more than was collected during the same period of the 1948-49 fiscal period.

General-tax receipts actually amounted to \$40,210,328, but county fees and miscellaneous collections, which also go into the general fund brought the total to \$41,697,019.

The road fund closed out its fiscal year March 31 with a record income of \$55,785,533. The highway fiscal year has been on an April 1-March 31 basis. The 1950 Legislature directed it to go on a July 1-June 30 basis starting this year.

Road Funds Shows Increase

The road-fund increase of \$6,329,287 over last year is attributable to a \$3,000,000 increase in U. S. aid and increased gasoline-tax collections.

Accounting for most of the general-fund gain is the income tax on individuals. Through the first nine months of this year, this levy has yielded \$5,048,238 compared to \$4,119,587, a jump of \$928,651. The income tax on corporations is off by \$93,754. Through March, corporations paid \$5,216,106 against \$5,309,860 last year.

The consumption tax on liquor is up 14 per cent over last year and the levy on wine is ahead 31.7 per cent. The beer-consumption tax is off 8 per cent.

The 5-cent-a-gallon production tax on distilled spirits is the major lagger. Through March, \$2,612,709 was collected, compared to \$3,250,714 last year, a drop of \$638,006. But the ad valorem levy on stored spirits has jumped from \$261,765 to \$422,822 this year, an increase of 61.5 per cent. This indicates more whisky is being withdrawn from warehouses.

Para-Mutual Tax Down

The pari-mutual tax is down 13 per cent \$280,556 against last year's \$322,514. The tax yield on amusements, utility gross receipts, insurance premiums and motor-vehicles

sales all are up compared to last year.

The State's general-property tax has brought in \$5,351,801 this year against \$4,774,967 in 1948-49, a gain of 11 per cent. The yield on omitted property and tax delinquency has soared from \$71,229 during the nine-month stretch last fiscal year to \$107,648 this year.

The Finance Department report showed that tuition fees at the University of Kentucky this fiscal year are down \$156,699. This reflects a decline of federally supported veterans attending the university. Tuitions brought in \$689,981 last year during the nine months. So far in this year, \$533,282 has been paid in.

Tuitions are up this year at Eastern and Western State Colleges, down at Morehead and Murray.
