

This Town-- That World

FROM THE HILLS OF HOME

Those who find the hills too steep to climb, yet would like to see a collection of wild flowers from our own highlands and from as far away even as Pennsylvania and Minnesota, should see the garden here of Mrs. J. D. Thomas where 14 varieties of these flowers are now in bloom.

The hepatics, Dutchman's breeches and blood roots have already blossomed and gone. Now in bloom are Virginia bluebells (from Bull Run, Va.), iris, poppies, geraniums, foamflowers, lady-tresses, travellins, the bellworts, larkspurs, rue anemones columbines, phloxes, bluetts, gingers pansies.

Yet to bloom are Ja-k-in-the-pulnit, honeysuckle, pleurisy weed, Oklahoma primrose and begonia.

PASS THE MUSTACHE CUP!

McArthur, Ohio, has a centennial celebration coming up, August 5, and to emphasize the spirit of the old days men there have been forbidden by official proclamation to shave until after that date.

I can hardly wait for the same edict to be handed down here. I want to carry with me, the rest of my life, the memory of certain guys with handle-bar mustaches. Besides, shaving is such a bother.

TELLS IT IN 500 WORDS

Arthur Ora Porter, now of Rawlins, Wyo., is the author of a 500-word piece of humor which will appear in a forthcoming number of The American Legion magazine, the first publication to which the article was submitted. Title of the article is, "What I Learned in S-hool."

Wrote Mr. Porter to The Times, recently:

"I thought, perhaps my three favorite teachers (Miss Maggie May Hall, Miss Julia B. Stephens and Miss Tress May Francis) could recall the early 20's... they may have forgotten the date, but I'm betting they've never been able to forget that little stinker, Ora Porter."

WE'RE IN THE MARKET

Wonder if we couldn't buy some of the surplus items the army and navy have left over from the war.

To drive off an intersecting Prestonsburg street into the busy traffic of Broadway (the Mayo Trail), with the vision of the venturing driver blocked both up-and-down-Trail by cars and trucks parked near the corners, we need one or more, or even all, of these devices:

- (1) A radar outfit, complete, to set up a screen to detect the approach of dangerous "craft";
- (2) a helicopter to hover over each intersection and its occupants to give the "Stop" or "Go" signal;
- (3) a periscope which one could use to peek up, then down, before hurriedly taking off.

ACTUAL SESQUI WORK STARTED

Committee Announces Area Beauty Contest; Postmark Being Used

The Floyd County Sesquicentennial committee this week swung into the actual work of staging a celebration fitting to the observance of the original Floyd county's 150th anniversary.

To handle the pageantry, decorations and advertising of the four-day celebration, the Metropolitan Flag and Decorating Company, of Philadelphia, sent its representative, Bernard H. Capell, here. Among his responsibilities will be that of arranging for advertising and the publication of the souvenir historical work which will be a Sesquicentennial feature. Text of the book has been written by Henry Sealf, whose newspaper articles on early history and

BOARD SEES NEW CHANGE IN PERSONNEL

Ray Fraley Withdraws Resignation; Dr. Allen Calls Special Meeting

Although little was done at Tuesday's meeting of the Floyd County Board of Education, it did result in an interesting development in the squabble over membership on the Board.

Fred Fraley, whose recent appointment to succeed his brother, Ray, precipitated a legal battle, stepped out as Board member as Ray withdrew his resignation and resumed his place as a member at the meeting.

On the heels of this development came a call from Dr. J. H. Allen, chairman of the Board, for a special meeting this afternoon (Thursday) at his home in Maytown where the physician is ill. He did not attend the meeting here, nor did James Green, West Prestonsburg, his ally in the Board ruckus.

The notice of special meeting called by Dr. Allen was served on County Superintendent Palmer L. Hall and members of the Board by a deputy sheriff. It specified that the meeting to be held was "for the sole purpose of disposing of the following items of business:"

1. Payment of salaries of teachers and monthly employes for the month of April.
2. Opening bids on the proposed school building at David and awarding contract for construction of the building.
3. Payment of all utility bills.
4. Call for bids and to issue bonds for construction of the Martin gymnasium.
5. Call for bids on construction of Prestonsburg high school building.
6. Call for bids on the Maytown lunchroom building.

Superintendent Hall said, Wednesday night, "I don't know if all the members will be there, inasmuch as the bills were paid at Tuesday's meeting and the meeting adjourned till May 16."

Mr. Hall said the Board did not attempt to transact any business of major importance at Tuesday's meeting in the absence of Dr. Allen and Mr. Green. He expressed the belief the Board will be willing to meet at Dr. Allen's home for the May 16 meeting, if the chairman requests it to do so.

JAIL ESCAPEE TAKEN SUNDAY

Rum, Traffic Violations Contribute to Jail Here Most of New Prisoners

Guy Bates, who slipped away from the county jail here, two weeks ago, while on an errand to the jail basement for supplies, was re-captured Monday by Deputy Constables Cain Blackburn and Enos Hatfield on Left Beaver Creek.

Liquor and traffic violations contributed most of the week's arrests. These were:

Ezra Hall, arrested by Johnnie Martin on a drunk driving charge; Millard Brown, reckless driving, by Deputy Sheriff's Meadows, Hall and Compton; Kenneth Gates, possession, Clifford Allen, drunk driving and possession, Dr. Stumbo, possession, all arrested by Deputy Sheriff's Meadows, Hall and Compton; Jack Salisbury, drunk driving, arrested by Deputy Sheriff's Crum and Parsons.

Arrested by Deputy Sheriff Oak Mullins for liquor possession and drunkenness, Bill Spradlin was fined by Magistrate M. C. Wright \$100 and \$50, given a 40-day jail term and placed under \$1,000 peace bond. His son, John, who was charged with drunk driving, was fined \$200, sentenced to jail for 30 days and placed under \$5,000 peace bond. Both have appealed their cases to circuit court.

Colored Woman Dies At Tram at Age of 82

Jane Newbury Jones, 82 years old, colored, died Monday at 5:30 p.m., at home at Tram. She was a native of Virginia.

Surviving are two daughters, Mrs. John Habern and Mrs. Hester Wilson, both of Tram. Funeral rites were conducted this morning (Thursday) from the home of Mrs. Habern, the Rev. Henry Parsons officiating. Burial was made in the family cemetery at Tram, the Arnold Funeral Home directing.

County Agent Says Floyd Fruit Crop Not a Total Loss

Last month saw some of the coldest April weather in half a century and clear, cold nights which brought heavy frosts--yet Floyd county's fruit crop is not a total loss.

So said County Agent S. L. Isbell this week. In fact, the farm agent predicted that the apple crop will be near the normal for Floyd county, which is never what some sections would term a bumper yield. There will be a few peaches, too, he said, and some pears.

This first week of May, Mr. Isbell said, sees Floyd county farmers perhaps ahead of the point they had reached, this week a year ago.

HILL REBUKES SECOND JURY TO DISAGREE

Two Murder Trials End in "Hung" Juries Here Within 4 Days

When the jury in the murder trial of Billie Barnett failed to agree, Wednesday morning, the second such case heard in the last four days had ended in disagreement, and Circuit Judge Edward P. Hill promptly registered his disgust.

"If you can do no better than this, you may as well go fishing," he heatedly remarked after discharging the jury.

Later, the judge talked to jurors at length, pointing out to them their duty to weigh testimony carefully and intelligently and reminding them they must consider the truth or falsity of evidence. "There are some, you must remember," he warned, "who would perjure themselves to save paying a \$10 fine."

Saturday, the jury in the trial of G. V. McIntyre, charged with the

THOMPSON HAILS UMWA CANALIZATION SUPPORT

JOINING IN FIGHT FOR CANALIZATION—This was the scene in the Big Sandy Valley Association headquarters when U.M.W. representatives "signed up" with the group. Tom Rainey, international representative, standing in front, (in white coat) was accompanied by Carson Hibbits, standing to right rear, and Noble Hobbs, standing at back, both field representatives. A. O. Coleman, BSA secretary, is shown seated in front of Hobbs, and Dr. O. W. Thompson, BSA president, is seated in front center, with unidentified office worker seated at left front.

"The best thing that has ever happened to the Big Sandy Valley Association!" Dr. O. W. Thompson, president of the group which has long led an unsuccessful fight for river canalization, declared at Pikeville as the United Mine Workers officially announced Sunday they had changed their policy of opposition to one of full support of the waterway improvement.

The UMWA announcement, expected for several weeks, was described as a "shot in the arm" to those who have waged a fruitless fight for canalization over the years. It was hailed as placing the rank-and-file of citizens throughout the valley as united in common cause. The statement of the mine workers was signed by Tom Rainey, Pikeville, international board member, Carson Hibbits and Noble Hobbs, union field representatives, and was made to Dr. Thompson and A. O. Coleman, Association vice-president, at the Association's headquarters in Pikeville.

Raising Town Status Prompts Indictments

WERE YOU MISSED?

If any resident of Prestonsburg and vicinity has not been enumerated during the 1950 federal census, he or she should telephone Wilce Shepherd at 7601 or Mayor Curtis Clark at 4821.

On the basis of unofficial census returns, the population of Prestonsburg stands at approximately 3,600. To be added to this figure, however, are residents of Prestonsburg who are in the armed forces, in college or otherwise away from home but yet claiming this as their residence. These are expected to bring the population total beyond the 4,000 mark.

Those missed by the census-takers are being urged to contact Mr. Shepherd or Mayor Clark at once.

CITY TO PAY \$100 A MONTH

On Supervisor Salary If Playground Opened To Youth Every Day

Prestonsburg's City Council wants the community's children to have a place to play in safety and under proper guidance, and it's willing to pay for the privilege.

Council voted, Monday night, to pay \$100 a month on the salary of a competent playground supervisor through the summer if the playground here will be made available to all children of the community, all day, every day. Mayor Curtis Clark pointed out, Wednesday, that a man with physical education qualifications is preferred by the Council for the playground post. The City Board of Education will be asked to match the Council contribution on the supervisor's salary.

The Council went a step farther in the matter of safe recreation for Prestonsburg children. It directed that four blocks in the town be roped off daily, from 1 till 5 p.m., for the children to play without danger of being run down by an automobile. The Mayor said the Council has had sprinklers ordered and that the city will furnish water for water games for the youngsters when the weather becomes hotter.

A resolution adopted by the Council strongly urged on the Floyd County Board of Education the retention here of Leon Cook as high school principal.

Mayor Clark said Wednesday he will be absent from Prestonsburg during the Floyd County Music Festival, and that J. D. Harkins, Jr., as Mayor-pro-tem will welcome visitors to Prestonsburg.

TO FILL METHODIST PULPIT SUNDAY

Carl W. Maggard, Lexington, District Lay Leader of the Methodist church, will fill the Methodist pulpit here on Sunday morning, May 7. The public is invited to attend.

Nine Scholarships Have Seniors Of Section on Their "Mental Toes"

Many of Floyd county's high school seniors, these last weeks of school, are shooting for something more than a mere diploma.

Two Floyd county coal companies are offering a total of seven college scholarships, Pikeville College offers another, the Veterans of Foreign Wars have waiting for some senior a cash award of \$100, and all these have the boys and girls on their mental toes.

The Princess Elkhorn Coal Company is offering five scholarships: an "open" four-year scholarship worth \$400 a year to the outstanding senior in Floyd and Johnson counties; two \$400-a-year scholarships in mining engineering, plus summer vacation employment, open only to sons of company employes; two two-year scholarships to Pikeville College for daughters of Princess Elkhorn employes, these scholarships to include tuition, board, room, books and supplies.

The Inland Steel Company at Wheelwright this year offers two \$400-a-year scholarships to the University of Kentucky, open to students of Floyd, Knott and Pike counties.

DRYS QUESTION COUNT LISTED IN POPULATION

Bills Found In Error When Reported; Martin Wet-Dry Fight Brewing

Advancement by the Legislature of the town of Martin to a city of the fourth class, and the consequent move to hold a local option election there next month, resulted last week in the indictment by the grand jury of four residents of the community of a charge of forging names on a petition memorial or remonstrance intended for presentation to the General Assembly.

No sooner, however, were the indictments reported than they were found to be in error.

The Rev. S. D. Osborne, a leader in the Dry forces at Martin, notified court officials that the names of Mrs. Ruth Reynolds and Leonard Osborne should not have appeared on the indictment. Mrs. Reynolds, now City Clerk at Martin, had not taken office when the presentation allegedly was made to the General Assembly and had nothing to do with the representation that Martin had a population of 3,000, a statement which is being questioned by the Drys. The indictment against her was quickly quashed. Leonard Osborne, it was pointed out, is not the Osborne whose name was mentioned to the grand jury.

The indictment also accused Ray-

FANNIN GETS REMOVAL JOB

On 44-Year-Old Span Across Johns Creek; To Purchase Bonds

Contract for removal of the bridge spanning Johns Creek at the Gyp McGuire farm was awarded by the fiscal court Friday to Elmer Fannin on his low bid of \$3,489.25.

There were two other bidders for the job, which will entail the removal of steel and its storage for later use. Fannin agreed to salvage and to remove to the site enough steel to construct a 60-foot bridge across Spewing Camp Branch, this at no additional cost to the county.

The bridge was erected 44 years ago, and a plate over the east entrance bears the names of J. M. Weddington, George P. Archer and J. T. Croft, commissioners at the time.

County Treasurer W. J. May was directed by the court to use funds in the sinking fund established for payment of road and bridge bonds and with this to amortize as many outstanding bridge bonds as he deems advisable.

The court accepted the Store Houle Hollow road, Betsy Layne, as a part of the county system for county maintenance.

First Notes of Floyd Music Festival Sounded Here Today with Rehearsals

Today (Thursday), the three-day Floyd County Music Festival began with band rehearsals in Prestonsburg, and the event will continue on through Saturday with solo events at Martin Friday, and with the grand finale—the parade of bands and floats, the coronation of the beauty queen, and the all-festival band and all-festival chorus concerts—in Prestonsburg on Saturday.

Jesse Elliott, Floyd county band instructor, announced Tuesday that the events will be judged by Walter Hall, Hazard, Norman Lewis, Bowling Green, and Water Nance, of Pikeville College. Mr. Hall will also serve as guest-conductor of the all-festival band of more than 100 pieces, while Mr. Lewis will be guest-conductor of the all-festival chorus.

Mr. Elliott said inspection of bands prior to the parade here, Saturday morning, may be made by an army man.

The festival last year attracted an estimated 5,000 persons to Prestonsburg on its last day, and the crowd this year is expected to be even greater.

School Chorus To Give Formal Spring Concert

Priming for their appearance for the final judging in the State Music Festival at Lexington on Friday, May 12, the Prestonsburg school chorus of boys and girls will give a formal spring concert at 8 p.m. Tuesday at the Methodist Church here, Mrs. Oval Bingham Hall, director, announced this week.

In announcing that no admission would be charged and extending an invitation to general public attendance at the concert, Mrs. Hall said that the occasion would offer the group a final dress rehearsal and the attending listeners a preview of numbers to be sung at Lexington.

Girl Scout Council Slates Silver Tea

The Girl Scout Council it was announced this week will be hostesses to a silver tea at the Methodist Church here Monday evening at 7:30. Each local troop of Girl Scouts will participate in the program, and parents of the Scouts are being urged to attend.

Sunday School Day Observance, May 7, Urged by Workers

Ministers and church workers over the county were urging this week the observance of Go-to-Sunday-School Day Sunday, May 7.

This observance of the first Sunday in May as a day for stressing Sunday School attendance began more than 25 years ago, with all churches joining in the movement. No special goals have been set in this county, yet a concerted effort to bring more people to Sunday School for the occasion is being made.

The statement signed by the union officials follows:

"For several years the United Mine Workers of America has opposed the canalization project. We oppose the project because originally the sponsors of the project were largely composed of West Virginia coal operators who were fighting an economic war of competition, seeking to get a cheaper freight rate on the Norfolk & Western Railroad, which would, in our opinion, have given these West Virginia operators an advantage over the mines in the Big Sandy field and would have hurt the operators in the Big Sandy area.

"However, the Norfolk & Western Railroad did, last year, grant a reduction in freight rates, creating and establishing a so-called special rate to the Ohio River to the West Virginia operators. Upon getting this special rate the West Virginia coal producers withdrew their support.

"Inasmuch as the Norfolk & Western Railroad has granted this special rate, the United Mine Workers of America can see no reason why we, as a union, should any longer oppose the canalization project, because our obligations were removed with the establishment of this special rate.

"It is quite possible that the canalization of the Big Sandy would be responsible for the introduction of various industries into the Big Sandy, and the river rates would not only stimulate coal business, but business generally.

"We are today joining the Big Sandy Valley Association and becoming an active member, and in order to promote and help this project to be a success in the future, we recommend that any coal miner who wishes to become a member of the association join us as individuals in the promotion of this project."

'Child Who Never Grew' Reviewed at Meeting

A review of the Pearl Buck book, "The Child Who Never Grew," by Mrs. Chalmer H. Frazer was a feature of the Friday noon luncheon meeting of the Kiwanesses at the Baptist Church here. Mrs. Frazer was in charge of the program, and Mrs. Max Burns presided at the meeting in the absence of Mrs. Wm. Hugh Smith.

Hostesses were Mrs. W. W. Greenwald, Mrs. William O. Goebel, Mrs. Fred Francis, Mrs. Franklin W. Moore, Mrs. George P. Archer, Mrs. N. M. White, Mrs. Marvin Music, Mrs. James Camicia, all of Prestonsburg; Mrs. Harry Fiedler and Mrs. Walter Grace, both of David. Other members present were Mesdames Edward B. Leslie, W. W. Burchett, J. B. Clarke, Val F. Strahan, Chalmer Frazier, Marvin Ramsdell, Curtis Clark, Wm. Crawford, Irvin Spotte and Max Burns.

NOTICE OF HEARING UPON ORGANIZATION OF PROPOSED FLOYD COUNTY SOIL CONSERVATION DISTRICT, EMBRACING LAND LYING IN FLOYD COUNTY, KENTUCKY:

WHEREAS, on the 21st day of April, 1950, there was duly filed in the office of the State Soil Conservation Committee at Frankfort, Ky., a petition signed by at least 25 land owners pursuant to the provisions of the Soil Conservation District Law (Chapter 8, 1940 Session Acts, page 37) requesting the establishment of the Floyd County Soil Conservation District; and

WHEREAS, the lands sought to be included in the said district by said petition comprise lands in Floyd county, described substantially as follows:

All the lands lying within the boundaries of Floyd county, Kentucky, excluding town lots within the incorporated towns and unincorporated villages of Floyd county.

NOW THEREFORE, notice is hereby given that a public hearing will be held pursuant to said petition, on the question of the desirability and necessity in the interest of the public health, safety and welfare of the creation of such district, on the question of the appropriate boundaries to be assigned to such district, upon the propriety of such district, and of all other proceedings taken under said Act and upon all questions relevant to such inquiries. The said public hearing will be held by the State Soil Conservation Committee on the 12th day of May, 1950, beginning at 10 a.m., Eastern Standard Time, at the courthouse in Prestonsburg, Kentucky, in the county of Floyd. All persons, firms and corporations who shall hold title to, or shall be in possession of, any land lying in the limits of the above described territory, whether as owners, leasees, renters, tenants or otherwise, and all other interested parties are invited to attend and all will be given an opportunity to be heard at the time and place hereinabove specified.

EAGLES' HOSTS TO GATHERING

At Dedication Here Of New \$35,000 Home; F.O.E. History Traced

Public officials joined private citizens here, Saturday afternoon and evening, as guests of Prestonsburg Aerie, Fraternal Order of Eagles in the dedication of the Eagles' new \$35,000 home on the Mayo Trail at the upper city limits.

Jimmie James' well-known orchestra, the Three Clefs and an excellent floor show added to the entertainment of a crowd which taxed the capacity of the building.

Former Representative W. G. Biggers, president-clerk of Prestonsburg Aerie, acted as toastmaster, and the address of welcome was delivered by Mayor Curtis Clark. County officials who spoke briefly were Circuit Judge Edward P. Hill, County Judge Henry Stumbo, County Attorney W. W. Burchett, Circuit Clerk W. W. Cooley, County Clerk DuRan Moore and Tax Commissioner Clive Akers.

Joe Deikart, Louisville, auditor for the Kentucky Aerie, Order of Eagles, and a veteran of the organization for 32 years, as the principal speaker traced the history of the order from its founding, 52 years ago. Of the Prestonsburg group, he said:

"You can hunt the United States over, and you will not find an aerie which has made the progress Prestonsburg's has since its organization, two years ago."

He claimed for the Eagles credit for the idea of Social Security and pointed to the charitable workings of the order. Prestonsburg Aerie alone gave to such causes, last year, approximately \$3,000, it was said. The Eagles, Mr. Deikart declared, has a membership of almost 1,500,000 and is the richest fraternal organization in the world.

Mines and oil wells on federally owned land produced \$7,363,000,000 worth of products in 1948, four times the value in 1940.

Alcoholics Anonymous Open Meet at Martin Stresses AA Purpose

Approximately 125 persons attended the open meeting of Alcoholics Anonymous in the Martin Methodist Church, Saturday evening, and heard a Huntington, W. Va., speaker outline the purposes and workings of the organization.

The meeting climaxed the work of several weeks in Martin by A.A., and a member of the Prestonsburg Central Group, sponsor of the movement there, said such interest has been shown in Martin that the community will set up its own separate AA group.

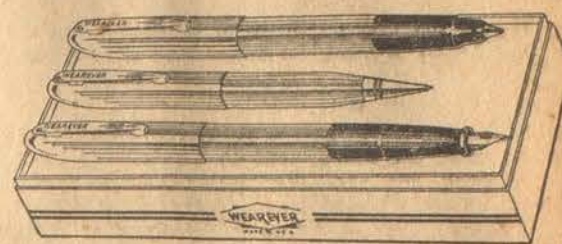

This spokesman said Saturday night's meeting also served to dispel the erroneous idea entertained by a minority that Alcoholics Anonymous may be interested, or taking part, in the coming local option campaign in Martin. "Our sole interest," he said, "is to reclaim men from drunkenness and to help them live as sane, normal human beings, and I believe the public is more aware of this purpose than ever before."

Property owners in the Dominion Republic now must build on vacant lots or pay a high tax penalty—five per cent of the appraised value. Vermont was the first state to provide for full manhood suffrage which was not dependent on property, owned or rented, or a specified income.

In West Virginia Wreck; Woman Seriously Hurt, War Veteran Blamed

Estill Patton, West Prestonsburg used furniture dealer and war veteran, faces a voluntary manslaughter charge at Union, W. Va., in the death Sunday of a six-year-old girl when Patton's truck sideswiped a station wagon, two miles south of Rook Camp, W. Va.

The victim, Barbara Joyce Williams, Bluefield, W. Va., was killed instantly. Mrs. Cynthia Neal, 65, another of the seven occupants of the station wagon, was reported in a serious condition at a Princeton, W. Va., hospital.

The County Attorney of Monroe county, of which Union is the county-seat, told County Attorney W. W. Burchett that Patton already has been given a six-month jail sentence and fined \$100 for leaving the scene of the accident and \$50 for drunk driving. He quoted West Virginia state police as saying Patton's truck left the surfaced portion of the highway and struck the other vehicle.

State Police Cpl. F. E. Springer said the West Prestonsburg man's truck failed to stop and that Patton was arrested at Peterstown, 12 miles from the scene of the tragedy. Patton was held under \$1,000 bond to grand jury action on the voluntary manslaughter count. He was uninjured, as was Jack Crum, his companion on the trip.

It was said here Patton had taken furniture of Mr. and Mrs. J. W. Sutherland to West Virginia and was en route home when the accident occurred. Acquaintance here said Patton had not been known to drink since he returned home from overseas wartime service.

murder of Robert Hall, provided the first deadlock. It was the second trial of McIntyre to end in disagreement of the trial jury. In the trial of Barnett, two witnesses stated they saw both the defendant and Dave Harvey striking at Clifford Branham during the altercation on a Martin street in which Branham was fatally stabbed. One witness told of seeing Barnett leaving a nearby restaurant, shortly before the incident, with a knife in his hand.

Barnett contended he fled the scene when Harvey attacked Branham and that he had nothing to do with the killing.

Harvey was convicted at a previous court term and is serving a 21-year pen sentence. He was returned here as a witness in the case from LaGrange but was not called on to testify.

Evidence in the McIntyre case was much the same as at the earlier trial. The defendant, a telegraph operator for the C. & O. Railway Company, claimed he was attacked at a roadhouse, at Boldman, approximately a mile from his home at Harold, and that he then was followed to his home by Hall. He contended he fired a shot from a Jap war trophy rifle in self-defense.

The Commonwealth contended Hall was unarmed and was offering no threat to McIntyre. The death weapon, which McIntyre had told of throwing into the river at Allen, was recovered recently and brought here.

The voluntary manslaughter charge against Johnny Rice in the death of an Allen child when struck by a car operated by Rice was dismissed Friday because of lack of prosecution, and for the same reason the cutting and wounding charge against A. B. Patrick was dismissed.

Sol Robinson was acquitted of a liquor-selling charge. Three others, however, were not so fortunate. Noah Frasure, Willard Hamilton and William Hamilton each drew a fine of \$30 and 30 days in jail. All three indicated they will appeal the verdicts.

IRENE BURKE CLASS ENTERTAINED THURSDAY

Mrs. Richard Ball was hostess to the Irene Burke Sunday School class of the Methodist church at her home on Broadway, April 27. The president, Mrs. Ballard Osborne, presided over a short business session. The devotionals were conducted by Mrs. Richard Ball. The roll call was answered by quotations from scripture verses. Following a social hour, refreshments were served to Mesdames Ballard Herald, Fanny Rannels, Ballard Osborne, Alex M. Spradlin and Mrs. Richard Ball.

Katherine Elliott, 19, Becomes 6th of Family To Die of Tuberculosis

Nineteen-year-old Katherine Elliott became, Sunday, the sixth member of her family to die within the last four years of tuberculosis. The girl, a daughter of Bob Elliott, died at the family home at Water Gap.

She was a member of the Freewill Baptist Church, and had many friends in this vicinity. Surviving are her father, four sisters and two brothers: Mrs. Magdalene Calhoun, of Dwale, Mrs. Cynthia Ann Prater and Miss Peggy Sue Elliott, both of Water Gap. Mrs. Lucy Burns, of Johnson county, Kee Shannon Elliott and Robert Elliott, Jr., both of Water Gap.

The funeral was conducted Tuesday morning at 10, the Revs. Wallace Calhoun and Henry Porter officiating. Burial in the Wright cemetery at Water Gap was under direction of the Arnold Funeral Home.

mond Griffith and Kaner Frasure. It alleged that the four named "unlawfully signed the names of various and sundry persons to a petition setting forth that the town of Martin contained more than 3,000 persons."

In this allegation the indictment may again be at fault, it was said, since the information submitted to the Assembly did not bear the names of persons but simply certified the town's population at more than 3,000, the figure needed to raise the town from the sixth to the fourth class.

H. O. Wilson, who is a member of the City Council with Griffith, one of the defendants, was listed on the indictment as a witness.

The grand jury re-convened, last Thursday, and before adjourning Saturday returned a murder indictment against Jess Kazez in the slaying, 23 years ago, of Victor Osborne at Ligon. The indictment was marked, "No Bond." It bore the names of these witnesses: Ballard Horn, Bill Hall, Homer Borders, Estill Newsome, Oliver Stewart and Fred Gearhart.

Luke Reed, elderly Lackey man, and his son, Mart, were indicted of shooting and wounding Agnel Jones and their respective bonds were set at \$4,000 and \$2,000. Jones was reported recovering at the New York hospital where his brother is a staff member.

Mart Reed, in turn, was listed as a witness on the grand jury indictment accusing Jones of selling whiskey. Jones was named on two counts. Also indicted on two selling counts were Mary Napier, Taulbee McGuire and Bill Clark. Other indictments alleging the sale of liquor named Harold Martin, Mrs. Randolph Hunt, Bill Stone, Tavis Flanery, Curt DeLong, Nell Page and Willie Durham.

The grand jury, in its final report signed by John Hopson, foreman, declared the county's public buildings are the "cleanest and in best state of repair they have been in for many, many years." The jury reported lawlessness, particularly the liquor traffic, declining. Blaming whiskey for the commission of crime, it attributed the decrease in the number of felonies to strict enforcement of the law. The jury during its nine-day session examined 201 witnesses and returned 122 indictments.

Other major indictments returned during last week and offenses alleged follow:

Bud Lawson, Herschell Hall, Arthur Banks, Viola Sexton, Epp Banks, Kennel Mosley, George Conn, each for child desertion; Merline Conn, Jr., Virgil and Bird Conn, confederating and banding against Walk Carver; Ellis and Emitt Hamilton, confederating and banding against Steve Hamilton; Willie Howard, forgery of \$18.50 check on Alex Banks; Kermit Moore, grand larceny in the theft of the auto of Farmer Halbert; Alice May Parker Herbert Parker and Bertie Frasure, enticing four children under the age of 10 away from their father, Kenard Meadows; Luther Thornsbury intentionally burning woods or fields of another; Guy Bates, escaping from Floyd county jail where he was a prisoner booked for destruction of private property.

Ed Collins, Gay Hall and David Evans, pulling down and destroying fence of another; Tom Sexton, destroying private property; Ed Moore and Robert Webb, grand larceny, theft of car of H. D. Joy; T. K. Johnstone, forgery, accused of changing date of check issued to Keith Gilliam from 1947 to 1948; Willie Durham, obtaining money by false pretense, alleged to have sold chances on an auto to Dr. W. H. Jefferson and others and to have failed to honor them; Esta Hunter, separate charges of carrying concealed a deadly weapon and reckless use of a deadly weapon; Oscar Bolen, operating motor vehicle while intoxicated; Yancey Horn, breaking and entering storeroom of N. M. White; Robert Whitten, forgery of \$41.18 check on Whitten Motor Sales; Donald Sexton, taking and enticing away two children under the age of 10 from their mother, Viola Sexton.

Galvin and Oscar Bolen, possession of liquor for beverage purposes; Bill, Frank and Gene Hunt, grand larceny in taking a dog owned by Bill Vaughan; Maryland Conn, carrying concealed deadly weapon; J. W. Birchfield, cold check.

"The Road To Hell" FLOYD GIRLS BARELY MISS

My letter to the people of Floyd county, the greatest and some of the best people on Gods earth:

Let us get our eyes open, for the sake of our children and the great call of our Lord. The vote on whiskey and beer is set for June 10 in the little town of Martin. Oh, yes, some do say whiskey and beer will make our town better. God pity them who do say this!

The great Sam P. Jones, the evangelist from Cartersville, Ga., told the world that whiskey and beer were all right in their place—but that place was in hell where all nations forget God. The Master said while on earth, "The blind lead the blind and all fall in the same ditch together." God help the people in the town of Martin to see afar off and see the new-dug graves and the jails filled with men and boys and girls on account of whiskey. Read your newspapers, of the dying in car wrecks. Yes, a pint or a quart was found in his car.

I have been told by some in Martin that I should be for the West in order to get to make more pictures, as I run a studio in Martin. God pity the one who would stay away from my studio because I am Dry! God forgive and bless them.

This song I heard, many years ago:

I dreamed I rode on the midnight train for hell.
The train was loaded with whiskey and lager beer
And the devil himself was the engineer.

Well, I must admit that whiskey and beer in Martin will help a few people. It will help those who sell it, and help our Jailer and some of our doctors and will help our undertakers, and help to send our boys and the fathers from many homes to hell. What must we do? Shall we let the whiskey men tell us to cut our throats in order to pay them to ship their damnable stuff into our town, just for three or four men to get into business for themselves and destroy the young boys and girls of our little town? God forbid! Oh, mothers, the call is yours! Oh, fathers, the King of all kings said unto you and me, "Look unto me, all ye besides me there is none other."

Can any one be a child of God and vote a Wet ticket? It's for you to decide this matter on June 10. I now bid you godspeed and all his blessings. I am against all rings and for all things that please our Lord and Master. I am a friend to all the people. I am yours for our little town of Martin and our county and state.

Respectfully I am yours,
J. D. PAYNE

Cancer Claims Wayland Woman Sunday; Services Held at West Van Lear

Cancer claimed Mrs. Effie Salyers, 65, wife of Frank Salyers, at her home at Wayland Sunday. Suffering for some time, she had been bedfast and her condition was described as critical for most of the past four months.

She was born July 1, 1884 at Hager Hill, the daughter of James and Laura Brown Spradlin. She resided at Betsy Layne before moving to Wayland. She was held in high esteem wherever she was known and was a member of the Freewill Baptist Church at the time of her death.

She was married twice. Her first husband, Grover Mayo, whom she married in 1903, died several years ago. Of this union, there survives one daughter, Mrs. Hazel Mayo Mills and four grandchildren, of Detroit, Mich.

Additional survivors, besides her husband, include one sister, Mrs. Hettie Webb, of Prestonsburg, two half-sisters, Mrs. Frankie Auxier, of Madison, Ind., and Mrs. Henry Barber, of West Van Lear, one step-son, Ralph Salyers, of Dayton, Ohio, and her step-mother, Mrs. Lorenda Spradlin, of West Van Lear.

Funeral services were here at 2 p.m., Tuesday at the West Van Lear home of her step-mother with the Reverends Isaac Stratton and Chick Hall officiating. Burial was made in the family cemetery under direction of the Jones Funeral Home.

Honors in Tri-State Spelling Bee; Winner Is Catlettsburg Girl

Floyd county's two representatives in the Herald-Dispatch spelling bee held at Huntington, W. Va., Saturday, were among the last five finalists, but it was 13-year-old Ruth Conley, of Catlettsburg, who won the contest and the trip to Washington, D. C., for the national finals.

When "exceptionally" tripped Quanda Martin, of the Maytown consolidated school, there were only four spellers left on the Palace Theatre stage, and one of those was Prestonsburg's Josephine Tackett. But "indulgence" bested Josephine, soon afterward, and her departure from the contest left only the winner, the runner-up, Paula Seymour, of Ashland, and Rita Jane Smith, of Russell.

It was the second consecutive year for Floyd county to send a near-champion to Huntington. Last year, Nancy Spurlock literally came within one letter of winning the title.

Twenty-two contestants took part in the bee at Huntington.

Foreign Language Tutors To Convene on UK Campus

Approximately 500 foreign language teachers from throughout the United States are expected in Lexington May 11-13 for the University of Kentucky's third annual Foreign Language Conference. Theme of the conference will be "Ways to International Understanding." More than 100 papers will be presented in sectional meetings devoted to Latin, Greek, French, Spanish, German, Slavonic, Biblical and Patristic languages. Principal speakers will include Dr. William C. Korfmaier of St. Louis University, Dr. H. Carrington Lancaster, Johns Hopkins University, and Dr. Carl F. Schreiber of Yale.

HOMEMAKERS TO SPONSOR SEWING DEMONSTRATION

The Prestonsburg Homemakers will sponsor a sewing machine demonstration depicting the use of attachments in simplified dress making and home decorations on Wednesday, May 10, at 1:00 o'clock, at the home of Mrs. John Hale on Third street. Miss Louise Jamison, of Williamson, W. Va., will give a three-hour demonstration for the Prestonsburg Homemakers Club. This will be a most interesting and constructive meeting for the club.

Prestonsburg Woman's Service Span In Step With Firm's Progress

MRS. MINNIE HALE

Mrs. Minnie Hale, Prestonsburg, for thirty years an employe here of the Southern Bell Telephone and Telegraph Company, was honored recently with a dinner at Pikeville and awarded a service pin honoring her period of service with the company, H. L. McCrary, group manager, announced.

McCrary presided at the dinner. R. M. Brammer, district manager, presented the award pin to Mrs. Hale.

Mrs. Hale began working for the company as night operator in 1917. At that time the telephone subscriber, in order to contact someone by phone, had to "crank the box" to get the switchboard operator who, plugged in and, in turn, "cranked out" the desired number. Numbers were "cranked" or contacted by the company's code of bell signals made up of an assortment of long and short rings.

When ringing machines were installed for the Prestonsburg network, Mrs. Hale was appointed chief operator, March 9, 1930. She was made contract agent in 1932. After the dial system was installed here and the new exchange built, she was transferred to the commerce department, July 1, 1941, where she now works.

She recalled that, during her tenure, the exchange had been destroyed by fire three times, two of the conflagrations also consumed the U. S. postoffice and one of them saw the destruction of the building housing the Floyd County Times.

PRESENTED IN VOICE RECITAL

Mrs. Helen Reed Ankrom, Drift, was presented by Mrs. Edith James in an hour of vocal entertainment on last Friday evening in the auditorium of the Presbyterian church. The invocation was given by James Goble. Mrs. Ankrom, who showed pleasing talent, sang in four languages. Mrs. James accompanied her at the piano. The church was decorated with baskets of apple blossoms, the same decoration being carried out in the upstairs reception room where a reception followed the recital. Forming the receiving line were Mrs. Edith James, Mrs. Helen Reed Ankrom, Mrs. B. F. Reed, Mrs. Alvin Reed, Miss Catherine Reed and Miss Sarah Clay Stephens. The tea table was covered with a hand-made white linen cloth with a basket of varied colored tulips placed in the center flanked with low crystal candlesticks holding green candles. Mrs. Alvin Reed, assisted by Mrs. John D. Thomas, poured tea from antique silver urns. Fancy sandwiches, mints and cakes were served from the tea table by Misses Jane Davis, Sarah Clay Stephens and Catherine Reed. About seventy-five were served. The hostesses were Mrs. Alvin Reed and Miss Catherine Reed, assisted by Mrs. John D. Thomas and Mrs. Ralph Davis.

U. S. DAUGHTERS OF 1812 ENTERTAIN NATIONAL PRESIDENT

Mrs. Claude P. Stephens, president of the River Raisin chapter, United States Daughters of 1812 at Lexington, returned home Monday, where she presided at the spring meeting Saturday at the Lafayette hotel. The chapter was honored with the presence of the President National, Mrs. Frederick Brewster Ingram, of Dallas, Texas. Other distinguished guests were Mrs. Walter Carmell Anderson, historian general, of Lexington, Mrs. Hugh L. Russell, Ashland, Historian General of National Society, Daughters of the American Revolution. Following the business session, Mrs. Ingram gave a most interesting talk on the activities of the National Society of Daughters of 1812. The program was most interestingly presented by motion pictures of forty historical Kentucky homes over hundred years old. Sid Combs, of Lexington, was the guest speaker and narrator. Tea, honoring the distinguished guests was given at the home of Mrs. Baker, to members of the Society only, following the program.

PRESBYTERIAN AUXILIARY ENTERTAINED AT DRIFT

Mrs. Dan Reed and Miss Catherine Reed were co-hostesses on Tuesday evening at eight o'clock at their home at Drift to the members of the Presbyterian Auxiliary. The president, Mrs. Ralph Davis, presided. Singing of "Blest Be the Tie" opened the meeting followed by the devotionals conducted by Mrs. Jack Spurlin. Plans were made for making and furnishing choir robes of the "Buckeye school choir, Middle Creek Road, and to help with the Vacation Bible School at Buckeye beginning May 15th. Miss Catherine Reed, program chairman, gave a most interesting program on the "History and Doctrine of the Presbyterian Church." Delicious refreshments were served to Mesdames J. D. Clothing May Be Left At Schools of County As Late as Next Monday

Clothing taken to schools out in the county during the clothing drive being conducted by the Kiwanis Club concurrently with Clean-Up Week here may be collected until Monday, since items collected at these points cannot be picked up until next week, club officials said this week.

Harry Fiedler, chairman of the clothing drive committee, is preparing shelving and hanger-rods for the Welfare Department's storage room here so that clothing may be stored in orderly manner. Clothing and footwear for children are sought in particular during the drive, it was said.

The first food to be shipped by refrigerator car was eight tons of butter, from New York to Boston in 1851.

DISTRICT SOIL CONSERVATION

To Be Heard Here, May 12; Ky. Soil Head Tells Plans for Organization

Organization of a soil conservation district to include all lands in Floyd county except town lots will be considered at a public hearing to be held at the courthouse here at 10 a.m., May 12, Henry Ward, chairman of the State Soil Conservation Commission, announced this week.

The question of desirability and necessity in the interest of public health, safety and welfare and that of boundaries will be considered at the meeting. Mr. Ward urged that all interested persons attend.

The hearing is a result of a petition filed April 21 asking the formation of a Floyd soil district.

R. L. Shepherd, Prestonsburg, moving spirit in the soil conservation movement in the county, pointed out this week advantages which would accrue to the county through a soil conservation district. "These he said, include:

- 1. Drainage; planning by survey for direction and depth of ditches and tile.
2. Contour farming; training personnel laying out farms for this soil-conserving method.
3. Aid in reforestation.
4. Long-range farm planning.
5. Employment of a fulltime worker at no local expense by the federal government through the State Extension Department.

BRIGHT NEW TOUCH TO A BIG BOLD BEAUTY

See something new here? That's right—the gleaming sweepstakes now adorns the fenders of this ROADMASTER Riviera Sedan. An extra touch of distinction that's yours as a standard item.

What's the secret of the "UNRUFFLED" RIDE?

SOME car makers say springs make the ride—and so we give every Buick four of the soft, gentle coil springs practically all cars use on front wheels only.

Some say the drive is important—how power is transmitted to the rear wheels.

We agree—and use a torque-tube drive, that takes up all the thrust, freeing rear springs of driving pulsation.

Some stress tires—so you'll find low-pressure casings on every Buick, mounted on our own kind of Safety-Ride rims. Some play up shock absorbers—we make ours fast, soft and sure in action, to wash out all "after-bounce."

Then there are frames—and car weight—and engine mountings, which on Buick are a very special kind used nowhere else.

They're all important—yet the plain truth is no one of these things—or two or three—gives a ride you can truly call "unruffled."

We feel it takes all of them—springs, tires, shock absorbers, drive, engine mountings—carefully and precisely brought into balance with each other.

You can see why we think so in any Buick—SPECIAL, SUPER or ROADMASTER.

You can feel it on cobblestones

and car tracks, washboard gravel and weather-pocked macadam, country lane and city street. You even feel it on boulevards, which grow still smoother when you travel them in a Buick—especially when it has Dynaflo Drive.*

So we would like you to try a ride that is truly "unruffled." Free of harshness—undisturbed by bounce and jitter—level—steady-going—smooth.

Just ask any Buick dealer for a chance to try out any Buick: You'll find it "the ride of a lifetime"—and the buy of a lifetime too!

*Dynaflo Drive is standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Only Buick has Dynaflo—and with it goes!

have attracted wide attention. The committee gained approval of the Post Office Department of use of a special die in the cancelling machine at the Prestonsburg postoffice, and as a result each item of mail leaving the office now bears these words, "Floyd County, Kentucky Sesquicentennial, July 1-4, 1950."

At the same time the group announced it has arranged for a beauty contest in which some girl from the 15-county area represented by the original Floyd county may enter the Miss America pageant at Atlantic City. Sesquicentennial queen will be sent to Louisville, all expenses paid, to compete for the Miss Kentucky crown and the right for national honors, it was said.

Qualifications for beauty contestants were outlined briefly as these: The contestant must be a resident of the area included in the original Floyd county for six months prior to July 1, 1950, or a student in the area during that period if a resident of another section; must be single, never married or divorced, a high school graduate or a high school senior, and must be between the age of 18 and 28 years on September 1, this year. Good character is a qualification equal to good looks. Rules of the Miss America contest prevail.

The Sesquicentennial committee has its quarters in the office of Marshall Davidson, on Court street, and the volume of mail, outgoing and coming in, was mounting past the capacity of the one fulltime stenographer now working for the committee, it was said Wednesday, the pioneer families of the section

ANYTHING BUT THIS! I give up—I'm ready to say Darwin was right.

Not that I have shed my Fundamentalism or that I have become so disgusted with the race that I have reached the conclusion that we must have sprung from a lower order of animals. I'm simply accepting the "Origin of Species" as a matter of self-defense and in the defense of humankind.

I have been more or less in dry dock since a recent ill-fated fishing trip, and have been doing my fishing by proxy, as it were. Arming myself with all the latest outdoors periodicals, a copy of Knight's Solar Theory, a Fishing Almanac and two weightier tomes by Bergman and Lucas, I have been doing famously at it, too.

I should say, I was doing famously. Then there drifted into my ken, as they say, a certain article in Hunting and Fishing which had to do with the common, old "bill gar" and the dogfish. This article, on the whole, was all right. I wriggled my toes delightedly as I read what a despicable monster of the finny tribe the gar is and what ought to happen to him and all his breed.

Then there swam into the range of my vision this paragraph: "These fish can trace their ancestry back to the time when man was non-existent and the earth was covered with water. And there are those who say that man could have evolved from the fish and, as proof, point to the tails and fins... as the early beginnings of hands and feet."

Now, I have never subscribed to this theory that my ancestors made like Tarzan, swinging by their tails from the trees while uttering long-drawn-out "beefies" and thumping their chests. Yet I have never run a temperature over the matter. And if they'd have let us off with coming down from a fighting, clean-living bass or trout, I'd have gone on, unbelieveing, but not vociferously so.

But when they get around to hinting that great-great-great-great-somebody-or-other was a "bill gar"—brother, I'm ready to give up and settle for Darwin.

Stick a cornocob over my nose and send me skittering across the river Styx like a skipjack, let Charon refuse me a boat ride and urge Scylla and Charybdis to do their worst by me—but, please, let's not mention bill-gars as ever having had anything to do with my family tree!

JUNIOR CONSERVATION CLUB CONTESTS NEAR CLIMAX WITH BAIT CASTING SCHOOL CHAMPS DECIDED AND COUNTY RIFLE CHAMPS NAMED

Floyd county schoolboy competition in Junior Conservation club events approached a climax this week with the county champions crowned in the rifle shooting contest and the last of the school champs decided in the bait casting contest prior to the county-wide trial slated tentatively for May 27, Bernard Baldrige, county conservation officer, announces.

Frank May, Alphoretta, with a score of 95, proved himself top man in the Martin high school bait casting contest held there last Thursday. He, with the other Floyd county school champs named last week in The Times, will compete for the county championship and a trip to the state finals. Although the date is not definite, Baldrige said, the site of the county finals will definitely be held on the Beaver Valley Golf and Country Club course at Allen.

Scoring computations, Baldrige announced, had been completed and certified for the recent high school rifle matches. The final competition narrowed down to two schools, Prestonsburg and Martin.

The county rifle champs will enter the district matches for right to advance to the state meet. County results are as follows:

Wendell Ensminger, Prestonsburg, won the one-man team test with a score of 115 beating Bob Baldrige, Maytown, who shot a 76. In the two-man team match, Edmund

Allen Tops Indian Creek, 21-1,
Henry Clay Blanks Drift, 10-0,
Hi Hat Nips Elkhorn City, 4-3

Prestonsburg-Price and Martin-Harold Rained Out

Showers of rain prevented the play of some of the Big Sandy league teams in the loop's opening games Sunday while two of the other teams who did get to play literally "showered" their respective parks with hits.

Allen scored in every inning but one and "poured it on heavy" to humiliate visiting Indian Creek, 21-1. Henry Clay entertained Drift with a 10 to 0 defeat to almost even the record books in the matter of games between loop members of Pike and Floyd counties.

Hi Hat, however, disregarding the damp and cool atmosphere, pounded out a crisp victory over Elkhorn City, 4-3, in a hot eleven-inning contest. In other league games, Prestonsburg at Price and the Martin-Harold game, the weather issued rain checks.

The Allen nine, which felt no damper in getting off to a good start this year in defense of 1949

flag winning, covered their home field with 23 hits collected off the offerings of three Indian Creek pitchers.

Allen's rightfielders were exceptionally warm at the bat. Raymond Hall, in five trips to the plate, nabbed a triple, two doubles and two singles for a perfect day. He scored three runs. His relief, C. Hinchman, collected a run and a hit in one trip to bat. Other Allen extra-base hits were doubles by Lincoln Brown, Marion Brown and Don LaFerty while Don's big brother, Charles, hit a homer in the fourth inning which also scored Raymond Hall.

Allen pitcher, Chester Tackett, in five innings, allowed four hits, one run and struck out six batters. Ed Hall finished the tilt, allowing no runs, three hits and whiffed two batters. Indian Creek pitcher Ray was charged with the loss.

Allen batters touched Ray for 10 hits and nine runs in four innings. Smith for nine hits and seven runs in three frames and Newsome for four hits and five runs in one inning.

Henry Clays ace right hander, Hayes Duty, by virtue of his performance of mound duty and duly performed feats at bat, well earned a nickname of "Double Duty." He blanked Drift, allowing only four hits, and was big gun at the plate percentages by getting two hits in three tries. Drift hurler Pack was the losing pitcher.

Moore, Drift rightfielder, also did alright with batting percentages. He got two hits for three trips but, like the rest of his teammates, failed to cross the plate.

Hi Hat scored a run in the eleventh inning with two out to win. C. Johnson, Hi Hat third baseman was the batting leader for the day, with two doubles. T. Deskins and Bill Powell of Elkhorn and R. Howell, of Hi Hat, each had a double to their credit.

WAYLAND HIGH GETS GAME UP ON BLACKCATS

SCHOOL TEAMS OPEN DIAMOND SEASON

Rain cancelled the second meeting of the Wayland Wasps and the Prestonsburg Blackcats Tuesday afternoon at Wayland which was a scheduled return engagement following Wayland's one-run victory over the Cats here Friday. With no third date arranged, thus far, Wayland stands a game up in the record books on the Prestonsburg high school nine.

The first meeting between the two marked the opening of the high school baseball season which is expected to see several of the Floyd county school squads in official action. The season closes officially with the Kentucky High School Athletic Association district tournament here, May 17-18.

A close baseball game here Friday afternoon at 6 p.m. saw the Wayland high school Wasps sting the Prestonsburg Blackcats, 3-2, in a KHSAA seven-inning regulation game.

Martin, the winning pitcher, breezed the ball past the batters for nine strike outs. Cragger, who relieved him in the seventh inning, gave out two blanks.

Childers, the losing pitcher, after delivering six strikeouts, got himself in a hole in the fifth and walked in Houston with Wayland's winning run. After allowing the run, he retired the side. Alex Patton relieved Childers at the top of the sixth, marked up two strikeouts and gave out no hits in his two innings of mound duty.

Prestonsburg threatened in the sixth when Mosley connected with a double, the only extra-base hit of the game, but the promising run was brought to a sudden halt as Martin set down three batters in a row to retire the side.

Scores by innings:
Prestonsburg 010 100 0-2
Wayland 002 010 x-3

Elkhorn League Baseball Teams To Get Started Tomorrow Night

Require Three Days To Open

Beginning tomorrow (Friday) night at 8 p.m., seven teams of the recently organized Elkhorn Baseball League employ three playing dates, May 5, 6 and 7, to get the loop's 1950 payoff batting action into full swing.

Drift tangles with Harold in the latter's home park at Pikeville and Stone visits Weeksbury as four of the seven open up on the first date. The second date, Saturday night, finds two league members crossing bats with each other when Omar (W.Va.) pays a visit to Wayland.

Sunday afternoon at 2:30, three daylight games complete the opening rounds. Omar will appear at Drift, Weeksbury has a neighborly tussle slated at Wheelwright, and Wayland goes out of the county to play Harold at Pikeville.

TWO LEAGUES IN SOFTBALL ARE PLANNED

Adoption of plans for two softball leagues to operate here through the summer months and the election of 1950-51 officers highlighted the business of the Prestonsburg Athletic Club in its Thursday night meeting at the grade school auditorium.

The plans call for the organization of a church league and an independent loop. An entrance fee of \$50 will be charged to each team in the independent league and all gate receipts of the games, after expenses are deducted, will be applied to the indebtedness against the playground, it is said.

It was also approved, for the second consecutive year, to employ a playground director.

Clifford Wright was named the new president and Fred Francis the new secretary-treasurer.

All the above models have a Six-Cylinder engine. Pontiac's Straight-Eight is \$60 extra on any model. State and local taxes, if any, license, optional equipment and accessories—extra. Prices subject to change without notice. Prices may vary in surrounding communities due to transportation differentials.

You can pay more for a car than the price of a new Pontiac—but you can't buy more all-around automotive goodness!

Pontiac's new prices are doubly remarkable: First, they are remarkably low—in fact, they are just above the very lowest. Second—and far more important—are the wonderful things your new car dollars buy when you choose the Pontiac nameplate.

You get a big, wonderfully beautiful car—you get the enduring thrill of Pontiac's sparkling Silver Streak performance—you get the smoothest, most comfortable ride you've ever had.

And you get more—you get a wonderful sense of deep-down pride and satisfaction every time you're behind the wheel!

Dollar for dollar, you can't beat a Pontiac! Come in and see why.

in the Rockies choose one of nine feet and six ounces, simply because the larger rivers there require a rod which will handle much more line.

These two sizes, by the way, will take care of most fly-fishing conditions. A dry-fly enthusiast will want a lighter one, and a fisherman who is striving for distance and is after big fish—steelhead, salmon or salt-water fish—may want a larger one. But a fisherman should not select a rod too big and cumbersome for his fishing needs. The rod is in almost continuous operation in fly fishing, so a heavy one will tell on a man.

As for rod action, one still hears talk of dry-fly and wet-fly action. These terms are meaningless today. The so-called wet-fly action was an old-fashioned type rod that bent fairly uniformly from butt to tip. It went out with the Model T.

A good rod of modern design will handle a great variety of conditions. It starts to work primarily in the tip and as more and more pressure is applied it shifts the strain down to the stronger middle and butt sections.

A rod designed with a soft middle or butt section is inefficient because the lower part of the rod takes over before the most benefit has been derived from the tip.

Betsy Layne Youth To Sing in All-Kentucky Chorus at Lexington

Pikeville, Ky., May 2 —(Spl.)—Sam Paul Combs, of Betsy Layne, is one of four Pikeville College Academy boys who will take part in the State Vocal and Piano Music Festival at the University of Kentucky May 10-13. President A. A. Page of the College announced this week they, together with five girls from the Academy, will sing in the All-Kentucky Chorus of 1000 voices which will climax the State Festival with a concert in the University's new Memorial Coliseum on the evening of May 12.

All nine are among the 39 members of the Academy Mixed Chorus, which was judged "superior" in the recent Pikeville Regional Music Festival.

The All-Kentucky Chorus, under the direction of Dr. Lata Hogard, assistant director to Fred Waring, will be accompanied by two pianists, an organist, and the University band. This program will be the first event of importance held in the new auditorium which seats 15,000.

Farm Forestry Project Headed By F. M. Hunt

Frankfort, Ky., Feb. 9 (Spl.)—The establishment of the Wolf Creek Farm Forestry Project, in cooperation with the U.S. Forest Service, to be headed by Farm Forester, F. M. Hunt, was announced today by State Forester H. B. Newland.

This, the second Kentucky farm woodland management project to be activated this year will have its headquarters at Somerset and will include Pulaski, Wayne and Russell counties.

Hunt, a native of Danville, Kentucky, was supervisor of the Kentucky Ridge State Forest prior to his transfer. He is a graduate of Duke University with a masters degree in forestry.

The farm forester's duties will be to give assistance to farmers and other woodland owners in the proper management of their timber land. Hunt will also mark trees which are to be harvested and will assist the owner in the marketing of his forest products.

The office of the Wolf Creek Farm Forestry Project will be located at 121 Main street in Somerset.

The three churches, Maytown, Garrett and Salisbury, of the Maytown-Garrett charge, met in the basement of the parsonage here for a picnic dinner on Sunday, April 30. As it was the fifth Sunday of the month, Rev. Allen, pastor, invited the churches for a gathering which was enjoyed by all. Those who attended had a good time and those who were absent really missed a good time. The Rev. Kelly, from Cynthia, who is holding a revival at Salisbury, was one of the guests. We are looking forward to another get-together.

Miss Gwendolyn Gibson and Miss Linda June May each celebrated their birthdays with parties on Saturday and Sunday afternoon of last week. Many of the younger set attended, bringing lovely gifts for the honorees.

The senior class, with Mrs. Baker, Miss Dingus and Miss Bowman, report a grand time on their trip to Washington. The senior play, "Love Your Neighbor," was given on Tuesday as the last stepping stone toward financing the trip.

The second spring music concert was given in the auditorium of the high school building on Monday, May 1. The funds will go toward financing Maytown's part in the festival. We are very proud of our festival members—two won "superior" in Pikeville and five won "excellent" in the ratings. Maytown entered in seven events.

Ladies of the Maytown Methodist Church have completed their sales of shampoo to pay for the coffee percolator to be used in the basement of the parsonage. Seventy-two jars were sold without difficulty. Thanks to all for their cooperation.

BIRTH ANNOUNCED

ELECTRIC COOKING Saves TIME!

Helen: Mine will be ready when I get there. It's cooking on my Electric range.

You don't have to watch or worry about an electric range. Put a whole meal in the oven, set the timer and forget it. Meal's ready when you get back! You save clean-up time, too, 'cause pots and pans stay shiny bright with clean electric heat. And for most things, actual cooking time is quicker the modern electric way. See the latest model electric ranges at your dealer's now.

The Betsy Layne high school faculty and students were pleased to have a student of the school win first place in the county oratorical contest which was held at our school last week, and especially were the seniors complimented when the winner came from their number in the person of Sylvia Newsome.

SCHOOL EVALUATED

The Evaluation Committee, made up of members from the office of the county superintendent, the health department, a visiting principal of another county high school, a lay member, and a school man from outside the county, spent the entire day at Betsy Layne high school Monday of last week. All phases of the school were observed at work, also the entire school plant was inspected including the campus. After the observation the school was rated by the entire committee on 60 individual points, each of which could be given a score of five down to one. The Evaluating Committee was composed of Palmer Hall, superintendent of schools; Boone Hall, supervisor; Paris Conley, attendance officer; Herb Prater, assistant attendance officer; J. H. Woods, supervisor of Knot county schools; Chas. Clark, principal of Garrett high school; M. V. Clark, sanitary inspector; Floyd county health department; Rev. J. L. Dennington, pastor, Calvary Baptist Church, Betsy Layne; Henry Moore, Jr., principal, Betsy Layne grade school; and D. W. Howard, principal, Betsy Layne high school.

MIDAS

The many friends of Pearl Shannon Hicks are happy to know that she is improving after a major operation in which most of her shoulder was removed in Good Samaritan hospital, Cincinnati. Pearl Shannon is the daughter of William Hicks and the late Mary Ann Hicks. She is a sophomore in the Maytown high school. About two years ago, she fell and broke her arm near the shoulder. Possibly from this fall cancer resulted but was not detected until a serious stage developed. She was then taken to the hospital in Cincinnati on April 20 by her sister, Mrs. Wright, and Dr. G. C. Wright of Grundy, Va. Surgery required operation of five hours. She will soon recover, according to the cancer specialists, if the roots did not reach her lungs.

Her father says that Pearl Shannon does not realize she has cancer, so it may be wise for her friends to refrain from mentioning this when corresponding until the doctor sees fit to advise her.

Because of ill health, Jack Adkins has resigned as engineer in the compressor station of Inland Gas Corporation here. He now resides near his store at the mouth of Brush Creek. Mr. and Mrs. Harold Barnett moved into the house previously occupied by him, near the station.

Mr. and Mrs. V. A. Hayes were among the members of Wayland Eastern Star chapter who attended the banquet and inspection at Prestonsburg, Monday evening of last week.

Why HUDSON'S recessed floor means Most Room! Best Ride! Safest!

Hudson's "step-down" design brings benefits in room, riding qualities and safety not obtainable in any other car at any price!

HUDSON
"Step-down" design, with its recessed floor, uses space between frame members that other cars waste. The result is America's lowest center of gravity (and full road clearance), while providing more head room and seating room than any other car.

OTHER CARS
All other cars have floor on top of frame, so they fail to utilize the vital space between frame members. Result is a higher center of gravity and either a high roof line or insufficient head room. Seats are narrower; passenger space is less.

WHEN you try Hudson's "New Step-Down Ride," we believe you will find it a delightfully new experience. For Hudson is the only motor car with a recessed floor ("step-down" design). This results in the lowest-built car of them all, with true streamlining and magnificent beauty.

It provides full road clearance and the most room in any automobile at any price! It creates America's lowest center of gravity, which brings you the best and safest ride ever known. Won't you accept your Hudson dealer's invitation—enjoy "The New Step-Down Ride" soon?

The new, lower-priced Pacemaker brings you all of Hudson's exclusive advantages for just a few dollars more than the lowest-priced cars!
