BOARD VOTES TO BUY LAND FOR BUILDING

But Gym Delay Seen Here; Commitments Elsewhere Talked

The Floyd County Board of Education voted Tuesday to purchase the additional land asked by Gordie Young, Assistant Superintendent of Public Instruction, for a county high school plant here but at the same time indicated construction may be limited to that of classrooms, with an auditorium and gymnasium a project for the future.

Previous commitments to the town of Martin for a gymnasium for the school there and the need of school structures at Ligon and Boscoe were given as reasons for considering elimination of a gymnasium from building plans here.

"First, get the children inside a building," was the consensus of views expressed. It was held the total cost of a complete school plant here, the Martin gym and the other school buildings would be too high.

To negotiate for the purchase of the 19 lots desired for the county high school here, a committee composed of James Greene, chairman of the Board, County Superintendent Palmer L. Hall and City Superintendent Chalmers H. Frazier was named.

The board decided to go ahead with plans for the school, and these plans, subject to revision, now envision 21 or 22 classrooms.

B. M. JAMES VICTIM HERE

Veteran Attorney Dies Sunday; Had Practiced In Courts for 37 Years

Ballard M. James, 61 years old, prominent Prestonsburg attorney, died Sunday at the Prestonsburg General hospital of complications resulting from a pneumonia attack and a paralytic stroke suffered several months ago.

Mr. James had been critically ill, a few weeks earlier, but was believed convalescing until stricken by his last illness. He was widely known in Kentucky and neighboring states, and news of his passing was received with deep regret by a wide circle of friends and relatives.

An attorney 37 years, he attained his greatest brilliance as a defense lawyer in criminal trials. He was the first attorney from Floyd county to be qualified to practice before the U. S. Supreme Court.

Mr. James was born at Thomas, Floyd county, Feb. 22, 1890, the son of Thomas and Nancy Jackson James, and first came to Prestonsburg as a student in 1908. He began the practice of law in 1912, and in the following year was married to Miss Geneva Williams. To this union were born three children, of whom one son, Frederick Allen James, and one daughter, Mrs. J. W. McIntosh, both of Prestonsburg, survive.

He had been a member of the Baptist Church since 1909, and in recent years had devoted a large part of his time to work in Irene Cole Memorial Baptist Church here. He also was a member of Prestonsburg lodge, Independent Order of Odd Fellows, of which he was a past noble grand, a member of Zebulon Masonic lodge, the Shrine, Knights Templar and the Order of Eastern Star.

Besides his widow and children, he leaves six brothers and three sisters, Malcolm James, of Gulnare, Hawk James, Pikeville, Tom James, Prestonsburg, Elmer, Ollie and Jesse James, all of Gulnare, Mrs. Hawk Collins, Gulnare, Mrs. H. Conn, Betsy Layne, and Mrs. Henry P. Scalf, of Mare Creek.

Funeral rites were conducted Tuesday from Irene Cole Memorial Baptist Church, the Revs. A. C. Harlowe, L. W. Benedict and Harold Black officiating. Burial, under auspices of the Odd Fellows and Masonic lodges, was made in the Weddington cemetery here, the Carter & Callihan Funeral Home directing.

Counsel for Unions Ask Verdict Voided In Laburnum Action

Richmond, Va., March 1—Counsel for the United Mine Workers and two affiliated unions asked the city circuit court today to set aside the verdict against them for \$272,437. Judge Harold Snead set May 18 for argument on the motion.

The defendants also renewed a motion for mistrial which was made during the four-week trial of the suit brought by Laburnum Construction Corporation. The Richmond building firm was awarded both actual and punitive damages by a jury which held that Laburnum was injured by a labor dispute and a work stoppage on a Kentucky project.

BROWN SIGNS DONOR CARD

Business Man, Blind, Volunteers His Blood Hoping To Save a Life

Among the first of Prestonsburg's residents to sign a Red Cross blood donor card, pledging a pint of blood when the mobile blood unit from the Huntington Blood Center comes here April 4 in its first visit to Floyd county, was E. B. Brown.

And Mr. Brown is blind.

Said this Prestonsburg man who, despite his handicap, has been a business success and who takes an amazingly active part in the life of the community:

"That was one thing I wanted to do, to volunteer my blood—it may save some soldier's life."

Mrs. A. H. Mandt, head of the committee enlisting volunteer donors, announced that all county officials whose physical condition will permit have signed donor cards.

These cards are being placed in both Prestonsburg banks and in various other business places here for the convenience of any person who may desire to contribute a pint of blood on April 4 for use in saving a life.

Bert T. Combs, Prestonsburg, county chairman of the Red Cross blood program, said this week that the Red Cross acts merely as a coordinating agency on behalf of the federal government in the procurement of blood.

Mr. Combs explained that every hospital in the county will receive a blood supply as a result of the program now being launched, although the greater part of the blood will go to the armed forces. Hospitals can keep blood no longer than 21 days when it must be returned to the blood center, which in turn supplies this with fresh blood. The old blood returned to the center is converted into plasma.

No blood is kept at the hospital here at this time and in few cases is whole blood available at a hospital now.

Mr. and Mrs. Russell Hagewood were in Huntington Saturday on business.

Floyd County Widow Again Bereaved by War

To Mrs. Frances Bowling, of West Prestonsburg, last Thursday came for the second time a War Department telegram notifying her that she had lost a son in the service of his country.

The widowed Mrs. Bowling learned last week that her 23-year-old son, Cpl. Thomas Edward Bowling, had died in action in Korea, February 16.

In World War II it was her eldest son, 19-year-old Walter Karr Bowling, who was the first Floyd county official reported as having lost his life. A fireman on the battleship Arizona, he was lost with his ship in the sneak attack of the Japs on Pearl Harbor, Dec. 7, 1941.

The American Legion Post here later was named in his honor.

The brothers were sons of Walter Karr Bowling, Sr. who during World War I made 18 trans-Atlantic trips as a seaman conveying troopships to French ports. Thomas Edward Bowling was graduated from Prestonsburg high school with the class of 1947. He enlisted in the army last August. At the time of his death he was an automatic rifleman with the 25th division.

PSC DENIES RATE BOOST

Orders Southern Bell To Refund Added Tolls; Court Prevents Action

Southern Bell Telephone & Telegraph Company last Friday obtained from Franklin circuit court a temporary order preventing a \$1,157,000-a-year reduction of increased telephone rates charged in Kentucky since July 6, 1950.

The reduction was ordered Friday morning by the Public Service Commission. The P.S.C. granted in part, and denied in part, the rate increase of \$2,732,000 a year sought by Southern Bell.

The higher rates have been in force since July 6 under bond of \$1,800,000. The commission ordered them reduced to produce additional income at the rate of \$1,555,000 a year.

The P.S.C. held that Southern Bell is not entitled to earn more than 5 1/2 per cent on its net average investment in Kentucky. The phone company had asked for enough additional revenue to earn 7 1/4 per cent.

The P.S.C. also ordered Southern Bell to refund all the added tolls it has collected since July 6 on long-distance calls inside Kentucky. This amounts to around \$1,000,000.

The commission held further that Southern Bell is not entitled to any increase on long-distance calls between Kentucky points.

Franklin county Circuit Clerk Kelly Smith issued the restraining order late Friday on the application of Thomas J. Wood, Louisville, and

MASKED MEN HALT DRIVERS IN MINE ROW

Crowe Asked To Send Troopers to County; Foreman Fired Upon

Six squad cars of the Kentucky State Police patrolled the highway between David and the forks of Middle Creek, three miles from here, after two groups of masked men had halted half a dozen automobiles at road blocks in a resumption Monday night of disturbances growing out of resentment at the employment of Johnson county men at the Princess Elkhorn Coal Company's No. 2 mine at Permele, near David.

The state troopers were ordered here after Guthrie T. Crowe, commissioner of Kentucky police, had been asked to take action.

The troopers were joined by sheriff's deputies.

During the night the area was quiet, with no semblance of disorder.

Monday night, authorities were told, approximately 50 men, masked and armed, established a roadblock at the forks of Middle Creek, apparently to prevent employees of the coal company from driving up the Left Fork of Middle Creek to the mine. They halted Rete Eversley, of David, Prestonsburg high school student; W. Price, a foreman of mine; Charles Daniels, other foreman, in whose car were three miners on their way to work.

Later in the night, at the mouth of Caney fork of Middle Creek, a

RATE REVISION IS GRANTED

To Big Sandy Co-op; Increase To From 50c To Maximum of 88c

At a hearing before the Public Service Commission of Kentucky, February 27, the Big Sandy Rural Electric Cooperative Corporation was granted a rate revision. This revision was approved by the Commission as advertised in newspapers having circulation in the area served by this Cooperative. The minimum increase per consumer is to be 50c per month and the maximum increase is to be 88c per month per consumer.

Schedule of rates under which the Cooperative has sold power since its beginning in 1940 were established in harmony with economic conditions at that time. Since this rate was promulgated there has been a great increase in cost of labor, power, materials, operating, maintenance and administrative costs which together with the construction of additional lines giving area coverage in sparsely settled areas, and the increased construction costs have greatly increased the costs of operations as well as the cost of amortization of the outstanding indebtedness of this Cooperative to the United States Government.

As soon as conditions permit the directors, who are all members of the Cooperative, stated that they will be glad to ask for a reduction of rates.

This Town-- That World

A GUY OF THE OLD SCHOOL

Few there are who have not heard or read these words: "The show must go on." They stemmed from the theatre. It is a tradition with those of the stage that, come pain or sorrow or whatever, there is an unwritten law, that the poor player must carry on.

For 25 years now I have seen this Spartan rule put into practice by one of my own force. I do not need to tell you who are intimately acquainted with our force that the Mr. Never-Say-Die of The Floyd County Times was "Printer" Goble.

When I first met the little guy I was a youngster, just married, and anybody past 35 looked like an old-timer to me. I had an idea, back then, that I had jined up with a printer whose other foot was dangerously near slipping into the grave, and that he wouldn't be around long.

Since that time, a lot of water has passed under a lot of bridges, and the little, old guy has grown older, along with the rest of us. This newspaper has hit the press at all hours during these years—sometimes, at or near daybreak on the morning after press day. We have wandered about, we "youngsters" of the force, on such occasions, half-asleep, nerves on edge, weary and at moments only half-aware and little caring what we were doing.

But there always has been a ribald joke spun, a gay ditty sung in uproarious tones, at such hours to bring us around. You know who gave with the joke and song—the "youngster" the boys in the shop call "Grandpappy". His old neck may have been so stiff he looked about by turning his whole body, he may have stooped only in pain—but, brother, he turned and bent and stooped and kept plodding till the job was finished, till the package was wrapped up and tied and ready for delivery.

I could write columns about this man I've worked with for a quarter of a century now, but he wouldn't like it. He may not like what I've already written. I could reminisce about his "weskit," about how he wore two sets of spectacles, about his overshoes which he irreverently referred to as "gums" and which he wore till straw hat time. Most of all, perhaps, I could write about those "guide lines" he set for stories to make caustic, irreverent comment about this and that.

But we stray from our text—"The show must go on."

Last week, the old Printer quit us. He's going to his farm in Arkansas.

SEN. CHAPMAN AUTO VICTIM

Kentucky Democrat Dies In Washington, Today; Death Causes Conjecture

U. S. Senator Virgil Chapman was fatally injured in a Washington, D. C., automobile accident this (Thursday) morning, dying shortly before noon.

It was learned here that he was hurt when his auto and a trailer-truck collided. His injuries were at first believed not to be serious.

Death of Senator Chapman, one of the Democratic workhorses in Congress, created wide conjecture as to what the effect will be on the Kentucky political picture. The possibility exists that Governor Wetherby will resign, with his successor, who would be State Senator Louis Cox, president of the State Senate, naming Wetherby to fill the vacancy created by Chapman's death. The Senate term, however, would extend only till the November election, and the Governor may elect to appoint another for the post.

TEACHER PAY HIKE LAUDED

Superintendent Says \$30 Raise Per Month To Improve Situation

The addition of approximately \$30 a month to the teacher's pay which is expected to result from the \$6,000,000 appropriation asked by Governor Lawrence W. Wetherby is expected to improve the quality of available teachers in Floyd county next year, said County Superintendent Palmer L. Hall this week.

This county has 118 emergency teachers in the classroom this year, and this is the greatest number of emergencies in the state, though not the highest percentage, Mr. Hall added. The prospective salary increases, he added, should bring back to schoolrooms of the county more fully qualified teachers.

This extra \$30, it was pointed out, may turn teachers from lucrative war plant jobs to the schoolroom and employment at home, in familiar surroundings and where living costs are not quite so high.

Speaker Here Says Unkept Promise Led Indirectly to Conflict

MRS. E. R. MAY

"The mistake America made in granting Russia rights in Manchuria after having first assured China her rights there would be returned to her, was indirectly the cause of the Korean war, since the presence of Russia in Manchuria led to the Communist uprising, an event which in turn provoked war."

Thus, Mrs. E. R. May, of Langley, guest-speaker at last Thursday's meeting of the Prestonsburg Woman's Club explained one point at which the United Nations has failed to attain its chief purpose, which is to establish and maintain world peace.

Too, the speaker placed on the Soviet Union the blame for obstructing all efforts toward peace. "Peace has remained only a dream," she declared, "because God was left out of the international program—man will learn that he needs the help of a Supreme Being in all great tasks."

The meeting, held at the home here of Mrs. N. L. May, was presided over by Miss Alice Harris, president of the club. Mrs. W. W. Cooley reported on the Heart Drive conducted here by the club. Mrs. May was introduced to the group by Mrs. J. D. Mayo. Co-hostesses were Mrs. Russell Shaw, Mrs. Reba Mayo and Mrs. Max Burns.

Mesdames George Patton, Howard Ramey, Arnold Maggard and Jones Tallent, all of Langley, were guests.

A Present Help in Time of Need

SOME argue that Governor Wetherby's proposal to appropriate from the present surplus \$6,000,000 to raise teachers' salaries is economically unsound, because there is no guarantee the salary boost can be maintained.

We toss the textbook on Economics aside to reply that a lot of folks are buying high-priced automobiles this year with no assurance they'll be able to replace them later with cars equally as fine and expensive. And to add that, these days, the teachers of this state, along with a lot of other people, are concerned with now, not later.

There is a strong possibility a surplus will exist next year. The state financial picture may be even brighter. Whether it is or isn't, the teachers and all the friends of teachers know the Governor has attempted to help them as far as the where-withal will go.

Just now, well-paying jobs are opening up in war plants. Teachers are faced with the high-cost-of-living, as aren't we all, and economic realities will oblige them to take jobs which will pay more. Had not the Governor taken the step he did, Kentucky might have had a teacher-shortage which could have disrupted our common school system.

The Times is not concerned with the matter of political strategy in Governor Wetherby's move, and it isn't filled with anxiety about the abstrusities of economics as such. It is more interested in a group of professional women and men whose services are essential in the fullest meaning of the word, and in the fact that they are being encouraged by positive executive action to devote their talents to the education of Kentucky children.

WHO'S JONES? QUERY HEARD

Answer To Be Known
At Lions Club Show
Here on March 20th

Somebody has been doing an excellent job of arousing the curiosity of Prestonsburg residents during the last day or so.

All around the town have appeared stickers, reading, "Who Is Temptation Jones?"

Here are some of the facts concerning the Temptation Jones mystery:

"Who Is Temptation Jones?" is a contest which is being sponsored by the Prestonsburg Lions Club and directed by Miss Stevie Stephens, of Tucson, Arizona.

To the person (or persons) correctly identifying the mystery person will go the big jackpot of cash and prizes which will be displayed in the window at Wright Brothers, Jewelers.

Clues leading to the identity of Temptation Jones can be found in various Prestonsburg business places. To correctly identify this mystery person each and every clue must be noted as these clues are missing links in the chain of identification of Temptation Jones.

New locations will be posted daily on the mirrors of a local drug store.

Contestants are advised to share with no other person his or her list of clues, nor to disclose any idea as to the identity of the mystery person, as the jackpot, in case of duplicate answers, will not be divided.

The contest ends Tuesday, March 20, during the minstrel show which will be given at the grade school auditorium by the Lions Club. The identity of Temptation Jones will be revealed at this show and the big jackpot will be given to the winner.

The stub of the ticket to the show serves as a ballot for the contestant. The full and complete name of Temptation Jones must be spelled out in full. Incorrect spelling or the substitution of initials instead of the full name will disqualify the contestant. In case of a married woman the maiden name as well as the married name must be stated. In case of a man, and he is known as Jr. or Sr., this must also be stated.

Proceeds derived from the minstrel show and contest are to be used by the Lions Club in carrying out its eye conservation program.

If you can possibly do it, please pipe down from April 15th until the 21st. That's National Hush Week, signaling the heights of a year-round campaign by the National Noise Abatement Council.

The high sign this year is a finger to the lips.

Prominent Farmer Succumbs Friday On Middle Creek

Jonathan H. Fitzpatrick, one of the county's oldest and best-known men, died at his residence on the Middle Creek road Friday at the age of 88 after a year's illness of heart disease.

A native of the section of the county where he died, he was a son of Henry C. and Minerva Hamilton Fitzpatrick, and was a member of one of the section's best-known families. Mr. Fitzpatrick formerly resided here, but returned to his farm about 20 years ago. He was a member of Irene Cole Memorial Baptist Church here, and he held the deep regard of all who knew him.

Surviving are his widow, Mrs. Minerva Baldrige Fitzpatrick, one son, Thomas Y. Fitzpatrick, of Ashland, two daughters, Mrs. Alice F. Bower, Prestonsburg, and Mrs. Judy P. Walters, Pikeville, and one sister, Mrs. B. P. Friend, Prestonsburg.

His funeral was conducted Sunday afternoon from Irene Cole Memorial Baptist Church, the pastor, the Rev. L. W. Benedict, officiating. Burial was made in the family cemetery on Middle Creek, the Arnold Funeral Home directing.

A DAY IN THE LIFE OF JOE DOAKES

If you would be read, write about things good to eat, or how to get or keep well. Or, if you are shy on material on those subjects write yourself a piece about taxes, giving the administration and all and sundry hall Columbia.

Here's something about those blankety-blank taxes.

Joe Doakes stretches forth his hand at 6 a.m., of a morning to turn off his (a blight on the things!) alarm clock (price \$5, tax \$1). He crawls, half-asleep, from his cozy bed (price \$195, annual personal property tax 5 cents, let's say), staggers across the floor and winds up switching on the light (17 cents on his monthly bill).

Extravagantly he turns on the bedroom radio (price \$50, tax \$5) and adds to the static by shaving with his electric (see above) razor. The whiskers moved, he dabs his chin and contiguous territory with shaving lotion (price \$1.30, tax 26 cents). Finally presentable, he hurries to the kitchen, on the way putting on his wrist watch (price \$60, tax \$12, not counting customs duty if it is of foreign manufacture, which it isn't).

A glance at the watch shows he barely has time to snatch two slices of bread from the electric toaster (price \$16, tax \$1.60), get the coffee pot from the gas stove (price \$190, tax \$19) and grab a glass of orange juice from the refrigerator (price \$250, tax \$25). He bestows a quick kiss on Friend Wife (marriage license \$5), gets into his Bizz-Model 8 (price \$1,800, tax \$105) and drives (operator's license \$1, car license \$5, wheel tax \$4, personal tax \$39 or thereabouts) to work.

Off to the races! Joe's off to work, and he lights a cigarette (price 10 cents, federal tax 7 cents,

Farm NEWS and VIEWS

By HAROLD B. RICE, Floyd County Agent

GREEN PASTURES

The Kentucky Green Pastures program will be conducted again this year by the Extension Service of the University of Kentucky College of Agriculture.

Last year there were 25 Floyd county farmers enrolled in the program. The pastures were not judged at the proper time to make the farmers eligible for county and district awards. Maybe Floyd county will be eligible this year.

Farmers who are interested in raising livestock the cheapest and easiest way should enroll in the Green Pastures Program. Once a pasture is established it will provide grazing for many years if it is properly managed. Cover crops can be managed to furnish pasture in late fall and early spring and cut in half the amount of hay and grain required to winter a cow. Most pastures in this county provide good grazing in the spring and then "dry up" in July and August. By planning your pasture program and sowing several kinds of adapted legumes and grasses Floyd county farmers can have green grass the year around.

The rules for entering the Green Pastures Program are:
1. The entrant must farm in a county having an organized Green Pasture Program.

Biggers Named to Post Vacated by Holbrook In Ky. Legislature

Ex-Representative W. G. Biggers, of Prestonsburg, was named sergeant-at-arms of the House, Monday, when Kash Holbrook, Salyersville Democrat who flashed a pistol at the 1950 Legislature session, resigned the post for the special session of the General Assembly.

Holbrook gave no reason for resigning. Friends were quoted as saying he felt some of the House members who were angered by his action at the last session might attack him with speeches from the floor.

Holbrook was sent by the Speaker of the House to quell a scuffle between two representatives during the 1950 session. He pulled a new, unloaded small pistol from his coat pocket, but quickly put it back. Several members raged at him for carrying a gun.

About 400,000 mechanical corn pickers are now owned on U. S. farms.

CARD OF THANKS We wish to express our heartfelt thanks for the many expressions of sympathy, by the presence of friends at the funeral, by flowers and by both oral and written expressions on the death of our beloved mother and grandmother, Mrs. Polly Allen.

Especially do we thank the members of her old home Stone Coal Church for their presence at the church funeral and their floral offering; and the ministers, Marion Chaffins, Prock Hayes, A. J. Moore, Banner Manns, M. C. Wright and Alex Coburn, for their consoling words. Also, we thank the ministers of the United Baptist Church, Revs. James Pack, Henry Mullins and Ed Howard, for their comforting messages at the services held at her old home, the night before her burial.—The Family.

New York State production of iron ore stands fourth in quantity among U. S. states.

smaller masked group stopped the autos of Mrs. Ora Howard, manager of the company's clubhouse at David, and Russell Harman, company official. This group, it was said, was armed with clubs, not with guns as was the gathering at the forks of the creek.

Officers here were quickly notified of the occurrences but no arrests were made. Price reported that after his auto was halted he was not permitted to return homeward via Prestonsburg but was routed on up the main highway toward Salyersville. He added that his car was fired upon as he drove away.

Daniels said he and the miners with him were ordered from his car, lined up and then informed by a spokesman for the group that "if any coal is mined in Floyd county, Floyd county men will mine it." He said a man lying in the ditch at the roadside fired a 22 rifle bullet through the window of his car as he left the scene.

At Caney Creek those halted were permitted to leave, unmolested. "This has become a fight between Floyd county residents and Johnson county employes," commented a company official.

Last Thursday morning, four Floyd county miners, en route to the mine, were ordered from a bus at the forks of Middle Creek. This was construed as retaliatory action against Floyd men by Johnson countians. The mine was picketed by a small group and was idle, remainder of the week.

Both mines of the company, however, were operating this week. In a letter to employes of the No. 2 mine, commenting on the situation, David L. Francis, Princess Elkhorn president, said this week:

"We want to be fair in our employment policies. In the past we have leaned over backwards towards hiring people who live in the communities surrounding our mines if they are qualified. We have about 60 Shepherds on our payroll, all of whom live in this vicinity. Certainly we have treated the Shepherds well. There are also many Sloans, Ouseleys and Hickses and others who have many, many members of their families working for us. These people, and the general public, like ourselves, want law and order at all times..."

About 400,000 mechanical corn pickers are now owned on U. S. farms.

Hears Social Worker**

Miss Dorothy Dorton, social service worker for Floyd and Martin counties, gave the David Woman's Club an intimate glimpse into her social work Friday night when she spoke to them on "Child Welfare" at the home of Mrs. Rursell Harman.

Members learned from Miss Dorton that every county in Kentucky now has a social service worker. Much interest was shown in the discussion of delinquent children and what constitutes a delinquent child. The club made plans for its monthly party at the gymnasium with their husbands as guests. Mrs. Walter Crace is in charge of arrangements.

An election of officers was held at the meeting and newly-elected officers are announced as follows: president, Mrs. Russell Harman; first vice-president, Mrs. Charles Schindler; second vice-president, Mrs. Ora Howard; recording secretary, Mrs. Enna Van Gelder; corresponding secretary, Mrs. Earl Bartley; treasurer, Mrs. John Stratton.

To Preach at Martin

MARION G. ROMNEY

Assistant to the Council of the Twelve Apostles and Assistant Managing Director of the Church Welfare Program of the Church of Jesus Christ of Latter-Day Saints, will preach at Martin High School Auditorium Thursday, March 15, 7:30 p.m.

Previous to Elder Romney's current position, he was active in the auxiliary organizations of the Church, having served as Sunday School superintendent and president of the 33rd Quorum of Seventy. In 1936 he was appointed bishop of the 33rd ward. In 1938 he was appointed president of the Booneville Stake, a position he held until being appointed an assistant to the Council of Twelve.

He has had an active career in Church and legal circles in Salt Lake City for several years. He was born in Sept., 1897 in Colonia Juarez, Mexico.

He came to Salt Lake City with his family in 1912 and since has had an active career both in Utah and Idaho. Graduated from the University of Utah, receiving his B.S. in 1926 and his LL.B. in 1932.

He entered the Utah Bar in 1930 and in addition to his practice has served as assistant to the county attorney, the district attorney and to the city attorney.

Elder Romney filled a mission to Austria from 1920 to 1923.

The average man is prone to think of religion as concerned only with worship and the teaching of moral truths. However as assistant Managing Director of the great Church Welfare Program he had an important part in the shipment of hundreds of carloads of food, clothing, and bedding to starving families in Europe, the saving of many Navajo Indians' lives by the same means, and the support of the worthy poor in the Church.

Since 1938 there have been helped through the Welfare Program from 17,913 to 55,460 persons each year. More than a thousand families who were previously dependent have been helped to become self-supporting. During the past five years more than two thousand persons have relinquished their positions on government relief rolls to participate in the Church program, and of these almost one thousand have become completely independent of all gratuitous help. One of the objectives of this program is to "help others to help themselves." 3-1-21.

**High Court Okays
Floyd Legal Rating**

Frankfort, Ky., March 2—Appellate Court today approved Floyd Circuit Court's refusal to oust John Allen as agent for owners of gas production wells. Mr and Mrs. D. C. Stephens who owned fractional minority shares in several of the leases tried to have Allen removed.

The Court also ruled that the Jenkins Board of Education must charge tuition for pupils living outside the city school district, even though they reside within the city limits. The city limits include a larger area than the school district. The opinion reversed Letcher circuit court's order that Elmer Hunt's children could attend the city schools free.

**Reason Children Quit
Taking Music Lessons**

Fewer children would quit taking music lessons if teachers and parents would help them to enjoy music, rather than drill them for show-off recitals.

That's the conclusion reached after a survey made among teachers by Good Housekeeping magazine, which says that, "The more music a child can play—good or bad, but music attractive to him—the prouder and more willing to continue his lessons he will be."

Writing in the March issue, music editor George Marek, reports that teachers, themselves, blame poor teaching methods for most cases of abandoned music lessons. Parents, he says, must choose a teacher who uses "skill, imagination and daring."

The author quotes Marguerite Hood, president of the Music Educators National Conference, on the problem of practicing. She suggests that a regular time be assigned to it, a time that does not conflict "with a prized recreation, like football."

Another expert believes that music should be taught by relating it to experiences in the child's life. "Many teachers," he says, "have had good luck with making up little stories about music to be played."

Marek believes that two things are necessary to keep alive a child's enthusiasm for music. First, he needs a feeling of success; second, he needs help with practicing.

"You cannot practise for your child," he says. "Just be in the background, so that when help is needed, you can say calmly, 'Let's do this once again.'"

Lower of the Paintsville recruiting station announced this week that the Regular Army is now accepting volunteers, who are between the ages of 19 and 26 and have had no prior service, for a period of 21 months. The Air Force is still accepting volunteers on a limited basis. Men enlisting now in the Air Force are sent to Lackland Air Force Base, San Antonio, Texas for basic training.

Married men who have had prior service in the Air Force, Army, Navy, Marines or Coast Guard may enlist in the Air Force provided they have no more than two dependents. For full information concerning the above it is advised that interested persons contact Sergeant Lower at the Post Office Building, Prestonsburg, Monday through Friday between the hours of 9:00 a.m. to 3:00 p.m.

seconds to go. But an over-anxious McDowell player passed wildly, and Martin's Tackett swooped in to corral the ball and sink a basket to knot the score. Given a new lease on life, the Flash came through in the overtime period to win, 68 to 67. The championship game between Martin and Wayland was equally as close. Martin held an edge at the end of the first and second quarters, and the tide of battle ebbed and flowed on through the full four periods. Wayland edged ahead by five points with two minutes of play remaining, but Martin surged back to another overtime period was missed when Tackett of Martin failed on a come within a single point of tying it up. The opportunity to go into foul shot attempt.

The game evened the score between the two fives for the season. MIGHT OF FirePower...

180 HORSEPOWER

Here you see the secret of FirePower's unmatched ability... the new Chrysler Hemispherical Combustion Chamber, heart of the finest motor car engine built today. In this domed, clean-walled area, you see the only ideal combustion chamber in a motor car engine today... the only way to develop full combustion, full compression, full work and value from every drop of fuel!

FirePower specifications:
180 hp at 4000 rpm;
Bore & Stroke, 3-13/16 x 3-5/8; Piston Displacement, 331.1 cu. in.; Compression Ratio, 7.5 to 1.

in the handsomest, best-riding new CHRYSLERS ever built!

Not since 1924, when Chrysler introduced the high-compression engine, has there been an engine as *basically new* as FirePower!

Imagine 180 horsepower... in the most efficient and all-round economical motor car engine ever built! With all its matchless road power and performance... FirePower gets more work from a gallon of gas than any engine you can drive... on regular grade fuel... runs almost completely carbon-free... will require less attention and upkeep cost than any engine you have ever owned!

But FirePower is only one of the "firsts" in these cars. Chrysler this year also presents two other great basic engineering advances... exclusive new Oriflow shock absorbers give every new Chrysler over twice the shock-absorbing power of any other car... and, optional at extra cost, miraculous new Hydralguide power steering now removes four-fifths of the human effort from steering or parking your Chrysler!

All this—plus gracious new beauty and 70 other new changes await you at your Chrysler dealer's now.

Doesn't all this make him a man you want to call on... very soon?

up... said...
 "And now... agreeable to the... establishing the county of... proved the nineteenth day of December, one thousand eight hundred and twenty-one, at the house of Spencer Adkins aforesaid on Monday, the Fourth day of March Anno Domini one thousand eight hundred and twenty-two and in the thirtieth year of the Commonwealth of Kentucky.

"Present, Simeon Justice, James Roberts, Reuben Rutherford, John Hunt, and John Bevins, Gentlemen Justices."

Justice John Hunt resigned the next day.

Simeon Justice served through Pike county's first court, which lasted for some weeks. It was a busy court, what with the swearing in of all the officers, and setting

for them, as follows:
 No. 1, with William Rath... constable; No. 2, William Justice; No. 3, George Powell; No. 4, George Tackett; No. 5, Thomas Cecil; No. 6, Sampson Moore. There are now eight magisterial districts in Pike county.

This first court was, apparently, an orderly one, for Joseph Elswick was fined \$2 for "swearing a profane oath in the presence of the court." Elswick "paid said fine down, \$2."

On March 25th, the following commissioners were appointed to decide upon the location of the county seat. Mason Williams, Edward Wells, William Prater, Holloway Powers, and Thomas Patrick. After "exploring" the country, they decided upon the ideal place as being "in the Payton Justice bottom, about one and a half miles below the Forks of the Levisa Fork of Sandy River, and then and there condemned one acre of land for the public square, staked off beginning at—(description of acre of ground).

"We do further certify that the said Justice (Payton Justice) has gifted by bond to the county court or agent two acres of land together with the necessary streets and alleys necessary for the publication of a town, and a number of the inhabitants of this county met and consented that the county town should be named LIBERTY."

Therefore, Pike county's first seat of government was, apparently where beautiful Garden Village is now located. It is about one and a half miles below Millard, or "the forks of the river, then called "The Forks," and on the east side of the river.

But, according to the records, every court was held at the "house" of Spencer Adkins until the county seat moved to Pikeville, in May, 1825.

In the fall of 1823, Thomas Johns, James Stone, Roland Brown, and Rhodes Meade were appointed commissioners to find a permanent location for the county seat. Justice of the Peace, Thomas Owens, made the appointments.

On December 24, 1823, the commissioners agreed on "The Peach-orchard Bottom, nearly opposite the mouth of Lower Cloe (Chloe) on land owned by Elijah Adkins." Adkins donated one acre of land for the site. This acre of land was surveyed by James Honaker, then county surveyor, on March 23, 1824.

But it took over a year to build the courthouse and the jail, so that the first term of court was held at the new county seat in May 1825. And on the second day of the term, Spencer Adkins resigned as county clerk. James Honaker was appointed to fill the vacancy. His bond was \$10,000.00.

At this term of court, Elijah Adkins was given authority to establish a ferry across Sandy River, at the courthouse.

According to the records, the town was called Pikeville from its establishment. But the post office was first called "Pike," when it was established, on August 5, 1825, and William M. Smith was the first postmaster. On Sept. 14, 1829, the name of the post office was changed to "Pike-ton," and William Williams was its first postmaster. The name Pike-ton survived for over a half a century, until Jan. 3, 1881, when the name was changed to Pikeville. The first postmaster to serve under the new name was Lewis C. Dils.

1876 75th Anniversary 1951
 75 Years of Service to the Nation

"Mr. Watson, come here. I want you."

"Mr. Bell, I heard every word you said—distinctly!"

...and the Telephone was born!

On March 10, 1876, in a boarding house in Boston, the telephone carried its first intelligible sentence. Alexander Graham Bell was about to try to send his voice over a new transmitter he had devised. His assistant, Thomas Watson, was in another room, holding a receiver to his ear. Suddenly, Mr. Bell upset the acid of a battery over his clothes. He called out, "Mr. Watson, come here; I want you!" An instant later Watson burst into the room, shouting, "Mr. Bell, I heard every word you said—distinctly!"

IN THE 75 YEARS since then, the Telephone industry has grown up to transform our everyday pattern of living. For millions, the telephone has become an indispensable aid—in business, government, the home, the farm, and in maintaining family and community ties.

These 75 years have brought an amazing parade of advancements in communication—switchboards, cables carrying hundreds of wires on poles or underground, the vacuum tube, the dial system, coaxial cable and microwave radio relay for transmitting hundreds of simultaneous calls or television

programs, telephone service to ships and vehicles.

Today America has 62% of the world's telephones and enjoys the most and the best telephone service in the world... another great achievement of American ingenuity under a system of free enterprise and individual incentive and reward.

Each year the telephone becomes more useful, and more essential to the prosperity and security of the nation. Today it unites the country, playing a vital role in mobilization and production for defense.

Here in the South, more than 52,000 skilled employees and nearly 3½ million Southern Bell telephones are on the job—more than twice as many as we had when World War II began. And there are four times as many Long Distance circuits. In all, we have built more than \$670 million worth of new facilities in a little over five years, and we're still busy at the job.

All this growth—and maintaining the financial strength to keep on expanding—will be increasingly important to the South and the Nation in the days ahead.—Southern Bell Telephone and Telegraph Company.

Wheelwright Clubs

Hear Mrs. Baker Speak

Wheelwright, Ky., March 1 (Sp.) —The program of the February meeting of the Wheelwright Woman's Club was held in Community Hall in conjunction with the Kiwanis Club of Beaver Valley, The Wesleyan Service Guild and the 900 Club. The speaker of the evening was Mrs. Sally Baker, of Pikeville, radio's 1950 "Queen of America," who gave an interesting talk on her trip to the different European countries as a representative of ECA and the facts leading up to her selection as Queen of America.

After Mrs. Baker's talk the members of the Woman's Club adjourned to the clubroom for the business session.

The district governor, Mrs. Wrightson, had requested that several of the ladies in the Club write to women in foreign countries as a means of finding out just what the situation is in Europe. Fourteen of the members volunteered to do this.

Mrs. J. H. Cantrell, Mrs. Stephen W. Clark and Mrs. J. E. McKinney were appointed as members of the 1951 Nominating committee.

The Club voted to give \$150 to the Wheelwright high school to be used in helping to pay for the Soudaphone recently purchased.

Jest Among Us...
By Jack Wild

As I went spinning through Kenton county the other day some of the years seemed to drop away and I was back at Independence School again, where I had been hired to teach English. A week before school was to open that fall, a letter had come saying that, as I had studied journalism at U.K. and had worked on a newspaper, why it ought to be easy enough for me to teach senior typing also.

Well, I sweated it out—literally—and it wasn't long before some of the kids in the class could type faster with ten fingers than the teacher could with two. We got along fine but it was downright embarrassing when the little rascals, who must have suspected something, would say, "Mr. Wild, won't you sit down and show us how to type?" I was too dignified in those days to tell 'em the truth.

Then the typing teacher who didn't know how to type was given a class to teach in commercial arithmetic. I suppose the principal figured that a newspaperman naturally would be a whiz at figures. The only figures I knew anything about were figures of speech. If only he had asked me, quick like, how many pecks in a bushel or what percent of ten is one, he would have saved everybody concerned a lot of agony. As it was, my good wife, whose only claim to fame as a mathematician was that twice she kept within the \$5.00 allotted for the week's groceries, did the problems at home for me so I wouldn't appear too utterly ignorant to the kiddies.

One memory had to do with a play called "Henry's Mail-Order Wife" that was presented by the Independence teachers for parents, pupils and patrons. You surely know the story—about the lonesome cowboy who writes to a matrimonial agency for a wife, the other hands getting wise to it, dressing up one of their number to look like a girl, and passing "her" off on poor Henry. Reuben Hinsdale, who now is principal at Simon Kenton High, was Henry, and I—my cheeks still burn at the thought—was cast as his mail-order wife. Miss Elma Taylor, another teacher, fixed me up with long dress, high heeled shoes, and a pretty red wig made out of her own hair, and she also coached me in my falsetto. It was a cold winter night but it was plenty warm up on that stage, and Reuben was perspiring freely in the courting scenes. Things were moving along fairly well except that I was having trouble balancing on the high heels, then it happened. Reuben moved suddenly as if to grab me, and I, lady that I was, hopped nimbly away—right into a bucket of water that was one of the stage props.

TO THE PEOPLE OF FLOYD COUNTY:

For the past several months now, and especially since the recent publication in The Floyd County Times of my query to the Attorney-General relative to the filing-place for candidates to judicial district office in this county many of the Christian people of this county, loyal and staunch supporters of law enforcement, have prevailed on me to make the race for Commonwealth's Attorney, have endorsed my candidacy and pledged me their whole-hearted support.

Appreciating this action from so many of the common people from out over the county, being deeply grateful for their pledged support and knowing that they have no political axes to grind, and that their support stems only from their desire to further the cause of good government in Floyd county, I have definitely decided to make the race on the Democratic ticket for the office of Commonwealth's Attorney.

I, therefore, announce my candidacy, pledge full time devoted, 12 months out of the year, to fair and impartial law enforcement in this county, and earnestly solicit the assistance, the support and vote of every legally qualified voter, with the earnest assurance given you all that I have no personal political ambitions other than to serve my community and the county in which I live.

Sincerely,
BURNIS MARTIN
