

TRUE magazine in a recent number told the story of a new drug which promises to be the most miraculous of a rather lengthy list of "miracle" drugs. And a friend of mine has laid in a supply on which I shall be poaching.

This stuff appears under several trade names, some of which are Tolserol, Meposal and Anosyl. Which is neither here nor there, as concerns yours truly. It is a harmless cure for insomnia, from which I am not often a sufferer. It also has a relaxing effect on nervous folks, of which I am not one, thank goodness. So that leaves one effect, as described in the article, which is of interest.

The magazine tells of the case of a man who stammered through his reports at directors' meetings and generally made himself and everybody else miserable when he rose to speak. But on this one occasion he rose up on his hind legs and acquitted himself admirably. Asked what had come over him, so to speak, he said he had his strength right there in his pocket, in the form of a little white pill.

Yep—Tolserol, alias, Meposal, etcetera. The old boy had taken one, fifteen minutes before the usually dread time for him to speak, and he hit the floor, rarin' to go.

Now, for the supreme test, and after that the last word will have been said about this miracle drug. If I take one of these pills and respond nobly to a call for a speech, and if I don't throw a half-hitch in my tongue and wear a tattoo with the old knees—well, you can say it's what the doctor and guys like me ordered.

WHY YOUTH IS NEEDED

One mellow with the years. Some call it the ripeness of experience. To others this state is the over-ripeness of age. Anyway, there definitely is a change, for better or worse.

These far from astruse observations result from a perusal of editorial comment in this newspaper, upwards of twenty years ago. Back then there was a youthful enthusiasm which prompted the writer to be impatient with those who thought differently. Then things were seen more as all black or all white; the spectrum wasn't taken into consideration. The youngster saw men and things as good or bad.

TAFT MAKES NEAR SWEEP

Of Kentucky Delegates To National Convention; Floyd GOP Honors Conley

Senator Taft last Saturday almost made a clean sweep of Kentucky's delegation to the Republican national convention, winning 19 of the 20 delegates chosen.

Floyd county's delegation, sent unopposed to the district GOP convention at Paintsville, went along with other counties of the district in sending a solid Taft group to Louisville.

John Sherman Cooper was the unanimous choice of the district and state conventions for the Republican nomination for U.S. Senator.

William Darby, Floyd county Republican chairman, said the Floyd group succeeded at Paintsville in getting written into the resolutions a proposal to take Franklin D. Conley, Prestonsburg high school student, and a new Kentucky Youth Governor, to the national convention in Chicago as guest of delegates from the Seventh Congressional district. His expenses will be paid by the Floyd County Young Republican Club.

Dewey Daniel, of Hazard, and Earl Chandler, of Paintsville, were elected delegates to the national convention from this district, with Roscoe Kirk, Inez, and V. S. Hamilton, Pikeville, as alternates. Dr. M. D. Flanery, Pikeville, was elected district chairman.

The Presbytery and Presbyterial, in session at the Presbyterian Church here, Tuesday and Wednesday, were attended by more than 100 delegates and ministers from northeastern, eastern and southeastern Kentucky.

Chaney, Bowling Green, president of the Synodical of Kentucky.

PANEL OF 200 YIELDS FIVE

For Service on Hunt Case Helton Case Is Dismissed, Kaeze Charge Continued

The Commonwealth's demand that jurors who sit in the murder trial of Mil Hunt, of Mare Creek, for the slaying at Harold of Jake Salisbury qualify as willing to inflict the death penalty if the evidence justified drew out the task of jury empanelment till the trial was suddenly called off Wednesday because of the illness of Edward L. Allen, one of the defense attorneys.

After the regular jury panel had been exhausted Monday, a venire of 100 was summoned for Tuesday morning. Out of these only three jurors qualified and were accepted.

Tuesday afternoon, Circuit Judge Edw. P. Hill rolled 100 additional names from the jury drum for appearance here Wednesday morning. Of these four qualified, but they had not been finally accepted by opposing counsel when Mr. Allen's illness interrupted preparations for the hearing.

Hunt's trial was continued till Sept. 22.

Remainder of the week's docket will be on the quiet side, but for next week two important cases are slated for trial. John Smith Hall is scheduled for trial on three counts, one of which is as an habitual criminal, on April 24, and John

HACKNEY SAYS UMW HOSPITAL TO FILL NEED

Its Completion Would Kill County's Chances For Memorial Project

The community of Allen is no longer being considered as a possible site for the proposed Floyd County War Memorial hospital, and it is not likely that the federal government will contribute funds for construction of the hospital at any other point in the county, officials here gathered from a conference Tuesday morning with Paul A. Hackney, of the Division of Hospital Services, State Department of Health.

The government's decision not to invest in the hospital at any place in the county is contingent, Mr. Hackney pointed out, on the construction at McDowell of a hospital through sponsorship of the Welfare Fund, United Mine Workers of America. If that hospital is built, he said, Floyd county will have more than the additional 70 beds a survey indicated it needs.

With present hospital facilities and the McDowell institution added, a county hospital would be a losing proposition, officials have been told.

The Times learned this week from a reliable source that the UMW has tentatively planned to spend a million dollars at McDowell on a 100-bed hospital and a nurses' home.

Mr. Hackney suggested the possibility that Floyd county could, with UMW permission, invest the \$400,000 bond issue voted by its citizens in the McDowell hospital which will be operated for the public benefit and as a non-profit institution. Court officials did not indicate what steps will be taken.

Some doubt has arisen, largely as the result of an opinion from the Attorney General's office, as to the possibility of Floyd county annulling the \$400,000 bond issue it voted.

NEW RULING HITS AUXIER

114 Kentucky Schools Warned That 100 Pupils Necessary for 1954 Term

The high school at Auxier in this county is among the 114 such Kentucky high schools which may lose accreditation unless they increase their enrollments to 100 pupils by the beginning of the 1954-55 school term, it was announced in Frankfort this week.

Wendell P. Butler, Superintendent of Public Instruction, pointed out that public high schools for white pupils that do not meet this enrollment minimum may be accredited from year to year, on an emergency basis, if conditions causing the emergency are considered by the State Board of Education to warrant continuance of the schools. Exempted from the 100-pupil rule are negro, private and parochial schools.

Other high schools of this section which have fewer than 100 pupils are Cordia and Pippass in Knott county, Blaine in Lawrence, Kingdom Come in Letcher and Cannel City in Morgan.

The new ruling will encourage school districts to consolidate, said Butler. The state board has planned such a change for two years, and some districts in the state have consolidated in anticipation of it, he added.

Butler said the present method of accrediting high schools by classes will be discontinued at the end of the 1954-55 school term. Under the present system, Class A high schools must have at least 100 pupils, and Class B schools must have at least 60.

"I think high schools should be based on the type of programs they have, rather than enrollment," he said. "Consolidation of districts ought to improve the programs they offer."

To relieve the teacher shortage in Kentucky, the State Board of Education has decided to recognize certificates of teachers trained in out-of-state colleges.

At present such teachers are granted emergency certificates to teach in Kentucky. Butler estimated the state will gain perhaps 200 qualified teachers next term by this ruling.

FUNERAL HOME IS THIRD HERE

Moore Funeral Home In Operation; Warix Corporation Formed

Prestonsburg's third funeral home and the newest in this section opened Wednesday as the Moore Funeral Home, Inc., began operation in the building formerly occupied by Franklin W. Moore at the corner of Third avenue and U. S. 23.

John Warix, president of the firm, said Mr. Moore, who will be the funeral director, is the oldest in the profession in Floyd county. He had been associated until recently with the Arnold Funeral Home here since 1933.

Other officials of the corporation are Robert D. Francis, vice-president, and Mrs. Edna Madison, secretary-treasurer. Stock in the company has been subscribed by a number of Prestonsburg and Floyd county residents.

Equipment of the funeral home is new, including a 1952 Cadillac hearse.

Sloan Resident Dies; Tuberculosis Victim

Wallace Gray Thornsbury, 75 years old, died last Thursday at his home at Sloan, a victim of tuberculosis.

A son of Dave and Martha Jane Gray Thornsbury, he was a native of this county, and he spent most of his entire life in the Bull Creek section as a farmer. His wife, Rebecca Conn Thornsbury, preceded him in death. Survivors are three sisters, Mrs. Folsie Helton, Williamson, W. Va., Mrs. Ocie Laferty and Mrs. Ann Conn Briggs, both of Sloan.

Funeral rites were conducted Saturday, the Revs. Floyd Laferty and Frank Derossat officiating. Burial in the John Derossat cemetery was under direction of the Arnold Funeral Home.

AUXIER YOUTH WINNER AGAIN

Clark Takes Honors In Oratory, Second Time in Succession

Communism was the favorite subject of the top winners of the Floyd county oratorical contest held Tuesday night at the Martin high school building, and Jimmy Davis Clark, senior at Auxier high school, came back this year to again take first place in a repeat effort to win the contest in two consecutive years.

His winning subject was "Democracy's Fight Against Communism." Second place was taken by Barbara Moore, senior of McDowell high school, and she, too, selected a subject on communism: "Democracy's Fight Against Communism."

CLEAN-UP DRIVE TO START WITH PARADE AND FANFARE

Move to Beautify P-Burg Sparked by Civic Leaders And Chamber Commerce

If you see people of Prestonsburg emerging from their homes, on May 1, with painter's white caps on their heads, don't think everybody in town have turned to painting for a livelihood. They are setting out to start the clean-up Prestonsburg effort in furtherance of the campaign fathored by the Prestonsburg-Floyd County Chamber of Commerce.

But, days before then lots of work will have been done to lay the groundwork for the campaign. Part of that basic task has already been completed. For one thing, there had to be a consensus of Prestonsburg opinion as to what was needed, and an essay contest was held in the high school. The prize winning essay was written by Anna Marie Walters. Among the approximately 500 essays are many full of suggestions on how to do the job. These suggestions were incorporated in a master list and compiled under nine general classifications, of co-operation, streets, sewer system, drainage, lawns (public and private), public buildings, garbage, stock and pets and miscellaneous.

The proposals indicate unanimity on some phases of the proposed clean-up. Sixty per cent object to "Loafer's Glory" or "Loafer's Corner" at the corner of Second and Court. If the general public could read these essays, and there is no reason why it can't, there would be plenty of red faces in town. They mention no generalities from the students. They are specific on what is needed. They want the taxis removed from Lake Drive, "as Lake Drive should be a beautiful drive for the benefit of tourists and townspeople." They want trees and shrubbery trimmed, garbage collected often, lots and streets drained, vacant lots cleaned of debris, garbage dumps burned or removed, stock barred from the city limits and a dog pound constructed. They particularly object to the provision existing for loafers at places like Main street and Arnold avenue.

There is a general agreement with students that clean-up Prestonsburg starts in or near the home. Helen Arlene McKenzie, winner of second prize in the contest, starts her essay with: "I think the best way to begin cleaning up Prestonsburg is to start with the homes. Clean the lawns and keep the paper off." Woody Burgett, winner of third place, says: "Someone is the owner of every piece of property in town, including vacant lots, riverbanks and dumping grounds. Property worth owning is worth keeping clean. When other people beautify their property the spirit becomes contagious."

April 21, Ken Crosthwaite, of WSIP, Paintsville, will start a radio campaign to assist the clean-up. This is one item in the campaign. Another will be a meeting of some of those who spark the offensive to meet with District Engineer C. P. Warrick, of the Highway Department, to suggest the planting of trees along U.S. 23. There will be an appropriate proclamation by the Mayor setting May 1, as "C" Day.

C-Day will get off with a bang, at 10:30 a.m., with a parade of grade and high schools, bands, police and fire departments. Paint caps to be given away by the Chamber of Commerce in co-operation with the merchants of the town will begin to appear. After this the chief attraction and effort of C-Day will be the painting of the Presbyterian church. Ray Howard will issue a call for 200 men with paint brushes and all the ladders that can be mustered. He states that the church is going to be completely painted on the outside in 20 minutes and no alibis on failures are anticipated. After that the people of Prestonsburg will fall to in a mighty herculean effort to clean up the many, many little

LIONS HONOR TWO LEADERS

Wayland Group Votes Adkins, Mrs. Howard Man, Woman of Year

Wayland, Ky., April 10 (Sp.)—Charles Adkins and Mrs. N. D. Howard were elected Wayland's Man and Woman of the year at the Lions Club meeting held in the home of Club President Willard Castle and Mrs. Castle tonight.

The meeting was Ladies' Night and upon arrival each woman was presented a corsage by the host and hostess.

At the close of the meeting each woman was presented a beautiful pin from the Lions.

ANNOUNCE BIRTH

Service of Half-Century Given by Laynes to Tram

This year marks off a half-century of the Tram postoffice and a half-century of Laynes who have as official representatives of the Post-office Department carried, sorted and stamped the mail at this tiny outpost of Uncle Sam's far-flung postal system.

Tram was established, in 1902, across the river from the mouth of Ivy Creek near where the present residence of J. K. Stratton now stands, its sponsor, T. J. "Tom" Setser. He was a business man, who seeing the need for an office to serve the community and perhaps attract additional trade from the logging operations on Ivy Creek, sought successfully to initiate its establishment. In casting about for a name he thought of the logging operations over in the Ivy valley. Here was a long and winding wooden-tracked haulway upon which logs were transported by trucks with the aid of horses and mules. Universally, such a road was called a tram road. So the new unit in the postal system was christened Tram.

Setser served only a short time, so short in fact that few oldsters remember that he founded it or was ever postmaster. His successor was L. D. Layne, and he or his children have represented the Post Office Department since that day. One of his first official acts was to remove it approximately two miles up the river where it remained in his home for

TOT INVITES DEATH FROM CAR AFTER BEATING AT HANDS OF PARENT; MOTHER, STEP-FATHER JAILED HERE, LATER FREED UNDER \$500 BOND

"I want a car to run over me," said little Josephine Hook when she was asked by her teacher why she stood in the street at Wheelwright.

The six-year-old daughter of Maggie and step-child of Frank Hook, her nose broken, body bruised and eyes blackened by blows from a rubber hose, had come to school, but in a fit of despair stood hoping for death under the wheels of a car or truck.

Taken by a teacher to Dr. Russell Hall, she was treated for what, it is said, was but one of a series of beatings at the hands of her mother. It was revealed that she had come to school several times previous to this in a bruised condition. Complaints from neighbors and teachers came to Commonwealth's Detective Alex L. Davidson and he investigated last week. After procuring a warrant from Police Judge Robert Moscrip, of Wheelwright, he brought the child to Prestonsburg, where she was placed in the custody of Mrs. Clyde Spurlock. Subsequently, arresting officers brought Frank and Maggie Hook to the Floyd county jail here.

Upon being asked by Davidson why the child was beaten the mother said: "It's my child. A person has a right to whip their own child, haven't they?" She appeared at the County Judge's office and, in Judge Stumbo's absence, asked Mrs. Lily Parker, clerk, if she could pay a fine for whipping her child but was told that in the absence of Judge Stumbo she could not. When the Hooks were incarcerated in the jail Judge Stumbo asked bail of \$500 and Monday it was signed by Joe Meadows. Saturday, Josephine was brought before the grand jury to indict her mother, and it was said, her step-father also.

The child, Josephine, is one of four children of a miner named Tuza and Maggie Tuza, now Hook. Tuza is dead. Frank Hook, in his thirties, is unemployed, but it was stated that the family derived some income from the UMW Welfare fund. The child, suffering from malnutrition, had been given free lunches at the school but Frank Hook complained that he was able to support the children. It was not said that the giving of free lunches was discontinued.

Willis Clay Henry, Mt. Sterling liquor store operator, executed bond totaling \$42,000 here Monday after the grand jury of the Floyd circuit court had lodged against him three indictments growing out of the alleged robbery of D. C. Stephens, Prestonsburg dental laboratory owner, who reported \$30,000 taken from him at pistol point, the night of January 13.

Trial of Henry on the three counts, armed robbery, unlawful imprisonment and grand larceny, has been docketed for April 29. Bond of \$20,000 was asked in the armed robbery and unlawful imprisonment bills, and \$2,000 was the amount of bail in the grand larceny case.

R. G. Buhank, Henry C. Hale and H. B. Ranier signed the bonds. Stephens and Miss Hazel Green, bookkeeper at the laboratory, were listed as witnesses on the indictments.

Although examining doctors had held him mentally deranged, Sid Conley was charged with wild murder last week in the shotgun slaying at Wheelwright recently of his wife. A sanity hearing was held in open court Monday, but neither doctor was available to offer evidence, and the defendant himself conducted himself in what was described as a rational manner. The result was the jury failed to agree. Bonds totaling \$7,500 were asked for the release of Gomer Little after he had been indicted last week by the grand jury for the shooting and wounding of Sol Johnson and his son, Bow Johnson, near Melvin a few weeks ago. For shooting at Tandy and Earl Bartley without wounding them, Curtis Bartley was

Rain Interrupts Pageant; New Date Set Is May 4

Although rain and hail Sunday afternoon interrupted and finally ended the enactment of the Easter-time Passion Pageant at Martin, that community's big undertaking reached the point where it was proved the Pageant may become one of the major Easter observances of the county.

For, despite the daylong threat of rain and the announcement that bad weather would result in postponement, an estimated 3,000 persons thronged the vicinity of Martin to witness the dramatization of the life, death and resurrection of Christ.

Now, community leaders are bent on completing to the last detail every preparation and the polishing up of the script and performances of actors for the full showing of the Pageant at the same place on Sunday afternoon, May 4, at 1 p.m.

Actually, seven of the 32 scenes of the Pageant had been enacted when the storm broke. One estimate of the crowd ran as high as 10,000 persons. Motor traffic created a problem. At one point, it was said, 1,786 automobiles were checked.

All the work of preparing for the Pageant enactment was done on a voluntary basis, as a community enterprise. The entire financial budget, said Mrs. E. R. May, one of the moving spirits in the observance, was only \$326.

That budget will be substantially increased, it was said this week.

HUSSEY TALKS DEEPER LAKE

Says United Fuel Work If Lake Deepened May Be \$25,000 or More

The United Fuel Company is anxious to cooperate with the people of this section in their efforts to persuade the Corps of Engineers to add five feet to the depth of Dewey Lake, but it cannot waive costs of pipelines and other installation changes which may be necessary as a result of a deeper lake.

This J. R. Hussey, Charleston, W. Va., division superintendent for the company, told County Judge Henry Stumbo, County Attorney W. W. Burchett, Magistrate J. E. Harris and others in a conference here, Monday morning.

Mr. Hussey estimated that changes which a deeper conservation stage in the lake would make necessary would cost his company between \$25,000 and \$50,000. And the company would expect the federal government to reimburse it for its actual cash outlay, he said.

He specified two gas wells and the main line which crosses the lake a short distance below Big (or Burchett) Branch as properties which would require attention in the event of more water. Dikes built around the two wells would have to be heightened, and reinforcement of the line might be necessary, too, he said.

The officials explained that the lake at its present level does not extend far enough up Johns Creek tributaries to give its thousands of visitors room for safe and pleasant boating and fishing. They also pointed out that they have been besought for months for help toward getting the lake deepened.

Cost of making changes which a deeper lake would require has been given by the U.S. Corps of Engineers as the main reason for failing to accede to requests of the people which were presented in Washington by Congressman Carl D. Perkins.

HENRY NAMED ON 3 COUNTS IN CASE HERE

Trial of Man Named In \$30,000 Robbery Scheduled April 29

The unlawful imprisonment indictment listed in The Times last week against John Smith Hall and his wife, May Hall, erroneously included the name of Alvin Hall. Correctly the name should have been listed as William J. Adkins.

Willis Clay Henry, Mt. Sterling liquor store operator, executed bond totaling \$42,000 here Monday after the grand jury of the Floyd circuit court had lodged against him three indictments growing out of the alleged robbery of D. Floyd County Historical Notes

By HENRY P. SCALF

James Harris, Revolutionary soldier, who settled in early Floyd county, was born, according to his pension application, in Buckingham county, Va. He married, May 10, 1775, in Buckingham, the officiating minister being the Rev. William Peasley. We know his wife's name was Patte. Her surname is unknown and the marriage record is unlightening.

The old soldier was born in 1752, died in Floyd county, Oct. 3, 1836. His wife was born in 1755. There were 11 children born to this union. "In rotation of about two years apart," as a son stated it. Of these 11 children we know the names of four and but for the pension application of his widow we would not know these. Lucy was born in 1776, Sallie, 1777, Fanny, 1778 and Samuel in 1794. Of the other seven children we have no record. Some notes given to this column state that one child emigrated to Georgia. The same notes state that another son settled in Tazewell county, Va, and had a son James who married into the Harman family. These notes are the first evidence of intimation, except the similarity of family names, that the Revolutionary James Harris family and the family of Harris represented by the brothers James P. and David K. Harris, were the same sept.

A grandson of James Harris, the soldier, married into the Harman family too. Kelsey or Kelse married Lou Harman, daughter of Daniel, of Tip Top, Va. Kelse, this column understands, was a brother of Harman Harris, the old attorney of Prestonsburg.

Let us go back to Samuel Harris, who was the youngest son of the Revolutionary soldier and who was born in 1794. He married before 1822 to Patsy Clay. He died in 1880. Patsy Clay was a second cousin of Henry Clay, the Kentucky statesman. It is said they were married in Georgia.

When we discuss the Clay family we get on more secure historical and genealogical ground for the record of the blue grass Clays is well established and numerous books set out in detail the Clay record. But in regard to the Eastern Kentucky Clays, the record is meagre and unrecorded. That the two families are the same there seems to be no question. Matthew Clay, who lived on Buffalo Creek, in Floyd, was a son of Jordan and Mary Carter Clay. Matthew Clay married Elizabeth Sullivan, in 1834, a granddaughter of Peter Sullivan, another Revolutionary soldier who settled in Floyd but died in Wayne county, W. Va.

The record of these early Clays of Floyd is confused. There was a Patsy Clay who married Peter Clay in 1828. James Clay married Lucinda Morrison in 1837 and Robert Clay married Sarah Setser in 1845. We can assume, for purposes of setting up a working hypothesis, that these Clays were all brothers. But what of Patsy Clay who married Peter? They probably were cousins and the Patsy Clay that married Samuel Harris (1794-1880) was another cousin. Family names sometimes lead to the solution of a genealogical problem if pursued warily.

Martha Amey Harris (1822-1917) a daughter of Samuel and Patsy, married William Gobie (1821-1881). One son of this union married Elizabeth Clay, daughter of Matthew.

The notes supplied this column on the Harris family states that James Harris, the Revolutionary soldier, was a son of Francis Harris and that there were four sons of this Francis, the other three being another Francis, Walter and William. James P. Harris, who was born about 1788 or possibly 1790, according to census records and who was possibly, and this column hesitates to say probably, a grandson of James, the soldier, married Nancy Young, daughter of William Young. James P. died before 1837. To this union were born Kelsey Nelson, John B., James P., Joseph S., and Elizabeth.

This dissertation on the Harris and Clay families is more or less an attempt to answer several questions that have been asked and in certain statements it can be seen that there is considerable doubt. The essay may aid to solve certain problems in genealogical research, it may not. Another question that has often been asked is: "Who was the father of Henry C. Harris?" This column does not know. No genealogical reference or family data places him se-

curly in the scheme of things. After serving as representative and state senator from Floyd and Johnson, he went to Covington, about 1847, where he died after a few years. He left a proud record as an attorney and public servant in Floyd county. He invariably wrote his middle name abbreviated with a C. This was probably for Clay. Henry C. was an attorney for the Connelly family for years and Constantine Connelly, Jr., named a son for him, Henry Clay Harris Connelly, who was born in 1856. So we may safely assume that his middle name was Clay.

An inquiry as to what county in Virginia the Bolling family of Pike originated, at hand. The Bolling or Bowling family of southern Pike came from Wise county. A Henry Bolling, Union soldier, settled at first just across the river from Catlettsburg and built a large brick house. Financial troubles caused him to move to Shelby Creek, in Pike county, Ky. Two brothers of his moved from Wise county to North Carolina. Bollings today live in Wise, close relatives of the Pike Bollings. Their origin farther back in Virginia or some other state is unknown.

Plain Song Chanters Get 18th Invitation To National Folk-Fest

While Gertrude Knott, of the National Folk Festival, slated for presentation in St. Louis May 14 through 17, was frantically seeking a sponsor to get Mrs. Edith F. James' Plain Song Chanters from this county to appear at the Mid-West folk-fest, another and more famous musician was asking Mrs. James for money.

Fritz Kreister, the world famous violinist, head of Hospitalized Veterans Music Service, wrote on April 3: "I am writing to you and your music club as representative of those persons in your community interested in the utilization of music for the pleasure and rehabilitation of these young men (Korean disabled veterans)."

The Plain Song Chanters would like to appear at the National Folk Festival but would settle for a chance to sing the old Gregorian chants at the State Convention of the Kentucky Federation of Music Clubs at Glasgow, April 17, 18 and 19. Mrs. James is state chairman of Folk Music for the State Federation of Music Clubs. Her Plain Song Chanters have received 18 consecutive invitations to appear at the National Folk Festival. This year urgent appeals from Mrs. Curtis McGee of Glasgow for their appearance at the State Federation Convention in mid-April promises to be futile, in results, too. But whether these Plain Song Chanters appear at either event or not these consistent invitations to come in itself ample evidence that the old chanters assembled by Mrs. James have contributed something to folk music in America.

Chief Scout To Speak At Appreciation Fete For Council Leaders

Dr. Elbert K. Fretwell, Chief Scout of the Boy Scouts of America, will be guest-speaker at the annual appreciation dinner of Lonesome Pine Council to be held in Memorial gymnasium at Hazard Monday evening, April 28. The purpose of the dinner is to honor the leaders of more than 100 Scout units in the Council.

Dr. Fretwell is regarded as one of the most outstanding youth speakers in America. For many years he served as professor of education at Columbia University. When Dr. West, the first Chief Scout executive, retired in 1942, Dr. Fretwell replaced him as Chief Scout executive and served in that position for five years. At the end of that time he accepted the honor as Chief Scout. This honor has been conferred on only two other men, Dan Beard and James E. West, both pioneers in the Boy Scout movement.

Engineers Announce Kentucky River Dams To Be Open Thru '52

The chief of the Ohio River Division, United States Engineers, said Tuesday in Cincinnati that \$60,000 has been made available for operation of locks and dams on the upper Kentucky River through 1952. Col. Fasal N. Strong made the announcement on the basis of information received from Col. Clarence Bidgood, district engineer at Louisville.

The money will be used for Locks 8 through 14, which is at Beattyville, Ky.

Colonel Strong said this appropriation will keep the Kentucky River in a navigable condition for both commercial and pleasure craft.

The original order was to abandon the locks in the upper reaches June 30. A number of coal operators in the Hazard, Ky. area protested against proposed discontinuance of the locks. They informed officials that they intended to use the Kentucky River to transport coal from their fields.

FRIEND OF KNOTT WOMAN SEEK COW FOR DISEASE VICTIM'S 5 CHILDREN

Friends of a Knott county woman, who has had most of the bone in her face below her eyes removed, are appealing for a cow to provide milk for her five small children.

Mrs. Willis Amburgey, 28, has been in a Lexington hospital since March 14. Three weeks ago, a doctor removed most of the bone in her face below her eyes because of a disease that attacks and destroys the bone.

She has suffered with the disease for six years and has been in hospitals at Lackey, Lexington, and at Hazard, Louisville and Ary.

Her husband has been caring for the children—from 10 years to 18 months old—at their home just outside Hindman.

The destitute family's plight became known Monday when a Lexington woman released to a newspaper a letter she received from a friend at Hindman.

It told how members of that community had tried to help the family for several years. They have started a "Cow Fund" to provide milk for the children, but the friend says outside help is needed.

The husband and father cannot work often at his regular employment in small truck mines of the

area. He is suffering from a bladder ulcer.

The couple have tried to take care of their small children and provide them with necessary food, but there has been no income for the past five months. The friend says that, late last year, State Welfare aid for the children was withdrawn.

Mrs. Amburgey's face cannot be rebuilt with plastic surgery, doctors say, and she will have to have special food when she gets home.

Her doctor and hospital bills are being paid from the United Mine Workers Welfare Fund, which also is providing private nurses.

STATE GRANTS ANNOUNCED

The state contribution, \$10,000 each, will be used to supplement federal and local funds on each of the projects.

Not "warmed over" but strictly brand new!

You owe it to your pocketbook to drive this Chrysler engine before you buy any fine car today.

It's not a "warmed-over" engine, but a basically brand-new one!

It gives a new kind of performance that means new value for every dollar you pay out for purchase, upkeep, or operation.

It was built brand-new around a hemispherical combustion chamber which makes better use of gasoline, and also permits sounder all-round engine structure, than any American motor car engine has had before.

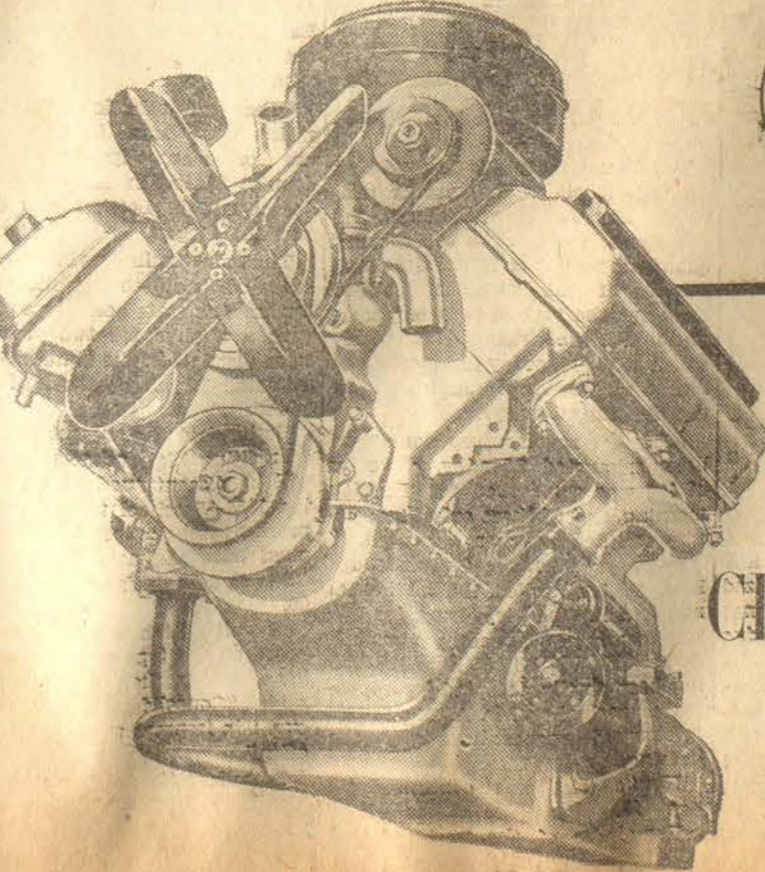

It delivers 180 horsepower . . . without requiring you to buy premium gasoline. It runs with less waste, less heat, less friction and less wear than previous designs can

equal. Its combustion is so clean it literally develops almost no carbon deposit at all.

It will last longer than any engine you've ever known. It will cost you less along the way. It will stay "young" in performance thousands of miles past the point where an ordinary engine shows old age.

And on top of all that, it makes driving a lot more pleasure! Its smooth response . . . its safety-power, in reserve for emergencies . . . its easy scorn for distance or hills . . . make you just plain feel good at the wheel as you've never felt before.

For the good of your purse and your pleasure too . . . we invite you to drive it, soon!

"The Erosion of Youth . . ."

A WOMAN of our mountains, Mrs. Marie Turner, superintendent of Breathitt county schools, went up to Washington, a few days ago, and there she so eloquently bespoke the cause of the schools of her section that her testimony in favor of federal aid in providing adequate school structures made a strong impression on her hearers and, through the newspapers and radio, on the public consciousness.

One phrase of hers in particular made a poignant, and it is to be hoped, a lasting, impression. She put these words together to paint in stark language the steady but inexorable loss of an intelligent young citizenship through lack of progress in education: ". . . the erosion of youth . . ."

Because the subject under discussion was that of adequate housing for pupils of all grades, this "erosion of youth" was applied, for the moment, to that one cause. But such wasting away of citizenship into illiteracy, and into lost years, is caused by a tragic combination of circumstances, and four walls do not circumscribe them.

This erosion of youth goes back to the family fireside, and it can be followed on through to bad roads which in this modern age not only handicap the pupil but stifle pride and ambition; to the teacher, the school property and material conveniences themselves.

The list of Kentuckians—Eastern Kentuckians, if you will—who have the talent and the high purpose necessary to make a great contribution to youth through education but who, for one reason or another, have become expatriates, is not a short one. Too many incompetents have remained in the schoolroom; too many who should be teaching Kentucky boys and girls are teaching in other states or have been lost altogether to the profession.

Kentucky has by this farcical method of apportioning funds on the basis of enrollment rather than on that of attendance wasted money on the youngster not in school when that money should have been spent on those at their desks.

We parents have failed to inspire in our children a desire, an ambition, to reach a higher plane intellectually than we ourselves have attained. Too many have joined the rat-race for personal gain; too few have given their children a view of the finer things, a glimpse of the future that counts. A dollar earned by a boy of fifteen spends as well as one earned by his father, the unthinking have decided all too often.

Mrs. Turner is so right when she pleads for better buildings and better equipment for the schools. It is as apropos for the man who exists in a log hut to buy and park outside it a limousine as it is for men and women to send the bright young spirits on which all their hopes rest into a hovel of a school building.

But to stop the erosion of an age in the human cycle is a task which can be accomplished only by progress on more than one front.

YOUTHS SHOW QUICK PROFIT

Maytown 4-H Club Boys Prove There's Profit In Raising Chickens

Two Floyd county 4-H Club youngsters who have made more than mere "chicken feed" by growing and selling chickens are here to tell all and sundry that folks are all wrong when they complain that "there's no money in raising chickens."

The two, Donald and Palmer Kieth Lowe, members of the Maytown 4-H Club, raised 300 chickens and in eight weeks' time showed a net profit of \$125.10. Good brooding methods spelled success in dollars and cents for the boys, commented County Agent Harold B. Rice.

They started 313 White Rock chicks on January 24. The chicks cost \$44.73, the cost of feed was \$131.30, fuel cost \$6 and the feeders, waterers, etc., cost them \$3.12. The total cost of raising 300 chicks out of 313 was \$185.15.

They sold 215 fryers for \$225.25, used six at home valued at \$6, still have 18 fryers valued at \$18 and are keeping 6 nice pullets for layers that are valued at \$61. The gross income from the brooding project was \$310.25.

That figures out 41.7 cents on each chick raised.

It took 2,300 pounds of feed to raise 300 chicks to fryer size. This is only 7.7 pounds of feed for each chick. "A good record for anyone," says County Agent Rice.

The project was financed by the boys' father, Arnold Lowe. Their profits from this project will be used to finance their other 4-H Club projects and their district 4-H Club Camp expenses, July 21-25. Mrs. Lowe said it would be easier to raise 300 chicks to fryer size. This is only 7.7 pounds of feed for each chick. "A good record for anyone," says County Agent Rice.

Trash Dumpers Costing State Heavily, Bray Says

Frankfort, Ky., April 14 (Spl.)—Kentucky is losing hundreds of thousands of dollars a year in maintenance costs as the result of persons dumping trash and garbage along its highways.

D. H. Bray, state highway engineer, said that highway crews have been kept busier lately in cleaning up debris than ever before and that his office has had numerous complaints of dumping from all parts of the state.

"Not only is the practice of throwing trash on roadsides expensive to the state but it is hurting the appearance of our highways at a time when we are doing our best to attract tourists from other states," Bray said.

Heavy maintenance costs include damage to mowers and other machinery caused by cans and bottles as well as expense in hauling the trash away, he pointed out.

Bray said his department tries to catch dumpers and bring legal action against them but that this method of beating the problem can never be successful by itself.

He used the term "litterbugs" to describe those who are guilty of the dumping and urged them to think of the damage they are doing before they take a load of trash out to a public highway to deposit it.

PUPILS HERE LEAD REGION

In Number of Entries Winning at Festival Staged at Pikeville

Prestonsburg high school entries dominated the Pikeville regional Music Festival last week, nosing out Pikeville high school, 17-9, for the largest number of entries qualifying for the state music contest at Lexington.

Betsy Layne and Maytown each had one contestant winning a place in the state festival.

In all, 32 individuals and 14 groups smaller than choruses and bands qualified for state competition. The contestants represented 21 schools in Floyd, Pike, Johnson, Martin, Magoffin and Harlan counties.

Winners of Division I, or "superior," ratings, and all senior-high bands and choruses, are eligible for the state contest if they are registered for it, according to Dr. A. A. Page, festival manager and president of Pikeville Junior College, where the festival was held. Eligibility may be given also to those judged highest in the "excellent," or second division, group if there are no higher marks in an event.

Prestonsburg "superiors" went to Bill Baker Burke, in baritone horn; Randall Wells, in trombone; Winifred Sue Cooley in B-flat clarinet; Charlene Akers, mezzo-soprano solo; Donald Compton, baritone; Jean Rae Cooksey, Julia Mayo May and Katherine Akers, in the girls' trio event; Randall Wells, Bill Jim Compton, Donald Compton and Joe Jack Armit, male quartet; and Jean Rae Cooksey, Dorothy Herald, Elizabeth Burchett and Bill Jim Compton, miscellaneous vocal ensemble. All qualified for the state contest.

The Prestonsburg junior high school boys' chorus, and the Prestonsburg high girls' and mixed choruses also were ranked "superior."

"Excellent" ratings with eligibility for the state meet went to Pete Conley, cornet; Pat Pfeiffer, E-flat clarinet; Pete Conley, Jack Douglas Burke, Randall Wells and Bill Baker Burke, brass quartet, and Mary Belle Layne, Jean Varney, Betsy Spurlock and Nancy Spurlock, girls' quartet, all of Prestonsburg.

Betsy Layne and Prestonsburg high school bands, as well as Prestonsburg's girls' and mixed choruses and a "capella" choir, are listed as eligible for the state contest.

Floyd county entries rated "superior" by the festival judges, but not registered for state competition, were Bill Clair, baritone, Wheelwright; Martin's male quartet, Franklin Salsbury, David Grigsby, Bobby Branham and Bill Martin, and the Martin girls' chorus.

"Excellent," or Division II, ranking went to a Prestonsburg girls' trio consisting of Mary Belle Layne, Jean Varney and Betsy Spurlock, and the girls' and mixed choruses from Prestonsburg junior high school, and Prestonsburg's choir and band.

Maytown's Reba Joyce Salyer in alto saxophone; Glenis Ramey, tenor saxophone; Sparkle Gearheart, B-flat clarinet; Donald Lowe, cornet; Charles Gearheart and Emil Reffitt, trombone solos; Jimmy Hopson, baritone horn, and Betty Lou Allen, Gloria May Jones and Pearl Shannon Hicks, girls' trio—all these also received "excellent" rankings.

Second-division rating also went to Martin's Franklin Salsbury, cornet; David Grigsby, alto saxophone; Dolores Flaney, B-flat clarinet; Franklin Salsbury and Canton Napier, cornet duet, and Janice Frazier, Barbara Alle, Mary Lou Click and Georgia Ann Roark, girls' quartet.

Wheelwright's Marvis Osborne, cornet solo, and Charles Blackburn, baritone horn, were classed as "excellent," along with the Wheelwright girls' chorus and band.

Betsy Layne's only "excellent" ratings were awarded to a clarinet quartet of Jimmy Douglas George, Patty Lykins, Janet Johnson and Anna Laura Hall, and to the Betsy Layne band.

"Excellent" baton-twirling solos were performed by Anna R. Watkins and Barbara Martin, of Wayland high school, Wayland's only entries in the festival.

McDowell's brass quartet, Gloria Dean Moore, Comelia Moore, Sammy Martin and Louise Sexton, also were rated in the second division.

Third-division rank of "good" went to Janet Sue Fraley, Martin, in B-flat clarinet; Connie Turner McDowell, in alto horn; Jewell Elswick, McDowell, snare drum; Justin Turner and Reba Joyce Salyer, saxophone duet; Mary Belle Layne, Prestonsburg, soprano solo; and a Martin girls' trio.

Floyd county's music directors are: Prestonsburg—Carlos Haywood, band, Oval B. Hall, high school vocal, and Kathryn S. Frazier, junior high vocal; Martin—Margaret E. May; Maytown—Elsie Patrick; McDowell—Olive Rose Hall; Wheelwright—Billie Jean Blackburn; Betsy Layne—William Sargent; county band—Jesse Elliott.

ABC BOARD POSTPONES CASE

orally hurry up the sorting, cold toes or no. Some of these old carriers are but a name—like Jack Sweeney, the first to carry Tram mail, and Clyde Huffman, his successor.

In 1907, the railway passed Tram. Clyde Layne, son of L. D., who acted as assistant postmaster, relates the story of the first passenger train that passed Tram bottom. It was memorable in more ways than one, for this first passenger train picked the spot for a derailment Judge R. E. Stanley, father of Mrs. Ella Stanley Layne, wife of Clyde was a passenger on the derailed train. Clyde was impressed by the snapping of the large steel ropes as the cars were pulled back onto the tracks.

Now that the railway was just across the river the horse-back carrier disappeared into the stores of memory. Men picked up the mail either at the postoffice or at the train and carried it across the river. Another munificently paid job at \$7 per month, but it was well earned by men like James H. Powell and William T. Honaker, a colored man.

The postoffices in the vicinity of Tram are, too, linked with the Layne name and one can look out across the tracks, at Justell, at the old log building weatherboarded in after years that served as the residence of Betsy Layne. Betsy Layne was Elizabeth Johns who married a Layne. It was for her Betsy Layne was named. Laynesville, which was by far earlier than any surrounding postoffice and which has disappeared to be superseded by Harold, was founded by James S. Layne, the first of the Laynes. And there is Justell, the word coined from the first part of the name Elliott, for 30 years ago, M. C. Justice and King Elliott were coal operators here when the postoffice was founded. Ella Stanley Layne was appointed and has been its postmistress the ensuing three decades.

In relating the above facts about the postoffices it can be seen how difficult it is to write or talk about Tram and the Laynes without mentioning the other places they established or honored with their name. At Tram, when L. D. resigned, his daughter Zeola was appointed. She served for years and after her resignation her sister, Dolores, became postmistress and remains so today. This is her 11th year.

Judge Robert E. Stanley came, after a long career as a public official of Floyd county, to buy the old Pen Layne farm, years ago. In doing so he acquired what was then called Powell but now Tram Bottom. Stanley subdivided the bottom into lots and sold them. People built homes here and the old rail stop at Tram became a tiny hamlet. In a few years Dolores Layne Hicks found it necessary to move the postoffice across the river near the rail station. There it is today, and while it is not now a lucrative office, it is a long ways from the few cents a day of a half century ago.

If there is any truth in the old axiom that history repeats itself, then in the years to come Tram will continue to be "run" by a member of the family. And it will be well and good for they have always been efficient servants of the postal system.

NOT IMMUNE TO TAXES

Employees of Federally-owned and operated facilities are not immune from state and local taxes of any sort, the Court of Appeals held in sustaining the levy of one per cent occupational license tax against U. KENTUCKY ON THE MARCH By EWING GALLOWAY

The new Kentucky narcotics law is a praiseworthy piece of legislation, but if I had authored it, 20 years in the pen for selling drugs or referees to minors would have been the minimum, not the maximum penalty. I never did like penal laws with "up to" in them. But the new statute authorizes the courts to inflict a 20-year penalty if they want it. It puts the responsibility on juries and judges. If the courts are lenient it is their fault.

The creature who sells drugs or referees to children is one notch below a murderer. One take a human life, the other ruins it. And 20 years in prison for persons selling dope to children is not too severe a penalty.

Now that we have a reasonably good narcotics law it is up to the police authorities of Kentucky to catch the peddlers. In the smaller cities marijuana cigarettes are peddled to teen-aged school boys and girls. To the youngsters a reefer party is a lark. Then, before they realize it, they are addicts. Refeers lead to drugs and ruined lives. And this sort of thing can happen in your family or your neighbors' families.

Federal enforcement has greatly reduced the narcotics traffic in recent years, but the Narcotics Bureau, always doing a wonderful enforcement job, now has a staff of only 270. State and county authorities can learn about enforcement from the federal bureau and cooperate with it. I don't know whether there is a printed manual on narcotics law enforcement. There ought to be. If there isn't Kentucky ought to persuade the Federal bureau to write one, then have it put in the hands of all Kentucky sheriffs and municipal police chiefs.

Maybe by 1954 the legislature will see the advisability of mandatory long-term penalties for dope sellers. "Must" and "shall" should be better than "up to."

CARD OF THANKS

We wish to express our most sincere thanks to all who were so kind to us upon the death of our son and brother, Pfc. Smith Hicks, Jr. We wish to especially thank the ministers, Rev. **Inspection Period
For County Owners
Of Property Begins**

Floyd county taxpayers now have an opportunity to inspect the tax assessment roll for this year, Tax Commissioner Clive Akers announced Tuesday.

As provided by Kentucky law, the property tax roll will be open for inspection from April 15 to May 1. Any taxpayer may visit the tax commissioner's office and check his own assessment as well as comparing it with others in the county.

Commissioner Clive Akers urged every taxpayer who possibly can to take advantage of the inspection period. This is the only way to be sure the assessment is correct. Some taxpayers have had to pay taxes they did not rightfully owe because of their failure to take advantage of the inspection period, he said.

Anyone who feels that his assessment is higher or lower than that on other like property in the county may appeal to the board of supervisors. The appeal must be filed in writing with county clerk DuRan Moore before May 1. LAWYERS EYE FEES ASKANCE

Test Suit May Decide When Sheriff Mileage Allowance Effective

The new law which, beginning June 19, will enable Sheriffs to collect from the litigants' mileage for serving papers in court actions is a not-too-popular idea among the lawyers of the Commonwealth, it developed at a State Bar Association meeting in Louisville last week, and Sheriffs have been warned to go easy on their charges for such services.

Circuit Clerk W. W. Cooley said here this week he will not attempt collection of the Sheriff's costs in serving papers.

Mr. Cooley recently wrote the Attorney General's office for a ruling to define when the new fees may be collected, and was advised by Assistant Attorney General M. B. Holfield that a test suit should be filed so that an opinion from the Court of Appeals may be procured in settlement of the question.

Wrote Holfield, in part: "While this department has some doubts as to whether either of these bills when they become effective are applicable to Sheriffs now in office, we are inclined to the opinion that the Court of Appeals may hold that they are applicable under the amendment to Section 246, State Constitution."

CONFIDENTIALLY The ole whittle and chew clubs have gone modern and sophisticated. At least the Prestonsburg Chapter of this universal small-town gathering has. It repudiates any inference that it just gathers to whittle, chew and spit by adopting the name, Confidential Club.

It was organized April 3 at the Patsy Theatre building and John Warix was elected president, Bill Biggers, vice-president, and A. L. Davidson, secretary and treasurer. An imposing board of directors was installed, namely, Frank Friend, Jack Hyden, A. J. Archer, Mack Harmon, Harry Ranier and Hugh White. This should insure an efficient administration of the club's business.

The "working" committees are numerous. Confidentially, it is not known for sure how many committees were appointed. There is the committee on by-laws, committee of professional advisors, publicity, police personnel, legal advice and numerous others. The committee of professional advice is Dr. Edward Leslie, Dr. M. J. Lee and Dr. E. T. Arnett—all dentists. For some reason they seem to anticipate mouth trouble in this club. They anticipate no legal difficulties, but, just in case, Burnis Martin and Alex H. Spradlin serve as legal advisors.

The by-laws assert meetings are to be held daily, beginning at 7 o'clock and the building is to remain open 24 hours daily.

Now, the varying shades are seen in the picture. Men are viewed strictly as men, not as heroes, not as paladium of all the virtues—neither all good nor all bad. And so with the things men do.

This tendency to compromise isn't a strength, I'm convinced. And that's why, perhaps, younger blood is needed in politics and many other affairs vital to the public good.

Think you have troubles? The cause lost beyond recall? Then consider the case of the youngster who lost his chewing gum in the chicken-house.

DOG TALE Now we have the case of the Hearing-Ear Dog.

S. L. Isbell was up at Ashland Shepherd's at Pyramid, the other day, to vaccinate Shepherd's dogs, a shepherd, a hound and one which was just plain dog, against rabies.

The shepherd took his shot first—like a man, you might say. Then, as Mr. Isbell turned to the hound, the shepherd leaped onto the hound, one paw thrown over his neck, the other across his face. Isbell thought a fight was in the making, and said so, but the owner of the dogs reassured him and told him to proceed with his work.

After the hound had been given his anti-rabies vaccination—with the shepherd still literally holding the long-eared one—the owner explained the dog's action to Mr. Isbell.

"That hound is stone-deaf," he said, "and the shepherd looks out for him. He catches the hound and holds him when he starts across the road in front of a car, and he must have decided he needed some help in this matter, too."

Gene Hall, senior of Wheelwright high school, chose for his subject a matter, while it may not be conducive of great forensics, yet would seem to be well supported by the facts: "Inflation Today—A Reality." He, well coached by Wayne Ratliff, principal, won third place.

There were two other entrants, Doris Rae Turner, Martin junior, and Sidney Jean Hayes, Maytown senior.

Cash awards of \$25, \$15 and \$10 were paid by the Floyd County Board of Education to the winners. The top two received in addition to the cash awards gold medals upon which was stamped "Floyd County Oratorical Contest." Third place received an identical medal except that it was of bronze. Jimmy Clark's school received a trophy as a further recognition of his ability.

Due to the inclement weather only a fair crowd showed up. McDowell high school, though, came with a busload of what was termed "moral supporters" of their entrant. At the conclusion of the contest the judges, Carl Hatcher, elementary supervisor of schools, Pike county, and Robert S. Wellman, Prestonsburg attorney, gave informative talks on the merits of the oratory and indicated the basis upon which they made their decision.

The Floyd county oratorical contest in the high schools was started 20 years ago by Palmer Hall, now County Superintendent, "with funds out of his own pocket," it was said.

Perhaps it would be like the prize winning essay of Anna Arlene Wallen which states in substance when she says that we can awake some fine morning to find that a miracle has occurred and Prestonsburg is a cleaned-up town.

"Finished at Fifty?" — Man Alive! You're In the Prime of Life

Fifty is young. Many thousands of folks are peppy at 75. Try "pepping up" with New HI-VITA Tonic. Contains tonic for weak, tired, rundown feeling due solely to body's lack of iron, B-1, B-2 and Niacin—which many men and women call "old." When your head aches, your breath is foul, your tongue coated, you suffer misery from gassy bloating which crowds your heart and makes you gasp for breath. You feel nervous, dull, lazy, no appetite, without spark in your eyes. Your mind may lack brilliance and you look pale, haggard, older than your years, when life seems not worth living, with worry weighing you down and you find yourself cross and grouchy. A shortage of iron, B-1, B-2, B-6 and Niacin in your body cells, blood corpuscles and tissues may be the cause of all your needless suffering. New HI-VITA Tonic is then what you need.

Watch the results a day or two after using HI-VITA Tonic. The house-cleaning it will do in your body—the secreted poisons it will bring out. You will begin to feel new, surging strength as your body cells, tissues and muscles tone up as your body is swept clean of poisonous matter. New red blood will charge into your veins. Color will return to your face. Folks will talk about how well you are looking. You will sleep like a log. Your food will have a finer taste and you will eat with relish. You will feel like a new and different person.

Get New HI-VITA Tonic at W. A. ROSE DRUG STORE.

Dedicated to Mr. and Mrs. M. C. Hyden Upon the Death of Their Small Son

Bright rays of heaven's sunshine Mingled with mirth and joy, And laughter just like music Made up our little boy. How kind was our dear Father To send him just to you, A little bit of heaven To cheer you up when blue. So cheer up and be happy For he's at home with God, That's just his little temple You laid beneath the sod. He's not sleeping in the grave— He never has been there— He went to be with Jesus, The instant he left here. I beg of you now don't forget Not even for a time, God didn't give you Bobby, He just lent him for a while He saw fit to take him back, Who are we to question God? He's just filling up His kingdom With little ones like Bob. It.

Why the right power is so important to truck buyers

WHEN a truck engine is too small for the job, you'll pay in poor performance and high upkeep. When it's too big, you'll waste money on operating costs.

To be sure of the right power for top performance and top economy on every job, Dodge builds eight great truck engines. There's one that's "Job-Rated" to fit your kind of work.

In fact, you get a truck that's "Job-Rated" in every way. Every load-moving unit is factory-engineered to meet the most severe operating conditions. And every load-carrying unit is factory-engineered to provide the strength and capacity needed.

Visit your friendly Dodge dealer today for all the facts about Dodge "Job-Rated" trucks.

Tests prove power with economy. To save gas, powerful Dodge truck engines employ compression ratios as high as 7.0 to 1. And on high-tonnage models, a twin carburetor and exhaust system is used.

Records show low upkeep. For dependability and low repair costs, rugged Dodge truck engines have 4-ring pistons with chrome-plated top ring and heat-resisting exhaust valve seat inserts.

Owners report "Greater value!" You get all these plus values: Cycleshond brake linings; easier handling; sharper turning; gyrol Fluid Drive available on all 1/2-, 3/4- and 1-ton and Route-Van models.

"When power is needed, Dodge trucks have it!"

says C. R. SHEARMAN, Hood Construction Co., Lynwood, Calif.

"We've been big Dodge users for many years, because our business demands trucks that are dependable, economical and rugged."

"We do most of our driving over rough ground, a lot of it in the mud. The trucks work with crews who are laying pipe in the field. This kind of hauling calls for plenty of power to carry equipment to the men."

"And when power is needed, Dodge trucks have it! They seem to be able to pull anything."

Come One, Come All!

Join with us in the weekly preaching and prayer service at the Court House at Prestonsburg, Ky., every Friday evening at 7:30.

Hear these old-time Christians preach from the Book that never grows old, sing the Old-Time Hymns and pray the Prayer of Faith.

Hear Jesus' last great invitation to all the people.

"The Spirit and the Bride say, Come, and let him that heareth say, come, and let him that is athirst come, and whosoever will, let him take of the water of life freely". (Rev. 22:17)

There is a well of "living water" for you.
