SOME CALL IT MADNESS

Boys will be boys... children will play—and some collegians will come hell and high water, make damphools of themselves.

There was a time when they went about this business of being foolish in rather tame fashion: a coonskin coat the piece-d'-resistance of dress, a jalopy decorated with sunray slogans and designs for transportation, and a hip-flask for inspiration. Then they went into the goldfish business.

But all that was grab stuff. Now they're party-raiders.

Some call it spring madness. I wouldn't know, being of a certain age. Anyway, in Columbia, Mo., some 3,000 hairy-chested individuals went wild, simply wild, and lit out for the nearby Stephen and Christian Colleges wherein panties pre-empted in the foundation garment department.

Out of all this melee only one individual stood out, head, shoulders and torso, among all the rest. He was the guy who got trapped on a fire escape by the gals and was divested of his clothing, winding up with an abject plea for mercy.

So it went over the land. Colorado University. Nearly a dozen other schools. The National Guard was called out in one place, the police in others.

Oh, boy! Roll back the years, and some other old fuddy-duddy would be doing this piece while somebody else was storming the breastworks!

DO SOMETHING ABOUT IT!

If everybody who registers complaints would register to vote, then vote, maybe there wouldn't be so many things to gripe about. The Prestonsburg Kiwanis Club, elsewhere in this edition, warns those not registered that June 3 is the

PICK NESSLER C.C. LEADER

Group Here Endorses Ashland Area as Site Of Atomic Energy Plant

D. S. Nessler, Prestonsburg store manager, will head the activities of the Prestonsburg-Floyd County Chamber of Commerce through the second year of its existence.

Mr. Nessler was elected president of the Chamber at its meeting here last Thursday evening. He succeeds J. R. Hurt. Other officers elected for the year are:

L. B. Moore, vice-president; R. S. Wellman, secretary, and Richard Spurlock, treasurer.

The Chamber of Commerce also named the following directors at last week's election of officers.

J. R. Hurt, N. M. White, W. A. Rose, C. L. Hutsiniller, H. C. Francis, Jr., J. M. Cyrus, Curtis Clark.

Named ex-officio directors were A. J. May, Burl Spurlock, H. D. Fitzpatrick, J. W. Howard, Bert T. Combs, Henry Stumbo and Edward P. Hill.

The Chamber of Commerce at the same meeting adopted a resolution in which it endorsed the Ashland area as the site for the proposed atomic energy plant.

Copies of the resolutions were forwarded to Kentucky's Senators and Congressmen, the Ashland Board of Trade and Chambers of Commerce at Pikeville, Paintsville and Louisa.

C. of C. membership fees were reduced to \$5 for individuals and \$10 for business firms.

PEACE BOND IS SETTLED

Blackburns Pay \$700, Believed First Such Case in This County

What is believed to have been the first court action instituted in this county to collect on a peace bond was concluded Wednesday morning when the defendant, Bennie Blackburn, and his father, Frank Blackburn, his surety, signed an agreed order in circuit court to pay the bond.

By agreement the Blackburns will pay \$700 instead of the full \$1,000 amount of the bond. Court costs amounted to \$45, since depositions were taken in the case.

Blackburn had been placed under peace bond after his conviction on a liquor charge in this county. After that he was arrested and fined on the same sort of violation in Knott county. It was alleged in the suit filed by Commonwealth's Attorney Burnis Martin.

The prosecutor has also filed an appeal from the Floyd County Court's order granting Mrs. Edna Blackburn, wife of Bennie Blackburn, a roadhouse permit. The action to revoke the permit is slated for hearing in circuit court Friday.

Reviewing the action he took in the peace bond case, Martin said he expects to follow the same procedure in other cases where bonds of that sort are violated. "Just show me one and see," he told Blackburn. He added that he agreed to settlement of the case at a \$300 reduction because he felt a quick finish would have more effect, surmising that had it not been so settled the case could have dragged over a period of a year or longer on appeal.

P'BURG NEARS BLOOD QUOTA

114 Pints Given Here Last Wednesday Night For The Week's Work

The Red Cross mobile unit from Huntington last Wednesday during its visit to Prestonsburg received a contribution of 114 pints of blood, the largest contribution of half a dozen communities visited in Kentucky and West Virginia during the week.

The nearest approach to the showing made here was that of Logan, W. Va., which gave 107 pints. Results of the visit here were highly gratifying, bloodmobile workers told those who prepared for the visit and who helped during the day.

Next Floyd visit of the bloodmobile will be to Wheelwright on June 9, and blood program leaders there are hopeful of maintaining their fine record established on previous visits.

One Cliff man, Jack Music, gave blood here last Wednesday for the seventh time, and these nine women and men were blood donors for the fourth time: Sallie Spradlin and Mrs. Ollie Hill, both of the Abbott road, Harry Sandige, Harry Ranier, Mrs. Betty Noss, Mrs. Eva Hyden, Arthur Haywood and Jonah Hall, all of Prestonsburg, and Everett Lemaster, Dwaile. The Sandy Valley Motorcycle Club supplied six donors for its membership.

With technicians of the regional center busy elsewhere, four local physicians, Drs. Marvin Ransdell, G. D. Callihan, M. T. Dotson and George P. Archer, contributed their services. Food was served by the Presbyterian Auxiliary. Only 17 of those who offered blood were rejected. There were 42 "walk-in" volunteers.

FLOYD OFFICE OF PMA, SAFE

Perkins Says Merger Not To Affect Agency Serving Floyd Farmers

"There will not be any change in the PMA office in Floyd county," was the assurance given County Judge Henry Stumbo by Congressman Carl D. Perkins last week after fear had been expressed here that the Floyd county Production Marketing Administration office would be eliminated.

Congressman Perkins explained that there is a plan to consolidate into one office, or set of offices, the PMA, FHA and Soil Conservation Service offices. Kentucky has all these agencies in one Lexington building, and the PMA and Soil Conservation Service have consolidated their offices in 102 of the 111 counties in which the SCS functions. This is the situation in Floyd county, and in more than 60 of the 120 Kentucky counties. The PMA has been consolidated with the others.

Of the consolidation move the PMA assured the Congressman: "This does not in any way mean that PMA will not continue to function as it has in the past, other than to work together with these agencies in an attempt to offer a better service to the farmers of the nation as representatives of the United States Department of Agriculture."

THURSDAY

PARTY SLATES MEETING HERE TO SELECT 44

Democratic Gathering To Select Delegates; Barkley Boom Starts

Tax Commissioner Clive Akers, chairman of the Democratic party in Floyd county, this week called a mass meeting of Democrats at the courthouse here Saturday morning at 10 o'clock to select delegates from this county to the district and state conventions which will be held in Louisville, May 27.

Although no preannouncement was made by party leaders, the mass meeting here is expected to join a burgeoning "favorite son" boom for Vice-President Barkley to be named the Democratic Presidential nominee.

Floyd county is allotted 44 delegates to the district and state conventions, the delegate quota being determined on the basis of one delegate to each 200 Democratic votes cast in the last Presidential election. The Seventh district delegation will total 262, with only Pike, which is entitled to 67 delegates, leading Floyd in convention strength.

The number of delegates each of the other counties of the Seventh district will send to Louisville follows:

Breathitt, 16; Elliott, 10; Johnson, 12; Knott, 23; Lee, 5; Letcher, 24; Magoffin, 11; Martin, 5; Morgan, 17; Perry, 28; Wolfe, 10.

Besides selecting two delegates each to the national convention, the eight district conventions will select four members each of the state committee and one presidential elector each.

The state convention will select 10 delegates to the national convention in Chicago; eight members to the state committee and two presidential electors.

PAY ORDERS FOR \$100,000

Reach Office Here To Aid Unemployed Of 4-County Area

The largest batch of pay order cards ever to arrive at any one time in the Prestonsburg office of the Department of Economic Security was opened by Glenn Anderson, local manager, Tuesday of this week.

The cards represent approximately \$100,000 in potential benefit payments to unemployed, Anderson said. It is a criterion of the unemployment trend in the area represented by the four counties of Floyd, Magoffin, Johnson and Martin, which began an upward climb several weeks ago.

April of this year saw benefit claims paid for 5,205 weeks, at an estimated average payment of \$17. There were 876 initial claims filed, of which 785 were chargeable to the reserve funds of Kentucky employers. Ninety-one of the initial claims were against the reserve funds of employers in other states.

The itinerant service set up by the Prestonsburg office to sit at wayland and other places in the county as a measure of assistance to unemployed will be extended to another place on Left Beaver, probably Hi Hat, as soon as either coal companies or local union make a building or office available, according to Mr. Anderson.

Recent lay-offs in this area include two mines engaged in a labor dispute. They are the Liberty Elk-

Gladys Marshall Garrett Dies at P'burg Home Victim of 8-Year Illness

Gladys Marshall Garrett, 69 years old, wife of John L. Garrett, to whom she was married in 1906, died Thursday, May 13, at 9:45 p.m., at her home on Riverside avenue. She had been ill eight years, and a member of the Presbyterian Church since childhood.

She was a daughter of Henry and Sally Scutehfield Marshall and was born on Bull Creek, spending her entire life in this vicinity.

Surviving, besides her husband, are the following sons and daughters: Mrs. Janie Branham, Lancer; Anna Lee Garrett, at home, and Revlin Garrett, address unknown. One brother, Farmer Marshall, Prestonsburg, also survives.

Funeral rites were conducted Sunday from the Methodist Church, Dr. Gerstle Haggard, Revs. H. O. Church and Woodrow Branham officiating. Burial was in the Mayo cemetery under direction of the Carter & Callihan Funeral Home.

Burial was in the Scalf cemetery, the American Legion and Veterans of Foreign Wars conducting the military graveside rites.

Surviving, besides the parents, Ervin and Violet Rinyon Scalf, are the following brothers and sisters: Mrs. Phoebe Jane Clark, Coal Run; John B. Scalf, of the USAF overseas; Mrs. Juanita Collins and Mrs. Josephine Collins, of Mare Creek; Billy Jack, at home; William Beverly, Lorain, O.; Margaret Ann, Rosa Lee and Deane, at home; Roland, of West Prestonsburg.

TWO SOUGHT IN BURGLARY

Officer Says Taxicab Used in Flight; Other Breaks Are Made Here

The cab owned by Bennie Branham was found abandoned on Bull Mountain, Wednesday morning, after its gasoline supply had been exhausted. Officers said the theft of Adis Prater's auto, located nearby, followed abandonment of the taxicab.

Wednesday night, a two-ton truck was stolen from the car lot of the Music Motor Company here and was found this morning off U. S. 23 in a garbage dump, above Allen.

Four Prestonsburg business places were broken into during the night, three in the vicinity of the Court street and Mayo Trail traffic light where the police cruiser is stationed much of the time. Money apparently was the object of these breaks, and the burglars got little. They passed up all other items. Places entered were Sammons' Radio Shop, Halstead's Shoe Shop, Miller's Store and The Floyd County Times.

Nobody had been arrested this morning (Thursday).

COUNTY SEES ROAD RELIEF

Listing of Some Roads As Secondary Highways Eases Maintenance Job

Acceptance of three major rural roads and several shorter routes into the state secondary road system will relieve Floyd county this year of some of its road maintenance job and permit available funds and materials to be used on other highways, it was pointed out here this week by county officials.

Longest of these routes is the road from Harold up Big Mud Creek and across to Hi Hat on Left Beaver, a distance of approximately 18 miles. Not only this road has been accepted by the state; the bridge across big Sandy at Harold also is a part of the project and will be the state's charge to keep.

Two other major rural routes also accepted are the Wayland to Sizemore road of about six miles and the upwards of eight miles of road from Caney Fork of Middle Creek, across the mountain and down Stephens Branch.

Other roads to be state-maintained as secondary routes were listed as one mile of the Drift-Martin Branch route; one mile at McDowell; two and a half miles of Cow Creek, one mile of Steele's Creek.

The fiscal court this week approved its annual rural road contract with the state, thus qualifying for its \$72,000 share of the rural road fund. To be deducted from this amount is 10 per cent for maintenance. Five per cent will be withheld for emergencies.

The list of roads embraced in the rural roads program is much the same as last year's, except for those routes accepted by the state into the secondary system. The contract provides that roads listed for limited maintenance highway funds will be used only for furnishing and placing aggregates on the road, all other maintenance work such as patrolling, grading, ditching, draining

Stanley Arthur Lawson Is Victim of Cancer At Louisville Hospital

Stanley Arthur Lawson, age 3, died at St. Joseph's Infirmary, Louisville, at 11:45 a.m. Saturday, May 17, of cancer of the eye. He was a son of Willie and Ora Beatrice Hall Lawson, of Betsy Layne.

Surviving, besides the parents, are the following brothers and sisters: Norval L. Lawson and Hilda L. Lawson, both at home.

Funeral rites were conducted at 10 a.m. Tuesday, May 20 at the home by the Rev. Henry Parsons and burial in the family cemetery at Betsy Layne was under direction of the Baker Funeral Home.

One Floyd Countian Sent To Asylum Every 2 Weeks

A review of the lunacy hearings held, or waived, in this county discloses that a Floyd countian was committed to a mental institution at least every other week during the last 12 months.

Ages of the patients fail, however, to uncover any such situation as has been found where aged men and women have been committed to mental hospitals, though not insane, to relieve their kin of the responsibility of caring for them or to permit relatives to gain control of their property.

The average age of 26 persons committed to the Eastern State hospital at Lexington, beginning with May 18, 1951 and ending with May 14, this year, is 43. Ages of two

were not listed. The oldest person committed was 81. There were only two others past 65, and they were 67 and 70. The youngest sent to the institution for treatment was 17.

Not all those committed to the hospital from this county, however, were insane in the popular meaning of the word. Some of these were suffering from alcoholism or the use of narcotics. One man was committed three times within the year.

Of the 28 lunacy cases listed here, only one went to a jury. In all others trial was waived.

Of the 28 committed from this county, approximately 11 per cent were 65 or above, as compared with the state average of 14 per cent.

MARTIN MAN, SON KILLED

As Aerial Hits Wire; Victim Was Secretary Of Board of Education

David Hensley, 41, secretary of the Martin County Board of Education and his 18-year-old son, Eugene, were killed instantly late Monday when the television aerial they were erecting struck a high-tension wire.

Willie Collier, about 51, who was helping the Hensleys, was burned on the legs and face.

Everett Kirk, fishing in a stream on the Hensley farm at Pilgrim when the accident occurred, said he heard what sounded like a pistol shot. He said he saw a streak of flame like lightning run across the field.

The accident disrupted electric service to Warfield and Inez for almost three hours.

Young Hensley, a basketball player at Warfield high school, was to have entered Marshall College at Huntington, W. Va., this fall.

Hensley is survived by his wife and two other children. He taught in Martin county schools for several years before becoming secretary of the school board.

Dora Young Stover, 58, Dies at Ashland Hospital Victim of Heart Ailment

Mrs. Dora Young Stover, 58 years old, of Harold, wife of Bill Stover, died at King's Daughters' hospital, Ashland, at 9:30 p.m., Sunday, May 18, victim of a heart ailment. Born at Ulysses, Ky., she was the daughter of Marion and Elizabeth Chandler Young. She had been a resident of Harold for the last five years, and was a member of the Freewill Baptist Church.

Thoney, a son of Harold, survives. Surviving daughters are Mrs. Ed Webb, Mare Creek; Mrs. Orbie Montgomery, Xenia, O.; Mrs. Harold McMillan, of Xenia. Surviving brothers and sisters are Monroe Young, of Ulysses, Lawrence county, Mrs. Burns Davis, of Ulysses, Alice Castle, Charleston, W. Va., Mrs. John Debord, Louisa. The mother, Mrs. Elizabeth Young, of Louisa, survives, as well as seven grandchildren.

Funeral rites were conducted Wednesday, May 21, in the home at Harold, the Revs. Carl Layne and George Rickman officiating. Burial was in the Justell cemetery under direction of the Baker Funeral Home.

PRISONERS OF WAR WONDER WHY LETTERS FROM KIN FAIL TO ARRIVE AS DELIVERY OF MAIL IN NORTH KOREA VERY UNCERTAIN

Where do all letters to or from prisoners of war go? That is a question often asked but still waiting an answer, just as the boys in prison camps and their relatives at home who write in vain are waiting.

An instance of this correspondence in the dark is that of Mr. and Mrs. J. G. Charles, of Meta, Pike county, and Mr. and Mrs. Melvin Allen, of West Prestonsburg. Their sons, Cpl. Ernest Charles and Pfc. Taggett Allen, have been prisoners in North Korea 21 months, and the parents have written weekly letters.

The boys had been officially reported as prisoners, and the parents

COUNCIL HITS LOTION SALE TO DRINKERS

Promises Indictment Of Dealers; Inquiry On Plant Cost Asked

Prestonsburg's City Council declared war at its Monday evening meeting on "skin bracer" except when it is used for external application.

After hearing from police statements to the effect that these lotions containing alcohol constituted Prestonsburg's worst bootlegging problem, the council ordered that whenever any dealer is found selling them to persons whom they know to drink "skin bracer" as an intoxicant indictments be procured and the cases prosecuted.

It was pointed out that some dealers are remaining open on Sunday and making sales of bay rum and other products of the sort. The Council decided to do everything possible to stop such operations.

"We realize we can't prohibit the sale of these skin lotions, but we feel we can stop this business of selling them for drinking purposes," Mayor Curtis Clark announced.

After the Council had studied figures submitted recently by an engineering firm on the cost of a sewage disposal plant and other improvements and had decided these were unreasonable, Mayor Clark appointed Councilmen C. H. Corbin, J. Y. Goble and Wm. O. Goebel to a committee to go with him on a tour of four or five cities which have installed such systems. They will ascertain costs of such an undertaking, experiences of the communities in their operation, financing arrangements and other information, and report to the Council in two weeks.

A sewage disposal plant is seen as a necessity as a result of anti-pollution regulations. Prestonsburg, however, has received an application to apply for an extension of the time for such an installation. The present permit expires August 1.

The committee also was instructed to ascertain if federal aid is available on a flood control project here. Such funds would aid the financing of a floodwall, a pumping system and revision of the sewer system here.

The Council heard protests of a delegation that its ordinance prohibiting the playing of juke boxes on Sunday was harmful to their businesses. The ordinance stands unaltered, but the playing of these music devices will be permitted on Sundays, except at church hours and when disturbing to others. Operators of juke boxes will be under surveillance of police, who will be instructed to see that none become a nuisance.

LANGLEY MAN DIES OF SHOT

Self-inflicted Friday At Turkey Creek Home After 20-Year Illness

John C. Hayes, 74 years old, a leader in Sunday School work in the Maytown community for many years, died instantly of a revolver bullet wound in the region of his heart last Friday morning at his home on Turkey Creek, near Maytown.

The wound from a .45-calibre revolver was self-inflicted, it was said. Mr. Hayes had been in falling health for 20 years.

A son of the late John Bud and Susan Coburn Hayes, he was a native of the community in which he died and was one of the county's best men. He had been a member of the Methodist Church for years. Surviving are his widow, Mrs. Lizzie Harmon Hayes, three sons and two daughters, Mabrey and Judson Hayes, both of Langley, Bernard Hayes, Detroit, Mich., Mrs. Josephine Cowell, Owensboro, Ky., and Mrs. Goldia Howell, of Ashland. He also leaves six sisters: Mrs. Katherine Hoover, of David, Mrs. Darcus McCormick, Kingsport, Tenn., Mrs. Lillian Salisbury, Midland, Mich., Mrs. Mary Jane Damper, New Hebron, Miss., Mrs. Iula Martin, Garrett, and Mrs. Polly Turner, of Martin.

Funeral rites were conducted Sunday afternoon at 1 o'clock from the Maytown Methodist Church, the Rev. W. J. Kenney officiating, and burial was made in the family cemetery on Turkey Creek under direction of the Hall Brothers Funeral Home.

Active pallbearers were Howard Ramey, Thomas Patrick, Arnold Maggard, Herbert Ousley and Reggie Hayes.

MOVE INTO NEW HOME

Mr. and Mrs. S. E. Auxier moved last week from First avenue into their new home on Maple avenue.

"I have a good friend here. His name is Taggett Allen from Prestonsburg, Ky. Write to his mother. Her address is West Prestonsburg, Ky., Box 100, Mrs. Melvin Allen. Write her and tell her he is in good health and waiting for a letter from home."

The two are in North Korean POW, Camp No. 3.

SCS Forester Shows How To Poison Timber 'Wolf'

A. B. Rogers, district soil conservationist, of Hazard, and J. B. Clarke kill a "wolf" tree by application of chemicals.

The tree was a sycamore with a large crown and overreaching branches. The average farmer would say it was a rough, knotty and unmarketable tree, which it was, but the soil conservation forester called it a "wolf" tree.

After introducing us to this, the first of a new and picturesque terminology, the forester chopped a place in the side of the sycamore and put about two tablespoonsful of Ammate in the niche. In a few months the "wolf" would die and as a welcome by-product of the deadly poison's work, not a sprout would come from the roots. Not even the natural urge to reproduce would remain in the old "wolf," as the poison ate at its heart.

The demonstration took place on the farm of J. B. Clarke, on the Brandy Keg road, in a stand of young yellow poplar that were growing hardy and straight. The "wolf" was crowding the more desirable poplar and by chopping down was resorted to several poplars would be destroyed as the giant came to earth. If girdling was done with an axe, deep enough to cut through the cambium layer and cause death, the tree would die but numbers of undesirable sprouts would spring up. Hence the application of poison and ultimate death of the sycamore with no adverse effects.

The actual work was being performed as a part of the forest pro-

Honolulu, Hawaii—Curtis George, aviation machinist's mate second class, U.S.N., husband of the former Miss Hazel Damron, who is the daughter of Mr. and Mrs. James Damron, of Ivel, Ky., recently arrived here for duty with Navy Air Transport Squadron Eight, stationed at Hickam Air Force base.

VR-8, attached to the Pacific Division of the Military Air Transport Service, is currently engaged in the Pacific airlift to Korea. Priority personnel and vital supplies are being flown to bases throughout the Pacific in Navy R5D Skymasters. Return flights often carry a more precious cargo, Korean casualties homeward bound.

Machinist's Mate George was stationed at the Naval Air Station, Pensacola, Fla., prior to his assignment to the Hawaiian based VR-8.

The squadron, commanded by Capt. B. M. Streaun, was recently awarded the Division Flying Safety Trophy for the third straight time and the sixth time since the award has been in existence. VR-8 has not had a fatal flying accident in over five years and only last year compiled a total of over 26,000 accident-free flying hours.

Floyd Man's Brother Dies Sunday of Burns After Wreck of Train

Cecil Carter Blackburn, 33-year-old Virginian Railroad fireman and a brother of Edgell Blackburn, of Wheelwright, died Sunday in a Beckley, W. Va., hospital of burns received when his locomotive wrecked and plunged into a stream near Pineville, W. Va.

The locomotive tender and seven cars of the coal train left the rails Saturday night in what officials described as the first fatal train mishap on the Virginian since 1933.

Engineer Emmett P. Christian, 33, of Princeton, and Jack Frank, 24, of Mullens, head-end brakeman, both re-entered hospitals Sunday at the suggestion of Virginian officials.

Mr. Blackburn had lived at Mullens for 12 years. A native of Louisa Route 1, he was a son of Andy and Ellen Curmutte Blackburn.

Surviving in addition to the parents are the widow, Mrs. Ruby Keffer Blackburn; eight sisters, three brothers, a half-sister and two half-brothers.

THE ANSWER

I never have been able to master these legal terms, either. Several months ago, an esteemed citizen visited the Circuit Clerk's office here after learning he had been sued. "But I paid that debt," he remonstrated.

The office attendant agreed that was probably correct. "But you'll have to answer the suit," he told the somewhat indignant defendant. "That's right," was the reply, "and, I God, I'm answerin' er right now. I dont owe that So-and-so a denred cent!"

As near as we and a staff of accountants can figure it out, The Times' nocturnal visitors got a super-grand total of 56 cents.

"34,000
wonderful
miles in
six hard
months"

A. E. Hoffman, San Lorenzo, Calif., writes, "My Nash Rambler Station Wagon covered 34,000 miles in six hard months, averaging better than 25 miles to the gallon, carrying loads up to 750 pounds all over my territory."

It's a real double-duty beauty, this Nash Rambler Station Wagon—a luxury family sedan, designed especially for today's crowded traffic conditions. At the drop of a seat, it instantly converts to a heavy duty all-steel station wagon with a 6½-foot platform that easily hauls man-size loads.

Wives think it's wonderful, too—so handy for shopping—so easy to steer and park—plus the smartest custom tailoring. Economy? The Nash Rambler holds the all-time record in the Mobilgas Run with 31.05 miles per gallon!

See our beautiful Rambler display. Choose the model you want, convertibles, hardtop sedans, station wagons—all completely custom equipped—even radio and Weather Eye at no extra cost. Come in today or phone us—you don't have to buy—just try!

E. P. Oren, forester, and J. B. Clarke kill a "weed" tree by applying a deadly chemical to a hole made with an axe.

-1-

(Continued from Page 1)

gram of the landowner, A. B. Rogers, district soil conservationist, of Hazard, E. P. Oren, forester of the Soil Conservation Service out of the Lexington office, L. R. Johnson, of the Soil Conservation Service in Floyd county, Herman Gilliam, soil scientist who assists Mr. Johnson, and the landowner, J. B. Clarke, were engaged in a serious day's work. It would serve to demonstrate and start a forest management program on the farm.

Oren says: "Mr. Clarke has 50 acres of woodland on which he is starting improvement. On 30 acres of north to east slopes the yellow poplar will be thinned. Many old beech will be logged or killed to encourage the reproduction of yellow poplar. On such sites yellow poplar can produce up to 1,000 board feet per acre each year if managed properly."

"On 20 acres of southwest slopes the present thin stand of mixed oaks and hickory will be interplanted with yellow pine. On such sites yellow pine can produce close to 500 board feet per acre each year under proper management."

They moved on to another tree that stood in a thick growth of young poplar. It was a young sweet gum about six inches in diameter. They called it a "weed" tree. The forester used a variation of a woodsman's pole axe. It had a protruding cylinder of about one inch in diameter on the axe head. If a tree was struck with this axe head a round chip of wood burst through the cylinder and came out the head side. A hole was thus made in the side of the tree. In this hole Ammate or another chemical referred to as 2,4,5-T was squirted with a small hand contrivance. The "weed" would die.

Oren continues: "We are using chemicals to weed undesirable trees from the young poplar stand. Chemicals are useful to remove undesirable trees that cannot be marketed profitably. The U.S. Forest Service has used both Ammate and 2,4,5-T successfully in the Deep South. Mr. Clarke, supervisor of the Floyd County Soil Conservation district, is cooperating with the S.C.S. in making these local tests of the effectiveness of this chemical control."

Marking trees for cutting when they are ripe or mature is done by the use of a small spray gun. It is easier than using an axe and is faster. The forester works through the trees and if one is ready for harvest a spray of paint is thrown on the tree, effectively marking it.

Thinning trees is a matter sometimes of mathematical calculation. For southern hardwoods the rule of thumb called D plus 6 is often used. For example, the diameter at breast height of one healthy tree is 10 inches and the diameter of the other

healthy tree is six inches. Added together and divided by two, the average diameter of the two trees is 8 inches; 8 inches is considered as 8 feet, plus 6, equals 14 feet, the proper spacing between crop trees of this size.

Forestry is a scientific work carried on by men with years of training and education behind them. Oren, working out of the Lexington office, is a native of Pennsylvania but came to Kentucky in 1935, the date of the passage of the federal Soil Conservation Act. He has worked out of Corbin, Falmouth and other places in the state. In the fellowship of the woodland labor, his associates called him Gene.

A. B. Rogers is a native of Tennessee, stationed at Hazard, and is district conservationist over several counties, of which Floyd is one. He is the immediate superior of L.R. Johnson, Floyd county soil conservation district expert. He advises: "Floyd county landowners may contact Johnson on their forestry problems. If necessary, he can secure the services of a forester."

There was talk of harvesting in the decades to come. "My children will harvest it," said Clarke. That attitude was far from that of our early progenitors who were "not anxious for tomorrow, for tomorrow would be anxious for itself." After the execution of the "weed," the group sat around to discuss the history of timbering and logging in the valley.

It was a long time ago when the first despoliation of forests began by the senseless waste of the settler and logger. Comparably, it was only yesterday that serious attention was focused upon the need for scientific care of the remaining woodland. It began at a late hour indeed. M. A. Matton, in Appalachian Comeback, says of our forests when exploitation began: "The big forest still stood in its silent grandeur, however; so far, there had been only a nibbling at its edges or a little hole here and there cleared for pasture or a deadening in which to grow corn for the family at the head of a creek. It was an immensely rich timber world that contained the finest hardwood that ever stood; a country of endless beauty, one in which its isolated folk passed on to their descendants of today words and songs little changed from those of Elizabethan England."

"During and after the Civil War, the railroads began to string the little villages together. Railroads crept up the valleys slowly in search of the almost unlimited supplies of coal. As the little engines roared and the slender rails, the whistle warned of approaching doom. With assured rail shipment to the outside where an expanding nation demanded and got what it needed, the stage was set for the coming of the big sawmills into the mountains. They came slowly at first and then with railroads of their own, like locusts. Handsome timber in increasing amounts fell to the axe but there always seemed to be more. Sawmill towns sprang up in their temporary ugliness, thrived and vanished as the cutting moved on. Fire raged on the heels of the loggers and devastation over large areas was certain."

"When Europe burst into the horror of warfare in 1914 demands on the forests mounted and cutting saw no letup. So the large sawmills, accompanied by many little sawmills, marched across the face of the remaining Appalachian wilderness and its big timber disappeared. Today, after the second World War, a host of little mills is picking up the scraps and eating into thrifty young timber that will be needed in the future."

So after this long record of senseless waste the little group of men, vanguards of forest preservation and management, were at work on the Clarke farm. It was one of the very few feeble efforts in Floyd county and the serious work was in realization that the hour was late.

In Clark county, 254 boys and 24 girls are enrolled in 4-H club agricultural projects.

The Verda 4-H Club in Harlan county fenced the school lawn and sowed it to grass.

and repairing to be the responsibility of the fiscal court.

Survey and right-of-way work is now under way on the Prater Creek-to-Harold road, construction of which is assured out of the two-cent gasoline tax fund. Another road, route from Magoffin county down Raccoon Fork of Salt Lick and thence to Knott county, is ready for the contractor, County Judge Henry Stumbo said. All right-of-way has either been purchased or condemned.

The rural highway department, it was said, will maintain the road from U.S. 23 at Lanzer to the Brandy Keg boat dock on Dewey Lake and this year will at least give it sufficient surfacing to allay the dust and render it smooth.

Added to the rural road program were the access roads to the Stratton Branch on the lake, the road from the mouth of Home Branch to the Buffalo bridge and from there to the Pike county line, and sectors of highway of approximately one-half mile each on Spurlock and Rough and Tough.

RETURN FROM VACATION
 Dr. and Mrs. A. J. Davidson returned home last week from a vacation in Florida, Mississippi, Louisiana and other southern states.

Man 72; Wife 69 Ailing for Years —Now Back on Job

An old couple, living on the farm made the statement a few days ago that for years they hadn't known what it was to be free from pain. The man said that his back and legs would ache so much that he would cramp and gasp for breath. He said that everything he would eat soured on his stomach and caused gassy bloating. His wife said that he had headaches, was weak, felt worn out and terribly nervous so that she couldn't sleep. They said after reading about New HI-VITA Tonic and trying it, that they never would believe that HI-VITA could help them both so much. At present they are a healthy and happy couple relieved of their sufferings and busy at their chores on the farm, altogether different folks. HI-VITA Tonic is the new mixture of nature's Hortal juices combined with blood building iron and nerve-strengthening vitamins B-1, B-2, B-6 and Niacin. It has brought blessed relief to many people who had never been really helped before by any medicine. Taken shortly before meals it mixes with your food and aids digestion "thus eliminating gas and bloot." Don't go on suffering, get New HI-VITA Tonic at W. A. ROSE DRUG STORE.

In Rockcastle-Southern Madison counties, 142 farmers are enrolled in the Green Pasture program, a large number sowing Kenland clover in pasture mixtures, notes Robert F. Spence, UK county agent.

Quotes from men in service: Cpl. Harry Dean Justice writes: "Well, I've landed in Korea. It isn't bad."

"I'm an M.P. Boy, you should see me in my uniform. I sure look sharp."
... Don Kohl writes from San Francisco: "This month makes a year for Harry Gene and me in this Leather-neck outfit. Boy, has the time really gone fast! Seems as though it were only yesterday when we met in Louisville."
... Billy Stith writes from Sheppard Air Force Base: "Listen, gal, you can bet your life when I come home again that will be the first place I come to. I'm sorry I didn't when I was home Christmas. I really had very little time."
... Harry Gene Preflatish writes from Hawaii: "The damn mail is all fouled up again. No one will get any for a few days. See what I mean about the navy? I'll half-kill that mail clerk if I get my hands on him."
... A 3/4 Fosse Frazier writes from Texas: "So Brownie is going to have puppies. I think it's about time. If I were home I'd get rid of them for you, eh, eh, eh (you know how, don't you)? or do you have them promised. Old cold-hearted me! I'm the kind of guy that pushes little ducks into the water."
... Pfc. Jack Ward writes from England: "Say, you'd better have oodles of beer on ice. It's been so long since I've had a bottle of stateside beer. This P.X. stuff is no good."

CHRYSLER SARATOGA 6-PASSENGER SEDAN

ITS NEW KIND OF HORSEPOWER IS SOMETHING TO FEEL!

With its 180 HP V-8 engine, on 125 1/2 inches of wheelbase, many people think the Saratoga is the best Chrysler car of all.
It creates less heat. It will last much longer, stay younger on the way!
And with Chrysler full-time Power Steering, you steer with one-fifth the usual effort... drive with five times the usual control! With Power Brakes you need up to two-thirds less foot pressure... and still stop in many feet less than other cars can do.

Yes, behind Chrysler's new engine you'll find a new kind of car. Won't you come in and feel what we mean?
*NOTE: Power Steering standard on Crown Imperial. Available, extra, on any new Chrysler.

BETSY LAYNE

WOMAN'S CLUB MEETS

The Betsy Layne Woman's Club held its regular monthly meeting, May 15, at the home of Mrs. Glenn Blackburn. The program was under the direction of Mrs. Jesse Elliott, with the topic being "Character Education". Mrs. Elliott read a condensation of "How to Win Friends and Influence People". An entertaining feature of the program was a "Humility Contest." As each member entered they were presented five ribbons, and when another member detected a fellow-member using the word "I", a ribbon had to be given up. The objective was to have as many ribbons as possible at the conclusion of the program. Mrs. Alex Davis was the winner, accumulating 13 ribbons, and she received a hand-crocheted pin cushion as prize.

Mrs. Beecher Hardwick, president, presided at the business session. Mrs. Arthur Van Kammen opened this portion of the meeting. Mrs. Hardwick then presented a history of the Club Collect, written by Mary Stewart in 1904, when she was principal of a high school in Longmont, Colorado. Mrs. Hardwick reported that Mrs. O. J. Williams, the delegate from the club, was attending the General Federation of Women's Clubs National Convention in Minneapolis this week. The official call to the Kentucky Federation of Women's Clubs 57th annual convention to be held in Cincinnati-Covington, June 4, 5, 6 was read. Mrs. T. J. Chandler and Miss Alice Williams were named delegates with Mrs. Glenn Blackburn alternate. Mrs. Hardwick will attend the convention, along with Mrs. Williams.

These resolutions to be voted upon at the convention were read by Mrs. Hardwick; tax exemption for medical care, national morality and intolerance. These resolutions were read in order that the delegates might vote intelligently upon these issues. A report on the Cancer drive show was given and Mrs. Hardwick expressed her thanks to the following committees who assisted her with the show: Publicity, Mrs. O. J. Williams, Miss Williams, and Mrs. Elliott; tickets, Mrs. Blackburn, Mrs. Edward Lykins and Miss Williams. An appeal was made to the members to help with the Bloodmobile unit when it next visits the county.

Mrs. Blackburn reported on the progress made to date with the organization of a Brownie Girl Scout troop. The troop has been organized and sponsored by the club, with Mrs. Blackburn, leader, and Mrs. Lykins as assistant. The Scout committee was appointed as follows: Mrs. Hardwick, chairman, Mrs. R. L. Anderson and Mrs. Elliott. Mrs. Blackburn concluded the report by suggesting ways that parents can help the Girl Scout troop have a successful program. A special meeting of the press and publicity committee was called for next week.

Mrs. Hardwick concluded the meeting by reporting on the tea given by the Lackey-Garrett Woman's Club Saturday, May 10. Mrs. Hardwick, Mrs. T. J. Chandler, Mrs. Edward Lykins and Miss Williams attended. A dessert plate was served the following members: Mrs. Elliott, W. P. Howell, Arthur Van Kammen, Beecher Hardwick, T. J. Chandler, Alex Davis, R. L. Anderson, Miss Alice Williams and Mrs. Blackburn, the hostess.

The next regular meeting will be Thursday night, June 19, at the home of Mrs. O. J. Williams, with Mrs. Arthur Van Kammen as program leader.

MARTIN

STAGE POPPY DAY PARADE

The Women's Auxiliary had its Poppy Day parade here Saturday. The streets were crowded watching the procession. In the lead was the police car, next was the Martin high school band, then the American Legion members in uniform, followed by a group of small girls dressed in red and white uniforms, with blue baskets filled with poppies. The women of the Auxiliary followed, dressed in red, white and blue. Last in the parade, the fire truck decorated for the occasion. Mrs. Hutchinson, chaplain of the Auxiliary, and Mrs. Floyd Skaggs and Sgt. Donald Jones rode the truck. Sgt. Jones has been several months in a hospital in Valley Forge, Pa., suffering from wounds received in Korea. He helped make the poppies for the sale.

E. P. Grigsby, mayor of Martin, made a speech, telling why the Auxiliary was selling poppies, and advertising the dance to be held in the Martin gym, May 24. Mrs. Grigsby made a short talk, followed by a speech by the president of the Auxiliary, Mrs. Marie Stone. The poppy sale will continue throughout this week and will end at the dance Saturday night.

IN THE ARMED SERVICES

Attend Leaders School
 CAMP CHAFFEE, Ark. — Pvt. John K. Jones, son of Mr. and Mrs. R. L. Jones of Wheelwright, Ky., has been selected to attend the 5th Armored Division's leaders school. The eight-week school is designed to build a corps of capable army leaders. It is the training ground for future non-commissioned and commissioned officers. Private Jones was a mine car auditor for the Inland Steel Co., Wheelwright, in civilian life.

Graduates at Lowry
 The Air Training Command of the United States Air Force has announced the graduation of A/3C Harry B. Howard from the Department of Armament Training at Lowry Air Force Base. Airman Howard received training in the principles and procedures of repairing, maintaining and firing of guns at remote control turret systems. Airman Howard was graduated from the Armaments school. He is a son of Mr. and Mrs. Kelly Howard, of Garrett and is a graduate of the Garrett high school.

Academy Graduate
 MUNICH, Germany — Cpl. Carl E. Hunt of Lancer, Ky., recently graduated from the Seventh's Army's Non-Commissioned Officers Academy at Munich, Germany. Corporal Hunt, who entered the army in May 1951, is serving as a tank crewman in Tank Company, 2nd Battalion of the 6th Armored Corps. In civilian life he was employed as a telephone lineman in the Communications Department of the United Fuel Gas Company of Huntington, W. Va.

Return on Rotation
 WITH THE 7TH INFANTRY DIV. IN KOREA — Cpl. Gardez H. May, son of Mr. and Mrs. Miles M. May, Alphoretta, Ky., is returning to the U. S. under the army's rotation program after serving with the 7th Infantry Division in Korea.

An automatic rifleman with Company E, 31st Infantry Regiment, Corporal May entered the army in January 1951. He received his basic training at Fort Knox, Ky., and has been awarded the Combat Infantryman Badge and the Purple Heart for wounds received in action.

Pvt Darby Completes Course
 INDIANTOWN GAP, Pa. — Pvt. Harold Darby, son of Mr. and Mrs. John Darby, Emma, recently completed his basic training with the 5th Infantry Division here. His 16-week course with the famed 5th "Red Diamond" Division was conducted by combat-toughened veterans of World War II and Korea.

He was instructed in the use of conventional light and heavy infantry weapons as well as such recently-developed weapons as the 75-mm. recoilless rifle. Squad and platoon tactics, living in the field, and protective measures against atomic warfare were also included in his training.

Pvt. Darby terminated a furlough at home last Thursday, May 15, and returned to the army on the West Coast.

NOTICE:

BEAN BEETLES

There are two kinds of bean beetles. One kind comprises an unassorted lot of general feeders that browse on the beans until their better-liked weeds are ready, then they leave. The holes they make in the leaves are roundish and are eaten through. One dusting on the leaves usually is enough to stop these beetles.

The other kind is the Mexican bean beetle. It is much more serious in that it rears its young on the plants and they, with their young, remain until destruction is complete. The holes are angular, made from the underside of the leaves and are not eaten through. Control material must be put on the leaves' undersides.

Three-quarter percent rotenone dust may be used, or a spray made of rotenone concentrate after the manufacturer's directions. Spraying is much more effective and economical than dusting, and inasmuch as a sprayer should be at hand for fighting tomato blight, here's an opportunity for collecting extra dividends on it.

Another excellent spraying material is 50 percent Methoxychlor, two level tablespoons per gallon of water. It is the same as that used by dairymen for controlling barn flies. The time for spraying is determined by the life history of the beetle, which is this:

When the days and nights have got dependably warm, the over-wintered beetles alight on the bean plants, taking a mouthful of foliage here and there, gathering strength for laying eggs. The period is about 10 days, and the eggs hatch in from seven to 10 days.

Thus, the first spraying should be given when the first adults are seen. The aim is to cover the leaves' undersides so well as to surround egg

D-U-T-I-E-S OF SHERIFFS

The Duties of Sheriffs As Described By the Kentucky Statutes, are as follows:

1. To conserve peace, enforce the law, apprehend and arrest persons charged with crimes, investigate violations of the law and protect persons and property of citizens of the county.
2. To execute and return all processes and orders of the court.
3. To summons juries.
4. To attend and preserve order in court.
5. To collect taxes.
6. To patrol all public roads in the county, investigate highway accidents and report accidents involving criminal negligence to County Attorney and Circuit Court Clerk for submission to grand jury.
7. To visit and inspect dance halls, roadhouses and restaurants at least once each month, and to report his conclusions to County Attorney and Circuit Court Clerk for submission to grand jury.
8. Every Sheriff shall, upon request, deliver to the person from whom fees are demanded, or to his agent, an account stating distinctly every item of the demand, and offer to give a receipt for same, before he may make distress therefor.
9. Each Sheriff shall keep an accurate account of all fees collected by him from all sources. The clerk issuing the process in a civil case shall keep an accurate account of all fees paid to the Sheriff for the execution thereof, and report the amount to the fiscal court, which shall record it for the purpose of determining the amount of the Sheriff's annual income.

COMPENSATION OF SHERIFF

1. The Sheriff shall be allowed by the Department of Revenue, for collecting state taxes, a commission of ten per cent upon the first five thousand dollars and four per cent upon the residue collected or accounted for and paid into the state treasury each year.
2. He shall be allowed by the county treasurer, for collecting the county revenue, ten per cent upon the first five thousand dollars collected, and four per cent upon the residue. For the fiscal year ending June 30, 1951, the Sheriff of Floyd county received under this provision the sum of \$9,970.31.
3. The Sheriff of Floyd county presently receives 2 1/2 per cent of all school taxes collected in Floyd county. The amount paid the Sheriff of Floyd county for school taxes collected for the fiscal year ending June 30, 1951, was \$11,678.86.
4. The exact amount paid the Sheriff by the fiscal court in addition to above is not known, but it is understood to have been approximately \$3,000.00 for the year ending June 30, 1951.
5. SECTION 246, CONSTITUTION OF KENTUCKY, LIMITS MAXIMUM NET INCOME OF SHERIFF FOR ALL OFFICIAL SERVICES, TO \$7,200.00 PER YEAR.

IT'S A GOOD WORLD
BY WILMA Y

Regardless of how many of us may feel or vote, everyone admires General Eisenhower, if only because he believes the position should seek the man, rather than vice versa. Many in both parties seem to rejoice because the President at last saw the handwriting on the wall. There is little doubt that America could use a Kefauver to good advantage now, with corruption so rampant, or a Taft, noted for belief in balancing the budget and in national economy. From the standpoint of training and ability, few surpass Barkley, but it is generally agreed that he and MacArthur, either of whom might become compromise candidates, are too old to sacrifice themselves thus.

Poppy day is a good one, if only because the girls selling the lovely blossoms are as pretty to the eye as the blooms themselves. If the Legion's Auxiliary did nothing except provide glasses for needy youngsters, that puts it on the map.

When one reads of the lot Fate handed Mr. Duke Griffith and of his attitude towards life, of his monumental achievement in the face of such difficulties, we lesser mortals who possess whole bodies realize how fortunate we are, even if others abuse, seek to mistreat or wrong us. Too often the worst complainers are those with the least to gripe about if only they knew this.

We like best to remember Mr. John C. Hayes, who passed on last Friday as the faithful, untiring Sunday School Superintendent in Maytown, who trudged dreary miles in every type of weather years ago, for years, determined to keep the group alive and growing. His was a never-falling faith, and he was unafraid to stand and express himself against any wrong, if he had to do so all alone. He was charitable and kind but unfalteringly for the right. Of the three laymen who did meet for the little Methodist Church here during the long, lean years, only Uncle George May now remains, and he is nearly 87. Brother Hayes and E. R. Kincaide have gone to their reward.

For years Thomas Patrick has voluntarily hauled children from several points to the Maytown Sunday School, donating time and gas. Now he brings them for the little folks' hour regularly. It is a kindness and service whose value cannot be measured in ordinary terms. Such deeds as this make the difference between the active Christian and those who ignore the passage, "Be ye doers of the Word and not hearers only."

Thomas could have held the position of Sunday School superintendent for years, but after serving a reasonable length of time preferred to see other men trained and developed. This is a good policy, one that pays dividends.

Hats off to the Martin men whose quickly raised \$500 for the recent payment due on the town fire truck.

A bouquet to the Floyd County Taxpayers' League, which is making an auspicious beginning, and bids fair to fill a real need. We especially like its plan to endorse no candidates, and to publish audits of county expenditures, etc. Good government has nothing to hide.

It was our privilege recently to enjoy a splendid address and testimony by M. C. Conley, of Paintsville, former flier in World War II, given at the monthly supper for the Baptist Brotherhood in the First Baptist Church, Martin. Mr. Conley has been a Christian only five months but he has an impressive story to tell, and goes before any group seeking his services. Any crowd will be thankful to have heard him. We venture to predict he is one layman who will go places. Incidentally, he is a brother of Bob Conley, who is equally prominent in Mayo Memorial Methodist Church, Paintsville.

After having also heard Delano Conley, of Prestonsburg High, not so long ago deliver one of his now-famous orations, some of us have begun to believe the ability to do public speaking creditably runs in families! Delano, who hails from the East Van Lear Church is the youth who will represent Kentucky Baptists in the Southwide Oratorical Contest in Ridgeway, N. C., in late July. He was present there last year as state runner-up. May luck be kind to him this time.

Speakers Announced For Exercises at UK

Morehead Regent Board Adopts School's Largest Budget, Says Pres. Spain

The Board of Regents of Morehead State College in its quarterly meeting last week adopted a budget for the 1952-53 fiscal year of \$815,200,000, it was reported by President Charles R. Spain. This budget is the largest budget in the history of the institution and represents a state appropriation of \$432,000.00. The budget was planned on an anticipated increase of 50 students, although this figure is believed to be conservative.

The Board accepted resignations of J. G. Black, assistant professor of Industrial Arts, Etta Sue Lowe, fourth grade supervisor in Breckinridge Training School, Mary McCann, machine operator, and Mildred Stanton, assistant professor of Home Economics. Norman Roberts, teacher of industrial arts in the Bardonia high school, was elected instructor in industrial arts, effective September 1, to replace J. G. Black.

The following additions to the summer staff were approved: Elizabeth L. Dowson, Norfolk, Virginia, drama workshop Charles Graham, Berea, Education; Lureata Martin, Cabell county, West Virginia, Music; Bess Roberts, Lexington, training school; Elsie Stephens, Prestonsburg, training school; Elizabeth Sutton, Jackson, Education; Norman Tant, Monroe, Georgia, education; Naomi Wilhoit, Lexington, Greenup workshop; Geneva Williams, Lexington, training school, and Roger Wilson, Jenkins, Education.

The City Council of Morehead on

April 8 passed an ordinance requesting Morehead State College to fluoridate the water supply and the Board of Regents authorized the drawing of a contract to be presented for approval at the July meeting.

The Board also approved the awarding of degrees to 74 candidates at the May 28 graduation. The bid of the state treasurer on \$25,000 of revenue bonds for the waterworks improvement project was accepted. This sale will complete the two-year project on waterworks improvement.

Attending the meeting were: Wendell P. Butler, chairman of the Board, W. W. Ball, of Maysville, M. K. Eblen, of Hazard, and President Charles R. Spain, J. T. Norris, of Ashland, and E. R. Price, of Wheelwright, were unable to attend.

UK Writing Clinic Stated for May 24

The University of Kentucky, through its Department of University Extension, will conduct a Creative Writing Clinic to be held Saturday afternoon, May 24, in the music lounge of the Fine Arts building. Dr. Hollis Summers of the Department of English and Dr. William M. Moore of the Department of Journalism will be speakers at the clinic. The program will begin at 1:30 p.m., with an informal coffee hour to follow the lectures by Dr. Summers and Dr. Moore. The public is invited to attend the clinic, and take part in the informal discussion session.

W'wright Juniors Win Over Martin Hi, 4 to 1

Whelwright's junior baseball team rolled to a 4 to 1 victory May 14 in an exhibition game with the district high school champions from Martin as V. Hall pitched two-hit ball.

The junior league was slated to begin its regular schedule of play, Wednesday of this week.

In the game with Martin Hall had a no-bitter, going into that seventh. Martin's Pete Grigsby spoiled his perfect performance, however, in that inning with a slashing single into left field. Goines single followed, scoring Grigsby with the high school's only run.

Both teams played errorless ball. Hall's fine mound work was supported by Walken King, M. Hall and B. Hall who continued their .300 hitting. The losing pitcher was Click.

MAYTOWN

MRS. HENRY MAY, HOSTESS

The regular monthly meeting of the W.S.C.S. was held in the home of Mrs. Henry May, Tuesday evening. Mrs. Thurnal Click, program leader, opened the program with a talk on "Choose Ye This Day"; and little Bonnie Hopson read the Scripture. Others on the program were: Mesdames Howard Ramey, Raymond Hopson, Henry May, Roger Turner, George Patton, Thomas Patrick and Miss Sandra Sue Patrick.

Mrs. Henry May, president, opened the business meeting by calling on the secretary and treasurer for their reports. Miss Betty May was welcomed as a new member. It was reported that work on the Birth Date Calendar has been completed and that they should be printed and delivered by July 1. There have been approximately 550 names put on the calendar. It was decided not to try to send a delegate to Ashland for the annual meeting of the W.S.C.S. in June; but several members will represent the group at the district meeting which will be held at Louisa on June 6. The group voted to give the Girl Scout \$5, which will be the May project. Following the business meeting, the hostess served refreshments to the following members: Mesdames Thomas Patrick, Rebecca Hayes, Roger Turner, Edward Robinson, Raymond Hobson, Arnold Cassidy, Thurnal Click, M. G. Halbert, Howard Ramey, George Patton, and Misses Sandra Sue Patrick, Betty May, Bonnie Hopson, Teresa Turner. During the social hour a stork shower was given for Mrs. Edward Robinson who was thoroughly surprised when presented with the many gifts.

CHALMER H. FRAZIER, SPEAKER

The Eighth grade Commencement exercises were held in the high school auditorium Friday evening. Sandra Tingue delivered the salutatory address and Peggy Sue Allen was valedictorian of the class. Others on the program were: Glennis Ramey, Roberta Lou Burchwell, Frank Reffett, Donald Lowe, Nicky Turner, Glenna Faye Howard, Chalmer Hicks, Jimmy Hopson and Mrs. Thomas Patrick, pianist.

Chalmer H. Frazier, superintendent of Prestonsburg schools, gave the Commencement address. His topic was "A Strong Moral Life," and he stressed that the boys and girls have these four factors in their future life—physical health, mental health, moral loyalty, and spiritual vision.

V. O. Turner, principal, presented the diplomas to the class. Paul Maggard accepted the diploma of

his brother, Morris, which was presented posthumously.

L. B. Price, principal of Wayland high school, gave the Baccalaureate sermon in the Methodist church, Sunday evening. His interesting address was enjoyed by the graduating class and all others.

We extend our sincere sympathy to the family of John C. Hayes. He will be greatly missed, especially by the members of the Methodist Church of which he was a strong supporter.

The bus, which was recently purchased by the Boy Scouts and the church, made its first run Sunday with very good results. The bus, driven by one of the scoutleaders, Clarence Stone, will bring the children from Turkey Creek and Eastern to Sunday School each Sunday. More details on this matter will be given later; but we want to express our appreciation to the Boy Scouts and their leaders for this big project they have taken on themselves.

Mr. and Mrs. Charlie Trapp, of South Webster, Ohio, spent the week-end with Mrs. Hattie Collins and family.

Mrs. John Nixon and daughter, Velva Louise, and Mrs. W. M. Ramey of Portsmouth, Ohio, have been visiting Mr. and Mrs. Howard Ramey and family.

Mrs. Jim Hall is a patient at the Beaver Valley hospital.

Miss Betty Jean Allen, of Wayland, spent the week-end with her sister, Mrs. Edward Robinson, and family.

Sunday School attendance last Sunday reached 138 in spite of cloudy skies. The attendance for the previous Sunday, Mother's Day, was 133. All are cordially invited to attend the church services, Sunday School and prayer meetings.

Elizabeth S. Allen, who has been employed in Beaufort, S. C., is visiting her daughter, Mrs. George Patton, and family.

Mr. and Mrs. Robert Craig (Ruth Pratt), of Dayton, Ohio, were visiting Mr. and Mrs. James Allen recently.

Mrs. Josephine Cowgall, of Owensboro, Ky., Mrs. Golda Howell, of Ashland, and Bernard Hayes, of Ann Arbor, Michigan, were called home due to the death of their father, John C. Hayes. Mr. and Mrs. Bernard Hayes and children are going to remain here a few days with their mother.

Maytown has organized an intermediate Girl Scout troop of nineteen members, with Mrs. Theodore Gibson as leader. The assistant leader is Mrs. Charles Patton. The five on the committee are: Mrs. George E. Allen, Mrs. Charles Tingue, Mrs. Fletcher May, Mrs. Claude L. Allen and Mrs. Roger Stewart.

The Maytown committee and leaders met with the Martin Girl Scout leaders and committee at the Allen Country Club last week. Their guest of honor was Barbara Goddard, head of the Girl Scout troops in Eastern Kentucky. She gave them some lessons in scouting.

The following officers were selected at the last meeting: Sandra Sue Patrick, secretary, and Peggy Sue Allen, treasurer.

The girls are planning cookie and candy sales to make money for repairing their Scout house.

FACULTY VACATIONS

School closed this week and there will be little, if any, local news of many of the teachers until next fall. When interviewed, most of the faculty members had made definite plans for the summer.

Miss Lexie Allen will attend summer school at Morehead.

Oliver Allen will continue work on his M.A. at Morehead.

Mrs. Elizabeth Baker will leave early in June for Redwood City, California to spend the summer with her son and family.

Miss Blanche Dingus will complete work on her M.A. at Western.

Roy Denny will practice what he teaches (farming) with 2½ weeks off to recuperate and attend summer school at U.K.

Mrs. Elsie Patrick will teach piano lessons during the early part of the summer. She will then make an extended visit to relatives in Georgia.

Mr. and Mrs. V. O. Turner will move to their new home near Prestonsburg. Mrs. Turner, who has had many of her poems published, will attend the Writers' Workshop in Morehead.

Mrs. Peggy Jo Vaughn will make home visits to the girls in her Home Economics classes in June. She will then study child psychology with her four-year-old daughter and two-year-old twin sons as subjects.

Mrs. Amy Begley plans to sit in the shade and starve this summer.

Miss Earleen May also plans to "take it easy" at home.

Miss Lucrilia Osborne hopes to do some traveling and visiting.

Miss Lula Martin will spend eight weeks in school at Eastern.

Mrs. Alma Lowe plans to remodel her home and hopes there will be some time left for rest.

Mrs. Shirley Stewart will do as little as she can and yet live and let live.

Mrs. Elizabeth Hayes plans to spend the summer in Los Angeles with her sister and family.

Miss Otha Howars will "baby-sit" for her sister in Washington, D. C., during June. She will then relieve her father as postmaster at Eastern.

Mrs. Olive Tingue plans to do whatever "Pop" Tingue orders her to do.

Ed Stewart will complete his M.A. in June.

IN MEMORY OF MRS. NELLIE FRAZIER

Oh mother dear,
You have been gone a year,
To me it seems much more
As I look for you to enter the door.
No one knows how I miss your smiling face,
There is no one on earth to take your place.
You shared my sorrow and my pain
You always had a smile be it sunshine or rain.
You were always kind, loving and true,
There was never a loving mother like you;
But on through this life we be on our way
We know you are in heaven this very day,
For God saw fit to call you away.
You are an angel around his great throne
I know you are happy in heaven so high
Far behind the lovely blue sky.
A mystery is death when it comes to our door,
It takes our loved ones and leaves us alone.
No one knows mother so dear
How I will miss you through the year.
No matter where I go or where I roam,
I will always think of mother and home
And wishing again and over
I could see you entering the door.
How happy I would be I cannot express,
But I know God has called you to rest.
Dear mother, I loved you so good
I would change places with you if I could.
But calling you home was God's own will
I thought of that as I went up the hill.
I miss you so much when I go home
I have the feeling I am so alone.
But God knows best, of that I am sure
Everything he does is good and pure.
God bless you mother in heaven today.
I know you are happy since he called you away.

DISTRICTS NAMED

New Soil and Water Resources and Flood Control and Water Usage districts were announced by Commissioner of Conservation Henry Ward. There will be nine districts, as in the past, when they were the same as Congressional Districts, but the county lineup will be different. Reduction of Kentucky's Congressional districts to eight last winter upset the old system.

Because eight-man governing bodies would not always insure a majority vote, nine districts were kept and the Commissioner of Conservation given the duty of designating them.

More Pay for POW's Who Were Ill-Treated

President Truman has approved an act of Congress known as Public Law 303, which authorizes the payment of \$1.50 a day to World War II veterans for each day they were subjected to inhumane treatment or forced labor while held captive by the Japanese, Germans, etc. Korean conflict prisoners are not eligible for these POW payments.

This payment of \$1.50 a day to former prisoners of war for each day of inhumane treatment or forced labor will be in addition to the \$1.00 a day previously paid for each day of captivity.

In those instances where the serviceman died in prison or since his release, payment of this \$1.50 a day will be made to his widow, child or children, or parents in the order named.

Claim-forms, the only legal way for filing an acceptable claim, are being developed and when they are printed and available they may be secured from the Kentucky Disabled Ex-Service Men's Board, 1405 W. Broadway, Louisville, Ky.

Eighteen Models of Other Makes of Cars Cost More!

Official price lists show that there are eighteen different models of American motor cars, produced by five separate automotive manufacturers, which actually cost more than the lowest-priced Cadillac—when similarly equipped.

If you find this difficult to believe—then you're in good company!

For the record also shows that, during the past few years, literally hundreds of thousands of motorists have taken title to these costlier models. And there can be little doubt that many of them did so simply because they failed to realize how relatively modest the cost of a Cadillac can be.

They simply assumed that *exclusive in quality means exclusive in price!* And it is doubtful if a single misunderstanding ever cost so many motorists so much!

It cost them, first of all, the satisfaction of owning a Cadillac! For there is no substitute for the sense of

pride and well-being that comes from owning a motor car that is universally recognized as the "Standard of the World."

It cost them, too, the pleasure of *driving* a Cadillac! And this, beyond any question, is the greatest penalty of all! For in missing out on the many thrills to be found behind its wheel—they're missing out on motoring's finest rewards.

And, of course, it also cost them Cadillac's many *long-range* economies—its almost unbelievable gasoline mileage, its unsurpassed dependability, and its legendary long life.

We know that you wouldn't want to make such a costly mistake in the selection of your next car. But you'd better be careful—because there are *eighteen different ways to make it!*

So when the time comes—*investigate!* And if you pay the *price* of a Cadillac—be sure that you *get one!*

New Districts Named For Conservation Bodies

Frankfort, Ky., May 16 (Spl.)—Nine new districts from which members of the Soil and Water Resources Commission and the Flood Control and Water Usage Board will be named were announced today by Henry Ward, commissioner of Conservation.

The districts were designated by Ward, with the approval of Governor Wetherby, under a law passed by the General Assembly last winter, giving the commissioner of Conservation that duty. They will become effective June 15.

Present districts are the same as the old nine congressional districts. The change in the method of designating districts was voted because Kentucky's congressional districts were reduced to eight, and eight-man governing bodies were not considered workable.

Members of the Flood Control Board are appointed for four-year terms by the governor and members of the Soil and Water Commission are appointed by the commissioner of Conservation for four years.

The new district lineup by counties:

District 1—Ballard, Carlisle, Hickman, Fulton, McCracken, Graves, Marshall, Callaway, Livingston, Lyon, Trigg, Crittenden, Caldwell and Christian.

District 2—Union, Webster, Hopkins, Todd, Henderson, McLean, Muhlenberg, Logan, Simpson, Daviess, Ohio, Butler and Hancock.

District 3—Breckinridge, Grayson, Edmonson, Warren, Allen, Meade, Harlan, Hart, Barren, Monroe, Letcher, Boone, Wayne, Mingo and Taylor.

District 4—Jefferson, Bullitt, Nelson, Oldham, Shelby and Spencer.

District 5—Trimble, Henry, Carroll, Owen, Gallatin, Boone, Grant, Kenton, Campbell, Pendleton, Harrison, Bracken, Robertson and Mason.

District 6—Franklin, Anderson, Washington, Scott, Woodford, Mercer, Boyle, Fayette, Jessamine, Garrard, Lincoln, Bourbon, Clark, Madison and Estill.

District 7—Casey, Adair, Cumberland, Russell, Clinton, Wayne, Pulaski, McCreary, Rockcastle, Laurel, Whitley, Jackson, Knox and Bell.

District 8—Nicholas, Lewis, Fleming, Bath, Montgomery, Powell, Rowan, Menifee, Wolfe, Greenup, Carter, Elliott, Morgan, Magoffin, Boyd, Lawrence, Johnson and Martin.

District 9—Lee, Owsley, Clay, Leslie, Harlan, Breathitt, Perry, Knott, Letcher, Floyd and Pike.

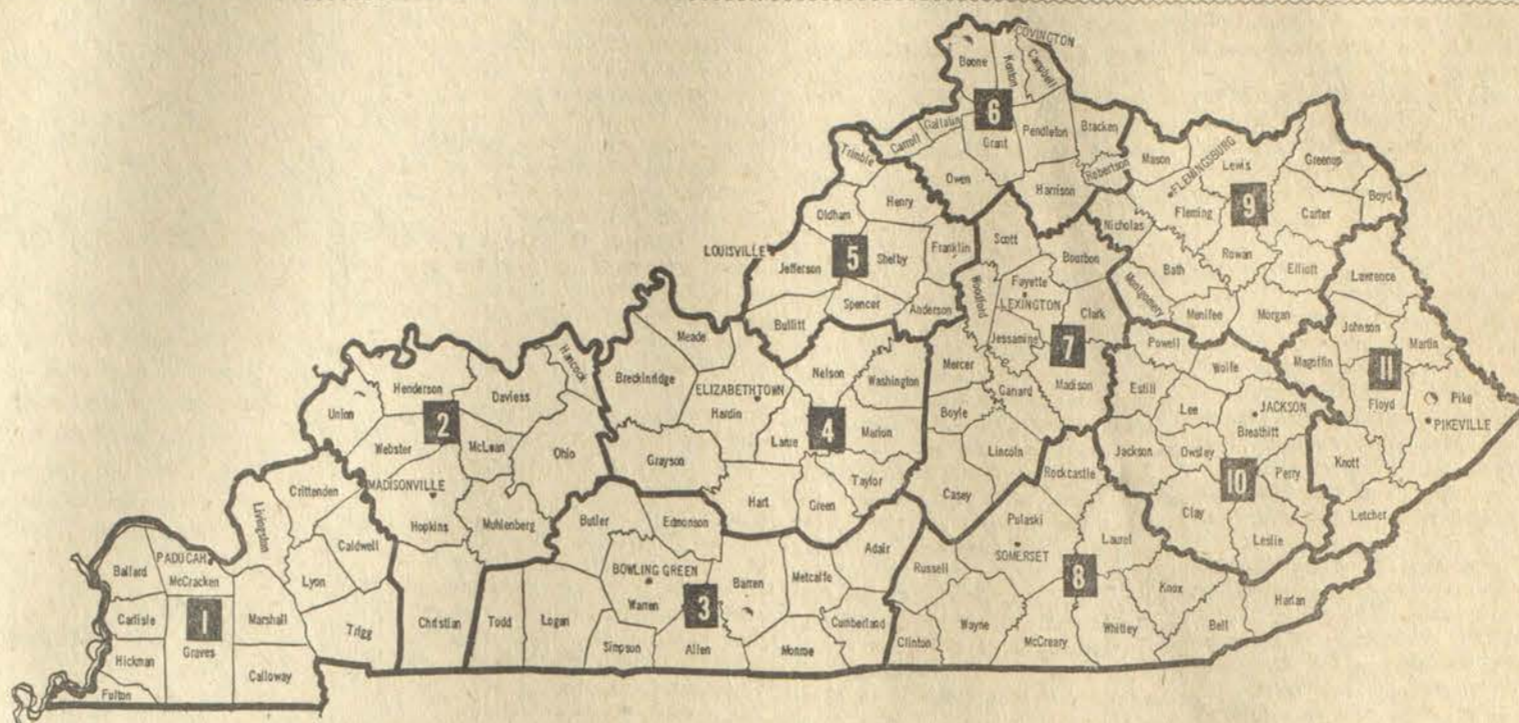

CARD OF THANKS

We wish to express our heartfelt gratitude to the people who were so kind to us during the funeral of our son, Cpl. Joe Robert Scaif.

We wish to express our thanks to those who offered words of consolation, sent floral offerings and to the ministers who officiated at the last rites. To the American Legion and the Veterans of Foreign Wars we extend our appreciation for their assistance and graveside rites.

We also desire to thank the Call Brothers Funeral Home for its fine and efficient service.—Mr. and Mrs. Edwin Scaif and Family.

Bourbon county homemakers ordered a total of 365 buckram hat frames for covering, said Home Agent Jane Basham with the University of Kentucky.

KENTUCKY'S NEW HIGHWAY DISTRICTS—Two districts have been added under a plan that will go into effect June 1 when the state will have 11 rather than nine districts as at present. Headquarters for the new districts will be at Madisonville and Jackson. Commissioner of Highways William P. Curdin described the increase as a move to increase efficiency and economy in the highway system. Cities shown on the map are district headquarters.

Music To Graduate From Villa Madonna

Frank Music will receive the degree of Bachelor of Arts from Villa Madonna College, Covington, Ky., at the 24th annual Commencement to be held in St. Mary's Cathedral on May 26.

Majoring in mathematics and philosophy, he is a graduate of Lexington Latin high school. After attending the University of Kentucky for a short time, he transferred to Villa Madonna College. Mr. Music has been active in various co-curricular activities, including the Science Club, intramural sports and the Sigma Alpha Lambda fraternity. He was also a member of the varsity basketball team before intramural athletics at the college were discontinued. He is the son of Mr. and Mrs. Paul Music, of Estill.

CARD OF THANKS

I wish to express my deepest appreciation to the many friends and relatives who so kindly assisted in any way, during the illness and upon the death of my husband, J. M. Weddington. I am most grateful to Dr. G. D. Callahan and other physicians, nurses, relatives and friends who aided in making his last illness as comfortable as possible. Especially do I express my thanks to the Revs. J. C. Hager, Howard Church and Bart Mellon; the choir, Mrs. E. R. Burke and John Grant Wheatley for their beautiful music, those who sent floral tributes and food to the home of Mrs. Winnie Johns where the body lay in state, to the Arnold Funeral Home and the pallbearers who furnished cars for the funeral. To any who gave any service during the funeral I am most grateful.

MOBILGAS ECONOMY RUN

Step up to the car that makes others look—and ride—like years-ago models. Step out in the car that again won the Grand Sweepstakes Prize—the car that has taken first-in-class honors three times in three years in Mobilgas Economy Runs.

Then try to act nonchalant. Try to quiet the quickening of your pulse as you wing along on your first "Prize-Winning Drive."

See what that "let's go" Forerunner Styling does

even for visibility, especially down front and over that right front fender. Discover how Mercury engineers have driver-planned this car with future features like the built-out-from-the-dash Interceptor instrument panel.

But most important, find out what Mercury's new live-weight design—teamed with a far-advanced stepped-up V-8—has done for balance and handling. Feel this car's almost unbelievable ground-hugging stability when it rounds a curve . . . how it magically snubs out the bounce and jounce of unkempt byways.

It's a new experience in motoring. Stop in today and try Mercury's "Prize-Winning Drive."
