The Republicans yelled, "Save the Republic! Now, if the Democrats begin yelping about saving democracy, we'll know exactly what they mean: Save the Republicans and the Democrats."

CENSORSHIP

WSAZ-TV, Huntington, W. Va., has decided to discontinue the telecast of Drew Pearson's Sunday night program because of alleged "snide" remarks he made last Sunday evening about General Eisenhower on religious grounds. We can't see it.

Pearson isn't any oracle by any means, and we've thought, on occasion, he seemed downright vicious. But he has a big audience, and as we understand the matter the customer is always right.

Anyway, the allegedly "snide remark" which got him into the ill graces of WSAZ merely quoted Ike as saying something like 50 per cent of the French are atheistic. Pearson added that that might hurt the Catholic leaders who are doing so much in France to combat Communism and might undo some of the work the General has done in Europe. And it might. Snide remark or un-snide.

For Pete's sake, if you're going to cut off every commentator who makes snide remarks, or worse, what are you going to do with all those who have roasted Truman?

THIS IS PLUMB DISCOURAGING

If Miss Italy is correct in her recent statement, this particular world indeed has gone to the dogs.

This beauty, who didn't fare well at all in the international beauty contest, declares the business of beauty-judging has gone into politics. And, with the exception of Clare Booth Luce and Helen Douglas Gahagan and possibly one or two others, politics has as little to do with beauty, physical or spiritual, as anything we can think of at the moment.

The gal claims Miss Finland became Miss Universe because the judges wanted to boost the Olympics which are being held at Helsinki. And Miss Germany was high in their esteem because we wanted that nation to know we'd always have a place for her in the picture. And Miss Hawaii got consideration because that romantic isle is slated for statehood. And so on.

We wouldn't know. But if beauty judges have to keep one eye on a map while feasting the other on feminine loveliness in order to pick the proper party for the coveted crown of pulchritude--well, we

CLYDE QUIET, MISHAP VICTIM

Former Knott Resident, Fatally Hurt at Work At Virginia Shipyard

Clyde Quiet, 30, former resident of the Jones Fork section of Knott county, died shortly after Monday midnight of injuries reportedly suffered while working as a welder for the Newport News Shipbuilding and Dry Dock Co., Newport News, Va.

It was said here that Mr. Quiet had returned only a day or two earlier from his vacation and that in the first hour of his return to work he was hit by a heavy crane.

Mr. Quiet was a son of the late Edward Quiet, and married a daughter of Mr. and Mrs. T. C. Campbell, of Mousie. He is survived by his widow, Mrs. Gelda Glynn Quiet, three children, his mother, a brother, Edward Quiet, Jr., Bryson City, N. C., and one sister, Mrs. Wayne Cox, of Garrett.

The body arrived at the home of Mr. and Mrs. T. C. Campbell, Wednesday afternoon. The funeral was tentatively scheduled for Friday.

BOARD ISSUES CALL FOR 18

For Induction, July 31; Tells Registrants How Deferment Is Possible

The armed forces are calling for 18 men to fill an induction call on July 31, according to an announcement this week by local board number 25.

A draft board source stated that some registrants were being inducted into the army that might have had an opportunity to get a deferment, if information on their status had been supplied the local board in time.

"Registrants are urged to report anything that might change their classification status, such as fatherhood. This information should be reported before an induction call is issued," it was said. "Nothing but extreme emergency, something wholly beyond the registrant's control, will change his status after he receives an induction call," it was said.

Those slated for induction on July 31 are:

Forrest Gail Jones, volunteer, Hi Hat, now of Martin; Bud Calhoun, Cliff; John Tandy Stratton Betsy Layne; Edward Collins, David; Willie Howell, Dona, now Wayland; Gaylord Caudill, Hi Hat; Worley Triplett, Wayland; Freeman Lawson, Garrett; Billy Joe Click, Cliff; Garnie Lawson, Garrett, now Webster, Michigan; Lewis Wright, West Prestonsburg; Ancil Turner, Garrett; Robert Grout, Stapleton, West Prestonsburg; William Grady Goble, Woods; Minnie Skaggs, Garrett; Donald Warrens, Hunter.

MAY ATTACK NEW BALLOTS

Coroner Race Lineup In Question; Opinion On Validity Differs

Validity of a second printing of the Democratic ballots for use at the primary election in this county may be the subject of a court action, it was indicated here this week.

Supporters of Mack Harmon, one of the candidates for the nomination, said attorneys had advised them the change in position on the ballot which is effected by a second printing and by the omission of the name of Bennie Blackburn, who withdrew from the race, is illegal.

County Clerk DuRan Moore asked the advice of the Attorney General's office, and was given a verbal opinion to the effect that the second printing is legal. Meanwhile, the printer has two sets of ballots—the second set printed at private expense—and Mr. Moore is awaiting a written opinion from the Attorney General before using one and destroying the other.

County Clerk Moore explained that he ordered the ballots as early as possible in order to accommodate absentees who want to vote in the primary but that he cannot fill their requests for ballots until he is certain which ones to use.

KIDNAP STORY UNTRUE, CLAIM

Letter Says Youth Happy With Mother, Uncle Not Guilty

The Times this week had the word of 13-year-old Tommy Hicks himself that his "kidnapping" simply didn't happen.

In a letter addressed to "The Floyd County Times and To Whom It May Concern" he wrote: "I came with my mother to West Virginia because I wanted to live with her and my sister."

His uncle and aunt, Thomas Demurray and Joyce Martin Demurray, who had been taken into custody by county officers on warrants sworn out by the boy's father, Vernice Hicks, were released last Thursday under bonds of \$2,000 each.

The "uproar" to which the youngster referred in his letter was at a whisper this week as at least one official expressed doubt that anybody can be convicted for kidnapping in taking his or her own child."

Warrants issued for Mrs. Vera Phillips, mother of Tommy, and her husband, Junior Phillips, had not been served.

The boy's letter, written in pencil on notebook paper, was handed the Times by Thomas Demurray. It reads:

"I Tommy Hicks am personally answering the uproar in Floyd county about me.

"I came with my mother to West Virginia because I wanted to live with her and my sister.

"My uncle Thomas Demurray did not offer me anything, neither did he pick me up in Stone Coal. I came out of Stone Coal at Garrett, Ky., and went to my mother's car at my own free will.

"I am with my mother and sister and am hoping to stay with them.

"The things that was put in 'The Floyd County Times' last week about my uncle Thomas Demurray is not so. Enclosed is a picture of me and my sister. I hope there will be no more of this about me."

ROUTE 7 LINK DEEDS SIGNED IN MAGOFFIN

U.S. 23 Relocation Via Auxier Is Studied By Highway Officials

Highway connection of the lower section of this county with the Pond Creek Pocahontas coal operations in Breathitt county appeared nearer a reality this week when it was announced here that all deeds for rights-of-way on the new route have been procured and forwarded to the State Highway Department at Frankfort.

Future of the highway link now rests squarely with Frankfort. The sector to be built is approximately four miles long, connecting with a road already graded to the Floyd-Magoffin line on top of the mountain, near David, and from there extending down in Magoffin to connect with Highway 7.

Meanwhile, sprawling Highway 7 was being extended into Floyd county as contractors' grading machinery left Magoffin at the head of Grassy Fork of Licking River and were working down the mountain into Raccoon Fork of Salt Lick. This part of route 7 will connect with the Salt Lick rural highway and extend up Salt Lick into Knott county and to Hindman via Yellow Mountain and Possum Trot.

Highway 7 also picks up anew at Lacey, from there extends to Wayland and on into Letcher county. County Attorney W. W. Burchett said a Floyd county delegation which went to Frankfort, several days ago, had gained assurance of state interest in relocation of the Mayo Trail to bypass Abbott Mountain by rerouting it from East Point

YOUTH SECOND LAKE VICTIM

Of This Year; Tackett Drowns Near Dewey Dam Victim from Magoffin

The second swimming victim of Dewey Lake this year and the fifth person to drown during the two years of the lake's impoundment lost his life within a few yards of the gatehouse of the dam itself, Tuesday afternoon.

The victim was 19-year-old James Tackett, of Salsersville. The youth disappeared while swimming near the western shore of the lake, at about 2:45 p.m., and his body was recovered about three hours later.

An investigation into the tragedy indicated drinking may have contributed to the drowning. Young Tackett went down in about 15 feet of water, in a miniature cove on the west side of the lake at the dam. Dragging operations were begun shortly thereafter, and it is believed the body was pulled into shallower water, since the victim was finally located by J. Mullins, of Royalton, in water about 10 feet deep.

C. J. Meeks, dam tender was quoted as saying that Tackett and a companion, Harry Gullett, also of Salsersville, had been ordered to leave the high concrete wall of the spillway at the lower side of the dam and that they also were told not to enter the restricted area between the dam and a buoy-marked line farther up the lake. These latter instructions were disregarded, however.

Tackett entered the water, clad in his trousers and wearing his wristwatch.

The body was removed to Salsersville before a coroner's inquest could be held. The Kelly Funeral Home at Salsersville told Coroner James J. Carter, however, there was no indication of foul play.

Roy E. Moore, Dewey reservoir manager, said investigation of the tragedy was not complete, Wednesday morning.

CHILD, PNEUMONIA VICTIM

Roy Glenn, six-weeks-old son of Bernard and Judy Moore Tuttle, of McDowell, died Sunday at the Beaver Valley hospital, Martin, of pneumonia. Surviving, besides the parents, are two brothers, Gordon Ray and Richard Lee. Funeral rites were held Monday from the Tuttle residence, the Rev. Troy Nickles officiating, and burial was made in the family cemetery at Price under direction of the Hall Brothers Funeral Home.

PRESTONSBURG MAN OFFERED 'CHANCE' ON SHARE IN \$450,000—BUT THE OFFER IS THE OLD 'SPANISH PRISONER' GAME

Anybody want an interest in \$450,000? William Goebel, Prestonsburg business man was offered an opportunity to share in the division of this amount recently but doesn't think much of it.

The offer to share come in a letter from Mexico City from a Senior "F". Senior "F" states that he had been advised by a friend that Goebel was "spoken very highly of" and that he could be entrusted with a very delicate matter, the circumstances of the matter being as follows.

Senior "F" was in prison for bankruptcy. He had \$450,000 in United States currency hidden in the secret compartment of a trunk. The trunk was deposited in "a custom house in the United States". There are lots of specific directions about what Goebel should do to get a third part of the huge sum, one being that he should come to Mexico City and start paying certain expenses.

"As soon as I send you undeniable evidence, it is necessary that you

come here and pay the expenses incurred in connection with my process, so the embargo on my suitcase can be lifted, one of which suitcase contains a baggage check that was given to me at the time of checking my trunk for North America, and which trunk contains the sum above said. To compensate you for all your troubles, I will give you the third part of said sum. Due to serious reasons which you will know later, please reply via AIR MAIL. I beg you to treat this matter with the utmost reserve and discretion. Fearing that this letter might have gone astray and not reach your hands, I will not sign my name until I hear from you, and then I will entrust you with all my secret. For the time being I am only signing "F".

No thanks, says Goebel. He has heard of the old Spanish, or Mexican prisoner confidence game wherein the sucker puts up expense after expense until he is cleaned.

11 WOMEN ARE NAMED

By Election Commission For Precinct Poll Work At Primary on Aug. 2

Eleven women have been named precinct officers for the August Primary election, the list of 216 election officers named Tuesday by the county election commissioners shows. This is perhaps the largest number of women to be scheduled for voting-place duty in a single Floyd county election.

Selection of election officers was made by Sheriff A. B. Meade, Mrs. Viola Stewart and Marion Martin. Names of officers follow, the clerk, two judges and sheriff appearing in order in each instance:

Prestonsburg No. 1—Betty Stephens, W. B. Boyd, Mat Parsley, Frank Layne.

Prestonsburg No. 2—B. L. Sturgill, Virginia Stephens, Mont Gibson, Marvin Music.

Depot No. 3—Henry Harris, Bill Fitzpatrick, Joe McGuire, J. L. Pitts.

STATE CLOSES BRIDGE HERE

To Heavy Traffic; Span Declared Unsafe Except To Cars, Pick-Up Trucks

The bridge spanning the Big Sandy here and connecting Prestonsburg with the C. & O. railway station at West Prestonsburg was closed today (Thursday) to all traffic except passenger cars and pick-up trucks.

The traffic limitation, established today as a temporary precautionary measure, will either be made permanent this week or lifted, it was said. A decision is expected to be reached by tomorrow after inspection by the chief inspector for the Highway Department.

The bridge became badly weakened at its west end, a short distance after the crest of the bridge has been passed, and appears to have cracked across its entire width.

Closing of the bridge to heavy traffic cuts off Prestonsburg to heavy freight shipments by rail to the West Prestonsburg station and also closes the Prestonsburg-Salsersville road to heavy trucks and buses traveling from the east side of the river.

County Judge Henry Stumbo and County Attorney W. W. Burchett, a few months ago petitioned W. P. Curdin, Commissioner of Highways, to accept the bridge for the state, pointing out that it is an integral part of a state highway and that Floyd county is financially unable to maintain it.

PLAN POSTING OF LAKE AREA

As Move To Develop Big Wildlife Refuge Around Lake Shores

Out of the conference of Seventh district employees of the Kentucky Department of Fish and Wildlife Resources which was held last Thursday and Friday on Dewey Lake came word that the department plans to begin this year development of the reservoir area as a wildlife sanctuary.

Larry Gale, director of Game Management for the Department, who attended the two-day conference, was scheduled to return here today (Thursday) with James Monyahan to plan the posting of all land in the area, including 862 acres of impounded water, under lease, and this will be the area posted, it was said.

The work of posting the area is not expected to be completed in time to protect squirrel this season, but is expected to prevent the hunting of quail this fall.

E. R. Burke, Seventh district supervisor, at whose Dewey Lake camp the conference was held, said deer and turkey, both pen-raised and those trapped wild, will be released in the preserve this winter. Migratory waterfowl food planting also is planned.

He said turkeys released in the reservoir area last winter apparently have thrived, since a nice flock was sighted on an upstream arm of the lake recently.

The wildlife preserve, it was said, will be maintained in the reservoir area as a means of stocking this section through the natural spill-over of game onto unprotected areas.

A report on the fish population of the lake, promised after a recent test made at Goble Branch, has not yet been made available. The Times has heard reports that rough fish apparently had gained the ascendancy in the area tested, but at the same time it learned the bass situation is not as bad as rumored. Another test will be made this

Man Wanted in Knott In Jail Break Taken

Charles Anderson was arrested Tuesday by Deputy Sheriff Frank Parsons on a warrant issued in Knott county naming him for escaping jail. He was released under bond.

Deputy Sheriff Parsons said Anderson and a man named Combs escaped jail and that each accused the other of slugging the jailer in the break.

Ashland Salsbury was arrested Wednesday morning by Conservation Officer Bernard Baldrige and Raymond Copley, who booked him on charges of possessing an illegal firearm and resisting arrest. He executed \$200 bond on each count.

Speakers Review Work Done As Scout Camp Is Dedicated

Lonesome Pine Council, Boy Scouts of America, dedicated the new camp on Dewey Lake, Friday evening, when approximately 50 Boy Scouts gathered at this Scouting center for a huge area in Kentucky and Virginia.

A dedication prayer was offered by the Rev. R. L. Anderson, of Betsy Layne. H. E. Greer, Hazard, gave the history of the Lonesome Pine Council. E. R. Price, chairman of the Council Development committee, told the story of the building of the new camp which is now nearing completion. He stated that approximately \$40,000 in cash and materials had been donated for this undertaking. Among the developments Mr. Price reported were: the access road into the camp property donated by B. F. Reed and the Turner Elkhorn Coal Company; the water distribution system with pure water into each of the nine troop sites, donated by Harry LaViers and the South-East Coal Company; a main lodge and dining hall, made possible by cash contributions of \$15,000; and construction of nine troop sites with tents, cots, wash trough and other improvements donated by nine Rotary and Kiwanis Clubs of the Council; and a health lodge donated by the doctors of the area.

With the fourth week of the camp season at the Scout camp nearing a close, it became evident that the largest number of Scouts in the Council history will have attended the newly constructed camp. The program of Scoutcraft has proved popular with boys and leaders. From July 13-19 a total of 190 boys and leaders were accommodated. This included 12 Scoutmasters and volunteer Scout leaders, 23 members of the central camp staff and 163 Scouts.

Scout Troop 77, of Seco, Letcher county, with 22 boys and one leader, has had the largest attendance. In all, 15 different Scout troops were accommodated, making a total of 44 different troops attending the camp during the first season of operation. With one more week it is estimated that a total of 600 boys will attend camp.

TO GIVE SOILS TALK

An expert's advice to Floyd county will be given by a native Eastern Kentuckian when Roy L. Flannery, field agent in Agronomy, University of Kentucky speaks at the Floyd county Farm Family Field Day on the Miles Gibson farm, near Langley, July 31.

Mr. Flannery is a native of Elliott county, attended the grade school of that county and worked his way through two years of high school at Olive Hill before school truck transportation permitted him to attend Sandy Hook high. He completed high school in 1942 at Morehead and entered Morehead State College for a year's work before entering the navy in 1944. Returning from the navy in 1946, he re-enrolled at Morehead, then transferred to the University of Kentucky where he did outstanding undergraduate and graduate work.

At the Farm Family Field Day in this county he will discuss "Soil Testing as a Basis for Pasture Development and Improvement". The League's petition, prepared by Jesse K. Lewis, Lexington attorney, alleges that the County Attorney, now in the third year of his third term of office, "has received as compensation for his services fees, salary, commissions and other compensation in excess of that allowed by the constitution and the laws of Kentucky." It also claims Burchett "has failed to account for or to refund to Floyd county the sums received by him each year in excess of the maximum salary and compensation which he is authorized by the constitution and laws of Kentucky to receive and keep."

TO ASK JUDGE TO PEN HORN

Abbott Fowler Admits Taking Widow's Chickens Two Others Are Arrested

Theft of a widow's chickens may result in the loss by a Prestonsburg man of judicial clemency from a pen term given him in another case, and for two others a trial which could send them pen-wards.

The man for whom possibility of a pen term is immediate is Yancey Horn, who confessed after his arrest Monday by Sheriff A. B. Meade and Deputy Sheriff Frank Parsons that he, his fellow-townsmen, Bob Wright, and Luther Wright, of Prestonsburg, stole six chickens from Mrs. Ollie Hill, widow of Tom Hill, on Abbott Creek Saturday night. Horn was convicted, in September, 1950 of breaking and entering the wareroom of N. M. White, Jr., and was given a two-year pen term. He later was granted probation by Circuit Judge Edw. P. Hill, nephew of the woman who reported Saturday night's loss.

Commonwealth's Attorney Burnis Martin served notice Monday night on Horn at the county jail that he will enter a motion (Thursday) before Judge Hill, asking that Horn's probation be revoked.

Sheriff Meade said Luther Wright also had confessed to participation in the chicken theft. Mrs. Hill reported the loss of 11 fowls, but the two said they took only six.

Sheriff Meade said a trail of chicken feathers led him and Parsons in the search for the thieves and that Horn confessed when told by his wife. He said he sold two of the chickens to a restaurant and invested the proceeds in bay rum.

Also jailed within the week for major offenses were: Harold Jones, of the Hueysville section, accused of arson in the burning of a dwelling on Salyers Branch of Salt Lick, jailed Friday by Deputy Sheriffs Marion Martin and Ransome Marcum, Jr.; T. J. Fitzpatrick, carrying a concealed deadly weapon, arrested by Deputy Sheriff Frank Parsons and held for Knott county authorities; Ansel Gilliam, child desertion, arrested by Constable George Hall, Jr.; Arthur Boyd, Jr., child desertion, arrested by Deputy Sheriff Parsons.

Burchett Says Action Not Necessary To Get Settlement for County

First of what a Tax League official termed a series of suits planned to collect excess pay to public officials in this county was filed Saturday in the clerk's office of the Floyd circuit court by the Floyd County Good Government Taxpayers League, Inc.

Although the action had for its main target County Attorney W. W. Burchett who, the petition alleges, collected between the years 1943 to 1951, inclusive, \$20,-300.53 more than the salary limit allowed him by the state constitution, the Floyd fiscal court was also named as co-defendant.

The court knew, the suit points out, that the defendant was collecting and receiving pay in excess of the constitutional limit; knew that the salary authorized by it and its predecessors to be paid the defendant was unlawfully paid and that these excessive payments belonged to Floyd county.

Thus these court members became co-defendants with County Attorney Burchett; County Judge Henry Stumbo, Magistrates H. C. Wright, J. E. Harris, Edgar Howell and Ellis Martin.

The League's petition, prepared by Jesse K. Lewis, Lexington attorney, alleges that the County Attorney, now in the third year of his third term of office, "has received as compensation for his services fees, salary, commissions and other compensation in excess of that allowed by the constitution and the laws of Kentucky." It also claims Burchett "has failed to account for or to refund to Floyd county the sums received by him each year in excess of the maximum salary and compensation which he is authorized by the constitution and laws of Kentucky to receive and keep."

For the period beginning with 1943, the first year covered by the suit, to 1949, inclusive, the constitutional salary limit was \$5,000 a year. The salary limit was raised to \$7,200, beginning with 1950.

County Attorney Burchett issued this statement, Monday noon. "It has been suggested to me that certain individuals are attempting to use the Floyd County Taxpayers League as

to Auxier, there crossing the Big Sandy and making the turn back to Prestonsburg via the present route along the river.

This, it is explained, would remove a traffic hazard by eliminating Abbot Mountain from the route, remove the necessity of spending upwards of \$25,000 on improvement of that part of U. S. 23 and also provide the modern highway sought to connect with Dewey dam. This \$225,000 has already been allocated for U. S. 23 improvement on the present route, and \$500,000 has been earmarked for construction of a road from Prestonsburg to Van Lear via the Dewey dam. Included in Floyd plans for relocation of U. S. 23—whether it goes from East Point to Auxier and then to Prestonsburg or from Paintsville via Davis Branch and Van Lear to the dam and thence up the river to Prestonsburg—would be a modern highway bridge spanning the river at Auxier. Floyd county would agree to the Davis Branch-Van Lear route only if Johnson county would help with the bridge construction at Auxier, it was said.

## Their Hornets Swept Detroit 250-Mile Championship Race

The Hudson Hornets of Drivers Tim Flock, Buddy Shuman and Herb Thomas (L. to R.) were first, second and third, respectively, in the annual Detroit 250-mile NASCAR stock-car championship race June 29. The winning trio is being congratulated by N. K. VanDerzee, Hudson vice-president in charge of sales (right). Flock, Shuman and Thomas attributed their record to Hudson's exclusive "step-down" design, which brings "road-hugging safety, sparking performance on the straightaway and sure, easy control on turns." Hudson cars have won 25 out of 28 times in stock-car competition this year.

Hudson Hornets completely dominated the second annual 250-mile Motor City NASCAR classic at Detroit in June 29 when Tim Flock, Buddy Shuman and Herb Thomas won the first three places. Flock's Hornet bettered the old mark of 4 hours, 20 minutes and 28 seconds by 10 minutes and 5 seconds. The three Hornet drivers finished the race in the same lap, so close was the margin of victory between them. Bill Blair driving a 1952 Oldsmobile was over a full lap behind the leaders at the finish. Hudson Hornets took nine of the first 20 places.

Flock attributed his victory "To the easy way Hudson takes the turns due to its low center of gravity, its road hugging safety and its performance in the straightaway."

Dick Rathman driving a Hornet started in the pole position. He was pressed closely on the first lap by Fonty Flock in an Olds who took the lead for a split second until Rathman pressed him, passing him easily. Fonty Flock went out of the race with a broken tie rod after about a dozen laps. Rathman had some hard luck on the forty-first lap when his head gasket blew and he had to pull into the pits. Instead of dropping out, he took over Bud King's car and continued driving in the race.

Tim Flock, starting sixteenth, began edging up on the leaders as the laps began to pile up. Flock steadily out down the temporary lead of Lee Pecky in a Chrysler and passed Petty's car in the 87th lap.

Tim Flock averaged between 65 and 68 miles an hour during the race. A rain squall brought out the yellow flag of caution on the 130th lap and the drivers lost several minutes as they slowed for the slippery track.

Tim Flock made a pit stop at 210 miles and Shuman caught him temporarily. He took only 15 seconds for gas and then zoomed from the pits, catching Shuman about a half lap later.

The trouble cut down Herb Thomas' victory chances, his pit stops put him almost two laps behind with about 35 laps to go. He kept pressing his car and regained all but about three-fourths of a lap at the finish. He was awarded "THE SPORTSMANSHIP TROPHY" for "driving it out" and pressing the heels of the leaders.

By winning the race, Tim Flock jumped to first place in the NASCAR point standing. Only 22 cars of the 47 starters finished the race. Hudson has now captured 20 out of 23 national stock car races.

### The Big Step

THE Floyd County Good Government Taxpayers League has taken a big step. It has filed suit to collect what it claims has been paid to a county official in excess of the salary set for him by the state's Constitution.

This is a big step, for, by all the rules of fair play, the matter of suit-filing can't stop there. Organized as representatives of all the taxpayers, it cannot permit likes and dislikes to enter into its League's deliberations and actions; for there cannot ever be any semblance of harmony, not to mention justice, when individuals get down to personal preferences or prejudices.

Representatives of the League say they will play no favorites. And that is as it should be. We hazard the guess that accepting excess pay has been the rule rather than the exception in this county, and that the rule has prevailed far longer than the last ten years.

### The People's Choice

A REPUBLICAN said, the other day, "We Republicans have nominated Eisenhower, the choice of the people. Now, let the Democrats do the same."

That would make it read: Eisenhower versus Kefauver. And those of us who remain unshackled by the greasy bonds of machine politics would welcome that line-up.

With the Republican convention rigged against him, Eisenhower and his "amateurs" made the pros of that league look like bushers. So it is that his election as the G.O.P. standard-bearer is hailed as a victory for the people.

Now, if Kefauver should, perchance, win the Democratic spot on the ballot, the rout of the machine will near the stage at which the hackneyed adjective, "utter," will cease to be a cliché and become a descriptive necessity. The party big-wigs obviously do not want him. Those who cling to their patronage powers shudder at his name. He is a rank interloper.

Being on the rank interlopers, we say—Ike and Kefauver, both of them!

Presbyterian church, when shown this letter, recognized it as identical with the one President Frank H. Caldwell of Louisville Presbyterian Seminary received sometime ago. President Caldwell checked with the FBI but was informed that inasmuch as the letter originated in Mexico there was nothing the American authorities could do. Caldwell said that he supposed he had received 50 letters of this kind in his life and enjoined the future ministers to warn their parishioners of the confidence racket. For a long time, Rev. Pearson says, President Caldwell's letter was posted on a bulletin board at the school.

might as well turn to picking the ugliest, and give all the winners to Russia.

### REFRESHING CANDOR

There were greater orators in the G.O.P. convention last week, and men of greater national renown addressed the gathering. But none impressed me with a frank expression of their honest beliefs as did Senator Cain, of Washington.

The guy raised a bit of Cain with the assemblage. He told them the facts of political life, whether they wanted him to do so or not. He even admitted that the Republican party doesn't have a monopoly on honesty!

Striking out at the Old Guard thinking which deprecates everything new in the social scheme and every change made necessary by a changing world, Cain told the convention (I quote from memory):

"Styles change. It doesn't matter so much about the cut of the coat or pants. Just be sure there's a man inside"

### Mrs. Hunter Succumbs To Illness of 2 Years; Interment at Galtore

Hester Scaif Hunter, 69, of Pikeville died July 10, after an illness of more than two years at her home in Pikeville. She was born at Galtore, Johns Creek, Pike county, June 3, 1883, the daughter of William and Elizabeth Scott Scaif.

She was married to Will Hunter in 1905 and had resided at Pikeville since her marriage. Her husband preceded her in death in 1938. An only son, James Hunter, died in 1935. She is survived by the following brothers and sisters: Mrs. Lethia Compton, Martin; Mrs. Alice Nunery, Tram; Trimble Scaif, Galtore; Ballard Scaif of Tram. A grandson, Billy Hunter of Pikeville, also survive. A sister, Mrs. Nettie Layne, of Harold, and a brother, Dallas of Virginia, preceded her in death.

Funeral rites were conducted at Pikeville and burial was made in the Martin Scott cemetery at Galtore under the direction of the Baker Funeral Home.

### Heart Ailment Fatal To Mrs. Mollie Clay At West Prestonsburg

Mrs. Mollie Adams Clay, 63 years old, died at her home in West Prestonsburg, Friday, victim of a heart ailment from which she has suffered for the last two years.

A daughter of J. P. and Rhoda Brown Adams, she was a native of Magoffin county. She had many relatives and friends in this county. Surviving are four daughters, Mrs. Darryl Stafford, of Prestonsburg, Mrs. Furman Wells, Mrs. Ona Burke and Mrs. Edward Murphy, all of Ashland; three sisters, Mrs. Hattie Vanderpool, West Prestonsburg, Mrs. Maybelle Howard and Mrs. C. L. Osborne, both of Ashland. She also leaves seven grandchildren.

Funeral services were held Saturday afternoon from the Assembly of God Church, West Prestonsburg, by the Revs. H. C. Church, G. R. Fannin and Mrs. Cora Johnson. Burial in the Stephens cemetery, near West Prestonsburg, was under direction of the Moore Funeral Home.

### Former Tax Official In County Succumbs At Dock Residence

Samuel G. Ousley, former Tax Commissioner of this county, was found dead Saturday in the garden at his home at Dock, apparently a victim of a heart attack. He was 91 years old, and was one of the county's best men.

Mr. Ousley had been in failing health since suffering a stroke, some time ago. He had long been a member of the Christian Church. His survivors are six daughters: Miss Grace Ousley, Mrs. Lula Bradley and Mrs. Virgie Stephens, all of Dock, Mrs. Missouri Potter and Mrs. Julia Derossset, both of Greenup, Ky., and Mrs. Emma Miller, Columbus, Ky.

Funeral rites were conducted Tuesday from the graveside in the family cemetery by the Revs. M. C. Wright, W. S. Akers and John Ousley. Burial was under direction of the Hall Brothers Funeral Home.

### MUSIC WORKSHOP STUDENT

Mrs. Evelyn Johns Salisbury, of Prestonsburg, is enrolled in the workshop in music for elementary teachers now being conducted at Morehead State College. The workshop offers two semester hours credit and is being directed by Mrs. Lureata Martin, of Huntington, W. Va., assisted by the regular music staff of the college.

An advanced workshop in elementary school music is scheduled for the period July 14 to 25. This carries two semester hours credit also.

### CARD OF THANKS

We gratefully acknowledge all expressions of sympathy and every thoughtful act upon the death of our loved one, John Lee Darby, and especially we thank the Revs. L. W. Benedict and Isaac Stratton for their consoling words, those who sent flowers and the Carter & Callihan Funeral Home for its efficient services.—Mrs. Billie Jo Darby and Son, Mr. and Mrs. John Darby and Family.

**TO THE VOTERS OF DISTRICT NO. 1:**

I am running for Constable of this Dist. No. 1. I have lived here for the past 17 years and I hope I have made several friends during that time. I have never paid a fine in my life for a violation of the law. I don't think you have to be a member of a church to be a good citizen. You should all know me—I have been in the taxi-cab business ever since I have lived here.

So, if you voters of Floyd county believe I will give you a fair deal, vote for me and I will prove to you what I am. Your vote will be greatly appreciated at the Democratic primary, Aug. 2.

Four farmers in Oldham county filled trench silos with grass silage in June and reported favorable results.

**A SERIOUS APPEAL TO VOTERS**

I am again obeying a voice that speaks to me and tells me when to write or speak. After reading The Floyd County Times and reading the appeal of James J. Carter asking for the office of Coroner in Floyd county I awoke at midnight, communing with God on the subject.

As you all know, the office of Coroner has been overlooked and abused in Floyd county. We have reached the serious point in the welfare of our nation state and county. Not everyone knows that the office of Coroner is a very important office. I was taught in my youth that the office of Coroner was the only legal authority that could arrest the High Sheriff and if this law has ever been abolished I have never read anything about it, and I do my best to keep well-read on all important subjects.

I have been in the Cave of Treasure most all of the time since the November election, 1951, have done my very best to be contented with a solitary life, as my Bible says: God setteth the solitary in families (Psalms 68:6), and that He is a father of the fatherless and a judge of the widows, is God in His holy habitation (Psalms 68:2), and I have communed with God and obeyed His voice until I know He has a work for me to do. For the Voice has proven to me letter writing is my best gift on account of handicaps that I cannot help. There are things we can do and things that are impossible. But with God all things are possible. I have always used courage for my keynote and reason for my philosophy, and I have never allowed any vain philosopher to lead me in a ditch.

I read in my Bible that Satan first appeared to mother Eve in the garden and there talked to the woman and told her a lie and deceived her Gen. 3 chap. 1-6 verses. Verses 7 and 8 tells about the fig leaves and the voice of God. And

God first called to Adam. Where art thou? If God blamed the woman fully for the fall of man, why did He not ask the woman the first question? Verse 15; God's promise to the Serpent. Is there not a cause? Was a question asked by David, a young shepherd youth (1st Samuel 17-29) And David would not wear King Saul's armor to fight Goliath because it had not been proved. 17th (17-29). And David would not wear the armor of King Saul but they can trust in a true God like David, and prove it by words, actions and deeds.

1st Samuel 17-47. And all the assembly shall know that the Lord saveth not with sword and spear: for the battle is the Lord's and He will give you into our hands.

I have done all in my power in written words and personal appearances to prove and make men understand that my trials and afflictions are the proving of God's true disciple and I have been wrongfully denied my freedoms that my son died to protect. There are not enough men in our nation to back me one inch when I know I am right. Christ commanded the earthly care of his mother to his beloved Apostle John who leaned near his breast, and my beloved, a cherished son, Sgt. Roy Hall, left a record. Nations, take care of my mother. If there is any preacher, deacon, high sheriff or ruler that can prove to me by the Bible I have no right to speak for myself or use all legal means to protect life, liberty, property and the pursuit of happiness in my home, there is a reward for you when you prove it. If not, I ask you this question—Is there not a cause?

That cause must be removed before there is any more peace and prosperity in Floyd county that will endure until the end. Now, I ask you if my articles have been eloquent and persuasive. Ask yourself this question: Why have our last two elected Coroners resigned before their term of office expired?

Go out and vote for James J. Carter who claims to be willing, able and qualified to serve us well, and remember if he co-operates with our Sheriff's force some mysterious deaths and hard problems could be solved.

Thanking you all in advance,  
Sincerely and prayerfully,

**why wash dishes the hard way?**

Washing dishes by hand is a dirty job, a thankless job—but above all, an unnecessary job. For less than 1¢ worth of electricity a meal, you can relax while an automatic dishwasher washes dishes cleaner than you could ever get them by hand.

Dishes, glasses, silverware, pots and pans... they all get thoroughly washed, rinsed, and dried... at the touch of a button.

Statistics show that the average housewife washes 680,000 pounds of dishes in a lifetime. Wouldn't you rather do them electrically?

Spraying with DDT has been recommended by University of Kentucky entomologists for locust borers which are killing about 45 trees on the farm of Joe Hardwick in Pulaski county.

## MRS. JAMES AT WORKSHOP

That the teachers are interested in folklore was evident last week when the Morehead State Teacher's College workshop at Allen invited Mrs. Edith Fitzpatrick James to speak and sing.

She told the old stories, now nearly forgotten, that formed part of the lore of our ancestors, directed the folk singing and rendered for the assembled teachers those old favorites of "Barbara Allen" and "Down in the Valley." There were other songs indigenous to Big Sandy and at the close the teachers joined Mrs. Fitzpatrick with enthusiasm.

**Morehead State Prexy Announces Scholarship Established by Jaynes**

The establishment of a \$300 scholarship to be awarded to an Eastern Kentucky boy or girl to attend Morehead State College was announced this week by Dr. Charles R. Spain, president of the college.

The award, to be known as the Jayne Memorial Scholarship, is being established by three brothers, LeGrand, Luther and Mason Jayne, operators of the Midland Trail Garage at Morehead.

The scholarship will be awarded, on the basis of ability and need, to an able and deserving boy or girl from Eastern Kentucky, preferably one who plans to be a teacher.

The intent of the donors is that the award be repeated annually and that the first recipient would be eligible for the same award each year until graduation if scholarship standards are maintained.

High school graduates interested in this scholarship should apply by August 1 to Nolan Fowler, chairman, Scholarship committee, Morehead State College.

Ane E. Parker, daughter of Mr. and Mrs. J. T. Parker, of Wheelwright, has been selected as one of Kentucky's Girl Scouts to attend Buffalo Bill Girl Scout Camp at Cody, Wyoming. The camp period extends from July 20 to Aug. 20.

Miss Parker has been a registered scout and active in Wheelwright troops for more than seven years. One of the requirements for entrance to the camp is that the scout give one more year of service to scouting after their attendance at camp.

She will be active in camping and tripping in the Rockies while at camp. One of the highlights of the western trip will be a sight-seeing tour in Yellowstone National Park.

**Conley To Practice Law in Prestonsburg**

Hollie Conley, resident of Eastern and a graduate of the Duke University law school, will begin the practice of law this week. He has been offered the facilities of the law office here of Ex-Congressman A. J. May.

A son of Mr. and Mrs. Willis Conley, of Garrett, he attended Caney Junior College two years, receiving his pre-law at the University of Kentucky. After completing the study of law at Duke, he was admitted to the Kentucky bar two years ago.

He and his wife, a daughter of Mr. and Mrs. W. S. Martin, will continue their residence at Eastern.

A large percentage of Webster county farmers plan to establish new pastures this fall, using fescue and orchard grass.

(Continued from Page 1)

"I have done my best to serve the people faithfully and well as County Attorney, and no person can truthfully say that I have been dishonest with any man. I welcome an accounting between myself and the fiscal court. If I owe Floyd county anything, I am willing to pay it, and it was not, and never has been, necessary for any suit to be filed for a settlement."

Dr. Edward B. Leslie, president of the Taxpayers League, said this is not a case of one man being singled out, adding that the League proposes to "cover the field."

He pointed out that the cost to the League of this first suit was more than \$1,000 and that a lack of funds could hamper the League in its plans.

The suit filed Saturday further alleges that Mr. Burchett has been paid other fees and commissions, the amounts of which are unknown to the plaintiffs. At the same time it called on the defendant to make a full and complete disclosure and accounting of all official receipts for the years mentioned in the action.

The plaintiffs—the League and its directors, Dr. Leslie, Joe H. Cooley, Polk Saunders, Henry P. Scaif, John Warrick, Wayne Stumbo and Gorman Collins—stated in the petition that they and their representatives and Dr. Leslie as president of the League had appeared before the fiscal court and requested it to take proper action to discover what amounts are due Floyd county, and to take whatever legal action might be necessary to recover what had become due the county through excessive payments. The fiscal court failed and refused to take the requested action, it was claimed.

Asking an accounting from the County Attorney and a judgment against him for all amounts paid him in excess of the constitutional limit, the suit also called on the circuit court to enjoin the fiscal court and its members from paying further salaries, commissions or fees to Burchett until a proper accounting has been made.

The schedule of official earnings of the County Attorney, embodied in the petition.

1943—from State treasurer as percentage of fines, \$3,916.94; salary, \$1,800; commission on delinquent taxes, \$519.09—total, \$6,236.03.

1944—percentage of fines, \$8,621.43; salary, \$1,800; commission on delinquent taxes, \$418.73—total, \$5,840.16.

1945—percentage of fines, \$2,818.21; salary, \$1,800; commission on taxes, \$448.60—total, \$5,066.81.

1946—percentage of fines, \$9,989.49; salary, \$1,800; commission on delinquent taxes, \$91.49—total, \$11,880.98.

1947—percentage of fines, \$7,997.73; salary, \$1,800; commission on delinquent taxes, \$445—total, \$10,252.73.

1948—percentage of fines, \$6,939.14; salary, \$1,800; commission on delinquent taxes, \$406.72—total, \$9,145.86.

1949—percentage of fines, \$3,389.38; salary, \$1,800; commission on taxes, \$860.04—total, \$6,049.42.

1950—percentage of fines, \$4,283.99; salary, \$3,000; commission on delinquent taxes, \$908.62—total, \$8,192.61.

1951—percentage of fines, \$3,951.75; salary, \$3,000; commission on delinquent taxes, \$1,184.18—total \$7,135.93.

Some doubt has been expressed that, because of limitations, the suit can legally cover a period extending farther than five years back from the present. Council for the League held, however, that no such time limit exists in a case of this sort.

**CONCRETE PRICES HARDEN**

The Office of Price Stabilization has authorized manufacturers of ready-mixed concrete to increase ceiling prices by 4 per cent.

The OPS study of the industry's current earnings as compared to the level of earnings during the three best years, 1946-1948, justified an over-all uniform ceiling price adjustment upward of at least 4 per cent.

It will result in an increase of between 40 and 50 cents a cubic yard in the cost of ready-mixed concrete, according to estimates. During 1951, the ready-mixed concrete industry delivered an estimated 45 million cubic yards of concrete with a value of \$470 million.

in Grueling 250-Mile Test of Stock-Car Stamina, Safety and Power!

Take 1st, 2nd and 3rd in Detroit Classic for Most Dramatic Proof of Superiority Ever Seen in a Stock-Car Event

YOU CAN'T beat a Hudson for stamina, safety and power!

That was proved again when Hudson Hornets blanketed a field of 47 crack entries in Detroit's second annual 250-mile stock-car race on June 29 to win first, second and third places and set a new time record for this event.

This race was far more than a test of speed. Stock-car races are actually the proving grounds for a car's true worth. Hudson proves, time after time, that its sensational high-compression engine and its famed "step-down" design, with America's lowest center of gravity in a Monobilt body-and-frame\*, bring you unmatched stamina, safety and power.

Visit your nearby dealer—drive a Hudson. Or phone him and a Hudson will be brought to your door without obligation to you! \*Trade-mark and patents pending

MARTIN, KY.

Wheeler Lewis, a miner of Mare Creek, and a few of the 25 colonies of bees he and Jay Thompson, a companion, have found this year.

There was an almost inaudible buzz and a honey bee dropped down from the sky, through a sunlit aperture fringed with leafy trees. The sound of its wings fanned scarcely a ripple in the deep silence of the primeval wood but the waiting man stirred to life and peered at the winged visitor as it settled at the water's edge.

The erstwhile somnolent man, now alert and alive, was a mountain bee-hunter, indulging in that old but now practically extinct form of recreation. He had sat crouched over this tiny brooklet pool, edged with sand, for an hour, maybe two, awaiting just this visit of the thirsty bee. Patience, knowledge and judgment from his lore were rewarded. The bee had come to "water."

A few flurries of the wings and the insect selected the desired place to drink. The man watched intently, oblivious to the silence of the wood and the haunting shade under the great trees. There was only a man, a bee and when the insect winged away, a tiny dot rising in the sun. The hunter "coursed his bee."

A honey bee, after the first circle to get above the treetops, wings its way homeward in a straight line. This line is called a "course" and the mental marking of it by a hunter is called "coursing the bee." Having discovered the "course" the hunter arose, and after a hasty orientation of directions struck out in a straight line into the woods. Soon, he began to examine the large trees, particularly those with knotty apertures on their sides, for he knew that somewhere on this straight line he was following, perhaps a short distance, maybe as far as a mile and a half away, the bee had "homed."

Slowly he worked his way upward toward the summit of the wooded hill and when he arrived at the top he paused for re-orientation of direction. Back down the "course" he had found no bee-tree and so he concluded the colony lived farther away and down the other side, maybe across and on the other hill. He started on his way. Perhaps at the end of the day he was in ill luck. If so he would come again tomorrow with "sweet bait."

"Sweet bait" is pure honey or it can be any sugared concoction that the hunter uses to attract bees. He places it in a sunny opening in the woods, preferably along a course that has not yet yielded a tree despite his many attempts. If he can attract several bees he may get a better "course" for the number of those flying away will materially aid his vision. If he continues to fail he advances with "sweet bait" along the straight line the insects followed. The closer he nears the tree the greater will be the number of bees

that are attracted. If the "bait" was left for several hours it would be consumed.

Patience, persistence and bee-knowledge will inevitably lead to the prize tree but sometimes the hunter will stand under the right one or rest under its foliage and be unaware of its nearness. Bees sometimes enter a hollow tree high up, near the beginning of the leafy crown, and unless the eyes are keen, discovery may be delayed. In the parlance of the hunter, he fails to see where they are "going in."

As Jesse Stuart pointed out in one of his short stories about the love-struck bee-hunter it may be necessary to reactivate the sense of sight by the judicious use of amber. Amber is tobacco juice and the application of it to the eyes may be painful but after the discomfort and the unwelcome liquid has been rubbed out the vision is keen and good. It is always best to use enough to get a "big smart" for only a "big smart" will clear the eyes.

Sometime, whether a man has had to resort to the "big smart" or not, he will find where the bees are "going in." And having found the prize tree he cuts it down and "robs the bees." Perhaps there is a platitude of "wild," pungent, honey. Perhaps there is none. It was not the honey that mattered anyway. It was the "coursing through the woods," the deep cadence of the day and the solitude of the haunting shade that brought him here.

### SPORTS AFIELD

By TED KESTING

Two things about casting lines are axiomatic: 1. The lighter the line, the better it will cast. 2. The lighter the lure, the lighter the line should be.

Many casters still use lines much too heavy to get the enjoyment they should out of fishing. The introduction of spinning is helping solve this. In fresh water spinning a line over eight pounds won't work and it is dawning on many casting rod users that a light line will not only permit better casting, but will land surprisingly big fish.

Jason Lucas says that in reasonably weedy and snag-free water for any fish up to the size of large bass and pike, he nearly always uses a five-pound line. Where bass and pike run large, he will use a 10. Sometimes a 15-pound line. The spots are rare where bass grow so large that a 10-pound line won't land them. If—and remember this if—the user keeps cutting off the worn front of his line, next to the plug, before it gets weaker than the rest of the line.

However, in bass fishing and such, for the beginner or the man who doesn't get much practice, Lucas recommends a 12-pound line.

Three are two general types of lines: the hard-braided water-proof which is very common, and the soft-braided non-waterproof used by some advanced anglers. The soft will cast much better with fewer backlashes, but it will not wear as well. In heavier tests, the soft-braided becomes too bulky. The dividing line is a matter of taste. Personally I prefer soft-braid up to 7½ pounds test; hard-braid from that on up.

Your tackle salesman will probably look blank when you ask for soft-braid, untreated casting line and tell you no such thing is made. But ask for spinning line of that type and you'll get what you want.

As for choosing between silk and nylon, silk casts a shade better but it won't wear so long. And a silk line must be removed and thoroughly dried after each day's fishing or it deteriorates. Nylon need never be removed and dried. But you must watch that it doesn't wear out the rod guides because rough guides will ruin the line.

### Fish and Wildlife Dept. Announce New Regulation On Hunting and Fishing

Frankfort, Ky., June 25 (Sp.)—The squirrel season for this year will open on August 25 and extend through November 5, according to regulations filed with the Statutes Revision Commission today by the Department of Fish and Wildlife Resources. The bag limit, according to the regulation, will remain at six per day or a possession limit of 12 after two or more days of hunting. Dates and bag limits for other game and birds have not yet been set by the Commission and the commissioner of the Department.

The seining of minnows and crawfish from the streams of Kentucky for commercial use has been barred by a permanent regulation also filed today with the Statutes Revision Commission. Seining of minnows for commercial use, had been barred by an emergency regulation. The issuance of the regulation was ordered by the Game and Fish Commission and the Commissioner of the Department of Fish and Wildlife Resources when it was found that the streams of the state were being depleted of minnows and crawfish by the exceedingly heavy demand on them as bait. The regulation will be effectively immediately.

The regulation points out that this order does not interfere with any licensed resident seining minnows and crawfish from these streams for his own private use, but that such a person may not have in his possession more than 500 creek minnows or more than 200 crawfish at any one time. It is further pointed out in the regulation that no ban is placed on the taking of shad minnows for commercial purposes in the waters of Herrington Lake, Dale Hollow Lake, Kentucky Lake, Dewey Lake, Cumberland Lake and all streams under lock and dam, but not above the last lock and dam up the stream.

A license fee of \$5 will be required of any nonresident person or firm transporting or selling minnows or crawfish in Kentucky after August 15, according to a regulation filed with the Statutes Revision Commission today by the Department of Fish and Wildlife Resources. It is pointed out by the Commissioner of the Department, Earl Wallace, that this act is necessary so that the Department may have closer supervision of non-residents transporting and selling minnows and crawfish in the state. Every out-of-state truck or any other type vehicle hauling minnows and crawfish must carry this non-resident license which runs for the calendar year.

### O.P.S. NOTES

#### COFFEE STILL CONTROLLED

Coffee and cocoa beans have not been exempted from price controls. OPS explained the new Defense Production Act exemption of "fruits and vegetables in fresh or processed form" does not apply to coffee and cocoa beans.

#### REQUIREMENTS EASED

OPS has eased the way for small independent food stores which do not have a meat cutter or meat cutting facilities to obtain prefabricated cuts of beef from wholesalers.

Changes, effective July 16, in the wholesale beef ceiling price regulation (CPR 24) relating to the purchase of prefabricated retail cuts make it possible for these retail stores to obtain a new source of supply where their customary source is no longer available. They also permit retailers to obtain prefabricated cuts for the first time if they had not done so before.

### TO THE VOTERS OF FLOYD COUNTY:

I am in the race for Coroner to win. I am running on my experience and qualifications. I honestly feel that I am well qualified to handle all problems that a Coroner is called upon to do.

The people of Floyd county deserve a Coroner that understands the job and a man who will be ready at all times, when called, be this day or night.

I can assure the people that as a citizen and Christian I will do my duty as Coroner to the best of my ability.

In the past the office of Coroner has been considered a joke, however, I can truthfully say that I have always considered the job of Coroner as a serious and responsible position and expect to continue to do so.

I will greatly appreciate all the help that I receive in this election from the good people of Floyd county.

### Eleven from County At Pikeville College

Pikeville, Ky., July 14 (Spl.)—Eleven Floyd county students were enrolled last week at Pikeville Junior College.

Five other Kentucky counties, two other states and a foreign country also are represented among the 67 who are registered for the school's second summer term, Dr. A. A. Page, college president, said today.

Men and women preparing to teach, as usual in Pikeville summer sessions, make up a major part of the group. All but eight are studying in the teachers course, working for the provisional elementary certificate. Fourteen of the 59 future teachers at the college expect to complete the course this year. They will be eligible for the certificate when they have graduated at Pikeville's summer commencement August 8.

The Floyd countians who are enrolled at the college are Kenneth Burchett, Ivel; Nolene Derossett, Prestonsburg; Billy Dings, Martin; Curtis Jervis, Endicott; Floyd Lafayette, Sloan; Elizabeth Laven, Allen; Dolores M. Leake, Prestonsburg; Morris F. Newsome, Grethel; Elmer E. Osborne, Endicott; Sallye Shepherd, Wayland, and Kathryn Youmans, Minnie.

### LETTERS TO THE EDITOR

#### GIVES CREDIT TO WORKERS

Editor, The Times:

I would like to take this opportunity to express my sincere thanks to the many people who helped with the Bloodmobile here July 8 I especially want to thank the members of Boy Scout troop No. 28, without whose help we would have been at a great loss. Boy Scouts who helped tremendously were James Franklin Francis, Billy Francis, Donnie Francis, Edgar Clark Doyle Hunt, Raymond Vanderpool, Herman Vanderpool, Adrian Stanley, Bobby Whitt and Dickie Martin. Members of George S. Owsley Unit No. 295, the American Legion Auxiliary who helped were Mabel Bentley, Burette Moore, Virginia A. Draughn, Beulah Wanda Lawson, Roberta Sloan, Edna Conley, Patty Collins and Flossie McPeck.

Townpeople who were generous enough to sacrifice their time were: Berneda Baldwin, Stachia Ison, Barbara Pack, Jo Evans, Ima Lee Spillman and Elizabeth Duff. My very special thanks to Sue Hornsby Stellmack, of Chicago, Ill., and Barbara Mandt, of New York, N. Y., for interrupting their vacations to assist in this very worthy cause.

Words cannot express my appreciation for the help of Mrs. A. H. Mandt, of Manton, Ky. She was simply wonderful. She made many special trips up here to show blood donors films, to help with the pledge cards, to train our workers to get arrangements made at the school. She helped with the Bloodmobile and gave her pint of blood. She is one of the most remarkable women I have ever met. Again thanks to one who was a great leader in a great cause.

Thanks, too, to you, Mr. Allen, and your Floyd County Times for your wonderful advertising of the Bloodmobile visit. Radio Station WLSI at Pikeville was very, very generous with valuable advertising time. Many thanks to Mr. Alexander and his very fine staff for the many spot announcements.

Most of all I thank the many people who kept their blood donor pledges and the 35 people who "walked in" on their own and gave blood. Even though we only received 52 pints of blood, I feel good to know that so many people are interested in the program. All our workers worked very hard. Again thanks to everybody.

### To the Voters of Magisterial District No. 1

I hope nobody is disappointed if I am unable to see them. I have no means of transportation and this makes it very hard for me to get over the district. But I am in the race for Constable to win, and with the help of you people I will win.

There are some people in the district who do not know me, and to acquaint them with who I am I mention the fact that my father is J. D. (Jonathan) Fitzpatrick and that mother, who died when I was a small boy, was Nell Short Fitzpatrick.

I repeat my previous statement: I do not think the office of Constable is important to the people; so I will not have any deputies and I will serve only those civil papers the County Judge or our Magistrate give me. In this way I can earn a little money which I otherwise could not earn because of near-blindness.

I will appreciate all the help you can give me.

### New Plan Pays \$200 a Month When Laid Up--Even For Life! Pays \$500 Doctor Bills, Too!

A new plan, that pays \$200 a month to men and women who are laid up by sickness or accident, whether for one day or even for life itself—and paying their doctor bills, too—has been announced by the president of a large Chicago company.

"This new plan provides for the regular expenses of the family and pays the doctor bills, too," declared L. A. Breskin, president of the Sterling Insurance Company. "It assures continuing monthly income from the very first day of medical attention for as long as you're laid up—even for life. What's more, this Sterling plan never reduces benefits at any age."

The important new doctor bill benefit pays the actual bills you get from your own doctor over \$25 up to \$500 for each sickness or accident.

This "superior income protection plan" pays \$200 regular monthly income from the first day you see your doctor and for as long as you are laid up, with \$400 a month payable for as long as 3 months when hospitalized. \$5,000 insurance against accidental death, increasing to a maximum total of \$10,000 is also included in the plan.

Other important features of this low-cost plan include home nursing care, payment for non-disabling accidents, non-confining illness, ambulance service and other benefits.

To get complete information—without cost or obligation—simply print your name and address on a post card and mail it to: Sterling Insurance Company, Department No. 4, Attn W. Hall, 1105 Republic Bldg., Louisville, Ky. Mail your post-card today.

## "My life saved by Kaiser's safety front seat"

Says Donald E. Holmes, of Coldwater, Mich.

### Here's what happened:

Swerving desperately to avoid another car, Mr. Holmes crashed his '52 Kaiser head-on into a pole on U.S. Highway 112, Allen, Michigan, last May 27.

Yet he walked away from the wreck—unharmful! Why? Because the Kaiser's instrument panel was padded...no protruding knobs to injure him...and the windshield pushed outward in one piece! "In any other car I might have been killed!" Mr. Holmes writes.

This extra safety and extra value explain why thousands have switched to Kaiser. The car with the world's safest front seat! With America's lowest center of gravity! Largest glass area in any sedan! Easiest steering! Handsomest "hardtop" styling at regular sedan prices! Mobilgas economy winner—24.6 miles a gallon! Drive a Kaiser, and you'll agree...it's your safest buy today!

# The Reign of TURNERISM and NEPOTISM

The democracies of the world today are faced with the onrushing "isms"—namely, communism and fascism—but, coming closer home to Floyd county, the children, the teachers, the taxpayers and the general progress and development of our county may face a fate worse than Communism in the reign of Turnerism, Campbellism, Allenism and Greenism.

The reign of terror in the Floyd county schools began July 1, 1952, with Superintendent V. O. Turner, fortified by Board of Education members Dr. J. H. Allen, Johnnie Campbell and James Greene, all ably quartered with a lawyer named Hobson at a salary of \$100.00 a month of the Floyd county taxpayers' hard-earned money.

But let us turn back for a moment and look at the October 26, 1950 issue of The Floyd County Times on Page 4, Sec. 3 to an article, entitled "THE TEACHER AND THE ADMINISTRATION," signed by Dr. J. H. Allen and Mr. James Greene, then candidates for

election to the Floyd County Board of Education. I shall quote excerpts verbatim from that article:

"Voters of Floyd county, your teachers do not deserve such abuse. They do not deserve to work under such handicaps. They need and deserve your help. Will you not use your ballot to free your teachers of such injustices? To free them of expense of the Hall election campaigns? To free them of worry and undeserved strain? To make it possible for the teachers to devote their minds to their duty—that of training our children to be fine and free?"

"Teachers, we realize the difficulty of your situation. A teacher's job can be her livelihood; the loss of that job may necessitate difficult, sometimes impossible, changes.

"Nothing you can do or say in the classroom for years to come will do as much for the children under your care as the vote you cast in this election, if it is cast to rid Floyd county of this undemocratic system which is called a School Administration." (UNQUOTE) . . .

Mr. Greene and Dr. J. H. Allen are now in their second year of office. HAVE THEY FREED THE TEACHERS? Let's look at the happenings of the July 1, 1952 meeting of the Floyd County Board of Education. Let's see if Mr. Greene and Dr. Allen lived up to their election promises to the voters of Floyd county. Let's see if our teachers are now serving injustices. Let's see if they are abused.

At the July 1 meeting, Mrs. Grace Conley, a widow with two sons serving in the army in Korea, and a teacher in the Bonanza district for 17 years, was transferred to Martin, 22 miles away. RE-READ YOUR ARTICLE, MR. GREENE AND DR. ALLEN—WOULD YOU GO BACK ON YOUR PROMISE TO THE VOTERS OF FLOYD COUNTY? One of you might wish to ask them to vote for you again some day. I wonder if Mrs. Conley voted against Mr. Greene . . .

LET US LOOK FURTHER AT THE JULY MEETING AND SEE IF OUR TEACHERS WERE FREED.

(1) Elsie Prater, a teacher for 12 consecutive years in district 18, was transferred to District No. 10, some 20 miles away.

(2) Christine Patton, a teacher in the Auxier elementary school, transferred to rural school No. 52, some 25 miles away.

(3) Mary Wells, a teacher in the Auxier elementary school, transferred 25 miles away.

(4) Paris Conley, Chief Attendance Officer, transferred to Betsy Layne grades, some 20 miles away.

(5) Boone Hall, Director of Instruction, transferred to Auxier high school.

(6) Sarah Laven, a teacher at Allen for a number of years, transferred to rural school (Skull), the most distant school in Floyd county from Allen.

(7) Alma Lowe, Maytown teacher, transferred to rural school No. 75.

(8) Wilma May, Martin teacher, transferred to rural school No. 38.

(9) Leatha Little, nominated for No. 38A, transferred to school No. 31.

(10) Ada Osborne, district No. 78 teacher for a number of years in the upper grades, transferred to District No. 96 to lower grades.

(11) Howard Osborne, district No. 87 teacher in the upper grades, transferred to rural school, Abner, in the lower grades.

"A teacher's job can be her livelihood." Yet, these people were moved from the schools they wished, applied for, and were nominated for by the outgoing superintendent, but the "isms" had the Floyd children furthest from their minds.

It is interesting to note that these changes all came about after the election in Dr. Allen's and Mr. Greene's districts, and very few, if any, changes were made in three other districts where board members are to be elected this November. Could all of these teachers have voted against Mr. Greene and Dr. Allen? COULD THESE TRANSFERS BE CALLED INJUSTICES WHICH THESE TWO MEN PROMISED THE PEOPLE OF FLOYD COUNTY WOULD NOT HAPPEN IF THEY WERE ELECTED TO OFFICE . . . ? HOW DO YOU FEEL NOW ABOUT YOUR CHOICES? . . .

Let us go further into the July 1 meeting and see if any acts of NEPOTISM WERE INVOLVED. Beryl Greene, son of Board Chairman Greene, was employed at a salary of \$250.00 per month as assistant bus mechanic. His age record on file in the Attendance Department of Floyd county states that he is 17 years of age but the Superintendent claims that he is 19 years of age. At any rate, this youth was employed at a salary higher than TWO-THIRDS of the teachers in Floyd county make.

Hillard Meadows, son-in-law of Chairman Greene, was employed at a salary of \$275 per month.

George E. Allen, son of Board Member Dr. J. H. Allen, was employed as Maintenance Supervisor, at a salary of \$4,200 per year. HOW MANY TEACHERS IN FLOYD COUNTY MAKE \$4,200 per year?

THAT OLD SAYING, "I'LL SCRATCH YOUR BACK IF YOU'LL SCRATCH MINE," has added \$875 a month to the taxpayers' expense to employ two board members' sons and one son-in-law.

The present Superintendent receives an annual salary of \$6,600.00 while the outgoing Superintendent was limited to \$4,800.00 per year during his six-year term. The maintenance program now in the Floyd county school system cost the taxpayers \$1,100.00 per month, while under the outgoing Superintendent the maintenance salaries totaled \$550.00 per month.

ALL OF THIS HAPPENED AT THE JULY MEETING. MAYBE THE REIGN CAN BE STOPPED BEFORE THE TERROR SPREADS TO THE OTHER THREE DISTRICTS FROM WHICH THREE BOARD MEMBERS ARE TO BE ELECTED THIS FALL. One "ism" to eliminate could be in the Right Beaver district.

In closing, Henry W. Longfellow's great poem, "LOSS AND GAIN," seems appropriate to us transferred, outcast teachers.

When I compare  
What I have lost with what I have gained,  
What I have missed with what attained,  
Little room do I find for pride.

I am aware  
How many days have been idly spent;  
How like an arrow the good intent  
Has fallen short or been turned aside.

But who shall dare  
To measure loss and gain in this wise?  
Defeat may be victory in disguise;  
The lowest ebb in the turn of the tide.

Mrs. Lucy Hackworth has returned home from Ada, O., where she visited her daughters.  
Mr. and Mrs. Sam Music and daughter, Elaine, have returned home from Jeffersonville, Ind., where they have been employed.  
Mrs. Curt Haakworth is very ill at the Prestonsburg General hospital.  
Sam Music and Brice Manuel attended Red Men's lodge Saturday night at Paintsville.  
Mrs. Myrtle Slone is visiting her sons in Jeffersonville, Ind.  
Mr. and Mrs. Elmer Hackworth are visiting his mother, Mrs. Mary Hackworth.  
Roosevelt Slone was the week-end guest of his parents, Mr. and Mrs. Naaman Slone.

Three-year-old Mary Summers, of Lexington, knew little of the real significance of Easter till the past spring, when he parents decided to acquaint her more fully with the loving tenderness of Jesus. Mary was deeply impressed and enjoyed hearing of all Christ can do for us when we are in need of help. Soon afterward her pet turtle got sick. Mary dialed the phone and said, "Jesus, my pet turtle is sick. Please, will you bless him so he will get well. Don't punch him, or poke him, but tell him to take up his bed and walk."

The plight of poor, old England is simply pitiful. She has been on her last financial legs for several years and we sincerely sympathize. But she has no problem at all paying for the late king's funeral of about \$168,000, and preparing a year ahead for her beautiful queen's coronation next June at a much higher figure. True, her supporters in the U.S. maintain what she needs is dollars, not pounds. Tourists have no difficulty exchanging the two coming and going!

England just has to have her pageantry, her worship of splendor even if the poor taxpayers have to do on one egg weekly to pay for it. It reminds us of something we heard our favorite preacher say in our childhood, namely, that Jesus will never return to this earth while some human being wears a crown on his head.

We stand corrected. That jam and jamb story. "Pears like this is one time when menfolks and womenfolks are both right. Imagine such! Webster's International lists either form as correct for a traffic jam!

Mister, has your little boy or girl a puppy? If not, he or she is missing half the fun of childhood, no fooling. Kids learn from pets that we feel kind of sorry for those who cannot have them. Often it is Mother or Daddy, not the place, or lack of space, etc., as some claim to their pore, little younguns! If it's at all possible, let 'em have at least one, for it's worth it.

And if you have a real big heart do not insist upon a male pup. Let the kids have the fun of helping rear and train a litter of puppies each year. It's good for them. Libby Ree has been disposing of five little ones this week before our vacation. The Salisbury boys from Martin came to get one for Tim, who has been in the hospital. Terry liked them so well he took two, one for himself. He was intelligent enough to select the two smallest ones, too. David asked what kind they are, and Libs replied, "Heinz." David blinked, till she added, "Fifty-seven varieties."

Years ago, her dog got bitten by a mad dog and had to be shot, so a kind friend rushed to the rescue with a tiny stray terrier, whose litters have been oodles of fun to the family and friends.

P.S. If you ever have so many that bottling is necessary, when times comes to wean them and teach them to eat gravy just roll one in it and watch the others lick it off him! It is simpler than having them nibble fingertips. Ha. An accidental trick is discovered by kiddies on Warco Hill.

**Automobile Arson Near Crime Wave Proportions**

Frankfort, Ky., July 16—Automobile arson is being experienced in Kentucky in near crime wave proportions. It was reported today by State Fire Marshal J. T. Underwood, who disclosed that about 20 total-loss automobile fires are being looked into by investigators from his office.

In seven other cases suspected automobile arsonists have either been arrested or indicted by grand juries and are awaiting trial on charges of attempting to defraud insurance companies.

Most of the cases involve older model vehicles that the owners try to burn on some isolated road with the idea that they can get more from the insurance than by selling the cars, Underwood said.

"Ordinarily most of our investigators spend most of their time on real estate fires," he said, "but in view of the alarming number of car fires, every man is now working a great deal of the time on automobile arson."

Underwood said the rise of this type of fire has been evident since the start of the year but that a much larger increase has been experienced during the last 60 days.

He asked the cooperation of citizens and local authorities in reporting fires and prosecuting offenders, and he warned fire-setters that insurance underwriters are working with his office with their own investigators to halt the wave of fires.

The bituminous coals being mined today were formed during the Carboniferous Age which ended some 200 million years ago.

Goal for generating electricity is blown into boilers after having been pulverized into a talcum-powder texture.

**More Eloquent Than Words!**

It is true, of course, that a Cadillac owner is proud of everything about his motor car. But it is also true that he reserves a special place in his heart for the beautiful crest that rides high on the hood. For here, as only he can fully appreciate, is one of the most wonderful and unique symbols in all the world of manufactured products. In fact, it seems safe to say that no other mark of identification speaks so clearly or so eloquently of the product that bears it . . . and of the man who owns it. It tells, for instance, of magnificent engineering and inspired design—and of experienced craftsmanship and painstaking construction. It promises mile after mile of superlative motoring enjoyment—and it foretells year after year of dependable and enduring performance. It proclaims, in short, the Cadillac pledge of quality—that here is an automobile built to the highest standards it is practical to enforce in the production of a motor car. And, oh, the wonderful things it says about the man behind the wheel! It reveals, more surely than if the words were spoken, that he is a man of position and achievement in his own private world of affairs. It attests to the high regard he places on the safety and the comfort of his fellow passengers. And it says, with unmistakable clarity, that he is a person of discernment and good taste. Little wonder that the man who owns a Cadillac takes special pride in the beautiful crest that identifies it and adorns it. \* \* \*

The Cadillac crest tells its most eloquent story when it adorns the magnificent car illustrated above. For here is the illustrious eight-passenger Cadillac "75"—so luxurious, spacious and distinguished that it stands alone among the world's motor cars.

**For CORONER**

**James J. Carter**

Although the office of Coroner is a non-paying office it is, nevertheless, a highly important office to the people of Floyd county.

In the past it has been an office to be made a joke of, but to the people who have had loved ones who have met death in suspicious ways, it certainly is no joke.

James J. Carter is running for the office of Coroner at the primary election Aug. 2. He is a licensed Mortician and is well qualified for the job. He is not a man who will consider the office of Coroner a joke, but will take it very seriously as the people of Floyd county deserve.

James J. Carter is a young overseas veteran deserving of your support. Let's elect him and take the office of Coroner out of the funny class.

If you want to find out what kind of man James J. Carter is, ask his neighbors. They will tell you he is a well respected young man who has never been in and trouble and who has always lived a respectable life.

(This has been paid for and donated by a neighbor and long-time acquaintance.) 1f.

**Resolutions of Respect**

In Memory of  
Brother James P. Harris, who died July 2, 1952.

Once again death has summoned a Brother Odd Fellow, and the golden gateway to the Eternal City has opened to welcome him home. He has completed his work in ministering to the wants of the afflicted, in shedding light into darkened souls, and in bringing joy into the places of misery, and his reward has received the plaudit, "well done," from the Supreme Master.

Whereas, The all-wise and merciful Master of the Universe has called our beloved and respected Brother home, and he having been a true and faithful member of our beloved Order, therefore be it

Resolved, That Prestonsburg Lodge No. 293, I.O.O.F., of Prestonsburg, Ky., in testimony of its loss, drape its charter in mourning for 30 days, that we tender to the family our sincere condolence in their deep affliction, and that a copy of these resolutions be sent to the family.
