This Town-- That World

I was just a little skeptical about that report to the effect they're figuring on putting chlorophyll in aspirin till they explained to me that it was being specially prepared to cure stinkin' headaches.

And that brings up the St. Petersburg, Fla., group which is known as the Deodorized Order of the Skunk. Head of the organization is known as the Grand Stinker, and chapters over the country are designated Aromas. Suppose their official flower is the skunk cabbage.

WHY NOT GIVE?

It has been suggested to this column that a piece be written to appeal again for blood donors. Which brings me up against a stone wall. We've tried everything but downright maudlin stories; we've appealed to the sympathies of the people for the boys who are fighting for them; we've chided them for fearing pain; we've scoffed at the "ordeal" of giving blood as no more than a pin-prick.

The woman who suggested we have another try at it said, "Why not admit you were a little scared when you gave blood, just like I was? Of course you weren't hurt to speak of, but you were nervous, and you may as well admit it. Other people are nervous, too. We're all in the same boat. . . Then, instead of begging them to give blood, show them what they will gain by giving—the joy of giving of yourself unselfishly, that richer something one gains through facing up to a thing like this, meeting it without dodging the issue and leaving with the knowledge that your heart beats for something besides just pumping blood through your own precious body."

I don't know. I know I haven't caught here the eloquence of the woman's words. But I hope you get what I mean.

CATS TO PLAY IN BOWL TILT

Prestonsburg Eleven To Meet Lynch High In Big Sandy Bowl

The Prestonsburg Blackcats and the Lynch Bulldogs have been selected as participants in the second annual Big Sandy Bowl football game which will be played at the Paintsville football field Thursday night, Nov. 13.

Both teams are currently ranked near the top of the state ratings and will bring impressive records into the contest. This will be one of the few post-season games authorized by the Kentucky High School Athletic Association.

Elaborate half-time festivities have been planned which will include a beauty contest of entrants from several counties. A. B. "Happy" Chandler, former Governor, U. S. Senator and high commissioner of baseball, will be present to crown the queen and present player trophies.

The Big Sandy Bowl was originated last year in a game between Pikeville and Louisa and is sponsored by the Junior Woman's League of Paintsville. Mrs. Clinton Tatum, president of the League, said she was extremely happy at the acceptance of the two fine teams.

COUNTER-SUIT BEING STUDIED, REPORT HEARD

Story Is Unconfirmed; League Director, Ill, Resigns at Meet Here

The four former members of the Floyd fiscal court who were named in a suit by the Floyd County Good Government Taxpayers League last week declined Wednesday to confirm or deny widespread reports that they plan a suit against the Tax League.

Such an action, if filed, would attack the Tax League and its directors as plaintiff's in last week's action on the grounds that allegations made in the suit are libelously incorrect, it was reported.

Depositions in the case against the four Ex-Magistrates, Dewey Roberts, John May, Glenn Burchett and Henry Stumbo, the present County Judge, were being heard Wednesday.

Tax League directors received at their meeting here Tuesday night with their attorney, Jesse K. Lewis, of Lexington, the resignation of Wayne Stumbo, of McDowell, as a director. His successor has not been named. Stumbo resigned because of ill health. It was pointed out by one of the League's directors that he has been able to attend only three directors' meetings since organization of the League.

Commonwealth's Attorney Burnis Martin appeared at the directors' meeting to present a resume of his salary receipts since he began his term of office.

Order Book No. 5 in which appears the record of fiscal court actions during the period covered by last week's suit came in for close scrutiny this week. The record shows that the court in the four years in question had only 145 meetings instead of upwards of 500 "supposed" meetings attributed to the Magistrates in the League petition. Those perusing his record also said there was no mention of the Magistrates receiving \$10 per day for court attendance.

Lewis, the League's attorney, was quoted on the contrary as saying the data presented in the petition was taken from state auditors' records at Frankfort.

Leander Grim, 78, Hite, Victim of Heart Ailment; Burial in Johnson-Co.

Leander Grim, 78, of Hite, died Oct. 11 at 12:05 a.m., victim of a heart condition.

A son of Cyndia and Ben Grim, he was a farmer. Surviving are his widow, Exer Preston Grim, and the following sons and daughters: Herschell Grim, West Prestonsburg, Isaac Grim, Winterville, Ky., Mrs. Marsha Scarborough, Hite, Mrs. Stella Daniels, West Indian, Ohio, and Mrs. Mollie Mae Daniels, Gallon, Ohio. Also surviving is one brother, John Franklin Grim, of Nippa, Ky.

Funeral services were held Oct. 12 at the Freewill Baptist Church near Paintsville, the Rev. Martin and Vanderpool officiating. Burial was made in the Dogwood cemetery in Johnson county under direction of the Hall Brothers Funeral Home.

KIWANIS CLUB HERE OFFERS ITS SUPPORT TO ALL LOCAL EVANGELISTIC MOVEMENTS; TO AID METHODIST, PRESBYTERIAN MEETS

The Methodist movement in Kentucky will be divided into two parts. One will be the revival set in progress all over Eastern Kentucky. The other is a similar evangelistic program in Western Kentucky and Tennessee.

The Prestonsburg Methodist Church and others in Floyd county that will take part in the state-wide evangelistic program of simultaneous meetings will conduct services the week of October 26-Nov. 2. Churches in the county besides the Prestonsburg church are Martin, Allen, Maytown, Betsy Layne, Wayland and Boldman. Twelve hundred churches in Kentucky and Western Tennessee are cooperating. Kentucky and Tennessee Methodists have set their goal for the week's work, no little goal—15,000 people, approximately half of them to be new converts.

Local churches will have a double program of enlistment, the preaching services at the churches each night and at the same time, teams of workers going out, two by two, under specific instruction to make contacts and secure personal commitments. According to statement of Dr. Gerstle M. Haggard, a guest minister from elsewhere in the church will assist the local pastors.

H. H. Moore, 46, Wayland, Dies at Lackey Hospital; Victim of Bronchitis

H. H. (Hawk) Moore, of Wayland, died Oct. 12, at the Stumbo Memorial hospital, Lackey, a victim of asthma and bronchitis. He was 46 years old.

He was a son of Albert and Emma Moore, and the husband of Mrs. Belle Moore.

Surviving, besides his widow, are four daughters, Mrs. Lorraine Robinson, Miss Rexine Moore, both of Cleveland, Ohio, Miss Anita Moore, Miss Lola Moore, and one son, Paul Dean Moore, all at home. Also surviving are the following brothers and sisters: Miles and Ballard Moore, both of McDowell, Homer Moore, Drift, Mrs. Tony Williams, Mrs. Florence Hinkle, both of McDowell, Mrs. Fairis Collins, Wayland Mrs. Cassie Williams, Blue Moon.

Funeral rites were held Tuesday at 10 a.m., at the Steele's Creek Church, the Revs. Troy Nickles, Hauley Warrens and Hawk Moore, Sr., officiating.

Burial was made Wednesday in the Lucy Hall cemetery at McDowell under direction of the Hall Brothers Funeral Home.

PAGEANT CLUB IS ORGANIZED

Group Formed To Raise Funds To Meet Costs Of Financing Event

The Mountain Passion Pageant Club was organized in Martin recently, in connection with the annual Eastertime event to be staged there.

The purpose of the club is to meet expenses of the Pageant, including advertising, correspondence, painting stage settings and the like. Dues will be one dollar per year, with membership cards furnished.

Mrs. Wade Mahood, of Martin, who suggested the plan to meet any expenses other than the purchase of a permanent site for the presentation, was made treasurer and chairman. Other members of the Finance committee who will conduct a county-wide drive in the month of November are: Denzil Halbert and Sherrill Frazier, Mesdames E. P. Grigsby, W. S. Johns, W. J. Reynolds, Jr., Frank Finkle, E. C. Coleman, and Miss Blanche Dingus. Martin will be canvassed this month.

Sunday, April 19, 2 p.m., has been set as the time for the 1953 Pageant. A morning service will be held at 11 a.m., and the day will be

Floyd Jury Acquits Man Named in Slaying Of Magoffin Countian

A Floyd county jury summoned for the trial in the Magoffin circuit court of Andy Whitt, charged with the murder of Saul Howard, returned last Saturday a verdict of not guilty.

Circuit Judge John Chris Cornett directed Magoffin Sheriff Carl Cooper to come to this county and summon a venire of 60 for the trial. A jury from outside Magoffin county was sought, it was said, because of the wide relationship of both Howard and Whitt in Magoffin county.

KIWANIS CLUB HERE OFFERS ITS SUPPORT TO ALL LOCAL EVANGELISTIC MOVEMENTS; TO AID METHODIST, PRESBYTERIAN MEETS

The week's Methodist activities will begin in Prestonsburg, with the meeting of some fifty ministers on Friday, October 24, at the Methodist Church for special training for the work which they are to do in the Upper Sandy Valley churches. They will meet daily during the entire week for such training. For the public generally, the meeting opens on Saturday night, Oct. 25, with a Youth Rally at Mayo Memorial Church, Paintsville, and closes on Sunday with an all-Methodist mass meeting also at the Prestonsburg Church.

The day after the Methodist services end, the local Presbyterian Church will start a revival for the period ending Nov. 14. Rev. Orville Pearson, pastor, states that the Rev. W. Phillip Bembower, of Canada, Pike county, will be the evangelist. Rev. Bembower is moderator of Ebenezer Presbytery and director of the Big Sandy Larger Parish.

The big evangelistic effort of Methodist Churches in Eastern Kentucky and the revival at the Presbyterian Church here will receive the assistance of the Committee on Support of Churches of the Kiwanis Club, it was stated this week. Harold B. Rice is committee chairman.

SCHOOL RACES CRAPPIE HAUL NARROW TO 2 COSTS 5 MEN

Legal Ruling Causes McCown To Quit Race For Education Board

Floyd county's school election which both parties depended on to bring out the November election vote narrowed this week to two educational divisions as W. D. McCown, opponent of Dr. W. D. Osborne in the Left Beaver section, withdrew his name as a candidate.

Mr. McCown withdrew after an Attorney General's opinion holding that he had registered too late was produced and when it became apparent his only chance on the ballot would be the subject of a court action. That chance, he was told, was slim.

"Because of the Attorney General's ruling and the necessity of going to court, and because I was anxious not to create any dissension among my friends and in the Democratic party, I thought I should not continue as a candidate with an outside chance of getting on the ballot. That was my only consideration in arriving at the decision I made," Mr. McCown said.

Races in Educational Divisions 3 and 5 remain hot issues, with John M. Stumbo, Jr., and Oscar Bush, opposing each other in the former, and John E. Campbell, present member of the County Board of Education, being opposed in Division 5 by Ralph Johnson.

Mrs. S. R. Auxier, who has been critically ill at St. Mary's hospital, Huntington, was returned to her home here last week. She is greatly improved and able to walk about the house.

STARS IN STAGE PRODUCTION BOOKED FOR SHOWING HERE

FEATURED PLAYERS in the Barter Theatre production, "The Late Christopher Bean," which will be presented here Oct. 29, are Joel Parsons and Blanche McKinney.

One of the most popular comedies of the American theatre has been chosen by the Prestonsburg Junior Women's Club as the next presentation of the famed Barter Players, scheduled to open at the Prestonsburg grade school auditorium, Oct. 29. It is "The Late Christopher Bean," by Sidney Howard, which was described by the New York Sun critic, Richard Lockridge, during the comedy's successful Broadway run, as "a deft and happy and eminently likable play, with a pungency under the surface and surprise around the edges."

There are plenty of surprises in store for a country doctor and his family, who had taken care of "The Late Christopher Bean" and been left some of his canvasses when the desperately poor painter died. Having looked upon Bean during his miserable life as an eccentric young vagabond who spent his days drink-

Johnson Countians Pay Total of \$135 in Fines For String of 177

Five Johnson county men were fined a total of \$135 Sunday by Magistrate Mill Stanley after they had been arrested by Conservation Officer Raymond Copley on a charge of exceeding the possession limit for crappie.

The five, Raymond Lyons, Amos Johnson, Ed Eldridge, Junior Castle and John C. Conley, were accused by the officer of having 177 crappie in their possession. The legal limit is 30 crappie per fisherman. The fish were caught below the dam and none of those caught was of "keeper" size, although there is no size limit on crappie.

After Copley found 36 crappie on one string and when the five men claimed that as the catch of the entire party, the officer asked them to open their car. Search of the car and minnow buckets revealed the other fish.

Others booked at the jail over the week-end on minor charges were:

Estil Gibson, confederating and banding, and Estil Rowe, drunk driving, both jailed Sunday by Deputy Sheriff Willie Johnson and J. M. Hall; Paul Bolen, drunk driving, arrested by Deputy Sheriff Obe Ousley, Scott Compton and Ed Ambury after he allegedly had driven his car into a school bus, near Eastern, Saturday night; Denzil Short, arrested by the same officers on a charge of possessing moonshine whiskey; Wilson Preston, cold check, booked by Constable George Hall, Jr., and Deputy Sheriff John Hopkins; James Campbell, peace warrant, jailed by Policeman "Pie" Gilliam.

Walter S. Franklin, president of the Pennsylvania Railroad, is shown presenting the road's heroic service medal to Glenn L. McComas, baggageman, native of Eastern, this county, who rescued three-year-old Tommy Schoonover from the path of a moving passenger train after sprinting the distance of two city blocks near the Lima, Ohio, station. The child was playing on the tracks, oblivious of danger, when McComas saved him from almost certain death. Presentation of the medal, given to employees in recognition of unusual acts of valor and heroism in protecting life and preventing accidents, was made in the presence of the road's Board of Directors in Philadelphia. McComas is a son of Mr. and Mrs. Ray McComas, of Eastern.

SOME MINERS LEAVE JOBS

As Wage Board Fails To Approve Increase Of Pay for Workers

Failure of the Wage Stabilization Board to approve the \$1.90-a-day pay raise granted the United Mine Workers of America in the wage agreement recently reached between the UMWA and the coal industry was given as the reason for several hundred Floyd county miners being idle Wednesday.

"We have nothing yet to work for," one miner explained here.

More miners were expected to stay at home during the remaining days of the week, and unless WSB approval is granted few, if any, will be working.

"We had hoped we had our troubles wrapped in one package with that contract—but now comes this," commented an operator.

The question before WSB Chairman Archibald Cox and the board is the increase approval under anti-inflation wage regulations.

Already several thousand miners have quit their jobs in protest against failure of mine operators to pay the higher wage in pay checks now falling due. The contract was effective as of Oct. 1 but soft coal producers said they could not legally pay the higher wage until the WSB officially approves their new one-year contract with the UMWA.

Wife of Rev. Howard Heart Attack Victim At Estill Residence

Mrs. Thelma Conley Howard, 41 years old, wife of the Rev. Stewart Howard, well-known Floyd county minister, died suddenly Friday morning at her home at Estill. Death was attributed to a heart attack, and the seizure came without warning.

Mrs. Howard's husband is one of six minister-brothers, sons of the Rev. Robert Howard. She had been a member of the United Baptist church for 12 years. She was a daughter of the late Mr. and Mrs. Reuben Conley.

The funeral, from the Church of Christ at Bosco, was conducted by the husband's five brothers, Revs. Ed, Dock, Chalmers, Scott and Wick Howard. A gathering estimated at 800 to 1,000 persons attended the rites. Burial was made in the Conley & Williams cemetery at Bosco, the Turner Funeral Home directing.

Besides her husband, Mrs. Howard is survived by three sons, Billy Ray, Clay and James Edward Howard, all of Estill; two brothers, Woodrow Conley, Lima, O., and Grannis Conley, New York City, and six sisters, Mrs. Martha Conley, Alger, O., Mrs. Pearl Thornbury and Mrs. Luna Patton, both of Estill, Mrs. Maggie Patton, Hueysville, Mrs. Josephine Patton, Lima, O., and Mrs. Sarah Watkins, of Mousie.

HOSPITAL SITE DEAL IS MADE

Welfare Fund Purchases Stumbo, Nickles Tracts For McDowell Hospital

That the United Mineworkers' Welfare and Retirement Fund has definitely decided to include a Floyd county hospital in its program calling for construction of 10 such institutions in Kentucky, West Virginia and Virginia was indicated by the purchase last Saturday by the Fund of two tracts owned by County Judge Henry Stumbo and Troy Nickles at the mouth of Doty Creek at McDowell.

The hospital planned there calls for 50 beds. Judge Stumbo said he had received an unofficial report to the effect that plans for the McDowell hospital are ready and that a contract on the project is expected soon after Jan. 1.

General approval of the medical care program of the Welfare and Retirement Fund was given only recently by the Medical Advisory committee for the Fund.

In addition to the Floyd hospital the UMWA plans hospitals at Pikeville, Jenkins, Hazard and Cumberland in this state, Beckley, Logan and Williamson, W. Va., and Coeburn, Va.

The hospital construction program actually will be carried out by three Memorial Hospital Associations which will do the work on loans from the Welfare Fund. The hospitals are to be constructed in a period of three years, it was said.

FIELD EVENTS FEATURE DAY

Beaver Valley Club Entertains Youngsters As Kids Day Observed

The kids had a grand time at Kid's Day. There were athletic contests, trials of skills and plenty of cold drinks.

The occasion was National Kid's Day, on September 27, at Wheelwright and was sponsored by the Kiwanis Club of Beaver Valley in cooperation with Kiwanis International National Kid's Day Foundation and the Floyd county schools.

Each school sponsored a team for a particular age group. Group I, grades one through six, was won by Clear Creek with teams from Drift, Weeksburg, Hunter, McDowell, Melvin, Lambert and Wheelwright participating. Group II was won by Weeksburg with teams representing McDowell, Melvin, Drift, and Wheelwright. The Group III winner was Wheelwright who competed against McDowell.

The following is a list of all events with first-place winners: Group I — Running Broad Jump, first, J. Hoover, Weeksburg; Stand-

SUIT CLAIMS CORNETT DUE FAY REFUND

Knott Circuit Judge Cites Court Ruling, Says No Refund Owed

Hard on the heels of last week's suit filed against four former members of the Floyd fiscal court was an action filed in circuit court Wednesday by the Floyd County Good Government Taxpayers League seeking to recover excess salary allegedly collected by John Chris Cornett, present Circuit Judge of the Knott-Magoffin judicial district, for his services when Commonwealth's Attorney of the 31st district.

The action, prepared by the League's attorney, Jesse K. Lewis, of Lexington, claims that in addition to the \$600 annual salary fixed by the Floyd fiscal court Cornett received for his services fees, commissions and other compensation in excess of the \$5,000-a-year salary allowed for the period, 1946-1950, by the state constitution.

Plaintiffs in the suit, which includes the League's directors, Polk Saunders, Henry P. Scalf, John Warik, Wayne Stumbo, Gorman Collins, Dr. Edward B. Leslie and Joe H. Cooley, say they have made demand upon Judge Cornett for repayment to Floyd county of the salary which they claim to be in excess of the constitutional limit, and that he has refused to make such payment.

The specific sum mentioned in the action to be recovered is \$2,950, but the petition asks that the official be required to make an accounting of all compensation paid him for his official services and to refund whatever sum is found to be due upon such complete accounting.

The \$2,950 refund specifically prayed for in the suit represents the \$50 monthly salary voted by the fiscal court as Mr. Cornett's salary from Floyd county, which was paid, the suit claims, over a period of four years and 11 months.

Mr. Cornett was elected Commonwealth's Attorney in 1945 and began his tenure of office as prosecutor in January, 1946. During his term Knott county was lopped off the 31st judicial district, being supplanted by Martin county. Mr. Cornett continued in office, however, until he

BOARD NAMES FLOYD WOMAN

To Board of Directors In Work for Cripples; Famed Runner, Speaker

Mrs. A. H. Mandt, of Manton, was elected to the board of directors of the Kentucky Society for Crippled Children, last Saturday at the Society's 29th annual meeting.

Meeting on the grounds of Cardinal Hill Convalescent hospital, Lexington, the Society elected Mrs. Mandt for a three-year term.

Guest speaker at the meeting was Glenn Cunningham, former Olympic track star.

Handicapped children, he said, need most "to know that there is a place for them in our society, that they are considered worth while. They need faith."

"God endowed each one of us with not just one ability, but with many abilities," Cunningham declared. "Given faith, these youngsters can develop their abilities and go on to really be something."

Living proof of his own statement, Cunningham was so badly burned in an accident when he was eight years old that doctors told him he would never walk again. But he competed in the Olympics in 1932 and in 1936 smashed all existing records for the one-mile distance.

Cunningham participated in the cornerstone-laying ceremonies for a new nursery school being built to prepare crippled children for school. The school will be the first of its kind in the county.

Funds for it were raised by sports events, fiddlers' contests and other local activities sponsored by member newspapers of the Kentucky Press Association. Enos Swain, Danville editor and E. P. A. vice-president, represented that organization at the ceremony.

TO THE PEOPLE OF FLOYD COUNTY WHO ARE INTERESTED IN BETTER SCHOOLS FOR THEIR CHILDREN

For the past two weeks, there has appeared in The Floyd County Times a statement from the Floyd County Superintendent of Schools concerning his candidates for the November 4th, 1952 election of Board of Education members.

I should like to quote, verbatim, excerpts from that article, in case you have forgotten that dynamic effort by Mr. Turner to cover up the real purpose of his school program.

"They (the board members seeking reelection) are committed to the present school program of this county which IS JUST NOW BEGINNING, and are promising the voters of Floyd county that the school system of this county will be carried on in AN EFFICIENT WAY and without POLITICAL CONSIDERATION." "It is my intention as a superintendent to so operate the school system so as to make it entirely free from politics".

Now, Mr. Turner, let's look at your record since that fatal meeting of the July, 1952 board of education meeting when you took office. Wonder if there could be any SO-CALLED POLITICS IN YOUR ADMINISTRATION? JUST BEGINNING AND THE END MAY BE SOONER THAN YOU THINK.

Your memory may be short-lived, but the majority of people in Floyd county who are interested in better schools for their children, better salaries for better teachers, AND NOT HIGH SALARIES TO SOME, DAUGHTERS AND IN-LAWS OF MEMBERS OF THE BOARD OF EDUCATION WILL NOT BE NEARSIGHTED IN THIS COMING ELECTION.

At that July, 1952 board meeting, you recommended to the Board of Education that Mrs. Grace Conley, a teacher in the Bonanza district for 18 years, be transferred to Martin high school, 26 miles from her home. A widow, with two sons now fighting in Korea, who has no other visible means of support other than to serve the children of Floyd county, whom she had in her mind to teach when she trained to become a teacher.

Yet, you, Mr. Turner, as Superintendent recommended to the Board that she be transferred away from her home, because in exercising her right to vote in these free United States she opposed your board member in the last election. Her sons fight for freedom now while you attempt to suppress her heritage, while you pay a 17-year-old youth \$3,000.00 per year, who quit school in the grades and Mrs. Conley make some \$1,000.00 less per year. Yes, Mr. Turner, I'm sure the people of Floyd County are far more intelligent than you give them credit for being.

A man that would create such a hardship on this kind, understand-

ing, religious woman, as to cause her to arise at 5:30 a.m., drive 26 miles to work, and after working all day, return home at 5:00 p.m., has greater intestinal fortitude than I would have when he asks the good people of Floyd County to vote for his board members.

It would take a full page of this paper to set down examples of your POLITICAL-FREE SCHOOLS, but they shall all come forth via the radio and press prior to the November 4th election. THE PEOPLE SHOULD AND WILL KNOW WHAT IS AND WHAT TO EXPECT IN YOUR "JUST BEGINNING" SCHOOL PROGRAM.

ASK THESE PEOPLE, MR. TURNER, HOW THEY HAVE FARED UNDER YOUR ADMINISTRATION.

Sarah Lavens, who was not placed after teaching in the Allen system for a number of years; Esie Prater, a teacher in the Middle Creek area for 20 years until you forced her to resign after placing her in a remote area, and many more whose names shall come forth.

For myself, I must resort to the courts to uphold my rights under your "JUST BEGINNING ADMINISTRATION" while your consideration for experience and trained teachers falters by the political wayside.

Abraham Lincoln once said, "God must have loved the common people, he made so many of them". Mr. Turner, we are common people, here in Floyd county. The sons and daughters of our taxpayers go to college, train themselves to become teachers, return home to Floyd county only to forsake their ability in succumbing to your political animosity. Their rights as set forth in the first ten amendments of the Constitution of the United States give them the freedom to exercise their privilege. We have been seeking election to the board of education who will return these rights to the Floyd county school system and its qualified teaching citizenry. They do not seek the board of education offices to hire their families; they are interested in the children of Floyd county, not a "BUDDING MAINTENANCE PROGRAM", that creates jobs for all.

Oscar Bush and Ralph Johnson are men above that. They are selective, open-minded, high calibre men, with no political axes to grind or sharpen.

They live by their free birthright, by their choice of religion, and by their fellow-man, not by some so-called high-powered political well-oiled political machine.

We've had your non-political administration for three months, with turmoil, confusion and deliberation. What could it be in a year to come?

GORDON MOORE, (who believes in freedom and Free Schools.) (Pol. adv.)

resigned to become Judge of the Knott-Magoffin judicial district by appointment on the death of Circuit Judge Prather. Judge Cornett later was elected for the full six-year term.

Judge Cornett in a letter to the League, which also was released to the newspapers for publication, expressed surprise at the appearance recently at his office in Hindman of two League members, Stacy Salisbury and Polk Saunders, and their request that he pay back to Floyd County \$2,400 which was paid him by Floyd county while he was Commonwealth's Attorney.

He pointed out that his predecessor in the office was paid \$1,500 a year by the county and that the present Commonwealth's Attorney receives \$1,200 a year from the county. He added that he did not receive any pay from Knott county, although that county had paid his predecessor \$300 a year.

The official pointed out in the letter that Section 69.010, which was in effect during the first four and a half years of his term of office, provides, in part: "In no case shall he receive more than \$5,000 a year out of the state treasury for any one year, but the fiscal court of any county may allow the Commonwealth's Attorney for that county additional compensation as it deems proper, to be paid as other claims against the county are paid."

Citing travel and other expenses connected with the office, Judge Cornett pointed to two Appellate Court decisions supporting his contention that the amount paid him by Floyd county was not an emolument within the meaning of the \$5,000 limitation formerly provided by the Constitution.

Judge Cornett's statement in full will appear in The Times next week.

The chips are down in a stock-car race. Claims mean nothing. Results alone count. Here America's cars publicly compete on an equal basis, one against the other. How does the car you drive make out?

These unbiased tests prove which car is best!

Hudson's all-time record on world's toughest proving grounds helps you choose your family car

A STOCK-CAR race is equal to 50,000 miles of ordinary driving. It requires power and lightning-like acceleration. But it also demands absolute safety.

To date this year, Hudsons, just like those you can buy from us, have won 38 out of 45 stock-car races—a record never approached by any other make. How does this help you choose your next car? That's easy . . .

Hudson's victories prove that its exclusive "step-down" design (with America's lowest center of gravity)

gives you road-hugging safety no other car can touch.

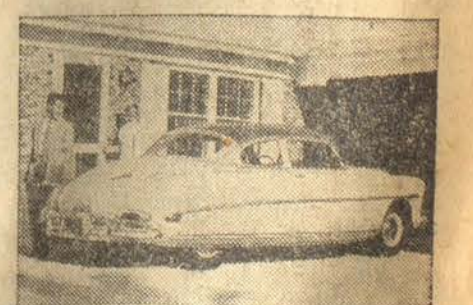

These grueling grinds prove Hudson's Monobilt body-and-frame* is the safest, most durable construction used in any car. Again, safety for you and your family.

Finally, this record shows Hudson's high-compression engine has more power than you'll ever need—to get you out of tight spots, to send you smoothly up any hill you'll ever take. So, stop in and see us. Learn how it feels to drive America's stock-car champion!

*Trade-mark. Patents pending.

Power's important. But safety's vital. The same brute strength that protects stock-car drivers also protects you and your family on your daily trips in your Hudson.

With all its power, its safety, its stamina—Hudson is a lovely car to look at, too. Modern streamlining and design delights the eye. Drop in and see us today, or a telephone call will bring a Hudson to your door this very evening.

Standard trim and other specifications and accessories subject to change without notice.

"Always do right. This will gratify some people and surprise the rest."—Mark Twain.

WERE NOT SO TOUGH
Television, just like radio and the newspapers and all other media of communication, has its faults, and most of us recognize them. But sometimes we grow so cynically critical that we look only for the flaws and see nothing of the shining parts that are good.

At the moment we recall the remarks of one critic who blasted give-away programs such as "Strike It Rich," claiming such programs commercialized human misery. It is true that there is a commercial element to most such entertainment features, for somebody must pay the bill, but if it's a sin to supply with funds a widow whose child is critically ill in a hospital and whose work is insufficient to meet the mounting bills, I'll take sin. Another good feature you'll find in such programs is this: You sit back and hear the story of some unfortunate human, see the person telling the story, then through the camera's eye watch the reaction of persons in the studio audience. To see those so-called "hard-boiled city folks" in tears and to hear the offers of help from private individuals is proof that, city slicker or country bumpkin, we are all brothers and sisters under the skin—and that skin isn't as thick as you might think.

William Wallace, 71, Dies in West Virginia; Resident of Betsy Layne

William Wallace, 71, Betsy Layne, died at the home of a daughter, Mrs. Irene Merrill, of Berwine, W. Va., Friday, Oct. 10, of a heart attack. Although he had been ill for a year, he was not thought to be in serious condition and had gone on a visit to the home of his daughter.

Mr. Wallace was married to Georgia Quisenberry, of Johnson county. At the time of his death he was a retired miner. He had resided at Betsy Layne for 26 years. Surviving are his widow and Mrs. Merrill, an only daughter. One grandson also survives. Funeral rites were conducted Monday, Oct. 13, at the Betsy Layne Methodist Church, the Rev. Robert L. Anderson officiating. Burial was in the Loar cemetery at Betsy Layne.

Play of Hill Features Cat Victory Over Pikeville High, Friday Night

After last Friday night's football game in which Prestonsburg hit the victory again with a rousing win over the hitherto undefeated Pikeville Panthers, Democrats hereabouts were at first disturbed by what they heard.

They heard a chorus of chants: "I like Zike."

But they soon learned this wasn't political sentiment. It was recognition of a great performance by Black Cat end, Johnny "Zike" Hill, who turned in the greatest game of his high school career in the defeat of Pikeville.

It is true, quarterback Delmar Hughes himself ran the ball across for two of Prestonsburg's three touchdowns and threw the pass which ended in the third. It also is true that the Black Cat forward wall rose up in its might on one occasion and stalled a Pikeville goalward drive on their three, and that Stanley Prater and John Gordon were powers in that line.

But that Prestonsburg line would never have had the opportunity to make its gallant goal-line stand, had not Hill simply outfooted the fleet Robert Staggs who had broken into the clear on a run which did not stop until he had traveled 85 yards and had reached the Prestonsburg eight-yard stripe. And Hill spotted Staggs 15 yards in the race, as flat-footed a foot-race as you'll likely see.

And that third touchdown also might never have been scored, had not Hill grabbed Hughes' fine pass while standing between two Pikeville players and then flailed about him so desperately on his goalward run that their efforts to down him were unavailing.

It was a game in which the un-sung lineman stood out so clearly that he got all the credit he and others in the forward wall so often deserve but so seldom get.

The game was sweet revenge for Pikeville's upset of last year's fine Black Cat team, 20 to 19, and the contest was witnessed by one of the season's biggest crowds in perfect weather.

The contest, marred by 26 penalties, was much closer than the score indicated.

Prestonsburg scored the first time it got the ball on a sustained 60-yard drive on the ground. Hughes attempted to pass from the Pikeville eight but, after finding his receivers covered, he darted around end for the game's first six-pointer.

Both teams exhibited their kicking ability until the closing minutes of the second quarter. Quarterback John L. Butcher, Pikeville south-paw, completed three successive passes to end Bobby McCoy to put the ball on the Prestonsburg 20, and half-back Robert Staggs scooted over standing up to tie the half-time count at 6-6.

Fullback John Dixon intercepted one of Butcher's heaves on the Pikeville 30 midway the third period. Hughes passed three times to Hill and Dixon in moving the ball to the five, then passed again for the t.d., but a clipping penalty nullified the score. Hughes scored three plays later from the seven for his second touchdown.

The big play of the contest came in the opening seconds of the final period when Staggs broke through

the entire Prestonsburg team and scampered to the Blackcat eight before being caught by Hill.

The Blackcat forward wall, bolstered by Stanley Prater and John Goble, held Pikeville on the three after four downs to quell the threat. Later in the period Hughes passed 35 yards to Hill in a play covering 65 yards for the last scoring.

Pikeville was penalized 120 yards to Prestonsburg's 95. In first downs, Prestonsburg led 11-6. Butcher completed 9 of 17 aerials for 70 yards and Hughes was successful on 10 of 15 for 137 yards.

The Prestonsburg team lost the services of Hughes, late in the game, but his injury was not as serious as first feared. The quarterback is expected to be ready for the Louisa Bulldogs when they come here Saturday night.

Louisa's season record is not the best in the valley, but this is the team which opened with a win over Paintsville and which presents a threat to any high school eleven it meets.

Saturday night's game will end the string of home games. The Cats will play Belfry away from home, the next week-end—and that is the game Prestonsburg will be out to win. The Pike countians have the only undefeated team in the Big Sandy Conference.

7 from Church Here At Area Fall Rally

A group from the Presbyterian church here attended the Area Fall Rally of the Presbyterian church at Jackson, Sunday.

They were among the approximately 150 teenagers from Knott, Perry, Breathitt, Pike and Floyd counties who heard Rev. Lamarr Williamson, pastor of the Harvey-ton church, challenge them to make Christ "their ruling passion in life." Mr. Williamson declared "Christians must realize the way will sometimes be unpopular; it will mean responsibility; it is worth all the cost."

Guerrant Memorial Presbyterian Church and Lees Junior College were co-hosts of the rally.

Those attending from here were Bill Baker, Burke, Wm. Ernest Osborne, Linda Lou White, Wilma Jean Ensminger and Jessica Lynn Smiley, Rev. and Mrs. Orville Pearson.

TO MY FRIENDS, THE VOTERS OF THE 5th EDUCATIONAL DIVISION:

In seeking your support in my race for County Board Membership I want to present you my complete views on the whole situation as I see it.

It is my sincere belief that a Board member should be above all political ties. And one who would not have to depend on the support of anyone who would expect favors for that support. The present method for Superintendents-to-be is that of getting the members HE NEEDS in the board membership and keeping them there. **Everyone knows** that this practice has been going on in our county for years.

I do not have a Superintendent-to-be backing my attempts to place my services at the disposal of the people whose children I want to help. Neither are there any people who would seek personal gain supporting me, because I would not accept such aid.

Shortly after I came out with my platform the County Board met and reportedly acted upon one of the objectives that I had proposed: that of paying the teachers by check. But they missed the real point, (Teachers like everyone else are entitled to their pay upon completion of their work period.) The Board meets on the following month to agree to pay teachers for the work they have done during the past month. For example: Our schools started on September 2, and the month ended on the 26th. Our present County Board met on the first Tuesday in October which fell on the 7th and agreed to pay the salaries that the Superintendent had prepared. How many of us have to wait 37 days between paydays? And this says nothing about the amount paid which is **too little** to mention here.

I would like to ask the people of Bosco, and the parents who send their children there, one question. What made the County Board wait until this year to build the school there that you have needed for years? It seems to go back to the old political game: When a certain voting area is doubtful, in the minds of the politicians, they have always managed to put in a road or bridge in that area in order to sway the vote. You have needed a school building for a long, long time and only now are you getting it. Will the assumption now be that (you are satisfied and will cast your vote for those who have ignored you up until now?) I don't think that you, as intelligent people, will be swayed by this undermined gesture that is so obvious.

My platform is Clear and Unmistakable and will function year after year and not just upon special occasions. This I will do as long as you are willing for me to serve you and your children.

I shall offer as my platform the following proposals:

1. County Board meetings open to the public.
 2. School buildings in A-1 condition.
 3. Teachers' pay according to that prescribed by leading educational leaders.
 4. Teachers paid upon completion of their school month and by check to the teachers themselves.
 5. Immediate erection of fire escapes wherever they are needed.
 6. School bus schedules that will get the children to and from school quickly and safely.
 7. Cooperative planning for the creation of a centralized vocational center to which we can send our youth that usually drop out of school before they have received their diplomas. Many of our young people are unable to go on to college and need to learn some trade that will enable them to make a living after they leave school and are ready to begin their life's work.
 8. Promote better health safeguards in our schools.
- Furthermore, I shall seek information from you, the voters, on what you think our schools need and together we can gain all the objectives that can only be gotten through sincerity and determined effort.

YOU CAN BE SURE THAT a vote for me is a vote for the future of all the children in our county.

Look Ahead, Neighbor
WHAT'S TO BECOME OF FLOYD COUNTY?

Thousands of our people have had to go north to get a job. Half of our miners are only getting two and three days a week. Are we going to let Floyd county become a ghost county?

Are the merchants going to have to go out of business because they have no customers? Are the people who have bought their homes on borrowed money going to lose their homes because there are no jobs in the county to support them? Must our miners learn a new occupation and go to other states in order to support their families?

Our only hope of changing this sad picture is to bring factories to our county to give jobs to our people at home. How can we do this? Let's send a Floyd county man to Congress who will work and fight to get factories for Floyd county; who will work to get the Big Sandy river canalized so that our mines will be able to run five days a week; who will work to improve Dewey Lake as a tourist attraction by building a decent highway around the lake and swimming beach so that tourists will visit Floyd county.

Look to your future, neighbor, and that of your children by sending a Floyd county man to Congress who is interested in Floyd county.

That man is **CURTIS CLARK**, whose slogan is "If You will work for me to be elected I will work for you after I am elected."

Chrysler Dealer Showing Viewed by Edward Music

Edward Music, president of the Music Motor Company, Inc., of Prestonsburg, returned Friday, Oct. 3 from Cincinnati where he attended one of a series of 25 nation-wide meetings being held by Chrysler Division of Chrysler Corporation to preview the 1953 Chrysler.

"The new cars are the 'most beautiful cars ever designed,'" Music reports. "They feature entirely new and beautiful body styling with long, low lines emphasizing the length and width of the cars."

Music said that many new and outstanding features are incorporated in the 1953 Chrysler in addition to the proven mechanical features such as the revolutionary 180-horsepower V-8 Chrysler Fire-Power engine, full-time power steering, Fluid Torque Drive, power brakes and Orflow.

"These cars, I am sure, will set the new highway fashion for 1953," Music said. "They are the most luxurious cars Chrysler has ever produced and incorporate improvements which assure that they will be 'America's First Family of Fine Cars.'"

During the month of October, Chrysler's 3,500 dealers coast to coast will have attended similar meetings and previewed the new 1953 Chrysler.

Rites for Robert Hall Conducted at Dry Creek; Victim Native of Floyd

Funeral rites were conducted Wednesday, Oct. 8, for Robert Hall, 72, of Wayland, who died at his son's home there the preceding Monday. Death was attributed to a cerebral hemorrhage. Services were conducted at the Dry Creek Regular Baptist Church, the Revs. E. H. Hopkins and Sherman Stone officiating. Burial was in the Dry Creek cemetery.

Mr. Hall was a son of the late John and Melissa Newsome Hall, and was a native of Floyd county but had spent most of his life in Knott county. He was a farmer.

The deceased is survived by five daughters, Mrs. Hi Caudill, Wayland; Mrs. Bill Hall and Mrs. Willie Yates, both of Wheelwright; Mrs. John Robertson and Mrs. Earl Thornberry, both of Willard, Ohio; five sons, Ellis, Lee and Vinus Hall, of Topmost; Sonny Hall, Wayland, and Tivis Hall, Willard, Ohio; a sister, Mrs. Byrd Meade, Dry Creek; two brothers, Newberry Hall, Dry Creek, and Jim Hall, Jack's Creek.

UNFAIR TAX BURDEN

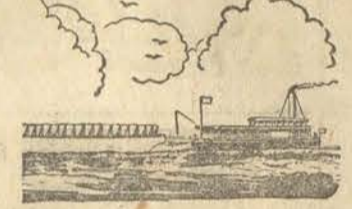

The Railroads Pay Proportionately More Than Any Other Form of Public Transportation

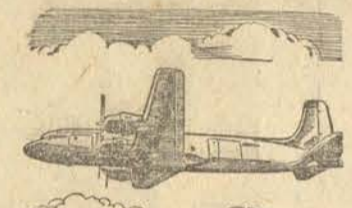

RAILROADS PAY OVER 12c TAX PER DOLLAR OF REVENUE

HIGHWAY TRUCKS PAY ABOUT 6c TAX PER DOLLAR OF REVENUE

BARGE LINES PAY ABOUT 5c TAX PER DOLLAR OF REVENUE

AIR CARRIERS PAY ABOUT 4c TAX PER DOLLAR OF REVENUE

By reason of the fact that railroads have built and paid for their own roadways, they pay a type of property taxes which is escaped by their competitors.

In 1950, state and local taxes paid by the railroads totaled more than \$300 million, and took 3 1/2 cents out of each dollar of their revenue.

Easy For Competitors

Since approximately two-thirds of railroad investment is in roadway and structures, it may be assumed that virtually two-thirds of this taxation is ascribable to the fact that railroads provide their own roadways, and consequently represents a tax from which their competitors are virtually free.

The so-called taxes paid by other forms of transportation are, for the most part, partial payments for use of publicly provided and maintained highways or airports, and represent virtually no contribution to the general expenses of government or the services of public welfare.

Tax Figures Compared

Including these so-called taxes and also Federal income and excise taxes,

payments in 1949 by certificated air carriers amounted to only about 4 cents per dollar of revenue, those of Class A and B inland water carriers to only about 5 cents, and those of certificated Class I common and contract highway motor carriers to only about 6 cents per dollar.

The corresponding figure for railroads was more than 12 cents per dollar of revenue.

Low Rate of Earnings

Thus the railroads pay in taxes more cents per dollar of revenue than their competitors and in addition bear the full cost of providing and maintaining their own roadways.

The fact that railroads pay heavier taxes, and that what is left from the railroad revenue dollar after paying operating expenses and taxes must support a much larger investment in necessary facilities than in the case of subsidized motor, water and air carriers, makes all the more significant the low rate of return earned by railroads in the five post-war years, when their return on net investment averaged only 3 1/2 per cent.

Grand Jury To Hear Charges Against Two Taken with Beer Cargo

Gordon Sturgill and Johnny Wallace were released under bond here Wednesday morning by County Judge Pro-Tem Jarvis Allen to answer to the November grand jury to a charge of transporting beer in dry territory.

The two men, who were arrested by Deputy Sheriff Scott Compton and Deputy Constable Ed and Brodie Amburgy, said the 14 cases of beer taken from their car had been purchased in Hazard for members of the American Legion Post 295 at Garret who have private lockers in the Post Club.

County court skirted the idea of trial of the two, since the beer was taken from them without a search warrant.

I WANT MY KIDS TO GROW UP CLEAN—

but will they—if they keep on seeing shady operators prosper and nobody doing anything about it?

I don't think there's anything funny about mink coats or deep freezes or "fixers" or tax collectors accepting favors from gangsters.

How can I explain such things to wide-eyed kids who think our country is the finest in all the world? Kids whom I've taught to honor truth and decency?

How can I expect them to believe me when the newspapers and radio and TV tell of investigations balked at every turn—of slippery, public officials who actually get better jobs—instead of going to jail?

I don't know the ins and outs of politics. Being a good wife and mother takes all my time. But I do know right from wrong.

I know corruption in office is wrong. And it

spreads—like rotteness in a basket of apples.

And as it spreads, it can corrupt my children—and yours.

In fact, from what I hear about the bribing of school basketball players—and selling narcotics on school playgrounds—and wholesale cribbings—and teen-age muggers—and all the other horrible forms of juvenile delinquency—the corruption is spreading already!

So I'm going to do something about it before it's too late. I'm going to the polls on election day and prove to my kids that crime doesn't pay—anywhere, any more.

I—and my neighbors—and decent people everywhere—know a crook caught red-handed will always promise to reform. This time, we are going to forget party politics AND HELP IKE CLEAN HOUSE!

The cornerstone will be laid Saturday, Oct. 11, for the nursery school which the Kentucky Press Association is building in Lexington for physically handicapped children.

Held in connection with the 29th annual meeting of the Kentucky Society for Crippled Children, the cornerstone-laying ceremony will be conducted by Enos Swain, Danville editor and K.P.A. vice-president.

The press association, composed of daily and weekly newspapers all over the state, provided \$100,000 for building materials for the all-charity school.

Member newspapers raised the money by sponsoring sports events, fiddlers' contests and other local activities.

The Kentucky Society for Crippled Children furnished the land. Materials and services contributed by numerous individuals bring the total

investment to more than \$20,000.

The school, being built on the Versailles Road on grounds of the Cardinal Hill Convalescent Hospital, will be an experiment in preparing handicapped children for school. Starting age will be 4.

The Kentucky Society for Crippled Children and its Fayette county chapter will maintain the school and provide teachers. The Kentucky Crippled Children Commission will furnish medical services.

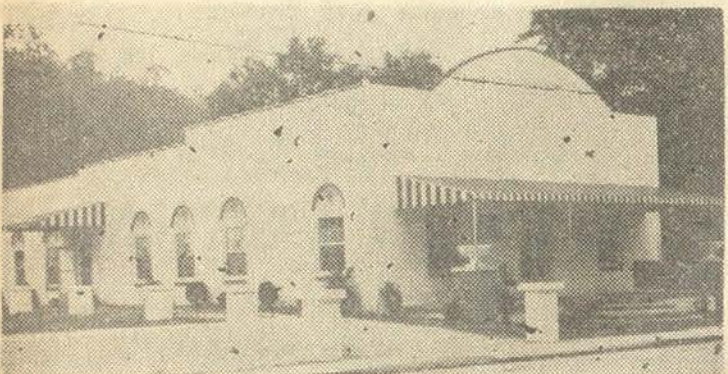

Glenn Cunningham, former Olympics track star, will be the guest speaker at the Society's meeting. Seriously burned at the age of 8, Cunningham was told he could never walk again. He not only walked, but ran, to set new world records.

Sidney Rosenblum, Louisville, Society president, will preside at the meeting, which will start at 10 a.m.

M/SGT. HOBSON ON LEAVE

With the 7th Inf. Div. in Korea—M/Sgt. Rufford B. Hobson, whose wife, Genevieve, lives at Pikeville, recently spent a five-day vacation from Korea on a rest and recuperation leave in Japan. The leave is part of the army's policy to give the fighting soldier a rest from the rigors of combat.

Master Sgt. Hobson entered the army in 1950 and arrived in Korea last February. He has been assigned as a rifleman with the 17th Infantry Regiment.

His parents, Mr. and Mrs. Edgar Hobson, live at Harold.

CHARLES KING IN TEXAS

U.S. Auxiliary Air Station, Kingsville, Texas—Recently reporting for duty here, was Charles B. King, dentist, USN, son of Mrs. Dora McPeck, of Wheelwright, King, who is serving with the Dental Department, reported from the Navy's Dental School, Naval Training Center, Great Lakes, Ill.

Before enlisting in the navy in December, 1951, he was graduated from Wheelwright high school.

BRYANT AT LACKLAND

Lackland Air Force Base, Texas—Jasper F. Bryant, 20, son of Mr. and Mrs. Dewey Bryant, Melvin, is completing his AP basic airman indoctrination course at Lackland Air Force Base, the "Gateway to the Air Force."

MISS HATFIELD NOW PVT.

Lackland Air Force Base, Texas—Wanda Hatfield, 18, daughter of Mr. and Mrs. Homer Borders, Drift, is completing her AF basic training indoctrination course at Lackland Air Force Base, the "Gateway to the Air Force."

PFC. ROBINSON IN JAPAN

With the 1st Cav. Div. in Japan—Army Pfc. Ernest W. Robinson, of Auxier, has arrived in Japan for duty with the 1st Cavalry Division after serving six months in Korea.

Robinson was a member of the 7th Infantry Division while in Korea. He entered the army in September, 1951 and wears the Korean Service Ribbon, United Nations Service Ribbon and Combat Infantryman Badge.

PVT. CHANDLER ARRIVES IN KOREA

With the 2nd Inf. Div. in Korea—Pvt. Ernest W. Chandler, whose wife, Phyllis, lives at Melvin, recently arrived in Korea and has been serving with the 2nd Infantry Division.

Pvt. Chandler, serving as a tanker with the 2nd Division, was stationed with the 16th Infantry Regiment in Nuremberg, Germany before his present assignment in the Far East. Chandler holds the Good Conduct Medal with clasp. His parents, Mr. and Mrs. Elmer Chandler, live in Evanston.

CAMPBELL IS AIRMAN

Lackland Air Force Base, Texas—Buel A. Campbell, 18, son of Mr. and Mrs. Harry Campbell, Garrett, is completing his AF basic airman indoctrination course at Lackland Air Force Base, the "Gateway to the Air Force."

SALISBURY BROTHERS SERVE

A/3c James Orris Salisbury, of Hunter, entered the armed service in December, 1951, was stationed in Texas until June. After that he had a 30-day furlough at home, reported to Camp Kilmer, New Jersey, on July 4. He is now stationed with the 3929th Air Base Sqd. in England.

Sgt. Ervin R. Salisbury, brother of James Orris, enlisted the second time in the armed service in October, 1950. He spent 15 months in Korea, returned to the states in April of this year. While in the states this year, he was stationed at Ft. Knox and Ft. Campbell. On Aug. 28 he went overseas to Korea. Recently he was given furlough and is now at Seattle awaiting orders. James Orris and Ervin R. Salisbury are sons of B. B. Salisbury, deceased, and Mrs. Virgie Salisbury Likens, of Hunter.

SGT. JOHNSON HAS HELPERS

With the 7th Inf. Div. in Korea—Sgt. Forrest M. Johnson, son of Henry Johnson, Buckingham, recently stopped worrying about his tank at night in Korea.

A couple of faithful dogs have made friends with the guards around the tank pool and remain on duty from dusk till dawn.

Sgt. Johnson reported that the canines have learned to recognize American soldiers and will not bother them, but will bark whenever anyone else approaches.

The only trouble is, the dogs will chase Korean soldiers as well as civilians, and have to be called off.

The four-footed guards have been named "Kim" and "Short Round" by Johnson and other tank commanders in the 32nd Infantry Regiment's tank Company.

Paris—Gen. Charles de Gaulle says he "will never lose hope" of returning to political power in France.

SHERIFF'S SALE

FLOYD QUARTERLY COURT

Winford Yates Plaintiff
Vs.—ORDER OF SALE
Billie Moore Defendant

By virtue of a judgment and order of sale directed to me which issued from the office of the Floyd County Court in favor of Winford Yates vs. Billie Moore, I or one of my deputies will on Saturday, Oct. 11, 1952, at the hour of 1 o'clock p.m., at the storehouse door of Winford Yates at Honaker, Floyd county, Ky., expose to public sale to the highest and best bidder the following described property to satisfy plaintiff's debt, interest and cost:

ONE 1946 DODGE TWO-TON TRUCK

Levied upon as the property of Billie Moore.

TERMS OF SALE: Property is to be sold on a credit of three months, the purchaser or purchasers shall be required to execute bond for the deferred purchase price with approved surety, said bond to have the force and effect of a judgment as security. The sheriff shall retain a lien against the property herein sold.

The purchaser may pay the amount of his bid in cash or if bonds are executed may anticipate the payment of such payment at any time by paying the principal amount thereof together with interest at the rate of 6% per annum from the date of payment. If the plaintiff is the purchaser of said sale for the amount of his debt, interest and cost, no bond shall be required other than for the cost of this action.

Witness my hand this the 20th day of Sept., 1952.

**AUXIER, STATE CONSTITUTION DELEGATE,
PREDICTED AIR-TRAVEL BEFORE WRIGHTS
MADE HISTORIC FLIGHT AT KITTY HAWK**

"I predict," said the Hon. A. J. Auxier of Pikeville, "that before another Constitutional Convention shall meet in this hall men will be navigating the air..." This was 12 years before the Wrights perfected the airplane.

The occasion was the meeting of the delegates to the Constitutional Convention of 1891 at Frankfort. Then, as now, men believed that constitutional changes should not be prohibited by restrictive constitutional provisions. The voice of Auxier was heard time and again that changes in the fundamental law of the state should be less difficult than it formerly had been under the 1849 Constitution. As the information booklet published by the Legislative Research Commission (1952) says: "The final outcome was an amendment procedure a little less difficult than in many states, and less restrictive than the original proposals considered by the delegates."

"There is nothing," Auxier said, "so sacred about any Constitution but what the people can alter, modify or change, and adapt it to the wants of the people when the emergency arises... We are simply the representatives of the people. They sent us here to form a Constitution; not for the government of all the generations yet unborn, but to prepare a Constitution suitable for the government of the people at the present time."

"Many changes have occurred since the Convention of 1849... the people have become more enlightened. Great strides of progress have been made... and the Constitution that they framed then was not, in all things, adaptable to the present wants of the people of this state."

"Are we going to arrogate ourselves to the assumption that we today are more enlightened than they will be fifty years from today? I predict that before another Constitutional Convention shall be assembled in this Hall, men will be navigating the air, instead of traveling in railroad coaches; that instead of going thirty or forty miles an hour, they will go two hundred

miles an hour, and hundreds and thousands of unthought-of things will be brought into existence; that new fields of operation and new systems of government, or modifications, at least will be required in those days yet to come.

"We want to make some changes in our Constitution to adjust it to the present wants of a people. Why not give future generations the right to do the same?"

PROCLAMATION

WHEREAS we live in an age in which civilization has been transformed through the discovery of petroleum in commercial quantities, and

WHEREAS we dwell in a land which is the very symbol of the progress, comfort and security which petroleum makes possible, and

WHEREAS the week of October 12th to 18th has been designated Oil Progress Week, when the oil men of this country will cooperate to inform the public of the contributions of their industry both to our high standards of living and to the preservation of our traditional freedoms, and

WHEREAS the citizens of Floyd county who are engaged in producing, transporting, refining and marketing petroleum products desire to participate in the observance of Oil Progress Week by arranging exhibits and joining in various other activities for the purpose of showing how, through initiative, skill and daring, America's competing oil companies serve and will continue to serve the people of this nation and of this state or community.

NOW, THEREFORE, I, Henry Stumbo, County Judge of Floyd county, Ky., do hereby proclaim the week of October 12th to 18th inclusive to be Floyd County Oil Progress Week and do call the attention of all men and women to the many contributions and services rendered to us by the Petroleum Industry, and most particularly to those rendered by the members of that industry who live and work among us, and who we of Floyd county know as friends, neighbors, and good citizens.

IN WITNESS WHEREOF I have hereunto set my hand, Henry Stumbo, County Judge.

County Jailers Due City Prisoner Fees, Says Recent Ruling

Harlan county attorney has been advised a city must pay the county jailer's fees for the city's minor-offense prisoners confined in the county jail.

Assistant Attorney General M. B. Hollifield explained in an opinion being sent County Attorney Hiram M. Brock, Jr.:

Cities and towns get the fines assessed in misdemeanor offenses, under a legislative act.

When these defendants cannot pay their fines and are sent to the county jail to serve out fines as so much a day, the city must pay the jailer's fees. These include charges for committing and discharging prisoners and for keeping and feeding them.

Fiscal court cannot be required to pay the bill. And the county cannot require the city to pay it for use of the jail. But the city must pay the jailer's fees in its own cases.

The county jailer, not fiscal court, must pay for dishwashing necessary in feeding prisoners and for coal to cook the food. The county is liable to the jailer for only \$1.25 for each day he keeps and feeds a prisoner.

Supt. Wendell P. Butler Reports on Rehabilitation

Frankfort, Ky., Oct. 6 (Sp.)—State Superintendent of Public Instruction Wendell P. Butler reported today that 722 persons last year were transferred from the role of dependent to wage earner under auspices of the State Division of Vocational Rehabilitation.

It cost the public \$132,876 to rehabilitate these persons, observed Butler, and their annual earnings are now shown to be \$1,330,400—in other words "their earnings are 10 times the cost of rehabilitation. Their income tax alone will soon repay the cost, he added."

"The real value of this program is in making these unfortunate people earners rather than users of others' earnings," Butler continued.

"It means that 722 men and women of working age in Kentucky have made the transition from dependency to self-sufficiency. It also means these disabled people are no longer drains upon state and local welfare agencies, family and resources and private charities. They are helping to increase the productivity in Kentucky's industries, agriculture and commerce."

P'burg Woman's Club Plans District Meet

The Prestonsburg Woman's Club at its meeting on October 2 at the home of Mrs. B. F. Combs planned arrangements for the Seventh district convention, Kentucky Federation of Woman's Clubs, which will be held at the grade school building here, Nov. 1.

Mrs. W. W. Cooley, president of the Prestonsburg club, was named its first delegate to the meeting; Mrs. G. M. Haggard, second delegate, with Mrs. Wall Hamilton and Mrs. Cecil Kendrick, alternates. The club voted to present the name of Mrs. Russell Shaw for the district post of Recording Secretary for 1952-1954.

The luncheon during the convention will be served by the Prestonsburg Band Mothers. Members were asked to make their luncheon reservations as soon as possible with Mrs. H. L. Ley.

The following committees were named for the convention.

Decorations, by the Junior Woman's Club; Mrs. C. R. Hatton, chairman, Mrs. Fred Cottrell, Mrs. Hubbard Francis, Miss Mary Catherine Hutsiniller; Hospitality, Mrs. G. M. Haggard, Mrs. J. H. Kennon, Mrs. A. C. Harlowe, Mrs. Winnie F. Johns; Luncheon, Mrs. H. L. Ley, Mrs. Cecil Kendrick, Mrs. Russell Shaw, Mrs. R. V. May, Mrs. Grover Lowe; Tickets, Mrs. Merle Wilson, Mrs. Raymond Sirkle, Miss Alice Harris; Flowers, Mrs. John G. Archer.

Mrs. J. D. Mayo, Floyd county TB nurse, reported at last Thursday's meeting that the Christmas Seal Drive to raise funds to continue the fight on tuberculosis has been given promise of fine cooperation from volunteer workers and that a trained worker will be here soon to give these volunteers instructions in carrying on the work.

Mrs. Grover Lowe, chairman of the layette project, again reported that several gowns have not been turned in, and members who have gowns for this project were asked to contact Mrs. Lowe at once.

The Year Book committee reported the books completed and their distribution begun.

Following the business session, the program leader, Mrs. Lon Hill, spoke on the topic, "Americanism through Voting." Mrs. Hill also led a discussion period during which time some of the questions presented were: "What Causes Lack of Interest in Voting?"

The hostess, Mrs. Combs, and co-hostesses, Mrs. A. C. Harlowe and Mrs. M. Robert Regan, served refreshments to the following members: Mesdames W. W. Burchett, R. V. May, W. W. Cooley, J. D. Mayo, G. M. Haggard, J. H. Kennon, Cecil Kendrick, Russell Shaw, Wall Hamilton, H. L. Ley, Lon Hill, Grover Lowe, Bill Pettrey, Raymond Sirkle, E. S. Collins, Winston Ford, Merle Wilson and guests Mesdames W. V. Bunting, Tom G. Dingus and Troy B. Sturgill.

The next meeting will be held Nov. 8 at the home of Mrs. Raymond Sirkle.

Millionaire Sam Bates Faces Federal Charge In Income Tax Case

Evasion of federal income taxes totaling \$206,891 has been charged to Sam J. Bates, millionaire coal operator of Whitesburg, Ky., and his wife.

A three-count sealed indictment was returned by the federal grand jury in Louisville last week. The first count charges that Bates, 50, and his wife, Elizabeth, 40, falsified the 1948 return for the Star Elkhorn Coal Company. He is president and she is secretary-treasurer of the corporation.

The second count covers their joint personal return for 1948 and the third, Bates' own 1947 return.

The indictment said the three returns showed total net income of only \$48,598, when the actual income was \$400,326, a difference of \$351,728.

The government said the returns listed only \$10,791 due, when the amount should have been \$217,783.

Bates and his wife were released under bonds of \$10,000 each for appearance in Louisville Monday. Attorney John Young Brown surrendered them at Lexington last Thursday.

Construction of 10 Hospitals Get Welfare Group Approval

Special to The Times
Washington, D. C. — General approval of the medical care program of the United Mine Workers' Welfare and Retirement Fund, including plan for constructing 10 hospitals was expressed recently by the Medical Advisory committee of the Fund, following a meeting here.

(One of the 10 hospitals is to be located at McDowell, Ky., is planned.)

The Advisory committee is made up of seven nationally outstanding specialists and practitioners with long experience in the type of public health and rehabilitation measures found necessary in mining areas.

They are: Drs. Robin C. Buerki, executive director of the Henry Ford Hospital, Detroit, chairman; Howard A. Rusk, director of the Institute of Physical Medicine and Rehabilitation, New York City; Carl M. Peterson, secretary of Council of Industrial Health, American Medical Association, Chicago; Walter E. Vest, Huntington, W. Va.; William W. Haggart, Denver; Harold S. Diehl, dean of the Medical Sciences, University of Minnesota School of Medicine; and Dean A. Clark, general director, Massachusetts General Hospital, Boston.

A total of approximately \$50,000,000 was paid out for medical and hospital services in behalf of the soft coal miners and their families in the fiscal year ending June 30, 1952, the annual audit of the Fund showed. The millionth bill for such services since the present fund regulations were adopted July 1, 1950 went out two weeks ago. It has been estimated that the miners' program serves at least 1,500,000 beneficiaries.

It was after a meeting of the Advisory committee at Harlan, Ky., a year ago that the recommendations were made to the Fund trustees that at least 10 hospitals be built in areas of Kentucky, West Virginia and Virginia to meet the pressing and immediate needs of the miners and their families there. Three Memorial Hospital Associations have been established in these states and the Fund has approved loans to these Associations for construction of the 10 institutions within the next three years.

The type of problems encountered throughout the coal mining areas was outlined for the group by Dr. Warren F. Draper, executive medical officer of the fund.

The Fund pays the fees submitted by physicians and hospitals when their services are used by beneficiaries in conformity with Fund regulations. Constant vigil is maintained to determine that the best possible advice and treatment are obtained at fair cost.

Dr. Draper disclosed that members of the committee expressed general approval of the development of medical activities of the Fund up to the present point.

Members also showed special interest in the rehabilitation services of the Fund and recommended that rehabilitation facilities be included

in the new hospitals, so far as space would permit.

The committee also emphasized the importance of developing outpatient services in connection with the hospitals, and to the fullest extent possible. The members felt that such services should provide a dynamic approach to medical service and are an important factor in limiting the necessity of hospitalization in many instances.

Oscar Bush, Candidate

For Member of the Board of Education,
Floyd County District No. 3

I want to take this opportunity to explain to the public my candidacy for member of the Floyd County Board of Education, District No. 4. I am not running in opposition to Mr. Turner, present county school superintendent, or his administration. It is my purpose to cooperate with Mr. Turner and other members of the board in improving the educational opportunities of this school district.

My opposition stems from the fact that my opponent is committed to support and continue the present administration of the Betsy Layne high school which is at the center of our school district.

The Betsy Layne administration has politically dominated not only the high school but the ENTIRE DISTRICT which the high school serves.

The Betsy Layne administration has taken the schools away from the people and delivered them into the hands of politicians which has resulted in schools that are not a part of the community but APART FROM the community.

This offering of our children and our teachers on the altar of corrupt politics has caused the loss of many capable and progressive minded teachers who would not bow to such practices.

Furthermore my candidacy is the result of the urging of interested citizens WITHIN the district, thus giving the people a voice in choosing their candidate. The candidacy of my opponent is the result of the influence of a few politicians OUTSIDE the district in league with the Betsy Layne administration, contrary to the wishes of the people of the district.

I shall earnestly strive to remedy the above mentioned conditions and relieve the Betsy Layne high school of an administration that has been consistently falling below standard for several years, fostering strife, disunity, suspicion in the life of the community. Because of this state of affairs the Parent-Teacher Association has been unable to function as a community enterprise and all other community-wide activities have met with opposition from the same administration.

All efforts in the past, and they have been many, have failed to bring relief and I believe this school district deserves and must have such relief.

I promise as your Board member to administer the duties of my office free from political considerations and to work for the selection of teachers on the basis of character, training and merit qualifications. I promise to rescue this school district, its teachers and children from politicians and return it to its rightful owners, THE PEOPLE.

Finally, as a citizen of experience and MATURITY and a former teacher in the public schools of this section of Kentucky, I solicit your support at the polls on November 4th.

OSCAR BUSH, Harold, Ky.

Candidate for School Board Member
School District No. 3.

"Blue" Childers, former Prestonsburg southpaw, is making a name for himself in baseball elsewhere, news that he has won 16 and lost two for the Johnson Air Force Base of the Far East League in Japan, indicates.

A curve-ball specialist, with good control, "Blue" pitched a one-hitter in the World-Wide Baseball Tournament at Eglin, Fla., allowing not a hit until two were one in the ninth. "Blue" has been signed by the Cleveland Indians and for three years will wear the uniform of the U.S. Air Force. He is stationed at Yokota, Japan.

He is the son of Mr. and Mrs. Foster Childers, of Emma. His opposition in the Far-East League includes former major leaguers.

**New Coal Planer May Point
To Increased Fuel Supply**

Tests with a new-type German coal planer, conducted in a West Virginia mine by the U.S. Bureau of Mines in cooperation with a large mining company, may point the way to a sharp increase in the percentage of fuel that can be recovered from thin beds in this country and a corresponding increase in the nation's mineable reserves of high-grade coking coal, the Department of the Interior agency reported.

Under favorable conditions, the German machine cut a slice of coal 3 inches thick about 3 feet high, and 328 feet long in four minutes, producing more than eight tons of coal, the Bureau said.

An 11-acre block of coal in the Statesbury No. 11 mine of the Eastern Gas & Fuel Associates, Coal Division, at Helen, W. Va., was mined by the planer between Nov. 1951, and April 1952, with 83.3 percent of the coal being recovered. This compares with 78.1 percent recovery in a panel mined by conventional methods in the same mine. In most American coal mines, the average recovery is about 50 per cent. The recovery of coal at the Statesbury mine by conventional methods is considered unusually high.

The new machine was brought to this country by Mining Progress, Inc., after the Bureau of Mines arranged its importation. The block of coal was developed by Eastern Gas & Associates, which has a coal operation at Weeksbury in this county. Tests were so successful that several coal companies already have ordered coal planers or are seriously considering doing so.

A report just released by the Bureau describes operation and performance of the machine in detail. Planer mining of the 11-acre block was completed in 93 shifts, with an average production of 553 tons of clean coal a shift. This average, the report observes, includes the time—about two weeks—required to train a crew in operating the unfamiliar machine and in the longwall method of mining. At that time the coal planer was operated intermittently, sometimes as little as two hours a shift. During the 15 consecutive days of peak production, the average was 694 tons of clean coal a shift, and more than once the planer crew turned out more than 800 tons of clean coal.

In the 15 days of peak output, the crew averaged 33.3 men on the first shift—when the coal planer was operated—and 4.5 on the second shift—when it was lubricated and serviced. Average production during the peak period was 18.4 tons of clean coal per man shift, and the average production during the entire test, including entry-driving, setting up the planer, and removing it for use in another panel, was 12.3 tons per man-shift. This exceeded the average production at this mine, with conventional methods, which was 10.4 tons per man shift.

Stating their conclusions conservatively, the Bureau engineers who prepared the report, observe that while the coal planer has shown to be adapted to mining thin beds of friable (easily crumbled) coal, it will be necessary to test it in other beds harder than the Pocahontas No. 4 in which the Statesbury No. 11 mine is operated to determine how hard a coal can be mined with it.

The coal planer is a continuing mining machine that can be used in beds as thin as 24 inches. It mines coal as it is dragged back and forth across the solid face by an endless chain at the rate of 75 feet per minute. Several removable steel teeth are mounted on each cutting face. With plow-like action, the planer pushes the coal on a conveyor.

The planer and conveyor are operated by twin drive units, one at each end of the machine, and each powered by a 50-horsepower electric motor. Pneumatic shifters keep the machine snugly against the coal face being mined.

Bureau of Mine coal technologists sent to Germany after VE-Day had watched a coal planer in operation, and more recently Bureau representatives saw an improved model in that country. As mechanization of mines in thin coal beds has progressed relatively little in the United States, despite remarkable strides in mechanical mining of thick beds. The Bureau decided it would be worthwhile to determine whether the latest type of German planer could be adapted to American conditions.

Another factor influencing this decision was that the coal planer is designed for longwall mining. This system, which is seldom used in this country, results in a higher percentage of recovery than the more popular room-and-pillar method.

Except for a small amount of blasting early in the test to cause the roof to cave in the mined-out area behind the face, no explosives were used during planer mining.

A free copy of "Report of Investigations 4922—Modified Longwall Mining with a German Planer in Pocahontas No. 4 Coal Bed, Helen, W. Va." can be obtained from the Bureau of Mines' Public-Relations Section, 4800 Forbes St., Pittsburgh 13, Pennsylvania.

Steven A. Lott Is Named Successor to Dr. Ashley As Hospital Executive

A new administrator has been named for Methodist hospital, Pikeville. He is Steven A. Lott, a native of Mississippi.

Mr. Lott succeeds Dr. Thomas B. Ashley, who has retired as administrator to work as field secretary for the expanding hospital, which serves a wide area in eastern Kentucky and southwestern Virginia.

Mr. Lott has been administrator of Blount Memorial hospital, Maryville, Tenn., for the last three years. He has a bachelor-of-science degree in business administration and education from Mississippi State College. He has a master's degree in hospital administration from Northwestern University. His administrative residency was served in part at Bronson Memorial hospital, Kalamazoo, Mich.

ALPHORETTA

A box containing belongings of Cpl. Richard Crisp, 32nd Infantry, Medical Corps and a son of Mr. and Mrs. Caner Crisp, of Alphoretta, has been received. Richard is supposed to be on his way home. Not long ago, Cpl. Crisp captured a Korean woman and her son. Crisp took a liking to the boy, and now he hates to leave the boy, but he knows some other GI will be good to him.

A new postmaster is taking over at Alphoretta—Mrs. Leon Hall, of Eastern.

Crawford Sturgill has been critically ill in the Beaver Valley hospital for the past week.

Mrs. Annie Chitwood, of Ohio, is visiting here.

A quilting party was held at the home of Mrs. Walter England. Those attending were Mrs. Myrtle Conley and daughters, Patricia and Wanda, of Manton, Mrs. Lucy Crisp, Mrs. Sadie Sturgill, Mrs. Arnold Manuel, Mrs. Dona Olick. Three quilts were quilted during the week.

Sharon Kay and Clara June Sturgill visited their aunt, Mrs. W. England, Friday. They also visited their grandfather, Crawford Sturgill, at the Beaver Valley hospital.

Mr. and Mrs. Joe Bailey, of Catlettsburg, were visiting here Saturday night.

Nickie and Gary Patton, sons of Mr. and Mrs. Virgil Patton, of Martin, visited their grandmother and Mrs. C. K. Moore during the weekend.

Mrs. Bonnie Allen last Monday visited her sister who is very ill at Wilson Creek.

Mr. and Mrs. Caner Crisp attended church at Garrett, Sunday.

Mrs. Annie Chitwood and Mrs. Lucy Crisp were visiting Crawford Sturgill Saturday night.

Mr. and Mrs. Hatler Spurlock and children, of Salisbury, were visiting Mr. and Mrs. M. D. Isaac, Sunday.

JUDGE NAMED

Governor Lawrence W. Wetherby named Parker W. Duncan, 43-year-old Monticello attorney, as Judge of the Court of Appeals to succeed the late Clyde B. Latimer, Glasgow. Duncan has served on several occasions as special circuit judge and commissioner of the State Bar Association for the Third Appellate District. The appointment runs until November, 1953 when a successor will be chosen for the one-year remaining of the Latimer term. Appointment of Duncan gives the Democrats the entire seven judges of the court.

FLOYD CIRCUIT COURT

First National Bank of
Prestonsburg, Ky. Plaintiff

vs.—NOTICE OF SALE

Joe I. May and Linda
May, his Wife Defendants

By virtue of a judgment and order of sale of the Floyd Circuit Court, rendered and entered at the September term, 1952, in the above-styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Ky., to the highest and best bidder, at public auction, on the 27th day of October, 1952, at 10 o'clock, a.m., same being the first day of the regular term of the Floyd County Court, upon a credit of six months, the following described property, to-wit:

That certain tract or parcel of land lying and being on the waters of Big Sandy river, Floyd county, Ky., beginning at a stone in the center line of a certain private road 25 feet wide on the west side of Lick Branch and a corner of a certain tract containing 4.38 acres conveyed by said grantor (Pike-Floyd Coal Company) to John M. Moore, by deed dated July 23, 1938; thence running up the hill and over the dividing ridge between Lick Branch and Spring Branch with the line of said Moore tract, N 72 30 W 834.25 feet to a stake on the side of the hill; thence with the side of the hill, N 19 48 E 218.57 feet to a stake in the center of the ridge; thence leaving the ridge and running down the hill, S 70 12 E 483.87 feet to a

stake from which a large beech bears N 5 00 E 6 feet; thence down the hill, S 72 28 E 48 feet to a stake; thence along the side of the hill and the southwest corner of a certain tract containing 0.70 of an acre, conveyed by said grantor to Willie E. Clark by deed dated April 26, 1938; thence with the line of said Clark tract running down the hill, S 72 30 E 302.00 feet to a stone in the center line of said private road; thence in the center line of said private road, S 19 38 W 104.10 feet to the beginning, containing 4.48 acres. Being the same land conveyed to the defendant, Joe I. May, by Pike-Floyd Coal Company by deed dated January 24, 1939, and recorded in Deed Book 111, page 15, Floyd County Court Clerk's office.

Said property will be sold to satisfy a judgment in the above styled action amounting to \$5,691.34 and the costs of said action.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply promptly with these terms.

Given under my hand, this 7th day of October, 1952.

\$44,897 Damages Asked In Chain-Reaction Fire After Gas Truck Wreck

Whitesburg, Ky., Oct. 5—A \$44,097 damage suit, stemming from a chain-reaction fire in which gasoline spread from a wrecked fuel truck, down a creek and into the mining village of Haymond, Ky., has been filed here.

Three frame buildings, a church, a coal tippie, 11 automobiles, and three trucks were destroyed in the freak fire last July 11.

The suit—one of several which may be filed—was brought by Mrs. Dicie Collins against the Liquid Transportation Corporation of Louisville. Mrs. Collins owned a general store, a restaurant, and several apartments which were destroyed.

The stage for the first was set when a truck owned by the Louisville firm jackknifed and overturned on a bridge over Potters Fork. Some 4,200 gallons of gasoline were dumped into the creek.

A trash fire, burning on the creek bank 500 yards downstream, ignited the gasoline and the current carried the fire into Haymond.

Several other persons have indicated they may file suit. E. F. Bentley, who lost a store, a truck, and a load of feed, said he planned to file suit. So did Collage Kincaid, whose store was destroyed.

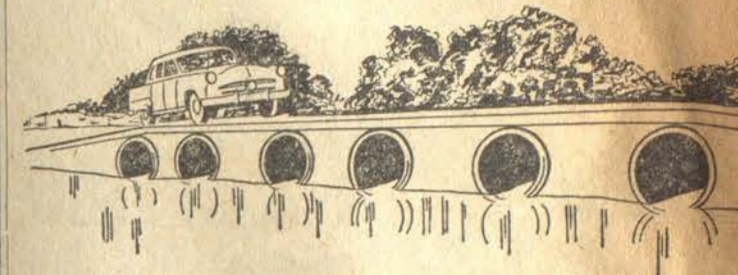

E. C. Schaefer of the Letcher Mining Company, which was using the tippie, said his firm is considering a suit. The tippie was owned by the Elk Horn Coal Corporation, but the mine it served recently worked out.

Mrs. Collins' suit was filed in Letcher circuit court.
