BOARD ASKS SCHOOL BIDS ADVERTISED

Fiscal Court To Act On Bond Issue; Plans For Bosco Approved

The Floyd County Board of Education asked at its Tuesday afternoon meeting here the Floyd fiscal court to act as its financial agent and to advertise for bids on the construction here of the long-delayed 23-classroom high school building.

The court is meeting today (Thursday) and it is expected to take this action as well as that of advertising the sale of \$400,000 in bonds to finance the project.

The Board of Education voted approval of a change in plans for the building which would make possible wiring of the structure at the time of construction for use of an inter-communication system. This is a minor change, and architects already have revised plans to that extent.

It is now believed that work on the structure may begin by March. Its completion is not expected before 1954. Its 23 classrooms will accommodate 305 pupils on the basis of 35 pupils per room.

At the same time preliminary plans on the Bosco school building were approved, and the plans were certified to the State Department of Education for approval. The Ligon building plans also were approved but will not be certified to the State Department until it is determined if natural gas will be available for heating the building.

The school structure here will be erected on a site comprising approximately five acres of land which were purchased two years ago during the administration of Palmer L. Hall as County Superintendent. After that, plans were procured from architects, then later revised.

When plans for the school here were submitted to the school Department of Education for approval, the Department required the outline of a definite program for the school. This is the curriculum planned at that time for the school, as confirmed by Gordie Young, assistant to the State Superintendent.

Freshman year: Required subjects—English I, Civics, Algebra or General Math, General Science, Health and Physical Education; electives—French, Agriculture, Music, Latin, Home Economics.

STEEL STRIKE AFFECTS MINE

At W'Wright But Work Is Resumed Wednesday; Unemployment Increases

"We fied two men and 26,000 came out on strike."

Thus was described this week the shutdown of the Inland Steel Company's plant at Indiana Harbor, Ind.—an industrial crisis which was felt all the way to this county where the strike idled approximately 1,200 miners of the Inland Steel Company at Wheelwright.

Word reached Wheelwright Friday to halt all coal shipments, and the Wheelwright-Price operations were at a standstill till Wednesday's second shift.

Of the 1,200 who have idled at Wheelwright, between 700 and 800 were scheduled to file for unemployment benefits at the Kentucky Unemployment office here, this added to the number of other miners losing work recently was taxing the capacities of unemployment office, Glenn S. Anderson, manager, said.

"The unemployment picture was looking better," Mr. Anderson said Tuesday. "The claim load had dropped off from last July's peak through the last

Lake Petitions Signed Now at Total of 2,401

The total number of petitions returned to the Times office as of this morning, urging deepening of Dewey Lake by five feet, was exactly 2,401.

Between 3,000 and 4,000 petitions are still out, and these should be returned to The Times by Feb. 15 so that they may be presented to the District Office, U. S. Corps of Army Engineers, at Huntington, W. Va.

FORGER GETS 2-YEAR TERM

Johnson Sentence, Last Of January Court Term; Ratiiff Taken to Pen

Last of the circuit court convictions last week before adjournment of the January term was that of James Everett Johnson, who was given a two-year pen term for forgery. He was accused of forging the name of Deputy Sheriff Willie Johnson, among others, to checks.

He and W. J. "Happy Jack" Ratiiff, who was given a 10-year term for rape, were taken to the LaGrange reformatory late last week.

The February court term which convened Monday is for the hearing of equity cases, and no jury is required.

Noah Frasure was jailed last week on a charge of shooting with intent to kill. He was booked by Deputy Sheriff Frank Crum, who was told that Frasure had fired into an auto. Nobody was hit. Arrested on the following day by Deputy Sheriffs Ransie Marcum and Jim Burchfield and charged with banding in the same case were Charlie Newsom and Lewis Moore.

Others jailed on the more serious offenses within the week: Russell Wiley, child desertion, arrested by John Hall and Marion Martin; Clyde Hicks, accused of breaking into the Pountain at Wayland from which cigarettes and other items valued at \$50 were taken; Sam Buchanan, drunk driving, jailed by Deputy Constable Paul Sulton; Luther Tackett, drunk driving, arrested by Deputy Sheriffs Willie Johnson and George Johnson; Bennie Blackburn, arrested by Policeman Amos Gray on two bench warrants.

PAY PENALTY AT A PROFIT

Is Experience Told Of Few Floyd Men Who Grow Tobacco

There is a growing belief that Floyd county farmers can grow tobacco, pay the penalty—and still show a good profit.

The experience of a few farmers in this county last year gives support to that belief. Early Williams' case, for instance.

Mr. Williams is a farmer who lives up the Williams Branch of the Left Fork of Abbott Creek. He grew 3 of an acre of tobacco last year which yielded him 993 pounds of leaf. This he sold on the Maysville market for an average of \$83 per hundred pounds. And after all deductions had been made—the penalty imposed on tobacco grown without an established base, and the sales commission—he left market with a check for \$436.90.

Williams' tobacco, of course, was a bit unusual. In fact, it brought the highest average of the day, and the Maysville market handles some choice tobacco.

H. T. Hill, of Abbott Creek, who has grown tobacco on his Montgomery county farm for the last three or four years, contends that Floyd county will grow the best tobacco in the state.

Another instance is that of Grover Keathley, of Amba. His 339-04 acre of tobacco netted him \$339,04, although his crop on one .3 acre lot was good for only \$43.40 of that total.

And John Pratt, of Garrett, raised 1,010 pounds of the weed on 13 acres which brought an average of \$51 and cleared him \$310.61.

Floyd Teacher Shortage Described as 'Desperate'

Floyd county's teacher shortage was described by County Superintendent Virgil O. Turner this week as "desperate," with nine schools either closed or reopening after having been closed for lack of instructors.

Mr. Turner ascribed the shortage, in part, to the four-year-college requirements to become effective next school year. Many teachers quit to enter college at the beginning of the second semester. A few have entered private employment, and the draft has hit some male teachers. Two teachers are booked for induction next week.

The Mare Creek and Stephens Branch schools are without teachers yet. The latter is scheduled to reopen today (Thursday). Dele, which had been closed, resumed classroom work Tuesday and another interruption was threatened Wednesday as wiring burned out.

Other schools which have been temporarily closed but which have reopened are Cliff, Open Fork, Raccoon and Lick Fork. Only one teacher has carried on at the two-room Frazier's Creek school.

A teacher in Home Economics or English is urgently needed at Maytown high school, the Superintendent said. Describing the work of trying to meet the situation, he said he has called every teacher's college and university in the state, hoping the semester's end would make teachers available. On woman graduate told him she had had 25 teaching offers and had finally decided to teach in Lexington.

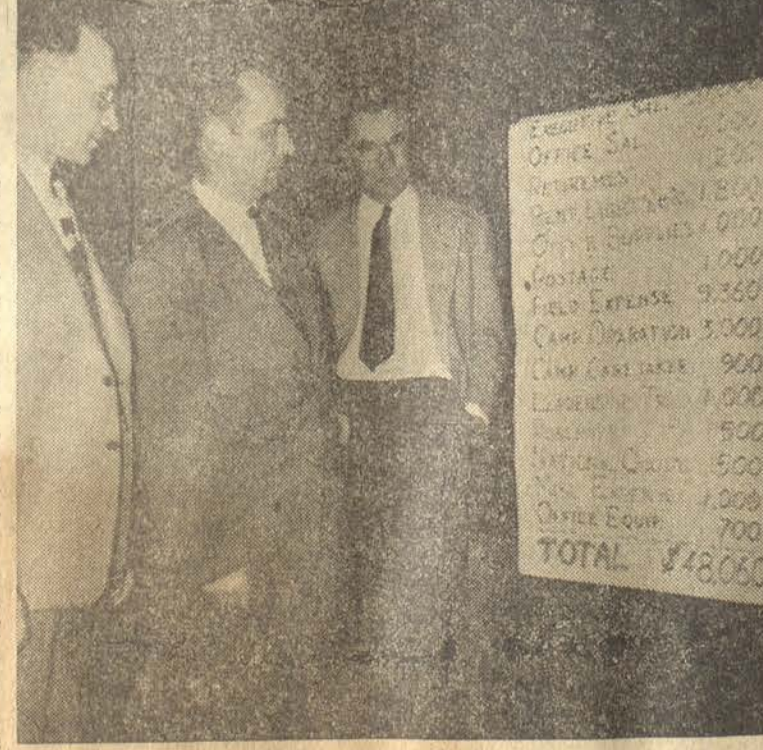

COUNTY MEN ARE LEADERS

In Scout Movement, Review of Activities For Past Year Shows

With National Boy Scout Week beginning Friday, Lonesome Pine Council officials review the outstanding part taken in Scouting by Floyd Countians.

Volunteer Scout leaders of Floyd county have assumed an active share in the responsibility of building a better Council and giving more boys living in this area an opportunity to be Scouts. At an annual Council meeting held at Jenkins recently, B. F. Reed, of Drift, was named Council president. Mr. Reed has been active in the Council during the past three years as chairman of the Council Finance committee, and has done an outstanding job. He was awarded the Silver Beaver in 1952 for his

Boy Scout Fund Drive Kicks off During Week

EYEING THE BOY SCOUT BUDGET are, left to right, B. F. Reed, Drift, president of Lonesome Pine Council; Fred G. Francis, chairman of the Prestonsburg Boy Scout finance drive, and A. H. Mandt, Manton, chairman of the Jenny Wiley district and Council vice-president.

Friends of Scouting in the Jenny Wiley district, including Floyd, Johnson, Magoffin, and Martin counties will participate in a simultaneous Council-wide finance campaign which is being carried on by the Lonesome Pine Council during the month of February. The campaign is scheduled for kick-off during Boy Scout week.

At an annual Council meeting held in Jenkins, recently, a budget calling for an outlay of more than \$48,000 was approved. This annual operating fund will provide six professional men to serve the Lonesome Pine Council, which is one man over the 1952 program of operation.

Prestonsburg will be among the first communities to have an Early Bird breakfast, which is scheduled to be held Friday morning, Fred Francis, campaign chairman, announced.

S. L. ISBELL HEART VICTIM

Former County Agent Succumbs Wednesday In Johnson County

Samuel L. Isbell, of Prestonsburg, who for 20 years was Floyd county agricultural agent and who later became widely known throughout this section of the state as a veterinarian, died Wednesday night of last week, of a heart attack at Staffordsville, Johnson county. He was 47 years old.

His passing came as a shock to a wide circle of friends in this section. Mr. Isbell had made a call at a Staffordsville farm, early Wednesday night, and was walking back to his car when stricken. Two small girls saw his flashlight burning. He told them he had suffered a heart attack, and an ambulance was quickly summoned. Mr. Isbell died shortly after having been placed in the ambulance. Until the fatal seizure he was apparently in good health.

A native of Hickman, Ky., he was a son of the late Maurice and Alma Ruth Isbell, and was reared at Wingo, Graves county. He was graduated from the College of Agriculture, University of Kentucky.

CANAL PARLEY SLATED FEB. 17

Attendance by Residents Of Floyd-Co. Being Urged By Congressman Perkins

Congressman Carl D. Perkins announced last week that he has arranged a meeting Feb. 17 in Washington with the Corps of U. S. Army Engineers for a discussion of Big Sandy river canalization.

He urged the attendance of persons from this county who are interested in canalization of the river. The Congressman also said he would be glad to place before the Engineers any material received from this district concerning conditions which will have a bearing on the necessity for canalization.

Bills to authorize improvement of the waterway were introduced shortly after Congress convened, Jan. 3. U. S. Senators Earle C. Clements and John Sherman Cooper are joint-sponsors of the legislation in the Senate. Congressman Perkins introduced a companion bill in the House.

Mr. Perkins also set forth at length in a recent letter to Charles E. Wilson, new Secretary of Defense, a strong argument for favorable consideration of the Big Sandy waterway and asked that the U. S. Corps of Engineers' adverse report of 1950 should be reconsidered and set aside. He pointed out that at this time when employment over the nation as a whole has reached the record total of 62,000,000, approximately one-half of the population of the Big Sandy area

MRS. ELLIOTT SHOT VICTIM

Coroner's Jury Holds Floyd Woman, Suicide Victim; Rites, Sunday

Funeral of Mrs. Alma Branham Elliott, 29 years old, wife of Vernon Elliott, whose death at the Elliott home in Wilmington, Ill., Jan. 27 was declared a suicide, was held Sunday afternoon from the Martin high school auditorium.

Mrs. Elliott, who was a daughter of Harry and Mary Branham, of Martin, was shot in the breast by a bullet from a .32-calibre revolver and she died instantly. A verdict of suicide was given at the coroner's inquest. The husband was quoted as saying that as he was leaving home in his truck to work his wife ran outside the house and fired the shot.

The Elliott family moved to Illinois from Martin about six years ago. Surviving her, besides her husband, and parents are two sons, Francis Marion and Vernon Harry, and the following brothers and sisters: Alvin Bruce and Jimmy Branham, both of Martin, Jesse Branham, Mrs. Hezzie Sammons and Mrs. Don Chandler, all of Toledo, Ohio, and Miss Gwendolyn Lee Branham, of Martin.

SEEK WOMAN, MISSING BOY

Schoolchild Is Taken By Woman; Couple Here Ask Arrest of Mother

Authorities in Kentucky, Illinois and nearby states have been alerted by Kentucky state police to arrest a woman for whom a kidnaping warrant was issued after she had spirited away in an automobile a seven-year-old West Prestonsburg boy last Friday from the grade school here.

The missing child is Ronnie Craft, foster son of Mr. and Mrs. Clarence Craft, of West Prestonsburg. The woman who is believed by Mr. and Mrs. Craft to be the former Gladys Marie Dewesse 22, niece of Mr. Craft and mother of the boy.

The Crafts expressed deep anxiety for the safety of the child. They claimed the mother had on two occasions reacted violently toward the child and that they had been warned to guard the child when she was present.

Incidents leading to the alleged abduction began last week, the Crafts said, with a telephone call from a woman in Chicago who gave her name as Joan Manley. The woman reportedly talked to the little boy, Friday, a well-dressed woman appeared at the grade school at noon-time.

The Crafts say the description of the woman supplied by Mrs. O. T. Stephens, attendance officer, and Mrs. Fanny Branham lunchroom manager: fits that of

BOARD LISTS 5,301 NAMES FOR PURGING

Members Work 4 Days Over 20-Day Period; Say Job 50 Pct. Done

Working four days beyond the 20 prescribed by law last week, the Floyd County Registration and Purgation Board rounded up a total of 5,301 names of voters to be submitted for publication and purgation.

These four days—for which the members of the Board expect no compensation—were possibly the most fruitful of the session. Assistance of one clerk during this time was supplied by County Clerk DuRan Moore.

The Board, composed of German Vance, chairman, S. R. Hatcher and Eugene Allen, expressed the belief that the work of purgation has been approximately 50% effective and that it can be made completely effective next year. Every precinct in the county was touched by the purgation work. Next year, the Board announced, aid of the county's Woman's Clubs, Kiwanis Clubs and other civic groups will be enlisted to make possible an effective purgation.

These recommendations were made by the Purgation Board: To the Precinct Election Officers—That proper use be made of "Purgation Recommended" stamp in the primary.

That voting record on cards be kept accurately and up to date. That proper use be made of comparative signature book, and that book not be returned blank, as in the past, by some precinct officers. That when a voter is challenged for ineligibility the election officers conform to law by administering voter's oath, same to be returned to the clerk who will turn same over to the grand jury or Commonwealth's Attorney.

To the County Clerk: That registration cards be carefully filled out, and all information called for on the form be entered.

That name, as entered at the top of card, correspond to signature of voter, determining in advance, if necessary, the way in which the voter wishes to sign his name.

That qualifications of voters be determined as to residence in precinct, etc., at time of registration.

That inquiry be made, at time of registration, to determine if voter is already registered in the precinct, or in any other precinct in the county.

That, when a voter transfers his registration from one precinct to another, his mailing address be changed accordingly, if necessary.

That upon receipt of absentee ballots, the outer envelope be removed, and voting record on registration card be checked by Clerk before depositing in ballot box.

That upon receipt of application for "Absentee Ballot", a close check be made to determine if applicant is already registered before filling out a card and signing it "Absentee", resulting in duplication.

It really was good to see him and he was going to Japan for a rest. On our way back I let the co-pilot take over and we talked all the way. Thought you'd like to know."

Pvt. Thomas Hampton writes from Korea: "Thanks for the Floyd County Times. Send me another; one some time. I sure enjoy them. I've been over talking to Jackie Keathley. There's a lot of boys here from Floyd county and home." A 1-C Flosse (Steve) Frazier, from Shaw A. F. Base, S. LIBRARY MEET IS SCHEDULED

New Law Co-Authored By Hays Basis of Hope For Counties of State

Kentucky, which stands next to the bottom of the 48 states in free public library service for its people—only North Dakota is in a worse position!—may within a few months bring itself to the very top of the list.

Plans to alleviate the dearth of library facilities in Kentucky are underway, sponsored jointly by the Friends of Kentucky Libraries and the Kentucky Library Association.

Mr. and Mrs. Schacter, Louisville, is father of the idea and Mrs. Barry Bingham is chairman of the project's general committee.

Mrs. Bingham and Mr. Schacter in a joint letter to DuRan Moore, vice-president of the Kentucky Association of County Clerks, extended an invitation to appear as a guest at the Brown Hotel, Louisville, Feb. 6.

"We would like to discuss with you the appalling condition of 60% of our people of Kentucky (80% in the rural areas) who have no access to books, because there are no free public libraries in their counties or neighborhoods. In spite of the hard work of a small group of dedicated people in the Kentucky Library Association and in the Friends of Kentucky Libraries, Kentucky ranks 47 among the 48 States in the availability of library books. Only North Dakota is in a worse condition—with 62%."

Senator Doug Hays, who sponsored library legislation at the last meeting of the General Assembly, will also attend the Brown Hotel dinner, it was learned Tuesday.

The plan, conceived and suggested to the Friends and the K. L. A. by Mr. Schacter, Louisville department-store executive and head of the old Committee for Kentucky, calls for a general Kentucky Bookmobile Project committee, which is headed by Mrs. Bingham.

The committee, being expanded to include representative citizens throughout the state, will work with an advisory group made up of representatives of scores of civic, professional and lay organizations in essentially every walk of life. This sponsoring group will be organized at a dinner meeting February 6 at the Brown Hotel in Louisville.

A Governor's Committee, to be headed by Lawrence Wetherby and including the State's seven former Governors, is being set up for encouragement of the project. Another will be an Authors' Committee, made up of Kentucky's rich store of writers and playwrights both in and out of the State.

Floyd county, Moore pointed out this week, could possibly take advantage of the library law passed by the last General Assembly. That bill, sponsored by Senator Doug Hays of McDowell, provides for state assistance to counties in the matter of public libraries. Counties with no public libraries are entitled to a maximum assistance of \$5,000. The state will grant funds and according to a schedule of assessment value of that county require a matching of the funds. Floyd would only be asked to match a state appropriation to the extent of 5% as this county's property assessment falls in the 20 to 50 million dollar range.

UNITED NATIONS — A row over the loyalty check of Americans at the UN has led seven Americans to resign from the UN Staff Council.

Stated for Two Roles, Martin Student Also Acts as Electrician

Frank Taylor, son of Mr. and Mrs. Demra Taylor, of Martin, has been cast in the roles of Bugby and Robert in the Morehead Players production of the Shakespearean comedy, "The Merry Wives of Windsor," at Morehead State College. Besides his two roles in the play, Frank is lighting electrician for the production.

The Players, who are planning to take the production on tour during the first two weeks in March, will be guest performers at the Shakespeare Festival in Lexington. The festival will be held the last week in February in commemoration of the 25th anniversary of the Guignol Theatre of the University of Kentucky. The play, under the direction of W. P. Covington III, formerly with the Carolina Playmakers, will be presented in the Morehead State College auditorium the same week.

Mr. Taylor, 1951 graduate of Berea Foundation School, has previously been cast in the Morehead Players production of David Samples' "Consider the Heavens." While in high school, Frank took part in various productions presented by the Berea Players and did technical work for the organization.

At the Clear Branch Mining Company, Hi Hat, 136 miners were laid off work last Friday. The Beaver Coal & Mining Co. at Drift has not worked since Jan. 14, and around 150 men are out of work there. Several small mines in the county are not working, piling up the numbers of unemployed.

In Johnson county the White House Coal Company is idle. It employs about 80 men. And at Thealka the North-East Company tippie burned Monday night, probably closing that operation permanently. This operation had dropped to truck line status, and employed only 15 to 20 men.

service to Scouting. This is the highest award given by the Council.

E. R. Price, of Wheelwright, is one of the charter members of Lonesome Pine Council which was organized in 1934. He served as one of its first presidents. During 1952 and at present he is serving as general chairman of the Camp Development committee. Under his leadership, the camp at Dewey Lake became a reality. The camp represents a financial outlay in excess of \$45,000 and will accommodate 150 Scouts each week during the summer season. The camp is one of the best in the region and the nation.

During 1952 J. T. Parker, of Wheelwright, served as chairman of the Camp Construction committee, which planned the layout and supervised construction at the new camp. Mr. Parker was president of the Lonesome Pine Council during a two-year period, 1949-50. During 1953, he will continue to serve as chairman of the Council Camping committee.

A. H. Mandt, of Manton, who served as chairman of the Floyd district, was elected to serve as chairman for combined and newly organized Jenny Wiley district which merged Floyd county with Magoffin, Martin, and Johnson. At the Jenkins

Council meeting, Mr. Mandt was also elected to serve as a Council vice-president

Other Floyd county Scouters elected to serve on the Council Executive Board included William Crawford and Clark Todd, of David, George Evans, Glo, and Dr. C. L. Hutsinpillar, Prestonsburg.

Floyd county has some of the outstanding Scout troops in Lonesome Pine Council, according to awards made in 1952 in the National program, "Forward on Liberty's Team." Progress in Scouting would not be possible without the services of an outstanding group of well trained and devoted Scoutmasters.

Troop 143 at David, sponsored by the Princess Elkhorn Coal Company, received state-wide recognition for having the outstanding first-aid team at the meet sponsored by the Mine Safety Institute this year. The troop has been outstanding in advancement with seven second-class Scouts, five first-class Scouts, two stars, and one life. The achievement was made under the leadership of Ray Stambaugh as Scoutmaster.

William M. Hunter, Scoutmaster of troop 15, Betsy Layne, served on the camp staff at Dewey Lake this past summer. His troop has helped in the organization of other new troops in that section of the county. More than half the membership has reached the rank of second class or better.

Troop 20, sponsored by the Baptist Church at Prestonsburg, has three second-class Scouts, and two first-class Scouts. Edmond H. Tackett is Scoutmaster.

Troop 21, with Carsey Kidd, Prestonsburg as Scoutmaster, had outstanding advancement during 1952, with nine second-class, one first-class, three star, two life, and one Eagle Scouts. The troop has been active in conservation projects, and has worked at the improvement of Dewey Lake Scout camp. The Scoutmaster plans to serve as Scoutmaster for a troop of Scouts to attend the Third National Jamboree at Irvine Ranch, near Los Angeles, Calif., this year.

Troop 24, sponsored by the Maytown Methodist Church, Langley, also has an outstanding record in advancement, with nine second-class Scouts, seven first-class, five Star Scouts, one life, and one Eagle.

Troop 25, McDowell, has one of the largest enrollments of Scouts in the district, with 23 between the ages of 11 and 14, and 12 Explorer Scouts. Sixteen Scouts are second-class or higher in rank.

Troop 26, Wayland, with Chas. R. Adkins as Scoutmaster, has a membership of 28 Scouts. T. W. Dixon, E. T. Morrison, Jack E. Hammett, Ralph Wright,

and James Hall are assistant Scoutmasters.

Troop 27, sponsored by the Porter Addition Methodist Sunday School at Cliff, is one of the more progressive troops in the district and in the Council. E. B. May, Jr., is Scoutmaster. Eight of the Scouts achieved the rank of second-class, seven first-class, and two star, during 1952. Troop 56, Allen, is a newly organized troop during 1952. Out of a membership of 24 Scouts, 16 became second-class during the year. Galloway Lafferty is Scoutmaster, and Forest M. Johnson, assistant Scoutmaster.

Another newly organized troop which has shown outstanding growth is Troop 53 at Hi Hat. James Robert Fuller is institutional representative and chairman of the Troop committee. A. P. Compton is Scoutmaster. Three have already achieved first-class rank.

Wheelwright boasts one of the largest Scout memberships in comparison to population of any town in the Council, with 117 members enrolled in a Cub Pack, three Scout troops, and an Explorer unit. Troop 72 is sponsored by the Community Church. G. N. Wilkinson is Scoutmaster. Troop 146, sponsored by the Beaver Valley Kiwanis Club, has Ray W. Gibson as Scoutmaster. Gibson is leader of Explorer Post 8, at Wheelwright. During 1952 11 Explorers from the unit visited Philmont Scout Ranch in New Mexico. Troop 302 at Wheelwright is sponsored by the St. Mark A.M.E. Church, with Sam Ballew and Marshall Tyson, Webster Tyson, and William T. Gilbert as adult leaders. Sam Ballew is one of the better-trained and more experienced Scoutmasters in the Council.

MURDERED FATHER AND SON BURIED IN A SINGLE GRAVE

Granite Marker erected at the grave of Col. David Morgan and William C. Morgan, his son, in the Davidson Cemetery at Ivel.

A single headstone marks the burial place of Col. David Morgan, Sr., and his son, William C. Morgan, who are buried in the old Davidson cemetery at Ivel. They were buried together in a common grave, Oct. 13, 1815, the day after they had been murdered, while the fugitive-killer watched from the security of a far-off, forested hill.

The story of the tragic deaths of the Morgans and the flight of their killer is one that has fired the imagination of the descendants of both sides in the double murder. Today, after a lapse of 137 years, these descendants relate the old, old tale. Nothing tangible remains as evidence to corroborate the many oral versions that will not die. Of such stories the following is a composite of what the people say.

Edward L. Osborn, Virginia immigrant, lived somewhere near the present community of Ivel, probably north of Ivy Creek, and on the east side of the river. He had married a Burchett, we are informed, a sister to the settler, Drewry Burchett. Lucinda, a daughter, was in her early teens and her brothers and sisters were in various stages of childhood and adolescence.

Osborn was, comparatively speaking, well-to-do. He owned ample acres of land and slaves to work his estate, but a debt to David Morgan, Sr., secured by a mortgage on the land and slaves, brought insecurity to his hearthstone.

The autumn days had turned the leaves brown and red and gold. It was October 12, 1815. Edward Osborn worked in his home on the family shoes. While he worked he brooded over his debt to Morgan and the approaching end to a lawsuit. Morgan had won in the Floyd court—perhaps, thought Osborn, because his son-in-law, Alexander Lackey, was the district judge. Any day, the court would issue an execution and the sheriff would take the slaves away. When he looked out of the window and saw the color of the leaves he knew that the dark of winter was near.

When he did not brood on the debt there was the worry over, of what he believed to be the infidelity of wife. She was too friendly with young Bill Morgan, son of his creditor, he thought. He worked on, humped over his leather and shoes. On a bench before him lay his hand tools. He picked up a long hunting knife and slit the leather with easy strokes. The knife was sharp, for he and Lucinda had "edged" it on the grindstone the day before. He did not recall, in his black mood, that Lucinda had turned the stone. His daughter would. She recalled the turning of the grindstone and the whetting of the great knife to the end of life.

The sun had started its descent into the west when David and Bill Morgan came riding up to the Osborn home. It was no hospitable visit, the master of the household knew, so he did not rise from his work bench. They were here for his slaves and land. Edward Osborn laid the leather and knife aside as David Morgan entered the room. When he looked up at the elder Morgan he saw young Bill Morgan as he passed into the kitchen.

They talked of the debt and the lawsuit. David Morgan wanted a peaceful transfer of property. Edward Osborn heard the low voices of his wife and Bill Morgan in the kitchen. Angry words between debtor and creditor, now, wild charges from one of judicial connivance and fierce denials from the other. Suddenly the elder Morgan seized a set of bullet molds from the work bench and struck Osborn over the eye.

Rising, bloody and beserk, one eye closed with the wound Osborn seized the hunting knife and struck at Morgan. He struck again and again.

Sound of the affray brought young Bill Morgan to the door of the room. Osborn charged the weapon held high in his right hand. Young Morgan, unarmed, fled out of the house, pursued by a madman with a bloody knife.

Since young Morgan was fleeing the house by way of the back-yard he was cut off from the road. He vaulted a fence into a hog lot and as he struck the earth he stumbled. He had not righted himself when Osborn was upon him. Morgan fell upon his back, and the knife disemboweled him.

Mrs. Osborn, who was following after the running men, screaming and imploring, arrived at the hog lot. Her husband, returning to sani-

ty, threw down the knife and together they looked upon the dying Morgan. Lucinda came, not crying or screaming, but eyes full of horror at what she saw. The hogs stirred at the smell of warm blood. Lucinda fought them with stones and sticks while her parents picked out the disemboweled man and took him over the fence.

Edward Osborn vanished into the hills. Night came and he slept in the outdoors. Morning, and he saw a wooden box carried into his home. Evening, and he saw from the far-off security of a wooded hill a lone box carried out. A concourse of people followed up the cemetery hill. One was alive, he thought, and he wondered.

That night he approached his home and in the seclusion of the woodland edge Mrs. Osborn told him that both were dead. They had been buried in one coffin and a single grave.

The hue and cry for the arrest of Osborn shook the county, for the Morgans were prominent and wealthy for the times. Alexander Lackey, son-in-law of David Morgan, Sr., was district judge. The sheriff, Spencer Adams, who was a friend, his deputies, Wilson Mayo, James P. Harris and James Honaker, were searching and watching every likely hiding place.

We are told that John Hatcher made the arrest. No record shows that he was an officer at the time but since Osborn was a fleeing felon he had the right of a citizen to make the arrest. He came upon Osborn asleep in the woods and there was no resistance.

The old log jail that served for the incarceration of prisoners in early Floyd stood on the present First avenue in Prestonsburg. At the time of Osborn's confinement it was presided over by John Harris. In the night, following his incarceration, Osborn disappeared. There was a hole burst in the side of the log structure. Edward Osborn was never seen again on Big Sandy.

Years passed. Lucinda grew to womanhood, married Joseph Baisden of Tug River. She and other members of the family never believed that their father escaped through the side of the old log jail. They averred that Judge Lynch presided at a lonely trial in the night time and that burial was a secret, nocturnal interment in the swamp of what is now Garfield Bottom in Prestonsburg.

Children of Edward Osborn claimed that no man the size of their father could crowd his body through the opening pointed out by the authorities, but rumors in confirmation of Osborn's flight were that he was seen in a canoe at the mouth of Sandy, paddling away to freedom.

William Ely, in his "The Big Sandy Valley" (1887), gives an account that he had from older residents of Prestonsburg when he was gathering information for his book. He gives the date of the tragedy as 1811, but family historians of the Morgan family say it was 1815. Ely narrates in his meager account of the murder: "Escaping, he was not heard from for over forty years, when an old Sandian, passing through Southeastern Ohio, saw and recognized the double murderer. Osborn denied his identity at first, but, when pressed, pitiously begged the venerable Sandian never to divulge his whereabouts till after his death. During the whole time he had lived within two hundred and fifty miles, on a straight line, of the place where he had committed his atrocious crime."

RESOLUTIONS

TO: THE PRESTONSBURG BOARD OF EDUCATION AND FLOYD COUNTY BOARD OF EDUCATION:

We, the Pecco Foreman's Club, an organization of Supervisors of the Princess Elkhorn Coal Company, David, Kentucky, and affiliated with the National Association of Foremen, do hereby express concern over the lack of corrective action by officials responsible for the serious shortcomings of the school facilities of Prestonsburg, Kentucky.

We, the Pecco Foremen's Club, representing a membership of sixty (60) and approximately two hundred (200) children, and a company whose 550 employees and 1650 children spend annually 2 1-2 million dollars in this area, do hereby state that a larger and better equipped high school is a paramount need if the children of this and adjacent communities are to be educated by modern standards, and the following resolution is unanimously adopted:

RESOLVED: That immediate steps be taken to centralize in one school board the responsibility for pursuing a plan of action whose goal is to establish and maintain a high school which will be adequate to serve the children of the Prestonsburg area.

Respectfully submitted:

OVER MILLION TONS OF COAL PER FATALITY, RECORD FOR '52

The 42 mines associated in the Big Sandy-Elkhorn Coal Mining Institute produced 9,132,317 tons of coal with only nine fatalities during 1952, according to figures released to The Times by J. H. Mosgrove, the Institute's safety director.

The average of one fatality for each 1,014,720 tons mined, Mosgrove said, is the best safety record the institute has experienced in its 15-year history. It is almost twice as good as the 1951 average of 589,098 tons for each fatality. During the Institute's first year, in 1938, the average was 441,086 tons per fatal accident.

The principal function of the Institute is to promote mine safety by conducting classes among men who work in the mines and by stressing the dangers to be encountered. The Institute is associated with the Big Sandy-Elkhorn Coal Operators Association.

Mosgrove pointed out that four of the fatalities occurred in one mine fire. It was in the slope mine of the Pond Creek Pechontas Company at Evanston, Breathitt county, last December 13. These men died from the effects of inhaling carbon monoxide.

Besides the fatalities, there were 346 lost-time accidents in the 42 mines during 1952, or 26,394 tons mined for each injured miner.

The Institute annually gives safety awards to the Class "A" and Class "B" Divisions. The type of award is determined by arriving at an average tonnage of all mines in the Institute. Those producing

more than the average tonnage are Class "A" and those below this level are Class "B".

Winner of the Class "A" award for 1952 was the Hendrix Mine of Consolidation Coal Company (Ky.) at Deane, in Letcher county, with no accidents and with 559,043 tons of coal mined without a lost-time accident.

The Heller mine No. 2 of the Caudill-Ward Coal Company, with no fatalities and with no lost-time accidents in mining 64,769 tons was the Class "B" winner. This mine is at Heller, Pike county.

The High Point Elkhorn Coal Company's mine at Rockhouse, Pike county, 27,903 tons; Utilities Elkhorn Coal Company's Punched Creek mine at Kite, Floyd county, 21,672 tons; Farwest Coal Company's mine at Van Lear, Johnson county, 11,704 tons; and Turner Elkhorn Mining Company's No. 3 Liberty Mine at Martin, Floyd county, 11,358 tons together, these mines produced a total of 659,849 tons without a fatality or a lost-time accident.

Mosgrove credits the 1952 safety record to the co-operation of the coal companies, the workers at the mines, the district office of the United Mine Workers of America, the Kentucky Department of Mines and Minerals, the United States Bureau of Mines and the Big Sandy-Elkhorn Coal Operators Association.

The Institute mines are in the counties of Floyd, Pike, Letcher, Breathitt and Johnson.

The additional man will work part time, in the Jenny Wiley district, along with a full-time district executive.

The membership goal for 1953 is 3,000 Scouts, and will show almost 100% increase over a three-year period. The budget will also provide another secretary in the Council office to take care of the expanding membership, and will provide funds for the maintenance and operation of the new Scout camp at Dewey Lake. A full-time caretaker is now employed at the camp.

Other needs provided by Scouting funds includes service and field expense on the part of district executive to Scout units sponsored by churches, civic clubs, PTA, organizations, labor unions, and other groups sponsoring Scout troops.

A goal of the Council during 1953 is to train all Scout leaders.

Lay Leader To Speak At Methodist Church

Next Tuesday night is "Sweetheart Night," at the Methodist Church here, and every male member and friend of the church is invited to bring his "sweetheart," whether she is the wife or if they are yet unmarried.

Carl W. Haggard, executive of Kentucky Utilities Company, Lexington, and Methodist lay leader of the Kentucky Conference, will be the speaker. Supper will be served at 6:30 p. m.

The group, headed by E. D. Roberson, meets every second Tuesday of the month at a supper in the church basement, served by a committee from among their membership. Suspensions have arisen at times that the wives prepare some of the dishes at home, but it is strictly against the rules to allow any woman in the kitchen on the day of the dinner. Such a committee of men will serve next Tuesday night, and there will be favors for the ladies.

The speaker for next Tuesday evening is a cousin of the local minister. He is supervisor of power sales of the utilities firm, with offices in Lexington. He is also an eminent churchman, having held for some years now the office of Conference lay leader in Methodism in Kentucky, and makes frequent visits and addresses to churches among the more than 500 in his Eastern Kentucky area of service.

Prof. Keith Barts and Mrs. Merle Wilson will sing appropriate songs as part of the evening's program. Reservations should be made with Willie Mellon, secretary, by next Monday noon.

Homemakers club members in Pendleton county made enough money in bake sales to buy sewing machines for five elementary schools.

If You Remember . . .

Morning after morning, year after year, the old lady can be seen trudging along US 23, south of Lancer. Sometimes she is near Knotley Hollow, at other times she is just emerging from the environs of Lancer itself.

Who she is you do not know. You only know that she is punctual for if you are earlier than usual she has not come out to trudge up the highway. If you are late she is not seen and must have already passed.

Since you do not know her identity you indulge a silent mental game of deduction. Is she a woman

who baby-sits for a working relative and attends to her own fire-side at night? Does she work or scrub or keep house or, less likely than others, does she visit a relative with the punctuality of long habit? Your car whizzes by and sometimes you look back at her, but she does not. Be it fair or inclement, she trudges south.

If you are on time you meet her and are pleased for the little events of the day that mesh into the schedule of your routine have begun to occur. You pass and your day begins.

the boy's mother. At the school Commonwealth's Detective Alex L. Davidson said, the woman announced that she was Ronnie's mother and asked permission to talk with him. She showed deep affection for the child, and after a time asked permission to walk about the school grounds while she talked with him.

When the noon recess was over the child had not returned. Mrs. Branham was quoted as saying she saw the woman and child enter a two-door black sedan. A search of the school grounds failed to locate the missing boy.

Mr. and Mrs. Craft said the child was given them through cooperation of the Floyd county court with the Cook county (Ill.) juvenile court. As they explained the case, the mother was ill mentally, they said—and the Cook county authorities, learning that the woman was a former resident of this county, made inquiry about relatives here to find the baby, then about a year old, a home.

A Chicago policewoman bought the infant to West Prestonsburg and gave the baby to the Crafts, assuring Mr. Craft that he was its legal guardian and that it could not be taken from them by the mother.

Commonwealth's Detective Davidson, who was County Judge at the time the baby was brought here from Chicago, said the Federal Bureau of Investigation does not recognize the abduction of a child by a parent, whatever the circumstances, as kidnaping. License number of the auto driven by the woman who came here was not procured.

STATE PLANS BUILDING HERE

Federal Funds Would Cover Cost; 16 Other Structures Planned

Tentative approval has been given to the development of plans for the construction of federal funds of buildings in 17 Kentucky cities, including Prestonsburg, to house district offices of the Department of Economic Security.

The approval has been voted by the State Property and Buildings Commission on the condition that no state funds be used in the projects, according to W. T. Judy, executive director of the commission.

Under the plans, the federal government would pay the cost of the buildings through an annual rental arrangement, Vego Barnes, commissioner of the Economic Security Department, stated. He added that funds are now available through an accumulation in the Unemployment Insurance accounts to finance construction of 10 of the buildings in 1953, and the funds for an additional seven structures would be on hand during 1954 and 1955.

The tentative plans call for construction of the district office buildings at Prestonsburg, Corbin, Danville, Elizabethtown, Frankfort, Harlan, Glasgow, Hazard, Henderson, Hopkinsville, Madisonville, Mayfield, Maysville, Morehead, Pikeville, Somerset and Winchester.

Approval of planning for similar buildings at Paducah, Ashland, Bowling Green, Covington, Lexington, Louisville and Owensboro has been delayed because they would have to be larger, and because there is a possibility that provisions should be made in them to house some other state agencies, Judy added.

In an order approving negotiations for the planning of the 17 buildings and the acquisition of sites, the commission directed that "The buildings are to be designed so that they meet federal government housing requirements, as the buildings will be leased under a rental agreement with this agency."

The federal government now pays the rent on offices for the Division of Unemployment agencies throughout the state. Under the proposed plan, federal funds will continue to be used to pay rental on the new buildings until the construction cost has been repaid, Mr. Barnes said. In this way, no state funds would be used in the projects, but when the cost has been amortized the buildings will belong to the state, with the understanding that the federal government will be allowed to discontinue payment of rent, he added.

The Building Commission directed that the buildings be planned so that a second floor may be added later if needed. Final plans for sites will be subject to the approval of that commission as well as the federal government. It is believed each of the 17 buildings will cost approximately \$100,000.

The Department of Economic Security administers the federal Social Security programs in the state.

UCW Move To Organize Power Firm Employees Is Begun at Pikeville

The United Construction Workers which made an abortive attempt to organize the automobile service businesses here three years ago, have re-entered Big Sandy, this time at Pikeville, in an organizational move with the employees of the Kentucky and West Virginia Power Company, it was learned this week.

Ralph Courtney, director of Region 58 of District 50 of the Construction Workers, said Wednesday that the employees of Kentucky and West Virginia Power Company were organized nearly 100% at Pikeville. Asked if there had been any offer from the Power Company to meet with the union, he said that there had not been up to that time.

C. H. McKinney, district superintendent of the power company, had little comment but replied when asked if an organization attempt has been made: "Yes, but a lot of stuff is being said and done that is not true." Gene Hale, public relations man for the company, declined comment.

we are told, paralysis of the twelfth cranial nerve.

Obviously, these two have long needed surgical and medical care. But they didn't get it. In fact, they were taken to the hospital only through the authority of a court order.

The mother, who apparently ignored the tots in her own savage, ignorant way, hitherto had refused to permit the children to be taken from home to a hospital. Kind-hearted neighbors wanted to help, but she didn't want her children cut on, she said. On one occasion or more she drew a gun on folks who would have helped. She has three other children, none above 10 years of age.

Well, that's just about it. Just a story of suffering humanity, bound by ignorance to dirt and squalor and suffering. Just one of many such stories one might find, not only in this county but in any part of the world.

What we wanted to say is this: Those children haven't any clothing. The baby was taken to the hospital, wrapped in a sheet. If they are taken to some other hospital for the attention of specialists, they must have something decent to wear.

If you have clothing for such as these, you might do your good deed for several days to come by calling 2959, here in Prestonsburg.

To the Judge of the Floyd County Court:

That precinct boundaries be clearly and accurately established and that sketch or accurate description of boundaries be placed in front of precinct registers.

That a minimum of six new precincts be established, as follows: At least one new precinct be established within the city limits of Prestonsburg.

A new precinct to be established at Lancer to include that part of Prestonsburg No. 1 outside the city limits, including Sugar Leaf, Brandy Keg and Lancer areas. An alternate recommendation would be to move Porter No. 7 to Lancer.

A new precinct to be established at New Allen in the vicinity of the Wye, to start with the lower boundary of the Sam May farm, and to include the Fitzpatrick farm at Banner, and to include that part of Prater Creek now included in Mouth of Beaver No. 10.

A new precinct to be established between Drift No. 36 and John Ant No. 22 in the vicinity of Minnie, to reduce number of voters in both precincts.

A new precinct to be established between John Ant No. 22 and Clear Creek No. 21 in the vicinity of Price to reduce number of voters in both precincts.

These recommendations are made in line with population trends and economic conditions as they now appear. Many precincts which seem to be overcrowded at present will be down to size after next year if the migration continues and the Purgation Board continues to function effectively.

In a recommendation to county executive committees of both political parties, precinct committee members and the county election commission, the Board asked that some new precinct election officers be appointed instead of the same group of men year after year, and that, because of the fact that women voters now outnumber men voters, at least half of the officers be women.

Latest of the voting lists submitted for publication envision these purgation totals in the following precincts:

- Prestonsburg No. 1, 32; Prestonsburg No. 2, 7; Depot, 2; Middle Creek, 4; Cow Creek, 2; Jim Banks, 10; John Possum, 12; Halbert, 5; Mouth Mud, 159; Little Mud, 37; Betsy Layne, 186; Antloch, 38; Elder Hiram, 136; Painter Harve, 5; Clear Creek, 70; John Ant, 69; Bosco, 288; Wayland, 318; Rough and Tough, 7; Dwayne, 22; Lackey, 72; Ivel, 21; Kennedy, 2; Burton, 10; Ligon, 4; Melvin, 1; Martin, 49; Arkansas, 23; Estill, 12; Northern, 38; Prater, 48; Hen Hall, 16; David, 6; Garrett, 132; Lee Alley, 25; Frasure's Creek, 6; Mouth Beaver, 45; Kiser, 12; Abbott, 16; Little Paint, 19; Drift 53; Jack's Creek, 31; Lee Hall, 51; Estill, 71; Tickey, 24; Toler Creek, 13; Cliff, 42; Jack Allen, 12.

The Merger Is Needed

THE TIMES congratulates the Prestonsburg Board of Education on its recent step toward consolidation of the Prestonsburg independent school district with the county school system.

The realistic view taken by the Board indicates that its members are thinking, with a great deal of practicality, of the future and are submerging personal preferences and ambitions for the bigger considerations.

School consolidation is always a touchy problem. It involves local personalities, community pride and prejudices. But none of these approximate in importance the greater aim of education for the children.

School consolidation is needed in Floyd county, outside as well as in Prestonsburg. The present system was a necessity when bad roads made transportation impossible, but now it is as passe as the inauguration of the President on March 4—a time delay necessitated in early days of the Republic by stagecoach transportation. But that will be delayed until circumstances, perhaps a financial crisis, force it.

What concerns the Prestonsburg Board of Education as it prepares proposals to submit to the County Board in the move toward consolidation, we do not know. Whatever the job facing the two Boards of Education in this endeavor in behalf of the children, let us hope both approach the task with the firm intent of reaching an early and just understanding.

A Little-Used Bootlegging Curb

A FRANKFORT news story says the State Motor Transportation Department has called on a Pikeville taxicab operator to show cause why his license should not be canceled on charges he was convicted in U. S. district court for violation of the internal revenue laws dealing with intoxicating beverages.

This news causes one to wonder why the Department does not continue work along the same line with violators convicted in state courts. State law provides for taxicab license cancellation upon conviction for bootlegging.

Every violation of the sort by taxicab operators should be promptly reported by the courts to the Motor Transportation Department, and those charged with law enforcement and all interested in that cause should insist on the Department then taking the action the law prescribes.

Floyd Residents Drew Public Aid Totalling \$527,908 Last Year

Residents of Floyd county drew \$527,908 in public assistance payments during the past calendar year out of a total of \$35,187,055 provided by the state and federal governments, according to a report by the Department of Economic Security.

The report showed that \$22,194,421 distributed over the state for old age assistance: \$12,015,798 for dependent children grants and \$976,836 for aid to the needy blind.

Payments in Floyd county were: Old-age assistance, \$259,835; dependent children, \$248,561, and aid to the needy blind, \$18,512.

Old-age payments increased an average of \$5.39 during the year to a monthly average last month of \$55.03. The rolls declined during the year from 65,858 in December, 1951, to 56,197 last month.

Aid to the needy blind showed a similar trend with average payments last month of \$37.12 to 2,452 blind persons, compared to \$31.52 in December, 1951 to 2,525 persons; while aid to dependent children payments averaged \$64.05 to 20,015 families in December, 1952, compared with an average of \$41.86 to 21,245 families in December, 1951.

Since the Department of Economic Security took over administration of public assistance five years ago payments have aggregated \$138,553,924 for all purposes. In 1948 the total outlay was \$17,971,270. The figure rose to \$23,879,944 in 1949; \$29,535,570 in 1950 and \$31,797,485 in 1951.

Floyd County TB Nurse Woman's Club Speaker

Wayland, Ky., Jan. 26 (Spl.)— "Tuberculosis is our No. 1 health enemy," declared Mrs. J. D. Mayo, nurse of the Floyd County Tuberculosis Association, as she spoke Thursday evening, January 22, before the Lackey-Garrett Woman's Club at the home of Mrs. H. J. Sherman, Glo.

"Of the half million cases of active tuberculosis in the United States only 200,000 are in hospitals or isolated, which leaves 300,000 to spread the disease," stated Mrs. Mayo, explaining that the control of the disease is 50 years behind the control of other communicable diseases, due mainly to the lack of beds in the hospitals where tuberculosis patients are treated.

"Due to the purchase of T. B. Seals annually and contributions by Floyd countians, along with the unceasing efforts by those who labor to control this disease, the annual death rate in Floyd county has been reduced from 35 persons five years ago to 15 last year," related Mrs. Mayo.

Mrs. Mayo displayed a map of Floyd county and with the use of colored tacks located the deaths, active cases, and arrested cases of tuberculosis in the county.

Under the subject, "State and National Legislation with Special Emphasis on Health," Mrs. John Field, prior to her introduction of the speaker, outlined the current legislation, mentioning mainly that Kentucky hopes to have an appropriation for fifty more beds in its T.B. hospitals.

At a business session after the program it was announced by the president, Mrs. Geo. E. Evans, that the Executive Board had met and appointed Mrs. N. D. Howard vice-president to serve for the remainder of the club year.

A letter was read by the president concerning the General Federation health contest.

There will be a movie short on polio shown at the Wayland Theater and a collection will be made each night for a week prior to the close of the March of Dimes. Mrs. Fred Hall and Mrs. S. C. Berkeley volunteered to be in charge of these collections.

At the close of the business session, Mrs. Sherman and her co-hostess, Mrs. L. B. Price, served a dessert course to the following: Mrs. J. D. Mayo, guest, and Mrs. R. L. Meyers, courtesy member, and Mesdames Frank Harman, Fred Hall, Geo. Evans, Earl Castle, John Field, Thomas Hatcher, S. C. Berkeley, S. M. Martin, C. S. Hornsby, J. E. Miller, J. T. Spillman, J. C. Wells, Willard Castle, and Otto Martin.

"REMEMBERING YOU"

Sometimes the sadness and sorrow
 seems more than I can bear,
 But I pray for that great tomorrow
 when we meet again up there.
 You were a wonderful father,
 Your life I was proud to share,
 And when the long day are over,
 The memories of you linger

 I thank the dear heavenly father,

 That he is watching over my
 beloved one,
 And has taken him into his fold.

**Two Overtimes Needed
 To Decide Tilt Played
 As Big Crowd Watches**

What has been described as one
 of the largest crowds ever to wit-
 ness a basketball game in Floyd
 county saw the Martin Purple
 Flash down the Wheelwright Ma-
 rooms at Wheelwright, last Friday
 night, in two overtime periods, 69
 to 67.

The game wasn't the thriller it
 finally developed into till Coach
 Halbert, of Martin, lost four of his
 starters on fouls. Then Wheel-
 wright, which with Martin ranks
 at the top in the race for county
 net honors, staged a 26-point scor-
 ing spree in the final period to
 knot the score at 61-all. The first
 overtime wound up with each team
 scoring four points. Then in the
 "sudden death" second overtime
 Salisbury added two points for
 Martin.

The Flash was leading by 12
 points when the third quarter en-
 ded, even though Click had left the
 game on fouls during that period.
 Tackett, the team's high scorer,
 left with seven minutes to go. He
 was followed by Frazier and Flannery.

The win was Martin's 17th in 21
 starts.
 The Martin "B" team handed
 the Wheelwright reserves their sec-
 ond loss of the season, 54-47. This
 week, Martin was at Wayland Tues-
 day night, will be at home to May-
 town Friday night, and on Satur-
 day night will play Betsy Layne at
 Martin.

Line-ups in the Martin-Wheel-
 wright thriller:

Martin	Pos.	W Wright
Click (14)	F	V. Hall (15)
Flanery (10)	F	Curry (6)
Tackett (15)	C	M. Hall (14)
Frazier (6)	G	Wallen (17)
Ratliff (13)	G	Blackburn (10)
Substitutions: Martin — Salis- bury (3), Westfall (1), Lafferty, Baldrige (5); Wheelwright — King (3).		

Quarter scores:
 Martin 19 28 47 61 65 67
 W Wright .. 15 21 35 61 65 65
