THE INNUMERABLE CARAVAN

The old friends pass. Within the week it was Ed Allen and Dr. Ransdell—two whom we shall miss so much, as we miss others who preceded them. Both were personal assets to me, for neither, sick or well, left me without a brighter, more hopeful outlook on the things and people around me.

RAY!

We get a lift out of the Mary Ordell Ray story. This is the Wheelwright girl who has won a John Hay Whitney Foundation fellowship and who will study medicine, later to return to her home county to practice. But it isn't the success she has had that makes the story; it's the determination of the girl that inspires. Without that, she would never have won a scholarship of any sort, for all her natural ability.

Miss Ray had her first two years of college work at Caney Junior College in Knott county. Sometimes I think every youngster ready for college should have to spend the first two years at that or some similar school, where the student must work to remain in school. After two years of that, it would be apparent who had enough ambition to make a college education worthwhile.

SHOP YIELDS LIQUID STORE

Raiders Find Whiskey, Beer at Mt. Gift Shop As Operator Arrested

The Mountain Gift Shop near Knotley Hollow, five miles south of here, Monday afternoon yielded an unadvertised product—nine and a half cases of beer and nine half-pints of whiskey. Sheriff A. B. Meade said.

Arrested and charged with both the possession and sale of intoxicants was Jack Hatfield, operator of the shop. The beer and whiskey were brought here by Sheriff A. B. Meade, Deputy Sheriff Frank Crum and Constable Johnny Caudill of District 3. Hatfield executed bond.

Three Middle Creek youths, Henry Shepherd, Jr., Harold and Charles Gibson, were arrested late Friday night by Sheriff Meade and Deputies Frank Crum and Ransel Marcum after the three allegedly had thrown rocks into moving autos of miners.

Arrested on Stephens Branch Saturday were John Stone, who was charged with possessing and selling intoxicants after four and a half cases of beer were confiscated, and Mrs. Jack Howard, who was charged with selling.

Booked at the county jail for drunk driving were Sam Orider and Scott Craft. John D. Collins was arrested on a charge of interfering with officers making an arrest.

Youth Almost Drowns Fishing in Backwater

Fishing was in the doldrums at Dewey Lake this week, but during last week's river rise it was exciting on Middle Creek where backwater invaded low bottoms. In one spot, near the home of James Greene, 50 men were reported out for the carp and other fish which had come in with the rising water.

Seventeen-year-old Burl Shepherd barely escaped drowning there.

Mine Hospital Work To Be Started Soon

WORK IN PIKE PLANNED FIRST IN THIS AREA

McDowell Work Seen With Others, Report After Doctors' Tour

After making a study in this county last week with a group of seven other doctors of mining conditions Dr. John Mott, Washington, D. C., head of the association which will build several hospitals in this section under sponsorship of the United Mine Workers Welfare Fund, said work on the hospital to be built at Pikeville is expected to be started in a few weeks.

Noble Hobbs, district representative of the UMWA, said this week that the McDowell hospital planned by the same association is in the same category and that excavation crews will begin work on one site, moving to others and the finish of a job.

The group of eight doctors inspected two extremes in mining operations, a truck mine on Mud Creek and the highly mechanized mine of the Inland Steel Company at Wheelright, to get a first-hand view of conditions. They are specializing in silicosis and allied chest diseases linked to coal mining and other occupations. The doctors are going advanced study at the University of Cincinnati and were accompanied to Pike and Floyd counties by Dr. Frank Princel, professor of industrial medicine at the university.

In the group of medical men visiting Floyd mines, besides Dr. Mott, were Dr. Asa Barnes, Louisville, area medical director for the United Mine Workers, and Dr. L. Parmeggiani, of Milan, Italy, who is connected with an occupational disease clinic in Milan.

BLAME CURVE IN DROWNING

Of Perry County Man At Maytown; Is 4th To Lose Life There

The curve at the approach to the Maytown highway bridge which spans Right Beaver Creek was blamed for the drowning last Friday night of Kash Thompson, 30-year-old Perry countian, whose car failed to make the curve and crashed through the side of the span into the stream.

Roger Turner, of the Turner Funeral Home at Martin, which prepared the body for burial, expressed the belief that Thompson was drowned rather than the victim of wreck injuries. He pointed out that there was water in his lungs and that the injuries he suffered, which included a facial bruise and an injured left shoulder, were not serious enough to have caused death. He was thrown clear of his auto, a 1949 Ford, which was reduced to wreckage. Relatives said Thompson could not swim.

Turner said Thompson's was the fourth death he could recall which had resulted from wrecks at the Maytown bridge. There is no warning light at the approach. A load-warning sign placed there by the state placing the limit of the span at 15 tons was removed, some time ago, by an unknown person and replaced by a "4-ton" sign. J. P. Noonan, district engineer, had the incorrect sign removed but a highway employee who did not know of his order replaced it. Finally, the 15-ton-limit sign was firmly established there once again.

Thompson, who was a navy veteran of World War II and an employe of the Ford Motor Company at its River Rouge plant, was en route to Hazard to visit his parents, Mr. and Mrs. Asbury Thompson, when the tragedy occurred. It was said he was driving at no more than 35 miles an hour as he approached the bridge on the down hill road. The wreck occurred at 11:30 p.m. and Thompson's body was not recovered till 2:30 a.m., Saturday. It had washed about 200 feet downstream.

The victim is survived by his widow, Mrs. Agnes Royce Thompson, a daughter, Dolores Fay, his parents, and five brothers and sisters. Funeral rites were conducted from the Gay's Creek Baptist Church at Chavies, and burial was made there under direction of the Turner Funeral Home.

PASTURE TOUR PLANS TOLD

The Green Pastures Tour of Floyd county farms will leave Prestonsburg at 9 a.m., June 4, O. E. Boggs, county agent states. A tentative tour schedule is to travel up Abbott Creek, down Middle Creek, visit Maytown and the farm of Miles Gibson, stop at the farm of Virgil Smith, near Allen and conclude the tour with a visit to the farm of J. B. Clarke on Brandy Keg.

COURT ORDERS LEGAL ACTION

Asks Suits in 10 Days To Collect for County; Clerk Hits Settlement

The Floyd fiscal court last Friday was unanimous in voting an order which directed County Attorney W. W. Burchett to file suit against all officials and former officials of the county who do not within 10 days from the May 22 meeting pay the amounts the court has held in its official orders that they owe Floyd county.

The same order authorized the employment of J. B. Clarke, Prestonsburg attorney, to assist the County Attorney with whatever suits may be filed.

This action followed the court's settlement with Circuit Clerk W. W. Cooley over the five-year period, 1947-51, in which the fiscal court claims the Clerk owes the county \$3,223 in salaries and fees collected in excess of his constitutional limit.

Mr. Cooley said the court refused to allow him certain office expenses represented by money he had paid out, adding that the court had no intention in the first place of reaching anything but a settlement which would be unfavorable to him. He said he would appeal to the Floyd circuit court from the court's settlement order.

Others who have been named by the fiscal court as indebted to the county have filed appeals. Whether these appeals will temporarily forestall suits to collect is not known.

The court's settlement with Circuit Clerk Cooley produced these figures (his income was based on the report of the William Cotton Company, which audited Cotton's records):

1947—Income, \$10,646.38, less \$5,419.50 expenses; net of \$5,226.88.
1948—Income, \$10,047.56, less \$5,634.30 expenses; net \$4,413.26.
1949—Income, \$10,770.13, less \$4,984.59 expenses; net \$5,785.54.
1950—Income, \$12,500.17, less \$6,060.70 expense; net, \$6,439.47.

EDWARD L. ALLEN

EDW. ALLEN HEART VICTIM

Lawyer Here Since 1917 Succumbs Friday; Rites Conducted Here Sunday

Edward L. Allen, veteran Prestonsburg attorney, died at 2:30 p.m., Friday, at the Prestonsburg General hospital, approximately nine hours after having been taken to the hospital suffering from a heart ailment.

Although Mr. Allen had been in failing health during the last few years and his condition was known to be serious, news of his passing came as a shock to friends and relatives throughout this county and over a wide section of Kentucky.

He was admitted to the bar in 1917 and had practiced his profession almost without interruption since that time. He was elected Representative to the Kentucky Legislature in 1917 from the old Floyd-Knot-Letcher district and was the first Republican to win that seat in the heavily Democratic district. During the administration of the late Edwin P. Morrow, Mr. Allen was assistant clerk of the Court of Appeals and, later, assistant Attorney General during the term of office of Charles I. Dawson, of Louisville.

Despite offers of lucrative law-office connections in other parts of the state, Mr. Allen chose to return to his native county and to remain here. In his Eastern Kentucky practice, he gained a wide reputation as a brilliant defense lawyer in criminal trials. He was a former president of the Floyd County Bar Association and frequently was designated to preside as special judge in various circuit courts of the area.

Born at Hueysville, this county, Jan. 7, 1890, he was a son of the late A. J. and Polly Patton Allen. He was educated in the rural schools of the county, at the old Eastern Kentucky Normal College at Louisa and at Valparaiso University, Valparaiso, Ind., where he was graduated. He received his law degree from the University of Kentucky.

He had been a member of the Baptist Church since early manhood.

WHO IS TALLEST NATIVE OF THIS COUNTY?—TICKET TO LINCOLN DRAMA OFFERED HIM; CONTEST DEADLINE IS SET FOR JUNE 7th

Who is the tallest Kentuckian in Floyd county? Louisville's Founding Festival is looking for him.

The festival, in connection with the coming Amphitheatre production, "The Tall Kentuckian," wants the name of the tallest man in each Kentucky county and the five tallest men in the state.

"The Tall Kentuckian," a drama with music based on Abraham Lincoln's years in Kentucky, is part of Louisville's 175th birthday celebration. It will be performed June 15 to July 5.

The tallest Kentuckian in each county will receive tickets to the opening performance of the production (or to another performance if he prefers). The five tallest Kentuckians will receive all-expense-paid trips to Louisville for the opening performance of "The Tall Kentuckian" and will be guests of honor at a picnic in Iroquois Park on Sunday, June 14. The tallest will receive an engraved trophy from the festival.

David Miners Quit Work In Labor Stoppage Tuesday

Approximately 500 miners of the Princess Elkhorn Coal Company were idle this week as a result of a labor dispute.

A company representative said the workmen at one of the two mines operated by the firm at David and Permele quit work Tuesday night and that miners at the other walked out the following day.

The work-stoppage resulted from refusal of workmen at one of the mines to go to work where they were told, it was said. Some subsequently were discharged, and others quit.

The company spokesman said the workmen had not attempted a settlement of differences according to terms of the contract, and termed the walk-out "a wildcat strike."

This week's was the latest in a series of work-stoppages at David.

CLEAN-UP SET JUNE 8 TO 13

Committee To Inspect Premises and Report On Worst Eyesores

Clean-Up Week in Prestonsburg will come somewhat later this year than last, according to Mayor Curtis Clark, who this week announced June 8-13 as the period for renovating the town. No formal drive chairman will be designated, it was said, and city employees will conduct the campaign.

"I want to request the citizens to put out extra garbage cans, and any refuse or trash they may want hauled off," said the Mayor. "There will be no extra charge for this hauling service," he added.

A committee of three has been appointed to survey the town for places needing to be cleaned up. They have asked to have their names withheld from publication. Prior to the clean-up week period the committee will report places needing attention.

DR. RANSELL DIES MONDAY

Health Dept. Director Here 25 Years Succumbs At Louisville Hospital

Dr. Marvin S. Ransdell, director of the Floyd County Health Department for the last 25 years, died at 7:45 a.m., Monday, of a heart attack at St. Anthony's hospital, Louisville. He was 66 years old.

Death followed a few days' illness, the seriousness of which had not been generally known. He had entered the hospital on the preceding Thursday. His death was sudden, and news of his passing was received in this county with deep regret by all who had come in contact with him during his years of work in the public health service here.

Dr. Ransdell came to Prestonsburg in 1928 after nine years' private practice in Owen, his home county. Under his guidance the health department of this county had become widely recognized as perhaps the most efficient in eastern Kentucky. He was a native of Owenton, Ky., the son of Simon B. and Laura Spicer Ransdell. After attending the Owenton schools and the Owenton Academy, he was graduated in 1919 from the University of Louisville School of Medicine. In 1933, after beginning his work here, he received the Master's degree in Public Health from the University of Kentucky.

He was united in 1924 with the Lusby's Mill Baptist Church, and in Prestonsburg was a former deacon of Irene Cole Memorial Baptist Church, his interest in the latter having been manifested by his work in the construction of the new church structure on First avenue. He was a Mason and a member of El Hasa Temple, Knights Templar. A genial, unassuming nature won for him the friendship of the hundreds of persons, young and old, with whom he came in contact.

Dr. Ransdell was married on Dec. 20, 1917 to Miss Lucy Johnson, who survives. Besides his widow he leaves two daughters, Mrs. Phil Schroeder, Prestonsburg, and Mrs. J. M. Shields, Abilene, Texas, one sister, Mrs. Laura Brown, Louisville, and two grandchildren.

The body was returned Monday evening to the Ransdell residence here. Brief rites were conducted from the home Tuesday night, by the Revs. A. C. Harlowe, W. L. Birch and G. M. Haggard, and the body was taken to Owenton for burial. The funeral at Owenton Wednesday was conducted by the Rev. G. W. Redding, a former pastor of the Baptist Church here. Burial was made in the family cemetery at Owenton. Funeral arrangements here were under direction of the Carter & Callahan Funeral Home.

PRICE BLAST BURNS HAYES

Damage To Building Placed at \$20,000; Allen Man Injured

Robert Hayes, 40, of Allen, victim of an explosion at Price last Thursday, is recovering in a Pikeville hospital, it was said this week. He suffered third degree burns when an explosion wrecked the top floor of a two-story structure, of which the lower floor was occupied by a water plant, of the Inland Steel Company.

Damage to the building was estimated at \$20,000. Inspectors of the State Department of Mines and Minerals reported that Hayes, an electrician, entered the plant to check a machine and that when he opened a door the explosion occurred. It was suggested by some that the water pumped from a well into the water plant had gas in it and that this gas had been released into the building.

The inspector said the gas had either been ignited by an electrical contact, open light or a cigarette.

DR. DOTSON SUFFERS STROKE

Dr. M. Dotson has been critically ill at his home in West Prestonsburg since suffering a stroke last week. Dr. Dotson is one of the section's oldest practicing physicians, and his many friends are very anxious about his condition.

Says Blacktop Sure For 2nd Street Fill; One-Way Route Asked

The city was assured this week that the second street fill over Trimble Branch, now covered with gravel, will be black-topped. The assurance came from Donald Meade of the State Highway department to Mayor Curtis Clark. Meade stated that the street was an alternate route of US 23 and thereby eligible for surfacing.

The state has requested the city to make a one way street on Duncan Avenue, West Prestonsburg, because of the heavy traffic near the Vanhousse Lumber Company. Lexington bound traffic would move west, according to the state suggestion, and in-coming traffic over Harkins and Harris streets.

FIRM AWARDS SCHOLARSHIPS

Four of Five Awards Go To Prestonsburg Seniors At Graduation Exercises

Four of the five scholarships awarded this year by the Princess Elkhorn Coal Company went to members of the senior class of Prestonsburg high school this year, and the fifth to a Van Lear high school senior.

The Prestonsburg students were awarded their scholarships at the school's graduation exercises Monday evening and the announcement by Clark Todd, coal company representative, of the award was one of the most pleasant features of the evening's program.

The scholarship awards: To Miss Bonnie Jean Wells, daughter of Mr. and Mrs. Sam Wells, of Prestonsburg, a two-year scholarship to Pikeville College.

To Lowell Hager, son of Mr. and Mrs. Everett Hager, of David, and Joe Jack Arnett, son of Mr. and Mrs. Joe Arnett, Prestonsburg, four-year engineering scholarships to the University of Kentucky.

To Miss Mazie Frances Brown, daughter of Mr. and Mrs. George Brown, of Brainard, a three-year scholarship to the St. Mary's hospital school of nursing in Huntington, W. Va.

Photos of scholarship winners appears on page 4.

A third four-year scholarship to the University of Kentucky for the study of engineering had been previously awarded by the coal company to Deward Collins, son of Mr. Curtis Collins, of Van Lear.

The scholarship for nurse training awarded to Miss Brown was offered this year by Princess Elkhorn for the first time.

After the awards were made, Mr. Todd presented on behalf of the coal company to each of the mothers of the scholarship winners a dozen roses. This, he explained was in recognition of the fact that the winners of the scholarships had behind them the encouragement and help under all circumstances of their mothers and fathers.

Four of the scholarships went to sons and daughters of employees of the company. One, the University of Kentucky engineering grant which went to Joe Jack Arnett, was an "open" scholarship, since it was not awarded to a member of an employee's family. All awards were made on the basis of grades made in competitive tests and on the students' school records.

Memorial Day Observed By Service and Parade; Veterans Hear Benedict

Walter Karr Bowling Post of the Veterans of Foreign Wars held its annual observance of Memorial Day at the courthouse last Sunday. The service was preceded by a parade of the Post members.

The memorial service, arranged by E. H. Stumbo, post commander, was directed by L. W. Benedict, pastor of the Irene Cole Baptist church, assisted by Revs. Ollie Sammons, Carl and Clyde Layna. The service, part of which was a memorial address by Rev. Benedict was carried by radio station WPRT.

8-ACRE TRACT NEAR LANCER TO BE USED

Step Taken Is First Of Big Program Here Planned by Council

A municipally-owned swimming pool was nearer reality in Prestonsburg this week after the City Water & Gas System had bought from the May heirs approximately eight acres of land in the new addition to the town south of here, Mayor Curtis Clark said.

The land, purchased for \$21,000, is near Radio Station WPRT and is intended to be the site of a swimming pool and a new and larger city water plant. The acreage required, the Mayor said, includes room for erection of a 500,000-gallon water reservoir of the hill nearby and the swimming pool on level land, with space left for sale or lease to any firm interested in a factory site.

Although definite plans as to the type of construction to be undertaken must await court formalities, engineers' recommendations and financing possibilities, present planning calls for a water company building of concrete.

Bonds to finance the city's big improvement program will be Water & Gas System bonds for which a ready sale has been assured. The overall job, as planned, includes the two items for which the May property was bought, also an adequate sewer system, street paving, a flood gate to close the Trimble Branch opening into the river during rise in the Big Sandy, a youth center and a sewage disposal system.

That program, it originally was estimated, would entail an expenditure of a million dollars. Without the sewage disposal plant, issuance of \$600,000 worth of bonds may be necessary.

Before any thing is done with any degree of finality, however, there is the matter of clearing the legal questions that may be involved in the sale of the land so as to assure prospective buyers the legality or irregularity of the financing plan. Mayor Clark's municipal bond issues appeal to the Court of Appeals has sold.

The City of Prestonsburg already accepted the low bid of the Charles Heinch Company, of Cincinnati, to act as the water company's fiscal agent on financing the program planned. The firm was low among 27 bidder-companies.

HIGH SCHOOL GRADUATES 87

Dr. Doran Is Speaker Here As Record Class Is Awarded Diplomas

Prestonsburg high school evening graduated its largest class. Eighty-seven students received their diplomas in the Strand Theatre building brought into special use for the occasion to give the upwards of 800 persons attending comfortable seating room.

The final high school event for the 87 followed the usual round of class activities, with the baccalaureate preceding the graduation on Sunday night at the grade school auditorium where the Rev. Orville Pearson was the speaker.

Dr. Adron Doran, of the State Department of Education, was the speaker at the graduation, and the burden of his advice lay in the lines, "Ring out the old, ring in the new." The former minister and legislator spoke of the Four Freedoms, advising the graduating group always ring in only what was good of the new and to ring out only the bad of the old, retaining the good.

Diplomas were presented the graduates by City Superintendent Chalmers H. Frazier, and scholarship awards were made by Clark Todd, of the Princess Elkhorn Coal Company. The invocation and benediction were said by the Rev. L. W. Benedict, pastor of the Baptist Church. The school's mixed chorus provided the musical portion of the program.

CARD OF THANKS

We wish to express our thanks to the many friends and neighbors for the kindness they showed on the death of our wife and mother, Mrs. Lula Childers. To those who sent floral offerings and especially to the ministers, the Rev. W. H. Stratton and Rev. Clarence Salyer for their comforting words. We also extend thanks to the Hall Brothers Funeral Home for its efficient services.

MR. FOSTER CHILDERS and FAMILY.

In Spencer county, six buldozers have worked all spring in reclaiming land in bushes and unproductive timber.

TO THE VOTERS OF FLOYD COUNTY:

When I decided to enter the race for Sheriff of Floyd County it was with the firm conviction that an honest citizen could win that race. The encouragement and confidence given me by the many people I have visited far exceeds anything I had expected.

You sometimes hear the remark that I am not well enough known or do not have sufficient financial backing to win a major county office. I am proud to say that I am not, and have no desire to be, a double talking politician if that is what they mean by being well known. Furthermore, I have neither the desire nor the ability to buy the sheriff's office. Does that make me ineligible to serve as your Sheriff?

No one can deny that the Sheriff's office is highly important. The duties of that office present a greater possibility for graft and dishonesty than any other county office. For that reason every voter in Floyd county should carefully select a candidate who will REMAIN HONEST and FAITHFUL in the performance of those duties.

I have been guided throughout my life by the belief that it is better to be an honest poor man than to obtain wealth dishonestly. For more than 20 years I have worked for Elkhorn Coal Corporation at

F.F.A. and F.H.A. HOLD BARBECUE

The Future Farmers of America and Future Homemakers' clubs, entertained with their annual barbecue, last Tuesday at the grade school cafeteria, honoring their parents. Phyllis Hager, president and district vice-president, was toastmistress. Awards were presented to James Russell Shepherd, star farmer of the year in the F.F.A. group, and Charles Lafferty for best speech at the district meeting. Interesting talks were made by James Russell Shepherd, and Phyllis Hager on the topic of "What F.F.A. and F.H.A. has meant to me."

F.H.A. officers for the ensuing year were installed as follows; President, Phyllis Snipes; Vice-President, Mary Lou Hill; Secretary, Barbara Spradlin; Treasurer, Dixie Neeley; Parliamentarian, Esther Burke; Historian, Bobby Lou Williams; Song Leader, Mary Emily Prater; Reporter, Phyllis Hager; Recreation, Phyllis Patton. Following the installation of officers, a skit by the F.H.A. class climaxed the program. The barbecue dinner was enjoyed by a large group of parents and guests, who chaperoned the square dance at the gymnasium, which was called by Charles Barker and Kenneth Williams, of Paintsville.

Rural life Sunday was observed in all the churches in Bath county, 4-H club members having an important part in the services.

STEPHENS for COUNTY ATTORNEY

STRAIGHT ANSWERS TO QUESTIONS

In answer to questions propounded to me last week by Woodrow Burchett through a Taxpayer, my answers are as follows:

- 1. I have held office as Circuit Court Clerk 12 years and as Circuit Judge 6 years. 2. The salary I received during my time in office never exceeded the Constitutional limit. 3. Since I never at any time received any excess income it was never required of me to file a statement of income and expenses. Since I never collected any excess money I had none to turn back. No tax money ever stuck to my hands.

The first six years I served as Circuit Court Clerk, the office did not pay more than fifty dollars per month, and I paid out to W. C. (Bill) Goble one half what I received for assistance.

The second six years I served as Circuit Clerk. I made some money by dealing in real estate, oil and gas and the stock market. I didn't know that I was a leopard and that I had changed my spots.

The people of this county know what is taking place around the courthouse and they know who is at fault.

The second race I made for Clerk, I was compelled to borrow two thousand dollars to pay expenses. One Thousand Dollars I borrowed from Dr. Darwin Callihan and One Thousand Dollars from Jane Conley.

The third race for Circuit Judge, I gave up a job in The First National Bank as Cashier and President which would have paid me \$24,000.00 in six years. After paying the expenses of the campaign for Judge and the income tax thereon, I lost six thousand dollars more than the office paid and add that to the \$24,000.00 and I lost more than thirty thousand dollars during my last six years in office and served six years for nothing.

It has always been my desire to serve the people when in office or any place else to the best of my ability and serve them honestly. Everyone who knows the political game know well between whom this

race will be decided for County Attorney.

I know what the people are talking about in this campaign and they are aroused as never before and no one need doubt that there will be changes and justly so. If the voters of this county knew the exact conditions prevailing they

As a taxpayer and an individual I instituted a suit in the Circuit Court more than twenty years ago to correct some of the conditions that now exist. I did not get any assistance from anyone at that time although I paid several hundred dollars myself in attorney fees. While I was Circuit Judge, I instructed the Grand Jury at various times to investigate the Fiscal Court and the financial condition of this county.

But the people were not aroused as they are now. You should see the report of the Grand Jury made at the September term 1945, while I was Judge as to what was taking place in your fiscal affairs at that time and the County Attorney who was Woodrow Burchett was directed to take action but none was taken, which accounts for the deplorable conditions now existing. If action had been taken then, these taxpayers suits would not be in court.

If there are any other questions I may be called upon to answer, if I know them, I will gladly do so.

BETSY LAYNE

CLUB HOLDS REGULAR MEETING

The Betsy Layne Woman's Club held its regular monthly meeting, May 21, at the home of Mrs. C. H. Dickerson.

Mrs. Edward Lykins, leader of a program in the Education Department, had as her topic, "Save Our Schools". Mrs. Lykins briefly outlined the objectives of the program—to enlighten the members as to present conditions existing in the public schools and to discuss possible solutions to these conditions. Mrs. Elex Davis discussed the first topic, an article, "Do Our Schools Need An SOS?" by Dorothy Thompson. Mrs. Davis reviewed this article and stressed the fact that the SOS in the title meant Save our Schools. It was revealed in this discussion that our schools are in

danger from sinister people and organizations of fascist tendency, whose purpose is to undermine and destroy them. Mrs. Davis also stressed the fact that the confusion in the American mind and society as a whole is reflected in the controversies within our public schools and that minds have swung radically in various directions in the past generation. It was also revealed in this review that many teachers think that popular education had deteriorated. Mrs. Davis read this quotation by a well-known educator who made this remark to Dorothy Thompson: "The students we are getting from the high schools are pulling down all the standards of university education". A general discussion followed this review of this important topic and members agreed that the schools definitely need an "SOS".

Next, Mrs. W. P. Howell told about Kentucky's worst schoolhouse, Tabernacle No. 2, in Adair county. This school formerly was a tenant house, with no running water or artificial lights and the 24 pupils are crowded together in the 14x14 foot teaching space. Mrs. Howell brought out the fact that one of the main causes for this condition is isolation and that because of this isolation pupils cannot attend schools in adjacent towns. The fact that the school was clean and a happy place was mentioned and this condition was brought about by the efforts and genuine interest in the pupils by the teacher. Mrs. Howell stated that, according to a recent article concerning this school, this is not an unresolvable problem but authorities agree that it symbolizes a problem that only federal aid can solve. The next topic for review and discussion was, "Who's Trying To Ruin our Schools?" Mrs. Beecher Hardwick gave a resume of this topic by Arthur D. Morse, in which the shocking fact was given that our public education is under the heaviest attack in all its history, and that this attack is aimed at its destruction. This problem has assailed schools from New York to California. Mrs. Hardwick concluded her resume with the following quotation by Willard E. Givens, executive secretary of the National Education Association. "We place the greatest importance upon this attack and in recent months campaigns against our schools have been intensified in number and effectiveness. Since they strike at the very roots of our system of free public education, they are a very real menace to democracy".

Mrs. O. J. Williams' friend read and discussed a letter as it appeared in the Point of View in the Courier-Journal recently, concerning the fact that the school plan should be discussed before it is voted upon. The members agreed with the writer that the voters should not only be told why amendments should be voted for but what plan had been worked out to succeed the present one. Miss Alice Williams concluded the program by discussing the recent article by Joe Creason, of the Courier-Journal editorial staff concerning the dominance of basketball in Kentucky high schools.

Mrs. Beecher Hardwick presided at the business session. A contribution was made to the cancer drive place in your fiscal affairs at that time and the County Attorney who was Woodrow Burchett was directed to take action but none was taken, which accounts for the deplorable conditions now existing. If action had been taken then, these taxpayers suits would not be in court.

Active pallbearers were: R. V. May, Joe D. Spradlin, Bill Damron, Jimmy Mayo, H. D. Fitzpatrick, Jr., Fred Gosse, Burton Allen, Clarence Akers, Talmadge Allen, Roy Allen, Bernie Senters, Neal Watson, Gene Conley, Jack Osborne, Homer Osborne, Devert Owens, Bill Osborne.

Mrs. Hardwick presented the club with an honor certificate received for successfully completing the plans of work of the KFWC for this year. A first-place ribbon was received for outstanding work in the Fine Arts department, Art division, for successfully completing the plan of work as outlined by the Art division chairman. At the conclusion of the meeting refreshments were served the following members: Mesdames Beecher Hardwick, T. J. Chandler, W. P. Howell, Elex Davis, O. J. Williams, Edward Lykins, Miss Alice Williams and the hostess, Mrs. Dickerson. The next regular meeting will be June 19, at the home of Mrs. Glenn Blackburn, with Mrs. Jesse Elliott, program leader.

Dr. Gladden Is Speaker At Woman's Club Meet

Dr. Jas. W. Gladden, associate professor of sociology, University of Kentucky, spoke last Friday evening on the subject, "The Philosophy of Change in Family Life," at the Wayland Methodist Church as guest of the Lackey-Garrett Woman's Club.

The traditional mother was a wife first, a mate second, and a mother third, but the progressive or developmental mother is a mother first of all," explained Dr. Gladden. During the evening, questionnaires were passed out and answers checked and discussed. Answers to questions were intended to prove whether parents were of the traditional or progressive type.

In conclusion Dr. Gladden summed up the whole idea of what the modern child should be by saying, "A child should not be allowed to develop a new culture for himself but must take in much of the old culture along with the new."

For the past two years Dr. Gladden has been doing research work for the University of Kentucky, attempting to prove that the communities which have a single industry feel the influence of industrialization and urbanization until the town is no longer rural. A year ago, he interviewed 80 families at Wayland as part of this research program.

Refreshments were served in the basement of the church by Mrs. Fred Hall and Mrs. N. D. Howard, and a round-table discussion was held.

Mrs. Belle Richmond, 89, Dies at Daughter's Home; Burial in Mayo Cemetery

Mrs. Belle Burchett Richmond, 89, died at the home of an only daughter, Mrs. Mary R. May, Tuesday of this week. Mrs. Richmond suffered a fractured hip in a fall a few years ago and had never fully recovered.

She was a daughter of Jesse P. and Louisa Bevin Burchett and the wife of Michael Layne Richmond who was associated with his brother, Isaac Richmond, in the mercantile business here. Her husband preceded her in death several years ago. She was a member of the Methodist church.

Besides her daughter, Mrs. May, she is survived by two sisters, Mrs. John Branham, Cliff, and Mrs. Octavia Akers, Prestonsburg. One grandchild also survives.

Funeral rites were conducted today (Thursday) at the Methodist church, Dr. Gerstle M. Haggard, officiating. Burial followed in the Mayo cemetery at Lancer under the direction of Moore Funeral Home.

LETTERS TO THE EDITOR

SPEAKING UP FOR KENTUCKY

I enjoy Wilmay's column very much and I also ask, Why? Why do people always refer to us Kentuckians as illiterate and morons? Is it because we ourselves leave that impression on other people? Do we, because of lack of work, etc., make light of our home state, because we are so far behind in industries and achievement?

I believe that is a great deal the reason. Why don't we be ashamed only because we have fallen short of our duty toward our state and counties? Why don't we be proud of our people? Maybe if we had more horse-sense like our forefathers had we would be better off. Did they have very much education? No, but what they lacked in "book-learning" they made it up in common-sense. That is what we need today.

I know people who have college degrees, but (and I say it with joy, as I approve of education and I think our schools are wonderful things to have) but, most people think if you complete high school or college you are "It." Well, you are in a way. But some get that far and are still morons.

I live here in Ohio. Some of the people I have met are far above the average person back home, socially. But, what do they have that we haven't got? Nothing. Like Wilmay, I say that Kentucky has some of the best people in our land and country. Maybe a lot don't have degrees, most of the oldsters not even an eighth grade education. Some can't even write their name. But, as I said before, some of the best, most honest and most decent people in the world are in Kentucky. These people, who are called ignorant are closer to God and to the good, decent things of life than most people we meet in the cities.

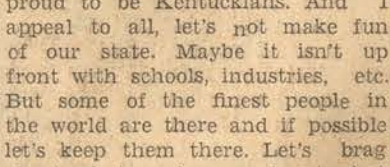

As the saying goes, "What they know they know, as good as anybody," and what they know are the right kind of things. Things like honesty, decency. They work hard. They go to church, they visit their neighbors, help them if they are in need. Do they spend their time in bars, night clubs and carousing around? No. Some do but most don't. Do they believe in dog eat dog? No. The worst fault I have of them is they won't stick together. Maybe it is their lack of education that keeps them from sticking up for their rights. I don't know. But some of the brightest and smartest people I know are people who haven't schooling to speak of. But I wouldn't trade their friendship for all the PhD's in the world. Those things are fine but if the man or woman who through pride or what have you judges other people by what they have learned through books or how long they have gone to school lets it interfere with making friends they are missing some of the nicest things in life. So let's judge people by what they are, not by what they know and how they look. Let's be proud to be Kentuckians. And I appeal to all, let's not make fun of our state. Maybe it isn't up front with schools, industries, etc. But some of the finest people in the world are there and if possible let's keep them there. Let's brag about what we have and not what we don't have. Let's look at Kentucky with rose-colored glasses at least when we are with people away from home. If we run Kentucky down, why shouldn't other people who do not know about her do the same.

I am proud of what Kentucky is doing toward progress.

March of Dimes Fund For 1953 Is \$211,000 Above Total for 1952

Near-complete reports from most of Kentucky's 120 counties show that over \$211,000 was raised in the state in the 1953 March of Dimes campaign last January, Judge John D. Darnell, state chairman of the campaign, announced this week.

Representing an increase of \$211,000 over the 1952 March of Dimes, Judge Darnell pointed out that this year's contributions totaled an all-time high for the campaign in Kentucky. Broken down by population, Kentuckians gave an average of 27¢ to the drive, which is nearly 7¢ over the 1952 average. Judge Darnell attributed the sizeable increase to the impact of the 1952 polio epidemic in Kentucky and the widespread use of the Mothers' March on polio fund-raising activity which was used in about 90 of the county campaigns.

Even with the increased contributions realized in most of the counties, Judge Darnell pointed out that since January 1 over \$200,775 has been sent to 26 county chapters in Kentucky by the National Foundation for Infantile Paralysis. He said that had exhausted their funds in paying continuing costs of the 1952 epidemic.

Laurel county homemakers displayed lamps, lamp shades and picture frames in a store window during Home Demonstration week.

Jas. Sparks, 62, Wayland, Dies at Stumbo Hospital; Burial in Dema Cemetery

James Sparks, 62, Wayland, died at the Stumbo Memorial hospital, Lackey, Saturday, May 23. Cancer was given as the cause of death. Mr. Sparks was a former supervisory employee of the Elkhorn Coal Corporation. He was a son of Mrs. Florence Lykins, and the husband of Grace Campbell Sparks.

Surviving are three sons and two daughters: Henry, Dema, James, Jr., Covington, Mrs. Rex Martin, and Mrs. Everett McCloud, Dema. Half brothers and sisters surviving are Roy and Charles Lykins of Wayland, Frank Elliott, Louisa, and Mrs. Magdalene Marshall, St. Louis, Mo.

Funeral rites were conducted at the graveside at 3:30 p.m. in the Whit Martin cemetery, Dema, the Revs. Green Boyd and Doug Burgett, officiating. Burial followed under the direction of Hall Bros. Funeral Home.

IN UNION IS STRENGTH

WELLS for Representative

The position of State Representative is one of the most important offices to be voted for in August. That person selected is charged with the responsibility of seeing that the best interests of Floyd county are harmonized with every law enacted.

It is not an easy job. There are 100 representatives in the Lower House, and 38 senators comprise the Upper House. For a particular law to be enacted a majority of these 138 persons must be persuaded that it is a good law, not only for the State but for their county as well. A representative must not only be able to influence, but he must be able to persuade.

A representative must be immune to high pressure tactics of special interest groups and must possess the ability to carefully weigh the importance of legislation so that he may trade his vote on an unimportant issue to obtain support for his own legislative program.

It is an idle gesture for any candidate for State Representative to promise that he will obtain particular legislation because too many people are involved for him to be certain that he can accomplish his promises.

All of us are for a State park at Dewey Lake. We all want better roads and schools for Floyd county, more work opportunity, and better working conditions leading to greater harmony between management and labor. Yet, no one can promise that he can influence 133 legislators to do what he wants done. All he can do is promise to do his best for his state and county.

It has always been my thought that what Eastern Kentucky and Floyd county need is a strong legislative bloc so that we will be well represented in Frankfort. There is strength in numbers. I promise that I will attempt to strengthen our vote in the Legislature, not only

Spurlock to Be Honored At Ninth Sun Valley Meet

Richard Spurlock, of Prestonsburg, will be among the leading producers of the Kansas City Life Insurance Company who will attend the ninth annual meeting of its President's Club May 24-27 at Sun Valley, Idaho.

Only approximately 10 per cent of the Company's agents in 39 states and the District of Columbia, meet the high standards of eligibility required for membership in the President's Club. The annual meetings of the group honor the outstanding accomplishments of the members, not only as leaders of the insurance world, but also for their civic service in their respective communities.

Bombower To Be Dean Of Pikeville College, Effective September 1

Pikeville, Ky., May 21 (Spl.)—The Rev. Philip A. Bombower, Canada, Ky., Presbyterian minister, will become dean of Pikeville Junior College, September 1, it was announced today by Dr. A. A. Page, college president.

Mr. Bombower, now director of the Upper Big Sandy Larger Parish of his church, will replace Boyd Randal, acting dean and instructor in mathematics and psychology since 1951. Randal will become a full-time member of the teaching faculty.

The new dean came to his Pike county post three years ago, after having been pastor of the First Presbyterian Church of Middle Point, Ohio since 1947. He had held only one previous pastorate, that of the Mount Calvary Presbyterian Church, Philadelphia, to which he was named while a senior at the Princeton Theological Seminary in Princeton, N. J.

After graduating from high school in Zanesville, Ohio, Bombower attended Ohio State University, where he took a pre-medical course for two years before transferring to Wheaton College, Wheaton, Ill. He was graduated from Wheaton with an A. B. degree in 1943, and received the degree of Bachelor of Divinity from the Princeton Seminary three years later.

The son of missionaries to India, Bombower was born in Oakland, California, in 1923, while his parents were on a mission to the United States. His early life was spent in Guntur, Madras, India, where he first learned to talk in Telugu, an Indian language. He was not able to speak English until he was six years old, shortly before his parents completed their term of service and returned to this country.

Bombower spent his youth in California, Ohio and Kentucky, where his father, an agriculturist, was by turns a student in the University of California, a school teacher and a county agricultural agent. During 1935-36 the elder Bombower was principal of Lincoln Institute, a Berea College-sponsored school in Simpsonville, Ky.

bid of \$12.10 per \$1,000 worth of bonds. Other bids ranged higher, one as high as \$50 per \$1,000, the Mayor added.

Commenting on the big Prestonsburg face-lifting project, Mayor Clark said that the water company work and the swimming pool are the first items on the list. After that comes the youth center, the flood control work, the enlarged sewage system and street-paving. He added that sewer work will naturally take precedence over paving, in order to get work completed beneath the streets before they are improved.

The street-paving financing will be set up, it was said, on an assessment basis against property-owners over a 10-year period.

1951—Income, \$17,067.13, less \$7,676.41 expense; net, \$9,410.72.

The constitutional salary limit for officials was \$5,000 for the first three years of the period covered by the settlement, and so Cooley was below his limit on 1943 net income. Beginning with 1950, the salary limit was raised to \$7,200 and this left his 1950 income below the limit.

Fiat expense allowance allowed the Clerk for each of the years included \$175 for postage, \$250 for office supplies, \$200 for telephone and \$300 for auto.

Clark county homemakers realized a profit of about \$125 from a food and general auction sale on the courthouse lawn.

TO THE CITIZENS OF FLOYD COUNTY:

As a candidate for the Democratic nomination for County Judge, I should like to review my qualifications for your consideration.

I attended high school at Prestonsburg and Maytown and worked my way through Caney Junior College. I have taught school for five years in areas of the county where there were no roads. I was born and reared on Middle Creek at Pyramid where there was never a road until three years ago. My life-long experience of wading through the mud gives me a sincere understanding of the problems of the people of this county who live in areas where the roads are unimproved or non-existent and I shall always be sympathetic to your problems and do my utmost to improve our system of roads as your county judge.

During the vacations between terms when I was teaching school I attended the University of Kentucky and Morehead State College where I pursued a course of study leading to the degree of Bachelor of Arts in Education. When I was nine hours short of that goal I volunteered for service in the Army Air Force during World War II and flew in combat as a member of the crew of a B-17. After my return to the states I served almost a year as an instructor in the Air Force before I received a medical discharge as a result of injuries received in combat. My experience as a veteran and service man qualify me to cope with the problems of the ex-service man and those who will be returning from Korea.

Following my return from service, the good people of this county honored me by electing me to the office of county court clerk. I served you for four years and my knowledge gained while in that office will enable me to offer you an efficient administration as your county judge.

At the expiration of my term of office as county court clerk I enrolled in law school under the G. I. Bill of Rights and was graduated with a Bachelor of Laws degree in June, 1952. I then took the Kentucky Bar examination and passed it. I have been practicing law in this county since that time.

My experience as a teacher, a service-man, as your county court clerk and as a lawyer, qualify me to administer the duties of the office to which I seek nomination. I shall always appreciate your support.

Sincerely yours,

JARVIS ALLEN

FOR BUSINESS MEN

There are few newspapers that did not print this on Page 1. Also, there were few radio stations that thought it an item worth airing.

It's the story out of Chicago quoting James C. Penney, head of the J. C. Penney Stores, as saying that in spite of radio and television "The very backbone of our advertising must still be the local newspaper."

"It seems," continued this Penney whose name is synonymous with dollars, "perfectly natural to us that retailers can no more live without newspapers than newspapers can live without retail advertising."

We'll raise the ante to a dollar for those thoughts, Mr. Penney.

There was a discussion on a convenient street corner here, the other day, of the great number of Floyd countians who have moved elsewhere. Said one of the three engaged in the conversation:

"Well, gentlemen, you're looking at a Floyd countian from now on. I went to Detroit during the last war, got a good job and was making money. Everything went along smoothly till one day our little boy played outside the house till late. When he finally reported for supper, I wanted to know why he was so late.

"Why, daddy," he said "it's not ni-ete yet."
"I turned to my wife and said, 'Start Packing, woman. When it gets so the children start calling it ni-ete' it's time to pull for the hills."

ARNOLD AND SILVERSTEIN TO HEADLINE MAT CARD

Wrestlers regularly featured on television, with one match pitting two WLW tournament championship grapplers, will appear here on the card to be presented at 8 p.m., June 9, by the Kiwanis Club, it was said this week.

The events are slated to be held at the Prestonsburg athletic field, but in case of rain the school gymnasium will be used. Proceeds from the matches will be used by the

Kiwanis Club for the benefit of the girl Scouts and underprivileged children.

Lou Klein and Jewel "Speedy" LaRance will meet in the first match. The second will be a woman's match, with Joyce Ford meeting Violet Vann. The main event will pit Don Arnold against Ruffly Silverstein.

Arnold and Silverstein are listed as recent tournament champions.

College Offers Workshop To Fictionists and Poets; Professionals to Attend

Writers of the best manuscripts submitted during the second annual Morehead State College Writers' Workshop, July 20-31, are assured publication of their stories, articles and poems.

Plans for the Workshop, open to all residents of Kentucky and surrounding areas, include the publication of a magazine containing outstanding material written by student members of the two-week session.

The staff for the Workshop, only one in Kentucky, will include Robert P. Tristram Coffin, Pulitzer Prize-winning poet; Katherine Anne Porter, one of America's outstanding writers of short fiction; James Still, poet, short story writer and novelist from Hindman, Ky., whose short fiction has appeared frequently in the yearly O. HENRY and BEST SHORT STORIES anthologies; and Joe Creason, feature writer for the Louisville COURIER-JOURNAL.

Student writers may attend for either week of the Workshop, or for the entire period, it was announced. Fiction and poetry will be emphasized the first week, and fiction and non-fictional prose the second. The general schedule for both weeks includes individual conferences between student writers and professional writers in the mornings, group discussions of original manuscripts in the afternoons, and a series of evening lectures on writers and techniques of writing.

Tuition and living costs, lower than those of any other comparable workshop in the nation, have been kept at a minimum in order to encourage the development of writing talent in Kentucky, James McConkey, workshop director, said. Tuition is \$10 a week, dormitory fee \$2.50, and meals will be available in the cafeteria for approximately \$9 a week. The session offers college credit, if desired.

Registration or further information may be obtained by writing the director.

Mrs. Hester C. Stephens Dies at Daughter's Home; Rites at Trimble Chapel

Mrs. Hester Ann Cooley Stephens, 82, died here at the home of a daughter, Mrs. Fanny Jarrell, Friday, May 22. Mrs. Stephens was born in Prestonsburg, July 31, 1829, the daughter of James and Julia Auxier Cooley. She married Claybourne Stephens in 1894 who preceded her in death three years ago. She had been a devout Christian since joining the Methodist church in early life.

Mrs. Stephens is survived by a daughter, Mrs. Fanny Jarrell, two brothers, Warren Cooley of Dwaile, and Harry N. Cooley, Prestonsburg, and Lydia O. Stephens, Cliff. Four grandchildren, five great-grandchildren and three great-great-grandchildren also survive.

Funeral rites were conducted last Saturday at the home of her daughter, the Rev. Robert Regan officiating. The body was removed to Trimble Chapel on Bull Creek where the Revs. Gerstle M. Haggard, L. W. Benedict and Floyd Laferly conducted the final services. Burial followed in the family cemetery on Bull Creek under the direction of Moore Funeral Home.

Two-State Commission Is Sought for Breaks

Special to The Times
FRANKFORT, KY., May 25 — A suggestion that Congress authorize the states of Kentucky and Virginia to establish an interstate commission to develop the Breaks of Sandy as a tourist attraction was made here today by Conservation Commissioner Henry Ward.

He said it is his opinion that Congressional approval is necessary before the two states could take such action. The recommendation followed a visit to the Breaks of Sandy last week by the 11th Governor's Tour, and a reiteration by Governor Lawrence W. Wetherby of Kentucky's interest in the development of the area.

"The U.S. Constitution provides that one state shall not, without the consent of Congress, enter into an agreement or compact with another state," Ward said. "Under this section, it is my opinion that Kentucky and Virginia could not jointly enter into a compact to develop the Breaks of Sandy without the sanction of Congress, even though both decided they desired to do so."

Ward said he has written to U.S. Senator Earle C. Clements, who was one of the leading advocates of development of the Breaks when he served as Kentucky's governor, and to U.S. Representative Carl Perkins recommending that Congress pass the necessary legislation authorizing the states to act. The Kentucky portion of the Breaks lies in Pike county, which is in Congressman Perkins' district.

"The legislatures of both Kentucky and Virginia at their 1952 sessions directed their Departments of Conservation to make studies of the Breaks and report their recommendations to the 1954 sessions," Ward said. "On the basis of my own belief that the Breaks fits into Kentucky's plan to develop the tourist and recreation industry, I am prepared now to make a recommendation that the General Assembly authorize the creation of an interstate commission with authority to develop the Breaks. I understand that Virginia's study of the matter has not been completed, but I expressed to the Virginia officials our desire to co-operate with them."

"It would be most difficult for Kentucky to act alone to develop

the Breaks, inasmuch as the greater portion of the scenic gorge created by the breaking of the river through the Cumberland mountains lies in Virginia," Ward continued.

"The area logically is one which should be developed by both states, or by the federal government. It is my opinion that eventually the Breaks of Sandy and the area between Ekhorh City, Ky., and Haysi, Va., should be taken over by the National Park Service as a part of the national parkway system."

Ward also suggested that an effort should be made to bring about an agreement on an appropriate name for the area between interested persons in Kentucky and Virginia.

"Kentuckians call it Breaks of Sandy, but Virginians say it is Breaks of Cumberland," he pointed out. "Actually the stream which cut the 1,000-foot deep gorge through the mountain is the Russell Fork of the Levisa Fork of the Big Sandy River. The confusion existing over the name isn't helping its future development."

Ward said that if Congress passed an enabling act, it would be necessary for the state legislatures of both Kentucky and Virginia to pass legislation providing for their cooperation and setting forth details under which they might act jointly.

DAVID

'Bear' Facts—

By PAUL BRYANT
UK Football Coach

LEXINGTON, Ky. — Glamour boys will be few and far between next fall when football reverts to the era of emphasis on the real athlete willing to pay the price to win, but the game should be just as interesting as ever to the fan.

At least that is the impression we gained here at the University of Kentucky in the all-too-short, 20-day period of spring grid practice just concluded.

I am personally more convinced than ever, after a close check during the past three weeks of the men who will make up the Kentucky football team next season, that the best-conditioned team is going to "pick up the marbles" more often than not and is going to be winning the close ones even when outmanned.

Tired players, on the ropes from physical exhaustion of strenuous two-way play, will just not think as well as the well-conditioned men. For that reason, we put a lot of emphasis on getting our squad in the peak of physical shape and saw the pay-off in the hardest-fought, most interesting Blue-White intrasquad game of many years.

Mistakes during spring practice were many and varied and the players could have used another 20 days to very good advantage, but on the whole we were well pleased with them.

I am particularly proud of the spring practice showing made by several boys. Among the most improved are Lorry Brown, a soph halfback from Beverly Hills, Calif.; Joe Koch, junior guard from Louisville; Ray Correll, our co-captain guard from Somerset; newcomers Ken Lutz, soph tackle from Louisville, and Bob (Hooker) Phillips, Pikeville sophomore playing halfback; ends Howard Schnellenberger, Louisville soph, and Harry Kirk, Mt. Sterling junior; sophomore halfbacks Max Mason, Rockmart, Ga., and Bradley Mills, Lynch; Owensboro's Tom Fillion, a senior back at fullback again and Bill Wheeler, soph tackle from Pikeville.

Best of the spring—All American halfback-quarterback-end Steve Mellinger with flankman Jim Proffitt of Louisville a close second.

CHARLIE LAFFERTY will make a good efficient honest Jailer for Floyd county.

Highway Death Rate Reported Up Slightly

FRANKFORT, KY., May 25 (Spl.) —Deaths on Kentucky highways came at a slightly higher rate for the number of miles traveled during the first quarter of 1953 than during a similar period in 1952 but at a lower rate than during all of 1952.

A report just released by the Department of State Police shows that highway deaths occurred at the rate of 8.9 for each 100 million vehicle miles traveled during the first three months of this year, against a rate of 8.6 for the first quarter of 1952. The rate for all of last year was 9.4.

State Police officials do not see the increase over early 1952 as significant but believe it may be only the result of better accident reporting. Some death reports take months to reach here but reporting is generally better than it was a year ago, they point out.

There were 173 traffic deaths during the first three months of this year and 137 for the same period of 1952. Vehicle miles traveled in Kentucky through March, 1953, totaled 1,949,000,000, against 1,931,600,000.

The mileage figures are compiled with the use of a formula employed by the National Safety Council and taking into account the amount of gasoline sold within the state. The gasoline sales are determined by tax figures.

Through May 29, the police reported 277 deaths for 1953, compared to 289 for the same period last year.

HEARING SCHEDULED

FRANKFORT, KY., May 25 —The Kentucky Railroad Commission set for hearing June 22 the Kentucky and Indiana Terminal Railroad Company's petition for permission to double its intrastate freight rates. Protests have come from Louisville commercial groups.

Miss Hutchins, Bride Of Sgt. Richard Harmon In Louisville Wedding

Miss Elizabeth Ann Hutchins, daughter of Mr. and Mrs. Hugh Hutchins, of Louisville, Ky., and Sgt. Richard M. Harmon, son of Mr. and Mrs. Frank Harmon, of Wayland, Ky., were married at 3:00 p.m., May 13, in St. Vincent de Paul Church, Louisville.

The bride wore a gown of charmingly lace over white taffeta. Her veil of illusion was caught with a crown of white rosebuds and she carried a bouquet of white roses.

Miss Alice Hutchins, sister of the bride, served as maid of honor. She wore blue net over taffeta and she carried a bouquet of yellow roses. The bride's brother, Mr. George Hutchins, was best man.

Mrs. Hutchins, mother of the bride, wore blue. Her corsage was of pink rosebuds. Mrs. Harmon, mother of the groom, wore a Paris blue shantung suit and a corsage of red rosebuds.

A reception followed the ceremony, after which the couple left for a trip to Gatlinburg, Tenn., and the Great Smoky Mountains.

Sgt. Harmon is a veteran of the Korean War and is now stationed at Fort Knox, Kentucky.

MANIS CONLEY

for
Tax Commissioner

HAVE YOU PAID YOUR TAXES?

DO YOU KNOW WHERE YOUR MONEY GOES AND HOW YOUR TAX DOLLAR IS SPENT? ARE YOU SATISFIED OR DO YOU WANT A CHANGE?

On August 1st you and your family will go to the voting house to mark your ballot and answer these FOUR QUESTIONS. Therefore, I submit to you my candidacy for the office of Tax Commissioner.

I will personally supervise the work of keeping your tax records. I will keep the office open and no taxpayer will be disappointed on coming to Prestonsburg to see about his or her taxes.

I will be sympathetic to the owners of property. I have taught school in Floyd county for over 40 years. I have had a good deal of experience in tax work. I made next to the highest score of any Tax Commissioner applicant in the Seventh Congressional district at this year's examinations for prospective candidates for the office. I have all the qualifications necessary to render the people of Floyd county the FAIR, accurate and efficient service to which they are entitled.

Many of you know me and my family and the family of my wife. My parents were the late J. M. Conley and Phoebe Jane Coburn Conley. I married Josephine Alley, daughter of the late Andy Jack and Mahala Hall Alley. My wife's grandmother was a sister of the late Green Stumbo, of McDowell, and our relationship extends through several of the larger families of our county.

I have nothing derogatory to say about my opponent. He has held the Tax Commissioner's office for the last 12 years. He is asking you to give him the office for 16 years. Don't you think the people have been very kind to him as a young man? I ask only a portion of that kindness for myself. I am now 60 years of age. I have never held public office. I am in the sunset of my life, and in the few declining years that are left, I humbly solicit your support and influence, and I shall never forget your kindness.

Humbly and Gratefully,

DEPARTMENT MOVED

FRANKFORT, KY., May 25 — Headquarters of the State Department of Agriculture have been moved from the New State Capitol Building, where they were located for the last 41 years, to the New State Office Building a mile away. The move is to be followed by moving of the State Department of Education next month to the same building.

JOE H. COOLEY

Democratic Candidate for SHERIFF of Floyd County

At the outset I shall give you a platform upon which I intend to conduct my campaign. If elected it will then serve as a bond between me and the people.

1. My administration will be orderly and realistic. Efficient and honest operation of the office will mean the difference between a crime wave and isolated incidents of law violation.

2. I will select deputies that will be a credit to a great county, who will execute their duties impartially and efficiently.

3. I will cooperate in every possible way with the school authorities so as to promote a better school system.

4. I pledge cooperation with the city police forces of the Floyd county towns, the city councils and the citizens.

5. A statement of taxes collected, of expenses and disbursements will be made, sworn to and published.

6. No charge of 7c per mile will be made for the serving of court papers. No illegal collection of fees will be exacted but only the fees set out on the statute books as being legal.

In the cause of honesty in government I make this proposal:
I will, if the legal arrangements can be worked out, turn into the Fiscal Court or the County Treasurer (whichever may be designated) ALL fees, commissions or other earnings of the Sheriff's office, and let the County pay me the flat \$7,200 constitutional salary allowed the Sheriff, plus deputies' salaries and legal expenses of the office.

Let's Rid Ourselves Of This Pernicious Fee System!

METHODIST WOMEN MEET

The Woman's Society of Christian Service of the Vogel-Day Methodist Church held its monthly meeting at the home of Mrs. Dewey Allen, May 8. Mrs. Willie Branham, president, presided. Mrs. Don Shoemaker was in charge of the devotional and led the group in singing. Those giving talks on the devotional program were Mesdames Elizabeth Spears, Edgar Layne, Flora Hopkins, Ernest Hall and Don Shoemaker. A brief business session was held and final plans were made for entertaining the evangelist and his wife, Rev. and Mrs. Eddie Moran, while they are holding a revival at the Vogel-Day Methodist Church from May 20 until May 31. Mrs. Flora Hopkins was presented a certificate and pin giving her life membership in the W.S.C.S. in appreciation of her work and time given the Society while holding the office of president for the past six years. At the close of the meeting refreshments were served to Mesdames Elizabeth Spears, Elizabeth Patton, Minnie Hatcher, Willie Branham, Earl Tackett, Hattie Mae Hall, Della Shoemaker, Gay Begley, Betty Layne, Flora Hopkins, the hostess, Mrs. Arcolas Allen and Sonja Sue Lykins.

Bride of Mr. Rozovich**

The wedding of Miss Janis Stephens of Lexington, daughter of Mr. and Mrs. Beverly Stephens of Sarasota, Fla. and Betsy Layne, Ky., and Michael Rozovich, son of Mrs. Gus Rozovich, of Lexington, was solemnized Sunday afternoon, May 17. The vows were exchanged at 2:30 o'clock at the Hunter Presbyterian church, Lexington, with the Rev. E. C. Gartrell officiating. Greenery and white tapers banked the altar. A program of wedding music was presented by Mrs. F. C. Cray, organist, and Vernon Ishmael, vocalist.

The bride was given in marriage by her brother-in-law, Lawrence Malleo, of Detroit, Mich. She wore a princess model of flower white bridal satin fashioned with a fitted bodice with a deep yoke of pearl embroidered lace giving an off-the-shoulder effect. The tapered sleeves were fastened at the wrists with tiny satin covered buttons which also detailed the back of the bodice from the neckline to the waistline. The pannered skirt, worn over satin hoops, ended in a flowing train. Her fingertip veil of matching imported illusion was held by a fitted coronet of lace studded with pearls. She carried a white orchid, tied with streamers knotted with lilies of the valley.

Mrs. Lawrence Malleo, of Detroit, was her sister's matron of honor. She wore a full-length light green starple gown of double net over taffeta. With it she wore a stole, and a net bonnet. She carried a sheath of pink carnations.

The bridesmaids were Mrs. John Harris, Miss Linda Charles and Miss Mary Elaine Rozovich, sister of the bridegroom, all of Lexington. They wore matching strapless ballerina-length gowns of lavender nylon tulle, with wide satin lavender sashes, and boleros. The full skirts were worn over crinolines. They wore halos of net, and carried sheaths of white lilies.

Tandia Hall was the flower girl. She wore a floor-length model of white nylon net over taffeta designed with a high fitted bodice, short puffed sleeves, a low neckline and a narrow berth which was bordered with narrow ruffles which also detailed the full skirts. She wore short white gloves, and a headdress of starched net and ribbon. She carried a basket of roses petals.

Serving as best man was James Mitchell of Lexington. Ushers were Thomas Shack, James Osborne and Charles Moore, Jr., all of Lexington.

After the wedding, a reception was held at the church. The bride's table was decorated in green and white with roses around the four-tiered wedding cake. Assisting was Mrs. Paul D. Ross.

Upon their return from a wedding trip to Florida, Mr. and Mrs. Rozovich will live at 561 Sheridan drive.

The bride was graduated from Betsy Layne high school and attended Crump Commerce College. She now is employed by the Southeastern Greyhound Company.

The bridegroom is a graduate of Lafayette high school and attended the University of Kentucky. He served in the armed forces during World War II. He is now employed by the U. S. Post Office.

**School Health Course
Set for June 4-20**

FRANKFORT, Ky., May 25 (Spl.)—State Superintendent of Public Instruction Wendell P. Butler has called on local school superintendents to encourage attendance and participation in a course in school and health to be offered at the University of Kentucky, June 4 to 20.

The course in health education that is to be offered is to acquaint present school personnel, as well as prospective teachers, with methods of teaching school health, Butler said. Part of the course is accredited by the University of Kentucky for undergraduate and postgraduate work.

Of 4-H Club Council**

Reba Joyce Salyers and Donald Lowe, of the Maytown 4-H Club, were made associate members of the Floyd County 4-H Club Council at the regular monthly meeting held recently in the Home Economics room of Prestonsburg high school.

The 4-H Club Council is composed of business men, 4-H leaders and experienced 4-H Club members who meet monthly with the county agent and plan the 4-H Club program in the county. The recent addition to the council is a part of the effort now being made by the council to obtain a wider and more active representation from all parts of the county.

Mrs. Frankie Best, of Cliff, former president of the Council, presided in the absence of the president, Mrs. Grace Conley. During the meeting several items of business were discussed, including the possibility of a Floyd county fair this fall.

A pot-luck dinner was served and plans were made for the next meeting to be held at Betsy Layne, June 26. An outing will precede the business session at the June meeting.

A. J. ALLEN
of GARRETT, KY.

I am a candidate for Jailer of Floyd county, as so many of my friends have asked me to make this race. I will be on the Democratic ballot, August 1.

My relationship on my father's side is that George Allen was my grandfather. Grandmother Allen was the daughter of James P. Patton. My mother was Reuben Stephens' daughter. I am the son of Andrew Allen. My grandmother Stephens was the sister of the late L. Hicks and Jonathan Hicks, of Middle Creek.

I married the daughter of Bud Handshoe, of Hueysville, Ky. Her mother was the daughter of Hi Fitch. The deceased George Fitch, of the Mouth of Brush Creek, was her uncle.

I am a United Mine Worker and belong to Local No. 8732. I would appreciate all my union brothers' support, for I am disabled from work and have been for the past four years.

I few words to the mothers: If your son happens to get in jail, I will see that he has good treatment, plenty to eat and a decent place to sleep.

Your support will be deeply appreciated.

GARDEN NEWS
By O. E. BOGGS
County Agent

SWEET POTATOES

IT IS TIME TO GET SWEET POTATOES STARTED. The best variety is the vineless Porto Rico, and as the name implies, it makes only a small bush over the hill for easy tending and digging. The flesh color is uniformly deep orange, and the quality superb. The next best variety is the "regular" Porto Rico may be used, or that easier stored Nancy Hall.

It is important to use only slip known to have been produced from tubers treated for blackrot. This is the disease that results in storage loss. To avoid soil stain or scurf, which are those skin-deep blotches that later become "dry rot" in storage, the following should be done. In a 6-pound paper sack put several tablespoons of flowers of sulphur, insert 15 slips with the leaves protruding, gather the top of the sack around the slips and shake endwise until sulphur adheres to the stems and roots in large enough quantities that it can be seen.

If there is such a thing in the garden, a "poor" spot should be chosen, two or three years away from manuring. If the land has been manured recently the excess amount of nitrogen will prevent the development of good quality potatoes. The other plant foods, phosphorus and potash, should be high, especially potash. Lime should be low, as sweet land tends to make only strings.

It is best to choose some place outside the garden that meets with the above requirements, and use one of the following fertilizers: 2-12-12 or 2-10-10 at the rate of 1 pound to 25-30 feet of row. The rows should be about 35 inches wide, and the slips set 15 inches apart, when fertilizing as above.

No insect of consequence bother sweet potatoes, except that sometimes resetting is needed because of leaf beetles "sucking to death" the slips before growth can start. The remedy is dusting with DDT or Methoxychlor as soon as plants are set.

Tending sweet potatoes is simple, requiring merely shaving the hills with a hoe until the leaves of the potato take over and shade out the weeds. Cutting back the vines when the vining varieties are used, has no advantage at all for the mistake has been made in selecting land that was too rich.

West Va. Announcement Of Interest Locally

Miss Betty Cora Messer, of Hinton, W. Va., will become the bride on June 17, of Lieut. Dale Ratliff in the First Baptist Church of that city. Miss Messer will be remembered by Prestonsburg and Floyd county friends as the only daughter of Mr. and Mrs. Bill Messer, former residents of Maytown and Prestonsburg, where Mr. Messer was employed in the teaching profession. Miss Messer is a niece of W. G. Biggers, of Prestonsburg.

The bride-to-be is a graduate of Dennison University, and the groom will receive his degree early next month from Duke University, Durham, N. C. Several Floyd county friends of the bride expect to attend the ceremony and the reception following in the home of the bride's parents.

PRAYER PRECIOUS and PICTURE

To all Readers of The Floyd County Times: I am coming to you again—a different picture and a different subject, but the same Gospel and the same woman.

My picture holding a Bible. A parable spoken by Christ told of a woman and a broom and a lost piece of silver (St. Luke 15:8).

In my left hand is a picture of my Favorite Son, Henry C. Hale, and I am proving to you by the Bible that a young son the type of Mr. Hale is more precious than gold. I am calling on saints and sinners, Democrats and Republicans to have that precious faith that he will be our next County Clerk.

To all my precious Democrat friends, I do not wish to make any other choice, as so many of you are opposing each other, but I will assure you if my foes and the suckers of my son, Foster Meade, place him on the Republican ticket for any office I will work and pray for the full Democratic ticket in November.

For I am a Royal Democrat and am holding up to you my Favorite Son. I am sure Floyd county could not hold up a man more worthy and one with a sweeter helpmate than Henry C. Hale. After my first article appeared I met them both in Prestonsburg. I met his wife first, and I can truthfully say they are the two most cooperative people I have ever met, and they appreciated my voluntary service most.

I am proving to you he has a right to call me mother. I believe God raised us two up to fill the vacancy of his earthly mother and my beloved son, Sgt. Roy Hall, who was killed in the service of our beloved country. We can understand how to keep precious records not just for the next four years but for the next generation.

I know God will reward you all for taking my Bible advice.

Mother of Israel
Judges 5:7, "The inhabitants of the villages ceased; they ceased in Israel until that I Deborah arose. I arose a mother in Israel."

The elder women to be entreated as mothers. First Timothy 5:2-3, Honor widows that are widows indeed.

To you Bible readers I will tell you my age. I was 60 on April 3, 1953. So you old money-loving men will know I will not remarry or follow blind guides. My work is with the young men, for as you know most all old men have made a complete failure. When I was young I gleaned like Ruth. Now I am old. I work like Naomi and try to keep my inheritance on earth.

Read the Book of Ruth, 2nd chapter, and you will learn that women like Ruth and Naomi and men like Boaz are few in number. God revealed to me I was in the crowd called a few.

I am going to prove to you the word of God, and young men like Henry C. Hale are more precious than gold. Hannah prayed. God gave her a son and the nation back to God she won (I Samuel, 2nd chapter). I Samuel 3 and on, And the child Samuel ministered unto the Lord before Eli, and the word of the Lord was precious in those days; and there was no open vision.

It would be good for you old men to read all the book of Samuel and learn the prayers of women and the difference in vile and precious sons. The precious sons of Zion, comparable to fine gold. Lamentations 4:2. How are they esteemed as earthen pitchers the work of the hands of the potter. The specialized prophet Jeremiah, 15th chapter, 19th verse: Therefore thus saith the Lord, If thou return thou will I bring thee again and thou shalt stand before me and if thou take forth the precious from the vile, thou shalt be as my mouth. Let them return unto thee, but return not thou unto them.

Jeremiah 31:22, How long wilt thou go about, O thou backsliding daughter? For the Lord hath created a new thing in the earth. A woman shall compass a man.

Now, you preachers who fight the works of women and say you take the Holy Bible, Old and New Testament, to be the written words of God and your only rule of faith and practise, can you swallow this?

Wise Men Follow the Star
Rev. 12:1, And there appeared a great wonder in heaven; a woman clothed with the sun and the moon under her feet and upon her head a crown of twelve stars.
On my head a Gold Star pin. Follow my advice.

Sincerely and prayerfully,
EVA MEADE HALL

Miss Hager To Receive Highest F.H.A. Honor; 4 To Attend State Meet

Phyllis Hager, Prestonsburg high school student and member of the Prestonsburg F.H.A. chapter, will be among the Kentucky Future Homemakers of America who will receive special recognition during the organization's eighth annual state meeting at Murray State College, June 1-3.

At a formal banquet, Miss Hager will receive the highest honor the Kentucky F. H. A. Association can award, the State Future Homemaker degree.

To obtain the degree a successful candidate must have completed two years of high-school home economics instruction and have a record of outstanding leadership in her school, chapter, and community.

Four members of the Prestonsburg chapter will attend the annual convention at Murray.

Those who will attend the three-day meeting on the Murray State College campus include Mary Lou Hill, Phyllis Hager, Phyllis Snipes and Clara Greer. They will be accompanied by Miss Hazel I. Hill, F.H.A. chapter adviser and home-economics teacher at Prestonsburg high school.

Future Homemakers in the Paducah district will serve as hostesses to the 600 girls and chapter advisers who plan to attend the meeting.

Speakers at the meeting will include President Ralph H. Woods, Murray State College; James L. Patton, director of the State Bureau of Vocational Education; Johnnie Christian U. S. Office of Education, and Harry M. Sparks, Murray State College.

Floyd County Historical Notes

By HENRY P. SCALF

A letter from James Taylor Adams, of Big Laurel, Virginia, under date of May 8, in regard to his ancestor, Thomas Lovelady, the Revolutionary soldier, is of interest. As noted from Mr. Adams' letter an error in regard to the DAR chapter that was named for Lovelady appeared in the recent Times article. Mr. Adams corrects that. His letter follows:

"I read your article in the Times on the career of Thomas Lovelady with much interest, as this man is my ancestor. Notice that you mention the DAR chapter at Wise, Va., considered naming their post for this Revolutionary soldier. It was the Lee County Chapter at Jonesville, not Wise; and they did name it The Thomas Lovelady Chapter.

"Not long ago some historian, whose name I do not remember, made a talk before a meeting of the Thomas Lovelady Chapter at Jonesville, and in his address he stated that Thomas Lovelady was the first settler in what is now Lee County and that he settled in what is known as Lovelady Gap, near the present town of Duffield, in Scott county, and that soon thereafter his wife died and Thomas lived alone in his cabin there for some time.

"While I have no way of proving that this man is in error, I believe that he is wrong insofar as his wife dying soon after he made the settlement in Lovelady Gap. Both L. M. Summers and R. M. Addington, recognized authorities on the early history of this region, state that Thomas Lovelady was an early settler in Lee county and that he established himself there about 1769. While I doubt the date, I have no way of disproving it. This I know (and it is borne out by his pension declaration on file in Floyd county courthouse) Thomas Lovelady was a soldier in the Revolution in early part of that struggle from N. C. and enlisted for a second term, during latter part of the war while residing in Washington county, Va., which covered what is Lee and Scott now.

"Going back to Thomas Lovelady's wife dying soon after he made his settlement at the gap which bears his name: If he lived alone, he had no children and I know that he had at least one child by his first wife and it is through this daughter (whose name is unknown to me) that I am descended. I believe that she married a Johnson and that her daughter married a Rodgers who married Thomas Roman, commonly called Thomas Davis because he was raised by Beales Davis, whose heirs have a legendary claim to 180,000 acres of the richest coal land in Southwest Virginia and East Kentucky. I have only tradition for the above statement. It could be that Thomas Lovelady's daughter married a Roman and that they were the parents of Thomas Roman (or Davis). I do know that somewhere back there a Johnson is my ancestor, somewhere through the Rodgers-Roman-Davis line.

"There is a movement afoot to organize an association of the kin of Beales Davis here in near future and maybe then we will get all this straightened out.

"Sincerely yours,
James Taylor Adams"

Another letter of interest is from the dean of local historians in Eastern Kentucky. He is Lee Stewart, former Prestonsburg resident but now of Morehead and a columnist for the Rowan County News. The

letter grew out of correspondence this column had with Mr. Stewart in regard to the Elder Abner Vance story. Mr. Stewart aided considerably with the collection of the necessary data. He writes:

"Anse's mother (Anderson Hatfield) was a Vance and I believe that she was a sister of Jim Vance, who was killed in the spring of '88 by Frank Phillips, who the papers reported at the time, crawled up to a log, shot Vance dead after he had been wounded. My father practiced medicine at Prestonsburg then, but was at Frankfort in the Senate, and brother and I had his office, and recall very distinctly what the papers reported and they were full.

"I am rather under the impression that Jim Vance was a son of Elder Vance, who was hanged for killing of Lewis Horton, and Jim was an old man when he was killed. So he was a son of the Elder Vance, who seemed to be a law abiding man, till his trouble came up. Jim Vance had a cousin West Vance, who lived at the mouth of Dry Creek, who owned several thousand acres of land on Right Beaver, who married a sister of Bowling Hall, who died and later married a Turner from Left Beaver. Wash Vance who lived and died in Prestonsburg was his son.

"One person, I have never been able to find out about, is Rosanna McCoy. No one seems to know anything about her. I have a novel with a sketch of six women: Mrs. McCoy, two daughters, Mrs. Hatfield, and Johns' wife and another woman. Not much truth in it. "Very truly yours,
Lee Stewart."

MY PLATFORM AS YOUR COUNTY COURT CLERK

1. I shall at all times run the office of Clerk as efficiently and courteously as I am capable of doing, and shall be personally available at all times, day or night, to serve you.
2. A photostat machine will be obtained for the Clerk's office so that your deeds and other official papers can be photographed and recorded exactly as they are, and also saving Floyd county considerable clerical assistance in this office.
3. In addition to other necessary office help, I shall employ at least one full-time stenographer completely available to the general public to serve your need in any official business you may have in the courthouse.
4. I shall claim and accept only those fees which are authorized by law, and will make an annual public accounting to the people of Floyd county.

State Highway Traffic Shows Gain in April

FRANKFORT, Ky., May 25 (Sp.) —Traffic on Kentucky highways showed a gain in April of 4.6 per cent over April, 1952, according to the monthly traffic survey of the Department of Highways.

The survey showed that truck and bus traffic increased 10.7 per cent over April of last year.

Fourteen permanent recorder stations spotted over the state help count the traffic and the Department of Highways has portable counters out most of the time.

Traffic last month was 181 per cent of that for the average month of 1941, the year of the highest traffic count before World War II and the base year used on Kentucky traffic surveys. Truck and bus traffic for April was 195 per cent of that for an average month in 1941.

Several farmers in Fayette county are planning to install irrigation equipment for tobacco and grass.

Floyd county needs a new approach to law enforcement.

CONLEY FOR COUNTY ATTORNEY

LET'S GET THE FACTS STRAIGHT

I do not intend to run a mud-slinging campaign, nor do I have any ill feelings toward any of my opponents, for they as well as myself know that the office of COUNTY ATTORNEY is a good job and would like to have it. However some of my opponents have started a rumor to discredit me. Is it because they have been informed that I am the candidate TO BEAT? Is it for the lack of some other disgraceful slogan that they have hit on the phrase that I am not a candidate in good faith, that some other candidate has me on the ticket? YOU that know me know that this is UNTRUE and FALSE, but some of you that I haven't had the pleasure of meeting may be misled by such rumors. I AM A CANDIDATE IN GOOD FAITH. I am in this race to WIN and with your help I WILL WIN.

Did Mr. Burchett's supporters start this rumor because they felt that since I was the only candidate for County Attorney who DID NOT LIVE IN PRESTONSBURG, but being born and raised and still making my home on BEAVER CREEK, was the candidate he would HAVE TO BEAT?

On the other hand did Mr. Wellman's supporters start this rumor thinking they could discredit me because he knows that I am the one to beat? Do they hope by this to win the Martin generation? I married the daughter of DEMOCRAT, W. S. (HOOSH) MARTIN and CATHERINE WEBB.

Did supporters of one of the other candidates start this rumor because they have been told that HOLLIE CONLEY IS FROM BEAVER CREEK and is the man they will have to beat for County Attorney?

TO YOU UNION MEN I, HOLLIE CONLEY, AM THE ONLY CANDIDATE FOR COUNTY ATTORNEY TO EVER BELONG TO THE UNITED MINE WORKERS. As a small boy (age 14) I hauled men into Harlan and Elkhorn City to help organize those two fields.

You the voters who do not already know me personally are entitled to know what the whole background of a candidate for public office. I was born at Garrett, Kentucky, the son of Willis and Mimie Coburn Conley. My grandparents and great-grandparents were early settlers in this section. I attended

Dr. Percy Ray is nightly giving some wonderful sermons, in true southern style, under the big tent at Moore's Service Station, in Martin, with the First Baptist Church, as sponsor, in a series of revival services ending Sunday night, May 31st. Mason Moore, owner Moore's Service Station and permanent deacon of the Baptist church, is an outstanding layman of Eastern Kentucky is closing his service station on Sundays. Dr. Ray is a well-known evangelist who travels widely throughout the south, with his singer-companion, Rev. Wayne King, of Myrtle, Miss. The Ephesians, on Going With the night, May 31st. Dr. Ray is a well-known evangelist who travels widely throughout the south, with his singer-companion, Rev. Wayne King, of Myrtle, Mississippi. The two make a great gospel team. Dr. Ray is one of the most fearless preachers we have heard. His sermon from the fifth chapter of Ephesians, on Going With the Crowds, is one of the greatest we ever heard anywhere. It is obvious God did not call this man to pat hypocrites on the back, but to teach Christians their duty and to warn the lost of a living hell. He is one of an increasingly small number of ministers who are not afraid to speak the truth concerning modern evils, letting the chips fall wherever they may. If the world had more like him, our churches would not be lacking in power and influence.

Friends rejoice that Uncle Jimmie May is improving after a very serious illness. Uncle Jimmie is 82 and for a while most of us feared his time had come. He has been a great figure in the history of his small hometown. He and Aunt Causette have a closer knit home life than most couples enjoy. It was good, on a recent visit, to find their daughters, Mrs. Elva Ratliff, of Zionsville, Indiana, and Mrs. Elna Rickards, of West Virginia, there. We were girls together and our crowd spent many quiet Sunday afternoons together in the good old days.

Let's hope that Floyd county does avail itself of the Bookmobile project, which provides rural communities with regular library services. Mr. Shacter of Louisville, who heads this newest project of his, in a nominal sense, mailed us a copy of the plans sometime ago. They are splendid, indeed, far-reaching in consequence. We trust two things will be included in the final program, an abundance of Christian reading and Biblical material for all ages, that is not doctrinal in any sense, but good, especially Bible stories for children. We hope the books will include many picture ones for pre-school ages, since those early years count most in developing a child's love of good books.

How many of us pause to think of what Mr. Shacter, one man, contributes to his state, in his burning desire to see Kentucky become other than second to the bottom, educationally speaking. He promoted the Committee for Kentucky. He is so eager to see the state forge ahead that he offers the annual award of \$250 to the outstanding citizen of the state. If he cannot get men and women to render service in a civic sense, he will try paying them to do so. Instead of inducing others to and offering the prize for same, he deserves one himself, for all he has done to create interest in the welfare of our great Commonwealth. Will the man succeed, or will he merely lead us to water and see us refuse to drink? There is one omission in most of his plans, fine as they are. The spiritual side is neglected or forgotten. Humanitarian

Again I want to say I am in this race TO WIN and with your help there will be a change made in the office of COUNTY ATTORNEY.

Yours for a better
Floyd County

"He who neglects the present moment throws away all he has." We cross the threshold but once in this life. Ah! . . . but if only we can leave the door wide open and welcome with open arms all we meet. True, time is fleeting, but fast as time may go, why not make every moment a moment of happiness . . . for not only ourselves but those around us. It's so simple a task and still, at the same time, so Soul-Satisfying. Blessed be those who give, so let's give today and every day and receive in return the reflection of the good we extend to others.

efforts without God fail! They accomplish so much and no more. Among other things Kentucky sadly needs more of is God. Not long ago one citizen in this county remarked that most of this state's revenue comes from liquor, tobacco sales and from the racing industry, so what can be expected?

We recommend Senator Sherman Cooper for not being afraid to be different. He is a fine Baptist layman from Somerset and not afraid to go against his party, the bigwigs or anyone else when so led. Leaders of both parties recognize that the world needs more like him.

After reading *Why Nudism?* in the May Magazine Digest, we feel sorry for the author, who is editor of the official nudist magazine. She is lavish in giving the pros for the cult, but forgets (if she ever knew a thing about it) the one con that alone should be sufficient to keep any sane person from joining the colonies that now include over three million members in the U. S. She tells how mankind has been the victim of innumerable idiocies through the ages. She omits what the scriptures have to say against nakedness. Man can throw his standards overboard. He can bring up a new generation that discards former conventions, but he can never change God's Holy Word, which has been and ever will be the only safe guide for human conduct.

Speed the day when one can drive through our beloved county on the Sabbath without seeing stores open on every hand. Customers are as much to blame as operators.

Three Floyd-Co. Seniors At Morehead Are Honored With 'Who's Who' Listing

Three Floyd county residents were honored this year by representing Morehead State College in "Who's Who in American Universities and Colleges". Thomas Swetnam, son of Mrs. Lucy Jane Swetnam, of Wheelwright, Hugh Stumbo, son of Mrs. T. L. Williamson, of Prestonsburg, and Jack Elkins, son of Mrs. Ned Elkins, of Harold, were among the 15 students awarded certificates of honor in a recent assembly program.

Representatives to "Who's Who" are nominated by campus organizations according to their scholarship and leadership traits. The final elections of these representatives are a result of voting by the Student Council of the college and the faculty.

Mr. Swetnam is a senior at the college. He is president of the senior class, president of the Mu Phi Club, and a member of the Student Council and the Beaux Arts Club.

Mr. Stumbo is a senior majoring in art. He is vice-president of the Student Council, and a member of the Kappa Delta Pi, the Beaux Arts Club, and the Campus Club.

Mr. Elkins, also a senior, was graduated from Betsy Layne high school in 1943 and is majoring in commerce. He is a member of the Student Council.

These three will receive their degrees at the graduation exercises of the college, May 27. Dr. Raymond Walters, president of the University of Cincinnati, will deliver the commencement address.

Want to make a quick getaway?

THE nearest we can come to word-picturing for you how it feels to drive a 1953 Buick with Twin-Turbine Dynaflo* is this:

When you toe the gas treadle, you can get away like silken lightning in a silent hurry.

More specifically, you can sweep your speedometer needle from zero to a legal 30 mph in the time you normally take two breaths.

Equally important, you get this dazzling getaway with whisper quiet — and with one smooth, progressive build-up of velvety power.

The literal truth is—no other car in all the world can get away with the combined quickness, quiet and

utter smoothness of a 1953 Buick with TT Dynaflo.

It takes more than the advanced new engineering of this fully automatic transmission to produce such thrilling performance, of course.

It takes power, too.

And that's here in full measure — the highest horsepower and compression ratios, Series for Series, in Buick's fifty great years—with the world's most advanced V8 engine powering the SUPER and ROADMASTER.

There's a lot more you get in any 1953 Buick in generous and hard-to-match measure—room, comfort, ride

steadiness, visibility—and, above all, value.

But these are things you must discover for yourself—as you must the greatest Buick performance in history.

Why not drop in on us real soon? We'll be happy to put you at the wheel of a new Buick and let our points prove themselves.
