

This Town... That World

Who was it said, Dr. Kinsey should be called the man for whom the Belles Told?

A GOOD IDEA

It has been suggested to this column—and I concur—that some body should start a movement to have fewer elections. The idea, as I get it, would be to have this partially civilized brawl stage no oftener than every six years, let all officials' terms extend that long, and fill every office—from constable, school board member, city councilman, what-not on through to the President of the United States—at one election... even if it required two or three election days instead of one.

Don't know how this would work out, but I do know it would give time between elections for old wounds to heal before new ones are opened. It at least would contribute to internal peace and harmony.

This business of politics gets more serious by the year as every man takes himself more and more seriously. There was a time when most any election would find at least one or two candidates who were willing to concede that their defeat would not sink the Ship of State. But political campaigns have sunk to such low estate that there's no humor left in the thing.

NATIONAL NEWSPAPER WEEK

The President of the United States has issued to the newspaper people of the country a statement greeting them in recognition of National Newspaper Week, which extends from today through next Thursday. The Prestonsburg Kiwanis Club is bringing John Ed Pearce, editorial writer of the Courier-Journal, here next Thursday in observance of the week. The nation's press appreciates the first gesture; The Times, the second.

Yes, the newspaper life is a great one. You don't have to wait till you're dead to get your funeral preached.

The Reader's Digest reports that a soldier returned to camp after a week-end of Wine, Women and Song. Over the bunk on which the body lay sprawled his buddies posted this sign: "Temporarily Out of Ardor."

SUGGESTION

No state, few countries, has a song to compare with "My Old Kentucky Home". None has the universal appeal in both words and melody. It is known and loved all over the world.

This year is the 100th anniversary of Stephen Foster's great song. It seems appropriate for Kentucky, in particular, to remember that fact at public gatherings and in programs for public consumption. Many radio stations conclude the day's program with the National Anthem. How about opening with "My Old Kentucky Home"?

E. R. Burke Asks Hearing After Dismissal Order

Given the choice of resigning as supervisor of the 7th conservation district or of being dismissed, E. R. Burke, Prestonsburg, last week demanded of Earl Wallace, director of the Department of Fish & Wildlife Resources, a hearing under state merit system regulations.

Mr. Burke said Wallace failed to state what charges, if any, have been filed against him or to say why he was dismissed. A date for the hearing has not been set.

AUTO AGENCY FUNDS TAKEN, JURY IS TOLD

Bill Accuses Mynhier Of Converting Funds; Name 2 in Car Deaths

A former bookkeeper for a Prestonsburg automobile agency was named in a conversion indictment by the grand jury which was told the accused man converted an estimated \$7,000 of company funds to his own use.

The man named in the indictment is Jack Mynhier, bookkeeper during 1951 and 1952 for the Valley Motor Car Co., Inc.

E. J. Williams, part-owner of the business, told the grand jury Mynhier, whose present address was given as Detroit, had denied to the Baltimore underwriters of a \$2,500 indemnity bond on him as an employee of the auto firm that he misappropriated any of the funds. Williams added that the bonding company sent an auditor here and that he found from a check of Mynhier's accounts a shortage of \$3,800.

That shortage was found, Mr. Williams said, in one day's work by the auditor who did not continue the investigation further, since the bond of his company was only \$2,500. The Baltimore company paid Valley Motor Car that amount.

Thomas Sherman Ratliff, of Martin, was named this week in a voluntary manslaughter indictment in the death, near Maytown recently, of Patty Sue Compton. He also was indicted on a charge of assault and battery with an auto. Bonds in the two cases totaled \$7,000.

VETS GROUPS PLAN HONORS

For Returned POW's; Dinner at VFW Club, Parade Are Arranged

All Floyd county prisoners of war who have returned to the county will be honored this week-end by functions planned by three veterans' groups, it was announced Wednesday.

First of all, the ex-POW's will be guests of Walter K. Bowling Post, Veterans of Foreign Wars, at the Post clubhouse at Lancer, Friday evening to dinner. There are eight who have returned.

Then, on Saturday morning, with the VFW, American Legion and 40 et al. as co-sponsors, they will be honored in a parade and reception in connection with the Floyd County Fair. The parade, featuring Floyd school bands, is planned for 9 a.m., and the repatriated service men will ride in it in open-top cars, accompanied by color standard-bearers representing veterans organizations. At the fair grounds they will be welcomed by Mayor Curtis Clark in a formal program, and each will be presented gifts.

At the VFW Club dinner each of the former war prisoners will be given a year's membership in the Post, E. H. Stumbo, commander, said. Mr. Stumbo was joined in planning the next day's program by L. B. Moore, commander of Floyd Post, American Legion, and Glenn Arthur Hughes, head of the 40 et al.

C.-J. Editorial Writer To Be Newspaper Week Speaker at Club Meet

The Kiwanis Club of Prestonsburg will honor the newspapers of this community and area at its weekly meeting, Oct. 8, in observance of National Newspaper Week. October 1-8, Club President: Irvin C. Spotte, has announced.

In its salute to the working press, the club will have John Ed Pearce, editorial writer of The Louisville Courier-Journal as guest-speaker. Mr. Pearce has written several feature articles and editorials on Eastern Kentucky and is interested in the needs and conditions of this area.

More than 3,600 Kiwanis clubs throughout the United States, Canada, Alaska, and Hawaii, will conduct similar programs designed primarily to draw public attention to the importance of maintaining freedom of the press.

Kiwanis clubs have participated in the observance of National Newspaper Week almost from its inception 14 years ago. Mr. Spotte

Excavation of Manse Site Begins on Westminster St.

Excavation work for the foundation of the Presbyterian manse on the Westminster street lot adjoining the church was begun this week by Bev Burchett, contractor.

Contract for construction of the manse was awarded Mr. Burchett on his bid of \$9,908. His contract does not include heating, plumbing and wiring, and the total cost of the structure is expected to exceed \$12,000.

The manse will be a seven-room frame structure on the one-floor plan, with garage. The Presbyterian Board of Church Extension has granted the local church a loan of \$6,000 on the building. Remainder of the cost is to be raised by local contributions.

FLOYD MINERS WIN CONTESTS

3 Teams from County In National Contest At Ft. Wayne, Indiana

The three top men's division first-aid teams, the top Negro men's first-aid team, and two top mine-rescue teams in the annual Safety Day contest at Pikeville last week competed this week in the national contest at Fort Wayne, Ind., Tuesday through Thursday.

First three places in the men's first-aid contest were teams from Consolidated Coal Company's Hendrix mine, Inland Steel Company's Wheelwright mine, and Consolidation Coal Company's mine 204 at Jenkins. The two teams tied at Pikeville, and both were sent to Ft. Wayne, where they will be declared the winner of the Pikeville contest.

Names of those composing the winning team from David follow: Men's team, winner of third place and a part in the national contest—Garland Hall, captain, Howard Hamilton, Fred Mallett, Johnny Prater, Walter Arrowood, Marcus Patton.

Girl Scout team, first-place winners—Joanne McKinney, captain, Joanne Hackworth, Doris Stapleton, Nedra Carver, Glenda Clark, Joyce Bingham.

Boy Scout team (Explorers), first place—Rex Music, captain, Randall Honeycutt, Dexter Music, Tommy Castle, Joe Marshall, Tommy Harmon.

Boy Scout team third place—Rodney Bussey, captain, Billie Ray Clark, Kenneth DeBoard, Mickey Titlow, Gregory Adkins.

Both the boys and the girls divisions were won by Princess Elkhorn Coal Company's David mine teams.

Winners of the mine-rescue contest were won by teams from the Inland Steel Company's Wheelwright mine and Consolidation Coal Company's mine 204 at Jenkins.

The two teams tied at Pikeville, and both were sent to Ft. Wayne, where they will be declared the winner of the Pikeville contest.

LACKEY COAL TO BE MINED

Purchasers of Mining Property Tell Plans To Resume Operation

Operation of the Central Elkhorn Coal Company properties at Lackey will be resumed within the next two to three months, it was promised this week after the company's holdings were sold at a bankruptcy sale by Joe Hobson, trustee, to Joe L. Lambert, Charleston, W. Va., and Harry M. Runkle, Columbus, Ohio. The property was purchased for \$52,000. Plans for resumption of its operation were outlined this week. Mr. Lambert, a veteran coal operator, will be in active charge of the operation.

In addition to mining and loading its own coal, the company plans to buy truck-mine coal for loading over its tipples. The firm will operate under the name, Central Elkhorn Coals.

The Central Elkhorn Coal Company has been idle since 1951.

PERKINS ASKS DROUTH HELP

For Eastern Kentucky; Plea to Benson Backed By Farm Agents' Reports

County Agent O. E. Boggs of this county and other Eastern Kentucky farm agents were called on this week by Congressman Carl D. Perkins to substantiate the information he had presented to Secretary of Agriculture Ezra Benson, claiming Eastern Kentucky as a drought area and in need of federal aid. He received prompt substantiation of this fact.

County Agent Boggs later told The Times that the Floyd county corn crop is off from 35 to 50 percent and that pastures have been almost as hard hit. Some farmers whose pastures have dried up under weeks of clear skies and parching heat have turned their livestock in on their corn fields and patches. Although the growing season is past for most crops, the drought in this county remains unbroken except for one or two comparatively light rains. At Lancer, house-holders have hauled water in barrels from Dewey Lake, and others have transported drinking water from Prestonsburg's supply.

Listing Floyd, Johnson, Knott, Magoffin, Pike, Perry, Morgan, Wolfe, Letcher, Elliott and Lee counties, Congressman Perkins said in the areas which these counties cover drought conditions have become critical. He wrote Secretary Benson: "The tobacco crop is 25% below normal, with the corn crop reduced by from 35% to 50%. Along with

Six To Be Inducted Oct. 7; 4 in Group Go As Volunteers

Four of the six Floyd countyans notified to report here Oct. 7 for army induction are volunteers, it was said at Draft Board No. 25 here. It will be the last induction call for October. The one pre-induction call of the month will be for about 20 men.

Names of those up for induction are:

Jack Raymond Salsbury, volunteer, Harold Green Hall, volunteer, East McDowell; Aaron Howard, volunteer, Garrett; Floyd Mann, volunteer, Martin; Billy Robinson, Martin, and Scott Howell, Amba.

FIRM OFFERS FREE 'SHOTS'

In Program To Prevent Influenza This Winter; To Check on Experiment

The Princess Elkhorn Coal Company, of David, wrote each of its employees this week offering them and members of their families free inoculation against influenza.

To start with, 350 "shots" have been ordered for the flu-and-cold-prevention program thus made available for as many more as wish to take advantage of the offer, it was said.

In suggesting the anti-flu inoculation program, David L. Francis, Huntington, Princess Elkhorn president, said the plan is offered to "help prevent the illnesses which

P'BURG BOY SCOUT RECEIVES EAGLE BADGE, SCOUTING'S TOP AWARD, AS HONOR COURT HELD HERE MONDAY; 7 OTHERS ADVANCE

David Collins, son of Mr. and Mrs. Tilden Collins, of Prestonsburg, received Scouting's highest award, the coveted Eagle Scout Badge, Monday night in a Court of Honor held in the Methodist Church here.

Collins, a member of Troop 21, sponsored by the Methodist Men's Bible Class, has been in Scouting for the last four years. He has held the positions of patrol leader, senior patrol leader and troop scribe in his troop and has been in the waterfront staff of Lonesome Pine Council for the last two years.

Fred Francis, of troop 20, sponsored by the Baptist Church and Johnny Jackson and Ronnie Goodman, both of Troop 27, sponsored by the Cliff Sunday School, received the Life Scout rank. Donald Harrington and Paul Douglas Stepp, of Troop 20, Joe Day Harkins and Lon Clay Hill, of Troop 21, received the Star Scout Rank. The badges were presented to the boys by Scoutmasters Carsey Kidd, E. B. May, Jr., and Hershel Tackett.

The awards were presented after careful consideration by the Court of Honor committee, with George Evans, chairman, and Chalmers Frazier, Glenn Anderson, Wilson Stepp, Jess Elliott, and Abe Jackson, members.

Mrs. Chalmers Frazier was organizer at the Court of Honor.

Jenny Wiley District to Organize New Scout Units

Left to right: Ambrose Mandt, Cecil Sherman, N. M. White, Jr., Jack Hodge, Bob Mullins, Rev. Atkinson, Paul Linkous, B. F. Reed.

The organization of 12 new Boy Scout units in the Jenny Wiley district was pledged at a Council-wide meeting sponsored by the Organization and Extension committee of the Lonesome Pine Council under the leadership of William Sturgill, chairman.

The meeting was held at the Colonial Hotel at Wise, Va., and was attended by 35 volunteer Scout leaders from all districts of the Council. Five hundred new Scouts recruited by December 1 was the goal set. Such a growth would continue progress made during 1952, which resulted in a 38% increase in the number of rural Scout units, which was the highest in Region 4 and one of the best records of growth in America.

WATER BOARD FILES ACTION

Commissioners Seek To Void Martin Deed, Collect Hydrant Rent

The question of water, at Martin this drought-ridden fall, is back in the courts.

A suit was filed in circuit court Saturday in which the Martin Board of Water Commissioners, composed of Lawrence Keathley, Ray B. Allen and Lloyd McGarey, sue the City of Martin, its Mayor and Board of Trustees, seeking:

1. To void the deed from the Water Works Commission transferring to the City of Martin a tract of land embracing water system property.

2. To collect from the City of Martin \$2,250 allegedly due on hydrant rentals.

3. To receive from the court a binding declaration of rights, adjudicating the full rights of the plaintiffs and their duties with respect to disconnecting the water hydrants and refusing to furnish water to the City of Martin while it is in arrears and refusing to pay its water bills.

A part of the lengthy history of the Martin water system wrangle is told in the petition, which was prepared by the Prestonsburg law firm of Howard & Francis. It follows:

As a condition of the sale of bonds to provide the water system it was provided that the Board of Trustees should appoint three commissioners in compliance with City Ordinance No. 35. The plaintiffs, Allen, Keathley and McGarey, were appointed and acting when the Board sought to oust them and created in lieu of a commission a Water Works Committee composed of T. J. Allen, C. P. Allen and Z. C. Dings.

The Court of Appeals later ruled that the ordinances abolishing the commission and creating the committee were invalid. So the plaintiffs were restored to office as commissioners. After this ruling was handed down, the suit recites, members of the Water Works Committee executed a deed to the town of Martin, conveying a tract of land. Plaintiffs claim this deed casts a cloud on the title of the Martin Water Works and interferes with them in possession of the property.

It is claimed that in ordinances adopted by the city creating the Board of Water Commissioners and

TV TO COVER UM CEREMONY

At Floyd Hospital Site Ground-Breaking; Caddy To Be Principal Speaker

The first church moved in Saturday's ground-breaking ceremony at McDowell for the memorial hospital to be built there by the UMW Welfare and Retirement Fund will be turned by State Senator Doug Hays, of that community, it was announced this week by Pikeville UMW headquarters.

The principal address will be delivered by Sam Caddy, Sr., Lexington, president of District 30, UMW.

A large crowd is expected for the ceremony, and the program will be covered by Eastern Kentucky radio stations and WSAY television cameras, Carson Hibbitts, general chairman, said.

Other speakers will be B. F. Reed, president of the Turner-Elkhorn Coal Company, Drift, representing the coal industry; Judge Bert T. Combs, of the Kentucky Court of Appeals, and Sam Caddy, Jr.

County Judge Henry Stumbo will deliver the welcoming address, and Noble Hobbs will introduce prominent guests. The program will include the introduction of local physicians, also Dr. Gordon Friesen, senior hospital administrator for the Memorial Hospital Association, Dr. John Dawdop, assistant to Dr. Friesen, and Dr. Asa Barnes, area medical administrator, UMWVA Health and Welfare Fund. Music will be supplied by the McDowell high school band.

Missionary to Congo Will Be Speaker Here

A Methodist missionary to the Belgian Congo, Africa, the Rev. Alexander J. Reid, will be the principal speaker for eight district missionary institutes in the Kentucky Conference of The Methodist Church between October 3 and 13.

At one time a pastor at Berea, Ky., Mr. Reid is a graduate of Asbury College, Wilmore. He went to Africa in 1929 and now is one of the best-known American evangelists in the Belgian Congo. His work has always been that of the "pioneer" missionary who blazes trails into new territory.

The schedule of missionary institute for the Asland district will be held in Prestonsburg, beginning at 10:30 a.m., Oct. 7.

PLAN BUILDING ON COURT ST.

Fitzpatricks To Raze Old Buildings To Make Way for New Structure

This week saw three Prestonsburg businesses moving to new quarters as H. D. Fitzpatrick and son, H. D. Fitzpatrick, Jr., prepared to raze the buildings they occupied to make way for a modern brick structure on Court street adjoining the new First National building.

Plans for the proposed structure call for a 72-foot frontage on Court street, with the building extending back 20 feet. The new building will be of a single story.

H. D. Fitzpatrick, Sr., said he could not say what businesses will occupy the new building. He added that it may be divided into four parts to house as many enterprises.

Razing of the old wooden buildings now occupying the lot is expected to be started next week.

As a result of the Fitzpatricks' building plans, these moves were made necessary:

Sammons' Radio Shop to the rear of the Fred Cottrell Store, Montgomery's Barber Shop to the Dairy Bar building near the Bus Station, and Wicker's Restaurant to the building on North Lacey Drive formerly occupied by the Star Cafe.

All have moved and reopened for business.

Another building to be vacated is that occupied by Republican headquarters.

BOOKMOBILE IS ASSURED

Reed Tells Group Here Drive Has Reached Point Assuring One Book Unit

Bookmobile fund drive workers heard at a breakfast here Monday morning an outright prediction that Floyd county will contribute enough funds to buy at least one Bookmobile.

Approximately \$1,100 had been subscribed as of Monday morning, and at that time none of the larger coal or gas companies had been solicited, it was said.

Another breakfast meeting will be held at the Center Grill here next Monday morning for a final report on results of the drive. One Bookmobile costs \$3,000.

B. F. Reed, of Drift, head of the Floyd fund drive, was in Louisville Wednesday when reports on drives

HIGH SCHOOL CONTRACTORS RESUME WORK

Bonds Sell at Premium, Lower Interest Charge Than Heretofore Asked

The Long-delayed sale of \$445,000 worth of bonds necessary to finance the construction here of a county high school building was effected Wednesday morning and work on the building was scheduled for resumption today (Thursday).

Foundation work on the structure was begun in early summer, but a halt was called to construction when the W. C. Thornburgh Co., Louisville bond firm, failed to procure satisfactory bids on the bonds.

Later, the county board of education and the fiscal court cancelled their contract with Thornburgh, and after that entered into an agreement with Goodbody & Company and F. L. DuPre & Company by which these firms were named bond representatives.

The result was the sale of the bonds at 4 1/2% interest and at a premium of \$53.49. Joining Goodbody and Dupree in submitting the bid accepted by the court and the board of education were The Ohio Co., Columbus, O., Allen & Co., New York, Goodbody & Company a New York firm and Dupree & Company has its home office in Harlan, Ky.

Another bidder was Pohl & Co., Cincinnati, which offered a premium of \$56.98 but asked 4.75% interest. The bid of Goodbody, Dupree and associates which was accepted was considered by County Superintendent V. O. Turner at least \$17,800

TWO RALLIES HELD IN WEEK

To Urge Vote of "Yes" On Amending Sec. 186; Page, Edmonds Speak

Several recent rallies to get out the vote to repeal Section 186 of the State Constitution were held in the county recently. Tuesday evening at Betsy Layne grade school auditorium a crowd of 300 heard Fred Edmonds, State Department of Health, Charles Clark, Garrett high school principal and president of Floyd County Teachers' Association, V. O. Turner, county school superintendent and D. W. Howard, Betsy Layne principal. In previous meetings over the county various speakers advocated repeal to large crowds.

A recent Wheelwright meeting brought one of the largest crowds in the campaign. Speakers were Mr. Clark, Turner and Joe Periano, president of Wheelwright Parent-Teachers Association. "Kentucky is at the cross roads and the citizens must vote 'yes' in November to repeal Section 186," said Mr. Turner. "To do otherwise is to encourage decline of the educational system in Kentucky," he added.

At another meet the Wheelwright Parent-Teacher Association met and again Mr. Periano explained Section 186, "the road block to education in Kentucky," to a representative group of parents and teachers. The Association votes to support the drive to get out "Yes" voters. Mr. Periano asked the body to contact five other people, explain Section 186 to them and bring them to P.-T.A.

Earlier the Kiwanis Club of Wheelwright brought to the people of Wheelwright an outstanding speaker on the question of Section 186. It was ladies' night and the dinner meeting was held in the high school cafeteria with 75 people present from Pikeville, Drift, McDowell and Wheelwright. An address was made by Dr. A. A. Page of Pikeville College. Dr. Page had only that day returned from central Kentucky where he had attended a meeting of a denominational school discussion of Section 186.

RALPH BRADFORD

Ralph Bradford, 51, world traveler this week listed Prestonsburg as the 678th city he has visited in 25 years of wandering. He has seen a lot, but heard nothing, for he is a deaf-mute.

Bradford, a native of Parkersburg, W. Va., has 32 scrapbooks on his wanderings, and has collected the autographs of more newspaper editors, perhaps, than any other traveler, for he always visits them. He attended the West Virginia School for Deaf and Blind and the Indiana School for Deaf. Born deaf, he was stricken with polio when a child of two. He is able to walk with the aid of a steel brace.

Bradford says Prestonsburg reminds him of some of the Colorado mountain towns. Leaving here, he will visit Frankfort and Gov. Lawrence Wetherby.

CLAIM DALTON OWES \$141,640

On 1947-48 Income Tax; Pike Coal Operator Says He Overpaid for 2 Years

The Internal Revenue Service charges that A. J. "Jack" Dalton, mine operator, of Pikeville, owes the government \$141,640 taxes for the years 1947 and 1948. The I.R.S. says the amount due for 1947 is \$21,222.20 and for 1948 it is \$120,417.80.

Dalton replied that he is not indebted for the taxes and in fact overpaid his income taxes for the two years, according to a petition filed in United States Tax Court by his attorney, R. D. Davis, Ashland, Ky.

The I.R.S. said Dalton failed to list as income certain salaries, dividends, royalty income, and drawing-account withdrawals from several companies in which Dalton is interested.

Dalton said the money represented credits in prior years that were either non-taxable or that previously had been reported for income taxes. In addition, he said, certain tax deductions which the I.R.S. disallowed should have been allowed.

For 1947 Dalton reported a net income of \$113,155.58, but did not report \$25,100.30 withdrawn by him "for personal use" from Dalton Mines, the I.R.S. said. This gave him a net income for 1947 of \$138,255.88.

For 1948 Dalton reported a net income of \$33,244.21. The I.R.S. said this should have been \$193,870.54. From Dalton Mines, Dalton withdrew for personal use \$37,743.49 through the regular drawing account and \$24,420.87 through a special drawing account, a total of \$62,164.36, the I.R.S. said.

From Dalton Coal Sales, Dalton withdrew for personal use \$96,519.05, the I.R.S. said. Dalton also should have listed as income \$2,712.37 representing "recovery of royalties credited to your personal account on the books of Dalton Mines in August, 1948," the I.R.S. contends.

For 1948, Dalton reported \$32,000 in salaries from four companies, but received \$33,500 in salaries from five companies the I.R.S. said.

In 1948 Dalton paid \$38,531.07 to the collector of internal revenue, the I.R.S. said.

The I.R.S. barred as deductible items a \$500 donation to the Big Sandy Valley Association and \$3,135.30 in medical and dental expenses.

Dalton contends that both items are deductible.

Of the \$25,100.30 withdrawal in 1947 from Dalton Mines, Dalton said it was never intended by the company or himself that it would constitute distribution of earnings or profits. The money all was repaid by cash or credit to the company or its successor, Mountain States Coal, he said. It represented credits due him in prior years that were either non-taxable and had previously been reported, he added. The same applies to the 1948 withdrawals, he said.

Dalton Mines, Dalton Stores, and Dalton Coal Sales were affiliated corporations and were merged into Dalton Mines on September 30, 1948, and this name subsequently was changed to Mountain States Coal Corporation, Dalton said.

He said he owns and in 1947 owned more than 90 per cent of the capital stock of the corporations.

Mrs. Barbara Pack, 73, Dies at Daughter's Home; 25-Yr. Garrett Resident

Mrs. Barbara Pack, 73, died September 26 at the home of her daughter, Mrs. Richard Martin, Mousie, Ky., after an illness of several years.

Athletics To Feature Beaver Creek Kids Day Saturday at Drift Park

The kids of Beaver Creek will meet Saturday at Drift ball park under the sponsorship of Kiwanis Club of Beaver Valley to enjoy a day of athletics and fun. The events are open to children of all the Beaver Creek schools, according to an announcement by Cliff J. Aders, Wheelwright, chairman of public relations of the Kiwanis Club of Beaver Valley. The hours will be from 12 noon to 4 p.m.

The athletic events that will feature the meet will be the following: 100-yard dash, 100-yard relay for team of three, rope jumping, baseball throwing, basketball throw, running broad jump, sack race, standing broad jump, high jump, and potato relay with two girls. Contestants will be grouped in three categories—group one being children of the first three grades, group two, seventh and eighth grades, group three, high school pupils.

Awards will be for first, second and third places, blue, red and white ribbons. Points will be awarded to schools having winning contestants, the highest contestant receiving four points. Participation counts for one point. A trophy will be awarded to the school finishing first in total points earned by contestants in grade groups one, two and three.

There will be free refreshments, including plenty of soda pop, for the children, Mr. Aders states.

Twins Born Sept. 23 Are Something Special

How to own a new Laundromat and clothes dryer—and a years supply of baby food, to boot? It's simple—if you have twins who were born on Sept. 23, 1953.

Mr. and Mrs. Edward Collins qualified, Wednesday of last week. Twin sons, Ronald and Donald were born to them at the Prestonsburg General Hospital.

And Mrs. Collins remembered this ad which appeared in the Big Sandy REA Co-Op Magazine:

"FREE! BLESSED EVENT DAY  
"To celebrate the introduction of the new model Laundry Twins, Westinghouse will award, without charge, the new Laundromat and Clothes Dryer to the parents of twin babies born on Sept. 23, 1953, and Gerber's will award a year's supply of their famous baby foods. See us for details."

Mr. Collins being occupied with duties in Fort Lewis, Wash., Mrs. Collins is attending to the matter of collecting on this deal.

To the Citizens of Floyd County:

I wish to state that I own property nearest to and adjacent to the property of Bill Hall, at Mare Creek, Kentucky, who is now a candidate for Sheriff on the Democratic ticket.

Having lived by Mr. Hall, and having been his nearest neighbor for a period of years, I would like to tell the people of Floyd county the feeling of respect I have for him. He has been a fine neighbor, and we have gotten along, during the time I have lived near him, as good neighbors should. I give credit to him because he is the type of man that makes a good neighbor, and I feel assured that he will make Floyd county the finest Sheriff it has ever had.

I urge all of my friends and relatives to get out and work for his election and to support him right up to the time the ballots are counted.

THE FINE CAR  
at half the fine car price

Duplicating America's costliest cars, feature after feature, Ford is worth more when you buy it... worth more when you sell it!

A FEW MINUTES on the telephone calling the dealers who sell America's finest cars will reveal there are at least eleven models among four makes with price tags over \$4,000!

Now the interesting thing is that in feature after feature the Ford car duplicates each of these fine cars, and for less than half the fine car price!

Look under the hood of the most expensive cars and what do you find?

A V-8 Engine! Well, the Ford car has a V-8, too. In fact, it has had a V-8 since 1932, and since that time Ford has built more V-8's — by millions — than all other manufacturers combined. And there's no other builder in Ford's price range that's seen fit to offer one yet!

But the engine, as fine as it is, is only one of many things that make a fine car fine.

Automatic shifting, for example. All the fine cars offer it in one form or another because it's one of the things that make a fine car fine. But if you've never driven a Ford with Fordomatic you've missed one of the finer things of life. This amazing transmission not only does away with clutching and shifting forever — it

gives you exactly the amount of power you want, when you want it — automatically.

Fine car power steering, too. The big, heavy costly cars offer it for the same reason they offer power brakes. It's a man-sized job for a 120 pound woman to handle a car weighing two tons or more without it — especially when parking. Our "Master-Guide" has two distinct benefits.

First, it gives a hydraulic power assist right down at the wheels and just enough to take out the work. You don't relinquish one particle of control — rather your control is more complete and far easier.

Second, being hydraulic, "Master-Guide" power steering absorbs those fatiguing steering wheel tremors caused by ruts and roads in bad repair. And you don't pay a fine car price for "Master-Guide."

But there is another fine car feature — the Ford ride. Books have been written on the subject of riding quality in an automobile, but the payoff comes on the pavement — or lack of it! Many people associate a comfortable ride with excess weight, but it's not weight alone that makes for comfort. If it were, those big five-ton trucks which you see every day

would be the most comfortable vehicles on the road.

Without being technical we can tell you that what's been done with the suspension and springing system gives the Ford a softer ride, a smoother ride than many cars which tip the scales at better than an added half ton.

What about room? Here's an interesting point. If you've felt that only a costly car offered enough room, you just ought to sit down in a Ford even if you're out-size and six feet four! The so-called big car is bigger on the outside, but unless you buy a limousine with those little jump seats, it's not one passenger bigger inside.

Visibility is another fine car Ford feature. We say Ford cars offer "full-circle" visibility because they all have huge, curved one-piece windshields and a huge rear window to match... plus side windows that mean every passenger gets room with a view!

How beautiful is a Ford? A great English poet, John Keats, once wrote "Beauty is Truth, Truth Beauty" — well, he could have been writing about our car for its beauty comes from honest, clean lines in every dimension. In fact, we think most people agree — even our competitors

— that the appearance of a Ford Car leaves very little to be desired. It is "at home" wherever it goes and it goes everywhere.

But what about Ford quality? Does it too match the fine car? Is the sheet metal of the body panels as thick? Is the finish as good? How about the trim and things like that? Well, as far as we can determine, the sheet metal is identical in thickness in practically all instances. As to finish — we believe Ford's baked-on enamel has no equal in any car. Ford upholstery fabrics and trim are less costly, but they're less delicate, too, and if anything, more durable.

How then is it possible to give you this fine car at half the fine car price?

Part of the answer lies in Ford manufacturing skills and knowledge as evidenced by the V-8 engine. Part of it comes from the ever increasing numbers of cars Ford produces and the economies they make possible. And, part of it comes from Ford's willingness to give greater values than might be expected in cars selling in Ford's price range. And that's the Ford idea.

Johnny Rauch, one of football's top-flight passers during his All-American days at Georgia, thinks Kentucky may be coming up with another Babe Parilli.

After he had scouted the Wildcats in their 22-6 loss to Ole Miss Saturday, he came up with the observation, that "Kentucky has two better-than-average passers... and that one kid can be great."

Doing the flipping for Kentucky were Dick Shatto and the "kid" Delmar Hughes.

"They're both capable of hurting you when they throw the ball," said Rauch, now an assistant coach at Florida.

The Gators will play Kentucky at Lexington Saturday night. "The last boy Kentucky used seemed exceptional to me for a freshman. If he shows the normal improvements that can be expected in a player, he'll go great."

He was talking about Hughes, a 6-2, 180-pounder from Prestonsburg. His appearance Saturday, as Coach Paul Bryant searched desperately for a backfield combination with punch, was his first in a game for the Cats.

Hughes started out in Parilli fashion by completing the first five passes he threw. And the thing that impressed Rauch about both Shatto and Hughes wasn't that they were doing a good job of hitting the receivers—it was the way they spotted the receivers and were getting the ball away.

"Kentucky's pass protection wasn't very good," added Rauch. "That aggressive Ole Miss line was busting in there, reaching the quarterback almost as fast as the ball did."

"I thought the Kentucky team played a very courageous game, though. They were outmanned by Mississippi's players—Mississippi has more talented football players and runs deeper in reserve strength—but they were fighting as hard in the last minute of play as they were in the first minute."

"And, you know, the score doesn't actually measure what went on in that field. Kentucky still was in the ball game in the fourth quarter until that safety."

A fellow who really got a boot of the game was the daddy of Delmar Hughes.

The congenial, likeable elder Hughes, an automobile dealer in Prestonsburg, chartered a special plane on the morning of the game to make the trip, and he brought with him Doc Ferrell, Prestonsburg coach.

"When the coaches told Delmar Friday he might play, I just had to get to Oxford," said Hughes. He admits he's a football bug and that his interest has spread to his four sons. Three of the boys are playing football, but the fourth is too young for the game right now.

Lewis Is Attorney In Case Attacking Officials in Lee

Jesse K. Lewis, Lexington attorney brought suit in the Lee county Circuit Court at Beattyville last Friday against four county officials. He alleges that \$10,000 was borrowed by the defendants and used to influence the recent primary election.

The suit was filed by Lewis in behalf of two taxpayers, Sam Spicer and Dillard Tipton. Their petition charges that at a special meeting July 3, Fiscal Court voted 2 to 1 to borrow the money from a local bank at 4 per cent interest. This money, says the suit, was to be placed in a road fund.

But, the petition contends, the court used "a large part of the borrowed money to bring about Kincaid's nomination as County Judge and other persons seeking office."

The fourth Fiscal Court member, Malcolm Brandenburg, who "voted against" borrowing the money, was not named in the action.

Bill Hall's Neighbors Speak. Bill Hall, is a candidate for Sheriff. He is a Democrat through and through. If he had been defeated for the Democratic nomination he would have been working now in support of the ticket. HE IS THAT KIND OF A DEMOCRAT. That is one of the reasons he carries his party's honor as nominee for Sheriff. But Bill Hall, is more than a good Democrat. He is a good citizen. Examine the record, ask his neighbors. Disregard the rumors started by his opponent and talk to those who know him, to those who trade with him, and to the many he has aided with personal endorsement. They will speak for Bill Hall from experience and speak well. Years ago Bill Hall became a business man. By hard work and attention to his business he has accumulated a competence. He is not rich but he owns some property. He sends his children to schools and plans for their education. He desires that his children take their places with your children in our common activities. He wants his children to be one with yours in a good community. In the light of these things let us ask ourselves, as voters, a simple question. What kind of deputies will Bill Hall employ to assist him in the Sheriff's office. Do you believe that a man of excellent character, of a high sense of party loyalty, of genuine attachment to his county, would inflict upon his people and friends a motley array of gun-thugs and fee-collectors as deputies? No one does. The opposition don't even believe it. Bill Hall, has too much at stake to do it. He has his background, steeped in good citizenship, and he has his place in the hearts of the decent people. To say that he would throw everything away he has been years in building up by the employment of undesirable deputies is to speak from anything but the facts. We offer you Bill Hall, the Good Citizen, for Sheriff. We have brushed aside the rumor and malice to portray him as he really is and as his neighbors and associates see him. You, as voters, were entitled to this, Bill Hall, as candidate and Good Citizen was entitled to it. Floyd county is entitled to a good Sheriff and good government. It will have both with Bill Hall. "In Kentucky" Does Right by Us

THOSE of you who long have waited about the little favorable publicity given our section of the state...

The autumn edition of the magazine was distributed this week, and it is a treat for eyes tired of "typical" mountain cabins, feuds and feudists, ignorance and a lot of other things laid at our doorstep by a lot of ignorant ramblers.

On the cover is a color picture of Dewey Lake; sky-blue water and the green of wooded slopes, a gem of a site for Kentucky's next state park.

Then turn the pages. "Eastern Kentucky Gets a New Look," by Clay Wade Bailey, is the lead article. From that first superb shot of a mountain range distant and remote beneath clouds, through all the pictures and words of the article, you will find nothing that would not leave you proud to be one of us.

Turn the pages again. And find yet another article about our region—this one entitled, "New Dewey Lake State Park." Read what those who do not see this body of water with eyes sullied by its beauty through every-day acquaintance have to say about it.

We suggest that you buy a copy of this number of IN KENTUCKY. Read it, cherish it. For it may be a long time before you again see a publication of its kind as full of nice things about Eastern Kentucky.

BOOKS OF FLOYD SETTLERS WERE RARE AND TREASURED

The commissioners, who, headed by Harry Stratton, settled in 1839 the estate of John Sellards, a brother of Jenny Wiley, meticulously wrote for the court record every item of value in the Sellards personal estate.

In homes all over the Big Sandy section the early settlers possessed only the one book. Treasured beyond all other items, the Book became the repository of birth, marriage and death dates, for where else should sacred events be recorded except in the Sacred Book?

The oldest Bible in existence in Floyd county is the Stratton Bible. Solomon Hunter Stratton bought it from a subscription agent in 1825. The genealogical data written into it by the Stratton hand is a valuable record for those who search for dates of birth and death.

In 1832 The American Tract Society published one of Jonathan Edwards' treatises on the religious affections. A copy was purchased by a member of the Stratton family and lay on the table next to the Sacred Word until 1869 when the owner died.

Today books are not rare but distribution is limited. This limited distribution the Bookmobile will eliminate.

"One Room and a Path"

By STAN PORTMANN

In 1953, two out of every five children in Kentucky attend a school with outdoor toilet facilities.

In 1953 Kentucky still has 2,600 one-teacher schools and nearly 1,000 two- and three-teacher schools.

In 1953 there are 2,900 teachers that hold only emergency teaching certificates. This means that Kentucky's children are being taught by inadequately trained instructors.

In the '53 age of transportation many children have to board their school busses as early as six a.m. and don't return home until six p.m. This represents a waste of four to five hours each day to the pupils and their parents.

How do these conditions affect Kentucky in the national picture?

The rate of rejections of white registrants in Kentucky for military service in World War II for mental and educational deficiencies was the highest in the nation. Kentucky also has the nation's highest illiteracy rate.

Why can't Kentucky, a progressive state in nearly every other respect, get its educational program into high gear to remedy these glaring deficiencies?

The stumbling block to any improvement in the educational program of the state is the outdated and outmoded Section 186 of the Constitution. Kentucky is the only state in the nation encumbered by such a restriction.

This says, paraphrased into plain words, that 75 per cent of the state school fund must be distributed on a census-pupil basis.

Inequalities are created because this money has to be sent into a district on the basis of school age children... not on those who are actually attending public schools.

For example, the lowest allotment is \$40 per pupil actually in school, while the highest receives \$140. Under Section 186, if the state appropriated \$10,000,000 more for the common school fund they could increase the per pupil allotment in the needy district to \$55, but, under the restrictions of the present 186, they must also send \$193 to the highest district. The rich get richer and the poor get poorer at a ratio of 3 to 1.

With the amendment of Section 186 the state can establish a foundation program (similar to that already adopted in many states) which will enable all Kentucky schools to reach an acceptable standard of education and educational facilities for your children.

Don't let Kentucky children suffer from a "One Room and a Path" education.

Vote to amend Section 186 on November 3rd.

Stephens Set Record With 98 at State Fair

Frankfort, Ky. — Stewart Stephens, 16, of Prestonsburg, fired 98 out of a possible 100 to set a new state record in the Senior event of the Junior Conservation Club's tournament at the State Fair.

TIDBITS OF KENTUCKY FOLKLORE

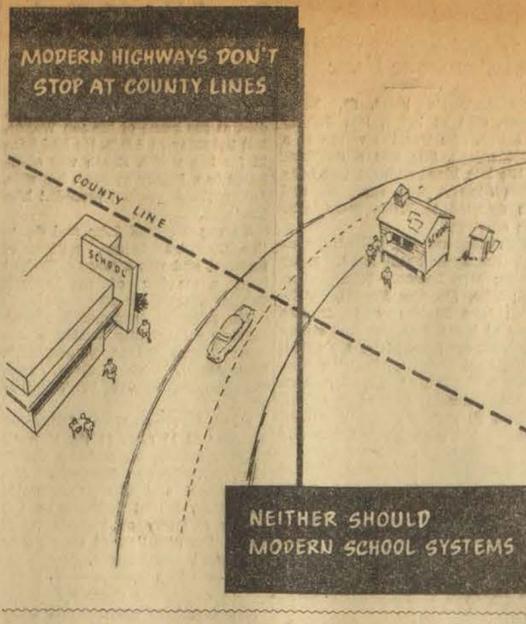

It is a political year again, and the air is electric with patriotism. The two major parties are at their quadrangular game of name-calling. Ward-healers of all sizes are stirring up the voters, calling on them to save the country from the other party.

Joseph Bevins came from Ireland to America in 1774. After Revolutionary service he moved westward into the hills of Eastern Kentucky, settling on Johns Creek. In his trunks, carried over the mountains, were a few books, chiefly volumes of instruction and practical use.

Textbooks were so rare in the early schools of Big Sandy that the Bible was in universal use as a reader. Gradually some of the old texts that oldsters look back upon with fond memories, like Webster's Speller, commonly called the Blue Back Speller, McGuffey's Readers and Ray's arithmetics, found a gradually increasing use.

In this day of many, many books, it is difficult for Eastern Kentuckians to appreciate the value the early settler placed upon his few books. This value, reflected in great care through the decades, was because of the rarity of books.

Today books are not rare but distribution is limited. This limited distribution the Bookmobile will eliminate.

If You Remember...

The people gathered on the high cemetery under the giant oaks and song rose on the still air. The harmony of the old hymn wafted over the valley, drifted into the homes nearby and to the arriving autoists brought faint, fond memories of the yesteryears.

A woman arose from her seat under the choir and began a song, singing with strength and deep faith. As the hymn lengthened, the hearers ceased to move with the chill and leaned forward or shed tears. Firm and deep became the tones that pulsed with joy.

When they parted at the church door they did not remember that they had wanted to go home.

TIDBITS OF KENTUCKY FOLKLORE

bring out the fighting qualities of us all. Our own particular candidate spoke in every part of the county, for weeks before the election. In some races a fierce rivalry developed, so that partisans followed their candidates around and cheered at the right time or hissed the other candidate or even put fellows in their places when they got too loud in their loyalty to someone else.

Now isn't that really funny? It is so much like 1948 that it seems a transcription of almost any day in our lives. Unquestionably the whole world is watching us right now, some of our pretended friends hoping that our system will not work again as it has worked in the past.

With deep regret we notice that Harry Schacter leaves Kentucky for Indiana. An adopted citizen here, he possibly did more for the state than anyone else. He pleaded constantly for progress, donated time and money generously. His last project was the wonderful Bookmobile Project now under way.

FLOYD COUNTY HISTORICAL NOTES

By HENRY P. SCALF

ISAAC GOBLE Isaac Goble was born in Washington county, Virginia, February 13, 1832, settling in Floyd county in 1870. He was living in Johnson county when the Civil War began and enlisted there Sept. 6, 1862, in Co. A, 39th Ky. Mtd. Inf., and was promoted to First Lieutenant, participating in several engagements, among which were the boat fight in Kentucky, Paintsville, April 15, 1864; and his address is Laynesville, Floyd county, Ky. His brother, William Kidd, enlisted Nov. 8, 1862 from Floyd county, in Co. C, 39th Ky. Mtd. Inf. and died of measles at Louisa, Ky., May 4, 1863.

Everyone taking the school census was saddened by the sight of the empty dwellings that may yet make ghost towns of some villages, unless the mine problems are solved.

Frank Stewart encountered a fine young couple who are much interested in their small boy, now in school. The lad informed him he has two good books, aside from texts. He then showed Frank how to use Webster. Afterwards he proudly brought forth his other book, a large family Bible, the masterpiece in literature. "That home has made a fine start," said Mr. Stewart.

Recently we saw little Buck Combs, in Pikeville, a second-grader who can handle the encyclopedia quite well. He is the son of Dr. and Mrs. Gene Combs. Gene and Bennie Mae are completing a lovely new home.

According to report, all who have not seen the attractive residence of Spence and Allen Combs in Maytown have missed something. We hope to soon, but are more eager to see its focal point, their baby girl!

Like most communities, Wayland has some precious little handicapped children in school. Regardless of how we love them and how hard we all try, their chances are slimmer than those of other children. This makes us long to see one school in the county for those youngsters, who need a rest period in the day, an extra snack in mid-morning sometimes, and other features. If school buses could not convey them their parents likely would be glad to do so, while specially trained teachers did more to assist them than is now possible with most of us.

Little Phil Price recently entertained a gang of his classmates from second grade, in an unusual way. At recess they slipped up the hill and twisted the tails of Phil's small pigs, his mother reports.

Have you ever checked what your child's mind is consuming on TV? Thirty sets of Chicago parents rotated to monitor the programs from four stations there, the last week of December, 1952. The Chicago Daily News then printed the following score: 295 crimes of violence, including 98 murders, in 134 programs for children. The children also saw 78 shootings, 9 kidnappings, 9 robberies, 44 gun fights, 33 sluggings, 2 knifings, 3 whippings, 2 poisonings, and 2 bombings. The audience ranged from pre-school age through grade three.

Isn't the early fall foliage a treat to the eye? We should revel in the beauty of our hills, particularly at this season when Nature is so generous with her colors.

Our children in fifth grade plead daily for more Bible stories. They sit like little mice to hear them told. We now have stories on the flannelgraph to start soon. It is encouraging to note that leaders everywhere in the field of education are pleading for more religious instruction in the school.

With deep regret we notice that Harry Schacter leaves Kentucky for Indiana. An adopted citizen here, he possibly did more for the state than anyone else. He pleaded constantly for progress, donated time and money generously. His last project was the wonderful Bookmobile Project now under way.

'Bear' Facts

By PAUL BRYANT UK Football Coach

LEXINGTON, Ky. — The elusive football season, which I have been speaking of as "just around the corner," is now upon us and so it seems an opportune time to look into the future of the sport here at Kentucky.

Like many of you, I was quite optimistic last November over the future of our Wildcat footballers. After a slow start, our "come-back kids" had come from behind on four occasions—twice to win and twice, from two touchdowns back to the bowl-bound teams. There were only five seniors on that squad so things were looking up for '53 '54 and '55.

Since then, however, in addition to graduates, we have lost for various reasons about 40 men with two or more years of eligibility remaining, including 10 probable starters. I do not mean untested freshmen who quit, but rather upperclassmen thrown for a loss by schoolwork, lost to military service, lost through injury, and in a couple of cases lost through failure to return. Consequently, we are facing the toughest schedule in Kentucky's history with one of the most inexperienced squads in the history of the Southeastern Conference.

I am not pessimistic, however, because our seniors are fine leaders, the entire team has a wonderful spirit, and I look for the younger men to show improvement from week to week.

How this will be reflected in the win column is secondary. The interesting point, for those who don't give up on us, to remember is that there are a lot of fine Kentucky boys out there who have got the makings of good football players.

Just a few of the boys who come to mind (and by no means all of them) are Louisville's Howard Schnellenberger; Bill Holt of Sturgis; Roger Pack of Jenkins; Jack Butler and Frank Petitt, Tompkinsville; the Curruete boys from Ashland; Burlington's Gayle Rouse, Jim Fulmer of Bellevue; John Mullins of McRoberts; Joe Stuart, Horse Cave; Jerry Beatty, Paintsville; Dale Walte of Ludlow; Bob Walker, Middlesboro; Pikeville's Bob Phillips and Bill Wheeler; and John Delmar Hughes, Prestonsburg.

You can put this up for future reference: If all these fine boys, and space does not permit mentioning everyone, avoid the pitfalls of poor studies, temptation to quit military duty, etc., and are around in the fall of '55, just get your Kentucky tickets early. We'll be in business. That's a Bear Fact!

LEXINGTON, Ky.—A few of the football previews I have read in the numerous national magazines now on the news stands seem inclined to think of Kentucky's chances this year in terms of "inexperienced" and possible "darkhorse."

It might be well to set the record straight before the 1953 campaign actually gets under way about the time this appears in print.

After our second week of pre-season practice and one game-length scrimmage, the showing of our squad did very little to change my mind, but it certainly would alter the views of some of these magazine prophets, I am sure.

Kentucky truly is going to have an inexperienced team—very likely the greenest club in the conference. But if the boys study hard, work hard and are just willing to "pay the price," they are going to grow up fast during the season ahead and that hunger for victory is going to pay off sooner than most people think.

Now that sounds exactly like "darkhorse" talk, I realize, but any thought of the Wildcats in the same class as horses is unjustified this year. The fact of the matter is that we just don't have enough horses. We do have some capable football players, but there are too many problems at hand for them to make enough difference in our outlook.

We very frankly are building for the future and it is a deserved tribute to their parents that a great many fine Kentucky boys are figuring prominently in these plans.

The limit of our success this season will be directly dependent upon how hard our young ball club wants to win. I think the teams wants victory, and the spirit and morale has been the greatest we have had since 1950. Thus, my advice to our followers on the eve of the season opening, is to not give up on this ball club if it gets off to a slow start.

World-wide Communion Sunday will be observed in the Methodist Church, Sunday, October 4. The communion meditation is, "One in Christ".

The church school is observing Rally Day. The entire church school will meet in the sanctuary at 9:45 a.m. The children's division will present the devotional service. The M.Y.F. meets 6:15 p.m. The Evening Service will begin at 7:30 p.m.

Cambridge Blanton, who was indicted two weeks ago for voluntary manslaughter in the death of a 14-year-old Gretel girl when hit recently by a car driven by him, was named in two more indictments this week, these charging him with assault and battery with an auto in the injury of Daniel Akers, 4, and Randle Akers, 5.

Another indictment returned this week accused Ira Frazier with malfeasance on the allegation that he failed to make to the City Council of Weeksbury the financial report requested of him as treasurer for the town. It was said here that Mr. Frazier later supplied the information requested.

Three indictments were filed against Arthur Bentley, of Lackey, after similar cases against him had been dismissed on appeal to circuit court from county court where he was convicted and fined \$1,000. He was accused in one indictment with Ed Moore of the robbery of B. G. Rice and in two others of selling intoxicating beverages.

The grand jury worked two days this week, adjourned Wednesday afternoon, and will return Friday for the last day of a nine-day session.

Other major indictments returned this week: Dock Ed Moore, breaking and entering an American Legion clubhouse; Ed Moore and Johnnie Ward, robbery of Joe I. May; Foster Watkins, drunk driving; William Okie Bevins, obtaining money under false pretense; Arnold Manuel, removing mortgaged property from the state; Will Miller, failure to support indigent parents; Beaver Elkhorn Water District, trespassing on road of Wes Vance; Denzil Joseph, Fred Newsome, Bennie Branham, James Lafferty, J. Jr. Lafferty and Dick Wallen, all for selling intoxicating beverages; Jordan Moore, unlawful possession of intoxicants.

George Hall, Jr., Palestine Turner, Herbert Salisbury, Russell Wallen, Granville Howell and Joe W. Horn, each of child desertion; Everett Stone, cutting and wounding J. T. Anglian; Melve, Ed, Matthew, John and Doris Kied, all for assault and battery of Bud Blanton who allegedly was beaten with rocks; James Hughes, cutting lime wire-fence and reckless use of a deadly weapon; George Weddington, drunk driving; Robie Shepherd, destroying property of another; Homer J. Thacker, cold check of \$563.50.

better over the 20-year life of the issue than that of Pohl's.

The bonds are callable in reverse order after March 1, 1959.

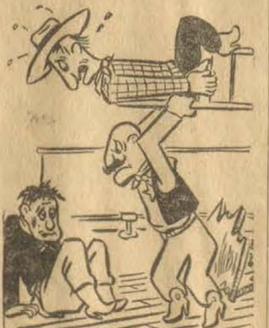

All contracts made with successful bidders on the several phases of construction of the school remain unchanged and in effect, it was said.

Sale of the bonds and resumption of work on the building has been awaited with interest here, with the city board of education studying plans for merger with the county system.

The board of education and fiscal court cancelled their contract with the Thornburgh Company as bond representatives after two advertisements had failed to produce an acceptable bid on the bonds.

Ben W. Cregor, Louisville, representative of Wednesday's successful bidders, handled the bond issue and was highly optimistic about the chances of receiving acceptable bids from the beginning of his work here. Mr. Cregor said an analysis of the local situation here showed the county board of education to be in sound financial condition. He also pointed to the readiness of local capital to invest in the bonds.

U. S. army experiments have proved the effectiveness of anti-flu serum. Two neighboring camps, in the same climate, were checked, all the soldiers in one camp receiving flu "shots" while those in the other received none. In the camp where treatment was given, the incident of flu was 3%; in the other, 25%.

Princess Elkhorn will make a close check on the results of the preventive program it is conducting. Children under 10 and all persons allergic to eggs are not given the serum.

**TESTIMONIAL**

TO THE REPUTATION AND CHARACTER OF GORMON COLLINS BY PROMINENT CITIZENS OF FLOYD COUNTY:

We, the undersigned residents and voters of Floyd county make this joint statement:

Each of us has known Gormon Collins over periods ranging from 10 to 30 years, depending upon our residence in the upper Right Beaver section of the county, and we have found him to be a man of splendid character, sincere and honest in his dealings with others, and interested in a better Floyd county. Mr. Collins is a former teacher in the Floyd county schools and is a veteran of three years' service in World War II. He has never, to our knowledge, been an officer of any kind, arrested on any charge or accused of any crime.

## State Radio Fire Drill To Begin October 7th

Frankfort, Ky., Sept. 28 — Kentucky's 1953 statewide radio fire drill during National Fire Prevention Week will have the largest radio network on record in the state for a fire drill.

Forty stations, including WERT, Prestonsburg, have agreed to carry the 15-minute live broadcast to originate from radio station WHAS, Louisville, at 10:15 a.m. (EST) October 7—and at least one television station will carry all or part of the drill.

## WHEELWRIGHT

P.-T.A. HOLDS FIRST MEETING

The Wheelwright Parent-Teachers Association held its first regular meeting of the year last Thursday evening at the high school auditorium.

Joe Peraino, president, opened the meeting with an explanation of the amendment of Section 186 of the state Constitution. The organization approved the Amendment and showed interest in helping to publicize the benefits of a Minimum Foundation Program for children of the state of Kentucky.

The business session which followed included plans for a Halloween carnival, with Kenneth Moore as chairman.

Officers for the year are: President, Joe Peraino; vice-president, Mrs. Gifford Hall; secretary, Mrs. Waldo Cummings; treasurer, Paul Linkous.

The regular meeting of the group is the fourth Thursday of each month at 7:30. The purpose of this organization is to bring together the parents and teachers whose primary interest is helping the children. The Parent-Teacher Association extends an invitation to all parents served by the Wheelwright schools to be present at these meetings.

## BENTLEY FINE MAY BE VOID

**Attorney General Says Judge Pro-Tem at Trial Ineligible for Service**

Special to The Times

Frankfort, Ky., Sept. 14 — A member of the State Workmen's Compensation Board may not serve as County Judge, even temporarily, without vacating the former office, Assistant Attorney General M. B. Hollifield held that a state officer could not serve at the same time as a county officer in untangling a Floyd county dispute.

The opinion was given after inquiry was made if Paul E. Hayes, Prestonsburg, a member of the Workmen's Compensation Board, could serve as County Judge pro-tem. Mr. Hayes acted in this capacity after County Judge Henry Stumbo had submitted to an appendectomy and was unable to perform his duties during a part of August.

Mr. Hollifield pointed out that Kentucky law provides: "That the county judge pro-tem shall possess the qualifications of a regular county judge, and the regular judge shall be liable upon his official bond for the actions of the judge pro-tem."

That no person shall be a state officer, a deputy state officer or a member of the General Assembly and at the same time an officer of any county, city or municipality or an employe of any of these.

The Attorney General's opinion stemmed from the conviction of Arthur Bentley, of Lackey, at a quarterly court session presided over by Mr. Hayes as judge pro-tem. Bentley was fined \$1,000, and appealed his case to circuit court.

Commonwealth's Attorney Burnis Martin said this week that, in view of the Attorney General's decision, Bentley's conviction was had without proper jurisdiction. Since Hayes was ineligible to serve as judge pro-tem, he will ask that the case be dismissed on appeal.

## 2 BURN TO DEATH

GRUNDY, Va., Sept. 22 — Two Kentucky youths were trapped and burned to death in a flaming automobile today after a collision with a lumber truck. Two others were injured. Killed were Tommy Daniels, 19, and James Burchett, 20, both of South Williamson, Ky. Injured were Ernest Thompson, 40, of VanSant, Buchanan county, driver of the truck, and Raymond Burris, 18, of South Williamson, an occupant of the car.

## Wins Food Foundation Education Scholarship

Miss Marjorie Martin, daughter of C. B. Martin, of Eastern, is enrolled in the Graduate School of the University of Louisville. She received a scholarship from the Ford Foundation for two years' study in elementary education leading to a master's degree. Theory and practice of teaching are to be integrated during the two years through observation and student teaching in the Louisville City and Jefferson county school systems. (Miss Martin was graduated from Berea College in June.)

## LT. TACKETT COMPLETES COURSE

CHARLOTTESVILLE, Va.—First Lt. Charles M. Tackett, Prestonsburg, Ky., recently completed the prescribed course of three months' duration at the Judge Advocate General's school in Charlottesville, Virginia. He was a member of the 14th graduating class.

The school operates under the direct control of Major General Ernest M. Bramon, the Judge Advocate General of the Army. The object of the course is to qualify junior officers to perform all the basic duties of the military lawyer.

## GOVERNOR URGES CARE TO PREVENT FIRE LOSSES

Frankfort, Ky., Sept. 28 (Spl.) — Governor Wetherby has called on Kentuckians to use extra caution in the prevention of forest fires because of extreme drought conditions in a statement issued here for National Fire Prevention Week, Oct. 4-10.

"Today our forests face even greater danger from fire than in 1952 when 2,200 square miles of timberland were burned. This is the third year of a prolonged drought, and, even though some rains may occur, fires can start soon after and there will be danger until heavy snows make the woods safe," the Governor said.

Wetherby was presented a Smokey Bear toy, symbol of the nationwide Cooperative Forest Fire Prevention Campaign, by Henry Ward, Commissioner of Conservation. A similar toy has been presented the President and they are going to other governors to help publicize the campaign.

Ward said the movement, which has been conducted since 1942 by state foresters, the U. S. Forest Service, the forest industry and civic and educational groups, has reduced materially the number of man-caused fires. Smokey Bear, dressed in blue jeans and a forest ranger's hat, has been used to interest children in fire prevention and Congress has passed legislation making him official for the campaign.

Wetherby urged "every boy and girl to become a Junior Forest Ranger and join Smokey Bear in the great work of helping to prevent destructive forest fires."

The Governor noted that in spite of the drought, forest fires in Kentucky last year totaled \$101,006 for a per capita loss of \$1.88.

**Speech Fest to Stress State Election Issue**

Pikeville, Ky., Sept. 28 (Spl.) — High school speech students in this area will compete in two events of the annual Pikeville Regional Speech Festival, Oct. 24, at Pikeville Junior College.

Public speaking and discussion entrants will use the subject, "The Minimum Foundation Program for Education in Kentucky," Dr. A. A. Page, college president, said today. State finals in the two events will be held at the University of Kentucky, Lexington, the following Saturday.

The contests are moved up from the usual spring date in order to focus public attention on the subject before the November election. At that time the state's voters will act on a proposed constitutional amendment relating to the support of education, Dr. Page said. Judges for the competition at Pikeville, to begin at 9 a.m., Oct. 24, will be three Pikeville attorneys, Edward R. Hays, P. H. Hyden and Lon B. Rogers.

## THE PLATFORM OF GORMON COLLINS FOR SHERIFF OF FLOYD COUNTY

The taxpayers of this county have been paying a big price for the results they have been getting. The Sheriff's office pays enough money in fees for collecting taxes and fees for all the other services that it performs to be able to maintain a good force of officers and pay them a fair salary. It pays enough to give the people good law enforcement and still be able to turn money back into the county treasury.

You, as citizens and taxpayers, should expect our Sheriff's force to be equal to, if not better than, counties that are smaller and have less taxes and less revenue coming into the Sheriff's office. You should expect our law enforcement agency to make some advances as the years go by. Can you name one advancement that has been made in the past ten years? Do you as taxpayers expect to elect an officer and let him sit down and let the rest of the world advance all around him? You have been paying for more than you have been getting.

I will offer you more as your Sheriff than any Sheriff has heretofore in law enforcement and progress. I do not offer you the moon, neither will I offer you squad cars with two-way radio. I will only promise you the things I can and will deliver.

First, I will give you four years of honest law enforcement.

Second, I will give you deputies of good repute and pay them a decent salary, that they may live without having to blackjack the public for a living.

Third, I will furnish a deputy for all public gatherings and athletic events, outside corporate limits and in them upon request. I will give your schools and churches the protection that has been so sadly lacking.

Fourth, I will establish in the Sheriff's office a fingerprint bureau and fingerprint all subversives and known criminals.

Fifth, I will have on the Sheriff's force a trained detective, a man from our own county trained in one of our large police schools of our country.

Sixth, there will be no favorites. All the people of Floyd county will be treated upon an equal basis.

Seventh, I shall use as my guide the oath of office that is administered to the Sheriff upon taking office, and be a Sheriff of the people and for the people. Under my direction the law in Floyd county will be respected rather than feared, a help instead of a hindrance, servants instead of masters, enforcers of the law instead of buddies to the lawless.

I WANT TO RUN THIS RACE UPON MY REPUTATION AND NOT ON MY OPPONENT'S.

I feel that it is the duty of every good citizen in this county to investigate my past and my present and judge the future on his findings. The same should be done to my opponent, then the choice should be made. If you feel that I will not make you the kind of Sheriff you desire, then you should vote against me. If you feel that Floyd county deserves something better than it has had, if you believe in law and order and a better place to live and rear your families, and want a man that will do the job—then you should support me for Sheriff of Floyd county.

IT IS BETTER TO BE SAFE THAN SORRY

### CHRISTIAN SERVICE CLUB MEETS

The Women's Christian Service Club of the Church of Christ, Glo, met September 24, at the home of Mrs. L. B. Price, of Wayland.

In the absence of the president, Mrs. Ben Hall, presided.

The theme of the program was, "Promises of God," and various thoughts on the subject were brought out by articles, poems, and comments. Those taking part on the program were Mesdames J. T. Spillman, Buford Rollins, John Spradlin, L. B. Price, and Otto Martin.

At a business session following the program plans were discussed for the coming Youth Rally to which the Church of Christ will be host. A gift was presented by Mrs. Hall to Mrs. J. T. Spillman for her untiring service in keeping the church supplied with fresh flowers and arriving early to see that the church building is properly heated. Christmas cards were passed around and orders taken by Mrs. Spillman. Mrs. Ben Hall was appointed chairman of the Flower committee.

At the conclusion of the meeting a chicken dinner was served to the following: Mesdames John Spradlin, Ben Hall, J. T. Spillman, Trambly Turner, Buford Rollins, John Reed, Otto Martin, Mary Martin, and little Miss Becky Fuhs.

### WORK READVERTISED

Frankfort, Ky., Sept. 28 — The State Property and Buildings Commission has readvertised for bids October 29 for renovation of the interior of the State Capitol. Earlier the Commission rejected bids totaling \$2,548,000 for the work, when it had set a prescribed limit of \$1,750,000 as a ceiling. New plans have been written, scaling down the original work.

Meanwhile, the State Department of Education will move into new quarters in the New State Office Building around October 15 — as much of the renovation is in quarters now occupied by them in the Capitol.

Paint dealers will furnish paint in a Bourbon county 4-H mail box campaign in which all boxes will be painted.

**PERKINS HITS DELAY IN AID**

**Says Tax Amortization Under Group IV Rating Essential for Section**

Congressman Carl D. Perkins has protested inaction of Dr. Arthur S. Flemming, director of the Office of Defense Mobilization, on economic aid for labor surplus areas such as the Eastern Kentucky region.

Nine counties of this section, including Floyd, have been classified as Group IV or labor-surplus areas by the Labor Department but the Office of Defense Mobilization has failed to act on the Department's certification. The Congressman said last week that the accelerated tax amortization plan for new plants in such areas has been ready for release for some weeks, but is being delayed pending action revising the cover-all manpower policy for such areas.

Congressman Perkins argued that the tax amortization plan is more essential for a permanent improvement in the basic employment pattern in Eastern Kentucky than any other single proposal. He wrote Dr. Flemming, in part:

"While certain individual Senators expressed opposition to this entire program, the final action provided for a continuation of the policy of giving preference to labor surplus areas and, in my opinion, is a directive for you to continue this policy without interruption.

"This is vitally important to labor surplus areas such as the counties of Breathitt, Floyd, Johnson, Knott, Letcher, Magoffin, Martin, Perry and Pike in Eastern Kentucky. This area produces such essential items as coal and lumber, yet reflects an unemployment rate of almost ten percent or more than three times the National average. The Kentucky Department of Economic Security has assured me that there are not less than 40,000 workers available for immediate employment in this area, with an additional 20,000 miners on a part time schedule of two days per week or less. Conditions are rapidly approaching depression levels in the area while the nation boasts of a record high in the number employed. A few defense orders for coal and lumber channeled into the area would go far toward alleviating the human suffering of these under-employed and unemployed workers without additional cost to the government or substantial damage to other production centers."

**Dairying Suffers In Henry County**

Dairying in Henry county reached a "rather low ebb" by the end of August, due to dry weather and low milk prices, says UK County Agent O. D. Perkinson. "Many dairymen have been out much expense in filling silos, buying tractor fuel and hiring extra labor," he added. "The agent has tried to get farmers to look ahead a few months to when the price squeeze should not be so great."

In Pendleton county, more than 200 girls and 30 boys carried the good grooming project the past year. Due to drought conditions in Woodford county, little canning has been done by 4-H members this year.

**CPL. HUGHES RETURNING**

WITH THE 25TH INFANTRY DIV. IN KOREA — Cpl. Douglas Hughes, whose wife, Magdalene, lives in Garrett, Ky., is returning to the U. S. after serving with the 25th Infantry Division in Korea.

The 25th Infantry was rushed to Korea during the early days of the conflict and took part in some of the toughest battles on the peninsula. It is now undergoing intensive training to maintain its fighting strength.

Hughes, a jeep driver in Company E of the 27th Infantry Regiment, entered the army in January, 1952, and arrived in Korea last October. He holds the UN and Korean Service Ribbons and the Combat Infantryman Badge.

His parents, Mr. and Mrs. James Hughes, live in Hueysville, Ky.

**ELEVEN NEW BOY SCOUT UNITS PLANNED FOR FLOYD, WHITE REVEALS AT WISE, VA.**

Eleven new Boy Scout units will be organized in Floyd county the next two months, N. M. White, chairman of the organization and extension committee of the Jenny Wiley district, said at a Scout meeting in Wise, Virginia, Tuesday. He said that the units will be organized by volunteers who are members of his committee.

The members of the committee and the units they have accepted the responsibility to organize are as follows: Paul Linkeous, Cub Pack, Wheelwright; Sonny Wilkins, Explorer Post, Wheelwright; Fred Adams, Jr., Explorer Post, McDowell; Bob Allen, Cub Pack, Price; Fred Francis, Cub Pack,

Prestonsburg; Bud White, Explorer Post, Prestonsburg; Cecil Sherman, Cub Pack, West Van Lear; Rev. Atkinson, Cub Pack, Martin; Elder Aisop, Scout Troop, Martin; N. M. White, Scout Troop, Bonanza; B. F. Reed, president of the Lonesome Pine Council, a Scout Troop, Garrett.

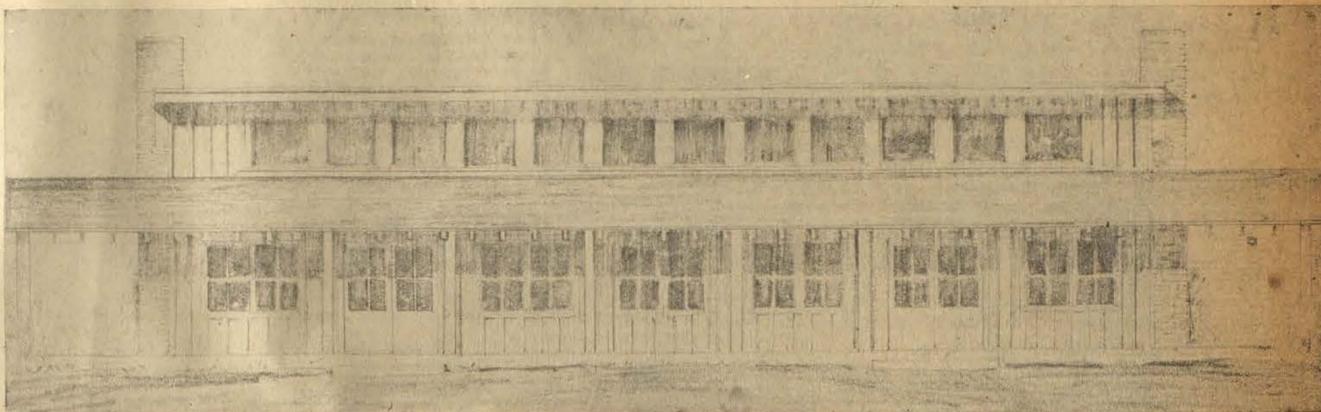

The organization of these new units is part of a membership campaign being carried on by the Lonesome Pine Boy Scout Council.

So he could produce grade A milk, Lloyd Stone, Caldwell county, spent \$1,800 installing a cistern, electric water system and other modern equipment.

Early planted corn was not severely damaged in Webster county, says UK County Agent Graham Wilkins. Hay production in Anderson county is considered the best in three seasons, and enough to winter all livestock.

**WON'T YOU HELP THE GIRL SCOUTS BUILD THIS CAMP?**

The Sandy Valley Girl Scout Council has started work on this camp at Dewey Lake, and it will stand there for years to come as a memorial to the faith of men and women in the girlhood of this valley, to serve all those girls of Floyd and other counties of the Council who now are, or who will become, Girl Scouts.

This camp will cost a lot of money . . . money we do not have. Although we have only about half the total needed to complete the work, we have it under way. For, whatever the cost, however hard we may have to work to get the camp paid for, we know that no better investment could be made—because it is an investment in our children and yours and in their future.

We wish each person who reads this would visit the camp site, see for themselves what already has been done, all the things that are planned. The camp is located on Coble Branch of Dewey Lake, and is easily accessible by auto via the Auxier road to Hager Gap and on to Goble Branch, or by boat.

Need we appeal further for your help on a project which has been dreamed of, planned for and now actually begun with the simple, unselfish aim of helping the girls of our county and section to profit from the clean, good life of Girl Scouting and association with other girls receiving the same high-type training?

REMEMBER THIS: A contribution in any amount will be appreciated. Give as you can afford, BUT PLEASE GIVE—50c, a dollar, five dollars, ten, any amount. It will help in a great cause, and it will help you to be a partner in this great undertaking.

Mail all contributions to:

### AMENDMENT APPROVED

Frankfort, Ky., Sept. 28 — Representatives of church-supported colleges in Kentucky approved the proposed "school fund" change amendment to the State Constitution that is to be voted on this fall.

Some 25 or 30 representatives of church-supported colleges—at a meeting called by State Superintendent of Public Instruction Wendell P. Butler—voiced approval of the proposed change that would permit the General Assembly to distribute school funds as it seems fit. However, representatives of at least two colleges, Bellarmine College, Louisville and Villa Madonna, Covington, failed to approve the proposal "in the absence of sufficient information" on the subject.

Two acres of lespedeza turned off 55 bales of hay an acre at the Beulah Heights Orphanage in McCrory county.

### MARTIN

Mrs. Fred Gross was honored with a surprise stork shower, Sept. 8, at the home of Mrs. William Martin, at Martin, with Mrs. Louise Warren and Mrs. Earle Martin as co-hostesses.

After interesting games based on the nursery rhyme theme, with prizes being awarded, Mrs. Jones Tallent was surprised by winning the "big pay-off". Gifts were opened and graciously accepted by the guest of honor. Refreshments were served by the hostesses to Mesdames Cleo Hale, C. H. Martin, Jones Tallent, Frank Stewart, John P. Sammons, Wayne Helton, Eugene Hopkins, Robert M. Sirle, Jewell Hunter, Ray Allen, Fred Dickerson, Ed Brisker and Misses Doty Gay Martin and Libby Jean Hopkins.

Sending gifts were Mesdames M. E. Mitchell, Claude Allen, Walter Prasure, DuRan Moore and Dudley Meadows.

### WOMAN'S CLUB MEETS

The Allen-Martin Woman's Club met September 21, at the home of Mrs. Belford Reitz. Mrs. Russell Laven, the president, presided. The meeting was opened by Mrs. William Martin reading the club collect.

It was announced by Mrs. William Martin that the club conference date has been changed from October 31 to November 7. The conference will be held at Drift.

An invitation was welcomed from the Kiwanians of Prestonsburg for the Allen-Martin club to attend a tea Friday afternoon, October 2. The tea will follow a demonstration on flower arrangements presented by Peg and Pam. Several of the local club members plan to attend.

Mrs. Virginia Short gave a report to the club on Floyd county's campaign to raise funds for the Kentucky Bookmobile Project. The club then voted to donate \$50 for the bookmobile.

The President announced that the club will sell Christmas cards again this year. Mrs. John W. Hall, Mrs. Belford Reitz, and Mrs. W. O. Huddleston were appointed as the committee in charge of sales at Martin and Mrs. George Laven, Mrs. Maurice Mitchell, and Mrs. Walter Prasure at Allen.

The club voted to have a rummage sale on October 19. There was a discussion about the club's sponsoring the Brownie Troops in Martin and Allen. At this time the troops in both towns are inactive because there is no leader. Mrs. John P. Sammons and Mrs. Maurice Mitchell were appointed to find leaders and make a report to the club at the next meeting.

Refreshments were served to the following members: Mesdames William Martin, John P. Sammons, George Laven, Beecher Hardwick, Ann Scott, Maurice Mitchell, Willard Kinzer, German Vance, John Snodgrass, Virginia Short, T. J. Allen, Lewis Warren, Russell Laven, John W. Hall, Mack Elliott, Charles Marshall, Walter Prasure and Miss Nellie Music.

### HEADQUARTERS OPENED

Frankfort, Ky., Sept. 28 — The Kentucky Council for Education opened headquarters in the State Capitol Building to work for approval of an amendment to the Constitution to allow the General Assembly greater leeway in distributing school funds to local districts. The amendment will be voted on in November.

The headquarters—a sort of liaison office between the Department of Education and various school groups—will be in charge of Dr. N. B. McMillan, on leave from his post of Director of Public Relations of Morehead State College.

# RACE TRACK at Allen, Ky.

WHERE AUTOMOBILES AND HORSES WILL BE RACED

The track will be one of the best in the country among the Stock Car Tracks.

Lots of excitement and entertainment will be provided on this Speedway.

Big cash prizes to be given to the winning contestants. Automobiles will be run once a week, also horse racing once a week. Any firm or individual wishing to enter an automobile can do so by contacting Charles McCoy at Prestonsburg, Kentucky, who can give information on entering the race. Cars must be prepared for the race according to Racing Association rules.

Racing will give you a chance for big cash awards, also will be fine advertising for autos entered in firm names.

Horse racing is going to be keen and very interesting. Any one interested in entering a horse can do so by sending the name of the owner and name of horse to Charles McCoy, P. O. Box 467, Prestonsburg, Kentucky.

When we receive a sufficient number of entries for a race we will publish the date of the race and the names of the horses and their owners. This will be a chance of a lifetime for the farmers to get in tops in the news and win big cash prizes.

Every one watch and listen for the big opening and the announcement of the first race.

You will see plenty of speed, lots of wrecks, tumbles and spills.

Watch, look and listen for the Big Opening—the first big race. We hope to be ready for the first race in two weeks.

## VOTE STRAIGHT FOR YOURSELF

It is not only a privilege to be an American it is a great responsibility. It is a legacy of freedoms, privileges and rights willed to us by our forefathers who lived under the yoke of oppression and knew the value of freedom as no other people could.

These great freedoms, won at the cost of bloodshed, strife and toil of men with their eyes upon the future and the cost was no excuse as they expected to pay with their lives and many did. The same thing has happened three times since the Declaration of Independence. The same price has been paid for your American citizenship by the blood of men who cherished these great rights.

The right to be an American was fostered by our forefathers and nurtured by sacrifice. The sole custodian of our rights is the individual and his vote, based on a two party system so as not to have a totalitarian state, and thereby lose this great heritage through default.

Your vote my friends is one of the greatest weapons for good or bad, that you have. It's devastating power is equal to the atom bomb if used as was intended. With this, the only weapon of the people against bad or for good government, you the people have the power to control this county. You can fire or hire every four years and impeach between times if necessary. The two party system being flexible and set up in such a manner that in the final election we may vote for whom we choose, regardless of party affiliation.

The professional politician is trying to sell the people a bill of goods. That particular bill of goods being, "Vote Straight." We wonder why they have the same tune "Vote it Straight" every election. Seems as if the professional politician is afraid some one else will get his job. Some one with better qualifications or another young man that isn't a professional. Or maybe they feel that our people do not have sense enough to know how to vote and they have to tell them every election.

Do they want you to "Vote Straight," so you may have the best officers possible? That you may have clean, honest government or that they may perpetuate themselves in office and then his son and after him his grandson? Does this professional say, "Pick the man best qualified. Pick an honest man. Pick a man of integrity," or does he say, "Vote her straight and pick me."

I, Gormon Collins, candidate for Sheriff, do ask you as good Americans, proud of your heritage, thankful to God that you are an American and enjoy the blessings of a Democracy—to "Vote Her Straight—Straight for yourselves." A vote for good, qualified officers, regardless of party affiliations, is a straight vote.

Sincerely,

GORMON COLLINS

Candidate for COUNTY JUDGE  
DISCUSSES ROADS

Continuing my campaigning over the county, I have personally inspected many of our roads and bridges in Floyd county. I have found that a great many communities have been entirely neglected as far as roads are concerned. Some of the roads that I have traveled over are in a bad shape at this time and will be impassable when the bad weather sets in. The people that live along the paved roads do not realize the seriousness of this situation.

The road going into Auxier along the river is in a bad shape and will be practically impassable when bad weather sets in; bridge across the river is dangerous, planks out of the floor and the floor broken in many places; too dangerous for public use. Road leading out of Auxier is now in a bad shape and will get worse. The school bus driver will not haul children over the bridge; they unload and walk across, then get back on the bus.

It would seem to me that most of the road money has been spent, or wasted, on roads that do not serve many of our people. Roads have been constructed, at great cost, over high mountains that do not serve many of our people. One of these roads is so steep and narrow as to be almost useless for normal traffic. If the money that has been spent on these mountain roads had been spent on roads along the valleys, we would now have many miles of good roads where they are urgently needed.

My road program is simple: Where people are bottled up and can't get out, do something for them. Low water bridges can be built at small cost. If we can't do any better, at least do that much. I believe in spending the road money where it will do the most good for the most people. I don't believe in spending it all in one place. Each gravelled road ought to have some black-top put down each year. New roads ought to be laid out and a part of the money spent on new construction each year.

Most of the present county bridges need flooring and painting. If they are not given attention, they will rust and fall down. Rust and scaled-up paint must be removed before paint is applied.

Get honest workmen to operate the county road machinery, not politicians. Insist on honest work for honest pay.

If we had the \$6250.00 that was paid the auditors to tell the present County Judge, and others, what they owed Floyd county, then we would at least have that much money to spend on emergency work on our county roads. This money could have been put to a better use. Every man ought to know what he owes. Any of our mine bookkeepers, bankers, school teachers, or business men could have easily figured out how much our County Judge, and others, owed Floyd county without sending to Louisville and getting high-priced auditors to do the work. If they had been capable administrators they could easily have figured this out for themselves and saved the taxpayers the extra \$6250.00. If I am elected your County Judge, it will not be necessary to send to Louisville for auditors to cause me to pay over to the County Treasury money due Floyd county, because proper reports will be made by all officials.

Yours for honest government,

**FOOTBALL CHATTER**

By GORDON MOORE

Prestonsburg and Catlettsburg are the two leading offensive football teams in the Big Sandy area. The Black Cats have posted 122 points in four games for an average of 30.5 per game while the Gate City Eleven has 125, or a 31.2 average per game.

School spirit at Fleming high school this season is something to marvel over. The Pirates have lost all three starts, and have only scored one touchdown, but the fans have continued to roll out for the games. In the opening contest, 1,900 saw Belfry win 23-0 and last Saturday night some 2,700 fans, one of the largest crowds ever to see a game in Fleming, turned out to see Jenkins triumph, 31-6.

"Set" Branham, Prestonsburg high school former all-state football player, now in his senior year on the University of Utah football team, scored three touchdowns as the Utes won over the University of Arizona last week. He has been shifted from halfback to fullback this season and Salt Lake City sports scribes tab him as one of the greatest in Utah history.

The University of Utah-Brigham Young game, November 26, will be nationally telecast and football viewers in this area will have the opportunity to see "Set" in action.

John Delmar Hughes, of Prestonsburg, made his varsity appearance of the season last Saturday in the University of Kentucky-Mississippi fray. He passed with his usual accuracy, recovered one fumble and on a hand-off to Platt for a long run resembled, said a sports announcer, Babe Parrell.

The Black Cat Football Player of the Week in the Morgan county game was Paul Ousley, a six-foot, 175-pound senior end from Middle Creek. This is his second year of varsity football.

The Jenkins-Prestonsburg game Friday will have an important bearing on the E.K.M.C. race. A loss for Prestonsburg would virtually eliminate the Cats as title contenders. Doc Ferrell and Jenkins mentor, Jim MacKenzie, are former teammates at the University of Kentucky.

Bobby Collier, six-foot, 200-pound senior fullback, is the top scorer for Jenkins with six touchdowns. He is one of the fastest and most experienced backs in the loop, as this makes his 5th year on the varsity.

**CATS IN 38 TO 0 ROMP OVER ELKHORN CITY HI**

Prestonsburg's rampaging Black Cats scored their first Eastern Kentucky Mountain Conference triumph and third consecutive win last Friday night in romping over the Elkhorn City Cougars, 38-0, on the local field.

Coach Doc Ferrell used every man on his squad in whitewashing the Pike county team, and the regulars watched the second and third teams play most of the last half.

The Black Cats continued their devastating blocking and fine defensive play in bowling over would-be tacklers and limiting Elkhorn to three first downs in the contest.

Six different backs scored for the Black Cats as Ferrell experimented with several boys at various positions. Ronnie Goble, Lowell Hughes, Thurman Lafferty, Chester Shepherd, Bert Dixon and Clifford Goble all entered the scoring column.

Halfback C. Goble set up Prestonsburg's first marker in the opening minutes by moving 30 yards to the two, then R. Goble plunged for pay dirt. Two passes of 37 and 8 yards from quarterback Hughes to end Paul Ousley and R. Goble made possible the second T.D., midway the first quarter. Hughes tallied from three yards out and boot-ed the extra point for a 13-0 lead.

The Black Cats increased the count to 32-0 at half-time on Thurman Lafferty's 25-yard scoring jaunt, Chester Shepherd's 10-yard end sweep, and Jeep Alexander, alternating from halfback to quarterback, fired a 10-yard touchdown aerial to end Bert Dixon as the half ended.

Apparently in poor physical condition, the Cougars wilted completely in the last half as the Black Cats substitutes played on an even keel with the starting eleven. Hughes and C. Goble entered the game for three plays in the third period and combined for the sixth touchdown of the lop-sided contest.

Hughes completed a 35-yard pass to C. Goble, then crashed the ball to the E. C. four-yard stripe. C. Goble picked up the six-pointer, with tackle Randell Wells paving the way.

In what should be one of the best games of the season in the E.K.M.C., Prestonsburg meets the unbeaten Jenkins Cavaliers in Jenkins, this Friday.

**Branham Leads Utah In Win over Arizona; Scores 3 Touchdowns**

Prestonsburg's "Set" Branham stole the show in the opening game 28-7 victory of the University of Utah over highly favored Arizona at Tucson, Ariz., as he scored three of his team's four touchdowns.

Last year, Branham led the Skyline Conference in scoring with 54 points, and his 18 points in this one game indicated an even more sensational year for the Floyd countian, now in his senior year at Utah.

Branham played at fullback against Arizona, a team which last year trounced the Utes, 27 to 0, at Salt Lake City. His touchdowns were made on comparatively short runs and plunges into the line, but he unreeled several nice runs to help set up the markers. He scored in the first, second and third quarters.

Branham, one of the all-time greats in Prestonsburg high school athletics, will be seen via television, Nov. 26, when the Utah-Brigham Young game will be televised on a national hookup.

**PAROLE STUDY MADE**

Frankfort, Ky., Sept. 28—Means of strengthening Kentucky's parole procedures were recommended to Governor Wetherby following a study made by the National Probation and Parole Association.

The report, made by Hugh P. Reed, Chicago, director of the study, was given the Governor and a special committee named by the Governor several months ago to look into the subject. Among recommendations were:

1. That judges, rather than juries, fix the sentence of criminals.
2. That all persons placed on parole or probation be kept under supervision—in contrast to the present system whereby only those on parole are constantly supervised.
3. That circuit judges be forbidden to probate terms unless supported by a written report of an investigating officer.

Other recommendations called for an increase in authority of the Parole Board in determining when and where parole might be granted and provisions for higher pay and educational standards for parole and probation officers.

"They also serve who only stand and wait" . . .

Many times we feel as if we haven't accomplished anything of worth . . . we feel useless compared to so-called "successful" people. When such doubts overtake us we must realize that success is not measured by bank accounts, but instead by service . . . Service to one's self and one's fellow-men. The greater the service, the greater the success.

It is the "little men" who do their jobs diligently that make the world go round . . . surely we can't all be Napoleons or Captains of Industry. To have worked and earned an honest living and met one's responsibilities is the greatest success any man may have. All over the world, repeated many times over, men are returning from work, wives are preparing supper, little children are awaiting their fathers . . . such people are in no small way successful. The cogs in the wheel give support and the strength to make it function!

A blue- serge suit is "shining-armor" and an ivy covered cottage is a castle, so don't ever think of yourself as a "failure" in this world simply because you APPEAR to stand and wait . . . you are contributing to a much greater cause than any "personal" success could bring about . . . you are serving the world and humanity.

**College Founders Day To Mark 64th Birthday**

Pikeville, Ky., Sept. 28 (Sp.)—The 64th birthday of Pikeville Junior College will be celebrated with the school's annual Founders Day exercises Thursday, Oct. 8.

All alumni and friends of the school are invited to be present at any or all of the observances, Dr. A. A. Pate, college president, said today. The alumni include all graduates and former students of the college, Pikeville College Academy and the Pikeville Training School, he said.

Guest speaker at the Founders Day chapel exercises will be the Rev. Alexander M. Warren, Lexington, Ky., executive secretary of the Kentucky Council of Churches and newly elected executive secretary of the Kentucky Synod of the Presbyterian Church, U.S.A. The service will begin at 11 a.m. in Wickham Chapel.

Besides the usual Founders Day activities, a folk-dance party on the preceding evening, with college and Academy students as guests, has been planned by the school's alumni association. The party is scheduled for 7 p.m. Wednesday in the college gymnasium.

The entertainment program which traditionally closes Founders Day will again be largely in charge of the twenty-fifth-year class of alumni, which this year is the class of 1929. Music by pupils of one member of the class, now a teacher in the Training School, and a dramatic skit by Academy students who are children of alumni will be among the features of the evening. Members of the class also will appear on the program, which will begin at 7:30.

Tea and open house at the Training School, held each year in the "old chapel" of the college's original building on College Street by the school's Parent-Teacher Association, will begin at 3 o'clock Thursday afternoon. The annual softball classic between freshmen and sophomores in the college will start at the same hour on the athletic field beside the college gym.

All buildings on the main campus will be open for inspection during the early part of the afternoon, it was announced.

Farmers in Spencer county will compare Du Ponts and Atlantic alfalfas; 500 acres were seeded in the county this fall.

**State's Banks Receive Award for Farm Work**

Washington, D. C., Sept. 23—The banks of Kentucky were cited here this morning for outstanding service to the state's agriculture, when the Kentucky Bankers Association was presented with the 1000-point rating award of the Agricultural Commission of the American Bankers Association. The presentation of the award was made in Constitution Hall at the closing general session of the A.B.A.'s 78th Annual Convention, which has been in session here since Monday.

This is the fourteenth consecutive year that the state's banks have received the 1000-point rating award, indicating the continuous nature of the bank program in agriculture. The award is presented in recognition of high quality of regular banking service to farmers as well as for special activities conducted by the Association's member banks in the agricultural field.

Points toward the award are given by the A.B.A. for such activities as promotion of soil conservation and land management, cooperation with the extension service of the state agricultural college, support of farm youth groups such as Future Farmers of America and 4-H Clubs, and other programs which strengthen banker-farmer relationships. Quality of regular bank service is of course given major emphasis in choosing the award-winning states, along with the work done in agriculture by the state bankers association. In addition, prime importance is placed upon the appointment of bankers in each county to represent the banks in agricultural matters and coordinate the bank programs in the farm field.

**Floyd Judging Teams Place Third, Fourth In State Fair Tests**

Two Floyd county student-farmer judging teams ranked third and fourth at the State Fair in Louisville last week.

The Floyd 4-H Club poultry judging team scored 1275 points out of a possible 1500 to finish third in the state. The Maytown Future Farmers of America team placed fourth in a field of 11 FFA teams.

The 4-H Club team, coached by County Agent O. E. Boggs, was bested only by the teams from Elliott and Lewis counties, which finished first and second, respectively. The team was composed of Arthur Martin, Jr., Betsy Layne, Donald and Palmer Keith Lowe and Tommy Martin, all of the Maytown club. Tommy Martin, son of Mr. and Mrs. G. S. Martin, of Goose Creek, near Maytown, scored highest on the Floyd 4-H team and tied with 6 other 4-H'ers for fourth place in the individual scoring department.

The Maytown FFA team, coached by Roy R. Denny, Vocational Agriculture teacher, is composed of Frank Reffett and Don Frazer. Mr. Denny said that club has sent a judging team to the State Fair every year since 1939 and that it has ranked in the top 10 in the state on every occasion, at one time achieving third place.

Machinery dealers in Grant county cooperated in demonstrating the preparation of land for fall seeding.

**CECIL NEWSOME BRINGS YOU THE RECORD**

Since my opponent for County Court Clerk is asking the good people of Floyd county to give him four more years in one of the highest paying offices in Floyd county, I feel that you are entitled to know these facts:

(1) The Good Government Taxpayers League alleges and has brought suit to recover several thousand dollars he has received in excess salary. A recent audit of the books shows that he owes Floyd county \$4,609.09 and the Fiscal Court has ordered him to pay that amount back, however he has thus far refused to do so.

(2) His wife swore before the grand jury that she was getting \$400.00 a month for clerical work. I maintain that is too much.

(3) He has never turned back into the County Treasury one dime from one of the highest paying offices in this county.

He would have you believe that it just barely makes enough to support its own existence.

He wants you to forget the fact that Boyd county, (which is a poorer county than Floyd), last year turned back into the County Treasury \$8,555.79. He don't want you to know that during the past 19 years the Boyd County Clerk has turned a profit of \$172,417.80 back into the County Treasury, and Floyd county not one penny.

(4) I promise you that if I do not turn over to the County Treasury at least \$8,000.00 for each of my four years, I will not ask to be re-elected.

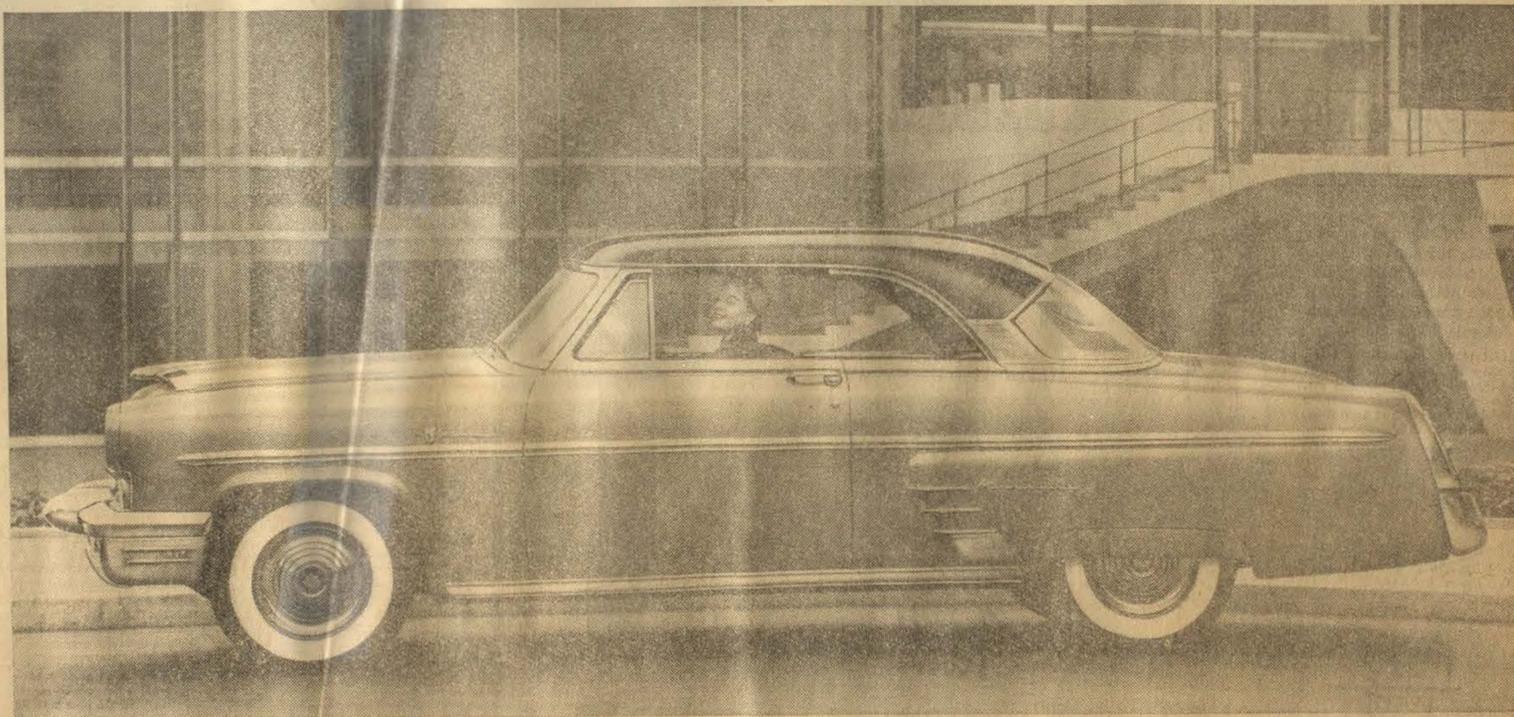

(5) I further promise you that all my assistants will be native Floyd county people who will be paid a salary set by the Fiscal Court and not by me.

(6) I will keep the office open from 8:00 to 5:00 six days a week. I will not close the office during noon hour causing great inconvenience to many people as we have seen in the past four years.

Yours for a Better Floyd County

Independent surveys show that Mercury keeps its value highest, longest, in its class. You get back more of the original cost at trade-in time. — Here's why . . . →

**MERCURY STYLING IS YEARS-AHEAD STYLING**

Mercury's fresh, clean "flow-together look"—without bumps or bulges—anticipates tomorrow's design trend in cars, gives you money-saving style protection. You get out-of-the-future lines that won't be "dated" for years. And Mercury interiors are years-ahead, too.

**MERCURY PERFORMANCE IS PROVED V-8 PERFORMANCE**

Mercury's famous V-8 engine is by the builders of more V-8 engines than all other companies combined. It is V-8 performance at its thrifty, lively best . . . with a long head start on newcomers to the V-8 field. And Mercury's proved stamina and long life keep maintenance costs low. Your Mercury will act newer longer.

**MERCURY ECONOMY IS PRIZE-WINNING ECONOMY**

Mercury offers you the most consistent economy record of any car—5 big wins in 4 years (Mercury with overdrive) in official economy tests. Here's economy that you can count on—that is universally wanted and envied . . . that will help keep Mercury in big demand.

**MERCURY OFFERS MORE FROM TRYOUT TO TRADE-IN**

More beauty, more luxury, in short, more of what most drivers want! For example, the greatest array of optional power features offered by any popular-priced car: power steering, power brakes, electric window lifts, no-shift Merc-O-Matic Drive, Touch-O-Matic Overdrive, even a 4-way adjustable power seat!
