

This Town-- That World

My idea of a snap is the job of drawing the weather map, these days.

CLAIM AND COUNTER CLAIM

The United States has come up with the fastest jet fighter, a plane that can do combat at 800 miles an hour. Next, the Russians will be claiming a faster ship. Next will be a more destructive bomb claimed by one, then by the other. And, some day, all will be tried out, and each side will tell its people how many enemy planes they destroyed without mention of their own losses. . . . And the only people who will really know the awful loss sustained will be those left to mourn upon receipt of a government communique regretting "to inform you"

The syndicated "Let's Explore Your Mind" asks if there's any difference between anxiety and fear. Up goes my hand on that one. Sure there's a difference. For instance, I'm anxious to catch a fish but I fear I won't.

SIGNALS MIXED

One of the four referees required for a police station checker game told, the other afternoon, the story of the local murder case in which the defense attorney had a friend on the jury. The evidence wasn't shaping up too favorably for his client, so the lawyer had an idea it would be well to establish contact with this lone friend among the twelve "good men and true". So he nodded with a trace of a smile at the juror. And the juror nodded back. He nodded again, and drew another nod.

The barrister was willing to settle for a "hung" jury, and that was what he was trying to get across to the juror, but after a while he began to doubt if he was "getting through". So, to make his desire clear, he pulled out his handkerchief and tied it into a knot around his chair-arm.

Then the jury retired, as they say, to deliberate on the fate of the defendant. Barely inside the jury room, the lawyer's friend turned to the others and announced, "I'll tell you right now, gentlemen, I won't settle for anything less than hangin' that man!"

Diphtheria Outbreak Hospitalizes Two Tots; Ligon Family Isolated

An outbreak of diphtheria, with one child critically ill, another hospitalized and three others under immunization treatment, was reported this week by M. V. Clark, Floyd County Health Department administrator.

Six-year-old Willis Johnson, son of Mr. and Mrs. Shelley Johnson, of Ligon, is in the Methodist hospital, Pikeville, his recovery doubted because treatment was not begun until the disease was well advanced. His brother, Dennis, Gene, 7, was hospitalized but is believed convalescing.

Antioxina was administered to four children of the family. The Johnson family and two neighbors were placed under quarantine. One of the children brought here already had diphtheria in its early stage.

Mr. Clark said he discovered after considerable inquiry how the disease may have reached the family. Mrs. Johnson had been a patient in a hospital which had a diphtheria case in an isolation ward. Although the children did not visit her at the hospital, it is considered possible that she may have taken the disease home to her family.

U. S. HEALTH SURVEY MAY LOCATE HERE

Public Health Service Study in Mining Area To Last 3 to 5 Years

Floyd is one of four Eastern Kentucky coal mining counties being considered as a center for a three-to-five-year survey to be made by the U. S. Public Health Service in the study of intestinal-borne diseases.

This became known last week when a preliminary survey of eight mining towns in the county was made by Don J. Schleissmann, Washington, D. C., of the Division of Public Health Education, U. S. Public Health Service; U. P. Koko, director of the Division of Communicable Diseases, State Department of Health; A. B. Shipley, of the Welfare Division, United Mine Workers of America, and M. V. Clark, Floyd county health administrator.

Letcher, Perry and Harlan are the other counties being considered for the survey.

Location of the study project depends, Mr. Clark was told, on two requirements:

1. A county of the coal mining area which provides a marked contrast between a completely sanitized community and one that has very little sanitation.

2. A central location for the Public Health Service workshop with reference to the section in which personnel will be making surveys; also, suitable working facilities and housing for office and field personnel.

A staff of 15 to 30 doctors, nurses and technicians will be assigned to the work, and for the three-to-five-year period the work is expected to require a building with 15 to 20 office rooms.

The requirement that such a building be supplied by local interests, rent-free, for the use of the Public Health Service will be met here without delay, Mr. Clark said after he and Dr. George P. Archer had surveyed the housing situation and contacted local groups.

The Public Health Service regards the survey and the number of persons who will be employed in making it of sufficient importance, economically and otherwise, to justify local support to the extent of supplying working quarters. Otherwise, all costs of the survey will be borne by the U. S. Public Health Service.

The Health Service representative expressed the opinion that Floyd county is a very satisfactory site for the study, and was particularly impressed by the excellent sanitation facilities at Wheelwright. That town was offered as the brighter side of the picture to contrast with other communities where sanitation standards are much lower.

In a talk with Dr. W. J. Bailey, veteran of the Wheelwright medical work, Mr. Schleissmann was told that before Wheelwright underwent a general sanitation improvement program in the late '30's, intestinal-borne diseases among children were numerous. With the outdoor toilet eliminated, sewers installed and a sewage disposal system provided, such diseases are almost unknown there, Dr. Bailey said.

The Floyd County Board of Health met Monday in a special meeting and directed its secretary to write Mr. Schleissmann, pledging the support and cooperation of the Board and the health department in the survey and requesting the U. S. Public Health Service to select this county for the study. Other interested groups, civic,

Speedway is Attraction To 1500 Persons, 11 Cars, As Allen Racing Starts

Auto racing, which is something new to sport fans here, was initiated as a regular event on the Sandy Valley Speedway at Allen, Sunday. The estimated attendance was 1500 persons.

The event attracted 11 automobiles, mostly from Ohio. All were speed cars. The winning car attained a speed of 70 miles an hour around the oval 3-mile track. There were only two accidents when cars left the track and struck the fence. No one was injured.

The next meet of cars, sanctioned by the National Association of Stock Car Automobile Races, will be held Sunday, at which time horse racing may be started. Other tracks are closed or inactive and attendance is expected to climb at Allen, it is said.

Biggest Business in County?-- It's Selling of Foodstuffs

Special to The Times
NEW YORK, Sept. 28 — Food is big business in Floyd county. In point of sales volume, local retail stores selling food are attracting a bigger chunk of the household dollar than any other retail group.

Outclassed in the quest for the dollar are stores selling automotive equipment and supplies which includes farm machinery and bicycles as well as cars and boats, the furniture-household-radio stores, general merchandise establishments, including department stores, and drug stores.

The slowdown on how the dollar is spread, and for what, is given in Sales Management's recent copyrighted survey.

Expenditures for food in Floyd county during the past year reached the formidable figure of \$6,311,000, which marked a rise over the 1951 volume, \$5,448,000. It was divided in various proportions among the butcher shops, grocery stores, and such.

It represented food buying per family of \$585, a figure obtained by dividing the total outlay by the number of families. This was a

spending pattern that spelled good living.

Among the leading reasons given for the relatively large outlays for food are the increase in the birth rate, with twice as many second babies as there were in 1940, the increase in longevity, the rise in prices and an increase in earnings that made bigger spending possible.

Howbeit, the food stores in Floyd county shared 26 cents of each retail dollar spent locally. This compares with 24 cents nationally.

Much of the remainder of the dollar went to stores selling the other types of merchandise covered by the survey. The automotive equipment and supplies establishments accounted for \$5,191,000 in the year, or 21 cents. General merchandise stores did \$5,223,000, equal to 21 cents. In places dealing in furniture, household equipment, radio and television, the volume done was \$2,348,000, or almost 10 cents. Drug store sales totaled \$353,000, another one cent.

COAL LOADING SHOWS GAINS

First Week of Month One of Best of Year; Annual Loss Narrows

The week ending Oct. 3 was one of the best periods in coal production this year for the area represented by the Big Sandy-Elkhorn Coal Operators Association, according to figures released by the Association's Pikeville office. This production was off from 5,333 to 5,399 cars of 50 tons each, however, the very next week, leaving the area 11,725 tons short of last year's production at this time.

Except for the week ending Sept. 26, production of coal in the Association area has steadily cut down on the figure for the corresponding period last year. The week ending Sept. 19, a difference of 3,127 cars existed but widened the next week to 4,076 cars of 50 tons each. The next week, ending Oct. 3, the difference was 3,043 cars and the following week, ending Oct. 10, the difference was the lowest of the year, being only 2,345 cars. It is now doubtful that the area can load at this late period enough coal to even last year's figure.

One thing that has helped coal production is the slight lengthening of the work week. During the week ending Sept. 19 the mines had worked 4.09 days, the next week it dropped to 4.05, but the week ending Oct. 3 the work week was 4.14 days and the week ending Oct. 10, the last period for which figures are available, the mines operated 4.47 days.

Truck mine operation, while slightly better for the week ending Oct. 10, has suffered a steady decline since the week ending Sept. 19. That week the truck operators loaded 91.8 cars, the next week they slipped to 61.4, went down to 35.2 by the week ending Oct. 3 and revived a little with 40 cars on the week ending Oct. 10. The truck operators are now 1,847 cars short of their figure for the corresponding period last year.

Mrs. Sarah Jane Conley Dies at Daughter's Home; Rites Held on Ball-Br.

Mrs. Sarah Jane Hicks Conley, 84, died at the home of her daughter at Mousie, Friday of last week at 10:30 p.m. A stroke was given as the cause of death.

Mrs. Conley had been a member of the Regular Baptist Church for 40 years. A daughter of Mrs. Lizzie Hicks, she was married to Matt Conley, who preceded her in death 13 years ago.

Sons and daughters who survive are Robert Conley, Alfair Watts, Bessie Smith, Delana Wallen, Minnie Conley, all of Mousie, and Mrs. Betty Jean Newman, of Prestonsburg. Surviving brothers and sisters are Hiram Hicks and Lydia Hicks Gibson, both of Gio. She had 37 grandchildren and 12 great-grandchildren.

Funeral rites were conducted at the Ball Branch Regular Baptist Church, at Mousie, at 10:00 a.m. Sunday, the Revs. Burton Howard, Earl Howard and Coy Combs officiating. Burial was made in the Conley cemetery at Mousie under the direction of Everage & Watts Funeral Home.

BARKLEY HERE ON FIRST VISIT

Since He Became 'Veep'; Crowd Estimated at 500 Hears Democratic Speech

Approximately 500 persons heard Kentucky's senior statesman Alben W. Barkley, speak here Tuesday afternoon upon the occasion of his first stop in Floyd county since he became Vice-President of the United States.

The former "Veep" was, frankly, crusading for the Democratic party, as he has over half a century in public life, and, as on all his previous appearances here, he was accorded a hearty welcome and the attention of the crowd, which included Prestonsburg students who had been dismissed from classwork for the speech.

"Some people," the speaker noted, "will say, 'the Democrats are scared because they brought Barkley here.' I'm here because I'm a Democrat, a Kentuckian and an American. I do not want anything else to take root here."

Declaring that political parties are only a means to an end, Mr. Barkley said, "It would be interesting to trace the history of progressive legislation in our country. You would find all advances in this legislation were fathered by the Democratic party."

SILVER STAR HERO KILLED

In Automobile Wreck Near Huysville Home; Jones' Brother Injured

A soldier home on rehabilitation leave after months of front-line duty in Korea was instantly killed late Saturday afternoon near Huysville, almost within view of his parent's home, when his auto left the highway and plunged over a high bank onto railroad tracks.

The victim was 20-year-old Sgt. Leo Jones, possessor of the Silver Star given for heroic battlefield performance. Injured in the same wreck was his brother, Allie Jones, of Kendallville, Indiana. Sgt. Jones died of a broken neck. His brother suffered broken ribs and cuts, but was dismissed the following day from the Stumbo Memorial hospital at Lackey.

It was said the brothers were driving homeward from Garrett when the auto left the road, a short distance above the mouth of Reed Branch, dropped over the bank, and rolled across a narrow strip of bottom-land onto the railroad tracks.

Sgt. Jones was one of a group of American soldiers whose close brush with death on Pork Chop Hill, Korea, was the subject of newspaper stories during the Korean fighting. He was scheduled to report at Ft. Knox, Sunday.

Surviving are his parents, Charley and Dora Joseph Jones, and the following brothers and sisters: Allie Jones, Kendallville, Ind., Alonzo Jones, Huysville, Mrs. Graham Kilgore, Misses Sadie and Brenda Jones, all of Huysville, Mrs. Edmund Prasure and Mrs. Jimmy Ratliff, both of Langley.

Fires Could Wipe Out Whole Towns, Warning

How deadly serious the situation may be during the present drought—termed by some the worst in 82 years—may be gathered from a bulletin issued last week by the Division of Forestry, Frankfort, to all deputy forest wardens and former wardens.

"It is possible," one line of that bulletin reads, "for fire this fall to destroy . . . homes and even whole towns!"

Reminding deputy forest wardens that Kentucky now is in its third month of drought, the Division of Forestry pointed out that the woods and fields will not be entirely safe until heavy snow or rains fall in December.

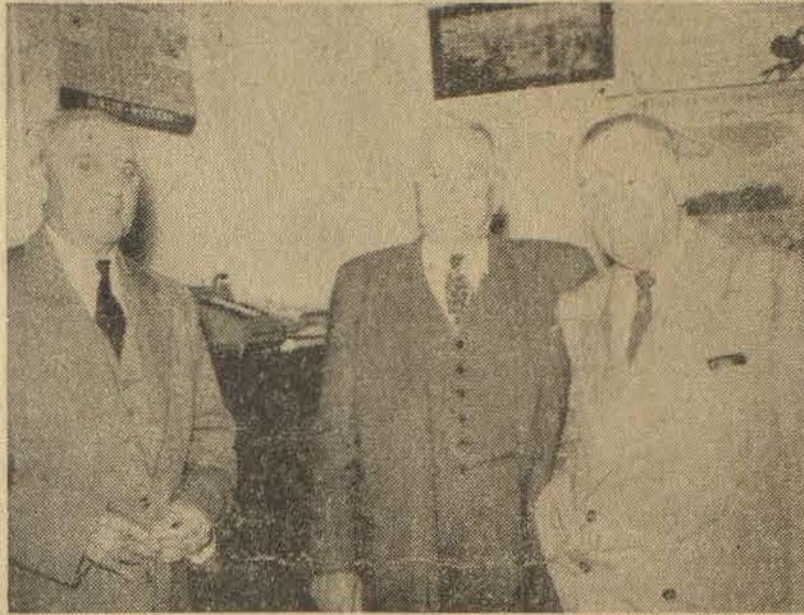

Division is handicapped financially. Because of decreasing revenues, the Division suffered a budget reduction this year, and emergency funds are not available.

So individuals and companies will have to bear much of the fire-fighting burden without expecting remuneration from the state. Deputy forest wardens and former wardens were asked to start immediately to do these things:

Call on their neighbors and friends to use all possible care to prevent forest fires.

Ask them to put out without delay—as volunteers without pay—all small fires they may learn about or see.

Urge individuals to report at once to the nearest ranger or guard all fires, be they ever so small.

Body of Sgt. Dudleson Arrives at Allen Today; Was Korean War Victim

The body of Sgt. 1/c Henry A. Dudleson, 19, of Huysville, who was killed in Korea, July 17, arrived at Allen today. Funeral rites will be conducted Sunday at 1 p.m. in the Church of Christ, at Huysville, the Rev. Carl Layne officiating.

Sgt. Dudleson was a son of Ernest and Fanny Dudleson. His mother survives. Surviving also are the following brothers and sisters: Buster Dudleson, Huysville; Everett, Donald Ray, Ernest, Jr., Wanda and Stella Mae Dudleson, at home. The honors of a military burial will be accorded Sgt. Dudleson by George W. Owsley Post, American Legion, Garrett, and will be under the direction of Hall Bros. Funeral Home.

DARK PICTURE NOW CHANGED

Only One Death from TB Occurs This Year; Mark Achieved in Three Years

The death of Mrs. Lola Shepherd of David on February 3, this year, has been the only one from tuberculosis in this county to date. This lone death from the disease that has been the scourge of Floyd county for generations is a long way, statistically and otherwise, for the local health department and Mrs. Regina B. Mayo, tuberculosis nurse, since the period of 1945-50 when the average number died was 35.

Kentucky stands third in the nation with the greatest number of deaths from tuberculosis, Floyd county, one of the worst spots in the state, had twice the state average. That dark picture is changing today. The picture began to brighten in 1950 when only 26 succumbed. That was the first year Mrs. Regina Mayo served as t.b. nurse.

The drop in deaths that showed almost immediately after the initial year of the fulltime work of a nurse continued through 1952. That year 15 died. This was less than half of the average for the last half of the 1940 decade. This remarkable salvaging of human life was accomplished in a matter of three years. More remarkable than all of this record though, is the loss this year, of only one lone case. It is possible, Mrs. Mayo thinks, that there may yet be another death this year from the disease. Even so the record of accomplishment will still stand as a very bright picture contrasting the dreary ones of a few years ago.

Four Floyd Soldiers Are Still Prisoners Or Unaccounted For

Four Floyd county soldiers, prisoners of the Communists or missing in action, are, according to the latest reports available, still unaccounted for at the present time. They are Rush Crum, son of Mr. and Mrs. Malcolm Crum, Banner; Robert Dempsey, son of Mr. and Mrs. Moss Dempsey, West Prestonsburg; James Wallen, son of Mr. and Mrs. Ollie Wallen, Water Gap; and Donald Roop, son of Mr. and Mrs. Ambrose Roop, Ivel.

The report here that Donald Roop had been released in September was erroneous, The Times learns. His parents are in the receipt of a telegram from the War Department saying they have reason to believe Roop is still alive. No confirmation of that belief has as yet been received by the Roop family.

ALL KENTUCKY DROUTH AREA; RELIEF ASKED

Governor Warns People Of Situation; Perkins Told Area Considered

All Kentucky, not merely a few agricultural counties, was declared a drought area by Governor Weatherby this week as he viewed the pasture situation as the worst in 39 years.

"The potential danger from fields and forest fires has created an explosive situation," the Governor added, warning all citizens to use every possible precaution against fire "and other dangers inherent in the situation."

Although only 15 western Kentucky counties have been designated drought area by the Department of Agriculture, the Department wrote in reply to Congressman Carl D. Perkins' request for aid for this section that the area is being given consideration. Congressman Perkins requested economic aid for farmers of this section.

No early break in the drought was seen this week.

Kentucky farmers are being warned that the lack of rain over many weeks has caused much damage to grasses that many farms may be without pastures next year unless they take emergency action. Unofficial estimates showed that 80 to 100 per cent of the grass seeded last spring has been killed by the drought; that 50 to 100 per cent of spring-seeded legumes and legume-grass mixtures have been lost; and that half of the state's permanent pastures have been destroyed.

Among the things recommended will be seeding of certain grasses and legumes, even at this late date, where land can be broken.

The state forest fire situation admittedly potentially "explosive" was fairly well in hand. Two fires were reported in Floyd county, early in the week.

Agriculture Commissioner Ben E. Adams at Frankfort said damage to Kentucky farms already is in the millions of dollars. He blasted the federal government for "too many delays" in providing farmers with relief.

Adams said the Government declared 15 Kentucky counties disaster areas and those counties haven't received "a single carload of (livestock) feed."

He said "some orders" had been made under the federal drought-relief program, but no feed had been delivered.

Adams jibbed at Secretary of Agriculture Ezra T. Benson with: "I always thought an emergency called for immediate action. All we've gotten is a lot of talk about an emergency."

COUNCIL LISTS FULL PROGRAM

For Girl Scout Week, Beginning October 25; Scouts To Aid Voters

Girls of all troops of the Sandy Valley Girl Scout Council will begin the observance of National Girl Scout Week next Sunday by attending church services in troop strength, it was said this week.

Other Council-wide features of the observance, Oct. 25-31, are:

Oct. 26, Homecoming Day; Oct. 27, Citizenship Day; Oct. 28, Health and Safety Day; Oct. 29, International Friendship Day; Oct. 30, Arts and Crafts Day; Oct. 31, Outdoor Day.

Again this year Prestonsburg Girl Scouts will act as voter-aides, it was announced. They will be available to act as baby-sitters, to run errands and do other services to get out the vote. Any person handicapped about voting because of lack of help will be given Girl Scout services if they will call these numbers: 2631, Mrs. Kenneth Allan; 3921, Mrs. N. L. May; 4761, Mrs. R. V. May.

The Girl Scouts, it was announced locally, are urging voters to support with their ballot the amendment of Section 186 of the Constitution. Although service as voting-aides is regularly performed, the Scouts particularly urge a "Yes" vote on this amendment, this election.

HUNTING IN SOUTH DAKOTA

Hunters from Prestonsburg left last week for South Dakota to do several days' pheasant hunting. The hunters were Thomas Hersford, Ed Music, Marvin Music, Burl Spurlock and Bob May.

Frankfort, Ky., Oct. 19 — The law does not preclude either home deliveries, or sales on credit, in wet territory.

That was the holding of Assistant Attorney General W. P. Simpson in advising a Louisville lawyer that such practices are not forbidden, despite a regulation of the Alcoholic Beverage Control Board to the contrary, Simpson reasoned that the law specifically bans credit sales of retail deliveries of whiskey but is silent on the subject of beer.

Frankfort, Ky., Oct. 12 — Proclaiming December 13 as "Jane Todd Crawford Day" Governor Wetherby called on Kentuckians to make appropriate observance of the day in honor of a woman "whose contribution to medical science is of paramount importance."

The Governor also designated November 15-21 as "Diabetes Detection Week in Kentucky" and called attention to the drive of the Kentucky Medical Association, the State Board of Health and related units to make diabetes tests.

"Under Woodrow Wilson progressive legislation tore the shackles from the people's feet," the speaker followed with a review of the Wilson administration record, after which, he said, came "12 dreary, desolate years culminating in the greatest economic depression of all time."

"The people cried for a leader from the Democratic party, and that leader was Franklin D. Roosevelt."

Commenting on the Republican cry of "creeping socialism" as applied to Democratic party reform and improvement moves, the former Vice-President referred to the Farm Board of the Hoover administration which appropriated \$500,000,000—"money that went down a sinkhole."

"The Republicans didn't call that 'creeping socialism'—they called it statesmanship." The speaker termed the G. O. P. policy "golloping paralysis."

Reminiscing, Mr. Barkley, a robust 74, said, "I've had a full and good life. Kentucky has honored me beyond any man, even more than the great Clay."

Ex-Congressman A. J. May, who introduced him to the audience, said, "Historians will place Barkley alongside John G. Crittenden and Henry Clay." Former State Representative W. G. Biggers presided at the rally.

Turning to the lighter side, Barkley told of having his fortune told upon a visit to the Pyramids of Egypt. An Arab offered to foretell his future, asking \$2.50 for his services. The Arab then took him behind the Sphinx, went through his cards, read his palm, muttered some incantations, and wound up by predicting Barkley would live to be 105 years old.

"I've been trying all the time to reach a hundred," he told the Arab. "If you can guarantee that, I'll give you another \$2.50."

"That was before I met my wife," he told Tuesday's crowd here. "If I had met her before that, I would have given him \$5."

Noting the flowers in the courtroom for the absent Mrs. Barkley, he said, "I'll bring her here, sometime. You'll fall in love with her just like I did."

TESTIMONIAL

TO THE REPUTATION AND CHARACTER OF GORMON COLLINS BY PROMINENT CITIZENS OF FLOYD COUNTY.

We, the undersigned, residents and voters of Floyd county make this joint statement:

Each of us have known Gormon Collins over periods ranging from 10 to 30 years, depending upon our residence in the upper Right Beaver section of the county, and we have found him to be a man of splendid character, sincere and honest in his dealings with others, and interested in a better Floyd county. Gormon Collins is a former teacher in Floyd county schools and a veteran of World War II. He has never to our knowledge been an officer of any kind, arrested on any charge or accused of any crime. We believe he is well qualified for the office of Sheriff of Floyd county.

This Is the TRUTH-- and It HURTS

Judge Henry Stumbo in last week's Times says "Let's Look at the Record". We have already looked at the record, Judge Stumbo, and now we propose to look into what you say. The record itself on Order Book 6 was bad enough. What you say in an attempt to explain is much worse.

You say that the omission of one fact was deliberate. Not so, Judge Stumbo. We did not have room in an article of the size necessary to explain for the public all of the ramifications of the BIG DEAL. What you say we left out was the setting up of the special fund called, "Waterworks and Gas System Project Bond and Redemption Fund for 1953". Certainly that fund was set up as the medium whereby Floyd county collected into, from the Beaver Elkhorn Water District, the revenue necessary to pay off the bondholders. You made this necessary arrangement with the bondholders so they could get their money when the bonds mature. Every bondholder expects to be paid. You merely set up the necessary legal machinery for them to collect.

You say, Judge Stumbo, in your article: "That the truth is Floyd county acts merely as a fiscal agent or as a holding company for the water and gas district, just as it has acted in the past for the Floyd County Board of Education".

You got your lines mixed on that one Judge. You mean Floyd county bought the water and gas systems and that the Beaver Elkhorn Water District is the county's agent, don't you? At least that is what the Record says in Order Book 6. That record says Floyd county bought these systems for \$230,000 and issued bonds for the money to pay. Your court made the Beaver Elkhorn Water District the agent of the county. The county is no holding company for anyone, Judge. The county is the outright purchaser. You were acting as agent for nobody. You were acting for yourself and in so doing you acted for Floyd county, much to our regret.

You say Judge, "It was considered and talked in open court". Was it, Judge? Was it in the county court room or in the now famous little cubby hole in the back of the County Court Clerk's office where you meet lots of times, and the general public can't even

get its head in? Anyway, why was it not a matter of common knowledge that Floyd county had bought these water and gas districts? You had a one-time notice of the Bond offer published in The Courier-Journal. Why didn't you give the matter wide publicity and feel the public reaction to the Big Deal? We know why, Judge. The public, if it had been properly informed, would not have tolerated it. You say: "It was not my idea, I assure you, we acted in good faith representing a group of citizens who in turn represented the water district".

Now Judge, we take you up on that one, right here. Set down and make us out a list of these people who represents the water district, and whose idea it was, since you say it wasn't yours. Write down the owners of the various water and gas districts. While you are doing that, Judge, write down what the middlemen paid for these properties. We already know what they got. We want to see what their profit was. We challenge you to prepare a list of the interested parties who worked the deal up and to write out in detail every name of the owners of these properties who sold to the counties.

Explain why the bonds were sold at a TEN PERCENT discount, and why the interest rate was much more than it usually is. Judge, explain why Floyd county bonds have to sell under par. The recent school board issue sold above par at a lower rate of interest.

Judge, you warn people against half-truths. You better warn them against the whole truth. When the public knows the whole truth it will be righteous in anger and indignation. Only you can tell the whole truth. We challenge you to tell it in the Floyd County Times, and to leave no names and figures out.

We warn you, Judge, that the people are not satisfied with your cries of politics, and smear to your official reputation, because they are looking at your record as it is written in Order Book 6.

**This Move Deserves
Our Support**

THE forthcoming drive to raise funds in order to make possible the founding of a four-year college at Pikeville is one in which every Eastern Kentuckian and every friend of the people of this section should participate to some degree.

The Times would, first of all, if it had a choice in the matter, favor a four-year college for Floyd county. But that is a possibility that not yet falls within the range of the probable. So it unhesitatingly wishes neighboring Pikeville success in this move to give the valley a fully accredited, four-year college.

The fact appears to be this: If Pikeville College cannot be converted into a four-year college, the Big Sandy valley will not have one, and many the youngster completing high school will not continue with college study because of the distance he or she must travel from home for such training.

Kentucky has an abysmal record in the field of education, and Eastern Kentucky's record contributes heavily to that dark picture. It is our duty, then, to help along any move that will make the future brighter.

Dr. A. A. Page, president of Pikeville College, is talking of individual contributions—"living endowments"—as low as \$3 a year. Enough of these, pledged and faithfully paid annually, would, of course, do the job. Surely there are enough of us in this valley who will do that much, and, with the help of more liberal contributors, give the Big Sandy a four-year senior college.

Give the People Credit

IT is to the credit of the people of Floyd county and to state departments that the county's woods and fields have suffered, comparatively, so little during these months of burning drouth.

The Division of Forestry has repeatedly warned against this wholesale destruction of timber and soil. The Department of Fish & Wildlife Resources wisely interrupted the hunting season to remove the threat of fire which might start from a careless hunter's match. In recent years an educational campaign has been waged to show the people the criminal folly of setting such fires.

But, had not the farmers, the hunters and others not done some thinking for themselves and decided to take every precaution, almost every stretch of woodland and dried grass long ago would have been scorched to the grassroots. In other years, ten days of bright sunshine in spring and fall brought the holocaust. You have all seen it: fire streaking the ridges like red serpents; the sun, a red ball through the smoke; the blackened trunks of trees and the acrid smell of burned leaves remaining after the rains had come and the fires extinguished.

We keep our fingers crossed, fearing our few forest fires yet may spread into many. But for the present we say, give the people of Floyd county a lot of the credit for the improved situation at a time when forest fires could be expected to spread to their most destructive worst.

FOOTBALL CHATTER

By GORDON MOORE

Play in the Louisa-Prestonsburg football game became so rough in the third quarter of last Friday's game that the officials called both squads together in a brief huddle and asked that cleaner play prevail. Two players from each team had previously been ejected.

Morgan county turned a possible defeat into a 12-12 tie with Paintsville by scoring in the last 50 seconds. Fullback Dale Dehart did the damage. Earlier in the season, he raced 75 yards to give his team an 18-13 win over Louisa on the last play of the game.

Whitesburg appears to be the odds-on favorite to capture the 1953 Eastern Kentucky Mountain conference championship. In beating arch-rival Jenkins, 14-13, the Yellow Jackets gained their most cherished triumph of the year and have only Wayland and Fleming left in conference play.

For the past two seasons, Belfry has been instrumental in Prestonsburg's winning the conference championship. Friday night, Belfry moves into Prestonsburg with a 4-0 loop record, but it is doubtful if Ferrell will repay the tribute this year. Belfry has to win to stay in the conference picture and a loss would eliminate them from competition.

Catlettsburg will be weakened in its Big Sandy Bowl appearance against Cumberland, since their star halfback, Billy Kirk, became 20 years old last week. A K.H.S.A.A. ruling prevents any boy from participating in high school athletics after he reaches his twentieth birthday.

Hear what the New Orleans sportscaster covering the L. S. U.-Kentucky game said after interviewing "Bear" Bryant, earlier in the day? Quoted Bryant—a gentleman not inclined to crawl too far out on a limb—as saying Prestonsburg's John Delmar Hughes will be greater than Parelli.

**Pikeville Speech Fest
Set for Saturday; Date
Moved To Precede Vote**

Judges for the high school speech contest Saturday at Pikeville Junior College will be members of the speech department of the University of Kentucky.

Three Pikeville attorneys were originally named as judges for the competition, a part of the annual Regional Speech Festival. The local men will be replaced by the University representatives, Dr. A. A. Page, college president, said.

Speaking on the subject, "The Minimum Foundation Program for Education in Kentucky," high school speech students will compete in both public speaking and discussion events. Those receiving high ratings will be eligible for the state finals at Lexington a week later, it was said.

The two contests were moved up from the usual festival date in April in order to create interest in a proposed change in the Kentucky constitution by popular vote at next month's election. The amendment relates to the distribution of school funds.

Something really Special - in power,

**room,
ride,
price**

WE picture here a car that keeps our order book pages turning quicker than quick.

It is the 1953 Buick SPECIAL 4-Door Sedan—the bargain value that doesn't stay long on our showroom floor.

For this is the best-selling Buick in the land—snapped up by eager buyers who know something really special when they see it.

For your information, we present some SPECIAL facts.

It has a Fireball 8 Engine with the highest power and compression ratio ever placed in a Buick SPECIAL—plus, if you wish, the instant getaway response and utter smoothness of Twin-Turbine Dynaflo.*

It has easy-sitting-room for six adults—as much room as you'll find in cars costing hundreds of dollars more.

It has a ride unique among automobiles. The

Buick Million Dollar Ride. The soft and steady and ever-level ride that comes of coil springs on all four wheels—a full-length torque-tube drive—a massive X-braced frame—a solid and substantial roadweight poised with meticulous balance on broadly spaced wheels.

But what makes the Buick SPECIAL so extra special is the low delivered price it carries.

It is a price just an easy step above the so-called "low-price three"—and a price that gives you more room and power and ride-comfort for your money than you get in any other car, except another Buick.

Wouldn't you like to see, sit in and drive one of these great-powered Buicks—look into its beauty, its luxury, its handling ease—and judge for yourself how small a price tag it wears?

Phone us this week, or drop in. We'll be happy to arrange a demonstration.

U. D. C. HOLDS MEMORIAL SERVICE

Greenville Davidson Chapter No. 1904, United Daughters of the Confederacy, met Thursday evening, October 15, at the home of Mrs. Tom Fields, with Mrs. Luther Shivel as co-hostess. Mrs. Fields, the president, presided. Mrs. John Hensley conducted the ritualistic service, followed by salutes to the American and Confederate flags. Correspondence was read in regard to the state meeting to be held on Oct. 21-25 at Carrollton, Ky., when state officers will be elected. The National Society United Daughters of the Confederacy will celebrate its 50th birthday in November at Richmond, Va. Each member of the society is urged to give 50 cents to the birthday fund, to be placed on the Memorial Building at Richmond, Va. The local chapter members present contributed to the Birthday Fund.

Following the business session, a Memorial service was given to the memory of Mrs. Anna Tucker Auxier, wife of S. R. Auxier, and mother of Mrs. Mary Auxier Ford, whose passing on last March 25 was a loss to the Society and to the community. A portrait of Mrs. Auxier was placed on a table, flanked by dual candlesticks holding white candles. Mrs. Fields unveiled the portrait and lit the candles in memory of Mrs. Auxier. Mrs. John Hensley read the obituary telling of the life and loyal service of Mrs. Auxier to her family, chapter and community. The 23rd Psalm was read by Mrs. A. J. Davidson. "The Lord's Prayer" was sung by Miss Mary Jo Shivel, accompanied at the piano by Mrs. Luther Shivel. Mrs. Harry Sandize read a poem, "The City Four Square." In closing, Miss Everett Sowards, placed white carnations given by the Auxier family in a cut glass vase near the portrait, eulogizing Mrs. Auxier in prayer. The flowers were placed on the grave by Mrs. Sowards and Mrs. John W. Hensley.

The hostesses served a salad course to guests, Mr. S. R. Auxier, Mrs. Mary Ford Hale and baby, Mary, Mrs. Jo M. Davidson, Dr. A. J. Davidson, Mrs. George T. Roberts, Tom Fields, Mrs. Laura M. Davidson, Mary Jo Shivel. Members present were Mesdames Gwynn Ford, Lon S. Moles, Lida Cottrell, Joe Hobson, Everett Sowards, Harry Sandize, Osa F. Ligon, Tom Fields, John W. Hensley, Lida D. Spradlin, A. J. Davidson, Roy Perry, Martha D. Carpenter, Luther Shivel.

Women Work too Hard

...and they shouldn't

If hanging clothes on a line were the best way to dry clothes — then carrying heavy baskets and bending and stretching would be worth while. But they aren't—because with an electric clothes dryer you can dry clothes without any hard work. Results are amazing:

- colors don't fade
- towels, sheets, corduroys come out fluffier (need no ironing)
- everything comes out sparkling clean

No chance for smoke, dust, or animals to dirty your wash. An electric clothes dryer saves time, too... dries an 8-lb. load of wash within an hour. And, you can dry clothes when you want, day or night... rain or shine. It's the greatest work-saver ever invented for women! See a demonstration at your dealer's. You've got to see it to believe it.

Here's the easy electric way to dry clothes

1 toss clothes in

2 set the dial

3 take out dry clothes

Diana Ruth Alley celebrated her first birthday Sunday, Oct. 18, at 3 o'clock at the home of her grandparents, Mr. and Mrs. Marvin Alley, Highland avenue. She was delighted with her tier cake which held one candle.

Punch, cake, ice cream, candy and nuts were served to the following who enjoyed the occasion: Mr. and Mrs. Carl R. Horn, Mr. and Mrs. Glen Allen and daughter, Betsy Layne, Mr. and Mrs. Hugh Snapp, Mr. and Mrs. Bill Blackburn, Mr. and Mrs. Charles Alley, Mr. and Mrs. Marvin Alley and Mrs. Keith Alley. Those sending gifts were Mary Lou Martin, Carlos E. Horn, Mrs. Anna Spurlock, Mrs. Ralph Sutterfield and son Ricky.

A lovely gift and birthday greetings was received from her father, Keith Alley, who is stationed in Germany. He is expected back in the States soon.

Woman's Club Purchases Dale Property for Home; 20-Year Dream Realized

The first meeting of the Lackey-Garrett Woman's Club in their new clubhouse at Wayland was held Monday evening. The club home, formerly the Edgar Dale property was purchased recently by the club for \$7500. "It had been a dream for 20 years to have our own clubhouse," said Mrs. Orit Wells.

At Monday's meeting the club voted to support repeal of Section 186 and issued a statement urging everyone to vote "Yes" on the proposed amendment on Nov. 3. Three delegates and alternates were elected to the Seventh District Convention of Kentucky Federation of Women's Clubs to be held at Drift.

Mrs. C. B. Ison, club president, asked all members to help with the Hallowe'en carnival to be held at the Wayland grade school Friday, Oct. 30, at 7:30 p.m. The carnival is sponsored by the Wayland Lions Club. The proceeds accruing to the Lackey-Garrett Woman's Club for their participation will go to the lunch room of the Garrett school, Mrs. Wells states.

Forty members were present at this first meeting in the new club house. The next regular meeting will be held tonight (Thursday) at 7 o'clock with O. E. Boggs, county agent, as guest speaker.

HAROLD — Sylvia Ferrell is visiting Mr. and Mrs. Bernard Keene, Columbia, S. C., for two weeks.

Mrs. Mayo reminds that the 47th annual Christmas seal sale is about to begin and give the statistics on tuberculosis for this county. We still have 70 cases here. Twelve are in the sanatorium and 58 are at home under care of their family physicians. Modern medicine with its miracle drugs and modern surgery with almost miracle men with miraculous scalpels will ring to most of these afflicted an arrested condition and complete cures. There should be no deaths, Mrs. Mayo states. The lone death of Mrs. Shepherd this year, perhaps, would have not occurred if she had accepted hospitalization.

On the wall of the health department is a map of Floyd county and colored pins are stuck in it, mostly in little clusters. Some are black, some yellow and others white. The black are for those who have died of tuberculosis. This year only one black pin has been used. Mrs. Mayo looks forward to the day, at some year's end, when she can take the map down for no pins had been used, neither black for those that had died, nor yellow for those who were still ill. That day may be afar but it is more than a mere dream. The records testify to that.

But going to school is just the beginning of hard knocks — when on your own — it is miserable.

You'll get more than you expect

In feature after feature, Ford matches the finest . . .

with fine car ride . . . fine-car build . . . and fine-car V-8 GO!

Check these fine car features that are yours when you buy a Ford, the one fine car in the low-price field. You get glass area galore . . . the most in Ford's field. You get more usable inside space than in any other low-priced car. Seats are foam-rubber-cushioned both front and rear. You get such Ford advances as convenient Center-Fill Fueling and suspended clutch and brake pedals. But here are the big reasons why Ford is worth more when you buy it and when you sell it, too!

V-8 or Six power

Only Ford in its field offers you a fine-car high-compression V-8 engine . . . the result of Ford's experience building more V-8's than all other makers combined. And Ford's high-compression, low-friction Six is the most modern Six in the industry. Both engines have Ford's exclusive Automatic Power Pilot which squeezes the last drop of power out of every drop of gasoline.

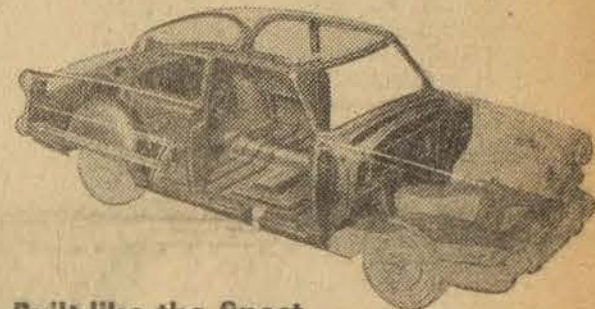

Up to 80% less road shock

Ford has reduced front end road shock (the kind you notice most) up to 80%. And by a perfect teaming-up of rear springs, diagonally-mounted rear shock absorbers and tailored-to-weight front springs, Ford has proved that a car can ride smooth as silk without gas-eating extra weight.

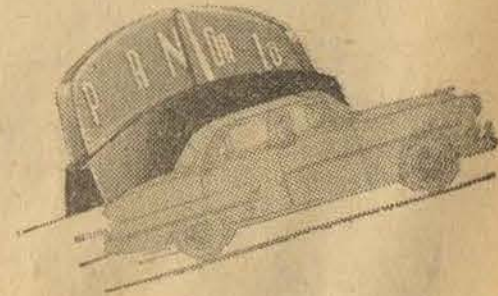

Master-Guide power steering

Ford Master-Guide is the last word in power steering. It does up to 75% of the steering work for you when you need it . . . yet it leaves you with a natural feel of steering on the straight-away. And it helps you control the car on rough, rutted roads. Available on all V-8 models.

Built like the finest

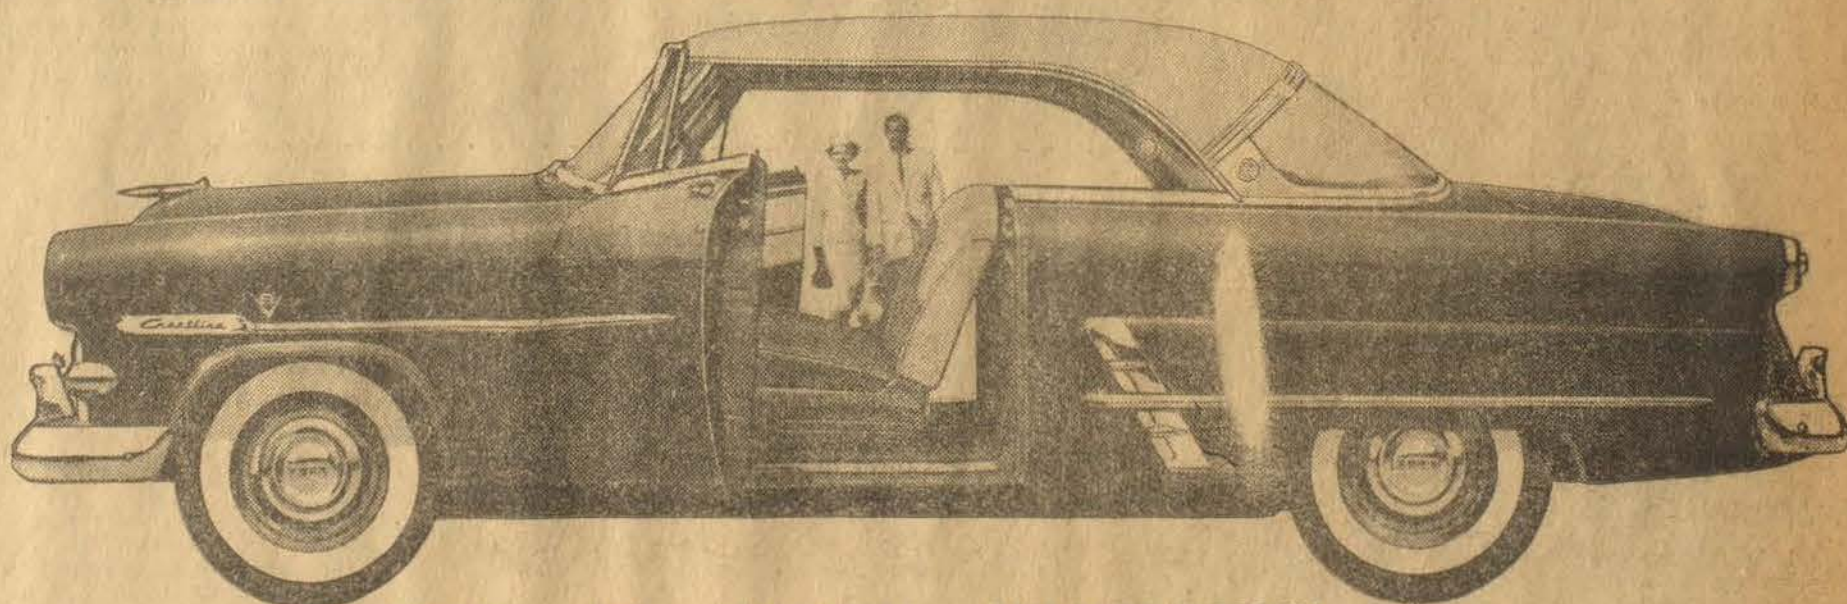

Ford's hull-tight body is sealed against water, dust and draft. Body panels are made of steel of the same quality and thickness as that used in the costliest cars. Ford's rugged box-section frame has five strong cross members including a special K-bar member which adds extra twist resistance . . . gives longer car life.

Fordomatic Drive

It's the finest, most versatile of all automatic drives . . . combines the smoothness of a fluid torque converter and the "Go" of automatic mechanical gears. Ford also offers you Overdrive and Conventional drive.

Think you've got troubles?

Now this "Gizmo" really has troubles. Moreover, he actually spends hours looking for a special kind of trouble—electrical leaks that might interrupt service on telephone lines.

Developed by Bell System engineers, this robot-like line insulation test machine operates automatically to spot line troubles before they happen. He tests line after line at the rate of three thousand an hour. Whenever a tiny electrical leak is spotted, "Gizmo" stops, flashes a signal and indicates the telephone number affected. Then repairs are quickly made, usually before service is interrupted.

"Gizmo" is another one of many advances along the road toward more and better telephone service. To bring these new advances, and to keep service good and growing, your Telephone Company must have enough earnings to stay financially healthy.

Revival Starts Sunday At Baptist Church Here

The Rev. Vincent Cervera, of Greenville, South Carolina, will be the evangelist in special revival services beginning Sunday at the Irene Cole Memorial Baptist Church here and continuing through November 4.

The pastor, the Rev. Ira McMullen, Jr., has announced that the Sunday services will be held at 11 a.m. and 7:30 p.m. He also stated that the morning services previously announced for 7:15 a.m. will not be held, but, instead, those who are interested in praying for the revival will meet at the church each morning at 7:30.

The evangelist, Mr. Cervera, will come to Prestonsburg following a highly successful revival in the First Baptist Church, Fulton, Kentucky, where he has been preaching to from 600 to 700 persons each night. Although still a young man, he has received invitations from churches all over the eastern half of the country, and from the Great Lakes to the Gulf. During the past six years he has given the Gospel message to congregations totaling nearly one million people. In that time he has also spoken to more than five hundred student bodies including high schools, colleges, universities and seminaries.

Mr. Cervera also is an accomplished trumpet player. From time to time he will present trumpet solos to the congregation.

The Rev. McMullen said this week that one of the features of the evangelistic campaign will take place next Tuesday night, which has been designated as "Youth Night". At that time, Coach Doc Ferrell, the Black Cat football squad, the cheerleaders and other youth of the community will be the special guests of the evangelist and the church. A social hour for all the young people present is being planned by the Youth Women's Auxiliary and will be held in the recreation room following the service.

A cordial invitation is extended to everyone in the community to attend these special evangelistic services.

He added that already at least 35 truck mine operators have indicated a desire to bring coal to the plant being installed. Although the tippie will accommodate truck mine coal, he emphasized the point that only high-grade coal will be acceptable.

The new plant is viewed as a "shot in the arm" for a lagging small-mine industry in this part of the county.

DOLLAR FOR DOLLAR YOU CAN'T BEAT A PONTIAC!

It's the RIGHT CAR!

What's the "right car" for you? It must be handsome, of course. A good performer, too. And dependable? Economical? Well, you're looking at the car that's proved the right car for hundreds of thousands of people like you because it fills their needs so perfectly. For beauty, Pontiac offers the Silver Streak distinction that is recognized and admired everywhere. For all-around performance, you can't match the power and stamina of Pontiac's big, rugged, high-compression engines at anywhere near the price. And Pontiac's famous dependability and long-lived economy are a matter of record. For important extras in every department of automotive value, Pontiac's your car!

It's the RIGHT PRICE!

Dollars-and-cents decide the issue for 'most all of us in making major purchases. But the price of a Pontiac will never sway you from buying the right car, for the price is right, too! Pontiac engineers discovered long ago that—for very, very few extra dollars in price—they could build into Pontiac cars a great deal of extra quality. As a result, Pontiac—big, beautiful, luxurious, fine-performing Pontiac—is actually one of America's lowest-priced cars. Come in and let us show you that if you're going to buy any new car, you can make it a Pontiac!

It's the RIGHT TIME!

Your present car will never be more valuable to you as a trade-in than it is today! So don't wait a week, a month or a season to start enjoying all the pleasures of Pontiac ownership. The deal we're offering makes this not only the right time to buy a Pontiac, but the best time of all! Come in now and discover the very real extra value Pontiac offers—that "Dollar for Dollar you can't beat a Pontiac" never meant more than it does today!

business and official, are expected to take similar action within a matter of days.

The experimental survey to be undertaken will have as its main purpose that of providing additional scientific knowledge of these diseases and promoting better control measures. Statistics show that a very heavy mortality rate, confined heavily to children, results from intestinal diseases in mining areas. Attention will be given during the survey, however, to all communicable diseases, Mr. Clark said.

The U. S. Public Health Service is not satisfied with the accepted theory that so-called intestinal-borne diseases are introduced only via food or water, and the study will undertake to discover if such ailments are contracted perhaps, by personal contact or respiration.

Three from County Score High on Tests

Parents of three students from Floyd county attending Eastern Kentucky State College at Richmond have been informed that the following students made high scores on tests given during Freshman Week:

Raymond Douglas Mace, son of Mr. and Mrs. Henry Mace, Martin; Nancy Jane Spurlock, daughter of Mrs. Garnet F. Spurlock, West Prestonsburg; Grady Alvin Wallace, son of Mr. and Mrs. Rufus Wallace, Mare Creek.

The scores for the local students were in the highest 25 per cent of the students entering Eastern for the first time.

The Personnel Office at Eastern in releasing this information noted that the high average is complimentary to the elementary schools and to the high schools attended, as well as to the students making the superior records.

This Is The Record

"This bond and the issue of which it is a part is payable only from and secured by an exclusive pledge of a fixed amount of the gross income and revenues to be derived from the operation of said public project, which amount shall be sufficient to pay the principal hereof and interest hereon as and when the same shall become due and payable, and which shall be set aside as a special fund for that purpose and identified as the "Waterworks and Gas System Project Bond and Interest Redemption Fund of 1953", and THIS BOND DOES NOT CONSTITUTE AN INDEBTEDNESS OF THE COUNTY OF FLOYD within the meaning of any constitutional provisions or limitations as provided in section 58.040 of the Kentucky Revised Statutes. Said county covenants that said public project will be continuously operated as a revenue producing undertaking and that it will fix or cause to be fixed such rates for services furnished by said project and will collect and account for income and revenues from such project sufficient to promptly pay the principal of and interest on this bond and the issue of which it forms a part, as the same shall become due."

Had you heard that every property owner in Floyd county has had his home and other belongings jeopardized by these bonds? You may have.

But the truth is, Floyd county acts merely as fiscal agent or as a "holding company" for the water and gas district, just as it often has acted in the past for the Floyd County Board of Education.

But a desperate Republican Party and its candidates who offer nothing but abuse in lieu of a platform, are trying to make it a vote-getter.

They even neglect to mention the Glo Gas System, which was one of the companies acquired by the water district. Do you know why? Could it be because George Evans, brother-in-law of Gorman Collins, who is a candidate for Sheriff on the Republican ticket, was a part-owner of the Glo System?

Ask yourselves this: **WHY DID THEY FAIL TO ADMIT THAT FLOYD COUNTY IS NOT RESPONSIBLE FOR THE PAYMENT OF THESE BONDS?** Why did they try to mislead the people into believing a debt had been loaded onto them without their vote, knowledge or consent? Perhaps they were guided by the old axiom that desperate situations demand desperate measures!

This whole transaction is a matter of public record. It is on the record books. It was considered and talked in open court. The purchase was made when officials of the water district—good, reputable citizens—decided it would be a public improvement.

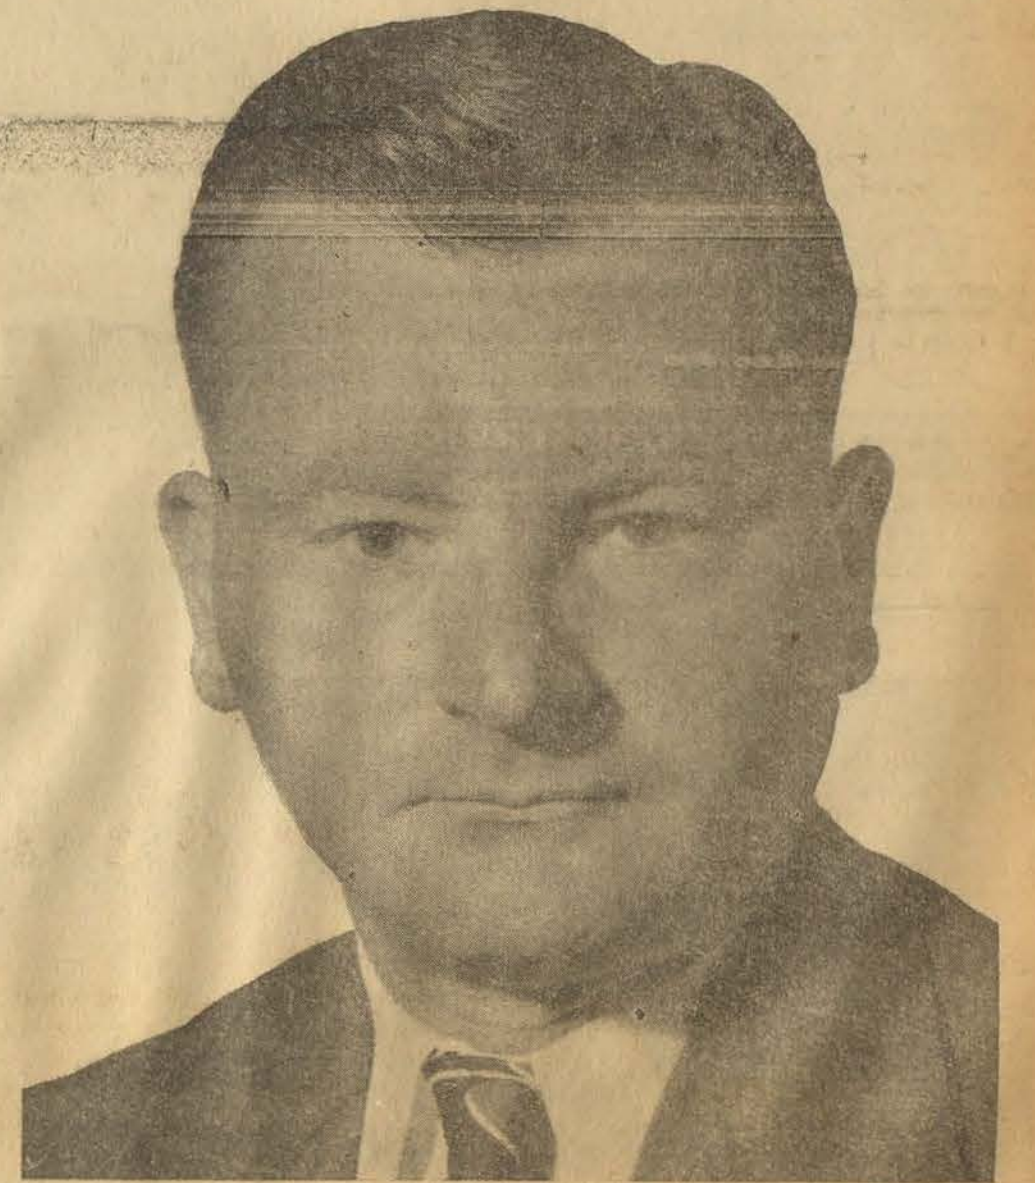

It was not my idea, I assure you, but I acted then as I will in the future for the good of Floyd county. It was not the fiscal court's idea but they acted as I in the interest of the people of Floyd county. We acted in good faith, representing a group of citizens who in turn represented the water district.

I ask you as intelligent men and women to read the **WHOLE RECORD** in the County Court Clerk's Office, pertaining to this bond issue.

And I would warn you against an array of half-truths and veiled insinuations, which shun every truth that might not blacken some individual's reputation.

Sincerely,
HENRY STUMBO

ELECT FOSTER "Sid" MEADE

MAGISTRATE, DISTRICT 3

Don't you people in Floyd county think it is time to elect men who are qualified and have no political rings in their nose? The office of Magistrate is one of the most important offices in the county. The four Magistrates and the County Judge make up the fiscal court, and the fiscal court disperses every tax dollar collected.

I have two college degrees and have taught school twelve years on Left Beaver Creek. During that time I had some 600 pupils, and I treated every one of them fair and square, and I believe 99 percent of them will tell you just that. I am personally interested in the welfare of veterans, because I spent three years in World War II. I am personally interested in the coal miners, because my only brother earns his bread from toiling between two rocks. I am personally interested in the welfare of orphans, because my father died when I was five years of age.

I am opposed to a "mud-slinging" campaign, therefore I will not say anything against the record of your Magistrate in District No. 3. Ellis Martin has been your Magistrate for the past four years and you voters know his record as well as I do.

If you think he has been a better Magistrate than I can and will make you, then I don't deserve your support. If you think that I am a well-qualified young man who has the welfare of all the people at heart and will not let outlaws and "hatchet deputies" control me, then I deserve and will always be grateful for your support.

FOSTER "SID" MEADE
Candidate for Magistrate,
District Number 3

(Pol. Adv.)

In his attempt to smear my personal and official reputation through an advertisement and handbill filled with half-truths and insinuations, my opponent has deliberately failed to state one truth.

I say his failure to do so must have been deliberate, for the truth is there for all to see, in the VERY FIRST paragraph of the copy of the bonds sold in this so-called "deal". That copy is spread on Fiscal Court Order Book No. 6, Page 254.

This very first paragraph reads:

KNOW ALL MEN BY THESE PRESENTS:

"That the county of Floyd, in the Commonwealth of Kentucky, acknowledges itself to owe and for value received, hereby promises to pay to the bearer the sum of ONE THOUSAND DOLLARS on the first day of June, 19....., and to pay interest on said sum from the date hereof at the rate of per cent (.....%) per annum, payable semi annually on the first days of June and December in each year, upon the presentation and surrender of the annexed coupons as same mature, OUT OF AND ONLY OUT OF THE INCOME FROM A PUBLIC PROJECT CONSISTING OF THE COMBINED GAS SYSTEMS AND WATERWORKS SYSTEM AS HEREINAFTER SET FORTH, both principal and interest being payable at The First National Bank, Prestonsburg, Kentucky, in such funds as at the time of the respective payments are legal tender for the satisfaction of debts due to the United States of America.

Sec. 1, Page 8 — Floyd County Times, Oct. 22, 1953

The only American horse ever to win England's Epsom Derby was Troquet ridden by Fred Archer in 1881.

Within the next 6 years, Ohio's all-time production of bituminous coal should pass the two billion ton mark.

maverick who strayed from the home range and returned full of loco-weed. The story of this couple's marital troubles, their charges and counter-charges of drunkenness, infidelity, etcetera, is eagerly devoured by the reading public. An ordinary couple, shorn of movie-star glamour, would be called by the public just what they are and dismissed from further consideration. But, no, not these romantic darlings.

Offers School Press Prizes for Articles, Editorials, Cartoons

School newspapers throughout Kentucky are being asked to take part in a school press contest by writing articles and editorials and publishing cartoons on "How Our Town Fights TB" and "What Do We Know About TB?"

Purpose of the contest is to acquaint students with the facts about tuberculosis and what their community does to fight the disease. It is sponsored by the National Tuberculosis Association, the Kentucky Tuberculosis Association and its local affiliates, and the Columbia Scholastic Press Association. Competing school papers will run the articles or cartoons in either or both their November or December issues. The winning papers will have possession of a "progressive" trophy for one year and Certificates of Honor will be awarded other outstanding entries. January 15, 1954 is the deadline for filing the entries with local tuberculosis associations or the Kentucky Tuberculosis Association, 1480 South Third Street, Louisville.

PIKE COLLEGE PLANS DRIVE

For 4-Year College; 'Living Endowments' Plan Is Told by Page

DR. A. A. PAGE

Pikeville, Ky., Oct. 12 (Spl.) — Dr. A. A. Page, President of Pikeville Junior College, today announced that a drive for "living endowment" funds to make possible a four-year college at Pikeville will be launched this fall.
The campaign was decided on at a meeting of the college board of trustees, Oct. 8. It will be directed not only to alumni of the school but to all interested citizens of this area.
A "living endowment," consisting of pledges of annual contributions, can take the place of a large part of the endowment fund needed for a fully qualified senior college. If the pledges are paid regularly, they are considered equivalent to the income on an invested cash endowment, Dr. Page explained.
Three dollars a year, pledged and paid systematically, in this way can take the place of one hundred dollars of investment endowment.
"Alumni of the college will be the first persons who will be approached, but support from anyone interested in having a four-year college here will be welcomed," Dr. Page said. "From time to time, publicity will be given the various alumni classes as of participation."
Trustees attending the board meeting included the newest member, the Rev. Edwin F. Dalstrom, pastor of the First Presbyterian Church of Harlan, Ky. Others were the Rev. John K. Mitchell, Cincinnati; James D. Francis, Huntington, W. Va.; R. Weir Auxier, Pittsburgh, Pa.; and N. A. Chrisman, J. S. Miller, Lon B. Rogers, R. H. Hobbs, W. J. Baird and K. J. Day, all of Pikeville.

TO ALL OUR RELATIVES, FRIENDS AND VOTERS OF FLOYD COUNTY:

Since it would be impossible to see you personally, we take this means of asking you to vote for and support our good friend and neighbor, Cecil Newsome. He is a very fine man and worthy of our support. We sincerely believe he will make us an honest and trustworthy Clerk. Please go out and help him. Your support will be appreciated and remembered.

Imogene's tragic accident was seized upon by RUTHLESS persons while in a helpless condition in the hospital. And VILE RUMORS circulated that is repugnant to all decent and right-thinking people. To all you who were interested and supported Imogene please go out and VOTE for Cecil Newsome for County Court Clerk.

TO THE LABORING MEN and VETERANS OF ALL WARS

Lackey Salisbury is your man, he is the common-man's friend, a man of integrity and ability.

Floyd county has never in all its history offered a better qualified man for the office of County Judge.

He served two years in the U. S. Army in France during the First World War. He belongs to the United Mine Workers Local No. 6691, Martin, Ky.

After he has taken the oath of office you will no longer need to form Good Government Leagues, hire investigators—because Lackey Salisbury will bring some "woodshed" honesty to the office of County JUDGE.

He will do everything in his power to make null and void the now-famous Deal.

CATS LICK LOUISA, 33-0; PLAY BELFRY HERE, FRIDAY

By GORDON MOORE

The Prestonsburg Black Cats bounced back into the win column last Friday night as they swamped the Louisa Bulldogs, 33-0, for their fourth gridiron victory of the season.

Coach Doc Ferrell's revised unit scored in every period and quelled two Louisa scoring threats inside the 15-yard line.

"Jeep" Alexander, starting his first game at quarterback, sparked the Black Cats to 12-0 first-quarter margin by sending halfback Lowell Hughes around end for a 55-yard touchdown run and halfback Clifford Goble over from 15 yards out. Hughes recovered Louisa fullback Billy Short's fumble on the Bulldog 21-yard stripe in the waning seconds of the first period to set the stage for Goble's gallop.

A perfectly executed block by tackle Randall Wells made possible Hughes' 48-yard trek six plays later. The elusive 165-pound sophomore reached paydirt by skirting down the sidelines virtually unnoticed, and booted the extra point for a 19-0 halftime count.

Fullback Billy Short and end Paul Ousley were rejected from the game in the second quarter as tempers flared repeatedly on the playing field throughout the contest.

Diminutive "Punkin" Goble raced 60 yards for the fourth Black cat touchdown after taking a hand-off from Hughes on a punt early in the third cant. Hughes ran the lead to 28-0 with his second perfect kick.

Louisa drove to the Prestonsburg 10 on three successive first downs, mainly through the passing efforts of quarterback Kenny Osborne, the third and receiving of end Charles Fugitt. Penalties and the fine defensive play of guard Charles Salyers and Johnny Thompson at fullback halted the march.

Halfback Chester Shepherd tackled up the fifth TD late in the game when he scooted around end for 65 yards, the longest run of the night.

An offside penalty nullified another Prestonsburg tally that covered 50 yards on a perfect aerial from Alexander to Shepherd before the fray ended.

Louisa was hampered somewhat by the absence of halfback Jim Johnstone, who moved to Ohio earlier in the week. Then, after losing fullback Short, the Bulldogs relied strongly on the passing arm of Osborne.

Prestonsburg returns to conference action Friday when they play Belfry, co-leader of the E.K.M.C., on the local field.

BE YOUR OWN JUDGE

Last year the Good Government Taxpayers League asked Judge Stumbo to turn into the County Treasury \$2,000 that was long past due. The Judge cried politics and smear to his reputation, however he later paid the \$2,000.

A few weeks ago when the grand jury indicted him for neglect of duty, again the Judge cried politics, and tried to prove his innocence by citing a statute other than the one under which the indictment was drawn. Now he says the publication of the Deal is just another attempt to smear his official reputation. We ask only that you make this test. Go to the courthouse and read the records of the Henry Stumbo Deal in order book 6. Then go to your own personal attorney or to some close business associate and lay the facts before him. Tell him what you read on order book 6. We assure you that he will tell you Floyd county has bought old run-down properties at a fantastic price and that the taxpayers of this county have now saddled upon them a burden for many years to come. All done that a few might profit.

MASTER COMMISSIONER'S SALE

FLOYD CIRCUIT COURT

First National Bank, Plaintiff
of Prestonsburg, Ky. vs. NOTICE OF SALE

Tony Stone & c., Defendant.

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered and entered at the August term, 1953, in the above styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 29th day of October 1953, at 10 o'clock, a.m., same being the first day of the regular term of the Floyd County Court, upon a credit of six (6) months, the following described property, to-wit:

Located on Jacks Creek in Floyd county, Kentucky, beginning at Jacks Creek at a sycamore at the foot of the hill and Laconna Hall line; thence up the hill with Laconna Hall line to the top of the ridge; thence up the ridge between Willie Hall and Beaver side to a stone marked X; thence straight line down the hill to the mouth of a drain; thence straight line up the creek to the corner of the year; thence straight across the yard to a marked rock; thence straight line down to lower end of Willie Halls garden; thence straight out to the creek; thence back down with the creek to the beginning.

Said property will be sold to satisfy an indebtedness reduced to judgment in favor of the First National Bank of Prestonsburg, Kentucky, and Tilden H. Jones, aggregating \$1088.94, and the cost of this action.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply promptly with these terms.

Given under my hand, this 5th day of October, 1953.

J. B. CLARKE,
Master Commissioner,
Floyd Circuit Court.

MAYTOWN

MRS. PATTON, HOSTESS

The Woman's Society of Christian Service held its monthly meeting at the home of Mrs. George Patton, last Tuesday evening. Mrs. Elizabeth Allen was co-hostess. Mrs. Arnold Maggard was program leader on the topic, "Scatter Good Seed." Doris Ann Maggard read the Scripture. Others on the program were Misses Sandra Sue Patrick and Charlotte Maggard and Mesdames Howard Ramey, James Allen, Roger Turner, John Ison, Thumral Click and Baisden Osborne. Mrs. Thomas Patrick presided over the business meeting, asking for the reports from the different officers and committees. Mesdames Howard Ramey and Henry L. May reported that they had purchased and put up the curtains and shades in the parsonage — these bought by the Society and to be permanent property of the parsonage.

The Week of Prayer and Self-Denial was discussed. It was decided to have this week before the regular appointed time as the Evangelistic Mission comes in that week, this making the Week of Prayer end on Sunday, October 25. The Treasure Chest boxes were given to each family for their free-will offering to share in the Widening Fellowship in the 28 countries where the Woman's Division maintains work. These Treasure Chests are to be kept in the home for loose change and opened once a year. Mrs. Edward Robinson and Teresa Lee Turner put their money in the birthday bank. Anniversaries were those of Mesdames Roger Turner, Edward Robinson, Jones Tallent and Manor Manuel. The next meeting will be at the home of Mrs. Edward Robinson with Mrs. Rebecca Hayes, co-hostess, and Mrs. George Patton, program leader. The hostesses served a dessert course to the following members: Mesdames James Allen, John Carder, Arnold Cassidy, Thumral Click, Raymond Crum, M. G. Halbert, Rebecca Hayes Arnold Maggard, Baisden Osborne, Henry L. May, Thomas Patrick, Lucy Patton, Howard Ramey, Jones Tallent, Roger Turner, Manor Manuel and John Ison and Misses Sandra Sue Patrick, Teresa Lee Turner, Kathy and Paul Patton, and Charlotte, Doris Ann, and Linda Maggard.

Everyone is cordially invited to attend all the services of the Evangelistic Mission which starts Sunday morning at 11 o'clock at the Methodist Church. The evangelist will be the Rev. C. B. Hogg, of Russell, Ky. Services will be Sunday morning and Sunday, Monday and Tuesday evenings at 7 o'clock. Rev. Hogg, assisted by Rev. Wiley, will hold the remaining services Wednesday, Thursday and Friday evenings at the Garrett Methodist Church.

Mrs. Ed Sutton is in Covington with her daughter, Mrs. Jack Crowe, who is recuperating from a major operation.

Mr. and Mrs. Arnold Cassidy are spending the week in Detroit with Mr. Cassidy's sister, Mrs. Curtis Maynard, and family. Their son, Austin, is employed in Detroit.

Mr. and Mrs. Lum Raffitt and family moved to a farm between Martin and Allen last week.

Mesdames V. O. Turner and James Allen were hostesses to a miscellaneous shower honoring Mrs. Kenneth Miller, nee, Ann May, at the home of Mrs. Frank May Saturday afternoon. Mrs. Miller was the recipient of many gifts which she graciously accepted.

Mr. and Mrs. Ed Stewart attended the homecoming game at Morehead Saturday and visited with Mrs. Stewart's brother, Amos Salisbury, who attends Morehead College.

LOOK AT IT
this WAY

It is strange how you hear folks say time and time again that trucks don't pay enough highway use taxes. When you press them and ask how much they think the trucks do pay in comparison with the passenger car, you get answers like "maybe twice, perhaps three times as much". Nothing could be further from the truth.

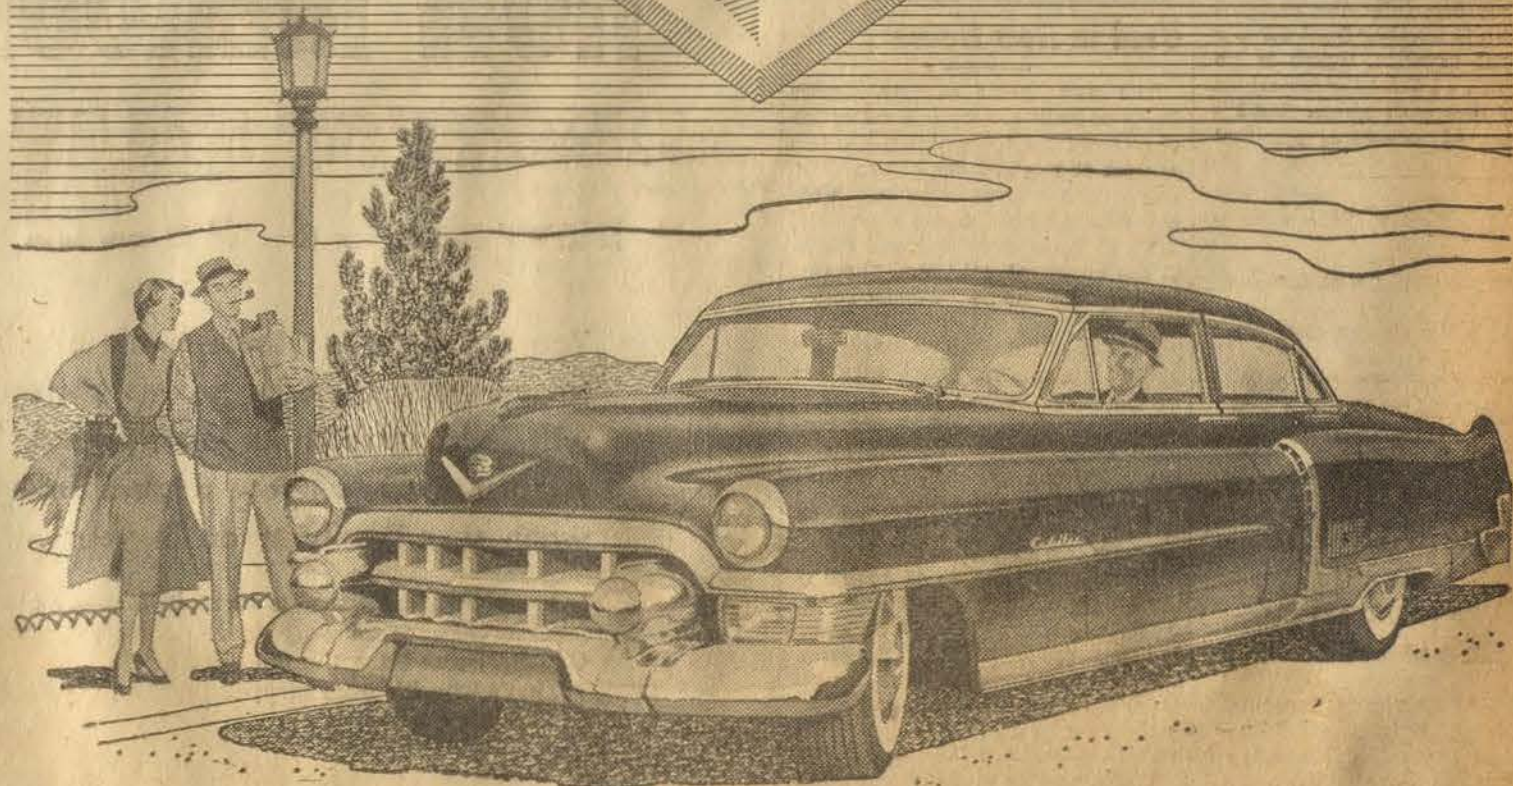

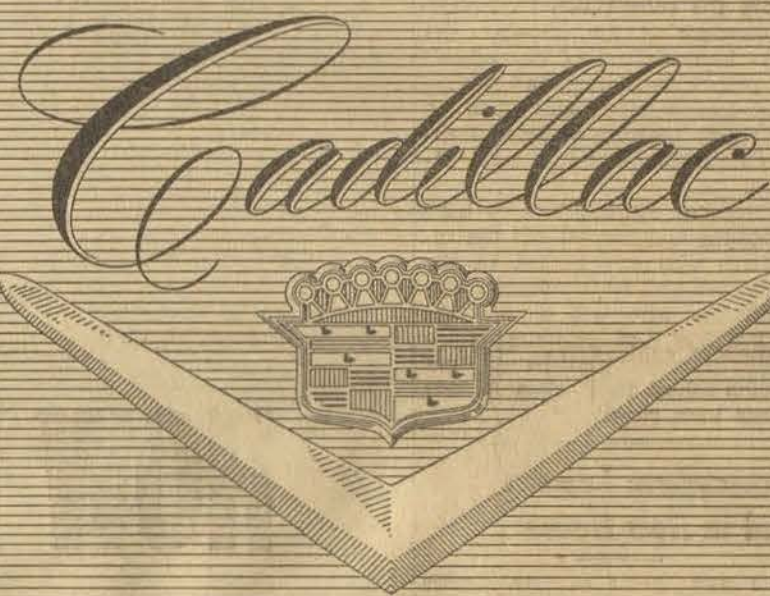

In Kentucky it takes the total road taxes paid by 23 automobiles to equal those paid by just one large transport truck! Just think of the revenue Kentucky gets from Public Servant No. 1, the TRUCK!

Seems You Ought to Know Him!

You see a man in a beautiful new Cadillac—and, almost instinctively, you take a second look.

Your judgment tells you that those who drive Cadillacs are likely to be people of importance—and are very probably in the public eye.

It is small wonder that you feel this way about people who own and drive these distinguished cars.

For more than half a century, Cadillac has been a favorite car of the leading people in every community across the land. For Cadillac is the only car in America whose name has consistently been reserved for the finest cars it is practical to produce.

People who want the finest have learned to come to Cadillac—as the tide goes with the moon!

Of course, you don't have to be a prominent person in order to find a reason for moving up to Cadillac.

There is every practical reason for owning a Cadillac—as well as every personal one.

Under normal driving conditions, the Cadillac car will run a full day on a single tankful of gasoline.

The lowest priced Cadillac costs less than twenty-two models of other makes of American-built cars.

And a Cadillac, according to an authoritative study of national used car prices, will return a greater share of its owner's investment at the time of resale than any other motor car in the land.

So whether you are prominent, or whether you are practical—Cadillac is your perfect choice!

Better come in and see us. Cadillac was never so fine and beautiful as it is today—and it was never more practical to own and enjoy.

We're at your service—any time you wish to call!

GOVERNOR JOINS EDUCATORS URGING SCHOOL AMENDMENT

Frankfort, Ky., Oct. 19 — Governor Wetherby has joined with leading educators of the state in urging passage of an amendment to Section 186 of the Constitution, dealing with distribution of common school funds, because of "disgraceful inequities resulting from the present method of distributing school funds."

The Governor declared that the proposed amendment, to be acted on by the voters, Nov. 3, would, when adopted, "remove constitutional specifications for distribution of state money and will allow the Legislature, guided by skilled advice from laymen and educators, to devise another method of allocating school funds."

Here is Wetherby's complete statement: "When I became Governor in 1950, the common school fund amounted to an all-time high of \$20,212,500. In 1951, I called a special session of the Legislature which approved my request that the per capita fund be increased by \$5,000,000.

"The 1952 Legislature granted my request to raise the common school fund to \$31,785,500 for the year 1952-53. The per capita fund amounted to \$26,212,500 for each of the years of the 1952-53 biennium. These appropriations have been maintained even though it was necessary to reduce other governmental expenditures by \$5,000,000.

By: ROGER TURNER

"Man Doesn't live by bread alone" . . .

When we speak of "appetite" we automatically think of food . . . food for the stomach that is. But there is another kind of food, almost equally important to our well-being, and that is food to nourish the soul and feed our emotional needs. In order for our bodies to grow it is essential that we eat, and in order for our minds to grow it is imperative that we have something to quench the thirst for spiritual comfort.

Exactly the way people have different tastes in food, so do they have different preferences where emotional needs are concerned. A closeness to God is perhaps the best answer to the need for spiritual fulfillment. An appreciation of beauty—especially the beauties of nature—is another feast for our emotional appetite. There is no set menu . . . the only important thing is that each person find his own way of attaining spiritual fulfillment, and when he does he should continue to nurse this phase of "appetite" as well as a hunger for food.

If of thy mortal goods thou art bereft
And from thy slender store two leaves alone are left,
Sell one, and with the dole
Buy hyacinths to feed the soul.

"These actions reflect my sincere interest in the welfare of our schools, children and teachers. However, despite large increases in the common school fund from \$19,591,250 in 1947 to \$31,785,500 in 1953-54, sentiment exists among most of us who are wholeheartedly interested in education that there are disgraceful inequities resulting from the present method of distributing school funds as now provided by the State Constitution, and our school system remains sick. This belief is borne out in a Legislative Research Commission study of the 1950-51 fund distribution.

"Therefore, I endorse the amendment to Section 186 of the Constitution and urge its passage on November 3. This amendment will remove the constitutional specifications for the distribution of state money and will allow the Legislature, guided by skilled advice from laymen and educators, to devise another method of allocating school funds. Development of a new program and the attainment of an adequate school system will require patient study, work and additional funds over a period of years.

"In the event the amendment is adopted, I desire to make it clear I shall recommend to the 1954 session of the Legislature:

"That if the total appropriation to common schools for the 1954-56 biennium is equal to the appropriation for the 1952-54 biennium, the amount of the per capita fund will be retained and distributed by the same method which has been in effect for 1952-54.

"That if the total appropriation to the common schools for the 1954-56 is greater than the 1952-54 appropriation, the additional money be placed in the equalization fund.

"That the law governing the distribution of the equalization fund be rewritten in accordance with sound principles of school financing.

"The repeal of Section 186 will remove the constitutional obstacles now hampering the greatly desired improvement of our schools and permit legislators and educational leaders to embark upon a long range program to bring Kentucky's school system into a brighter era.

"I urge all Kentuckians to have confidence and respect for the individuals who are elected to the Legislature and for all other elected officials who will assume the responsibility of developing a formula for distribution of our common school fund when Section 186 has been repealed."

Homemakers Lessons Used in New House

The new home of Mrs. James Davis of Bath county is a reflection of some of the information she has learned through her homemakers club. The three-bedroom brick house is made on a one-floor plan, with utility and recreation rooms in the basement, said Mrs. Lorraine Dicken, UK home demonstration agent.

Here is a listing of some of the helpful ideas Mrs. Davis says she got from her project lessons: planning the house, kitchen arrangement of equipment, storage facilities, location of electric outlets, choice of light fixtures and lampshades, window treatment, choice of drapery fabrics and the making of them, selection of floor coverings, arrangement of furniture and accessories, picture placing and hanging, and use of old furnishings.

Lessons on landscaping and planting also proved helpful to this housewife.

Eight farmers in Hart county are planning to improve their herds and dairy equipment.

GIRL SCOUT NEWS

Sandy Valley Council, Girl Scouts John T. Parker, Wheelwright, and of America, has two delegates—Mrs. Wm. Crawford, of David—at the national Girl Scout convention in Cincinnati this week, with Miss Virginia Hatcher, Pikeville, as alternate. Miss Barbara Goddard, Council executive director, also is attending the convention.

The Girl Scout biennial Council dinner will be postponed from the last week of the month till the first week in November. The dinner will be held at the Martin high school cafeteria. All registered adults, wives, husbands and friends of Scouting will be expected to attend.

Girl Scouts in Prestonsburg are happy to announce that they have four new leaders and other assistants. They are Mrs. Rex Osborne and Mrs. Kenneth Caldwell, who will lead Troop 6; Mrs. Alfred Seeling and Mrs. Ernest B. Osborne, with the new Brownie troop; Mrs. Arnold Compton, Mrs. R. V. May have Troop 2, and Mrs. Keith Barts has Brownie Troop 15.

Executive director Barbara Goddard gave troop training at the Prestonsburg Presbyterian Church, Oct. 13. West Van Lear and David troop leaders were included. Leaders attending included Mrs. Cecil Sherman and Mrs. John Titlow, West Van Lear; Mrs. Rex Osborne, Mrs. Arnold Compton and Mrs. Ray Howard, Prestonsburg; Mrs. Chester Patton and Mrs. Wm Crawford, of David.

Our lodge at Dewey Lake will soon be completed. It's beautiful—drive over and see it!

Surveys have been made for installing several irrigation systems in Edmonson county.

Members of homemakers clubs in Garrard county read 2,316 books the past year.

County Agents Have Farm Lease Forms

Persons planning to lease land may be interested in two farm lease forms which may be obtained free from county agents or by writing to the University of Kentucky College of Agriculture and Home Economics, Lexington. One is a Kentucky lease and the other a standard lease of the U. S. Department of Agriculture.

The college also will supply information on father-and-son farming arrangements. Ask a county agent about this.

Just now, as the 1953 season is closing, farmers are discussing machinery they should have next year—new machinery or the repairing of old equipment. College Circular 123 tells how neighbors can cooperate in the use of machinery and thereby reduce the cost of owning equipment. Experiment Station Bulletin 494 gives information on the costs of owning and operating farm implements. Both publications may be obtained at county agent offices.

RIGHT The WRONG WITH CECIL NEWSOME for COUNTY COURT CLERK

Politics in this county is sometimes the excuse whereby things are said and done that should not be said nor done. Especially it should not be done when the attack is made upon a well-qualified woman candidate, Imogene Stumbo Moore was that kind of a candidate, and was the victim of a tragic accident. Some are said to have seized upon her helpless condition, and while she was in the hospital, circulated stories that were repugnant to the feelings of all fine and decent people.

I want to take this means to rectify in a small way the harm my opponent did or attempted to do. Imogene Stumbo Moore swore in her declaration papers that she would vote for the Democratic nominee. She will do that. I have not nor do I expect to ask her to break her solemn oath. She is a woman that respects her solemn pledge.

I have a pledge to make too, and I do it solely in the interest of righting a great wrong. I pledge, if elected County Clerk, to employ Imogene Stumbo Moore in the place of Mrs. DuRan Moore, in the Clerk's office. Imogene is a woman of intelligence and education, she will be a fine assistant to me and will serve the public well.

Therefore I say to all of you, who voted for and supported this gallant woman, "Now is your chance to right the wrong of last August".

To Imogene's relatives and friends, and to every man and woman, whose heart went out to this young woman, who was unable to wage the battle she so bravely began in the face of terrific odds I say "Help me make Imogene's dream of working in the Clerk's office come true".

DO YOU WANT FOUR MORE YEARS

WITH THE

3 B's

Banner - Bev - Bill

In my all-out effort to make clear the issues of this campaign, I feel it necessary to remind the good people of Floyd county of a few facts admitted even by my opponent.

First: He informed you through the medium of this newspaper that he has promised two of Banner Meade's present deputies jobs if he is elected. One of these being Bev Sturgill. Now I have nothing personal against Mr. Sturgill. He has played a very important part in law enforcement, or the lack of it, in this county for the past four years. He has a record and you are the judge. Personally, I am not proud of it and will terminate his employment upon taking office, January 1, 1954.

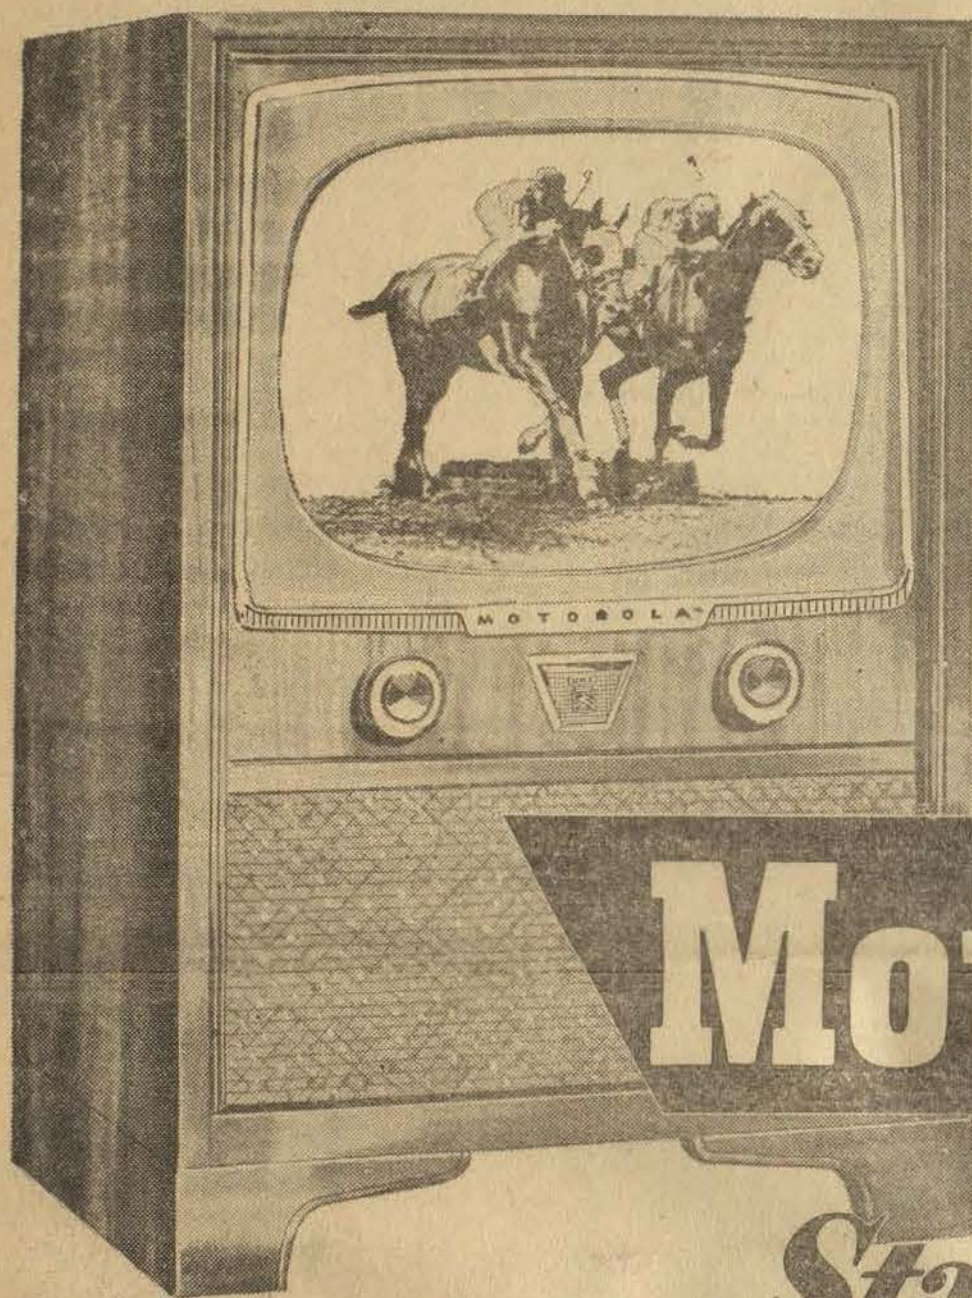

Banner, our present Sheriff, admits that he supported my opponent in the primary and is actually campaigning for him today. Then it's only fair to ask—"Where will Banner be if my opponent should win?"

Do you want to be stuck for four more years with the 3B's—Banner, Bev and Bill? Again I promise you four years of law enforcement with an administration brand-new in all its parts.
