SPEAKING OF AND FOR FLOYD COUNTY

THURSDAY

PRESTONSBURG, KENTUCKY

SEPTEMBER 29, 1955

## This Town— That World

### WELCOME!

Come to the Fair. It's yours, Floyd county farmers, business men, schools and clubs make it possible, and the people of this county should join in the splendid spirit of the thing.

### SUGGESTION

Strikes us that city officials should declare a parking meter "moratorium" during the three days of the fair. It might lose the city a little money, but the courtesy should win it a lot of friends.

### NEWSMONGERS AND FISHMONGERS

The week of Oct. 1-8 is National Newspaper Week. Next week also is National Fish Week. Wonder why they threw us newspaper guys in with the suckers? Or is there any place where we belong?

Me. I think the perfect observance of the week would be for all newspaper editors to go fishing.

Every cloud has a silver lining, but it's the filling that counts.

### A WHOPPER?

Our good friend, "Red" Weaver, brings us a newspaper clipping which lays most fishing yarns heard around here in the well-known shade. It's from Rogers, Ark., and via the respected Associated Press; still, we have an idea some lying fisherman was behind that story, somewhere. It says:

J. W. Elders, Rogers angler, filled his fish cooler and tackle box at the same time. He caught a six-pound, 10-ounce black bass whose jaws were festooned with nine plugs of assorted shapes and sizes, three flies and 16 minnow hooks.

## LIQUOR CACHE IS UNCOVERED

### Deputy Marshal, Floyd Officer Locate Elusive Rum Stock At East Pt.

The Steak House at East Point which on two previous occasions had defied efforts of Floyd deputy sheriffs to find whiskey on the premises yielded its secret to U. S. Deputy Marshal Wince Trimble and Deputy Sheriff W. B. Boyd last Saturday afternoon.

Tapping an inside wall in search of the liquor cache, Trimble detected a hollow sound. A few minutes' work, and the secret was out—135 half-pints of whiskey.

Tommy Ratliff, operator of the Steak House, was not arrested at the time but will be placed under bond today (Thursday), it was said at the Sheriff's office.

The second raid on the clubhouse of the Dewey Lake Improvement Association within a week, last Sunday night, a case of whiskey and seven cases of beer. A man listed as James Ergan and as a part-owner of the business was jailed. The raid was staged by Deputy Sheriffs Troy Mullins, Al Patton and Ed Amburgy.

Others jailed on more serious offenses within the week.

Mayo Stampler, reckless driving, arrested by Deputy Sheriff Troy Mullins and Allen Policeman Frank Crum; Noah Howell, possessing beer and liquor, jailed by Deputies Willie Johnson and Troy Mullins; Chester Hall, drunk driving, fined \$100 and costs by Magistrate John May; James Butler, drunk driving, \$100 fine, operator's license revoked for six months by Magistrate Ellis Martin; Wannie Slusher, reckless use of deadly weapon, arrested by Deputy Sheriff Amburgy; Junior Caudill, forgery, booked by Deputy Frank Blackburn and held for Johnson county; Coon Sammons, carrying a concealed deadly weapon, booked by Deputy Amburgy; Billie Van Goble, reckless driving, fined \$23 and costs.

## MARTIN SUIT AGAINST MAY ASKS \$25,000

### Says May's Statement Assailed His Integrity After Report of Jury

A circuit court suit filed late Wednesday by Commonwealth's Attorney Burnis Martin seeks to recover from Magistrate John May, of Langley, \$25,000 damages for allegedly false, malicious and defamatory statements made concerning Martin by the Magistrate in the Sept. 30, 1954 edition of The Floyd County Times.

The petition was prepared by C. P. Stephens, Prestonsburg attorney. Seven paragraphs of May's published statement are cited in the action. These statements, the plaintiff claims, intended to:

1. Prejudice the public against the plaintiff in his conduct of the office to which he was elected; to subject him to disgrace, obloquy and ridicule in the performance of his duties and in his profession as a lawyer; to charge him with the crime of unlawfully receiving and accepting as Commonwealth's Attorney a percentage of fines and costs derived from the conviction of persons who were not guilty of any violation of law and to which the plaintiff was not lawfully entitled.

2. To impugn a want of integrity in the plaintiff, to accuse him of malfeasance and misfeasance in office and to diminish public confidence in him as an officer and attorney.

3. To hold up the plaintiff as "a man of low, vile and mean and contemptible character." In that he would use the power of his office to wrongfully accuse innocent people of committing crime when he knew they were not guilty, and in that he would garble and forge the report of a grand jury in such a way as to falsely accuse persons of committing crimes and offenses.

The paragraph from May's advertisement which was cited in the suit as slanderous were:

"I have read a copy of the report of the grand jury made at its September term, 1954. I have been advised that this report was written by Burnis Martin and does not reflect the sentiment, feeling or judgment of the grand jury.

"I had no notice of any subpoena and did not know that I was expected to appear before the grand jury.

"I have reported to the court all of the fines and forfeitures collect-

## JAILED GIRLS NAME 5 MEN

### One Floyd Man Sought On Rape Warrant; Girls, Aged 13 and 15, Held

The jailing of two teen-age girls here as delinquents after they allegedly had been taken in a car over a wide section of Floyd and Pike counties last week-end by five men, all residents of this county, was described by officials as a "sickening" situation.

One of the girls is 15 years old; the other, her sister, is 13.

County Judge Henry Stumbo said Wednesday he issued a warrant late Tuesday charging J. D. Sturgill, of Mud Creek section, with the rape of the younger girl. The sisters are from Mud Creek.

In a statement made to County Attorney Hollie Conley the girls said they were taken by five men in a car over parts of Floyd and Pike counties, Friday, Saturday and Sunday, and that they stopped one night at a Pikeville hotel. All five men were implicated as having had sex relations with the girls, but the only offense committed in Floyd county, they said, was that for which Sturgill is sought.

The two girls and their nine-year-old sister were brought here several days preceding the week-end trip with the five men, and on that occasion they were named by their father as incorrigibles. They told Judge Stumbo and County Attorney Conley the men mixed whiskey with a soft drink and gave it to them as a non-intoxicating beverage.

In a similar case a Hueysville man Tuesday swore out warrants for four youths, accusing them of forcing his 15-year-old daughter into a car with them and driving to Magoffin county where she was raped. The charge against the four in this county is contributing to juvenile delinquency. Two of the accused are juveniles. The other two are Gold Reed, Jr., and Meredith Prater.

## KNIFE THRUST CLAIMS AKERS

### Mitchell, Jailed Here As Slayer, Denies Guilt In Mud Creek Knife Case

Two companions of Daniel Akers, 24, of Detroit and Grethel, who was killed by a knife thrust into his jugular vein late Monday, testified under oath here this week that Junior Mitchell had Akers down at the time the lethal blow was struck. Mitchell, a man of about 25, was jailed here Monday night by Deputy Sheriff Grant Akers and Constable Joe Likens.

Akers, who was loaded into a jeep at the scene of the stabbing at the mouth of the Red Morg Hall Branch, near Grethel on Mud Creek, died en route to a Martin hospital.

The murder weapon has not been found, although Azzie Newsome, one of the group at the scene, testified he pulled it from Akers' neck. Akers also was cut on the top of his head, but this wound was superficial. Mitchell, who has been working in Ohio, denied guilt. He said he, Akers, Newsome and Paul Frazier had been driving about in Akers' car, that he had wanted to get out and the others would not permit him to leave the car. He added that when they arrived at the mouth of the branch, near the store of Casey Newsome, Akers followed him out of the car and said, "Now, what—wants to kpeck me down?" Akers struck at him, he said, and Newsome, Frazier and possibly Mitchell's brother-in-law, Estill Blankenship, joined in a free-for-all.

## RACES ASSURE HEAVY VOTING

### Three City Elections In County To Get Out The Vote In November

The vote at the November election will be heavy in Prestonsburg, Martin and Wheelwright, for those three places will have their own local elections to add fuel to the political fires.

The towns of Wayland and Allen will elect Boards of Trustees, but only a single ticket filed for offices in both places.

In both Prestonsburg and Martin mayoralty races will feature the election, and if past performances are equalled these campaigns will stir up more local interest than the race for Governor.

Here, Mayor Harry Sandige, a candidate for re-election, will be opposed by Frederick A. James, who heads the Economy ticket. Sandige is running under the Progressive Party emblem.

At Martin the present Mayor, E. P. Grigsby, is not a candidate for re-election, leaving the city leadership to be decided between Denzil Halbert, Bee Hive ticket candidate, and J. H. Osborne on the New Deal ticket.

West Prestonsburg (Depot precinct) elects its Council member; elsewhere here, the Council candidates are voted on city-wide. Sam Hale, Independent candidate for Council from West Prestonsburg, was the first to file. He is opposed there by Watt Hale, present Councilman, who is running on the administration's Progressive ticket.

Running as candidate at large on the Progressive ticket here are members of the present Council, Sam Wells, Edward B. Leslie, Curtis W. May, William O. (Bill) Gobel, Paul C. Combs, Bob Francis, J. Y. (Sonny) Goble.

They are opposed by two Economy ticket candidates, Mrs. Myrtle Allen Pate and Mrs. Mont Gibson. At Martin the Bee Hive ticket for Council is composed of Charles H. Stanley, Leonard L. Osborne, Has Slone, John P. Samons, Eu-

## Bogardus Purchases Interest In Hayes Metal Products Co.

B. P. (Jim) Bogardus, former supervising engineer for the Kentucky Power Company's Pikeville district, has bought a one-third interest in the Hayes Metal Products Company at Hi Hat, and began work as a partner in the Floyd firm last Friday. Other stockholders in the company are Arlie Hayes and his wife, June, founders of the business.

Mr. Bogardus' resignation from the power company post preceded by a few days the beginning of his work at Hi Hat. A native of Warsaw, Gallatin county, he had been connected with the power company since 1936, and he is widely known in business circles of the section.

His interest in the Floyd business, which since its founding two years ago has had an almost phenomenal growth, began when he was called in by Mr. and Mrs. Hayes as engineer on some of their larger jobs. He was impressed by the possibilities of the business. Besides, he had always wanted to do something like this, to make things, engage in a work out of which physical results are visible.

Now, it was announced this week, the three owners plan expansion of the business. Without further expansion Hayes Metal Products is working 20 men and is operating on a "round-the-clock basis. It began work two years ago with five employees. Its monthly payroll now runs between \$5,000 and \$6,000.

Already this year the firm has done a \$150,000 business—twice the volume it did through all of 1954. This year it has built 225 large coal-truck bodies which range in price from \$250 to \$1,600. It installs bodies and hoists on customers' trucks. A metal airplane hangar and a huge outdoor movie screen of metal, both installed at Pikeville, are among the company's biggest individual jobs. Other metal products made by the Hi Hat firm are metal stairways, fire escapes, playground equipment and roof trusses.

Its full plans for expansion were not announced this week nor is it known what other fields of production the firm will enter.

The new partner is as enthusiastic about the prospects as is Arlie Hayes, the war veteran who started the business on a shoe-string and faith in his ability to produce what people need in work and play. Customers come from a wide area, including neighboring states.

"When you get somebody from Ohio to send their money down here, and it stays down here, that is helping this section," Mr. Bogardus said this week.

The story of the Hayes Metal Products Company and its husband-wife team was featured in a recent number of The Stabilizer, house organ published by the Lincoln Electric Company, Cleveland, Ohio.

Post 5839, Veterans of Foreign Wars, and Sandy Lice Pup Tent No. 16 of the Military Order of Cooties were hosts to a council of administration meeting of the M. O. C. of Kentucky at the post home at Lancer, Saturday and Sunday. A dance held for members of the V. F. W. and the Ladies Auxiliary honored visiting dignitaries.

The business session at 10 a.m. Sunday heard a discussion on the good that is being done by V. F. W. organizations for those in the veterans hospitals of Kentucky and adjoining states. After other business matters were dispensed with, it was decided the next meeting will be held in Covington in January. M. O. C. officials attending the meeting included Ervin Rothenbuhler, supreme U. S. junior vice-president, David O'Shell, grand commander, Tom Spalding, grand chaplain, Nevin R. Staley, grand quartermaster, J. R. ## REMAINS OF 4 AIRMEN FOUND

### Mrs. Mayo Being Advised Of Searchers' Progress As Two Bodies Missing

Mrs. Reba Mayo, of Prestonsburg, has been receiving messages from the Army Department this week as to the progress of the salvage operations being made to recover the remains of six airmen who went to their deaths in Huntington Lake, near Fresno, Calif., during World War II. Mrs. Mayo's son, Dick, was a member of the crew.

The authorities are now trying to make identification of the four remains found, and have doubled efforts to find the other two, in the hope of returning the remains of each to his family and home town for burial with full military honors.

Mrs. Mayo thinks that if her son's remains are identified, her family will probably have the remains cremated before being shipped home.

The bodies that have not been recovered are believed to be in the silt-covered nose of the four-engine aircraft.

Six men died when the plane crashed December 6, 1943, while on a simulated search-and-bombing mission over the High Sierra. Two others parachuted to safety after the bomber developed engine trouble.

## 3 Churches To Observe World-Wide Communion Here, Sunday Morning

World-Wide Communion will be observed in most major Protestant churches of the world next Sunday, and three Prestonsburg churches will take part in the observance of the day.

The Rev. Orville Pearson, pastor of the First Presbyterian Church here, and president of the Prestonsburg Ministerial Association, announced that word had reached him of three local churches that have made plans to observe the sacrament—the Community Methodist Church in the Porter Addition at 9:30 a.m., the First Methodist and First Presbyterian Churches at 11 a.m.

"Communion," Mr. Pearson said, "can be said to have two definite meanings within the name itself. There is the word, 'common,' which shows the spirit of lowliness and love that was in Him who said, 'Come unto me, all ye who labor' and who said, 'I am the bread of life, who came down from heaven and give life unto the world who eat of this bread shall live forevermore.'"

## BOGGS, JONES PRAISE BOARD FOR JOB DONE

### More Livestock Seen On Exhibit This Year; Rides To Open Oct. 5

Final preparations were being made this week in anticipation of the county's big show, the third annual post-war Floyd county fair, which will play a three-day stand here, starting next Thursday.

Entertainment billed as an added attraction to the exhibition of livestock, agricultural and industrial products is scheduled to be open next Wednesday, a day in advance of formal opening of the fair on the grade school playground. Commercial exhibits are being planned and arranged, and farmers, youth groups and Woman's Clubs in various parts of the county are assembling exhibits to add to the general interest of the fair.

"The Floyd County Fair Board has done a magnificent job in arranging for the farmers, homemakers and youth of the county to exhibit agricultural and home products at the fair, Oct. 6, 7, 8," said O. E. Boggs, county agent, and Robert M. Jones, assistant agent, in a joint letter to farm leaders. They mentioned that the Extension Service will itself have numerous educational exhibits on display.

One farm animal, exhibited last year to some extent, but scheduled for more entrants this year, is sheep. The reason for this, pointed out by farmers, is that two years ago only 120 head of sheep were on Floyd county farms. This year after two years of promotion by the Sheep committee, over 2,000 head are on these farms. Several purebred Hampshire and Suffolk rams are scheduled for exhibit.

As usual, the schools are to keep interest in displaying their work again. Maps, graphs, handwriting specimens, both cursive and manuscript, drawings and a great number of other exhibits are scheduled for presentation in the school department of the fair. "We feel that the fair will do much in an educational way to improve Eastern Kentucky," V. O. Turner, superintendent of Floyd schools, said.

A total of 221 exhibits were listed to be presented in the fair supplement being issued by The Times this week. This does not include the school exhibits, which it was impossible to number adequately. The fair supplement was made possible through the co-operation of the county's business men.

## WARDEN FINDS COOPERATION

### In Allen Dog Roundup, No Dogowner Complaints; Starts Work in P'Burg

Police and residents of Allen came in for praise this week from Roy Cook, county dog warden, as he was completing his work in and around that community.

"The policeman was very cooperative, and I heard not one complaint from the people, and that's something unusual," Cook said of his work of licensing dogs and picking up strays. "The publicity given this work, which is a tough job, has helped a lot," he added.

Finishing up at Allen Wednesday, Cook will be in Prestonsburg today (Thursday) and will continue to work in and around here till the job is done, he said.

In and around Allen 26 stray dogs were picked up by late Tuesday afternoon. In all 179 strays have been impounded, then destroyed when they were unclaimed. This figure does not include dogs for which homes were found.

"I have more orders for nice dogs than I can hope to fill," Cook said. "The dog warden said that when he works a community he leaves dog licenses with some officer or responsible citizen for the convenience of dog-owners he may have missed. Licenses are now in the hands of Policemen Hershel Lester, Martin; Policeman Frank Crum, Allen; Forrest Burchett, county forest ranger, Sugar Loaf; Oliver Webb, forest ranger at Galveston, and Chief of Police Epp Lafayette in Prestonsburg.

The warrant for Mitchell's arrest was issued by County Judge Henry Stumbo on the testimony of Paul Frazier, who said Mitchell and Akers left the car to talk to Estill Blankenship and Mrs. Blankenship, and that suddenly all except him and Newsome began fighting. He said he and Newsome jumped out of the car and pulled the others off Akers. Mitchell was on top of Akers, he claimed.

Newsome admitted they had been drinking but denied there had been any quarrelling or fighting between the four in the car. He also said he did not at any time hear Mitchell ask permission to leave the car.

Newsome said he saw Mitchell over Akers and heard the latter say, "Boys, he has cut me—take him off!" he said he pulled Akers' hand free of the knife, then removed the blade from Akers' neck. When the motor of the jeep balked at starting he said he heard Akers say, "Put it in neutral," adding that that was the last word he heard the wounded man speak.

Akers, home on a visit, died without seeing his parents. He was employed in Detroit by the Budd Company. Surviving, besides his parents, Si and Lona Branham Akers, are his widow, Mrs. Emogene Reynolds Akers, a son, Randy, two brothers and five sisters, Richard and Diamond Ray Akers, of Grethel, Mrs. Edna Hall, Mrs. Opal Maynard, Mrs. Ethel Violet Nunmery, and Mrs. Zettie Bentley, all of Detroit, and Mrs. Eulavene Tackett, of Grethel.

Funeral rites for the victim were conducted at 10 a.m. today (Thursday) from Pilgrim Home Regular Baptist Church at Grethel, the Revs. Tack Hall, Luther Com. Jerry Hall and Bill Martin officiating. Burial was made in the Branham's Creek cemetery under direction of the Carter & Callihan Funeral Home.

**Ladies' Dress Shoes Beginning Friday, September 30**

We'll be frank about this. These shoes have been in stock since last season. Some are in styles that have not proven most popular. Some seem to be just as attractive as any we have, but for reasons we can't explain, haven't sold well. But— Every pair is all leather. Every pair is well made. Every pair is a high heel dress shoe. Every pair is in perfect condition. You see women — well dressed women, too — wearing shoes just like them every day, shoes that they have just purchased. Why not get one or two pair of these shoes now when you can get them at one-third off of the original price? Sale opens Friday morning, September 30, at the I. Richmond Co., Dept. Store. It won't last long . . .

**Miss Mary Ann Kelly, Mr. Sorrell, Say Vows At Lexington, Sept. 3**

Miss Mary Ann Kelly, daughter of Dr. and Mrs. James Strail Kelly of Lexington, became the bride of Donald Lewis Sorrell, son of Mr. and Mrs. James A. Sorrell, also of Lexington in a ceremony performed at 5 p.m., September 3 at the home of the bride's parents in The Colony. The Rev. Steadman Bagby officiated at the service.

The vows were exchanged before a mantel decorated with a fan-shaped arrangement of white wine cathedral gladioli and chrysanthemums. Wedding tapers in Gothic candelabra were used on either side of the mantel.

Miss Nancy Mefford presented a selection of traditional wedding music.

The bride, given in marriage by her father, wore a ballerina-length gown of imported organdy over taffeta. The bodice, cut on long lines, was designed with a square neckline and short cap sleeve outlined in scallops. Her fingertip veil of illusion was held by a tiara of seed pearls. She carried a prayer book topped with a bouquet of Angelus roses, forget-me-nots and stephanotis, centered with a white orchid showered with tufted ribbons.

The maid of honor, Miss Peggy Gray, wore a frock of pale blue and white frosted organdy, designed with a square neckline and a ballerina-length bouffant skirt. She carried a cascade bouquet of varying shades of blue pompons tied with forget-me-not blue ribbons.

John McClellan Stapleton served the bridegroom as best man. Ushers were Jay Tate, Jr., and George Howard.

Assisting at the reception were Mrs. Robert Steinau, of Louisville, and Miss Ann Hadden, Mrs. Harry D. Dodson, Jr., and Mrs. Eagle M. Doty, all of Lexington.

The bride is a graduate of Lafayette high school and attended Mary Washington College, Fredericksburg, Va.

Mr. Sorrell attended Henry Clay high school, was graduated from Columbia Military Academy, Columbia, Tenn., and attended the University of Kentucky. He served two years with the U. S. Army and was stationed in France. He is associated with General Motors Acceptance Corp. in Louisville.

### SO THEY SOLD THE COW

The story is told, and tellers swear it's not apocryphal, about the Floyd county man who sold his cow one day at market, went to the store that evening to buy his weekly sack of dairy feed. Still in an absent-minded daze, he hefted the bag of feed on his shoulders, walked home, leaving his car parked at the store.

He was about to store the feed in the barn when his wife reminded him that the cow was sold. Still more conversation revealed the family car was parked down at the cross-roads store. A bystander, hearing this revealing bit of absent-mindedness about his neighbor, inquired: "How in the heck did he ever remember to milk?" "That's just it," the absent-minded's wife replied. "That's why we sold the cow."

They've discovered that Peron dashed off from Argentina leaving behind 16 love-letters. That \$22,000,000 they found also indicates he left behind a pretty nice nest-egg, too.

**A MAN ON HIS KNEES**  
At the calculated risk of infringement of copyright we reprint this from an editorial in The Christian Herald as a glimpse of the man who now lies ill in a Denver hospital:

We have now a story released for publication, which at first was only a rumor, that puts the President on his knees in prayer for divine guidance before he made a fateful decision. Administrative Assistant Fred A. Seaton first released the incident in a small gathering of newspaper people. Someone there had questioned the spiritual sincerity of the President and Seaton rose to his defense. This is the story:

"One of the President's assistants (Seaton) walked into his office unannounced. He has authority to do that on urgent matters when the President is not otherwise engaged. The assistant entered quietly and, to his astonishment, found the President on his knees in silent prayer by his desk. The assistant was profoundly embarrassed and turned immediately to leave. At that instant the President rose and noticed him. The assistant started to apologize but the President told him it wasn't necessary. Then, as the assistant delivered the important message he was carrying the President quietly explained he was making a crucial decision that could mean peace or war in the Far East and had prayed for Divine Guidance to choose the right course."

George Washington and many the other President of this country have prayed. Then who are we to be so stiff and unbending, and so faithless, that we refuse to turn to God in prayer?

### Thanks from Miss Annie

First of all, as always, I thank my heavenly Father, the Great Physician, for every blessing that has come my way, in health or in sickness.

Among those of my own church and among my fellow-Christians in other churches who have been so kind and good to me, spending much of their time with me and rendering so many kindnesses—these are so many that I cannot undertake to mention each by name, fearing I might in my weakened condition forget some treasured friend.

I cannot, however, refrain from mentioning Mrs. Sarah Goble, who for six years now has ministered to me so faithfully, and my pastor, the Reverend McMillen, whose visits have always been such a blessing to me. This expression of gratitude to my Lord and to good, Christian friends is, I realize, so inadequate. But it is thanks from the depths of a grateful heart, however lame the expression in words may be.

I shall as long as I live pray for all these, as I would have them pray for me.

## What Lies A Heart-Beat Away

A world sick of war and its dark portents prays for the recovery of President Eisenhower.

The man in the streets, in small villages and world capitals, has come to recognize the man Eisenhower as an exponent of those Christian principles which could lead the world to peace. His plain, man-to-man statements have more clearly expressed the hopes of people such as these than all the formal notes all the diplomats of all the countries involved have ever written. He has in recent months reached the heart of the matter and the heart of the ordinary man, who would suffer most if war comes, by simply stating the dictates of his own heart. And he has done so in the face of opposition from members of his own party and despite the criticism of cynical newspaper columnists and editorial writers who have adopted a defeatist attitude in holding that peace by peaceful means is impossible and not worth the effort.

What appals us is the possibility that we may be only a heart-beat away from a policy that could lead the world into catastrophic war. Vice-President Nixon is a big question mark for the present; the next election could supply an even bigger. What are Nixon's capabilities of mind and heart? How solid is he in the face of opposition and how well can he withstand the importunities of other leaders? And what will be the approach of any other man who may follow him in the Presidency to the political maze of international politics?

Dwight Eisenhower is not indispensable, as he himself has with complete sincerity pointed out, but future events could make him appear to be so. If, for instance, an iron-jawed proponent of the "Get-Tough" policy such as Senator Knowland of California were to be the G. O. P. nominee, and if he were elected, we believe what we mean would become clear to everybody.

### Chapter Observance Of Constitution Week Cited to State Regent

Mrs. Winnie P. Johns, regent of the John Graham Chapter, Daughters of American Revolution, reported to Mrs. Collis P. Hudson, Pikeville, state head of the DAR, the various activities of the local chapter on the observance of Constitution Week. Mrs. Johns' report stated:

"I received from the D.A.R. headquarters in Washington, the President's proclamation on Constitution Week. The Mayor of Prestonsburg, Mr. Harry Sandige, also made a proclamation and both were given to our local paper for publication. The treasurer of our chapter, Miss Alice Harris, presented observance of Constitution Week to the schools of Floyd county.

"At the suggestion of Floyd county supervisor of rural schools, Mr. Wayne Radliff, we procured an American flag for our courthouse lawn from Superintendent V. O. Turner, which the mayor, with the help of the American Legion and the fire department, erected. A flag was displayed on the porch of the courthouse which had been flown over the Capitol at Washington. This flag was procured for John Graham Chapter through Congressman Carl D. Perkins.

"All of the schools of Floyd county have flags which they display daily, salute, and pledge allegiance. The Betsy Layne high and graded school had separate programs on the Constitution. The principal, D. W. Howard, reports they all have learned and recite the preamble.

"WPRT, our local broadcasting station, presented daily the DAR quiz program, the prize being a picture in colors suggested by National headquarters.

"The DAR Radio committee presented a thirty minute program with Attorney Robert Wellman as principal speaker. The local paper carried several articles on the Constitution for our local Chapter. Several DAR members displayed flags during Constitution Week. On Sunday, September 18, the ministers of the local churches made mention of the observance of Constitution Week, and urged all to be more conscious of our Constitution."

"These grand jury investigations have turned out to be a springboard for Mr. Martin to expound his grievances against any person he dislikes and to whitewash and protect his political cohorts.

"Don't be deceived by the practices of this great reformer. . . Of course Mr. Martin is not interested in money, but it so happens that he is paid 25% of the fines and forfeitures paid in the Magistrates and County Judge's courts and 60% of all fines paid in circuit court. Could this be the reason he is so interested in collecting fines?"

COMPLETE FUNERAL SERVICE

1. We'd like to show you some of the things that make the Ford one of America's finest cars . . . though it's one of the lowest-priced. Let's start with these long, low lines. Looks like it hates to stand still, doesn't it?

Let's take a walk around the NEW '56 FORD!

2. Here, on your left, is the inspiration for the styling of the '56 Ford—the famous Ford Thunderbird. Look at those broad, flat hoods, for example. Here is styling that will stay in style.

3. Here's what you ride on. This frame has five cross-members including a special K-bar member up front. It can really take it! By the way, the control arms of Ford's Ball-Joint Front Suspension are angle-mounted to cushion out the head-on as well as the up-down shock of bumps.

4. The new 202-h.p. Thunderbird Y-8 will give you a new lease on driving enjoyment. It's available in Fordomatic Fairlane and Station Wagon models. You can have the "GO"-packed 176-h.p. Y-8 in Fordomatic Mainline and Customline models, or Ford's new 137-h.p. Six is available in any model.

5. Note the deep-center design of this new Lifeguard steering wheel. The wheel rim is over three inches above the post to help cushion the driver in case of an accident. It's a feature of new Lifeguard Design which Ford spent over two years developing . . . to give you added protection in case of an accident.

6. This Lifeguard cushioning for instrument panel and sun visors is optional. It gives you extra protection when thrown forward in an accident. You may also have optional seat belts to help keep occupants securely in seats.

7. Here's Ford's new Lifeguard door latch. It is another member of Ford's new Lifeguard family. A double-grip locking engagement reduces the chance of doors springing open under unusual strain of impact. Chances of serious injury in accidents are less when passengers remain in the car.

Well, that covers the important points. But there's a lot more. So we'd like to invite you to come in and see the new '56 Ford for yourself. Then you'll see the colorful new exteriors and interiors, the quality workmanship that is evident everywhere. Then you'll learn the full story. When you do, you'll know that Ford is the fine car at half the fine car price.

Prestonsburg's Black Cats, amid a flurry of penalties and fumbles, came to life in the second half to whip Elkhorn City 27-0 for the first win of the 1955 football season last Friday night.

Lowell Hughes, versatile all-state performer, was the offensive threat as he hurled 23 passes, with 14 completed for 213 yards and one touchdown. He scored twice himself from six and eight yards out and kicked three extra points.

The Black Cats missed a golden scoring opportunity in the first period when end Jimmy Daniels pounced on an Elkhorn City fumble on the 30. Fullback Paul Phillip Hughes picked up a first down on the 20 and Lowell Hughes and Buford Crager alternated to the 11. Three plays later, Hughes hit Brother Paul on the 4, but the drive faded out when halfback Lowell McKenzie tried for the first down.

After two exchanges of fumbles and a Cougar march halted on the Prestonsburg 10, the Blackcats uncoiled a 90-yard sustained drive to score in 11 plays before the half ended. The longest gain of the series was a 30-yard Hughes to Carl Sizemore pass to the 18. Hughes hit pay dirt from eight yards out and booted the point after for a 7-0 half-time lead.

Both teams fumbled twice each in third quarter with neither able to get a sustained drive under way, mainly due to rule infractions.

L. Hughes took to the air in the final frame as four plays resulted in the second T. D. of the game. In marching from his own 40, Hughes heaved 10 yards to Paul Phillip Hughes, then hit Sizemore on the 6 for 24 more and picked up the tally and extra point himself.

Buford Crager, who was the defensive standout of the fray, set up the next score with his pass interception on the Prestonsburg 30. Hughes hit L. McKenzie for 10 on the 20 and P. Hughes

got two to the 8-yard line, before McKenzie zipped around end for the touchdown and a 20-0 Black Cat margin.

A clipping penalty nullified P. Hughes' 30-yard return of an intercepted pass to the end zone with six minutes remaining.

Five completed passes to McKenzie and P. Hughes put the ball in scoring position on the 15 for the final Black Cat six-pointer, which McKenzie tallied after taking a pass on the three and stepping over. Hughes booted for the 27th point.

The Black Cats travel to Jenkins in quest of their second E.K.M.C. win this Friday night. The Cavaliers, under new mentor Roman Tordoran, have yet to score in losing four successive games.

**THEY CATCH 'EM**  
Carl Horn, his wife, Eleanor, and Mr. and Mrs. Donald Horn are the envy of fishermen on Dewey Lake since their past two Sunday fishing trips, have resulted in two nice strings of bass. W. W. Grimm, Prestonsburg meat-dealer, improved his own record of a 6-pound largemouth bass by taking a 6-pound, 5-ounce whopper on a bomber last Thursday. His two prize trophies are the biggest bass taken from the lake this season. His first catch is displayed in the supply house at Dewey Lake State Park boat dock.

**PENALTIES**  
There are a total of 35 different penalties that may be dished out in a high school, college, or professional football game. One (Coaching from the sidelines, which carries a penalty of 15 yards) is violated in virtually every game, but is seldom called.

**DIXON NAMED**  
Bert Dixon, who was named by the Prestonsburg Junior Chamber of Commerce as the outstanding 1954 Prestonsburg high school athlete, was unable to be on hand to accept the award Friday night, since he was in Tennessee as a starting end on the Morehead State College eleven.

Farm men and women meeting at the home of Mr. and Mrs. Kelly V. Rose in Hickman county saw house improvements and a new dairy barn.

## Adkins' 7-under Par Establishes New Mark At Allen Golf Course

Willard Adkins fairly well burnt up the Beaver Valley Golf course last Wednesday.

He shot a 28, seven under par 35, to break the old course record of 29, which he had set himself. Willard wasn't entirely satisfied, though. He was slightly miffed when he missed his putt on the long 488-yard number seven to lose birdie. For the round he had one eagle, five birdies and three pars.

Adkins, who manages the course, has been playing golf since the days when he was a caddy on the course. Only five foot, six inches tall, he can match anybody in the club in driving the ball for distance.

Many golf bugs in Floyd county who belong to the Beaver Valley club say that Adkins would look pretty mean if he tackled the pro game.

A man who enjoys his golf, Adkins disagrees, saying, "Being an amateur is too much fun. It's too much of a grind playing the professional game. When the fun goes out of golf, that's the time to quit."

For the golfing fans who know the difficulties of the game, here's how Willard compiled his score:

No. 1, par 5, in 3; No. 2, par 4, in 3; No. 3, par 4, in 3; No. 4, par 3, in 3; No. 5, par 4, in 3; No. 6, par 3, in 3; No. 7, par 5, in 5; No. 8, par 3, in 2; No. 9, par 4, in 3.

**August Bond Sales Amount to \$46,443**

The sale of Series E and H Savings Bonds in Floyd county during August amounted to \$46,443. The county's 1955 goal is \$480,000 and the cumulative sales for eight months totalled \$371,568.

Throughout Kentucky during August sales amounted to \$5,481,985, bringing the cumulative sales to \$46,369,379, against the State's quota of \$63,200,000.

This represents the eighth consecutive month in which sales have been in excess of five million dollars in Kentucky. It also represents an increase of 21.2% in cumulative sales over a year ago. However, despite this optimistic picture, Treasury officials hasten to point out that the present rate of sales must be maintained throughout the balance of this year in order to achieve the State's annual goal.

**Allen - Clark Wedding Is Solemnized In Candlelight Ceremony In New York**

Richburg, New York, Sept. 16 — A candlelight ceremony at the Richburg First Baptist Church united Miss Lois Jane Allen, in marriage to Revis Clark, Friday night at 7 o'clock. The Rev. Ray P. Polidniak, pastor of the Trinity Baptist Church, Jersey City, N. J., performed the ceremony before baskets of white gladioli, palms and candelabra. "Because" and "O Promise Me" were sung by Mrs. Marlene Rogers and Rev. George Whitman sang "Have Thy Own Way Lord," accompanied by Mrs. George Whitman, organist.

The bride is the daughter of Mrs. Blanche Allen, Richburg, and the late Vern J. Allen. The bridegroom is the son of Mrs. Goldie Clark, Grethel, Ky., and the late Calvin Clark.

Given in marriage by her brother, Vern J. Allen, Jr., the bride was gowned in a white taffeta ensemble with a net inserted yoke bodice. She wore matching mitts and a fingertip veil, and carried a white Bible topped with an orchid. The gown was styled and made by Miss Mary Lou Rhodes.

Miss Eileen J. Kernan, Grethel, Ky., was the maid of honor and the bridesmaids were Mrs. Barbara Burdick, Richburg, and Mrs. Marlene Rogers, Bolivar, N. Y.

The maid of honor wore a yellow taffeta gown with matching mitts and headpiece. The bridesmaids were attired in taffeta with matching mitts and headpieces. They all carried bouquets of gladioli.

The bride's mother chose a dress of navy blue with a white corsage.

The bridegroom's mother wore a royal blue dress with a white corsage.

Richard E. Allen was the best man and the ushers were Willett Burdick and Milton Rogers.

Following the ceremony, a reception for 250 guests was held in the church parlors. A four tiered wedding cake topped with a miniature bride and groom centered the bridal table.

After a honeymoon to Niagara Falls, N. Y., the couple will be doing missionary work in Kentucky.

Out-of-town guests were present from Grethel, Ky., Jersey City, Toronto, Canada, Wellsville, Smethport, Hornell, Olean, Binghamton, Friendship, Horseheads, Canisteo, Cuba, Little Genesee and Richburg.

**FOUR ESCAPEE JOHNSON JAIL**

**But All Are Recaptured By a Posse of Officers; One Escapee Is Wounded**

Four escapees from the Johnson county jail surrendered Monday to a posse of state and county officers after one of the four had been wounded by a rifleshot.

Sheriff H. L. McKenzie said the fugitives, included a young Ohio couple, were flushed from an old house at the head of Hammon Creek near the Martin county line.

A deputy opened fire, the sheriff said, after the four ignored an order to halt and started running up a hillside.

Wounded in the thigh was Ellis Blevins of Johnson county, who was scheduled for transfer to the LaGrange Reformatory, Tuesday. The other three were Frank E. Hudgson, Jr., 20; Hudgson's girl friend, Shirley Blair, both of Cleveland, and a juvenile delinquent.

They escaped late Monday, McKenzie said, after Deputy Jailer Mitchell Stapleton had been decoyed into entering the men's cell in the belief that one of the trio was ill.

The three took Stapleton's revolver and keys, released Miss Blair from the cell, and fled after knocking Jailer Sandy Stapleton down some steps.

The condition of Blevins was not definitely determined. However, a state police officer was quoted as saying he believed it was only a flesh wound.

Hudgson and Miss Blair were arrested Friday after a station wagon in which he said they planned to take their wedding trip crashed in a 90-mile-an-hour police chase.

Hudgson was held for investigation in the theft of the station wagon and, he was quoted by police, three other cars. Blevins was to have begun a two-year sentence at the reformatory for robbery. The juvenile was to have been taken to the Kentucky Youth Center at Greendale.

The only Black Shank in Bullitt county was found along Cox's Creek, where flood spread the disease.

Pikeville, Ky., Sept. 27 (Spl.)—Floyd county students make up 68 of the 394 enrolled for the fall semester at Pikeville College, it was announced today.

Three of the Floyd countians are among the 36 third-year students who make up Pikeville's first junior class, Dr. A. A. Page, college president, said. Most of the juniors are expected to be in the college's first senior class next year, and to receive degrees three in the spring of 1957.

Twelve Kentucky counties, six other states and the Republic of Korea are represented in the Pikeville student body as the long-anticipated expansion gets under way, Dr. Page said. The Korean, beginning his second year at the college, is He-Bong Kim, of Seoul.

Nearly half the Pikeville students are teachers and would-be teachers, working toward the state's provisional elementary certificate. Included are 18 of the 36 juniors and about half the Floyd county delegation.

Typical of many farm scenes last summer when the first commercial bean crop of the county was being prepared for the Huntington market is this one of the farm of Everett Thompson on Mare Creek. Thompson is shown weighing a bushel bag of beans while neighbors sort and grade.

**Two Health Divisions Created by Wetherby**

Frankfort, Ky., Sept. 24 (Spl.)—Creation of two new divisions within the State Board of Health, to replace one formerly in existence, was authorized by Governor Wetherby in approving a reorganization proposal submitted by Dr. Bruce Underwood, Commissioner of Health.

The Division of Chronic Diseases and the Division of Veterinary Public Health were established, both to perform duties formerly carried out through the Division of Preventive Medicine.

Explaining the proposal, Dr. Underwood said the Director of Preventive Medicine "has a full-time job in handling communicable disease control, home accident control, epidemiology, and venereal diseases.

The edge of a safety razor blade is sharper than a surgeon's scalpel.

**Pupils Can Be Prohibited From Nearby Restaurants**

Frankfort, Ky., Sept. 24—The Kentucky Court of Appeals held it was a "reasonable rule" for a Board of Education to forbid children during school hours from entering nearby restaurants and business establishments.

It set aside an order of Casey Circuit Court Judge J. C. Carter, Jr., who held such a requirement was arbitrary and unreasonable. Following adoption of the rule, C. T. Luster, a Middleburg resident, challenged its legality. The lower court held the rule arbitrary, but Appellate Judge Porter Sims held that since "it is common knowledge that children, if allowed to depend on their own selection, often indulge themselves in unbalanced diets" that the rule was a valid one.

A Times Want Ad is a powerful salesman who works for little pay.

**Homemakers Club Stress Cooperation**

Community cooperation has an important part in the annual plans made by homemakers clubs of Pike county, according to Miss Opal Mann, home demonstration agent with the University of Kentucky. She cites these instances:

Homemakers clubs throughout the county voted to help John's Creek high school rebuild its library which was destroyed by fire last year. Many of the clubs are planning to give books or a magazine subscription, or help in other ways.

Each club will also give at least \$10 to the Pikeville college endowment fund in its efforts to become a 4-year college. The local club presented the college with a check for \$100 the past year.

Homemakers clubs near Pikeville or Belfry sent representatives to a series of lessons on home nursing presented by the American Red Cross. The leaders in some instances have already relayed the information to women in their communities; others are making plans to do so.

About 40 per cent of U. S. industrial workers do substandard jobs because of visual defects, 90 per cent of which could be corrected, says the Better Vision Institute.

**People Can Do Anything!**

This is the ninth in a series of advertisements by the Kentucky Power Company in the interest of the area it serves.

**JENKINS, KENTUCKY: How its people helped themselves to better living**

People in Jenkins, Kentucky, have got the spirit. They know now there's just no stopping those who pull hard enough and long enough at their own bootstraps.

Who showed them? Their own Kiwanis Club, with the help of Consolidation Coal Company (Ky.), and the other industries and people in town.

It all started when somebody in the club wondered why this town of 6,000 didn't have a swimming pool. It wasn't long before the Jenkins Kiwanians had leased the old water reservoir. Of course, it needed plenty of work—new floor, filtering plant, dressing rooms, concession stand.

But they did it. And Jenkins was ahead by one swimming pool.

Then somebody got the idea of a field house and community center for Jenkins. It wasn't long before the Kiwanis Club had bought an unused power plant building, renovated it, and gathered lumber and materials to make 1,500 seats. A prize ring for boxing and wrestling was built... and today everybody in town enjoys the community center in one way or another.

Next the Kiwanians started a project that was to save money for all property owners in Jenkins. State fire officials had told the town that fire insurance rates would be increased if it didn't improve its fire protection. The major need was for a fire truck garage so that the vehicle could be brought into use instantly under all weather conditions.

Again the Kiwanians went to work. Working with town officials, they secured a garage—and then helped raise money for other needed equipment. In addition, the Kiwanians purchased an automatic resuscitation machine and supplied an instructor to teach its use.

Don't try to tell the folks in Jenkins, Kentucky, that some projects are impossible. They know better... that people can do anything!

Ideas like these—once put to work—are helping this area. If you have such an idea, give it a chance to do some good. Tell it to the editor of this newspaper... or write to us, the Kentucky Power Company.

### STATEMENT OF CHAIRMAN

The Third Annual Floyd County Fair is the result of experience and interest that has grown out of our county fairs of the past two years. There is every reason to believe that exhibits this year will show a marked improvement and growth over those of previous years.

Friendly competition does not exist to beat an opponent but to focus attention on what is best and thus promote improvement in production, a broadened culture and consequently a higher standard of living. You are invited to make the most of this opportunity to meet with neighbors and friends in a friendly exchange of ideas. The recognition given in youth work will serve to promote a growth of interest in worthwhile activities that are related to our economy.

The support given in effort and advertising is very much appreciated and deserves consideration by all who attend the Fair. In behalf of the Fair Board I wish to express appreciation to all who have contributed.

Jesse Elliott

We again wish to welcome the Floyd County Fair. Last Year's fair was a huge success and this year's proves to be even better.

The Fair Committee has done a splendid job in reviving an old tradition that has been absent in Floyd County for many years.

We welcome the competitive spirit of the agriculture, industrial, and economic exhibits. The ribbons are theirs . . . the rewards of a good time to go to EVERYONE.

We wish everyone a good time and hope that you will work safely so that you may play and that you will play safely so that you may work.
