This Town— That World

Less theory and more practise in religion would mean more to the world.

COME WEST, HE SAYS

J. E. Akers, of Dwale—a young man gone west, since he's now in Spokane, Wash.—sends in a renewal of his subscription with a note to the effect that "this should take some of the wrinkles out of your weather-beaten face."

THERE'LL BE A VACANT SEAT

Jarvis Allen, who returned here with his family this week from Cocoa, Fla., has presented us with a card saying that the Greater Cocoa Chamber of Commerce has made reservations for me on the First Outer Space Satellite to be launched from that area soon.

THE WHEREFORE

Somebody has opined that the candidates' handshakes are more vigorous this year than in past campaigns. That, of course, sent scientific minds off exploring the wherefore. One of our savants came up with the idea that the date of the campaign, with the new life of spring, is giving the boys unwonted vigor.

CAMPAIGN CASUALTY

Then there was the guy who walked into this office this morning with his hand fearfully twisted.

CITY SEWAGE PLANT 'OUT'

Council Decides Cost Prohibitive; Engineer Talks Costs, Financing

A sewage treatment plant for Prestonsburg to conform with federal anti-pollution regulations is "out," at least temporarily.

This was the decision reached by the City Council at its Monday evening meeting when it heard dismaying details of the cost of such a plant.

Mr. Finney, a representative of the Bell Engineering Company, told the Council an adequate sewage treatment installation would cost Prestonsburg more than half a million dollars more than the city can expect by way of federal government grant.

So the Council decided Prestonsburg plainly cannot afford a sewage treatment plant at this time, although it will continue to explore all possibilities.

FLOOD CONTROL MEET SET FRIDAY EVENING

MEETING HERE MOVE TOWARD VALLEY GROUP

Floyd Organization, Others To Hold Meet At Pikeville, Apr. 19

Floyd county citizens have been invited by County Judge Henry Stumbo to meet at the courthouse Friday evening at 7 to organize a Flood Control Association.

The meeting, similar to one already held in Johnson county, is a part of a valley-wide move to organize for the fight for flood control measures. Officers of the Association will probably be named at Friday's meeting.

This week's meeting here and those in other counties are being held to effect county organizations as a prelude to the April 19 meeting at which the Big Sandy Flood Control Association will be formed.

Flood control first—canalization next, was the decision of the Johnson county meeting recently. All rules and regulations were left as matters to be decided at the general meeting at Pikeville.

All individuals, clubs, churches, corporations, banks and any other interested groups were urged to attend the meeting here Friday evening.

Senator John Sherman Cooper this week asked the Army Corps of Engineers to reactivate three reservoir projects on the Big Sandy so that he may request funds for their construction from the Senate Appropriations Committee at hearings April 10 or 11.

The three projects are the Fish Trap, Haysi, and Clintwood reservoirs, the last being a substitute for the Pound reservoir. Cooper described them as the "chief units of any flood-control system for the Big Sandy" in a letter to Brig. Gen. J. L. Person, assistant chief of engineers for civil works.

ACCUSED MAN YET AT LARGE

Hamilton's Whereabouts Unknown; Borders Yet Martin Hospital Patient

Whereabouts of Norman B. Hamilton, who was accused in a warrant last week of the hammer-beating of Homer Borders, 69-year-old Allen fruit market attendant, are unknown to Floyd county officers, it was said this week at the office of Sheriff Gordon Collins.

Condition of Borders, who was dealt eight blows on his head with a claw-hammer, is favorable to his recovery, it was said. He remains a patient at Our Lady of the Way hospital, Martin. He suffered a fractured skull.

Lackey again was the scene of two burglaries this week as the Daniels Grocery Store and Earl Moore's Hardware were entered. The haul was heavy from the grocery store, but Moore's business escaped loss, officers said. Men were seen in the vicinity of one of the stores at the time of the breaks, but remained unidentified.

Elmo Hubbard, of Prestonsburg, was found Saturday night at the Brown hotel here, suffering from what officers believed to be knife wounds. A report that he had fallen on a broken bottle and thus cut himself was scouted.

Johnny Newsome, of the Middle Creek road, was jailed here last Thursday night on a robbery charge. He was accused of taking about \$60 in cash from his sister-in-law.

Lee and Bert Hall, who were booked by Deputies Lewis and Patrick last Thursday on a charge of making moonshine, have been transferred to the jurisdiction of U. S. district court at Pikeville.

Jailed Saturday by Deputy Sheriffs Lewis and Patton, Bobby Wilson was booked on a worthless check count, to be held for Louisa. Reuben R. Prater, 20, and Juanita Allen, 18, both of Garrett, on a reckless driving count.

Education Board Names Assistant Coach, Tuesday; Health Work Aid Voted

Don Sullivan, local insurance man, was named assistant basketball coach to Jack Frost Wells at the Prestonsburg high school Tuesday by the Floyd County Board of Education. Sullivan, who volunteered for the job, will serve without pay it was said.

An annual item of business, the board's contribution to assist in the health work of the county, was transacted. The board voted to give the Floyd County Health Department \$2,800 to be chiefly used in inoculation of school-children, the work to be completed in two years.

Lowell Conley was named to succeed James Walker, who resigned as teacher in the McDowell grade school.

Dr. W. D. Osborne, who is ill, did not attend Tuesday's meet.

Fellowships Given Floyd-co. Ministers By Presbyterians

George Selden Tewksbury, pastor of the Drift Presbyterian church, was awarded the Bradford Noyes Fellowship by the Louisville Presbyterian Theological Seminary recently. Homer Tyndale Rickbaugh, who will conduct evangelistic services at Wheelwright, April 14-21, was awarded at the same time the Fielding Lewis Walker Fellowship in Doctrinal Theology.

Tewksbury, 29, was born in Tsinan, China, attended Yale where he received the Bachelor of Arts degree in 1949. He has seen service in two Southern Indiana churches and with the migrant ministry in California and Colorado. He plans to enter the foreign missionary field.

Rickbaugh, a native of Delaware, received his education at Maryville (Tenn.) College, served as assistant pastor of the First Presbyterian church at Louisville and is now a student at Union Presbyterian Church at Union. After graduation he expects to teach in Korea under the auspices of the Board of World Missions of the Presbyterian Church in the United States.

Girl Reported Missing From Cincinnati Home, Father At Martin Says

Joyce Ann Patrick, 15, over whose custody her parents wrangled in the courts here recently, is missing from the home of her mother, Mrs. Sarah V. Claunch, of Cincinnati, her father, George Patrick, Jr., informed The Times Wednesday. The girl went to a movie in Cincinnati three days ago and failed to return, according to a telephone conversation Patrick said he had with his former wife Tuesday.

Patrick, jailed here on a charge of contributing to juvenile delinquency when he brought his daughter to this county, failed to fill bond to deliver his daughter to the Carter county Circuit Court at Grayson as directed by Judge Edward P. Hill here and custody of the girl went by default to her mother. Hill had denied a writ of habeas corpus sought by Mrs. Claunch.

The charge of contributing to juvenile delinquency against Patrick in county court here was dismissed Monday of last week when Mrs. Claunch failed to appear.

Weeksbury Woman Dies Of Pneumonia; Funeral Services Held Tuesday

Mrs. Vina Johnson, 69, of Weeksbury, died at home at 6:25 a.m., Monday. Virus pneumonia was given as the cause of death. She had been ill two weeks.

Mrs. Johnson was a daughter of the late Daniel and Lina Hampton Johnson and the wife of Eli Johnson, who survives. Surviving also is a son, Ned Johnson, of Weeksbury, and two grandchildren.

Funeral rites were conducted Tuesday at 10 a.m., at the home, the Revs. Hobart Bates, Charlie Jones and Joe Burke officiating. Burial was made in the family cemetery at Weeksbury under the direction of Call Funeral Home.

KNOTT SLAYER HELD IN JAIL

John Gibson Is Accused Of Fratricide at Home Of Father on Rock Fork

John Gibson, of the Rock Fork section, near Garrett, is in the Knott county jail at Hindman, charged with killing his brother, Noah Gibson, Sunday evening. Victim of a pistol shot in the chest, his brother died within a few minutes.

The tragedy occurred in the home of their father, Henry Gibson, 90, and in the presence of a sister. County Attorney Dan Martin, of Knott county, said, after an interview with the man's sister, that John Gibson entered the house, told Noah he was going to arrest him, struck him on the head with a pistol and shot Noah as he retreated through the doorway.

Martin said that Gibson was not an officer and that the cause of the difficulty was not learned. Gibson waived examination before County Judge Dennis Sturgill at Hindman Monday and was ordered to jail without bond.

One source said the brothers, both in their late forties, had been working up North and had been called home by the illness of their mother. At the time of the shooting Mrs. Gibson was outside the home.

Funeral arrangements were under direction of the Hindman Funeral Home.

COUNTY COMMISSIONER ACT UNCONSTITUTIONAL

The Court of Appeals Friday declared unconstitutional a 1956 statute requiring all counties having 75,000 population or more to operate under the commission form of government.

Section 144 of the Constitution does not authorize the Legislature to compel any county, or any class of counties, to adopt the commission form, the court said.

Thus, it reversed Pike Circuit Court in an action brought by a citizen and taxpayer of Pike county, Kermit Billiter, against four persons who have filed as candidates for the office of commissioner in the May primary.

The high court quoted Section 144, which provides, in part: "Counties shall have a fiscal court, which may consist of the County court and the justices of the peace . . . or a county may have three commissioners, to be elected from the county at large, who, together with the judge of the County court, shall constitute the fiscal court . . ."

In 1892, immediately after adoption of the present Constitution, the General Assembly passed an act providing that any county, by a vote of its people, could adopt the commission form of government. With some minor amendments, that act has remained in force for more than 60 years, the court said.

It added: "Thirteen counties have adopted the commission form of government under that act, including four of the five counties of this state that have a population of 75,000 or more."

"At the time of the passage of the 1956 act now in question, Pike county was the only county of 75,000 population that retained the old form of government."

Jack M. Friar, of Rose Hall, Va., began work Monday as assistant county agent in this county, bringing the county extension staff to its full complement of three agents for the first time since the resignation of O. E. Boggs as county agent two months ago.

Addition of Mr. Friar to the extension staff makes Floyd the only county in Kentucky having at this time three agents. Pike county had a staff of three but lost two of its agents.

Mr. Friar was graduated from Berea College in 1954, and only recently completed an army stint. He grew up on a Lee county, Virginia farm.

Don Claypool is the other assistant county agent. Robert M. Jones becoming county agent upon the resignation of Mr. Boggs.

TAX ASSESSOR LOCATED AT MUNICIPAL BUILDING Mayor Harry Sandige announced last week that the City Tax Assessor will be in the Mayor's office at the Municipal building here, week-days throughout the month of April.

The unusual situation of one school supplying the winners in both the Herald-Dispatch and Courier-Journal divisions of the Floyd county spelling bee finals developed here Saturday. Both champion spellers come from the Teaberry rural school. Both were coached for the finals by their teacher, Mrs. Goldia Mae Mitchell.

Twelve-year-old Barbara Ellen Hamilton, daughter of Mr. and Mrs. John D. Hamilton, won the Herald-Dispatch bee when she spelled "despise," the word missed by runner-up Rufus Sammons, 14, of the Johnson school, and then followed that up by spelling the next word, "model". She and the runner-up will represent Floyd county at the Tri-State spelling bee in Huntington. They will vie there for the honor of representing the region in the national finals in Washington, D. C.

Barbara Ellen's 11-year-old schoolmate, Eva Pauline Hamilton, won the title in the Courier-Journal bee when she spelled "preferred" after Sheila Gearheart, of the Garrett consolidated school, had stumbled on it. Eva

Zimmerman Named

H. O. Zimmerman, of Wheelwright, was selected by the executive board of the Lonesome Pine Council to succeed G. O. Tarleton, formerly of Jenkins, to head the 100 Club committee.

The 100 Club is an organization of friends of Scouting pledged to contribute \$100.00 per year for the extension of Scouting in the 15-county area of Eastern Kentucky and Southwest Virginia included in the Lonesome Pine Council.

During Tarleton's tenure as chairman, the membership of the 100 Club increased from 37 members to 150 members. Zimmerman has organized the friends of Scouting throughout the area in an effort to increase the membership to 200 members.

The 100 Club accounted for approximately one-third of the Council's budget requirements for 1956.

BIDS ON ROAD TO BE OPENED

Hippo-David Route Work To Be Let To Contract; Spurlock Project Seen

Contractors' bids will be opened by the Department of Highways Friday morning on the proposed bituminous surfacing of the Northern-David road from Hippo on Brush Creek to the junction with Ky. 404, near David, on Middle Creek.

As work on this stretch of almost six miles of road is certain, barring exorbitant bids, word came from a delegation of Floyd countians that it was given almost positive assurance of early construction on the Spurlock-Bucks Branch road between Middle Creek and Martin.

The delegation conferred with highway officials Tuesday, and the latter said federal aid will be sought on the project, if no such aid is available, however, the state proposes to build the road out of its own funds, road officials said. Low-type surfacing is proposed for both ends of the route, which already have received some improvement, this surfacing to exist while construction work is being done over the unimproved part of the road.

The road will cut the distance from Prestonsburg to Martin to nine miles.

Engineers were here again two weeks ago in a study of the route to be followed by U. S. 23 on entering Prestonsburg when built along the river from Auxier. Some Porter Addition residents were said to have agreed with engineers' plans for the junction of the new road with the present U. S. 23 to be made in the vicinity of the Kentucky West Virginia Gas Company building here.

Improvement of the Bosco-Salt Lick road has been talked, but there a decision must be made as to the route the improved road will follow as it now is, passing through the town of Bosco, or crossing Salt Lick Creek and going through what is known as Low Gap, outside Bosco, to join Ky. 40 at West Garrett.

FRIAR BEGINS AGENT'S WORK

Virginian Is Employed To Fill Vacancy Here In County Agent Office

Jack M. Friar, of Rose Hall, Va., began work Monday as assistant county agent in this county, bringing the county extension staff to its full complement of three agents for the first time since the resignation of O. E. Boggs as county agent two months ago.

Addition of Mr. Friar to the extension staff makes Floyd the only county in Kentucky having at this time three agents. Pike county had a staff of three but lost two of its agents.

Mr. Friar was graduated from Berea College in 1954, and only recently completed an army stint. He grew up on a Lee county, Virginia farm.

James Receives Citation At 10th District Meeting Of Vets at Wheelwright

The 10th District meet of the American Legion, at Wheelwright, saw Tom James, Prestonsburg, former Area C commander of the veterans, receive an Achievement Award certificate, Sunday, "for outstanding service." A similar award was made to Floyd. Post No. 129 here.

The award to the post here was for "outstanding service in the advancement of membership and in all phases of American Legion activity." James' citation was similar to the post award. They were given by Ray A. Beyer, department adjutant, and Harold S. Dodson, department commander.

The Wheelwright meet, presided over by Ralph A. Clevenger, 10th District commander, was well attended, posts from nearby towns being heavily represented.

YOUNG DRIVER FATALLY HURT

Joe Palmer Compton, 14, Victim Tuesday of Harts Received at Rail Crossing

Joe Palmer Compton, 14-year-old high school freshman, was fatally injured Tuesday afternoon when the auto which he was driving was struck at the Banner railway crossing by a diesel engine hauling a load of empty coal cars. He died at 4:30 p.m. at Our Lady of the Way hospital, Martin.

The youth was painting a car his grandfather, Joie Maynard, of Allen, had given him. This work was being done at Maynard's service station on U. S. 23, near Banner, and he borrowed Maynard's auto to drive across the river to Banner to buy a paint brush. Returning, he was hit.

Impact of the locomotive hurled the boy from the car into nearby Prater Creek, and the auto itself was knocked over an embankment. A salesman following the youth said young Compton approached the crossing cautiously as the warning light blinked, then ventured onto the tracks. The train hit the rear of the car.

The victim, a student at Betsy Layne high school, was a son of Palmer and Christine Compton, of Allen. He had made his home with his grandparents since childhood. Surviving, besides his parents, are three brothers and sisters, Terry Dean, Jerri Ann and Roy Lee Compton, all of Allen.

Funeral rites will be conducted Friday morning at 10 from the Allen Baptist Church, the pastor, the Rev. Irving Childress, Revs. Fred McGinness and Isaac Stratton officiating. Burial will be under direction of the Hall Brothers Funeral Home.

Appreciation Dinner Slated For Boy Scout Leaders

The annual appreciation dinner of the Lonesome Pine Council, Boy Scouts of America, will be held at the Masonic Hotel at Grundy, Virginia, Friday, May 3 at 6:30 p.m. The purpose of the dinner is to honor Scoutmasters and other Scout leaders. The Silver Beaver award which is the highest award made by the local council will be given to two outstanding Scouters.

FISCAL COURT SUIT REMAINS FOR DECISION

Judge Swinford Holds County Not Responsible For Water, Gas Bonds

Federal District Judge Mac Swinford last week dismissed the suit of C. H. Benderman, against Floyd county.

The Benderman action, filed in U. S. district court at Pikeville, was an attempt to collect from Floyd county the amount of principal and interest due on bonds issued in the purchase of several utilities firms in the county which are now operated by the Floyd County Water & Gas System.

The suit filed by Benderman against County Judge Henry Stumbo and Magistrate Grover Holbrook, John May, Ellis Martin and Edgar Howell as individuals remains on the court docket. The defendants have filed answer to the suit, it was said, but no action has been taken on its final disposition.

In dismissing the suit as to Floyd county, Judge Swinford held, in effect, an attorney in the case said, that the bonds are not an obligation of the county, to be paid out of tax revenues, but are to be paid out of the earnings of the water and gas system itself.

This source said the federal court in the suit against the county judge and magistrates may take one of three steps:

- 1. Mandamus to the defendants to increase rates to such an extent that the system will earn profits sufficient to amortize the bond issue.
2. Hold that the bondholders will have to be satisfied with the status quo and wait for their money.
3. Appoint a receiver for the water and gas system.

JURY CHARGE LISTS CRIMES

Judge Says Bootlegging Most Perplexing Crime Faced by Floyd County

Bootlegging, drunk driving and thievery—in that order, these were listed by Circuit Judge Edward P. Hill Monday morning as the three most perplexing problems Floyd county has to face.

The statement was made in his instructions to the grand jury on the first day of the April circuit court term.

The grand jury and the 32 petit jurors were qualified without the usual list of absences and with only two men asking to be excused from service.

"Most of the domestic troubles and other troubles," Judge Hill told the jury, "stem from the use of alcohol. I would say 99 per cent of our troubles are caused by the use of liquor. Our people have voted two times to have this a dry county, and it is my sworn duty and yours to enforce that law."

He pointed to the fine set by law for the first liquor offense, then to the doubling of the first penalty for the second offense and to a felony charge for the third offense. He urged use of the law on second and third offenses.

"It's up to us court officials, the sheriff and you jurors to enforce these laws," he added. "There are not any of us entirely blameless. We all share in varying degrees the responsibility for lack of enforcement. . . . Strict law enforcement, especially on the liquor question, is the sole answer."

Of drunk driving he said: "If all the officials would just treat everybody alike and let everybody know they will be prosecuted, we would get results. . . . I am proud to say that while I have been an official I have never let up on any drunk driving case."

Stricter enforcement of the law against stealing also was recommended. Of the need for curbing destruction of forest by fire, Judge Hill said, "If we all will talk about the importance of preventing these fires, those who are careless may wake up." The law governing such fires and the dog law were presented to the jury as needing enforcement.

Flood Control, First

THE TIMES is pleased to note that the various counties of this flood-stricken area of Kentucky are marshalling their forces in orderly fashion and going about the attack on the flood control problem by concerted, organized effort.

We are pleased, too, to know that they are not attacking the Eastern Kentucky problem from the wrong angle. They are on sound ground when they adopt a "first-things-first" policy and seek flood control before undertaking another drive for canalization.

Now is the time to strike for flood control. The litter is still there to see; the dreary picture is still fresh in the minds of the people, and there is now an awareness of our need in the minds of the legislative and executive branches of government that may not be there later.

The Big Sandy needs canalization. It can never realize its potential industrially until the river is transformed into a navigable waterway. This is a goal for us keep before us always.

But just now we must think in terms of survival, economically and otherwise. We must have water control, without which canalization would mean little. If we can persuade those who hold the purse-strings to help us, we shall bring the torrents under control, we shall be able to live in physical security — and then, with a steady supply of water, we will move ahead to realization of our dream of a navigable waterway.

Who Should Stand the Pain?

A father and his young son were hospitalized here recently after having received anti-rabies serum.

Some Floyd countians may have found in the story of their condition cause to fear the treatment that is given to prevent hydrophobia after a person or an animal has been bitten by a rabid dog, cat or other animal.

They should be fearful, but not of the anti-rabies treatment, necessarily, although it is no trivial thing to have to undergo this series of inoculations. There is the mental anguish of the person threatened with hydrophobia; there is pain in some degree, much inconvenience, some expense, some time lost — and, there is the possibility of severe, though not fatal, reaction to the "shots."

What the people of Floyd county should be more deeply concerned about is rabies, its spread, the lack of control of dogs and our failure to see that every dog is immunized against this fearsome malady.

They should now begin asking themselves, "Who is it that deserves more consideration in this matter — human beings or dogs?"

There is only one thing to do if you are bitten by a rabid animal, and that is to take treatment promptly. Your own personal comfort doesn't enter into the matter. It's do this—or else.

Then don't you think it would be more considerate of humans, and also of the animals themselves, to let the dogs stand the pain and effects of those "shots" and so immunize them against hydrophobia and protect human beings against this threat to life?

The dog control law should be enforced to the last letter.

To the People of Magisterial District No. 1

I am appealing to you for your vote and support in the May 28, Primary. I am 59 years old and have never held public office. I was born and raised in this county and God has blessed me with health and strength to make an honest, decent living, to raise and educate a fine family of six children. In all my business transactions I have never taken one five cent piece dishonest and if elected your Magistrate I promise to see to it that your tax money will be protected and spent where it should be.

We know that a lot of people in this No. 1 District send their children to school over roads that are not fit to drive a hog over and then we read in the papers where some of our officials have to be sued in the courts for thousands of dollars of tax money. Then it is up to us taxpayers to pay that plus interest and court costs and this includes our present magistrate, Mr. Holbrook, and then they take what is left and hire a certain bunch at a large salary and put them out on an old grader or some other kind of broken-down machinery, let them go out and burn a lot of the taxpayers' money and leave our little sheep paths in worse condition than they were without a ditch or drain pipe or small culvert to take care of the water. The people that live up the creeks where the county is supposed to keep up the roads has to park their cars out on the highways and walk home after doing a hard day's work and if you are a taxpayer they sure will collect or sell your property from under you.

So think it over and I assure you that when I am elected your Magistrate I will perform my duties as a magistrate as any other sworn official should. Be sure and vote as that is your God-given right.

Vote for J. E. CONLEY Primary, May 28, 1957 (Pol. Adv.) 4-4-57.

During the first five days after their landing on Iwo Jima, Marine Corps communication crews laid more than 700 miles of telephone wire, although operating under heavy artillery fire and harassed by snipers.

PADDLE WHEEL

The first steamboat ever to be seen on the Ohio and Mississippi rivers arrived, amid great excitement, on the rivers in January, 1812. The boat was built in Pittsburgh and was named the "Orleans." Travel by steamboat became popular with all classes — planters, adventurers and gamblers. The romantic Ohio and Mississippi rivers have bowed to progress. But the spirit of the rivers still remain. Not infrequently will giant 1200-foot tows engage in a race as frenzied and spirited as did the Natchez and Robert E. Lee ninety years ago.

GORDON MOORE, Manager
Prestonsburg, Kentucky

It's a dear bargain to buy insurance from the "sell 'em and forget 'em" agent who doesn't bother keeping a professional eye on your constantly changing insurance requirements.

We have a hunch you'd rather BUY FROM AN AGENT

who takes a personal interest in you and your family, who takes the time to review your needs periodically so that you never have too little—or too much—insurance.

That's how this Agency conducts its business.

UK PRESS RELEASES BOOK — ETAO ET "Children of the Levee", a collection of stories and sketches written by Lafcadio Hearn when he was a young reporter in Cincinnati during the 1870's, was published March 31 by the University of Kentucky Press.

This collection forms a comprehensive picture of Negro life in a border city just after the Civil War. Hearn was drawn to the Ohio River by his interest in the unusual, and he saw in the rough surface of love life the essential humanity of the Negro roustabout. The book is illustrated by William K. Hubbell, UK staff artist.

COURT DECISION VOIDS 'GANG LABOR' PAY TAX

Employers of contract labor are not required to pay the state unemployment tax based on their payrolls, according to a recent decision of the Court of Appeals.

This opinion, in the judgment of attorneys here, will relieve any employer from paying the tax, usually 2.7 percent, on the earnings of men engaged in "gang-working," as in many truck mines.

The Court of Appeals Friday applied the common-law rules of master and servant and held a coal company was not subject to unemployment taxes as the employer of four groups of miners in 1950 and 1951.

The Kentucky Unemployment Insurance Commission assessed the firm's owners for unemployment taxes in the amount of \$3,027.50, plus interest and penalties.

The assessment was based upon a finding that the miners, with whom the coal company had mining contracts, were actually employees, rather than independent contractors as the company contended.

Franklin circuit court affirmed the commission's order. The coal company appealed, naming Economic Security Commissioner V. E. Barnes and members of the commission as appellees.

Reversing the circuit court, the high tribunal said it has held previously that, in cases arising under the Unemployment Compensation Act, the question of whether a person is an employee or an independent contractor is to be determined under the common-law rules of master and servant.

"It is a simple fact that the miners here enjoyed a freedom of activity in their labors not common to the master-servant relationship, the Appellate Court said. "Accordingly, the coal company should not be subjected to the burdens that attach to an employer."

The court directed that judgment be entered setting aside the commission's order and voiding the assessment of tax.

Aged Betsy Layne Man Dies at Hospital Here; Burial Made at Boldman

B. J. Hunter, 63, of Betsy Layne, died Saturday at 8:45 a.m., at the Prestonsburg General hospital. Pneumonia and complications were given as the cause of death. He was a truck mine operator.

Mr. Hunter was a son of John and Elizabeth Hamilton Hunter and was twice married, his first wife, Mintie Marshall Hunter, preceding him in death several years ago. His second wife, Myrtle Keene Hunter, survives.

He is survived by the following sons and daughters: Ernest Hunter, Cleveland, O., Delmar Hunter, of Betsy Layne, Mrs. Elizabeth Scott, of Harold, Mrs. Vernie Newsome, of Betsy Layne, and Miss Anna Hunter, at home. Three brothers surviving are Ben and J. B. Hunter, both of Blue- moon, and Craig Hunter, of Amba.

Funeral rites were conducted Tuesday at 10:30 a.m., at the Betsy Layne Church of Christ, the Revs. Henry Parsons, Will Hall and Roy Hall officiating. Burial was made in the Layne cemetery at Boldman under the direction of Hall Bros. Funeral Home.

Modern submarines can travel faster submerged than on the surface. Then can fully submerge in less than one minute.

Robert Fulton, inventor of the steamboat, was an avid submarine enthusiast. He built several submersible warships, one of which was known as the Nautilus.

U. S. Loses 52 Submarines

United States submarines destroyed a total of 214 Japanese naval ships during World War II, including one battleship, eight aircraft carriers, 15 cruisers, 42 destroyers and 23 submarines. Against this score, 52 U. S. submarines were lost.

Dollar for dollar and man for

man, the submarine is this country's most economical weapon. Comprising only 1.6 per cent of the Navy's World War II personnel, the submarine service accounted for 55 per cent of all enemy shipping destroyed.

Re-Elect
HENRY STUMBO
County Judge
Honest - Sober - Experienced

PAUL E. HAYES
as your next
County Attorney
Proposes
A PLAN of ACTION
BEYOND The CALL of DUTY

The law requires many duties of your County Attorney in the operation of your County Government. Broad powers are allowed him in the performance of these duties.

Floyd County is entitled to an attorney who will not be satisfied with "just doing his duty", but one who will use imagination in exercising the powers of the office to initiate and bring about reforms and added services in the County government fields of criminal prosecution, county financial management, and road building and maintenance.

Paul E. Hayes will discuss the duties of the County Attorney's Office and his plan of action in three or more articles covering criminal prosecution, County Financial Management and Road Building and Maintenance. This first article will cover the duties and his plan of action on the investigation of crime and criminal prosecution in Floyd County.

INVESTIGATION OF CRIME AND CRIMINAL PROSECUTION

THE LEGAL DUTY: The County Attorney is charged by law to be present at examining trials, Kentucky Criminal Code, Section 51 and shall assist the Grand Jury, Kentucky Criminal Code, Section 110. Thus, by necessity and by law, the County Attorney is required to investigate all crime in the County.

A PLAN OF ACTION:

1. As your County Attorney, Paul E. Hayes will expect to be with the first at the scene of the crime, day or night, collecting evidence, interrogating witnesses, to the end that the prosecution's case will not fail for want of proof.

2. As your County Attorney, Paul E. Hayes will seek to arouse and inform the public to its necessary participation in the stamping out of bootlegging and other community vice. No longer will the officials be able to blame the public for failing to come forward with the information for search and other warrants. Hayes will initiate the organization of a small but active citizens committee in each community. Cooperating and advising with these committees, the evidence for successful prosecutions can and will be collected.

3. When present before the grand jury, Paul E. Hayes will seek to render helpful, impartial legal advice and assistance in the presentation of cases for indictment. As your County Attorney he will seek to prevent indictments based upon spite, politics, or personal vengeance. Indictments will be carefully and legally prepared to prevent trial delays due to technical defects.

THE LEGAL DUTY: "The County Attorney shall attend to the prosecution, in courts inferior to the circuit court, of all criminal and penal cases in his county in which the Commonwealth or the county is interested . . ." (KRS 69.210 (2)).

A PLAN OF ACTION:

1. To prosecute the guilty as well as protect the innocent shall be given meaning, not just lip service, by Paul E. Hayes.

2. Speed up the trial of misdemeanor cases in the Quarterly (commonly called County) Court. This can be done by pre-trial investigation, subpoenas for Commonwealth's witnesses and dismissal of cases that drag on the docket because of absence of prosecuting witnesses. Slow justice is no justice. Witnesses should be spared the expense and time in coming to Prestonsburg month after month to be in cases that should be either tried or dismissed.

3. As your County Attorney, Paul E. Hayes will seek to revise the manner of selecting juries in the County or Quarterly Court. Presently selected on the hit or miss plan of picking up bystanders, jurors are unpaid, many times inconvenienced and oftentimes have been stationed around the courthouse for the purpose of serving in a particular case. Hayes will recommend and work toward having a regular panel selected from all parts of the County for each two-day Court Term, EACH JUROR TO BE PAID SOME COMPENSATION FOR SUCH SERVICE. In addition to improvement in justice, the trial of cases will be expedited.

THE LEGAL DUTY: "The County Attorney shall attend the circuit courts held in his county and aid the Commonwealth's Attorney in all prosecutions therein . . ." KRS 69.210.

A PLAN OF ACTION:

Paul E. Hayes has had considerable experience in criminal law and will be an able prosecutor.

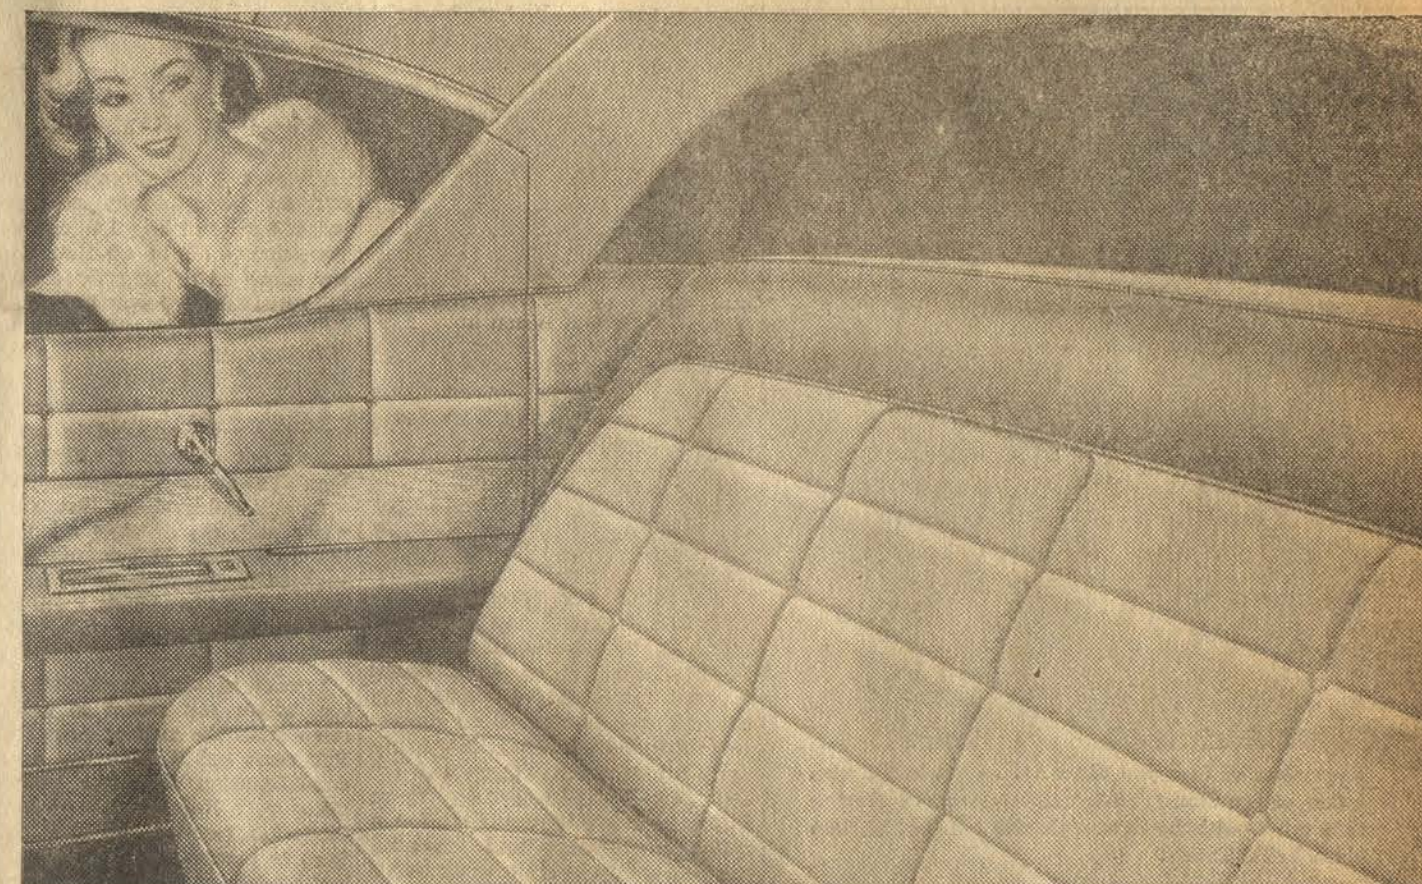

When he is your County Attorney it will not be necessary to hire special prosecutors to assist the Commonwealth's Attorney.

Upon the request of the Commonwealth's Attorney, or at the request of any prosecuting witness, Hayes will assist in the prosecution of any criminal case in circuit court, thus having a special prosecutor free of charge.

PAUL E. HAYES, AS YOUR COUNTY ATTORNEY, PROPOSES TO GIVE YOU IN SERVICE NOT JUST WHAT THE LAW REQUIRES, BUT ALL IT ALLOWS.

Next week I will discuss the duties of the County Attorney with respect to County Financial Management.

ROADMASTER 75

Custom Built by Buick NOW ON DISPLAY

A NEW CONCEPT in motorcar excellence awaits your inspection in the ROADMASTER 75 just introduced.

You will see what we mean the first time you glimpse the interior.

The impeccable tailoring and taste of the rich appointments are as obvious as the comfort is opulent.

The seats, for example,

They are meticulously fashioned in glove-finished fabrics of broadcloth or Nylon, with backs topped in supple, hand-buffed leather. They are thickly layered with contoured foam rubber. They are wide, deep, superbly soft.

The doors present a new standard of luxury and restfulness—fully uphol-

stered and softly cushioned from floor line to window.

The instrument panel, below the safety cushion, is chromed from end to end. The deep-pile carpeting is backed by foam. The integral armrests are fully in keeping with the spacious grace of the car.

The complete interior is matched by the mechanical excellence that is ROADMASTER tradition.

Indeed, nowhere else among the world's fine cars can you enjoy superb performance quite like that of a ROADMASTER 75—from the instant response of its brilliant new Dynaflow, to the smooth obedience of its all-new air-cooled aluminum front brakes—newest and the finest in the five-car field.

"You Can't Hold Back The Dawn"

Christianity's achievements, so often taken for granted in the modern world, are summarized in "You Can't Hold Back The Dawn," an Easter message of hope and courage by Dr. Clarence W. Hall in the April Reader's Digest.

"Christianity," he writes, "is primarily a religion of the dawn—a religion that addressed itself not to the dead past and its failures but to the vibrant future and its potentials."

Do you think this faith has been a failure? he asks. Look at a few achievements:

It has fought and won over slavery. It has shaken the systems of caste and class, and helped us toward whatever religious, social and political liberty we enjoy today.

It gave sanctuary to education in the dark ages when culture otherwise would have died.

It has gone into every field of human distress. It has brought prison reforms. It has built hospitals, orphanages, asylums.

It has given the laboring man dignity, elevated womanhood, abolished infanticide.

Dr. Hall takes the title of his message from the conversation of a Christian Arab with whom he talked while waiting restlessly to attend a sunrise Easter service in Bethlehem.

"Never fear, my friend," said the man. "The day will come. You can't hold back the dawn."

Dr. Hall is a former executive editor of the Christian Herald. He lives in Cos Cob, Connecticut.

What Type Representation Do You Think We Deserve?

We think our people deserve and should expect our Representative to be just what the word implies. Also, aside from being a true Representative, we feel the action and behavior of our Representative should reflect favorably upon the people he represents. We feel Crit Wells will do these things. Having known Crit for a number of years and knowing his leadership in civic work in his and surrounding communities, we feel he is better qualified and will make us the best Representative.

We, therefore, are asking you to consider Crit for this office. We invite you to join with us to make him our next Representative.

ALL WORK GUARANTEED

Spears for Judge

I am a candidate for County Judge who is trying to NOT run on promises alone. I would rather let my friends tell you about myself, how I have worked hard all my life, been honest, truthful and sober. Those things, common to many men, should be some of the qualifications of a judge. My friends will tell you that my record is clean, that my word is my bond and that I shy away from promises when they can't be fulfilled.

However, I will promise to make you an honest, fair, progressive judge. I will not be all things to all men, nor will I be all things to a few men and nothing for others. I will serve all the people in the office that is their gift and be charged with the responsibility of the stewardship of that office.

I will attempt with every resource at my command to get this county out of debt. I will fight to keep this county from being saddled with any indebtedness through the water and gas districts set up by the fiscal court. This county will be engaged in litigation for years over the water and gas bonds. I will insist that the Floyd county taxpayers be protected in the courts.

I want to ask you creek people, too, where you expect to get any relief from the mud of your roads? You can't get it from the present administration for after years in office very little in the matter of roads has resulted. We need better farm to market roads, better school bus roads and while other counties are making progress let's march alongside them to a better county road system.

Progress comes only through change. Let's change things at the courthouse. Let's build more roads. Let's put the county on a sound fiscal system.

Let's Have a Change!

GOLDEN ROCKET IS HOLIDAY COUPE

HE: Right! This J-2 Rocket* is really a new driving experience!

FRIEND: Well, I've handled a Rocket Engine before, but nothing like this. They've always had pep, but this one's got that extra pep when you need it!

HE: Don't forget economy.

FRIEND: Yes, but you can't feel economy.

HE: Feels pretty good to the pocketbook.

FRIEND: Right! But it beats me how you get economy with a big car like Olds.

HE: Easy. For cruising around, you just use one dual-barrel carburetor.

FRIEND: Bet that waters down your performance some.

HE: Not a bit. I've got regular Rocket performance right through the economy range. And believe me, that's plenty. But if you need more power . . .

FRIEND: Then what?

HE: Go to Stage Two. You just saw what that does. Give it three-quarters throttle and you've got three dual carburetors dishing up more power and torque.

FRIEND: Tell you the truth, I've always liked an Olds. Thought we might get one ourselves some day.

HE: Checked the price lately? You'd be surprised how easy it is to own.

ed and announcing that he was seeking sanctuary here for a spell. After a bit he brought up the subject of his accident policy and wondered if maybe there was a clause in it that affords benefits if the hand of the insured is injured during a political race. He didn't refer to fisticuffs, he explained. I later took the matter up with an insurance man, pointing out to him that such a policy would be a big seller, but he was not enthusiastic about it. Said a hand injured by repeated handshaking would probably come under the heading of gradual wear and tear, deterioration, etcetera.

MORE TROUBLE IN THE CITY

On a recent visit to a nearby city I had trouble with a city barber. On my latest it was trouble with city chicken. I swan, I think they ought to lock me in the car when we enter any place of above 4,000 population.

The reason for this precaution would be that I have a curiosity about things I wot not of, and the results usually are, to say the least, unsatisfactory. We sail into this big restaurant, and up there on the wall is the day's menu. From 'way back near the front I start reading. There's fried chicken, broiled beef and several other items with which I have a passing acquaintance. But I pass up all such commonplace items of cuisine when I spy this line that says, "City Chicken." I will have some of that, even if I don't know what it is. Sounds interesting, anyway.

I get closer, and I can see that this is chicken of a strange shape. Maybe it's a drumstick impaled on a stick, I decide. There's one way of finding out, and I take it.

Well, to get the meal over, what city chicken amounts to, as nearly as I can describe it, is a mixture akin to hamburger baked on a stick that was more thoroughly cooked than the alleged "chicken."

I maintain I am performing a public service by relating my experience, inasmuch as there may be others whose naivete may be rendered a dangerous thing by their inclination to take a blind chance.

An appropriate heading for this item would be, "Country Bumpkin Gets Stuck with Chicken on a Stick."

FISHING REPORT

Now for the Dewey Lake fishing report.

Caught last Sunday: By 11-year-old Randy Dingus, of West Liberty—after, we hear, his dad had given up fishing for the day—a three-pound bass; by David Marrs, Martin, the biggest fish of the week—a seven-pounder; by Buster Herald and William Dingus, three weighing a total of 13 1/4 pounds, the largest a six-pounder; by G. B. Robertson, Milton, W. Va., a 5 pound, 12-ounce bass.

Vague reports from down-lake concern LeGrand Mayo and a man named Sturgill and a seven-pounder.

Then later this week Rollie Manns landed two in the 4-5-pound class, and Oral Delong caught four, one a six-pounder. And you know who—you don't? —broke the ice with a 4 1/2-pounder.

**OF VITAL INTEREST
TO ALL**

In making the rounds in my campaign I have been asked time and again about the lawsuit that has recently been filed in the Federal Court against Floyd county. I became interested enough to procure a copy of that lawsuit so that I might familiarize myself with it so that I could more intelligently discuss it with you.

Floyd county and its taxpayers are, to say the least, jeopardized to the extent that we have an important lawsuit to defend in Federal Court and your next County Attorney, in co-operation with C. Kilmer Combs, employed counsel, will have that service to perform. Our present County Attorney and Mr. Combs are, in my considered judgment, doing a fine job so far representing us in this case, but there is no doubt in my mind that this case will be pending in the courts throughout the most of the term of your next County Attorney.

What the law firm of Skaggs, Hays & Fahey, who represent the plaintiff and bondholder in this case, are trying to do our people is best ascertained when one reads the prayer of their petition. In their prayer they ask for the following things:

1. Injunction against our treasurer and depository to prevent them from expending certain moneys except for retirement of bonds, interests, et cetera.
2. Judgment against Floyd county for the defaulted bonds and interest.
3. A mandatory injunction against the Fiscal Court requiring it, by order of Federal Court, to "Make such rates and charges for services furnished by the Gas & Water System securing such bonds, so as to be adequate to pay said judgments and to pay the interest and principal on all of such Bonds as such interest and principal mature."

I have given serious thought to the third relief they seek. If they succeed in this, that means that our Fiscal Court will be under orders from the Federal Court to meet and raise the water and gas rates high enough so that your bills will be sufficient to pay these defaulted Bonds, with interest, and to pay the remaining ones promptly as they become due. If the bondholder succeeds in getting this order of the Federal Court, that would mean that the Fiscal Court would have to more than double the present water and gas rates, which, as I am told is now far too high. This is one of the reasons that this lawsuit must be fought right on through with the same vigor that has been exercised thus far. After January 1, 1953, your next County Attorney will be your lawyer representing you along with Mr. Combs and I submit for your careful consideration that I with two Law Degrees, backed up with 35 years experience as a lawyer at the Floyd County Bar and in the State and Federal Courts, can do a better job defending Floyd county and its Gas and Water users, as well as its taxpayers generally, than either of my opponents.

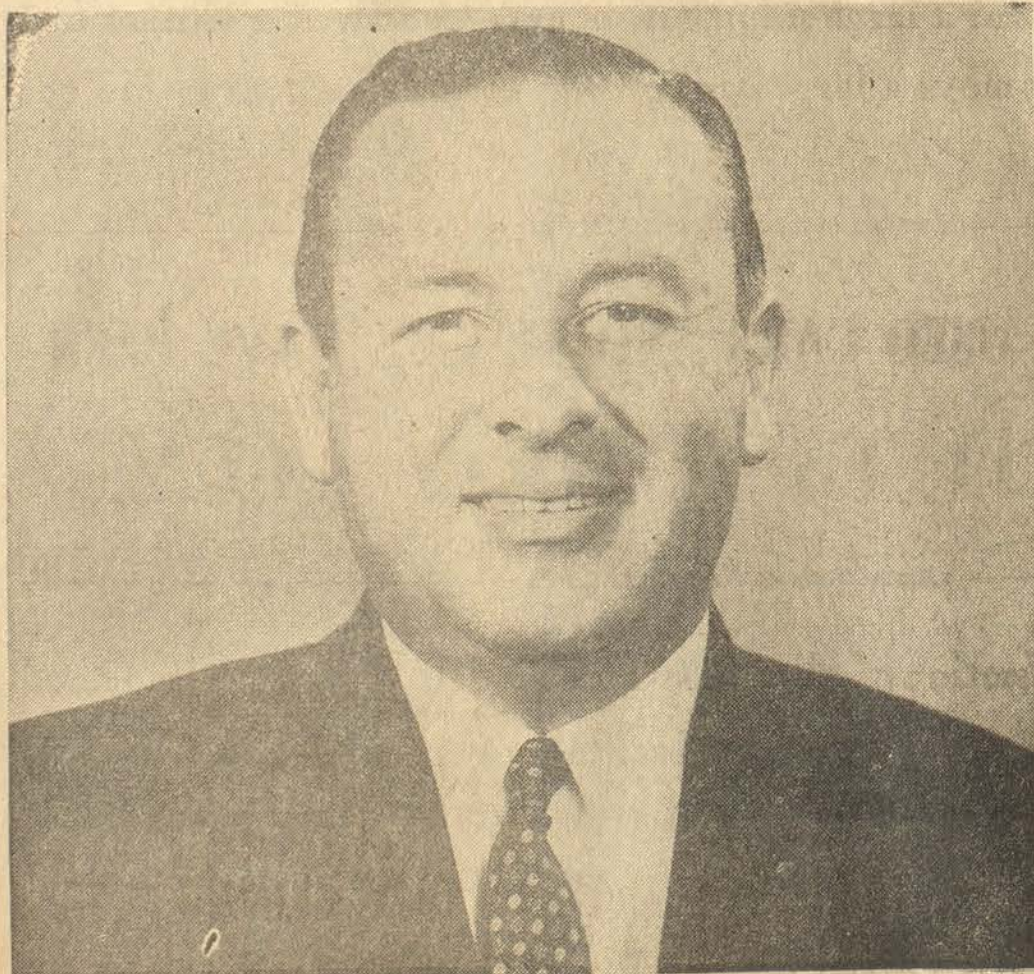

As things now stand, our Gas and Water users are paying far too much for their Gas and Water and at the same time are receiving far too little service for their money. To have to double (and more) that rate would be outrageous and our people just couldn't stand it. I propose to use every ounce of energy physically and intellectually, at my command as your next County Attorney to defend this lawsuit and save the day for us in court. If you have faith in my ability and honesty of purpose, then I humbly solicit and beg of you your active support.

Yours for Action,

JOE P. TACKETT

CHILD DIES

Dora Lee Thomas, two-year-old son of Mrs. Sylvia Handshoe Thomas and the late Hubert Thomas, of Handshoe, died Thursday of last week at Our Lady of the Way hospital, Martin, of spinal meningitis. Two of the victim's brothers, suffering from the same disease, are hospitalized at McDowell Memorial hospital and Homeplace hospital at Dwarf, Perry county, but are recovering. Surviving, besides the parents, are the following brothers and sisters: Michael, Patricia, Buford, Averill and Bennie, all at home. Funeral rites were conducted at the graveside Saturday and burial was made in the family cemetery at Handshoe under the direction of Turner-Ryan Funeral Home.

To the Voters of Magisterial Dist. No. 1

(Especially you who live up the Branches).

I am still appealing to you because I am one of you. I was raised on a branch and I know your needs as well as you do, and if you will elect me your Magistrate I promise to do all in my power to help you.

I will come personally and see after your roads and fix them as best I can. I want to visit each of you before the primary if I possibly can, but as I have no car it is pretty hard for me to get around. I have to depend on my friends for transportation, and you all know how that is. They have their own troubles to look after.

If elected, I have nothing else to do except be your Magistrate 6 days each week. Please consider me, and if you think I would make you a good Magistrate I would appreciate your vote very much. I promise you, I will never give you cause to regret voting for me, for I expect to be everybody's Magistrate and will play no favorites and will always have time to go over with you any troubles you may seek my advice on.

Education Official Warns Fully Employed Teachers On Excess College Hours

A memorandum from Louise Combs, Department of Education, Frankfort, to school superintendents last week pointed out the amount of college training a full-time teacher will be allowed to earn while teaching.

"Over and over teachers enroll in more work while teaching than the State Board allows," she wrote. "They tell us that they did not know the regulation. I can understand this and regret that we have not communicated clearly."

The Department of Education official asked the superintendents to inform the teachers of the following regulations:

"Teachers holding what would ordinarily be considered a full-time position shall not be permitted to receive graduate credit for more than 4 semester hours during any semester.

"A teacher who is undergraduate, holding what is considered a full-time teaching position may earn no more than 6 semester hours of undergraduate work per semester while he is actually teaching."

Neither the college or the State Department of Education is justified, in accepting more than the amount of work provided for in these regulations for persons who hold full-time teaching positions, the superintendents were told.

**Notice of Sale
 Of Electric Franchise**

On the 24th day of January, 1957, the Fiscal Court of Floyd County adopted a resolution directing the sale at public outcry of a county electric franchise. This resolution is of record in Fiscal Court Order Book No. 6, at page 532, and is in words and figures as follows:

WHEREAS, the existing franchise for the operation of the electric lines on the public roads of this county will expire on October 5, 1957, and

WHEREAS, it appears that it is to the interest of the public that a franchise be advertised, sold and granted entitling the grantee to use the public roads of Floyd County for the erection and maintaining of lines for the transmission and distribution of electric power.

NOW, THEREFORE, be it resolved by the Fiscal Court of Floyd County.

I
 Section 1: That there be sold at public auction to the highest and best bidder, the right, privilege, franchise and authority to construct, maintain and operate in, above, under, across and along the public roads, public ways, bridges and places of Floyd County, Kentucky (as the same now exist or may hereafter be laid out) lines for the distribution of electric energy, either by means of overhead or underground conductors, with all the necessary or desirable appurtenances, for the purpose of supplying electric energy to said county and the inhabitants thereof, and persons or corporations beyond the limits thereof, for light, heat, power and any other purpose or purposes for which electric energy is now or may hereafter be used, and for the transmission of the same within, through, or across said county.

Section 2: Said lines and appurtenances shall be constructed so as to interfere as little as possible with the traveling public in its use of the public roads, public ways, bridges and public places. The location of all poles or conduits shall be made under the supervision of the proper committee of this court.

Section 3: The rights, privileges and franchise hereby granted shall be in force and effect for a period of twenty (20) years from the date of passage of this order.

Section 4: Said grantee shall save the county harmless from any and all liability arising in any way from negligence in the

erection, maintenance or operation of said lines and appurtenances.

Section 5: Whenever the grantee shall begin the erection of any lines or other equipment, it shall promptly and diligently prosecute the work to completion and leave the public roads, public ways, bridges, and places where such work is done in as good condition or repair as before such work was commenced.

Section 6: Whenever in this order either the County of Floyd or the grantee is referred to, it shall be deemed to include the respective successors or assigns of either, and all rights, privileges and obligations herein contained by or on behalf of said county or on behalf of said grantee shall be binding upon and inure to the benefit of the respective successors or assigns of said county or said grantee, whether so expressed or not.

Section 7: This franchise shall be accepted by the grantee within sixty (60) days from the date of the order granting it.

II
 The Fiscal Court reserves the right to reject any and all bids.

III
 The County Clerk of Floyd County be, and he is directed after having advertised the time, place and terms of sale and the rights to be sold by posting five (5) written or printed notices, one at the front door of the courthouse and one in four (4) other public places in the county, the first date of posting such notices to be at least fifteen (15) days before the date of sale, and by publishing the same in the Floyd County Times for not less than three (3) consecutive issues next before the date of sale, to offer for sale at public outcry to the highest and best bidder at the front door of the courthouse in the city of Prestonsburg, Floyd County, Kentucky, between the hours of 10:00 o'clock in the morning and 2:00 o'clock in the afternoon, on some convenient date to be named in such notices and advertisements; and receive bids at public outcry for the right, privilege, franchise and authority to erect and operate such electric lines along such roads and places as set forth above.

No person, however, other than the owner of a plant and equipment sufficient to render the services required by this resolution shall be entitled to bid on such franchise unless such person shall deposit with the clerk before the commencement of the bidding a certified check for the sum of Five Hundred Dollars (\$500.00). Each person bidding on said franchise must produce to clerk a certificate of convenience and necessity from the Public Service Commission of Kentucky, entitling such person to bid upon said franchise. Said franchise shall be sold for cash in hand and such certified check shall not be returned until the amount of the bid has actually been paid to the clerk in cash.

IV
 The clerk will report his acts, together with all bids received by him for such franchise, to the Fiscal Court at its next regular or adjourned or called meeting to be held immediately after such sale.

Pursuant the direction of the Fiscal Court of Floyd County as set forth in the foregoing resolution the undersigned will on Monday, the 8th day of April, 1957, at the front door of the courthouse in the City of Prestonsburg, Floyd County, Kentucky, and at 10:00 o'clock in the forenoon or shortly thereafter offer for public sale at public outcry to the highest and best bidder an electric franchise on the public roads of Floyd county, which electric franchise shall be in the terms set forth in the foregoing resolution and said sale shall be made in all respects in accordance with the resolution set forth above and all bidders will be required to comply with the terms of such resolution.

WITNESS, DuRan Moore, Clerk of the Floyd County Court and as such Clerk of the Floyd County Fiscal Court, this 19th day of March, 1957.

DuRAN MOORE,
 County Clerk of Floyd

CLIVE AKERS FOR TAX COMMISSIONER PERFORMANCES, NOT PROMISES My grandparents are Jake (J. P.) Akers, Alamander (Squint) Martin, Evelyn Hall and Elizabeth Akers. I received my elementary education on Left Beaver of FLOYD county. After my father died I attended the CANEY CR. COMMUNITY CENTER AT PIPPA PASSES, Ky., where I completed two years of college. I want to sincerely say that the guidance MRS. ALICE S. G. LLOYD gave me, has been an outstanding IDEAL in my life. After leaving CANEY I attended MOREHEAD STATE COLLEGE where I graduated a Bachelor of Science with a major in mathematics. Fifteen years of my life were spent as a HIGH SCHOOL MATHEMATICS TEACHER AND ATHLETIC COACH in FLOYD COUNTY. My record as a SCHOOL TEACHER, A CITIZEN, and as your TAX COMMISSIONER IS OPEN to all TAXPAYERS, CITIZENS and VOTERS of FLOYD COUNTY. It WILL be my policy in the future, as in the past, to help the TAXPAYERS solve their problems and make FLOYD COUNTY A BETTER Place to live. Ask yourself, what else do we want? If my record meets your approval I believe I have the right to solicit your support. Records are made by performance not by promises. I HAVE CONFIDENCE IN MY RECORD. CLIVE AKERS

How many of us know how heavy is the indebtedness of Floyd county?

This is a matter that means much to every person who lives in Floyd county and pays taxes.

If elected your County Judge, I will call on the business men and the bankers of the county to help me solve this big problem of indebtedness.

I pledge furthermore that we will work out a sound, sensible, forward-looking budget, and that that budget will not be exceeded.

Sincerely, BILL COOLEY

To The Voters Of Floyd County:

The voters' registration books are now open and will remain open until fifty-nine (59) days before the May 28th Primary Election.

Brucellosis Dangerous To Humans and Animals

Scientists and control agencies fighting brucellosis, the disease that annually causes tremendous dollar losses in dairy herds, in the U. S., always point out one thing to back up their eradication program:

The disease hits humans as well as cattle, swine, and goats. Its effects are long-lasting and sometimes fatal.

This is another good reason why the state's program to get brucellosis under control should be supported by all Kentuckians.

Humans get brucellosis (called undulant fever in man) by consuming raw or unpasteurized dairy products from infected cattle. They also can pick it up from handling infected animals, either live or carcass.

Undulant fever involves mostly young men. Children less than 14 years of age rarely contract the disease; above that age, the ratio of cases in males is about four to one compared to females.

Farm people--because they raise and handle cattle, swine and goats that are likely to have this disease--are most vulnerable to brucellosis.

There is no known cure for the disease, regardless of whether it hits cattle, swine, goats--or humans.

In Revelation 1:18 Jesus came to John in the isle that is called Patmos, and He said to John, Fear not, for I am he that was dead, but behold, I am alive forevermore, and I hold the keys of hell and of death.

Yes, He still holds them and will forever. But he gave to Peter some keys just after He was transfigured (Matt. 16:18). Yes, the keys to the kingdom of heaven.

Now go with me to Daniel 2:32, to the stone that was cut out without hands and destroyed King Nebuchadnezzar's idols. In Matthew 16:18 Jesus built His church on it, and said the gates of hell should not prevail against it. And in Daniel 2:44 He said, The God of Heaven will set up a kingdom that shall stand forever.

So now we all can see that the Jews and the Gentiles are all one in the sight of God. In John 3:5 Jesus told Nicodemus that a man must be born again, otherwise he cannot see the kingdom of God.

Jesus told the woman at the well that we must worship God in the spirit and in truth, for God is a spirit and no man can worship God until in Him--born of the spirit, born into that kingdom.

I am warning the lost world that we must be born into that great kingdom by the Holy Spirit. The wind bloweth and you hear the sound thereof but cannot tell whence it cometh. So is every one that is born of the spirit. (John 3:8).

NOTICE IS HEREBY GIVEN THAT UNITED FUEL GAS COMPANY, a corporation, with its principal offices at Charleston, West Virginia, did, on the 14th day of March, 1957, file with the Public Service Commission of Kentucky at Frankfort, Kentucky, notice of adjusted rates to become effective for gas service rendered and gas supplied on and after April 8, 1957, unless suspended by order of the Commission. Said adjusted rates being as follows:

Schedule No. 1

APPLICABILITY Applicable to customers served from the Company's facilities in Kentucky.

AVAILABILITY OF SERVICE Available for general residential, commercial and industrial service. This Rate Schedule is not available for the purchase from Seller of natural gas to be used by Buyer as boiler fuel in an amount exceeding two thousand (2,000) Mcf on any one day.

RATE First 1,000 cubic feet, or the right thereto, used through each meter each month \$2.00 Next 29,000 cubic feet used through each meter each month .65 per Mcf. Next 370,000 cubic feet used through each meter each month .56 per Mcf. All over 600,000 cubic feet used through each meter each month .45 per Mcf.

MINIMUM CHARGE The minimum charge per month shall be \$2.00.

The above rates are predicated upon a base cost for gas delivered by the Company at the city gates, determined by applying to the gas so delivered the rates of the Company applicable to sales to interstate wholesale customers subject to the jurisdiction of the Federal Power Commission.

Schedule No. 2

APPLICABILITY Applicable to interstate utility customers served from the Company's facilities in Kentucky.

AVAILABILITY OF SERVICE Available for service to interstate utilities purchasing gas for resale within the State of Kentucky. This Rate Schedule is not available for the purchase from Seller of natural gas to be used by Buyer as boiler fuel in an amount exceeding two thousand (2,000) Mcf on any one day, or for resale for consumption as boiler fuel in an amount exceeding two thousand (2,000) Mcf on any one day by any one ultimate consumer.

RATE For all gas delivered through each meter each month \$0.43 per Mcf.

MINIMUM CHARGE The minimum charge per month shall be \$25.00

The hearings on said adjusted rates so proposed in said notice will be held at the offices of the Public Service Commission of Kentucky at Frankfort, Kentucky at 1:00 P. M. (CDS), May 29, 1957. 3-21-57.

WAIT!

Be sure you know who you are voting for in this coming election. Make it the election that will mean most to you and your county.

I have served the public for 20 years, and it means a lot to know how to treat people. I don't think I have one enemy in this county anywhere. I am the son of the late Rev. George Patrick, of Garrett, Ky., and was born at Prestonsburg and lived there for 10 years. I was raised on Beaver Creek. I am not bringing my war record in this matter, although I did spend two years overseas serving my country.

Your help and support will be highly appreciated.

Terry Office Supply Reopens During Week

The Terry Office Supply opened for business this week after flood damage to its quarters in Town Center had been repaired and stock lost in the water had been replaced.

The business was formerly operated under the name, Mayo Trail Office Supply, but the shorter name was adopted by the owner, Quentin R. Terry, after the high water had ruined the business sign and all stationery bearing the old firm name.

Qualifies for "Big Sandy Flight"

Cleveland Johnson, son of Mr. and Mrs. Willie Johnson, of Teaberry, was the first young man to qualify for the "Big Sandy Flight" from this area according to Sgt. Junior Murphy, local Air Force recruiter. Cleveland will be sworn into the Air Force April 15 along with the other young men on the "Big Sandy Flight."

A PLATFORM FOR PROGRESS A CANDIDATE YOU CAN TRUST

ELECT ROBERT WELLMAN COUNTY ATTORNEY

Democratic Primary, May 28

In opening my campaign for the office of County Attorney, it is my hope that the voters of Floyd County will elect the candidate MOST SUITED TO THE TRUST of this important office. I sincerely believe I am that candidate, but it is for the voters to decide.

The eight years I have practiced law have not been easy. I have never had the opportunities my opponents have had. I do believe, however, that I CAN DO MORE FOR FLOYD COUNTY AND CAN SERVE YOU BETTER. I seek the office upon my reputation as a man and upon my training and experience as a lawyer.

I am an overseas veteran of World War II; a former school teacher of Wheelwright and McDowell High Schools; a graduate of Morehead College and the University of Kentucky, College of Law. During the past ten months I have worked part time as a referee for the Workmen's Compensation Board.

I was born on Middle Creek, near West Prestonsburg, Kentucky, the son of Felix D. Wellman and Ella Harris Wellman. My father was a coal miner for many years. I am the grandson of Sanders Wellman and Narcissus Bradley Wellman, and of Bob Harris and Kate Leslie Harris. Grandfather Harris was an elected Sheriff of Floyd County. Many people will also remember his brothers, Joe Harris, Jim P. Harris and Add Harris.

I am married to Betty Jean Martin, daughter of Sam Martin and Nora Newsome Martin, of McDowell on Left Beaver Creek. Betty's grandparents were Keen Martin and Martha Robinette Martin, and Wilce Newsome and Rheta Hopkins Newsome. By blood and marriage I am widely related throughout our county.

Betty and I have two daughters--Elizabeth Lynn, 2 1/2 years old, and Nora Lou, 5 months old. Our home is on U. S. Highway 23, near the mouth of Cow Creek.

If elected as your County Attorney, I shall devote my time and energy to the fair and honest administration of the office, and to bringing about a solution to the FINANCIAL AND ROAD PROBLEMS which face the County. IN THE MATTER OF ROADS, I AM CONFIDENT THAT I CAN DO MORE TO HELP FLOYD COUNTY THAN EITHER OF MY OPPONENTS. I have had training in commerce and accounting, and I believe that such training will be valuable in soundly advising the Fiscal Court on matters related to the budget and financial affairs. I have no desire to handle, receive or control the tax dollars or county treasury. This is not the duty of the County Attorney. I will, however, honestly and sincerely abide by the laws I shall be sworn to uphold, and will cooperate with all honest and sincere efforts to improve our county.

I am especially interested in the youth of our county. I know that our young people have the heartfelt desire and ability to live by the standards which have stood through all time. CHILDREN LEARN BEST BY GOOD EXAMPLES. IF ELECTED COUNTY ATTORNEY, I SHALL DO MY BEST TO KEEP THE RESPECT OF YOUNG AND OLD.

MY PURPOSE IN BEING A CANDIDATE IS SIMPLY TO WIN. Every candidate, of course, will recommend himself highly. I am not skilled in the art of deceit or self praise. I am not all things to all men. I'm just a plain country boy who'll do his best to make you the best County Attorney you ever had.

To Paintsville Again

GEO. L. HOWE

Well-known expert of Indianapolis will personally demonstrate his method without charge at the Howard Hotel, Paintsville, Thursday, April 11th from 9 a.m. to 12 noon. Ask for Mr. Howe at desk.

Mr. Howe says the Howe method contracts the openings in remarkably short time on the average case, regardless of the size or location of the rupture and no matter how much you lift or strain puts you back to work the same day as efficient as before you were ruptured.

The Howe Rupture Shield has no leg strap; waterproof, sanitary. Practically indestructible and can be worn while bathing. Each shield is skillfully molded and fitted to the parts under heat which gives a perfect fit and satisfaction.

Large and difficult ruptures following operations especially solicited. Do not overlook this opportunity if you want gratifying results. Mailing address: Howe Rupture Est., Washington at Lincoln, Oakland City, Indiana.

Last Rites for Lowe Are Held at Pikeville; Was Victim at Ft. Knox

Funeral rites were conducted at 1 p.m., Tuesday of last week, at the Pikeville Freewill Baptist church for Floyd Lowe, 56, who died the preceding Sunday at a Fort Knox hospital following a long illness. Mr. Lowe, a native of Pike county, was a brother of Langley Lowe, of Betsy Layne.

He was a son of the late Ireland and Anna Leslie Lowe and he and his wife, were residing at Fort Knox with their son, Sgt. Landy Lowe, at the time of his death. Mr. Lowe was a former miner.

Survivors include his wife, Mrs. Hassie Lowe, three sons, besides Sgt. Lowe, and three daughters: William I. Lowe, also of Fort Knox, Willard and Floyd Dennis Lowe, both of Detroit, Mrs. Ramsey and Mrs. Jewel Justice, both of Detroit, and Mrs. Reed Blackburn, Baltimore, Md. Two sisters, Mrs. Aileen Smith, and Mrs. Lillie Hamilton, survive as do four grandchildren.

The Revs. Johnny Conley and James Harman officiated at the last rites and burial was made in the Lowe cemetery at Mossy Bottom.

RAY HOWARD

Candidate for
County Court
Clerk

I am a candidate for County Court Clerk because I want to change things a bit. I want to give the people a choice for whom to vote, a choice between men on one side who are professional politicians and make office holding a lifetime job and myself who seeks office for the first time with no intention of trying to bed down in the Clerk's office for years.

I want to find out a few things, too. I want to find out why, after all the fees that office takes in, that it breaks even every year, all the time, with nothing left over for the County Treasury. The office, the way things seem, just breaks even. I want to find out the truth and if money is left over it will be paid into the County Treasury where it belongs.

I don't want to get rich. I plan to buy no bank stock, erect no big business structures to rent. I want only the legal, Constitutional salary and the balance will go to the County Treasury. The money left over from the office should go to buildings a few creek roads.

I want to set an example to our young folks in politics. I want to prove that a man who seeks to live right, can be elected to office. I want to prove that the voters want good, decent, fair, clean administration in office. Elect me and you can point with pride to an official who will not let tax money stick to his hands. I believe the office can turn back into the County Treasury something like \$1,000 per month. Elect me and we'll find out together.

Elect me and you will prove these things:

1. I will buy no bank shares, go into big business or try to get rich, year after year, in the Clerk's Office.
2. I will take only my Constitutional limit in salary and pay the balance back into the County Treasury where it belongs.
3. I will conduct the office with trained, courteous, efficient help at reasonable salaries. I do not plan to put my folks on big salaries. To milk the office dry into my own bucket.
4. I will not be controlled by any State Administration machine. I will stand on my own feet and will need no other group to prop me up, for a man who lives right square and honest, needs no aid except from his own conscience.
5. I will not meddle in other races, school, state, county or district. The office will not be a political headquarters for any group. It will be your office, run by me for YOU.
6. I can and will work with other county officials for the industrial, social and spiritual growth of our county.

In conclusion, allow me to say, that I am the son of F. P. (Chick) Howard and Nora Allen Howard. My grandparents were Reps Allen and Martha Hall Allen of Lackey and Dan and Martha Handshoe Howard of Salt Lick and West Prestonsburg.

Miss Smiley, Winner Of Speech Tourney

Miss Jessica Smiley will leave next week for Mayfield, where she will represent the Northeast region of the Baptist Training Union in the speech tournament at the state Training Union convention.

Miss Smiley, a senior at Prestonsburg high school, earned the right to participation in the state speech tournament by winning the regional contest held at the Louisa Baptist Church last Thursday. This is the second consecutive year that Irene Cole Memorial Baptist Church has sent a regional winner to the state meet, Miss Rebecca Conley having won in the regional last year.

ENDORSES ROBERTS

I take this method of asking my friends to support Dewey Roberts for county judge, as I am in the hospital and don't have a chance to see you. I have known him most of my life and I know him to be an honest and sober man. I believe he is well qualified for this office. He made us a good magistrate in our district. He was always ready and willing to help the people. When he was magistrate he would always have an officer at church to keep the peace and protect the public. He built many roads in our district while he was magistrate. When you help him you are helping me also. I will certainly appreciate any thing you may do to help him.

Thanking you in advance.

FEDERAL TAX BITE HITS FLOYD FOR \$22,770,000

(Special to The Times)

New York, Mar. 25—Residents of Floyd county will be preparing to pony up more money than usual on April 15, through their individual income taxes, if the government's hopes and expectations are to be realized.

Figures for last year, while not official, indicate that residents of the county forked over \$2,770,000 in such taxes to cover their fiscal year 1956 liability.

Their contribution amounted to 0.94 percent of the entire personal income tax collection throughout the State of Kentucky.

The figures are an estimate, based on a breakdown that took into account the Treasury Department's report on returns from the state, average local earnings and income groupings.

With economic gains recorded in most areas during the past year, the Administration feels that the goal set for the country, \$38.5 billion in personal income taxes, will be met through the current, fiscal 1957, collection.

The government is counting on more prosperity and further economic growth during the present year to produce still higher revenue in 1958. The new budget is based on an anticipated personal income

rise from the current \$325 billion to a new high of \$340 billion.

For Floyd county residents, if they attain their proportionate share of this gain, there will be personal income taxes to pay next year or nearly 6 percent over the amount they are now turning in.

The President's huge budget, which has become the subject of strong comment in all parts of the country, calls for the collection, through individual, corporation and miscellaneous taxes, of a record \$86 billion.

Some \$83 billion of this is allocated to be spent, about half of it for national defense. Contemplated, also, are more subsidies for business and for farmers, new welfare programs and an expansion of existing ones, and an increase in foreign aid.

In response to the public clamor, the Administration has called upon government departments and agencies to help Congress in its efforts to cut the budget.

MARTIN

WOMAN'S CLUB MEETS

The Allen-Martin Woman's Club held a program meeting at the home of Mrs. German Vance Monday evening, March 25. After the club collect and the opening reports, Mrs. Otis Spurlock, of Allen, was introduced as guest-speaker.

After an explanatory discussion of the art of basket weaving, Mrs. Spurlock assembled materials for a demonstration of weaving a simple reed basket, which was finished in about half an hour. All members were so impressed with the attractive and useful product that each decided to make a basket, choosing from the different types shown on a leaflet passed out by Mrs. Spurlock. An order was made up for the kits.

After the meeting was closed with prayer, a dessert course was served by Mrs. Vance to the following members and guests: Frances Sherman, Hazel Adams, Euna Lauven, Artie Marrs, Marjorie Sammons, Nelle Music, Florence Marshall, Catherine Hall, Welpha Tackett, Dorothy Martin, Louise Huddleston, Marcissus Dingus, Mollie Denney and Lucretia Spurlock.

On the preceding Monday a call meeting was held at the home of the president, Mrs. J. J. Sherman. A report was made by the nominating committee on officers for the new club year to be elected at the next business meeting.

Mrs. Sherman announced convention dates and asked for at least two volunteers to attend the state convention, May 14-16, and the national convention in Asheville, North Carolina, June 3-7.

Committees were assigned to make the necessary arrangements for entering the Mother and Daughter Clubs on April 1 at the Methodist church here.

FLEMING ENLISTS IN ARMY

Wayne Thomas Fleming, of Wheelwright, has enlisted into the Army at Ashland for a period of three years.

Fleming, who is the son of Mr. and Mrs. Nathan Fleming, was enlisted under the Army's program of permitting qualified volunteers to choose their field of training and Fleming chose the Signal Corps as his branch.

HONEST EFFICIENT QUALIFIED

A Graduate of International Detective School of Washington, D. C. Class of 1947, No. 5860 (A son of Buck Gray and Lona Ousley Gray)

Experience counts. Elect a young man your Sheriff, who needs the office and who likes officer work and has had eight years of HONEST, FEARLESS and IMPARTIAL law enforcement in Floyd county. When nominated and elected I WILL BE YOUR SHERIFF and I will be out in the county with my deputies to see that you are served as you should be by me and my deputies. All legal papers placed in my hands will absolutely be served regardless who they are for. And all cases or crimes that I am called out on will be investigated and a full report made to the proper authorities. I find during my campaign over the county that this is the kind of sheriff you want, so I feel for sure you will elect me your Sheriff—on the Democrat ticket. Again, I thank those of you who are helping me in my campaign for this office of yours.

Your friend,
AMOS GRAY

Defensive Driving Is Recommended By Safety Head

Frankfort, April 1 (Spl.)—Safety Commissioner Don S. Sturgill has urged motorists to "drive defensively." He pointed out that all motorists need to be on guard against the unpredictable behavior of pedestrians and other drivers.

"The other person is the big question mark in traffic," Sturgill said. "But at the same time we need to re-examine our own driving and walking habits and continuously try to improve them."

"Every highway user has a moral responsibility to prevent accidents if he can—even if the other fellow is at fault," Commissioner Sturgill declared.

He emphasized that in traffic the driver is at the mercy of everyone he meets. His only protection lies in anticipating the other fellow's actions and counteracting his blunders with quick safe action.

The Commissioner listed these highway blunders as most likely to cause trouble:

- Failure to head a stop sign.
- Making a left-hand turn from a right-hand lane.
- Failure to signal a turn.
- Stopping suddenly.
- Trying to pass on a curve or in a no-passing zone.

Suddenly out from the curb into traffic without warning.

Weaving dangerously through traffic.

The state safety head also warned drivers to watch out for pedestrians crossing in mid-block or against the lights, getting out of a vehicle on the street side or walking along the road in dark clothing at night.

Baseball Team Roster Lists Four from Floyd

Pikeville, Ky., April 1 (Spl.)—Pikeville College's 20-man baseball squad, including four former Floyd county schoolboys stars will launch a schedule of 12 games Saturday at Wise, Va.

After opening against Clinch Valley College, the only junior college on their 1957 card, the Pikeville Bears will meet Morehead State, Union and Concord (W. Va.) colleges. They also have scheduled home-and-home games with the Fort Knox Tankers during the season.

Pikeville, a basketball-playing former junior college, is fielding a baseball team for only the second successive year after a four-year layoff. Newly-organized golf and tennis teams also are to play limited schedules this spring.

Players listed on Pikeville's baseball roster, and their high schools, are Bob Adkins, Virgie; Ray Bailey, Belfry; Millard Bevin, Belfry; John Butcher, Pikeville; Jack Crum, Hurley, Va.; Clay Dotson, Hurley, Va.; James Jeans, Louisville Valley; James King, Belfry; Pete Lewis, Belfry; Ken Maynard, Lenore, W. Va.; James Moss, English, Ind.; Jim Reed, Kentucky Military Institute; Joe Robinson, Pikeville; David Runyon, Belfry; Goble Salyers, Elkhorn City; Mack Stone, Garrett; Bob Stratton, Betsy Layne; James Thompson, Martin; Don Willis, Prestonsburg, and Raleigh Wright, Pikeville.

Cub Scout Leaders Schedule Pow Wow

A Cub Scout Pow Wow for the leaders of Scouting for younger boys will be held at the public school of Jenkins, Saturday afternoon.

The program will feature games, handicraft, pack administration, and ceremonies and wind up with a banquet at the Methodist Church of Jenkins at 6:00 p.m., Saturday.

Den mothers, cubmasters, Pack committeemen, and interested parents from the 15-county area of Eastern Kentucky and Virginia included in the Lonesome Pine Council are expected to attend.

The program will provide leaders with the "know how" of Cub Scouting. Leaders and interested parents are requested to send in their reservations to Albert Farley at Jenkins, chairman of the Pow Wow Committee, or to their local cubmaster.

COACHES APPLICATIONS

Rondell Hart, ex-Morehead College football star, has filed an application for the Wheelwright high school coaching vacancy. Rumor has it that Pikeville cage mentor John Bill Trivette has been made a fabulous out-of-state coaching offer. Oscar "Chig" Bush, formerly of Greenup high, and currently a teacher at Betsy Layne high, has applied for the head basketball coaching job at Ashland high. Bob Sang, presently an assistant on the Ashland staff, looms as the logical choice for the vacancy.

BASEBALL MEETING SET

The next meeting of the Prestonsburg Baseball Association will be held Thursday, April 11, at 7:30 in the Fire Department building. The local Junior American Legion "Colts" have received a charter for the 1957 season and the Prestonsburg Merchants have been entered in the Big Sandy League. A pledge of any size is welcomed by the Association to help finance this worthy project.

JAYCEES PLAN SPRING ACTIVITIES

The Prestonsburg Junior Chamber of Commerce is in the planning stage of its annual spring sports program which will include the Teen-Age Rodeo and junior golf tournaments. Applications for both will be taken within a few days. Watch next week's sports pages for details.

BASEBALL SCHEDULES

Prestonsburg high school baseball coach Jack F. Wells and assistant Don Sullivan have carded ten baseball games before the district tournament, May 6, and the E.K.M.C. tournament in Jenkins, May 13. The local nine will play their first home game Thursday afternoon on the high school field.

SPEEDWAY OPENS SATURDAY

The Sandy Valley Speedway will open Saturday night at Allen at 8:30 p.m., with a full card of stock-car racing. Track officials are hopeful for at least 20 car entries.

DAVID MARRS NETS BIG N

David Marrs, of Martin, brought home another "whopper" large-mouth bass last Sunday afternoon to maintain his record as one of Dewey Lake's leading anglers. The veteran fisherman landed a 7-lb. beauty on a black-and-white lazy-lake.

SIX FLOYD SCHOOLS IN CHORUS CONCERT

Pikeville, y., April 1 (Spl.)—Half a dozen Floyd county schools—McDowell, Martin, Maytown, Prestonsburg, Wayland, and Wheelwright—and four other Eastern Kentucky high schools will be represented in the All-Festival and chorus concert with which the Pikeville regional music festival will close Saturday evening, April 6.

The 200-voice chorus and the band of 110 pieces will be presented at 7 p.m. in the Pikeville College gymnasium, Dr. A. A. Page, college president, announced. Rolf E. Hovcal, head of Berea College's music department, will conduct the chorus, and the band will be directed by Dr. Johnson E. Duncan, music-department head at Morehead State College.

The performance by the groups will climax the four-day festival, which is held each year on the Pikeville College campus. Members of 13 high-school choruses and the same number of bands make up most of the 1500 students who are elected to take part in the meet.

Entrants whose performances are judged best will be chosen to enter the state music festivals in late April and May in Lexington. Regardless of rating, all students will receive the advice and criticism of the judges, Dr. Page said.

Judges for the festival are Hovey, for vocal and choral entries; Dr. Duncan, for brass instruments; James E. Van Peursem, Eastern Kentucky State College music-department head, for woodwinds, and Ford Montgomery, of the University of Kentucky music faculty, for piano.

Belfry, McDowell, Martin, Maytown, Paintsville, Prestonsburg, Salyersville, Virgie, Wayland, and Wheelwright high schools are to be represented in the All-Festival band and chorus. Other schools which will take part in the festival are Cordia, Cumberland, Dorton, Elkhorn City, Fleming-Neon, Harlan, Hazard, M. C. Napier and Pikeville high schools, Pikeville College Academy and Shelby Grade School.

It was noted by the officers that the historical society is not sponsoring the Floyd County Hall of Fame and no connection exists between the two groups.

From 1871 to 1873, Gen. George Custer lived in Elizabethtown while writing his book, "My Life on the Plains."
