

This Town— That World

Eastern Kentucky and the weather are a lot alike. Every-body talks about both and do nothing about either.

At Pikeville Saturday, Lieutenant-Governor Waterfield was high in his praise of the "patience and courage of Eastern Kentucky's people."

THE UNARMED SERPENT

To get to serious matters, let me tell you about the coral snake the youngsters turned up with at our place last week.

Well, this snake had, shall we say, all the earmarks of a coral snake: colored bands around its body rather than longitudinally.

After boning up on the description and general characteristics of a coral snake, and after making certain the specimen at hand was well dead, we decided to have a look at his teeth.

We thought to take a closer look for concealed fangs when young Don Turner, standing by, stopped us with the remark: "Maybe Doc Salisbury got hold of him before we did."

AN UNRANKED FAILURE

For want of something better to do on a steamy-hot day, I whiled away a few minutes the other morning reading about what Lana Turner said she found

GRAY IS HIRED AS FIRE CHIEF

Ex-Policeman Is Named By City Council Monday To Succeed Blackburn

Amos Gray, former Prestonsburg policeman and deputy sheriff, and a recent Democratic candidate for Sheriff, was named chief of the Prestonsburg fire department by the City Council at its regular meeting, Monday night.

He succeeds Vernon Blackburn, veteran chief, who was discharged by the Council in a special meeting last week. Blackburn's dismissal followed a recent altercation at the courthouse with Chief of Police Epp Laferty.

Gray's salary of \$300 a month is the same as that paid Blackburn. This pay covers 24-hour duty. He and his family will occupy the three-room apartment on the second floor of the old City Hall, where the two fire trucks and equipment are kept.

Johnny Ellis, who acted as fire chief in the early morning fire here Sunday, submitted his resignation from the volunteer fire department at the Council meeting. "I've had enough," he said.

He was told, however, by Mayor Harry Sandige that a state of emergency had been declared and that volunteer firemen are temporarily "frozen" at their posts.

FISCAL COURT ACTS TO SET OFFICIAL PAY

Court Enters Contract To Get Rural Road Aid; Office Help Is Limited

Official salaries, budgetary problems and an agreement with the Rural Highway Department on the Floyd County allotment of funds for road maintenance are matters decided at fiscal court meetings this month, ending with last week's court session.

Taking advantage of the \$66,007.26 rural highway allotment, the court entered into an agreement last week which provides that the funds are to be used only for furnishing or placing, as far as funds will permit, surface aggregates on a number of road projects. All other maintenance work such as patrolling, grading ditching, draining, repairing and replacing drainage structures are to be the county's responsibility.

The agreement entered into also provides that if at any time the Commissioner of Highways or his representatives are of the opinion the fiscal court is failing or refusing to perform maintenance work the Commissioner may take over the work and do it as far as funds allotted will permit, with the county to reimburse the Rural Highway Division of the State Highway Department for all expenses incurred in doing the work.

Official salaries and salaries to be allowed officials' assistants were fixed by the fiscal court at its June 6 meeting. These follow, with the maximum salary for no official to exceed \$7,200 a year after expenses are deducted.

Jailer, \$1,800 a year janitor fee and allowed not more than two deputies at a monthly salary not to exceed \$125 a month each.

Sheriff, maximum number of deputies set at five; chief deputy to be paid \$300 a month, four deputies \$250 each per month and a clerk \$175 a month.

County Clerk, one deputy at \$250 a month, two deputies at a salary of \$175 each a month, two deputies at \$150 a month; granted authority to employ additional help for contract work, the pay for such work not to exceed the top fee the Clerk receives for the work; \$1,200 a year as clerk of

POPULATION STUDY MADE

Urbanization Is Trend Established In Floyd Over Ten-Year Period

Special to The Times NEW YORK, June 17—In the seven years since 1950, when the last census was taken urbanization has progressed faster in Floyd county than in most parts of the United States.

The changes are indicated in studies made by the Department of Agriculture, the Commerce Department and other units to determine how much of the nation's land area is populated and to what extent.

Locally, it is found, the concentration of population has become greater than in most counties in the country. Floyd county, in its 402 square miles of land area, now has a density of 98 people per square mile.

This compares with a density of 51 per square mile in the United States and with 65 in the East-South-Central states.

And this trend in the direction of urbanization is expected to progress rapidly as new communities spring up, one next to the other, converting rural areas into towns and cities.

The extent of this expansion is seen in an estimate that, at the present time, an area larger than Rhode Island "goes urban" each year.

Despite the changes taking place, there remains as much land in farms as at any time, it is observed. But the acreage per farm is greater than before due to consolidation of small farms into larger units.

With urban areas accounting for most of the population growth in the past seven years, the proportion of people living on the land has been reduced to about one in eight.

The overall effect, economically, has been good both for business man and for worker. As for the former farm worker, now holding down a job in industry, he is making more money than he has in years. The average income throughout the county, after taxes, have gone up from \$567 per capita, in 1950, to \$789 today.

Group Seeks Flood Control Funds

Lives of Five Hang On A Single Strand As Car Leaves Road

Five persons, all residents of Prestonsburg, had a narrow brush with death last Thursday afternoon when an auto left the road across the lake from the boat dock and dropped over the embankment.

The car caught on a steel mooring cable, and but for this would have turned over and dropped into 15 feet of water.

The five, all of whom escaped uninjured but wet, were Mrs. Raymond Copley, son and daughter, Forrest and Margaret Sue, Judy Whitten and Johnny Stanley, driver of the car.

HOUSE GROUP FAILS VALLEY

Hope of Flood Control Now Rests With Senate As House Skips 2 Dams

Eastern Kentucky this week saw in U. S. Senator John Sherman Cooper and the Senate Appropriations Committee its only hope of planning this year for flood control in its river valleys.

This situation arose last week when the House Appropriations Committee voted \$39,388,400 for planning and constructing river projects in the state this year but failed to make any appropriation for the Big Sandy and other streams in the flood area.

Not included in the bill that goes to the House floor for action this week were additional funds that had been requested by Senator Cooper, Congressman Carl D. Perkins and others for flood-control projects in this section. The committee made no provision for either the Fishtrap reservoir in Pike county or the Pound reservoir in Virginia.

Unless Senate action is taken, the projects in this area will have to wait until next year when the Army Corps of Engineers' report on the Big Sandy and its tributaries will be available. Completion of that survey is expected sometime this year.

Representative William H. Natcher, Bowling Green, said the House committee accepted budget recommendations of all 16 Kentucky projects without a single reduction.

But the committee did cut \$31,748,200 out of the Army engineers' civil-functions budget and recommended \$600,381,000 for river work.

The bill that goes to the House floor for action contains funds for only one new Kentucky project. That is a \$50,000 item for advance engineering and design of Barren Reservoir No. 2, near Scottsville. The river work was covered in the public-works appropriations bill, which also included funds for Department of Interior power and reclamation functions.

DIAL SYSTEM OPENING SET

Harold Telephones Get Automatic Use Monday; Dedication Set June 28

The Harold Telephone Company will place its new dial system in service Monday noon, it was said this week by Paul Gearheart, president. The formal "cut over" celebration will follow on Friday, June 28.

The company, successor to the Roberts Olga Telephone Company, has been engaged in an expansion program for several months and over a year ago was the recipient of a \$337,000 government loan under the telephone division of the REA.

Area to be served by the newly revamped system will be the river section from Boldman to Ivel, including such creeks as Big and Little Mud, Mare Creek and others.

A dedication program is also planned for the evening of June 28 at the Betsy Layne high school auditorium from 6 to 7 o'clock, Gearheart announced. In the meantime the company's new central office and business building at Harold will be thrown open to the public from 2 to 5 p.m.

"This will be an excellent opportunity to take a look at our new offices and get some helpful information about the company," Gearheart said.

Right-of-way staking of the nearly 100 miles of telephone line began in March last year and pole installation was completed recently. Remaining to be done is the stringing of a few miles of wire.

Heat Wave Stimulates Cooling Appliance Sales

If there is another heat wave this summer comparable to the one over last week-end it certainly won't find many persons in this area without facilities to keep cool. Prestonsburg merchants have had the biggest run yet on fans and air-conditioners.

A survey by The Times reveals approximately two dozen air-conditioners were sold in the last week plus at least 200 fans. One dealer sold eight one-ton air-conditioners in two days. A few dealers have orders conditional on ability to supply and install.

Nearly all the dealers have fans in stock but they are small. One merchant said he sold more window fans than other sizes, remarked that a buyer "had little use for a 10 or 12 inch fan in weather like last week-end."

One furniture store, faced with a depleted stock of fans, inquired of his Charleston supplier for a new shipment. The wholesaler said the Prestonsburg dealer was better off than he was, for the merchant here had one fan left and he had none at all.

Last week-end's heat wave was the worst since 1939, the Weather Bureau says.

FLOYD, OTHER COUNTIES ASK REGIONAL PLANNING

Members of the Eastern Kentucky Citizens' Advisory Committee last Saturday afternoon at Pikeville voted unanimously to call on Governor Chandler for a hearing on the naming of a Regional Planning Commission, and immediately thereafter Lieut.-Gov. Harry Lee Waterfield told them that the Governor not only will name such a commission but that it will have the continuing support of state funds.

A petition addressed to the Governor, and signed by several hundred citizens of the area, requesting a planning commission was presented to the Advisory Committee members at their first meeting, held Saturday afternoon in the Pike circuit courtroom. The petition was presented by Mayor Ralph Preston, of Paintsville.

Arriving late at the meeting after flying to Pikeville from Savannah, Ga., Waterfield said: "I pledge you on behalf of the Governor of this state such a Commission will have the continuing support of state funds to

employ technical, legal and research staffs to correct the situation existing here."

"It is my hope," said Waterfield, "that this study will be the last. It is time results are achieved. . . . It is essential that we start doing something. . . . We can't just talk about it here today or just wish for it. We've got to fight for it."

A Regional Planning Commission would be a nine-man body serving without pay, and would be empowered to draw up plans, make surveys and recommendations and to employ a technical staff to work with it. State funds would pay for legal, technical and professional aid.

Praising the courage and patience of Eastern Kentucky's people in facing the 1957 flood disaster, the Lieutenant-Governor told the gathering, "You have the backing of the entire state." He pointed out that new ideas, new products and services and changed ways of living are necessary. (See Story No. 5, Page 5)

Fire Damages Building On First Ave., Saturday; \$2,000 Loss Estimated

Fire of undetermined origin caused heavy damage shortly after midnight Saturday in the garage-apartment building of Mayor Harry Sandige on First avenue.

The blaze gutted the garage and destroyed almost all the belongings in the three-room second-floor apartment occupied by Mr. and Mrs. Ralph Rorrer.

Mayor Sandige said \$2,000 will be required to repair the building. Loss suffered by the Rorrers included new household furnishings and all their clothing. They were asleep at the time the fire broke out and were forced to flee the building in their night clothing.

JUSTICE DIES OF INJURIES

Osborne Man Victim Of Blows, Doctor Says; Burial on Toler Creek

The body of Greenbury Justice, 38, was returned to Osborne, this county, this week-end from Dayton, O., where he met death under circumstances a bit mysterious to his relatives here. He had died Friday in a Dayton hospital from a wound inflicted two days before.

An autopsy made at Dayton, according to funeral home attendants at Pikeville, resulted in the finding of death "from severe pulmonary congestion and edema" but a doctor at Dayton said death was due to a blow or blows on the head.

Mr. Justice was a son of James Marion and Rissa Adkins Justice and was married to Velva Hamilton Justice who survives. Surviving children are Davenport, Ralph, Adron, Carmel Ray, Sarah Catherine, Shirley Temple, Lora Mae, Vonnie, Glenda Gail and Dorothy Faye, all of Osborne. Surviving sisters and a brother are Mrs. Lula King and Mrs. Fanny Hatcher, both of Osborne, Mrs. Nola Rogers, Wyandotte, Mich., and Virgil Justice, also of Osborne.

Funeral rites were conducted at 10 a.m., Tuesday, at the home of his parents at Osborne, the Revs. Bill and Jack Thomas officiating. Burial was made in the Justice cemetery on Toler's Creek under the direction of the Baker Funeral Home.

Two Prestonsburg Boys Among 1,800 to Attend Church Youth Assembly

Among more than 1,800 Presbyterian young people who will attend the National Youth Assembly at Grinnell College, Iowa from June 26 to July 3, will be Glenn Anderson, Jr., and Marvin Eugene Music, of the First Presbyterian Church, Prestonsburg.

Delegates attending the convention, the Fourth Westminister Fellowship National Assembly, will represent every part of the United States and several countries overseas. They will consider man's spiritual needs, God's answer, the devotional life, and the social life.

The assembly will be geared to the concerns of high school youth. The program will include "talk-it-over" sessions on such subjects as basic tenets of Christianity, the world-wide church, and the sparking of youth groups in the local church. Work-shops relating to Westminister Fellowship activities will be conducted. Speakers will include outstanding Presbyterian churchmen.

Indictment of Sheriff Quashed by Cornette

An indictment charging former Sheriff Hade Montgomery of Magoffin County with embezzlement of \$29,773 has been quashed on a technicality by Circuit Judge John C. Cornette.

Commonwealth's Attorney Afton M. Smith said he would seek a new indictment.

The indictment declared faulty at a Monday hearing, was returned last October. Montgomery, then 37, was removed from office June 19, 1956, by order of Judge Silas Carty.

CONTEST SUIT ANSWER, NEXT

Meade Action Requests Voiding of Absentees; Answer Seen in 10 Days

Answer of County Clerk DuRan Moore to the contest of absentee balloting filed last week by his Democratic primary opponent, A. B. Meade, may be made this week. The defendant in the case has 10 days from the date of service of summons in which to make answer.

The Meade suit, filed after the count of absentee ballots gave Moore the election by a 24-vote margin, asks that all absentee ballots be adjudged illegal and void.

That the contestee disregarded provisions of KRS 126.240 in that he failed to provide a legal ballot box before sending absentee ballots to applicants, and if such box was at all provided it was not in conformity with the statute in reference to keys and its preparation in the presence of the election commissioners.

That after a number of absentee ballots had been received and deposited in an illegal receptacle the County Clerk or his deputies, with only one election commissioner present, transferred the absentee ballots to a regular ballot box.

That Moore or his deputies placed his campaign literature in envelope in which absentee ballots were mailed to applicants.

That absentee ballots were sent to both Republicans and Democrats without application having been made.

FLOYD JUNIOR WEEK GROUP WRITES ABOUT EXPERIENCES

Of the several 4-H Club boys and girls from this county attending Junior Week at Lexington, June 4-7, three wrote out their experiences and impressions upon their return. The three are Claudena Lowe, of Eastern, who had been to Junior Week twice before, Pam Combs and Paul B. Osborne, both of Langley.

"We arrived at 2 p.m., and received our identification tags at the Memorial Coliseum. We were also told where to check in," writes Miss Combs.

"After that we girls and Miss Trapp, our home agent, headed toward Patterson Hall to register. We were assigned rooms. My room was 306 which I shared with Clara Ann Allen.

Woman's Club Gives \$50 To Local School Library; Mower Contribution Made

The Prestonsburg Women's Club this week donated a flood relief check of \$50.00 to the Prestonsburg Public School Library despite the fact that 18 of its members were seriously affected by the January disaster.

In addition to the flood relief check, the club added a \$10.00 contribution on a power mower recently acquired by the school.

"This money was a portion of that sent to our 7th District, of which we are a part, from the Federated Clubs of Kentucky," the club treasurer, Mrs. J. H. Keenon, wrote Otis D. Spurlock, school principal. "The Prestonsburg Woman's Club voted unanimously to give this check in the amount of \$50.00 to the Prestonsburg Public School Library which we understand suffered a severe loss of books from the flood."

It was explained that the \$50 was originally intended to help members of the club who were hit by the flood.

4 CONTRACTS WON BY FORD

Prestonsburg Contractor Low Bidder on Four Jobs; State Lets Floyd Roads

The Winston Ford Company, of Prestonsburg, has been awarded road construction contracts in Floyd and three other Eastern Kentucky counties on its low bids totalling \$700,234, it was announced Tuesday.

Ford's Floyd county contract is on the David-Northern road from Hippo to Ky. 80, a distance of 2.1 miles. His low bid for widening and gravel surfacing of the existing road was \$64,130.

Three other Floyd county highway contracts were announced last week, all going to contractors from other counties. Two of these went to the Allen Co., Inc., of Winchester; the third, to the Adams Construction Co., Paintsville. One of the Winchester firm's contracts was for slag aggregate surfacing of 5.45 miles of the David-Hippo road on bid of \$186,784.75. The other was for the same surfacing of Ky. 80 from one mile south of the Martin county limits to the Knott county line at Lackey and the surfacing of the Lackey-Wayland-Beaver Gap road from Lackey to the Knott county line south of Wayland. For this work covering 17.5 miles the company's bid was \$191,276.52.

The Adams Construction Company road job in Floyd county is bituminous surfacing (Class C-1) of 3.7 miles of the Spurlock Creek road on MiddleCreek and 1.9 miles of the Buck's Branch road at Martin. The bid on these two rural secondary roads was \$31,946.35.

The other three contracts awarded the Winston Ford Company are:

Road from Booneville, Owsley county, toward Buckhorn dam, 8 miles, grade, drain and widening of existing road; \$329,409.

Lawrence county road to Richardson, 7 miles, reconstruction gravel surface, \$175,546.

Pike county, 1.8 miles from South Williamson to new United Mine Workers Memorial hospital, rebuild existing road and blacktop surface, \$131,149.

Entertainment for the Independence Day observance besides the fireworks display and free movies, will be contests to select the tallest man, tallest woman, ugliest man, ugliest woman, oldest man, largest family, and prettiest baby. Scheduled also are a hog calling contest, musical contest at the Strand Theatre, horse shoe pitching competition, fat man's race, three-legged race, checkers at the police station, pie eating contest, sack race, greasy pole climbing, greasy pig catching, and a husband calling contest. There will also be a \$500 drawing at the Strand Theatre and preceding the fireworks display which will close the celebration will be a Little League ball game at 6 o'clock.

Square dancing will be directed on the street near the courthouse and watermelon will be given away. The expenses of the celebration were underwritten by the Prestonsburg businessmen, totaling \$733.00, according to Leslie.

WORK IS SEEN DURING '57 IF FUNDS RAISED

Federal Aid on Project To Be About \$300,000; Committee Is Formed

A Citizens Committee, formed here Tuesday night, has the work of raising the local contribution which will make possible Prestonsburg flood protection installations.

In a meeting last Thursday night representatives of the U.S. Army Corps of Engineers' district office at Huntington, W. Va. told members of the City Council the pump station, flood gate and other installations in the vicinity of the Arnold avenue fill will be ready for contract by September 1 if local funds are raised.

Three plans have been submitted by the Corps of Engineers, and the plan accepted is Plan IA which provides for a pumping station large enough to accommodate three pumps instead of two and which would clear low-lying areas bordering on U. S. 23 of all water accumulation from run-off and from the Trimble Branch drainage while the flood gate is closed to hold off the river rise. This would permit owners of this property to fill it in for building sites or to make any other desired improvements.

Two other plans studied would have required only two pumps but would have left a pondage area in low sections, and this would have prohibited filling in of these lots.

When the third pump is added the local cost will total an estimated \$78,000. The federal government's contribution will be approximately \$300,000.

The Citizens Committee formed Tuesday night primarily for fundraising purposes is headed by Burl Spurlock with R. G. Francis, Dr. Edward B. Leslie, Dr. George P. Archer and H. D. Fitzpatrick, Jr., as members.

Not less than \$14,000 is needed immediately.

Approximately \$4,000 was pledged on the project before

4th OF JULY PLANS MADE

Prestonsburg Celebration Of Varied Entertainment Is Announced This Week

The annual Fourth of July celebration here will again feature traditional entertainment, it was noted this week when the prize list was released. Fire works, as last year, are scheduled to end the all-day celebration and the heaviest outlay for any single item was for this display.

David B. Leslie is serving again as chairman of the observance program with James Wesley Howard for the fourth consecutive year as master of ceremonies. Rev. Ira McMillen, Jr., pastor of the Irene Cole Memorial Baptist church, will deliver the major oration. Judges are John Warrick, Claybourne Stephens and Glenn Anderson.

All celebration area concessions have been given to the Allied Youth Leslie says, and there will be free movies all day for children to age 12. The program starts at 9 a.m., it was announced.

Entertainment for the Independence Day observance besides the fireworks display and free movies, will be contests to select the tallest man, tallest woman, ugliest man, ugliest woman, oldest man, largest family, and prettiest baby. Scheduled also are a hog calling contest, musical contest at the Strand Theatre, horse shoe pitching competition, fat man's race, three-legged race, checkers at the police station, pie eating contest, sack race, greasy pole climbing, greasy pig catching, and a husband calling contest. There will also be a \$500 drawing at the Strand Theatre and preceding the fireworks display which will close the celebration will be a Little League ball game at 6 o'clock.

Mrs. A. J. Davidson and Mrs. Marshall Davidson were co-hostesses to a miscellaneous shower last Thursday evening at the home of the former on Highland avenue, honoring Mrs. Kenneth R. Burrey, nee Mary Jo Shivel. Forming the receiving line were the hostess, Mrs. L. H. Shivel and Mrs. Burrey. Mrs. Willie Mellon presided at the guest book. Preceding the gift exhibition, Miss Laura Virginia Roberts gave several vocal selections, accompanied at the piano by Miss Marian Mayo Salisbury. The refreshment table, covered with a silk-lace cloth, was centered with a low arrangement of pink and white carnations, flanked by crystal candleabra holding white candles. Mrs. Burrey graciously acknowledged her appreciation.

### O. E. S. Inspection Here Draws Large Gathering

Adah Chapter No. 24, order of Eastern Star, was the scene of an inspection Saturday evening, June 8, at Masonic Hall. The hall was decorated with flowers. In the east was an archway of pink roses, this being the worthy grand matron's flowers. On either side of the archway was a candelabrum with pale blue candles. On the wall in the west hung a painting of the Holy Bible and a poster bearing the motto of the worthy grand matrons, "Let Us Live Our Obligations." The Bible was the emblem she had chosen for the year and the poster bearing the motto was made in silver and blue with pink roses.

Before the chapter opened an address was presented by the officers of Adah Chapter. At this time gifts were presented to Mrs. Anna Boles, W. G. M., and Richard Cornett, W. G. P.

The hall was filled to capacity as visitors from the other chapters in Dist. 5 and Dist. 4 were present. The staff of grand officers of the Grand Chapter, O. E. S. of Kentucky were here for the inspection.

The worthy grand matron presented Mrs. Winnie Johns her 50-year pin. Mrs. Johns graciously accepted the pin.

Mrs. Josephine Harkins Browning, right worthy associate grand conductress of the General Grand Chapter, O. E. S., and a member of Adah Chapter, and Thelma Jones, deputy grand matron of Dist. 5, and also a member of Adah Chapter, were presented gifts from Adah Chapter by Mrs. Anna Belle Harris. Mrs. Browning presented Mrs. Mae Mobayed, associate grand matron, O. E. S. of Kentucky and Mrs. Mae Clark, deputy grand matron of Dist. 4, gifts from Adah Chapter.

Mrs. Ora Bussey, worthy matron, and E. T. Jones, worthy patron, presided during the inspection.

Following the close of the chapter, punch and cookies were enjoyed in the dining hall.

### PRESBYTERIAN AUXILIARY MEETS

The Auxillary of the Presbyterian Church met in the church June 5, with Mrs. Marvin Music, the president, presiding. ### TIMES WANT ADS PAY—TRY THEM TODAY!

An afternoon ceremony solemnized Sunday, June 2, in the First Methodist Church, Prestonsburg, united in marriage Miss Darlene Marie Fleming and Frederick T. May. The bride is the daughter of the late Mr. and Mrs. Herschel Fleming and is the granddaughter of Mrs. Curtis Randolph Stone, of 2501 Hilton Ave., Ashland, and the late Dr. Stone. Mr. May is the son of Mr. and Mrs. Martin Lee May, of Prestonsburg.

Palms, mixed flowers and lighted tapers decorated the altar for the double ring ceremony which was performed by the Rev. Harold Dorsey. A program of wedding music was presented by Miss Elizabeth Burchett, Prestonsburg, organist, and Miss Donna Bunton, Louisville, vocalist. Miss Bunton's selections included "O Promise Me," "Walk Hand in Hand" and "The Lord's Prayer."

Given in marriage by her uncle, Raymond G. Fleming, the bride wore a gown of pearl white silk and lace over taffeta, with a long fitted bodice inset at the yoke with embroidered lace, off-the-shoulder neckline and cap sleeves. The full skirt was gathered into a bustle bow at the back, with unpressed pleats, forming the chapel train. Her fingertip veil of illusion was held by a jeweled tiara and she carried a bouquet of mixed flowers.

Miss Donna Sue Fleming, sister of the bride, was maid of honor. Bridesmaids were Miss Bonnie Hobson, Maytown; Judy Leete and Judy Lee, both of Ashland; Judy Kilroy, Louisville, and Judy Johnson, Hinsdale, Ill. They wore floorlength gowns of azure chiffon, with draped bodices, sabrina necklines, draped with folds of chiffon terminating in floating streamers at back and full skirts. Each wore a matching azure headband and carried small white satin baskets filled with garden flowers.

### KITCHEN SHOWER

Miss Rose Leah Worland, bride-elect of Mr. John Thomas Hill, was complimented with a kitchen shower by Miss Barbara Isbell and Miss Lisbeth Homes at the Isbell home at 8 p.m. last Thursday. Miss Worland was recipient of many useful kitchen utensils. A dessert was served by the hostesses to a group of the bride-elect's friends. The wedding of Miss Worland and Mr. Hill will take place Sunday, June 23, at 1:30 p.m., at the Methodist church here in an open ceremony.

Ring bearers were Charles Curtis Simpson and George Edwin Simpson.

Martin May served his son as best man. The ushers were Jack Wheeler, Ashland; Don Capelli, David; Ronald Goebel and Tom May, of Prestonsburg; Tom Martin, Lexington; Ike Hall, Whitesburg; Murphy Baker and James Swann, of Louisville, and Gene Kenedy, Garrison.

A reception was held in the church annex. The bride table held a three-tiered wedding cake and a centerpiece of blue and white flowers.

The bride's grandmother received in a grey lace dress with pink accessories and a white orchid corsage. The bridegroom's mother was in a pink lace dress, pink accessories and a white orchid corsage.

After a wedding trip to Virginia and the Smoky Mountains, Mr. and Mrs. May will live in Knight House, Cooperstown, at the University of Kentucky.

The bride is a graduate of Ashland high school and was a student at the University of Kentucky where she was pledged to Alpha Delta Pi sorority.

Mr. May is a graduate of Prestonsburg high school and attends the University of Kentucky, where he is a member of Phi Sigma Kappa social fraternity, Keys, Lances, Tau Beta Pi, engineering honorary, and is president of Eta Kappa Nu, electrical engineering honorary.

### GUESTS OF ARWOODS

(Continued from Page One)

The \$814,813,000 total for the bill was \$61,639,000 or 7 per cent, below the figures recommended by President Eisenhower.

The water-resources section of the bill did not contain a single item that was not recommended in the budget, and not a single item was increased.

At least 10 major stream projects were deleted from the bill. Many others were approved at reduced amounts.

These are the projects for which the committee approved construction funds.

Lock and Dam 41, Louisville, \$4,000,000; Barkley Dam on the lower Cumberland, \$5,000,000; Buckhorn Reservoir in Perry County, \$1,900,000; Greenup Lock and Dam on the Ohio River, \$13,500,000; Rough River Reservoir in Breckinridge County, \$3,000,000; Markland Lock and Dam on the Ohio River near Warsaw, \$9,500,000; Catlettsburg floodwall, \$2,000,000, and the Green River canalization, \$106,000.

Advance engineering and design funds were approved for:

Nolin River Reservoir in Edmonson county, \$138,000; New Richmond Lock and Dam on the Ohio River above Cincinnati, \$175,000, and Barren Reservoir No. 2, \$50,000.

Also approved were these amounts for preliminary examinations and surveys:

Little Sandy-Tygart's Creek, \$30,000; Kentucky River Survey, \$54,500; Cypress Creek, \$5,000; Laurel Creek, \$19,800, and Clark River, \$16,100.

The committee also approved \$50,000 for advance engineering and design of the Pike Island Dam on the Ohio River near Wheeling, W. Va. It had been requested by Ohio Valley congressmen and the Ohio Valley Improvement Association.

**Floyd-Co. Home Agent At Equipment Workshop; Electricity, Gas Studied**

Dixie Trapp, Floyd county home agent, attended the Equipment Workshop, June 12-14 in Lexington. How to buy equipment and use of equipment, both electrical and gas, were studied.

The first two day's sessions concerned choosing electrical appliances, reading meters and figuring bills, a comparison cost of electricity, natural and LP gas, and using equipment efficiently. The third day's session was held in the Home Economics Building at University of Kentucky. There the home agents had a review of basic principles in selecting equipment and brought up to date on the safety features and what's new in gas equipment.

This information can be used by the homemaker to stretch the dollar and to buy equipment fitting her situation. Also there is a need for appliance service men. Extension would like to see the Homemakers include equipment buying in their program.

**Barnett Thanks Voters For Help**

**To The Republican Voters Of Floyd County:**

I deeply appreciate the support you gave me in nominating me for the office of Coroner, and hope that I may be of service to each of you and to our county. Your continued support in the final election campaign, also the help of good citizens and friends in the Democratic party will be appreciated.

Sincerely,  
**R. C. BARNETT**

**STUMBO THANKS VOTERS**

**TO THE DEMOCRATS OF FLOYD COUNTY:**

On May 28 the Democrats went to the polls to decide whom they would select to be their nominees for the various district and county offices. Under the law the primary system is our way of deciding who shall be nominated and be placed under the Rooster to be voted for at the general election in November.

The voters selected me as your nominee for County Judge. For this I am most grateful. I ran on my record as a county official and will continue to do so. I tried to and did make a clean-cut campaign, saying nothing harmful about anyone.

I hope and feel sure that the Democrats can and will see fit to give me their united support this fall, and I welcome the support of any Republicans who may like my way of handling the county's business.

Thanking you again for your support, I am,

Sincerely yours,

**TEACHERS' INSTITUTE**

An old Floyd county educational custom was the annual gathering of teachers at Prestonsburg for a week of work in the theory and practice of teaching. Many noted educators of the day were speakers at these meetings. The courthouse was a favorite place for these gatherings for many years.

Here, shown at the courthouse in the nineties of the last century, are many teachers who were active in their profession six decades ago. Identified are D. O. Harmon, Aquilla Harman, Sam Spradlin, Walter Harris, Lee Roberts, Nell (Martin) Roberts, Nell (Davidson) May, German Vance, J. N. Harris, Albert Stephens, H. F. Patton, Maude (Langley) Spurlock, Cora Mayo, Nora (Dingus) Powers, Will Powers, Winnie (Fitzpatrick) Johns, James Spradlin, Prof. and Mrs. W. M. Byington.

These teachers were the vanguard of educational progress in this county and many afterwards made their mark in other professions or in business.

He added that "there is not a region in the world of the same size that has the human as well as the natural resources that Eastern Kentucky has."

Commenting on the fact that last year Kentucky had 3% more new industry than any other Southern state, Waterfield admitted that none of this new industry was located in Eastern Kentucky. He predicted that the next General Assembly will establish a State Credit Agency which will enable businesses to borrow on second mortgages.

George Hubley, Jr., commissioner of the Department of Economic Development, had planned to accompany Waterfield to the Pikeville meeting but was forced by illness to leave the plane at London, Ky. The Lieutenant-Governor was introduced by County Judge Ervin Pruitt, of Pike county.

B. F. Reed, of Drift, a Floyd county member of the Citizens' Advisory Committee, presided at the meeting. Other members attending from this county were State Senator Doug Hays, of McDowell, Tax Commissioner Clive Akers, of Drift, H. D. Fitzpatrick, Jr., R. V. May, Marvin Music, Norman Allen and John G. Heinze, all of Prestonsburg. Other Floyd countians who have been named to the committee are Joe Weddington, Burl Spurlock, Dr. George P. Archer, and Woodrow Fitzpatrick, all of Prestonsburg. Appointments of others to the committee may be made later, it was said.

Of the 32 counties composing the region to be served by the committee, only Clay, Carter, Greenup, Lewis, Owsley, Powell and Wolfe were not represented at the Pikeville meeting.

Mr. Reed as master of ceremony remarked that this is the first time "Eastern Kentucky has been recognized as an important part of the United States." Pausing, Mr. Reed added, "No, it isn't the first time. In time of war our manpower is recognized, and we supply some of the world's finest coal."

David A. Grossman, director of the Eastern Kentucky Flood Rehabilitation Study made at the direction of Governor Chandler, reported to the committee on the regional situation and submitted recommendations for future action.

The area's big need, he pointed out, is 65,000 new jobs. "Twenty thousand fewer men are employed in Eastern Kentucky than five years ago; one out of five is working, and for every one who is employed there are four dependent on him," he said.

Recommendations made by Grossman include flood damage protection, general rehabilitation and economic development.

Protection against floods, he pointed out, is not to be achieved by any single technique. Dams, floodwalls and similar structures will solve only part of the problem, affording protection to only about one-fourth of the area. "We cannot second-guess the Corps of Engineers who say some of the dams are not feasible because their cost is out of proportion to the benefits to be obtained," the speaker said.

Better methods of weather forecasting, including use of radar within the next year or two; flood-plain zoning—that is, the restricting of building to keep new homes and business away from areas that cannot be protected; conservation, erosion control, opening of stream channels—these were mentioned as measures to be considered.

Discussing economic development, Grossman said, "To attract industry, the community itself must be attractive to industry. Many have not been attractive." In this connection he suggested community planning for which technical and professional aid is, or will be made, available; new sites found or created for industry; scientific methods of growing and harvesting forest; modernized agriculture and development of the tourist business.

Of highway and other transportation needs of the area, Grossman said these will not be recommended till it is proved that area improvements demand improved transportation.

Eastern Kentucky agriculture, he said, cannot, in general, hold out to 50,000 farmers of the area hope of modern living standards with farms remaining small in size as they are. Small-scale, intensive farming was recommended.

The forest income can be tripled, and much can be done in this field, the speaker pointed out. Large forest acreage is needed for the practise of scientific methods.

Scenic Eastern Kentucky has great possibilities as an attraction to tourists, Grossman said. Development of parks, forests, water resources and the founding of a regional drama such as Berea's "Wilderness Road" were suggested.

Introduced or appearing briefly as speakers were Harry LaViers, Paintsville; Ex-Governor Flem D. Sampson, Barbourville; John Wiseman, Lexington, former president of the Kentucky Junior Chamber of Commerce; Avil McKinney, Pineville former president of the Junior Chamber, and William Gorman, Hazard, leader in the move for the Buckhorn reservoir.

Clyde Little, dean of the Southwest Conference track coaches, has led Texas to 21 S.W.C. titles.

Ezio Pinza was a champ bicycle racer before becoming a Metropolitan Opera and Broadway musical comedy star.

Bob Bowman, Philadelphia right fielder, hit 19 homers and batted .277 for Miami, Fla., last season. He drove in 79 runs.

attractive in men and about the characteristics she thinks a husband should possess. More or less unconsciously, I was ticking off each requirement as I read, to see how I stacked up as an ideal husband in La Turner's book, and I regret to report that I am not her "ideal of the red-blooded American boy."  
She said a husband should be intelligent, have a sense of humor, be thoughtful and considerate, possess boldness and be observant. Maybe I would have got a D out of the course if she had stopped there. But she didn't.  
She said the ideal husband should have elan.  
And there was where I flunked. Allen ain't got no elan.

TIPS TO THE GALS

Speaking of husband and wives—and why I do, I do not know—here's the warning of a newspaper wife given in addressing the ladies of the Idaho Press Association:  
"If you read 'Blondie' in the comic strip you know that Dagwood frequently says, mournfully, 'Oh, when I think of all the poor, unsuspecting bachelors who are getting married this spring... That's always good for a laugh. And it should be, ridiculous as it is. We girls know that the really tragic thing is the number of poor, unsuspecting females who are about to marry newspaper men."  
"Of course, when you fell in love with him, he was merely a student of journalism—with hair yet—and a girl could daydream of being Mrs. Ed Sullivan, or Mrs. Walter Winchell, or even Marion Davies."  
"But unfortunately, every reporter, news editor, advertising manager or printer's devil has a compelling urge one day to publish his own weekly newspaper. And the day he does, lady, you've had it!"

WELL DONE!

Mrs. Aileen Hall, wife of Walter Hall, of Mare Creek, is the author of a little volume of poems which I read with a great deal of pleasure over the week-end. This is a work expressive of deep spiritual consecration, and in it Mrs. Hall says "beautifully in verse what I have been trying on occasion to say in plodding prose."  
Remember that many spices and condiments intensify with cooking, so add them with a light hand.

the fiscal court and \$600 a year as clerk of the juvenile court.

County Judge, \$450 a month as County Judge, \$150 a month as quarterly court judge; stenographer, \$250 a month.

County Attorney, \$3,000 a year, plus fees not to exceed \$7,200; stenographer, \$125 a month.

Circuit Judge, \$600 a month. Commonwealth's Attorney, \$1,200 a year.

Coroner, \$1,200 a year. Clerk for Tax Commissioner, \$1,800 a year.

Budgeted for the county agricultural expansion department was a total of \$6,400 for the coming year. This was broken down into \$2,400 for secretary travel, \$900 for County Agent travel, \$900 for Home Agent and \$900 for each of the two assistant county agents, plus \$400 for miscellaneous office expense.

The appropriation for Soil Conservation work in the county was set at \$2,700.

The court voted appropriations of \$500 each for the Betsy Layne fire department and Jenny Wiley district, Boy Scouts of America.

It was noted that as of June 6 5,354 persons had been certified to receive surplus commodities for the month of June.

In the contract entered into with the Highway Department for rural road funds aid these routes were listed for limited maintenance only:

Little Mud, Little Abbott, Toler Creek, Frazier's Creek, Turkey Creek, Upper Bull, Copperas Creek, Spurlock on both Middle Creek and Left Beaver, Buck's Branch, Whitaker, Goose Creek, Doty Branch, Tinker Fork, Estill and Hite. These were marked for traffic-bound macadam.

Marked for regular routine maintenance are these roads:

East Point-Cliff-Auxier, Weeks-bury-Left Fork, Salt Lick, Cow Creek-Buffalo, Frazier's Creek, Brush Creek, Branham's Creek, Lower Bull, Rough and Tough, Betsy Layne street, Arkansas, Johns Creek, Buffalo, Stephens Branch, road to Allen Y, streets in Garrett, Buckeye, Henry's Branch, Pike - Floyd Hollow, streets in Langley, Banner bridge, Bosco-Low Gap, Lower Burton, Lancer streets, Harold streets. All these projects are listed for traffic-bound macadam except Weeks-bury-Left Fork, Betsy Layne, Garrett and Langley streets, Allen Y, Frazier's Creek and Pike-Floyd Hollow, which are have, or are to receive, bituminous surfacing.

A maximum of \$2,700 was set by the Highway Department on the funds it will spend on materials for the Ivel bridge. All other expense is to be the county's.

At last week's meeting of the court Kirby Ison, representative of the State Revenue Department, recommended to the court that the tax settlement with Sheriff Gorman Collins not be made until delinquent taxes are reduced to at least 10% of the total of taxes certified to him for collection. The court postponed the settlement 45 days.

A fiscal court order which had not been entered till recently was the employment of C. Kilmer Combs, Prestonsburg attorney, to assist the County Attorney in the defense of the court in the federal court suit filed by U. A. Benderman. His fee was set at \$1,500. The fiscal court record showed that the order had not been entered through oversight.

then to our own groups. I had been assigned the C-group which was scheduled for discussion at the Guignol Theatre. My second class for the day was held in Pence Hall. This class was interesting because it was about every 4-H members dream. '4-H National Club Congress' My last class for the day was held in the Biological Science building. It was the boys speech contest from which I learned some of my own speech faults. We also made a tour of this building.

"Wednesday afternoon we had a picnic at Coldstream Farm while it rained. We had fun, anyway. We were entertained later with not only one dance but two. Thursday morning C-group had discussion again at Guignol Theatre. That afternoon my class was '4-H Week with Our Neighbors'.

"That night we had the style show which gave members with clothing projects many helpful hints. Some awards were also presented that night. On Friday we were getting ready to go home by telling our friends good-bye while still meeting new ones. With Junior Week drawing to a close we attended assembly. This assembly was sort of special because the Lowes of Floyd county were recognized as IFYE hosts."

"It's pretty hard to express into words what I got out of 4-H Week at Lexington," writes Paul B. Osborne.

"First of all, I got the joy of meeting hundreds of other 4-Hers, and becoming friends with many of them. Second, I got to sleep in a real college dormitory. That was personally a real thrill for me.

"Some more of my individual thrills were seeing Frank Dickey, University of Kentucky president. Another was learning to bowl. The benefits I got out of the classes will help me in many years to come. Seeing and using the election voting machine was very rewarding."

"Each and every 4-H Club member should have a goal set to attend 4-H Week. It is a great and rewarding experience," says Claudena Lowe.

"At 4-H Week we make new friends and have fun with both the old and new club members. The demonstrations and speeches taught us things to take back to our clubs and counties."

"This was my third year to attend 4-H Week and each year I enjoy all the activities more and more. I have given two demonstrations at 4-H Week and it is one of the greatest highlights in my 4-H work."

That absentee voters who voted at the Clerk's office were campaigned with at the very time of voting, were helped to vote, and that the contestee or his deputies observed for whom the votes were cast, that the ballots were folded by them, placed in the two envelopes and then placed in the ballot box, location of which was unknown to the voter in most instances.

The suit alleges that the contestant went to the Clerk's office and advised against campaigning or interfering with the voters and observing how the ballots were cast, and that he was told by the wife of the contestee, in substance, that such voting would be conducted in the way contestee desired and not as contestant desired. The petition also says the Circuit Judge went to the Clerk's home and advised him as to certain precautions.

The Clerk, it was alleged, appointed extra deputies who with other friends and supporters of the contestee took large numbers of applications for absentee ballots, procured people to sign applications for such ballots, signed voters' names themselves, had many such ballots verified in blank by deputy clerks and filled in the names of purported absentee voters or verified same after voters signed same and out of the voters' presence. These deputy clerk appointees, the Meade petition contends, received such absentee ballots and paraphernalia from the Clerk and (or) from the postoffice, delivered them to purported absentee voters, voted them and helped vote them for contestee and advised the people it was not necessary to be absent on election day to apply for an absentee ballot and told them it would save them the trouble of going to the polls. It is contended by the contestant that most of the absentee voters were not absent from the county and did not intend to be.

The contestant's suit also claims that examination of outer envelopes containing absentee ballots revealed that 221 of them did not bear the name and address of the voter.

## Smiley Thanks Voters For Jailer Nomination

I wish to thank the voters for giving me the nomination for Jailer on the Republican ticket. I also wish to extend my gratitude to the many Democrats who have encouraged me since the primary. To all of you I say, THANK YOU and I hope to be your choice in November.

Your friend,

**CARD OF THANKS**  
We wish to express our deepest appreciation to the friends and neighbors who were kind and helpful upon the death of Trober Van Hoose. Our many thanks go to all who sent flowers and to the ministers, Rev. Bill Amburgey and Rev. Green Boyd, for their kind words. To all who assisted in any way we are grateful. We are also thankful for the fine and efficient service of the Turner Ryan Funeral Home.

## Last Services for Issac Held at Ashcamp, June 9; Father of Floyd Woman

Funeral services were held Sunday, June 9, at Ashcamp, Pike county, at the home, for Cruner Isaac, 75, who died unexpectedly at home the preceding Thursday. Mr. Isaac was the father of Mrs. Delliha Jenkins, of Garrett.

Mr. Isaac was a native of Knott county but had lived at Ashcamp for the last 15 years. He was a retired lumberman and a member of the Regular Baptist church.

Survivors, besides Mrs. Jenkins, include his wife, Mrs. Winnie Isaac; four sons, T. M. (Mulkie) Isaac, Ypsilanti, Mich., Millard Isaac and Linville Isaac, both of Lima, O., Raymond Isaac, of Topmost; three other daughters, Mrs. Edna Grace Harris, of Topmost, Mrs. Lebraska Childers of Lima, Mrs. Avie Wells, Cromona, Letcher county; three sisters, Mrs. Hulda Caudill, of Topmost, Mrs. Sophie Burke, of Bevinsville, and Mrs. Eliza Cook, of McDowell.

The Revs. Delbert Sanders, Shade Stanifer, Isaac Sanders and Mitchell Smith officiated at the last rites. Burial was made in the Childers cemetery at Ashcamp.

## Adam, Abel, Achan And Action

May 30 was the so-called Memorial Day. Every day is Memorial Day for me.

As usual, I am alone with God. My front porch, garden and cherry trees, grapevines, roses, lilies, green garden serpents, red, white and blue birds, dogs, mules, spiders, cats and ants tell me more than any men I have ever heard talk. I prove all my points by the Bible, myself and laws of our Constitution of U. S. A. I lived it the hard way.

On primary election day I robbed myself in my conquering color, true blue and pure white; I renewed my Christian faith and literature 1951 for Bert T. Combs, my work for James Carter 1952, Henry C. Hale 1953, John Sherman Cooper 1954; my pledge to Billy Graham whom I told in written words in 1954 I would pray day and night, I would fight sin with both hands and would help hold the home front; I read the Seven Consecrations and the Magic Potential in Man, by Thomas Wyatt 1955, Faith against Life's Storms, by Oral Roberts 1957, Three Minutes a Day, by the Christophers, and then studied my words and actions among leaders in Floyd county. I am sure thrilled with my works of faith and action.

My beloved son, Sgt. Roy Hall, was killed in action in the service of our country. My husband, Chief of Police Levi Hall, was murdered in this town, and his so-called friends are the worst nuisance I have had to deal with.

By the help of God I owe no man and I will die at my post. Say nothing, do nothing, be nothing—fool's work; or know something, do something, be something—wise woman. Acts 5:38-39: And now I say unto you, refrain from these men and let them alone, for if this counsel or this work be of men it will come to nought. But if be of God, ye cannot overthrow it, lest haply you be found to fight against God.

## Allen Thanks Voters For Primary Support

To my 518 friends who went to the polls on May 28th and voted for me of their own free will, and were not threatened with their jobs:

I wish to thank each of you from the bottom of my heart, and I would like to shake each of your hands for the good fight you put up for me. Although we lost, we made a clean fight and did a good job with all the money against us that could be spent and job pressure a-plenty.

We had no money and were not in a position to threaten anybody about their jobs, as I didn't have one myself. Anymore it seems if you work for some one, they expect to use your birthright and only free privilege you have along with the job.

I probably will never ask you to vote for me again, but I am still your friend and anytime I can do you a favor, day or night, rain or shine, don't fail to call on me.

Again I thank you.  
Always your friend,  
R. T. ALLEN  
P. S. I am still a Democrat.

## RABIES OR BABIES?

The State Health Department recently sent out a press release reporting alarm over the occurrence of rabies in the Commonwealth and advising persons bitten by animals to follow certain safety procedure. One public service minded central Kentucky newspaper used the release editorially. Because of a typographical error, the newspaper editorial carried a dandy headline: "Babies Cause of Concern in State."

## HEARING PROGRAM

Projecting the results of a 11-county study to the rest of the state, the Kentucky Health Department finds that more than 60,000 children in the Commonwealth have some hearing loss and are in need of medical and educational attention. The agency urges a statewide hearing conservation program.

## FOOD NOTES

By Dixie Trapp  
Home Demonstration Agent

Whether you can or freeze is a matter of preference. You probably like some vegetables better canned and others better frozen. Regardless of what you like best, many of the rules are the same:

1. Preserve only fresh vegetables or fruits.
2. Have food, jars, packaging material and everything used for canning or freezing CLEAN.
3. Work quickly to preserve freshness.
4. For canning prevent spoilage by heating food hot enough to make bacteria and organisms harmless. For freezing, blanch the proper length of time.
5. Follow up-to-date instructions and timetables. Both available in Extension Office.

All common vegetables except tomatoes are low acid and must be processed in pressure canner. The satisfactory way to blanch vegetables is in boiling water. For each pound of prepared vegetables, use one gallon of boiling water. Put vegetables in basket and lower into boiling water; cover and start counting time immediately. Then cool quickly.

Which you choose will be determined by the kind of vegetable or fruit you have, your equipment, and your family preferences. For a good quality product, keep in mind the above points.

### Miss Price Earns Place On Dean's Honor List As Junior at Berea

Berea, Ky., June 13 (Spl.) — Miss Carolyn Price, of Wayland, a junior at Berea College, is on the Dean's Honor List for scholastic achievement during the second semester, 1956-57.

To attain the Dean's List a student must have all B's or better or a 2.4 quality point standing out of a possible 3.0 for the semester under consideration regardless of grade distribution.

Miss Price, a French major, was one of seven of the college students to be awarded prize French books by the French government for good attainment in French.

She has been a member of various campus clubs and organizations including the following: Cosmopolitan Club, French Club, and the Young Democrat's Club. Carolyn served as a class officer during her freshman and sophomore years at Berea. Miss Price is the daughter of Mr. and Mrs. L. B. Price, of Wayland.

### State Restricts Contract Mowing

Frankfort, June 17 (Spl.) — Much more weed and grass cutting on Kentucky highway rights-of-way will be done by the state's own forces, officials have announced.

Commissioner Robert Humphreys said the new plan is expected to save about \$300,000 a year. Mowing under contract with private operators last year cost about \$675,000.

Humphreys reported no contract mowing had been performed this year. He said many mowers owned by the department had been out of repair but were put back in working order during the winter.

Director W. A. Tischer of the Division of Equipment said the department has 283 mowers but at least twice that many would be necessary for it to do all the mowing.

Deputy Commissioner Martin Petty put out a memo May 8 stating contract mowing would be restricted to 60 per cent of the amount allotted last year.

New contracts will be made effective July 1, the memo added.

### Society Has Burr Pistol

Charles F. Hinds Secretary-Treasurer of Kentucky Historical Society

Frankfort, June 17 — The pistol used by Aaron Burr in his duel with Alexander Hamilton in Weehawken, N. J., July 11, 1804, is on display in the senate chamber of the Old State House, Frankfort, headquarters of the Kentucky Historical Society.

The weapon, a converted percussion lock with an 11-inch barrel, fires a two-ounce ball through a smooth bore. It is in excellent firing condition.

For 15 years prior to the duel, Hamilton pressed forward a vicious and unrelenting attack on his number-one political adversary, Burr, Burr, for the most part, reacted to Hamilton's "grudge" with equanimity and dignity. The campaign of 1804 for governor of New York, however, was an exceptionally bitter one between Hamilton and Burr. Soon after his defeat, Burr called for satisfaction from Hamilton for having allegedly made such statements as Burr is a "dangerous man and one who ought not to be trusted with the reins of government."

When Hamilton equivocated, Burr challenged his political opponent to a duel. Hamilton, at first evasive, finally consented. Each man fired a shot. Burr was untouched. Hamilton received a mortal wound and died the following day.

Burr's second marked the pistols used in the duel and gave both to the famous Col. James Bowie. Bowie carried them as personal weapons in his belt but lost the Hamilton one while swimming in a Louisiana bayou. Later he gave the Burr pistol to Dr. Carr, superintendent of the U. S. Arsenal in Baltimore. Carr gave it to Thomas F. Marshall of Kentucky. It went next to Thomas' brother Edward C. From Edward, the pistol descended to his son, Louis Marshall, a Versailles banker. When Louis died, his widow inherited the Burr pistol and in 1927 presented it to the Society.

The Bank of the Manhattan Company of New York City owns a brace of duelling pistols which it claims is the Hamilton-Burr pair. When asked for evidence, a reply in 1949 from O. G. Alexander, vice-president of the bank, only succeeded in convincing the society even more that Kentucky owns the pistol with which Hamilton received his fatal found from Burr.

### INTERESTING MILK FACTS

Production of nonfat dry milk last year totaled 1,484 million lbs., the highest on records, says the U. S. Department of Agriculture.

"Increasing the proportion of milk in the diet should add to the length of life," said Dr. H. C. Sherman, Emeritus Professor of Chemistry, Columbia University.

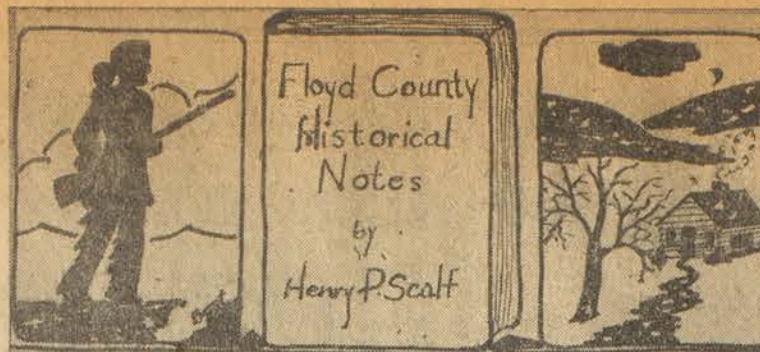

Milk is one of the best food investments at any price. There is no waste in it as every drop can be used, and the cost is low in proportion to the food value.

One quart of milk weighs 2.15 pounds. To make a pound of butter, 9.77 quarts of milk are required, and 4.65 quarts for a pound of cheese. One quart of milk is required for a pound of evaporated milk, and 3.72 quarts for a pound of white milk powder.

Homogenized milk has had the butterfat mechanically broken up and dispersed evenly throughout the milk. There is no cream line, as the fat globules are held in suspension, producing a uniform flavor and softer curd. Homogenized milk was first successfully sold in Ottawa, Ont., in 1927, but was not commercially introduced in the United States until 1932.

In vitamin D milk, the milk has been fortified with vitamin D, the vitamin that has the special property of preventing rickets. Vitamin D is added by exposure of milk to ultra violet light, or by introducing a vitamin D concentrate.

Milk is outstandingly important for the mineral, calcium, for vitamin B, riboflavin, and for high-quality protein.

### SOURCE BOOK ON EAST KENTUCKY

A new book to be published soon, titled "Pioneer Families of Eastern and Southeastern Kentucky," has promise of being a genuine contribution to the historical and genealogical lore of the section. It is by William C. Kozee, A. B., LL.B., Washington, D. C., and will come off the press in early summer.

The book is in two volumes, the first on the leading families of the area and the second volume a compilation of public records. Families treated in the first volume from this county are Brown, Cecil, Witten, Conley or Connelly, Fitzpatrick, Graham, Hackworth, Hager, Harkins, Harris, Hyton or Hilton, Jacobs, Johns, Lackey, Layne, Leslie, Martin, Mayo, Morris, Porter, Preston, Stratton, Turner, Weddington, and others. Many other genealogies of Big Sandy families are in the book. In addition it contains numerous biographies of prominent men, many now living.

### HARGIS FAMILY

R. Lee Stewart, of Morehead has at last completed his research on the Hargis family and contributed a summary of findings to this column. His manuscript is quoted here in its entirety.

"Of the old and influential families of the Southland who have been identified with the history of America and the public affairs of their respective localities through 300 years of continuous citizenship none takes precedence over the Hargis family.

"The family record in this country is traced back to a period long antedating the Revolution to a date prior to the year 1640, when five brothers of that name came over from England to make their home in this new land where freedom was to be had. The name of Hargis has been intimately connected with the early history of four States—Maryland, North Carolina, Virginia, and Kentucky.

"In 1778 several members of the family including John Hargis, his brothers William and Whiteside and their families were with Daniel Boone on his second expedition into Kentucky, when on Powell's River in Wise county, Virginia, they were attacked by the Indians, in which Whiteside Hargis was killed and his wife, daughter and two sons were captured by Indians and taken prisoners into Kentucky and Ohio. Later William Hargis escaped and returned to Eastern Virginia, where he moved, and afterwards again turned west and settled in Christian county, Kentucky.

"John Hargis, a son of Thomas Hargis and Elizabeth Whiteside Hargis, became separated from rest of the family moved to Russell county, Virginia, settling near where Lebanon now stands. He was one of the first settlers of said county where his descendants still live. He was a patriot in the Revolution. Later he purchased land in the county with land office treasury warrants, which were issued for his services.

Gen. James Wilkinson in June, 1787, descended the Mississippi River to New Orleans with a cargo of tobacco and other Kentucky products, where the Spanish governor gave him a permit for marketing.

The Kentucky Historical Society was founded in Frankfort, in 1836.

Don't trim oak trees during late May and June, if possible; the wounds are avenues of infection for oak wilt, a fungus disease now present in Kentucky. Insects can carry the fungus and they will be attracted to open wounds on trees.

in the Revolution. The county record shows that one entry was made February 2, 1782, when the county was formed.

"Samuel Whiteside Hargis, a son of John and Elizabeth Free-love Hargis was born in 1774 in Russell county, Virginia, and married Nancy McNunn. He was the father of several children, among whom was William Hargis, who was born in Russell county, Virginia, July 31, 1797, and married Nancy Shoemaker. He was one of eight children, three of whom, Col. John B. Hargis, Thomas Hargis and Samuel Hargis were early settlers of Kentucky. John B. Hargis was one of the framers of the Third Constitution of Kentucky and one of the first settlers of Breathitt county, and Magoffin county. He was the father of 19 children, among whom was Thomas F. Hargis, a chief justice of the Court of Appeals. Thomas Hargis was an early settler of Magoffin county, and Samuel Hargis an early settler of Bell county. William Hargis, the father of Leonard Shoemaker Hargis, was born in Russell county, Virginia in January 10, 1832, married Rebecca Vermillion, daughter of Jesse Vermillion, September 7, 1859."

### Wayland Star Chapter Honors Grand Matron

The O. E. S. banquet honoring the worthy grand matron, Anna Boles, of Hodgenville, Ky., was held June 13 in the Wayland Methodist church. The banquet was prepared by the W.S.C.S. Out-of-town guests were Mr. and Mrs. Irvin Arrowood, Mr. and Mrs. John Hampton, Mrs. Dolly Pettrey, Mr. and Mrs. Arthur Fields, Mrs. Mae Mays, Mr. and Mrs. W. I. Jones, Mrs. Lenore Gullett, Mrs. Nora Muncy.

Immediately following the banquet the official inspection of Wayland Star Chapter was held. The chapter was honored by the presence of worthy grand matron, Mrs. Boles. The chapter had two candidates to receive the degrees of the order: Joyce Childers and Margie Long, both of Wayland. The evening closed with refreshments served by Patricia DeCoursey and her refreshment committee.

The next regular meeting will be June 20. Every member is urged to attend.

### Hardwood Pulp Cutting Yields Good Cord Price

Kentuckians can improve their forests by reaping a crop of hardwood pulp if a market exists fairly close by, says J. A. Newman, Kentucky Agricultural Extension Service forester.

In 1955, about 32,700 cords of pulpwood were produced in the state, double the reported 1952 production.

Newman cited a recent demonstration, cut on a Lee county farm as an example. A general improvement cut yielded a 4½ cords of pulpwood per acre with a roadside value of \$63, he said. The cut was to improve spacing and growing conditions in the stand, plus removal of inferior or cheaper species of pulpwood, such as red maple and hickory. Damaged or poor quality red and white oak was removed where it interfered with crop trees. Approximately 6,000 board feet of hardwood saw timber per acre was left after cutting.

Newman noted that all hardwood pulp purchased in Kentucky must be sold with the bark removed. Payments average about \$19 per unit (4 feet by 5 feet by 8 feet) delivered at yards, he says. Hardwood pulp buying has been considerably curtailed this year in the state, but some markets still exist.

## HERSHELL WARRENS EXPRESSES APPRECIATION

I cannot begin to express the gratitude I feel to the people who supported me in the primary election. To those of you who maintained your faith in me and worked in my behalf despite what sometimes may have seemed like insurmountable odds, I can only say an humble "THANK YOU" and hope with all my heart that the services I am able to render as your Sheriff will be worthy of your faith and the trust you have placed in me.

I would like to assure you, as I stated before the election, that my only obligation is to serve the people of Floyd County honestly and to the very best of my ability. I HAVE NOT AND I WILL NOT PROMISE ANYONE A PART OR INTEREST IN THE OFFICE. There are, no doubt, a few people who have and may continue to try to make you believe that my race was sponsored or controlled by persons other than myself. Any reports that you may hear to this effect are entirely false and are being used solely for the purpose of misleading you.

Be not deceived, the victory belongs to you, the people, and you can justly be proud of it.

Sincerely,

## Official Talk State Service For Recreation

Frankfort, June 17 (Sp.) — At a special meeting, leading recreation officials have discussed possible formation of a new State consultant service to promote local recreation programs in interested communities throughout Kentucky.

To improve recreation on a local level, the group recommended to Conservation Commissioner Laban Jackson and Economic Development Commissioner George Hubley that a governor's study group for recreation be set up.

Some reasons for the program are: increase in population; more interest in recreation and vacations; more time for these activities; increase in mental health and related problems; numerous resources available; and an asset in attracting new industry to Kentucky.

A coordinated state effort encompassing at least a dozen difference agencies would be initiated, if approved by Gov. A. B. Chandler, Jackson and Hubley.

## MAYTOWN

**W. S. C. S. MEETS**  
The Maytown W. S. C. S. held its regular monthly meeting at the church last Tuesday evening. Mesdames Henry L. May and Arnold Cassidy were hostesses and Mrs. H. M. Wiley was in charge of the program. An impressive installation service was given for the new officers inducted at this meeting. The president, Mrs. George Patton, presided.

The various committees gave their reports. Mrs. James Allen reported that so far the 20 chairs for the primary Sunday School class have not been secured, but it is hoped to have these in the near future. Each member gave her contribution for the kitchen fund. Mesdames Henry L. May and Arnold Cassidy are to take an inventory of the kitchen and purchase needed articles with this donation.

Mesdames Henry L. May, James Allen and Lucy Patton were appointed to make new lists of hostesses, program leaders and church cleaners for this coming year.

Mesdames Thomas Patrick, Jones Tallent, George Patton, and Raymond Hopson are in charge of the refreshments for the dedication service which will be held July 7. The motion was made and carried that the meeting time be changed to 7:30.

Hostesses for the next meeting will be Mrs. Arnold Maggard and daughters; with Mrs. Maggard as program leader. Mrs. Henry L. May closed the program with prayer. Refreshments were served the 24 members, and guest, Buddy Caudy.

Mr. and Mrs. Frank Wischard, of New Albany, Indiana, are visiting her parents, Mr. and Mrs. Dave Bentley.

Mr. and Mrs. George Patton and children are visiting relatives in Zionsville, Indiana.

Mr. and Mrs. Arnold Cassidy spent last week-end with her daughter, Mrs. Wesley Nipp, and family in Grayson.

Mr. and Mrs. Jim Dixon and daughter, Susan, of Miami, Florida spent the week-end with her mother, Mrs. Viola Stewart. Mr. and Mrs. Dixon motored on to New York for a week's vacation, leaving Susan with her grandmother.

Glenna Payne and Carleen Howard, Billy Joe and Clara Bradley, Charlotte Maggard, and Sidney Ratliff are attending summer school at Pikeville College.

Mrs. Joyce Smith and children, of Waverly, W. Va., spent last week with her parents, Mr. and Mrs. James Webb.

Mr. and Mrs. Mildred Hicks, Sandra, Joan and Danny, were visitors in Bristol, Tenn., last week.

Sandra Sue Patrick left last week for Waverly, Ohio where she will be employed for the summer at the Goodyear atomic plant as a junior laboratory assistant in the Inorganic Analytical Chemistry department.

## CLUB TO SPONSOR CLINIC

The Maytown Woman's Club will sponsor a pre-school clinic July 9 in the Maytown lunchroom. Parents of children who will start school this September are urged to bring them in for physical examinations at this time. If they wish to bring their babies for a check-up, they may do so. Shots also will be given for whooping cough, tetanus, diphtheria, typhoid, small pox and polio. The clinic will be open at 10 a.m. and close at 3 p.m.

## Washington Had Tax Troubles, Too

ALEXANDRIA, Va., — George Washington had his tax troubles just like any other citizen. An old record book turned up recently showed that the country's first president was nine pounds delinquent in his local taxes for the year 1794. However, the records showed he paid the tax in 1795 plus 15 pounds more assessed that year against his estate, which was valued at 1,500 pounds. Assistant City Manager Eugene Barnwell discovered the old tax book while making a survey of city records from 1793 to 1852. The leather-covered volume with its faded quill pen entries will be preserved.

## Outstanding Youthful Historians Honored On Daniel Boone Day

By Charles F. Hinds  
Secretary-Treasurer Kentucky Historical Society

Frankfort (Special — William M. Boden, Hopkinsville, and Dianne Byars, Mayfield, Kentucky's outstanding boy and girl historians, were honored on Daniel Boone Day—June 7—at the Old State House, Frankfort.

Boone Day was celebrated for the 63rd consecutive year and for the 72nd in the history of the Kentucky Historical Society. Since 1879, Boone has been the patron saint of the society and his day the most important of the year for members and friends.

John R. Sower, Frankfort, received an award for finding the oldest grave in Kentucky.

In the old graveyard at White Sulphur on the road from Frankfort to Georgetown, nine-year-old John found the grave of Susanna Gough who was born in 1746 and died Jan. 13, 1795.

Three historical writing awards were given to promising young historians by the Frankfort Chapter of Daughters of the American Revolution. They were presented by the regent, Mrs. John Hopkins.

Lt. Gov. Harry Lee Waterfield presided over the presentation of awards. The "Outstanding Boy Historian" award was given by the Kentucky Press Association and presented by Gilbert Young, Frankfort. The "Outstanding Girl" award was given by the Kentucky Bar Association and presented by Ben Fowler, Frankfort. The "Oldest Grave" award was presented by Mrs. E. C. O'Rear II in memory of her mother, Mrs. Eleanor Hume Offutt, Frankfort.

Other features of the program were the unveiling of the Matthew Jouett portrait of Gideon Shryock and the principal address by Dr. Hambleton Tapp on the subject of Martin's and Ruddle's Stations in the American

**WOMAN'S CLUB MEETS**

The Allen-Martin Woman's Club met Monday evening, May 20, at the home of Mrs. Charles Marshall, for a program on American Homes. Mrs. Marshall, chairman of the Department of American Homes, had as guest speaker Mrs. C. Smith, home economist, employed by the Kentucky Power Co. Her talk was on, "Indirect Lighting in the American Home," and was illustrated by a moving picture and by slides showing the proper lighting and furniture arrangement of the different rooms of a house. After a very informative talk, Mrs. Smith presented each club member with a 150-watt electric light bulb which she said was the correct size for a reading lamp.

Another guest, Miss Dixie Trapp, home demonstration agent for Floyd county, was introduced. Miss Trapp invited members to attend the newly-organized Homemakers Club meeting the following afternoon.

Miss Nelle Music presented the retiring president, Mrs. J. J. Sherman, with a bracelet and matching earrings as a gift from the club in appreciation of her two years of service. After Mrs. Sherman acceptance speech refreshments were served.

The last meeting of the club for the summer was held Monday, June 3, at the home of Mrs. J. D. Adams. A full report on the state convention in Louisville was given by Mrs. J. J. Sherman and Mrs. Emmott Tackett.

Nelle Music, Una Laven, and Frances Sherman were named as the yearbook committee to plan the program and the cover for the next yearbook before the first meeting in September.

The club voted to give \$35 to the Bookmobile unit for new books with Mr. Wallace selecting as he wished. A new resolution was adopted to launch a Future Nurses of America Club at the beginning of the school year.

The last half hour of the meeting was devoted to basket weaving as each member had one basket to complete. Mrs. E. A. Dunbar, of Versailles, Ky., a guest at the club and a former instructor in basketry, gave helpful suggestions.

The meeting closed with prayer. The members and guests, Carolyn Dunbar and Audie Hall, enjoyed a dessert course served by Mrs. Adams.

**THE CLUB PRESIDENT PRESIDES**

The Drift Woman's Club met June 3 at the Turner-Elkhorn office building. Mrs. Howard Sticker served as hostess.

The new president, Mrs. G. W. Showers, asked that the minutes be read and a financial report be given. A committee was appointed to work on the new yearbook and all members were invited to submit at the next meeting ideas they might have for the cover of the yearbook.

The club decided to change the meeting time from Tuesday night to Monday night. Mrs. Fred Cochran made the motion that the club buy coat hanger covers to sell as a money-making project.

Mrs. Ben Martin made a motion that the club petition the County Board of Education for a luncheon-auditorium combination and two classrooms for the Drift school. The club also discussed buying vitamins for school children next year.

The following members were present: Mesdames F. T. Jones, Ben Martin, Howard Sticker, H. D. Hewlett, Ivan Reed, B. A. Reed, Fred Cochran, Le Roy Jones, Joe C. Moore, W. L. Reed, Bobby Hall, Glen Ward, Estill Hall, G. W. Showers, Ray Heinisch, William Hoffman, Sarah Dunn, Misses Ruby Akers, Myrtle Rakes and Mrs. C. A. Reed, of Lexington was a guest at the meeting.

## State Requests Road Equipment

Frankfort, June 17 (Spl.) — An effort to reduce the severe shortage of engineering equipment in the State Department of Highways was made in a recent letter from Director W. A. Tinchler of the equipment division.

The letter was an aftermath of an inspection by a representative from the highway department of government-owned equipment at the Granite City, Ill., engineering depot.

In the letter to the district engineer of the Bureau of Public Roads, Tinchler listed units of equipment at the depot that "we would like to have and can use to a good advantage in the Kentucky Department of Highways."

As yet, nothing has been heard from the request for the surplus government equipment, Tinchler said. "But we should be hearing something soon," he added.

## PROCK HAYES

THANKS VOTERS

I take this means to sincerely thank the Democratic voters of Floyd county for their show of confidence in nominating me to the office of Jailer. For past support and for any further expressed influence in my behalf during the coming final election, I shall feel forever grateful, and will do my utmost to render the good citizens of Floyd county the best service possible.

To my honorable opponents I feel a deep respect and bear no ill will to anyone, a feeling which I hope sincerely is mutual. To those who were unable to help me I wish to say that the privilege of voting a choice is an act of freedom which we enjoy in this great Country we live in.

I invite all of the good citizens of Floyd county to join me in the November campaign in working for the improvement of the county government to which I shall devote all my time and effort if elected.

Thanking each and every one for their support in the primary election and desiring the joining of forces for the coming election, I am

Sincerely and Gratefully yours,  
PROCK HAYES

# MANY FLOYD ELIGIBLES MAY LOSE SS BENEFITS

More than one hundred thousand severely disabled people in communities all over the nation will receive their first social security disability insurance checks in August, Thomas B. Thompson, district manager of the Pikeville social security office, announced last week.

But many other eligible disabled workers 50 to 65 years of age, some of them do no doubt living in Floyd county, have so far failed to make application to their social security offices. Those who have been disabled for work for a long time must apply before June 30, Mr. Thompson pointed out, or they will lose their rights to these new benefit payments.

Any severely disabled person who has worked under social security for at least 5 years and who has been disabled for 6 months or more should get in touch with his social security office right away, the social security district manager said.

If he is under 50 years of age, he may be eligible to have his social security record frozen to protect his future right to disability payments, and also his and his family's rights to old-age and survivors insurance benefits.

"Unfortunately there is a lot of misunderstanding," Thompson said, "as to how disabled a worker has to be to get social security disability insurance benefits or to have his social security record frozen. The rules in the social security law for deciding whether a person is 'disabled' are different from the rules in some other government and private disability programs."

To be found "disabled" under the social security law, he said, a worker must have a disability which, in the words of the law, makes him unable "to engage in any substantial gainful activity." It must be the kind of physical or mental condition which shows up in the medical evidence, including his doctor's report, hospital reports, or special tests. It must have lasted for at least six months and be expected to continue for a long and indefinite time.

In general, he said, "substantial gainful activity" means the performance of a substantial amount of work with reasonable regularity in employment or self-employment. A person does not have to be completely helpless to qualify under the social security disability provisions, Thompson emphasized. Consideration is given to all of the facts in the individual's situation both medical and non-medical.

First consideration is, of course, given to the severity of his condition as shown by the medical evidence. This evidence must show that the person has a condition which makes him unable to perform significant functions such as moving about, handling objects, hearing, speaking, understanding, or reasoning, so that he cannot with his training, education and work experience engage in any kind of substantial gainful activity.

1. Loss of two limbs.
2. Progressive disease which has resulted in the physical loss or atrophy of a limb; such as, diabetes, multiple sclerosis or Buerger's disease.
3. Disease of heart, lungs or blood vessels which has resulted in major loss of heart or lung reserve as evidenced by x-ray, electrocardiogram or other objective findings so that, despite medical treatment, it produces breathlessness, pain or fatigue on slight exertion, such as walking several blocks, using public transportation or doing small chores.
4. Cancer which is inoperable and progressive.
5. Damage to the brain or brain abnormality which has resulted in severe loss of judgment, intellect, orientation or memory.
6. Mental disease (e.g., psychosis or severe psychoneurosis) requiring continued institutionalization or constant supervision of the affected individual.
7. Loss or diminution of vision to the extent that the affected individual has central visual acuity of no better than 20/200 in the better eye after best correction, or has an equivalent contraction of his visual fields.
8. Permanent and total loss of speech.
9. Total deafness uncorrectable by a hearing aid.

Thompson said most individuals with such serious disabilities are unable to work. There are cases, however, where a person with such a severe disability is working, or able to work, because of his special knowledge and skills. He would not be entitled to benefits, the district manager said, because he would be able to engage in substantial gainful activity.

A person might work occasionally or intermittently and this would not necessarily mean that he was able to engage in substantial gainful activity. Both the nature of the work and the amount of money he earned would have to be considered.

On the other hand, some persons with conditions somewhat

less severe than the ones listed above might be found unable to engage in substantial gainful activity because of the actual facts in their cases. If a person's condition coupled with his work background, his lack of education, training and other physical and mental resources does in fact prevent him from working, he would have a disability which prevents him from engaging in substantial gainful activity, and would therefore be found eligible under the social security disability provisions.

## Farm Accident Deaths Heaviest Among Youth

A plea to farm mothers of young children for greater "safety consciousness" has been made as a result of a study of accidents on farms (excluding the farm home) by the National Office of Vital Statistics.

The records show that the largest number of accidental deaths occurred among the 15-to-19 year-olds; the next largest number among children from 10 to 14 years old and those under 5 years.

Operation of farm machinery caused about a third of the accidental deaths. Next in order were fatalities from drownings, firearms, falls, animals, and burns. Burns and drownings were causes of death of most of the 5-year-olds, and firearms and lightning among those 15 to 19 years of age.

The number of drownings clearly shows that mothers needed to see that children learn to swim, know and obey the rules of water safety, and that they don't go in water without adequate supervision. They can also see that firearms and matches are always stored out of reach of young children, and that older children are instructed in the use of firearms, say home management specialists at the University of Kentucky.

The cooperation of fathers should be obtained in seeing that older children are instructed in the use of firearms, and in operating heavy machinery when they know how to do so safely.

## Annual W. O. W. District Picnic

The Woodmen of the World will hold its annual free picnic for its members and families Sunday, June 30, beginning at 1:30 p.m., at Dewey Lake Park. All adult members are entitled to invite a non-member neighbor and his wife as their guests. Juvenile members are entitled to and urged to invite their parents as their guests, and each juvenile may invite one non-member neighbor boy as guest.

Cold drinks, free sandwiches and a watermelon feast will be enjoyed. There will be softball games, potato races, fat man's race, sack races and a tug-of-war between Prestonsburg Camp and Pikeville and Paintsville, with the winners pitted against each other in the finale.

The district meeting will be participated in by camps from Pikeville, Martin, Paintsville, Salyersville and Jackson, with Prestonsburg or Floyd county serving as host, but all camps will share in the expense.

Exclusive with Buick SAFETY-BUZZER

—the "built-in conscience" that buzzes when you reach the miles-per-hour you want to stay under, keeps silent when you drop below that pace.

You could add up the figures on size, weight, room, power. From that alone you'd discover an important fact: how much more automobile you get in this Buick that's priced so close to the smaller cars. But in your heart you know you want even more: You want action. You want fun. You want lift and life and response. You want to feel absolute master over your going and stopping. So try this Buick—just try it. It drives and rides and brakes and steers and handles like no other car you've ever known before.

It has a brilliant new V8 engine—like silk with the flow of Niagara. It has a spectacular new Dynaflo\*—instant and smooth to the infinite. It has powerful new brakes, new roadability, a new precision in its handling. But the total feeling you get from all this is far, far more than words can bring you. Come in, sit behind the wheel, and see for yourself why this great buy is the dream car—the hit of the year—to drive.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special. Safety-Buzzer is standard on Roadmaster, optional at extra cost on other Series.

**CAB PERMITS AMENDED**  
Frankfort, June 17 (Sp.) — Taxicab owners operating cabs without permits in the State have been notified of amended certificates by the Department of Motor Transportation.

Delmer Ison, assistant commissioner, said the order was issued when the operators failed to license additional cabs after being notified by DMT.

Amended certificates included one issued to Elliott Hicks, Prestonsburg, reducing the number of cabs from three to two.

**Kiwanis '57 Golf Tourney Set for Sunday, June 23, At Allen Country Club**

The annual Kiwanis Floyd county golf tournament is set to begin at 1 p.m., Sunday, June 23, at the Beaver Valley Country Club. Allen, according to an announcement this week by Don Sullivan, tournament chairman.

Sullivan said that members of the Prestonsburg, Beaver Valley and Martin Kiwanis clubs will be eligible to compete. About 50 played in the meet last year and the chairman stated that current interest indicates that this year's event will be "bigger than ever."

The competition will see 18-hole medal play on the nine-hole course with trophies awarded to each of the following; low individual score, low club score and high score.

**NEW FISH CALLER**  
Game and varmits long have been a part of the hunting picture. Duck, geese, moose, crow, fox, wolf and wildcat calls are all used with success.

Now you can "call" fish. Until Frank V. Birch, of BirchKraft, Inc., Milwaukee, Wisconsin, came along, "fish calling" was just a gag.

Mr. Birch is now marketing the Krafty Fish Caller.

It consists of a small waterproof case containing a flashlight battery and a high-pitch buzzer which sounds similar to a bee buzzing.

Lower the device in the water and the fish gather around. We saw it tried in clear water. Bluegills were the first to come. Some ten bass showed up later.

Some of the buzz-attracted bluegill took the bait (red worms). Others ignored it.

Since no minnows were available, a true test couldn't be run on the bass. But the Krafty did attract fish, even if it didn't hypnotize all of them into biting.

If Mr. Birch's invention would attract the educated fish in Dewey Lake he would make a fortune overnight, as other means of taking the varmits are virtually nil.

**Snead 2d 4 Times In U. S. Open**

If Sam Snead were to depend on his U.S. Opens for a living he would have a tough struggle.

The best the 40-year-old pro could do in 13 previous Opens in which he has played was to finish second four times.

Snead was runnerup to Ralph Guldahl in 1937; he lost an 18-hole playoff to Lew Worsham by one stroke in 1947; finished second with Clayton Hafner to Dr. Cary Middlecoff in 1949, and was second to Ben Hogan in the 1953 Open.

**Prestonsburg Merchants Take Roubleheader Bill From Allen, 3-1 and 9-2**

The Prestonsburg Merchants bounced back from their 11-9 defeat June 9 at the hands of the Blaine team of the Big Sandy Baseball League to take both ends of a doubleheader Sunday from Allen in a league game 8-1 and 9-2. The twin bill, which was featured by stout Prestonsburg pitching throughout, was played at the Drift park.

In the first game Patton and Blackburn pooled their pitching efforts to hold Allen to three hits and a lone run. Campbell went all the way in the nightcap to hold Allen to four hits, meanwhile striking out 10 and walking 6.

Next Sunday, the Merchants entertain Louisa here.

**District Council Camp Set at Carter Caves**

The 4-H District Council from Eastern Kentucky's Extension Districts 5a and 5b will assemble at Carter Caves, Carter county, July 12 for a week-end "family affair" camp.

About 60 persons are expected. E. E. Fish, district 4-H agent, said this week. The camp will be recreational in character, but will also include workshop activities. One topic will be construction of a 4-H camp for the area, he said.

Counties involved are Floyd, Robertson, Mason, Nicholas, Bath, Fleming, Lewis, Greenup, Menifee, Morgan, Magoffin, Pike, Martin, Lawrence, Elliott, Carter, Boyd, Johnson and Rowan.

**Smiley Among Students At Engineering Camp**

Vyron Alan Smiley, a University of Kentucky engineering student from Prestonsburg, is among 96 UK students attending the UK civil engineering summer camp in Breathitt county. The camp is located in the 15,000-acre University forest.

While at the camp students are required to work 44 hours each week in the field surveying for highways, mapping and solving general problems to gain practical experience. Office calculation of the field work is done at night.

Smiley is a son of V. A. Smiley and is a graduate of Prestonsburg high school.

**RUPTURE**  
Expert Coming To Paintsville Again  
GEO. L. HOWE

Well-known expert of Indianapolis will personally demonstrate his method without charge at the Howard Hotel, Paintsville, Thursday, June 27th from 9 a.m. to 12 noon. Ask for Mr. Howe at desk.

Mr. Howe says the Howe method contracts the opening in remarkably short time on the average case, regardless of the size or location of the rupture and no matter how much you lift or strain puts you back to work the same day as efficient, as before you were ruptured.

The Howe Rupture Shield has no leg strap, waterproof, sanitary. Practically indestructible and can be worn while bathing. Each shield is skillfully molded and fitted to the parts under heat which gives a perfect fit and satisfaction.

Large and difficult ruptures following operations especially so.

Do not overlook this opportunity if you want gratifying results. Mailing address: Howe Rupture Est., Washington at Lincoln, Oakland City, Indiana.
