

This Town— That World

A LAMENT FOR OLD DOG DAYS

I am just this day reminded that we are well through Dog Days and that I haven't heard one youngster express alarm of any kind. This strikes me as passing strange, since I belong to that generation of boys who found Dog Days an entrancing season of peril when snakes were blind and lashed out at every noise and when the water even in the old swimmin' hole was "pizen".

Upon sober reflection I have decided that that poison-water story was told for a purpose and that it achieved its purpose, which was, namely, to keep certain youngsters on land and out of danger of drowning.

This dissertation on un-natural history isn't intended to educate the 1957 model youngster; rather, it is to show them what they missed by being born so late and by growing up either in town or at any spot where Super-Man or some of these other modern characters have taken over.

I refer to a time when Dog Days was a delightfully languorous season spiced by danger from things underfoot, beneath the water and in the air. The snakes and the water weren't our only dangers. There was the devil's darning needle (snake doctor, to some), the sting of which was guaranteed to be fatal. This graceful denizen of swamps and still waters had an affinity for me, it seems, and on occasion I was on the jump to keep from getting stung. Incidentally, have any of you graybeards ever heard of these things stinging anybody?

And then there was the centipede which was popularly known as the "thousand legs." If you stepped on one with your bare foot, my friend, you'd better get to a doctor, quick . . . Honor bright, now, can they hurt a body? If they can't why did people want to keep me skipping around those things?

RAIL WORKER TRAIN VICTIM

Tommy Carr, 44, Killed Monday At Whitehouse; Was Resident of Allen

Tommy Carr, 44, of Allen, C. & O. extra force employe, was struck and killed by a train at Whitehouse shortly after Monday midnight.

Details of the tragedy were not learned here. It was said that Carr was sitting on the tracks and that he was instantly killed. He had been working with an extra force at Whitehouse.

The victim was a son of Mrs. Ellen Conn Carr, of Allen, and the late Nathan Carr. He was a veteran of World War II, and had been an employe of the railway company about 15 years.

Surviving, besides his mother, are his widow, Mrs. Ola Hamilton Carr, two sons, Jack and Jim, and a daughter, Jewel, all of Allen. He also leaves three brothers, Henry Carr, of Allen, Ambrose and Frank Carr, both of Gary, Indiana.

The body was returned to Allen and funeral rites were conducted from the home there this morning (Thursday) at 10. Burial was made in the family cemetery, the Hall Brothers Funeral Home directing.

Mary Amburgey Reed, 82, Of Hueysville, Succumbs Aug. 13th at Residence

Mary Amburgey Reed, 82, of Hueysville, died at her home August 13 at 1:25 a.m.

A member of the United Baptist Church for eight years, she was the widow of A. J. Reed. She is survived by two sons, Troy and Commodore Reed, both of Hueysville, one daughter, Mrs. Ellen Sexton, Michigan, one brother, John Amburgey, Delfi, Ohio and two sisters Rosie Dyer, Hindman, and Martha Patton, Hueysville.

The funeral was held at 10 a.m. Friday at the home with the Revs. Stuart Howard and Talmadge Allen conducting the service. Burial was held at the family cemetery in Hueysville with the Turner-Ryan Funeral Home directing.

ROBERT KERR MINE VICTIM

Motors Collide, Head-on, Killing Motor Brakeman; Three Others Are Unhurt

Robert Kerr, 57 years old, motor brakeman for the Princess Elkhorn Coal Co., David, was almost instantly killed Monday morning in the company's No. 1 mine when his motor and another collided, head-on.

The tragedy took place as Kerr was entering the mine on a tandem motor driven by James Adams. Their motor, which was hauling a string of empty cars, had waited outside the mine for an outbound motor hauling loaded cars. Behind this emerging motor, however, was a small motor hauling a slate car and one empty. When the larger motor emerged, the parked motor moved inside the mine, and so met the smaller, head-on.

The motorman and brakeman on the small motor as well as Adams, motorman working with Kerr, escaped injury by leaping to safety.

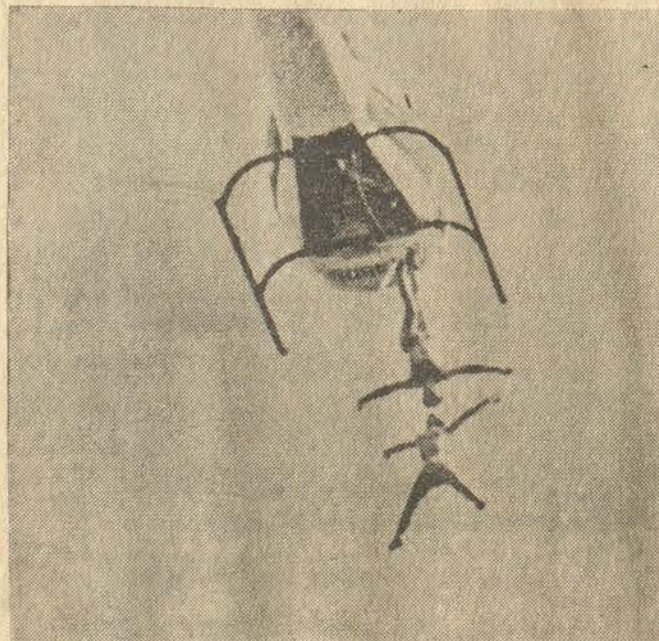

Kerr's skull was fractured, his neck was broken and he was crushed internally.

The victim, a native of Middlesboro, was a son of Mrs. Ellen Robinson Kerr, of David, and the late James Kerr. He had resided in the vicinity of East Point for years, and was a member of the Masonic order.

Surviving, besides his mother, are his widow, Mrs. Myrtle Castle Kerr, of East Point, two daughters, Mrs. Betty Triplett, Marion, O., and Mrs. Elizabeth Ruth Pigg, of East Point; six sisters, Mrs. Florence Hall, Mrs. Pearl Sexton, Mrs. Bess Richmonds, Mrs. Sarah Thomas, Mrs. Lula Slone and Rose Kerr; and two brothers, James Kerr, Stockbridge, Mich., and Everett Kerr, of David.

UMW LABOR DAY FESTIVITIES ARE SCHEDULED AT JENKINS

One of the feature acts contracted by District 30, United Mine Workers of America, to entertain their thousands of guests at the annual Labor Day celebration is the helicopter act with Larry Ruhl and Sandy Winters (shown above).

The Labor Day celebration this year will be held at the Jenkins ball park.

The all-day round of entertainment for miners of the district, members of their families and their friends is being promoted by Hetzer's Theatrical Agency.

The helicopter act in which acrobatic stunts are performed at a height of 300 feet is only one of many features planned.

A beauty contest to name the queen of the mining community of Eastern Kentucky represented by District 30 will be held. The winner will receive a \$200 cash award. Second-place prize will be \$100, and \$50 will go to the girl ranking third. To be eligible for the contest, girls must be sponsored by civic groups, churches, local unions or other reputable organizations.

65% OF FUNDS FOR TEACHERS

Budget Planned By Board Totals Nearly \$2 Million; Teacher Pay \$1,288,695

The Floyd County Board of Education's 1957-1958 budget, recently adopted, envisions the expenditure of almost 65% of the school system's total income on teachers' salaries.

Teacher-pay in Floyd county last year was, in relation to the total school income, the highest in any county of the area, and the same may be true this year, County Superintendent Virgil O. Turner said.

Income anticipated from all sources was set down in the budget at \$1,990,572.59. Of this amount \$1,288,695 will be spent on instruction. That "instruction" item covers the pay of school principals, supervisors and teachers.

The amount budgeted by the Board for administration, which covers pay of the Superintendent, assistants, clerks and attendance officers and also pays for office supplies, is \$52,076. Other items of the budget and amounts set aside for them:

Operation of school plant (janitors, fuel, etc), \$94,390; maintenance of school plant, \$56,270; fixed charges, such as rents insurance and the like, \$54,440; auxiliary services, including field workers in health activities, school athletics and playgrounds, transportation of pupils, lunch

LOCAL CLUBS RAID TARGETS

Eagles, Dewey Lake Ass'n Lose Beer, Rum to Raiders After Club's Door Forced

Prestonsburg police and Sheriff's deputies joined in a raid Saturday night on the Eagles Club here which saw the club hold out until a door was kicked open by the officers.

The haul there was two cases of beer and nine half-pints of whiskey. Sheriff Gorman Collins said his deputies estimated, however, that 25 cases of beer were poured out before entrance to the building was effected.

Shortly afterwards, deputy sheriffs raided the Dewey Lake Improvement Association near Lencer, and there confiscated 79 cans of beer and seven half-pints of whiskey. None of the occupants of the two places was arrested. Policeman Bill Potter and B. L. Sturgill took part in the Eagles Club raid with Deputies A. J. Reed, Frank Blackburn and Joe Wheeler Lewis.

Earlier in the week the same deputies found three cases of beer on the premises of Freddie Newsome on the Cliff road, nine cases of beer and two half-pints of whiskey at Yankee Wells' at Auxier and 24 cans of beer at Ed Wright's place at Melvin.

Despite these raids, few were jailed within the week—nine, to be exact, since Monday of last week. Three of these, James K. Justice, James C. Beckett and Sterling Daniels, were booked by military police. All other prisoners were booked for minor offenses.

KY. LIBRARY FUNDS \$137,929

Sen. Cooper Announces U. S. Release of Funds For Rural Libraries

Senator John Sherman Cooper (R-Ky.) announced this week that the Bureau of the Budget has released funds appropriated for rural library services to Kentucky and other states having rural library programs.

Kentucky's share will be \$137,929.

Senator Cooper had urged the Budget Bureau to release the funds as soon as possible in view of possible interruption in rural library service due to the delay in making the funds available.

Kentucky's share is part of an appropriation of \$5,000,000, voted by Congress this year under the Library Services Act. Senator Cooper had earlier urged the appropriation of this amount as the minimum necessary to carry on the rural library service program. He testified before the Senate Appropriations subcommittee and spoke in support of the appropriation.

Ass't County Agent Resigns Floyd Post For Further Study

Donald W. Claypool, assistant county agricultural agent here, has resigned his post with the extension department and will leave August 31 preparatory to entering the University of Kentucky to work toward his Master's degree.

Mr. Claypool has been here as assistant county agent the last 21 months. He came to this county from Berea, soon after having received his discharge from the armed forces.

He has an assistantship in research in dairy cattle nutrition, and his plans envision future work in the field of research. A successor to Mr. Claypool has not been named.

WATER STUDY PLANNED HERE

'Unusual' Taste Perplexes Manager; Asks Chemist For Aid; Says Water Safe

Dick Davis, manager of the Prestonsburg Water & Gas System, said Tuesday he doesn't enjoy that "unusual" taste of Prestonsburg's water any more than anybody else, and that something is going to be done about it.

In fact, said Mr. Davis, every step already has been taken that he knows to take. Now he proposes to bring in a chemist from the State Board of Health to help find the source of the trouble.

"We know the water is perfectly safe," Davis said, "but it's this vile taste. Prestonsburg in the past has had unusually good water, and we are at a loss to know what is causing this sudden change."

Regular laboratory tests are made of the local water supply.

Algae at periods of low water and chemicals could cause bad taste and odor. But Davis emphasized the point that whatever chemicals might be causing the trouble are coming from upstream and are not those used in making the water safe for human consumption.

BOARD NAMES BUS DRIVERS

Janitors Also Hired; Term To Open Aug. 30 With Pupil Registration

Preparations for the opening of the consolidated school term Aug. 30 were almost complete this week with the announcement of bus drivers and janitors after the teacher list had already been substantially completed.

(The Times last week gave the school opening date as Sept. 3. Classroom work will begin on that date, but actually the term will begin on Friday, Aug. 30, when registration of pupils will be held. A teachers' meeting also will be held on Friday afternoon.)

James Salisbury, principal of Martin schools, was named bus supervisor. Names of bus drivers and school routes to which they have been assigned follow:

Bill Compton, Prestonsburg; Leroy Balsden, Allen to Prestonsburg; Hobert Anderson, Wheelwright; Charles Curry, Wheelwright; John A. Ground Broken Here For Radio Station

Ground was broken last week for the construction of a second radio station here, it was announced by Rex Osborne, who will manage the new station.

Call letters of the station, which were assigned recently, are WDOC. Osborne said the complete installation may cost \$100,000 and that the station is expected to be on the air by Oct. 1. The station will employ about 12 persons, he said.

DRY LEAGUE RAPS PETITION

Remonstrance Attacks Wets' Petition, Claims Some Names Are False

Attorneys for the Prestonsburg Dry League said Tuesday that a remonstrance against the petition asking a local option election here Sept. 21 will be filed this week, most probably Wednesday or Thursday.

The remonstrance, already prepared, attacks legality of the petition, questions the genuineness of some of the signatures appearing on it and also the place of residence of some of the petitioners.

Filing of the remonstrance followed the third meeting of Dry forces Monday evening. The meeting, held at the Presbyterian Church, drew the largest crowd that has yet attended a meeting to plan the campaign to be waged if the petition is held valid.

The petition was originally scheduled for hearing before County Judge Henry Stumbo next Monday, but it is possible that filing of the remonstrance may delay final action by a week.

Next meeting of the Dry League will be held Monday at 7 p.m., at the Freewill Baptist Church.

DOCKET BARE OF MURDERS

September Term Docket Lists 155 Cases; Term To Convene September 3

The circuit court term which will convene here Sept. 3 has awaiting it 155 cases for trial, plus any that might be docketed during the term after the grand jury has returned indictments.

Of the 1955 already docketed, however, many are child desertion cases that will not be heard. Many of these will be dismissed, and others will be continued.

Again the docket does not include a murder case. The nearest approach to such a case is the manslaughter charge against Herbert Salisbury and Kelly M. Hamilton, of Mud Creek, growing out of the death of a child. The child was fatally injured when one of the men was knocked against it as the two fought. The tot fell over an embankment onto a glass jar and bled to death.

Although Floyd county continues to have one of the lowest murder rates in the state, six persons have been indicted on charges of shooting and wounding or cutting and wounding with intent to kill.

The number of pistol cases set for trial has dropped to only two, and only three drunk driving cases are slated for hearing. Three also are charged with hit-run driving or leaving the scene of an accident.

Seventeen cases in which defendants are accused of possessing beverages for the purpose of sale are scheduled for trial during the coming court term.

Names and addresses of jurors who will see service during the term follow:

TWO DIE IN 24 HOURS IN HIGHWAY TRAGEDIES

Floyd Man, Accused As a "Peeping Tom," Shot at Paintsville

James Cornett, 24 years old, of the Auxier road, near here, was shot in his legs Monday night at Paintsville as he fled from a home into which he had allegedly been peeping.

He was treated at the Paintsville hospital and later transferred to the county jail.

A man was seen last Friday night at a window of the home of Raymond Lyons in Paintsville. Lyons spotted him and gave chase. Before that, five other homes had reported a prowler or "peeping Tom".

LUNG CANCER IS LESS HERE

Health Service Figures Show Floyd Death Rate From Cancer below U. S.

NEW YORK, Aug. 19 — Figures have just been released by the U. S. Public Health Service showing the proportion of deaths from lung cancer and from other forms of cancer in Floyd county and in other parts of the nation.

It comes at a time when there is concern throughout the country over the reported link between cigarette smoking and lung cancer. The American Cancer Society has issued data indicating a strong connection between the two, based on a study of 188,000 men.

More recently, U. S. Surgeon General Leroy Burney corroborated this, stating . . . "There is an increasing and consistent body of evidence that excessive cigarette smoking is one of the causative factors in lung cancer."

The new Public Health Service report shows the extent of this toll in each section of the United States for the 12 months ending January, 1956.

Among residents of Floyd county, it found, the number of deaths from cancer and other malignant growths came to 37 in the year. Of this total, the number attributed to lung cancer was 3, or 8.1 per cent.

Nationally, 12.4 per cent of all cancer mortality was due to lung cancer and, in the state of Kentucky, 10.5 per cent.

Locally, the PHS report shows, the number of deaths due to all forms of cancer was lower, in proportion to population, than in most sections of the United States. The rate, among local residents was 94 such deaths per 100,000 population, as against 145 per 100,000 for the nation. It was lower, also, than that of the state of Kentucky, 120 per 100,000.

In the overall battle against cancer, encouraging results are reported by the American Cancer Society. Today, it states, one out of every three people afflicted is being saved, compared with only one in four a few years ago.

JILLSON, HINDS SPEAK AT MEETING TO FORM AREA HISTORICAL SOCIETY

Dr. Willard Rouse Jillson, of Frankfort, geologist and historian of the Eastern Kentucky region, recalled 100 years of the section's past in an address Sunday before the first annual meeting of the Eastern Kentucky Historical Society here but his speech was prefaced with remarks on the "amazing development" of the area that had occurred since the one time state geologist resided here 40 years ago.

Jillson's speech, which followed a talk by Charles F. Hinds, Louisville, secretary of the Kentucky State Historical Society, reviewed the explorations of Gabriel Arthur, the first white man to visit the Big Sandy valley and the journeys of Gist, Boone and others.

The meeting of the society, held at the home of Mr. and Mrs. J. W. McIntosh on First avenue, was the group's first membership-wide gathering and was attended by members and others from Lexington to Pikeville. Luncheon was served to 77 guests and the proceedings were broadcast by radio station WPRT. Guest of the society, besides Jillson and Hinds, was Mrs. Flora Lee Hobson, of Frankfort, who is an officer of the state society.

Hinds, in a talk preceding Dr. Jillson, spoke in detail on the records available to the public in the library and museum of the state society's headquarters at Frankfort. He reviewed the first settlements of the Big Sandy and the Indian captivity of Jenny Wiley.

At the close of the speaking the Board of Regents presided over by Chalmers H. Frazier, president, met to elect Judge Jean L. Auxier, of Pikeville, as chairman. Henry P. Scalf, Prestonsburg, was named executive secretary of the board. A second meeting of the board will be held October 24 to complete the final organization work.

In the late afternoon Dr. Jillson, Bert T. Combs, Hinds and

WAR VETERAN AND BOY, 15, ARE VICTIMS

Other Youths And Men Involved in Fatal Wrecks Escape Almost Uninjured

Two Floyd countians died within a period of 24 hours in auto wrecks on the Left Beaver highway last week-end. The dead: Grover C. Stumbo Jr., of McDowell.

Bill Stephens, Jr., 15, of Risner. Stumbo died instantly at 9:30 last Thursday night when his auto and that of Everett Hunter collided on a curve near Jump. The Stumbo auto careened into the hillside, then turned over in the highway after colliding with Hunter's car. Burns Hall, who was a passenger in Stumbo's car, and Hunter, driver of the other auto, escaped with minor injuries. Stumbo died of head injuries.

Young Stephens was the only victim in a party of five youths when the auto driven by Stephen Jan Grigsby, of Martin, left the highway, a short distance above Drift, and plunged over an embankment Friday night at 9:30. He died enroute to a Martin hospital. The others, Grigsby, Mack Wicker, Bobby Barnett and Eugene Frazier, escaped without serious hurt. Stephens' head was crushed.

The victim in Thursday night's tragedy was a son of Grover C. (See Story No. 3, Page 8)

ARSON HINTED IN MARTIN CO.

Explosion and Blaze Cause Heavy Damage; Blast Source Unknown

Inez, Ky., Aug. 9.—Arson is suspected as the cause of an explosion and fire that destroyed a warehouse and general store, and Post Office at nearby Beauty early Monday, Sheriff Floyd Moore said. The fire caused an estimated \$16,000 damage.

The blaze started in the warehouse of Ware Drilling Company and quickly enveloped nearby Beauty Cash Store, which housed the Post Office.

Franklin Harris, owner of the general store, estimated damage at \$100,000, Moore said, and E. C. Ware, owner of the drilling company, said the damage to the warehouse was \$60,000.

Moore said he and State police were investigating the cause of the fire and that an inspector from the Post Office Department will probably work on the case.

The sheriff, who earlier was quoted as saying drums of diesel fuel in the Ware building apparently exploded, later said there was no fuel in the structure.

Cause of the explosion was still undetermined.

SCALF VISITED THE SITE OF THE BATTLE OF MIDDLE CREEK. JILLSON WAS PARTICULARLY INTERESTED IN DETERMINING IF THE LOW MOUND NEAR THERE WAS PREHISTORIC OR INDIAN ORIGIN. THE PRESENCE OF SEDIMENTARY ROCKS NEAR THE SUMMIT PROVIDED JILLSON EVIDENCE THAT THE HILL-LIKE FORMATION WAS THE RESULT OF JOINT ACTION OF THE SPURLOCK FORK AND MAIN MIDDLE CREEK IN THE GEOLOGIC PAST.

Members of the Board of Regents meeting to elect a chairman and to consult with Hinds on the organization set-up were Mrs. Willie Prater Mills, Lexington, Mrs. Addie Burgess, of Louisa, O. E. Boggs, Morehead, Bert T. Combs and Mrs. McIntosh, Prestonsburg, Cordell Martin, Hindman, Mrs. Mabel Auxier Rice, Paintsville, Judge Auxier and all of the officers of the society, among whom were Mrs. Charlotte Martin, of Martin, who initiated the founding of the society, and Mrs. Winnie F. Johns, chairman of the archives committee.

More than a century ago, in 1850, James Young discovered the process for getting "coal oil" from coal and shale and by the time of the Civil War more than 30 plants were producing the fuel.

The Chesapeake & Ohio Railway is building at Toledo, O., a new coal unloader capable of moving 6,000 tons of coal an hour, or three times the capacity of the biggest unloader ever built.

Ben David Martin, 79, Teacher for 40 Years, Succumbs at Martin

Ben David Martin, of Topmost, Knott and Floyd county merchant and teacher for 40 years, died Saturday at 7 a. m., at the Beaver Valley hospital, Martin, a victim at the age of 79 of paralysis.

Mr. Martin had been in failing health for the last year and had been seriously ill a month.

He was a son of Alamander (Squint) Martin and Evelyn Hall Martin. His wife, Liza Cook Martin, preceded him in death in 1928. Surviving are two daughters, Mrs. Homer Hall, of Topmost, and Mrs. Felix King, of Kite, four brothers and one sister, W. S. Martin, of Eastern, Marion Martin of Drift, Bruce Martin, Hall Ky., Dewey Martin, McDowell, and Mrs. Anna Akers, of Drift. The funeral was conducted at 10 a. m., Monday from the Dry Creek Regular Baptist Church, the Revs. Ellis and Frank Hopkins, Eppie Holbrook, Troy Nickles, Hawley Warrens and Sherman Stone officiating. Burial was made in the Dry Creek cemetery under direction of the Hall Brothers Funeral Home.

Miss Whitaker, Mr. Adams Say Vows

Miss Juanita Whitaker, daughter of Mr. and Mrs. Heber Whitaker, Richmond, Ky., and James Douglas Adams, son of Mr. and Mrs. J. D. Adams, of Martin, Ky., were united in marriage at 4 o'clock Sunday afternoon, August 4, in the First Christian Church, Richmond. Dr. Frank N. Tinder performed the double-ring ceremony.

The church was decorated with baskets of white summer flowers, palms and ferns which were centered with a wrought candelabrum holding white tapers. Miss Allene Bolan, of Irvine, and Miss Sandra Ann Tudor, of Louisville, cousins of the bride, lighted the tapers. A program of nuptial music was presented by Mr. Landis Baker, organist, and Mr. James Tolliver, vocalist.

The bride, given in marriage by her father, wore a gown of clipped rose point lace over satin. The fitted bodice was fashioned with a sweetheart neckline and the long sleeves of lace ended in points over the hands. The bouffant skirt, which had lace scallop at the hemline, extended into a chapel train. Her fingertip veil of French illusion was held by a half hat, of lace sprinkled with sequins and seed pearls. She carried a shower bouquet of stephanotis, orchids and carnations.

Miss Anita Ann Lankford, of Lexington, was the maid of honor. She wore a floor-length gown of pale green taffeta with a white overskirt of subete nylon net ruffles. The lace bodice was fashioned with a scooped neckline and flared into a peplum at the waist. Her matching bandeaux of taffeta held a white circular veil. She carried a shower bouquet of shaded carnations with white streamers.

Mrs. Don Hortman and Mrs. Victor Messmer, both of Richmond, and Mrs. Charles Richardson, of Nashville, Tenn., were the bridesmaids. They wore gowns identical to that of the maid of honor in pink, yellow and lavender, respectively, with matching taffeta bandeaux, and carried identical bouquets.

Donald Adams, of Mt. Clemens, Mich., served his brother as best man and the ushers were Charles Gary Grigsby, Martin, John Smith, Wayland, and Carl Little, Drift.

Mrs. Whitaker chose for her daughter's wedding a dress of blue lace with white accessories and a corsage of Phalaenopsis orchids.

Immediately following the ceremony a reception was held in Farris Hall of the church. Mrs. Donald Adams, Mt. Clemens, Mich., Mrs. William Wells and Mrs. Lloyd McGarey, of Martin, Miss Betty Jean McLocklin and Miss Joan Dawson, both of Richmond, assisted with the serving.

After a brief wedding trip Mr. and Mrs. Adams will make their home in Louisville.

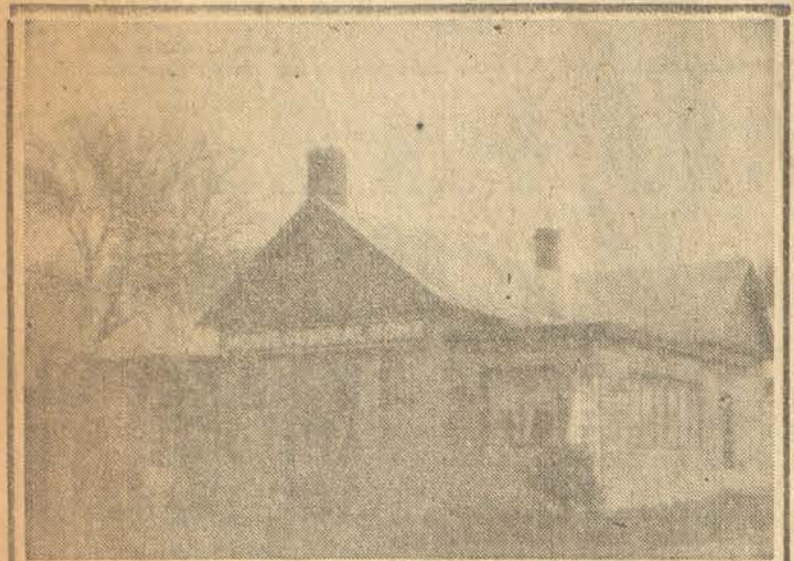

Mrs. Adams is a graduate of Model high school, Eastern Kentucky State College and is now teaching in Sellersburg, Ind.

Mr. Adams is a graduate of Martin high school, Eastern Kentucky State College and is now a student at the University of Louisville School of Medicine where he is a member of Phi Chi medical fraternity.

Of the 11,697,263 tons of coal mined by nine leading electric utilities in 1956, almost 25 per cent, or 2,853,177 tons came from mines owned by American Gas & Electric Company.

Coal first replaced charcoal as a blast furnace fuel in steel production shortly before the end of the 19th century. Today steel production calls for more than 100,000,000 tons of coal a year.

programs, \$109,462; capital outlay (purchase of grounds, new buildings, buses, etc.), \$95,000; debt service \$239,739.59.

The financial statement accompanying these budget figures showed that the Board had on hand July 1, \$50,265.29, that the Foundation Program would supply \$1,416,422.15 and local taxation a total of \$523,885.15. The local contribution is based on an assessment of \$13,724,888, in the county outside Prestonsburg, and this taxed at the rate of \$1.50 per \$100; and an assessment in Prestonsburg of \$3,257,583, taxed at the rate of \$1.80. Franchises are expected to supply \$287,502.84 of the district taxation total, with the tax on bank shares amounting to \$3,681.58 and the poll tax totaling \$10,238.

Total outstanding indebtedness of the Board is \$820,000, the budget statement noted. It asked that the same tax rate as last year be levied by the fiscal court: \$1.50 county school tax, \$1.80 in Prestonsburg, 40c on bank shares and \$2 poll.

FLOYD

The nominating convention given me without my knowledge I am deeply grateful.

The good people of Floyd county elect some one whom they trust to give them the best of any of your officers. I believe that you will not want to get rich from the office than the things so badly.

I have tried to do my every act. However, I'm frank to say I have failed—none of us can claim.

I have no quarrel with any office year after year. That is the privilege and duty of every man asking for any position. He ought to be a good family man and next door neighbor.

I urge each of you to vote for me all of my 53 years. I deserve to win.

You, the youth of tomorrow, I ask to appeal for public office. Be elected, then, by convincing your parents and all. Your confidence.

EKMC GRIDIRON SEASON TO OPEN AUGUST 30

By GORDON MOORE

The ten-team Eastern Kentucky Mountain Football Conference will open the 1957 season Friday, August 30, with two games on tap. Defending champion Pikeville will open in Elkhorn City on Monday, September 2.

Independent Wheelwright, possibly the next member to be admitted to the EKMC starts its second season in the sport by playing in Prestonsburg. Whitesburg journeys to M. C. Napier in its beginning tussle.

Seven new faces in the coaching ranks will appear in the 11 Eastern Kentucky football playing schools. Jim Caudill, of Hazard high, and Edd Moore, of Whitesburg, are the only two coaches remaining since the formation of the EKMC five years ago.

John Griggs, ex-University of Kentucky captain and Leslie county coach last season, has replaced Robert Wallace at Prestonsburg high. His Black Cats have been conducting twice-a-day practice sessions at nearby Dewey Lake for the past two weeks. Prestonsburg will have four veterans in quarterback Paul P. Hughes, center Wayne Dixon, halfback Joe Jack Harris and fullback James Allen.

M. C. Napier, another second-year school in the football ranks, has Ed Orick, former Moorhead (Minnesota) State star, at the helm. He succeeds Charles Deaton, who returned to school to seek a Master's degree.

Pikeville, current champion of the EKMC saw its mentor Bobby Phillips enter the Armed Forces after one year at the school. He left a 8-2-1 record. Paul Butcher,

last season's basketball coach at Meade Memorial in Johnson county, will fill in until Phillips returns.

Butcher will have these lettermen as a nucleus of this year's team: Quarterback Max Butcher, halfback, Jim Looney, guard Doug Phillips, end A. J. Bowling and tackle Bobby Waite.

Belfry, the largest rural high school in Kentucky, has Marshall's Irvin Wilson as its new grid chief at the Pike county school. Guy Patterson, two-year veteran, moved to a West Virginia coaching post.

Arthur Mullins, the oldest coach in continuous service at one school in east Kentucky, will start his 18th season as athletic director at Elkhorn City and in addition will serve as head football coach, since George Wright gave up the post. School officials are still seeking an assistant coach and physical education teacher.

Jack Hall, who was a standout fullback on Fleming's powerful teams in the early 50's, has returned to his alma mater as football coach after three years as the University of Wyoming fullback. He will inherit two all-conference players in James Hill and Junior Thomas. Last year's coach Dave Hurst switched to Middlesboro.

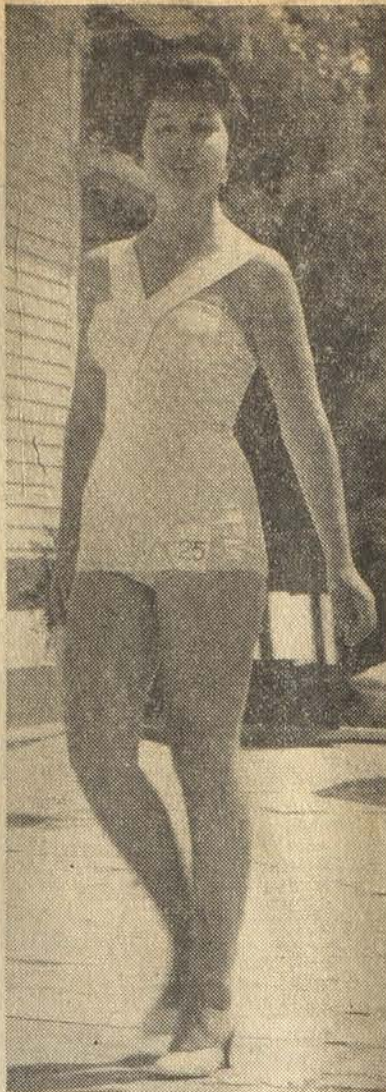

Ray Brackett, who played his football at Eastern State College and later graduated from the University of Kentucky, will handle the football duties at Wheelwright high. Wilbur "Shorty" Jamerson revived the sport there last season after a 16-year absence. He is the new football coach at Glasgow.

Painville is still secure with Walter Brugh and Bill Decker, who guided the Tigers to a 10-1 mark last season and a 20-0 victory over Madison-Model in the Big Sandy Bowl. They will have four regulars from that team.

Nick Diachanko will return to Jenkins, as will Edd Moore at Hazard.

Kentucky Future Farmers will receive prizes totaling \$325 in U. S. Savings Bonds in the 1957 F. F. A. Contest.

Third-Place Winner In Beauty Contest

Miss Nancy Newman, daughter of Mr. and Mrs. Edward Newman, of Haverhill, Ohio, took third place honors in the "Miss Interior" contest sponsored by the Interior Department Recreation Association at the annual field day, held in Washington, D. C., August 3. Miss Newman, formerly of Wheelwright, was one of 30 contestants in the beauty contest. She attended Wheelwright high school and graduated from Green Township high school in Franklin Furnace, Ohio. She also attended the Portsmouth branch of Ohio University. At present Miss Newman is employed as a clerk-typist with the Bureau of Mines, Department of Interior in Washington. First place in the contest went to Miss Nancy Lee Kettell of Delta, Colorado and second place went to Mrs. Joy Bennett of Landover, Maryland. All of the young women in the contest are permanent employees of the Department of Interior. Accompanying photo shows Miss Newman as she paraded before the judges.

Merchants Defeat Grassy In Wild Slugfest Game; Sullivan Hitting Star

The Prestonsburg Merchants Baseball team continued their winning ways Sunday in the Big Sandy League as they trounced 4th place Grassy 29-2 in the opener of a scheduled doubleheader Sunday at the Athletic Field. Grassy forfeited the second game to the Merchants by the mandatory score of 9-0.

Bill Goebel, Jr., pitched the game for the Merchants allowing only 4 hits while striking out 15. The Merchants collected 31 hits good for 29 runs off Grassy pitching. Don Sullivan lead the Merchants with 6 hits in 7 times at bats. Gene Petrovich, Johnny Ellis, and Charles Dotson each collected 4 hits. Petrovich collected two home runs and Adrian Blackburn had one circuit smash.

Collector Explains Tax Status of Young

Do you have a son or daughter working during the summer vacation who is likely to earn more than \$600 before school starts again?

If so, he or she doesn't have to quit work before earning that amount for you to retain your child's exemption deduction. The same holds true if you have a non-student working child who will still be under 19 by the end of the tax year.

In either case, regardless of how much the child earns, the parents may claim an exemption, provided he has furnished over half the total cost of his child's support of the year. This rule also applies in the case of legally adopted children.

There is one important thing to keep in mind: A dependent child is also entitled to an exemption deduction for himself on his own separate return. On the other hand, if he is married, and files a joint return with his wife, no dependency exemption may be claimed by the parent.

Wm. Gray, district director of Internal Revenue, recently clarified revenue laws which have confused many parents in Kentucky.

"We have reports of both parents and employers telling working children they'll have to quit their jobs before they earn \$600. They can work right up to the reopening of school if they want to," Director Gray said. "The children, however, may have to pay a small tax. Since many of them are studying our own courses in basic taxation they already know this. By the same token, many of them who work only short terms of employment or for a smaller salary will probably be entitled to refunds during the next filing season."

This information should prove helpful to three parties to summer employment, the student or child worker, the parents, and the employer. Mr. Gray said. He warned that to gain advantage of this rule, children over 19 must be bona fide students at recognized educational institutions, or pursuing a full time farm training course. Any questions regarding individual cases may be referred to the District Director of Internal Revenue, P. O. Box 60, Louisville, Ky.

Returns from Europe For Service in States

Carlisle Barracks, Pa., Aug. 5—Specialist Third Class Billy C. Ray, son of Mr. and Mrs. Rufus Ray, Melvin, Ky., arrived here today and has been assigned to duty with the US Army garrison.

The former Wheelwright high school student came to the barracks from Europe where he was a supply specialist with the US Army Garrison in Bordeaux, France. He entered the Army in January, 1954, taking his basic training at Ft. Knox, Ky. Prior to joining the Army, Ray served three years with the Air Force in Korea and Japan. Ray's father is employed by the Inland Steel Co. in Wheelwright. His sister, Miss Ordell Ray, is a doctor in Knoxville, Tenn., and his brother Raymond is a master sergeant and coach of the Ft. Knox, Ky. rifle team.

Is The Road-Block Permanent?

You're looking straight down what, a year ago, was a road from Hager Gap to Dewey Dam. At that time it was one of the prettiest drives in beautiful Eastern Kentucky. What you see now in this picture is a giant earth-slide which blocked this new road on the night of Jan. 29, last—a slide which has not been moved in all these months and in which weeds are growing.

As a result of the slide and the failure of the Rural Highway Department to move it, the only access by land to Dewey dam is over a rough road via Van Lear in Johnson County.

Other parts of the new road skirting the lake are in poor condition.

This Way Out

The Kentucky Department of Highways has a way out of that Olive Hill right-of-way mess—if it has the courage to strike off in a new direction, on its own initiative and at the risk of drawing executive displeasure.

To do this it will have to remember that there is no law or rule of ethics that compels it to build that highway through the middle of Olive Hill, simply because Governor Chandler promised during the 1955 primary election campaign that he would see that it was so built.

Kentucky cannot afford to pay off all the political promises made by winning candidates. If such promises are indeed to be regarded as "money in the bank," there should be sharp differentiation made between good ones and bad ones. And the bad ones should be paid off not in coin of the realm but in something, shall we say, short of the genuine.

By-passing towns has become rather regular procedure, anyhow. Then why make an exception of Olive Hill in order to pay off a bad and a costly promise?

Books and Such

By Laura Virginia Roberts

Please don't mind my sharing with you the earliest existing example of my efforts to make up stories. I have enjoyed this one since I received it the other Sunday when we opened the memory box at our church. Back in 1937 anyone who wished, could place in the box remembrances for others, to be received twenty years later. It seemed to me, then, I remember, so ridiculous that anyone, however young at the time, could even hope to be alive in 20 years, much less getting around without help.

The part of the following business which should worry me, but doesn't much, is that I still sound pretty much the same as I did in this 3rd grade effort. It probably explains why I make the grade with children, but grown-ups think I'm crazy. My teacher had corrected the various mistakes in spelling, etc. but here is the original:

Once there were two little cats, and their master was a little boy named Johnny. The oldest cat had an idea and told it to the other cat. So one night as the clock struck 12 o'clock the cat, whose name was Bill started out on a long journey. After a while, Bill got very tired and sat down to rest. A squirrel came up to him and said, "What are you doing here in the land of loneliness?" He said he had started out to seek his fortune and had gotten very tired and sat down to rest. The squirrel was very and gentle and said why don't you come and live with us the rest of your life? and he did live with them and lived happy ever after.

Where did I get words like "journey" and "idea"? What did I know at that tender age about "lands of loneliness"? Your guess is as good as mine. I still believe that cats might easily talk to animals of the forest, maybe even to people, and I always like people

who talk to inanimate objects—cars, houses, stoves that won't work, cakes that won't rise—you know.

I believe in cats named Bill, too. As a result of the 20-year ceremony, I also own some snapshots of the actors in the hit musical production of that year, "Awake, 'Tis May", presented by the 3rd and 4th grades of Prestonsburg School, and directed by Mrs. Anna May Mellon and Mrs. Margaret Collins. Some of our dignified young citizens of today appeared as brownies, flowers, and fairy messengers. I was a violet.

Will we ever get back to books? Tune in next week.

**State Freewill Baptists
Slate Special Meeting**

The Rev. Walter L. Hooper, moderator of the state Association of Freewill Baptists of Kentucky, announced this week that a special meeting of the association has been called for Saturday, Aug. 31, at 1 p.m. The meeting will be held at the Freewill Baptist children's home at Louisa.

To be discussed at the meeting will be plans to make the 110-acre property of the children's home available for all denominational use; organize young people of the church into a state Young People's Convention, with emphasis on evangelism; establish an annual camp meeting; discuss superannuation for all ministers of the church in Kentucky.

It also was announced that a young people's rally will be held at the Louisa children's home Sept. 1, beginning at 10:30 a.m.

**LETTERS
TO THE EDITOR**

**WHEN KENTUCKIANS MEET
Editor, The Times:**

I would like very much to express my appreciation for sending a little bit of "Home" to me every week. I am sure that servicemen all over the world will agree that the Times makes their tour overseas a little shorter and certainly more enjoyable. The news of home may not be of any interest to barracks buddies but to me it is like a visit to Floyd County for a few very pleasant moments.

Kentuckians are very scarce in Alaska, but when two happen to meet, it is like seeing a "long-lost brother." That is one thing I am very proud of; men from other states don't seem to be as friendly toward one another if they are from different sections of the same state—but not Kentuckians! It matters not if one is a "hill-billy" from the coal fields and another a "city slicker" from Louisville. Upon meeting they become constant companions and devoted friends. They do not boast of their particular section—they are just proud of being a "Kentuckian."

You, and your staff, have a lot to be proud of also. The Times may never climb to the top of the world of journalism, but you can be certain that it is a tremendous help toward a more happy and prosperous Floyd County. Thank you again and keep up the good work.

**ANSWERS TO QUESTIONS
Editor, The Times:**

The Kiwanis Club of Prestonsburg appreciates the interest shown by readers of the Floyd County Times to their "Drive Safely" articles. The Kiwanis Club has received numerous letters and telephone calls from interested citizens making reference to various issues relating to the "Drive Safely" campaign. I will attempt to answer the questions asked by interested readers and parents in this article.

One lady wrote and asked "What does the Kiwanis Club intend to do about the "Drag" racing in Floyd county?" The answer to this question is very simple. The Kiwanis Club, being a service organization and not a law enforcement agency, can do nothing except lend moral support to our officers and courts in curbing "Drag" racing.

A mother called and asked "Since the Kiwanis Club is better informed as to the qualifications of the candidates of office in our county and the city of Prestonsburg, why doesn't the club endorse the candidates best qualified for each office to let each voter know, who may be in doubt?" The Kiwanis Club does not and will not take political issue with any individual or group by endorsement or favoritism. Members of Kiwanis have a preference, however, their preference is personal and is not intended to be an endorsement by a club.

Another lady wrote and inquired as to why the Kiwanis Club did not conduct a driving program for young drivers. The Prestonsburg Junior Chamber of Commerce each year conducts a driving Road-e-o for teen age drivers. The Road-e-o is conducted each year around the first of June and anyone interested in the Road-e-o should contact a Jaycee. The Jaycees and Kiwanis Club are both civic service organizations working for a better town and county by building and working together.

A young man called and asked "Would Kiwanis be in favor of a "Drag strip"? The Kiwanis Club has not been informed as to how a Drag Strip is operated, its safety points, etc. The Club hereby grants an open invitation to anyone who would like to express his views on a Drag Strip at any regularly scheduled meeting on Thursday at 8:15 p.m., at the B&W Cafe in Prestonsburg. To make arrangements for a panel discussion group, any interested citizen should contact Homer Wright, President, or myself. Ideas will be appreciated.

Funeral of Sam Johnson, 79, years old, who died August 6 at Community Memorial hospital, Virgie, of a cerebral hemorrhage, was held from the residence at Bypro, August 10.

Mr. Johnson was a native of Clay county, the son of James and Sarah Copas Johnson, but had resided at Bypro 27 years. He was a retired miner. Survivors include his wife, Rose C. Johnson, six sons and four daughters. A 1/c William Johnson, Blytheville, Ark., Sam, Ralph and James Johnson, all of Bypro, Eugene Johnson, Pikeville, Edwin Johnson, Dayton, Tenn., Sarah Johnson, of Bypro, Mrs. Daisy Reed and Mrs. Molly Louellen both of Dayton Tenn., and Mrs. Sally Holcomb, Trenton, Georgia. One sister, Mrs. Dona Jody, of Everts, also survives.

The funeral was conducted by the Rev. Lee Davis and burial in the Jones cemetery at Melvin was directed by the Call Funeral Home.

MORE COAL

More coal is produced annually by auger mining in Harrison county than in any other coal county in America. This total has been running to nearly a million tons a year.

MCGOWD IN TRAINING

Airman Lowell E. McGowd, 22, son of Mr. and Mrs. Lee McGowd, Box 62, Bypro, Kentucky, has been assigned to the 3275th Technical Training Group at Lackland Air Force Base, Texas, where he is currently undergoing phase two of basic training.

The new airman recently completed a four-week first phase basic training course at Lackland in which he qualified for advanced training.

While in his specified training each airman also completes the Air Force's regular basic training program.

Two buckets with capacity of more than 13 tons each constructed for the coal unloading dock of the new Memphis, Tenn., electric power plant are the largest ever built.

SHERIFF SAYS POLITICS RULES THE ROOST

I have been selected by the Republican Executive Committee to be your candidate for County Judge this November 5, 1957.

I did not want to run for an office but intended to go back into business. I was encouraged by Republicans and Democrats alike to make this race. That is why I, once again, am calling upon you for help. I could not have been your Sheriff for the past four years had it not been for your faith in me and your willingness to cross your ticket. The generosity you have shown in supporting me and the effort extended in my behalf has and can only be repaid in a small way, by serving you as well as I know how to see that justice prevails and a semblance of law and order replaces confusion and disorder. The Sheriff's office has never been mine but only a trust. I have been the custodian to do the will of the people and have done so without favoritism. My lack of more success in enforcing the law has not been in failing to catch the violators, but the lack of prosecution in our courts where it is alleged that political favoritism rules. My record as your Sheriff is plain to see. Upon our jail records and our court records are inscribed the many hundreds of violators apprehended. Upon these same records is the disposition by our courts. The reputation of our courts as to lack of prosecution has gone out all over our state and has almost excluded our county from the protection of our State Police. I have been fought bitterly ever since taking office by our professional politicians, who control your county offices, to keep me from enforcing our laws. I am running on my reputation and not from it. I want my opponent to do the same.

When a man asks the people to put him into a position of trust and responsibility, his reputation, then, is no longer private property, but it is an open book with the pages of life thrown open for the people to read and to judge. This reputation, good or bad, will go before him through the county, to give credit where due or to discredit. You the people are the judge and the jury and will decide what the verdict will be. The burden and responsibility rests upon your shoulders. Will you check my record, will you check my opponent's record?

When elected your County Judge, I will not play politics with every issue. I will not refuse to prosecute bootleggers, drunk drivers, or any other case that may come before me. I will use your tax money wisely. I will try to build roads up

Baptist Church Here Opens 13th Mission

Irene Cole Memorial Baptist Church here opened its 13th mission Sunday School last Sunday. The new mission is on the right fork of Bull Creek at the Warrick school, Alvin Hardy, of Vine Grove, Ky., who will attend Pikeville College this year, is superintendent of the new mission. He and Mrs. Hardy are residing here.

every creek in this county. I feel that every road in this county can be built in four years with the taxes we pay. I will not transact the county's business behind closed doors. I will on the first day of January fire every political parasite that has been riding the gravy train at the tax payers expense and producing nothing. I will not permit county equipment to open drift mouths, grade house seats, build private driveways for a privileged few. I will not involve our county in any Gas and Water deals. I will spend your tax dollars for our people's interest. I will in short be a judge for all the people, looking after the interest of Floyd County and all its people. I will replace political favoritism in our courts with justice.

I will support your elected Sheriff in his efforts to enforce the law. I will help him to improve our two-way radio system. I will see that your road house laws are enforced. I WILL NOT SET UP A COUNTY POLICE SYSTEM TO HAMPER OR HAMSTRING OUR REGULAR LAW ENFORCEMENT AGENCY—the Sheriff's department. Our county office holders are supposed to be servants of the people. Instead, our people have been subjugated and made vassals of a corrupt political machine. Pawns of fear, fear of reprisal by the very people sworn to protect our freedom.

"The greatest want of the world is the want of man. Men who will not be bought and sold, men who in their innermost souls are true and honest, men who do not fear to call sin by its right name, men who are as true to duty as the needle to the pole, men who will stand for the right though the heavens fall!"

Turtles and grampuses were other perils we had to keep an eye out for, too. Let one get a hold of you, mister and he would not turn you loose till it thundered. I was unusually shy of these critters during Dog Days, for that was usually a time of drouth and there wouldn't be any thunder sometimes for weeks.

These poor children of 1957 have to go to a show and see the Thing come crawling up out of the past, or out of the deep, or start casting all 10,000 of its eyeballs around in this direction or that if they're to get the thrill of chilling fear. I pity them. I had things to scare me out of my wits, if any, just about every way I turned. As I pity the youngsters of today I congratulate their elders who were frightened yesterday, along with me.

Since we oldsters were frightened out of our wits so often, maybe that accounts for the lack of perspicacity of which our children think we are over-supplied. . . . But I tell you truly, I do know beyond a doubt what causes wars.

I made the mistake this morning of remarking in the presence of Claybourne Bailey that I was looking on my desk for a telephone directory. Which gave him the opportunity to remark: "Looks like you might mean you're searching for it."

QUESTIONS

The rural schools have begun their terms, and I am just wondering if anybody still carries to school with him such a thing as a collapsible drinking cup. . . . And, tell me, has inflation risen the price of "aggies" up very much?

BOYS WILL BE BOYS

These Little Leaguers amaze us all with their finesse with bat and ball and glove, and we have been particularly impressed by that all-star team from Martin that was runner-up to Owensboro and which really should have won the state championship.

What makes their play more interesting is because they're boys yet, however bright they may shine as baseball stars. Roy Cook was telling me this week about his youngster who fields well, hits well, throws well — does everything in great style — but who got thrown by a piece of candy, the other afternoon. Said the boy was at his position, with a stick of candy in his hand when down came a hot grounder. Spearheaded it, he did, like a McMillen — and then the star of this play went into temporary eclipse. He had to take time to jam the piece of candy into his mouth with his throwing hand before snatching the ball from his glove and trying to throw the man out.

Boys will be boys — and why not?

With each pass of its 55-cubic yard dipper, the new Peabody Coal Co. shovel, the "River Queen" takes up enough overburden to fill a room 14 feet by 12 feet by 9 feet, or 1512 cubic feet.

More than half the annual bituminous coal output of United Electric Coal Companies goes to electric utility generators. In 1956 the company's mines produced nearly 4,000,000 tons.

BETSY LAYNE

WOMAN'S CLUB MEETS

The Betsy Layne Woman's Club held a special meeting August 13 at the home of Mrs. O. J. Williams. Purpose of the meeting was to plan programs and outline the year book for the coming club year.

Miss Alice Williams presided. Programs were planned in accordance with the Kentucky Federation of Women's Club's score card and stressed the administrative theme of "Educational and Humanitarian Service."

Committees were named as follows: Community Welfare, Mrs. Beecher Hardwick and Mrs. O. J. Williams, Spiritual Values, Mrs. E. P. Davis and Mrs. Edward Lykins, International Relations, Miss Alice Williams and Mrs. Elizabeth Prichard, Civil Defense, Mrs. Glenn Blackburn and Mrs. C. H. Dickerson, Safety, Mrs. T. S. Salisbury and Mrs. Lon Roberts.

Information regarding the mobile chest X-ray unit to be held at Harold, August 23, was presented to the members. Members were urged to stress the importance of people having a chest X-ray, especially those over 15 years of age, all food-handlers, teachers, other school employees and persons who have shown a positive reaction to TB skin tests and those who have been closely associated with known cases of TB. It was also noted that there must be 300 X-rays made, with 200 being adults, in order for this location to be approved for another year. Members volunteered their services for clerical work at the clinic.

Plans were made for a family picnic, for club members and their families, to be held September 7, with Mrs. Glenn Blackburn as chairman.

A letter was read from Mrs. John J. Sherman, of Martin, asking that the club furnish two representatives to serve on a county committee for fund raising for the Floyd County Council for Retarded Children. Mrs. Beecher Hardwick and Mrs. T. S. Salisbury were appointed to serve on the committee.

Club fund-raising projects were discussed, with each member being asked to present ideas at the regular meeting in September.

At the close of the meeting a dessert course was served to Mesdames Beecher Hardwick, T. S. Salisbury, E. P. Davis, Glenn Blackburn, Edward Lykins, Miss Alice Williams and the hostess, Mrs. Williams.

CARD OF THANKS

We wish to take this opportunity to thank everyone who in any way assisted us upon the death of our mother, Mrs. Elia Stewart. To those who offered flowers, to the ministers, Wallace Calhoun, Johnnie King, Delmer Stanley, and M. F. Blanton, and to the Hall Brothers Funeral Home for its efficient and fine service our appreciation is extended.

In 40 years the volume of coal produced by surface mining operations in the United States has risen from less than one-half of one per cent to nearly 25 per cent, according to recently published statistics of the Bureau of Mines.

When the late Admiral Byrd made his 1926 voyage to the North Pole, bituminous coal was the fuel relied on by the expedition to power the vessel "Chantler". Now, more than 30 years later, the International Geophysical Year expedition to the South Pole has reported discovery of coal "in large amounts."

Picnic time and any other time finds fried chicken popular with many families. Fryers are plentiful. The outlook is that they will continue to be plentiful after summer season when fried chicken is especially popular.

We enjoyed about 20 pounds of chicken per person in the 1920's. Now we use about 30 pounds.

The first thing to look for when buying is the label information. Look for items such as U. S. Grade A, the official inspection mark saying "Inspected for wholesomeness by the U. S. Department of Agriculture," trademarks, style of processing, weight, and price.

If you have to depend on your eyes to judge quality, look for birds that have (1) a clean, skin free of pin feathers; (2) a fleshed breast and legs, and (3) a layer of creamy fat evenly distributed under the skin.

Buy fryers which have been kept under refrigeration. Continue to refrigerate them.

Fresh fryers may be stored 2 to 3 days in the coldest part of the refrigerator. Cut-up fryers and parts, like giblets, should be used one day after purchase. If it is necessary to keep them longer, freeze them.

Families who have freezers would find putting fryers in the freezer a pleasure later.

Have them clean and ready to prepare. Then just wrap in airtight, moisture-proof material and freeze quickly.

A fryer fits into any dining situation, whether it's a picnic, a barbecue, a family meal, or a special occasion. You can be sure of a pleasant meal when fryers appear on the menu.

New emphasis is placed on the rising importance of barge movement of coal by disclosure of plans for an 1100-foot unloading dock on the Ohio River near Monaca, Pa., where coal will be unloaded for the St. Joseph Lead Co., plane near Josephstown, Pa.

The Philo Plant of Ohio Edison Co., at Philo, O., recently placed in service a new electric generator that uses only 0.65 pound of coal to produce a kilowatt hour of electricity. The first plant built by Thomas A. Edison about 75 years ago used 10 pounds of coal to do the same job.

One year's production of bituminous coal from U. S. mines would make a road to the moon 18 feet wide and one foot thick.

When the New York Stock Exchange opened in 1817, members were fined six to 25 cents for non-attendance "unless sick or out of the city."

Well-Known Minister Floyd County Ntve, Succumbs in Johnson

The Rev. Hargus Conley, 79, Floyd native and well-known United Baptist Minister, died August 11 at his home at Riceville, Johnson county, after an illness of several months.

He was a son of Marion and Adeline Sturgill Conley. Besides his work as a minister he was a former postmaster and a farmer.

Survivors include his widow, Julia Rice Conley, four sons, Elbert, of Riceville; Bruce, Carey, Ohio; Verner, Hager Hill, and Lawrence, Paramount, Calif.; two daughters, Mrs. Ruth Hughes, Prestonsburg and Solo Conley, Riceville. Also surviving are the following brothers and sisters: Miles Conley, of Greenup; Dock, Portsmouth, Ohio; Joe, Alger, Ohio; Frank Conley, Wenatchee, Wash.; Mrs. Amanda Griffith, Greenup, and Mrs. Lydia Howes, Ivyton.

Funeral services were conducted August 13 at the Riceville United Baptist Church with Tommie Bailey, Lonza Reed and Millard O'Bryan as officiating ministers. Burial was in the family cemetery.

Robena Mine of U. S. Steel Co., the biggest deep mine in the nation, produced 4,873,683 tons of coal in 1956 or more than one-third of the total coal production of Green County, Pa., where the mine is located.

One of the first findings of the International Geophysical Year expedition to the South pole has been the discovery of coal "in large amounts," a report leading to speculation that the Antarctic may not always have been a land of ice and snow.

MARTIN

MARTIN W.S.C.S. MEETS
The W. S. C. S. of the Martin Methodist Church met in regular session, Aug. 16 in the church basement. The business meeting was led by the president, Grace Allen. Plans were discussed for the annual bazaar, and money was given Daisy Perry for materials. It was decided to serve dinner to the Scottish Rite Masons in the basement of the church in September.

The program was led by Dorothy Allen and was titled, "A Missionary Pilgrimage Travelogue". The members were given passports, complete with pictures. The customs officers were daughters of the members, Mickey Martin, Alicia Crisp, Lois Allen and Judy Reitz. After the members boarded the plane on a make believe trip to the Caribbean Islands, Guides were provided for each day of the tour. The first day was a trip from the continental USA to Puerto Rico, U.S.A., and the guide was Alicia Crisp who led the tour through the island. The second day, the group toured Puerto Rico and the guide was Lois Allen; third day, the guide was Mickey Martin and Vicques Island was toured. The fourth day, the guide was Judy Reitz, who took the group to St. Croix of the Virgin Islands.

Refreshments were served by the hostess, Dortha Allen, to the following: Rev. Carr, Edna Babbs, Jerry Martin, Oma Jean Hall, Iola Crisp, Grace MaHood, Eva Straub, Minnie Frye, Florence Marshall, Daisy Perry, Grace Allen, Dortha Allen, Alicia Crisp, Mickey Martin, Lois Allen and Judy Reitz.

Prestonsburg welcomes A NEW BUICK DEALER

HOWARD BUICK

South Lake Drive
Prestonsburg, Ky.

NEXT TIME you're nearby, make a point of meeting this new Buick Dealer.

You'll find him happy to greet you—and show you his fine facilities for selling and servicing Buick cars.

Whether or not you drive a Buick, note how well his Service Department is set up for prompt, economical, dependable work.

It's stocked with Factory Engineered Parts—furnished with the latest instruments and tools—manned by specialists trained to keep cars in tiptop condition.

Then take this opportunity to "try on" the brand new Buick.

It's completely new—and every bit of its newness does great things for you!

Inches lower sweep-silhouette styling not only transforms appearance—its rakish new panoramic windshield broadens the view from interiors luxuriously high, wide, and long in legroom.

And the newness in '57 Buick performance surpasses all sensations.

There's a new 364-cubic-inch Buick V8 so full of high-torque horsepower and pep you simply can't rate it by numbers.

There's new instant action with Variable Pitch Dynaflo*—switch-pitch performance so responsive you rarely use "Low" range.

There's a new chassis that "nests" the car and a ball-joint front end that make the Buick ride smoother, safer—sports-car steady on turns, heads-up level on stops.

These are only the big reasons why you will wind up wanting your Buick Dealer to demonstrate the newest Buick yet.

Then you can choose the Buick that's best for you from his fine 4-Series array of models—SPECIAL, CENTURY, SUPER and ROADMASTER.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

and Minnie Stumbo, of McDowell. He was a veteran of World War II, and was widely related in the county. Surviving, besides his parents, are his son, Wyatt Stumbo, and the following brothers and sisters: Jim and Bill Stumbo, both of Midland, Mich.; Glenn Stumbo, Ypsilanti, Mich.; Fred Stumbo, Louisville, Mrs. Beatrice Thomas and Mrs. Rosemary Compton, both of Ypsilanti, Mrs. Ruby West, Detroit, Mrs. Ruth Musselman, Dayton, O., Mrs. Sue Beazley, Nashville, Tenn., and Mrs. Gertrude Stumbo, of McDowell.

His funeral was conducted Sunday at 1 p.m. from the auditorium of McDowell high school by the Rev. John P. Carr. Burial was made in the W. M. Stumbo cemetery at Minnie.

Young Stephens was a son of Mrs. Nora Stephens Lawson and the late Bill Stephens. Surviving him, besides his mother, are his step-father, George Lawson, and a half-brother, Standell Lawson, of Risner. His funeral was conducted at 10 a.m., Monday from the Lawson residence by the Revs. Banner Manns, Herschell Huff, Tack Hall and Henry Ousley. Burial was made in the family cemetery at Risner.

Funerals of both victims were directed by the Hall Brothers Funeral Home.

Each Future Farmer must submit a summary of his farming program, projects, leadership accomplishments, high school activities and plans for the future. October 29 is the deadline for entries.

Primitive camping — the kind wherein the camper makes with her own hands whatever conveniences she enjoys — was participated in recently by senior Girl Scouts at Camp Cardinal near Ashland.

Miss Judy Howard (here shown in foreground with another Girl Scout), attended the camp for one week as an alternate from Sandy Valley Council. With her at camp were a patrol from the Ashland Council and seven other alternates from surrounding councils.

Miss Howard, who is a daughter of Mr. and Mrs. Ray Howard, of Prestonsburg, is a senior

Scout, a member of Troop 2 here, and has worked her way up over a period of nine years through the ranks from Brownie to the Curved Bar, the highest award in Girl Scouting. She was chosen for the camp from 62 seniors in the Sandy Valley Council, and her selection was based on her experience in camping, character and compatibility. Her leaders are Mrs. E. D. Roberts and Mrs. Arnold Compton.

Girl Scout leaders say that the loss of girls between the Brownie rank and Senior ranking is heavy — so heavy, in fact, that this Council would have been hard-pressed to send a patrol to Camp Cardinal.

Musick Family Sets First Reunion, Sunday

The first reunion of the Musick family of Virginia, Kentucky and West Virginia will be held Sunday, six miles from Cleveland, Va. Site of the gathering will be the Elbert F. Music farm, according to Rev. G. C. Musick, Renick, West Virginia.

The program will consist of two sessions, the forenoon meet beginning at 10:30 at which time Rev. Asa R. Crabtree, of Louisville, and a former missionary to Brazil, will speak. Luncheon will follow Rev. Crabtree's talk.

Rev. Musick, historian of the family, will speak at the afternoon session, as will others. Rev. H. G. Musick, Raven, Virginia, will preside at both sessions of the clan.

The arrangements committee released this week directions for Kentucky visitors in driving to the site of the reunion. After arriving at Lebanon, Virginia, they are advised to take Route 82 to Cleveland, from there drive to Old Clinchfield and turn right on what is called the Back Valley Road.

Several of the Music family from Floyd and Johnson counties plan to attend.

Jaycee Air Tour To Start Aug. 30 From Frankfort

Frankfort, Aug. 19 (Spl.) — Frankfort will be the beginning point of the seventh annual Junior Chamber of Air Tour of Kentucky, according to Frank Savage, executive vice president of the Jaycee organization in Kentucky.

Approximately 50 small aircraft will participate in the tour Savage said. Persons on the tour will sign the official register at Frankfort, Aug. 30. The tour will last three days, he said.

In charge of the tour arrangements here is Herebert D. Liebman. He said tour members will breakfast at the Capitol Annex cafeteria then leave for Ashland at approximately 10:20 o'clock.

While in Ashland, the Armo Steel plant will be visited. Savage said. The tour will leave Ashland for Covington in time to attend the baseball game between Cincinnati and Milwaukee.

Saturday morning, persons on the tour will visit industries of Covington and vicinity. Saturday night they will be guests for the year's last performance of "Wilderness Road" in Berea.

Church services, fishing, swimming, boating and a watermelon feast will be featured at Dale Hollow after the air tour arrives there early Sunday morning. Savage said the tour will disband Sunday afternoon.

Purposes of the air tour, according to Savage, are to stimulate interest in aviation in Kentucky, stimulate travel by air, familiarize aviation groups with available landing fields in Kentucky near points of interest, stimulate small airfields and to promote good will among the cities of Kentucky.

Savage said the air tour has attracted several out-of-state families, one from Iowa.

Coal for the new Memphis, Tenn., electric utility plant will be unloaded from 1500-ton barges at a rate of 850 tons per hour. The unloading dock, on McKellar Lake, will use two 13.3 ton buckets to do the job.

Muscles move the human eye about 100,000 times in a day reading.

Two new units of the Pennsylvania Power & Light Co. at Martins Creek, Pa., will burn 120 tons of coal an hour.

A private "turnpike" more than three miles in length has been built by Amherst Coal Co., in West Virginia to speed up haulage of coal from mine to preparation plant.

St. Louis—About 100 United States factories manufacture glass containers.

QUESTIONS JUDGE STUMBO SHOULD ANSWER FOR THE PEOPLE

Why was a county police force organized?
 What was the need?
 By whom was it organized? (Who appoints them?)
 How long has it been organized?
 How many have been appointed and who are they?
 What have they accomplished?
 How are they paid, or do they work and bear their own expenses free of charge to the County?
 K. R. S. 64.990 (8)—Any officer who by any indirection collects or attempts to collect more for his services than is allowed by law, shall be guilty of a high misdemeanor and fined not less than \$50 nor more than \$200, and his conviction shall be prima facie evidence of his guilt in a proceeding to remove him from office.
 K. R. S. 70.550 — No fees shall be allowed or paid to said officers or employes (of the County Police Force).
 K. S. R. 70.560 — The Fiscal Court shall, by order, fix the amount of the salary of all appointees, but no fees or other compensation shall be paid or allowed to any of the officers or members of said County Police Force.
 K. R. S. 70.570 — The members of said County Police Force shall not have power to serve subpoenas, summonses, and notices in civil cases.
 Now, this being true (who pays them and from where?)
 If the administrative duties of our Sheriff department could not be carried out by our department—then why were the people not told by public proclamation.
 In my opinion our County Judge has not only misled and deceived the public but also the officers who work under him, and has aroused the curiosity of the voters.
 If the fiscal court will not by order set a salary as the law requires them to do (K. R. S.) and if the County Police Officers are prohibited by law from receiving any fees or serving any civil papers, then the public has the undoubted right to require our County Judge to publicly disclose to the voters from what public funds they are being paid and if none then why their super-patriotism all of a sudden by working for nothing. Any candidate for County Judge who will not answer these questions is not worthy of your confidence or your vote.

**Nine Groups Study
Ky. Water Problems**

Frankfort, Aug. 19 (Spl.) —The Citizens Committee on Water Policy met in Frankfort recently for the first time and appointed nine subcommittees to study Kentucky's water problems.

They include water supply, conservation and flood control, water use, utilities, transportation, wildlife, ground and surface water, small watersheds and legal.

State Conservation Commissioner Laban P. Jackson, chairman of the committee, told the group that "the single fundamental principal of sound water policy is to properly utilize this resource so that it meets the needs of all Kentuckians."

The group will meet again in December to evaluate subcommittee finds and recommend any necessary action to Governor Chandler.

Members of the water policy committee include James O'Rear, Kentucky Chamber of Commerce; Frankfort Mayor Robert Yount, Municipal League of Kentucky; Robert Watts, of electric utilities; Dale Scott, Kentucky Farm Bureau; Dr. G. T. Webster, U. K. College of Agriculture; Mrs. J. R. Shepherd, League of Women Voters; L. C. Mathers, League of Kentucky Sportsmen; H. K. Hines, water companies; James Marcum, water transportation; W. L. Matthews Jr., law groups; C. L. Taylor, soil conservation districts, and Commissioner Jackson.

Jackson said questionnaires will be sent to county judges, who will be asked to meet with county agents, soil conservation technicians and mayors to discuss water problems in their areas. These questionnaires, from every county in the State, will then be returned to the Conservation Department in Frankfort for study.

FARM NOTES

By Robert M. Jones
County Agent

FALL GARDENS

Good gardens do not have to stop with the summer season. Fall gardens can be just as good as a spring garden if it is properly cared for. As vegetables mature they should be removed, and other vegetables planted.

If we have a favorable fall, it still is possible to have another bean crop if planted now. Use an early maturing variety such as Wade, Seminole or Top-crop. It is also time to sow late greens and turnips.

If you have diseased plants, such as a tomato with blight, it would be a good idea to burn the dead plant, to check the spread of disease next year.

ALFALFA

Between August 20 and September 1 is the ideal time to sow alfalfa in this section of Kentucky.

Alfalfa is a legume that is capable of getting its nitrogen from the air. To do this, the seed will have to be inoculated. This material can be obtained from the same stores that handle seeds. This will cost only a few cents, but will save many dollars of nitrogen fertilizer.

Alfalfa requires a sweet soil. Two to three tons of limestone is required for the average soils. A new seeding will also require 30 pounds nitrogen, 120 pounds of phosphate and 120 potash, this can be supplied with 1,000 pounds of 3-12-12 fertilizer per acre.

Many failures of alfalfa in the past can be contributed to a poor seed bed. The field should be thoroughly disked, then after the seed has been sown, it should be packed down with a roller.

SHEEP

This year the sheep project has proven very successful. Practically all farmers average a lamb or better per ewe. Most of the early lambs top the market. This year's wool clip was excellent and prices were up.

There is still plenty of room for expansion of sheep enterprise. Many farms have the grass and fence to handle a flock of sheep. There is no other class of livestock making the money that sheep are at the present time.

At surface coal mining operations in the United States, the average truck haul to the tippie is four miles, according to the Bureau of Mines.

The new giant shovel of Peabody Coal Co., the "River Queen" weighs around 2,400 tons, or about equal to the weight of a new U. S. Navy destroyer.

GARRETT

MRS. MESSER, HOSTESS

The Lackey - Garrett - Wayland Woman's Club was entertained by Mrs. R. H. Messer last Wednesday to a luncheon and sewing meeting. The quilt top was finished at this meeting.

Mrs. Earl Castle, club president, reported that five members had attended the meeting in Salyersville Tuesday night and helped organize the Magoffin County Woman's Club with 27 charter members being present. This will add one more daughter club to the Lackey-Garrett-Wayland club family.

Programs for the club year were discussed and year book plans were completed for 1957-1958. The first club meeting started the new club year will be a family circle, September 2, at the Club House at 6 p.m.

Members present for the sewing meeting were Mesdames John Reed, Estill Hughes, Alice Hornsby, N. D. Howard, W. T. Hatcher, Milton Trusty, Delbert Sloane, Ellen Hornsby, Harry Sherman, Earl Castle, J. T. Spillman, Crit Wells and three guests, Mesdames George Evans, Sr., Oakhill, W. Va., Roy Souleyrette, Wheelwright, Carl Stewart, Estill.

The next sewing meeting will be at the home of Mrs. Harry Sherman, August 28.

Three leading steel companies, Bethlehem, U. S. Steel, and Republic, produced in 1956 a total of 37,744,686 tons of coal in their own mines, or about 7 per cent of the national total of 500,000,000 tons.

The extent of coal industry automation is reflected by the fact that some 252 equipment manufacturers exhibited at the 1957 Cleveland Coal Show their contributions to coal mining mechanization.

**MASTER
COMMISSIONER'S SALE
Floyd Circuit Court**

Kelly Development
Co. Plaintiff
Va.: NOTICE OF SALE
Spencer Sword and
Jessie Mae
Sword Defendant

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered and entered at the June term, 1957 in the above styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 26th day of August 1957, at 10 o'clock, A.M., same being the first day of the regular term of the Floyd County Court, upon a credit of six months, the following described property, to-wit:

Lying and being at Weeksbury, Floyd County, Kentucky, being Lot No. 1, Plat No. 4, House No. D407 of the property of Kelly Development Company at Weeksbury, Left Beaver Creek, Floyd County, Kentucky, as shown on a certain map entitled "Map of Weeksbury, Kentucky, Sub-division of Surface tracts", of record in file Box No. 3 Map 142, Floyd county court records to which reference is made for a more complete description.

Said property will be sold to satisfy a judgment against defendants in favor of plaintiff for the sum of \$1,260.02 with interest from June 21, 1956, until paid, and the cost of this action.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply promptly with these terms.

Given under my hand, this 5th day of August 1957.

J. B. CLARKE
Master Commissioner,
Floyd Circuit Court
Cost of Adv. \$18.25.
8-8-57.

The Chesapeake & Ohio Railway, which hauls more coal than any other American carrier, serves 348 coal mines.

A new bituminous mine with annual output of 500,000 tons is being planned by the U. S. Steel Corp., as the first step in a new development program.

Surface mining operations in Ohio produced nearly 25,000,000 tons of bituminous coal in 1956, of which nearly 7,000,000 tons were mined in Harrison county.

LACKEY

A household shower was given in honor of Mr. and Mrs. Linvel Jones at the home of Mr. and Mrs. Farris Martin. Refreshments were served and they received many useful gifts which were much appreciated.

Ella Mae Jones was home from Dayton, Ohio to attend the recent wedding of her brother, Linvel Jones.

Miss Whitaker, Bride Of Mr. James Brunson

Mr. and Mrs. Allen Whitaker, of Phoenix, Arizona, formerly of Prestonsburg, are announcing the marriage of their daughter, Christine, to Mr. James Brunson. The marriage was solemnized in a ceremony read in the home of the bride's aunt and uncle, Mr. and Mrs. Millard Northrup, of Scottsdale, Ariz. The bride wore a light blue street-length gown, and carried a white Bible. Her corsage was of baby white carnations. Mrs. Northrup was matron of honor. Serving as best man was Charles A. Whitaker, brother of the bride. After a reception the couple left for a wedding trip in northern Arizona. They have established a home in Long Beach, California.

Japanese Wages Up 9.2 pct.

Tokyo—Japanese wage earners averaged \$56.16 a month in 1956, or 9.2 per cent higher than in the previous year. The Labor Ministry, in reporting this, said the increase in spending power was 10 per cent because of a slight decline in prices.

MASTER COMMISSIONER'S SALE FLOYD CIRCUIT COURT

Frank Hopkins Plaintiff
Vs.: NOTICE OF SALE
Ollie Ellis &c. Defendant

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered and entered the June term, 1957, in the above styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 26th day of August 1957 at 10 o'clock a.m., same being the first day of the regular term of the Floyd County Court, upon a credit of six and twelve months, the following described property, to-wit:

The coal, oil, gas and mineral rights in, on and under a tract of land lying in Floyd county, on the waters of the left fork of Abbott Creek. Beginning at a beech tree just below Pound Mill hollow at a conditional line between Kelsey Holbrook and Thomas Stanley; thence running down the creek so as to include all the right, title and interest on said fork to a conditional line made by Kelsey Holbrook and Daniel Stanley, a piece below where James Hall now lives, and a piece above the mouth of Martin C. Bays branch at a sugar tree on the south side of the creek and a small beech tree on the north side of the creek near the mouth of a small drain, containing 200 acres more or less. There is excluded from the above tract of land the following tract which is not sold, to-wit:

Beginning on the line of R. D. Holbrook at a rock with an "H" cut on it, thence running with the garden fence to a corner of garden fence; thence a straight line to a willow; thence a straight line to the well; thence down as the yard fence runs to the road; thence crossing the creek to a pine on top of a rock; thence a straight line up the hill to the haul road; thence running with the haul road to a white oak; thence with haul road to a hickory; thence running a straight line to the top of the hill; thence up the ridge with the center of the ridge to R. D. Holbrook line; thence down the hill with R. D. Holbrook line to a large beech tree, standing near the county road; thence running with said line to the rock, the place of beginning, containing 10 acres, more or less.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply promptly with these terms.

Given under my hand, this 5th day of August, 1957.

Kentucky Had The Six Hundred At The Thames

By Charles F. Hinds
Secretary-Treasurer, Historical Society

Frankfort, Aug. 19 (Spl.) — Tennyson immortalized the Charge of the Six Hundred in the Crimean War fought October 25, 1854, but Kentucky's Charge of the Six Hundred at the Battle of the Thames in Ontario, Canada, October 5, 1813, awaits only a Kentucky poet laureate to show its greater claim to significance.

The English had won every important land battle in the War of 1812 up to that date, but late in 1813 they had retreated before an aroused army of Kentuckians, determined to revenge the massacre at the River Raisin.

The honors of attack fell to the Kentucky Mounted Infantry under Colonel Richard M. Johnson, who divided his forces, about one-third to make a frontal attack, and the rest to attack the Indians when the English soldiers gave away, under Johnson's personal command.

The English were spread out every three or four feet in two long lines. The Kentuckians broke through the lines of defense with relative ease.

Colonel Johnson now could turn his attention to the Indian foe with 600 troops in his command against Tecumseh's 1500 braves who were concealed behind willows and decayed trees. The odds were incredibly high.

Johnson formed his little army into two columns with a suicide squad called the "Forlorn Hope" of twenty men in front led by Private (Colonel) William Whitely of Lincoln County and Johnson in person. The plan was to force the Indians to discharge their rifles upon the advance party and for the main body to attack on horseback before the Indians could reload.

The first part of the plan worked. Nineteen of the twenty fell with the first volley. Colonel Johnson and one other man remained on their horses. But the swamp made it too difficult for horsemen to maneuver. Johnson ordered his men to dismount and fight on foot, although outnumbered more than two to one.

The outcome of the battle was in doubt for a quarter of an hour, only decided at the last by the knowledge among the Indians that their great leader, Tecumseh, had fallen in battle. The Indians gave up or fled.

Laurel County Homecoming Draws Record Attendance

Frankfort, Aug. 19 (Spl.) — Approximately 30,000 people attended the Aug. 9-10-11 Laurel County Homecoming activities at Levi Jackson Wilderness Road State Park, near Corbin.

One of the highlights was the re-enactment of the worst slaughter by Indians of early Kentucky pioneers. This massacre, now known as "The McNitt Defeat", occurred 181 years ago at the present site of Levi Jackson State Park.

More than 10,000 persons saw the Indians raid relieved at the Russell Dye Amphitheatre. Approximately 100 residents of Laurel county and several full-blooded Cherokee Indians, from the nearby Fort Sequoyah Indian Village, participated in the re-enactment program.

Prior to the performance Commissioner Vego Barnes, of the Department of Economic Security, made a talk on the history of his ancestors who were among the pioneers involved in this tragic massacre in 1788. Commissioner Barnes told the throng about his great, great, great-grandfather, who lost two children to the Indians in this sudden raid by the Chickamauga tribe. Other known families involved were the Fords and the McNitts (also known as the McNutt family).

Mrs. Ruel Buchanan, of London, was awarded the Friday Nighter's Cup as the distinguished native of Laurel county in the field of interpretive arts.

Roy Black, of Decatur, Ill., was honored as the distinguished Laurel county who, now living outside the area, has achieved prominence in the business or professional world.

Miss Mary Virginia Whitaker, 16, of London, was named Queen of the Laurel County Homecoming Saturday night before some 15,000 persons. Miss Annalee Robinson was runner-up. One of the judges of the Beauty Queen Contest was Commissioner Barnes. Others were Clarence Jones, Ft. Worth, Texas, and Robert Burton, Corbin.

Tips Are Given On Buying Lambs

When buying ewe lambs this summer for breeding purposes, make sure they are the type that will fit in well with Kentucky sheep production, says R. C. Miller, Kentucky Agricultural Extension-Service sheep specialist.

Make sure the lambs weigh about 90 pounds at breeding time, he says; buy them in carload lots — on a community pool basis if possible — and purchase them "in wool", not shorn.

Unshorn early blackface-cross ewe lambs weighing around 90 pounds should shear at least four pounds of wool, which will help pay shipping costs, he notes.

The early blackface-cross ewe lambs normally produce a lamb crop of 70 to 80 per cent the first year when bred as lambs; their breeding does not appreciably affect their later usefulness as breeders.

However, Miller notes, inexperienced sheepmen should not try this type of program. The lambs, being immature, have more difficult lambing than older sheep, give less milk, and their lambs are longer in finishing; they also require more feed, as they must provide for their own growth as well as that of the developing foetus.

These early black-face-cross lambs are not to be confused with lambs brought in in the early fall to be carried over as breeding ewes for the following year.

Clipping Crabgrass Necessary for Control

Two suggestions on how to control crabgrass, the annual weed to be found in many lawns at this time of year, come from N.R. Elliott, Extension specialist in landscaping at the University of Kentucky.

(1) Continue to cut the grass regularly to prevent maturing and scattering of seeds, and (2) avoid watering the lawn at this season, as to do so only encourages the growth of the weed.

It is a serious mistake, he said, not to clip the lawn at regular intervals, even though the bluegrass shows little or no growth. Crabgrass is an annual, and cutting off the weed seeds, followed by raking and burning, is a step in next year's control, and should be continued until after two heavy frosts.

Bluegrass, on the other hand, is a cool weather crop, now in its resting period. It will come back with cooler weather.

Mr. Elliott explained that the Experiment Station at the University has found that September 15 is the best time of year to sow bluegrass seed. It should be of exceptionally high quality, and free of all other seeds.

If the sod is reasonably good, use 1/4 pound of seed to 1,000 square feet, and if it is on the "light" side, increase the amount to 1/2 pound, he advised.

Sowing should follow the clipping and raking of the lawn.

Nickles' Application Ordered Dismissed

The Department of Motor Transportation last week ordered the application of Birt Nickles, of Wayland, dismissed without prejudice. Nickles was asking for a common carrier certificate to operate one taxicab in the town of Wayland, Delmer Ison, assistant commissioner, said.

Dismissal of the application was ordered when Nickles failed to appear at the hearing at Frankfort, Ison said.

Stretching for more than 11,700 miles in seven states, the Baltimore & Ohio Railroad carries coal from 841 mines located along the B. & O. tracks.

Peabody Coal Co., of Chicago, the nation's leading producer of bituminous coal through surface mining, dug 11,957,923 tons in 1956 from its surface mines in five states, Illinois, Indiana, Missouri, West Kentucky and Ohio.

Capitol Notebook

Frankfort, Aug. 19 (Spl.) — Information from the Tennessee Valley Authority office in Knoxville relates that Kentucky Dam continues to attract far more visitors than any other TVA dam or steam electric-power plant. This news is even more interesting when it is realized that the TVA operates 25 large installations all which attract their share of visitors. In July, Kentucky Dam had an estimated 467,000 visitors. The nearest competitor was Fontana Dam which attracted 286,000 persons the same month.

SAFETY-FIRST
Our hats are off to the workmen and officials of the clay mining industry of Kentucky who have not experienced a fatal accident for a period of more than two years. During this time about 13 million tons of clay have been produced. If there were only some method to instill this safety consciousness into the users of Kentucky's highways, the Sunday afternoon drive would be a pleasure again.

HELPFUL REMINDERS
Make plans now to attend the Kentucky State Fair in Louisville, September 6-15. It promises to be the best yet.
The play, "Wilderness Road," closes August 31 in Berea. Indications point to a record-breaking crowd this season. If you have seen the play during a previous year, see it again. Visitors there report a faster moving, much improved production.
The Plug Horse Derby in Lexington, September 2 is another thrilling and different event. It's run at the Trotting Track.

SERVICES APPRECIATED
Complaints are always easy to get but compliments are usually not as forthcoming, however, the Kentucky State Police recently received a letter reading in part, "I am a resident of Ohio but lived in Lexington, for many years. We return to Lexington quite often via U. S. 27 and traffic is always terrible. On one of our trips in July we were passed on a double yellow line, curve, at a speed of about 70 miles an hour. A car was coming from the other direction, we were forced to jam on the brakes and narrowly missed a collision.
At that time we wondered where the State Police were and why they didn't catch such people. About 30 miles further down the road the State Police had that very car. Thank you for your good work. Thank you for saving our lives, or others just like us."

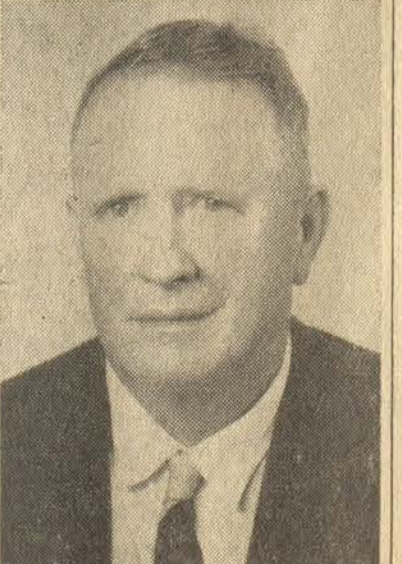

Mrs. Conley Represents County at Conference

Three hundred leaders in Kentucky education met at Murray State College last week to plan for the coming year's work. Participants engaged in discussion centered on the theme: "Building a Stronger Profession — through Expanded Services, through Legislation, and through Improved Standards."
Attending the conference from Floyd county was Mrs. Dorothy Conley, Wheelwright.

The Lelia C. Shearer, largest towboat ever built on the Monongahela River, has been put to work moving coal tows on the Ohio and Kanawha Rivers. This 2700-horsepower vessel is 150 feet long and 34 feet wide and owned by O. F. Shearer & Sons.

Coal dumpings at Hampton Roads, Va. — America's greatest coal port — rose nearly 29 per cent in the first six months of 1957 to more than 31,000,000 tons. Virtually all coal shipped abroad passes through the port of Hampton Roads.

Breeding is a 1956 graduate of Wheelwright high school and is a former employee of the Kentucky Conservation Dept., Monticello, Ky.

Nine of the nation's leading electric utilities mined 11,697,263 tons of coal for their own use in 1956, or a little more than 2 per cent of the national coal production of 500,000,000 tons.

Hanna Coal Co., Division of Pittsburgh Consolidation Coal Co., mined 5,372,330 tons of Ohio coal through surface mining operations in 1956.

Mine Fatalities Show Big Drop

Frankfort, Aug. 19 (Spl.) — Five fatal accidents occurred in Kentucky coal mines during July according to a report issued by the State Department of Mines and Minerals.

There were 11 fatalities during the same month of last year.

There were two accidents each in the Big Sandy-Tug River and Kentucky River districts. One fatality was recorded in the Cumberland Valley district. Through July, 1956, a total of 44 persons had been killed in Kentucky coal mines. Thirty-five persons have died through July this year.

In calling public attention to mine safety problem, Acting Gov. Harry Lee Waterfield has designated September "No Accident Month in the Coal Mines of Kentucky."

Today... see these **FOUR OUTSTANDING VALUES IN 4-DOOR SEDANS**

Studebaker PRESIDENT CLASSIC—Longest of all Studebaker sedans, with a wheelbase of 120.5 inches for a smooth "between-the-wheels" ride. Powered with a 225 h.p. V-8 Sweepstakes engine. Available with Flightomatic transmission or Overdrive as optional extras. The President Classic offers big car luxury, at a price competitive with 2-door models of other makes.

Packard TOWN SEDAN—This car has spaciousness: leg room, head room, entry and exit room. It has performance, with the only supercharged V-8 in the sedan field. It has luxury, in fine fabrics, soundproofing, and color-keyed interiors... all combined with a riding ease that cushions the road with the distinctive touch of a Packard.

Studebaker COMMANDER DE LUXE—The four doors lead to luxury, in instrumentation and driving ease, in fabrics and cushioning... lighting, soundproofing and insulation. Under the hood is a V-8 engine... 195 h.p. with four-barrel carburetor. Optional Flightomatic transmission or Overdrive.

Studebaker CHAMPION DE LUXE—The thrifty Sweepstakes Six engine gives this fashion-styled sedan an operating economy unmatched in other makes of full-sized cars. In all: 4-door convenience, Champion economy, Studebaker craftsmanship, for value to match its long car looks.
