This Town— That World

This is Fair weather. COME TO THE FAIR. Incidentally, don't neglect the Floyd County Fair. It's ours and none other's.

OFF LIMITS. Lenna Moore has made this office "off limits" on Thursdays. He did this after paying us a visit on a Thursday morning.

MISSING. Roland Allen, one of our regular visitors, has not been around much these last few days.

TWO INDICTED IN BLASTING

Arson Attempt Charged To Frank Hatfield; Hall Named In Son's Death

One murder indictment and the indictment of three persons in the mystery dynamiting of the Frank Derossset home on Bull Creek are feature items in the list of true bills voted by the grand jury of the Floyd circuit court before its adjournment last Friday.

Lewis Hall was named in the murder bill and is accused of the slaying, Sept. 15, of his son, Garland, at Melvin. Bond had not been set for him, Tuesday morning, and he remained in jail here.

Marion Hatfield and Willie (Jap) Harris were named in two indictments in connection with the Bull Creek dynamiting. For the blasting of the Derossset home they were accused of unlawfully causing an explosion under a building.

Frank Hatfield, formerly of this county, now of Ohio, was charged with attempting to burn property after the grand jury had heard evidence claiming he offered Guy Bates and Fred Newsome, Jr., \$500 each to burn the Derossset home and a church.

Guy Bates, who was listed as a witness appearing before the grand jury in the dynamiting case, was himself named in three grand larceny indictments. He was accused with James Akers and James Marsillett of stealing copper wire from the Imperial Elkhorn Coal Co.; with Minnie Horn and Willie (Jap) Harris of committing theft in the home of Walter Horn, of West Prestonsburg; and with James Akers of stealing wire from the firm of Spears & Akers.

Last three days of its session last week saw the grand jury delve deeply into thieving operations in the county. As a result, Russell Prince, Vernon Clay and Chester (See Story No. 4, Page 5)

DEPUTY SAYS GUNMEN FIRED INTO HIS CAR

Shotgun Slug, Bullet Fired from Automobile Miss Lewis, Burchett

Deputy Sheriff Joe Wheeler Lewis said this week that an attempt on his life was made early Sunday morning as he drove from Prestonsburg toward his home at Mare Creek.

A slug fired from a shotgun penetrated the side of his car, striking the "post" separating the front and rear doors on the driver's side. A bullet crashed through the windshield, grazed the officer's shoulder and left the auto via the rear window.

Death or serious injury missed Lewis and John Burchett, of Ivel, a passenger in the Lewis car, by only a matter of inches.

Lewis said he left here about 12:30 Sunday morning, after a verdict had been rendered in the Griffith murder case. Mr. Burchett had been a member of the jury. As they reached a point a short distance above the Davidson Memorial Gardens, near Ivel, the officer noticed a car behind him, its lights blinking as if to indicate the driver's intention to pass him.

As the other auto drew alongside, a man's head and shoulders emerged from a front door-window and the shotgun blast was fired. Lewis said he hit his brakes and veered to the left. As he did so a man sitting in the rear seat of the car fired the revolver shot which grazed him. (See Story No. 3, Page 8)

TRUCK MISHAP KILLS TAYLOR

Thomas Resident Falls From Pickup Saturday; Crash With Car Results

Glenn Taylor, 44, of Thomas, was instantly killed Saturday afternoon 12 miles from Pikeville when a pickup truck he was driving went out of control and crashed into an oncoming car. The accident occurred on Kentucky 304 at Taylor Hill on Johns Creek near the junction of the road with Ky. 319.

Trooper Otis Cornett of the Pikeville contingent of State police investigated the mishap. Billy Joe Nichols, of the Johns Creek section, who was driving the automobile into which Taylor's truck crashed, told Cornett that the victim fell from the truck to the pavement before the two vehicles collided.

Five other persons were hospitalized Saturday as a result of an auto accident on Kentucky 611 on the Caney Fork of Johns Creek a few miles from the scene of the Taylor tragedy. Names of those hospitalized were not given by the state troopers.

Mr. Taylor was a son of Sidney and Norah Roop Taylor of the Johns Creek area. Surviving, besides his parents, is his wife, Hazel Blackburn Taylor, a daughter, Donna Sue, and a son, Sidney. Funeral rites were conducted Tuesday and burial was made in the Taylor cemetery at Thomas.

Pioneer Floyd Health Nurse Heads Survey in This County Prior to Frankfort Conference

Mrs. Regina B. Mayo, of Prestonsburg, Floyd pioneer in the field of public health nursing, has been named Floyd county chairman for the "Little White House Conference" slated in Frankfort as a preliminary to the 1960 White House Conference to be held in Washington, D. C., next March.

The White House Conference is traditionally held every 10 years as a nationwide stock-taking of children's needs. Social, economic, health, mental, emotional and spiritual factors in the life and well-being of the nation's children are included in the study.

The "Little White House Conference" at Frankfort will be held October 8-9. Prior to that, a survey of existing facilities for the care and protection of children in the state's 120 counties will be made.

The Floyd county study, headed by Mrs. Mayo, is engaging the thought and services of 365 leaders. Group chairman leading in the Floyd county study are: Robert S. Wellman, morals and welfare; Wayne Ratliff, education

Singing Convention Slated At Fair; Ride Fares Cut

An old-fashioned singing convention is scheduled at the Prestonsburg high school gymnasium, Saturday at 7 p.m. It was announced this week by Franklin Moore, entertainment chairman for the Floyd County Fair. Mrs. Dora Stephens will direct the activities, it was said.

It was noted by Moore this week that The Times erred in stating the amusement rides scheduled for Kids Day, Saturday, would be free. They will not be free but will be offered at reduced rates.

WALLEN GIVES \$5,000 BOND

Bull Creek Man Denies Rape, Incest Charges Brought By Daughter

Jailed Saturday on charges of incest and rape, Dewey Wallen, of the Bull Creek section, was at liberty this week under \$5,000 bond.

He was named in an affidavit signed by his 15-year-old daughter as the father of her 20-month old child.

Wallen denied guilt, telling authorities that his daughter's accusations arose because she had become angry with him for some reason.

The girl's affidavit claimed her father's incestuous relationship with her began when she was about 12 years old and had been continued against her will for about three years. The affidavit added that her child was born of this relationship.

Miss Wallen told officers she would submit to a lie-detector or any other sort of test that might be required.

Also booked at the jail within the week were: Tom Francis Adkins and Carl Hall, jailed by State Troopers Wright and Fraim on drunk driving charges; Elmer Newsome, arrested by Deputy Sheriff Joe Wheeler Lewis on a child desertion count.

Big Sandy Rescue Teams, First Aid Groups Slated In National Competition

Mine rescue teams and first-aid teams from the Big Sandy area will compete for honors in the National Safety Day Program scheduled October 5-7 in Memorial Auditorium at Buffalo, N.Y.

The mine rescue teams and their captains are: Inland Steel Company, Wheelwright, Harrison Sparks; Bethlehem Mines Corporation (Mine 21), Jenkins, Kelly DeSimone; Bethlehem Mines Corporation (Mine 22), Douglas Damron.

First-aid teams and their captains are: Princess Coals, Inc., Princess Elkhorn Coal Division, David, Howard Hamilton; Inland Steel Company, Wheelwright, Clayton Ferguson.

A combination mine rescue and first aid team from Bethlehem Mines Corporation (Mine 21) also will compete. Wannie Flint, Jr., is team captain.

The teams will compete with teams from other coal-producing states for national honors.

LEGIONNAIRES PICK JENKINS

Garrett Post Is Host To 10th District Group; Discuss Vet Bonus Bill

Walter Jenkins, of Post No. 223, Wheelwright, was elected commander of the American Legion's 10th district at the annual fall conference held Saturday afternoon at the Garrett high school auditorium. He will succeed in the district Legion post Herbert K. Gillis, also of Wheelwright.

Main items of business for the delegates, who represented Posts from all 13 counties of the district, included a discussion of 1960 membership plans, the veterans bonus bill, the Americanism campaign and the election of a new district commander.

Principal speakers were R. W. Anderson, Louisville, Department commander; Ray A. Beyer, Department adjutant; Paul L. Seyfrid, Anchorage, Ky., Department field representative, and B. A. Brooks, Raleigh, N. C., national field representative.

Attending from outside the 10th district were: Department Chaplain L. E. McGuire and John Paul Jones, both of Ashland; 11th District Commander Aaron Disney and Ray W. Bewers, both of Lynch. Also present were three past district commanders—Ralph Cleveger, Elkeville, Tom James, Prestonsburg, and Herbert K. Gillis, Wheelwright; Beady Phillips, Neon, Area O Department commander, and Department Chaplain Frank C. Dixon, of Wayland.

George S. Owsley Post No. 295 of Garrett was host to the conference.

EKRPC MEETS STUDY REGION

Barbourville, London Conferences Are Held; Advisory Councils Urged

A special advisory council of spiritual leaders to work with the Eastern Kentucky Regional Planning Commission was recommended at Barbourville, Friday. The two-day conference making the suggestion was on spiritual and cultural values and was held at Union College.

Rev. Harold Dorsey, pastor of the First Methodist church here, called attention at the conference to the traditional role of the church as separate from the state but added: "We are morally obliged to help people meet their civic responsibilities and to exercise our church's duty to cooperate in public affairs."

Rev. William Huie, of Corbin, said the church must exercise a more complete responsibility to aid people to meet social and economic problems. Specific proposals and the recommendation to create the advisory council was made by a Harlan Christian church minister, Rev. C. Lynn White.

The clergymen of Eastern Kentucky spiritual leaders was one in a series sponsored in the commission's quest for professional advice in formulating a program for this region. The group is headed by B. F. Reed, of Drift.

The Commission met again, Tuesday, at London, Laurel county, to study problems of public health. Physicians, federal and state government specialists were present at the Manchester conference.

John Whisman, executive director of the Commission, said that the conclusions of the several conferences held in Eastern Kentucky, will be drafted into a comprehensive plan for submission to the 1960 session of the Kentucky General Assembly.

Recommendations of the London conference were the offering of special short courses in public health and welfare; expansion of aid to students seeking a medical career; and the setting up of an advisory council on public health needs.

Cooksey Youth Drowned At Silver Bay, Minn.

Donald Cooksey, Jr., 16, grandson of Mr. and Mrs. C. A. Bickford, of Betsy Layne, was drowned August 15, at Silver Bay, Minn., when he lost his footing on a high cliff and fell 150 feet into a lake.

Young Cooksey, son of Mr. and Mrs. Donald Cooksey, Sr., formerly of Ashland, was a high school athlete at Silver Bay.

Wilson and Anne Wyatt chat with Charles Clark, principal of Garrett high school, on the boat, Andante, on Dewey Lake, Thursday of last week when the candidate for lieutenant-governor toured the Jenny Wiley State Park.

WYATT, AREA LEADERS TOUR PARK, LAKE TO VIEW FACILITIES, UNDERSTAND NEEDS

Wilson Wyatt, Democratic nominee for Lieutenant-Governor, toured Dewey Lake Thursday of last week with party leaders to get an understanding of Jenny Wiley State Park needs. His visit here preceded a fund-raising supper for Bert Combs, gubernatorial nominee

and others of the ticket at Johns Creek high school in Pike county, Thursday evening. Wyatt advocated the need of reservoirs in the Big Sandy valley. "Industrial development goes where you have water, and the tourists follow," he remarked.

The Wyatt party was guest of Magoffin County Judge Ray Holbrook on his boat, Andante. With the party was Mrs. Wyatt, Mrs. Ann B. Hall, Floyd county state representative, Russell Reynolds, representative from the legislative district of Lee and Breathitt counties, and others.

The candidate was conducted through the tower at the dam by Howard S. Osborne, reservoir manager, who showed how the dam is controlled. Visitation records were examined by Wyatt.

Wyatt was particularly interested in the value of the dam in flood control and discussed its protection to Paintsville and the lower valley.

An organizational meeting of the Democratic party at the courthouse here Thursday evening of last week named Clive Akers, former Waterfield supporter, as co-chairman of the Democratic campaign in this county to serve with Hollie Conley, Cordell Martin, Hindman attorney, made the rally speech.

Circuit Judge Edward P. Hill, Jr., commented that he had long recognized the "ability and great humility of Bert Combs," and pledged his support. Others speaking at the Democratic rally or pledging assistance to the party were Dewey Roberts, County Attorney Robert Wellman, Circuit Court Clerk Henry Stephens, County Superintendent V. O. Turner, Oliver Hall, Mayor Bill Napier, A. B. Meade, Ann B. Hall, Charles Clark, David Hereford, Burnis Martin, Henry Stumbo, Dr. Joe T. Hyden, Waitust Reynolds and Clive Akers.

Hollie Conley, manager of the Democratic campaign, noted that every officeholder in the county is supporting the Democratic ticket.

GROUPS TOUR BREAKS PARK

Virginia Governor, Others Inspect Recreation Area; Combs Speaks At Grundy

Eastern Kentucky and Virginia legislators accompanied Gov. J. Lindsay Almond, of Virginia, on a tour of the Breaks Interstate Park Friday afternoon.

Members of the Breaks Interstate Park Commission, consisting of three Kentuckians and three Virginians, also went over the 1,500-acre scenic recreation center with Governor Almond.

Just before the tour, Almond and Bert T. Combs, Kentucky's Democratic gubernatorial nominee, spoke briefly at a buffet luncheon at the Dismal Country Club near Grundy, Va.

Combs said that Kentuckians want to co-operate with Virginia in every way possible to develop the interstate park, controlled and supported jointly by both states. He pointed out the need for Virginia to build a good road from the Kentucky line up to the park.

The Kentucky section of the road, from Elkhorn City to the Virginia line, Combs told the Governor, "is far superior to yours."

In reply, Almond said, "I am interested, as you are, in the development of this park, and the Virginia delegation is proud to be associated with you Kentuckians in this venture."

The Virginia delegation reached the park over a miserable winding mountain road from Grundy. From the Virginia side the park is approached by an even more miserable road from the town of Haysi.

Each of the two states has contributed \$62,500 a year to the park's upkeep and development in the past, although it lies entirely within the bounds of Virginia, seven miles from here and 33 miles from Pikeville.

State Senator, M. M. Long, St. Paul, Va., chairman of the park commission, and K. J. Day, Pikeville, the vice-chairman, were among those at the luncheon and on the park tour.

Goebel W. Newsome, Jr., Elkhorn City, a member of the commission, said that Kentucky's Legislature would be asked to appropriate the same amount for the park for the next biennium that it received in the past two years.

GRIFFITH GETS 21-YEAR TERM IN TRIAL HERE

Jury Gives Verdict After Night Session Meade Pleads

A jury, which rendered its verdict to punish Griffith, 44, of Bland, guilty of manslaughter in the shotgun slaying of Dennis Ray Johnson, 21, of Bland, Tuesday night. The work of empaneling the jury began last Thursday. The actual trial began Monday morning. Evidence was heard through the day and night, and opposing arguments ended shortly after midnight.

Testimony agreed on a chain of events which led to the slaying began at Griffith's home where Johnson's wife had gone to sleep. There an argument between Griffith and Johnson, the widow of the slain man, of her brothers tried to wrestle it from her. She was accidentally striking her.

Other members of the family, including Mrs. Griffith, were present. Griffith was purposely by Johnson. Late in the night, the Johnsons left Griffith home and went to their own residence.

When Griffith returned home next morning, he was told his wife had been "beaten up" by Johnson. Commonwealth testimony, heard from about a dozen witnesses, said that Griffith went to a coal company

JURORS QUIZ 100 PERSONS

Strong Penalties Urged On Break, Enter Charges; 92 Indictments Returned

Without designating any individual officeholders, the grand jury in its final report to Circuit Judge Edward P. Hill last Friday expressed concern that some elected officials "are not devoting enough time to the duties for which they were elected and are being paid."

The report also commented on the jury's hearing that liquor and breaking and entering violations have been "compromised" and probed. Contending that these violations have been repeated as a result of such leniency, the jury urged strong penalties.

The jury in its nine days of work quizzed approximately 100 persons and voted 92 indictments. Of the 92, 74 were reported in the last three days of work.

The final report, signed by Jack S. Branham, Jr., foreman, commended the court on the "stature and type" of the regular jurors selected for service at the last two court terms, and expressed appreciation to the County Attorney and the Sheriff's office for their "fine cooperation." The jury reported also that the physical condition of the courthouse is very bad and that repairs are needed. County offices and the jail are as neat and clean as could be expected, the report concluded.

Fire Chief Gray Asks Care In Trash Burning; Week To Be Observed

Fire Prevention Week will be observed, the week of Oct. 4-10. The observance began with Fire Prevention Day in 1911 which was designed to mark the anniversary of the great Chicago fire of Oct. 9, 1871 which cost approximately 250 lives and destroyed \$175,000,000 worth of property. To this day, Fire Prevention Week is held in October to include the Chicago fire anniversary.

Fire Chief Henry Gray warned local residents of the danger at this season of the year when care must be taken in the burning of leaves. Until Wednesday's rainfall forestry personnel were anxious about the danger of fire outbreaks, and this danger will recur with a few days of dry weather, it was pointed out.

HIT-RUN DRIVER KILLS MAGOFFIN-CO. SHERIFF

Dona Arnett, Magoffin county sheriff, was found dead in the highway near the home of his son at Swampton, early Sunday morning, the victim of a hit-and-run driver. Arnett, a native of the Middle Creek section of this county, was 62 years old.

Early Cole, 22-year-old lumberyard employee at Salyersville, was arrested Monday on a warrant issued by County Judge Ray Holbrook and charging him with manslaughter. He denied knowledge of the accident and told Holbrook he was at home in bed at the time of the accident.

Named as an accessory in the case is Mary Ross, 18, of the Mason's Creek section of Magoffin county. She was arrested Monday afternoon. Cole, a native of Cole Branch of Middle Creek, was taken to the Johnson county jail, and Miss Ross was lodged in the Magoffin jail. Cole is being held without bond, pending laboratory tests on his pickup truck.

According to Judge Holbrook, Miss Ross related that she and Cole were driving toward Royalton and passed Arnett's home at Swampton. They drove on about two miles and parked. Turning

back and driving along the road they saw the sheriff walking along Ky. 7, a short distance from the home of his son where he had been visiting. She said, according to Holbrook, that Cole drove from the opposite side of the road and struck the victim, then backed his truck over the body. It is said Arnett was dragged about 60 feet.

The Ross woman said Cole then took her to her mother's home. The tragedy occurred at about 1 p.m., it was said. The body was discovered by three occupants of a truck who were driving toward Royalton.

Arnett, a Democrat, was in the second year of a four-year term as sheriff. He was formerly employed by the Kentucky Highway Department. It is understood that Judge Holbrook will appoint a successor to Arnett to hold until the next election.

Sheriff Arnett was a native of the Rough and Tough section of Middle Creek, a son of Bill and Poppy Shepherd Arnett. Funeral rites were conducted Tuesday and burial was made at Swampton, near Royalton.

P'burg Woman's Club Has 40th Anniversary

The Prestonsburg Woman's Club will observe the 40th anniversary of its founding Thursday night at the home of its president, Mrs. R. V. May.

A survey of the club's history reveals numerous civic projects accomplished since the organization year in 1919 and subsequent federation in 1926. The club has grown as it has served Prestonsburg, since Mrs. Zula D. Spradlin was elected the first presiding officer to the present day.

Members of long standing and faithfulness to the club will be honored. They are Mrs. A. C. Harlowe, Mrs. B. F. Combs, Mrs. Winnie F. Johns, Mrs. Lida D. Spradlin and Mrs. T. J. May. Over the years the club's main interests have been in the areas of public health, community improvement, education and the arts.

For these 40 years the club lists many accomplishments. Among these are:

1924 — secured blue prints and installed sanitary toilets for school. Sold TB seals, an annual affair in which Mrs. A. C. Harlowe led the club in sales for many years. Distributed 18 Christmas baskets to the poor, gave prize for best-kept lawn, May 1 to Sept. 15; located waste containers near Post Office; declared war on rats, and conducted a "Clean the Alleys and Streets" campaign.

1926 — Urged filtration of city water, held pottery and etching exhibit, conducted home talent play, "Cupid-Up-To-Date."

1928 — \$50 contribution to Mammoth Cave to help make it a National park; sponsored tonsil clinic at Methodist church, city clean-up campaign, awarded history and penmanship prizes to students.

1933 — Mrs. W. P. Mayo became first district governor from Prestonsburg. Her interest in art initiated contribution by all state clubs in the Penny Art Fund. The "Wild Flower Pledge" was adopted during her administration, to preserve native flowers. A lending library was maintained throughout most of the '30's with Mrs. Harlowe in charge. Loan of \$250 made to local student. Distributed magazines to jails.

1935 — City milk ordinance passed at urging of Woman's Club. Mrs. W. P. Mayo elected first vice-president of KFWC, and was appointed Art chairman for the state club; Mrs. Jane Combs, KFWC chairman of American citizenship; Mrs. A. C. Harlowe, vice-governor of district.

1937 — Mrs. J. D. Mayo, KFWC chairman of Child Welfare; Ohio River Flood Relief in which 141 garments were donated; active safety campaign under chairmanship of Mrs. Regina B. Mayo; 1500 folders on safety distributed to license holders at courthouses; five lectures on safety at schools, urged erection of street and stop signs.

1939 — Urged banning of fireworks. 1942 — Purchased \$1,000 bond, sponsored defense rally, rolled bandages, collected tin cans and grease, filled Buddy Bags, tended Victory Gardens.

1944 — Youth recreation center sponsored.

1954 — Inter-Club Council for Youth Center established under Mrs. L. C. Hill, president.

1955-59 — Craft Workshop under leadership of Mrs. H. L. Ley is current project, plus efforts to furnish a reading room at Regional Library.

Current officers of the club are Mrs. R. V. May, president; Mrs. Zella S. Archer, first vice-president; Mrs. James Donahoe, second vice-president; Mrs. L. C. Hill, recording secretary; Mrs. Victor Hale, corresponding secretary; Mrs. Virgil Goble, treasurer.

First Millinery Class Slated by Woman's Club; Miss Hill To Lecture

With millinery registration closed and materials ordered for the first millinery class to begin Tuesday, October 6th, the Arts and Crafts Workshop, sponsored by the Prestonsburg Woman's Club, is looking ahead to only 90 days before Christmas and making plans for "Christmas Gifts Month."

This class under the supervision of Mrs. Virgil Goble will feature the making of hardware gifts of your choice, or, if you choose, new gifts that will be offered. Mrs. John Graham will instruct a group, under this class, in the art of plaques. These are lovely, made from shells, dried flowers and even butterflies. If openings in enrollment occur, a member of the community may participate for a small workshop fee.

This class will begin in November and we ask all interested to register as soon as possible with Mrs. Clyde Burchett, chairman of the workshop, or Mrs. Virgil Goble, co-chairman.

Also in October, beginning on Monday, the 19th through November 23rd, Miss Hazel Hill, Home Economics teacher at the Floyd county high school, will give a series of Monday night classes, titled "Getting Ready for Christmas." These classes will be most interesting, covering the various phases of Christmas planning from foods to Christmas lighting. She has scheduled experts in this field to teach cookie sleighs, plum pudding and other goodies. If interested, contact Miss Hill and clubwomen contact Mrs. Burchett. This class is open to the public and no fee will be involved.

With so many fascinating plans for our workshop and for the women of the community, we ask all to register at their earliest convenience. It's fun, to make "Tuesday night, Workshop night."

Getting Myself Ready For Public Worship

Public worship can be a good time to you — Providing you get up in time to get ready without having a heart attack.

Providing you use your Christian judgment in how you spend Saturday night. Providing you have at least a small yearning for fellowship with God's people.

Providing you have a sense of need to hear the Gospel of healing for you and for yours. Providing you can forget your worries long enough to lean on the Lord a little.

Providing you can forgive your neighbor so his face will not stand between you and God.

Providing you bring enough money to be sure your share of the labor of the Gospel isn't being carried by some widow, with a mite.

Another fresh one from Pontiac!

The inspired beauty of perfect proportion!

The precision control of Wide-Track Wheel Design!

The softer ride of supple suspension!

The wide choice of vigorous Tempest V-8 Engines tailored to economy or high performance!

The car craftsmen who developed Wide-Track Wheels, the innovation that brought a new standard of roadability to the American passenger car, present another fresh original for 1960!

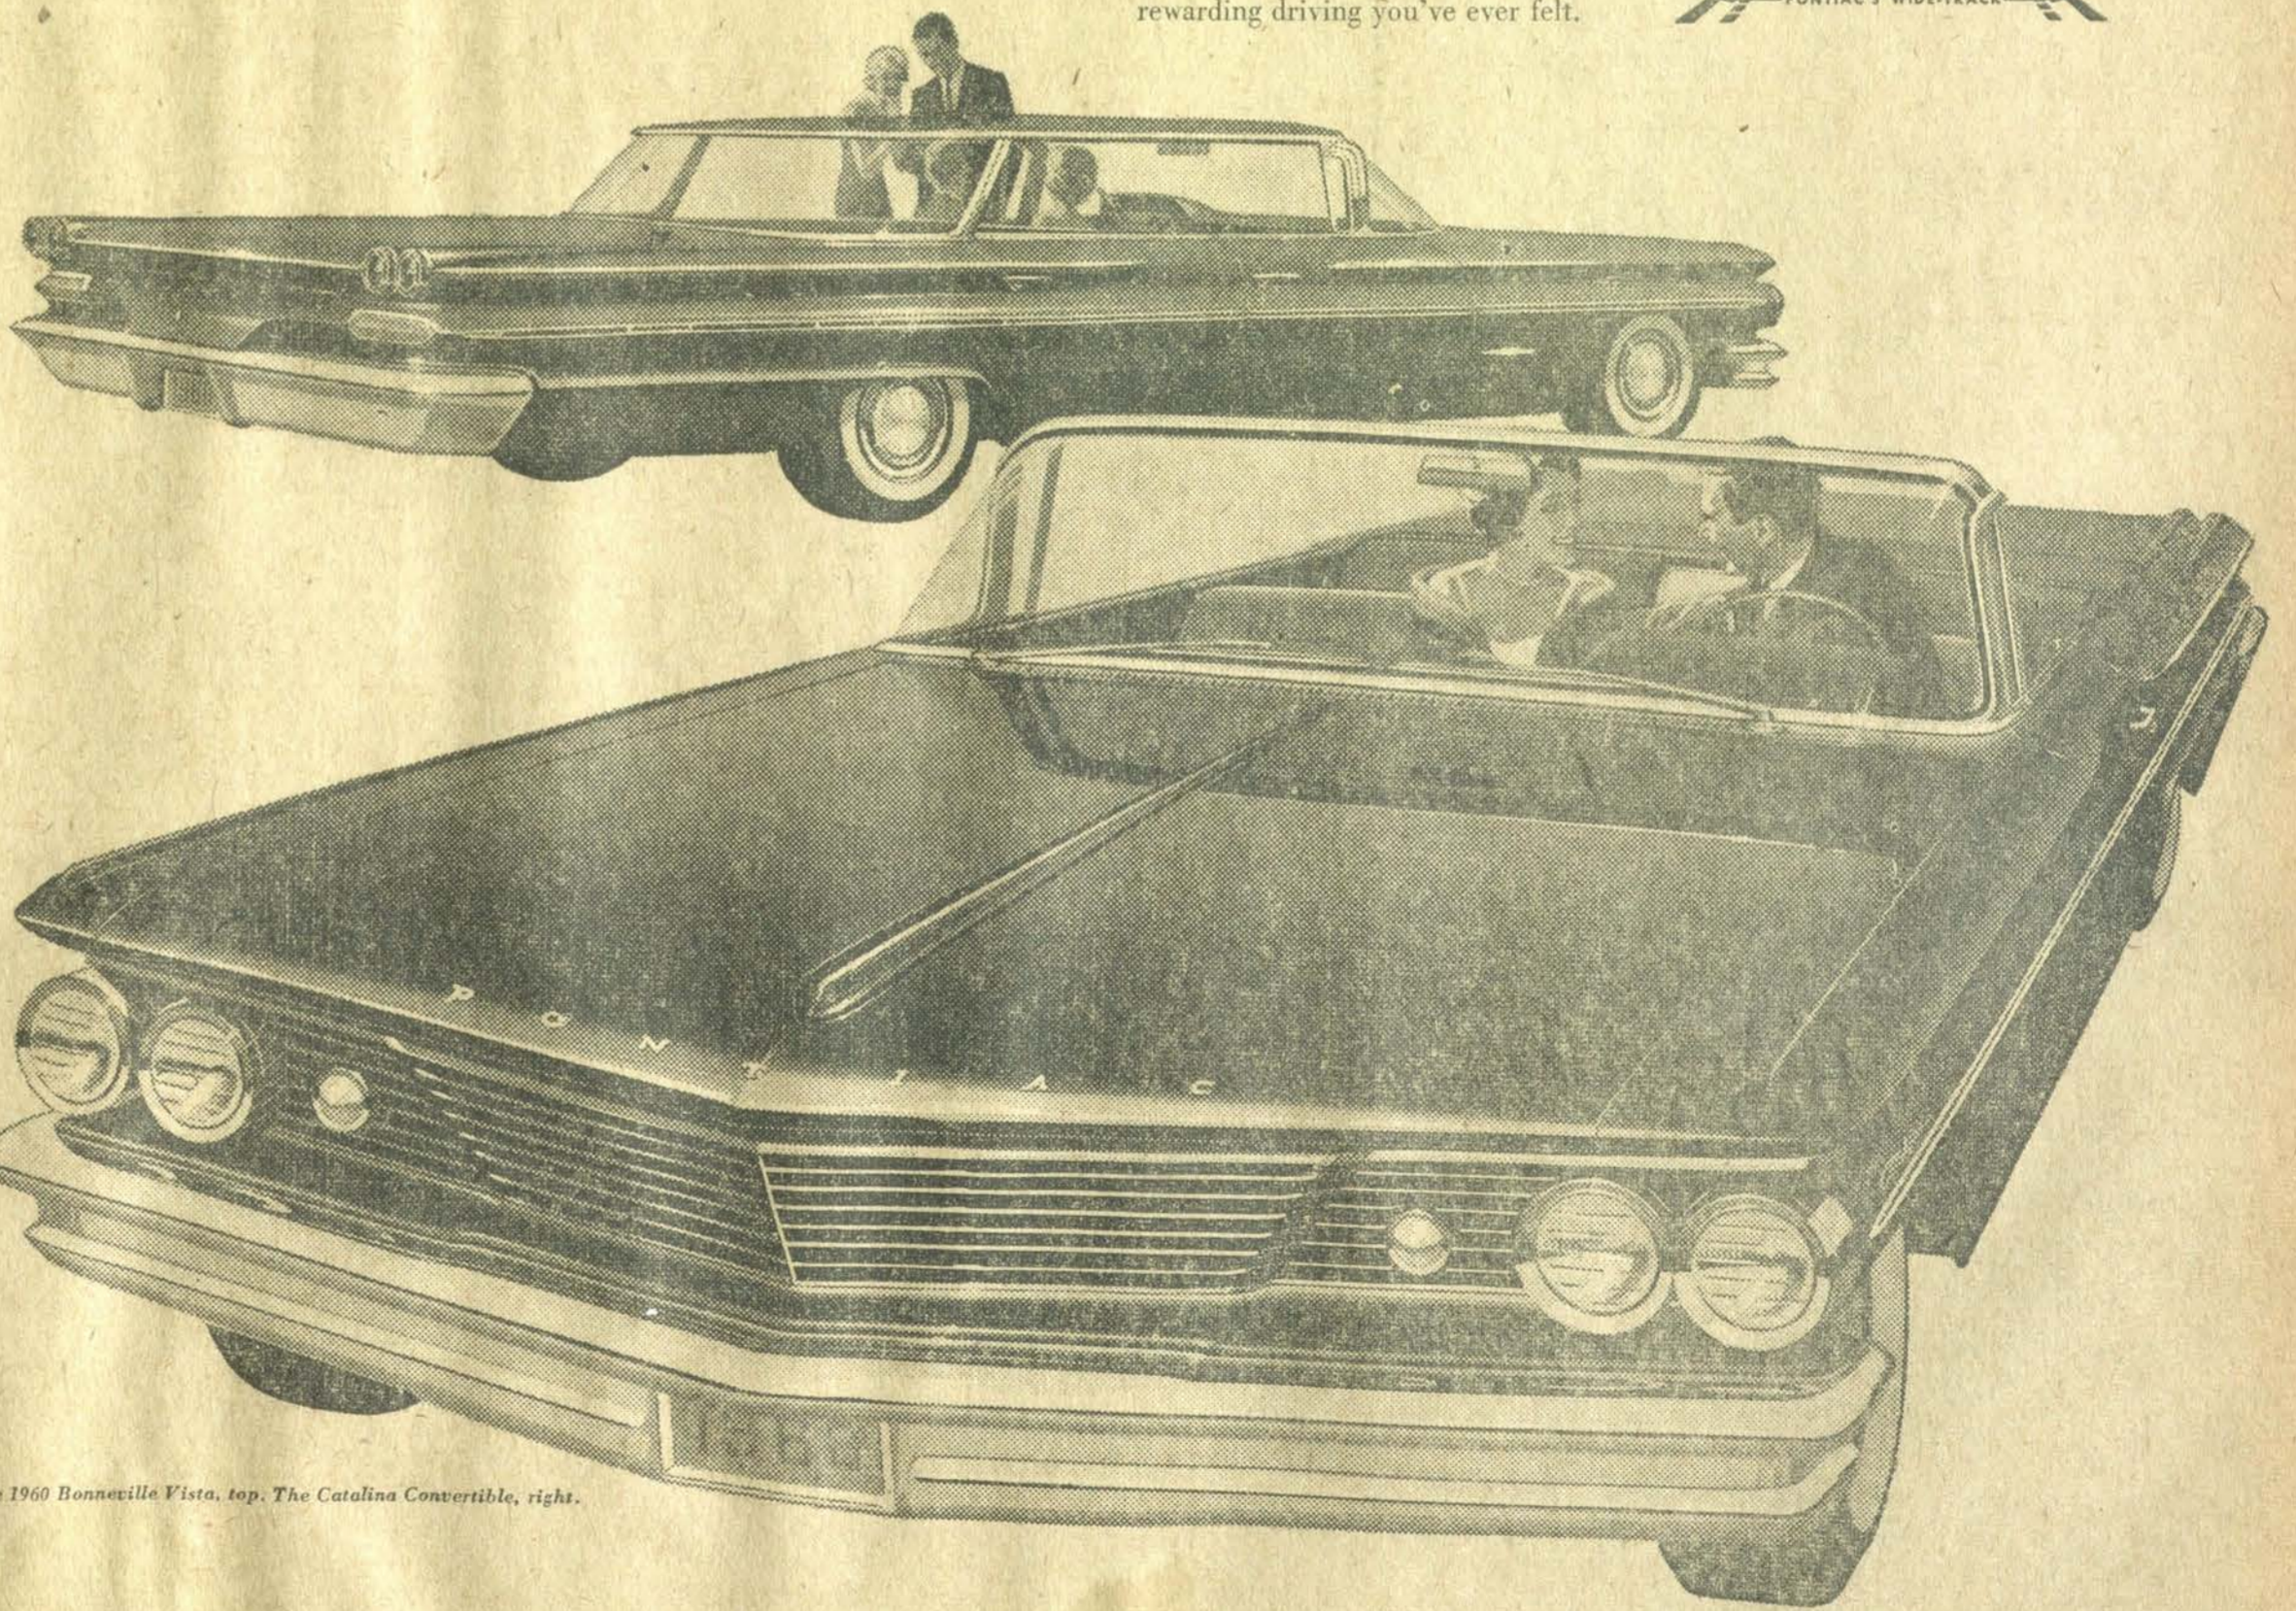

With clean, crisp lines they've composed a delightful rightness of form with unity and rhythm.

Into the proved principle of Wide-Track (wheels farther apart for a steadier stance) they've engineered an ingeniously improved suspension system. This combination of a firm foundation and supple suspension gives you flawless control, more skill in the fine art of driving, smooth stability, bump-yielding softness.

The power plant is typically Pontiac. A wide range of restless, ground-gaining power packages to choose from. All are husky V-8's, ranging from the frugal 425E economy engine that prefers regular grade gasoline to the fiery Tempest 425.

Haven't you been an admiring spectator of Pontiacs long enough? Isn't this your year to become a participant in Pontiac pleasure, to move up to Pontiac ownership, where the enjoyment is the fullest, where the point of view is the freshest?

Wide-Track Wheels give you swayless stability, solid comfort. You maneuver with skillful sureness, accurate control. It's the sweetest, most precise, most rewarding driving you've ever felt.

This Is Most Confusing

In one breath John Robson, Bert Combs' opponent for Governor, says Combs cannot hold the support of the General Assembly because of schisms within the Democratic party.

In the next, he says Bert Combs will raise taxes. One wonders how any Governor can raise taxes if he cannot have the support of the Legislature, since the state constitution provides that only the legislative body may levy taxes.

Such muddled thinking and the transparency of such arguments are making it doubly hard for the Louisville Republican to get his campaign "off the ground."

Something To Consider

Before the Prestonsburg City Council campaign reaches the usual heated state that forbids any comment from a bystander on penalty of being accused of "taking sides," THE TIMES would like to submit for consideration of the opposing slates the matter of the city's street-cleaning department.

We have no criticism to offer of the efforts being made by those who attempt this work, but we would point out that Prestonsburg needs more than it now has if it is not to earn and deserve the reputation of being "the dirtiest town on the river."

Men using shovels, rakes and pushbrooms cannot keep a community of this size in presentable condition.

Worse yet, the ineffectual work of these men using antiquated tools is costing Prestonsburg a reported minimum of \$7,000 a year.

That amount of money should go a long way toward buying a street sweeper and sprinkler which, used at night, could cover not one street but several streets every working day.

We have worn threadbare the excuse that the flood left our streets in bad shape. Meanwhile dozens of pushbrooms and other hand-tools have been worn out. And yet some streets have barely, if ever, been touched.

LETTERS TO THE EDITOR

ON DISCOUNTING TEACHERS' SALARIES

A few days ago there appeared in the Floyd County Times an editorial about the discourteous terms used to classify teachers. We, the teachers of Floyd county, appreciate your efforts in trying to make the citizens of Floyd county aware of the fact that teachers are still warm-blooded individuals as everyone else.

You have shown your desire to stand up for teachers' rights and have always advocated a "square deal" for everyone; therefore, we would like for you to consider the following question and judge whether it is justice or injustice.

Question: Is it necessary for the County Board of Education to neglect paying the teachers when their school month is up?

We teach a 20-day school month and at the end of the 20-day month, we're supposed to get our check or at least a week after our month is up we are entitled to have our checks; however, for the past ten or fifteen years we have been forced to discount our overdue money at the bank and pay a discount rate of one dollar a hundred because we never know when we are going to get our checks. Our checks are always held up two or three weeks after our month is up, thus making it almost impossible for us not to discount if we keep up with our monthly bills. There are several teachers in Floyd county and about 95% of them will tell you they are forced to do this.

In Knott county, when you turn monthly report in your check is handed to you. You do not have to discount money that has been duly earned. We realize that Floyd county has more teachers than Knott county and probably it takes more time to make out the payroll but we can hardly be expected to believe that it takes two weeks to make out the monthly checks.

If there are five hundred teachers in Floyd county and 95% are forced to discount and pay a dollar a hundred for their month, this comes to a large sum, doesn't it?

SIDNEY E. LAWSON, Teacher
Lackey Grade School

THINKS WOMEN MIGHT DO JOB EDITOR, The Times:

I was born and raised in Floyd county. What education I have was gotten in a one-room schoolhouse on Branham's Creek, at Prestonsburg high school and Betsy Layne high school. I have some pleasant memories of school days, even my senior year at Betsy Layne when I had to walk two or more miles and sometimes wade mud to my ankles to catch the school bus. (Somehow those politicians just never got around to building the roads they promised at election time.)

I have been reading in the Floyd County Times about all the squabbling and bickering between the County Superintendent and the board members. It makes me very sad indeed to realize that the supposedly responsible and higher educated men of Floyd county, with their greed and lust for power, will put the education of our children second to politics. What can they be thinking? If anything should be freed of politics it's the school system of Floyd county.

I can give you a "for-instance." I know of one school teacher with at least three years of college who didn't have a school as of Sept. 7, while the board members or Superintendent have hired a so-called emergency teacher with only a few college hours. Is that because they're thinking of the welfare of your children's education or is it because they think it will get some more votes for them at election time?

Perhaps during World War II it was necessary to have emergency teachers, but not now. Kentucky has enough qualified teachers to do the job if given adequate salaries (which they're not getting) and take away politics. If the parents of the so-called emergency teacher don't have enough college, what right do they have to expect other parents to trust that boy or girl with the education of their children?

I think it's time that the parents freed of politics it's the school system under control, and put a stop to the loss of your qualified teachers. I don't think being a Democrat or a Republican can make a good teacher. It takes a few other qualities like honesty, integrity and a great deal of patience.

If those men in office are going to continue to act like little boys, let them take their rightful place in the backyard sandbox and replace them with women. I'm sure there are many capable women in Floyd county, and I don't think there's any mother who would put the future progress of a child second to anything.

I have lived in Ohio for 18 years, but the welfare of the people, especially the children, of Floyd county, will always be of interest to me. I'll always remember how cold and muddy I got getting to and from school.

Taxes Take Half Of Each Dollar In Gas Purchases

With the \$541 million a year increase in the federal gasoline tax that goes into effect today (Thursday) Kentucky car owners will be paying 50 cents in tax on every dollar's worth of gasoline they buy.

This was brought out by Thomas H. Maxedon, executive secretary of the Kentucky Petroleum Council, who noted that the new 4-cent federal tax added to Kentucky's 7-cent state tax rate adds up to \$1.10 in taxes on every ten-gallon purchase, which he said is equivalent to a 50 per cent "sales tax" on gasoline.

Maxedon asserted that the so-called "penny increase" will raise the average tax on gasoline in this state to \$88 a year per vehicle. Total motor fuel collections in the state will climb to an estimated \$924 million a year, of which \$336 million will go to the federal government.

"The constantly mounting tax burden on gasoline tends to obscure the fact that this is one product on which the national average consumer price has advanced no more than 6 per cent over the past ten years, although official indexes show that retail prices generally have gone up 21 per cent," Maxedon said.

"The only real inflation with regard to motor fuel costs has been the 55 per cent increase in average gasoline tax rate that has taken place nationally since 1949."

Following is the history of statewide increases of the tax here since Kentucky's first gasoline tax was imposed in 1920 at the original 1-cent rate:

- 1920—State gasoline tax first imposed at 1c a gallon.
- 1924—State tax increased to 3c a gallon.
- 1926—State tax increased to 5c a gallon.
- 1932—Federal tax imposed at 1c rate; total, 6c a gallon.
- 1933—Federal tax increased to 1.5c; total, 6.5c a gallon.
- 1934—Federal tax reduced to 1c; total 6c a gallon.
- 1940—Federal tax increased again to 1.5c; total, 6.5c a gallon.
- 1948—State tax increased to 7c; total, 8.5c a gallon.
- 1951—Federal tax increased to 2c; total, 9c a gallon.
- 1956—Federal tax increased to 3c; total, 10c a gallon.
- 1959—Federal tax increased to 4c; total, 11c a gallon.

Men Gets Year In Fatal Crash

Clell Blankenship, Jr., 26, Paw Paw, Ky., was sentenced Thursday to a year in jail after pleading guilty to an involuntary manslaughter charge. He also was fined \$500.

Blankenship was the driver of a car that crashed into a bridge abutment on a rural road near Williamson, W. Va., July 25, fatally injuring Ray Matney, Jr., a passenger. A defense motion for probation was taken under consideration by Circuit Judge Charles W. Ferguson.

Lightning accounts for 13 per cent of all fires in the United States.

ALLEN AT FT. JACKSON

Fort Jackson, S. C. — Private David D. Allen, son of Mr. and Mrs. John Allen, Prestonsburg, Ky., has been assigned to Company D, 4 Battalion, 1 Training Regiment at Fort Jackson, S. C., for eight weeks of basic combat training.

As part of his basic training he will be taught rifle marksmanship under the Army's new TRAINFIRE program. In TRAINFIRE, he will learn to use an M-1 rifle by firing at pop-up targets on terrain which duplicates combat areas.

Daniel Boone Festival Set

The 10th annual Daniel Boone Festival will be held at Barbourville October 2-3.

It will begin with the Indian Feast at Barbourville High School gymnasium. Word has been received from Qualla Reservation, Cherokee, N. C., that the Indian chiefs will have a delegation present for the signing of the Cane Treaty.

The next day's events start with a band concert at 9 a.m., followed by hog calling, wood chopping, horn blowing and climaxed with an Indian raid on the Knox county courthouse. A beauty pageant of high-school candidates will be presented at 11 a.m., on Knox Central high school campus.

The annual mile-long pioneer parade over the original Wilderness Road will begin at 2 p.m. Covered wagons, Indians, high-school bands, and pioneer garb will highlight the procession.

Antique window displays, a muzzle-loading contest, and two square dances—one on the square October 2 and the second in the Knox Central high school gymnasium October 3—are included.

Each year more than 10,000 people attend the festival.

ADVERTISING KENTUCKY

Kentucky's tourist attractions were described recently on Wayne Griffin's Travelogue on WBKB-TV, Chicago, an ABC outlet that serves the Chicago area and west coast. Wayne's guest moderator was Bob Beasley, promotions director for the Kentucky Department of Public Relations. Some main topics were "The Stephen Foster Story," "The Book of Job," and the annual fall fishing derby at Kentucky Lake. Bob presented Griffin a Kentucky Colonel's commission from Governor Chandler and an honorary colonelcy in Kentucky State Police.

FIRE DAMAGES HOME EVERY TWO MINUTES

FIRE CLAIMS LIVES

Every 46 minutes a person dies as a result of a fire in the United States. Fire claimed 11,500 lives during 1958.

Farm fire property losses were estimated at \$156,000,000 during 1958, as compared with \$152,000,000 in 1957 and \$145,000,000 in 1956.

Named Beauty Queen at Dwale School

Miss Doreka Vaughan, grade school pupil of Mrs. Elizabeth Thomas at Dwale and daughter of Mr. and Mrs. Amos Vaughan, was named beauty queen at a pie social at the school Saturday evening. The fund-raising affair was sponsored by the Dwale Parent-Teachers Association, headed by Claude Goble, president.

TWO WHO WILL BE MISSED

Two women touched by greatness died in this county this week. "Aunt" Laura Belle Wells at the age of 98; "Mam-Ma" Hager at 75. Great souls such as this will be more greatly missed than most of us.

Mrs. Wells had the spirit of the pioneer woman; she never grew really old. Her energy and vitality were amazing, and she was sustained by a faith that never failed.

"Mam-Ma" Hager was one of those rare souls who made of her own suffering a blessing to others. It was said of her that as she sat, pinned in suffering over the years to a wheel-chair, her bright spirit never surrendered to self-pity or to forgetfulness of others. In fact, people did not visit "Mam-Ma" Hager to brighten her life. Many went, instead, to her with their troubles, drawing on the strength she so freely gave.

WE LOOK TO THE FUTURE

We would like to be around on that fine day when telephone and power companies begin running their lines underground.

We would like to see the day when a property-owner could plant a tree and see it grow into the beauty intended for it, without annual mutilation by "tree surgeons." With power and telephone lines running above-ground, as in Prestonsburg, tree-trimming becomes a necessity, even if the results are dismaying.

Did we say, "tree surgeons"? If these guys are tree surgeons, then I'm the Drs. Mayo, Will and Charlie, at one and the same time, even if they both are dead!

OPEN LETTER TO ED SULLIVAN

Dear Ed Sullivan:

I am writing this letter to you because you have become my god. Instead of going to church on Sunday night, I have stayed away and listened to you. It took so little effort to relax on Sunday evenings and listen to you.

Now understand, I am not lazy, for I always go to work on Monday mornings. Then, too, I don't get convicted listening to you like I would if I were at church.

Ed, I am in the hospital now, and I need your help. I can't go to the pastor, for in substance I have slapped him in the teeth every Sunday night when he preached and I said in effect: "What you have to say doesn't interest me one bit." Why should I lower myself to allow him to pray for me now?

Then I can't go to God, for I have put Him "second fiddle" to you so many times that surely, He wouldn't help me now. Then he knows that whenever I get well that I will do Him as I have always done Him, and keep listening to you on Sunday nights. Surely, He wouldn't expect me to give up my favorite program just to worship Him.

Please, Ed, will you help me get well? Also the bills are piling up; will you help me meet my obligations? And if perchance I should die, will you see that I get home to heaven? If I do get well, you can count on me to be in my place on Sunday nights supporting your program. I will be a faithful listener. So, please, Ed, don't let me down.

A Devoted Supporter (The foregoing, we might add, is not original with us, although we wish it were.—Editor.)

also won this one. Fancy and King, Sr., won this event three years ago.

These two are the stars of the kennel, but there are others on their way. Moore's Nickels Belle, a junior female, won best in her class to finish her into a UKC champion at Paducah, losing only to Fancy in the finals. Belle was the best female puppy in last year's show. And Moore's Mountain Pickett Kate, a dog which hasn't completed her UKC and ECA championships, was entered in the world's championship bench show over Labor Day week-end at Bellefontaine, O., and was adjudged world's champion Plott female.

"Actually," says Moore, "I have six champions instead of five."

The East McDowell man adds that his Mountain Fancy is not merely a show dog. She holds the record in this county for the coon-on-the-log event, taking the coon off in 16 seconds. To accomplish this, the dog had to swim from 50 to 65 feet, contact a belligerent coon and remove him from his perch.

DOG TRAINING SEASON

Frankfort, Ky. — The training season for racoon and opossum dogs this year will remain the same as for last, July 1 through October 18. Miner Clark, commissioner of the Department of Fish and Wildlife Resources, said recently. At a recent session of the Fish and Wildlife Commission, the commissioners did not change those regulations, Commissioner Clark pointed out.

DR. DENNINGTON SPEAKS The Drift Woman's Club met Sept. 21 at the home of Mrs. Ben Martin, with Mrs. LeRoy Jones as hostess.

Mrs. W. L. Reed, president, conducted the business session. Mrs. Reed told of the Girl Scout drive and all members agreed to help in the fund-raising campaign.

Mrs. G. W. Showers, chairman of the Welfare department, was in charge of the program. She presented Dr. Joseph Dennington, of the McDowell Memorial hospital, who chose as his topic, "Child Development".

The T. B. mobile unit will be at McDowell Oct. 1. Mrs. Sam Martin, Mrs. McKinley Little, Mrs. Thomas Hodges, and Mrs. G. W. Showers volunteered to help with the clerical work.

The Education department spoke of its meeting and asked the members to help with the money-making projects they had planned.

Mrs. Edith Hopkins gave instructions on how to make instruments for a rhythm band to be used in kindergarten. She will assist the club in making these instruments.

Members present were Mesdames Bill Stumbo, Glen Ward, G. W. Showers, Clifford Ball, B. F. Reed, W. L. Reed, Bobby Hall, Clyde Moore, Sam Martin, Lloyd Stumbo, Hugo Miller, Belford Reitz, McKinley Little, Hubert Schwarz, Fred Cochrane, LeRoy Jones, Ben Martin and Misses Ruby Akers and Myrtle Akers.

The club was glad to have a new member, Mrs. Paul Wilson. There were three guests present, Mrs. Thelma Patton, Mrs. Edith Hopkins and Mrs. Shirley Vanderpool.

The next meeting will be Oct. 5 at the Turner-Elkhorn office building, with Mrs. McKinley Little as hostess.

DOUBLEDAY, WAR HERO

Maj. Gen. Abner Doubleday, who is said to be the founder of baseball, commanded Union troops whose defense played a key role on the opening day of the battle of Gettysburg.

Pikeville, Ky., Sept. 28 (Spl.)—Paul G. Blazer, Ashland, Ky., head of the Ashland Oil and Refining Company, will be the chief speaker at the 35th annual Founders Day exercises of 70-year-old Pikeville College, Oct. 8. The Ashland industrialist will address the traditional Founders Day chapel exercises at 11 a.m., Dr. A. A. Page, college president, announced today.

Blazer, president of Ashland Oil for 20 years and board chairman for 13, is chairman of the executive and finance committees of the company, and a director of the American Petroleum Institute, Dr. Page said. One of the incorporators of the old Ashland Refining Company in 1924, Blazer was its only president. He remained president after the 1936 merger which produced the present Ashland Oil and Refining Company. In 1944 he became chairman of the board, and since 1957 has held his present office.

Blazer holds degrees of Doctor of Laws from the University of Kentucky, Centre College and Marshall College. He received the University of Kentucky's Sullivan Medallion Award in 1948, and in 1954 was voted Kentuckian of the Year by the Kentucky Press Association.

Open house on various parts of the campus and a time-honored softball game between college classes will be afternoon events, and a program of two one-act plays by student groups will close the day.

New York—Tree nut production tripled between the 1920's and 1950's, with walnuts and pecans accounting for three-fourths of the domestic tree nuts grown and harvested.

Mrs. Naula C. Walters, Age 73, Of Betsy Layne, Victim At Huntington

Funeral services for Mrs. Naula Clark Walters, 73, of Betsy Layne, were held at 11 a.m., Thursday of last week at the Free Will Baptist church at Betsy Layne.

The Rev. Isaac Stratton and others officiated. Burial was in the Gayheart cemetery at Harold, under direction of the J. W. Call Funeral Home.

Mrs. Walters died at 9:10 a.m., Monday, Sept. 21, at St. Mary's hospital, of Huntington, after an illness of three weeks.

Born at Harold, she was a daughter of Morgan and Sally Jane Clark. She was a member of the Free Will Baptist church. Her husband, John E. Walters, died in 1941.

She is survived by five sons, the Rev. L. E. Walters, Russell Walters, and Victor Walters, all of Betsy Layne; Marvin Walters, of the U.S. Army at Goldsboro, N.C., and Clifton Walters, of Cleveland, Ohio; two daughters, Mrs. R. E. Amburgy and Mrs. Robert Layne; two brothers, R. B. Clark, of Harold, and Sheridan Clark, of Miami, Fla., and a sister, Mrs. Myrtle Hobson, of Coal Run.

Student Trainee Jobs Are Available, Said; Deadline Is October 31

Applications are now being accepted for student trainee positions by U. S. Civil Service Commission offices throughout the country. These positions are in scientific, technical, agricultural, accounting and statistical fields. Entrance salaries range from \$3,255 to \$3,755 a year.

These student trainee positions offer high school seniors and college students an opportunity to combine their college study with training on the job in either vacation work-study programs or cooperative work-study programs. In the vacation work-study program, students attend college during the entire scholastic year and work in a Federal agency during the vacation periods. In cooperative work-study programs, students alternate their college study and work periods during the entire year.

The first written test will be given on October 31, 1959, for those who apply not later than October 13, 1959. Additional tests will be given at monthly intervals thereafter. Full information is contained in Announcement TN-205.

The announcement and application form are available at College Placement Offices, many post offices throughout the United States, Civil Service Regional Offices, and the U. S. Civil Service Commission, Washington, D. C.

TEACHING TAXES

The simple idea of teaching taxes to high school students, they may help their parents prepare Federal income tax returns has spread in seven years to become one of the largest mass educational projects in the world. U.S. Internal Revenue Commissioner Daro Latham said it now is being taught in every state of the union, in the U.S. possessions overseas, and in at least one foreign country.

Food Distribution To Needy Made At Low Cost, Claim

Frankfort, Ky., September 28.—The Kentucky Division of Commodity Distribution is making food available to schools, institutions, and welfare recipients for a net distribution cost of fifty-two one hundredths of 1 per cent of the wholesale value of the commodities allocated, Agriculture Commissioner Ben Butler said Monday. He said the division had allocated and supervised the distribution of more than \$11,500,000 worth of food during the fiscal year ended June 30 at net cost of slightly less than \$61,000.

Division Director Thomas A. Lewis disclosed that 1,548 Kentucky schools received food with a wholesale value of \$3,409,477.52. This averaged around \$9.10 for the school year for each of 375,089 students. The average was slightly higher, about \$10 per child, in five Eastern Kentucky counties.

In 212 State and charitable institutions, 22,504 persons were allotted \$595,496.20 worth of food, averaging \$26.45 per person. Eight child-care centers received food valued at \$2,368.20 for 254 persons, averaging \$9.70 per child.

The largest category receiving food was the welfare program for needy people operating in 86 counties. To this group \$7,542,253.10 worth of food was allocated to County fiscal courts to take care of case loads that varied from totals of 262,175 to 318,110 recipients.

Lewis estimated that the wholesale value of food donated to a single recipient, if he had received allocations throughout the year, was \$28. He said that during a typical month, if all types of commodities were available, each recipient would receive food with a wholesale value of \$3.28. Lewis pointed out that, in many cases, for a variety of reasons such as lack of refrigeration or shortage of certain commodities, not all types of eligible commodities were donated to each recipient.

In instances where all eligible commodities were distributed, the individual received the following types and amount of food — one month's supply: (prices quoted are based on wholesale value) 5 lbs. flour, 42c; 5 lbs. corn meal, 28c; pound of rice, 11c; 3 lbs. dried whole milk, 60c; 2 lbs. processed cheese, 90c, and 1 1/2 lb. of butter, 97c.

Vets Denied Training May Now Be Eligible

A recent change in law now makes it possible for the veteran training under the Korean GI Bill to advance from high school to college, or from college to graduate degrees without being charged with a change of course; it was announced recently by Orney B. Owen, Manager, V.A.O. Louisville. The veteran will have to continue to study in the same field and the course he has been taking must be a prerequisite or generally required for entrance to the more advanced course.

In the past, a veteran who made application for a training program to include a Bachelor's degree was charged with a change of course if he later decided to go on for a Master's degree.

Beloved Lancer Invalid Succumbs At Son's Home; Was Johnson-Co. Native

Lancer's beloved "Mam-Ma" Hager died Tuesday at 12:45 a.m. at the home of her son, Eugene Hager, after more than 20 years of invalidism. Awake or sleeping, she had spent the last 17 years in a sitting position because of an arthritic condition. She was 75. Her name was Marcella Hager. She was a native of Johnson county, the daughter of Harmon and Christine Bell Tygart. Her husband, Jerry Walker Hager, preceded her in death. She had been a member of the Baptist church 58 years.

Surviving are four sons, J. A. Hager, of Prestonsburg, O. E. Hager, White Sands, N. M., Eugene Hager, of Lancer, and Andrew Jackson Hager, Neosho, Mo.; one brother, Fred Tygart, of Oklahoma, and four sisters, Mrs. Ethel Montgomery and Mrs. Laura Thornburg, both of Neosho, Mo., Mrs. Sam Meeks, Cherokee, Kans., and Mrs. Fred Simmons, Frontenac, Kansas. She also leaves 12 grandchildren and 13 great-grandchildren.

Funeral rites were conducted at 2 p.m. today (Thursday) from the Lancer Baptist Chapel, the Revs. Ira McMillen and Paul Bingham officiating. Burial in the Hager family plot at Paintsville was under direction of the Moore Funeral Home.

Educational Leaders Discuss Area Problems At Pikeville Meeting

A group of leading educators, headed by Dr. Ralph C. M. Flynn, of the United States Department of Education, discussed educational problems of Eastern Kentucky at a conference Monday at Pikeville. The meeting was sponsored by the Eastern Kentucky Regional Planning Commission.

Educators from throughout the 32-county area, including two college presidents, as well as representatives of the United States Department of Health, Welfare, and Education, took part in the discussion.

Presiding was Dr. Adron Doran, a member of the commission and president of Morehead State College. Another educator present was Dr. A. A. Page, president of Pikeville College.

The meeting at Pikeville Presbyterian church was the fifth in a series sponsored by the commission. It was continued Tuesday at Inez. Besides education, these conferences deal with the problems of forestry, agriculture, community development, spiritual affairs, and health and welfare legislation.

The purpose of the meeting here, according to Dr. Doran, was "to take a look at education in the area."

Responses brought out a picture far from rosy, although R. H. Worden, Pikeville, a member of the commission, pointed out that there had been a tremendous improvement in education in Eastern Kentucky during the past 25 years.

Miss Margaret Willis, director of the State Library Extension Division, said that not only Eastern Kentucky, but the entire state, is 20 years behind in schools, libraries and roads. Stressing the need for adequate public libraries, she said they can't exist without tax support.

Kentucky, she explained, appropriates only \$50,000 a year for library support in contrast to Tennessee's \$300,000 and more than \$1,000,000 appropriated in Georgia. She said that bookmobiles "have been a wonderful thing for Eastern Kentucky."

The consensus was that too many of the better-qualified teachers of the area are being lured to other states by higher salaries.

Claude H. Farley, superintendent of the Fike county schools, said that the Legislature eventually will have to appropriate funds to supplement those raised by the counties in order to bring the area's teacher-salary level to near the national average. Eastern Kentucky counties, he said, have already taxed themselves to the legal limit in a desperate attempt to pay teachers enough to keep them.

Most of the area's teachers who leave the state seem to be taking jobs in Ohio and Florida.

V. O. Turner, Floyd county superintendent, stressed the need for adult education.

Kentucky, he said, "puts a premium on lack of education," pointing out that age is the only requirement for most of the elected officeholders, even county judges. He added that many ministers in the area are not properly educated.

Turner also said that the "bookmobile and state library programs are highly beneficial to our people." Several of those taking part in the discussion blamed "absentee ownership" for most of the area's industrial and educational deficiencies.

They agreed that lack of money is a big problem, but that a sales tax to finance education is opposed by the politicians.

B. F. Reed, of Drift, chairman of the commission, explained that the primary objective of the commission is to help bring industry into Eastern Kentucky and raise its standard of living.

FLOYD MAN LEADS NATION IN TITLES HELD BY DOGS

Bennie Moore, of East McGehee, doesn't mind being called "a hound-dog man" for his Mountain Plott Hound Kennel has more champions than any other in the nation.

He has eight dogs, and of these five are champions. Two more of his dogs need only one or two more wins to attain championship class. And as of Sept. 25 those hounds of his have this year alone won 31 trophies in dog shows, field trials and coon-on-the-log competition.

Pride of his kennel is Moore's Mountain Fancy, a handsome, solid brindle female that is now four years old. Last year at DuQuoin, Ill., she was judged the best Plott female in the show. At National Plott Hound Day in Paducah last month, the same dog won the same honor all over again in competition with dogs within a radius of 1,000 miles.

Mountain Fancy has trophies to her credit, plus a sackful of ribbons and rosettes. More than that, at another time and under another license, this dog held the title of champion of champions.

But Moore's Mountain Fancy has a son who is doing right well for his kennel, too. This is Moore's Mountain King, Jr., who at the Paducah national event was judged the best Plott male of the show. Last year at DuQuoin this dog was rated the best male puppy, and this year he advanced to the finals in the water race on field trials.

The two dogs have made their owner the first ever to win in both the male and female departments of the national event. King, Jr., and his mother were shown at Paducah in the pair class against all breeds, and they (See Story No. 6, Page 6)

MAIL FRAUD CASES
Washington—The Post Office Department estimates that during the fiscal year ended June 30 more than \$43,742,000 was filched from the public in 139 major mail-fraud cases. Arrests on mail-fraud charges increased by 23.4 per cent over the previous fiscal year.

VIENNA—Austria's gross national product went up 5.8 per cent last year, reaching five billion dollars.

Lewis said he stopped momentarily and that the gunmen also stopped. When he fired one shot at the car the other auto sped away. Lewis said he gave chase, driving as fast as his car would go, as far as Blairtown, Pike county, where he lost the other auto.

He added that the car from which the shots were fired was of a late model but that he did not get the license number. Four men were in the car, he added.

Lewis said he could not fix a definite motive for the attack.

"Whatever the reason, they haven't scared me out of doing what I consider to be my duty," he commented.

Lewis has been very active and highly effective in the fight on boot-legging and moonshining.

and purchased a shotgun after he had failed in his effort to borrow one. He explained at the store, this testimony said, that he wanted to kill rats. When he inquired what size shot he should use, he was told No. 6. "Give me No. 4," Commonwealth testimony quoted him as ordering.

Two witnesses told of the shooting. They said they saw Griffith go to the Johnson home; walk, crouched, onto the porch. The door opened and the shotgun blast was fired, they claimed. Griffith hesitated momentarily, then walked away and set his gun down, they testified.

Johnson's widow testified that she and her husband were repairing some furniture when her father arrived at their home, next morning. "You beat my wife up last night," she quoted Griffith as accusing her husband. When her husband denied the charge, the shot was fired, she said. Mrs. Johnson denied that her husband had a gun.

The defendant explained that he had sent his wife to swear out a peace warrant for the son-in-law after she had told him of events of the preceding night, and that he bought the shotgun because he did not want to leave her at home alone and without protection. He claimed his daughter, Mrs. Johnson, had been choked on the preceding night by her husband and that he stopped at the Johnson home to see about her condition.

Griffith testified he set the shotgun down and knocked at the door. When Johnson came to the door, this testimony continued, Griffith asked, "What have any of us ever done to you?" "None of you will ever live to do anything about it," Johnson replied, darting back into the room, the defendant said.

Griffith said he then decided to leave, picking up the shotgun and put a cartridge into the barrel. At the edge of the porch, he said, he heard his daughter scream, turned to see his son-in-law with a pistol in his hand. It was then that he fired, he added.

Defendant's wife, his brother and his two small sons testified as to events of the preceding night.

Arwin Meade last Friday entered a plea of guilty to a charge of attempt at arson and was given a two-year pen term.

Meade was arrested at Radio Station WDOC here by state police after he allegedly had poured gasoline onto the building in an attempt to burn it.

He later implicated D. C. Stephens, owner of Radio Station WPRT here, and Alton Stephens in the arson plot. Neither of these defendants is related. Circuit Judge Edward P. Hill disqualified for the trial of D. C. Stephens, and a special judge will be designated for the hearing which has been set for Jan. 12.

Three of those previously convicted—all for housebreaking—were granted probation. Those granted clemency are Dallas Howell, Kenneth Dye and Lemuel Foley.

Cases continued are: Eva Halbert, possessing beer, Oct. 5; Estill Jarvis, child desertion, Oct. 26; Martin D. Owens, arson; Lewis Dale, child desertion, continued to the January term on condition that he pay \$75 a month for the support of his four children; Jim Blanton, possessing of liquor for the purpose of sale, January term; Silas and Earl Patrick, Ruby and Sherman Napier and Bessie Farley, breaking and entering, January term.

The only other case to come to trial, that of William Allen, accused of seduction under promise of marriage, was dismissed for lack of prosecution, the witness having since married.

Come To The Fair! Price Cut Saturday During Children's Day

Youngsters in and around Prestonsburg will be in for a special treat next Saturday when the gates of the Floyd County Fair swing open for them until 5 p.m., at which time all of the rides on the midway will be offered to the school children at reduced prices.

Children's Day long has been a feature at the fair. Many of the fair officials, family people themselves, insisted that one day during the fair be set aside for junior and his gang so that they might thoroughly enjoy themselves and have the time of their lives.

Special rides for the very "small fry" can be found in Kiddieland, also on the midway. Designed for the exclusive patronage of the tiny folk, these rides also will be reduced in price during Children's Day on Saturday.

The Floyd County Fair Association is going all out to make this year's Children's Day the greatest ever. As an extra attraction, the fair officials announced that two bicycles will be given away during the matinee, one for a boy and one for a girl.

Johnson Deputies Freed On False Arrest Charges; Policeman Wins Action

Three Johnson county deputy sheriffs last week won acquittals in their trial on a false arrest charge, and Paintsville's chief of Police, Bill Witten, also emerged the winner in a slander action against him.

The false arrest trial against the officers, Deputies Davis Trimble, Elbert Chandler and James Taylor, attracted wide interest. They were accused of falsely arresting Guy Meade, Jr., on a drunkenness count. The regular jury panel was exhausted, and 70 veniremen were summoned for possible service before the jury was complete. Four special bailiffs were named by the court to summon prospective jurors. Empanelling of a jury began Tuesday of last week, and the trial was ended at midnight Thursday.

Davis Trimble is a cousin of Sheriff Wince Trimble. Joe P. Tackett, of Prestonsburg, represented the officers.

Mrs. Lora Wells, 52, Dies At Paintsville; Funeral Held Monday

Mrs. Lora Wells, 52, wife of Clyde Wells, of Mealy, Johnson county, died in a Paintsville hospital, Saturday morning after an extended illness.

The daughter of the late David and Martha Mahala Baldrige Johnson, she was born in Johnson county April 3, 1907, and had resided at Mealy for the past eleven months. She was a member of the United Baptist Church.

Surviving besides her husband are a sister, Mrs. Exer Lilly, East Point, and a brother, William H. Johnson, Hinton, W. Va.

Funeral services were conducted at 2 p.m., Monday from the East Point Church of Christ with S. C. Honeycutt and J. H. Short as officiating ministers. Burial was in the Johnson cemetery at East Point.

MASTER COMMISSIONER'S SALE FLOYD CIRCUIT COURT

The Bank Josephine, A Corporation, Plaintiff,
Vs.: NOTICE OF SALE
Arnold Branham and Causby Branham, Defendants.

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered and entered at the September term, 1959, in the above styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 17 day of October, 1959, at 10 o'clock, a.m., same being the first day of the regular term of the Floyd County Court, upon a credit of 6 months, the following described property, to-wit:

On the waters of Left Beaver Creek, at Weeksbury, Kentucky, bounded and described as follows:
TRACT NO. 1:

Lot 24, Section 5, House 36 and 37. (Refer to map entitled "Map of Weeksbury, Kentucky.") Said subdivision of surface tracts is now of record in File Box 3, Map No. 142, in the office of the Clerk of the Floyd County Court.

TRACT NO. 2:
Lot 23, Section 5, House 38 and 39 of the property formerly owned by Kelly Development Company, at Weeksbury, Kentucky, as shown on a certain map entitled "Map of Weeksbury, Kentucky," subdivision of surface, which is of record in File Box 3, Map No. 142, Floyd County Court Clerk's Office.

Said property will be sold to satisfy judgment in favor of plaintiff in the sum of \$400.00, with interest from May 14, 1959, until paid, and cost of this action.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply promptly with these terms.

Given under my hand, this 26 day of September, 1959.

BOY SCOUTS COMMENDED

Troop 25, Boy Scouts of McDowell, drew high praises for their skill in handling the heavy traffic at the New Salem Association which was held at the McDowell gymnasium last week-end. Fifteen to twenty thousand persons were present, and the Boy Scouts parked about 7,000 cars without having an accident reported. Local officers were very pleased to have such outstanding boys helping on this occasion. The boys participating in this event are: Grady Stumbo, Freddie Lawson, Junior Potter, Gary Ratliff, Gary Parsons, Spunky Moore, Delano Newsome, Danny Vanderpool, Tommy Adams, Jerry Patton, Keith Patton, Jimmy Kendrick, Larry Kendrick, Junior Turner, Carson Akers, Eugene Moore, Jackie Gayheart, Gregory Jones.

The troop was led in the work by Scoutmaster Denver Lee Collier.

FHA ELECTS OFFICERS

The McDowell Future Homemakers of America met September 8, and elected officers. They are: president, Betty Jo Caudill; first vice-president, Marjorie Akers; second vice-president, Bobbie Jo Turner; secretary, Donna Gay Adams; treasurer, Barbara Gilliam; recreation leader, Ruth Stewart; song leader, Charlotte Stewart; historian, Billie Jo Henry; reporters, Joyce Turner and Donna Faye Hall; parliamentarian, Dorothy Hopkins.

The program committee has planned a schedule of activities which will include parties, dances and drives for projects.

The 40 members are looking forward to the first invitation party.

The Big Sandy district officers of F.H.A. appeared, Sept. 19, on the Farmer Click TV program. We were pleased to have Ruth Stewart, who is our chapter recreation leader, to appear on the program. She was accompanied by Margie Akers, Dorothy Hopkins, Donna Gay Adams and the adviser, Miss Ruby Akers, who enjoyed a tour of the WSAZ studio.

FIRST NATIONAL BANK PERSONNEL IN 1930

The First National Bank was organized in 1904 to implement the growing need of financial facilities in the Big Sandy valley following the entry of the railway in the upper area. Founded on the theory that our people need adequate services, the bank has continued to offer friendly and complete facilities to its customers.

Shown in this picture are those who guided the bank and served its customers 26 years after its founding. They are, left to right, Russell Hagewood, now cashier; Russell Hunley; the late H. H. Fitzpatrick, who assisted in charting the course of the bank through its early years; Richard Spurlock; the late F. C. (Crit) Hall; and H. T. Allen.

Take a Look Now...

Look at the date opposite your name on on this copy of your paper. It indicates when your subscription to The FLOYD COUNTY TIMES expired or will expire.

For example: If the date reads "May 60," that means that your subscription will expire May 31, 1960. In all cases the expiration date is the last day of the month given.

THIS IS IMPORTANT

It is important that prompt notice be taken of subscribers' expiration dates for two reasons: (1) To check for a possible error in the date; (2) To make certain the expired subscription will not be cancelled.

Cost of production — wages, high newsprint costs and other factors — makes it necessary that all subscriptions be paid in advance. It is not of our choosing, the present situation, but the cost of producing a newspaper under present conditions is such that we will not be able any longer to "carry" subscribers, however well we know them or however much we would like to do so.

Please remember this. Your credit is good, but our credit may become bad if we do not collect for subscriptions.

For this reason alone on and after November 1, 1959, all subscriptions in arrears will be dropped from our mailing lists.

Subscription rates: In Kentucky, \$3 a year; Outside Kentucky, \$3.50.

On and after Jan. 1, 1960, the rate for subscribers outside Kentucky will be \$4 a year.

THE FLOYD COUNTY TIMES

ORDINANCE

In Re: Annexation into the City of Prestonsburg, Floyd County, Kentucky, of certain Territory lying on the eastern limits of said city.

The plaintiff, City of Prestonsburg, states that it is a duly incorporated city of the fourth class of the State of Kentucky; that on July 20, 1959, at a regular meeting of the City Council of Prestonsburg, Kentucky, said Council duly adopted and passed an ordinance, which was later published as provided by law, directing that the City of Prestonsburg annex as part of said City certain territory lying on the eastern limits of said City.

That by agreement of all the parties concerned, the description of said territory to be annexed under and by virtue of the above mentioned ordinance is amended, which description will be hereinafter set out, that said ordinance further directed the City Attorney to take necessary legal steps, including the filing of this suit, to annex said territory as part of the City of Prestonsburg, Floyd County, Kentucky.

Plaintiff states that the aforesaid ordinance was duly published and advertised in The Floyd County Times, a weekly newspaper published in the City of Prestonsburg, Floyd County, Kentucky, for three consecutive weeks commencing on July 23, 1959.

A description of the territory proposed to be annexed into the City of Prestonsburg is as follows:

(A) The property of E. B. May, Jr., and the E. B. May Estate, located on the northeastern side of the corporation limits as now situated, and described as follows:

BEGINNING at a point which is the common corner of the Anna Laura May property, E. B. May Estate property, and the new U.S. Highway 23 right-of-way; thence in a northern direction with the right-of-way of the new U.S. Highway 23 to the point where it intersects the May Branch County Road; thence in a western direction to the intersection of May Branch Road and the Auxier Road; thence in a southern direction and with the old County Road and a western property line of the E. B. May Estate property, to the now existing corporation line at the point where the old County Road intersects the Porter Cemetery Road.

(B) The property of the Harkins Heirs and Fred G. Francis, lying on the eastern corporation limits as now situated, and described as follows:

BEGINNING at a stake in the cemetery on the ridge where the present eastern boundary of the City of Prestonsburg is now established; thence in a straight line in a direct easterly course to a stake on the point at the common boundary line between the property of Walter S. Harkins, Jr., Heirs and Fred G. Francis; thence in a southerly course with this common property line to the center of Trimble Branch; thence with the center of Trimble Branch in a westerly direction to a point where the branch intersects the now eastern boundary line of the City of Prestonsburg, so as to include all of the property within the above described boundary lines.

The aforesaid Ordinance of July 20, 1959, published in The Floyd County Times as aforesaid, is referred to and made a part hereof for all purposes.

WHEREFORE, the plaintiff, City of Prestonsburg, Kentucky, prays that the Court enter a judgment annexing the above described territory into the City of Prestonsburg, and further directing that said territory shall thereafter be treated and considered for all purposes as a legal part of said incorporated city. It further prays for all other proper relief.

ROBERT M. JONES JACK FRIAR
FRANCES HOWLAND HARRY WHITE

Hog prices are expected to be low for at least the next twelve months. The total 1959 pig crop will be about 10 percent larger than that of 1958. Past experience has shown that when prices go down, farmers go out of the hog business. This quite often results in a financial loss to the farmer. Those that go into the hog business when prices are high and go out when prices are low, can't expect to show a profit.

Profits from hogs next year will probably be few and far between. But those that keep their breeding stock will be in a position to expand when prices start back up.

Now would be a good time to take a look at each farming situation, and determine if hogs should be raised. If hogs are the best enterprise, then by all means don't sell out. Keep the best sow, and sell those that are not suitable producers. Improve management to cut down on cost. Be prepared to expand as soon as prices indicate an upward trend.

LIVESTOCK PRICES

With hog prices already low, beef prices expected to break in 1961 and egg and broiler prices down, what livestock enterprise would be best? To answer this, let's first state that it is the long time outlook that is more important than present day prices. Livestock prices go up and down in cycles. The livestock enterprise to choose is the one that best fits into the size of the farm, amount of labor available, and capital available. With agriculture rapidly changing, small size livestock units are finding it more and more difficult to show a profit. Before starting a new enterprise or expanding one, study the situation and be sure a reasonable profit can be expected. For Floyd county the enterprises that seem to show most promise are sheep, feeder pigs and laying flocks. For a few farms production of feeder calves has a place.

POULTRY JUDGING TEAM

The Floyd County 4-H judging team competed in the annual State Judging contest at Louisville. The team finished sixth in the State Contest, which was won by Bell county.

In the individual competition, Jack Howard, Prestonsburg senior 4-H Club, was the third highest scorer in the state. Burgess Lowe, Maytown 4-H Club, finished in a tie for the thirteenth and fourteenth positions.

SENIOR PROJECT CHAMPIONS

The Senior Division record books have been judged and the following county champions named: Joan Martin, canning; Jack Howard, swine and dairy; Clara Allen, electricity; Pam Combs, entomology; Tommy Martin, farm labor and sheep; Claudena Lowe, frozen foods, Jr. leadership and girls records; Sandra Hicks, foods, room improvement; Freer Martin, garden; Melanie Conley, good grooming, clothing, recreation; Gloria Spencer, housekeeping; Glenda Sue Merritt, health; Ronnie Hays,

CUMBERLAND MIST

Unusual are some of the requests reaching state offices. For instance, Conservation Commissioner Laban Jackson has received from John Gamber of San Mateo, Calif., a request of a vial of Kentucky waters. Seems Mr. Gamber was filling a swimming pool with samples of water from every state. Jackson is sending a vial of water from the mist of Cumberland Falls.

UK Instructor 'Amazed' On Library Visit Here

"Amazing... busy... friendly!" were words used by Prof. Laura K. Martin last Thursday to describe the Eastern Kentucky Regional Library here.

The University of Kentucky instructor visited the library to keep a promise made to Robert Wallace, regional librarian, last summer when he was a student at U-K. She was accompanied here by Margaret Willis, director of the State Library Extension Department.

Long a strong supporter of public libraries in Kentucky, she and Miss Willis visited other libraries in this area.

Zoning is the regulation by districts of the location, height, bulk and use of buildings, the use of land, and the density of population.

The European chafer, an insect very damaging to lawns and pastures, has been found in New York City and in West Virginia, despite strict quarantine and control measures since 1940.

Do not try to freeze broilers in the frozen food compartment of the refrigerator. The likely temperature of 15-20 degrees F. of this compartment is not cold enough to quick-freeze broilers.

Cattle in shaded feedlots gain faster than animals fed in unshaded lots and those exposed to cooling breezes do better than unshaded cattle, the USDA reports from a California test.

WHEELWRIGHT IN TOURNEY
Wheelwright high school has been the fourth team invited to play in this season's Ashland invitational basketball tournament, December 28-31.

Thus, Don Wallen's Maroons join Ashland Senior, South Hopkins, and Monticello in the field of entrants already selected.

Wheelwright expects its 1959-'60 basketball team to be the best in the school's history with three juniors and a senior returning from last year's team.

Paintsville and Elkhorn City, the only Eastern Kentucky Class A teams in region four of the Ken-

tucky High School Athletic Association football championship playoffs, are not eligible to compete in this season's race for the title, since they do not play enough teams (four) in their own class. By nature of their location, they play virtually all Class "AA" region four schools, which is one step higher in the football classifications.

In order to seek a regional title both Paintsville and Elkhorn City would have to completely revamp their schedules, drop out of the Eastern Kentucky Mountain Conference, and play teams from the Cumberland Valley Conference and the Southeastern Kentucky Conference, who are virtually all in Class "A."

The nine other Eastern Kentucky high school football teams are all Class "AA" and all are in Region Four. Currently there are only three undefeated teams in this region and they are Hazard, Pikeville and Corbin. Jim Caudill's Bulldogs are 4-0 against regional foes, Pikeville 2-0 and Corbin is 1-0. If all three go through the season unbeaten, the Dickinson system of rating will be used to select a champion of the region. A loss virtually eliminates a team from consideration, while if all three lose a game, the same system will still apply.

Ashland and Huntington high's football game in the West Virginia city last Friday was strictly a family affair from a coaching standpoint.

Two sets of brothers were involved. Head coaches Claude Miller of H.S. and Rex Miller of Ashland, and assistants Jim Conard (H.S.) and Buck Conard (Ashland.)

PLAYER OF THE WEEK

Larry Garrett, 17-year-old, 175-pound senior center was selected as Blackcat-Player-of-the-Week in Prestonsburg's loss to Jenkins last Saturday night. The agile youngster was in on the majority of defensive tackles and was the most capable Blackcat blocker.

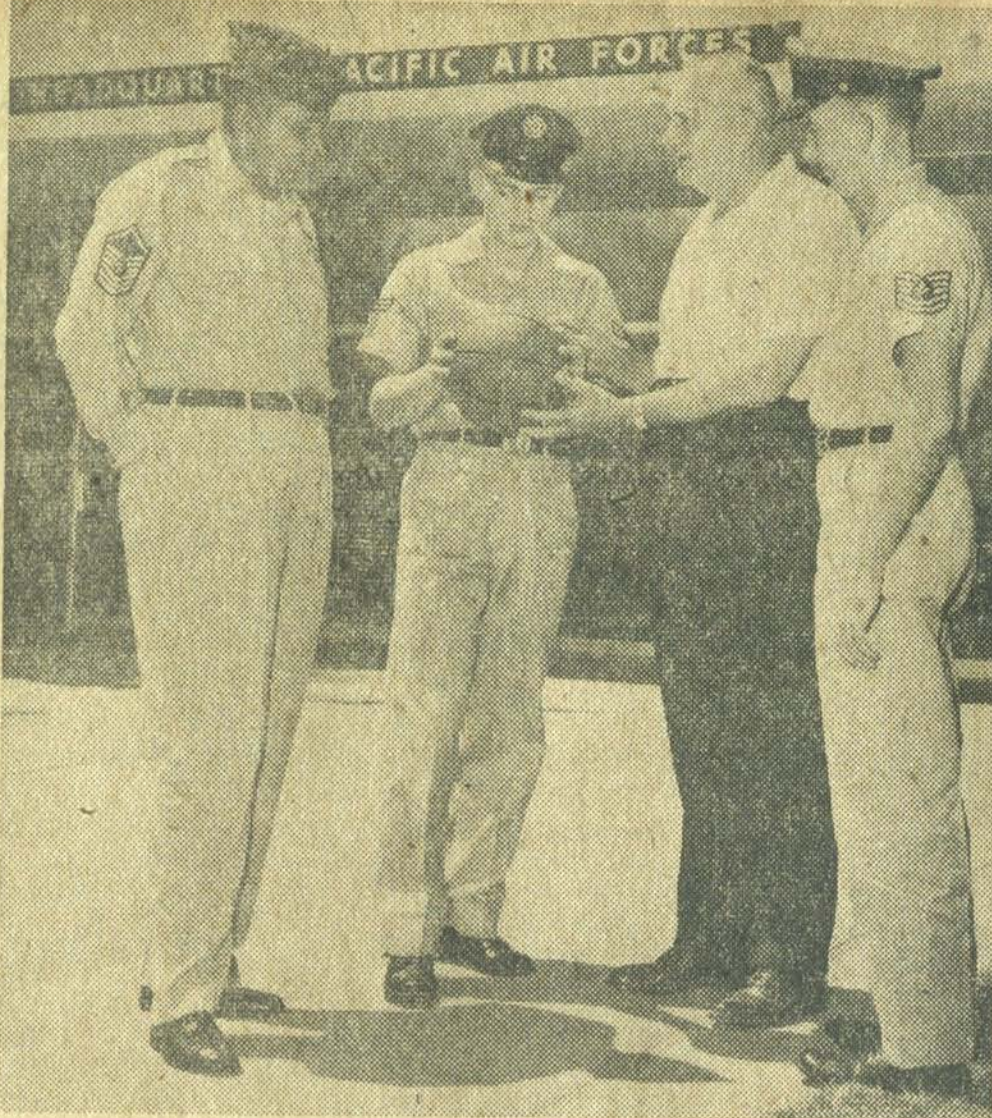

Hazard appears to be headed for another fine season and could go undefeated if they can get by Somerset, Oct. 16. Somerset was the only team to keep Hazard out of the unbeaten ranks last season and that was by a mere 7-6 margin.

Other than Somerset, Hazard has yet to play Benham, Leslie County, Fleming-Neon and Middlesboro.

FIFTH VICTORY IS TAKEN BY WHITESBURG BULLDOGS

Hazard and Pikeville remain the only unbeaten high school football teams in the Eastern Kentucky area. Jim Caudill's Bulldogs jumped over their biggest hurdle of the season in edging Whitesburg 19-13 for their fifth consecutive victory and top spot in the Eastern Kentucky Mountain Conference with a 5-0 mark.

Pikeville's Panthers moved into second place in the league standings with a 2-0 record after Whitesburg suffered their first defeat. The Pike countians beat non-league foe Wheelwright, 34-6, for their fourth successive win.

The Jenkins Cavaliers entered the win column for the first time Saturday night with a surprising 18-6 win over the Prestonsburg Blackcats, and Walter Brush's Paintsville Tigers dropped Fleming, 19-12, as junior halfback Mike Minix tallied all three touchdowns.

In the other conference fray of week-end play, the M. C. Napier Navajoes took over third spot in the league standings with a rousing 43-12 conquest of Elkhorn City.

Belfry's vastly improved Pirates stepped outside the loop to whip Louisa, of the Northeastern Kentucky Conference, 39-13.

A crowd of some 5,000 fans watched Hazard roll to a 19-0 lead over Whitesburg before the Yellow-jackets tallied twice in the final quarter. Junior halfback Darwin Turpin galloped 75 yards on a reverse to put the Bulldogs ahead 6-0 at the end of the first period.

Senior fullback Tom Fitzpatrick raced in from five yards out to make the halftime count read 13-0 and in the third caon a 20-yard pass from Johnny Davis to end Walter Green ended the Hazard scoring.

Ed Moore's unit countered on a 25-yard heave from quarterback Woody Breeding to end Owen Pace for one six pointer and Roger Kincaid, Eastern Kentucky's leading scorer with 75 points, sped 55 yards on the old "statue of liberty" play for the game's final tally.

Halfback Charles Mims and Richard Weems each registered two touchdowns and junior halfback Haskell Mullins one in pacing Charlie Deaton's Panthers over Wheelwright.

Mike Minix, Paintsville's classy junior, 175-pound halfback, raced 20, 10 and three yards in chalking up his 8th, 9th and 10th t.d.'s of the season in Paintsville's 19-12 win over Fleming-Neon.

Prestonsburg, failing to live up to pre-season expectations, grabbed a 6-0 lead over Jenkins when fullback James Allen reeled off a 45-yard touchdown run, against Jenkins, but could never muster a scoring threat after that.

Coming October 8th

A Wonderful New World of Fords for 1960

A new world of style! A new world of savings!
A new world of performance! A new world of built-for-people comfort!
A new world of station wagon living!

On October 8, for the first time, there will be not one, not two, but three completely new kinds of Ford cars designed and priced for nine out of ten Americans:

The 1960 Fords—The Finest Fords of a Lifetime, beautiful from any Point of View, worth more from every Point of Value!

The 1960 Falcon—The New-size Ford, the world's most experienced new car, and the easiest car in the world to own!

The 1960 Thunderbird—The World's Most Wanted Car!

FORD—The Finest Fords of a Lifetime

Here are 15 new models! Economy-minded Fairlanes. Big-value Fairlane 500's. Elegant Galaxies. Five beautifully husky new station wagons. A sleek new Sunliner convertible and a brand-new hardtop model, the Starliner.

A wonderful new world of style. Ford's beautiful new proportions flow smoothly through an elegant Thunderbird-inspired roof to swift rear-quarter lines.

A wonderful new world of performance. For action, there are new Thunderbird V-8's that blend blazing power and acceleration with kid-glove smoothness.

A wonderful new world of ride. With Ford's new Wide-Tread Design, wheels are spread farther apart for a full 5-foot tread. It handles and rides like the Thunderbird!

A wonderful new world of economy. Ford's Mileage Maker Six and Thunderbird 292 V-8 and 352 V-8 all travel beautifully on regular gas at savings up to a dollar a tankful. And go 4,000 miles between oil changes.

A wonderful new world of built-for-people comfort. Six big people—including the man-in-the-middle—ride in greater comfort than ever. The new Fords give you as much as 4 inches more shoulder room, more knee room, more hip room. You relax on chair-high seats.

FORD BUILDS THE WORLD'S MOST BEAUTIFULLY PROPORTIONED CARS

FLOYD MOTOR COMPANY, Inc.

Phone 2629 — Prestonsburg, Ky.

A wonderful new world of safety. Ford's big safety news for 1960 includes new Truck-Size Brakes with brake linings 25% bigger. Ford's new Safety-Girder Frame is 25% stronger than ever before. Better visibility, too.

FALCON—The New-Size Ford

Here is the welcome news Americans have been waiting for... the Falcon, a product of Dearborn, Michigan, automotive capital of the world, was expressly designed for American needs on the American road. It's the one economy car without the economy-car look.

Averages up to 30 miles per gallon. Experience Run, U.S.A., proved it! Oil savings? Ford's standard Full-Flow Oil Filter stretched oil changes 4,000 miles apart.

The engine's up front for greater safety and stability. Built brand-new for the Falcon, the short-stroke Falcon Six was developed, and mounted up front, according to long-proved, thoroughly accepted engineering principles.

1960 Falcon seats six with ease. Six fit comfortably into the Falcon—and it swallows luggage for six in the big rear trunk that holds 23 cu. ft. Compare this with others!

Easiest car in the world to own. A Falcon is so easy on the wallet that it's easier than ever to be a 2-Ford family!

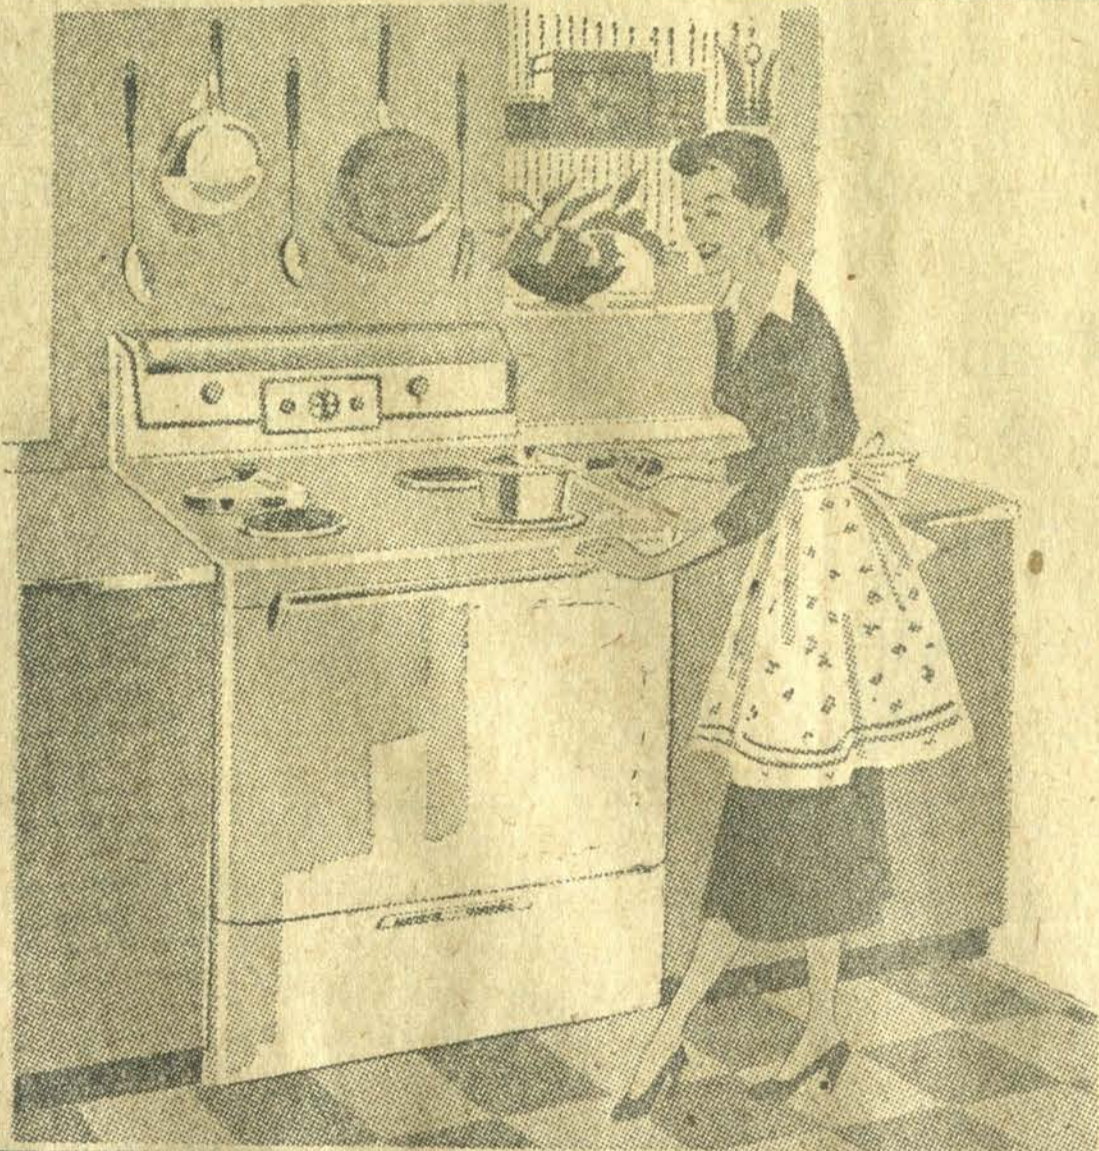

THUNDERBIRD—The World's Most Wanted Car

For 1960, the Ford Thunderbird is distinctively new—without basically disturbing the famous profile that has made it America's new fine-car favorite. It's the most wanted car of all!

No matter who you are... or what your tastes and needs... there's an exciting 1960 Ford styled, sized and priced for you. See your Ford Dealer October 8!

an electric range can't make dirt

your **ELECTRIC** iron proves it...

The next time you use your electric iron you'll see why an electric range can't make dirt. Electric heat is clean heat no matter whether it's used in an iron or a range.

Yes, the cooking units on an electric range make heat the same quick, flameless, dirt-free way your electric iron does. This means pans stay bright... walls and curtains stay clean longer.

Cleanliness is just one reason you'll find electric ranges in today's most modern kitchens. They're also fully automatic and unmatched for safety and coolness. Make your next range electric—you'll never be sorry you did.

ETA ORGANIZED

Interested parents and teachers of Garrett held an organizational meeting of a Parent-Teacher Association Monday night of this week in the school auditorium. There were some 50 parents and teachers in attendance. Interesting talks were made to the group by Miss Blanche Dingus, supervisor of Floyd county schools, and John M. Stumbo, president of the McDowell PTA.

The following officers were elected for the coming school year: president, Charles L. Hornsby; vice-president, Olga Trusty; treasurer, Muriel Francis; secretary, Roberta Sloan. Parents attending the meeting volunteered their services as substitute teachers for the grade school faculty for an hour Tuesday to enable the teachers to attend the X-ray clinic at Estill.

Next meeting of the association will be Monday, Oct. 5, at 7 p.m., in the school auditorium.

CLINIC HELPS 752 CHILDREN

Fourth Floyd Clinic Is Held At Garrett; Mrs. Francis Assists

Forty-six patients were examined at the district heart clinic held here Sept. 11, it was announced this week by the Floyd County Health Department. The clinic was held in the health department offices and was under the auspices of the Kentucky Health Association, State Department of Health and the local health department.

Participating in the clinic were Dr. Joseph Little of the Children's hospital, Louisville, Dr. Leonard Leight and Dr. Edwin Scott, adult specialists.

Eighteen children were examined, 13 being new and five old cases. Of the 28 adults examined 18 were new and 10 old cases. Examinations included electrographs and X-rays. Final diagnosis and recommendations will be mailed to each referring physician, it was said. One child was referred by Dr. Little to the Louisville institution for emergency treatment.

"These heart clinics are planned as an annual program with the approval of the Floyd County Medical Association," it was said by M. V. Clark, health administrator. "It is the policy of the State Heart Association to examine as many persons as possible who present written referrals from their physicians. The clinics are set up for indigent persons," he added.

The Prestonsburg Woman's Club served refreshments to the patients, doctors and their assistants.

The dental clinic sponsored in this county for children of school age for the fifth successive year treated 752 children, it was announced this week by Blanche Dingus, health coordinator of the Floyd county school system.

The clinic, established at Garrett from Aug. 12 to Sept. 21, was conducted by Dr. J. C. Berry, of Owensboro, from the State Dental Health Department. The work was sponsored by the Floyd County Board of Education, the State Health Department and the Floyd County Health Department.

The set-up at Garrett this year completed coverage of the county, it was noted. Previous locations were at Martin, Prestonsburg, Harold and Wheelwright. This year's clinic served all rural schools in the Salt Lick, Stone-coal, Bull Creek, Middle Creek and other adjacent sections. A new location will be scheduled next year.

Dr. Berry did 3,300 fillings and over 5,000 extractions for the 752 children, it was noted. This was the greatest number of children reached yet, it was said.

Success of this year's clinic was due, Miss Dingus said, in great part to the volunteer effort of Hershel Turner, a maintenance employee of the school system, who visited the homes of the children and transported them to Garrett through the week preceding school opening, thereby enabling the clinic to get in an extra week of work. Turner's work also enabled the dentist to work on Saturdays.

Mrs. Ruth Francis, of Garrett, assisted Dr. Owens at the mobile trailer unit.

Plans are being made to continue the clinic in this county for the school children throughout the remainder of the school term, it was said. The clinics will be held at Martin and Prestonsburg with local dentists cooper-

Respectable Social Drinker Is Worst Killer On Highway

It is not the reeling drunk, but the respectable "social" drinker—the person rarely, if ever, visibly intoxicated—who is the worst killer on American highways.

This conclusion, based on accident statistics, is reported in an October Reader's Digest article, "Driver Had Been Drinking," by Paul W. Kearney. More than half of all highway deaths involve motorists not listed as "drunken drivers," but given the milder police symbol of HBD—"Had Been Drinking."

A growing body of evidence and opinion indicates, Kearney writes, that medical standards for measuring driver drunkenness (.15 percent of alcohol in the blood proves intoxication; from .05 percent up may suggest it) are far too liberal. Driving skill actually begins to slip measurably after more than one drink—or at about one fifth the level our courts consider intoxicating. Seven world medical authorities said at the Symposium on Alcohol and Road Traffic at the University of Indiana in 1958: "A blood alcohol concentration of .05 percent will definitely impair the driving ability of some individuals... at a concentration of .10 percent all individuals are definitely impaired."

The typical drinker reaches the .05 percent level with two ounces of whiskey taken within an hour. If

he takes four more in the next two or three hours, he probably will reach the .15 percent level. But even at the lower point, a driver will have difficulty deciding what to do in an emergency involving judgment. Although hand and foot reaction time may still be good, he will take much too long deciding how to react. Also, he will develop an insouciant, "so what" attitude.

Autopsies on drivers killed in Montana disclosed that 55 percent of them had enough alcohol in their blood to impair driving; in Nassau county, N.Y., 50 percent; Grand Rapids, Mich., 60 percent; Baltimore, 52 percent.

Of 69 drivers killed in New York City in 1957, medical analysis showed that 38 had been drinking. In Westchester county, N.Y., autopsies on 83 drivers in single-vehicle accidents—those involving just one car and no pedestrians—disclosed that 69 percent had been drinking enough to impair skill. A similar test by Delaware State Police showed 80 percent had been drinking.

A simple key to accident prevention, Kearney suggests, is for the person who plans to drive later to limit himself to one drink per hour. (It goes without saying that any motorist should be a teetotaler on the road.)

Here Friday from Chevrolet . . .

Elegant Impala 4-Door Sport Sedan—one of 16 spanking new Chevrolets you can choose from.

THE SUPERLATIVE '60 CHEVY

This is the one that says '60 like no other car. From its clean-thrusting grille to its dapper rear deck, there's so much that's new and different about this superlative Chevrolet it stands out from the rest like a fresh-minted coin. And you'll be just as wide-eyed over what's inside—the relaxing roominess, tasteful trim, hushed elegance of its new Body by Fisher, all comfortably cradled by Full Coil springs at all four wheels. Yet, sumptuous as this new Chevy is, it's got all the thrifty virtues that make it unmistakably a Chevrolet—with new economy of operation, new dependability, new longer life. Here, then, we're confident both you and your budget will joyously agree, is the nearest to perfection a low-priced car ever came!

Here's the car that introduces a whole new decade of design—with so much that's new and different the others can only hope to come close.

It's the superlative '60 Chevrolet—with new space inside, new spirit under the hood, new splendor in every clean-etched line.

Freshly shaped contours rake back from the unified new grille to the jaunty rear deck, fitted with craftsmanship you'd expect only on the most expensive makes. Inside, the solidly built new Body by Fisher surrounds you with finely tailored fabrics and spacious

elegance. There's room to sprawl in, room to sit tall in—generously provided by Chevy's sofa-wide seats and extra margin of hat space. And there's even more leg room for the man in the middle—thanks to the way Chevrolet engineers have shaved down the transmission tunnel.

Out on the road, as Chevy's Full Coil ride will persuade you most gently, there's not a car near the price that comes close to the hushed comfort of this one. Adding to your sense of silence and solidity are thicker, newly designed rubber body mounts that

do an even more efficient job of isolating road shock and noise.

Quiet, quick-responding power is provided by a choice of two standard engines—Chevy's famed Hi-Thrift 6 and a new Economy Turbo-Fire V8 that gets up to 10% more miles out of a gallon of regular while delivering greater engine torque at normal speeds. There's also a choice of five other V8's and five transmissions, to assure the exact power combination to satisfy the itch in your driving foot. Chevy's accent on comfort and convenience even extends back to its easier-

to-load luggage compartment. You'll also find a convenient new parking brake that automatically returns to normal height after application, a new clutch linkage that filters out engine impulses more effectively than ever and new two-toning motif available on all 16 fresh-minted models.

But, impressive as all this may look in print, there's really only one way to tell how near to perfection this superlative '60 Chevrolet actually comes . . . and that's to drop in on your dealer and drive one!

THE REVOLUTIONARY Corvair

BY CHEVROLET

There's nothing like a new car—and no compact car like this de luxe Corvair 700.

Here's the car created to conquer a new field—Chevrolet's low-priced compact Corvair. The product of nine years of research and development, it's America's first truly compact car that retains the ride and 6-passenger comfort you're used to in a big one.

The key to this small miracle: America's only rear-mounted aluminum engine—a lightweight 6 that's so revolutionary it can be packaged with the transmission and drive gears as one compact unit.

With the engine in the rear, the Corvair's floor is virtually flat, front and rear, so there's plenty of foot room for everybody. Combined with Corvair's unique body-frame construction by Fisher, this provides interior spaciousness comparable to many postwar conventional-sized cars.

Shifting engine weight to the rear also makes for easier compact car handling and gives glued-to-the-road traction on ice, mud or snow. And with independent suspension at all 4 wheels—an advance comparable to the independent suspension of front wheels years ago—you get a poised, unruffled ride that rivals even the costliest cars.

These are all things no front-engine compact car can give you. And with them you get outstanding economy and practicality that would never have been possible if Chevrolet engineers had been content to make the Corvair merely a sawed-off version of a big car. Corvair's size—some 5 inches lower, 2½ feet shorter and 1,300 pounds lighter than conventional sedans—makes it a joy to jockey through busy streets, a pleasure to park (no need for power assists). Its revolutionary Turbo-Air 6 gets up to 30% more miles on a gallon of regular. And, because the engine's air cooled, you never have to fuss with antifreeze, you get quicker warmup (even heat for passengers comes—almost instantly—from an airplane-type heater). Wonderfully practical, yes. But you'll find the most practical thing of all about Corvair is its remarkably low price. Your dealer's the man to see for all the short, sweet details.

America's only car with an airplane type horizontal engine!
America's only car with independent suspension at all 4 wheels!
America's only car with an air-cooled aluminum engine!

The engine's in the rear where it belongs in a compact car!

You have your choice of two Corvairs—this one's the standard model.
See your local authorized Chevrolet dealer

1 REVOLUTIONARY TURBO-AIR 6

Gets up to 30% more miles on a gallon, needs no antifreeze, provides quicker warmup with less wear on parts. It's the world's first production 6 with the ultra-smooth, space-saving power of horizontally opposed (not vertical or V-stroke) pistons.

2 ONE-PACKAGE POWER TEAM

Wraps rear engine, transmission and differential into one compact unit. Takes less room, leaves you more.

3 STYLING—PURE AND SIMPLE

Clean, uncluttered lines shape both 4-door models—the de luxe Corvair 700 and the standard Corvair. Each has its own distinctive trim, and you get more visibility area than in many full-sized cars.

4 FOLD-DOWN REAR SEAT

Works instantly, adding to Corvair's versatility by enlarging rear seat cargo space to 17.6 cu. ft.

5 FLAT FLOOR

Corvair is America's only compact car with a practically flat floor, the only one with the kind of relaxing room that U.S. motorists are used to.

6 UNISTRUT BODY BY FISHER

Does away with conventional frame, incorporating all structure into a rigid body-frame unit that gives you more inside room with less weight.

7 UNDER-HOOD LUGGAGE COMPARTMENT

Trunk's up front (like an elephant's) where it's convenient for groceries, shopping bags, luggage.

8 4-WHEEL INDEPENDENT SUSPENSION

There's no conventional axle—front or rear. Wheels, cushioned by coil springs, take bumps independently of each other, for smooth, road-hugging ride.

*Optional at extra cost.

MARTIN

CLUBWOMEN IN MEETING

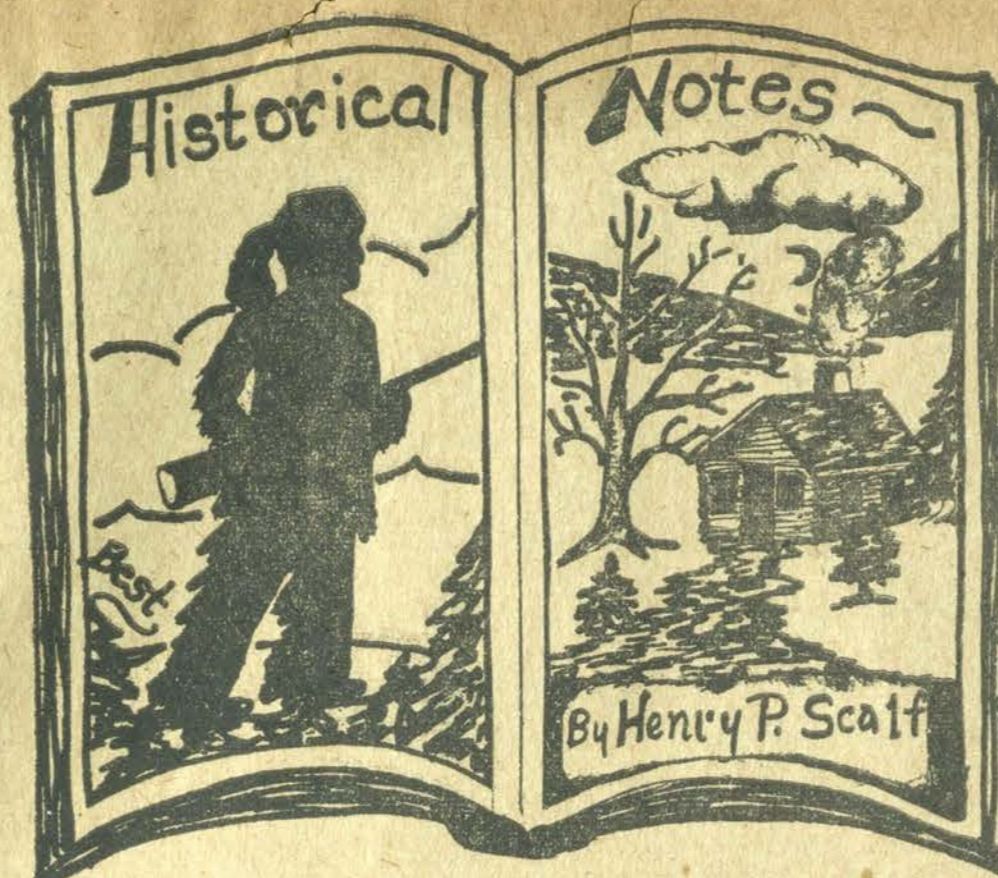

The Allen-Martin Woman's Club held its first meeting of the fall and winter season, Sept. 21, at the home of Mrs. Hazel Adams, hostess. The leader of the program on Religions of the World was Mrs. Russell Laven, chairman of the Spiritual Values department. An interesting film, entitled "Religions of the World," was shown by Beecher Scutchfield, husband of one of the club members. Following the program, a business meeting was held during which it was announced that the library project which the club is working on has been entered officially as the club's entry in the Community Achievement Contest. Other items of business included plans for the club's assistance in the Girl Scout Drive which is being conducted at the time over the country. Plans for the sale of candy and Christmas cards were briefly discussed. At the close of the meeting, a dessert course was served by the hostess to the following members, Mrs. David Marrs, Mrs. William Martin, Mrs. John W. Hall, Mrs. Beecher Scutchfield, Mrs. Glenn Spradlin, Mrs. Ray Allen, and Mrs. John Sherman. Guests were Mrs. W. J. Reynolds, Mrs. Allie Howard and Miss Adele Hall.

THREE DOCTORS

Three ancient medical tomes were pointed out recently on the desk of Fred Cottrell, Prestonsburg merchant. The volumes, preserved by his family, were given by Dr. S. M. Ferguson, of Harold, to Dr. W. W. Richmond, of Prestonsburg. One of the books originally belonged to Dr. W. F. Miller, also of Harold, then Laynesville. Miller died in Oregon three or four decades ago.

Dr. Ferguson, who moved to the Big Sandy valley previous to the Civil War, built one of the section's few early brick houses on the high-water side of the river near the Boldman compressor plant. He was interested in railroad construction up the Big Sandy. He served as surgeon in the 39th Kentucky Mounted Infantry, U.S.A., under Col. John Dills, of Pikeville.

Returning to the three books, one of them is "A System of Practical Medicine," by Alexander Tweedie, M.D., F.R.S. It is Vol. II, and dated 1842. The author was a renowned Scotch physician and his works were accorded wide circulation in the United States.

J. H. (UNCLE JIM) HATCHER

We are indebted to a recent issue of the Huntington Herald-Advertiser for a story on J. H. Hatcher, hotel man, farmer, logger, mine operator and eccentric philosopher, who died at Pikeville in the 1930's. The story, titled, "Late Pikeville Hotel Man Collected Quotes," is by Charles Stafford, an Associated Press writer.

It follows: Friends knew Uncle Jim Hatcher as a crusty innkeeper with a big heart and a cracker barrel philosophy. But by the definition of a poet, he was a great man. "A great man," wrote Ralph Waldo Emerson — as Uncle Jim probably could have told you — "quotes bravely, and will not draw on his invention when his memory serves him with a word as good."

There never was a braver quoter, outside politics or the pulpit, than James Hatcher. He filled the lobby walls of the James Hatcher Hotel with quotes.

Above the entrance to the room which happens to be campaign headquarters of the Democratic party, is this quotation credited to Monty Hale, Hollywood, Calif.: "Always tell the truth and you will never have to remember what you said."

In a prominent place is an original Hatcher statement: "All towels, linens, bedding and fixtures in this hotel is (sic) mine. I want no more mistakes made when packing to leave. This practice is no longer a joke with me, James Hatcher."

Uncle Jim is 20 years dead. But by the terms of his 37-page will and the obedience of his nephews, his quotations live on.

Jack and Joe Trimble, who operate the 106-room hotel, plan to redecorate the spacious, old-fashioned lobby this summer. They are going to paint the walls, but they have carefully photographed them so the quotations can be painted on again after the job's done.

Hatcher started in the '30's lettering a little advice and some local history on the walls. "People coming through would have a quotation they wanted on the wall," says Jack Trimble. "Uncle Jim would take it down and when a sign painter would come through—that was during the depression—he would give him a night's lodging for painting some signs."

"Uncle Jim," Trimble says, "had a kind heart—the kindest heart in the world—but he had a crude way of showing it. There never was a hungrier man went through here, there never was a man refused lodging. Uncle Jim would give them a room and feed them and cuss them out."

Hatcher made his modest fortune in timber and coal. He opened the hotel in 1891, eight years before his death at the age of 80. He is buried on a hill above town, where his tragic love story is carved in Italian marble.

Dominating the burial plot is a graceful monument of Hatcher's wife, Octavia: "Died May 2, 1891, age 20 years, 11 months and 11 days." Nearby is a smaller monument, a sleeping cherub, with the inscription: "Infant son Jacob, died Jan. 4, 1891, age 1 day."

Jack wrote on one occasion that he was homesick and wanted to come home. His uncle wouldn't permit it. But a couple of days later a truck arrived at the school with Jack's horse, dog and pet ram.

You can sit in one of the old cane-bottom rocking chairs in the lobby of Uncle Jim's hotel and soak up an education of sorts.

Philosophy: "Chin up. Remember it is often the last key on the ring that fits the lock."

Humor: "Says the man from Kentucky to the man from Massachusetts, 'For what is your state noted?' 'Boots and shoes.' 'And may I ask,' says the man from Massachusetts to Kentuckian, 'For what is your state noted?' 'Just the reverse of yours. Shots and booze.'"

And basic information: "We are 681 feet above sea level."

Uncle Jim didn't confine his philosophy to the lobby walls, however. His will was filled with philosophical suggestions.

The one Jack remembers in particular was this: "Never hire a clerk that smokes a cigarette or wears a belt. They spend all their time lighting matches and pulling up their pants."

Farming, the marketing of farm products, and the processing of these items constitute the major industry in Kentucky. The welfare of every citizen in the Commonwealth is deeply affected by State and Federal programs in these areas.

Your Democratic Ticket, alert and aggressive in both Washington and Frankfort, pledges you this 3-WAY PROGRAM OF

ACTION:

A TICKET PLEDGED TO:

- Expand research programs at the U. of K. College of Agriculture and Experiment Station that will pay off in dollars for Kentucky farmers.
- Encourage expansion of extension programs to provide new, useful information to farmers.
- Strengthen the program of Vocational Education, 4-H Club work and the Future Farmers of America organization to provide our young people with greater opportunities.
- Make the State Fair the greatest in the nation and develop a county-fair program equal to those of surrounding states.
- Expand technical services to preserve our agricultural resources and to improve production and marketing methods.
- Support the Kentucky Department of Agriculture in its service programs.
- Develop a balanced marketing program to improve the quality and handling practices of Kentucky farm products and capture new market outlets. "Grown in Kentucky" must become a recognized symbol of quality.
- Attract to Kentucky more processing plants that use agricultural raw materials and develop a more desirable balance between agriculture and industry.
- Expand the livestock program to realize Kentucky's great potential for this enterprise by increased emphasis on eradicating livestock diseases, completing the Area Brucellosis Program and providing more services for the industry.
- Continue and accelerate Soil Conservation, Flood Control and Water Usage Programs.
- Strengthen and reinforce the state Forestry program to capitalize on our greatest renewable resource.

Beware of those who consistently supported the Republican farm program sponsored and administered by Secretary Benson!

Support the party that has consistently understood the needs of Kentucky farmers—the party which has preserved our tobacco program and supported all other basic farm commodities at prices fair to the farmer.

PIKE TRUCK MINE OPERATOR, WHO AMASSED, LOST MILLIONS, VICTIM IN NINETIETH YEAR

A. J. (Jack) Dalton, 89-year-old millionaire coal operator of Pikeville, died at the Pikeville Methodist hospital, Tuesday afternoon of last week. Rugged entrepreneur of the truck coal mining business, he amassed and lost several fortunes. Although in his 90th year, Dalton continued active as a coal operator almost to the end. As late as last Saturday he was negotiating for still another coal lease to add to his holdings.

The soft-spoken, courtly old Virginian had amassed and lost two great fortunes before coming to Pikeville in 1941 with total cash assets of only \$37.51.

At the time of his death he was considered to be a millionaire again as president and owner of the Mountain States Coal Corporation. Uncle Jack had often said, "All a man needs in this country to get rich is \$100." He proved it three times.

At one period during World War I, he was worth \$28,000,000, according to his attorney, John Y. Brown, of Lexington.

Born in Pittsylvania county, Virginia, Dalton struck out for himself when he was a boy, walking and hobnobbing through the West, doing whatever kind of work he could find. He worked as a pick-and-shovel laborer in South Dakota and Oklahoma mines before going to the Canal Zone to help dig the Panama Canal.

Although he had practically no formal education, he picked up a

great store of knowledge and business acumen.

Dalton first came to Pike county about 70 years ago as a miner, but soon became a mine foreman.

With his persuasive manner, Dalton always managed to borrow money when he made up his mind to start a business.

Beginning with capital of \$97.50, he started the main Island Creek Coal Company in Logan county, West Virginia. It grew into a \$16,000,000 corporation which he headed. He sold out there in 1923 only to lose all he had—several million dollars—in an ill-fated real-estate venture.

Forsaking the coal business for a while, Uncle Jack organized the Great Eastern Refining Corporation, which he sold to Paul Blazer. That was the beginning of the huge Ashland Oil & Refining Company, of which Blazer is chairman of the board.

Dalton lost a great deal of money drilling dry holes in a fruitless search for oil in Lawrence county. Then he went broke again when the elements conspired against him. Among others, he lost 27 gasoline stations at Portsmouth, Ohio, during the Ohio River flood of 1937.

But the reckless old fellow never knew when he was licked. When he returned to Pikeville 18 years ago with that \$37.51 in his pocket, the first thing he did was to spend \$25 as a down payment on a coal lease. He had a little trouble at first in borrowing funds to start operating,

but finally a bank let him have \$1,500, then another \$1,500 a few months later.

It was just the right time to get into the coal business, and it didn't take Dalton long to amass another fortune. His company operated 103 truck mines and 10 railroad loading ramps in Pike county at one time—and he was the sole owner of them all. Now only three of the ramps and an indefinite number of the mines are in operation.

Known for his wit and blunt answers, "Uncle Jack" caused many a chuckle here a couple of years ago when, despite his great age, he sought to obtain a large coal-land lease. Asked how long a lease he wanted, the old man answered, "I want a 99-year-lease. I don't want to be rushed for time."

And only recently when a friend advised him to retire from business rather than risk losing his money again, he said, "I had rather be broke than bored to death."

Dalton was never married. His survivors include four nephews. Funeral rites were conducted Thursday of last week and burial was made in a Pikeville cemetery.

Nancy Jane Castle, 72, Tudor Key, Succumbs

Mrs. Nancy Jane Castle, 72, of Tudor Key, Johnson county, died at 10:10 a.m., Thursday, Sept. 17, at the home of a son, Marshall Castle, of Thealka, following a long illness. She was a sister of Florence Wallace, of Wayland. Mrs. Castle was a daughter of the late Jacob and Martelia Welch Arrowood and had resided at Tudor Key most of her life. She was a member of the Free Will Baptist church. She was the widow of Bascom Castle.

Surviving besides Marshall Castle, are four other sons: Dick, Russell and Jay Castle, all of Thealka, Judge Castle, Springfield, O. Surviving is a daughter, Mrs. Bertha Preston, of Tudor Key, and four brothers: Marion Arrowood, of River, Pete Arrowood, Kenova, W. Va., Liss Arrowood, Gallipolis, Ohio, and Garrett Arrowood, Kodak, Ky. Two sisters, besides Mrs. Wallace, survive: Mrs. Emma Brown, of Van Lear, and Mrs. Julia Russell, Merriam, W. Va. Surviving also are 24 grandchildren and 15 great-grandchildren.

Funeral services were conducted at 10 a.m. Sunday, Sept. 20, from the Toms Creek United Baptist church, the Revs. Cullie Sparks, James Lyon and Don Fraley officiating. Burial was made in the family cemetery at Tudor Key.

Sheriff Says He's Not Responsible for Errors

Beset by complaints of errors in tax bills, Sheriff Hershell Warrens this week reminded property-owners that he is not the person with whom to lodge such complaints. "If there are any errors in your tax bill," he said in a prepared statement, "please see the Tax Commissioner, since he is the person to correct the error." The Sheriff explained that his job is to collect the taxes charged and that he has nothing to do with assessing property or fixing the amount of any individual taxes.

HOUSE CRICKETS

Got a houseful of Gryllus domesticus or Gryllus assimilis? That's the scientific, Latin name for the cheerful-sounding little creatures known as the American household cricket. Its shrill piping heralds the coming of autumn.

A man isn't old until he begins to wander how he'd look in a crew-cut.

BRIGITTE BARDOT

A frankly shocking film about a man's obsession with his mistress.

"Easily the peep-showiest of all the Bardot pictures — and probably the best!"
— TIME Magazine

"A top-notch daring French film!"
— Genet, The New Yorker

"Keeps the facts of life uppermost in mind!"
— Cook, World Tele-Sun

"A treatment both bold and honest of the perennially popular subject of sin!"
— Winsten, N.Y. Post
